AND SNYDER SIGNAL

VOLUME XXXIX

SNYDER, TEXAS, THURSDAY, NOVEMBER 12, 1925

NUMBER 23

ANOTHER REDUCTION IN CITY WATER RATES.

At the last meeting of the City Council Water and Sewer Supt. D. P. Yoder brought up for consideration a revision in the water and sewer rates of the city based on the showing of earnings for the past twelve months upon which the city council took favorable action. At present the water consumers pay a monthly minimum of \$1.50 for 5,000 gallons. Commencing the 1st of November this minimum is reduced to \$1.00 for the first 3,000 gallons, the next 20,000 gallons will be charged at 25c per 1,000 gallons, the next 100,000 gallons at 20c per M. and all over at 15c per M. gallons.

A slight increase was made in the sewer rates raising the minimum from 68c per month for the standard four piece fixture to 80c per month for the same. On this basis the combined standard minimum for water and sewer will be \$1.80 per month as compared to \$2.18.

This makes the fourth water rate reduction in less than three years and indicates the Snyder water and sewer system must be operating on an efficiently planned business basis.

The Snyder water supply is an asset that ordinarily our citizenship fails fully to appreciate. There are any number of towns in Western Texas that expended sums of money many times the amount that Snyder has and still have not a pure nor an adequate supply and their future development must always be measured in proportion to the minimum supply of water that they can be assured of.

CATTLE-RUSTLING DAYS OF OLD RECALLED IN PICTURE.

To get the most accurate details and color for a cattle-rustling sequence in the latest Zane Grey production, "The Light of Western Stars," William K. Howard, director, spent ten days investigating the facts and going over the ground of the last big cattle-stealing incident in Southern Arizona.

The locale of this incident was in Pima County, but Howard adapted the information he obtained to the "sowari" cactus land that skirts the Superstition Mountains, which serves as a background for the new Paramount Western. In the story, Noah Beery, an outlaw chief, and his band of desperados raid a ranch and drive off a herd of cattle.

Southern Arizona, today, the Paramount director learned, is free of the cattle-rustling bandits that used to run off "fortunes on the hoof." The country has been built up and there is considerable highway travel. An occasional sow or two is stolen but it is no longer possible to run off a herd of fifty, a hundred or two hundred head. The cattlemen have their protective associations. Then, too, the border is vigilantly guarded.

In "The Light of Western Stars" is shown the final desperate struggle between the border outlaws and the forces of law and order. Jack Holt, Noah Beery and Billie Dove portray the principal roles. At the Palace Theatre, Monday and Tuesday, Nov. 16 and 17.

SNYDER GIRL HONORED.

BELTON, Texas, Nov. 12.—Miss Maurine Cunningham, Snyder, was among the thirteen recently chosen from the junior class as eligible to membership in the Baylor College scholarship society. New members, including one-tenth of the juniors having made the highest average grades during the previous year are selected each fall.

Baylor College is the second college in the State of Texas to receive a charter for its scholarship society. This charter was granted at the beginning of the year.

Miss Cunningham, besides having maintained the high average necessary to make the society, has taken part in many other college activities. She is a member of the Panhandle Club and El Circulo Adelante, Spanish Club. In athletics she received a letter for hiking 100 miles in one term.

Miss Cunningham will receive her B. A. degree next June when she is only seventeen years old.

Mr. and Mrs. J. L. Martin were in Colorado City Tuesday on business.

GRAYUM DRUG COMPANY CHANGES HANDS.

A deal was consummated this week in which Warren Brothers of Snyder and Post City become sole owners of the Grayum Drug Company's stock of drugs and fixtures.

The store here will be under the management of Mr. Bob Warren, an old Snyder boy, who is well known here, he having formerly been engaged in the drug business in this city.

Mr. Morrow, former manager for the Grayum Drug Company, has not announced his plans for the future, except that he and his most excellent family will remain here for an indefinite period which will be glad news to their many friends in Snyder and Scurry County.

H. P. WELBORN'S FATHER DIES.

P. M. Wellborn, 89-year-old Confederate veteran and pioneer Texan, was found dead in his bed at about ten o'clock Sunday night at the home of his daughter-in-law, Mrs. W. H. Wellborn, in North Park. He had been jovial and in good spirits for several days and retired apparently in normal health. He died peacefully of the infirmities of old age.

The funeral has not been set, pending arrival of distant relatives, but probably will be conducted Tuesday by Dr. J. C. Burnett, his former pastor.

Mr. Wellborn was born near Atlanta, Ga., on November 5, 1836. He joined the Odd Fellows lodge before the war between the States and served in the Confederate army. He was married in 1857, his wife dying here in 1913. In 1869 the family came to Texas, moving to Scurry County in 1890 and to Abilene in 1905. Mr. Wellborn joined the Baptist church in 1878 and was made a deacon soon thereafter. At the time of his death he was a member of the College Heights Baptist church.

Two sons, H. P. Wellborn of Snyder, and O. O. Wellborn of Chicago, survive him. There are between 75 and 100 descendants also surviving, including several grandchildren and great-grandchildren living in Abilene. —Abilene Reporter.

THE BIG WOLF HUNT.

The first annual meeting of the West Texas Wolf Hunters' Association, which closed Wednesday, was a success from every standpoint and a real thrill to every member of the Association who participated in the chase. Dr. P. C. Coleman, president of the organization, reported upon returning to Colorado Wednesday afternoon. The hunt was staged on the Reynolds ranch thirty miles northwest of Colorado.

Dr. Coleman stated that 78 dogs were entered in the events. Fifty members of the association and six ladies were in attendance, placing attendance at fifty-six. The hunt started Monday morning and ended Wednesday.

At least three coyotes were accounted for, Coleman said, but it was believed several more were captured by the large pack of hounds. Owing to unfavorable weather conditions the races were arranged largely at night, making it difficult to score running of the dogs and keep complete record of the wolves run down.

"In spite of the fact we were forced to stage most of these races after nightfall," Dr. Coleman stated, "officials of the association saw enough of the dogs in action to conclude those entered were among the very best in West Texas." He stated that many of the dogs were scattered over the countryside Wednesday morning and could not be collected and returned to their keepers until they tired of the chase and returned to the ranch.

Dr. Coleman was profuse in his praise of John Brown, manager of the Reynolds ranch for the hospitality shown members of the association during the hunt. Brown supplied saddle horses, the use of his home and every convenience to the visitors. Attendance would have been larger but for the fact farmers were busy in their fields.

Miss Elnora Dulaney of Colorado has been elected assistant secretary of the association, Dr. Coleman stated Wednesday.—Colorado Record.

Mrs. Jim Russel of Dermott was in Snyder Saturday.

Mr. and Mrs. Arch Adams were in Colorado City Sunday.

Miss Fay Morgan left Wednesday to begin her school near Lamesa, Texas.

Mr. Doc Chapman of Winters visited friends here last Sunday.

MRS. BIGGS GOES FROM THIRD TO FIRST PLACE.

Mrs. A. P. Biggs steps up a couple of places in the Times-Signal's contest this week. Miss Eva Strayhorn, Miss Mary Belle Trevey, Miss Mary Higgins and Miss Nora Casey all make good gains.

The contest has just begun to warm up, and contestants should bear in mind the fact that there are only five more weeks in which to work, and from now on is the time to get in some real work, if you really expect to win an automobile for a Christmas present.

Following was the standing at 2:00 o'clock Thursday afternoon:

Mrs. A. P. Biggs	36,400
Eva Strayhorn	33,800
Ralph Woolfe	31,700
Mary Belle Trevey	28,400
Mary Higgins	17,000
Janie Martin	9,700
Nora Casey	7,000
Sadie Lightfoot	5,400

THE EDITOR OFFERS THANKS.

The Times-Signal is under obligations this week to the Whipkey Printing Company of Colorado for valuable assistance lent us this week. The Times-Signal is installing a large printing press and other printing machinery necessitating the removing of the old press and folder, fully expecting to have the new machinery installed in time for this week's issue. But some parts belonging to the big press failed to arrive from Chicago on time, so it was necessary that we carry our "forms" to Colorado and have the paper printed in Mr. Whipkey's plant. Such favors are among those that words cannot express nor can money reimburse. All we can say is "THANKS."

Mr. Earl Hicks from the plains country has been visiting with his brother, Mr. Ralph Hicks, here.

Judge Horace Holley is in Austin on business this week.

Mr. and Mrs. Ed. Taylor of Ira were in town Sunday visiting Mr. and Mrs. O. M. Bantau.

Mrs. B. G. Robinson came from her home in Abilene last Wednesday to attend the bedside of her mother, Mrs. O. P. Wolf. The Times-Signal has been informed that Mrs. Wolf is greatly improved.

Mr. and Mrs. Walla Fish, Misses Janie Martin, Erna Taylor, Messrs. Joe Graham, and Collie Fish celebrated Armistice Day duck hunting near Gail.

Messrs. Joe Tant Johnston and T. L. Winston attended the A. C. C. "Tech" game at Abilene Wednesday.

Messrs. H. P. Brown, J. J. Taylor, F. A. Cary, Harold Brown and Errol Taylor went duck hunting on the Colorado River Wednesday.

Mrs. Sadie Davis of Littlefield is visiting in Snyder with relatives and friends.

Little Miss Virginia Will, eight-year-old daughter of Mrs. A. D. Johnson, is suffering from a broken arm that she received last Saturday.

W. C. Meadows of the Texhoma Oil and Refining Co. is in San Antonio this week.

Mrs. Pat Jones and mother of Fluvanna visited in Snyder Sunday with Miss Laura Belle Roten.

Messrs. Geo. Northcutt, H. G. Towle, O. S. Williamson spent the holiday dove and duck hunting.

Dr. I. J. Sparks has been in Fort Worth the past week attending the bedside of his son-in-law, Mr. Dale Atzhey, who has been seriously ill. Mr. Phillip Pyror made a business trip out to Bull Creek Wednesday.

Mrs. D. P. Lane is visiting her sister, Mrs. W. R. Stone, at Lockney, Texas.

Mr. James May of El Paso has been visiting with his cousin, Mrs. E. F. Gammon.

Miss Frances Harris visited her brother, Mr. Billy Harris, in Amherst last week.

Mrs. Neal Gross, formerly of Snyder, now of Abilene, has been visiting with her mother and father, Mr. and Mrs. W. A. Merrel for the past week. She returned home Tuesday accompanied by Mrs. J. W. Warren who will visit in Abilene with Mr. and Mrs. Dale Warren for a few days.

REV. DAVIDSON LEAVES FOR CONFERENCE.

Rev. A. B. Davidson left Tuesday for Canyon to attend the Northwest Conference of the Methodist church. Rev. Davidson has just closed one of the most successful years as pastor of the Snyder congregation the church has ever had, thus attesting his ability both as pastor and preacher. Mrs. Davidson will visit her daughter at College Station while Rev. Davidson is away.

SCURRY COUNTY GINNING REPORT.

Cotton ginned to Nov. 11, 1925:	
Snyder	5357
Dunn	1191
Hermleigh	1663
Inadale	1755
Ira	920
Fluvanna	544
Camp Springs	830
China Grove	879
Total	13,139

Mr. and Mrs. W. C. Brooks are the proud grandparents of a grandson, born November 5, to Mr. and Mrs. E. W. Brooks of Dallas, formerly Miss Virgie Hill of Snyder.

Mrs. J. G. Hicks and little daughter, Miss Patty Joyce, left Saturday night for Frederick, Oklahoma, to visit with Mrs. Hicks' parents.

Mr. and Mrs. R. J. Randals were visitors in Lubbock Saturday of last week.

Mrs. George Garner and daughter, Miss Winnie, returned last Wednesday from Richland Springs where they have been visiting with relatives.

Mr. Hugh Boren was in Fort Worth last week visiting his daughter, Miss Helen, who is attending T. C. U.

Miss Tip Messimer, who is teaching expression in Roscoe, spent Saturday and Sunday in Snyder.

Mr. and Mrs. Nathan B. Reynolds returned from Fort Worth Friday, where they have been visiting with Mr. Reynolds' father, W. R. Reynolds.

Mrs. R. P. Jones and Miss Pauline Merrill were in Sweetwater Wednesday of last week.

W. L. Palmer of Dallas was in Snyder Wednesday of last week.

Mrs. George Garner and daughter, Miss Winnie, visited Miss Eura Mae Garner who is attending Simmons University, Abilene, Wednesday of this week.

Mrs. Dixie Smith and Miss Ruth Smith were business visitors in Rotan Monday.

Miss Nellie and Mr. Lloyd Cotton left Tuesday for Lubbock to visit with Mrs. Henry Beatty.

Mr. and Mrs. J. W. Massey were here from Sweetwater Tuesday.

Rev. M. C. Bishop of Colorado City was in Snyder this week on business. He was accompanied by his wife and daughter, Miss Carl.

Miss Fay Morgan, Mr. Arthur Morgan and Mesdames Linley and O. J. Knight visited in Colorado City last Sunday.

Miss Ida Kelley went to Abilene Wednesday where she visited with her sister, Mrs. M. E. Rosser and family.

Miss Laura Belle Roten held a demonstration in Ira Monday.

Miss Willie Swan of Bryant-Link Co. visited with her mother and father in Merkel Sunday.

Mr. F. A. Cary, popular principal of the Snyder high school, was in Sweetwater Sunday.

Mr. Albert Norred was in Sweetwater Sunday.

Miss Thelma Miller of Ira visited Miss Elizabeth Nichols here Saturday and Sunday.

Mr. S. A. Palmer of Crosbyton was in Snyder last week-end visiting Dr. Palmer and Mrs. Marie Palmer Green.

Mrs. W. B. Snodgrass left Snyder Tuesday noon to spend the holiday with her husband on their ranch near Fluvanna.

Mr. H. R. Merrill went to Lamesa Tuesday on a business trip.

Mr. Lewis Blackard made a business trip to Tahoka Tuesday.

G. W. Cox of Knapp, Texas, visited last Thursday in Snyder.

Mr. Ed Sutherland and family moved last week to Abilene, Texas.

OFF ON 10-DAY BIG GAME HUNT.

Hugh Boren, D. P. Yoder, both of Snyder; J. W. Couch of Abilene, and Martin Metzger of Fort Worth, left this morning for the Big Bend country where they will spend the next ten days hunting big (???) game. Now folks, watch out when they get back you will probably hear some wonderful stories.

VOTED TO CLOSE STREETS.

The election held in this city Tuesday granting the R. S. & P. railroad the right to close streets crossing the trackage carried by a vote of 237 to 58. The railroad company will begin at once to erect a modern depot near the site of the present station.

DOCTOR LESLIE ATTENDS MEDICAL ASSOCIATION.

Dr. A. C. Leslie left Saturday for Dallas to attend the Southern Medical Association. He states that he has been informed that ample amusement has been provided for the doctors while in Dallas.

NEW REAL ESTATE FIRM.

H. P. Wellborn and W. R. Keith of this city have formed a partnership in the general real estate business. The new firm will sell and effect trades in all deals pertaining to farm and city property and do a general insurance business.

Messrs. Wellborn and Keith are both well and favorably known in Snyder and Scurry County and they cordially invite any and all who want to buy, sell or trade anything in their line to give them a trial. They will have offices over the First State Bank & Trust Company of this city.

PATENTS GRANTED TO TEXANS.

Compiled by Munn & Co., Patent Attorneys.

Of 1,086 patents issued in the past week, Texas inventors obtained 13.

E. Lee Brewer of Dallas. Safety bar attachment for railway switches. This invention relates to an improvement in "safety" bar attachment for railroad switches.

Alfred R. Autry of Port Arthur. Process of decolorizing and refining gums and resinous products of coniferous pine trees. This invention relates to improvements in the recovery of resinous material and turpentine from the crude gum, sap, extracts, scrape or other fluids or solids derived from coniferous pine trees (long leaf pine) used in the production of naval stores.

Charles M. Poole of Waco. Extension axle. This relates to extension axles, and has for an object to provide a simple, strong and inexpensive attachment for tractor and other axles. Mr. Poole assigns his patent to Texas La Crosse Company. Morris C. Moore of Luling. Oil well hook on device. This provides a new and improved device whereby any line may be pulled up to the central power plant and easily connected with its respective eccentric rod.

Marcus P. Exline of Dallas. Identification device for tooth brushes. This relates to a device for identifying articles, such as tooth brushes, by means of which confusion with similar articles may be avoided.

George T. Nichols of Gainesville. Automobile wheel rim. This provides an automobile rim which will permit of the easy and quick mounting of a tire upon the wheel, or the demounting of the same therefrom.

Bert L. Ligon of Electra. Well fishing tool. A further object of this invention is to provide a fishing tool that will straighten objects that are crosswise in a well and pick them up.

John K. Cronin of Dallas. Oil dropper. This provides a receptacle for containing a measure of oil and adapted to be attached to an ordinary egg beater or the like and equipped with means for discharging the oil in small quantities or drops directly into the mixture being agitated by the beaters.

Robert A. Mueller of Houston. Adjustable pump piston. This relates to pump pistons and more particularly to pump pistons used on horizontal pumps of the double action type.

James E. McGinley of Breckenridge. Combination desk and chair. This invention appertains to furniture and more particularly to a combined desk and chair for school room use. Mr. McGinley assigns one-tenth of his patent to John Turmes.

Donald C. McBride of Luling. Pulley Jack. This relates to pulley jacks and aims to provide a device which will insure a steady, straight and even pull on the pump mechanism used in wells.

Gus F. Lenk of Dallas. Burning chamber for incinerators. This invention relates to new and useful improvements in burning chambers for incinerators.

H. V. Williams Jr., and sister, Miss Thelma, have gone to Conway School where they will teach this year.

Mrs. Chester Quiret of Los Angeles visited recently with her friends, Mrs. Mary B. Shull and family.

Messrs. Tate Lockhart, Mark Johnston, and Ralph Johnston went hunting on Wednesday of this week.

Mr. and Mrs. Harvey Shuler, and Mrs. John L. Green visited Mrs. Lon Prescott in Big Spring Wednesday.

Messrs. J. A. Roberts, Pat A. Bullock and Preston Morgan went to Abilene to the game between A. C. C. and the "Teck."

Palace Theatre

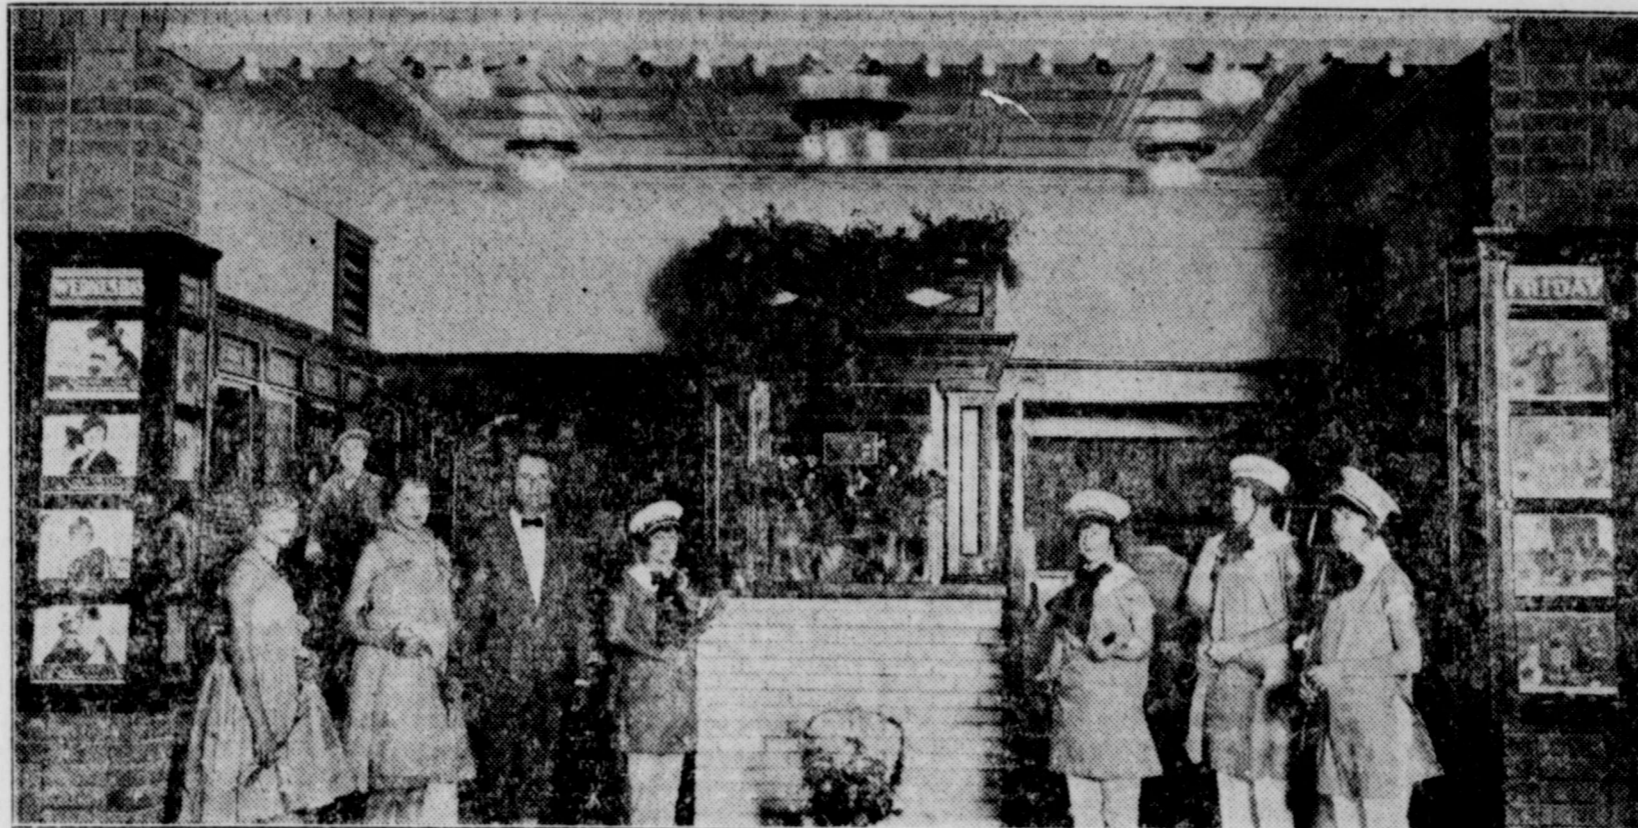

Photo by Moore's Studio

Left to right—Mary Edith Hood, Douglas McLean, Judie McMillan, T. L. Lollar, owner, Mary Lyn Nation, Dorothy trayhorn, Lena Ruth Smith, Gwendolyn Chambers.

The Palace Theatre, one of the show places of Scurry County, was formally opened on August 24, 1925. It is indeed a credit to a town much larger than this, and speaks well for the owner's faith in the future of Snyder. The building is practically fireproof. It is 40x120 feet, built entirely of brick. In the rear is a semi-circular stage 24x40 feet, being amply large to care for the best and largest opera troupe. The screen in this theatre for moving pictures is one of the most up-to-date screens on the market. It is so designated that the picture will in no wise be distorted, but appear perfectly natural to the eye. In this way eye-strain is practically eliminated. This theatre is equipped with the latest style opera seats. Seats that are comfortable and easy. This theatre is equipped with the very latest Powers Projection Machines with special Mazda

Lamps that make an almost perfect light. They are also equipped with automatic devices that makes fires almost impossible. This building is ventilated and cooled with large Blizzard fans. These fans are capable of delivering 100,000 cubic feet of fresh, cool air into the building a minute. Music for this beautiful theatre is supplied by a Reproduco Pipe Organ. It is powerful in tone possibilities, yet capable of being shaded to any degree desired. This instrument may be self-played and offers relief from the regular routine of music from rolls.

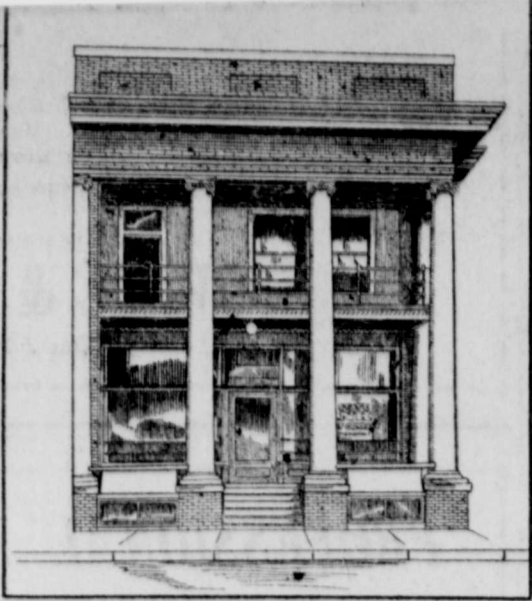

The owner of this theatre, Mr. T. L. Lollar, has been in the show business in Snyder for the past four years and has been very successful in the operation of his business. He had dreams for the future and with the intention of realizing these dreams he built the Palace

Theatre. The opening of this theatre introduced a new era in the show business in Snyder, if not in West Texas. Mr. Lollar is one of the best and most enterprising business men in our town. He is a member of the Masonic fraternites, and will always be found on the right side of every issue, civic, local and moral. When viewed from every angle Mr. Lollar is a man that any town should be justly proud of. Although the writer has known Mr. Lollar only a short time, he has come to know him as a real man, honest in his conviction and true to his word, and is considered one of the most substantial citizens of which Snyder can boast. If the people of this town and county will do as Mr. Lollar has done—spend their earnings in Snyder—we will have one of the best towns in the West.

Confidential---

A man walked into our bank one day and asked if Mr. So and So carried his account with us. We asked him why he wanted to know if we carried such an account. His answer to our question was, "Oh, I just wanted to know." And then our reply was, "We cannot give you the information you want. In the event you care to know whether he banks with us and as to how much balance he has, just go to him for the information. We are bound to hold in confidence information which seems in this case to pertain only to the man of whom you inquire. We cannot satisfy idle curiosity in matters of this sort."

"Well, in that case, give me a duplicate for this check for I want to do business with a bank that watches after its customers' business in that manner," was his come-back.

Your account with us is held to be sacred. We hold in strict confidence all of the business which you transact with this bank. Anyone who inquires of your account or business of any sort, must, first, establish his right for such information before it is given him.

FRIENDLY

USEFUL

THE SPREAD IN EDUCATION.

November 16-17 is American Education week set aside by the people of America as a week in which more thought and consideration shall be given to the education of American youth. The urge for education in this country has grown to such proportions that educational institutions are being taxed to their utmost to house the millions clamoring for admission.

This year New York City has enrolled, for the first time in its history, more than a million children in its public school classes. Chicago has to its credit more than half a million. So it goes throughout the country. This is the contribution which our public schools are making to the nation. It is the country's investment in its future.

The broad diffusion of education brings into conspicuous view the force of the dominating idea of the nation—equality of opportunity. Education is not confined to "white collars." Scholastic training penetrates the farm, factory and workshop. Hundreds of thousands are subjected to its influence in night classes, correspondence courses and, at home, by radio. It makes education—as is proper in a nation founded on democracy—democratic.

This spread of learning calls for an equalization in our social status and education must establish it. Existing social classifications can hardly survive the present leveling influence of literacy. In this country, where a laborer of today becomes a bank president of tomorrow; where a shop mechanic lifts himself to motor magnate; where the self-made rise suddenly from obscurity to eminence, there is needed a new social recognition for all honorable occupations. Educational tendencies must not be controlled by, but must control that social standing.

Education is the great leveler breaking down the barriers between those who toil by hand and those who labor by brain; it is tearing down the

wall that separates the socially elect from those of humble origin. Step by step this country is moving in the evolution of a new measure for social value—worth rather than wealth—where, if there be any aristocracy at all, it will be an aristocracy of brains. It is tending more and more to become the world's true index of value. For in every occupation men and women are measured by their works, and the quality of their work is in the main by the knowledge and training education bestows.

Let us do everything in our power to make Scurry County as good as the best educationally.

A. A. BULLOCK,
County Supt. Scurry County.

J. R. Covey of Arlington spent last week-end in Snyder with friends.

Mrs. A. B. Davidson left Monday for College Station where she will visit with her daughter, Mrs. B. F. Harrison, while Bro. Davidson is attending conference.

As Much Difference

To compare cleaning clothes with the modern Dry Cleaning machinery of today, with the old method would be like comparing transportation to the covered wagon back in '49, with transportation today over paved highways by fast motor cars. You will admit there is some difference in transportation, and once you use our Dry Cleaning service you'll be quick to admit there is a still greater difference in cleaning clothes.

Let Us Offer

Modern Dry Cleaning service at no extra cost.
Out-of-town work will be appreciated. Return postage paid.

PHONE 60

Bantau & Fish TAILORS

Morse Bantau Learn the Way Earl Fish

WHAT'S DOING IN WEST TEXAS.

PAMPA.—Natural gas was turned into the city mains here for the first time. Pampa is the third city on the plains to get natural gas. Amarillo and Shamrock being the other two.

O'DONNELL.—The O'Donnell Index which started operations two years ago in the back end of a grocery store has now grown into a progressive newspaper and has expanded to the extent that a new building is now being erected for its home. The new brick will be built especially for a newspaper and will give O'Donnell a modern plant. The growth of the newspaper but reflects the growth of the entire town and country.

BALMORHEA.—The Toyah Valley News is a new publication for Reeves County. Lee Kingston and George Price are owners and editors of the new venture and are starting off under auspicious conditions.

ALBANY.—Contract has been let for the first section of the bankhead highway leading west out of Albany. The section will be eight and two-tenths miles long and will be one of the most important sections because of the engineering work necessary to get the highway up the steep hills west of the city.

ARTESIA, N. M.—When her four-year-old daughter was bitten by a rattlesnake, Mrs. Frank Lattion found on a lonely ranch slit the wound with a razor, tightly bound the limb above the wound and drew the poison out with her lips. She then walked four miles to a neighbor's home where she secured a car and brought her child to Artesia. Due to the mother's heroism the little child has a good chance to recover.

SAN ANGELO.—Sale of Texas 1925 crop of fall mohair totaling 350,000 pounds has been completed with the exception of 250,000 pounds in storage at Uvalde and 125,000 pounds stored here. Peak prices

were 57 1-2 for goat hair and 70c for hair off kids. The price was about 2 1-2c per pound higher than last year's average.

MUNDAY.—The new Munday cotton compress began operations here this week. Plenty of warehouse space is provided and the compress will operate as a bonded warehouse. C. J. Tye is in charge of the plant.

CHILDRESS.—Contract has been let here for a new \$140,000 high school building. The new building will be complete and modern in every respect and will be a credit to the city and county. George Parr of Amarillo was the successful bidder.

COMANCHE.—The pecan Bayou Highway is rapidly becoming a reality. This county has secured the right-of-way and is now ready to open it to the public. Mills County has already surfaced most of their section of the highway with an oil composition and the survey is progressing rapidly through San Saba.

BRADY.—The McCulloch County Wolf Club has caught 437 wolves in the past three years and has paid bounty on them. In addition a number of wild cats and other predatory animals were taken. This cleans out the predatory animals of this section and makes possible great extension of the sheep and goat industry.

SLATON.—President I. R. Kelso of the Texas Utilities Co. with a

party of sixteen directors of the company and Eastern bankers opened a tour of West Texas. They will tour the entire plains section inspecting the company's property and looking over possible extensions of their holdings.

BAIRD.—Callahan County will have the services of a full time agricultural agent. The Commissioner's Court has voted to make the necessary appropriation for the work. The town and farm people of the county united in petitioning the court for the work.

Our work is as good as the best, and better than the rest.

BEST WORK IS THE CHEAPEST
P. BENBENEK

Weak In Back and Sides

"Before the birth of my little girl," says Mrs. Lena Stancil, of R. F. D. 2, Matthews, Mo., "I was so weak in my back and sides I could not go about. I was too weak to stand up or do any work. I felt like my back was coming in two. I lost weight. I didn't eat anything much and was so restless I couldn't sleep nights. My mother used to take

CARDUI

For Female Troubles

so I sent to get it. I improved after my first bottle. Cardui is certainly a great help for nervousness and weak back. I took six bottles of Cardui and by then I was well and strong, just did fine from then on. Cardui helped me so much."

Thousands of weak, suffering women have taken Cardui, knowing that it had helped their mothers or their friends, and soon gained strength and got rid of their pains. Cardui should do you a lot of good.

SPECIAL NOTICE

The E. K. Progressive Local Mutual Life and Accident Aid Association, of Snyder, Texas, is still on the map and all policies are worth \$1,000.00. We are now establishing agencies all over the district and we wish to procure Local Agents in all neighborhoods throughout the district. The District is composed of all territory within a radius of 50 miles of Snyder, Texas, regardless of County lines. Commission of \$2.50 allowed on each application. Membership Fee is \$5.00 for each applicant. Call on or write E. K. Mutual, Snyder, Texas, for supplies if agency is wanted. Mrs. J. R. G. Burt, Assistant Secretary, will give all instructions and furnish supplies. We wish real agents, hustlers and wide-awake. We are going after the full membership that is allowed under the law, viz: 2,000. We will then have a \$2,000.00 Policy. Old members, stand loyal as all I ask, and help us build to a finish the greatest Life Insurance known to man. No Annual Dues to New Members after this date. Don't put it off. Come on NOW! Altogether!

E. K. SMITH, Sec'y-Treas.
MRS. J. R. G. BURT, Asst. Sec'y.

added Roominess

Buick Master Six Four Passenger Coupe

Come in and try the seating space in the Better Buick. There is more of it—added head room—added leg room—added width in seats for both driver and passengers.

Buick engineers have discovered new ways to increase interior space.

They have made the Better Buick more roomy than other cars of even longer wheel base.

It is a full-sized, man-sized car, for grown-up people to ride in, without being squeezed in.

Come in and try it!

BUICK MOTOR COMPANY, FLINT, MICHIGAN
Division of General Motors Corporation

Better Buick Six Cylinder Valve-in-Head motor cars range in price from \$1125 to \$1995, f. o. b. Buick factories. Among the Buick open and closed models there is one that will meet your desires exactly.

THE TIMES-SIGNAL SIGNALS

Experience isn't such a great teacher after all if you spend all your time on the same lesson.

There was a time in Snyder when a kid got a spanking for talking back to his parents but now he acts as though parents were only put here to listen.

It's hard to get a woman to believe that all men are liars—unless she has been married to one of them.

We suppose Snyder citizens who went all summer without cutting their weeds will now explain that they knew the frost would kill them anyhow.

"Keep the home fires burning" seems to have been supplanted in this country by "keep the home brew brewing."

The way of the transgressor is not only hard but it has a number of mighty dangerous detours on it.

One of the first things a Snyder boy learns after he begins courting is that the older a girl gets the more her candy costs.

Forgeting to mail your wife's letters may not, after all, be as serious as forgetting to burn one you don't want her to see.

Who'd have thought he'd live to see the day when one little old Ford would use up gasoline enough to clean all the clothes in North America.

Sometimes we refer to certain Snyder men as optimists when the fact is they are merely too lazy to kick. Things might be worse. Suppose Henry Ford had started in to make as many saxophones and ukuleles as he makes flivvers.

We've reached the day when we can no longer accuse a girl of "putting everything on her back."

Economy is the thing that makes \$14.98 sound to the average Snyder woman like a whole lot less than \$15.

A New Jersey man says he carried one umbrella 665,000 miles. He must have had it riveted to his back. America is a land of opportunity.

How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bed-time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

Get a family package, containing full directions, only 35 cents. At any drug store. (adv)

of government was \$30.24, and in 1923, \$90.77. In 1913 the average per capita National income was \$356, and in 1923, \$605.

In the ten years the per capita cost of government increased 200 per cent and the per capita income, only 70 per cent.

Public Indebtedness.

In 1913 the net indebtedness of the National government was 1,029 million dollars, and in 1923, 21,589 million dollars.

In 1913 the net indebtedness of State government was 346 million dollars, and in 1923, 1,105 million dollars.

In 1913 the net indebtedness of local government was 3,476 million dollars, and in 1923, 8,330 million dollars.

In 1913 the total net National, State, and local indebtedness was 4,851 million dollars, and in 1923, 31,024 million dollars.

The National debt is being retired at the rate of approximately one billion dollars per annum.

State and local public indebtedness for the years 1921 to 1924, inclusive, increased approximately one billion dollars per annum.

Approximately 75 per cent of the cost of the National government in 1923 was due to past wars and to National defense.

The increase in the cost of State government is due in some States, in part but not primarily, to soldier bonuses.

Multiplicity of laws and enlarged governmental activities account for a substantial part of such increase.

The attempt to limit the cost of local government by limiting the rate of tax levies has been rendered largely ineffective by the issuance and sale of local bonds.

The total cost of government in 1913 was 725 million dollars more than the total taxes collected, and

than the total taxes collected.

The excess cost of National, State, and local government over taxes collected, and income from sources other than taxation which is usually relatively small, must be provided by temporary borrowing or the sale of bonds.

Too frequently the interest alone and not the principal of bonds is regarded as reflecting the cost of government, with the result that there is a cumulative cost of the principal being carried forward to future generations.

A. B. Campbell, who is connected with H. L. Davis Co., was in Big Spring last week. He took Mrs. Campbell and her father there to visit with Mrs. A. J. Newton, Mrs. Campbell's sister.

Mrs. C. M. Fish returned last Tuesday from Abilene where she has been visiting for the past week with her daughter, Mrs. John Dix.

CATARRHAL DEAFNESS

is often caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing. Unless the inflammation can be reduced, your hearing may be destroyed forever.

HALL'S CATARRH MEDICINE will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh. HALL'S CATARRH MEDICINE has been successful in the treatment of Catarrh for over Forty Years. Sold by all druggists.

Ready

Winter Comfort at Low Cost

To drive in comfort this winter you should have complete protection against rain, sleet, snow and wind. Only the finest closed car construction can give you that.

The Chevrolet Coach body is Fisher-built—the same construction used on the world's finest cars.

Doors and windows fit and stay tight to keep out wind and water. Rain or snow cannot penetrate the Fisher V-V one-piece windshield which gives you perfect vision and ventilation. Long semi-

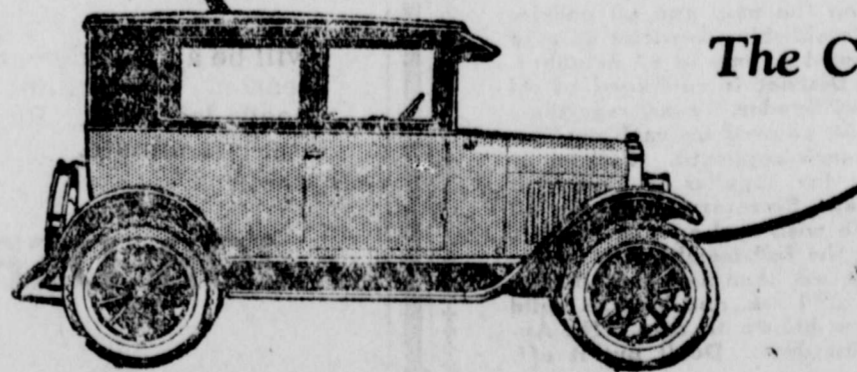

elliptic springs and balloon tires take the jars out of frozen roads.

Add to bodily comfort the safety of semi-reversible steering and equalized brakes and the assurance of a motor that always starts easily, and you can realize why Chevrolet spells winter comfort.

Yet you get all this in the world's lowest-priced Fisher Body Coach.

Let us show you the quality features of this fine closed car and explain how easy it is for you to own one this winter.

SOCIETY

VERNELLE STIMSON, Society Editor.

COLEMAN SMITH CELEBRATES BIRTHDAY.

Master Coleman Smith, son of Mr. and Mrs. Fritz R. Smith, celebrated his eighth birthday on Saturday morning, October 31, with a party for his friends. Each guest presented the young host with a gift. After an hour of enjoyable games a generous helping of ice cream with candy and a dainty favor was served to Little Misses La Frances Hamilton, Frances Stinson, Mary Margaret Towle, Frances Northcutt, Beverly Chambers, Florentz Winston, Elizabeth Smith, Saretta Morrow, Ruby Lee, Masters Martin Harris, Banie Smith, Jack Smith, William Miller, Wallace Smith, John Henry Boren, William Boren, T. C. Watkins, Jr., Herman Elkins, Rupert Sparks and Coleman Smith.

MRS. HAMILTON HOSTESS TO EL FELEZ CLUB.

Mrs. W. W. Hamilton was hostess to the El Felez Club, Friday, Nov. 6. Despite lowering clouds and a drizzling rain that threatened to turn into a downpour at any moment, fourteen members and substitutes answered to roll call. After a short business session several games of forty-two were played.

The hostess, assisted by her little daughter, La Frances, and Mrs. C. C. Higgins, served a delicious plate luncheon to following members and guests: Mesdames H. G. Towle, J. C. Stinson, L. T. Stinson, Chas. Harless, T. L. McMillan, C. C. Higgins, J. G. Hicks, Dick Randalls, O. P. Thrane, L. O. Smith, E. J. Anderson, Ivan Dodson, William Wilsford, Fred Grayum of Waco, and Neil Gross of Abilene.—Club Reporter.

NEIGHBORING COUNTY NOTES.

Mrs. C. L. Ware, for many years a resident of Colorado, died at Fort Worth, Monday, and her remains were shipped to Colorado for burial.

A Piggly-Wiggly store has been opened in Colorado under the management of J. W. Randle.

Sears-Roebuck & Company has opened a warehouse at Sweetwater, from which place the big mail order concern will serve this part of West Texas.

Lockie Pearline, the 14-year-old daughter of Mr. and Mrs. Steve Brown of Longworth, died at the Sweetwater sanitarium Saturday.

R. S. Baxter, a former resident of Sweetwater, was stricken with paralysis as Fort Worth the past week, and is in a serious condition.

Sheriff Boone Dillard of Lamesa arrested two negroes the past week who were operating a saloon on wheels. The negroes were going from place to place dispensing chock beer to customers wherever they could find a customer.

Colorado is to have an ice plant costing \$100,000. Work will begin on the plant in a few days.

J. W. McWhirter, a large Fisher County land owner, was found dead at his home in Roby Sunday morning.

The ten-year-old son of Mr. and Mrs. Louie Stevens of the Draw community of near O'Donnell, died the past week of throat trouble.

Floyd and Lloyd, twin sons of Mr. and Mrs. Jack Curry, living six miles east of Tahoka, recently pulled 445 pounds of cotton in one day. The boys are only 7 years old.

Twenty-three homes are now under construction in Colorado City. The oil field near the historic old town has given it a great growth during the past two years.

Mr. Ben Phillips of Gladwater is visiting with Mr. T. C. Watkins and family.

Mr. and Mrs. T. F. Kelley of the Rio Grande Valley are visiting with friends. Mr. Kelley is also attending business here.

POULTRY SHOW NOTES.

As secretary of the Scurry County Poultry Association, accept our thanks for your generous co-operation in granting us boosting space so generously. Let me say the work is being pushed to its fullest capacity for a big success, as we now have one hundred of the very best exhibition coops in waiting to accommodate all who will exhibit something and help put over the best show ever in the county. I have mailed out some two hundred of the premium lists over the State and I feel sure of results if there is anyone wishing a copy of the premium list you can have one by writing me at Snyder or phone or see me. I would like for all who want a copy to have one. We had a very enthusiastic meeting on last Saturday evening. The association instructed the secretary to call on all the members for their annual dues which is one dollar. We need the money badly to help defray expenses. The business men generally of Snyder are supporting us almost doubly from what they have ever done before. It looks like most any of them would like to give a silver cup and mind you those cups are real stuff for they cost \$6.50 a piece, wholesale. We will have seventeen of them to be given away. Who will try to win one of them? Remember we have cash premiums, also from one up to three, then the very nicest of ribbons made by the American Poultry Association with the official trademark on every one of them to be given away from one up to five. We hope Scurry County folks will avail themselves of the opportunity and take away a large per cent of the premiums offered. I have been asked by several what is meant by utility. It means egg production without regard to type and color and not standard bred. Why can't we have a good show? Crosby County has already had two this fall and are now working up another one.

Yours for a big show,
J. A. MERRITT,
Secretary.

BREEDING PLACES
The cistern breeds the skeeters, the garbage breeds the flies That walk upon the ceiling And buzz around the pies.

His Only Dread
"So your husband objects to your smoking, does he?"
"Strenuously."
"Afraid you will ruin your health, I suppose."
"Oh, dear, no! Afraid I'll drop sparks and ruin my expensive gowns."

Those Dear Girls
Angry Alice—That insolent creature asked me if I remembered how dreadfully cold it was in 1887.
Catty Carrie—Oh, she didn't mean anything—very likely she doesn't know what a bad memory you've got.

Soaked
Wife—Mrs. Jones sent over to borrow some sugar, some eggs and some flour. Evidently going to make some sponge cake.
Hub—Sponge cake is right. But why sponge entirely on us?

A Chuckle From Copenhagen
Customer—Ah, here's another of those hideous portraits you call works of art.
Dealer—Oh, no, madam! That's a mirror.

Got Jump on Her
"I got the better of my wife last night."
"Indeed. How was that?"
"Admitted I was wrong before she had a chance to argue."

THANKS.
We wish to thank Mrs. C. M. Boren for the beautiful bouquet of American beauty roses and chrysanthemums she gave us.
THE HIGHWAY COM.
By Mrs. Bills.

Messrs. T. L. Winston and Joe Tant Johnston were down from Lubbock, where they are attending the "Teck," for a visit with homefolk this week.

Mr. and Mrs. A. J. Cody, Mrs. W. E. Doak and son, Herman, and Miss Evenell Agnew went to Big Spring on a hunting trip Wednesday, November 11.

Mr. and Mrs. T. C. Watkins and two sons, T. C., Jr., and Marvin, and Ben Phillips spent Wednesday hunting.

Mrs. W. R. Merrill and daughter, Miss Pauline, spent Wednesday in Colorado City.

Mrs. Fred L. Williams and Mrs. Keith of Colorado City were in Snyder Wednesday visiting with Mr. Tom Condra and family.

Mrs. Dixie Smith and Miss Ruth Smith were in Rotan Wednesday.

Miss Floise Merrill and Mrs. Wes Evans attended the football game in Slaton Wednesday.

Messrs. H. A. Blevins, Bernard Gordon, John Johnston and Conway Johnston went duck hunting in Kent County Armistice Day.

Mr. Herman Herril went to Lubbock Wednesday.

Mr. and Mrs. Walla Fish, Misses Janie Martin, Erma Taylor, Messrs. Joe Graham, Collie Fish, and Dick Crowell celebrated Armistice day duck hunting on the Browning ranch.

Messrs. Joe Tant Johnston, T. L. Winston and Hugh Boren attended the A. C. C.—"Teck" game at Abilene Wednesday.

Mr. Joe Wicker is seriously ill at the home of his brother, Mr. Gene Wicker, here.

Mr. and Mrs. P. H. Caldwell of Sweetwater are visiting with their daughter, Mrs. Ray McFarland.

Messrs. Herbert Bannister, Ivan Elkins, Noel Banks, and Odell Blackard attended the football game in Colorado City Wednesday between Colorado City and Roscoe.

Mr. and Mrs. H. J. Brice and little son, Richard, spent Wednesday in Colorado City.

Messrs. M. D. Lewis, Tom Gates, and Loran Cotten went to Abilene Wednesday where they attended the A. C. C.—"Teck" game.

Miss Evenell Agnew of Tenaha has been visiting with her aunt, Mrs. W. E. Doak. Miss Agnew will begin her school Monday at Big Sulphur.

Mr. T. C. Watkins and family and Mr. Ben Phillips left Snyder Thursday for an outing at San Angelo and Christoval.

Mrs. Ross Edwards of Lubbock visited with Mrs. T. L. Winston Wednesday.

Mrs. Joe Penny of Lubbock is the guest of Mrs. A. J. Towle this week.

HIGH SCHOOL NOTES

A SEVENTH GRADE PARTY.

Last Friday marked the close of a heated contest in the low 7th—a spelling class conducted by their teacher, Mrs. Greene. At the beginning of the contest, some weeks ago, the class was divided into two groups, it being understood that the losing side was to entertain the winners. Accordingly Friday afternoon the period after recess was devoted to a very delightful informal party in the room. A plate luncheon, consisting of sandwiches, pickles, potato chips, cakes, bananas and hot chocolate was served. After thoroughly enjoying these refreshments the pupils enthusiastically entered upon the main diversion, an arithmetic match, which proved of such thrilling interest that the four o'clock bell, the signal for dismissal, was heard with distinct disapproval.—Marie P. Greene.

THE IDLER.

Tinkle, tinkle little bell,
What a story you do tell,
Of the idleness found
In the study hall around,
Where your owner, he does stay
In the school, the live long day,
Wasting time.

When the classes, he does meet,
He does quietly keep his seat,
For he cannot answer questions,
Nor upon them give suggestions,
Then another makes the grade
That was learned while he played,
Idling 'round.

When the teacher gives a test,
And expect him do his best,
Then he absolutely fails,
And his grade he bewails,
"Because they failed him flat
When he knew all of that,"
But couldn't write it down.

A TRIP TO ROBY.

Five high school boys including J. K. Woosley, Fred Merrill, Glen Wilsford, Joe Tinker and Travis Reed, went to see the football game at Roby last Friday evening. The game was between Roby and Roscoe. Both teams were about evenly matched but Roby fought a little harder and won by a score of 7 to 0.

The high school there gave a party that night to the visitors. All had a good time especially "Little" Tinker, who told the girls that their "hospitality was extraordinary."

PRINCIPALS OF NATIONAL ECONOMY.

Economics would be of little interest to most people if it did not tell of national prosperity and methods of improving it. To begin the study of economics, we must analyze the methods of getting a living and reduce them to their simplest elements. In this way we can find what ele-

nation may get wealth by finding it; producing it, or it may get it from other nations in exchange, provided it can produce things that can be given in exchange. How many things it can find will depend on how rich the land is in natural resources. How many things it can produce will depend on the intelligence and skillfulness of the people as a whole. How many things it can get from other nations will depend on how many things it can produce for exchange, how favorably it is situated for carrying on trade, and how wise the people are.

It is generally understood that economy has something to do with prosperity. The word economics is derived from two Greek words meaning house and management. However, today economics has a wider meaning than house management.

To economize is to choose among several different things the ones you would like to have. One of the great problems is how to use one's time, working power, or one's wealth. This is not only for the individual but for the community and nation. In a democracy it is especially important to know how the community and nation may economize their energies and accomplish promotion and fulfill his hopes. We may say economizing time and energy is doing the more important things and leaving the unimportant ones undone. If one had unlimited time and energy and doing one thing would not prevent one doing other things, economy would be unnecessary. By the use of time and energy we produce good. When we say we cannot afford an article we mean very much the same thing as when we say that we have not time to do a thing. In both cases we are merely stating the fact that it is necessary to economize.

Necessity grows out of scarcity of something. An individual that has no lack or scarcity of something has no need for economy.

In the everyday life of the average person problems of economy are on the problems of getting and spending. Most people's desire runs beyond their income. In order to increase their income they must economize their time and energy. The economy of goods are trying to make things that are scarce go as far as possible.

The historically economics meant the management of a household. The working power of a household has to carefully economize in: keeping busy,

being efficient and saving.

The prosperity requires the same economy as a household. The nation cannot waste its time and energy, must have efficient ways and not have too many luxuries to be prosperous.

There is a vast amount of buying and selling among its citizens in the present day. The subject of exchange forms an important part of the economics of a nation but not so important part in the household.

In recent times there is a distinctive separation between business life and home life. This separation of business life from home life has given rise to business economics and home economics.

The problem of income and expenditure is a serious question for the public as a whole as well as the private citizen. The State gets its income from different sources from those of an individual, but income is as necessary to a State as to a citizen. In order that the State's income may go as far as possible the question of public expenditure must be studied with the greatest care. This scarcity that makes economy necessary. If we could imagine a State with an unlimited income there would be no need of economizing. There is a close relation between public finance and private economics. Public finance deals with the income and expenditures of the government, and private economics deals with the

income and expenditures of the private family.

There is a branch of public economics that is broader than public finance, which is the social wealth or well-being of the people. This does not deal with income and expenditures of the individual family nor with those of the government. It deals with the income and expenditure of the people as a whole and is called social economy. A good illustration of the importance of this subject is found in the studies of a group of scholars who some hundred years ago studied the problems of providing

for the king's household. They found it very difficult to pay the expenses of the royal household or to keep the expenses within the royal revenue. This was the same problem as we have today: how to get as large income as possible and how to divide that income so that it would cover everything. The more these scholars studied on this problem the more clearly they saw that in order to increase the royal income the people must be more prosperous. So attention was given to the problem of

This Strong Bank Guards Your Savings

The greater part of the total income of the United States Government is spent with no other thought than to provide the greatest safety possible for its citizens. Every business has economic problems peculiar to itself which call for solution, and better methods are continually being evolved to meet the needs of each. The banking business is no exception to this rule. New methods and business practices have supplanted those of a more primitive nature in the daily routine of nearly all modernized commercial institutions. Aside from the many other advantages of a bank account it is good common sense to put your money in this Bank to insure its safety. We are ever on the alert to take advantage of every opportunity to assist legitimate enterprises and institutions. We invite your business and assure you that your confidence in us will not be misplaced.

The First National Bank

Snyder, Texas

food sale Saturday at Wilhelm's store. Pies, cakes, salad, cranberry jelly and other foods were sold. We worked hard Thursday and Friday. Also Saturday, making pies, etc. About twenty dollars clear money was made. It is our intention to buy book case.

Tuesday we had a pie sale. Butter scotch, carmel, chocolate and other kinds of pies were sold. The pies went like hot cakes. We also sold doughnuts after school and at recess.—Reporter.

ATHLETICS.

The football game with Tahoka, to have been played here was called off. There are not enough eligible men in the first string to make a full team and it would be too bad to have our little playmates go against Tahoka. However, the first string men can become eligible by taking some examinations.

Mr. Cary's "longed for" handball court is soon to be completed. The ground has been made ready and the bricks have been carried to the campus. If you don't think Mr. Cary will do what he starts out to, just ask our little playmate, Unk Elkins.

The basket ball practice is still going on as well as might be expected. The efforts of the basket ball girls may be rewarded a week from next Friday. We expect to have a game with Plainview if they have practiced enough. We have started this season with a determination to win every game we take part in and bring the loving cup to dear old Snyder high.

LOCALS AND FEATURES.

Hugh McKeown was out of school a few days on account of sickness. Erdice and Alma Gilmore have quit school at Snyder expecting to enter at another place later. We regret losing them as they were both good students and fellow classmates.

School will be dismissed Tuesday afternoon not to take up again until Thursday. Wednesday is Armistice Day.

Laura Bell Rogers is out of school now supposed on account of sickness.

Bernice Blair is out of school on account of sickness. We hope she will soon be back.

VOCATIONAL EDUCATION IN PUBLIC SCHOOLS.

The value of vocational education in public schools can not be over es-

timated. It is a factor that is very necessary in the shaping of the characters of students today, so as to make of them characters, who as citizens will control wisely and well our American nation of tomorrow.

The chief reason that vocational training should form a part of public schools offer the best place for the teaching of this much-needed training. Because the school is, next to home life, the most important institution in the making of citizens. Here the young citizen may find what he or she is best fitted for, and so getting an early start, prepare themselves so well for it that they may competently fill their places in the great social organization they find themselves a part of when they become mature citizens.

Naturally, the great end that all patrons and persons interested in education are working for is that they may make of the younger generation such citizens that will be a credit to them and our country. Therefore, the thing to do is to find what work that each individual is best fitted for, and then, train him for that purpose. If a child does just one thing and then another, the result will be that he cannot do anything well, and to do your part well is the most important factor in the highly complex social organization that is our nation. While, on the other hand, if children are given special individual training, it will result in each doing well his share of allotted work so that our social organization will become powerful, and the workers will become the fundamental foundation of all great nations, that is, good citizens.

FREE MILLINERY SCHOOL.

Mrs. Dora R. Barnes, clothing specialist of A. and M. College extension

service, will be here the 23rd and 24th of November, when she will be assisted by Miss Laura Belle Roten in a millinery school. This course will include renovation of old hats, retrimming and making of new hats. This is a free school whether you belong to a home demonstration club or not. All we require is that you furnish your own materials. Work will begin November 23, at nine o'clock, on second floor in courthouse. For the best results, women who take this course should start on Monday and continue through Tuesday evening until the course ends.

(Continued from Page 6.)

increasing the prosperity of all the people.

At first there was a tendency to give chief attention to the subject of production, but it was soon found out that exchange was an important factor. Buying and selling is such a large part of economic life of the people that many of the students thought it was the most important of economic life. For a time it was assumed that production would take care of itself. They thought that each individual would look after his own part if the government would provide a safe and open market, money and a good banking system.

There is another vastly important subject that could be ignored in the study of private economics. It is the problem of the divisions of products among the workers. When a large number of people take part in the production of a certain good, the questions is how much of the value should go to each person. There is the farmer, the miller, the baker and the carrier that has something to do with the making of a loaf of bread. It is very important to know how much of the value of the bread goes to each person, who has helped to produce it. This is called the problem of distribution. The question of different classes of laborers, the rent of land, the interest on capital, the profits of enterprise, are parts of the general problem of distribution.

The people have recognized that the utilization of social income is very important but they have almost ignored it as a branch of economics. One reason that they have ignored this is because they doubtless feel that everyone should be left to spend his income as he likes. But a few people are beginning to find that this is more important than production, exchange or distribution.

MY NIGHT AT OPELOUSAS.

The Gulf Coast line train had been delayed four hours on account of a wreck on the road between Opelousas and New Orleans, La.

When I reached the little junction of Opelousas I found that the Iron Mountain train had left me far be-

hind, one hour before, forcing me to spend the night at the little village.

As soon as I found my predicament I took a rickety old bus for the only hotel in town. Arriving there I found it to be a low two-story wooden building with only a few windows in front. I went in, secured a room and as I found that supper was served at all hours of the night I entered the shabby little dining room. The food was poorly prepared and of very little quantity. After an hour of wandering around the town, I thought it best to retire. It was an exceedingly hot night, and as the house was poorly ventilated I could scarcely sleep.

Somewhere in the dark hours of the night I was awakened by frightening yells from below, thinking the house afire I rushed madly down only to find it to be a fellow-sufferer undergoing the agonies of a nightmare. Next morning I arose early, ate my breakfast and left, glad to get away.—Marian Rosser.

HOW I CUT MY HAIR.

When I was four years old I wanted my hair bobbed. My father and mother would not consent because I had beautiful hair.

One day I decided I would cut my hair some way, so I took the scissors cut behind the house. I cut a piece of hair off the side of my head. Of course my hair was ruined and it had to be bobbed.

I had bobbed hair for about two years and then I let it grow out. When I was nine years old my schoolmates were bobbing their hair and I wanted mine bobbed. I begged father for about four months. One day he took me to the barber shop and had my hair bobbed. I went home and when I saw all my pretty hair gone I began to cry. I took one last look at my head and then at my hair I had bobbed. I certainly was sorry. Everytime I look at my hair I think about the day I bobbed it.—Reva Lewis.

Ben F. Smith in the Slaton Times, says: "The country is alarmed over the criminal practice of the government in handling the cotton reports. The estimate recently sent out by the cotton bureau will cost the farmers of the South millions of dollars. The estimate of 15,000,000 bales was erroneous in the first place and in view of the fact that it was made up before the freeze, is misleading more than ever. The Government should correct its report at once."

And Mr. Smith is right. Besides, to a man up a tree or a poor farmer's wife or daughter pulling a cotton sack between the rows on a frosty morning or a hot afternoon, it would appear as if there might be something "rotten in Denmark." A certain senator started a movement some time ago to find out how much a certain bunch of "crop estimators" were being paid to boost the crop, but like nearly every other movement favoring the farmers, the movement and even the agitation of such a movement suddenly stopped. Government reports of such a nature favor the gamblers and speculators, and to the detriment of the producer.

We see where one newspaper broker has more than three hundred papers listed with him for sale. That goes back to the statement we have made before—"Any fool can start a paper and any fool can stop one, but it takes a philosopher to make money out of one in a small town." P. S. We are not a philosopher.

In England recently, a woman witness in a case stole the Bible on which she had taken an oath. That reminds us of the boy who killed his parents, then asked the court to clear him on the grounds that he was an orphan.

A cotton dress costing 60 cents won a prize of \$75.00 at the Waco Cotton Palace. It will be just like Texas women now to wear nothing but sixty cent cotton dresses—I don't think.

STUDENTS IN T. U. MAKING OWN WAY.

AUSTIN, Texas.—Self-supporting students make up 90 per cent of the total number residing in Brackenridge Hall, only dormitory for men at the University of Texas, according to H. G. Woodruff of Paradise, student manager of the Hall. This percentage probably exceeds that of any other student residence.

The Higginbotham-Bartlett Lumber Company has just completed the work of overhauling and enlarging its office, greatly improving its looks and convenience.

I. L. King and family of San Angelo visited Porter King and family of this city this week. The Times-Signal acknowledges a pleasant call from Mr. King, Wednesday.

"Marriage would bring more happiness," says Clyde Shull, "if it didn't bring so many bills and poor relations."

One of the first and best things to learn in life is that you have to like other people if you want other people to like you.

Ernest Taylor says "a penny isn't worth much when it comes to buying something these days, and there was a time when a yard of goods wasn't considered enough for a dress."

Tourists spent \$150,000,000 in Canada this year. And their gas tanks were not the only tanks they filled.

"Some people get red noses from working in the sunshine," says Gay McGlaun, "and others from the moonshine."

According to Ed Darby, a good wife is one who knows more than her husband but who doesn't let him suspect it.

Reformers are folks who think the world is going to the dogs, which is probably why they spend so much time and energy growling.

"The hardest part about enforcing prohibition," declares Porter King, "is to get people to stop looking for a drink."

WHAT'S DOING IN WEST TEXAS.

CISCO.—The most unique fish hatchery in the world is to be built at Lake Cisco by the State fish and oyster commission. Contract has been let for the first unit and when complete the hatchery will represent an investment of \$30,000. The unusual feature rests in the fact that the hatchery is to be built inside the big dam and it will enable the plant to turn out millions of fish. Rainbow trout, yellow cat, bass, beam and crappie will be propagated.

Aspermont.—The Stonewall County Chamber of Commerce held its business and social meeting here. The West Texas Chamber of Commerce was represented by E. H. Whitehead, publicity manager who made an address. J. H. Squires, special agent for the Westchester Insurance Co. of Dallas, also spoke. H. F. Grindstaff is president and Bog Robertsan is secretary of the Stonewall County organization.

PLAINVIEW.—The highway from Lubbock to Canyon a distance of 115 miles is to be oiled by the State Highway Department. The entire road will be graded and rolled and treated with special asphalt oil by a method similar to that employed in Illinois. Cost of the work is estimated at \$1,000 per mile and will be paid for with road maintenance funds. If this proves successful a number of Panhandle highways will receive similar treatment.

ROBERT LEE.—Preliminary steps looking toward the great Colorado River irrigation project in this country were taken at a meeting here. Porter A. Whaley, manager of the West Texas Chamber of Commerce, Gib Gilchrist and J. Nagel, prominent engineers and a committee of Coke County citizens, spoke on the project. An extended discussion was held and another meeting to be held here Nov. 14 when Frank Kell, C. M. Caldwell, A. Lincoln Fellowes, Porter Whaley and J. Q. Lee with other prominent builders will discuss the project thoroughly with Coke County property owners and a definite decision will be reached as to whether the project will be pushed.

LITTLEFIELD.—Lamb County has been granted three hundred thousand dollars for highway construction on Highways No. 7 and No. 28. This sum must be matched with county funds. Agitation is under way for a bond issue for highway construction in the county and it is likely that an election will be held soon.

QUANAHA.—A solid train load of cement plaster was shipped from a local plaster mill this week. The commodity will be sent via train to Savannah, Georgia from whence it will go via steamship to Florida. Florida is at present buying enormous quantities of cement plaster and West Texas gyp mills are reaping great benefit from the building boom in Florida.

LUBBOCK.—A whirl wind campaign for six thousand dollars is being waged by the local Chamber of Commerce. This money is needed to pay off outstanding debts and continue operations to January 1. An election will be held before Jan. 1 to vote an amendment to the city charter providing for a board of city development.

ABILENE.—The Abilene Chamber of Commerce is preparing a booklet giving the names of all contributing members of the organization and naming those citizens who have been active in putting over civic programs. This is intended to stimulate Chamber of Commerce activities and support as well as give proper credit to the workers.

SWEETWATER.—The Texas Hereford Association held its annual auction sale of registered Herefords here. A total of 28 head were sold at an average price per head of \$293.64. Top was \$725 for a bull consigned by D. L. McDonald of Hereford and bought by Mrs. H. C. Meriwether of Alpine. All cattle offered were entered in the Nolan County Fair.

WILLYS-OVERLAND SETS PRODUCTION, SHIPMENT MARKS FOR 15 DAY PERIOD.

Faced with the greatest dealer demand it has ever experienced, the Willys-Overland factory is entering the fall months with production and shipment records that break all marks in the history of the company.

More than 155,000 Overland and Willys-Knight automobiles were manufactured by Willys-Overland in the period from January 1 to September 15, thereby establishing a new production mark greater than any production record established by the company for a similar period. Not only did production records of Willys-Overland soar over any ever established, but shipment records at the Willys-Overland factory indicate that the pressing demand from the national dealer organization absorbed production just as fast as cars could be built.

In addition to breaking the eight and one-half months production and shipment records of the company, Willys-Overland established a new mark in shipment for fifteen day period when more than 10,500 cars were shipped to dealers throughout the country from September 1 to 15 inclusive, with the production mark during the same period greatly in excess of any schedule ever before established.

Dealer reports at the Willys-Overland factory indicate that a steady increase has been noted in sales since January 1, with an added impetus given to retail sales following the general price reduction announced three months ago, closely followed by a still further reduction in price on the Overland Standard sedan from \$655 to \$595, establishing a record low price on a full-sized, five passenger sedan with sliding gear transmission.

Factory production schedules, plus dealer's future orders now on hand, indicate that Willys-Overland will break all production and sales records

for Fall months. To care for the greatly increased demand for Willys-Overland products, President John N. Willys recently announced a comprehensive plant expansion program which will greatly increase both production and employment in the factory through an expenditure of more than \$2,000,000 in new buildings and machine equipment.

DON'T PUT IT OFF TOO LONG.

Of course you are going to renew for the Times-Signal while you can get it for \$1.50 a year anywhere in the United States, but don't put off renewing too long. The present campaign will close December 23, and after that date the subscription price of the Times-Signal will be \$2.00 a year in Scurry County, and \$2.50 a year outside of Scurry County.

But you can do even better than that. During the present campaign you can get three years for only \$4.00; five years for \$6.00, and ten years for only \$10.00. Subscribe or renew now. Not only will you save

money by doing so, but you can help some worthy contestant in the automobile race to win an automobile.

SCURRY COUNTY STUDENTS AT CANYON.

Scurry County students attending the West Texas State Teachers' College, at the first meeting of the year, elected the following officers for the fall quarter:

President, Lucile Taylor; vice-president, Merrell Blakeley; secretary-treasurer, Faye Lemons; yell leader, Wayne Boone; annual representative, Faye Lemons; reporter, Carl Periman; entertainment committee, Ward Golden, Blanche Boone and Joe Woodfin.

Due to the fact that the club is smaller this year than usual, the members agreed to have most of the meetings in the form of a social event about once each month. However, the Scurry County Club ranks among the first in comparison of size with other country clubs in the college. Plans are already being discussed for a page in the college annual.

CARD OF THANKS.

We wish to extend our heartfelt thanks to the many good friends and neighbors of Snyder were will so kind to help and comfort us in our bereavement in the death of our dear son and grandson. May your lives be filled with happiness and great be your reward in heaven is our prayers.

Mr. and Mrs. L. T. Autry.
 Mr. and Mrs. G. L. Autry,

Y. W. M. A.

The Young Woman's Auxiliary met with Mrs. J. F. Carmichael Nov. 9, with fifteen members and two visitors present. Mrs. Carl Yoder led the mission study and was an efficient leader.

The hostess served a plate luncheon to the following: Mesdames Snyder, Towle, Yoder, Ramsour, J. D. Jones, Gamon, Darby, Harless, Randals, R. P. Jones, Johnston, Dodson, Williams, Thorpe, Hamilton and Harrington.

Next meeting will be at the church.

Free! Free!

H. L. DAVIS & COMPANY

CROWDED OUT LAST WEEK

FLUVANNA NEWS.

Business Affairs.

Probably the biggest business going on in this community during the past week has been the harvesting of feed stuffs. Every reaper that could be used was pressed into service and yet there was a great demand for more machines. After all, this is good news for it means provender for our stock through the winter season.

Yes, we have all had frost—even a freeze—now, since the norther on Monday of last week, reacted on us as it did. Surely the weather cuts some strange antics. The weather wheel moves in mysterious ways its wonders to perform.

T. J. Trice has sold his filling station business to Auti Gleghorn, and will move in a few days to Hermleigh where he has bought the Highway Service Station.

In order to take over the filling station business, Auti has sold his truck and business to Frank Coleman, who will continue that industry.

H. W. Drumm has just completed a new 30 by 40-foot barn. A good barn is a valuable addition to any farm and will soon pay for itself in saving that would otherwise be a waste.

Our Commissioner, Mr. Hunnicutt, now has under headway the grading of a good road through the Moor lane—one of the oldest roads in the county, and which has long been in need of grading. This road connects the State Highway with the Snyder-Gail road and runs north and south in front of the Moor ranch home.

Church Affairs.

Rev. Leech filled his usual appointment here Sunday. Good services are reported.

Rev. Moores likewise filled his usual appointment at the Methodist church last Sunday. This was his last Sunday here before the meeting of annual conference, hence, this may prove to be his last work at this place.

Rev. H. J. Manley will fill his usual appointment at the Presbyterian church next Sunday. He will be glad to meet a full house.

About thirty people attended the reception given by the Baptist women in the home of Mrs. John Truss, on last Friday night, at which time the husbands were treated to something to eat. They must have had a good time. While "spooks" are reported to have emerged from almost every quarter still the women claim to have had enjoyed a most delightful occasion.

Accidents and Sickness.

The baby of Mr. and Mrs. Jess Hale is said to be quite sick this week.

Carl Tartar at the wheel, Truman and M. D. Ellis and two Carmakle girls were in a car wreck last Friday night at the culvert near the Campbell residence, west of town. It seems that the car struck a banister and "turned turtle," smashing the top and breaking the windshield but, fortunately, no one was seriously hurt.

Visits and Personal.

Mrs. Time S. Evans of Erath County recently came (with her children) to visit her mother, Mrs. Coleman, who is sick.

Lewis Daugherty and Mrs. Emmett Boren, all of Lamesa, were here Saturday and Sunday visiting relatives.

Ethen Ball and family of Lubbock came Monday for a few days' visit with relatives.

We are informed that about 40 young people attended a halloween party at the spacious home of Mr. and Mrs. Tolle Favor. Of course they report a great time. We have not learned for certain yet whether those party folks scattered Mr. Belew's new wagon parts across Depot Street Saturday night or not.

J. L. Scarborough and family, formerly of this community but now of Olton, Texas, were visiting here Monday. Since leaving this community Mr. Scarborough has met with the great misfortune of losing a hand.

Grandfather and Mother Griggs of Dermott were visitors in the home of their daughter, Mrs. John Squyres last Sunday.

Miss Nealy Squyres went, Sunday, to County Line, where she is to open school with her brother, Tom Squyres, Monday morning. Miss Edna Squyres departed at the same time for a like purpose at Hud. Miss Edna taught that school last year, giving such perfect satisfaction as to be promptly elected to the same position for another year.

We having nothing strange to mention this week, except that some how some people apparently would rather be sinners than saints. That's strange, isn't it?—Jas H. Tate, Cor.

KNAPP KNEWS.

After so long a time we have decided to let you hear from God's country. We have been having some cold weather out here for the last week or so. We are all picking cotton and heading maize.

We had a nice party at Mr. Bishop's Saturday night. Everyone had

a nice time. There was preaching here Sunday. Wasn't much of a crowd; hope there will be a big crowd next preaching day.

Ross Huddleston got a new Ford roadster. He says he intends to be a lady's man and we hope him luck. There was singing at Mr. Burney's Sunday night. Everyone had a nice time.

School started here Monday, Nov. 2.

We hope that Mr. and Mrs. Farmer will like this community.—Breezy.

UNION DOTS.

As nobody else will tell what happens at and around Union I will. You possibly did not know that Mr. and Mrs. W. W. Merritt have a new girl at their home, born one night last week. All doing nicely.

The farmers have been busy trying to harvest their bundle feed ever since and before the freeze, working night and day besides hauling cotton to the gin. We are getting more cotton pickers now. They are realizing that all the cotton does not grow on top of the Caprock.

Tom Carrell left Saturday for his school up in Lynn County, this being his third term at that place.

Mrs. Minnie Land dismissed her school at Moore's Schoolhouse so that the children could help with the gathering. The writer, in company with J. T. Biggs, W. H. Shuler and the presiding elder, Rev. R. A. Stewart, went to Fluvanna Thursday to attend a supplemental conference of the Fluvanna circuit, rounding up the final reports for conference year just ending.

Mr. Carl Combs of Lubbock was down Sunday visiting his mother, Mrs. Sam Combs and his sister and brother, Mr. and Mrs. Bob Wren and mixing with his oldtime friends.

Mrs. Ed Martin and family with Frances Prather, ate a birthday dinner Sunday with Mrs. Martin's sister and brother, Mr. and Mrs. Harris, who live at Loraine.

The pastor of the Baptist church at Union, Rev. Wilkinson, preached Sunday and Sunday night, his theme being Stewardship, using for a text Sunday morning, Luke 16:5 and for Sunday night, Exodus 4:2. The sermons were listened to attentively and were enjoyed by the congregation. There will be preaching at the Methodist church next Sunday. Rev. A. B. Moores, the pastor, will be with us the last time before annual conference.

The trustees of Bethel school are

children in the Bethel district. It is a very much needed improvement.

Jake Huffman went to town this morning to get some new casings. He says that getting free air for old tubes and casings with a foot and hand pump is like work to him so the reason for new casings.

Mr. Perry from over east of town, has moved back in the community. We are glad to have her and her family come back to the community.

There will be singing at Union next Sunday evening at 3 o'clock. Come everybody as we want to buy new lows who have books to sell come on song books for the class. Now you fellows with your books.

I finish for this time as the madman wants something done.—Reporter.

ENNIS CREEK.

Everybody is busy now picking cotton and cutting feed, therefore, there isn't much news.

Edna Galyean, Hermon Galyean and anthem Wade took supper with Lillian Colclazer Sunday.

Leona Williams, Una Hart, A. J. Williams and Bill Snider visited at Mr. Henery Hart's Sunday.

Mr. and Mrs. Everett Shultz visited Mr. and Mrs. Murfee Sunday. Miss Allie Prather attended a birth-

Lewis was very ill from drinking coal oil Sunday but is much better at this writing.

Mrs. W. W. Harbour and son, Homer, and Mrs. W. C. Harbour from Roscoe were visitors at Mr. Henery Hart's Sunday and Sunday night.

Ennis Creek school will start Monday, the sixteenth of November.

Mr. and Mrs. J. E. Smith are back with us now. We are surely glad to have them back again.—Dan.

LADIES' AID

The Ladies' Aid of the First Christian church met Monday afternoon, November 9. Scripture lesson read by Mrs. A. Johnston. Sentence prayers by all present.

Roll call answered by Scripture quotations. Mrs. Pierce to read Scripture lesson next Monday after a lengthy business session.

We had a very interesting lesson Dismissed by Mrs. Monroe.

COLLEGE.

Draughon's Practical Business College, Abilene and Wichita Falls have recently been accorded an unusual distinction by being accredited by two of the largest business training organizations in the South—the Southern Accredited Business College Association and the Consulting Accountants' Association and are the only schools in the Southwest to enjoy this double distinction.

The Consulting Accountants' Association is composed of probably the

responsible positions throughout the Southland will recognize Draughon diplomas as the best possible recommendation.

The Southern Accredited Business College Association, which has accredited the course offered by Draughon's is the strongest organization of its kind in the South.

Draughon's also has an affiliated Employment Department with connections in many different states for pupils.—Abilene Reporter.

Delivery

Does Your husband expect this too?

The average husband wants his wife to keep her prettiness and charm. And, at the same time, he wants her to look out for his comfort and cook three meals every day. No small order, but it can be filled if wives put their housekeeping on a scientific basis.

The logical place to begin labor saving is in the kitchen—at the stove. Perfection Stoves are designed for women's convenience. They burn kerosene, the safe, household fuel, so there is no laborious hauling of coal and ashes.

Their roomy cooking surface is at the most convenient height, 32 inches from the floor, just like a kitchen table.

Every drop of oil is completely burned before the heat reaches the utensils, so there is no soot to blacken kettle bottoms. You are spared strenuous scouring.

These are just a few of Perfection's convenience features. Any dealer will demonstrate many more. Get a Perfection. It can help you live up to your husband's expectations.

If you don't believe Advertising pays
Just ask these merchants

The firm of Winston & Clements, wholesale and retail dealers in Feed, Grain, Flour, Meal, Salt, Purina and Pedigreed Mebane Cotton Seed, is the lodest feed firm in Scurry County. They started in the Feed business on Clairemont Street nine years ago and have been in business continuously since that time on this street. Their business has grown till they ship more more tonnage into Snyder than any other firm or firms, with the probable exception of the coal dealers. They are this week unloading a carload of feed, flour, etc., a day. These cars will average about 50,000 pounds each. A total of 300,000 pounds for one week. This firm is composed of H. B. Winston and W. H. Clements. Mr. Winston came to Snyder 18 years ago and Mr. Clements 17 years ago. Both are well known and are liked by all who chance to know them. W. H. said "I just beat the R. S. & P. in a little bit." and when asked if he were out of town and on returning if he couldn't beat it in again, he said, "Well, I don't know but what I could." It is such firms as this and the other fifteen merchants on this street that has made trade with the MERCHANTS ON Texas. They are both live, progressive men and are back of everything that will benefit the welfare of our town, county and rural communities, especially everything that will help the morals of its citizenry. They invite every person in Scurry County to trade with the MERCHANT ON CLAIREMONT STREET.

Address, "What Was the Attitude of the Apostle to the State?"—Cecil Morris.
Special Music, arranged by Ophelia Dorward.
Stunts by entire League, 1, "A Gymnastic Relief." 2, "A Laugh Provoker."

F. A. CARY FOR COUNTY JUDGE.

The Times-Signal is authorized to announce Mr. F. A. Cary of this city as a candidate for County Judge, subject to the action of the democratic primary to be held in July.
By the time of the election, Prof. Cary will have been two years a resident of Scurry County, he having come here last fall as principal of the Snyder high school. He has proved himself to be a good instructor, due largely to a thorough preparation for the duties assigned him, having been educated in the West Texas State Normal and at the State University from which institution he graduated, receiving the LL. B. degree. In 1923 he completed a law course from the State University, and he feels that the position to which he aspires is as much in keeping with his law education as his normal course was with his work as a teacher.
Mr. Cary is, therefore, highly capable of filling the office of judge of Scurry County, and if elected, he promises to carry out the affairs entrusted to the office without fear or favor.
The Times-Signal takes the liberty to say that Mr. Cary is a country boy, and was brought up on a farm by parents of only moderate circumstances, and which threw him out upon his own resources in the matter of paying his own way through college and the university. In other words, he is self-made in every sense of the term, and which also contributes much to his qualifications for the office to which he aspires.

PATRIOTIC SERVICE SUNDAY NIGHT.

Sunday night at the Baptist church the pastor will preach a sermon in keeping with Armistice Day. Former service men are invited to be honor guests at this service.
At the morning hour the pastor will use the subject, "Training of the

Young Christian." Sunday School at the regular hour, 10 a. m., A. C. Alexander, superintendent. A Christian welcome to all.
JEFF DAVIS, Pastor.

BAPTIST LADIES' MISSIONARY PROGRAM, MONDAY, NOV. 16, 3 P. M.

Leader—Mrs. D. C. Barton.
Subject—The Child and the Future.
Scripture—Prov. 2:1-22.
Song—Bringing in the Sheaves.
Prayer—That parents may know their duty to their children—Mrs. T. D. Hull.
The Life Story of One of Our Leaders—Mrs. J. E. Chinn.
Talk—The Faults of the Child Are the Fetters of the Man—Mrs. W. W. Gross.
Reading—Mrs. J. E. Sentell.
Talk—A New Arithmetic—Mrs. Jim Lockhart.
Prayer—That God may impress our children through us to prepare themselves for a future worth while.—Mrs. Leslie.

Mr. and Mrs. Dewey Winstead spent last Thursday night at Lorraine with relatives of Mrs. Winstead.
C. A. Lyles of Plainview visited last week in the home of W. R. Merrill.

IRA SNAP SHOTS.

The Ira people are taking advantage of the favorable weather this week. They are making up for lost time in gathering their cotton.
The oil business seems as if it had gone hunting.
John Miller was trying to find some one who would argue with him about "papa's baby" last Sunday.
Edgar Taylor was tickled about something Sunday, but gee! he is as tight as a clam shell on information.
Miss Thelma Miller spent Saturday night and Sunday with Mr. and Mrs. Jack Holley of Snyder.
Mr. and Mrs. Bill Giddens took dinner with Mr. and Mrs. Jess Green Sunday.
Friday closed the first month of our school. The school is progressing nicely under the supervision of Mr. Bryant, Miss King, Miss Christian and Miss Howell.
Mr. Bullock visited our school last Thursday the fifth and gave us a very interesting and helpful talk.
The Ira Parent-Teachers' Association met Monday, November 9, for the purpose of organizing, with Miss Howell acting as chairman. The

following officers were elected: Mrs. J. E. Falls, president; Mrs. J. A. Leach, vice-president; Miss Eddie Lynn Howell, first vice-president; Mrs. Tom Hailey, second vice-president; Mrs. Alex Murphy, third vice-president; Miss Lida Christian, recording secretary; T. J. Bryant, corresponding secretary; Mrs. J. W. Haney, treasurer.
In accordance with a suggestion

made by Miss Roten, it was decided that the home demonstration club should work in connection with the Parent-Teachers' Association, Mrs. Lewis being elected president and Mrs. J. E. Falls, secretary of the Home Demonstration Club.
Miss Williams of Dunn is music instructor for our school.
The honor students of high school this month were: Winfrey Giddens,

10th grade; Thelma Miller, 8th grade, and Anice Clark, 7th grade.
The honor students of the intermediate grades were: Ethel Falls, 6th grade; Ernestine Taylor, 5th grade; York Murphy, 4th grade; Hunley Rainwater, 3rd grade. The honor pupils of the primary grades were: Wana Price, 2nd grade; Lillie Bryce, high 1st; Irana Deen Giddens, low 1st.—Horse Taming Shorty.
