Muleshoe preping for Friona fracas

By RICK WHITE **Managing Editor**

Coaches like to leave the rivalry to the players.

"The kids would rather play Friona than anybody," Muleshoe head coach David Wood said. "But it always comes down to who hits the hardest. Once the game starts, all the hype goes out the window. The important thing is not to lose focus."

The testosterone and adrenaline will be flowing when Muleshoe hosts Friona in a District 1-3A game at 7:30 p.m. Friday at Benny Douglass Stadium.

"For the teams, schools and towns, the rivalry will always be the thing," Friona head coach James Morton said. "It's good for our program. Me personally, I'm just trying to take care of getting us ready to play the

The series has been lopsided lately, with Friona winning 34-14 last year and 41-6 in 1995.

"Anytime there's a rivalry and one team dominates, it's always about respect."

The game takes on greater significance this year as Muleshoe (2-3 overall, 1-1 in district) tries to prove it is a playoff contender.

The Mules snapped a threegame losing streak with a 15-6 win last week at Dalhart and is

much improved, according to Morton.

"We're wary of Muleshoe," Morton said. "They've got some confidence going into the game, and the longer they stay in the game, the more their confidence will build."

Friona (5-0, 2-0) is ranked No. 7 in state and is the prohibitive district favorite after beating River Road 33-20 last week.

Friona led 27-0 at halftime, but needed two Wildcat turnovers and a 22-yard touchdown run by Matthew Kendrick in the fourth to hold on for its 14th-straight regular-season

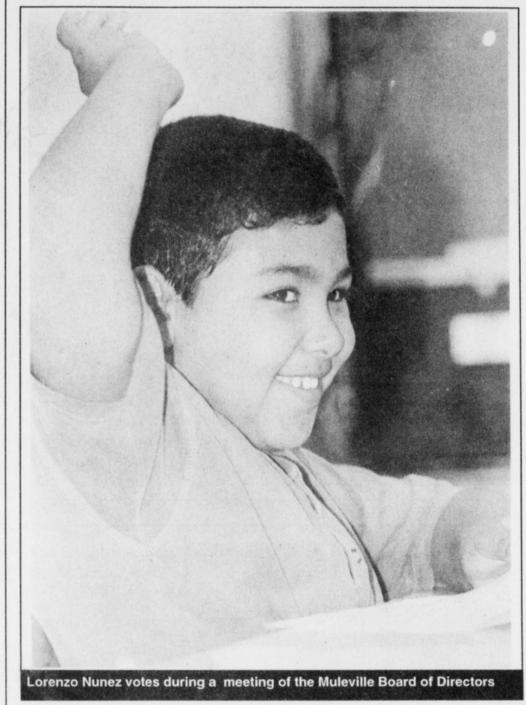

"We've been inconsistent and I don't think we've played a complete game yet on both sides of the ball."

"We are getting better," Morton said. "The offense line gained some confidence against River Road. River Road is big and physical and we were able to get after them."

Friona's wishbone offense averages 34 points and nearly 400 yards a game.

The Mules are second in the district in team defense, allowing 223 yards a game, but Wood said Friona is hard to prepare for because you can't rely on tendencies.

Muleville, USA: City of Success

By TERESA STONE Journal staff writer

Muleville Board of Directors convened in regular session Monday over Dr. Pepper, starbursts and pretzels.

President Trent Black called the meeting to order, Vice President Amanda Cowart called roll and Secretary Hillary Tipps read the minutes from the two previous meetings.

As the meeting progressed, members actively moved to approve and seconded various reports and plans, shared ideas for the future and openly offered opinions.

The Board of Directors seemed more like a meeting of corporate big-wigs brainstorming how to make their next million, rather than third, fourth and fifth-grade students deciding on the fate of Muleville, USA.

"The students feel important, they feel like they are doing something special. They take their jobs very seriously," said Principal Finney about not only the board members, but also the many workers in Muleville.

Muleville is a small community within DeShazo Elementary consisting of a school store, managed by the fifth grade, a "real" bank ran by the fourth grade with the help and support of Muleshoe State Bank, and a post office manned by third graders.

Federal officials raising stink over hauling fertilizers

WASHINGTON, D.C.—U.S. Rep. Larry Combest of Lubbock said although a federal agency has only briefly delayed the burden of requiring shipping papers and warning signs for farm pickup trucks hauling fertilizer from the farm supply store, he will push for states to retain their legal authority to exempt the routine transport of commonly-used agricultural chemicals.

Last week, the U.S. Department of Transportation announced a one-year delay on Oct. 1 regulations requiring farmers to post warning placards, shipping papers and emergency procedures that were previously only required of hazardous cargo shipments. Although states have had a 15-year record of successfully making their own guidelines and exemptions for farmers hauling fertilizer and other farm applications, the Transportation Department will insist on warning signs and excessive paperwork each time a farmer brings supplies back from town, Combest

The Republican Congressman has endorsed legislation reinstating the common sense exemption granted by states.

"For the few times out of a year that farmers move fertilizer and other inputs from the supply store back to the farm, the federal government wants warning

Brown wins Week 5 contest

Claire Brown of Lazbuddie was this week's winner of the Journal's football contest, which was decided by the tiebreaker for the fifth-straight week.

Brown and Tony Nichols of Farwell both correctly picked 17 of 18 games.

Brown won the \$15 first prize by coming within one point (36 points) of the combined score of the New York's Giants 20-17 upset of Dallas.

Nichols' tie-breaker guess was 35 points. He won the \$10 second prize.

Brown failed to take Texas Tech over Baylor while Nichols missed Muleshoe's upset at Dalhart.

Melissa Nichols of Bovina won the \$5 third prize by picking 16 of 18

A total of 33 contestants entered the contest this week.

A stroke can change your life forever

"Muleville USA provides students a fun way to learn life skills," said fifth-grader Amanda Lopez.

On the basic side, students learn how to make purchases, make bank deposits, write checks, reconcile their checkbook, which can be a big job for some adults, and mail let-

But things do get much more complex within the small community. Student workers must learn customer service skills, learn to give change, and most importantly, learn to work together.

"The workers are learning to be more responsible," said fourth-grader Hillary Tipps, who as secretary is learning how to take minutes and sharpening her public speaking skills each time she reads a reports in front of her peers.

Those having a hard time seeing the forest for the trees, when worrying about environmental issues, could learn a lot from the efforts of a forest products company, such as Georgia-Pacific.

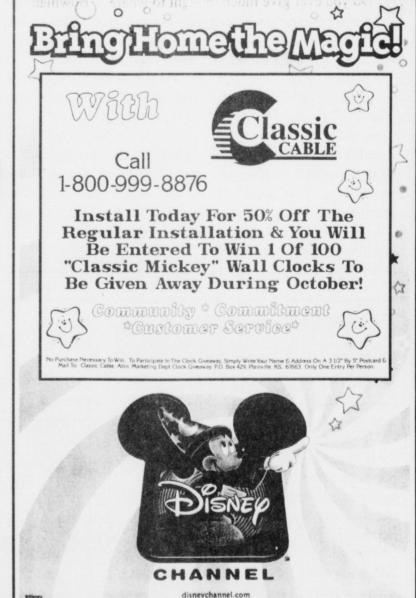

"We learn how to run a business by interviewing people, making advertisements, organizing everything, and we have to make sure workers are there on time," said fifth-grader Barry Morris.

"We also have to learn how to generate ideas to increase business, like getting people to mail more letters," said Joshua Norman, who as one of the regulating officers of the post office has decided to reward the homeroom that mails the most letters, of course addressed correctly, each week.

The post office is not the only service trying to increase participation. The bank received approval from the Board Monday to give away souvenir paper footballs signed by Muleshoe High School Varsity football players for each deposit made.

In other business Monday, the board had a heated discussion about hosting the concession stands at two spring UIL events. Members discussed the possible profit margin and tentatively agreed on the types of food to be served.

The board then unanimously approved to propose the idea to their parents who will make the deciding vote since their participation will be vital to the fund-raiser.

BOVINE **BOOT CAMP**

Do you ever give much thought to where your weaner steers and heifers go when you load'em on the truck or take'em to the sale?

You think maybe it's like goin' off to college? Stay in the dormitory, have a nice roommate who doesn't bawl or stay up all night talking about the cute Charolais they met in the cafeteria.

Maybe join a fraternity or sorority, Milka Dama Cow. Play intramural head butting, horn wrestling or pin the tail on the Holstein?

They can learn a foreign language like Corriente, Water Buffalo or Emu. And eventually graduate Phi Beta Moo and go on to Hi Concentrate Feedlot Graduate School eventually attaining a Ph D in Hi Choice.

Sounds idyllic, doesn't it? Just like you imagine for your own kid going off to college. But the feedlot hands are reading this dreamy scenario like a drill sergeant listening to an army recruiting ad; "Be all that you can be..."

A growing yard or feedlot is more like boot camp. No hallowed halls of ivy here. Does the name Powder River, WW or

Bowman ring a bell?

Indoctrination for recruits involves standing in line for hours, being shouted at and vaccinated for things you can't pronounce. Sound familiar?

The intimate dormitory sleeps 260. Courses studied include Feed Ingredient Identification, Cowboy Outer Wear, Mud 101 or 102, and Hot Shot Evasion. Sports that are available for participation are Intramural Pneumonia, Find the Water Tank, Coughing Practice and Long Distance

Within a month the successful recruits are moved up to a better class of grub from the mess hall kitchen and are left alone.

So when you watch yer little weaners scamper on the truck with the untroubled mind of a high school graduate, remember their next few weeks are not gonna be easy.

But you can be comforted in the fact that almost all of them will get through boot camp and most of them will achieve knighthood; as in Sir Loin.

Whereas the most a weaner chicken can hope for is Colonel.

Early touchdown jumpstarts Mules

By RICK WHITE **Managing Editor**

DALHART — The focus all week was on making things happen.

Muleshoe got instant results in Friday's 15-6 District 1-3A win against Dalhart.

Carlton Lewis caught a 20yard touchdown pass one play after a Dalhart fumble, giving Muleshoe a 6-0 lead 53 seconds into the game.

"From there on out the kids knew they were going to win the game," Muleshoe head coach David Wood. "There was just something about them after that."

Muleshoe (2-3 overall, 1-1 in district) snapped a threegame losing streak despite 135 yards in penalties and four turnovers.

"We could have had 500 yards of offense if we hadn't stopped ourselves," Wood said. "We did a great job of keeping our heads in the game in the whole game . . . except for the little things."

Greg Pena led a bruising ground game with 123 yards on 23 carries as Muleshoe finished with 310 yards.

Lazbuddie wary of Three Way

A shootout with Lazbuddie will result in the death penalty according to Three Way coach Danny James.

"We can't give up 40 or 50 points and win this week," said James, whose Eagles host Lazbuddie at 7:30 p.m. Friday in the District 3-1A opener for both teams. "We have to play well defensively and control the football."

"Hopefully we can stay in the ball game and then do something to win it in the fourth quarter," James said.

Both teams are coming off high-scoring wins

last week. Lazbuddie (4-1) trampled El Paso Jesus Chapel, 76-29, racking up 524 yards in a little more than a half.

"Our goal is to get better every week," Longhorn coach Mark Scisson said. "We don't need to be tapering off."

Three Way (2-3) snapped a three-game losing streak with a 70-34 romp against Melrose, rolling to a season-high 628 yards.

"We'll prepare for Lazbuddie the same way we prepare for anybody else," James said. "We don't do a lot of things. We just want to keep polishing what we're doing."

Scisson said the eighth-ranked Longhorns can't afford to overlook Three Way, especially because it's a district game.

"Everybody starts with a clean slate," Scisson said. "Three Way gave us problems last year and beat us two years ago."

Muleshoe is allowing 223 yards a game.

Still, Muleshoe was clinging to an 8-0 lead midway through the third quarter when Tate Fuller stepped in front of a Matt McClanahan pass at the Muleshoe 26-yard line and appeared headed for a touchdown.

But a hustling McClanahan dragged Fuller down at the fouryard line.

With its lead in jeopardy, Muleshoe linebacker Rodney Alanis shot through a gap on the next play, causing a fumble that B.J. Gonzales recovering. "That was the key play," Wood said. "(Matt) made lemonade out of a lemon."

Alanis was credited with 11 tackles and three forced fumbles.

Muleshoe increased its lead to 15-0 early in the fourth quarter on an 18-yard touchdown pass from McClanahan to Dustin Cleavinger.

McClanahan found Lewis behind two Dalhart defenders in the left corner of the end zone for the Mule's first touchdown.

McClanahan finished 6 of

11 for 89 yards. Cleavinger had three catches for 47 yards in his

It was also Cleavinger who recovered the fumble that set up the first score.

Senior quarterback Aaron King makes Friona go.

"He's a real good athlete and real smooth at running the option," Wood said. "When he keeps it on the option and takes off, it's trouble."

The defending 1-3A 100meter champion has rushed for 442 yards and passed for 378 yards. Angel Vega is his favorite target and a dangerous deep threat.

Kendrick has filled his brother Andy's shoes, leading the Chieftains in rushing with 697 yards.

"He's one of the hardest runner's I've ever seen," Wood said. "He's just determined to get the extra yard."

Andy Kendrick led Friona in rushing last year and was a big reason the Chieftains reached the state semifinals.

Muleshoe will have to keep the Chieftains off the field with time consuming drives to have a chance.

The Mules moved the ball well in almost every game, but

continue to be plagued by penalties and turnovers.

"We have to cut down on the little mistakes and control the ball," Wood said. "If we can keep in the game into the fourth quarter, we've got a shot," Wood said.

Muleshoe has a pair of 300yard rushers in Greg Pena and Gilbert Vela and is averaging 247 total yards a game.

Pena became the first Mule to rush for more than 100 yards under Wood last week with 123 yards on 13 carries last week.

LEGAL NOTICES

Notice of Impoundment of Estray

On the 24th day of September, 1997, I impounded the following estray:

A brown Charolais bull calf weighing around 400 - 500 pounds. No brands or other markings were found on the calf.

On the 2nd day of October, 1997, I filed a Notice of Estray in the Estray Book of Bailey County, Texas.

I have made a diligent search of the register of recorded brands in Bailey County, Texas for the owner of the said estray, but the search did not reveal the owner.

Notice is hereby given that, if the ownership of said estray is not determined by the 19th day of October, 1997, said estray will be sold at public auction at the Muleshoe Livestock Auction in Bailey County, Texas.

Witness my hand this 2nd day of October, 1997.
