

CITY-WIDE MOVEMENT TO BEAUTIFY HOMES IS ANNOUNCED

TOWN PLEDGES TO GIVE C. OF C. FULL SUPPORT

Drive to Begin Friday, with Seven 1931 Accomplishments as Proof of Worthiness.

After seven definite 1931-32 accomplishments of the Chamber of Commerce had been outlined at a taxpayers' rally in the armory Friday evening, 100 interested citizens voted almost unanimous approval of the organization.

Interest reached such a high pitch that 20 men who did not support the C. of C. last year volunteered to begin monthly donations, effective at once.

A son-of-a-gun feed, with barbecues and other trimmings, was served before the business session. Joe Monroe, Boss Baze, Melvin Newton and Tommie Black along with Coffee-Hound Harvey Shuler, were largely responsible for the excellence of the food and service.

Drive Starts at Once.

President Harrie Winston, who presided at the Friday meeting, announced yesterday that a house-to-house drive for more Chamber of Commerce members would begin at once, with the newly-elected directors leading the way. An effort will be made to gain the support of every merchant or professional man and woman, no matter the size of the business.

"I have full faith that when the accomplishments of the Chamber of Commerce are put squarely before our people, and when its plan for the coming months is outlined, that every fair-minded man and woman will lend as much support as possible," declares Mr. Winston.

C. of C. Accomplishments.

The seven outstanding accomplishments of the Chamber of Commerce were outlined as follows by President Winston, after Secretary J. W. Scott had read the financial statement for the fiscal year:

1. Administration of drouth relief last year, and assistance in placing Scurry County among the first to be aided.
2. Administration of Red Cross money and supplies in the amount of almost \$14,000. This was left almost altogether in the hands of the Chamber of Commerce.
3. Promotion of highways. It was pointed out that the organization is largely responsible for building of the Hermleigh-Inadale cut-off at no direct cost to the county except for right-of-way. Assistance has also been given in pushing the three highways traversing Scurry County, by cooperation with highway associations and by personal work.

(Continued on Page Eight)

Tigers Second in Triangular Meet At San Angelo

Parading one of the best track and field teams in Snyder High School history, Coach Otis Moore took second place in an invitation meet at San Angelo that attracted 15 schools.

The meet really turned out to be a triangular affair, with Big Spring taking 54 points, Snyder garnering 35 1-4, and San Angelo taking 19.

McClinton was third high point man in the meet, with first in both hurdles events and third in the broad jump. Howell of Snyder won the 100 and the 220 in 10.5 and 23.6, and took third in the broad jump, to rank fourth in the meet. Howell, McClinton, Fesmire and Murphy took third place in the relays for Snyder.

Clint Fesmire surprised all comers by stealing the 800 yard show, while Richard Jenkins tied for second in the pole vault event. Earl White was fourth in the low timber race.

Other Snyder athletes in the San Angelo party were Bryie and Troo Riesby, Roy Burnett and Ester Jones.

The same group will go to Lubbock this week-end to take part in the annual Texas Tech relays, in which the locals won a high place last year.

PLAN MEETING OF CO-OP HERE

Selection of delegates to the District 13 meeting in Haskell May 16 will be the principal business to come before Scurry County members of the Cotton Cooperative Association, when they meet at the courthouse Saturday afternoon at 2 o'clock.

Other important business will also come before the group.

J. L. Carroll and other leaders in the county unit urge the attendance of every co-op member in this area.

Snyder Golfers Open Sandbelt Schedule Sunday

Snyder County Club golfers are eagerly looking forward to their approaching conflict with Sweetwater linksters Sunday afternoon on the Sweetwater links.

It will be the opening day of the Sandbelt Golf Association schedule which consists of fourteen matches, participated in by seven clubs, namely: Snyder, Sweetwater, Big Spring, Midland, Odessa, Texas, and Lamesa. Matches will be played every other Sunday afternoon, beginning Sunday and ending the second Sunday in September. A loving cup will go to the winning club of the circuit and also to the individual player winning the most matches during the schedule.

Local golfers are confident they will put themselves out of the cellar position which they landed in last season.

Here's hoping the local boys keep the pellets down the middle of the fairways and drop them into the "buckets" for wins, Sunday afternoon.

Former Snyder Man Sued in Land Trade

Suit asking judgment of \$25,000 was filed in district court at Abilene Tuesday by Mrs. Willie Mae Thompson, Taylor County resident, against Ross Berry, and his wife, Hollie Berry, of Lubbock. Mr. and Mrs. Berry are former Snyder residents and present landowners here.

Mrs. Thompson in her petition alleges she was damaged in the amount of \$25,000 in a transaction whereby she received a Fort Worth apartment house in exchange for ranch land in Kent and Garza Counties. The house, assertedly represented as a brick structure worth \$30,000, is of brick veneer and worth only \$5,000, the plaintiff claims.

Ford V-8 to Be Seen At Showrooms Here

Announcement of the new Ford V-8 cylinder car was made last week by the Ford Motor Company. Production of the new models, as well as the improved four-cylinder models, is said to have started several thousand men to work in all parts of the country.

H. H. Elland, new Ford agent for Scurry County, states that he expects one of the new eights within a week or 10 days. His agency headquarters are not yet quite complete.

The new Ford eight ranges in price approximately the same as the Model A four, while the new fours are approximately \$50 under their former prices.

RECORDS FALL IN ELECTION OF CITY OFFICIALS

Camp, Shuler, Williams, Bradbury And La Rue Take Lead in Contested Races.

The biggest ticket in Snyder history drew the biggest vote in Snyder history. It happened Tuesday, when 792 votes were cast amidst an ory of enthusiasm that almost equalled that of general election time.

In the two feature races, Walter Camp was re-elected as marshal, with only 23 votes to spare, over J. A. Woodfin, with Bill Jenkins in third place, while Harvey Shuler defeated A. C. Pruitt, 346 to 443, for the secretary-treasurer place.

H. V. Williams was an easy winner over J. W. Scott for the city recorder's job.

J. S. Bradbury easily led J. A. Martin in the east ward alderman's race, while S. A. LaRue was winner over James Ralph Hicks and Fred Wilhelm in the north ward.

H. G. Towle was unopposed in the mayor's race, W. W. Hamilton had no opposition for the city attorney's place, and L. T. Simson was returned to the west ward alderman's job without opposition.

The unusual interest in Tuesday's election is reflected by the fact that only 602 votes were polled two years ago. The highest previous estimate placed the total this year at no more than 600 votes.

Several hundred people milled about town from 6 until 7:30 o'clock on the heels of the election, waiting to hear the final returns from election judges.

The unofficial returns for contested places follow:

For Marshal—E. N. W. Tot. 127 112 103-342
Camp 84 81 154-319
Woodfin 59 47 16-122
Jenkins

For Secretary—E. N. W. Tot. 346 443 150-443
Shuler 117 109 126-346
Pruitt

For Recorder—E. N. W. Tot. 346 443 214 192 188-520
Williams 51 51 85-187
Scott

For Alderman—East Ward—Bradbury 184
Martin 74

For Alderman—North Ward—La Rue 108
Wilhelm 84
Hicks 52

Probably no family in the United States achieved beautiful home surroundings in the face of as great physical handicaps as did the L. E. Laurences at Spokane, Washington. Their attractively gardened place was created on solid rock. Earth for the plant roots was carried in by hand as rocks were taken out.

There was so much rock on their premises that it was necessary to even wheel it away from the rock garden. Wherever depressions and crevasses existed they were turned into soil pockets and trees, shrubs and perennials in variety planted. The resulting effect is most unique. The lawn, for instance, is not one continuous carpet of green but rather a number of soft velvet rugs spread among the stony outcrops. The perennial borders, too, are broken at irregular intervals by the intervening ledges.

The young lady in the picture, Miss Gertrude Laurence, a senior in Lewis and Clark College, was one of the creators of this garden. Gardening is her favorite sport. A big municipal celebration is being planned at Spokane when the National Yard & Garden Contest trophy won by the Laurences will be formally presented. The Spokane garden was showcased in the national competition by "The Spokesman-Review" in the semi-amateur class.

Planted Home Garden on Solid Rock; Made Hillside at Spokane a Fairyland

Probably no family in the United States achieved beautiful home surroundings in the face of as great physical handicaps as did the L. E. Laurences at Spokane, Washington. Their attractively gardened place was created on solid rock. Earth for the plant roots was carried in by hand as rocks were taken out.

There was so much rock on their premises that it was necessary to even wheel it away from the rock garden. Wherever depressions and crevasses existed they were turned into soil pockets and trees, shrubs and perennials in variety planted. The resulting effect is most unique. The lawn, for instance, is not one continuous carpet of green but rather a number of soft velvet rugs spread among the stony outcrops. The perennial borders, too, are broken at irregular intervals by the intervening ledges.

A big municipal celebration is being planned at Spokane when the National Yard & Garden Contest trophy won by the Laurences will be formally presented. The Spokane garden was showcased in the national competition by "The Spokesman-Review" in the semi-amateur class.

SMALL VOTE IN SCHOOL POLLS WAREHOUSE IS BURGLARIZED

Only 191 votes were cast in the Snyder school election Saturday, no opposition being offered to the four incumbents who were on the ballot for re-election.

Hugh Taylor, H. L. Davis, W. W. Smith and Dr. J. G. Hicks were returned to office. The full balloting was as follows:

Taylor	97
Hicks	101
Davis	100
Smith	103
C. E. FERNSTON	1
H. L. Wren	1
M. J. Brice	1

Jim Stinson Taking Limelight at Abilene

Judge J. P. Stinson of Abilene, brother of Lee and Joe Stinson of Snyder, has broken into Abilene headlines on two occasions recently.

His first venture is as one of the two defense attorneys for four young men who are alleged to have conspired to rob an Abilene bank by digging a tunnel beneath it. The discovery of the tunnel and subsequent arrest of the four men had been a sensation in Abilene for 10 days.

"Brother Jim" was re-elected as trustee at large of Taylor County school Saturday, almost without opposition. He has served in the place for several years.

John Grant of Houston, Republican candidate for governor was a brief Snyder visitor Thursday. He was the guest of E. J. Anderson.

Fluvanna Robberies Not Yet Unravell'd

No clues as to the identity of the raiders who turned five Fluvanna stores topsy-turvy 10 days ago has been obtained, according to Sheriff F. M. Brownfield. It is the sheriff's opinion, however, that the looting was the work of home-talent boys who either wanted a thrill or were under the influence of liquor.

Losses sustained by merchants and the First State Bank were not as heavy as first reported, broken glass and knobbies saved being the main damage.

Wandering Jews Land in Cactus Territory

(Note—Snyder's "Two Wandering Jews," Abe Rogers and Willard Jones, who left a dozen days ago for the Rio Grande, where they are seeking health and happiness, have a letterful for the Times for this week. Read it and use aspirin.)

On the Banks of the Rushing Rio Grande, Friday—It Must Be April Fool's Day.

Dear Force (That keeps Scurry County folks informed):

The Ruler of the Universe overlooked a few places when He planted fire-wood trees, placed blinding light in international streams, and allocated hot and cold running water and bath tubs—and this is bound to be one of those places. However, He did supply this almost forgotten section of the universe with powder-dry canyons, resin brush, cactus and rocks in a bountiful measure. To be sure that this portion of the hemisphere is not mistaken for the garden spot of the universe, it may be located some 23 miles south of the little burg of Snyder (what a name!), in Central Terrell County, Southwest Texas. The only way to reach our camp is by boarding an unassuming jacksack 30 miles north, promise him a bale of hay—and kiss all your relatives good-bye. Of course, we had a Model 25 Tin Lizzie that had been pulled from Scurry County junk piles and lost all its personal wids.

The Start of the Things.

Saturday afternoon, March 23, 12:30 p. m., found two health-hungry natives of Snyder edging toward the south end of the wallwrick of Scurry. Lizzie was stubborn; she balked, she caved, she pitched. A phone call to Snyder at two bells of the same p. m. from Inadale informed us few persons as possible that trouble had overtaken the wanderers—a couple of connecting rods in the chatterbox of Henry's pride were playing run-tum-tum in a most annoying way. Help came and the expedition was moved back to Snyder. The garage took the old girl in for the night.

After chiropractic treatments by Bert Day and Ralph Ross lasting 12 hours, she is accepted by Captain Rogers as being sea-worthy. The alley-ways and side roads allowed the snooters to make their getaway without encountering the sheriff or dog catcher.

Dunn was favored by a visit she little expected when the explorer struck camp just south of Bottlegger J. C. Beakley's metropolis. Thirteen miles was a big jump for the old bug right off the bat—but she's been jumping ever since. We've given her lots of oil—but she hasn't passed anything yet that we know of. Colorado by 10:00 o'clock—such speed should be prohibited by law! Sterling City: A forty-five cent piece of sirloin steak for the camp cook, (about a two-bit piece of meat in the Old Home Town), and Abe is some cook, if you ask the other trooper. . . . that dutch oven, salt and pepper, a big hunk of butter. . . . a new chef for Mont-

(Continued on Page Eight)

BLOOD POISON TAKES LIFE OF DODSON SMITH

Brilliant Young University Student Follows Father in Death; Services Today.

Blood poisoning resulting from a recent flu attack claimed one of Snyder's most promising young men Monday night at 9:10 o'clock when Dodson Smith, son of the late Judge Fritz R. Smith, died in an Austin hospital.

The 18-year-old sophomore in the University of Texas law school was buried this afternoon in the Snyder cemetery, a hundreds of friends, including many of his former classmates here, heaped the casket high with flowers, and paid tribute only as tribute can be paid to a young man among young men. Rev. I. J. Sparks of Olton, assisted by local pastors, Revs. Philip C. McGahey, S. H. Young and E. C. Lambert, officiated.

Dodson died less than two hours after his mother, Mrs. Orville Dodson, his aunt, Ivan Dodson, his uncle, and Coleman Smith, his brother, had left for his bedside. The party was notified of the tragedy en route to Austin. The body was brought to Snyder Wednesday afternoon, the Odom Funeral Home taking charge as a number of friends stood by.

End Came Suddenly.

Virtually recovering from a light influenza attack of two weeks duration early last week, Dodson attended classes Wednesday and Thursday. He returned to a doctor Friday, and was sent to the Saint Davis hospital again that evening when it was discovered that his system had not thrown off the influenza effects. His condition became serious Monday, and Mrs. Smith was notified by telephone.

Blood dyscrasia is said to have been the immediate cause of death. William Harrison, Dodson's roommate, who attended the services here today as a special representative of the state treasury department, stated that Dodson was conscious and good-humored to the end. Dodson was an employee of the treasury department.

Popular on Campus.

Young Harrison said that the local young man was very popular with everyone with whom he came in contact, and had made countless friends since he entered the University last fall.

Dodson's reputation for friendliness and gentlemanliness have gone with him since he was a grammar school boy here. In high school, he was editor of the school paper in his senior year, and earned valedictorian honors when he graduated at mid-term. He was a member of the football squad in 1930, but gave his major interests to literary work and general school activities.

Dodson carried his clean-cut manhood with him to Simmons University, Abilene, in the spring and summer of 1931. He was a member of the famous Cowboy Band while there.

Father Died Recently.

District Judge Fritz R. Smith, father of Dodson, died only a few weeks ago, after a prolonged illness. He was one of West Texas' best known and best loved jurists. The son was following in his father's footsteps, being a law student.

Surviving are his mother and three brothers, Tracy of Big Spring, and Fritz R. Jr. and Coleman of Snyder.

School was closed early this afternoon in order that the young friends of one of Snyder's favorite sons might pay tribute at the First Christian Church.

Mrs. Boren Operated.

Mrs. Wayne Boren of Snyder, who has been residing with her mother in Fort Worth in recent weeks, underwent an operation for appendicitis in Oklahoma City, where she was visiting, a few days ago. Her husband and mother were called to her bedside from Ft. Worth. She is said to be improving rapidly.

Fine Crowds at Revival Meeting In Second Week

Fine crowds are attending revival services at the Methodist Church during the second and final week of services. Several have been reclaimed at the altar of the church. Rev. J. H. Hamblen of Sweetwater is bringing some stirring messages—straight-from-the-shoulder messages—every service.

Wednesday morning's service became a testimony meeting, with 75 or 80 of the older people telling of their religious experiences. J. E. Greene, 92, Scurry County pioneer, was given a bouquet for being the oldest man present, and Mrs. Green was recognized as the oldest Christian present, she having confessed Christ 70 years ago. Mrs. Mary Sharp, 87, was recognized as the oldest woman present.

Rev. S. H. Young, pastor, states that services will continue through Sunday.

BORDEN TAKES POLITICAL FLU

Politics is—and are—becoming warm in Borden County, late reports from the thinly-populated cattle section indicate.

A full list of candidates is not available, but it is known that three seekers after the sheriff-collector is keeping the pot boiling. Competition has likewise appeared in practically every other race.

The latest development was the election Monday of S. W. Williams, deputy county clerk, as county Democratic chairman. (Will someone please count the Borden County Republicans for us?)

Farmers Receive 180 Loan Checks From Uncle Sam

About \$9,000 in farm loan money has been received in Scurry County, says Harvey Shuler, local secretary. Of 425 applications that have been made here for loans, almost 400 have been sent, complete, to the Dallas office, and 180 checks have been received.

The check average about \$50 each, which is approximately 50 per cent of the total loan to be granted. Mr. Shuler points out that the remaining 50 per cent should be applied for a few days before the first installment is exhausted.

Most of the applications have been cut down to some extent, and a few have been turned down altogether.

The secretary announces that no applications will be accepted after Wednesday, April 20, since completions cannot otherwise be made by April 30, the final date for granting loans.

V. A. Boys Place in Judging Contests at Lubbock Last Week

Vocational agriculture boys from Snyder High School, led by their teacher, A. C. Hammond, entered three teams in the judging contests held at Lubbock last week.

Kenneth Pitner was high pointer among the local boys, and ranked fifth in the contests. The poultry team ranked first in exposition birds, and third in egg judging. It placed ninth in the entire contest.

The following teams were entered from Snyder:

Poultry—Weldon Birdwell, Oran Sturdivant, Kenneth Pitner.
Fat Stock—Bruce Murphy, J. C. Evans, Jack Reynolds.
Dairy Cattle—Ernest Westbrook, Daymon Worley, Curtis Jarratt.

Old Council Meets Final Time Monday

Meeting for the last time with its old organization intact, the city council Monday night had little to do except to o. k. bills and hear reports read.

No fines have been reported for two months, and the city dads decided that they live in a peaceful town.

Water and sewer collections were reported at \$1,053.02 for March, and tax collections at \$200.15.

Tennis Finalists Go To Abilene Friday

Tennis finalists in the Scurry County Interscholastic League meet will go to Abilene Friday and Saturday as entrants in the district division.

Other athletic winners, as well as all literary winners, will compete at Abilene Friday and Saturday of next week.

Practically all winners from this county will go to the Abilene meet, it is believed by E. E. Kerr, general director.

YARD, GARDEN CONTEST OPEN TO ANY FAMILY

Valuable Prizes to Be Offered—No Entry Fee or Red Tape—Just Help Beautify.

SEND IN YOUR ENTRY NOW

Yard and Garden Contest at once. Do not delay. Clip out the entry coupon on page 8 of this issue, fill out as directed and mail to The Times. Interest your neighbors and get them to enter, too. You will improve the appearance of your entire street by so doing. You have as good a chance as anyone else to win a prize. And remember: "YOU WIN IF YOU LOSE."

To improve and beautify the home grounds of Snyder, to awaken all citizens to the desire for better living and to provide an outdoor living room for every family, a city-wide Yard and Garden Contest will be conducted here, beginning at once. The campaign is sponsored by The Times.

Every home owner in Snyder is invited to enter this big contest, which is part of a great national movement sweeping over the country. There will be no entry fee and the contest is so arranged that the owner of a small home will have an equal chance with the wealthier resident in the prize competition.

To enlist city-wide participation in the contest, a list of valuable prizes, to be announced next week, will be offered to the winners.

The committee selected to direct the contest will likewise be announced next week.

Plant and Beautify.

Better living quarters, a healthier environment both for adults and for growing children, increasing the efficiency of the home through the growing of an outdoor living room, adding actual dollars to the value of every property improved by proper planting, cleaning up alleys and streets and vacant lots, removing garbage and rubbish and eventually beautifying the entire community so that it comes to justly deserve the title of "City Beautiful" are results achieved elsewhere and are goals which it is confidently expected this city will reach through the Yard and Garden Contest now underway.

"You Win If You Lose" has been selected as the slogan of the campaign, for even if an entrant does not win a prize, such an improvement will be made in the appearance of the premises that the home owner in question will consider that his time spent in beautifying the home grounds was well invested.

Further details of the contest will be announced next week.

FEW BALLOTS AT HERMLEIGH

Excitement and votes were not much in evidence at Hermleigh Saturday and Tuesday, when trustee and town elections were held.

In Saturday's balloting, only 36 votes were cast. W. W. Early and Estel Tate were made new trustees, while Nell E. Parr, D. A. Layman and T. J. Hodnett were re-elected.

Twenty-six votes were cast in the city election, in which there was little competition. W. W. Early was re-elected as mayor, while C. M. Adams, W. L. Jones and C. Karnes were again named as aldermen. H. C. Vaughn and J. L. Fargason defeated W. D. Hooper and Ray Vernon, by a small majority, for aldermanic places.

Clean-Up Week in Full Swing; Home Owners Cooperate

Clean-Up Week is going forward this week with a number of home owners and others cooperating, but city officials state that much more trash gathering will be necessary before the campaign is really community-wide.

Those who have trash to haul should place it in easily handled containers in a conspicuous location. Warners will make the rounds of the residential section and move them without cost.

Officials call attention to the fact that much trash is being dumped on the road near the oil mill. They state that such a practice is forbidden by law, and that violators are subject to prosecution. The city dump ground, southeast of town, is the only lawful place for trash dumping.

ASK BOB WHAT MR. CLASSY DID

OLD LUMBER for sale or trade; priced right. Inquire at Times office.

Ask Bob Weaver, down at the Magnolia Service Station, what kind of results he obtained when he ran that little two-bit classified in Your Home County Paper.

The inquirers kept him busy a-plenty, and it wasn't long until he had made himself a trade.

We're not bragging. We're letting Times classifieds speak for themselves. . . . and how they do talk! Better use one or two next week.

The WOMAN'S Page

Study Club Meets With Mrs. McGlaun.

Mrs. Alfred McGlaun was hostess to the Alpha Study Club Tuesday afternoon.

Mrs. Lee Stinson was hostess to the Altrurian Club Friday afternoon at her home, 3011 Avenue U.

Mrs. Lee Stinson Entertains Club.

Mrs. Lee Stinson was hostess to the Altrurian Club Friday afternoon at her home, 3011 Avenue U.

Mrs. Lollar Hostess To Bridge Club.

The Tuesday Afternoon Bridge Club met this week with Mrs. T. L. Lollar, 2028 Twenty-seventh street.

Culture Club Meets Tuesday.

The Woman's Culture Club met Tuesday afternoon with Mrs. W. G. Williams at which time Mrs. E. E. Weathersbee directed a most interesting Bible program.

PALACE THEATRE

Program for Week: Friday-Saturday, April 8-9 "The Gay Caballero"

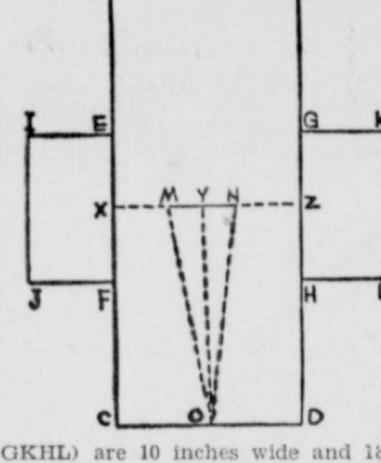

With George O'Brien, Victor McLaglen and Conchita Montenegro. An outlaw who was in right with every senorita on the Rio Grande.

Sunday, Monday and Tuesday, April 10-11-12 "Way Back Home"

Starring Seth Parker and his Jonesport Neighbors. Sinners and Saints—Lovers and Villains—All the warm romance and dark deeds of human, erring folk.

VERY LATEST by MARY MARSHALL

Nothing could be simpler than the construction of a coolie coat. It can be made entirely in one piece or sleeves may be placed on the one piece that comprises front and back.

GKHL are 10 inches wide and 18 inches long. If your material is wide enough you can cut it all from a piece 44 inches wide. You may, if you like, slope the front edges from M to O and from N to O or you may turn back the material from Y to M and from Y to N to form revers.

Art Guild Elects New Officers.

Susie Johnston, Correspondent Mrs. O. C. McDermott of Canyon was a guest in the Rev. J. E. McDermott home Saturday and Sunday.

Those who were elected in the trustee election Saturday, were: Fred Cotton, Jackson Ellis, (re-elected) T. J. Fuller, (re-elected).

W. S. Goodlett, Sr., who underwent an operation for appendicitis at the West Texas Baptist hospital at Abilene, was brought home Tuesday and is improving very rapidly.

There has been lots of sickness in our community the past two weeks caused by flu, but most of them are able to be up now.

A. H. White who was hit in the side by a piece of flying metal from a tractor he was working on is able to be up and about. The metal went into the flesh causing a great deal of suffering for several days.

I surely did have a miss sending in my new, last week but was sick and couldn't.

Royce Johnson and Alvis Gary defeated Fluvanna tennis team (boys) Monday at Snyder, giving them first place of which we are very proud. We were proud of all medals won by our boys and girls and especially do we think Alvis Gary and Morris Ashley did fine in track. These two will go to Colorado some time this week for a practice track meet.

Albert Johnston and sons of Buford visited in the W. A. Johnston home Monday.

This correspondent certainly enjoyed all that was done for the correspondents—taking us all to the show which I surely enjoyed and serving us with good things to eat and drink. Whoever made the punch certainly did know how. I enjoyed seeing how our paper is printed but the typewriter machine was too complicated for me. I surely enjoyed meeting correspondents I had never met and also those I had met at the picnic here. Many thanks to the publishers for the nice time shown us.

Rev. J. P. Macee preached at the Methodist church Friday and Saturday as well as Sunday. There was preaching some time and afternoon at the Baptist church last week by the pastor. There were no conversions but much interest was manifested.

We are not so much different from our early ancestors after all. When at the age of five, my little brother was confronted with danger he grabbed the weapon most conveniently at hand. In moments of peril we grab the first rock or club and let go with it.

FARM SPECIAL VISITS SNYDER ON FINAL CALL

Almost 700 People View A. & M. Exhibits on Nine-Car Santa Fe Train Wednesday.

Journey's end for the Santa Fe Texas A. & M. College Farm and Home Special train was written here Wednesday just after noon, when 689 Scurry County people greeted the agricultural and home making school on wheels.

The stop at Snyder concluded a trip that has taken in 152 pivot towns touched by the Santa Fe system in Texas. W. H. Darrow, extension service editor aboard the train, stated that the special had played host to 124,725 persons since it left Navasota February 15. The total attendance attracted by a similar train operated in 1928 was 111,600.

This is the best farm train ever sponsored by any state agricultural college, declared J. F. Jarrell of Toneyka, Kansas, manager of agricultural development for the Santa Fe system, in addressing the crowd assembled here Wednesday. He has directed 47 agricultural trains in 10 of the 12 Santa Fe states since 1910, when he left newspaper work to supervise agricultural development along the railroad lines.

Best Attended in U. S. Continuing, Mr. Jarrell said, "This train has had more persons in attendance than any other similar train operated in the United States, and has drawn the largest number of people to any one place."

share with many others the opinion that the interest shown by Texas people in the lessons taught in these college exhibits has exceeded that displayed at any educational train of this nature."

Talks by specialists of A. & M. College and the varied exhibits aboard dealt with the benefits of improved farming methods, a live-at-home program and how life on the farm may be made more comfortable, happier and of greater profit. The program as a whole featured such general topics as beef cattle, agronomy, dairy cattle, hogs, sheep, poultry, goats, farm electrification, feeding and clothing the family, 4-H club work, yard beautification, rug making and home industries. In the exhibits displayed, visitors to the train found illustrations of the points brought out by the speakers.

Not First Train of Kind. In announcing the purpose and nature of the special, J. D. Tinsley, general agricultural agent, Panhandle and Santa Fe, Amarillo, said: "This is not the first agricultural train in the operation of which the Santa Fe has joined with the Texas A. & M. College. But the exhibits aboard are the best ever carried from the college in each work. They tell in a fine way what the college is doing in helping the advancement of agricultural independence and the Santa Fe, in joining with the college in such an enterprise, feels it is taking the best way to aid in helping about greater prosperity and better living conditions on the farm."

The Santa Fe operated agricultural trains in Texas in 1923, 1924 and 1928. This year's train is a nine-car special, including four cars of exhibits, flat car for speakers' platform equipped with electrically operated voice amplifier for open air meetings, passenger coach for meetings in inclement weather, livestock feed car and cars for accommodation of the personnel aboard. Operation of the special is being handled by the railway exhibits and speakers being supplied by the college and other cooperating agencies.

Personnel of Group. Members of the A. & M. College group aboard included: H. H. Williamson, vice director and state agent, extension service; S. C. Evans and Miss Myrtle Murray, district farm and home demonstration agents, extension service; Mrs. D. L. Jones, Lubbock; D. L. Jones, superintendent Lubbock Sub-Experiment Station; P. T. Mansford, agricultural engineering department A. & M.; W. F. Munnerlyn, poultry department A. & M.; E. M. Reenbrecht, swine husbandman, extension service; S. D. Sweeney, farm electrification specialist; C. Lee Station; C. B. Martin, county College Station; C. B. Martin, Swisher county agent; and W. H. Darrow, editor, extension service.

Santa Fe representatives aboard included J. F. Jarrell, manager of agricultural development, Santa Fe cultural agent, Panhandle & Santa Fe; Amarillo; L. F. Dinan, agricultural agent, Gulf, Colorado & Santa Fe, Galveston; A. M. Hove, special representative, "The Earth," Amarillo; F. A. Baker, trainmaster.

Slaton; and E. Kancher, division freight and passenger agent, Lubbock.

J. Sam Lewis, staff correspondent of the Lubbock Avalanche, was aboard.

Power to operate machinery of the train was furnished by Texas Electric Service Company.

Seth Says It's Hard to Face a Movieized 'Mike'

Which is the hardest to face for the first time, a radio broadcasting "mike" or the microphones and cameras of a talking machine?

There are six celebrities who are in position to give an expert opinion: Seth Parker and five of his original National Broadcasting Co. troupe, who play central parts in RKO-Radio Pictures' tense home-spun drama, "Way Back Home," at the Palace Theatre Sunday, Monday and Tuesday.

"The first time I faced a radio microphone was in giving a free skit over a very small local station," Seth declares. "I was perfectly content about it until I was about to speak, and then the worst panic I've ever felt in my life hit me. It's something I've never gotten over, quite, in broadcasting hundreds of programs and skits over the giant NBC network and other stations."

"It was the thought that my words, once spoken here, couldn't be recalled for editing and revision; that a mistake was made forever, and would ring in the ears of countless listeners—!"

"While that fear persisted from the first, least-important broadcast I ever made, I didn't seem to feel it when I was suddenly confronted by a new mightily important and complicated business, the filming of a picture. Somehow, I wasn't afraid."

Plainview News

Lorene Smith, Correspondent

Miss Dixie Lee Mitchell who visited last week at Pryor is home again.

Mr. and Mrs. Eston Bertram and daughters, Doris and Ardy Ann, of Sweetwater spent Sunday afternoon in the J. A. Bertram home.

Mr. and Mrs. Lemmon Vandiver and baby spent the week-end with her parents of Snyder.

Mr. and Mrs. J. D. King had as their guests Sunday, Mr. and Mrs. W. L. King of Woodward, Mr. and Mrs. Jim Strinzer of Bell, and Mr. and Mrs. E. W. Sturgeon also of Bell.

John Woodward was elected Saturday as our new trustee to serve with Cullen Tombs and Joe Eckie. Doyle Pogue who has been in Merkel for several days returned Monday.

Mr. and Mrs. Claude Martin of Loraine were the week-end guests of Mr. and Mrs. C. B. Martin.

Miss Ruth Jones spent Saturday and Sunday with Mr. and Mrs. Shorty Woods of Camp Springs.

Capitol Smith, a week-end guest of Miss Beulah Stark of the Lloyd Mountain community.

Florence, Bob, Ceicie and Mrs. Martin, also Addie and Jessie Ballard, spent Sunday with Mr. and Mrs. Hugh Crawley of Lloyd Mountain.

Arpie and Hugh Ballard who have been in Loraine for some time are spending the week in this community.

Mrs. I. F. Smith has been very ill for the past ten days of the flu, and is no better at this writing.

Mrs. B. F. Brooks and Miss Louise have been confined to their beds the past week because of the flu. There are several other cases in the community but not all of them are so serious.

Elmer Martin of Loraine spent Sunday with Fred Martin.

Some new members were added to our Sunday school Sunday. It seems to me that we have one of the most active and interesting Sunday schools any where near. There were over eighty present Sunday.

Miss Cecelia Garner and Messrs. Pete Glass and Lewis Smith of Pryor were visiting in the Mitchell home Sunday evening.

The second P. T. A. meet was held at the school house Saturday evening, with about fifty present. A short but interesting program was given and afterwards coffee and cakes were served. Thanks to Mrs. Dale Reid and Mrs. Erwin.

The club also voted to join the State Federation. The next meet is to be two weeks from this time, I believe. If you are not a member, come and join.

This letter would not be half as complete without mentioning the good times we correspondents had as the guests of our editors last Saturday. Our "family" seems to be growing by leaps and bounds judging from the way our members increase at these socials from time to time. We are even adding some in-laws.

Send one dollar for large size trial package, testimonials and descriptive literature. Money refunded if not satisfactory. MINERAL WELLS WATER COMPANY Baker Hotel Mineral Wells, Texas

Correspondents and Friends Entered By Times Saturday Afternoon

By Minnie Lee Williams, Secretary, Publishers-Contributors Assn. The Times Publishers-Correspondents Association met Saturday, April 2, in the Times office at Snyder and enjoyed a social meeting from 1:30 until 3:30.

Our publishers directed us thru the office, showing us how the different machinery is operated and how our Scurry County Times is prepared for the press, and then operated the press, showing how the paper is printed and ready to enter the mails and on its way to the various subscribers.

We wish to say that this was all very interesting and that we do not wonder why our paper does not reach us some times as early as we would like for it to.

One thing our publishers failed to do was to explain how they interpret the different "lingo" of we correspondents and no wonder they were puzzled.

After having been shown through the office we immediately went into a business meeting with our president, Mrs. Dick Hardee of County Line, presiding. Most every correspondent present was given the roll call by giving an interesting talk on how they enjoy their work and how proud they were of the paper our editors are giving us and each one expressed their eagerness to receive the Toggling Times, a tiny paper which is published each month for the special benefit of the correspondents who do not fail to send in a news letter each week during the month. A show ticket to the Palace Theatre always accompanies the T. T. which the correspondents appreciate very much.

When the business session was adjourned all correspondents and their friends were invited to stay for a social and refreshments were served.

Those who enjoyed the social were Mr. and Mrs. J. C. Smith and little daughter, Margaret Elizabeth, Mr. and Mrs. J. W. Roberts, Mrs. Eloise Brownfield and Le Roy Fesmire of the Times office correspondents, Mrs. Minnie Tate Abernathy, Bell, Miss Joie Mahoney, Big Sulphur, Mrs. Adell Barnett, Canyon; our president, Mrs. Dick Hardee, County Line, Miss Susie Johnston, Dunn, Miss Guida Horsley, Emis Creek, Mrs. L. A. Haynes, Fluvanna, Miss Georgia Ruth Pagan, German, Miss Imo Gene Childers, Camp Springs, Minnie Lee Williams, Hermleigh, Mrs. E. A. Kruse, Ira, Miss Glenna Bell, Winton, Lloyd Mountain, Miss Gladys McInerney, Lone Wolf, Miss Edna M. Armstrong, Martin, Miss Lorene Smith, Plainview, and Leon Guinn, Camp Springs, Miss Connie Shepherd, Pleasant Hill, Miss Adjean Reed, Pryor, Mrs. J. W. Brown, Round Top, Miss Lena Hamilton, Strathorn, Miss Chloie Smith, Turner, Miss Gertrude Binlon, Union Chapel, Miss Anner Lewis, Wood-

pend and Mrs. John Deaver, formerly Miss Faye Bullard of Union and Mrs. J. C. Dowdy of Fluvanna, both former correspondents, were also with us. The visitors present were: Miss Margaret Duke, Ira, John Deaver, Union, Mrs. Bill Nobles, Borger, Mrs. Dock Stringer, Miss Bertha Vineyard, Big Sulphur, Alma Williamson, Turner; Mildred Lapour, Bell, Cora Beth Mahoney, Lone Wolf, Mrs. Mattie Minor, little Miss Frances Kruse, Ira, Miss Ruth Guinn, Snyder, Miss Loreta Williams and Mrs. M. E. Williams, of Hermleigh.

We take the opportunity of thanking our publishers for the courtesy shown us at the social and am glad to report that all present spent an enjoyable afternoon.

The B. F. U. made a trip to Gail Sunday afternoon, carrying their supper. We understand a program was to be rendered.

An interesting program was rendered at Epworth League Sunday night, "Is Our Penal System Christian," all young people are invited to attend these services.

Mr. and Mrs. Charlie Hunnicutt of Ozona were here visiting relatives last week.

Mrs. Angie Robinson of Sherman is making a two weeks visit with home folks.

Mr. and Mrs. J. F. Maxie and girls spent the week-end at Rockwood, visiting Mrs. Maxie's parents.

Mrs. J. R. Willis left Friday for Bell County where she will visit with relatives.

Mr. and Mrs. Belmont Bishop and Rose Nell Staley spent the week-end at Westover visiting Mrs. Bishop's parents.

Mr. and Mrs. J. I. Boren and daughter, Mrs. Mildred Mathis, spent Sunday in Lamesa with their son and family, Mr. and Mrs. Emmett Boren.

T. J. Rea made a trip to Lubbock Sunday after his father, C. L. Rea. Mr. Rea has been in the sanitarium for several weeks for treatment, but is said to be some better.

I wish to thank the editors again for the good time Saturday afternoon. You correspondents who were not present, don't know what you missed. "The Beasts of the City" certainly was a fine show and we enjoyed it immensely.

Fluvanna News

Mrs. L. A. Haynes, Correspondent

From the looks of the weather this (Monday) morning, it looks as we might be in for another sandy April, like March, always brings us plenty of sand.

Rev. Frank Story delivered two splendid sermons at the Methodist church Sunday at the eleven o'clock hour and at night. He filled his afternoon appointment at Polar, Sunday evening.

Polar News

Mrs. Homer Randolph, Correspondent

We are having a rather sandy looking Monday. We surely need a nice rain. Most all the farmers are planting feed.

Mrs. Georgia Lilly returned to her home Sunday from Throckmorton, Texas, where she was called last week to the bedside of her mother, who is reported improving.

Leonard White is again visiting his parents, Mr. and Mrs. Jess White.

A number of singers went to Dermott Sunday night for singing. After the Epworth League a number gathered around and sang a few songs, but most of our singers were not present.

The trustee election was held Saturday. John Davis was elected in A. C. Elkins place.

Mr. and Mrs. W. S. Cumble and children spent the week-end with Mr. and Mrs. John Cumble at Dickens, Texas.

The party given in the White home Saturday night was enjoyed by a large crowd of young folks. I received my Toggling Times last week. Thanks editors.

A number of business men in Snyder donated several needy articles to Mr. and Mrs. J. J. Allen whose house was destroyed by fire. We wish to thank each of them.

Say, correspondents, were you all present at the picnic? It certainly would have been my pleasure to of been present, but Polar is almost at the back side of nowhere and not many means of traveling. Although I mean to come next time—look for me.

When your clothes enter Rogers' shop, you know that they are in the hands of two of the most experienced craftsmen in West Texas.

Satisfied customers is just one of our rewards for doing quality work, no matter the price.

SNYDER, TEXAS, THURSDAY, APRIL 7, 1932

EDITORIAL OF THE WEEK.

A LOST BABY STIRS A CONTINENT. Charles Augustus Lindbergh Jr.'s disappearance has supplanted the Sino-Japanese war on the front page of the dailies.

It is quite likely that the kidnapping will have far-reaching effects. It has shown up once more the weakness and impotence of the arm of the law. The fact that Col. Lindbergh has had to appeal to gangsters to help find his baby, that these super-gangsters lead lives, seemingly, "within the law," that many serious-minded people advocated turning Al Capone loose to round up the gang, has seemed preposterous to those of us who enjoy the protection of British law and order.

The Lindbergh kidnapping may rouse the national spirit to a pitch that will demand reform. The people are crying for the blood of the kidnapers, but a more effective and lasting revenge would be war against the conditions that make the gangster.

Filling Our Little Niche.

One of the most difficult feats a newspaper has to perform is this: Please as many as 50 per cent of its readers as to the type of news used.

We have particularly in mind the fact that our rural correspondents send in enough news each week to fill two pages, sometimes more, of The Times. A few of our friends have quite sincerely expressed the opinion that such news is wasted on the desert air.

Any Old Cans Today?

Any old rags? Any old bones? Any old clothes? That droning attention-getting song of the negro junk man in a recent motion picture comes back to our ears as we remember that Clean-Up Week is on right here in Snyder—without very many efforts being put forth to do anything about it.

There are a few eye-sore places around town that should be cleaned up at all costs. And there are a few careless householders who dump their trash beside public roads and in public creeks without stopping to consider that they are endangering not only the beauty of their town but the health of its citizens.

And if you just can't spare the money, why not bring your rake and hoe and spading fork and hose out of discard, and do your bit to make Clean-Up Week a huge success?

THE WEEKLY DOZEN.

A Law Should Be Passed. Pessimism Pete declares that what this county needs is a law against candidates who run on the merits of their ancestors and the demerits of their opponents.

Better Than Sandstorms. The style show to be given by a local club next week should be as attractive to the men as it is to the women.

He Takes Off the Brakes. That Methodist revivalist has told Snyder a few things about her unworthy self—and we deserve 'em all.

Blest Be the Rain That Falls. If Scurry County could be blessed with an occasional shower this spring and summer, there'd be the greatest crop in many a year, we hear almost every day.

The Cards on the Table. That Chamber of Commerce get-together was one of the most helpful things that has happened to Snyder in a blue moon.

Taxes Founder Mississippi. It is said that unpaid taxes have claimed about 25 per cent of the privately-owned property in the state of Mississippi.

History on Track and Field. Snyder and Scurry County athletes are making some history this year. The latest developments are the sensational running and jumping and hurdling of Buck Howell and Bedford McClinton.

Just Smiling Around. Dr. J. B. Cranfill, pioneer of Texas and Dallas wrote a series of witticisms in Sunday's Dallas News that must have been inspired.

The Mightiness of the Mite. The importance of using precautions against infection has been bitterly brought home to Scurry County in recent days.

An Election to Our Liking. What a commotion that city election did arouse! We weren't there when it all happened, but there must have been a full concourse of wives, grandmothers and grandpappys at the polls.

You Win If You Lose. The Times is this week announcing the Yard and Garden contest promised some time ago.

Well, Well, Well—and Well. The prize bit of political poppycock of the week is the report that Sterling and Ferguson may withdraw from the governor's race in order that a repetition of the bitter animosities of 1930 may not be possible.

You Win If You Lose. The Times is this week announcing the Yard and Garden contest promised some time ago.

A Reliable Old Plow Team — By Albert T. Reid

CURRENT... COMMENT BY LEON GUINN

The "war against depression" has been functioning with few litches, as results prove. The Legion, the A. P. of L., and the advertisers and publishers behind this drive have seen that over 20 per cent of the 1,000,000 jobs have been found.

The new Ford V-8, that you can soon see in the Snyder show room, does 75 m. p. h., has interchangeable engines (the 4 or 8 cylinder optional), has quick acceleration, down draft carburation, aluminum alloy pistons, pressure lubrication to bearings and crankpins, to name a few features.

Note well in other columns of this issue the recent P.-C. A. Association meeting. The Scurry County Times, with Mrs. Dick Hardee, Miss Minnie Lee Williams, Miss Lorene Smith at the controls of this organization, has given Times readers the newest letters from county communities.

John N. Garner. Now that's a real Texan. Who but a Garner could have taken the floor, and in a speech swept opposition into submission? Who but a Garner could have won gallery applause from a group who, a week before, hissed tax uppers?

Have you noticed that the Palace this year is offering the best entertainment in pictures? Go, if you can rake up a quarter, and treat the kids and wife to the same shows showing here in the large cities.

The most successful merchants are skillful users of the advertising tools. Last year the biggest dividends (as a private dispatch shows) were declared by those relying on the printed sheet.

For instance, American Tobacco Company's \$46,189,000 earned in '31 was due to newspaper advertising plus other mediums. Lucky is the man that reaches for customers via advertisement.

THE EMPIRE OF THE AIR

De Forest becomes immortal. Take a tube out of your radio. You are holding in your hand the most important invention of the century. That little device is so sensitive, yet so accurate, that it enables man to exercise a degree of control over the forces of nature that he had never dreamed of before.

The credit for the invention of the miracle is wholly and entirely American's. The basic conception of the three-electrode tube, of its design and use was wholly American. Lee de Forest, a native of Council Bluffs, Iowa, developed the idea of electronic control of Hertzian waves while he was endeavoring to use an incandescent gas burner as a wireless receiver.

Why was the addition of a third part of such tremendous importance? Because by means of this grid the feeble incoming radio waves could make the much stronger battery current, which de Forest always employed flowing through the tube from filament to plate, rise and fall in intensity exactly as they themselves fluctuated.

Thus the grid caused the battery current to rise and fall, to become stronger and weaker with the rise and fall of the incoming radio waves. When these radio waves were modulated by a voice speaking against a telephone diaphragm, the grid faithfully reproduced these modulations and imparted them to the battery current which in turn operated the telephone receivers and reproduced the original sound.

LETTERS FROM THE PEOPLE OUR READERS' OUR VIEWS

Protest C. of C. Claim. Scurry County Times: Right is right and wrong is no man.

Statements made at the C. of C. banquet Friday night, I want to challenge, and with no spite or malice in my heart, desire to make the following statements.

It was said at the meeting that the Chamber of Commerce was directly responsible for lowering the price of gas in Scurry County to the extent of, I believe they said, \$60,000 a year.

Now to keep the record straight and the facts in the case: First, I want to specifically state that it was the independent dealer who brought the price of gas down in Scurry County.

On July 16, 1929, when the state tax was raised from 2 to 4 cents, I sold for 8 cents a gallon less than the major companies, in this territory.

I herewith challenge the Scurry County Chamber of Commerce to prove that they were responsible in lowering the price of gas in this county.

I am an independent dealer, and do not take my orders from any major oil company, and will continue to keep the price of gasoline down in Scurry County.

Very truly yours, HOWARD BROS. By Henry Howard.

do not take my orders from any major oil company, and will continue to keep the price of gasoline down in Scurry County. Very truly yours, HOWARD BROS. By Henry Howard.

SIGHT UNSEEN

by MARY ROBERTS RINEHART

Ninth Installment

accu, light and strong and had seen service. It was long, too long for me; it occurred to me that Wells had been odd that he should have carried so long a stick. There was no ease in swinging it.

From that to the memory of Hawkins' face when Sperry took it, the night of the murder, in the hall of the Wells house, was only a step. I seemed that day to be thinking considerably about Hawkins.

When Sperry returned I laid the stick on the table. There can be no doubt that I did so, for I had to move a book-rack to place it. One end, the handle, was near the ink well, and the ferrule lay on a copy of Gibbon's *Life Beyond the Grave*, which Sperry had evidently been reading.

Sperry had found the letter. As I glanced at it I recognized the writing at once, thin and rather sexless. Spencerian.

Dear Sir: Since Mr. Wells's death I am out of employment. Before I took the position of butler with Mr. Wells I was with Mr. Ellingham, and before that, in England, to Lord Condray. I have a very good record of recommendation from Lord Condray. If you need a servant at this time I would do my best to give satisfaction.

(Signed) Arthur Hawkins.

I put down the application, and took the anonymous letter about the bag from my pocketbook. "Read this, Sperry," I said. "You know the letter Mrs. Dane read it to us Saturday night. But compare the writing."

He compared the two, with a slight lifting of his eyebrows. Then he put them down. "Hawkins," he said. "Hawkins has the letters! And the bag? The question is to whom was it written?"

"We pondered that, to no effect," that Hawkins had certain letters which touched on the Wells affair, that they were probably in his possession in the Connell house, was clear enough. But we had no positive authority for trying to get the letters, although Sperry was anxious to make the attempt.

"Although I feel," he said, "that it is too late to help her very much, I am inclined to say the least, I think you know that, too, deep in that legal mind of yours. It is wrong to discredit her because I did a foolish thing." He warned to his argument. "Why, think man, he said, 'The whole first sitting was practically co-incident with the crime itself.'"

It was true enough. Whatever suspicion might be cast on the second sentence, the first at least remained inexcusable, by any laws are recognized. In a way, I felt sorry for Sperry. Here he was, on the first day of his engagement, protesting her honesty, her complete ignorance of the discovery she had made, and his intention of keeping her in ignorance, and yet betraying his own anxiety and possible doubt in the same breath.

"She did not even know there was a family named Wells. When I said that Hawkins had been employed by the Wells, it meant nothing to her I was watching."

So even Sperry was watching. He was in love with her, but his scientific mind, like my legal one, was slow to accept what during the past two weeks it had been asked to accept.

I left him at ten o'clock. Mrs. Dane was still at her window, and her far sighted old eyes caught me as I tried to steal past. She rapped on the window, and I was obliged to go in. Obligated, too, to tell her of the discovery and, at last, Hawkins being in the Connell house.

"I want those letters, Horace," she said at last.

"So do I. I'm not going to steal them."

"The question is, where has he got them?"

"The question is, dear lady, that they are not ours to take."

"They are not his, either."

"I had done all the private investigating I cared. And I told her so. She only smiled critically. . . ."

The following day was Monday. When I came down stairs I found a neat bundle lying in the hall, and addressed to me. My wife had followed me down, and she surveyed it together.

It was my overcoat! My overcoat, apparently uninjured, but with the collection of keys I had made missing.

The address was printed, not written, in a large, strong hand, with a stub pen. I did not, at the time, notice the loss of certain papers, which had been in the breast pocket. I am rather absent-minded, and

After our P. C. meeting Saturday afternoon in which we met many correspondents for the first time and fell deeply in love with each we were inspired to write a long letter this week—the inspiration is with us but we fear we do not have the ability to do justice to what we would like to say.

Mrs. Dale Hardee is an able president of our association, performing her duty in a commendable way. Miss Loree Smith is so pleasant and fills her office of vice-president successfully. Miss M. Lee Williams puts energy into the whole "bunch." We were pleased indeed to have Leon Guinn with us. He made a good talk. After being shown through the printing office, seeing the Times printed and other refreshments were served, the publishers gave every one present a ticket to The Palace Theatre. The "bunch" was piloted to the theatre by Leroy Pasmire. They received by our pleasant publisher, Jake Smith and ushered to our seats. We enjoyed the show, "Beasts of the City." The writer was held spell bound by her had no idea of the sin being committed every moment of the time in the cities, being raised on a farm and spending all our life, so far, in the country, we did not realize the corruption of some parts of the world.

Word comes from John Lipham and family, formerly of Scurry County, but now residing near Lineville, Alabama. That they were in the path of the two cyclones that recently swept that part of the country. One tornado came on Monday night, then another followed in the same path the following Sunday night. Their home was ripped apart, part was blown down, the chimney was blown down, the bedding caught fire, but with faithful fighting of the fire the family was saved. No one suffered serious injuries, but their neighbors were not so fortunate. There were many dead and injured all around the Lipham home. Mrs. E. C. Tate of Bell community is a daughter of Mr. Lipham.

Mrs. Emmett Bowlin has been real sick of flu but is better now, we are hoping to say.

L. V. Prince is putting in some sod land, planting maize every third row.

Mr. and Mrs. G. W. Young of McCauley, are visiting their grandson, Raymond Young at Camp Gabriel.

odor of all closed houses, a combination of carpets, cooked food, and floor wax.

"Now, friend Horace," he said, "if you have matches, we will look for the overcoat, and then we will go upstairs."

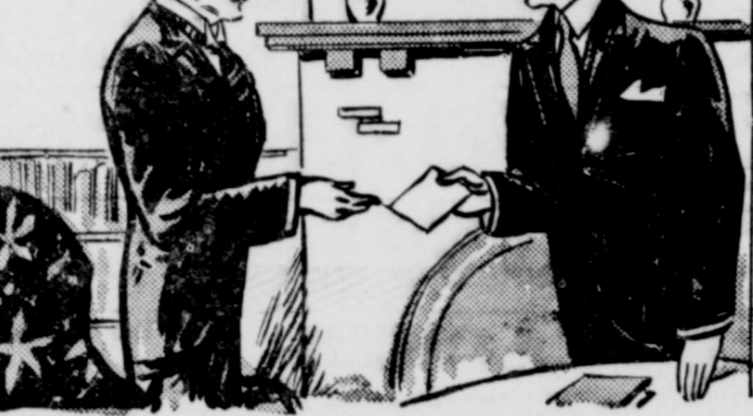

As we had anticipated, there was no overcoat in the library, and after listening a moment at the kitchen door, we ascended a rear staircase to the upper floor. I had, it will be remembered, fallen from a chair on a table in the dressing room, and had left them thus overturned when I charged the third floor. The room however, was now in perfect order, and when I held my candle to the ceiling, I perceived that the bullet hole had been repaired, and this time with such skill that I could not even locate it.

"We are up against some one cleverer than we are, Sperry," I acknowledged.

"And who has more to lose than we have to gain," he added cheerfully. "Don't worry about that, Horace. You're a married man and I'm not. If a woman wanted to hide some letters from her husband, and choose a curtain for a receptacle, what room would she hide them in. Not in his dressing room, eh?"

He took the candle and led the way to Elinor Wells's bedroom. Here, however, the draperies were down, and we would have been at a loss, had I not remembered my wife's custom of folding draperies when we close the house, and placing them under the dusting sheets which cover the various beds.

(To Be Continued.)

Sperry handed me the letter.

psychic investigation only."

"Rats!" he said rudely. "We are going to find out who killed Arthur Wells, and if he deserves hanging we'll hang him."

"Or her?"

"It wasn't Elinor Wells," he said positively. "Here's the point: if he's been afraid to go back for his overcoat it's still there. I don't expect that, however. But the thing about the curtain interests me. I've been reading over my copy of notes on the sittings. It was said, you remember, that curtains—some curtains—would have been better places to hide the letters than the bag."

I stopped suddenly. "By jove, Sperry," I said. "I remember now. My notes of the sittings were in my overcoat."

"And they are gone."

He whistled softly. "That's unfortunate," he said. "Then the other person, whoever he is, knows what we know!"

"Just where does Hawkins come in, Sperry?" I asked.

"I'm damned if I know," he reflected. "We may learn tonight."

The Wells house was dark and forbidding, but I led the way with comparative familiarity.

"In case the door is locked, I have a few skeleton keys," said Sperry. We had reached the end of the narrow passage, and emerged into the square of brick and grass that lay behind the house. While the night was clear, the place lay in comparative darkness. Sperry stumbled over something, and muttered to himself.

"The rear porch lay in deep shadow. We went up the steps together. Then Sperry stopped, and I advanced to the doorway. It was locked. The lock gave way to manipulation at last, and the door swung open. There came to us the heavy

Round Top News

Mrs. J. W. Brown, Correspondent

Mr. and Mrs. H. J. Gill and B. D. Durham went to Vealmore last week to visit Edd Gill who has a very sick baby. At this writing it is reported to be better. We extend our sympathy to Mrs. Edd Gill as they have lived in this community and have many friends here.

Nora Casey spent last week-end with Mrs. Kate Williams at Dunn. Melvis Ellis from Dunn spent Saturday and Sunday with Roy Brown. Mr. and Mrs. B. B. Johnson and children from Dunn were dinner guests of Mr. and Mrs. M. P. Claybrook, Sunday.

Mr. and Mrs. J. W. Brown and children and H. L. Harrison visited Mr. and Mrs. Jackson Ellis at Dunn Sunday.

Mr. and Mrs. D. L. Nipp attended church at Dunn Sunday.

Miss Mable Mitchell of Dunn spent Tuesday night with J. W. Brown and family.

Mr. and Mrs. Harold Claybrook, Mr. and Mrs. Paul Claybrook, Mrs. M. P. Claybrook, Mrs. Bessie Mayo and daughter, Opal, and Nora Casey attended the Methodist meeting at Snyder, Sunday night.

Mr. and Mrs. Collins Lary of Snyder and Mr. and Mrs. P. W. Cobb and children of Dunn were dinner guests of Mr. and Mrs. H. J. Gill, Sunday.

E. D. Durham's brother-in-law, Judge Carl Wilson of Roby, has undergone an operation lately. We hope he is soon well again.

Mrs. B. D. Durham and children visited J. E. Shipp at Snyder last week-end.

Clouds are flying over like we might have some rain in a few days, and wind blowing hard too. Everyone is wishing for a nice soft rain so they can begin planting. Plenty of moisture has dried on top. Wheat, grass and weeds need rain.

This writer enjoyed every minute of our meeting Saturday afternoon. Everyone seeing how our paper is printed and found there is a lot more to printing it than I had thought. Was glad to meet the former correspondents for they seemed nearer having been with them at our picnic last fall, and glad to meet the new ones. Truly, I think we are a fine family and as our writer said a good looking one too?

Some times I get discouraged trying to gather news, but since our meeting, I feel encouraged to try harder than ever. I think we have the best officers yet, and hope they plan to go on and on for we are not planning to change. Our mother, Mrs. Minnie Tate Abernathy, is a sweet lady and we truly love her and are always so glad to have Mrs. Williams. (Minnie Lee's) mother with us. Last, but not least, I think we have the finest publishers and staff to be found anywhere.

Mrs. John Deeb and little son, Billy, of Little Sulphur visited her sister, Mrs. George Wright, Sunday afternoon.

A. C. Watson and family of Sweetwater visited relatives here Sunday.

Mr. and Mrs. T. J. Bryant, and little son, Arlon, and Misses Clellia Devenport and Doris Wellborn of Bison spent Sunday with Mrs. Bryant's and Miss Devenport's parents, Mr. and Mrs. T. C. Devenport.

J. E. Falls and family visited relatives at Snyder, Sunday.

Mr. and Mrs. F. Kruse and granddaughter, Valerie, spent Sunday in the home of Mr. and Mrs. R. M. Taylor.

Mr. and Mrs. Cullen Neal of Heldon, Oklahoma, are visiting their daughter, Mrs. Rachel Wright and family.

Dinner guests of Mrs. Merl Andrey were: Misses Mayne, Ruby, and Irma Deen Giddens, Ophelia Devenport and Wana Price and H. K. Henson, Winfrey Giddens and Milton Brody of County Line.

Miss Ernestine Taylor of Snyder spent last week-end with her grandparents, Mr. and Mrs. R. M. Taylor.

Mrs. Marie Kruse visited with Mrs. Roy Taylor and Mrs. Jack Gardner at Canyon on Monday.

We extend our sympathy to the Lloyd family at Canyon on the account of the serious illness of their daughter, Mrs. Alton Bratton, who was taken to the sanitarium at Colorado today (Monday). We hope she will be well soon.

P. A. Miller is on our sick list this week. We hope for him a speedy recovery.

Miss Maye Sorrells of Abilene visited with her parents, Mr. and Mrs. W. E. Sorrells, Saturday night and Sunday.

Mr. and Mrs. Claude Miller of Big Spring visited with his parents, Mr. and Mrs. P. A. Miller, Sunday afternoon.

Mr. and Mrs. J. C. Brinkley of Colorado visited with friends here Sunday.

Mr. and Mrs. Sterlin Taylor of Snyder were visitors in the home of Mr. and Mrs. John Taylor, Sunday.

Misses Adell and Bea Tamplin of Canyon visited in the homes of Misses Lorene Minor and Aster Bishop, Sunday and Monday.

Mr. and Mrs. Gilford Lear of Oklahoma have bought Mr. and Mrs. Gabe Lewis' farming implements and tractor and are going to move where Mr. Lewis lived. We regret losing Mr. and Mrs. Lewis and family but we welcome Mr. and Mrs. Lear into our midst.

Philosophizing, taxation-wise, the great body of the people good natured souls, are uncertain whether the road before them leads to an open range or to a land of nowhere. They should get down to hard thinking. Even a hound pup doesn't need to have its quarry brought to it. All it needs is a warm scent.

Big Sulphur News

Josie Mahoney, Correspondent

I wish to say in regard to all of you who failed to be present at the correspondents picnic Saturday, you certainly missed lots of fun. It's a lot easier for me to write the news this week after having met so many of you. I wish to thank you correspondents don't you think we have the best bunch of editors in Texas? I think they are wonderful.

I am glad to report that Mrs. Ruth Ryan has returned home from the hospital and is reported improving. I wish for her a speedy recovery.

Singing was held at Lloyd Mountain last Sunday night. It will be held at Strayhorn next Sunday night. Everyone is invited.

Hobbs News

Juanita Huddleston, Correspondent

The Junior class of Hobbs High School, sponsored by Mr. and Mrs. Curt Horton, enjoyed a picnic at Double Falls, Wednesday evening, March 23, at 6:30 o'clock.

The group assembled at Camp Springs, and from there went in cars to the caves, which are about six miles north. Upon reaching the two caves, they were explored after much excitement. Various games were entered into with much enthusiasm.

The class members, who enjoyed the road time were: Misses Eula B. Williams, Frances Burnett, Edna Ruth Etheridge, Mary Ellen Davidson, Mary Alice Simpson, Messrs Raymond Cochran and James Simpson. Guests: Messrs Garland Royalty, Clifford Horton, Jim Cave, Sam Etheridge, and Eugene Devers, and James Davidson.

Miss Ruby Charles Ashley spent Monday night with Juanita Huddleston.

A "42" party was given Thursday night in the Home Economics room in honor of the Third Year Home Economics girls. The members present were: Helen Guinn, Orna Bauvasset, Marie Robertson, Eudamede Robertson, Anna Lee Parker, and Juanita Huddleston, teacher Miss Lura Lee Hank. Guests, Earl Bauvasset, Leon Guinn, Jeff Cooper, John Canlit, Raymond May, Woodrow McCombs, Ruby Charles Ashley and James Davidson.

Tea was given Wednesday evening at 2 o'clock in honor of the three Home Economics classes and their mothers. There were forty persons present. For refreshments, we served hot lemon stew, cookies, candies, and various kinds of sandwiches.

Lena Huddleston visited her folks here Saturday night and Sunday. She also was a guest at the Ninth Grade party at Mr. Dene Hawkins' Saturday night. Cake and ice cream were served for refreshments.

Woodrow McCombs, John Huddleston, Misses Eva Maule and Juanita Huddleston were visitors in Snyder Sunday night.

Miss Gladys Parker was absent from school Monday on account of having the flu.
