Miss Erleen Martin and Mac Casey Recite Marriage Vows at Parsonage

A marriage of note and of interest to Snyder and Scurry County people was that of Miss Erleen Martin, daughter of Mr. and Mrs. A. C. Martin, and Mac Casey, which took place at 7:30 Tuesday evening at the Methodist parsonage. Rev. S. H. Young, pastor of the First Methodist Church officiated using the ever-beautiful ring ceremony.

Those present for the wedding were Misses Jeffie D. Isaacs and Hilda Gene Williamson, Mr. and Mrs. Buel Fox, and two of the bride's brothers, Buddy and Jack Martin.

The bride is the only daughter of Mr. and Mrs. A. C. Martin, and has lived in Snyder and Scurry County all her life. She has attended the schools here and is quite popular in the high school and college groups.

Mr. Casey is a son of Mr. and Mrs. R. E. Casey of Clyde. He came here from Roscoe in February to take a position in Edson's Grocery in which he has interest. He is one of Snyder's most promising young business men.

For the wedding the bride wore a smart navy blue sheer ensemble with navy accessories, and her lovely corsage was of sweet peas and rosebuds. She traveled in a sports suit of white silk pique.

Mrs. Fox wore a sunny yellow lace frock with white accessories; Miss Isaacs wore a dress of white silk crepe with brown and red plaid jacket; and Miss Williamson was attired in blue with white accessories.

The couple was accompanied on Tuesday night to Roscoe by the entire wedding party, and then went on to Abilene, where they spent the night. They were guests of the bridegroom's parents in Clyde Wednesday, and returned here Wednesday night.

The newlyweds will be at home at 1403 Twenty-Fifth Street.

Chicken Breakfast Is Given for Club.

Mrs. J. C. Stinson entertained members of the Sine Cura Club and guests with a delightful fried chicken breakfast Tuesday morning at her home, 2907 Avenue U. A national color note was attractively carried out in table appointments and covers, and summer flowers made lovely decorations for entertaining rooms.

Guests arrived for breakfast at 8:30, and contract games followed. Mrs. J. M. Harris played high among members, and Mrs. W. W. Hamilton received guest prize.

Mrs. S. P. Kirksey of San Antonio and Mrs. C. L. Robertson were breakfast guests, and the following were present for breakfast and bridge games: Misses Joe Strayhorn, W. D. Eggers, J. C. Deward, W. W. Hamilton, and J. D. Scott, guests; and Misses H. G. Towle, O. P. Thrane, R. H. Curran, A. D. Erwin, J. M. Harris, T. L. Lollar, Forest Sears, Vern McMullen, G. A. Hagan and Pearl Shannon, Sine Cura members.

HEALTH NEWS

From Dr. John W. Brown, State Health Officer

The Texas State Department of Health has joined the government and other organizations in the use of letters to designate phases of their work, according to Dr. John W. Brown, state health officer. The letters used at this time are FFP and they stand for fingers, flies and food—the three most common methods of transmitting intestinal diseases.

The three Fs are generally responsible for the spread of typhoid fever, diarrhea, dysentery and enteritis. Drinking water is considered a food and, as it is used by all ages, great care should be exercised to assure that its supply is pure. If uncertain the water should be boiled before used for drinking purposes. Surface water and shallow wells are always to be suspected unless proven otherwise. Your city or county health officer will be glad to advise you on the proper method to use in chlorinating your water supply.

It is during hot weather when the most complaints are received on account of diarrhea and dysentery, and parents should do their utmost to prevent it. The chief causes include impure milk, water, contaminated foods or wrong diet. If diarrhea develops the feeding should be stopped or greatly diminished and a physician called. Cartharties should not be given unless the doctor prescribes them.

The three Fs are the three sources of danger to the baby. Flies carry disease germs to the baby and its food. Fingers and hands that are not thoroughly washed before preparing the babies' food are likely to be germ carriers also. All milk and water intended for the baby should be boiled for five minutes and then carefully covered and kept in a cool place until used.

Mr. and Mrs. Porter Honored With Party.

As a farewell compliment to Mr. and Mrs. A. R. Porter, who left Friday to make their home in Laredo, Mr. and Mrs. J. W. Roberts entertained a few of their friends last Tuesday evening.

A color note of green was attractively carried out in decorations and table appointments. Tables were centered with pretty rosebuds, and place cards in green marked places for seven couples. A lovely two-course dinner was served buffet style.

After dinner contract games furnished diversion for the crowd, and at the close of the evening's entertainment Mr. and Mrs. Porter were further honored by gifts presented by the group.

The following were present: Messrs. and Mrs. A. R. Porter, Noa B. Sisk, Charles B. Reed, C. J. Sims, John L. Win and Roberts.

New "Sub Debs" Given Hay Ride.

Two new members of the "Sub Debs" were voted in at a business meeting of the group at the home of Miss Frances Northwest last Wednesday afternoon. The new members are Mary Margaret Towle and Juanita Burt. Plans were made for a hay ride to be had Friday.

After the meeting the group enjoyed a swim at the Martin pool, and then were served a hamburger supper at the home of Miss Juanita Burt.

Hay Ride Enjoyed.

As a compliment to their two new members, Misses Mary Margaret Towle and Juanita Burt, the "Sub Debs" went on an old-fashioned hay ride Friday evening.

With Mr. and Mrs. W. W. Hill as chaperones and Earl Abercrombie as driver, the happy group enjoyed the moonlight ride to the fullest extent.

Refreshing lemonade and cookies were served at the home of Miss Florine Winston at the conclusion of the ride to the following: Frances Northwest, Roberta Ely, Juanita Burt, Mary Margaret Towle, Irene Wolcott and Martha Jo Jenkins; Fred Wolcott, Henry Clements, Royce Eland, Billy Lee, Corwin Patterson, L. A. Crenshaw and Mr. and Mrs. Hill.

"What did his father die of, did you say?"
"Throat trouble."
"Throat trouble?"
"Yes—he was hung."

Hubby—"What is this which you are serving, dear? Is it devil's food?"
Wife—"Yes. I intended it for angel's food, but it fell."

Miss Lollar's House Guests Feted With Several Picnics and Parties

Honoring Miss Jeanette Lollar's house guests, Miss Elaine Pratt of Fort Worth and Miss Wana Wade of Colorado, the college group have entertained during the past week with picnics and swimming parties. Miss Pratt has been here for a week, and Miss Wade arrived in Snyder Friday.

Picnic at Dunn.

As a compliment to Miss Elaine Pratt of Fort Worth, who is a guest of Miss Jeanette Lollar, members of the college group went to Dunn for a picnic last Wednesday night. After supper the crowd enjoyed a swim.

The following were present: Misses Elaine Pratt, Jeanette Lollar, Charline Ely, Mildred Stokes, Margaret Jenkins, Johnnie Mathison and Gwen Gray; J. T. Jenkins, Oscar Brice, Stanfield Cooper, Brul Boren, Albert Carleton, Jack Darby and Morris Sturdivant.

Miss Charline Ely was hostess to the girls of the group with a delightfully planned slumber party after the picnic at Dunn Wednesday night. After breakfast Thursday morning they enjoyed a swim at Martin's pool.

Miss Mathison entertained Thursday night with a swimming party and watermelon feast honoring Miss Elaine Pratt of Fort Worth.

Swimming was enjoyed at the Martin pool as was exhibitions of diving, and the group ate ice cold watermelons at the Santa Fe platform.

The party included Elaine Pratt, Jeanette Lollar, Charline Ely, Mildred Stokes, Gwen Gray and the hostess; R. C. Miller, Oscar Brice, Brul Boren, J. T. Jenkins and Morris Sturdivant.

Twin Caves Explored.

The exploration of Twin Caves was the feature of entertainment for the happy group who motored from Snyder Sunday for a picnic. Miss Elaine Pratt of Fort Worth and Miss Wana Wade of Colorado were named honorees. Both are guests of Miss Jeanette Lollar.

A picnic lunch was served to the following: the honorees, Jeanette Lollar, Mildred Stokes, Margaret Deakin and Gwen Gray; M. M. Clark, J. T. Jenkins, Oscar Brice, Austin Erwin, Albert Carleton and Morris Sturdivant.

THE WEEKLY DOZEN

Changing Three R's.

The "three R's" once referred to as essential to popular education, standing for "Reading, Riting and Rithmetick," have been superseded by the even greater demands of "Relief, Reconstruction and Reform."

Five Years Ago.

We note the following ad in the classified columns of the Huston Daily Leader: "For Sale—One National nickelplated Cash Register. Excellent condition. A real bargain! Leader Publishing Company." We sold ours in 1929.—Minden (Louisiana) Herald.

30x3 Kneec Action.

Kneec action is really nothing new in the automobile world. In fact about the first automobile kneec-action we remember is seeing a fellow pumping up a 30x3 casing about every ten miles. And that was kneec-action that was really kneec-action.—Honey Grove Signal-Citizen.

Says Discontinue NRA.

Discontinue the NRA now and let trade continue unhampered by petty grievances of competitors who are charging each other with violations of the code. This is the opinion of the men with whom we have talked without exception. It is also our opinion, and we believe our leaders like to hear from us.—Abernathy Review.

Right in Step.

America now has the greatest national debt in history. But this is not out of step with the times. We have just gone through the greatest drought, the greatest heat, the greatest strikes, the greatest speed races, the greatest democratic administration. Why not add to the list of accomplishments by creating the greatest debt?—Chillicothe Valley News.

Family, Newspaper and Gun.

Theodore Roosevelt was once asked, during a friendly discussion of relative value, to name three things which he would consider the most essential to his welfare should he be marooned on an uninhabited island. His answer was most significant when he said: "First, I would most desire my family. Second my hometown newspaper. Third, my gun."—Exchange.

Cotton Allotments Too Late.

Although it is obvious that a great amount of time was necessary to work out allotments for the cotton-growing section of the nation, it seems as if the AAA should have made the county allotments before it was too late to plant cotton. This is especially true since the main plea of the AAA has been for cooperation.—Stephenville Empire Tribune.

A Dirty Midland Story.

There are always a lot of people who will read a dirty story. Perhaps that's why so many people read the yarn published from Midland recently about the negro over there who eats around five pounds of dirt a day. She must be one of those educated darlings who read "The Good Earth," and took the title too literally. At any rate, she was truly "living off the land."—Odessa News-Times.

The Great Privilege.

Politicians are beginning to get down to business in their pleas for votes. While a lot of their talks are not overly constructive, still they occupy the mind and provide an opportunity for us to take a hand in the affairs of our government. This opportunity is afforded us only about once every two years, but remember that your vote counts as much as that from one of the "big boys," and you should exercise this great American privilege to the fullest extent.—Ilico News Review.

Problems Above Ability.

There is really no need of criticism for the nation's "Brain Trust" because there are no better men anywhere who could be offered in their places. It is easy to sit back and see men's weaknesses and find faults, but when it comes to handling the problems of the present hour it is different. It might be repeated that the nations of history have all tumbled and fallen because of the fact that the problems of these nations became greater than the ability of the men to handle them, and down they went.—Community Weekly (Plainview).

Book Farmers Triumph.

Book farmers come in for about as much contempt and ridicule as other men with brains do these days. By book farmers we mean men who make a scientific study of agriculture for the purpose of learning how to adapt the business of farming to the soil, climate and conditions in which it must be carried on. But, thanks to book farmers, we not only are able to make two blades of grass grow where one otherwise would flourish, but we are also able

What of the Next Fifty Years?

Now that Scurry County has passed her fiftieth birthday, shall we sing of her glorious past or shall we consider the possibilities of her untapped future? The past unquestionably holds many treasures that none of us would think of losing. It is studded with the deeds of men and women who conquered a frontier; and who, conquering, have kept it for our use and enrichment.

But what of the next fifty years? It is highly improbable that we shall prosper to any great extent unless we change some of our concepts of prosperity.

In the first place, we must wake up to the fact that Scurry County is a part of the United States, and that the United States is a part of an interdependent world. When we get this international slant on economic conditions, we will know that our staple crop, cotton, is not so staple, after all. We will realize that the prosperity of Scurry County is very largely dependent upon the tariff and dozens of other interlocking national and international questions.

Diversified farming, that sweet phrase that is spoken often and intelligently practiced so seldom, will gain a stronger foothold in this county, or prosperity will know the reason why. In spite of shifting prices and other uncertainties, hundreds of Scurry County farmers have learned anew these last few years that eggs, cream and other "side-lines" have been the things that kept them from charity's door. An investigation of charity records reveals that the vast majority of those who applied for help were those who had empty barns and a silent compass.

We will never become an outstanding cotton county until we raise outstanding cotton. Through all the talk and all the controversy of recent years in regard to cotton staple, the fact remains that the world is demanding good cotton, and that the demand will probably increase as far as this country is concerned. Japan and other countries where cheap labor is available will just about supply the world with low-grade cotton in a few years.

It is becoming increasingly evident, too, that purebreds are the thing. In cattle, in hogs, in chickens. Experiments with purebreds are sometimes disastrous, as this country can verify, but in the end it is the purebred that wins. Scurry County is rapidly becoming a purebred Hereford center.

Out of the New Deal will undoubtedly grow a decentralization of industry such as many other nations are experiencing. That decentralization will bring to every wide-awake town an opportunity to secure small factories, canning plants and other small industries. We will probably never become an industrial community, but more industry to supplement our income from farm and ranch will certainly help ease some of our problems.

In short, Scurry County will prosper during the next years in proportion to the manner in which she accepts the trends of the times. Diversification, better stock, small industries are the chief factors in the new direction that America is taking. Unless we keep a step or two ahead of the parade back toward same living, same profits and same neighborliness, the pioneers of 50 years ago may well look on our strivings with mingled regret and hopelessness.

EDITORIAL OF THE WEEK

THAT SHOT AT SARAJEVO

Twenty years ago last Thursday an 18-year-old student shot and killed the Austrian crown prince in the Bosnian town of Sarajevo, and in 30 days the leading nations of Europe were at each other's throats. At the street corner where this assassination took place there is a tablet today which bears this inscription: "On this historic spot Gabriel Princip first gave us a foretaste of liberty, St. Vitus's Day, June 28th, 1914." There is no liberty in Bosnia today. There is a rigid dictatorship over Jugo-Slavia, of which Bosnia is now a part, and there is less liberty and local self-government there than there was in 1914. The Hapsburgs are no longer rulers, even in Austria, but Democracy has not taken their place. Gabriel Princip's desperate deed did not bring liberty to his people. But throughout the world hundreds of millions of people suffer in bewilderment from the consequences which his deed set in motion. If one were to ask the first ten men—or the first fifty—one met on the streets of the average Texas community today: "Who was Gabriel Princip?", probably not a single correct answer would be obtained. Any in every Texas community the consequences which were set in motion by that fatal shot which he fired in a remote Balkan village 20 years ago there are to be seen on all sides. Of course, it was not Gabriel Princip's deed that started the war. It simply was the spark that set off the explosion, and that explosion brought down the whole economic structure of the world in ruins. Twenty years after the event the statesmen of the world have not yet even begun the task of rebuilding it, and most of the hundreds of millions of people who are suffering from the collapse have little or no comprehension of what happened to them.

A world was destroyed by that Bosnian boy's pistol shot. In the United States, we were slow to admit that it had anything to do with us. We regarded the war as a thrilling spectacle during its first years, and the avidity with which we read every scrap of news about it sent the circulation of newspapers to unprecedented proportions. One incident sticks in the mind. It concerns a correspondent who went to Belgium to write about the war for American newspapers. Irvin Cobb was this particular correspondent, and when he returned he went on a lecture tour. And the American people crowded to hear him tell what he saw in Belgium. Everywhere he spoke the people asked him questions, and one question was asked on every occasion that he spoke: "Who is going to win the war?" And back there nearly 20 years ago Irvin Cobb gave the best answer to that question that we have seen to date. It was in the form of counter-question: "Who won the San Francisco Earthquake?" That was his answer. And as we say, it is the best answer that has been given to that question to date, for strictly speaking nobody won the war. The whole world, even the neutral nations that remained out of the fighting, lost the war. For, as we have said, a world was destroyed in the process.—The Texas Weekly.

to know how to so scientifically balance a ration that a maximum of livestock can be produced with a minimum of feed.—Salisbury (Missouri) Press-Spectator.

Something Worth While.

Terry County has been put on the emergency relief roll. The federal government proposes to spend some money here, and it will be spent regardless of whether those drawing the relief money dig holes and then fill them up again, or do nothing. The only sensible way for our nation to get the maximum amount of good from this money is to provide projects. Provide them that are worth while—something we can point to in the near future with pride.—Terry County Herald.

ADVISE SIGNERS OF CONTRACTS

Absentee landlords and their tenants will save much time in getting farm allotments of cotton and exemption certificates under the Bankhead Act if these absentees will name promptly persons to act for them and if they will give these agents the power of attorney on forms to be provided, the Texas A. & M. College Extension Service has been advised by C. A. Cobb, chief of the Agricultural Adjustment Administration cotton section. Regular power of attorney forms will be available in Texas soon, he said and will be available in the offices of cotton production control associations.

The time for filing applications for individual farm allotments of cotton and tax exemption certificates will be limited, according to Mr. Cobb. The time limit, however, has not yet been announced.

Landlords, cash tenants, and tenants residing for a fixed share of crops, or their authorized agents, are eligible to sign Bankhead applications for allotments and certificates, it has been pointed out. Certificates will be issued to individual producers, whether landlords or tenants, who receive the proper share of the total allotted the farm. Mr. Cobb said.

Noa B. Sisk Among Federal Delegates

Noa B. Sisk of Snyder was among about 600 federal employees who gathered in San Angelo July 4 for the 32nd annual convention of the Texas Letter Carriers organization. The Texas Federation of Postal Clerks and the Texas Federation of Rural Letter Carriers held meetings in conjunction.

The local post office employee says business and entertainment features made the convention a decided success.

Commission Chosen On Highway Routing

Appointment of a highway commission of three members has been announced by the county Commissioner Court.

The trio, H. J. Brice of Snyder, W. V. Jones of Camp Springs and W. A. Johnston of Dunn, met Monday to assess damages against the right-of-way property on the new Highway No. 7 routing between the Snyder city limits and Hermleish. Judge Robert H. Curran states that at a county court hearing Monday, August 20 was set as the date for condemnation proceedings to be tried in connection with city right-of-way on the same highway.

Fish Leads Shooters.

J. Collie Fish, former Snyder resident, is leading all rifle shooters on the Chillicothe range, the Chillicothe Valley News reports. Several days ago he shot a perfect 25 and a 23 out of 50 shots at 200 yards. Collie was here early this week to move his furniture to Chillicothe, where he has made his home for some months.

Regulations Governing Loans to Drouth Stricken Areas Outlined

Regulations governing loans in the drouth stricken areas from the emergency crop loan section of the Farm Credit Administration have been outlined by W. L. Myers, governor of the FCA, for the benefit of Scurry County farmers and stockmen. Applications for the loans are being made here to Charles J. Lewis, secretary to Relief Administration, Joe Manroy, at the county tax assessor's office.

The FCA (called Governor), acting pursuant to the act of Congress approved June 19, 1934, will make loans for the purchase of feed for livestock and for the production of forage crops in the several states of the United States on the following conditions:

No such loan will be made, or if one or more installments have been advanced, further installments will not be advanced:

Approval Necessary.
1. To any applicant for the purpose of feeding livestock or workstock of any class or kind in excess of the number approved by the representatives of the Governor.

2. To any applicant in an amount in excess of the maximum allowance per capita established by the Governor, or his authorized representative, in any county or other designated area for any class or kind of livestock or workstock.

3. To any applicant for the purchase of feed for livestock acquired subsequent to April 1, 1934.

4. To any applicant who makes a material intentional misrepresentation for the purpose of obtaining such loan, or any installment thereof.

5. To any applicant who fails to observe good faith in the disposition of any installment of the loan proceeds or in the care of his livestock, workstock and crops.

No Encumbrances.

6. To any applicant who encumbers his livestock, workstock, feed or crops or waives his rights therefor contrary to his agreement with the Governor.

7. To any applicant who fails, upon request, to provide available or obtainable information in connection with his land, livestock, workstock, feed, crops, or financial condition.

8. To any applicant for the purchase of feed for livestock located outside areas designated by the Governor as drouth stricken. All livestock or workstock fed with feed purchased from the proceeds of loans must be located in areas designated by the Governor as drouth stricken.

9. To any applicant who fails to submit with his first application non-disturbance agreement in the form provided, duly executed by each of the chattel mortgage lienholders listed in the application (except federal land banks, production credit association, regional agricultural credit corporations, or the secretary of agriculture, or Governor).

Foreclosure Notice.
10. To any applicant who has been served with a formal notice of foreclosure on real or personal property listed in the application unless a non-disturbance agreement in the form provided duly executed by the party or parties having served such formal notice of foreclosure is presented with the initial application.

11. To any applicant who has the necessary feed to maintain his livestock and workstock, or has the means or other sources of credit available to obtain such feed.

12. To any applicant who has the means or other sources of credit enabling him to undertake the production of a forage crop or crops.

13. To minors or agents or without court order to executors and administrators.

14. To a wife living with her husband unless the husband joins in each application and note.

15. For any other purposes than those stated in the application.

Limit to Amount.
16. In a monthly installment greater than is actually needed in each case to purchase the feed for a period of one month for the livestock and workstock listed on the application, as determined and approved for maintenance by the representative of the Governor.

17. In the case of the production of forage crops at a rate in excess of \$1 per acre.

18. To any applicant for the purpose of purchasing feed for livestock which subsequent to April 1, 1934, has been moved into any area designated by the Governor as drouth stricken. Where livestock is moved out of areas designated by the Governor as drouth stricken into areas not so designated further loan installments will be discontinued for the purpose of purchasing feed for such livestock. Loan installments may be continued for the purpose of purchasing feed for that part of an applicant's livestock remaining in areas designated by the Governor as drouth stricken. Where livestock is moved from one area designated by the Governor as drouth stricken to another area so designated loan installments may continue to be advanced.

All Owners Indicated.
19. To any applicant who is a part owner only of the livestock to be fed, unless all other parties having a beneficial interest in all of such livestock join in the application and note.

20. To any applicant whose principal business is the commercial feeding and fattening of livestock for market.

21. To any applicant for the purpose of purchasing feed for livestock which are under contract to be fed.

22. To any applicant which is a corporation unless the principal business is farming and unless the principal stock holders of such corporation endorse the note given for each installment.

Sunday Program at Baptist Church Is Outlined by Pastor

The pastor will preach Sunday morning on the subject "The Power of Prayer." R. P. McKinney's new score "My Prayer" will be sung as a special musical feature. The morning worship hour is 10:30 o'clock. A great choir will lead the congregation in song worship of great old standard hymns.

Sunday school begins promptly at 9:45 o'clock. There were 307 in Sunday school attendance last Sunday morning. Let's run the attendance on up to 325 Sunday morning. There can be found no finer group of officers and teachers nor a corps of workers better prepared for Sunday school teaching than those of the First Baptist Church of Snyder. Let the parents find their places in the adult classes, the young people likewise in their department and the children in the elementary classes.

The Baptist training hour is 7:00 o'clock. There will be 100 in attendance Sunday evening. The assembly period will come at the close of the training hour rather than at the opening, as heretofore. At this time Sunday evening the service which will present a 15-minute playlet "The Spirit of Missions." All of our people will want to see this mission drama.

The pastor will preach Sunday evening on the subject "Heart Disease." A quartet will sing as a special musical feature. We expect the church and mission to be the hope that all of our church family, along with visiting friends, will be in the evening service. We send out an invitation to all our friends who do not have a home church to worship with us. The church will meet you at the door with a smile and a glad hand and will do their best to welcome you and find for you cool and comfortable seats. You will greatly enjoy the growing fellowship among our people. The evening worship hour is 8:15 o'clock. Let the choir members fill the choir left with morning and evening and thus lead the church in singing the great old standard hymns of Zion. Welcome, friends welcome—Lawrence Hayes, pastor.

Patriotic Theme Feature of Lion Songs, Roll Call

Patriotism that kept step with the independence day theme was carried out in songs and roll call by the Lions Club Tuesday at its noon luncheon.

Each Lion answered roll call with an historical date, passed or event, or suffered the penalty of the tail twister's wrath. "America," "The Star-Spangled Banner" and "Columbia the Gem of the Ocean" were opening songs.

Miss Elaine Pratt of Fort Worth entertained with three "blues" songs, with Miss Eula Pearl Ferguson as her accompanist. Other guests were Miss Jeanette Lollar of Snyder, Miss Wana Wade from Coleman, Pat Bullock of Austin, Rev. Lawrence Hayes and Homer E. Thompson. C. Wedgeworth, a member who has been out of town for several weeks, was also present.

Mr. Bullock, former county superintendent, complimented the club for its reorganization, its progressive spirit and its fine work in providing glasses for needy children of the county.

Appointment of two committees was announced, as follows: Agricultural—O. P. Thaine, chairman; W. R. Lacy, Myrtle Blackard; attendance—Earl Brown, chairman; Grady Hamrick, R. J. Randals. The agricultural trio will be responsible for next week's program; the attendance committee for the following Tuesday's program.

ASSISTANT FOR COUNTY AGENT

An assistant county agent to assist W. R. Luce in administration of various features of the AAA program began service in the county agent's office Monday.

He is Homer E. Thompson of Vernon, a trained worker who has been associated with the United States Department of Agriculture, Dallas office, for three seasons.

The new worker will be chiefly concerned just now with assisting in administration of the Bankhead Bill in Scurry County.

Cleve Blackard Has Become Pharmacist

Cleve Blackard was notified last month that he passed his pharmacist examinations in May, and was entitled to all rights and honors attendant on the accomplishment.

But it was not until Thursday of last week that Cleve received his certificate. "The whole family is proud of it," he admitted under pressure.

Stinson No. 2 now has three registered pharmacists: John Erwin, A. E. Wise and the new certificate holder.

Hospital Notes

Jack Martin, son of Mr. and Mrs. A. G. Martin, underwent a tonsil operation at the Emergency Hospital Friday. He is doing nicely.

Miss Verney Eoynton of Pivanna had her tonsils removed at the hospital Friday. She spent a few days as a guest of Mrs. B. E. Robinson.

Dr. and Mrs. I. A. Griffin and Mrs. Eura Little attended the Cowhey Round-Up in Stamford July 4, and went on to Dallas from there.

Mrs. Boss Baze entered the hospital Saturday morning with abscessed tonsils. She is improving.

An eight-acre alfalfa pasture has meant the difference between profit and loss in the dairy business to Bradford Lewis in Gonzales County. For two months this spring he kept 20 cows on the patch four hours daily and then had to mow it to keep the growth in check. Four tons of hay were cut.

How Can I Get My Dollar's Worth? . . .

We're all interested in doing the most possible with the money we have. Rich or poor, we all want at least one hundred pennies return on every dollar we spend. One way to achieve that aim is to buy quality merchandise, from reputable institutions. Study your stores in Snyder and note how thoroughly they all meet those requirements.

Another way to enjoy greater return from your expenditures is to buy where you're surer of reciprocity . . . and where you know that your money will come back to you sooner. There again, your hometown store fits the description. If you want your dollar's worth—in merchandise and results, there's only one way to attain it — by doing all of your shopping in Snyder. That's the only way Snyder can buy from you or pay your salary. Today — give our stores a chance to show you real value and real prosperity at home — do all your buying close to home.

BOY SCOUTS TO CAMP TUESDAY

Nineteen Boy Scout troops from the two Snyder troupes will leave Tuesday for Camp Louis Farr, located two miles west of Meritzon, for the annual summer Boy Scout camp. They will be headed by Scoutmaster Willard Jones and E. J. Bradbury. The camp site has all the requirements of a good Scout activities site—plenty of shade, many varieties of trees, wonderful swimming water, Indian relics, beautiful scenery and hiking country galore. It is owned by the Comcho Valley Council.

A large rock mess hall and administration building have recently been completed, and are to be used for the first time this summer. Pure drinking water is provided by a well on the grounds. Everything considered, the camp is almost ideal for such an occasion.

Each troop will camp as a unit with its own scoutmaster or other adult leader in charge. A. C. Williams, scout executive of the Buffalo Trail Council, of which Snyder is a part, will be director of the camp.

The boys who will go with Jones and Bradbury from the Snyder troupes include Gervon Rogers, Walsey Barrett, Lyle Alexander, Gordon Smitell, Charles Burke, Fricas Bell, Weldon Strayhorn, Weidon Kinnard, Leon Autry, Jackie Scarborough, Wallace Smith, Clyde Boren, Fred Boren, Martin Harris, Lee Roy Stuyhorn, John Henry Boren, Archibald Head, Eugene Pinkerton and Jay Rogers.

Local Happenings

Jim Stinson of Abilene visited relatives and friend here Tuesday.

Mrs. J. B. Boles left Thursday for Maywood, California.

Adrian Banks is visiting with his mother, Mrs. Mary E. Banks.

Mrs. Noa E. Sisk and children are visiting friends and relatives in Fort Worth and Meppard.

Misses Wana Wade of Colorado and Elaine Pratt of Fort Worth are guests of Miss Jeanette Lollar.

Royce Eiland had his guests over the week-end in his cousin, Orlie Pratt's, home, of Dublin, and Orlie Graham of Proctor.

Mrs. Ethel Eiland and son, Royce, and Mr. and Mrs. Horace Eiland and son, Billy Joe, spent Wednesday in Stanton.

Nathan Rosenberg, Steamboat Taylor, Stanny Cooper and Bud Boren spent the Fourth in Sweetwater.

Mrs. Mollie Pinkerton and Miss Jewell Westfall were guests July 4 of Mrs. Pinkerton's parents, Mr. and Mrs. Joe Church, in Colorado.

Miss Jewell Westfall leaves for her home in Marietta, Oklahoma, Friday. She will spend about two months with her parents.

Charles Rosenberg arrived home Wednesday from Brownwood, where he has been managing the Economy Store while Mr. and Mrs. Gus Rosenberg and Mrs. Rosenberg's mother, Mrs. Estelle Lockhart.

Miss Jeanette Lollar and her guests, Misses Wana Wade of Colorado and Elaine Pratt of Fort Worth, and M. M. Clark, J. T. Jenkins and Oscar Brice were in Stanton July 4.

Mr. and Mrs. H. P. Brown were in Abilene with their daughter, Mrs. Ed Grimes, Monday. Mr. Brown returned Monday evening, but Mrs. Brown remained with Mrs. Grimes, who is quite ill.

W. T. S. T. C. students home from Canyon for the week-end included Misses Bessie Burnett, Lola Mae Littlepage and Edrice Gilmore; Earl Horton and Victor Drinkard; and Mr. and Mrs. Roy Ivins.

Miss Edith Sears had as her guest over the week-end Lucy Turner of Claude, a student in Texas Tech. Mr. Turner recently received recognition from the school as having made the highest scholastic record among Tech athletes.

Mrs. H. G. Towle and daughter, Mary Margaret, and Mrs. Pearl Shannon returned last Thursday from a trip to Mexico City. Mrs. Towle states that the party of which they were members took five all-day sight-seeing trips out from Mexico City.

BALLOT READY FOR ABSENTEE

Sunday, July 8, is the first day of absentee voting for the July 23 primary, points out Mrs. Mattie E. Trimble, county clerk, in whose hands the absentee ballots will be found.

Persons who will be out of the county on the day of the primary election may vote by presenting their poll tax receipt or exemption certificate, which will remain with the ballots marked.

Voters who are already out of the county and who do not plan to return to vote should write the county clerk, requesting an absentee ballot. They must mail their poll receipts or exemption blanks. Persons leaving the county prior to the first day of absentee voting may present their certificates at the county clerk's office with a request for ballots to be mailed to them at their new addresses.

Absentee voting ends on the night of July 25.

Plan More Soft Ball Teams for Local Schedule

Keen interest in the soft ball games that have been played on the school grounds recently lead fans to believe that at least two or three other teams will be organized within the next week.

The Lions Club team and a "town" team led by Shorty Sims have already played three games, much to the discredit of the club players. But everybody had plenty of fun, including a considerable number of spectators on each occasion.

Games were played Thursday and Friday of last week and Monday of this week.

Another set-to this (Thursday) evening at 6:45 o'clock will see the same two teams in action.

When the Lions squad gets rounded into shape a little better, the challenge of a Colorado Lions Club team will be accepted.

It has been suggested that the fire boys might have a team, and that each side of the square might organize for soft ball hostilities.

Anyone interested in organization of another team is urged to see Marcel Josephson or Nathan Rosenberg of the Lions team or Shorty Sims of the "town" team. The Times will be glad to assist in arranging a schedule and in giving the games plenty of publicity.

CONCRETE TILE HELPS GARDEN

Laying concrete tile for sub-irrigation in trenches between the rows of her garden vegetables already growing, is the thing that Mrs. W. G. Anderson is doing as a member of the Dunn Home Demonstration Club, says Miss Nellie Ward, Scurry County home demonstration agent.

Gardens already growing, and which have not died because of the dry season, may have life laid satisfactorily by digging trenches for the laying of the tile now.

The moisture provided by tile usually spreads about two feet on each side, which would be sufficient to reach the root system on either side.

Molds for the making of the tile may be made inexpensively by any person handy with a hammer, but Mrs. Anderson is getting hers direct from A. & M. College, where they are made by students.

American Legion And Auxiliary in Annual Election

Election of officers for the new fiscal year will be the principal business to come before the Will Lavin Post of the American Legion and its Auxiliary when the two groups convene next Monday night at 8:00 o'clock in the courthouse.

Mr. and Mrs. Lee T. Stinson, the presidents of the two organizations, are anxious that efficient turnouts of veterans and their wives, sisters and mothers will be on hand.

Auxiliary officers have held office since the women were organized last fall, while the men have been in office since the fiscal year began in October.

The new officers will not take office until October, but they must be chosen before the state convention, scheduled at Mineral Wells August 27 and 28.

Mrs. W. W. Hull is secretary-treasurer of the Auxiliary. Legion officials now include A. C. Pruitt, adjutant; Wally D. Fish, first vice commander; W. W. Hull, finance officer; Warren Doonson, service officer; Rev. D. R. Todd, chaplain; Frank Arnett, sergeant-at-arms.

Infection is often fatal. Prevent it with Lucky Tiger antiseptic ointment. At all drug stores. Costs little.

Quartet Goes to Scouter Meeting Late Last Week

Four "Boy Scouters" from Snyder were in Big Spring Friday evening for a meeting of the executive board of the Buffalo Trail Council. The attendants were J. E. Sntpp, E. E. Westerbeke and Clyde Boren, members of the American Legion Boy Scout troop committee, and J. C. Smith, chairman of the Snyder district.

A discussion of the approaching annual Boy Scout camp, to be held near Merizon beginning July 8, revealed that between 200 and 300 scouts and scouters are planning to be on hand from one to two weeks. John Howell, Midland chairman of the camp committee, reported that the camp features a large hall, excellent swimming pool and shade, and full camp equipment.

An increase of Boy Scouts in the 15-county area was reported by A. C. Williams, executive, since January 1. Almost 600 boys are now active in the work. Snyder was complimented for her work in organizing two new troops, as was Dunn, which organized a troop prior to the local reorganization.

The financial statement showed a balance of more than \$900 in the treasury. Confidence was expressed that the remaining \$1,700 needed during the year would be raised in towns of the area.

Midland announced that the annual area water carnival will be held there in August. A report from Big Spring concerning the annual jamboree held there in May showed the affair to be successful financially and from a standpoint of attendance. More than 500 scouts and scouters were cared for.

Lucky Tiger antiseptic ointment kills athlete's foot, ringworm, itch, etc. Contains new sensational ingredient. At all drug stores.

Relief Withheld From Anyone Who Refuses to Work

Any person who refuses to work at any legitimate job offered by any citizen will not be granted either direct or work relief, it was emphasized in a resolution passed at a meeting of the Texas Relief Commission in Austin last Friday.

County administrators, including Joe Monroe of Scurry County, have been asked to give publicity to the commissioners' ruling, which has been in effect for some time.

"There has been and is great complaint from the citizens of Texas that the services of farm laborers and household servants are most difficult to secure, and it is believed that persons on the relief rolls have been offered and refused such employment but have continued on the relief rolls," the commission states.

"All persons physically able to work who are offered employment at the prevailing wage scale, and who refuse to accept same without good cause, shall not be furnished relief."

Persons offering employment that was refused should advise the local administrator in writing, giving name, address, employment offered and wages offered.

Mr. Monroe requests the cooperation of Scurry County citizens in seeing that this phase of the commission's rulings is enforced.

We appreciate your business.—D. C. Gibson-Lumber 3-11c

GOLFERS WHIP LAMESA SQUAD

Snyder golfers defeated the Lamesa Sandbelt team on the local course Sunday afternoon by a score of 22 to 18. This was the first defeat Lamesa has suffered at the hands of the Snyder team in three years or perhaps longer. That's as far back as the writer has been with the local team.

Following are the results of pairings and foursome matches: Wayne Boren and Lex Wilmoth captured both individual and foursome honors from Norman and Gregg. In the second flight the Vaughn brothers defeated Earl Fish and J. W. Roberts in the foursome play while Fish was winning over I. B. and Roberts was losing to L. P. Vaughn. The three flight was disastrous for the local players. Tatum and Lavender won everything from Sam Williams and Wad Swice, Levan Cotton and W. E. Holcomb won both individual and foursome honors from Smallin and Belawin.

Snyder's next match will be at Midland on July 15.
