

SLOT, MARBLE DEVICES TO GO OUT SATURDAY

Operators Given Until Midnight of July 27 to Get Rid of Boards Say County Officers.

Acting on recommendation of the grand jury, in final session during the summer term of district court last week, county and city officers announce that slot and marble machines, and all other such devices which offer prizes, must not be operated or displayed in the county after midnight Saturday, July 27.

Operation of the machines is in strict violation of a law passed by the last session of the Legislature, according to District Attorney Geo. S. Outlaw.

An official notice to Scurry County owners and operators of the prize machines, signed by Sheriff S. H. Newman, Chief of Police J. A. Woodfin and County Attorney R. W. Webb, says in part:

"We feel that this notice will afford ample time for owners and operators of machines to make disposition of them, and it is hoped that all concerned will cooperate, as we have no choice in the matter except to enforce the law."

F. I. Townsend Has Proof that Hershey Will Actually Grow

Remember hershey? It was introduced in Scurry County more than five years ago by F. I. Townsend of the Arah community. He was largely instrumental in placing hundreds of pounds of hershey seed into the hands of other farmers of this area.

Most farmers evidently failed to give the new crop a fair trial, says Mr. Townsend, who has been raising a full crop of it every year. This year, with a good season, the Arah man has plenty of the grain, most of which stands three to four feet in height.

Almost any stock or poultry will eat the feed. Mr. Townsend considers it one of the more sure-fire feed crops he grows, and says he intends to continue planting it from year to year.

The plant leaves resemble Johnson grass, but the heads are heavy with grain and the root system is similar to other small grains grown in this territory.

May, Triple Murder Master Mind, Will Die in Chair Soon

W. D. (Bill) May stood before Judge Walter L. Morris in criminal district court at Fort Worth Saturday morning and heard the words which call for his death in the electric chair at Huntsville on Friday, September 6. Two years had passed since the triple slaying near Handley for which he was condemned.

May's death sentence was for the murder of Jack Sturdivant, former Scurry County youth, one of the three victims in the triple murder case.

The alleged killer was delivered to the state penitentiary at Huntsville a few hours after the sentence, and is now confined in the death house to await electrocution.

He has been held at Alcatraz Island, west coast, the federal government's home for its worst criminals, for a number of months.

Grady Brackeen at Local Olds Station

Grady Brackeen, who has been associated with local service stations for a number of years, has become an employee of the Olds Service Station, northeast corner of the square.

But Miller, operator of the station for several months, invites his friends to come around and meet the latest addition to his force. Mickey Carroll continues with the station.

NEW INSPECTOR FOR LIVESTOCK

A new inspector of Scurry County cattle will be added next week to the group from the federal Bureau of Animal Husbandry that is making tuberculosis tests here, reports Dr. E. L. Jones, veterinarian in charge. The new man is Dr. Johnson Hook, who is concluding inspection in Stonewall County this week.

Dr. Jones said yesterday that he is highly pleased with the hearty cooperation he is receiving from Scurry livestock owners and others connected with the inspection program. The work in this county is expected to end next week.

Local Softballers Will Play Abilene Team Here Today

Shorty Sims, who bashfully admits that he is captain of an all-star Snyder softball squad, announces that the locals will meet a crack team from Abilene on the school grounds this (Thursday) afternoon at 5:00 o'clock. It will be the first out-of-town game of the season for a home squad.

The visiting line-up features Grady Shyles Jr., son of the Abilene physician-surgeon who will be associated as chief surgeon with the Snyder General Hospital. He recently pitched two one-hit games in succession for the Magnolia Oilers, as the visiting team is called.

No charge is to be made for the game. Everyone who wants to see soft ball as it is played by two snappy squads is invited to witness the melee.

SNYDER PLANS TO RUN SCHOOL BUS THIS YEAR

Route Into Bethel, Crowder and Turner Communities to Be Followed by Truck.

At the request of school patrons in the three communities affected, the Snyder independent school district will run a new modern bus during the next school year on a route that includes Bethel, Crowder and Turner districts.

This announcement was made yesterday by A. C. Preuitt, secretary, speaking for the local school board. Last year a bus was run on a similar route by the county school board in cooperation with the local board. Under the new plan, a new bus, with a capacity of about 60 persons, will be operated. Purchase of the bus is planned for the near future.

Based on last year's bus load, the local board estimates that about 50 students of grades not taught in the three communities will be brought to the Snyder school.

Operation of the new bus will be a new step for the local school system, since no locally-handled bus has ever before gone into adjoining communities. The school board points out that the step was taken at the urgent request of a number of patrons in the Bethel, Turner and Crowder districts.

Four From Snyder To Carriers' Meet At Plains Capital

Four members of the local post office force were in Lubbock Saturday for sessions of the South Plains division of the National Association of Letter Carriers.

Hilton Lambert and Jess Rogers, local carriers, are members of the association. Warren Dodson, new postmaster, and Noa B. Sisk, dispatcher, were the other attendants. Plans were made at the gathering for organization of postal clerks of the area, in connection with the carriers' group.

Lamesa, Plainview, Slaton, Floydada, Snyder and Lubbock were represented. Lubbock will be host early in the fall to the annual election session.

The local carriers announce that they will seek to bring next spring's session to Snyder.

Caskey Drug Store Operating at Wink

The Caskey Drug Store, with J. L. Caskey of Snyder as proprietor, was opened last Friday at Wink. The Wink Times-Herald described the store as the town's newest business enterprise, congratulated the owners, and stated that Wink-made ice cream will be a feature of the new store.

In addition to the local drug man, Miss Inez Caskey and Jack Wright, both of the local store, were in Wink for the opening.

Mrs. Caskey said yesterday that the Snyder Drug, local store operated by the Caskeys, will continue "as is."

Sees Relative First Time in Many Years

While visiting in Gatesville several days ago, Mrs. J. R. G. Burt was a guest of Mrs. Dan Burt, a sister-in-law, whom she had not seen in 22 years.

Accompanying Mrs. Burt were her daughter, Mrs. John Keller, and her granddaughter, Ramona Keller, and Miss Margaret Jones. The four visited also at Camp Walde-mar, which is near San Antonio, where they witnessed various activities in the girls' camp. They were accompanied here by Wynona Keller, who attended the first summer period of the camp.

FLOODS DELAY HIGHWAY WORK SEVERAL DAYS

Topping of No. 7 Expected to Begin Late This Week, Following High Water Damage.

Flood water that roared through parts of Scurry County Sunday afternoon left a trail of damage and delay for R. W. McInney, contractor on the strip of Highway No. 7 that is being modernized from the Snyder business district through Hermleigh.

Heaviest losses were sustained in Snyder, where a mile of road bed was almost ready for a double course of caliche. It has been necessary for teams and machinery to put a large part of the dirt back in shape for the base. A large quantity of materials was damaged or washed away, notably near the new concrete bridge five blocks east of the square, including form lumber that had recently been removed.

Topping of the strip of 5.7 miles north of Snyder is scheduled to begin this week-end, with Brown & Root, Inc., Austin contractors, in charge. This area, which had been otherwise completed for several months, was little damaged by Sunday's rain.

The first course of caliche has been completed from Hermleigh to Snyder, and traffic had been turned on several miles of this strip prior to the heavy rains. With damaged areas repaired, work on the second course of caliche is starting this week.

Nothing new has been released this week on the highway commission's statement issued last week that No. 83 will be modernized in the near future. The entire state program of "filling in the gaps," promised by Chairman Hines in connection with the federal government's newly granted funds for highway purposes, is awaiting release of the huge Washington fund.

Hoppe Named as Engineer in New Federal District

R. C. Hoppe was named Saturday as engineer for the Abilene district of works progress administration, it was announced by W. S. James, district director.

Formerly assistant engineer for the state highway department in the Abilene division, Hoppe will be the WPA engineer in charge of projects divisions. He is well known in this county, having been a frequent visitor here in connection with highway construction jobs.

Scurry County will again be in Hoppe's territory, since this area is a part of the Abilene district in WPA work.

W. L. Suplever was named as district director of labor management, and Mrs. Hooper, formerly a social service worker in El Paso, is director of certification and intake. John Hendrix, formerly manager of the Sweetwater Board of City Development, had previously been selected as first assistant to James.

The entire district staff went to Austin early this week to receive instructions on their WPA work.

R. B. Bryant Goes Marketing for Fall

Fresh merchandise will be arriving at the local Bryant-Link store before long as a result of Monday's visit by R. B. Bryant, Stamford, official of the West Texas group of stores.

The merchant was here to check up on local stocks, and is leaving this week for St. Louis and other central marketing points.

He was accompanied by Snyder by his son, Johnny, who is a salesman for Hamilton-Brown shoes.

S. S. Williams III. Friends will be sorry to hear of the serious illness of S. S. Williams. He is at his home, 2800 Twenty-fifth-Street, according to his daughter, Mrs. Frank Berry.

SPEAKS TWICE

Snyder and Scurry County will have a chance to hear Dr. Thomas H. Taylor, president of Howard Payne College, Brownwood, on two occasions Sunday. He will supply the First Baptist Church pulpit Sunday morning, and will speak at the same place Sunday evening at 8:30 o'clock, in connection with a county-wide prohibition rally. Dr. Taylor is widely known as the "Will Rogers of Texas."

ONE WEEK FOR TRANSFERRING

Only one week remains for transferring Scurry County students from one school district to another, Miss Bonnie Miller, assistant to County Superintendent Frank Farmer, reminds parents and trustees. Wednesday, July 31, is the final transfer date.

Under a new system which requires that all transfers be made through the state department of education at Austin, it is imperative that parents sign the transfer slips for pupils this month. Miss Miller points out. Previously, the transfers have been handled in the local office.

To avoid payment of tuition, any pupil whose grade is not taught in the home district must be transferred to a district where the work is offered. Any objections to transfers must also be made before August 1.

County Grocymen At Christoval for Huge Social Event

Several owners and employees and their families of Red & White stores in Scurry County, along with employees of the H. O. Wooten Grocer Company supply house here, were at Christoval yesterday for the annual picnic of the Abilene and San Angelo Red & White units.

The local supply house and several Red & White stores of the county were closed for the special social occasion.

Upwards of 2,000 guests from seven units—Abilene, Stamford, Snyder, Sweetwater, Coleman, San Angelo and Big Spring—attended the affair. The crowd was held down considerably because of rain, threats of rain and bad roads.

Each unit had charge of a special program feature. Games, eating and general sociability were highlights of the gathering, according to Herbert Smith, local supply house manager.

Rental Checks for County Drizzle in

More second rental checks are gradually coming into the county on the 1935 cotton acreage reduction program, reports the county agent's office.

Thirty-six checks have arrived within the past few days. At least 300 more checks are yet to be received.

Going to California. Dr. and Mrs. R. D. English are leaving today for Hollywood, California, where they will attend the national chiropractic convention, which convenes at the Roosevelt Hotel Sunday, July 28. They will visit other points on the coast before they return to Snyder.

Waterspout Breaks Dry Spell And Leaves Trail of Damage

WINTER WHEAT LOAN OFFERED

Applications for loans to be used for planting of winter wheat will be received through Wednesday, July 31, by Charles J. Lewis of the local crop loan office, courthouse. Those who wish to get loans for this purpose only are urged by Lewis to make application at once, to make application at once.

Lateral Road to Be Built for Use Of School Buses

A new lateral road through the eastern edge of the county was granted by the Commissioners Court in special session Monday. Running through the Gannaway community, it will permit a Hermleigh school bus to pick up more children next school year. The Gannaway school was recently consolidated with Hermleigh.

R. E. Joyce, it was decided, will pay an amount equal to the wire and posts to be used for the improvement, and the court will bear the balance. This decision followed an action of a former court, which okayed a road in a similar area that was never built.

Establishment of the road was asked by Joyce, J. E. Mason, D. E. Watson and W. A. McFarland. In Tuesday session, the court granted use of the petty jury room on the third floor of the courthouse to David C. Fawcett, rural rehabilitation supervisor for Scurry County.

It was decided that the storage tank in the basement of the county will be sold by the county August 8 to the highest bidder.

Finishes Junior Work.

Miss Geraldine Longbotham, the daughter of Mr. and Mrs. Bernard Longbotham, has finished her junior work in Draughan's Business College in Abilene and will be at home with her parents until September, when she will return to the Abilene school to complete her work. Miss Longbotham was valedictorian of the mid-term class of the local high school last year, and her mother tells The Times that she has continued her diligent work in Draughan's.

Presbyterians Hold Installation Sunday

Local Presbyterians turned out Sunday night, despite inclement weather, for a special installation service for their new minister, Rev. Alfred M. Dorsett.

Three church leaders of the Abilene presbytery conducted the special service. Rev. Herbert Markley, pastor at Breckenridge, preached the sermon. Elder W. H. Cook of the Breckenridge church gave the charge to the congregation, and Rev. J. A. Owen of Albany, moderator of the presbytery, gave the charge to the new church leader.

Mmes. F. W. Wolcott and M. E. Savage were heard in a vocal duet.

Cafe Makes Change In Window Display

Campbell's Coffee Shop, north side of the square, made an important change in its west window this week.

The plate glass was removed, and has been replaced by screen wire. Candy and other confections and a cash register have been placed just inside this window for the convenience of Campbell's customers.

Roy Campbell, proprietor, says the arrangement makes a better display for merchandise and helps keep the building cooler.

Interesting Study Of Black Widow's Habits for Paper

The Times force is making an interesting study of the habits of the notorious black widow spider, thanks to the cooperation of J. J. Allen, who lives on the Sidney Johnson Ranch northeast of Snyder.

Mrs. Widow was caught by the farmer Tuesday of last week and placed in a jelly jar, along with a web she was spinning and a small live spider. The small spider was killed almost immediately, but a live fly that was placed in the jar later in the week was not touched until after it had died.

In just a few days the diligent black widow spun two more gray marble-shaped webs, and laid her eggs in them, as well as in the web she had spun before she was caught. Now the jar is plastered with several hundred tiny spiders, gray in color—most of them alive.

The widow who has received so much newspaper publicity in recent weeks is said by Allen to be found in old buildings, under tubs, etc. They sometimes spin webs as much as two feet in diameter, says the county man, and there catch grasshoppers, flies and other food.

This widow has light tan markings on the back, and the familiar bright red spot, shaped like an hour-glass, underneath.

HALT DRILLING ON DEEP TEST

Drilling was unexpectedly halted Thursday last week on the Magnolia J. Wright Moar No. 1, 10 miles northwest of Snyder. The test, in which interest has been running high locally, was reported to have been headed for a new county depth—probably 7,000 feet.

No reason for shutting down the test has been learned by local oil enthusiasts. It is believed by most of them that a new hole will be started near the first test.

The drill was halted at a depth of about 2,990 feet.

Magnolia Ball Game Spoiled by Autry's Tremendous Homer

N. W. Autry, local Magnolia Petroleum Company agent, almost spoiled a mixed softball game at San Angelo Saturday, when he poled a long home run into left field, with two runners ahead of him. The game was one of a number of entertainment features during the annual picnic of the Fort Worth division of the company.

Brownwood won over Cisco and Fort Worth for the privilege of entertaining the group next year. Agents, dealers, employees and friends numbering about 400, from a 91-county area, attended the gathering. Rains held the crowd down considerably. Mrs. Autry accompanied her husband from Snyder. They returned Sunday.

Entertainment features in addition to the games included a Saturday night dance, preceded by a bathing revue and chicken barbecue. Miss Louise Williams of McGarney was crowned "Miss Magnolia of 1935" out of a field of eight contestants.

W. O. Gatton, manager of Fort Worth district, spoke over radio station KGKL Saturday afternoon and expressed satisfaction with the picnic and a real enjoyment and appreciation of San Angelo's hospitality.

Attend Ft. Worth Funeral. Mrs. Sidney Johnson and her mother, Mrs. Emma Beall of Ladonia, attended the funeral of Mrs. Beall's sister, Mrs. J. L. Lovell, in Fort Worth last Wednesday. They visited relatives and friends in Fort Worth and Ladonia the remainder of the week, returning here Sunday.

Inventor Places Burner in Hands Of Stove Makers

J. H. Nunn Jr., local inventor, returned late last week from Leavenworth, Kansas, where he signed a contract whereby the oil burner he perfected some time ago is being manufactured by the Great Western Stove Company and placed on the concern's Oil-Way Heaters.

The burner was patented by Nunn, and was used on stoves sold in this area by him during the last two winter seasons. The new contract calls for the local man receiving a royalty from every burner used by the Leavenworth company.

Lack of capital to form a stove manufacturing concern forced Nunn to keep his production on a small scale last winter, but he nevertheless sold a number of stoves that are now being used successfully by homes and stores in this area. His burner is said by users to offer the most heat and the best heat for the money that they have seen anywhere.

In addition to signing the burner contract, the Snyder man became salesman in West Texas and Eastern New Mexico for the complete line of coal, gas and oil stoves manufactured by the Great Western Stove Company.

Tri-County Meeting of C. E. to Be Held Here Next Month

Snyder Christian Endeavors of the First Presbyterian Church and the First Christian Church will be hosts to the Tri-County Union—composed of Mitchell, Nolan and Scurry counties—the third Friday in August, it was decided at the union meeting in Sweetwater Friday evening.

Eleven members of local Christian Endeavors attended the Friday meeting. The delegation was headed by Rev. Alfred M. Dorsett, Presbyterian pastor. Others attending were Miss Lucilest Roberson, Dr. Rose Roberson of New York City, Mary Bess Abercrombie, Lucille Green, Valdean Keller, Bo Moffett, Mrs. Horace Roe, Victor Baze, Pat Johnston and Delbert Johnston.

A basket picnic at Sweetwater Park was enjoyed by the Snyder group proceeding the evening meeting.

Gordon Weir of Abilene, president of the State Christian Endeavor Union, who has just returned from the International Christian Endeavor Convention in Philadelphia, Pennsylvania, was a main speaker on the evening's program. He gave an inspirational address on the recent convention.

Dr. W. Scholl's Foot Comfort Expert to Be at Sears Store

J. H. Sears and Company announces that a foot comfort expert will be in the local store Wednesday, August 7, to confer with persons who are suffering with any kind of foot trouble and to give demonstrations on the care of the feet.

The representative of Dr. William M. Scholl, world-famous foot authority, is a specialist on such subjects as corns, callouses, bunions, crooked toes, weak arches, swollen ankles, ingrown nails, "athlete's foot," odorous feet, and other common ailments. There is no charge or obligation for this foot service.

The local store has made a specialty of correcting foot ills for a number of years. Forest Sears having attended a number of courses and demonstrations on Dr. Scholl's methods of correcting these ills. He and J. H. Sears invite folks of this trade territory to take advantage of the free service that is to be offered in a few days.

Golf Match Between Snyder-Post Halted

Sunday's match between Post and Snyder golfers on the local course was rained out after it had been half played. No definite date has been set for another match between the two squads.

The locals are expecting to play a return match with Colorado soon. They recently tied the Mitchell County tee shooters on the local course.

Rains During Past Week Cover All Communities With Good And Bad Combined.

One of the most expansive waterspouts in recent years swept down on almost half of Scurry County Sunday afternoon, definitely breaking a spell of dry weather that was beginning to hurt farmers in many areas.

The deluge, accompanied by many spots of hail, left a trail of damaged crops, wrecked bridges, drowned livestock and washed fields. These damages, in some cases outweighed the benefits of the heavy rain, but as a whole the county was given an opportunity to increase its crops to a respectable figure.

The terrific Sunday afternoon fall ranged from 2.58 inches in North Snyder to five and ten inches east, northeast and south of town. Saturday rains reached as high as three inches in some communities, but were only .65 in Snyder.

Other Showers Fall. Rains earlier last week totaled .80 in Snyder, and .35 was added Monday. A young cloudburst fell northeast of town again Monday, taking the little creek in East Snyder to a high level for the second consecutive day.

Only a few spots on the edge of the county have been missed by the several clouds that have sent rain within the past six days.

Hail ripped through many crops, ruining cotton and feed in a few cases and setting it back considerably in other cases. Flood waters also took a toll of several hundred acres of growing crops.

The small creek in East Snyder reached the highest point Sunday afternoon in the memory of residents. It drowned two cows, a number of chickens, and forced several families to leave their homes.

The heaviest rain was evidently just northeast and east of Snyder. Traffic was held up on Highways No. 7 and No. 83 for several hours as water rushed over the highway in two low points five to 15 feet deep.

The highway job from Snyder to Hermleigh was severely damaged by the high waters.

No trains have run over the R. S. & P. tracks since Sunday morning because of washed out dumps and weakened bridges. Service is expected to be resumed tomorrow.

In Snyder, the water was solid on 26th Street for more than two blocks, and it was a half mile wide from a half block north of the square on Avenue T to a point far to the north.

Deep Creek at New High. Rain was not exceedingly heavy northwest; therefore, Deep Creek was not quite full as it rushed through West Snyder. But the burly creek, joined by two smaller streams in Southeast Snyder and by several others as it rushed toward the Colorado River, became a torrent as it headed toward Dunn.

A few miles south of town it reached the highest peak it has known in years, completely destroying the high bridge between Dunn and Dum— a bridge that has stood flood ravages for 32 years. The low-water bridge in the same end of the county, commonly known as the Johnson bridge, was damaged, but it has been made passable.

Official Family of Legion Post to Be Installed Tonight

Officials of the Will Layne Post of the American Legion for the fiscal year that will begin October 1 are to be installed in a service at the legion hall tonight.

Following last year's procedure, members of the Lubbock post, headed by Charles Whitacre, will be in charge of the installation.

J. E. Shipp is the incoming president to succeed Walla D. Fish. Mrs. Shipp will succeed Mrs. C. M. Boren as president of the American Legion Auxiliary.

Between the formalities begin, legionnaires and their families will gather around picnic slab tables for one of the local post's far-famed feasts.

"Every legion buddy should be present, family and all, for one of the biggest meetings of the year," says Commander Fish.

What's Happening To Triple A?

Following are a few quotations concerning court decisions against the farm program in recent days: Boston, July 16—The processing tax and floor taxes of the agricultural adjustment act, under which the federal government had collected approximately \$90,000,000 and expected to collect an additional \$700,000,000 were declared unconstitutional today by the United States circuit court.

Sherman, July 19—The controversial Bankhead cotton control act, born of the New Deal, was declared outside the constitution by Federal Judge Randolph Bryant here today. His ruling came on a plea for injunction filed by D. C. Wallace, Gunter, Texas, grower, who sued on behalf of himself and all other cotton growers of Texas and the Texas Cotton Growers Association.

Houston, July 19—Licensing, allotment and processing tax provisions of the AAA were held unconstitutional by Federal District Judge T. M. Kennerly in an opinion filed Friday in Brownsville in which the court denied the secretary of agriculture an injunction sought to restrain a Rio Grande valley concern from shipping citrus fruits.

Abilene, July 19—Commitments of the AAA—under a heavy barrage in the courts attacking unconstitutionality of its rights to collect processing taxes—will in no way be questioned, and federal funds will continue to flow into the pockets of deserving farmers during force of the contracts, County Agent Knox Parr said today.

Washington, July 20—Southern cotton farmers were reported prepared today for a "march" on Washington to defend the administration's farm program as the senate heatedly debated the controversial AAA amendments. New Dealers defending the AAA against court attacks said Judge Bryant's declaration at Sherman would have no effect on collections elsewhere.

Miss Bonnie Miller Will Represent Snyder in Water Carnival Thursday

Miss Bonnie Miller, daughter of Mrs. Lora Miller, was selected last week to represent Snyder in the "Night of Venice" water carnival at the new municipal swimming pool in Sweetwater tonight (Thursday).

"Miss Snyder" is the granddaughter of Mr. and Mrs. R. N. Miller, prominent Borden County ranch people. She graduated from the local high school, and is at the present time assistant to the county superintendent. She was selected by the local Chamber of Commerce to appear in the bathing revue.

Climaxing the day of swimming and diving events will be the selection of a "Venetian Goddess" from the sponsors of various West Texas towns, who will rule over the festival to follow her selection at 8:00 o'clock Thursday evening. Following the festival, sponsors and their escorts will be guests of the city of Sweetwater at a dance at the Macie Hotel.

Grover Scott, son of Mr. and Mrs. J. W. Scott, will be Miss Miller's escort at the carnival and dance. The affair will be Sweetwater's first annual water carnival.

Wearing a white jersey swim suit, Miss Miller will compete with nearly 50 others to be judged on personality, intelligence, poise and beauty. She will wear a dainty black and white printed organza evening dress with touches of red ribbon at the throat and waist to the dance Thursday evening.

Dr. R. C. L. Robertson of Snyder has been named as one of the five judges who will select a "Venetian Goddess," it was learned here yesterday.

Edda von Roeder Weds in Big Spring.

Miss Edda von Roeder of Big Spring, daughter of Mr. and Mrs. C. N. von Roeder, prominent Borden County people, became the bride of Don Bohannon of Big Spring in a simple service in that city last Thursday night.

Mrs. Bohannon graduated from the local high school in January, 1930, and attended business college in Abilene. For the past year she has been cashier and bookkeeper for the J. C. Penney Company store in Big Spring. Mr. Bohannon is a musician, appearing on programs over that section of the country.

The newlyweds will make their home in Big Spring.

Swim, Watermelon Feast Enjoyed Friday.

Miss Lera Mae Scott was hostess to a number of friends at a swimming party and watermelon feast given at Martin's Pool in North Snyder Friday evening. Following a delightful swim, the group enjoyed ice cold watermelons served from tables at the pool.

The group included the following: Misses Rube Lee, Margaret Deakins, Mildred Stokes, Allene Curry, Elveng McFarland, Frances Stinson, Mary Jane Beal, Johnnie Mathison, Bonnie Miller, Janice Erwin, Dorothy Darby, Charline Ely, Ruth Rumph of Cross Plains and the hostess; Mr. and Mrs. Lacy Turner and Mr. and Mrs. Billy Lee Jr.; N. R. Clements, Elmo Crowder, Eddie Hamilton, Austin Erwin, LeRoy Pestre, Vernon Young, Woodie Hairston, Borden Gray, M. M. Clark, Fred Wolcott, Grover Scott, R. C. Miller, Victor Drinkard and Brud Boren.

Gladys Brook Weds Houston Man Here.

Marriage of Mrs. Gladys Brook of Snyder and Hope Leonard of Houston took place in Snyder last Wednesday evening at 6:00 o'clock. Justice of the Peace P. E. Davenport performed the ceremony in the presence of several friends of the couple.

Mrs. Leonard is the daughter of Mrs. G. W. Cox, and has lived here most of her life. She was attired in a navy triple sheer crepe ensemble, worn with white accessories for the wedding.

The couple left Thursday for Houston, where Mr. Leonard is employed with an oil company, to make their home.

Picnic at Moor Ranch. Mr. and Mrs. Tommie McDonnell entertained friends at the J. Wright Moor Ranch last Wednesday with a fried chicken supper on the lawn. Neighbors of the McDonnells and a few others were invited for supper. Miss Julia Mae McDonnell assisted her mother in serving.

LET'S TALK ABOUT CLOTHES

By a "Young Modern"

Smartness is a quality that every young modern desires to attain. It does not present a difficult problem. On the contrary, a simple one, for detail accessories present the solution. We've discussed the principles or essentials of a well-groomed individual, and now let us turn to the minute details.

Have you thought much about the use of flowers in connection with your summer wardrobe? They present a variety of uses and pleasing effects. A clever adaptation for a summer evening might include a head ornament of flowers. Weave a cluster of poppies or some trail blooms into a spray and let it outline the contour of your head just above a row of curls. It will give you a delightfully fresh appearance.

You may not wear flowers in your ears. And it's not a gag. Some of the newest earrings shown in the shops consist of small fabric flowers such as a single violet or a cluster of forget-me-nots mounted on a clip. Young moderns at Texas State College for Women (CIA) are wearing them to accentuate the color note of their costume.

Mother of pearl has come into its own in the line of accessories for summer. It is shown in handbag clasps, belt buckles, buttons and in tiny monogram clips for the dress or bag.

Petit point vanities are in the ascendency just now, and especially for evening. Varieties are also being shown in metal with a lacquered portrait of yourself on the lid. The makers suggest a color caricature of simple line drawing for the best results. There are linen covered vanities ornamented with tiny bouquets of flat ribbon flowers or embroidered with your monogram. Linen handbags, made on the slip cover style so they can be washed, are featured in colors to match every costume.

Wynona Keller Is Home From Camp.

Wynona Keller, daughter of Mr. and Mrs. John Keller, returned home late last week after spending six weeks at Camp Waldemar for girls, located near Kerrville.

Spending her third successive summer in the camp, Miss Keller took active part in all camp activities. She excelled in dancing—tap, ballet and character—swimming and horseback riding. Her other courses were dramatics, canoeing, tennis, music and high school algebra.

The Snyder girl attained the second highest rank at the camp in swimming, ranked high in western riding, and received her cup in dancing.

Mrs. Aubrey Stokes Hostess to Club.

Mrs. Aubrey Stokes was hostess to the Wednesday Afternoon Bridge Club at her home Tuesday afternoon of this week. High score awards went to Miss Esther Hartgrave of Dallas, guest, and Mrs. Robert Curmutte Jr., member.

Entertaining rooms were graced with lovely summer roses, and rosebuds were used to center each table. Dainty voile covers in pastel shades were used on the tables at the tea hour, when a salad course was passed by the hostess.

Guests were Esther Hartgrave of Dallas, Dorothy Strayhorn, Mrs. G. B. Clark Jr. and Mrs. W. D. Beggs, and the following members were present: Mmes. W. W. Hill, J. D. Scott, Robert H. Curmutte Jr., P. W. Cloud, Amos Joyce, Maurice Brownfield, Weldon Johnson and Gailther Bell.

Mrs. J. D. Scott will be next hostess to the club at her home Wednesday afternoon, July 31.

Professor: "You can't sleep in my class!"
Student: "If you didn't talk so loud I could!"

Fireman: "Why were you kissing my girl in a dark corner last night?"

Seaman: "Now that I've seen her in the daylight, I wonder myself."

How Cardui Helps Women To Build Up

Cardui stimulates the appetite and improves digestion, helping women to get more strength from the food they eat. As nourishment is improved, strength is built up, certain functional pains go away and women praise Cardui for helping them back to good health. . . . Mrs. C. E. Hatfield, of Union, W. Va., writes: "After the birth of my last baby, I did not seem to get my strength back. I took Cardui again and was soon sound and well. I have given it to my daughters and recommend it to other ladies. . . . Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician."

PIANO PUPILS OF MRS. BANKS GIVE RECITAL

Mrs. Mary E. Banks will present her pupils in piano recital in the basement of the First Methodist Church next Wednesday, July 31, at 10:00 a. m. Music lovers of the town are cordially invited to attend.

The morning's recital program will be as follows: "Swinging" by L. C. Rebe—Lentle Bell Tate. "Bicycle Gallop" by Karl Bechter—June Jones. "Fairy Bells," a duet—Joanna and Juanita Strayhorn. "The Grand Staff"—Ola Margaret Leath.

"Parade of the Robins" by C. E. Overholt—Mary Helen Bolin. "The Water Nymphs," a duet—June Jones and Mrs. Banks. "The Important Lines"—Juanita Strayhorn.

"Sonatina Op. 36 No. 5" by Clementi—Margry Brown. "The Merry Go Round," a duet—Horence and Ola Margaret Leath. "Song of the Oriole" by E. C. Tracey—June Jones.

"The Story of the Neumes"—Mary Helen Bolin. "Under the Double Eagle," a march by J. F. Wagner—Margry Brown.

"Little Drum Major," a duet—Mrs. Banks and Mary Helen Bolin. "Valse Op. 100," a trio—Margry Brown, Lentle Bell Tate and Mary Helen Bolin.

Intimate Whispers From Hollywood

MGM's "Adrian" left recently for five weeks in Mexico City and New York. . . . Woody Van Dyke, the director, turned so red while being snapped with Mae West at the Trocadero the other night that he photographed black. . . . Claire Dodd and her rich husband are hunting for a yacht—well, there are plenty of 'em around. Buddy Rogers is off to Chicago to take up leading his orchestra again. Jean Muir and her ma are off on a motor trip again. Leslie Penton and Ann Dvorak have gone for a schooner too, maybe this is boat week! Donald Woods, clever Warner star, goes to Denver to star in stock there until fall as soon as his work in "Tale of Two Cities" is finished. Margaret Sullivan has a lot of fun juggling that false front tooth of hers, for the amusement of others around the set! The Ford that Al Jolson tears around in cost him \$3700.00. . . . (He could save money by visiting D. P. Yoder, the Chevy dealer in Snyder, Texas, where this column is now being planted.) Virginia Bruce has practically nothing to do, she's only working in three pictures now.

Mrs. E. M. Deakins will have the club next time, Tuesday, August 6.

Studio Whispers From Hollywood

BY GEORGE FISCHER

Ray Noble.

When the 28-year-old British dance Maestro, Ray Noble, left London to join Paramount's music writing staff in Hollywood a year ago, he didn't foresee his tremendous American popularity. Neither could he predict that he'd be the awful flop that he was at Paramount. The studio relinquished its contract with him after two months, by mutual agreement.

Later, he fled to New York. And was he glad! Almost immediately a sponsor was found who would pay Noble all the money he asked to remain in America—and that was a lot.

Now the tables are turned, and Paramount is again fighting for Noble.

Present Paramount musical boss, Nat Pinston, whose name adorns all the credit lists at the beginning of each Paramount picture, left Hollywood recently to try to affix Noble's name to a contract. If Pinston wins, you'll hear the Noble band in the new "Big Broadcast of 1935," which has an abundance of radio stars, and features Bing Crosby.

Way Down East.

Janet Gaynor has a bump on her head. And she can't explain it away, saying she bumped accidentally into an open door. Apparently Janet met with an accident, but what kind? Until she can decide to tell the truth about the incident, she's being replaced in "Way Down East" by Rochelle Hudson. The picture was already half way through production, and the chance necessitates remaking every scene in which Miss Gaynor appeared.

"Anna Karenina." Well, we're picture previewing again. The picture in question this

You Don't Have to Wait!

Your Insurance Policy in the Snyder Local Mutual Life Association Is Worth \$1000.00 at Death MRS. J. R. G. BURT, SECRETARY-TREASURER Will Gladly Give Particulars About the New Group Policy

time is "Anna Karenina"—the question was—should "Anna Karenina" receive two chimes or three chimes? Since it starred the great Greta Garbo, since it had lavish production and a noteworthy cast, it received three chimes!

I shall always feel guilty, however, for rating it that high.

The Garbo picture is a long, ponderous, slow moving effort which may or may not bring in the money awards its producers hoped it would.

In metropolitan areas, "Anna Karenina" will probably appeal to the box office gang. In the provinces, however, it is another matter.

Of course, it's a remake. The film was first produced years ago with Garbo and John Gilbert. Fredric March is in the film now. The first picture was a strong, romantic film, which helped to push Garbo into the money!

The present "Anna Karenina" will undoubtedly help Garbo at the box office, for it presents her in a magnificent fashion before the cameras. It's an art-worthy accomplishment.

But it lacks, to my mind, romance, passion, fire and the real allure of Garbo. She's too affect-

ed. She's too heavy in her supposedly "heavy" role.

"Anna Karenina" is a mass of jumbled elegance. When the action is light, the producers have added super spectacles, which seem to appropriately pad the picture.

The Tolstoy story, briefly, concerns Anna (Greta Garbo) throwing over her head, her husband, and her son for the love of Fredric March, a gallant Russian officer, who is too willing to leave her for front line action.

Tag of the picture, the suicide of Garbo, is tough drama . . . too tough on the customers, we believe.

PROPOSED AMENDMENTS TO BE EXPLAINED TO TEXAS VOTERS

Here is the second of a series of articles being run in 'The Times,' written by Secretary of State Gerald C. Mann, explaining in simple words the proposed constitutional amendment to be voted on at the August 24 election:

Proposition No. 2 on the August 24 special election ballot has to do with the temporary commitment of insane persons, preliminary to a trial by jury.

Under the present constitution whereby everyone is guaranteed a jury trial, it is impossible to commit a mentally ill person to an institution for treatment or observation without the necessity of a jury trial. It has been pointed out that this is often very inconvenient and embarrassing.

The proposal, according to Secretary of State Gerald C. Mann, if passed, would authorize the Legislature to pass such laws as would permit mentally ill persons to be confined by county courts in institutions, presumably, or under the care of physicians or experts for a period of 90 days prior to a jury trial. It is presumed that the 90-day period of confinement would be for the purpose of observing such person.

The provisions would apply only to persons not charged with a criminal offense.

The amendment specifically sets out that the right of trial by jury shall remain inviolate, but that in the particular case of insane persons a confinement period of 90 days for observation may be prescribed without the necessity of a jury trial. At the end of that time a jury trial would be had.

Proposition No. 5 on the ballot of the August 24 special election reads: "For (and Against) the amendment to the state Constitution authorizing the courts to place defendants on probation."

Proponents claim that if this amendment is passed, many who are now sent to the penitentiary for first offenses will be permitted to enjoy suspended sentences under restrictions of the court.

The only restriction under the present suspended sentence law is the fact that the defendant must not be convicted of a felony—that is, a crime punishable by confinement in the penitentiary. The judge or court has no control nor can it set up or impose any other restrictions.

It is the understanding of those who have studied the amendment that if passed it would permit the Legislature to pass laws giving the courts the right to suspend sentences and place defendants on such probation as the court might deem proper. In other words the court could suspend sentences subject to certain limitations. If those restrictions or limitations were not observed the Court would have the authority to have the defendant committed to the penitentiary without further ado. Many courts now refuse to grant suspended sentences for the reason that they have no control over the defendant after the same is granted. It is pointed out that this would prevent many first offenders from having to go to the penitentiary and reclaim many of them for society.

If a suspended sentence is given under the present law the only limitation is that the defendant must not be convicted of a felony. The court has no control over him nor can it impose other conditions.

Two years ago a Senate investigating committee discovered a number of flagrant abuses of the fee system as practiced in Texas for recompensing certain public officials. The fee system was established and written into the Texas constitution at a time when it was impossible to pay salaries and the theory was that an official was entitled to "all he could make." Since the Senate committee discovered and revealed the malpractices existing under the system there has been a demand for

a Constitutional change on this score, according to Secretary of State Gerald C. Mann.

Proposed Amendment No. 6 on the ballot provides that the fee system as a method of paying certain public officials shall be abolished in counties having 20,000 or more population according to the last Federal census. The Legislature will, if the amendment is adopted, set the salaries for officials now receiving fees in such counties. In counties of under 20,000 population the Commissioners Court may put their county and precinct officials on a salary basis if they so desire. The Amendment does not specifically state who shall set the salaries of such officials in this case.

If this amendment is adopted all district officers must be compensated on a salary basis.

The amendment provides that fees shall continue to be collected as at present but they will go to the county instead of the officer. The evident purpose of this amendment is to place as many public officials on straight salaries as is possible and thus abolish, insofar as is possible, the payment of officials through the present fee system.

The Texas Constitution at the present time provides that the State is without authority to furnish free text books to other than public schools. Proposed Amendment No. 7 on the ballot for the August 24 election would permit the State to supply free textbooks to all schools, private and parochial. Such textbooks, it is presumed, to be the same as used in the public schools.

Advocates of this amendment state that this would entail no additional expense because the State now purchases more books than are necessary. However, this point is merely one of the claims made and has not been substantiated by the Secretary of State. Advocates point out that they pay taxes to support public schools but that if they choose to send their children to private or parochial schools the least the State can do is to supply the text-books free.

Probably the most important and less publicized provisions of this Amendment is the fact that it proposes to rewrite Section 5 of Article Seven of the Constitution so as to permit the apportionment of school funds on some other basis than scholastic population.

For many years there has been considerable agitation in certain quarters to abolish the "school census" or scholastic population system of apportioning school funds and substitute in lieu thereof the "average attendance" basis or some other basis. The Legislature would determine just how this was to be done, if this Amendment is adopted.

If adopted this proposed Amendment No. 7 would mean, in effect, (1) that the state would furnish free textbooks to pupils in all the schools of Texas; and (2) that a new basis for apportioning school funds other than the scholastic census basis could be set up.

Funeral Service Held Monday for Snyder Resident

Mrs. A. B. Dunnam of East Snyder, mother of five children, was buried in Snyder cemetery Monday afternoon at 3:00 o'clock. Final rites were held at the First Baptist Church, with Rev. Lawrence Hays officiating and Odum Funeral Home in charge.

Death came to Mrs. Dunnam, 59, Saturday afternoon, a week after she became seriously ill at her home.

The Dunnams came to Scurry County in September, 1922. They farmed until 1925, when they began operation of the Sleep-Ezy Mattress Factory, adjoining their present home. Mrs. Dunnam was a member of the Presbyterian church.

Surviving are Mr. Dunnam and five children, Edna Mae, Lula, Ruby, Bernie and Fred, all of whom reside at the family home; one sister, Mrs. Jennie Owens, Grapeland, who was here for funeral services.

Funeral services were held Monday at 10:00 a. m. at the home of Mrs. Jones, Hugh Robinson, Joe Turner, R. Wells, Joe Murphree, Alfred McGlaugh and Sid Bruton. Miss Simon Best, Arnold Haney and Will Murphree and Miss Lillian Huff-stuttler were in charge of flowers.

Relative of County Women Dies July 16 At Missouri Home

Mrs. L. W. Carter, a former resident of Scurry County, passed away July 16 at the home of her daughter, Mrs. Lorene Bailey, in Caruthersville, Mo.

The final rites were held from the Smyth Funeral Home of that city July 17. Interment was in the Maple cemetery.

Mr. and Mrs. Carter moved their family to Scurry County in 1908 and resided in the Dermott community until 1926, when they returned to Caruthersville.

Survivors are the husband, five daughters, Mrs. Ruby Rogers, Mrs. Berniece Acuff, Mrs. Lorene Bailey, all of Caruthersville, Mrs. T. B. Burroughs of Dermott and Mrs. Coy Watkins of Snyder, a step-daughter, Mrs. Charlie Clay, a step-son, Walter Carter, both of Caruthersville, 13 grandchildren and 2 great-grandchildren.

will you serve on a jury WITH THIS LADY?

Put Gulf "on trial"
Tried Gulf gas lately? If not, you've a big surprise coming. Put it "on trial" in your car for the next 3 weeks. Then see if you don't agree with this fair member of the Gulf "jury."

750 "Jurors"
750 car owners recently served as jurors in a "trial" of That Good Gulf Gasoline.

They drove it for 3 weeks—compared it with their regular brands on (1) mileage (2) starting (3) pick-up (4) power (5) all-around performance.

Verdict—Gulf!
At the end of the trial, 7 out of 10 voted for Gulf on one or more of the five counts—many on all five.

Why? Because Gulf is 5 good gasolines in one. Controlled retining gives it not merely 2 or 3 ideal gas qualities—but all five.

Try Gulf 3 weeks. We'll bet it's your regular gas from then on!

ON TEXAS FARMS

By Minnie Fisher Cunningham, Extension Service Editor

Farms and ranches alongside of Texas highways will keynote Centennial visitors' impressions of the state.

The Centennial Farm and Home Demonstration contest announced by the Extension Service is an effort to enroll every family living on a Texas highway as one great big reception committee to create a "smiling countryside" welcoming visitors to the birthday party.

Response to the announcement of the contest has been inspiring. The Dallas News representatives met it when they went out to raise \$2500 for prize money for the contest. Commercial firms gave generously to stimulate enrollment in the state-wide movement to improve the homes and farms and ranches by which the state will be judged in 1936.

Newspapers all over the state have joined hands in cooperation with the News as representing the city where the principal Centennial event will be celebrated. Good editorials and generous inches of space are being given to promote the movement. Radio announcers on commercial programs are telling about it.

The sister state of Oklahoma plans to "pretty up" the highways leading into Texas.

Extension Service agents aided by the men and women and boys and girls who have worked with them heretofore are helping Texans on the highways to make plans for improvements based on Extension Service standards for county homes of comfort and beauty.

Everybody wants the contest to be a success because Texas will be host to the nation in 1936. Texas pride is involved. Texas pride is our pride. The nation's opinion of Texas matters to every Texan. So enrollment will not represent alone a desire to win one of the big prizes but will be a measure of Texans' love for their state.

DID YOU EVER STOP TO THINK?

By Edson R. Waite

William Southern Jr., publisher of the Independence (Mo.) Examiner, says:

"When an advertiser asks a newspaper how much circulation he will get for his money he wants to know how many subscribers the paper has, and by subscribers he means those who have voluntarily paid a fixed subscription price or have promised to pay such a subscription price. Advertisers who know do not count free papers as having any circulation whatever. The ABC does not count free papers. They know that free papers are not even accepted willingly as a gift. A free paper distribution is only limited by the amount the promoter is willing to print and is not counted when we say 'circulation'.

"A few days ago I heard the publisher of a free paper claim complete coverage of the town, mentioning 6,000. He meant that he would print and throw away that many papers. He did not have any circulation. He called it coverage—and one merchant fell for it.

"Any legitimate newspaper invites inspection of books and press records. The advertiser knows to a single copy what he is buying and where it is delivered and the delivery is positive and direct. The newspaper carries the news and the advertising offers into the homes where it is invited as a welcome guest and does not come into the home as a nuisance."

The Taxes That Really Pinch.

Benjamin Franklin worried about heavy taxes in his day, just as we are doing in this twentieth century. In his usual semi-humorous style he speaks of taxes in this wise:

"Taxes are indeed very heavy and if those laid on by the government were the only ones we had to pay, we might more easily discharge them; but we have many others. We are taxed twice as much by the time we waste, three times as much by our pride and four times as much by our folly."

Is it not true that the heaviest taxes of all in this good year 1935 are the last taxes of which Franklin speaks?

The time we waste. The farmer often comes to town just after a rain instead of mending fences, doing odd jobs around the house he has been putting off for weeks, and otherwise using his time wisely. The merchant stands out on the sidewalks and watches the crowds pass instead of checking over his stock and devising ways of making his merchandise more attractive.

Our pride. Really, Franklin should have written "our false pride." For false pride goeth before a fall, and laziness is a first cousin. False pride is making many a lazy whelp walk the streets of Snyder decked out in fairly good clothes, living off kinsfolk or a hard-working mother, just because he fancies that he is too good to work with his hands. Such a one should be consigned to pick the sorriest cotton in Scurry County this fall.

Our folly. Can any of us lay claim to the use of ordinary horse sense? We like to become seers when it comes to criticizing the other fellow and the government and the church, but we are as foolish as human nature will let us be when it comes to pinning ourselves down to doing the sensible thing.

Taxes may come and taxes may go, but the taxes headlined by Franklin will go on forever.

And the joke of it all is that newspaper editorials probably waste more time and sound more foolish than anything else on the market!

EDITORIAL OF THE WEEK

BEAUTIFICATION CONTEST.

West Texas is surely enterprising. If the other sections of the state do not look out, West Texas will be annexing them and calling them suburbs of the metropolitan West. The state-wide beautification contest now under way, says General Manager D. A. Bandoen, is merely an enlargement of what the West Texas Chamber of Commerce and its former president, Houston Harte of San Angelo, have been fostering for four years. This year the chamber is pushing a Centennial Beautification Contest and this will, of course, he says, cooperate wholeheartedly with the state-wide Texas Centennial Farm and Home Demonstration contest.

Mr. Bandoen thinks that beautification through trees, shrub and flower should have a utilitarian side also. Farmers should plant trees to combat wind erosion; the federal government, in his opinion, might more wisely supply trees as windbreaks instead of the shelterbelt of tree planting favored by the federal officials.

The beautifying of home and city will be one of the permanent results of the Centennial movement. The love of home is deeply implanted in the hearts of Texans, but a home to be loved must be lovable because of its beauty and charm.—The Dallas News.

Relief offices are finding it more difficult than ever to cope with the problem of 275,000 American youths hitch-hiking and swinging freight trains from one state to another. . . . For the past two years this problem has been haunting Mr. Roosevelt, was a factor in birth of CCC camps, yet the burden now is nationwide. . . . Whatever the conditions that caused this backwash of American youth to leave home, it cannot be said the fault is entirely society's. . . . Organized, this army of "hoboes" has so called hobo jungles outside larger cities, cares very little where food and raiment come from, has the artificial philosophy each state owes all a living. . . . This American tragedy is that 50 per cent of these vagabonds contract and spread many a disease, have in their ranks dope heads, thugs, and, unless curbed, future gangsters. . . . The shadows of this problem extend down the years, and this administration is doing everything possible to meet the youth situation. . . . It seems, in passing, razor strap tea might be modernized.

The most ambitious aerial survey yet made in America is occurring in Central New Mexico. . . . There Fairchild Aerial Surveys is mapping 50,736,000 acres of the Rio Grande basin and adjacent territory for the Soil Conservation Service (Dept. of Agri.) . . . The camera being used cost \$26,000, has ten electric controlled shutters, each click taking a strip of 760 miles. . . . This camera is one of Sherman Fairchild's most complex inventions, and with the contract calling for \$185,000, Fairchild Surveys hopes to complete soon matching this multitude of prints so soil engineers might concoct ways to keep the Southwest from becoming a "North American Gobi Desert."

LOCAL CHURCH WILL BE SCENE OF PRO RALLY

"Will Rogers of Texas" Will Be Principal Speaker at County-Wide Gathering.

Church people and others seeking to prevent abolishing of Texas prohibition amendment in next month's election will gather at the First Baptist Church Sunday evening at 8:30 o'clock in a county-wide rally.

The "Will Rogers of Texas," Dr. Thomas H. Taylor, president of Howard Payne College, Brownwood, will be principal speaker.

All churches of Snyder and several in other parts of the county are cooperating in the gathering, according to leaders of the Scurry County Allied Forces for Prohibition. Singers from all churches are invited to join the choir for a great song service under direction of Fred Jones. A male quartet from the First Methodist Church will sing.

"The Mad-Dogs of Hell." Rev. Lawrence Hays, pastor of the Baptist Church, fired one of the first guns in the dry campaign Saturday afternoon on the Snyder square, when he spoke on "The Mad-Dogs of Hell."

Young people of the county are scheduled to gather at the First Methodist Church this (Thursday) evening in a dry rally at which Joseph R. Griggs, county superintendent of Lubbock County, will be principal speaker. He is chairman of the Youth Allied Forces for Prohibition in his home county.

Not a Political Rally.

"This is not a political rally," Rev. Hays said Saturday afternoon as he began his address. "The issues involved go far deeper than the interest of any political party. This has to do with safety of home, state and nation. It is a moral question, and we shall give ourselves to fight the battles of right without stint or reservation."

"Liquor is a monster. It is a wild, ugly, beast-like, ravenous beast, the hound of the underworld and the mad-dog of hell. It is this monster that the wets want to turn loose—legalize and unchain upon our people."

The speaker traced the liquor fight in this country from organization of the first temperance union in 1851 to 1914, when nine states had voted dry, and on to 1920, when 46 states had registered their protest against the liquor business by legislative decrees. "When the 18th Amendment was ratified and written into our national constitution it had the greatest backing and was the strongest amendment ever added to our constitution," he said.

New Conditions Arise.

"Now conditions have arisen that demand a reopening of this whole question. The aftermath of the war brought unparalleled conditions, and there has been a shaking up of the whole social, economic, political, religious and moral order. But the wets have blamed all the ills of the past decade on prohibition. They have launched the most gigantic program of malicious, insidious and corrupting propaganda ever known."

Results of the 18th Amendment were then recited and discussed as follows: Lowered consumption of alcoholic beverages, reduced drunkenness, saved human life by reducing alcoholic death rate, reduced crime, raised the standard of living.

After answering what he termed the wets' most-used arguments, Rev. Hays asked his audience: "What can I do?" Answering his own question, he said:

"Vote right. Use your influence with neighbors and help get out the facts before the best people and those who will vote right. Pray. We are not fighting this battle alone. There is a God in heaven who is interested in the battle of right. God leads this crusade!"

Other features on the program for the rally will include three-minute talks by representative young people from various communities of the county on "Why Texas Youth Should Be Dry Crusaders." E. O. Wedgeworth of Fluvanna will be in charge of the song service. Pledges of allegiance to the dry cause in the coming election will be other features of the rally.

Rev. Alfred M. Dorsett, pastor of the First Presbyterian Church, will bring a second Saturday afternoon message this week on "Texas Can't Fail." A band concert, under direction of Fred P. Rattan, will precede the address.

TEACHER FUND COMING SOON

The county superintendent's office has been notified by Adam R. Johnson, director of the Texas Relief Commission, that Scurry County applications for federal teacher aid have been approved, and "immediate payment will be made to cover the program."

This payment, made to certain schools in order to enable them to maintain their normal terms, will come direct to the county superintendent, whence it will be distributed to the teachers.

The salary aid appropriation will mean about \$8,165 to Scurry County schools, divided as follows: Bethel, \$405; Independence, \$495; Canyon, \$240; Pyron, \$1,300; Sulphur, \$240; Ira, \$1,250; Hermleigh, \$1,400; Snyder, \$2,835.

The greatest need in our churches today is a renewed pledge of loyalty to Jesus Christ on the part of those who are already in the churches, a deeper friendship and a closer walk with the Master of all life. Extension Editor Is Looking to Annual Course for Beauty

By Minnie Fisher Cunningham. Farmers' Short Course at A. & M. College all next week is the attraction which will cause about 5,000 bags to be packed this week-end.

"The Changing Country Life" is the theme around which all the Short Course programs and demonstrations have been built. Ox-cart ideas do not keep up with the procession in an automobile age whether in town or country. So it is well to recognize that country life is changing.

Science has made available a great range of information valuable to rural citizens in making more profitable use of the raw materials grown by them.

Wood or wool, cotton or corn, hides and what not have possibilities for home use to add to the comforts and conveniences of life in these days of small electrically equipped shops and reviving interest in skills.

Also science has revealed the fact that homemakers aren't just "lucky with the canning" so much as they follow sound methods of preservation.

The Farmers' Short Course undertakes by demonstrations to make the riches of science available to all who come.

Dever Takes Charge Of Scurryland Dairy

Effective Thursday, July 18, the Scurryland Dairy was leased by W. E. (Lige) Dever, well known Scurry County farmer. He is assisted in operation of the dairy by his son, Orville.

For several months the dairy has been operated by Ernest Rogers. Dever states that with the new equipment recently installed, and with service to fit the equipment, he offers a complete dairy service to Snyder folks.

E. H. McCarter Move.

Mr. and Mrs. E. H. McCarter Jr. are moving this week from Fluvanna to Hermleigh, where Mr. McCarter will be superintendent of schools next year. They returned to the county Saturday, after having attended summer school at Stephen F. Austin State Teachers College, Nacogdoches.

Mrs. M. A. McGlaun Ill.

Mrs. M. A. McGlaun, mother of Gay McGlaun, was brought home from a visit in Buffalo Gap in an Odum ambulance Tuesday, as a result of serious illness since Saturday. A weak heart is the cause of her illness. A daughter, Mrs. J. A. Fulghum of Dallas, will arrive here Wednesday to be with Mrs. McGlaun.

Summer Specials at Two Stinson Stores

"It is customary for folks to wait until later in the year to do much of their drug buying," declare Joe and Lee Stinson. In order to change the situation, the local druggists are offering attractive specials at both their stores each week. "A number of items are offered each week at near-cost prices in order to speed up buying at this season of the year," say Joe and Lee.

In addition to special drug items, the two stores are making a specialty of bathing supplies for the good old summertime.

Edgar Taylor's Father Ill.

J. W. Taylor of Ira, father of Edgar Taylor, local business man, has been seriously ill at his home since Monday. The Ira man received a sun stroke Monday. His condition today, according to Snyder friends, is critical.

To Have Tonsil Operation.

Sandra Jean, the four-year-old daughter of Mr. and Mrs. Marcel Josephson, will have a tonsil operation in San Antonio Friday of this week. Mrs. Josephson and her daughter left late last week for that city, and they will be away about two weeks.

W. M. Speck Leads Meeting in County

W. M. Speck, former leader of the local Church of Christ, is conducting a revival this week at the Blain school building, southwest of Snyder. The services began last Friday and will continue through Sunday night.

The minister and his family, who now reside at Sudan, have been visiting local friends. Bro. Speck goes next week to Anson for a revival.

Exchanging Certificates.

Farmers who have not taken advantage of the opportunity to exchange their 1934 Bankhead certificates for the new issue are urged to make the transfer at once. This applies to non-pooled certificates. The county agent's office reports that 450 certificates have been re-pooled this year.

To Uncle's Funeral.

Mrs. Jones Chapman and Mitchell McMath of Snyder and Miss Lottie McMath, who is visiting in the county from California, were in Seymour Sunday afternoon for funeral rites of their uncle, Nick P. Mitchell, who was killed in an automobile accident. The veteran groceryman is survived by his wife and one son. Mrs. Jones Chapman accompanied the trio to Seymour.

You may be cool enough but your motor is hotter than Death Valley!

Protect your motor with Germ Processed Oil!
2 to 4 times greater film strength than plain mineral oil—even at motor heats of 225 to 425 degrees

BREEZES may cool you off as you drive, but your motor runs at terrific heats—from 225° in the crankcase to 425° in the cylinders. To protect your motor, your oil must have extra film strength and maintain it at these high temperatures. Otherwise, the lubricating film ruptures and the bearings and cylinders suffer damaging wear. Plain mineral oils have little film strength and oils over-refined by the new cleansing methods have even less. Moreover, these oils rapidly lose film strength as motor heat goes up. You can protect your motor far better with Conoco Germ Processed Motor Oil, for tests on the Timken Machine prove that at high motor temperatures it has 2 to 4 times greater film strength than any plain mineral oil! More proof—supervised road tests were made in identical cars fitted with the new alloy metal bearings used in many 1935 cars. The bearings lubricated with a high-quality plain mineral oil showed 45% more wear than those lubricated with Conoco Germ Processed, the first alloyed oil. Say "O. K.—Drain"—fill with Germ Processed Oil. Drive far—drive fast—without a worry!

No. 1 Softball Team Finally Loses; No. 2 Fails to Get Into Win Column

Red Hill's No. 1 softball team finally lost a game this week—and that was the highlight of the local league play since last Wednesday.

The No. 1 setback came Monday, with Johnny Boren pitching the No. 4 players to a 4-3 victory over Tommy Winters, who had an unsteady pitching record to date, and his teammates.

No. 4's Friday win from the Sims outfit, plus No. 1's defeat of Autry's sluggers last Thursday, gave No. 4 an indisputable second place position, a game ahead of the Autry-ites.

Schedule for the next few days looks like this:

Thursday, No. 3 vs. No. 4; Friday, No. 1 vs. No. 3; Monday, No. 2 vs. No. 4; Tuesday, No. 1 vs. No. 4; Wednesday, No. 2 vs. No. 4.

Here are results for the past five days:

NOBODY'S BUSINESS!

BY JULIAN CAPERS

Austin—Politics in Texas have undergone a swift and important change during the past few weeks.

The appointment of a brother of the governor to an important post with the Federal Securities Commission region office in Fort Worth is the tip-off.

With Alired out of the running, Rep. Martin Dies, ambitious congressman from the 2nd district, has leaped into the limelight as the leading potential opponent of Sen. Sheppard.

Alfred M. Best, self-appointed New York "rater" of insurance companies, became known to Texans several months ago when he sent his men to Austin to tell the Texas Legislature it ought not to pass a law to regulate his activities.

AUTOMOBILE ACCIDENT PROBLEM CHALLENGES THE AMERICAN POLICE

Enforcement, Says Lieut. Kreml, Director of Bureau of Accident Prevention of Evanston (Ill.) Police Department, Must Lead Offense on Reckless Use of Streets and Highways.

LIEUT. FRANK M. KREML

"Automobile traffic challenges American police today," says Lieut. Frank M. Kreml, director of the bureau of accident prevention of the Evanston (Ill.) police department.

Lieut. Kreml asserts that "enforcement, that weapon peculiar to the police, has proved to be the keenest and strongest weapon available in this fight."

Probably chief interest in the August 24 election on the seven proposed constitutional amendments will center on proposition No. 3 on the ballot—the repeal of prohibition.

The Constitution, at present, prohibits the sale, manufacture and transportation of alcoholic liquors (except 3.2 beer). This prohibition would be stricken out by adoption of the repeal amendment.

The proposed amendment specifically prohibits the return of the open saloon—and it would be up to the Legislature to define the term "open saloon."

Following a new Moses at this session of Congress, Sen. Tom Connally obtained approval by the senate finance committee of a bill to issue government bonds for the full amount due on the bonus, and to reduce the interest rate on liens against bonus certificates to 2 per cent.

Diez says he would relieve the depression by deporting the aliens, leaving the jobs for American citizens. His speeches have frightened some ignorant aliens to the extent that the U. S. immigration office in principal cities of Texas have felt called upon to issue reassuring statements, when floods of inquiries from alarmed foreign-born residents, fearing deportation, came to their offices.

Veterans who hitched their adjusted compensation wagon to the star of the inflationists might have been holding saleable government bonds for their bonus certificates today, if they had stayed with a friend and true friend, instead of

The Progressive Farmer. Government Agent: "Why are you running that great roller over that field?" Farmer: "It's a little scheme of my own. Last year potato prices were so unsatisfactory that this year I decided to raise mashed potatoes."

Doctor: "This medicine I left for the baby is all gone. What's become of it? I hope you didn't give it all to that baby." Mother: "No. In order to get the baby to take a spoonful of it his dad had to take one and I had to take one and little sister and big brother and Aunt Sue all had to take one."

Skive: "I hear that young Pozzole is bringing suit against the government for \$50,000 damages." Fycraft: "On what grounds?" Skive: "Flatfoot. He was on a government job and was carrying a heavy piece of iron when the whistle blew and he dropped the iron on his feet."

Hooey: "I understand they are planning to require every divorcee in the movie colony in California to wear a tag showing how many husbands she has had—as a warning to unsuspecting men." Fooey: "Oh, I don't think that would be practical." All the printing presses in the state couldn't print enough tags for the purpose.

dry now—at least until local option elections were held to determine otherwise. It is well to remember, Secretary Mann points out, that there will be an election next year in November to determine whether the state shall sell liquor through a state monopoly system.
