Ray's 'Ritin'

Here's another column! Just like that it's born!

This one, born herewith, is the first I've ever written under this title. There have been many others through the 25 years I've been pounding out newspaper copy. It started with one way back in the '30's which I called, "The Ragbag." That one ran in the daily for several years.

Then for two papers I wrote a column called, "In the Martin Manner."

And now this one, "Ray's 'ritin'." Thought about calling it "Martin in Muleshoe," but settling on the former name. The Martins are new in Muleshoe but not new in West Texas. There's a mama and me and there's Cindy Lou, the Dachshund, who doesn't know she's a dog. She thinks her mission in life is to bark away buggers, of which she thinks there are many, around our West Avenue C residence.

And there's Hugh, the old black cat who doesn't know he's a cat. We've had him for years and have petted his persnickity appetite in three states.

Then there's a married daughter and her husband living in Big Spring (and they too have a cat and a dog) and that's us. Now that we are properly introduced, let's get on to other matters.

Actually there are two reasons why an editor writes a column:

1. To get things off his chest.
2. To elaborate (or condense) an item which might otherwise never get into the paper's regular channels.

Sometimes, too, a column is used as a parking place for apologies. A column can breeze through an apology in nothing flat.

Like this one (which actually appeared in a Tennessee column a few years ago):

"Funniest thing happened in the last issue. Somebody goofed in an obit story and got the name of the deceased as Joe Thompson. Joe isn't dead and he doesn't like being reported as such. Well, we're sorry, Joe, but we'll just hold the type and keep it on file. Save having to set that much when you finally do kick off, Joe. See you around till then, Joe."

That sort of thing. Kind of morbid sense of humor.

So this column will be used for the two purposes explained above, plus a cover-up.

Sometimes, too, a column is used as a place in which to hurl bricks at oneself or (rarely) for a bouquet - or both.

It's also a good place to follow up an editorial which runs into opposition from the readers. Let's

NO MORE FLOODING — Downtown flooding of streets during heavy rains has been eliminated now with the completion of new storm sewers, part of a big bond-financed project to improve sewer system in Muleshoe. Top picture shows the storm sewer drainage at extreme southeastern edge of town. Bottom picture is a storm sewer at W. Ave. B and Fir St.

City's Water, Sewer Construction Ends

City of Muleshoe has taken care of some rather troublesome problems, disposal of sewage and water, greatly improved. One of the top features in this phase of the project.

(See Water, Page 7)

With the official acceptance by the city commissioners of the completed water and sewer program, Muleshoe's water and sewer construction and paid off the construction firm which carried out the \$336,000 program.

As a result downtown flooding during rains has been eliminated — or, at least, it would take far more downpours than can be imagined — would ever bog down the system. Storm sewers which dump their water at the extreme southeastern edge of town, have eliminated this problem.

Sewer system also has been

Movie To Boost Mule Memorial

"Memorial to a Mule" will be given a kick uphill next week when Cox's Drive In Theatre presents a benefit show on July 3.

Appropriately enough the movie picked for the memorial fund boost is "Francis Joins the Navy," and funds will go to the

You Can Now Mail 'Em Inside

You don't have to walk around the back of the new postoffice in the dark, too—to post your letters at night.

A brand new letter slot section has been added to the mail box section of the new post office here. Postmaster Spencer Beavers said Wednesday.

When the new office was built, only outside boxes were provided for night use, but customers here voiced objections. As a result, permission was granted for the department here to add the new slots to the box rental area. Thus customers can post their letters and mail pick up their boxes all inside the lobby, even at night.

Muleshoe's July 4th Program Ready With Fireworks, Talent Show

Muleshoe is ready to put the big pot in the little one next Wednesday as it joins the rest of the nation in marking the 186th birthday of freedom.

Here in Muleshoe, two separate events are scheduled:

1. Dedication of the brand-new postoffice at 2:30 p.m.
2. A program at Benney Douglass Stadium that evening, starting with an old-fashioned bring-your-own-food picnic and ending with a gigantic fireworks display.

Again as last year, one of the big events of the entire evening's kind or another strut their stuff in a money-awarding talent show.

FLY YOUR FLAG

While it's a splendid idea to fly your flag every day in the month, July 4th is a natural. If you have one, put it out to wave next Wednesday in celebration of the nation's independence.

But if you don't have a flag, the Muleshoe Rotary Club has them for sale. Main thing is fly your flag!

entertainment will be the talent show when entertainers of one kind or another strut their stuff in a money-awarding talent show.

Roger Albertson, chairman of the Chamber of Commerce sponsored talent show, said Wednesday entries are still coming in, although some may wait until the last minute to schedule their acts. Forty-two persons or acts took part in last year's event; as many are expected for the 1962 contest.

Again the Chamber pointed to the high cash prize list — \$150 for the first place winner or act in the amateur division with second place winner receiving \$75.

CITED — Cited for "exceptionally meritorious service" at ceremonies here this week was Col. E. Herschel Alsup, Muleshoe, who is retiring from the army. The citation was presented by Major Sam Taylor, Lubbock.

Army, Muleshoe Honor Col. Alsup

The United States Army—and Muleshoe—honored one of its own this week when the Army commendation medal (the first oak leaf cluster) was presented to Col. E. Herschel Alsup of the Medical service corps.

"His diligence and devotion to duty contributed immeasurably to the proper care of the patients and the comfort and well-being of hospital personnel. From 27 July, 1955, to 7 April, 1958, Colonel Alsup served as executive officer, Madigan General Hospital, Tacoma, Wash. His detailed and thorough knowledge of staff functions ably assisted him in executing his administrative responsibilities. Colonel Alsup culminated his outstanding career as Executive officer, United States Army Tripler General Hospital, Hawaii. His sincerity of purpose, natural affability, loyalty, initiative, dedication and excellent rapport with all with whom he came in contact were outstanding features of his career.

"An exceptionally efficient and dependable and loyal officer, he was tireless in his application to duty. His organizational acumen assured the effective resolution of the many complex problems inherent in the operation of such a hospital.

The ceremonies were held in front of the Muleshoe Chamber of Commerce Monday with Major Sam Taylor, Lubbock, giving the presentations. Colonel Alsup is the son of Mr. and Mrs. J. C. Alsup, 122 West Ave. E. He is retiring and will make his home with his wife and 14-year-old son in Abilene.

The commendation citation read:

"Colonel Alsup, distinguished himself by exceptionally meritorious service during the period September, 1952, and July, 1961. He served as executive officer, 10th Field Hospital, U. S. Army, Europe.

"An exceptionally efficient and

Post Office Dedication Set As Independence Day Ceremony

Muleshoe will dedicate its brand new postoffice in ceremonies Independence Day at 2:30 in the afternoon, and speakers will point with pride to the growth of postal facilities here. Postmaster Spencer Beavers said Wednesday.

For instance, speakers will show that the office employees now total 16 as compared with seven 10 years ago. They also will point out that the first year the office was established here, 1913, receipts were only \$6,200 for the year as compared with \$70,000 today. Only 10 years ago the total was only \$26,253 per year.

With eight postal routes today, this service has doubled in the last decade while today eight collection boxes serve the area as compared with none 10 years ago.

The new postoffice here is part of the Post Office Department's unique commercial leasing plan, the postmaster explained. Under this program, investment financing is used to obtain needed facilities which remain under private ownership, pay local taxes to this community and are leased to the federal government.

At the same time, the need for large outlays of money from the federal treasury for construction purposes is eliminated.

Like most of the new postal buildings going up across the country, the Muleshoe office is leased to the Post Office department. This gives the department some flexibility in adapting its building program to changes in mail volume, transportation and population changes, Beavers said.

He said the department is now concentrating on constructing new postal units only where they are most urgently needed.

In areas where it is practical to do so, existing buildings are undergoing renovation.

"Will be a link with a postal system today that has 45,000 postal installations. This system serves more than 180 million Americans and handled about 65 billion pieces of mail a year, including more than a billion parcels," he said.

"National population increases will add nearly 3,000,000 persons to the population in the next 12 years, with about one and a half million marriages and the establishment of 663,000 new households, including many here. This will be reflected in increasing demands for more postal service in Muleshoe," he concluded.

Previous postmasters who have served the office here, Beavers said, are:

"The fact that Muleshoe has been chosen for a new post office here, reflects credit on our growing contribution to the economy and life of the nation.

Among those who are to take part in the dedication services, to be held at the rear of the new structure, are Mayor Arthur Crow, Frank Ellis, president of the Muleshoe Chamber of Commerce chairman; Inez Bobo, Dishon Jess M. Osborn.

"Our patrons will derive more enjoyment from doing business here, their mail will be handled efficiently and this building and its up-to-date equipment will enable our postal employees to work under the best of conditions," Beavers explained.

"The new facility," he added, M. P. Smith, 1913 to 1920; E. E. Hagler, 1920 to Jan. 1924; Mrs. Beulah W. Carlos, January, 1924 to April, 1935; A. J. Garden, April, 1935, to September, 1955; Arnold Alcorn, September, 1955, to February, 1960; Senn D. Slemmons, February, 1960, to April, 1962; Spencer C. Beavers present postmaster from April 13 this year.

Welcome will be said by the postmaster and invocation by Rev. Lynn Stephens, pastor Main Street Baptist Church. Frank Ellis, president of the chamber of commerce, will be master of ceremonies, and Mayor Arthur Crow will give the welcome.

Address of the day will be given by Vernon E. Bell, real estate manager for the postoffice, and the benediction will be given by Rev. Troy Walker, pastor of the Trinity Baptist Church.

In the open house to follow, Muleshoe joint 4-H Club members will serve refreshments, directed by Ann Graham, home demonstration agent.

Taylor Urges Gradual Easing Of Farm Props

Complete removal of the federal farm price support system would bring on a recession, but a tapering off must begin—and very soon. That's the opinion of Dennis Taylor, Republican candidate for U.S. Congress from the 19th district who spoke here this week before the Bailey County Young Republican Club.

"The whole farm program cannot be junked at one time, but it needs gradually to put the farmer back in business as a free agent, and certainly the most ridiculous thing ever thought up is paying farmers not to produce," he said.

Speaking with a theme, "It's Time for a Change," he urged a

New Gunn Bros. Store Opening

Gunn Bros. Stamp Redemption store will hold its formal opening in the old post office building Thursday, Friday and Saturday with a gala celebration, it was announced this week.

Awards will feature 115 free prizes, and in addition, every adult visitor will receive a coupon good for free Gunn Bros. Stamps that can be redeemed at any Gunn Bros. dealer in the Muleshoe area.

The store here is brand new and is stocked with more than 2,000 items which can be redeemed with stamps from participating merchants or may be purchased outright if desired. Or customers may use stamps and cash for items in the store.

Gunn Bros. maintain stores here, in Littlefield, Clovis, Hereford, Lubbock and many other west Texas areas as well as in eastern New Mexico and Oklahoma. The company is the largest independent stamp company in Texas and has been in the stamp business for 23 years, it was explained.

In Muleshoe, the merchants giving Gunn Bros. stamps include White's Cashway grocery, Red's Food Market, Shaffer's Bell station, Beavers' Flowerland, and O. F. Phillips southside Gulf Station as well as many others throughout the Muleshoe area.

Alert Officer Parks And Waits. Nabs Suspect Only Seconds Later

An alert city night patrolman turned off the lights of his patrol car and waited for a burglar to climb out of a downtown grocery last Sunday night.

Three minutes later the burglar was in his custody.

Pete Hatfield, a city policeman, said he heard a noise in White's Cashway grocery at 12:58 p.m. He drove slowly around the grocery and then parked in the dark on East Third and Ave. D and waited, after radioing for help. The burglar all but walked straight into Hatfield's arms after breaking the store's front door glass to escape. He offered no resistance.

The burglar, who had gained entrance through a ceiling vent, is in the county jail awaiting grand jury action, his bond set in justice court at \$2,500.

When he was arrested, the 21-year-old man had \$131.20 in his pockets which he told officers he had earned in employment near Muleshoe. He also claimed he had not been inside the grocery and

knew nothing about the robbery.

Money was missing from the office and from cash registers inside the store. Four \$10 bills were missing in the office.

Police Chief Carl Neely said the burglar apparently had not figured on the "problem of getting out" of the store once he had got in; all locks require keys to open them, inside or outside. Noise he made trying to break the locks led to his detection.

Neely said the burglar had climbed into the store through a ceiling vent, but had been unable to reach the opening when he got ready to leave.

Police say the suspect has been arrested 53 times on various charges and originally hails from Clovis, N.M.

Architects are now officially ready to start preliminary work on Bailey County's Courthouse problem.

The go-ahead signal was given Tuesday when the county Commissioners signed a contract with Butler & Riherd, a Lubbock architectural firm.

Payment is on a contingency basis; if the plans are approved by bond issue, Butler & Riherd will receive a fee of 5 percent of the building cost. Judge Glen Williams explained. If the bond issue is not approved when it is finally submitted to the people for a vote, the firm will receive no money for its work.

Judge Williams said the firm is making preliminary inspections, starting with the county jail atop the present courthouse. The jail offers the most serious problem in the county's housing program.

Butler & Riherd have already submitted a drawing of a plan, which shows extensive remodeling of the present old structure and the elimination of the present peaked roof. Under that preliminary plan, the building would be extended three directions and a white masonry surface added

Sue Cummins To Serve On Summer Service Project

SUE CUMMINS

Sue Cummins, granddaughter of Mrs. Effie Gilley of Muleshoe, will serve in a summer service project in the San Francisco area this summer. She is one of the two students being sponsored by the Colorado-Wyoming Baptist Standard Movement.

She serves on the State BYF Cabinet as Timothian Chairman. She has served as faith chairman and as recording secretary on the state BYF Cabinet; is a student at Colorado State College, and a member of the First Baptist Church, Limon, Colorado.

The Colorado-Wyoming BSM will sponsor financially two students in work projects this summer. Selected to participate are Laura Mitchell of Laramie, a student of the University of Wyoming, and Sue Cummins, a Colorado State College student from Limon. Laura Lee has applied for the summer project at the Judson Memorial Church in N. Y. City and Sue has applied for an ecumenical work camp experience in California.

Joyce Moreland, a senior in the University of Colorado School of Nursing, is making plans to spend the summer working at the Baptist Hospital in Cordova, Alaska. All three of these girls will be participating in the 1962 Baptist Movement Conference at Green Lake, reporting about their summer experiences and their findings regarding the work of the church in these areas.

Both Miss Mitchell and Miss Cummins will also travel through

Church Ceremony Unites Linda Helen Phillips and Jerry Cox

Wearing a wedding gown of chantilly lace and tulle, Linda Helen Phillips ascended the aisle and became the bride of Jerry Lee Cox on June 9, in the sanctuary of the Enoch Baptist Church. She was escorted and presented in marriage by her father.

The double ring service was read by the Rev. Dub Kayle as the couple stood under a white lattice archway banked by white carnations clasped with blue satin bows.

The bride's gown was fashioned with a scalloped portrait neckline and long petal point sleeves. The fitted lace bodice joined a bouffant skirt highlighted by panels of lace tulle. A crown accented with sequins held her elbow length illusion veil. She carried a cluster of white carnations with white streamers atop a white Bible. Mrs. Darwin McBee, Colorado, sister of the bride, served as Matron of Honor. Bridesmaids were Freda Parsons of Post and Jacque Harwood of Bula. Mrs. Donald Harwood of Plainview was bridesmatron.

The bride's attendants were attired in identical dresses of ice

blue dacron with a scooped neckline and full skirt complimented with white accessories. They carried long stemmed white carnations.

Donald J. Cox, brother of the groom, served as best man and groomsmen were Donald Harwood, of Plainview, and David Williams, and Larry Archer both of Bula.

Members of the house party for the reception that followed in Fellowship Hall of the church were Miss Kay Spence, Miss Donna Spence and Miss Wanda Hubbard, with Miss Frankie Sanders, cousin of the bride, registering the guests.

The newlyweds, whose parents are Mr. and Mrs. Morris A. Phillips and Mrs. C. L. Cox, are both 1962 graduates of Bula High School.

The bride's traveling ensemble was a blue sheer dacron polyester batiste dress styled with a shirt waist with cotton lace insets accented with white accessories.

The couple are at home in the Bula community where the groom is engaged in farming after returning from a wedding trip to Las Vegas, New Mexico.

Two Special Events Scheduled By The Local Order Of Rainbow Girls

Two special projects are scheduled for Friday for the Muleshoe Assembly of Order of Rainbow Girls, Number 161.

An all-Rainbow Girls Workday is scheduled to be held at 4 o'clock Friday afternoon at the Masonic Hall. It is important that all members attend.

A blue-jean picnic outfit is in order for the 6:30 p.m. hayride and sandhill party Friday evening, held in observance of the birthday of founder Mark Sexton. The girls have invited dates and will bring a sack lunch. The drinks will be furnished. A prompt 6:30 o'clock time at the Masonic Hall is set for the event.

The two events were planned at the June 25 meeting with Sandra Harris, worthy advisor and Ruby Lee Kerr, mother advisor, presiding.

Other business of the meeting was the installation of Susan Birdsong as drill leader and Barbara Jones as outer observer, conducted by installing officer, Pam Kerr.

Out the Colorado-Wyoming area during the next year, informing the participating campus groups about their findings.

Sue is the youngest daughter of Mr. and Mrs. J. C. Cummins who used to live in Bailey County and now of Colorado.

Sharon Harvey and Brenda Ellis were initiated into membership.

Reports on the Grand Assembly were given by Pam Kerr, Rhonda Wagon, and Sandra Harris. Others who attended included Ruby Lee Kerr and Dorothy Pruitt, they reported.

Kerry Beddingfield selected Susan Birdsong as her big sister. Masons present were Ernest Kerr and Bob Harvey. Eastern Star members attending were Mary Farley, Ruth Williams and Mrs. Kerr.

The next meeting will be held July 9 for a general business meeting and balloting on candidates for membership.

Engagement Told

Mr. and Mrs. R. E. Jackson announce the engagement and approaching marriage of their daughter, Lynda, to Don Chandler, son of Noah Chandler of Sentil, O. The ceremony will be read in the home of the bride-elect's parents on July 7.

Chandler is the grandson of Mrs. L. L. Cole with whom he has made his home for the past two years.

Hardings Feted On 50th Anniversary

The home of Mr. and Mrs. N. R. Harding of Farwell was the scene of an open house, Sunday, June 24, honoring the couple on their Golden anniversary. The sons and their families were host for the event.

Married on January 2, 1912 at Hubbard City, Texas, Mrs. Harding was the former Ethel McQuatters, daughter of the late Mr. and Mrs. J. E. McQuatters of Gustine, Texas. Mr. Harding was the son of Mr. and Mrs. D. L. Harding, Texico.

In December of 1918, Mr. and Mrs. Harding moved to a farm south of Texico and later to their present home six miles south of Farwell.

Four sons were born to the couple. They are J. D. of Levelland, Warren G. of Galveston, Nathan Jr. of Lubbock and Hurschel of Farwell. There are eight grandchildren.

The table was covered with a lace cloth over gold satin centered with an arrangement of yellow roses. The three tiered cake and a punch bowl filled with golden punch was on either side.

A gift table covered with a lace cloth over yellow held the many beautiful gifts. The guest book table decorated similarly with a gold rose bud in place.

Mrs. J. D. Harding, Mrs. Warren Harding and Mrs. Herb Harding served punch and cake to approximately 150 guests. The guests were registered by Mrs. Hurschel Harding, Mrs. Margaret Green opened and displayed the gifts. Music on the piano was furnished by Paula Harding and Mrs. Billie Carlyle.

In the receiving line to greet the guests were the honored couple and the four sons.

Out of town guests included the following relatives of Mrs. Harding: Mr. O. R. McQuatters, and wife and daughter of Seguin, Texas; Mrs. Roy Franks, San Antonio; Mrs. R. L. McDonald, Lubbock; Mrs. Cecil E. Godkin and daughter of San Diego, California; Mrs. Margaret Green, San Angelo; Mr. and Mrs. Homer Millikin, Lubbock; and Mr. and Mrs. Bill Garrett, Lubbock.

Relatives of Mr. Harding attending were Mr. and Mrs. W. J. Mathews, Texico; Mr. and Mrs. B. L. Harding and grandsons of Texico; Mr. and Mrs. H. H. Carlyle, Muleshoe; R. J. Klump, of Muleshoe; Mr. and Mrs. Howard Harding Carlyle of Post, Texas; Mrs. J. O. Billman and family, Inleside, Texas.

The children and grandchildren attending were Mr. and Mrs. J. D. Harding, Levelland, Mr. and Mrs. Warren G. Harding, Paula, Bob, Ann and Kaye, Galveston; Nathan Harding of Lubbock, Mr.

and Mrs. Hurschel Harding, Deborah and David of Farwell; Mr. Mrs. Herb Harding, Sherman, Texas.

Mrs. Nathan Harding, Derry Harding and Herb Harding were unable to attend. The latter two are grandsons of the couple.

Guests from Fort Sumner, Lubbock, Portales, Clovis, Amarher, Anton, San Angelo, and Midland also attended.

Mrs. Donald Powell Feted With Shower

The home of Mrs. Burnice May at Sudan was the scene of a stork shower Wednesday morning honoring Mrs. Donald Lee Powell.

Mrs. Dale Hill registered the guests and Mrs. Pudd Wiseman presided at the coffee service. Refreshments of sweet rolls, fruit sticks and coffee were served.

The hostess gift to the honoree was a high chair. Others assisting with the hostess gift were Mmes. Gus Bellamy, Ruth Calloway, Buford Walsler, Cleo Whitmire, R. D. Muller, L. F. Meeks and Miss Jane Meeks.

Mrs. Wisian's Rites Conducted

Funeral services were held in the First Methodist church here June 18 for Mrs. Betty Lou Wisian, 25, wife of Hilbert Lee Wisian, who died June 16 at West Plains Hospital. Services were conducted by the pastor, Rev. J. Frank Peery, assisted by Rev. Eugene Matthews, Amarillo.

Burial was in Bailey County Memorial Park with Singleton Funeral home in charge of arrangements.

Survivors, in addition to her husband, are two sons, Jimmy her parents, Mr. and Mrs. J. M. Gregory, Olton; her grandparents, L. F. Gregory, Fresno, California, Mr. and Mrs. R. F. Meeks, Muleshoe, two sisters, Abbie Kay Gregory, Olton, and Mrs. Douglas Parish, Earth.

Pall bearers were Jan Wampler, Robert Hooten, Robert Alford, David Stovall, Don Summow and John Gunter. Members of the Kum Double class were honorary pallbearers.

Mrs. Wisian was born at Earth August 6, 1936, and was married at Earth, December 19, 1954. She was a member of the Methodist church.

Delegated Named To State HD Meeting

Ada Murrah was nominated for delegate to the State Home Demonstration Association meeting which will be held in Dallas in September by the Progress Home Demonstration Club at their meeting held Tuesday, June 19, in the home of Marie Malby. Laurette Baker was named as alternate.

The club also voted to help sponsor a three-year-old girl at Girlstown. Each member is to bring a gift for Girlstown to be packed and mailed at the next home demonstration council meeting, on July 11.

State Highway Patrolman James Freeman, spoke to the group on "Safety on the Highways". A question and answer discussion was held following the talk.

Lela Mardis will present the next program on July 3 on "The History of Bailey County." The club also plans another program on safety which will be held in the future.

Those present were Delores Gaddy, Myrtle Wells, Lela Mardis, Alice Mitchell, Ada Murrah, Phoebe Gray, Fern Davis, Veta Self, Laurette Baker, James Freeman and the hostess, Marie Malby.

Rites Conducted For Shafer Infant

Graveside services were held Tuesday for Scottie Tim Shafer, 14-month-old son of Mr. and Mrs. Ronald Shafer, 623 American Blvd., who died at Green Hospital and Clinic.

Conducting were Elder K. B. Martin, Floydada, and Elder W. Dale, Lubbock. Arrangements were made by Singleton Funeral home.

Surviving, in addition to the parents, are the grandparents, Mr. and Mrs. J. W. Shafer and Mr. and Mrs. Morris Nowlin, and the brother, Curtis Dwayne Shafer, all of Muleshoe.

BASE RUTH LEAGUE BY BOB EASON

The Dusters have bitten their own dust. The Eagles dropped them from the undefeated list.

The win was the second straight for the surging Eagles. The Colts fell to them the game before. The Dusters, however, remained in first place by winning games from the Cats and Colts. The standings are the same as last week. Dusters first, Cats second, Eagles third, and Colts last.

DUSTERS 23, COLTS 12

The Dusters used great power as they bombed the Colts. They scored a few runs in every inning in downing the hap-less Colts.

DUSTERS 8, CATS 7

These two teams always duel closely. This game went extra innings. The Dusters had built their lead to 7-3. The Cats came to bat in the top of the 7th. The bases were loaded and one run scored on an error. Then Dick Pylot knocked a home run with two on. The score was tied.

In the bottom of the eighth Ackison won his own ball game by blasting a double with two men on base.

EAGLES 21, COLTS 9

Curtis Spears pitched seven innings and won his first ball game of the year. Jerry Childs hit his second home run as the Eagles overpowered the win-less Colts. Charles Holder had five hits for the Eagles.

EAGLES 6, DUSTERS 2

This game was a real pitchers duel. All eight runs scored were unearned. Childs pitched a two hitter while Johnny Actkinson gave up only 3 hits. Charles Holder again was the Eagles power as he had two of those hits.

Player of the week: CHARLES HOLDER.

Lazbuddie News Letter

By MRS. C. A. WATSON

Congratulations to Mrs. Jess Pendergrass on having the lucky name drawn for a Helbrous wrist watch at the Opening of the Buccaneer stamp redemption center in Muleshoe. Other Lazbuddie winners of 500 stamps each were Mrs. D. L. Schumann, C. A. Watson and Lutishia Watson.

Johnny Gammon and Jim Roy Daniels have returned from Oklahoma State University where they have been attending college for a time. Jim Roy graduated from the College in June. The boys will be home for the summer.

The Lazbuddie FHA officers met in the Homemaking building Tuesday for a meeting from 9:00 a.m. to 3:00 p.m. The reason for the meeting was to learn the duties of each officer for the new term. Covered dish lunches were enjoyed during the noon hour.

Morris Bruns from Lubbock

was home during the weekend. Morris is teaching this summer in Lubbock. He and his mother, Mrs. Less Bruns, shopped in Clovis Saturday a.m.

Guests in the D. L. Schumann home last week was her sister, Melvia Nichols, and her two children, Johnny and Marilan, from Tulsa, Mrs. Tommie Hays from Belin, N.M. and Juanita Burke from Lubbock.

A welcome is extended to Mr. and Mrs. Frank Bozeman and Shelby from Earth to the Community. The Bozemans are moving in the house vacated by the Ira Wimberleys. Shelby Bozeman is a 1962 graduate of Springlake High School and will attend Lubbock Christian College the new fall term.

Mr. and Mrs. Ira Wimberley and David will farm for Wesley Barnes north of Lazbuddie.

The Lazbuddie Methodist Church had open house Sunday evening for the Church School end of Friday morning of last week.

Birthdays this week are Ida Tesko, Ovalle Narse, Howard Watson and Doyal Smith, 24th; Donald Littlefield and Mary Ellen Garza, 25th; Larry Vaughn, 26th; Becky Wilson, Maxene Broyles, Luther Edward Terry and Pete Parros, 29th and Sylvia Negra, 30th.

Mr. and Mrs. Bobby Krey and family from Garden City, Kansas visited her parents, Mr. and Mrs. Jewell Treider over the weekend.

Steve Young, Jr. in Lazbuddie High, is in Baylor this week for several days' basketball practice.

Congratulations to Robert White son of Mrs. Luella White of Route 3, Muleshoe, on receiving the State Farmer's Degree which will be presented to him during the FFA convention to be held in Ft. Worth, July 18th through the 20th. Robert was a 1962 graduate of Farwell High School, but was a student in the Lazbuddie school until his Sophomore year when he entered the Farwell schools. Robert's project for the past four years have been 5 acres of milo each year, three acres of wheat, for the past three years and three acres of cotton for the past two years. He totaled \$3500 on these crops. Robert also raises hogs and will take over the family farm of 320 acres this fall.

Congratulations to Dick Chtwood, 1962 graduate of Lazbuddie, for having been chosen among the top 4-H young people attending the 4-H council workshop in Houston this week.

Enjoying swimming in the indoor swimming pool at Friona Thursday afternoon from this area were Susan Pendergrass, Marsha Aduddell and Carolyn Morris.

A guest in the Clyde Monk home over the weekend was Mrs. Cella Smith of Hansford, Calif. Mrs. Smith is a long time friend of the Monks.

Mr. and Mrs. Owen Broyles visited their son and wife, Mr. and Mrs. Eugene Broyles in Amarillo over the weekend. The Broyles also visited her brother J. D. Dodson, while in Amarillo.

LOCAL BAPTIST GIRLS RETURN FROM RIDGECREST

Returning Friday from Ridgcrest Baptist Assembly at Ridgcrest, North Carolina were Misses Rhonda Johnson, Mary Sanders, Davy Jean Anderson and their sponsor, Mrs. Cleen Davis. Mrs. Davis Anderson met the special train in Lubbock to return them to Muleshoe. The train transported the girls to and from the assembly.

A reported number of 1,500 girls attended the camp during the session.

DUAL FLIGHT TO VERO BEACH

The words, "myriad activities" once used by former Journal publisher, J. M. Forbes to describe activities at the Muleshoe Airport will again this week describe the events. On the agenda has been contests, charter flights, pilot exam results, cross country flights, new plane purchased and races.

Herbert Griffith and Don Bryant left Muleshoe last Sunday, June 17, in the Flying Service Super Cub flying to West Texas Aircraft in Lubbock where they left the craft for the installation of a radio and boarded a Continental Airliner for Dallas with Vero Beach, Florida as their destination.

At Dallas the pair boarded an Eastern Airliner for the flight to Miami. Upon reaching Miami with an 8 hour ahead and the threat of a strike by Eastern, they cashed in their tickets, rented a car and proceeded to the Piper Aircraft factory at Vero Beach where they were to pick up a Piper Cherokee for Muleshoe Flying Service.

The following morning Griffith and Bryant were at the factory by 7 a.m., waiting for the plane to be serviced and received their briefing on the piloting of the plane.

Taking off at 8 a.m., they flew at 6,500 feet which was above a cloud deck with Bryant doing most of the navigating.

Arriving at Jackson, Mississippi, they broke through the clouds and landed for refueling. Leaving there the cloud cover was much higher and they continued the journey at an altitude of about 2,000 feet to remain below turbulence.

Arriving in Dallas at approximately 5 p.m. a weather advisory stated that the flight to Muleshoe was not advised, so they hangered the plane and stayed overnight there.

They resumed the trip the next morning leaving Dallas early and arrived at Lubbock where they picked up the new Super Cub and two West Tex pilots who came to Muleshoe to pick up the Tri-Pacer and Super Cub which had been replaced by the new Cherokee and Cub.

Griffith said they were actually enroute for 14 hours with about 12 hours of actual flying time.

A spot landing contest which began at 6 a.m. Sunday was the starting of a day which hummed with unusual events until turbulent weather halted flying around 8:30 p.m.

Stan Williams settled the Super Cub in touching the wheels down only 3 feet and 5 inches away from a line busting perfect mark leaving a very small margin for the remaining flyer to shoot for to gain the first place title which he earned as second contestant. Delbert Watson the first pilot airborne enjoyed the first place spot briefly with a measurement of 18 ft. 7 inches. After several contestants had races as to position and altitude

tried to out maneuver the titleholder, Willie Washington, the "Champ" of the May spot landing contest took off in his favorite plane, the J-3, and on his second pass over the field took second place with 13 feet and four inches. Washington, 16 years old, was awarded the trophy for the best landing made in the May event.

Late in the afternoon, Sam Damron took second place with 10 feet, 1 inch leaving Williams undefeated for first and placing Washington in third.

Upon conclusion of the flight made by Washington and pondering the times he had scored a hit with the plane, Herb Griffith chose to fly the J-3 in the contest to determine "if Willie had that plane trained" and as a result was the only contestant to drop in between the marks to qualify for measurement on all three landing made.

Those participating in the contest were: Williams, Watson, Damron, Washington, Hugh Yeates, Herb Griffith, George Tompkins, Kenneth Powell, H. C. Elliott, Betty Williams, Virgil Robbins, Ed Little, and Bill Jim St. Clair.

Tompkins who had not flown in some 10 months made some impressive landings one of which was within the designated area.

TURTLE AND THE HARE?

With a lull in spot landings activities, a race brewed between two ambitious pilots, Hugh Yeates and Herbert Griffith. To explain the plot Yeates was to leave Muleshoe flying the J-3 Cub, the slowest plane on the field, and on being notified that Yeates was to take off flying the latest addition to the Flying Service Fleet of planes, the 130 miles per hour Cherokee. Each pilot was to fly to Lubbock Omni radio station, circle the station and return to Muleshoe. Each had their own plan as to how to gain the most in distance.

Yeates took off at 12:25 p.m. and began to climb. At 12:45, Freda Locker piloting the Comanche and was accompanied by Morgan Locker and Mr. and Mrs. Noah Kinsler, who acted as air judges and maintained radio contact as the J-3 is not radio equipped.

Spotting Yeates near Sudan was no small task as his expected altitude was around 5,000 feet m.s.l. Mrs. Locker spotted him, turned the Comanche upward and climbed to 10,500 feet before reaching his level of flight.

Locker contacted Jack Little on Muleshoe Unicom, giving his position and altitude and a three-way radio contact was established between the Comanche, the airport office and Griffith in the Cherokee on the taxi strip waiting to take off.

Mrs. Locker slowed the Comanche and circled until Yeates neared Littlefield, then pulled alongside and to the opposite side of Littlefield so as to better judge when he was about the center mark of the city where Locker gave the "O. K." for Griffiths take-off. Then the races was on!

Considering Littlefield the halfway mark Yeates began an altitude descent in order to gain distance and flew to Lubbock in the descent. Griffiths radioed the Comanche that he was airborne and flying low, not wasting any time gaining altitude. As the flight progressed the continual radio contact gave those in the airport office a running description of the race as to position and altitude

of both planes. Circling near Lubbock Omni until Yeates made the turn around the station, Mrs. Locker then turned the Comanche back toward Muleshoe to accompany the J-3 to the passing point of the two planes which was near Shallowater to keep Griffith informed as to the altitude as a safety measure. Going back to the Omni stations and after Griffith made his swing around the station and headed back to Muleshoe, the Comanche left the race and landed at Lubbock Municipal airport.

Slimming along near Littlefield, Griffith decided that he had passed Yeates without seeing him and made several 360 degree turns while searching the sky behind him for his opponent, which almost turned the race into one similar to the storybook tale of the Turtle and the Hare. Yeates was still maintaining the lead and gridding for the runway.

Griffith realizing that Yeates was possibly still ahead, turned the Cherokee homeward and streaked across the airport, victorious by only 20 minutes, in the air and 10 minutes after he made his landing.

Making the flight with Griffith was his son Prentice and Don Locker.

TEST RESULTS

Pilots Sam Damron, Don Bryant, and H. C. Elliott were notified this week they had passed their written examinations for private license. Damron's grade was 84, Bryant's, 86 and Elliott's was 88. All three have recently completed ground school training.

CROSS-COUNTRIES

H. C. Elliott made two cross-country flights during the past week. The first, to Hobbs, New Mexico flying by pilotage and de-veating from his plotted course to avoid a thunder shower. After landing at Hobbs, he filed a flight plan in person for the next leg of his air journey to Roswell.

Leaving Hobbs, he flew by Omni radio to Roswell where he landed and closed his flight plan. Leaving there, he flew to Ft. Summer, made a touch and go landing at the airport and continued the flight around the Cannon AFB restricted area and to Muleshoe. This was a dual training flight with Morgan Locker instructing.

The second flight for Elliott was his solo cross-country to Anadarko, Oklahoma. After checking out in the Cherokee, Elliott left early Saturday morning and flew by pilotage to Childress where he tuned to Omni and continued on the beam to Hobart, Oklahoma. From Hobart he flew to his Anadarko destination where he landed at Anadarko Municipal Airport and was met by a friend, LaVerne Johnson.

Hanging the Cherokee there, they boarded Johnson's Tri-Pacer and flew to his home near Childress, Oklahoma.

The weather enroute was wonderful. Elliott reported, however, the return flight was somewhat different, as he encountered many thunderstorms and had to change routes to avoid severe weather.

Elliott had planned his return trip by way of Hobart, Sayre and Amarillo. And upon arriving at the Anadarko Airport, was grounded some 2 hours because of rain. At 8 a.m. with sky clearing he flew to Hobart and contacted the weather bureau for a complete weather briefing and was advised that the Sayre area was being buffeted with severe rains and turbulence. He then changed his course and flew back to Childress skirting numerous thunderstorms that skip-hopped across the sky.

Legal Notice

NOTICE TO BIDDERS
Acting in capacity as County Judge of Bailey County, I am authorized to give public notice, and notice is hereby given, that it is the intention of the Commissioners' Court to purchase one (1) new automobile to be used by the Sheriff's Department of Bailey County. And sealed bids for said automobile will be received by the Commissioners' Court at their regular meeting place in the Courthouse in Muleshoe, Texas, until 11:00 o'clock a.m. Monday July 16, 1962.

Other cross-country flights were made by Sam Damron, Don Bryant, and Hugh Yeates, and the Jack Little family.

Damron made a flight to Odessa on a solo training flight. Damron made the Odessa flight by visual pilotage and made one contact with radio tower to verify his position as a double check that he was on course.

Damron was met at the airport there by his parents, Mr. and Mrs. Joe Damron and his sister, Mr. and Mrs. Jim Reece.

Sunday morning, Damron resumed his flight by way of Hobbs, New Mexico and back to Muleshoe, saying "I flew by Omni to Hobbs and to Needmore and from there home by just looking."

Bryants flight was made in the Cherokee to Tucumcari by radio and from there to Dalhart, Amarillo and back to Muleshoe.

Jack Little accompanied by his family flew to Fredrick Oklahoma last Tuesday in the Comanche where they were met by Mrs. Little's parents.

The group attended the Santa Rosa Roundup which was held in Vernon before returning to Muleshoe.

Hugh Yeates and Leon Jones

As part consideration Bailey County offers to trade-in either: (1) A 1959 model Ford four-door sedan with V-8 motor; or (2) A 1960 model Ford four-door sedan with V-8 motor. Bidders are requested to appraise each of these possible trade-ins and submit alternate proposals in which each will be considered as a trade-in.

The balance of the purchase price is to be paid in cash out of the General Fund of Bailey County. A cashier's or certified check, issued by a Texas Bank, payable without recourse to the order of Glen Williams, County Judge of Bailey County, Texas, in the amount of five (5) percent per cent of the amount of the bid must accompany each bid as a guarantee that if awarded the contract the bidder will promptly enter into contract and execute bonds in the amount and in the form required by law.

The Court reserves the right to reject any or all bids.

made a flight to St. Johns Arizona on Sunday June 17, where they picked up Yeates' brother, B. F. Yeates of Dalhart who was there judging a horse show. Yeates said he expected weather and turbulence over the mountains but the flight was smooth enough to drink tea. They returned to Dalhart leaving B. F. Yeates and returned to Muleshoe.

FOR BETTER FARMERS

A Legal Way to Make More Money

PROVED A Money-Maker
GIBREL
SETS MORE BOLLS EARLIER

GIBREL is not a machine but a chemical that has actually made more money for the better cotton farmers on the South Plains.

How does GIBREL produce more profit? Plants sprayed with GIBREL show added fruiting, more early bolls, improved maturity and higher yields. Expect much more of the crop to be ready earlier. Look for an increase of 50 to 125 lbs. of lint per acre, and a higher gin turnout—often 2 to 4%—for bigger profits. GIBREL increases early loading which sometimes sharply increases micronaire.

Easy to use—by ground rig or airplane. Easy to buy—from your dealer now.

Now It's A Real 4th of July

For George Cabrera, this 186th anniversary of American Independence will have a special meaning. It will be his first Fourth of July as an official citizen of the United States.

Although he's been living here for close on to half a century, he just "never did get around" to actually getting his citizenship. "Now," he says, "I wish I had done it a long time ago."

He says, "I'm very happy over this and am proud of my citizenship in this great country. I think this is a wonderful land of opportunity."

So, when George waves the flag on July 4th, along with millions of other Americans, it will have special significance for him. "And I'm always going to be an American," he adds proudly.

For the rest of the family, it was America all the way. His

him with his citizenship papers, free of charge.

George came home from Lubbock with three prized possessions, his official citizenship paper, the small U. S. flag they gave him, and a freedom pledge given by the Nancy Anderson Daughters of the American Revolution Chapter.

The pledge read: "I am an American. A Free American. Free to speak—without fear. Free to worship God in my own way. Free to stand for what I think right. Free to oppose what I believe wrong, free to choose those who govern my country. This heritage of Freedom I pledge to uphold for myself and all mankind."

George went to school at El Campo, and then married Maria Louisa Rodriguez, an American citizen, at Brownsville.

Since the mother was an American, the Cabrera's four boys were American citizens. In 1940, the family moved to Amburst and then moved here seven years ago. George, Jr., now 22 and in the army, was born at El Campo; Raymond, 21, was born at Fieldton, and Mike, 19 and Jimmy 17, were born at Amburst. The family live here at 907 W. 7th.

George said Wednesday that the ceremony at Lubbock was one of the most impressive things he ever witnessed, "and I can't wait until I get my little card for my billfold, telling me that I am an American citizen. It will be a great thrill for me!" He said he wanted to thank Pat R. Bobo, a Muleshoe attorney, for helping

campaign to immortalize Maud in bronze.

Meantime, money continued to come in for the mule memorial with more and more newspapers throughout the nation devoting space to the campaign here. George Dolan, who writes "This is West Texas," on the front page of the Fort Worth Star-Telegram, devoted considerable space to the Muleshoe campaign.

gram is a mammoth sewer lift which permits all sewage in the city to drain into one southeastern Muleshoe lifting station by gravity. The waste is then lifted a total of 64 feet and eliminated in settling tanks in the sandhills southeast of town. By installing this modern lifting station, the city has done away with three expensive lifting stations.

Main waterworks and sewer system trunk lines have been enlarged and additional lateral lines and connections made.

Waterworks and sewer system improvement program is a result of a special election held July 12 last year. Broken down, the program included \$123,000 for waterworks improvement; \$98,000 for sanitary sewer system improvement program; and \$85,000 storm sewer and drainage revenue bonds are to be paid off net income of the waterworks and sewer system after operation and maintenance expense. These bonds cannot be paid from any money raised by taxation. The storm sewer and drainage bonds are payable from taxes.

In other words, it was explained by city officials, the first part of the project is to be paid for out of water receipts and other items while the other phase will be financed by taxes. Minimum water rates are to be increased 50 cents.

The commissioners also had to pay off a previous bond issue, a 1948 bond drive which had to be refunded for the additional \$221,000 revenue bonds for the improvement program. The new revenue bond issue will be "open end" and no further refund will be necessary, it was explained.

Downtown business men are especially pleased with the new drainage system. Formerly water "almost boat deep" in certain downtown areas, flooded Avenue C and Main streets especially.

use it for that purpose first thing.

Couple weeks ago, we picked an editorial out of the service which looked harmless enough. It discussed features of the now-dead Kennedy farm bill. The editorial was neither for nor against the bill, but it did point out some additional things Congress should do IF it passed the bill.

But many folks didn't take it that way. Many called or wrote letters complaining that the Journal had come out in favor of Mr. Kennedy's farm bill, and the opponents of the bill were most unhappy. I'll admit that the editorial was a bit vague. It should have stated with these words: "If the Administration farm bill should pass, Congress should do a number of things right off to make the bill function. Something like that. Instead the editorial pretty much assumed that the bill would pass and then went on to suggest certain props it would need. That was all.

Speaking of brickbats and bouquets, got both last Friday after the June 21 Journal had reached its readers. One fellow came into the office to protest bitterly. Said we left out an important story. Checked and sure enough there it was still in type, unused! He was a most complimentary about the method of operating the Journal's news department and implied that the editor had a low IQ, and knew nothing about news values, otherwise HIS story would have been on Page One.

Then right away met a very nice lady - just about the nicest lady I've met in the two weeks we've been in Muleshoe - and she was most complimentary about the Journal. Said she liked particularly the greater use of pictures. "When the paper came out this week," this lovely, lovely, lovely lady said, "I just said to my husband, 'Isn't that a nice-looking issue of the Journal?' and he agreed. I think it was an excellent issue," said she.

Brickbats and bouquets. See what I mean?

BAKER FARM SUPPLY

Box 584 Muleshoe, Texas PHONE: 6130

Dear Sir:

Wheat stubble is valuable. It contains plant food worth about \$5.25 per ton. That's approximately \$10.00 per acre. The organic matter it contains may be worth even more — if soil tilth or water-holding capacity is a problem.

This value can be realized, however, only when the stubble rots, and releases the plant food back into the soil for the next crop.

If rotting is slow — and you plow up next year the stubble you turned under this year — you lose much of the organic matter and tie up in unusable forms most of the plant food the stubble contains.

Stubble decomposition will be rapid and more complete, and your soil will work easier and be more fertile when you add nitrogen. The nitrogen turns the excess carbon in stubble into soil-building, water-holding humus. (Stubble is about 100 parts carbon to 1 part nitrogen while humus is approximately 12 parts carbon to 1 part nitrogen.)

Here's where we fit into the picture. We sell and spread ARCADIAN GOLDEN URAN nitrogen solution. URAN soaks into the stubble and starts the beneficial rotting action fast. You gain two ways: More organic matter saved — and more plant food released. It all adds up to lower cost of production for your next crop.

Sincerely Yours,

BAKER FARM SUPPLY, INC.

Cattle Grub Control Program Urged by A&M Entomologist

COLLEGE STATION — Cattle grubs annually cost U. S. livestock producers between \$100 and \$300 million, says R. L. Ridgway, associate extension entomologist, Texas A&M College.

Losses to meat packers result from the carcass devaluation and trimming and hide damage, according to Ridgway. Losses on the farm and ranch result from skin irritation, roughness of the animals, below normal weight gains and lowered milk production.

Cattle grubs may be controlled by conventional spray applications or pour-on or backline treatment. All grub insecticides should be used between the time heel fly activities cease in the spring and before the grubs appear in the backs of the animals, he adds. In most areas in Texas, the systemics may be used between May 1 and August 1.

Co-ral and Ruelene may be used as sprays or as pour-on insecticides and Co-ral may also be used as a dip. Ronnel (Trolene) is

systemic and may be fed to the animals in the normal feeding operation either in the feed or in mineral. It is pointed out that these materials should be used only on beef animals or dry dairy cows.

For detailed information on the timing and application rates of these insecticides, study the label and that precautions concerning their use on young and sick animals be particularly observed.

Well organized area-wide cattle grub control programs give the best results, the entomologist says. By regular and effective treatment of all cattle in an area or county, the amount of reinfestation and spring and summer annoyance from heel flies will be reduced.

Hale County 4-H Youth Wins Contest

COLLEGE STATION — Three outstanding Texas 4-H Club members, Barbara Wolle, Comal county; Nina Kellum, Hopkins county; and Larry Karrh, Hale County, have been named winners in the Town and Country Business Program, Unit I Agribusiness.

The announcement, made by the state 4-H Club office, said the trio would represent Texas 4-H members at the August 5-8 meeting of the American Institute of Cooperation, Ohio State University, Columbus, Ohio. They will be guests of the Texas Federation of Cooperatives and active participants in the youth division of the national meeting. Miss Wolle will also receive a schol-

Dual Beef-Grading Demonstration Set

COLLEGE STATION — The dual grading system is a new concept in beef grading and will be available on a trial basis beginning July 1. It represents a major step toward a more accurate and precise identification of the factors relating to value in beef, points out Ed Uvacek, livestock marketing specialist for the Texas Agricultural Extension Service.

U. S. Department of Agriculture scientists have learned through studies, that differences in yield or cutability of beef carcasses can be quite accurately predicted by using only four physical indicators: namely, thickness of fat over the rib eye, size of rib eye muscle, amount of kidney and pelvic fat and carcass weight.

The studies indicated, continues Uvacek, that it was possible to set up a dual grading system which would identify both the quality grade and the yield or cutability grade.

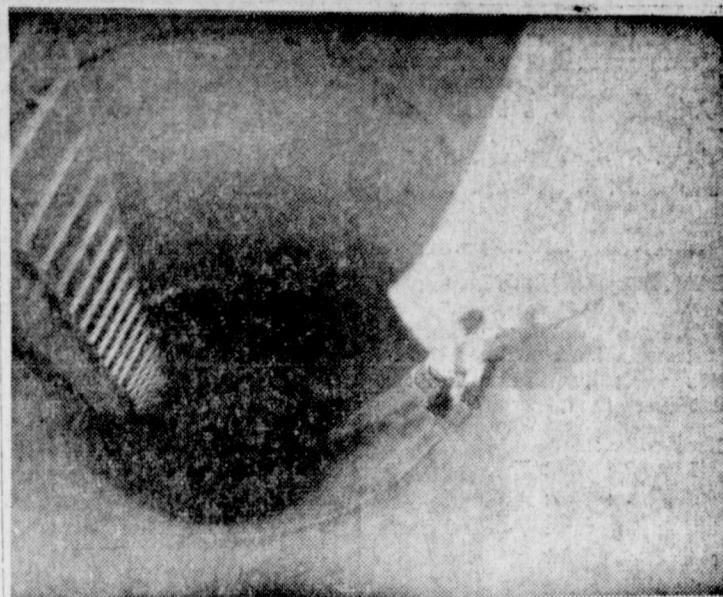

Farm Equipment Demonstration Set

A demonstration of a new type of equipment for border maintenance on bench-levelled land will be held at the High Plains Research Foundation from 8:30 a.m. until noon Saturday, June 30. "Farmers and implement dealers are especially invited," said James Valliant, Associate Water Engineer of the Foundation, who will supervise the demonstration.

The new border maintenance equipment designed by Mr. J. C. Ainsworth and Gene Hancock is being manufactured in Lubbock. Economical methods of controlling vegetation and maintaining borders has been sought by scientists and farmers for some time. Such equipment is needed for the proper maintenance of borders on benches.

Soil erosion and water loss on sloping land is prevented by bench-levelling the land.

"This is one of the research projects in soil and water conservation that has been underway at the High Plains Research Foundation since 1958," Dr. Earl H. Collister, Director of the Foundation, said in announcing this demonstration. "Since this is for the benefit of farmers in the High Plains, we hope many will attend."

Top picture shows the 24-foot-deep lift tunnel, while center picture shows sewage draining into a lake in the sandhills south of town. Bottom shows Albert Field, city manager, inspecting the new lift station.

LOANS TOTAL \$37 MILLION

Area Production Credit Leads Nation

Plainview Production Credit Association, of which Muleshoe is a part, is still tops in the nation it was revealed this week when the association's 1961 figures were announced.

Wilbur LeVeque, Muleshoe manager of the eight-county organization, said loan volume for last year was \$37,205,000, the highest in its history. The figures were made public by the Farm Credit Administration.

The Plainview Association ranked first in three categories among nearly 500 associations serving the United States and Puerto Rico.

The association led in total loan volume, net worth and amount of capital stock owned by association members, the report shows.

It also held high rankings in the nation in two other categories—loans outstanding on December 31 last year and in accumulated earnings.

Total net worth and reserves was announced as \$4,292,183 and capital stock, all member-owned, totaled \$2,792,370.

The agricultural credit organization had \$12,833,000 in loans outstanding on Dec. 31, 1961, fourth highest in the nation and highest among 36 associations in Texas.

"We are gratified that our association earned this recognition among the nation's Production Credit Association," commented L. R. Durham of Plainview, association president.

"The figures themselves are important only in the fact that they reflect our continuous effort to provide dependable and progressive agricultural credit to our stockholders."

The Plainview Production Credit Association, owned and operated in its entirety by more than 700 farmers and ranchers provides agricultural credit in Parmer, Castro, Swisher, Briscoe, Bailey, Lamb, Hale and Floyd counties. Offices are operated in Plainview, Friona, Dimmitt, Tulsa, Silverton, Muleshoe, Littlefield and Floydada.

Fred Conner of Plainview is acting general manager of the association. In addition to President Durham, other directors are Vice President Henry Hayes, D. Anderson of Muleshoe, Grady Shepard of Hale Center and Don Garrison of Silverton.

The 36 Production Credit Associations, serving all 254 Texas counties, loaned nearly \$400 million in 1961. The nation's 500 PCAs had a loan volume of \$2.9 billion, a record high for any single year.

New Insect Repellent, Deet, Keeps All Outdoor Pests Away

COLLEGE STATION — You don't have to spend time fighting off insects this summer while you are out-of-doors. Such pests as mosquitoes, ticks, fleas, chiggers and biting flies can be made to keep their distance by applying a repellent developed by U. S. Department of Agriculture scientist-

ists on exposed skin areas. The repellent is commonly called Deet. Diethyl-toluamide is the chemical designation. It was synthesized and tested by chemists and entomologists of USDA's Agricultural Research Service. It is now available in ready-to-use containers under several trade names, and has been approved as the standard military repellent.

Deet is effective and safe for general use on the skin or on certain kinds of clothing materials. However, instructions covering the use of the repellent should be followed closely, because the chemical may affect certain paints, varnishes and some of the plastic materials. The repellent is safe for use on cotton or wool fabrics if they contain no synthetic fibers. Smear evenly on exposed skin areas, deet is effective for

several hours. It has little or no odor, and it does not cause a greasy feeling on the skin.

You can make a delightful summer-style tomato sauce for pasta, fish, meat, poultry or eggs. Just cook thin onion strips with cut-up fresh tomatoes in olive oil and season with salt and pepper. Chopped parsley, sliced mushrooms and green pepper strips may be added to give extra flavor.

SPEAKING OF TAXES Sandhills Philosopher Offers New Tax Program for Non-Cat-Lovers

Editor's Note: The Sandhills Philosopher on his Johnson grass farm may have made a few cat-lovers mad with his tax proposal last week. He completes the job this week by making the non-cat-lovers mad.

Dear editor:
I notice that Congress is trying to raise the Federal debt limit again despite the fact I furnished a new source of tax revenue last week amounting to at least 100 million dollars. If you recall, all I suggested was that all taxing units assess a \$5 tax per cat on the estimated 100 million cats in this country.

Some cat lovers I understand didn't go for this idea much, but I wasn't trying to find a popular source of new tax revenue, only a dependable one. The only popular tax I've ever seen is one that has just been repealed, and you don't find more than one or two of those in a lifetime.

Now I promised to report on another new revenue source, and it too involves cats.

According to a newspaper account I read last night, in one city of 900,000 people there are an estimated 175,000 un-claimed cats, cats just running free, roaming the city, scrounging a living wherever it turns up.

All right. Just as there are millions of people who would pay \$5 to keep from giving up their cats, there must be an equal number willing to pay that much to avoid owning one. There you are. If the taxing units are on their toes, they'll gather up these hundreds of thousands of stray cats and give the non-cat-lovers a choice: pay a \$5 tax, or accept a cat. The money would roll in.

As a matter of fact, a city wouldn't even have to gather up all the stray cats. Just give them a number, like a non-existent West Texas fertilizer tank, and collect the five bucks from the cat-haters.

Under this system, everybody gets taxed, the cat population remains healthy, all government units have more money to spend, and the people can continue to holler for more government economy in the adjoining states and more government services in their own.

If Muleshoe runs short of cats in this program, there are some extra ones running wild out here on this Johnson grass farm they're welcome to.

Yours faithfully,
J. A.

SPENDS TWO WEEKS IN DECATUR VISITING

Mrs. Walter Sain and daughters Backye, Debbie and Bonnie returned to Decatur with Mrs. Sain's mother, Mrs. Alex Little, who had been in Muleshoe visiting with her children, the Sains, the Ed Little family and the Jack Littles.

Mrs. Sain and daughter visited with her parents and a sister, Mr. and Mrs. Marshall Rials and Kay.

Mr. Sain went to Decatur for a short visit and his family returned home with him.

MRS. HAYWOOD VISITS IN LARAMORE HOME

Mrs. Ella Haywood of Beaumont, Texas, is here visiting in the home of her daughter and family, Mr. and Mrs. Joseph R. Laramore, and Kimberly.

They enjoyed a day in the Clovis City Park Sunday with a picnic lunch and homemade ice cream and seeing the animals in the zoo.

She will return to Beaumont Saturday, after a week's visit here.

Independence, July 4th

On the Fourth of July of every year, the people of this country take note of the anniversary of the signing of the Declaration of Independence, which easily ranks as one of the most important documents of history.

In it, Thomas Jefferson, the author, set forth the inalienable rights of man and the theory that governments are instituted by men, not set up by God, and, therefore, derive their powers from the consent of the governed.

This was something of a revolutionary doctrine in 1776. Moreover, the Declaration makes plain the right of the people to alter or abolish their government and to institute a new government in such form as they may deem most likely to affect their safety and happiness.

The historic Fourth has become identified as a day of leisure, marked by deaths, accidents, games and amusement, but there are occasional programs which point out the significance of the Declaration and the principles that it expresses.

In 1962 we face the challenge of Communism, military and economic. In principle, the test we face has not changed. Once again America must rise to the challenge and meet the issue. It is a sobering thought as we look back on July 4, 1776. We cannot afford to fail!

Letters TO THE EDITOR

Dear Sir:

In the Journal of Tuesday, June 14 appeared an article on page 2B with which I have a "bone to pick."

First let us pick on the bone that President Kennedy touched on a dilemma that must eventually be faced by Congress and the people. The REAL dilemma in this case is that of whether we are going to submit to a supply management in Agriculture and Democratic Socialism of the sort mentioned by presidential advisor, Arthur M. Schlesinger in his statement that "democratic socialism must be brought about in a slow progressive program." It is absurd to think that Congress would be drawn into this socialist trap, but even so it is up to the American people to cry a warning if it seems that they are. Farmers still have a little time to educate Congress and other citizens as well. Mr. Kennedy probably DID warn that unless HIS plan is enacted it will cost the taxpayers four billion dollars in the next four years. His feed grain program for 1961 proved to be the costliest plan yet, hence Compulsory Regimentation is advocated, costs would remain excessively high and might well be increased under his present plan. Furthermore the present bill authorizes the Secretary of Agriculture to make land retirement payments to the producers of feed grains and on wheat in 1963 on the same basis as the current emergency programs. If land retirement is too high under existing rulings, why isn't it too high under a compulsory program? Yet authority is asked to continue it next year. Payments are authorized for 1963, 1964, and 1965 already!

As for wheat—Export aids are the most expensive item in the But the fact is Farm Program entire farm program. H.R. 11222 doesn't change this one bit. Consumers would pay the increased cost in wheat used for domestic food products. The U. S. taxpayer would pick up the tab on export subsidy programs for that which is shipped to foreign buyers. The USDA has estimated this little bill at \$1 billion for 1963 alone.

If this fallacy laden plan is passed by Congress, then farmers will be offered alternatives inre-make a mockery of democratic processes. They would be forced to choose between complete government regimentation or withdrawal of all price supports in addition to authorization of the Secretary of Agriculture to dump so called surpluses to destroy the market for current production.

(Incidentally market prices now are higher than support prices in many instances) I did say so called surpluses. According to table four on page seven of a report from the United States Department of Agriculture (they said it, I didn't) we had a carry-over of only 84.4 million tons from 1961. This is considerable less than a years supply. In case of a crop failure, our own needs could not be met.

Many of we farmers would like to see a gradual lowering of controls and supports. Only in this way can we compete on the world market and maintain our free enterprise system at the same time. We have no illusions that it will not call for a tightening of the belt, but we feel that the fundamental issues at stake are too precious for selfish interests.

To use some of your own words, "Congress cannot and should not evade the responsibility for taking such action" and here I must change them slightly, an action which will stem the tide toward socialism and save some of the democratic principles on which this nation was founded, that we might pass them on to future generations. This tide threatens to envelope not only agriculture, but industry, medicine and education as well.

Sincerely,
Mrs. D. O. Burelsmith
Route 2

P. S. I failed to mention that if the present farm bill is rejected, we will not be faced with a complete withdrawal of price supports, but will instead revert to the 1958 plan with supports some what less and a FLOOR to offer without the proposed regimentation, we will have a chance to go to work on getting Government OUT of agriculture. Could this be what some fear and thus the reason for the misleading hysteria being pedaled at a mile a minute out of Washington?

Editor of JFK & GRAIN
Dear Editor,
You goofed! If your appeal passes Congress this week—be prepared for a lower figure and forced waist control—Dig it eh what?

Sincerely Touched,

July, 1962

July, the fifth month of the Roman year, was once known as Quintilis, but when the calendar was changed it became the seventh month and was named July in honor of Julius Caesar. This change was made by Mark Anthony.

This month marks the beginning of the second half of 1962 and is the beginning of a new fiscal year. Days will begin to get shorter until the Winter Solstice arrives December 22.

In the United States, the month is remembered as the anniversary month of the Battle of Gettysburg, which occurred on July 1st, 2nd, and 3rd, 1863, and marked the high tide of the Confederacy. July 4th is remembered as Independence Day, the anniversary of the adoption of the Declaration of Independence.

Calvin Coolidge was born on the 4th, in 1872 at Plymouth, Vermont. The first admiral in the U.S. Navy, David G. Farragut, was born at Knoxville, Tenn., on July 5th, 1801. The Republican Party was founded July 6th, 1854 at Jackson, Michigan.

There are other memorable dates in the early part of July, Hawaii having been annexed to the United States on July 7th, 1898, and John D. Rockefeller having been born at Richford, New York, on July 8th, 1839.

HOLY MASS OFFERED BY REVEREND HENRY

The Reverend (Fr.) Henry Franciscan, Friar of Atoneament, an native of Brooklyn, New York, visited here in Muleshoe, Sunday June 24. Father Henry offered the 8:30 a.m. Sunday Holy Mass for the Catholic people here. Father Henry will soon leave for Japan, where he will work with the Friars mission there.

Delicious and quickly-prepared appetizer: canned drained pimiento garnished with a crisscross of anchovy filets and served on crisp salad greens. This is a pantryshelf idea that you might like to use when unexpected company comes. Good to accompany this first course—olive oil, wine vinegar, French bread or hard rolls and sweet butter.

Farm Facts

In 1960, according to the U. S. Department of Agriculture, meat animals accounted for 31.1% of the nation's agricultural receipts, and dairy products for 13.9%.

These, together with poultry and eggs (9.7%) and miscellaneous "livestock and products," made up 55.7% of the total cash receipts for agriculture. Crops accounted for the remaining 44.3%.

Cattle and calves brought in \$7,396 million of the \$13,838 million for "livestock and products" and accounted for 21.7% of the total cash receipts.

Other "livestock and products," their percentage of the total, and their value included: milk and butterfat, 13.9 and \$4,737 million; hogs, 8.4 and \$2,857 million; eggs, 9.1 and \$1,728 million; broilers, 3.0 and \$1,015 million; turkeys, 1.1 and \$377 million; sheep and lambs, 1.0 and \$329 million; wool, .4 and \$111 million.

The miscellaneous livestock category accounted for 1% of the total cash receipts, or \$335 million. Package and queen bees, beeswax, honey, horses and mules, mohair, wool, goats, minks, silver foxes, and rabbits are listed in this group.

THE BUICK LESABRE 4-DOOR HARDTOP

How can this car have so much extra—and still be almost low-priced? Answer... it's a Buick... in name, styling, quality and resale value. Yet its price is right close to many models of the "low-priced" cars. So before you do any buying, come see how little extra it costs to get all the extra values included in LeSabre's surprisingly low price. Some examples...finned aluminum front brakes—safest made! A 401-cu. in. Wildcat V-8. Exclusive Advanced Thrust engineering that moves the engine forward—gives you straight tracking, flat cornering—and a nearly flat front floor! Turbine Drive automatic transmission—smoothest there is! And lots more you'd never guess LeSabre gives you. Your Buick dealer's great trades make LeSabre an even greater buy right now! **BUICK LESABRE IS THE BUY**

Topping Shows Mixed Results in Cotton Tests

Cotton growers in the High Plains are continually striving to improve both the quality and yield of their cotton. Tests on one of the methods, mechanical topping of cotton, were conducted by Jim Valliant, Agricultural Engineer, at the High Plains Research Foundation last year.

The two varieties of cotton used in the test represented both open boll and storm-proof cottons. On September 14, the cotton was topped with a topping machine. The cotton plant was cut just above the topmost mature bolls, eliminating top foliage, small bolls and square.

The net return per acre for the untopped stormproof was higher (\$168.18) than the topped cotton of the same variety (\$155.15). However, the reverse was true for open boll variety. Topped open boll yielded a net return of \$223.35 as compared to \$198.17 for the untopped.

Valliant also reports that no improvement in grade was detected in the topped cotton. The increase in yield of the open boll variety of cotton may have been due to the abundance of sunlight on mature bolls simulating a longer growing season. This experiment will be conducted again in 1962.

If you like to serve that famous English dessert, Trifle, you can make it easily from sponge cake, fruit and custard sauce. A glass serving dish into which an 8-ounce layer of sponge cake will just fit is perfect for this dessert.

Make up your flakiest pie dough and cut in small squares. Put a little jam in the center of each, fold so edges meet and press together with fork tines. Bake on a cookie sheet in a hot oven and sprinkle with confectioners sugar. Delicious with iced tea!

JESUS PREACHING THE GOSPEL Matthew 4-23-25

After this busy day Jesus slipped away quietly and went to a desert place to pray. He needed a season of prayer and meditation since overnight he had become so popular that his situation was becoming complicated.

Simon and the others finally found him and told him of the crowds already assembled waiting for his ministry. Then it was that he announced his intension of departing from Capernaum for a season to let the excitement die down. They must remember also that he came to minister to other people and towns. (And Jesus went about in all Gallilee, teaching in their synagogues, and preaching the gospel of the Kingdom, and healing all manner of diseases and all manner of sickness among the people. And the report of him went forth into all Syria. And there followed him great multitudes from Galilee and Decapolis and Jerusalem and Judea and from beyond Jordan).

O Father, may we be endued with that love which is patient and kind, Take away from us all jealousy and rudeness. Cleanse our minds of selfishness. Give us a spirit of gladness which shall help us to bring gladness to others. In Thy Name. Amen.

AUSTIN—Texas has something to brag about: The best traffic safety record in Texas history.

The National Safety Council "grades" all states on traffic safety. Of a possible 100 points, Texas got 84 for its efforts to solve traffic deaths and injury during 1961. A big share came from the second lowest traffic death toll since 1949—"only" 2,314 killed on the highways in 1961.

California had the best score with 86. Michigan was second with 85. Texas tied with Illinois and Ohio for third place among the "big traffic" states.

Governor Daniel said that holding down the death rate despite steadily increasing traffic made a real record—fewer deaths per 100,000 miles traveled than ever before.

NEW INDUSTRY—Every Texas city is looking for new industry. But they aren't alone. Every state has some sort of industry-attracting program.

In May, Texas tied with Illinois for fourth place in the number of new industries opened for business. Each had 30. New York's 49, California's 35 and Pennsylvania's 32 led Texas.

Some states allow public-supported bond issues to finance plant buildings. The Texas Industrial should be done by private finance but it asked the Texas Research League to make a study to see which approach is best.

Sudan Neighbors

by Mrs. R. E. Scott

Mr. and Mrs. Dale Hanna have been vacationing in Dallas and other points.

Mr. and Mrs. Lee Boyd, Montgomery, Jr. and son of Canyon visited Saturday evening in the home of Mr. and Mrs. Hubert Dykes.

Mrs. Jack Downs was hostess for a Stanley products party Thursday evening when Mrs. Nina Burns of Littlefield was demonstrator.

Mrs. Myrtle Shavor of Gilliam, Louisiana has been visiting her sister and family, Mr. and Mrs. J. W. Olds.

Visiting Wednesday in the home of the Marvin Tolletts was his mother, Mrs. Leona Tollett of Rogers, New Mexico.

Mrs. L. F. Meeks led the concluding study on "Intercessory Prayer" at the meeting last week of the WMU of the First Baptist Church.

Present for the meeting were Mrs. Meeks, Mrs. Halbert Harvey Mrs. Dexter Baker, Mrs. Carlton Jones, Mrs. Homer Morris.

Mrs. Jimmy Arnold and son of Fort Worth returned home with Mr. and Mrs. James Arnold, Sr. who had been visiting last week in Fort Worth. While here they will also visit in the home of her parents, Mr. and Mrs. L. F. Meeks.

Mrs. and Mrs. L. F. Meeks and Jane were in Muleshoe last Monday to attend the funeral services of his niece, Mrs. Hilbert, Wisconsin.

Lathly Barnett accompanied her aunt and uncle, Mr. and Mrs. Ross Dawkins of Midland, to Chama, New Mexico last week. The group returned and spent the weekend in the home of Mr. and Mrs. Wedver Barnett.

Mrs. John Burnett was confined to a Littlefield hospital last week where she was scheduled to undergo surgery.

Mr. and Mrs. Harlon Davis and Jed of Muleshoe visited Saturday evening in the home of Mr. and Mrs. Gus Bellamy.

Mike Green of Earth visited during the weekend with his grandparents, Mr. and Mrs. Oscar Bartley.

Mrs. Oscar Bartley was in Amarillo recently when she received a medical check-up.

Mr. and Mrs. W. H. Towns and sons of Freeport visited during the weekend in the home of Mr. and Mrs. Gavin Hayes.

The Claud Wrights have moved to town and he is to be the Avalanche Journal distributor.

Sherrie Dee Thompson of Kansas City, Missouri, is visiting her grandparents, Mr. and Mrs. Claude Pope.

Jimmy Lynn Fields, son of Mr. and Mrs. Lewis Fields, has been confined to his home with the measles.

Texas Industrial Commission is running ads this month in Business Week, Wall Street Journal, Dun's Review and American Banker magazines and newspapers inviting industry to look at Texas for new plant sites.

CARLA'S COST — Hurricane Carla, which hit Texas last September, struck a delayed blow this week.

After Insurance companies paid more than \$110,000,000 in insurance claims, the State Board of Insurance ran up the statistics in setting new rates for extended coverage insurance—which included windstorm damage.

The result—a 27 percent increase in dwelling rates in the "sea-coast territory" and a 5.3 percent increase in the two inland territories.

ises all counties on the Gulf of Mexico, plus a tier of counties adjoining them.

In those counties, where \$100 worth of extended coverage insurance cost 35 cents this year—it will cost 44 cents after July 1.

This is just the dwelling rate. There are dozens of other variations in the complicated business of setting insurance rates.

But it's all based on statistics. When insurance companies have the biggest losses in history in 1961, it raises rates for a number of years to even things out.

HERE TO STAY—From the way Texas Democrats into the Senate are thinking now—the new sales tax is here to stay.

There likely will be some modifications—but no chance of repeal, and little chance of making it one per cent on everything instead of two per cent on most things.

That is the result of a newspaper survey of Democratic nominees for the Senate.

A clear majority—17 of the 31—felt that the sales tax would not be repealed. Only one among the 17 said he would vote to repeal it.

But several feel there should be some changes made. Major item suggested was to do something to ease the strain on small vendors.

Interpretations of the law are that the merchant can't collect the tax on sales of less than 25 cents, but must pay the tax to the state on those sales as part of his gross sales.

Theory was that collecting more than two per cent on sales of 25 cents and more would even things out. But it hasn't worked like restaurants where they sell a lot of coffee, vending machines, newsboys and others.

There may well be some changes made in this.

GIFT DECLINED — The state Parks Board had before it a bold offer—but with a half million dollar string attached.

Mr. and Mrs. C. A. Wheatley of San Antonio, offered the state their 4,778-acre ranch in Blanco County for a state park. But the condition was that the state spend \$500,000 to make a sure enough park out of it.

Parks Board members divided. Harry Hornby, Uvalde publisher, said yes. He was joined by two members, but three opposed. So it was a 3-3 tie.

Ed Kilman, Houston editor who voted not to take it, hoped that the Legislature will see its way clear to provide the money in 1963 and that the offer by the Wheatleys will be renewed.

The Wheatley ranch lies along the Pedernales River. It abounds in wild game and scenic country for 10 miles along that stream.

Parks Board, fighting a hard fight with a short stick on money, just couldn't see how it could promise to spend \$500,000.

It has a fund of \$700,000 to be used next year on parks improvement. Meanwhile, however, Texas Tech is to draft a master plan for park development, showing where the start should be made in improving the long-neglected park system.

MORE OIL SUITS—Eight more operators in the East Texas field with tests on their leases to see if their oil wells run straight up and down.

The Texas Railroad commission extended to the Hawkins Field of Wood County its prohibition against plugging wells.

Atty. Gen. Will Wilson got word that some wells in that field may have been slanted over to someone else's property, so he asked that the no-plugging ban include the big Wood County field.

When the investigation opened, several operators immediately plugged their wells with cement, thus preventing check into the and narrow path.

Of 27 wells checked so far, only one has been found to be straight.

Lawsuits continue to pile up on the dockets of East Texas courts, as neighbors sue neighbors they think have drained oil from under their leases.

LONG SUIT — A West Texas judge may spend the winter—and part of the spring—in the Lower Rio Grande Valley.

Chief Justice Robert W. Calvert named District Judge J. H.

Starley of Pecos to preside over the big water rights lawsuit in Higo County, where the tangled skein of water rights will be unraveled.

Trial is scheduled to start in September on the main lawsuit. The big question, whether land-owners have a right to use irrigation water from the Rio Grande without a state permit, already has been settled.

Texas Supreme Court said that lands deriving from Spanish and Mexican grants do not have a right to use water for irrigation. With that big question answered, Judge Starley will go into a hundred other questions in the suit involving all users of the Rio to the Gulf.

Visiting judge had to be sent in since District Judge Magus Smith was disqualified because he had been an attorney for some of the interested parties before he was elected judge.

ROAD MEN — Texans who work for better highways came to Austin for their annual convention.

They named Leslie Neal Sr. of San Antonio as president of the Texas Good Roads Association for the coming year.

They voted to increase speed limits to 70 miles an hour, and to let the State Highway Commission zone highways for speeds up to that limit.

John Connally, Democratic nominee for governor, told delegates that Texas should not divert its highway tax money to other purposes. But he warned that the cities need help on their street construction problems, too.

BOOKS — Bookmobile Library demonstrations are being set up in Caldwell, Hays, Fayette and Coryell counties.

State Librarian, Mr. Dor man Windrey announced the extension of the rural book program, state and local units of government.

Parmer County Favorite Foods Show Conducted

Sixteen 4-H Club girls participated in the first Parmer County 4-H Favorite Foods Show conducted Tuesday, June 19 at 3:00 in the Hub Community Center. Thirty-three parents, adult leaders and 4-H members attended.

Foods exhibits were set up in four groups in senior and junior divisions. These food groups include meat, bread-cereal, vegetable-fruit, and milk.

Winners in each of these groups are Janis Billingsley in milk, Jill Mimms in vegetable-fruit, Kathryn Gober in bread-cereal, and Cheryl Ramage in meat groups.

Representing the senior division group were Katie Blackstone in the vegetable-fruit and Reba Lesly in the meat group. Both Katie and Reba will represent the county in the District 4-H Favorite Food Show in Canyon, Tuesday, June 26.

Junior division representatives in the district show will be Janis Billingsley and Jill Mimms. Alternates are Kathryn Gober and Cheryl Ramage.

All girls were presented blue, red, or white ribbons by the Home Demonstration Agent, Miss Ertie Musil. Fifty percent of the score was rated on the food exhibits and answers to questions asked by judges.

Record books were valued as the remaining fifty percent.

Judges for the record books were Mrs. W. T. Magness and Mrs. C. C. Christian. Exhibit judges were Mrs. Ernest Osborn, home economics teacher in Friona, and Miss Loreta Fowler, Assistant County Home Demonstration Agent of Deaf Smith County.

Entering the show in the Milk Foods group were the Misses Janie Watkins, Sharon Martensen, Tina Rundell, and Sheila Garner.

Participating in the vegetable-fruit group were: Peggy Lesly, Debra Garner, Ann Blackstone, Jill Mimms, Sheila Vaughan, and Katie Blackstone.

Entering the meat group were: Cynthia Phillips, Cheryl Ramage and Reba Lesly. In the bread-cereal group were: Kathryn Gober and Cheryl Kaltwasser.

Adult leaders directing the eleven foods subject matter groups since the first of the year were: Mrs. Cordie Potts, Mrs. Ray Mar-Mrs. U. L. Lesly, Mrs. Walter Kaltwasser, Mrs. Johnnie Rundell, Mrs. Leon Billingsley, Mrs. Lexie Branscum, Mrs. J. R. Bartlett and Mrs. C. W. Tamahull.

LOCAL 4-H MEMBERS GO TO LEADERSHIP CAMP

Marsha Burham, daughter of Mr. and Mrs. Kline Burham, and Marcy Baker, daughter of Mr. and Mrs. Wiley Baker, represented Bailey County in the District 2 Junior Leadership Camp, June 19, 20, and 21. One hundred thirty-two members attended the camp. The camp was held at the South Plains College in Levelland. Mrs. Ann Graham, CHDA accompanied the girls to the camp.

Purpose of the camp was to better inform 4-H members attending camp the role and functions of Junior leaders, how to keep junior leadership records, how to how to work with younger 4-H members.

Cars received from connections totaled 11,318 compared with 11,027 for the same week a year ago. Santa Fe handled a total of 33,903 carloads in the preceding week of this year.

A compassionate general composed the plaintive bugle call, Taps, in July 1862, during a lull in Civil War fighting.

RELATIVES ARE GUESTS

IN SHUTTLESWORTH HOME

Those visiting in Red River the past weekend with Mr. and Mrs. Jim Shuttlesworth were Mr. and Mrs. H. G. Harvey, parents of Mrs. Shuttlesworth. Mr. and Mrs. Lismon Harvey, Mrs. Claude Coffman, Mrs. W. L. Speck, Jeannine Coffman, and Mr. and Mrs. J. W. Witherpoon of Muleshoe. From Amherst were Mr. and Mrs. Rudolph, Mike and Pat. Mrs. Coffman and Mrs. Witherpoon are sisters of Mrs. Shuttlesworth. Lismon and Rudolph Harvey are her brothers. The Shuttlesworths are former residents of Muleshoe and Sudan.

MAPLES FAMILY VISIT

IN Z. N. BURRIS HOME

Mr. and Mrs. James Maples, Jerry and Terry of Springdale, Arkansas were weekend guests in the home of Mr. and Mrs. Z. N. Burris.

Mrs. Maples is the former Pauline Fuller, daughter of Mr. and Mrs. J. R. Fuller, who resided in Muleshoe for some time. She is Mrs. Burris' niece.

They are returning by way of Clovis and Amarillo where they were to visit other relatives.

CHILDREN ARE GUESTS

IN BERT SEALES HOME

Visiting in the Bert Seales home from Dallas recently were Billy Seales and Mrs. Clark Seales from Bell Gardens California. Mrs. Bert Seales was confined to a local hospital for treatment.

ALSUPS TO RESIDE

IN ABILENE AFTER RETIRING

Colonel Herchel Alsup has been a guest in the home of his parents for the past few days.

He joined his family in Abilene where they are establishing their home after retiring from the service.

The armadillo has dim sight and poor hearing.
