SMALL TOWN AND RURAL VOTES CONTINUE TO FAVOR ROOSEVELT

Percentage of Democratic Lead is Higher in Smaller Communities, Straw Ballots Reveal.

Roosevelt's lead in The Times' straw voting continues to run more than 10 to 1 over Hoover. A portion of the Texas votes and the tabulation below are those recorded by The Times. Tuesday of next week is the last time for your straw vote. Bring or send your ballot today.

With the national presidential election less than two weeks away the weekly newspapers' nation-wide poll is piling up impressive totals for the consideration of political minded folks everywhere. The votes in this weekly newspaper poll represent the run of the tide in small town and rural America. The Times, together with some 2,000 weekly newspapers located in states throughout the nation, has been conducting this straw vote test for the last several weeks, with the Publishers Auto-caster Service in New York operating as national headquarters.

Votes tabulated from 36 states for a total of 129,490 received show:

Franklin D. Roosevelt—77,331

Herbert Hoover—52,159

Roosevelt Gets 60 Per Cent.

The weekly newspaper straw vote returns this week bear out an early indication that Roosevelt may expect as much support—and a little bit more, from small towns and rural districts as he has received in large city and thickly populated districts. In other words, The Literary Digest poll showed Roosevelt in mid-October with 53.4 per cent of the vote cast to Hoover's 46.6 per cent of the total of 1,983,634 votes cast. In the Hearst newspaper poll of larger cities, Roosevelt with 58 per cent leads Hoover with 42 per cent in a total of approximately 600,000 votes cast. The weekly newspaper poll this week, with a total of 129,490 votes show Roosevelt leading 59 per cent plus to Hoover's 41 per cent minus.

But here are the actual figures in the weekly newspaper poll. They show returns from 36 states:

State	Hoover	Roosevelt
California	2,579	4,713
Colorado	431	537
Connecticut	1,152	745
Florida	211	904
Georgia	149	963
Idaho	281	479

Tennessee	718	3,322
Texas	395	1,926
Utah	189	339
Virginia	765	1,902
Washington	332	1,387
West Virginia	341	2,526
Wisconsin	397	1,710
Wyoming	201	274

Total 52,159 77,331

Roosevelt Leads 59 States.

As shown by the table above, Roosevelt is leading in 30 states to six for Hoover. The Hoover states are Connecticut, Illinois, Maine, Massachusetts, New Jersey and New Hampshire. This is directly in line with The Literary Digest poll except that The Digest shows Hoover leading in only New Jersey outside the New England states while the weekly poll shows Hoover leading in Illinois as well as New Jersey outside New England states.

Republican leaders scoff at the idea that Hoover will fail to carry a majority of votes than shown in any of the polls and perhaps

Austin Erwin Makes Two Discoveries.

Manager Austin Erwin of the Fuller Cotton Oil Company is convinced of two things. That cottonseed hulls are still a much-wanted article, and that Times ads pay like a gold mine. Last week Mr. Erwin decided to get rid of a surplus of cottonseed hulls by advertising that they would be given away. Less than a day after the paper had been issued, the hull supply had been cut lower than Mr. Erwin expected it to be cut in 10 days.

CARNIVAL TO BE GIVEN BY P. T. A.

On Monday evening, October 31, there will be many spooks in Snyder and most of them will be present at the city tabernacle, where a big Halloween Carnival is to be given by the Parent-Teacher Association.

Beginning at 5:30 in the afternoon delicious eats will be sold at booths so the housewives will not have to worry about the evening meal at home. At 7:00 o'clock there will be a parade on the square for the children, who will be dressed in costumes. Following this event a program will be given at the tabernacle in mid-October with 53.4 per cent of the vote cast to Hoover's 46.6 per cent of the total of 1,983,634 votes cast.

In the Hearst newspaper poll of larger cities, Roosevelt with 58 per cent leads Hoover with 42 per cent in a total of approximately 600,000 votes cast. The weekly newspaper poll this week, with a total of 129,490 votes show Roosevelt leading 59 per cent plus to Hoover's 41 per cent minus.

Pledging of Honor Society Group Today

Pledging of four new members of the Snyder chapter of the National Honor Society was to have taken place in a special high school chapel program this morning. The new members are Rex Gladson, Elmer Watkins, Lola Mae Littlepage and Alberta Sturgeon.

The full school honor roll for the first six weeks of school will be published next week.

Mary Harkey Takes Trip Into Arkansas

Miss Mary Harkey, manager of the local Western Union office, left last night for her home in Russellville, Arkansas, where she will enjoy a delayed vacation. Last year she left a dry Scurry County for a wet Arkansas, but this year she expects the situation to be reversed.

Mrs. Irene Tompkins, relief manager, took over her duties Wednesday.

GINS CONTINUE AT HIGH SPEED

Scurry County's ginning total neared 15,000 bales this morning, as her 14 gins continued their steady three-week drive that has been interrupted only by rain and showers Monday night.

The six Snyder gins report about 7,500 bales ginned, while the other county gins are believed to have reached at least a similar total. The Monday night rain held up picking for some time north and west, but in other parts of the county no more than a half-day delay was occasioned.

Pickers are coming into the county more rapidly now. Since picking has replaced pulling in many fields, the general quality of the crop is improving slightly, gin men report.

Bullington Will Speak In Snyder Friday Morning

The Republican candidate for governor probably will speak to a large crowd at 11:30 o'clock Friday morning, according to E. J. Anderson, Scurry County chairman of the G. O. P. Several hundred papers, "Progressive Citizen," featuring the Orville Bullington candidacy, have been distributed on the streets and in local homes.

Mr. Bullington's local appearance is one of nine he will make on the same day. On Thursday night he will speak at Lubbock, and he will go to Abilene for a Friday night address, speaking en route at Slaton, Post, Snyder, Colorado, Lorraine, Roscoe, Sweetwater and Merkel.

If the weather is pretty, the candidate will speak from the bandstand on the courthouse lawn. In case of inclement weather he will retire to the district court room. Press comment from all parts of the state have praised Mr. Bullington's speeches highly. For instance, the "Progressive Citizen" points out, "The Dallas News is quoted as saying that 'There can be wide approval of the absence of billingsdale in the speech at Waco.' That is a welcome relief from the flood of abuses which passes for political oratory in Texas."

A statement to The Times from headquarters of the Anti-Ferguson League of Texas, of which Cato Sells is state chairman, says that "Thousands of Texas voters who have never before scratched a Democratic ticket will cast their vote this year for Bullington."

Many Celebrities of Section Present For Singing Convention

Although visiting music makers featured the program of the semi-annual gathering of the Scurry County Singing Convention Sunday, the home county's singers presented their best renditions in several years. Emmett Butts, president of the organization, said early this week that the convention, five miles west of Snyder, was held Saturday night, and continued the following day in an all-day session. Overcrowds were present all day Sunday, it is reported.

At Snyder, celebrities who performed Sunday were S. E. Clark and daughter of Abilene, Sam Carbell of Dublin, T. H. Westbrook and daughter of Roscoe, Mark Shirley of Red Rock, Smith and Bourland of Roscoe, Ed Scott of Hillsboro and the next meeting of the convention will be held the fourth Sunday in April with the Plainview community. Annual election of officers will feature the business session at that gathering.

Auto Races Revived On Abilene's Tracks

After a lapse of more than two years, automobile races between famous drivers of the Indianapolis 500-mile race course will again compete over the Abilene Fair grounds speedway, one of the fastest and most spectacular tracks in the country.

On Saturday, October 29, Freddy Frame, winner of the 1932 Indianapolis 500-mile race and champion for the year, and George Souders, Indianapolis race winner in 1927, will meet in a series of races using Indianapolis cars and equipment. Frame and Souders are well known in West Texas, both having won many races in this section before they attained international fame through their more famous victories. Other speed events will be on the program, which will start at 3:00 o'clock in the afternoon.

One-Cent Sale to Be Staged by Stinsons

The semi-annual one-cent Rexall sale of the two Stinson drug stores will be staged on Thursday, Friday and Saturday of next week, it was announced several days ago.

As usual, two items will be given for the price of one, plus one cent. Toilet articles and other merchandise are included in the lot of goods that will be placed on the special sale.

The Stinsons assure their customers that they will have plenty of merchandise to supply their wants.

Turkey Market Will Open Here Tuesday

Movement of this season's crop of turkeys will begin to move here Tuesday, produce dealers at Snyder state. The first 12 days of November will be considered the regular marketing period.

An average number of turkeys are reported on the farms of this section by the produce dealers, and the usual highest market prices will prevail at the local houses. No definite price quotations had been received for the opening offering, but prices were expected by the weekend from distributing centers.

"Ghost House" to Be Played Next Month

"Ghost House," a mystery drama with a strong vein of humor, will be offered here early next month, under auspices of the Snyder volunteer department, it was announced yesterday by N. W. Autry, chief.

DRAW GAME ON LAMESA FIELD

Going onto the hard, wind-swept field of the Lamesa Tornados Friday afternoon nursing injuries of several varieties, the local football heroes looked like almost certain losers. But they didn't lose—they tied, 0-0.

For two quarters they played gingerly, but the last half saw them begin to match the much heavier Tornado line blow for blow, and as the game ended they were holding the Dawson County crew on the five-yard line. An intercepted pass and a Snyder penalty had largely turned the final near-scoring tide for Lamesa.

The home running attack was stopped most of the way, partially because McClinton, quarter, and the three leading ends, Fesmire, Jenkins and Joyce, were nursing injuries of damaging nature. But the passing attack netted several firsts and possibly would have led to scoring but for heavy penalties.

Lamesa's final tally was her only venture inside the local 10-yard line, while the Moore crew were within a few yards of a score on one occasion in the final half. The Tornados led in first downs about two to one.

Gin and House Fires Bring Little Damage

Two fire calls within the past week threatened a local gin and a house, but the flames were quickly doused in both cases before serious damage was done.

The call to the Trice-Nichols gin came at 2:00 o'clock Friday morning. It was put out before the fire could get into the house. The damage was slight.

Just before daylight Monday morning a call took the trucks to the house in which S. C. Jones was residing, five blocks north of the square. An oil cook stove set fire to the house and did small damage in the kitchen, before the big hose was brought into play.

Teachers Asking More Equitable State Renditions

The amendment to the state constitution which is to be voted upon in the general election in November exempting homesteads of state taxes when the property valuation is less than \$3,000 undoubtedly will pass. If this amendment does pass, it will deprive the school funds of approximately \$5,000,000. In such an event a deplorable situation will exist and something must be done to replace and increase the school funds.

The Texas State Teachers Association is presenting a bill to the state Legislature in January urging a more equitable rendition of taxes to the house and did small damage in the kitchen, before the big hose was brought into play.

The Snyder faculty held a meeting last week at which time the entire faculty renewed their membership in the Texas State Teachers Association. In spite of the depressing times, every teacher was eager to be enlisted again in this association to further the educational cause.

Dr. J. A. Hill, president of the Texas State Teachers Association, has appointed Superintendent C. Wedgeworth as publicity chairman in this territory. Principal R. L. Williams, A. A. Bullock and Mrs. R. D. English of Snyder, Superintendent E. E. Kerr of Hermleigh, Principal C. Stank of Dime, Principal Grady Hankrick of Pylon, Superintendent Elmer Taylor of Ira and Superintendent E. O. Wedgeworth of Fluvanna also were appointed to serve on this committee.

The general public undoubtedly will hear more about this proposed plan from this committee. Dr. Hill has appointed similar committees all over the state.

Childhood And Youth Week Held By M. E. Church

The general board of Christian education of the Methodist church has recommended that this week be observed as Childhood and Youth Week, at the end of which the following program will be given at the First Methodist Church Sunday night, October 30, at 7:45 o'clock.

Music—Mrs. Mary E. Banks. Song, "I Love Thy Kingdom Lord"—Congregation. Scripture Reading—Mrs. Vernon Littlepage. Prayer.

Vocal Duet—Mrs. Homer Snyder and Allen Curry. Topic, "Living with Adults"—Mrs. John Whitmore. "The Effect Upon a Child of Harmony or Conflict of Ideas Among Adults"—Mrs. Allen Warren.

Vocal Solo—Mrs. Howard McDonald. "Motives to Which Adults Appeal in Guiding Children"—Mrs. Ivan Dodson. "What Our Nation Is Doing to Help Us to Understand Children"—Hal Yoder.

Vocal Solo—Mrs. W. W. Smith. "How We May Grow in Understanding Children and Young People"—Rev. S. H. Young.

Sprout-Damaged Maize Heads May Be Used on Farm

Milo maize heads that have sprouted on the stalk in the field due to heavy rains will do to feed to livestock, says John H. Jones, agent in animal husbandry at Texas A. & M. College. It is estimated that more than 50 per cent of the Scurry County crop was thus damaged, and many inquiries from West Texas concerning feeding of the sprouted heads have been received by the college.

"Such maize is damaged as a feed, how much we do not know," says Mr. Jones, "but it is safe to say that with the exception of poultry and animal husbandry, the grain therefrom may be freely used on the farm. It will not be so palatable as bright feed and when thoroughly dried and ground will make a dusty feed."

If fed to beef cattle it would be well to use with it a relatively large amount of cottonseed meal (about one-eighth of the entire grain and hay ration) to make it more palatable.

Laundry To Operate Full Time In Future

Snyder Laundry will begin a full-time operation of the plant beginning Monday, according to Manager S. A. LaRue. The plant has been running only part time for several months, but increased business has warranted resumption of a regular schedule.

Also beginning with Monday, the dry cleaning plant will be started, following cessation of operations several months ago. One-day service will be given all the winter months.

Big Carrots Grown Here

Mrs. J. T. Roper brought three big carrots into the Times office yesterday that tipped the scales at exactly four and one-half pounds—and one of them was not altogether a champion. She says they were grown especially for Hugh Taylor's benefit.

Another Big Saturday

Last Saturday was another red letter day among Snyder merchants. Several stores used more than 20 clerks, and then found it difficult to care for the all-day rush. It is believed that Saturday of this week will see another big day, and plans are being made to handle the folks.

Cal McGahey to Preach

Rev. Cal McGahey, brother of the local pastor, and new pastor of the Union Baptist Church, will preach at the local Baptist Church pulpit at both services Sunday. Rev. Philip McGahey had his tonsils removed Tuesday, and will be unable to talk. He is improving rapidly.

FLUVANNA TO BEGIN SCHOOL TERM MONDAY

High School Granted Thirteen Full Credits—Largest Enrollment on Record Is Expected.

Fluvanna schools will open Monday morning with a simple program, and then plunge at once into the work of the year. Due to the late start, it will be necessary to use every available minute for actual school work, according to E. O. Wedgeworth, superintendent.

The high school will open its doors with five new affiliated credits, making a total of 13. The superintendent states that more will be applied for this year.

By January 1, when the majority of the cotton crop has been moved, the largest enrollment in Fluvanna school history is expected. The opening day crowd also is expected to be large despite the great amount of work being done by children in the fields.

All grades will be housed in the new brick building this year. A full nine-month term will be had, the board of trustees has announced, provided taxes are paid this winter as freely as expected.

The following faculty members have been announced: E. O. Wedgeworth, superintendent; E. H. McCarter, high school principal; J. P. Maxey, grammar school principal; Miss Chloe Collins, English and Spanish; Frank R. Bussey, science and history in high school; Leo H. Beaver, grammar school work; Miss Mary Ely, grade work; Miss Myrtle Turner, primary.

Members of the school board are as follows: H. H. Haynes, president; L. A. Haynes, secretary; T. J. Rea, J. G. Landrum, H. D. Sneed, Guy Turner, Edd Lemons.

First Honor Roll Of Year Is Given For Grade School

Principal R. L. Sullivan of the Snyder Grammar School announces his first honor roll of the year this week. The list of students who made highest averages during the first six weeks are included.

Low First—Ruth McMin, Bobbie Vann, Glennon McMin, Bobbie Pierce, Birtle Mary Smith, Mamie Lou Stokes, John McMin, Kenneth Spradley, Eddie Richardson.

High First—W. H. Lindley, Wendall Neely, Ed Ivison. Low Second—Emma Ruth Broadfoot, Myra Grantham, Marian Lecher, Wanda Moffett, Empress Wolcott, Pauline Smith, Leonard G. H. Florence Fisher, Dorothy Murphy, Mary Sue Sentell, Louise Henley, Ray Rowell.

High Second—Louise Taylor, Violet Shultz, Faye Denn Norred. Low Third—W. H. Forkner, Devern Gardner, William Hamilton, Donald Ray Scott, Glynn Curry Snyder, Conway Taylor Jack Terry, La Rue Autry, La Verne Moffett, Bobbie Jean Morrow, Fern Ramey, Joanne Taylor, Wanda Jean Sims, Frances Letcher, Jack Mathison.

High Third—Joyce Singletary, Gracin Fisher. Low Fourth—James Neal. High Fourth—Mary Brown. Low Fifth—Roy Allen Bane, Wilma Terry, Dorothy Winston. High Sixth—Josephine Kelly, Horace Young. Low Seventh—Doris Davis, Ruth Davis, Dewee McGahey, Gertrude Ross. High Seventh—James Stewart.

Legion Will Sponsor Kennedy Sisters in Big Tent Showings

If, as the farmer said, "a change of pasture is good for the cow," so is a change of amusement good for the people.

Beginning Monday night, the Kennedy Sisters will open a week engagement here. The big tent, located on the city lots, will be well heated. The local American Legion post are sponsors of the show.

Modern plays, vaudeville, and a red-hot orchestra will constitute the repertoire. Toby will be there in all his glory. There will be fun for everybody, say the managers, but no gangster or sex plays will be presented.

Tigers Journey to Roby Field Friday

"Red" Moore's Tigers will go to Roby Friday afternoon for their second conference game of the season. A number of fans, pepsters and bandsters are planning to be on hand for the opening whistle at 3:45 o'clock, although the customary free admission of pep squad and band members will not be in effect.

Most of the injuries that have been dogging the Bengals since the double schedule with Rotan and Slaton two weeks ago are being healed despite the hard tilt with Lamesa last week.

Roby threatens to give the favored home team even a stiffer battle than usual, for she has played some impressive games this season.

No game has yet been scheduled for next week. Roscoe and Merkel will play conference frays here on the two consecutive weeks thereafter.

SAM HAMLETT SELLS GROCERY

Sale of the Sam Hamlett grocery store, on the North side of the square, was announced early this week.

Marcel Josephson of San Antonio is the new manager who took charge Wednesday. He and his wife and baby are moving to Snyder.

The new business will be known as the Pick and Pay Grocery. The Bermans, who are interested in the local store, operate a similar grocery of the same name in Colorado. The new owners announce that they will handle groceries, tobaccos and cigarettes in retail and wholesale lots.

The Hamlett stock of groceries will be sold out, beginning Saturday, and the store will then be stocked with all new merchandise.

The store will no longer have any connection with the Red and White Stores, of which the Hamlett store was a unit. Mr. Hamlett asks The Times to thank the friends and customers who patronized him during his months in the grocery business.

Vaudeville Feature Added to Palace Bill Thursday - Friday

What is said to be one of the most popular vaudeville acts in recent years is Lew Childre and His Alabama Boys, scheduled to appear at the Palace Theatre Thursday and Friday night in conjunction with Happy Jack Le Vere, known throughout the South as the king of country store vendors.

Lew and his boys from Alabama were the featured act with Harley Sadler's show for a season, then went into R-K-O's vaudeville circuit. Their song numbers are rated as among the most pleasing ever presented by any male organization.

The popular vaudeville performers and Happy Jack with his country store are announced as extra entertainment in connection with the Palace regular program Thursday and Friday, at which the feature picture is "70,000 Winites."

There will be no raise in admission, Manager P. W. Cloud states.

GRAND JURORS MAKE REPORT

Seven indictments were returned by the grand jury Thursday of last week, after several days of investigation. One of these was for theft, three for driving while intoxicated, and three for possession of liquor.

SCURRY PRICE OF GINNING AT LOWEST LEVEL

Close Investigation Discloses That 13 Neighboring Counties Are Above Local Figures.

Scurry County has the cheapest ginning rate of any county in this area, according to direct information obtained this week by J. W. Scott, secretary of the Chamber of Commerce.

Direct information was received, by telephone, from gins in the following counties: Mitchell, Fisher, Nolan, Jones, Kent, Martin, Howard, Midland, Dawson, Lynn, Garza, Crosby and Lubbock.

All these counties, with the exception of Mitchell, are charging 26 cents per 100 for pulled or picked cotton, plus \$1 for wrapping. The gins in Mitchell County are charging 90 cents for picked cotton and \$1 for pulled cotton per 100 pounds of lint cotton, plus \$1 for wrapping.

Scurry County is charging only 76 cents for picked cotton and 90 cents for pulled cotton per 100 pounds lint, plus \$1 for wrapping.

The investigation by Mr. Scott also revealed that local ginners are paying as much or more per ton for cotton seed than any other of the counties named, with one exception.

"In view of the fact that our gins are doing their work for 50 cents to \$1.50 per bale cheaper than the 13 counties named,

Last year she left a dry Scurry County for a year, but this year she expects the situation to be reversed. Mrs. Irene Tompkins, relief manager, took over her duties Wednesday.

GINS CONTINUE AT HIGH SPEED

Scurry County's ginning total neared 15,000 bales this morning, as 14 gins continued their steady three-week drive that has been interrupted only by rain and showers Monday night. The six Snyder gins report about 7,500 bales ginned, while the other county gins are believed to have reached at least a similar total. The Monday night rain held up picking for some time north and west, but in other parts of the county no more than a half-day delay was occasioned. Pickers are coming into the county more rapidly now. Since picking has replaced pulling in many fields, the general quality of the crop is improving slightly, gin men report.

Bullington Will Speak In Snyder Friday Morning

The Republican candidate for governor probably will speak to a large crowd at 11:30 o'clock Friday morning, according to E. J. Anderson, Scurry County chairman of the G. O. P. Several hundred papers, "Progressive Citizen," featuring the Orville Bullington candidacy, have been distributed on the streets and in local homes.

Mr. Bullington's local appearance is one of nine he will make on the same day. On Thursday night he will speak at Lubbock, and he will go to Abilene for a Friday night address, speaking en route at Sloton, Post, Snyder, Colorado, Lorraine, Roscoe, Sweetwater and Merkel.

If the weather is pretty, the candidate will speak from the bandstand on the courthouse lawn. In case of inclement weather he will retire to the district court room. Press comment from all parts of the state have praised Mr. Bullington's speeches highly. For instance, the "Progressive Citizen" points out, "The Dallas News is quoted as saying that 'There can be wide approval of the absence of billingsgate in the speech at Waco.' That is a welcome relief from the flood of abuses which has passed for political oratory in Texas."

Gin and House Fires Bring Little Damage

Two fire calls within the past week threatened a local gin and a house, but the flames were quenched in both cases before serious damage was done.

The call to the Trice-Nichols gin came at 2:00 o'clock Friday morning. It was put out before the fire trucks could get on the scene. The damage was slight. Just before daylight Monday morning a call took the trucks to the house in which S. C. Jones was residing, five blocks north of the square. An oil cook stove set fire to the house and did small damage in the kitchen, before the big house was brought into play.

Teachers Asking More Equitable State Renditions

The amendment to the state constitution which is to be voted upon in a general election in November exempting homesteads of state taxes when the property valuation is less than \$3,000 undoubtedly will pass. If this amendment does pass, it will deprive the school funds of approximately \$1,000,000. In such an emergency a desirable situation will exist and something must be done to replace and increase the school funds.

The Texas State Teachers Association is presenting a bill to the state Legislature in January urging a more equitable condition of state taxes to counteract the deficiency caused by the homestead tax exemption amendment.

The Snyder faculty held a meeting last week at which time the entire faculty renewed their membership to the Texas State Teachers Association. In spite of the depressing times, every teacher was eager to be enlisted again in this association to further the educational cause. Dr. J. A. Hill, president of the Texas State Teachers Association, has appointed Superintendent C. Wedgeworth as publicity chairman of this territory. Principal R. L. Williams, A. A. Bullock and Mrs. R. D. English of Snyder, Superintendent E. E. Kerr of Hermaligh, Principal Grady Hamrick of Pyron, Superintendent Elmer Taylor of Ira and Superintendent E. O. Wedgeworth of Fluvanna also were appointed to serve on this committee. The general public undoubtedly will hear more about this proposed plan from this committee. Dr. Hill has appointed similar committees all over the state.

One-Cent Sale to Be Staged by Stinsons

The semi-annual one-cent Rexall sale of the two Stinson drug stores will be staged on Thursday, Friday and Saturday of next week, it was announced several days ago. As usual, two items will be given for the price of one, plus one cent. Toilet articles and other merchandise are included in the lot of goods that will be placed on the special sale. The Stinsons assure their customers that they will have plenty of merchandise to supply their wants.

Turkey Market Will Open Here Tuesday

Movement of this season's crop of turkeys will begin to move next Tuesday, produce dealers at Snyder state. The first 12 days of November will be considered the regular marketing period. An average number of turkeys are reported on the farms of this section by the produce dealers, and the usual highest market prices will prevail at the local houses. No definite price quotations had been received for the opening offering, but prices were expected by the weekend from distributing centers.

"Ghost House" to Be Played Next Month

"Ghost House," a mystery drama with a strong vein of humor, will be offered here early next month, under auspices of the Snyder volunteer department. It was announced yesterday by N. W. Antry, chief. The play, which has been successfully staged in a number of West Texas towns, will be in charge of a professional director. A home talent cast will be featured, and chorus numbers as well as other vaudeville entertainment will be presented.

DRAW GAME ON LAMESA FIELD

Going onto the hard, wind-swept field of the Lamesa Tornadoes Friday afternoon nursing injuries of several varieties, the local football heroes looked like almost certain losers. But they didn't lose—they tied, 0-0.

For two quarters they played gingerly, but the last half saw them begin matching the much heavier teams line blow for blow, and as the game ended they were holding the Dawson County crew on the five-yard line. An intercepted pass and a Snyder penalty had largely turned the final near-scoring tide for Lamesa.

The home running attack was stopped most of the way, partially because McClinton, quarter, and the three leading ends, Fesmire, Jenkins and Joyce, were nursing injuries of damaging nature. But the passing attack netted several firsts and possibly would have led to scoring but for heavy penalties. Lamesa's final tally was his only venture inside the local 10-yard stripe, while the Mooremen were within a few yards of a score on one occasion in the final half. The Tornadoes led in first downs about two to one.

Sprout-Damaged Maize Heads May Be Used on Farm

Milo maize heads that have sprouted on the stalk in the field due to heavy rains will do to feed to livestock, says John H. Jones, agent in animal husbandry at Texas A. & M. College. It is estimated that more than 50 per cent of the Scurry County crop was thus damaged, and many inquiries from farmers concerning feeding of the sprouted heads have been received by the college.

"Such maize is damaged as a feed, how much we do not know," says Mr. Jones, "but it is safe to say that with the exception of poultry, sprouts on heads and the threshed grain therefrom may be freely used on the farm. It will not be so palatable as bright feed and when thoroughly dried and ground will make a dusty feed."

"If fed to beef cattle it would be well to use with it a relatively large amount of cottonseed meal (about one-eighth of the entire grain and hay ration) to make it more palatable."

Laundry To Operate Full Time In Future

Snyder Laundry will begin a full-time operation of the plant beginning Monday, according to Manager S. A. LaRue. The plant has been running only part time for several months, but increased business has warranted resumption of a regular schedule. Also beginning with Monday, the dry cleaning plant will be started again following cessation of operations several months ago. One-day service will be given all work, the manager states.

Big Carrots Grown Here

Mrs. J. T. Roper brought three big carrots into the Times office yesterday that tipped the scales at exactly four and one-half pounds—and one of them was not altogether a champion. They were grown especially for Hugh Taylor's benefit.

Another Big Saturday

Last Saturday was another red letter day among Snyder merchants. Several stores used more than 20 clerks, and then found it difficult to care for the all-day rush. It is believed that Saturday of this week will be another headliner, and plans are being made to handle the folks.

Cal McGahey to Preach

Rev. Cal McGahey, brother of the local pastor, and new pastor of the Union Baptist Church, will fill the local Baptist Church pulpit at both services Sunday. Rev. Philip McGahey had his tonsils removed Tuesday, and will be unable to talk. He is improving rapidly.

FLUVANNA TO BEGIN SCHOOL TERM MONDAY

High School Granted Thirteen Full Credits—Largest Enrollment on Record Is Expected.

Fluvanna schools will open Monday morning with a simple program, and then plunge at once into the work of the year. Due to the late start, it will be necessary to use every available minute for actual school work, according to E. O. Wedgeworth, superintendent. The high school will open its doors with five new affiliated credits, making a total of 13. The superintendent states that more will be applied for this year.

By January 1, when the majority of the cotton crop has been moved, the largest enrollment in Fluvanna school history is expected. The opening day crowd also is expected to be large, despite the great amount of work being done by children in the fields.

All grades will be housed in the new brick building this year. A full nine-month term will be had, the board of trustees has announced, provided taxes are paid this winter as freely as expected.

The following faculty members have been announced: E. O. Wedgeworth, superintendent; E. H. McCarter, high school principal; J. P. Maxey, grammar school principal; Miss Chloe Collins, English and Spanish; Frank R. Bussey, science and history in high school; Leo H. Beaver, grammar school work; Miss Mary Ely, grade work; Miss Myrtle Turner, primary.

Members of the school board are as follows: H. H. Haynes, president; L. A. Haynes, secretary; T. J. Rea, J. G. Landrum, H. D. Sneed, Guy Turner, Ed Lemons.

First Honor Roll Of Year Is Given For Grade School

Principal R. L. Sullivan of the Snyder Grammar School announces his first honor roll of the year this week. Names of students who made highest averages during the first six weeks are included. Low First—Ruth McMin, Bobbie Vann, Glennon McMin, Bobbie Pleas, Bernice Mary Smith, Mamie Lou Stokes, John McMin, Kenneth Spradley, Eddie Richardson. High First—W. H. Lindley, Wendall Neeley, Dell Ivith. Low Second—Emma Ruth Broadford, Myrtle Gramman, Edna Letcher, Wanda Moffett, Empress Wolcott, Pauline Smith, Leonard Gill, Florene Fisher, Dorothy Murphy, Mary Sue Sentell, Louise Henley, Ray Rowell.

High Second—Louise Taylor, Violet Shultz, Faye Dawn Norred. Low Third—W. H. Forkner, Devern Gardner, William Hamilton, Donald Ray Scott, Glynn Curry Snyder, Conway Taylor, Jack Terry, La Rue Antry, La Verne Moffett, Bobbie Jean Morrow, Fern Sims, Jeanne Taylor, Wanda Jean Rims, Frances Letcher, Jack Mathison. High Third—Joyce Singletary, Grady Fisher. Low Fourth—James Neal. High Fourth—Margy Brown. Low Fifth—Roy Allen Baze, Wilma Terry, Dorothy Winston. High Sixth—Josephine Kelly, Horace Young. Low Seventh—Doris Davis, Ruth Davis, Dewee McGahey, Gertrude Ross. High Seventh—James Stewart.

Legion Will Sponsor Kennedy Sisters in Big Tent Showings

If, as the farmer said, "a change of pasture is good for the cow," so is a change of amusement good for the people. Beginning Monday night, the Kennedy Sisters will open a week engagement here. The big tent, located on the city lots, will be well headed. The local American Legion post are sponsors of the show. Modern plays, vaudeville, and a red-hot orchestra will constitute the repertoire. Toby will be there in all his glory. There will be fun for everybody, say the managers, Moffett, gangster or sex plays will be presented.

Professor Wise, exponent of trade at home speeches, will stage a comedy campaign for the local merchants, who will cooperate by giving away special merchants' tickets, which will be honored every night during the entire engagement. Red cards in the store windows will indicate where tickets may be available, beginning Friday and all next week.

Rodeo Adds Features For Sunday Program

Addition of two new features to his Sunday afternoon rodeo program was announced early this week by Joe Burney of Knapp. Indian trick ropers and riders have been secured to headline the attraction, and a famous clown rider has promised to be on the scene. The entertainment will start at 1:30 on the Burney place, three miles south of Knapp. Some confusion was caused by the story in last week's Times about the date of the rodeo, a number thinking the performance to have been last Sunday afternoon.

Tigers Journey to Roby Field Friday

"Red" Moore's Tigers will go to Roby Friday afternoon for their second conference game of the season. A number of fans, pepsters and bandsters are planning to be on hand for the opening whistle at 3:45 o'clock, although the customary free admission of pep squad and band members will not be in effect. Most of the injuries that have been dogging the Bengals since the double schedule with Nolan next door two weeks ago are being healed despite the hard tilt with Lamesa last week. Roby threatens to give the favored home team even a stiff battle than usual, for she has played some impressive games this season. No game has yet been scheduled for next week. Roscoe and Merkel will play conference frays here on the two consecutive weeks thereafter.

SAM HAMLETT SELLS GROCERY

Sale of the Sam Hamlett grocery store on the north side of the square, was announced early this week. Marcel Josephson of San Antonio is the new manager who took charge Wednesday. He and his wife and baby are moving for a season. The new business will be known as the Pick and Pay Grocery. The Bernans, who are interested in the local store, operate a similar grocery of the same name in Colorado. The new owners announce that they will handle groceries, tobacco and cigarettes in retail and wholesale lots. The Hamlett stock of groceries will be sold out, beginning Saturday, and the store will then be stocked with heavy merchandise during his months in the grocery business.

Boxing Bout Friday Night Features Red Vs. Fort Worth Lad

Boxing fans who liked the way "Red" McGinty handled the gloves two weeks ago against Claude Hutcherson of Plainview will have another opportunity to see the youngster in action Friday night. His bout with Tommie Dennis of Fort Worth headlines the five-point card at the tabernacle in the season's second American Legion-sponsored exhibition. Dennis, a 144-pounder with plenty of experience and a good reputation, will be three pounds heavier than the local favorite. Ringside seats are on sale at Stinson Drug Store No. 1. The bouts will start at 8:00 o'clock. Shuck Sturdivant of Hermaligh and Shade McGinty, bench in the ring, will tangle in the feature preliminary. Smiley Coates of Redlands, Oklahoma, and Frank Hall of Snyder are two 140-pounders who are expected to furnish plenty of excitement. Two lightweight Claude Wallace and Clovis Payne, also are on the card, and another bout will be announced at the ringside.

Helen Boren Takes Place in School Here

An addition to the Snyder school faculty, in the person of Miss Helen Boren, was announced a few days ago by C. Wedgeworth, superintendent. Miss Boren's principal subjects are writing and music. She has charge of the largest peace-time lead in the morning. She will take charge of the Choral Club also.

GRAND JURORS MAKE REPORT

Seven indictments were returned by the grand jury Thursday of last week after several days of investigation. One of these was for theft, three for driving while intoxicated, and three for possession of liquor. The jury was expected to make its second report today. After spending most of this week in hearing divorce suits and other non-jury cases, Judge A. S. Mauney will steer the court Monday into a docket of criminal cases. Three liquor possession cases, two driving while intoxicated cases, one theft case, and one burglary case are up for Monday hearing. All of these with the exception of the burglary case are the results of indictments returned this term.

Shortening Periods For Snyder Schools

Beginning Monday of next week, the local schools will begin class work at 8:40, 15 minutes later than usual, in order that rural students may avoid being tardy during the short winter days. This plan will be followed for three months. The morning periods will be cut from 60 to 55 minutes, and a similar change will be made in the afternoon to permit school closing at 3:45 instead of at 4:00 o'clock.

War on Distress Waged By 2,200 Red Cross Chapters During Present Year

The annual Roll Call of the American Red Cross, announced for November 11 to 24, will find more than 3,000 chapters seeking members for support of regular and emergency activities through 1933. A. C. Preuit, chairman of the local chapter, has summed up the national organization's relief activities during the past year as follows: "To prevent suffering in this period of unemployment and general economic depression, the Red Cross has made widespread distribution of wheat, flour, clothing, medicine and other supplies. More than 2,200 chapters have participated in community unemployment relief problems. "Approximately 15,000,000 persons, residing in every state in the union, have received flour through the Red Cross, while the clothing needs of tens of thousands of distressed families have been supplemented by the organization's present cloth and clothing distribution program. The task of converting government wheat and cotton into flour and garments was assigned to the Red Cross this year by Congress.

SCURRY PRICE OF GINNING AT LOWEST LEVEL

Close Investigation Discloses That 13 Neighboring Counties Are Above Local Figures.

Scurry County has the cheapest ginning rate of any county in this area, according to direct information obtained this week by J. W. Scott, secretary of the Chamber of Commerce. Direct information was received, by telephone, from gins in the following counties: Mitchell, Fisher, Nolan, Jones, Kent, Martin, Howard, Midland, Dawson, Lynn, Garza, Crosby and Lubbock. All these counties, with the exception of Mitchell, are charging 26 cents per 100 for pulled or picked cotton, plus 1¢ for wrapping. The gins in Mitchell County are charging 90 cents for picked cotton and 81¢ for pulled cotton over 100 pounds of lint cotton, plus 1¢ for wrapping. Scurry County is charging only 76 cents for picked cotton and 90 cents for pulled cotton per 100 pounds lint, plus 1¢ for wrapping.

The investigation by Mr. Scott also revealed that local ginners are paying as much or more per ton for cotton seed than any other of the counties named, with one exception. "In view of the fact that our gins are doing their work for 50 cents to \$1.50 per bale cheaper than the 13 counties named, the Chamber of Commerce feels that they must be ginning at a reasonable rate," says Mr. Scott.

The WOMAN'S Page

Margaret Yoder, Pianist, Presented In Tea Musicale By San Souci Club

Margaret Yoder, brilliant pianist, was presented by the San Souci Club in a tea musicale Friday afternoon and evening at the lovely home of Mr. and Mrs. D. P. Yoder, 2300 Thirty-Second Street.

The pianist, who has studied extensively under noted teachers, both in the United States and abroad, displayed her wonderful technical and musical talents in selections by Tcherenine, Liszt, Olinex, Chopin, Debussy and Brahms.

Members of the club were assisted in receiving guests by Mrs. D. P. Yoder.

Cover for the tea table was of fillet and Roman cut work, and the table was centered with a mound of roses and ivy. Mrs. Wayne Boren and Mrs. C. Wedgeworth poured the first hour, and Mrs. Albert Norred and Miss Opal Wedgeworth the second hour in the afternoon. Meses. R. L. Williams, J. M. Harris and James R. Hicks assisted in serving the reception hall, music room and dining room were decorated with roses, zinnias and greenery.

In the evening Mrs. E. J. Anderson and Mrs. Melvin Blackard poured from the silver antique services and were assisted in serving by Meses. J. M. Harris, Albert Norred, R. L. Williams and Wayne Boren and Misses Elva Lemons, Jessyle Stinson, Mattie Ross and Maurine Cunningham and Maggie Norred.

GRAIN O' SAND COMES HOME

By Lucile Robertson A STORY FOR CHILDREN

It was not long until Colonel Horse Fly was landing right in Aunt Nancy's front yard, and hearing the buzzing noise made by the horse fly's wings, that good lady came bounding down the steps.

"Good morning, Colonel," she called pleasantly, "you made a quick trip."

"Grain o' Sand sprang out to meet her. "Hello, Aunt Nancy!" he cried joyfully.

"Why, bless my soul! Is it really my own little Grain o' Sand?"

"Yes, I've come home." He was so happy he could hardly keep from crying. You know how tears just will fill your eyes when you are real happy.

"Where have you been? We just couldn't imagine what had become of you, and no one had seen you. We were afraid Mr. West Wind had taken you away with him."

By that time there was a whoop and shout from three other sand boys who came racing around the base of the bear grass.

"It's old Grain himself!" "Hello, Grain!" "Where have you been?" They were all yelling at once.

"Then another voice was added: "Well, by my walking cane! Nancy, our boy has come back!" It was Grandfather, who couldn't stay in the house any longer when he heard all the excitement.

The Colonel had given Aunt Nancy the mended spectacles, so she and the four boys went to join Grandfather. Of course, Grain had to tell all about his adventures, while they gathered close to listen.

When he had finished, Bit said wistfully: "Gee, I wish I could have been with you. Will you take me next time you go, Grain?"

"Me, too?" pleaded Dust.

"Nonsense!" said Aunt Nancy, firmly. "There's going to be no next time. All of you boys are going to stay right here."

"Yes, boys, don't worry your Aunt now. By the way, Dust, have the prickly pear apples been gathered today?" Grandfather asked.

"No, they haven't. May we go get them?"

"That will be just the thing." And Aunt Nancy started them off by saying, "and while you are gone, I'll get a bite to eat."

As Grain had predicted, though, the bite turned out to be all the good things his aunt could think of. There were tender grass roots and weed seeds, sage brush tea, tumbleweed soup, mesquite beans and baked prickly pear apples for dessert. All were cooked in Aunt Nancy's very best style, and the odor was so delicious that she had to call supper only once for the boys and Grandfather to be at her elbow ready to take their places.

"Now, just eat all you want. And there's plenty more in the kitchen," she told them.

How good it all tasted to Grain, who hadn't realized until then how hungry he was for Aunt Nancy's pebbles cooking. And how nice to be at home again to laugh with his cousins and to see Grandfather look over the bit of his spectacles at them. Grain didn't think he would ever run off again.

After a long journey, and after filling his stomach so full of good things, the little sand grain was sleepy. Before an hour had passed he was snuggled up at the foot of his own grass root, fast asleep, while the Man-in-the-Moon winked knowingly at Aunt Nancy.

Miss Elva Lemons Is Hostess To Art Guild.

The Art Guild was entertained Monday evening by Miss Elva Lemons at her home, 2308 Twenty-Ninth Street.

Miss Opal Wedgeworth directed the study, "The Old Becomes New." Members answered to roll call with "Arts and Crafts Our Grandmothers Used."

"Portrait Painting on China and Porcelain" was the interesting topic discussed by Mrs. Alfred McGlaun. Mrs. Ixon Joyce told of China painting. A piano solo was played by Mrs. Elmer Spears, after which Miss Effie McLeod led a better English drill.

Refreshments were served to Meses Loyce Clark, Mattie Ross and Maurine Cunningham, Blanche Mitchell, Opal Wedgeworth, Effie McLeod, Hattie and Gertrude Horn and Bonnie Gary, and Meses. Ellen Joyce, Aileen Smyth, Mary Ruth Spears, Omaha Ryan, Rosalie McGlaun and Overa Jones. Meses. J. C. Dorward and George Northcutt were guests.

Billie Jay Eiland Celebrates Birthday.

Complimentary to her little son on his sixth birthday, Mrs. Horace Eiland entertained a number of his friends Friday afternoon at their home.

The boys and girls enjoyed games, after which the birthday cake was cut and served with delicious refreshments. Halloween horns were given as favors.

Guests were Barbara Inman, Burgess and Dorothy Jean Wilson, S. A. Taylor Jr., Charles and Grady Sullivan, Dwain Smith, Robert George Taylor, Mary Nell Noble, Marybelle Weathersbee, June Jones, Mary Ruth Ware, Oia Margaret Leath, Rainey Cox and Johnnie Jean LeMond.

Mrs. Jack Inman assisted Mrs. Eiland in entertaining.

Union League Gives Splendid Program.

Members of the Union Epworth League of the Methodist Church were guests of the local league Sunday evening.

The visitors put on a splendid program on "Home Relationships," and had an attendance of about 50 from Union.

Study Club Meets With Mrs. L. W. Boren.

The Twentieth Century Club met Tuesday afternoon in the home of Mrs. L. W. Boren with the interesting study being directed by Mrs. J. W. Warren.

Members told of harrowing experiences for roll call. Mrs. Warren gave the life story of Mary Roberts Rinehart, after which her book, "Miss Pinkerton," was discussed by Mrs. W. M. Scott. A reading was given by Mrs. B. M. West.

A dainty salad plate was passed to Meses. H. J. Brice, B. M. West, Nelson Dunn, W. J. Ely, C. E. Fish, P. C. Ghent, W. C. Hamilton, W. M. Scott, Joe Strayhorn, J. J. Taylor, Allen Warren and O. S. Williamson; and to guests, Meses. J. P. Avery, J. C. Dorward and H. P. Brown.

Class Has Dinner Party Tuesday Eve.

The Philaetha Sunday School Class of the First Methodist Church enjoyed a dinner party Tuesday evening at the home of the teacher, Mrs. C. C. Higgins.

Table appointments and decorations emphasized the Halloween motif.

Those present for the delicious two-course dinner were Meses Hazel Bannister, Mildred Stokes, Mable Turner, Ruby Lee, Ruth Yoder, Morene Lambert, Dollie Trice, Margaret Deakins, Jaycee Erwin and a guest, Miss Mary Harkey, and Mrs. Higgins.

Later in the evening a business session was held, and new officers for the class were elected. They are: Miss Hazel Bannister, president; Miss Ruby Lee, vice president; Miss Ruth Yoder, secretary; and Miss Margaret Deakins, reporter. A short program followed.

This Woman Lost 45 Pounds of Fat

"Dear Sirs: For three months I've been using your salts and am very much pleased with results. I've lost 45 pounds, six inches in hips and bust measure. I've taken three bottles—one lasting five weeks. I had often tried to reduce by dieting but never could keep it up, but by cutting down and taking Kruschen I've had splendid results. I highly recommend it to my friend, Mrs. Carl Wilson, Mantion, Michigan.

To lose fat SAFELY and HARMLESSLY, take a half teaspoonful of Kruschen in a glass of hot water in the morning before breakfast—don't miss a morning. To hasten results go light on fatty meats, potatoes, cream and pastries—a bottle that lasts four weeks costs but a trifle—but don't take chances—be sure it's Kruschen—your health comes first—get it at any drugstore in America. If not joyfully satisfied after the first bottle—money back—adv. 1-5

Senior A's Enjoy Picnic.

The Senior A's, sponsored by Rev. Philip C. McGahey, enjoyed an all-day picnic Monday, October 27, at Bull Creek and Colorado River. All members of the class were present, and the day was full of enjoyment and excitement.

Those attending were Meses Eva Nelle Arnold, Saxton West, Louise Gibson, Geraldine Brooks, Wanda Benbenek, Ruth Lightfoot, Dixie Lee Davis and Maxine Shuler; Messrs. Henry Clement, Grover Scott, Roy Burnett, Theo Rigby, Buck Howell, Billie Vaughn and the sponsor.

Girls Speaking Club Meets.

The Girls' Public Speaking Club met October 25 in the home room of Miss Effie McLeod.

The president took charge. The minutes of our last meeting were read and approved. Roll was called and there was one new member.

Our program committee had an interesting program. Mildred Stokes sponsored the following program: "Aims and Ideals," Estine Dorward.

"Spontaneity," Bonita McGahey.

"Poise and Position," Mable Turner.

Everyone enjoyed the program. Miss McLeod suggested we elect a critic in order to correct our mistakes when the talks are finished. As a good English student is needed for this, Opal Crowder was elected for the place.

The by-laws and constitution committee announced that anyone who did not give her part on the program would be fined 10 cents, and anyone failing to respond to roll call would be fined one cent. We are giving our secretary a job.

The program closed with a talk from Vernelle Spadbury.

Next meeting will be called next Tuesday week—Helen Witherspoon, Reporter.

Weatherbee Home Is Scene For Party.

Mrs. E. E. Weatherbee entertained Wednesday afternoon in her home for her little daughter, Marybelle, who was celebrating her sixth birthday.

Local Citizens Discuss Democratic Pledge And Other Political Ideas

Editors The Times:

In the last issue of your paper there appeared a communication from A. (Pat) Johnston, in which he advises the people to vote for Orville Bullington, the Republican nominee, for governor of Texas. I was very much astonished when I read Mr. Johnston's communication, for I have known him for many years and had numbered him as one of the loyal Democrats of Scurry County.

The poll lists of election Precinct No. 1 of Scurry County show that Mr. Johnston voted in the primary election held in July and also voted in the second or run-off primary held in August of this year. In both of these elections Mr. Johnston and all others who participated in them pledged themselves to support the nominees of the Democratic party. I also voted in both primaries. I voted for Mr. Hunter for governor in the July primary, and voted for Mr. Sterling in the second or run-off primary. The men for whom I voted were both defeated, Mr. Hunter being eliminated in the July primary and Mr. Sterling being defeated by Mrs. Ferguson in the second primary.

A majority of the Democrats of Texas voted for Mrs. Ferguson, and she was made the nominee of the Democratic party for governor of Texas because of that fact. I believe that the majority should rule. In no other way could a government such as ours continue to function. If the principle of "majority rule" is set aside and disregarded, a condition of chaos and anarchy would soon prevail. "Majority rule" is one of the fundamental principles of democracy. The new universities dictionary defines Democracy as follows: "Government by the people collectively by elected representatives." If the will of the majority as expressed at the ballot box can be set at naught by a minority, how could the people govern themselves? So we see that "majority rule" is not only necessary to enable the Democratic party to function but is just as necessary in order to maintain a democratic form of government.

I am a strict party man because by being so I can promote the interest and the welfare of the people to a far greater degree than I could as a bolter or so-called independent. This government cannot be administered except through the instrumentality of political parties. If all political parties were destroyed, it would be an utter impossibility for the people to take action in concert on any matter. They would be split up into small local factions, and would be played against each other by those actuated by greed for power or wealth, and their efforts thus nullified would result either in anarchy or in a dictator taking control of the government. Without political parties the ordinary citizen would have no means of expressing his wishes or making effective his desires in regard to government affairs, while on the other hand, those who possessed great wealth would at all times be whispering into the ears of those in control of the government. This would result in the government being administered in the interest of the rich and powerful, with no regard for the rights or condition of the masses.

The Democratic party stands not only for democracy in government, but stands also for democracy in opportunity. "Equal rights and opportunity to all and special privileges to none" is a tenet of the Democratic party. The Democratic party is as old as the government, for its founder, Thomas Jefferson, wrote the Declaration of Independence, every line of which gleams with Democratic principles. He also wrote and secured the adoption of the first 10 amendments to the constitution of the United States, commonly called the bill of rights, safeguarding the rights and privileges of the individual citizen. At the time of the adoption of the constitution of the United States in 1787, and down to the present, there have existed two schools of thought in regard to government. During all of these years the Democratic party has stood for states rights and economy and simplicity in the administration of the government to the end that the people might rule and administer their affairs in their own interest; while on the other hand, we have had the Federalist party and the Whig party, and then the Republican party that believed in a centralized government controlled and administered by an aristocracy—a privileged class who were granted special favors and privileges at the expense of the many, and it is this idea in government that has resulted in the deplorable conditions that exist throughout our country today.

As a result of the policies of the Republican party we have millions of poverty-stricken farmers losing their homes and even being compelled to ask for charity in order to live, and other millions of working men and women who are destitute and are unable to find employment that will enable them to secure the bare necessities of life.

In his recent speech at Des Moines and in an interview given out while returning from Des Moines Mr. Hoover professed great interest in and sympathy for the poverty-stricken, unemployed and tax-burdened people of our land—but how do his acts square with his vote-getting expressions of sympathy made during the present campaign?

Notwithstanding the fact that the people of the United States throughout Hoover's administration have been and are now beset by business depression, bank failures, low prices of farm and ranch products, unemployment, want and destitution, Hoover is by all odds the most extravagant president we have ever had since the United States was organized. At a time when the people were losing their homes because they could not pay the taxes on them, he is living like a feudal lord when the people were his vassals and serfs.

house and executive office maintenance the enormous sum of \$2,114,217. He has required the services of four secretaries, each drawing a salary of \$10,000 a year, and each secretary has had a car and chauffeur at public expense. Contrast that with Thomas Jefferson riding on horseback to the capitol, tying his horse to hitching rack and unostentatiously taking the oath of office and beginning his duties as president!

Mr. Bullington belongs to the same political party that nominated and elected Herbert Hoover president. He stands for the same things that Hoover stands for. If he did not, he would not be a member of the Republican party, nor would he be the nominee of the Republican party for governor of Texas. The Republican party not only endorsed Hoover's administration, but they nominated him for re-election to the presidency, and a vote for Bullington is to that extent an endorsement of the Republican party and its policies.

Who would be benefited by electing Bullington governor of Texas? A few Republicans who will be turned out of office next March would be appointed to positions in the state government, but these appointments would have to be confirmed by the Senate in order to be legal, and the Senate being composed of Democrats, a row probably would start as soon as Bullington became governor. And the Legislature, being almost entirely composed of Democrats, would refuse to adopt Bullington's Republican ideas of government, and he probably would attempt to control the Legislature by using the veto power of the governor, and the people would suffer as a result of the attempt to mix republicanism with democracy.

What reason does Mr. Johnston give the Democrats of Scurry County as to why they would bolt the Democratic ticket and vote for the Republican nominee for governor? None whatever.

The fact that Mr. Bullington is an old friend and schoolmate of Mr. Johnston is no reason why the Democrats of Scurry County should desert their party and vote for a Republican. It is not a contest of individuals for the office of governor or that is going on now. The contest of individuals for the nomination was settled by the primary election. It is now a contest between the Democratic and Republican parties. The question at issue is now whether or not the principles of democracy or republicanism shall prevail. A vote for Bullington is a vote for republicanism.

Bullington is telling the people that his election will not be regarded as a Republican victory. Then why is he running as the nominee of the Republican party? The purpose in saying that is to catch the wishy-washy or disgruntled Democrats.

If the people want a change from the intolerable conditions brought about by the Republican party, they should go to the polls and vote the Democratic ticket straight, from president to constable. We are now witnessing the disintegration and death of the Republican party. The Democratic party is going to be placed in control of the government. I believe that it will bring relief to the people. There is no hope for better conditions except through the Democratic party, for republicanism has been weighed in the balances and found wanting. The handwriting is on the wall.

Remain true to the Democratic standard and assist in achieving the glorious victory that will be ours on the eighth of November.

F. I. TOWNSEND,
Chairman, Scurry County Democratic Executive Committee,
Snyder, October 24, 1932.

Editors of The Times:

It seems that after printing the letter in your paper last week that it will be necessary for me to ask for more space this week. Since the letter regarding my friend and former schoolmate, Orville Bullington, appeared in The Times, I have received so many inquiries that I find it impossible to give each a personal reply, and am asking that you give this additional space.

It looks from the inquiries and interest that is being aroused in Scurry and neighboring counties that Mr. Bullington will carry this entire county.

I will state to the various inquirers that I know it to be a fact that Mr. Bullington was reared as a farm boy and that he worked his way through Sam Houston Normal at Huntsville, and also through the law school at the University of Texas. He and he alone deserves the credit, if any is given, for this. These facts and others are set out in pamphlets which are being distributed in the county.

He was elected on a Democratic ticket as county attorney of Knox County and served the people faithfully in that position.

His ability as an attorney was recognized soon after he entered the profession, and he moved to Wichita Falls, where he has at all times been considered a material factor in the building of that city. But in his successes he has never at any time forgotten the man who has been unfortunate in life.

He has been for the man who is "down and out," as his homefolks have repeatedly said that is willing to go out of his way to help build his town, county and state—and I feel sure that if elected, he will carry the same principles in effect in the governor's office of Texas.

If this is worth anything to you in making up your mind as to how to vote in the November election, I am glad to furnish the information. Respectfully,

A. (PAT) JOHNSTON,
Snyder, Texas, October 24.

To The Scurry County Times:

It has been many a day since I have attempted to contribute any subject matter to the very intelligent and patriotic people of Scurry County. I need no introduction to you people, as I am too well known to at least the majority of the voters of this county. I have never addressed you in the capacity of office-seeking, but I have in the many years past written you many editorials and much comment and publicity on public issues and on questions pertaining to the welfare

and betterment of this section. West Texas in general and Scurry County in particular.

Now, there is a very important question I want to discuss with the good Democrats of this county—matters that are of more than momentary importance. It is in reference to the contest now before the Texas people, in which some division exists among the Democratic voters of this county. We are approaching a general election in Texas, and in some two weeks hence we will be called to the polls to choose presidential electors and state and county officers for the next two years.

There is division, so we are informed, as to the governor's race, and some Democrats are threatening to vote the Republican ticket November 8 rather than vote for Mrs. Ferguson. There is no objection, it seems, to the national party, but, governed by likes and dislikes, they say they cannot vote for the Democratic nominee for governor. Men who have always voted the Democratic ticket

now are threatening to bolt the Democratic party and scratch the nominee for governor.

If enough such Democrats in Texas should leave the party, they would defeat the Democratic ticket in Texas and elect Republican electors, and therefore, assist the Republican national party in putting Hoover back into office, which would guarantee another four years of depression. This is where the danger lies. The average man, when he goes to the polls determined to scratch the ticket, is likely to get "balled up" and vote the Republican ticket straight. Goodness knows this country has had enough of Hooverism and hard times.

A vote for the Republican nominee in this state is at least an endorsement of Republican policies. A man must be a glutton for hardships and privations to even think of bolting the Democratic ticket and assisting in even a moral way to the election of Hoover for president and disliking, they say the candidate for the Democratic nominee for governor. Men who have always voted the Democratic ticket

reason that you cannot take your medicine like good Democrats and vote for Mrs. Ferguson for governor of this state.

But, coming back to the main thought, the fact that to join the Republican forces in this state and vote for Bullington is to endanger the Democratic ticket nationally. Texas has a native son running for vice president, and you dissatisfied Democrats would hate to learn after the election that your actions had aided in his defeat for vice president of the United States. This is what is likely to occur as before stated.

The national Republican party is not so much interested in Orville Bullington in his race for governor as they are in destroying the Democratic party in Texas and making it a doubtful state. While we are not alarmed as to the outcome of the race for governor in Texas, we hate to see our old-time Democratic friends in Scurry County join ranks with the enemy of the masses of the American people—a party which through its policies has pauperized millions of men and women, has

taken the homes from people and turned adrift 11,400,000 breadwinners in this nation; a party for the masses against the masses.

Through political prejudice four years ago we turned this state over to the Republicans. We trust you will not be a party to the same mistake again, for now there is vastly more at stake than then. Then we had hardly felt the depression, but four years of misery, want and privation ought to teach us a lesson. We can hardly expect any change in the situation provided Hoover and the Republican party should win the November election.

In conclusion, we appeal to our Scurry County Democratic friends to stay in the party and vote the ticket straight. You owe this course to your county, state, nation, home and children. If you help by your vote to perpetuate these intolerable conditions you will live to regret your mistake.

Snyder, Texas, Thursday Afternoon, October 27, 1932

The Times Creed.

For the cause that needs assistance; For the wrongs that need resistance; For the future in the distance; And the good that we can do.

THE WEEKLY DOZEN.

The Nearest Route.

Pessimist Pete suggests that the nearest way to a woman's heart may be longer than the short route that leads through a man's stomach.

Wanted: Furnished Apartments.

The Times seldom has less than two or three callers for furnished apartments each week. Men with families who are here from one to six months usually tear their hair before they finally settle down into the best apartment they can find instead of into the kind they want. We can think of no Snyder investment that would pay better dividends than a modern apartment house.

It Reminds Me of Old Times.

Surely these high-powered Saturdays are reminding all of us that hard times have not been with us forever. The very fact that most of us here in town are keeping busy, even if the profits on merchandise are so slim that they look like shadows, is enough to keep smiles keyed up to a high tempo. You had to go more than a block to find a good smile three weeks ago, just before the sun began her steady shining.

Where Are You Going, My Cotton Picker?

Transient cotton pickers are all bound for the Plains. They will tell you. But when you ride up on the Plains you will find them going up and up into the Panhandle. Scientists tell us that insects are responsible for birds changing from cold to warm climates, but we have never heard any satisfactory explanation for a family of poor cotton pickers drifting from white fields and moderate weather to skimpy fields and colder weather.

The Beauty of Kindred Hearts.

Those of us who have been sitting in poverty's lap these many months find that the beauty of kindred hearts is entrancing. Our banker has long since donned coat and pants that do not match. Our druggist is driving the same car he drove way back when. Our grocer has almost as many patches on his trousers as we boast. Our favorite politician wears run-down shoes and graveled shirts. What a grand and glorious feeling, when your neighbor and your neighbor's neighbor are all in the same boat!

Where Do You Buy?

Broadly speaking, it is none of our business where you buy your clothing, your furniture, your automobiles or your jewelry. But when you consider that dollars in Sweetwater or Abilene or Fort Worth are of little benefit to the upbuilding of Snyder and Scurry County, you know the wherewith of your spent dollar has something to do with the well-being of all of us. The old "Trade at Home" idea is carried to extreme. But in Snyder the idea is accompanied by quality merchandise, cheaper prices and helpful service. Where do you buy?

Reminding You Again.

Readers of The Times are learning from week to week of the enormous amount of disaster work done by the American Red Cross during the past two years. The work was not confined to flooded areas or to storm centers, but it reached far into this farming and ranching area, where floods and storms virtually are unknown. Almost \$18,000 in cash and merchandise of various kinds has come to our own neighbors and friends. If your heart is half as wide as the Red Cross heart of the nation, it will be easy for you to find a membership dollar when the annual Roll Call begins on November 11.

Bullington Will Speak.

It makes no difference how you may feel about the governor's race, you will do yourself some good by coming out Friday morning to hear Orville Bullington, Republican candidate. Even Tom Hunter's intensive campaign of the state did not equal the effort Bullington (Hunter's fellow townsman) is putting forth to get the small town and rural vote. No other candidate for governor has spoken closer than 40 miles from here. Democrat or Republican, independent or Jacksonian, you will have your political nails sharpened by hearing this man, who is aggressive enough to speak in towns of 1,000, 2,000 and 3,000.

The Best Patent Medicine.

If all the folks who needlessly drink patent medicine were laid end to end, their means could be heard around the world. The success of the medicine show that remained here for a number of days is testimony enough. Even if the medicine isn't bad enough to you, the price they put on each bottle or will give your pocketbook the delicious treat should we say it will give your pocketbook a "sting"? The best patent medicine is the one that does the least harm to the exerciser.

Let's Pick Our Cotton.

More cotton raisers are learning every day that it is better to risk losing a few bolls of cotton by delay than it is to lose several dollars a bale by pulling it instead of picking it.

This information comes from ginners, leading farmers and others who are watching the heavy movement of Scurry County cotton. It is nothing unusual, say those who are supposed to know, for a man to lose as much as four or five dollars on a pulled bale of cotton, and few pulled bales are ginned that do not lose the grower from one to three dollars.

Not only does the grower take money out of his own pocket on pulled cotton, but he helps create a local market that may be unfavorable for more than one season to come. A cotton man told a Times reporter a few days ago that the surplus of cheap cotton now going on the market might make it almost impossible in a few weeks to get rid of the poor quality staple.

Year in and year out, season in and season out, crop in and crop out, it pays to grow as near the best as your resources will allow.

Our present and our future profit depend that we put pickers instead of pullers into our fields.

School Costs and the Public.

How inexpensive good schools are! It is one of the tricks of the retrenchment propagandists to set forth increases in school costs without taking into account the large expansion in other phases of our life. School costs have increased remarkably, but not so rapidly as have the demands which the public has made upon the schools. The standard of living has gone up and education is an essential element of that standard. How inexpensive schools are! According to Bureau of Education figures the total expenditure per capita of population for education was only \$16.25 in 1924; \$17.15 in 1925; and \$17.50 in 1926. Divide \$17.50 by 365 and the quotient is less than five cents a day per capita for the cost of educating the nation's children—the most important single activity of organized society.

The United States is saving about 15 per cent of its income. Certainly a nation which can show such a record need have no fears over the expenditure of 2.68 per cent of its income for education. The health, skill and purpose of the people constitute the wealth of the nation. To deny youth the adjustment which schools can give is virtually to deny life itself and to destroy the security of this basic human wealth.

Efficiency counts. We need not delude ourselves into thinking that the nation can afford to do less than its best by all its youth. People move about easily and depend much upon each other. We are one in the end and our children will be more intimately dependent upon the intelligence and good spirit of their fellows than we are today. The slow and sure process of education is the only way out. Our people have started upon that way and they dare not turn back, for it is the way of freedom and achievement. All that we put into the schools comes back manifold. We put a dollar into education and gather two from our commerce; we build technical schools and found new industries; we draw four million of our young people into high schools and lay the foundation for a new civilization. We cannot afford to starve education—fundamental alike to individual success and national security. Let us rather insist that money wisely spent for good schools is an intelligent investment which every community should make according to its resources, its needs and its ambitions for its children.—E. B. Lawson, Texarkana.

Very little that is of superior merit is permanently overlooked.

When we have nothing to say it's best to say nothing, but few of us can do it.

The Man—"I have killed five flies—two masculine and three feminine."

The Woman—"How do you know that?"

The Man—"Two were on the table and three on the looking glass."

"Say, what kind of company are you expecting, if you don't want to let them in?"

"The gas company, the telephone company and the electric company."

Sillables—"What's the idea of Bladderdash eating while standing on his head?"

Penultima—"Something he ate yesterday upset his stomach."

Shrimp—"Dunmore says he wishes he had been given a reduction in salary."

Lohsterpot—"You can't possibly mean that!"

Shrimp—"Sure," he said that would have been better than being laid off."

know and few of us observe. Here's health to your family, even if it means eating turnip greens and carrots.

Our Disgusting Sitters.

The able-bodied men who sit on our clean curbs every day, while cotton fields are white unto harvest, are not a sight of which any of us can be proud. Laziness when work is hard to get evidently is bred into some men's bones, but laziness that watches cotton groan in the fields is disgusting.

Wichita Falls—Politician.

The place Wichita Falls has gained in Texas political affairs during the past few years probably places her second to Dallas as being a city of politicians, and, perhaps, of one or two statesmen. "The City That Faith Built" may come to be known as "The City That Politics Built"—or tore down. Tom Hunter was third in the race for governor, and created plenty of political gossip by running so hotly. McDonald, one of Ferguson's satellites, will undoubtedly occupy a high appointive office in case the Ferguson's return to power. The heap is topped by Alfred, the young attorney general, whose margin of victory in the first primary is believed to have created a record for Texas office-holders. Several lesser devotees of the public-trough also claim the border city as their permanent and original abode.

Scurry Takes the Cake.

It is easy to complain about the way in which the weather man has treated Scurry County in recent months—for three or four years, in fact—but it is easy to forget that we have been extremely fortunate this season. Heavy rains in September to the contrary notwithstanding, our seasons have been crop bringers. On the other hand, many other sections of the state have been too dry or too wet practically all the time. While we were having only a few clouds last week, Midland and a wide stretch of country in that area were given heavy and damaging rains. Monday night, while most of this county was getting nothing more harmful than a light shower, practically the entire South Plains were drenched with one to three inches of downpour. Pick 'er cotton, right and left, and thank God for the weather!

CURRENT... COMMENT BY LEON GUINN

When the League of Nations gets into action it is a well known fact that diplomatic masterpieces are often achieved, which in reality are not worth a peso. . . . A unique feature of the session this year was the plain-worded document called the Lytton report, which condemned Japanese occupation of Manchuria. . . . Japan has recognized a separate office blah-blahed the idea that the report would affect Tokyo policies in the land of lacquered toys, snow-capped mountains and mal-nourished coolies. . . . Whatever may be said, one cannot overlook the fact that this situation affects basically our export trade to the queerly intermingled Orient.

The A. B. A. meeting at Los Angeles was interesting in that optimism was fundamentally evident. . . . Speakers concluded that business was ready for the upswing and even the president of the association, Francis H. Sisson, admitted that certain weaknesses in banking should be reinforced with new governing laws enacted by Congress. . . . When Roosevelt and Smith buried the hatchet, it was indeed news. . . . Perhaps it is a fine thing that we shall never know just what bitter personal differences were discarded. . . . Since the Des Moines speech of President Hoover has been nationally aired, several political angles of the campaign have been cleared up.

Again the Rio Grande is flooding valley lowlands, yet it is believed this part of our boundary line will soon calm down to its task of flowing along peacefully and allow the homeless citizens to salvage a few all-covered belongings. . . . The recent Texas Press Association meeting in Dallas accomplished quite a bit of action, planning future activities so that Texas journalism shall not suffer the fate of becoming too conservative. . . . Near Gallup, New Mexico, some new caves have been discovered. . . . Being ice caves, they throw some geological light on the Southwest, which has some of America's most exquisite scenery.

Farmers are fattening out turkeys now that shortly will become spicy dinners in Northern homes. . . . James P. White of Abilene points out that 1,600 cars of Texas turkeys will enter Northern trade channels. . . . The United Lutheran Church of America proposes federal censorship of all motion pictures. . . . Results achieved in other business enterprises of the government amplify the fact that the government should govern—not dictate. . . . Dr. William Lyon has presented his report indicating that Americans have \$70,000,000 invested in American missions in China, whereas \$10,000,000 annually is spent in maintaining these missions. . . . All interesting and of a helpful nature.

Hymn History: Starting next week a series of items will present to you the history of some of our best known hymns. . . . Clipped out, they are handy for future reference.

BRUCE BARTON

Writes "THE MASTER EXECUTIVE"

Supplying a week-to-week inspiration for the busy business man who will find every human trial paralleled in the experience of "The Man Nobody Knows."

A Strong Right Arm. Stung by his taunt, Jesus' accusers hesitated when he told them that what authority he had driven the money-changers from the temple, and in their moment of hesitation were lost. The soldiers turned their backs; it was nothing that they cared about. But the crowd burst forth in a mighty cheer and rushing forward bore him out of the temple, the priests and the money-changers scurrying before him. That night his action was the talk of the town. It is a very familiar story, much preached on and pictured. But almost invariably the pictures show Jesus with a halo around his head, as though that was the explanation of his triumph. The truth is so much simpler and more impressive. There was, in his eyes, a flaming moral purpose, and greed and oppression always have shriveled before such fire.

But with the majesty of Jesus' glance there was something else which counted powerfully in his favor. As his right arm rose and fell, striking its blows with that little whip, the sleeve dropped back to reveal muscles as hard as iron.

Later, he was judged old enough to walk, for there were younger children; and so, day after day, he trudged beside the little donkey, a hard life. Early in his boyhood Jesus, as the eldest son, went into the family carpenter shop. The practice of carpentry was no easy business in those simpler days. Doubtless the man who took a contract for a house assumed responsibilities for digging into the rough hillside for its foundations, for felling trees in the forest and shaping them with an adze. In after years those who listened to the talk of Jesus by the Sea of Galilee, and heard him speak of the "man who built his house upon a rock" had no doubt that he knew what he was talking about. Some of them had seen him bending his strong clean shoulders to deliver heavy blows. So he "waxed strong" as the narrative tells us—a phrase which has rather been buried under the too-frequent repetition of "the meek and lowly" and "the lamb."

LETTERS FROM THE PEOPLE OUR READERS' OUR VIEWS

Scurry County Times: Your last issue of the 20th inst. carried a reprint of a Dallas Journal editorial recommending an amendment of the constitution of Texas to allow the Legislature to appropriate up to \$500,000 for a Texas Centennial. In my opinion this is a dangerous precedent, as it opens the way for the expenditure of tax money for a more or less local matter at the expense of the whole state. At this time it is questionable, if not bad practice, to add to our tax burdens—rather, we must reduce our tax expenditures. This matter is being pushed hardest by the large cities, one of which would be the beneficiary of the donation by the state. It would profit Texas as a whole very little, and West Texas not at all. I note with pleasure that the West Texas Chamber of Commerce is opposed to this amendment and trust that the voters of Scurry County will study this seriously before they vote for this questionable drain on our state treasury. The aims of the centennial are fine, and so far as I know, no one will object to putting it on. It is only the proposed financing through tax money as well as opening the way for other inroads or raids of like character that is being opposed.

The whole matter could be discussed, but there is no use in wasting space. If one of the large cities wants to put on this centennial, they can finance it easily and reap the profits of it without an attack on the state treasury. We have enough tax and other expense to bear out here without guaranteeing any group a fat sum to divide among them. Yours very truly, D. P. YODER, Chairman, Scurry County Tax Expenditures Committee.

If you can sleep soundly and digest your food painlessly, you're in pretty good condition.

How Doctors Treat Colds and Coughs. To break up a cold overnight and relieve the congestion that makes you cough, thousands of physicians are now recommending Calotabs, the nameless calomel compound tablets that give you the effects of calomel and salts without the unpleasant effects of either. One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish—no danger. Calotabs are sold in 20c and 35c packages at drug stores. (Adv.)

Judge Manzey Delivers Outstanding Charge To District Court Grand Jury

The following outstanding charge, plus an outline of the statutes governing prohibition law enforcement, was delivered to the grand jury at the opening of the October term of district court by Judge A. S. Manzey.

Gentlemen of the Grand Jury: The grand jury is an institution that had its origin in the early periods of the common law of England. It was established and jealously guarded as one of the essential bulwarks of British liberty.

Grand juries have duties to perform which are of the highest importance because of the fact that they are largely exclusive. Our government is wisely a government of divided powers and responsibilities.

The duties of the grand jury are also of the highest importance because of the fact that they are largely exclusive. Our government is wisely a government of divided powers and responsibilities.

A "felony" is defined to be a crime, the punishment for which may be death or confinement in the state penitentiary.

Everything is going on nicely in the home now. Our matron, Miss Addie Bigham, was let out October 1, and the nurse, Mrs. Berrie, has charge of the matron's position as well as looks after the health of the inmates at the mother's building.

Thursday night Mr. Roberts and I started to go to church with the evangelist, Mr. Prim, and not knowing the street well, Mr. Roberts fell down and I was holding to his arm and broke my hip just above the knee.

lained common consent. Justice is the virgin gold of the mines that passes for its intrinsic worth in every case, but is subject to a varying value according to the scales through which it passes.

Whoever undertakes to determine a case solely by his own notions of its abstract justice breaks down the barriers by which rules of justice are erected into a system and thereby annihilates laws.

Individual members of the grand jury are approached in various ways and innumerable insidious influences are brought to bear upon them and many improper things are attempted to improperly hinder and obstruct the grand jury from a full and faithful performance of its duty.

The grand jury should act as a body in its investigations, its deliberations and in its decisions. Any evidence or argument that is to have any weight or influence upon the findings of a grand jury should be submitted in the proper way to the whole body and not to individual members in private.

I have in mind those smooth individuals who violate the law and who either in person or through attorneys, bring such influences to bear upon the members of a grand jury to prevent an indictment.

The supreme object of the court is to administer justice. The grand jury as an arm of the court should have no other object in view than to render justice by one of our great judges.

Law is a system of rules, conformable, as must be supposed, to this standard, and devised upon an enlarged view of the relations of persons and things, as they practically exist.

The Eyes of the Nation Are Turned Toward Texas

Let's Hold "Open House" and Invite the World in 1936

Texas have a right to be proud of the heritage of heroic tradition which is theirs. And they justly take pride also in the record of progress which Texas has made since its independence was established on the battlefield.

The events of the Texas Revolution stirred the hearts of all Americans a hundred years ago. Today the whole nation is turning its eyes toward Texas because of the remarkable growth it has been achieving.

The one hundredth anniversary of the birth of Texas independence provides a fitting occasion to invite the world to visit us and see what we have done with our freedom and to behold the immense resources which still remain to be developed.

The Centennial Exposition will leave many permanent and worth-while monuments. The roads which will be laid to conduct our visitors over the State will endure for years to come. The buildings and grounds themselves will doubtless remain as public parks and community centers. And the visions of Texas' splendid future will bring us a rich heritage of men and women moving here to become adopted Texans in a State of so heroic a past and so glorious a future.

THE TEXAS CENTENNIAL 1936

This is the sixth of eight patriotic messages prepared and sponsored by:

TEXAS CENTENNIAL COMMITTEE • TEXAS PRESS ASSOCIATION • TENTH DISTRICT—ADVERTISING FEDERATION OF AMERICA • TEXAS DAILY PRESS LEAGUE • PROGRESSIVE TEXANS, Inc.

Three hundred Texans, battling against a thousand Mexican regulars, fought their way, inch by inch, for four days (Dec. 5 to Dec. 9, 1835), into San Antonio. The gallant Ben Milam was killed, but the victory was complete.

"Back to Home" Movement Is Urged

The American home is the foundation for our right living. It is the greatest university in the world. Then a good slogan for us would be "Back to the Home." Not necessarily back to the old way of living with all its drudgery, but back to the idea that the home comes first. In this great work for the home the teaching of "true citizenship" is an important item. Are we sufficiently stressing in our homes, our schools and our churches the fundamental principles of American citizenship? During this period of depression are we not making many disgraceful and expensive mistakes at the expense of our children? Think of the errors that generations to come cannot remedy—short term schools, low-salaried, unqualified teachers, curtailed curricula, reduction of the number of teachers—all of which are at the expense of our children. Will this reduce the cost of living? Now look for a moment at the leakage in our state and national governmental affairs. If an officer, who needs no qualifications except to get more votes than some one else, receives a salary of \$5,000 a year, how about the superintendent of schools, whose salary has been reduced from \$4,000 to \$2,500? What about the grade and other

teachers whose salaries have been reduced from one-fourth to one-third? Is this fair, after the one has spent his entire life trying to prepare himself for his vocation, while the other has, by a few votes of the people, enhanced his salary at the expense of the taxpayer?

Are we satisfied with these conditions? Certainly we should keep ourselves informed in regard to educational questions and school problems in their relation to the so-called tax burden and see that our children get justice. (Submitted by the educational committee of the Altrikurian Club.) New York's subways are the safest railroads in the world and transport more than 3,500,000 persons each day.

A Statement From
THE SNYDER LOCAL MUTUAL LIFE ASSOCIATION

As a report is out that the Snyder Mutual is not paying its full \$1,000, I, Mrs. J. R. G. Burt, secretary, wish to state to the public as well as the members that we have not paid less than \$1,000 to any beneficiary since 1920, and for the last two or three years we have paid the \$1,000 before the deceased was buried. We have had nine deaths this year and paid each one promptly. We do not owe any beneficiary, and have money in the bank to take care of our next death. Judge W. W. Beall, our last death, was paid as soon as the papers were presented, although we have not assessed for him yet; but we are prepared to pay again without his assessment. We have lost some members and we have written new members. We are re-instating many of our members who could not pay in the summer. As long as we have enough members to pay the \$1,000, and with the cooperation that we have from our members, I feel that we will ride over the depression wave.

—MRS. J. R. G. BURT, Secretary.

a continuous state of preparedness has been maintained. Although it is sometimes necessary to issue a national call for disaster relief funds, the great bulk of relief work is supported—as are other regular Red Cross services—wholly by membership dues forthcoming during the membership campaign.

Final plans for an extensive campaign here are being completed this week and those directing the community-wide appeal have expressed the belief that the membership quota of 400 for Scurry County will be reached or exceeded in a comparatively brief period.
