

Businesses depending on agriculture can apply for disaster loan

LUBBOCK — Businesses depending on farmers and ranchers in Borden, Crosby, Dickens, Garza, Kent, Lubbock, Lynn and Scurry Counties can now apply for low interest Economic Injury Disaster Loans from the U. S. Small Business Administration (SBA).

These loans are available to help businesses meet normal operating expenses that cannot be met due to the effects of a disaster.

Drought which occurred January 1 through December 31, 1994 caused many farmers and ranchers to experience reduced incomes which may

have had an adverse economic effect on businesses depending upon these producers.

Farmers and ranchers are not eligible for this loan program but may be eligible for disaster assistance through other federal agencies. However, nurseries that are victims of drought disasters can apply.

To obtain an application or receive additional information, interested business owners may call the SBA toll-free at (800) 366-6303 or TDD (817) 267-4688 for the hearing impaired. The deadline for filing applications is February 20, 1996.

Due to the drought, many producers experienced crop

losses and were not able to purchase goods and services at normal levels.

Businesses that are dependent upon these producers may have experienced decreased sales, reduced gross profit margins, increased accounts receivable or difficulty in moving inventories at normal

levels. To the extent these problems have caused the business difficulty in meeting its normal obligations, these loans may be of assistance.

The loan can help a business meet installments on long-term debt, accounts payable

Commissioners adopt budget for Bailey County

At a Bailey County Budget Hearing open to the public at 1 p.m., Thursday, Aug. 31, the Commissioners Court adopted the County Budget for fiscal year 1996.

After having worked on the details of the budget since the end of May, the commissioners considered and set the general fund tax rate at \$.3601—up from \$.3470 last year. The farm to market/flood control tax rate was set at \$.0775—up from \$.0727 last year.

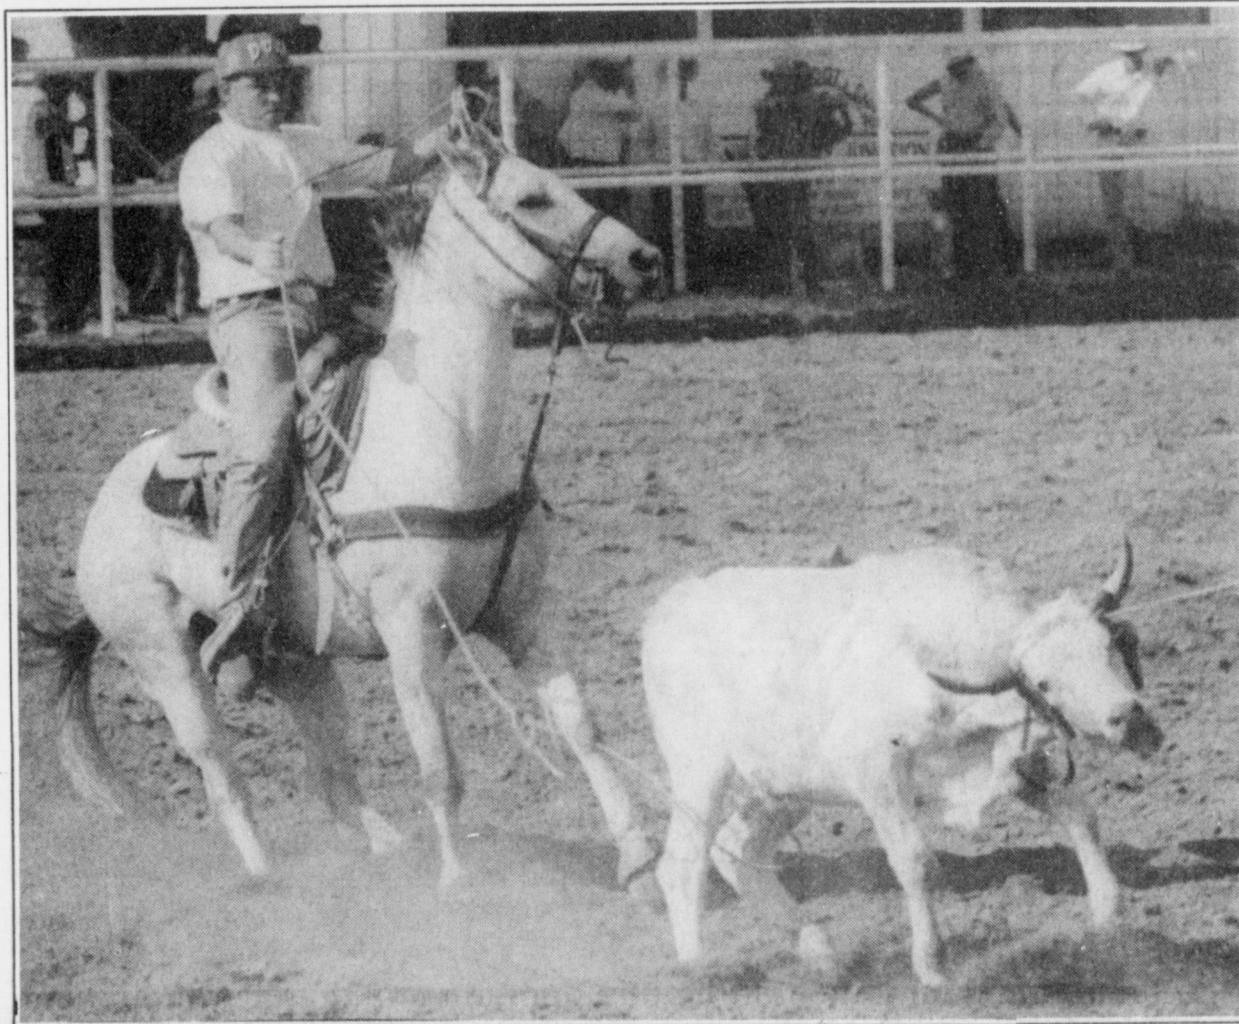

That same morning at 10 a.m. the Commissioners Court opened and considered bids for the sale of a motor grader belonging to Precinct No. 4. All bids were rejected.

Other topics of discussion included the necessity for additional traffic control cones and signs to help prevent automobile accidents during road construction or to warn motorists of approaching dead ends.

The court passed a resolution designating County Treasurer—presently Dorothy Turner—as Investment Officer for Bailey County and County Judge—presently Marilyn Cox—as Backup Investment Officer.

The resolution was proposed and passed in response to the Texas Legislature's mandate—after the Orange County (CA) incident—for revisions in the way representatives report back to governing bodies.

Jimmy Don Dobbins of Clovis pulls his slack after roping a pair at the annual Muleshoe Rotary Club team roping at Dusty Rhodes Arena. Almost 1,300 teams participated in the annual event, which paid out more than \$50,000 in cash and prizes.

Joe's Boot Shop holds World Championship Goat Team Roping

More than 500 teams competed in the annual Joe's Boot Shop World Championship On-Foot Goat Team Roping last Saturday (Sept. 2) on the boot shop parking lot.

Ropers of all ages competed in eight divisions for hats, T-shirts and the coveted world champion buckles. The event was just one of several during the annual Mule Days celebration. There was no entry fee for the goat roping and entries were unlimited, as long as partners changed. Hats were awarded to both the header and heeler for first and second in each age

division, while T-Shirts were awarded for third.

At the end of the day, age group winners came together for the finals to compete for the handcrafted world champion buckles. Coby Baldwin of Muleshoe and Layton Johnson of Abernathy, the winners in the 20-29 division, put together a rapid 4.6-second run in the one-head finals to win the world title.

Other age group winners included:

- Jackson Myers and Colt Ellis of Muleshoe in the 5-under division. Courtney

Mardis and Dal Whalin of Muleshoe were second, while Dal and Dusty Clayton of Earth were third.

- Coli Hunt of Muleshoe and Cameron Lunsford of Lubbock in the 6-9 division.

- Brandon Burris and Cade Hooten of Muleshoe in the 10-12 division.

- Ike Blasingame of Lazbuddie and Kyle Rainbolt of Spur in the 13-15 division. Ike was also second with Garrett Magby of Lazbuddie, while Kyle and Garrett teamed up for third.

Ainsworth, Heinrich, Morris win Rotary Club high-\$\$\$ saddles

1,270 teams run at over \$50,000 in cash and prizes in two full days of team roping

The third annual Muleshoe Rotary Club Labor Day team roping proved to be yet another record setter, as 1,270 teams competed for more than \$50,000 in cash and prizes Sept. 3-4 at Dusty Rhodes Arena.

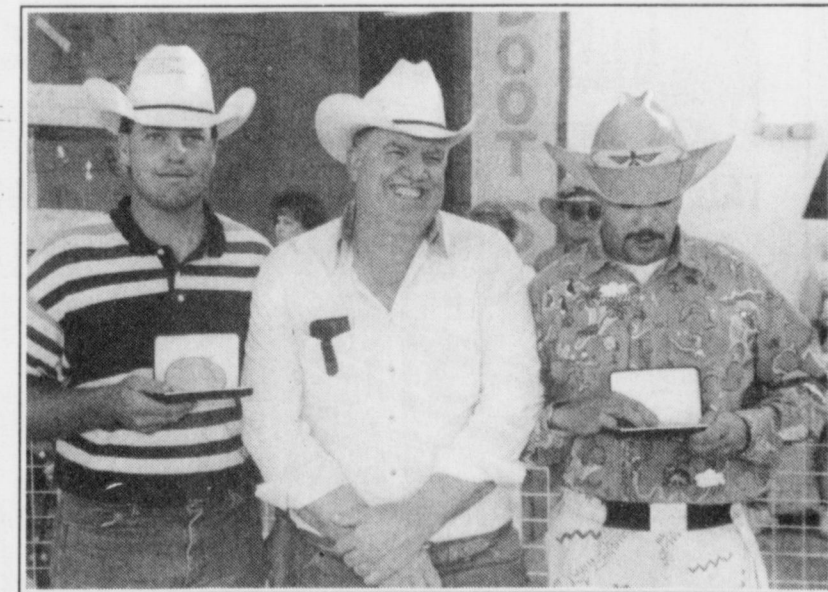

The turnout exceeded the 1994 event by almost 300 teams and nearly \$13,000 in prizes in cash, as well as contributing a large chunk of cash to the Rotary Club's scholarship fund.

Sunday's turnout pushed the Rotary Club members and wives working the event to the limit, as more than 800 teams battled through four numbered events. The first day began at 8

a.m. Sunday and ended 18 hours later, leaving just a few hours for rest before things started all over again on Monday.

When all was said and done, Sid Morris of Lazbuddie, Clay Ainsworth of Milnesand, NM, and Glen Heinrich of Lubbock took home high-money saddles—hand-made by Clifton Allen of Muleshoe—for their efforts. Morris, a heeler who placed first in the average in the No. 11, No. 9 and No. 8 events, won \$2,349 to claim the saddle in the #5-6 category. Jim Allred was second with

Bike riders from age 4 to 70 rode Saturday in the first Tour De Muleshoe. Finishing was the object, and most of the 115 who entered were able to do just that.

Lonnie Adrian said that 75 of the participants were from out of town.

All three rides—100K, 40 mile and 10 mile bike tours—began at 9 a.m., with a police escort, from the Bailey County Coliseum. All rides ended at the starting place.

Muleshoe Heritage Foundation's first annual "Tour De Muleshoe" was sponsored by Five Area Telephone and Leal's

Mexican Restaurant, with proceeds going to the Muleshoe Heritage Foundation.

The Muleshoe Heritage Foundation was formed by people who were interested in preserving heritage and history for future generations in Bailey County and West Texas.

Muleshoe's old Santa Fe Depot was first restored and is used as a meeting place for area organizations, private parties and receptions.

be." The heritage center is also home of the "World's Largest Mule Shoe."

Entrants in the Heritage Foundation's Tour De Muleshoe were eligible for a drawing for two Southwest Airline tickets anywhere the company flies. Area merchants also provided door prizes.

Participants were given packets that contained a souvenir water bottle and T-shirt, ride number, route map, a free meal ticket for a spaghetti dinner and a Joe's Boot Shop wooden nickel.

SAG wagons and support vehicles were furnished by the Bike Path of Clovis, NM. Rest stops provided cold energy drinks, water, fresh fruit, shade and encouragement.

Adrian said the Kiwanis Club provided a rest stop for the 10 mile tour, the Muleplex Production Company set up a rest stop at Nichol's Gin, Earth Senior Citizens provided a rest stop at Earth, and Muleshoe's Student Community Action Committee (SCAC) set up a rest stop at Sudan.

Bailey County EMS also was present at stops and on

road patrol. Day care was provided for children of riders.

A spaghetti dinner was provided free to all riders. Showers were available at the Bailey County Coliseum for riders to freshen up before the dinner.

Tour De Muleshoe results

Most entrants finished the tour. A few had to be picked up by Dallas Anderson's SAG wagon. Anderson, from the Bike Path in Clovis, was on hand to fix flats and help repair the damage when there was a collision.

The 10-mile tour was led by locals, Adrian said, with Curtis Smith, Glenda Powell, James Turnbow, Gradee Adrian, Christi Adrian and Ryan Powell among the first to finish.

Finishing in the lead in the 40-mile tour were Ron Brown and Elroy Hernandez of Lubbock, Richard Trujillo and Jesus Trujillo of Clovis, and Marlin Poynor of Portales.

In the 100 K tour (about 62.5 miles), the lead pack consisted of Steve Davis and Scott

Falkner of Clovis, John Snowberger of Portales, Victor Leal of Muleshoe and Sam Jones of Lubbock. Not far behind was Robert Lepad of Muleshoe.

Adrian said he hopes Tour De Muleshoe will become an annual event. He said area bike riders meet at Leal's Restaurant in Muleshoe on Tuesdays at 7 p.m. to ride 10 miles. "We ride easy and slow, and we won't ride off and leave you."

Combust reviews '95 Farm Bill

The bipartisan ad hoc budget task force on agriculture (made up of the chairmen and ranking members of the full committee and subcommittees, a freshman member and a sophomore member) has recommended that the committee draft a seven-year farm bill since we have budget numbers for seven years.

Senate Agriculture Committee Chairman Richard Lugar has indicated the Senate will draft a seven-year bill as well.

Federal farm policy will be drafted in two phases this year. Phase One: The farm savings that the committee must make to achieve a balanced budget will be a part of the budget reconciliation bill.

Chairman Roberts has tentatively scheduled September 13-15 for the full committee to mark-up the budget savings—\$13.4 billion over seven years—in order to meet the Congressional reconciliation

deadline of September 22.

Phase Two: Along with reconciliation, the Agriculture Committee subcommittees will move ahead with drafting the "1995 Farm Bill." The farm bill will be the major policy arm for federal farm programs and will include issues such as trade, credit, conservation compliance and the Food Stamp Program reauthorization.

(As an example of how the two-phase process will work, please note that the budget side of the food stamp issue—that is, the \$30.4 billion savings achieved over seven years for deficit reduction—will be a part of the budget reconciliation bill while reauthorization will be a part of the policy farm

Chairman Roberts hoped to move the farm bill to the House floor before the August recess. However, because the budget process was delayed, the committee did not receive its "final" budget number until late June.

Immediately following that, the committee became involved in issues surrounding the agriculture appropriations, delaying farm bill action even further.

The farm bill is not really "behind" schedule. The Agriculture Committee completed its work on the 1985 Farm Bill on September 13, 1985. It was passed by the House on October 8.

The 1981 Farm Bill passed the House on October 22, 1981. The 1990 Farm Bill passed the House on October 23, 1990. bill.)

Irene Dilts with Senior Citizens banner

Library news

by Anne Camp

The library is happy to display the Muleshoe Senior Citizens banner made by Irene Dilts for the Senior Citizens Jamboree at Lubbock recently.

The library has nine of the ten Best Sellers of adult fiction last week. We try to get more than one copy of those that are in great demand. Just call the library to reserve any Best Sellers.

Patricia Cornwell's "From Potters Field" is No. 1 on the list with Pat Conroy's "Beach Music" No. 3, with Danielle Steel's "Lightening" No. 4, and John Grisham's "The Rainmaker" taking No. 5.

We were happy to have Brenda Lackey and her third grade class for a visit when the American Girl books and dolls were on display. She tells us they are now reading the books aloud at school.

This Monday, we had a nice surprise—a gift to the Library

Memorial Fund of \$1,000 given by Brenda Comiskey in memory of her parents, Joe and Elvov Simmacher.

Brenda, who now lives in Angleton, TX, called and told me that both of her parents loved to read, and had enjoyed using our library for many years. She thought they would have been pleased.

We are very appreciative of this generous gift, and will do our best to use it wisely.

To celebrate MuleDays, we will have the library's Mule collection on display. We have some 40 of all kinds of mule figurines. If anyone has a mule they would like to display, just come by and we will be glad to show it.

Editor's Note: The No. 2 Best Seller is Memnoch, the Devil by Anne Rice. Anne Camp said the library has not yet received any requests for the book.

Maria Diaz receives TEC Certificate

Maria Diaz of Muleshoe, a volunteer worker for the Texas Employment Commission office in Muleshoe was the recipient of a certificate for completion of 300 hours in the TEC Volunteer Services program.

Diaz, through this program, is learning how to use computers and other clerical skills, but is also given the experienced of actual client interaction, which she can use in future occupations other than clerical, and she will have a good reference when completed.

The TEC office here has received some good benefits from Ms. Diaz' training as well. Bob Copeland, local TEC office manager, said her presence in the office has enabled him to get out in the community much more often, and she has served as an interpreter and is able to interview applicants and interact with the community.

The Oregon Trail

It was 150 years ago that a few hundred Midwestern families embarked on a most unlikely journey — they walked across the uncharted American West. The eventual result of their improbable trek: the United States would increase in size by one-third and avoid a war with the British.

The road blazed by these adventurous farmers would come to be known as the Oregon Trail. Many historians consider the migration west along the Oregon Trail among the ten most important events in American History. The Oregon Trail (more correctly the Oregon-California Trail) was the primary corridor to the entire western United States for over two decades, beginning in 1843.

The Oregon Trail, four half-hour programs, is a deeply moving chronicle of the 1840s' trek from middle America to the unsettled West. One in ten pioneers died along the way; many walked the entire 2,000 miles barefoot; but in the end nearly a half-million Americans followed the ruts west in search of a better life.

The series explains the curious events that preceded the migration: Lewis and Clark's utter failure to find a practical route west; the Astorians' almost-comical success a few years later; and the amazing tale of the first lone covered wagon that almost made it to Oregon.

The series describes the pioneers' first encounters with Native Americans, and the unique problems of Trail overcrowding. It also describes the parallel journey of the Mormon pioneers bound for Utah and the California-bound 49ers, who split from the main Oregon Trail on their trek to the gold fields.

The Oregon Trail airs Sundays at 1:00 p.m. beginning September 10th. The series also airs Tuesday and Wednesday, September 27th and 28th at 9:00 p.m. (2 episodes each night).

Barry Goldwater:
Photographs and Memories

He's known throughout the world as Arizona's straight-talking politician and statesman, but a new documentary introduces viewers to Barry Goldwater, the photographer. Barry Goldwater: Photographs and Memories is the story of the man behind the camera, a man whose passion for photography and Arizona changed his life forever. Hugh Downs narrates.

Barry Goldwater: Photographs and Memories is both a personal reminiscence and a photographic journey guided by one of Arizona's (and America's) most famous citizens. The 30-minute program showcases Goldwater's photography and depicts a vanished way of life, with photographs taken during the 1930s and 1940s as Goldwater traveled throughout the state chronicling Arizona's indigenous people and landscapes. Goldwater's work has won international acclaim and has been exhibited in nearly 300 galleries from Milan to Tokyo.

Barry Goldwater: Photographs and Memories airs Monday, September 11th at 10:30 p.m.
