SNYDER, TEXAS, THURSDAY AFTERNOON, JANUARY 24, 1935.

TEMPERATURE DROPS TO LOW POINT MONDAY

Mercury Hits Five Degrees, Lowest Figure in Two Years; Cold Spell Continues.

Winter swept out of the Rocky Mountains Sunday night and left Scurry County shivering in nearzero weather. Early Monday morning the mercury dropped to five degrees above zero, its lowest point Between 8:00 o'clock Sunday Rural Aid Money since February 10, 1933.

morning and the same hour Monday morning the temperature swung downward a full 50 degrees, one of the most rapid changes remembered by old-timers.

Monday was bitter cold, with an icy wind that never stopped. Still cold came that night, and the mercury moved downward to seven degrees above zero. Tuesday night was warmer, with 22 degrees as the half of the 1934-35 school year. lowest point. Another biting wind, not quite so chilly, swept the county

Judge Ties First **Matrimonial Knot**

Judge H. J. Brice feels that he has been fully initiated into his new courthouse job.

The final ceremony came Satarday morning, when two impatient young persons asked him to tie the matrimonial knot in the judge's office. He tied it, and he admits that he received as much "kick" out of it as the newlyweds.

Miss Barbara Pearl Lockhart of the Pleasant Hill community and Albert Franklin Lockhart of Stanton provided Judge Brice with his new experience.

High School Senior Is Married Friday.

Miss Helen Witherspoon, daughter of Mr. and Mrs. J. C. Witherspoon, and Talmage Turner of Monohans were married immediately following the high school graduation service Friday evening, at which time Miss Witherspoon received her high school diploma. Mr. Turner's parents are Mr. and Mrs. W. J. Turner of Twenty-

The wedding took place at 9:30 o'clock Friday evening at the home of Rev. and Mrs. H. C. Gordon. Rev. Gordon, pastor of the First Methodist Church, officiated, using the ring ceremony. The bride's parents and three youngest brothers were present for the wedding. Attendants to the couple were Miss Lee Alvin Hays and G. C. Spence Jr. of the high school.

For the ceremony the bride wore a lovely white satin evening dress as. She will be crowned queen at with gold accessories. She carried coronation ceremonies in the spring. an arm bouquet of sweet peas and (Texas News Photos.) fern. Miss Hays wore a blue crepe evening dress with silver accesso-

AUTOMATIC

Prevents Waste... Increases household efficiency!

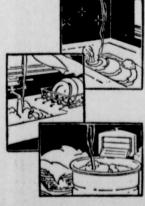

You aren't really living in this modern age if you still have to hand-light your water heater. The most up-to-date and thoroughly care-free way to insure abundant, clean hot water at any minute is a Gas Automatic Water Heater. No waiting then for water to heat if you want a quick bath or have dishwashing or laundry work to do!

A gas heater is the most efficient automatic hot water system you can own. Thermostat control prevents fuel waste. It uses only enough fuel to keep your hot water supply at just the temperature you prefer. Before spring cleaning gets under way, have installed this efficient helper.

Your Cheapest Method of Water Heating

Because of the low cost of your natural gas service, one of these modern automatic heaters is economical to operate. For instance, one will heat enough water for two hot baths at a cost of only 1 cent!

Your gas appliance dealer or your gas company has wide selections of modern gas appliances. See them. Remember, National Housing Act Loans take in these

THE WEEKLY DOZEN

Not Enough of Them.

"There's nothing wrong with the Republican party," observes a Solomonic exchange. "The only trouble is that there are not enough Republicans."

Roosevelt Is Determined.

"I am determined," emphasizes President Roosevelt, "that the people of this country keep before them the fundamental issues. I refuse to be diverted by the misrepresentation of opponents, the fears of the weak, the madness of the unreasoning."

† ¶ †
These Modern Animals

A University of Texas professor avers that "the mastodons as well as the true elephants were abundant in Texas in relatively late geologic times." In more modern times the state has become over-run with political jackasses and wolves in sheep's clothing.

> † 9 † Sports Item No. 1

"First call for candidates for this season's headline team finds such veterans reporting as Hungary-Yugoslavia, Bolivia-Paraguay, and Pickford-Fairbanks," observes 'the Lufkin News. Not to mention Income-Budget, Roosevelt-Critics, and Peace-Munitions Makers.

Nightmares Come True.

Pessimism Pete says when he looked out of his window through the Monday morning haze of winter he thought he was having a nightmare. Then when he crawled out into a cold room and couldn't find enough water for coffee, he knew blame well his bad dreams were coming true.

No Backseater, This Mahon!

George Mahon's opponents during the recent primaries accused him of being too young for the congressional job. The complimentary nature of his first committee assignments, and the fact that he was made secretary of the Texas delegation, add to the refutation of the 19th district voters. Congratulations

A Note of Optimism.

A note of optimism is struck in this terse comment concerning the new session of Congress: "The debates and discussions soon to be heard in the halls of Congress will find echo in the great public forum of the country at large, for whenever men and women meet the subject of paramount interest is bound to be concerned with the best means of promoting the ufacturers and other industrialists applied definite end sought by all-the final rescue of American business (including agriculture, of course) from the slough of despond."

A Good Sign for Relief.

A statement made by Adam R. Johnson, state relief administrator, is encouraging to those who see increasingly dangerous tendencies springing out of our relief system. "We are proud of the growth of our work program because it has enabled us largely to provide our employable relief people with work and avoid the outright dole," he said. "I believe it has been a determining factor in maintaining the cent in November.

> † 9 † Irrigated West Texas!

It is being freely predicted by forward-looking men and women that a large part of West Texas, including a portion of Scurry County, will in another generation be converted from a land that is always crying for rain into an irrigated garden spot. That dream will probably come to pass when man's inventive genius turns from speedy, death-bringing machines to irrigation tile, low-cost water-pumping equipment and more efficient, less costly gardening and farming tools.

> † 9 † Poll Tax Payments Due.

Some citizens get it into their heads that there is no use to pay poll taxes in a year that promises no election of wide importance. That is where a big mistake is made. The issues that may come before voters during 1935 may be of more lasting importance than the election of a governor or a congressman. Remember back in 1933, an "off year," when so many folks wished with all their hearts that they had paid their poll taxes? Let's not have another 1933 in poll tax payments!

The Newspaper Does It.

Writes Wendell Bedichek in West Texas Today: from want and deprivation? Individual citizens con- rural mail carrier. As a boy, he shined shoes in the ceive the measures that must be taken to care for town barber shop, washed bottles in a bottling plant, the widow and the orphan and the invalid. But, in sold magazines. That was his humble beginning: order that those needs may be met, do they work as and his career, leading to chief executive of his state, individual citizens? No! There is only one medium shows constantly the impress and effect of his herithrough which they may call to the attention of all tage in common with the every-day folks. their fellow citizens the humanitarian demands upon all of them. The newspaper!"

† 9 † A Few Townsend Questions.

suggested by your plan?

1934 Through the Farmers' Eyes.

Was 1934 a losing year or a gainful year for Scurry County farmers?

Putting the question in larger terms, was 1934 a losing year or a gainful year for U. S. agriculture

Before we answer, let us consider a few facts. Farming, like raising babies, selling groceries and getting married, depends on facts, in the long run. Theory, romance, talk and criticism have their day. But the mother or the groceryman or the marriagee -or the farmer-who doesn't settle down to facts sooner or later, will settle down to ruination.

In the beginning every last one of us will consider the fact of the Scurry County drouth. No one can laugh it off. It cut our feed down to about one-sixth of normal, our cotton down to about onefourth of normal. What distressing comparisons if we went no further in our fact gathering!

But, thank Uncle Sam, we can go much further in our fact gathering. Forgetting for the moment that Uncle Sam can not snatch money out of the thin air and spread it where he thinks it will be of the most benefit to recovery, we must admit that the \$600,000 sent to Scurry County farmers and ranchers in 1934 was the difference between ruin and salvation for most of them.

That \$600,000, if it had come from regular sale of county products, would have pushed the county income up to such a figure that we could call 1934 a "fair" year.

We can not close our eyes to the fact that Uncle Sam is spending a whale of a lot of money that he doesn't have. But the plight of this county and hundreds of other counties forced the federal government to do somethnig on a huge scale or prove itself an ingrate to the sons and daughters of the soil that has built America. Uncle Sam's payingout process will be burdensome, all right, but not nearly so burdensome as the combined effects of a depression-drouth on a defenseless people.

That \$600,000 was our immediate gain from the federal government. It is entirely probable that our more distant gains from movements begun in recent months will bring millions of dollars in county benefits.

Particularly do we refer to that rather indefinite movement called "planned agriculture." Breaking that term down into plain English, let us say that Uncle Sam is pointing the way for farmers to use horse sense in raising and selling their crops. Manplanning to their business years ago. Loosely speaking, that is why they were not hit so hard by the depression and drouth as the farmer.

The farmers are out-running Uncle Sam! Community agricultural associations are springing into full being almost overnight. Washington needs but suggest that farmers will be allowed to write their own ticket . . . the farmers over-write it by calling for planned planting and planned marketing with an avalanche votes.

We must pause to recognize that the county agent's office has become the clearing house for Scurry County's biggest business. And who is there, aside from the ignorant and the professional critics, who would not pause in the midst of these facts and figures to say to County Agent W. R. Lace and his associates: "Well done, faithful servants-and more

Never before has Scurry County farming or national farming faced such a promising year, if we used the word "premised" to mean true cooperation instead of merely "good season" and "good crops." That is the answer to this editorial's opening questions, regardless of drouth, depression, pessimism and other bitter dishes of which we all have eaten in recent months.

power to you!"

EDITORIAL OF THE WEEK

HE KNOWS WHERE HE IS GOING. Raymond Brooks in West Texas Today.

Title of a top West Texan changed as of January 15, from Attorney General Allred to Governor James V. Allred; but to a good many thousands of Texans that dynamic young man will continue to be "Jimmie," just as they came to know him and to honor him by elevation to high state office.

He is a native Texan, warmly proud of it; a native of West Texas whose pioneering traditions of conquest over hardships and adverse fortune he honors and exemplifies. He was born in a farm cottage at the "What is it that protects every community's needy edge of Bowie, Montague County, his father then a

> Allred said, in announcing his race for governor this year: "I favor a new deal for Texas-a new deal from a new deck, with some new dealers in the game."

Pounds of firm healthy flesh instead of are scraggy bones! New vigor, vim and nergy instead of tired listlesaness! Steady, uict nerves! That is what thousands of discovery—the Vitamins of Cod Liver On concentrated in little sugar coated tablets without any of its horrid, fishy taste or smell. McGoy's Cod Liver Oil Tablets, they're called! "Cod Liver Oil in Tablets", and they simply work wonders. A little boy of 2, serisimply work wonders. A little boy of 2, seriously sick, got well and gained 10½ lbs. in just one month. A girl of thirteen after the same disease, gained 3 lbs. the first week and 2 lbs. each week after. A young mother who could not eat or sleep after baby came got all her health back and gained 10 lbs. is less than a month.

all her health back and gained 10 lbs. In less than a month.

You simply must try McCoy's at once. Remember if you don't gain at least 3 lbs. of firm healthy flesh in a month get your money back. Demand and get McCoy's—the original and genuine Cod Liver Oil Tablets—approved by Good Housekeeping Institute. Refuse all substitutes—insist on the original McCoy's—there are none better.

Moore and Rollins Open for Business

J. D. Moore and I. M. Rollins are proprietors of a new business half a block south of the square on Avenue S, which opened for business early last week. Consumers Service Station is the name of the

Gasoline, distillate, kerosene and lubricating oils are handled by the station. An auto wrecking yard is being conducted in connection and new and used parts are supplied the motoring public. Loys invite their friends to visit them in their new stand.

J. G. Lockhart visited friends in Abilene Sunday.

Woodfin Attends Court City Marshal J. A. Woodfin attended district court at Anson Monday. He was appearing as a witness in a case against Earl Robinson, who was arrested by the local officer here October 20 for thaft of a watch from a Jones County

Mrs. Velma Lowe of Colorado was a guest of Mrs. Ethyle Houston Tuesday.
