Dept. of Health switches services

By Martha Toles Frost
City Editor

Last week, the Texas Department of Health began contracting out its services all over Texas.

Services will remain the same and will continue to be overseen by the TDH, according to Dr. James Morgan of the TDH in Lubbock.

Morgan said the re-structur-

ing came about as a result of 20 million dollar cutback in Title V funds for women's and children's health.

A letter will be going out this week explaining the change and the intent of the TDH, Morgan said.

Muleshoe's Department of Health employees at 118 W. Ave. C began working for the Texas Tech Health Sciences

Center Oct. 2.

Morgan expressed the TDH's intentions to offer the same services at less cost and more efficiency by retaining the same personnel and contracting the labor out to agencies that have access to additional sources of funding (besides Title V).

"It was a good opportunity for us to be able to serve pa-

tients and keep the same employees," he said.

Some Texas health clinics are being contracted to non-profit home health care agencies, to local hospitals, to nearby medical schools and to individual doctors.

This is a transition period, according to Morgan, who said there will be a "re-bid" this

Muleshoe granted landfill extension

By RICK WHITE
Managing Editor

The expected change in the way the City of Muleshoe handles its solid waste was put on hold last week.

The United States Environmental Protection Agency announced Oct. 3 that it was delaying for two years the deadline for small "arid area" landfills to meet the Resource Conservation and Recovery Act Subtitle D guidelines.

Subtitle D rules for all landfills were to become effective Oct. 9.

At some point in time, the City of Muleshoe plans to set up a transfer station at an existing building at the old municipal airport to meet the guidelines. From there the solid waste will be shipped to a regional landfill site.

City Manager Dave Marr Jr. said the city would "more than likely" contract out the hauling of the solid waste to the regional site, with the cost being absorbed by the city's customers at a cost of about \$3 per month.

Until then, the city plans to operate its current landfill until the Oct. 9, 1997 deadline.

"The cheapest way to handle it is the best way to handle it," Marr said. "Right now, using our landfill is the cheapest way."

"The cheapest way to handle it is the best way to handle it. Right now, using our landfill is the cheapest way."

— City manager
Dave Marr Jr.

The Texas Natural Resource Conservation Commission, which opposed the extension for the deadline for Subtitle D compliance, plans to conduct a public hearing on a transfer station registration application Oct. 17 at 10:30 a.m. in the Council Chambers at City Hall.

The operation standards imposed by Subtitle D are generally believed to make the operation of small landfills cost prohibitive.

And in the case of the city of Muleshoe, unnecessary, according to Marr.

"The people in Austin want one rule to fit us all," Marr said. "They passed the same guideline on us as they did in the big cities."

"We don't have a shortage of land and it doesn't rain enough for that to be a problem with contamination."

Mules hope to keep Littlefield on the run

By RICK WHITE
Managing Editor

Just when you thought it couldn't get any worse.

Muleshoe High School head coach Randy Adair thought the Mules would pick up a few wins early in the season and have a little momentum heading into the District 2-3A season.

But the Mules are reeling from a five-game losing streak in which they have given up 37 points or more in four of five their games.

And now they draw high-scoring Littlefield on the road (7:30 p.m.) in their district opener.

Littlefield (5-0), the prohibitive 2-3A favorite, is averaging a district-best 37 points a game.

"I'm guilty of having high expectations and the feeling that we were going to win," Adair said. "Maybe I should have been pragmatic. But it's hard not to second guess yourself."

Adair said he doesn't mind opening against Littlefield, the top-ranked team in the Lubbock Avalanche-Journal's 3A area poll.

"It doesn't get any better, it doesn't get any worse," Adair said. "We have everything to gain and nothing to lose."

What Muleshoe (0-5) needs to do gain is a better grasp of its

District 2-3A standings

new offense and to stop losing the ball.

Muleshoe switched to a low-risk offense in last week's 48-6 loss to Seminole.

The coaching staff had been entertaining thoughts of changing to a low risk offense after being plagued by turnovers.

Academic casualties expedited the switch.

The new offense is more of a straight ahead running game with a little play-action passing mixed in, as opposed to a one-back, spread offense that looked to put the ball in the air.

It worked fairly well against Seminole, but three second-half turnovers hurt the effort.

Muleshoe's Mighty "M" Band took outstanding 3-A Band at the Texas Tumbleweeds Marching Festival at Denver City Saturday. The event was sponsored by the Denver City Band Boosters.

Some of the bands Muleshoe matched halftime shows with were Seminole, Floydada and Portales.

Band director Rob Lovett said the band also was selected as one of the top five of 15 area

bands from Texas and New Mexico that competed this weekend.

The Mighty "M" Band marched and played "Gitana," "Land of Make Believe," "Macarena," and "At Your Disposal," a trash can drum feature which is kind of a joke but difficult to play, according to the band's other director, Martha Anthis.

Band officers are Sarah Villarreal, Gerardo Loya, Steven Madrid, Jennifer Patterson, Yolie DeHoyos,

Wayne Wallace, Candy Garcia, Melissa Mata, Ransley Welch, Shannon Noack and Samuel Villarreal.

At press time, the band was practicing for competition Tuesday night at the Texas Tech Marching Festival.

The Mighty "M" Band is preparing for Interscholastic League competition during the school day on Oct. 18.

The band's performances are open to the public, Anthis said. "The band plays to the crowd—so support is important."

Lightning strikes NFL games

By Martha Toles Frost
City Editor

Mission Cable was the "missing" cable from Sunday around 6 p.m. until approximately 9 a.m. Monday for Muleshoe residents west and south of 18th Street and Avenue D.

First, the cable went out all over Friona, then Muleshoe was stuck by a "catastrophe" for those who were engrossed in the closing minutes of NFL games.

Mission Cable technician Ralph Skaggs explained that last week during a widespread lightning storm, an electrical line fell on cable lines in Muleshoe, burning out "feeder lines" to homes.

Skaggs replaced the damaged lines in affected areas and thought he had the problem handled.

But some fuses must have sustained residual damage during the storm. These faulty fuses went out during a "load surge" at an inopportune moment for Muleshoe sports fans Sunday.

Clay Dutton of Friona was on call for Mission Cable users Sunday, and the first call he received was about the cable going out citywide in Friona.

He handled the Friona call first and then began dealing with problems in Muleshoe.

Skaggs said Mission Cable will be replaced by Classic Cable in Muleshoe on Oct. 13.

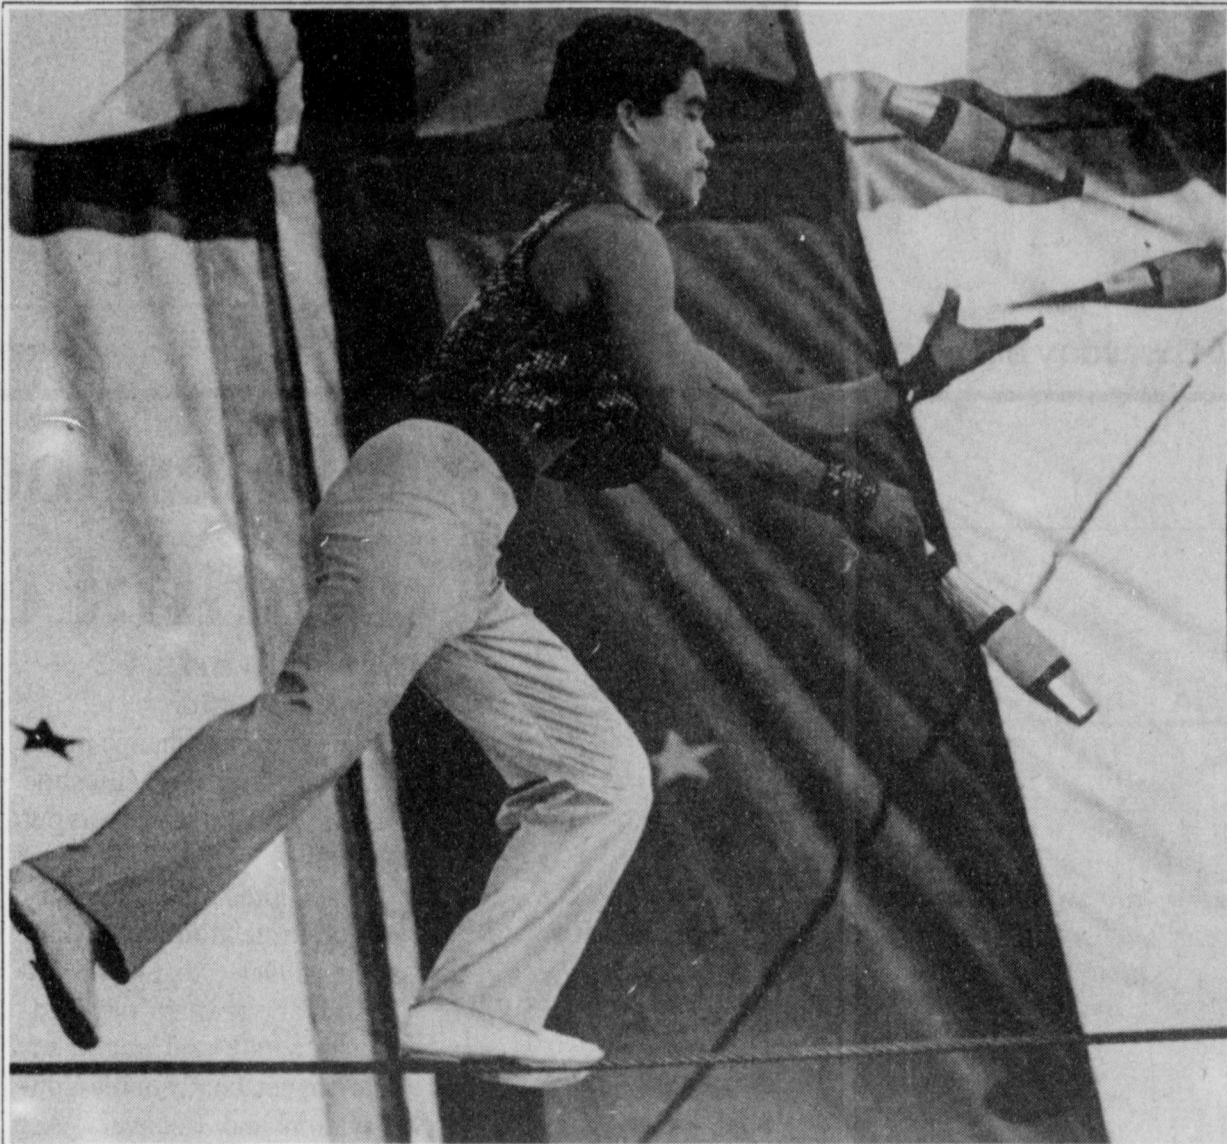

The City Council of Muleshoe extended the franchise to Classic Cable after lengthy question and answer sessions with Stephen S. Smith, president of Classic Cable, and Santos Guajardo, chief technician.

Skaggs anticipates being able to handle cable problems more quickly, because technicians will carry pagers and use cellular phones.

He said residents will be able to call an 800 number, and trouble calls will be handled within 24 hours—if possible.

There will still be only one technician on call during weekends, however.

Some residents again experienced difficulties with cable Tuesday morning. Skaggs again repaired damage.

Snaring a pair

Eric Rush of Grady, NM, jerks his slack on a pair of back legs during the Muleshoe Roping Club team roping last Sunday at Dusty Rhodes Arena. Almost 350 team competed for \$4,600 in cash in prizes during the afternoon. Neal Stanfield of Clovis, NM, and Chad Davis of Portales, NM, were the high-money header and heeler of the day, each winning handmade Floyd Mosier buckles.

Stanfield, Davis win Muleshoe Roping Club buckles

Neal Stanfield of Clovis, NM, and Chad Davis of Portales, NM, were the high-money buckle winners at the Muleshoe Roping Club's Oct. 8 event at Dusty Rhodes Arena.

Stanfield won first and second in the average in the No. 6 and took home \$566 on the day to win the high-money header's buckle. Runner-up was Clint McCloy of Lazbuddie with \$419.

Davis partnered with Stanfield to place second in the No. 6 and had a fourth with Jim Bohler of Muleshoe. He also won go-round money in the #6 and #7 to total \$351 for the day and took the heelers' buckle. Thurman Myers of Muleshoe was the runner-up with \$315.

Almost 350 teams ran at \$4,660 during the afternoon in a 3 for \$20 format. Cattle were provided by CLT Cattle and Horse Traders. Average winners included:

- McCloy and Frankie Vasquez of Muleshoe in the No. 5 with 47.60 on three. They earned \$231 apiece.

- Neal Stanfield and John Copeland of Lubbock in the No. 6 with 33.01 on three. They won \$251 per man.

- Bohler and Jeff Campbell of Farwell in the No. 7 with 31.04 on three. They took home \$164 each.

Weather top concern of cotton growers

A cotton market seemed to be captured in the almighty grip of Mother Nature once again as crop concerns associated with Hurricane Opal and the threat of a cold snap in West Texas drove the market this week.

Talk of a freeze in West Texas quickly subsided as weather conditions improved in the area. However, concern over Hurricane Opal continued throughout the week.

Opal, with winds of up to 150 miles per hour, was the strongest storm to hit the Gulf Coast in 26 years. Surprisingly, the narrow swath cut by the hurricane did not affect as much of the Southeast cotton crop as originally expected.

Remnants of Opal reached

as far north as Ohio, and even though the speed of Opal's movement may have limited damage, the vulnerable open bolls in both the Delta and Southeast could suffer not only some yield losses, but more importantly, quality losses.

Southern Alabama was the hardest hit area, with reports of cotton plants pushed to the ground by Opal's high winds. Losses also were initially reported from southwest Georgia and parts of the Carolinas as a result of heavy rainfall which caused flooding.

Although the extent of destruction across the Southeastern region is too early to quantify and a more definite assessment may be days away, some analysts feel that losses

will be confined to 200,000 bales or less.

Meanwhile, September weather apparently did not hurt the crop as much as some originally had feared. "Boll maturation is surprisingly good," said Kater Hake, area cotton agronomist with the Texas Agricultural Extension service at Lubbock.

"We have come through some extremely tough weather in much better shape than I would have believed earlier," Hake said.

However, the weather on the High Plains in September may have reduced both yields and quality, although the effects may not fully be known until cotton is harvested.

Despite possible crop dam-

age, some private estimates peg the 1995-96 West Texas cotton crop at close to 3.0 million bales, compared to last year's crop which totaled 3.097 million bales.

USDA's Crop Progress and Condition Report for the week ended October 1 showed a significant deterioration in Louisiana and south Carolina, along with declines in Texas.

In fact, 72 percent of the Texas cotton crop was reported to be in good to excellent condition, compared to 76 percent the previous week. Only 57 percent of Texas' crop had open bolls, versus 65 percent at the same time last season. USDA also noted that 26-percent of the Texas cotton crop had been harvested by October 1,

Remember your hero. Sweetest Day is October 21st

You make the list. We'll make the arrangements.

Most people think Sweetest Day is another Valentine's Day, a romantic holiday to remember the one person you're closest to. It is not!

Sweetest Day was originally created to help us recognize all of the people who make our lives a little better. A day to send a surprise gift of flowers or plants to anyone who has been especially nice. Look around—there's the neighbor who looked after your house while you were away; the carrier who keeps your newspaper high and dry despite the weather; that special person who cares for your children while you work; that person whose simple presence puts a smile on your face. All of them are heroes to us! That's what Sweetest Day is all about. Make a list, check it twice, and perform a random act of kindness—surprise your hero.

You'll get the sweetest feeling on Sweetest Day.

Lady Mules 7th at Lubbock

LUBBOCK — The Muleshoe Lady Mules finished seventh here Saturday in a meet at Mae Simmons Park.

It should prove to be a valuable experience because both the District 2-3A and state meets will be held here.

Clint won the meet with 82 points. Dimmitt was the top 2-3A finisher, placing third with 135 points. Muleshoe finished with 201.

Cari Faver led the way for

the Lady Mules, finishing 21st with a time of 13 minutes and six seconds.

Priscilla Aguirre was 32nd in a time of 13:18, Brandi

Harrison was 48th (13:34) and Jo Beth Gilleland was 49th (13:35).

Other Lady Mule finishers were Stephanie Sexton (13:52), Kim Villa (14:11) and Keisha Whitt (15:40).

Strength training worth the weight

Seminole has discovered that strength training is worth the weight.

You can't teach speed, but everybody can get stronger.

When **Army Salanis** arrived at Seminole five years ago, he had his team hit the weights and now the Indians are starting to flex their muscles.

Five years ago, only three players could bench press more than 200 pounds.

Now they have 34 who top 200, including one player who bench presses 385 pounds.

Muleshoe coach **Randy Adair** said that's one biggest areas he'd like to improve.

"We have two huge problems: one is participation and the other is strength and conditioning," Adair said. "It's something I've talked about since I've got here. When you see (the other team) running through tackles, you know you're not strong enough or 'physical' enough to tackle."

Help is on the way.

The Muleshoe Independent School system approved a new 3,200-square-foot weight room at the high school which should be ready in February.

It's better to give

Daniel Garbarino is used to being on the receiving end of things.

Garbarino is a feared wide receiver, but because of ineligibility problems, the 6-3, 180-

pound senior is playing quarterback for the first time since junior high.

His first pass in high school was a picture-perfect 25-yard touchdown pass to tight end **Jarrod Redwine**. Garbarino made a nice play-fake, and lofted the ball to Redwine, who was behind two defenders.

Garbarino finished 2-for-4 for 27 yards. He did throw an interception that set up Seminole's final touchdown, but otherwise played well according to Adair.

Look for Garbarino's role to expand as he starts to get more comfortable. With his speed, if he can get turned upfield on the option, Garbarino could create some real problems.

Mike Woodard was the backup quarterback to **Alfredo Gonzales**, but because Woodard starts on defense and is only a sophomore, Adair went with Garbarino.

Besides that, Garbarino volunteered.

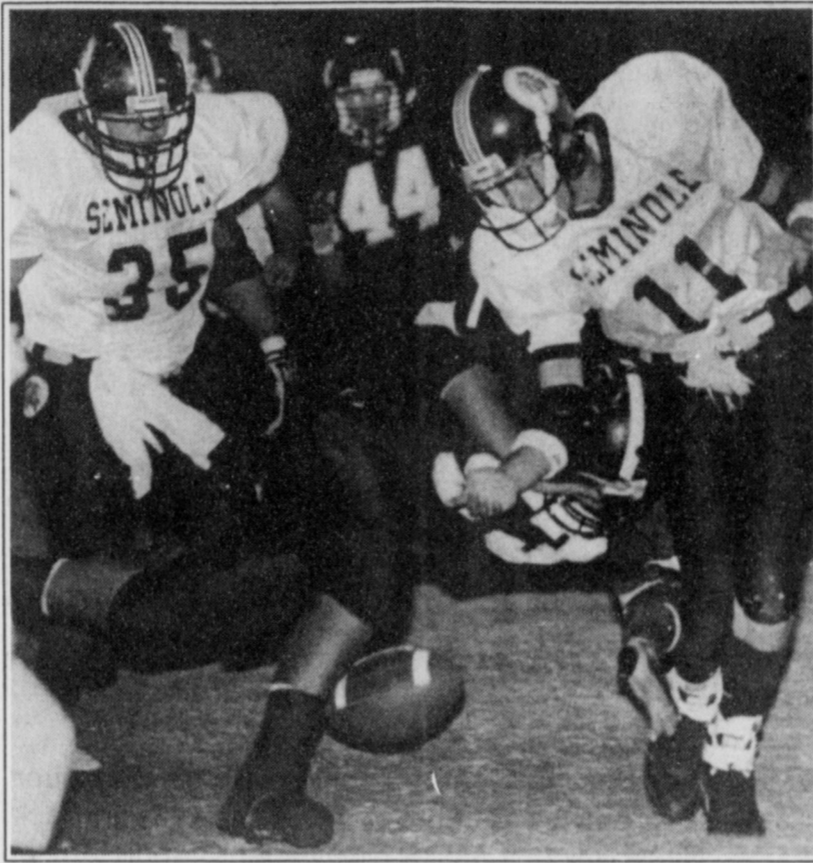

The hair club

Adair was sporting a new 'do Friday night.

Adair showed up at Thursday's pep rally with his hair shaved boot-camp short.

"It was symbolic of my commitment to them," Adair said. "That we've all got to be willing to do whatever it takes to get the job done."

At least 15 players followed suit in support.

The low road

Muleshoe's **Jesse Gonzales** causes Seminole's **Heath Burrell** to fumble during the Mules' 48-6 loss Friday night at Benny Douglass Stadium.

2-3A roundup

Michael Benton rushed for 225 yards and six touchdowns as Littlefield rallied from a nine-point halftime deficit and beat Lamesa, 47-21.

Littlefield (5-0) outscored Lamesa (2-3) 35-0 in the second half.

Raymon McCain rushed for 179 yards and two touchdowns as Floydada beat Lubbock Roosevelt, 34-7, at home.

Zack Absheir scored on runs and threw a 15-yard touchdown pass to **Omar Eguai**.

Floydada (2-3) outrushed Roosevelt 365-11.

Roosevelt (2-3) scored on a five-yard run by **Kevin Davis**.

Shallowater paid Sudan back for a 1994 thumping by handing the Hornets their third-straight loss, 17-13.

Shallowater (4-1) scored on the first offensive play of the game, a 96-yard pass from **Blane Brown** to **Jay Lusk**, en route a to 17-0 halftime lead.

Junior Guzman rushed for 82 yards and a touchdown for Shallowater.

Sudan (1-3) beat Shallowater 53-7 last year. The Hornets were undefeated in the regular season the last four years.

Friona held its opponent to under 100 total yards for the

Muleshoe coach **Randy Adair** figures that if he uses two running backs, he might be able to have one healthy one left at the end of the season. **John Bryan Cowart** and **Jake Adair** were rotated at tailback Friday against Seminole, and will share time the rest of the year. Cowart, the more physical of the two runners, gained 86 yards on 16 carries and Adair, who has more speed, gained 80 yards on 20 carries. "Together, they make a good back," Adair said... Throw in upback **Chris Shelburne** (26 yards on four carries) and the Mules had some success moving the ball on the ground against the Indians. Shelburne had the most impressive run of the night, bouncing off several tacklers while picking up 20 yards in the second quarter... **Trivia**: What NFL running back that starred at Sealy in the late 70s before moving on to SMU, where he became part of the Pony Express... Muleshoe continues to give up huge chunks of yardage. "The vast majority of time we have people in the right place to make the play," Adair said shaking his head. "But they're not making the tackles... The best nickname I've seen so far in the Lone Star state is the Roscoe Plowboys... Muleshoe has not scored in the second half of its last two games... Garbarino led the Mules with 10 tackles against Seminole, six of them solo... Junior **Harvey Alfaro** had 10 tackles in his first start... **Alfonso Mendoza** leads the Mules with 50 tackles... **Answer**: **Eric Dickerson**, who later joined up with current ESPN announcer **Chris James**. Sealy has been ranked No. 1 in Class 3A all year... Littlefield gained its first votes in the Associated Press 3A poll, but still has a long way to go to reach the top 10. The Wildcats ranked 28th with two points.

Quote of note

"If I thought I was the problem, I'd leave here tomorrow. But I'm not the problem."
— **Muleshoe coach Randy Adair**

Freshman year fosters growth

LAZBUDDIE—Forget the sophomore jinx.

After being thrown into the starting lineup as a freshman last year, **Brice Foster** is starting to come into his own.

Foster scored three touchdowns Friday in Lazbuddie's 51-14 win over previously undefeated El Paso Jesus Chapel.

The 5-10, 155-pound Foster, leads the Longhorns in both rushing and pass receiving yards, and is a fine complement to junior quarterback **Justin St. Clair**.

"Last year helped," Lazbuddie coach **Mark Scisson**. "He didn't have a big role last year, but he's been able to build on that experience. He's really coming on."

Foster rushed for 95 yards and a touchdown and caught touchdown passes of 30 and 16 yards from St. Clair against El Paso Jesus Chapel, one of the better private school six-man programs.

St. Clair ran for 168 yards and three touchdowns and threw 157 yards and two more in the Longhorns' (3-2) final pre-district game.

Juan Reyes added 112 yards and on nine carries as the Longhorns rushed for 351 yards while picking up their second-straight win.

Lazbuddie likes to toughen up on a demanding pre-district schedule. Last year, the Longhorns started 1-4 before going undefeated in District 2-1A.

"We're a lot better than we were at this time last year," Scisson said.

Lazbuddie opens defense of its district title Friday at 7:30 p.m. when they host Cotton Center.

Middle-ear infections can be serious for kids

HOUSTON—It is the peak season for one of the most common childhood illnesses.

Middle-ear infection can occur any time of year, but fall and winter are especially bad, according to Dr. Newton O.

Duncan, a pediatrician at Baylor college of Medicine in Houston.

Middle-ear infections strike more than 80 percent of children by age 3.

Eagles face 2-1A's best in opener

The way Three Way coach **Rowdy Bryan** reads it, the Eagles' chances of making the state playoffs depend on a pair of games that bookend the six-man District 2-1A season.

Three Way (3-1) opens its district season Friday at defending state champion Amherst and finishes it with a game against defending 2-1A champion Lazbuddie.

"A lot of people picked us to finish third," Bryan said. "We'll see if they were right."

Amherst (5-0) is ranked first in the state 1A poll and has won 13 straight since losing to Lazbuddie in the regular season last year.

Dwayne Miles rushed for 222 yards and a touchdown as Amherst downed No. 4 Wellman, 54-24, Friday. Wellman beat Three Way, 63-37, earlier this season.

"We're going to have to key on Miles," Bryan said. "But the game plan is to stop the team, not just one player."

"The kids are exciting about the running game," Adair said. "We were deep into the game before they though they were out of it."

Muleshoe rushed for 205 yards against Seminole. John Bryan Cowart led the way with 86 yards on 16 carries and Jake Adair added 80 yards on 20 carries.

Look for the Mules to throw the ball a little more this week as senior Daniel Garbarino gets comfortable.

Garbarino, playing quarterback for the first time since junior high school, completed 2-of-4 passes for 27 yards and a touchdown last week.

"Right now, we need to play perfect offense," Adair said. "We can't turn the ball over."

Littlefield is led by all-state running back Michael Benton, who rushed for 225 yards and six touchdowns as the Wildcats rallied from a nine-point halftime deficit to beat Lamesa, 47-21.

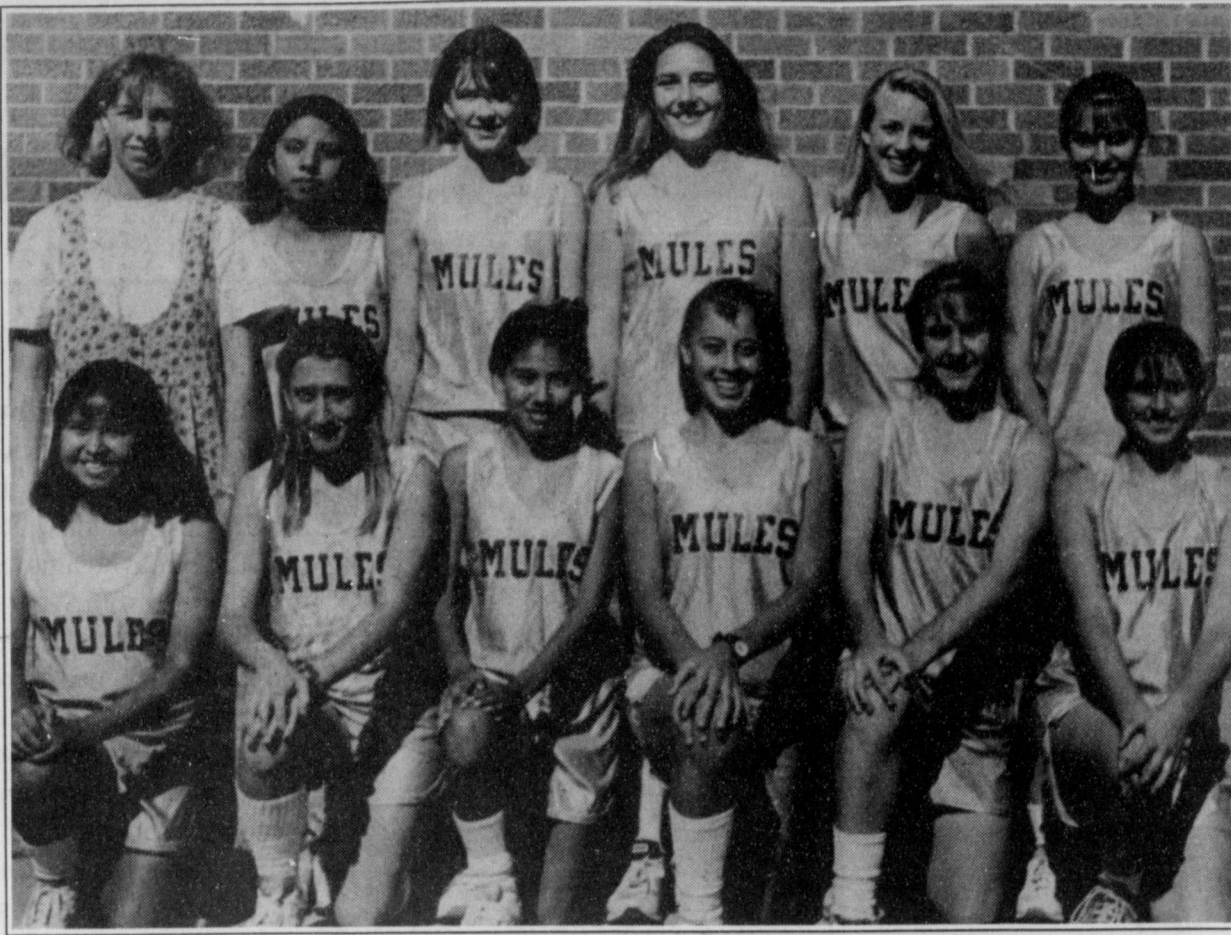

"He's got great leg strength and good feet," Adair said. "They'll probably pound the ball at us until they feel comfortable," Adair said. "Then they'll work in their passing game."

Adair said the Wildcats are real sound defensively, keyed by its linebackers and a pair of dominant defensive tackles.

But... "We think we can take what they do well and use it against them."

A lot of people have given upon Muleshoe. But not Adair.

"We're still in the hunt. I don't care what anybody says. I know what the kids are capable of doing. If we can get it back together, we can win some games."

Three Way

Continued from page 5

Three Way had an open week, and spent it revamping its offense.

"We're going to try to make them think pass first," Bryan said of the new look. "Then we'll see if we can run the ball."

Amherst has outscored their opponents, 268-77.

"It's good to play a tough team first," Bryan said. "You can lose two games and still get into the playoffs."

While Three Way starts its season at the top of the 2-1A heap, Lazbuddie starts at the

other end of the spectrum.

The Longhorns (3-2) host rebuilding Cotton Center (1-5).

"It's going to be a tough district," Lazbuddie coach Mark Scisson said. "Anybody could win it depending on injuries."

Except maybe Cotton center.

"We want to continue to improve," Scisson said. "We don't want to play down to their level. That's not a knock on their program, they're just down this year."

second-straight week in a 19-14 win over Tulia.

Andy Kendrick rushed for 133 yards and two touchdowns and Lance Looper added 85 yards on 14 carries for Friona (4-1).

Landis Barrow returned a kickoff 70 yards for a touchdown for Tulia (2-3).

Dimmitt's offensive woes continued against unbeaten Slaton.

Dimmitt (1-4) lost 20-6 and has scored just 41 points in five games (three shutouts).

Charles Thomas rushed for 199 yards and two touchdowns for Slaton (4-0), the team to beat in District 5-3A.

An eight-yard touchdown pass from Joey Martinez to Bagon Newton in the second quarter pulled Dimmitt to within 8-6.

But Thomas scored on a nine-yard run and Joaquin Zaragoza recovered a Dimmitt fumble in the end zone to give Slaton a 20-6 halftime lead.

Landfill

Continued from page 1

Since its initiation in 1991, Subtitle D has been responsible for the closing of more than 2,000 landfills.

Marr said he expected to get the exact details of operation guidelines for the landfill under the extension in the near future.

One of the ways to lower the cost of handling solid waste is to recycle. Solid waste fees

are determined by weight and distance hauled. Most recycling companies will come pick up the products at no cost.

Marr said that at some point he sees the city switching over to individual collection instead of using dumpsters, which would promote recycling.

"Dumpsters do not encourage recycling," Marr said.

The American Experience

"Murder of the Century" launches the new season on **The American Experience**. At the turn of the century, Stanford White was considered New York City's leading architect and man-about-town. On a summer evening in 1906, White was shot to death in the restaurant atop Madison Square Garden. The man who pulled the trigger was Harry Thaw — an eccentric heir to a Pittsburgh fortune. Stanford White's death was the final act in a long struggle between two famous men over Thaw's wife, Evelyn Nesbit, a beautiful showgirl who'd had an extended liaison with White. The murder received unparalleled attention: New York's 26 newspapers reported every detail.

"Edison's Miracle of Light" also premieres in October. For most of the century, people reached for candles, oil lamps, and gas lights as night fell, often with tragic results — if the fire didn't get you, the deadly gas might. In September 1878, the famous inventor Thomas Alva Edison announced his plan to produce an electric light for consumer use.

The American Experience airs Mondays at 9:00 p.m. beginning October 16th. The series repeats Saturdays at 11:00 p.m.

FRONTLINE

Frontline begins its 14th season with "Waco — The Inside Story," an investigation of the FBI siege of the Branch Davidian compound in Waco, Texas, and its fiery end. Correspondent Peter Boyer probes the untold story of the fierce political infighting inside the FBI's Waco command center and in the corridors of powers at the Justice Department in Washington, DC, where the fateful decisions were made to assault the compound with tanks and tear gas.

Next, **Frontline** undertakes "The Search for Satan." During the last decade, thousands of people across the country have reported abuse at the hands of secret satanic cults that practice cannibalism, ritual murder, and torture.

Frontline continues with "High Stakes in Cyberspace." For almost two decades, the Internet was the private playground of a select group of scientists, researchers, and academics. But suddenly all that is changing. Each day, 30 million people enter cyberspace — a place where geography is meaningless and where the real world and the virtual world collide.

The new season of **Frontline** airs Tuesdays at 9:00 p.m. and 12:00 midnight beginning October 17th on KENW-TV.

Hargrove, Jarman united in marriage

Saturday, Sept. 2, Kristi Deon Hargrove of Sudan and Wesley Paul Jarman of Lazbuddie were united in marriage at the First Baptist Church in Sudan. Officiating the double ring ceremony was Cliff Hargrove, pastor of the church.

Parents of the bride are Mr. and Mrs. Jim Bob Hargrove of Sudan. Grandparents are Mr. and Mrs. Amos Sedguirck of Kress and Mrs. J.L. Hargrove of Sudan.

The groom's parents are Mr. and Mrs. Gene Paul Jarman of Muleshoe. His grandparents are Mr. and Mrs. Orby Jarman of Muleshoe.

Chad and Josh Chester, nephews of the bride, escorted the grandmothers and the mother of the bride. The groom

escorted his mother.

Penni Hargrove sang "Your Love Amazes Me" as the mothers were being seated. Garrett Flowers, nephew of the bride, and Josh Wall, cousin of the groom, lit the candelabras.

Bridesmaids were Krista Blevins, Brandy Martin and Gina Jarman, sister of the groom. Junior bridesmaid was Tiffany Flowers, niece of the bride. Matrons of honor were Kelli Flowers and Shelley Chester.

Groomsmen were Blair Brown, Mark Hicks, Scott Miller and Scott Hargrove, brother of the bride. Best man was Ware Brown. Zackary Chester, nephew of the bride was a junior groomsman.

Ushers were Chad and John

Chester, Brian Glover and Chad Garlington.

Rochelle Smith, cousin of the groom, was the flower girl. The ring bearer was Beau Hicks, cousin of the groom.

The bride was escorted down the aisle by her father. She wore an elegant gown of white satin and battenburg lace, designed by Alfred Angelo.

The bodice, beaded with pearls, featured a Queen Anne neckline, long renaissance sleeves and a basque waist. The full ball gown skirt, featured a semi-cathedral length train, highlighted with lace appliques.

Her fingertip veil was silk illusion tulle on a satin band encrusted with pearls and iridescent sequins and pearl cir-

clets in the back.

She carried a cascading bouquet of gardenias, stephanotis, alstomeria, small burgundy mums, pearl ribbons and needle point ivy.

The groom wore a black designer tuxedo with a white pleated shirt and white tie. His boutonniere matched the bride's bouquet.

Shelley Chester sang "In This Very Room" following the opening prayer. As the couple lit the unity candle, Shelley sang "I Will Be Here."

The newlyweds descended the altar to the recessional from "Mid Summer Night's Dream" by pianist Elaine Hedges.

Following the wedding, a reception was held in the fellowship hall of the church.

Mrs. Wesley Paul Jarman

NAP Assistance

If you have suffered a loss on your non insurable crops, you will need to come to our office and file form ASCS-574, Application for Disaster Credit. Payments can be made only after crop losses in an approved area are greater than 35% of the expected area yield, and an individual producer has more than a 50 percent loss of his or her approved yield.

Emergency Grazing Extended

Bailey County has been approved for an extension of grazing CRP acres through Nov. 30, 1995. Producers already approved to graze their CRP acres will not be required to pay any additional fees.

However, if you are applying for the first time to graze the acres, you must still meet all original grazing restrictions, plus a fee at the time of request. The fee is the equivalent of 8 percent of the annual per acre rental rate times the number of acres to be grazed. This extension is for grazing only.

Notice of Loss

It is the producers responsibility to give your insurance provider notice of loss within 72 hours of the initial discovery of damage.

This notice of loss must be provided no later than 15 days after the end of the insurance period, for each unit, each insured crop, and each insured producer. Failure to provide timely notice can result in the claim being denied.

Livestock Feed Program

Bailey County is currently accepting applications for the Emergency Livestock Feed Program. Please call or come by if you are interested.

Final Planting Dates

Nov. 15, 1995 is the final planting date for wheat and barley.

Final Reporting Date

November 30, 1995 is the final date to

file your acreage reports for wheat and barley. This reporting date is for CAT/FCIC purposes and is a change from previous years. Don't let this date pass you by.

New Election Procedure

All eligible voters are encouraged to nominate candidates for the upcoming COC elections. The nominations process begins Oct. 5 and continues through Oct. 30.

Nominations forms will not be mailed, but can be picked up at this office (111 E. Ave. D).

In order for petitions to be valid they must be limited to one nominee per petition, must include written certification that the nominee is willing to serve if elected, and must be signed by at least three eligible voters in the local administrative area. Also the petition must be received in the Bailey FSA office by Oct. 30.

The election will be conducted from Nov. 24, 1995 through Dec. 4, 1995 by mail ballot. You may also drop your ballot by the office.

1995 Production Records

Wheat production records should be provided to your insurance carrier by no later than Nov. 15, 1995. These records will be used to calculate your 1996 APH (Actual Production History) yield. You are further reminded that you must keep any production from "ghost" acres separate from any program crop production.

Emergency Farm Loan Applications

Applications for emergency farm loans for losses caused by hail, high winds, and drought are being accepted by the Rural Economic and Community Development Office. Contact Joyce Thompson at 272-5549 for more information.

Tops News

TOPS Chapter No. 34 met at the Muleshoe Church of Christ Thursday, Sept. 28, at 6:30 p.m.

Leader Laverne James called the meeting to order. The TOPS pledge was recited and the fellowship song was sung. James led the group in prayer.

Loretta Lloyd, weight re-

order, called the roll with 16 members answering with the amount they had lost or gained. Minutes were read by Aurora Mata, secretary, and were approved as read.

Best loser for the week was Alma Robertson. Loretta Lloyd was first runner-up and Ernestine Steinbock was second runner-up.

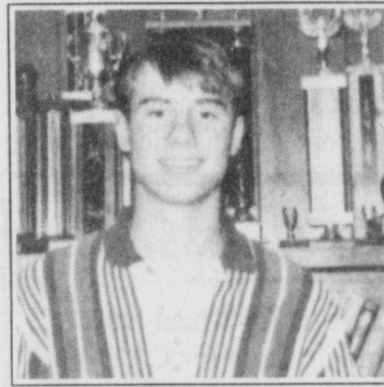

TOPS members will be starting a new contest next week.

Members kept a food diary for a week. They found out bad habits that need to be changed in order to obtain a better, healthier life style.

Get well cards were sent to Evelene Harris and Linda White.

Missy Royal received gifts for her birthday and Linda White received a gift basket for her anniversary.

The meeting was adjourned with the good night song.

Junior David Keller was named the MHS speech and/or theatre student of the week. He is involved in CX debate and extemporaneous speaking. David is the son of David and Hattie Keller.

SPS employees honored with service awards

Nine employees of Southwestern Public Service Company from Muleshoe will be honored for their service to the company and to electric customers in the area.

Being honored from Muleshoe are Mark Lytal and Larry Parker (five years); Stanley Dale (15 years); Tommy Brown, Anthony Holmans and

Reggie D. Johnson (20 years); John Graves and Albert Ramirez (25 years); and Kent Wiley (30 years).

SPS serves 103 communities and provides wholesale power to 17 rural electric cooperatives in the Panhandle and South Plains of Texas, eastern and southeastern New Mexico, the Oklahoma Panhandle and southwestern Kansas.

Public Notice

NOTICE OF PUBLIC MEETING ON A APPLICATION FOR A MUNICIPAL SOLID WASTE TRANSFER STATION REGISTRATION

City of Muleshoe, 215 S. First Street, Muleshoe, Texas 79347 has applied to the Texas Natural Resource Conservation Commission (TNRC) for a registration (Proposed Registration No. MSW40087) to construct and operate a Type V municipal solid waste transfer facility. The proposed site contains approximately 1.5 acres of land and, if approved, will receive approximately 10.85 tons of municipal solid waste per day. The proposed facility will be located on the southeast slide of U.S. 70, 0.3 miles northeast of State Highway 214, in the boundary of the closed Warren Airfield, north of Muleshoe, in Bailey County, Texas.

This application was received on August 1, 1995 and will be subject to a technical evaluation by the staff. Construction of the proposed facility may begin anytime after completion of the informal public meeting. Upon completion of the technical evaluation and completion of the construction of the facility by the applicant, the Texas Natural Resource Conservation Commission will authorize the facility to begin operation. The TNRC and the ap-

licant will conduct an informal public meeting to discuss the proposed facility with the public and to receive and consider public comments on the proposed facility. The informal public meeting will be held at:

10:30 a.m., Thursday, October 19, 1995, Muleshoe City Hall, Council Chambers, 215 S. First Street, Muleshoe, Texas 79347

Information concerning the public meeting may be obtained by contacting Ann Scudday, telephone (512) 239-4756, or Charles Stavley, Municipal Solid Waster Permits Section, P.O. Box 13087, Austin, Texas 78711-3087, telephone (512) 239-6688. Information concerning the technical application may be obtained by contacting Michael Graeber, P.E., at the above address or telephone (512) 239-6671.

Persons with disabilities who plan to attend this meeting and who may need auxiliary aids or services such as interpreters for persons who are deaf or hearing impaired, readers, large print or braille are requested to contact Charles Stavley or Ann Scudday, Municipal Solid Waste Permits Section at (512) 239-6688 or 1-800-RELAY-TX (TDD) at least two (2) work days prior to the meeting so that the appropriate arrangements can be made.

Issued this 20th day of September, 1995.

Better Business By Nan Campbell

Credit fraud artists have been known to get your social security and credit card numbers by tapping into electronic credit reports and other computer files.

With your name, address and credit card number, anyone can run up charges in your name. With your bank account number, it is possible for someone to tap into your checking or savings accounts.

Your brokerage number and social security number is sometimes all that is needed to order unauthorized trades. These valuable numbers are stored in countless electronic files and they are not all kept under digital lock and key.

Check out your Internet provider and find out how they protect their data. Don't send your account numbers, social security number, password or any other sensitive data via e-mail, unless it is encrypted.

Avoid easy-to-guess passwords such as your name, initials or birthdate. Check your bank and credit card statements monthly.

All too frequently, pitches for Who's Who-type publications, biographies, or nominations for awards or special memberships have a catch to them. Their names might never appear in the well-known biography directory as promised.

The executive who is flattered onto providing the details of his or her career may be stuck with a subscription fee, a membership fee, a charge for the listing, an inflated price for buying the publication, or a solicitation to purchase one or more copies of the publication.

There is no guarantee that the advertised publication will be distributed beyond those persons purchasing copies for themselves or that even that it will be published at all.

The appeal may be based strictly on personal vanity. Check them out through your library, ask questions, see if those subscribing are the only ones listed in it; and finally, check them out through your Better Business Bureau-call 763-0459 or (800) 687-7890.
