

For These We Give Thanks

It's Thanksgiving Day.
Today we (along with the rest of the nation) give thanks to the Almighty for our blessings.

There's an old-time-camp-meeting type of song that goes something like this: "Count your many blessings; see what God has done for you."

So, today, we count those blessings — both individually and collectively. On the individual level there are many blessings, many things for which to be thankful. They are personal. They are the blessings that the individual knows best and he should give thanks to his Creator for those blessings. They include such individual things as health, family and success. They vary with the individual.

So let's instead consider some of the blessings that we, as folks collectively in this great West Texas country, have for which to be thankful.

First off, we look at the crops which our lands have so bountifully produced. There's possibility of record yields for cotton and grain, but record-setting productions or not, it's been a good year. The soil has poured forth its bounty. The yield is a collective blessing. The outlook is good — very good.

Second, we can be glad for our collective freedom — freedom that permits us to worship God as we see fit, to speak as we like, to eat what we like, work where we want to work, go where we want to go, live where we want to live, buy what we want to buy and to own it completely — not collectively, as in the Communist countries — but individually to have and to hold, buy, sell or trade as we please.

These are our democratic freedoms, our blessings as free people. For these we give thanks this day — not JUST this day, but every day.

Such is Thanksgiving Day in America, 1962.

Ray's 'Ritin'

By RAY MARTIN

Prissy Missy is expecting, and she's making quite a production of advance preparations.

Of course she's a lady - a registered lady - and she doubtless feels that her present condition, plus the fact that she really IS a lady she's entitled to the best of everything. That's why she is now insisting that she be fed ONLY the best and most expensive dog food. For variety she wants chocolate cookies and she sleeps only on the living room divan.

Prissy Missy is an English bulldog owned by Mr. and Mrs. Richard Engelking who live in the Lazbuddie area. Originally P.M. was not a rural dog; she had spent the first year of her dog's life with the Larry Halls here in Muleshoe. Accordingly she was hardly prepared for the for the strange creatures she found out on the Engelking farm. Among them were the pigs, those strange ugly creatures, the likes of which she had never seen on the streets of Muleshoe.

She "wrote" her former owners once soon after moving to the country, and she described the pigs as "ugly monsters." They later proved to be pretty good chasing once she got over the shock of the oink-oink creatures.

Of course Prissy Missy has little on the pigs when it comes to beauty, unless, that is, you were another English Bulldog, in which case you might consider her pug-nosed face as beautiful. Anyway she has been adopted (or vice-versa) by the Engelkings who apparently agree with P.M. that nothing is too good for her. Like the time she "wrote" the Halls and signed the letter with a paw-print made of cake coloring. The cake coloring came off on the rug, but what matter? After all P.M. is a privileged character.

In fact, a little mud on her huge paws hasn't balked Prissy Missy from coming right into the living room, mud and all, anytime she feels the urge.

Speaking of dogs, there's the quiet little fellow owned by J. M. Forbes. He says she has long ago given up barking at people or other vicious creatures, contenting herself with barking at things that can't bark back - things like birds and butterflies. Which is probably just as well. Many people never learn who or what - to bark at and as a result they get into trouble. Birds and butterflies would be safer for them, too.

Now you take Cindy Lou, our Daschund. She has never learned (See RAY'S, page 5)

Mules Lose Bi-Dist.

Population Booms, New Markers Asked

Muleshoe city council has been asked to request a population change for Muleshoe, replacing the 3,871 population signs at the city limits with brand new figures - 4,945!

The council is the only body that can bring the population figure up to date; their figure is the only one which the state highway department will accept.

The new figure was announced this week, showing a remarkable 27 percent increase since the census was taken in 1960.

The big boost in Muleshoe's population was set by the Muleshoe Chamber of Commerce which arrived at the new figure by averaging the number of utility company connections in Muleshoe and multiplying this figure by the average number of persons per household from the 1960 census.

This is the method used to determine population trends between official nose-counts, made every 10 years by the U. S. Bureau of Census.

The 1960 official census gave Muleshoe 3,871 population. But shortly after the census was

published, an area including about 400 persons, was annexed by the city, and there has been constant increase in persons moving to Muleshoe during the ensuing period.

The Chamber's figures are acceptable in most cases by the highway department providing they are also accepted by the city council. The chamber has requested the council to accept the figures and to request the highway department to change the signs bearing the 1960 census totals.

Chamber Makes Plans for '63 Banquet; Abilene Man to Speak

With one of the southwest's most outstanding after-dinner speakers delivering the address, plans have been announced for the 13th annual Muleshoe Chamber of Commerce dinner. The event will be held at Muleshoe senior high school cafeteria, January 10, starting at 7:30 p.m., Carroll Pouncey, chamber manager, said.

Speaker will be R. L. McMillon, Abilene, a well-known insurance man who has just completed a term as president of the National Association of Life Underwriters, an 80,000-member organization.

Roy Whitt will serve as master of ceremonies for the dinner, and musical entertainment will be provided by Paul Durham, chorus director of senior high school. Dinner music will be provided by Susan Birdsong at the organ.

One of the highlights of the program will be presentation of a plaque to the outstanding farmer for this SCS district. The name will be kept secret until the night of the banquet.

Three retiring directors will be honored, and their successors will be introduced. Retiring are Owen Jones, Earl Harris and L. I. St. Clair. New directors will include Dr. Charles Lewis, Truman Lindsey and Red Simmons.

Tickets at \$3 per plate, will go on sale December 20, although all directors will receive tickets shortly after December 1. They will be asked to return the tickets or accept them by December 20 after which a general ticket sale will get under way. Tickets will be on sale until January 5. Since accommodations are available for only 250 persons, the tickets are expected to sell out long before the night of the (See CHAMBER, page 5)

According to the chamber, Muleshoe's population has increased 1,074 since March, 1960, a period of 32 months. This gives a daily increase of a little more than one per day or about 34 persons per month.

Evidence of the continued growth of the city is the ever constant demand for rental housing throughout the year and the number of new homes under construction for private occupancy.

Journal to Print Letters to Santa

The Journal will print letters to Santa Claus, starting with the November 29 issue. The Journal will see that the letters reach Old Saint Nick.

All small fry who want to send their "wants" to Santa are invited to mail or bring their letters to The Journal.

Salvation Army Plans Fund Drive

The Salvation Army will launch a \$1,500 from Bailey county, it was announced by the newly-created "Army" service committee for the county.

Joe D. Barnes is chairman, B. J. Peeler vice-chairman, and Mrs. Bill Thompson is treasurer. W. D. Bill Moore is welfare secretary, and Buddy Peeler the publicity chairman.

Others on the service committee include Glen Williams, Dee Clements, Norman Thomas, Charles Alsop and Frank Ellis.

The fund drive will kick off with a coffee at Paul's cafe at 9:30 a.m. December 4, Gilbert Muddell, West Texas field representative, announced this week. He explained that one-third of all funds raised will remain in Bailey county for local administration "with no strings attached."

Chairman of the entire drive will be S. D. Slemmons who has named 16 team captains who, in turn, will name five assistants to do the actual solicitation. Captains are Clyde Holt, James Fowler, Lee Pool, W. D. Bill Moore, J. M. Forbes, Robert Alford, Norman Thomas, Earl Harris, A. S. Stovall and J. B. Peeler. Muddell, who will be here part of the time to assist in the drive, said only the one solicitation will be made, and no further weekly employees will be made once

Denver City Nips Mules 29-0

A determined Muleshoe squad which fought the powerful Denver City Mustangs to a stand-off in the first half, found themselves unable to stop a steam-roller power drive in the last two stanzas.

The Mules lost a heart-breaker 29-0 in a game which was much more evenly fought than the score indicated.

Two long runs, two passes and a safety accounted for the Mustangs' victory to sweep the bi-district honors.

One of the sensational runs an 88-yard dash, was by Joe Esparza mid-way in the third quarter started the Denver City tribe on their scoring spree. A little later, Hubbard again went all the way in a sprint which he started on his own 31 after Denver City had taken over the ball (See MULES, page 5)

Freeze Hurts Late Crops' Prospects

Dryland cotton and grain may have been dealt a blow below the belt by this week's hard freeze, especially late-planted crops, but irrigated crops may have been aided by the 22-degree weather chalked up on the thermometer last Tuesday morning.

This was the opinion of farm experts who say that late-planted cotton on drylands may have difficulty opening. In fact, some fields which could have matured if the hard freeze had held off a few more days may never be harvested.

County Agent J. K. Adams says dryland grain is facing the most serious problem as a result of

the freeze. Stalks were full of moisture when the freeze hit. This will cause the plants to "sag" after thawing with the (See FREEZE, page 5)

Shelton Wins Grid Money

Don Shelton took top money in last week's Journal football contest, and George Washington was second best as the series neared the end of the season.

The contest is continuing this week, and teams are listed on page 5-B. Entries must be received at the Journal office not later than 5 o'clock Friday afternoon or letters postmarked by that time.

Five bucks will go to the week's winner, \$3 to the second place winner. Grand prize will be two free tickets to the New Year's Day Cotton Bowl game at Dallas, and \$50 expense money.

Car, Truck Taken, Youths Wind Up In Gatesville

Two Muleshoe youths, 14 and 16 years old, who allegedly stole a pickup truck here and an automobile in Tatum, N.M., have been taken by Sheriff Dee Clements to Gatesville Boys' school after a hearing here before County Judge Glen Williams.

The boys drove both vehicles until they ran out of gas and then abandoned them. They were picked up by officers in Plains and were returned to Muleshoe last week by deputies Garland Freeman and John Moore.

The sheriff said Rosenda Guzman has been picked up this week in connection with a \$2,100 theft at Bula.

His blotter showed one picked up for drunkenness, and two persons held for city police, one on a driving while intoxicated charge and another for aggravated assault.

Santa Coming to Town Dec. 1 To Kick Off Christmas Season

Santa Claus is coming to Muleshoe Saturday, December 1, and he'll come riding into town on a fire truck.

The announcement of Santa's arrival was made by the Muleshoe Chamber of Commerce which set the December 1 date as the official kickoff time for Muleshoe's 1962 Christmas season.

The old fellow from the North Pole will be in his workshop on the courthouse lawn from 3 o'clock that afternoon until 7 p.m. to greet his many young friends in this area.

After that he will return to Muleshoe each Saturday on the

same time schedule until Christmas.

That date also will mark the turning on of Christmas lights for the first time. New Decorations are to be added, and the lighting will be carried to additional streets this year as the Chamber expands its downtown lighting program.

Displays on the courthouse lawn also are to be lighted that evening for the first time. The Chamber said four entries so far have been received in the display contest which offers \$100, \$75 and \$50 respectively to the three best exhibits.

Entries include Bailey county

of Muleshoe's Christmas program, home lighting, are being received now.

Prizes for the best decorated homes will be outdoor lighting equipment. Ministerial Alliance, Muleshoe Lions club, the First Christian Church and the Muleshoe Study Club.

Entries will be received up to December 1.

Judging will be done on December 20, and that same evening home lighting entries will be judged. Entries for that phase

Band Rates First, To Play at Tech

Muleshoe's marching band directed by Kathy Phillips, came off with "first" rating in an area-wide region I contest at Lubbock Tuesday, and as a result of the splendid work with the boys and girls from Muleshoe did, they have been invited to take part in pre-game ceremonies at the Tech-Arkansas game Saturday. Only four bands received invitations to participate in the Saturday show.

This is the second year the Mighty "M" band rated first division in marching. "We did a difficult show this year that took a lot of hard work, and I'm very proud of the spirit the band has shown and the progress they have made this marching season," Miss Phillips summed up.

On a vote by all the directors in this region, four bands were picked out of 35 in this region to march at the game, Miss Phillips explained. Representing Class A will be the Hale Center band, with Muleshoe for class

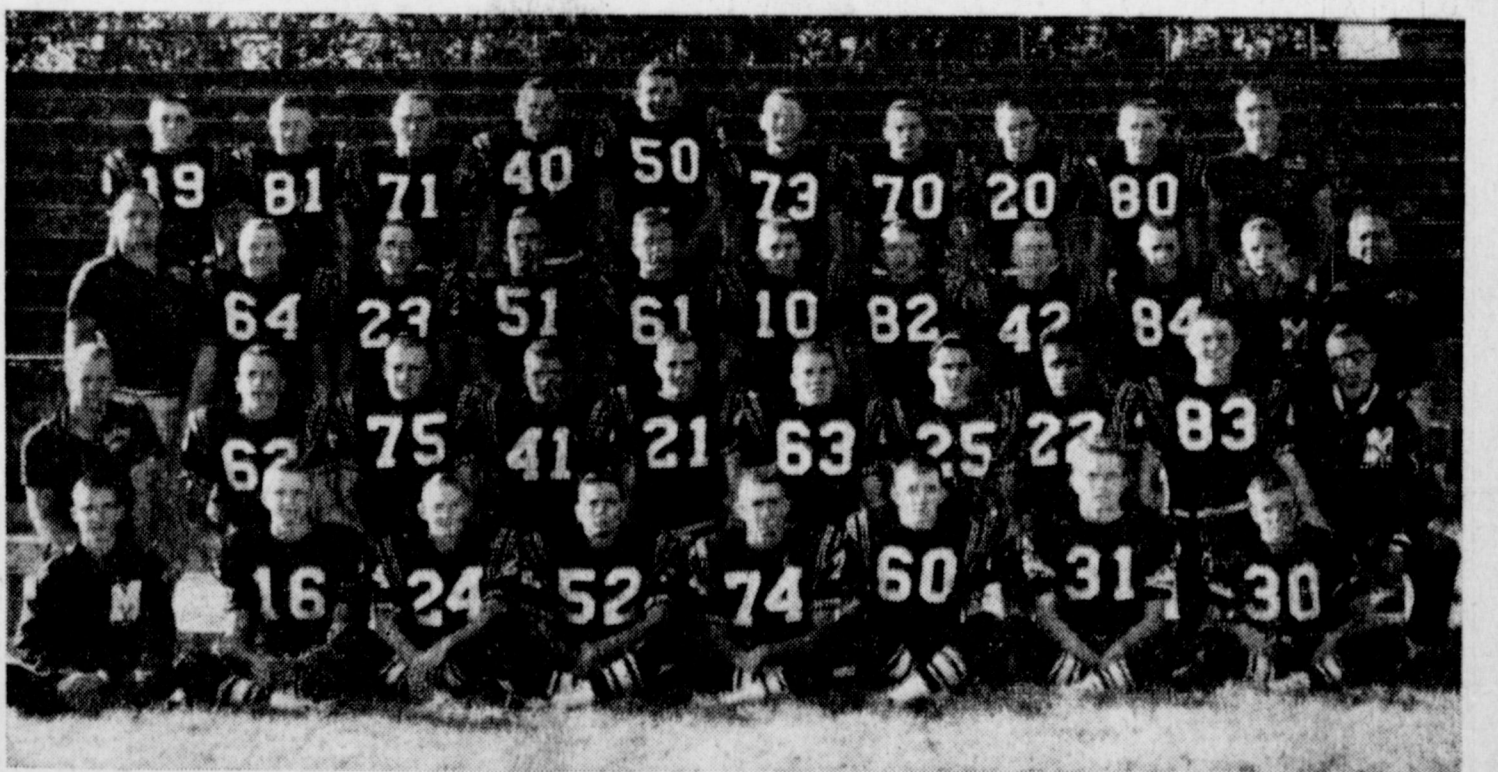

AA. Both these bands will perform before the game.

At half-time ceremonies, Plainview and Levelland bands will perform, representing AAAA and AAA respectively.

"This is the first time our band has been picked for a special performance like this," Miss Phillips said. "We feel it's a big honor, and will do our best to give those Tech fans a fine performance and Muleshoe some good publicity."

At Tuesday's event, participated in by 35 bands, as at interscholastic League Music contests, the bands were not judged competitively, but instead were given divisional ratings, based on level of performance with first division being the highest possible rating, and fifth division the lowest.

Ratings Tuesday were as follows: Class B: Jayton, III division; New Deal, II division; Anton, III division; Ropesville, I division; Shallowater, III division (See BAND, page 5)

Muleshoe Representative Attend 53rd Annual State Convention

Mr. and Mrs. Neal Dillman, W. O. Coltrane, Mrs. Edd Emiston, Mrs. Ray Daniel, and Mrs. Roland McCormick were delegates to the 53rd annual state convention of the Texas Congress of Parents and Teachers, November 14-16, in Fort Worth, returned home Friday with the following report:

Mrs. T. W. Whaley of Kose, state president, presided.

The theme, "Homes Create Community Strength Through Good Citizenship," was keynoteed in an address by Dr. Irby B. Carruth, president of the American Association of School Administrators, and superintendent of Austin (Texas) public schools. He made the following points: 1. He had lived during the time when school administrators were skeptical of PTA but now they fully approve it. 2. Training for a good citizen starts at home in infancy. 3. Don't "pass the buck" to someone else to raise your child.

Mrs. Clifford N. Jenkins of Long Island, N. Y., president of the National Congress of Parents and Teachers, addressed the delegates the first evening. Pertinent quotes include: "We cannot rear good citizens without being responsible ourselves." "Our children's heritage is in our hands." "The future of this republic is in the hands of the American voter."

Dr. James H. Jauncey of El Paso, pastor of the First Christian Church, spoke on "The Home and the Citizen," stressing: the fact that the personalities of

Sunday School Class Organized

An organizational meeting was held by the members of the First Baptist Church Sunday School class taught by Mrs. Eddie Lane in her home on November 15.

Fellowship Class was chosen as the name for the class; pastels, class colors; motto, "Growing With the Master"; scripture, verse 11, Peter 3:18; Flower, Sweet Pea; aim, "To Interpret Christian Principles to Growing Women"; and song, "My Desire."

Officers elected were: Mrs. George Hicks, president; Mrs. Myron Pool, vice president; Mrs. L. C. Roddam, secretary; Mrs. Lois Shook, group leaders.

Plans were made to help a needy family at Christmas.

The next meeting will be a Christmas luncheon on December 13 in the church dining hall and gifts will be exchanged.

Sammye Lewis Represents Club In Beauty Contest

Sammye Lewis was named to represent the local Epsilon Sigma Alpha at the District Beauty Queen Pageant which is to be held in January.

Mrs. Lewis was selected at the November 6 meeting of the sorority which was held in the Production Credit room with Marlene Martin as hostess. Colleen Freeman served as co-hostess.

Structure of the American Way of Life was the program topic for the evening under the direction of Carol Bryant.

A business meeting preceded the program during which activities for the coming holiday season were discussed.

Sesame Luncheon Is Highlight Of Progress Club Day

An unusual program, "Ways to Use Sesame Seed" was given at the Tuesday meeting of the Progress Home Demonstration Club. Mrs. Joe Smallwood was hostess.

A sesame luncheon was served with salads, meats, breads, cakes and pies, all made with Sesame seed.

All club members were invited to the council Christmas party to be held at the Club Room on December 5. Juaree Smallwood and Lauretta Baker were appointed to the refreshment committee.

Dolores Gaddy and Ada Murrar were appointed to select gifts for the man at Austin State School sponsored by the Club. Each member is to bring a gift for the little girl at Gristown, sponsored by the council.

The next meeting will be a Christmas party at the home of Myrtle Wells, Dec. 1, at 10 o'clock. There will be an exchange of gifts then the group will go to Clovis for a lunch at El Monterey.

There was one new member, Betty Carpenter, who was welcomed.

Miss Paula Kerby Is Shower Honoree

Holiday Social Event Carries Out Fall Theme

The Muleshoe Country Club was the setting Friday morning for a coffee given by Mrs. L. B. Hall.

The pre-Thanksgiving table featured silver candelabra garlanded with emperor grapes, tangerines and autumn leaves. Harvest bouquet arrangements of grains and fruits carried out the fall theme throughout the receiving room.

The hostess was assisted by her mother, Mrs. E. Q. Perry, and sister, Mrs. Rex Jordan, both of Plainview.

Mrs. Charles Lenau, Mrs. Karl Fryer, and Mrs. Ramon Martin presided at the coffee and tea services.

Silver appointments on ecrú cutwork cloths graced the two serving tables.

Shower Fetes Bula Resident

Mrs. Allan Williams was honored with a pink and blue shower Wednesday afternoon in the home of Mrs. Clyde Hogue, Bula.

The serving table, laid with a white lace cloth over blue, was centered with a pink shoe vase holding an arrangement of pink and white baby chrysanthemums. Blue, lighted tapers completed the centerpiece.

Other hostesses were Mrs. Fred Locker, Mrs. Dewitt Tiller, Mrs. E. O. Battles, Mrs. Ashel Richardson and Mrs. P. R. Pierce.

FTA Chapter Stages Annual Parents' Dinner

Future Teachers of America of Muleshoe held their annual parents' banquet last Thursday when the theme was "Thanksgiving Around the World." Tables were decorated to represent different countries — Mexico, Japan, Switzerland, Germany and Italy with the head table representing the United States.

Eight grade girls served the dinner of turkey, dressing, fruit salad, green beans, potatoes, cranberry sauce and potatoes. Food was brought by the students.

Jerry Gilbreath, FTA chaplain gave the invocation and Karen Jones introduced the officers. Principal H. W. Callen and the sponsors and those who helped with the banquets. Pupils introduced their parents. Sandra Scott and Sharon Miller sang "God Bless This Country," accompanied by Kathy Moore, and Sue Willman read a poem "Thanksgiving on the Farm."

Davey Jean Anderson, Sue Willman, Dick Allison, Stanley Black and Karen Jones presented a panel discussion on the subject, "Do Students Have too Many Extra Curricular Activities?"

Kerry Moore, sponsor of the club gave the benediction. FTA enjoyed taking part in the American Education Week. The group dressed a showwindow at Cobb's, depicting the week, and also had an information booth at senior high. They prepared a Thanksgiving basket to go to a needy family for Thanksgiving.

District convention will be held December 8, and the local chapter is sponsoring Stanley Black or president. Dick Allison, "Mr. TA", and Karen Jones, "Miss TA", will compete with other choirs in a three-minute speech in "Today's Teaching — Tomorrow's Heritage." Muleshoe FTA also will prepare a program workshop and provide part of the entertainment during registration.

4-H Clubs Pick 'Gold Star' Pair

Honor award winning 4-H boys and girls along with their parents and special guests attended a banquet Monday night in the American Legion Hall.

The banquet was sponsored by Bailey County Electric Cooperation which was represented by Mr. and Mrs. Joe Harbin.

Bailey County Judge Glen Williams made an extemporaneous speech and presented 24 special awards.

The Gold Star Award, the top honor that can be bestowed upon a 4-H boy or girl on the county level, was presented to Joyce Adams and Kearney Scoggin.

Joyce, daughter of Mr. and Mrs. J. K. Adams, won her award on outstanding work in clothing, bedroom improvement, garden and winning in county and area fat stock shows and showing of agricultural products including vegetables in the Amarillo and Lubbock shows. She has won 24 blue ribbons in this category. Joyce was winner of the County Dress Revue this year.

Scoggin, son of Mr. and Mrs. Lewis Scoggin won his award through six years of well balanced club work starting in 1957 by becoming a charter member of the 3-ton Club on hybrid sorghum production in a state contest.

He competed in a cotton contest and has a fine show record in local, area, and state barrow shows. His winning of Reserve grand Champion in our strong county show last year was his merit along with being a member of the area and district winning land judging teams.

Other award winners are Morris Lewis, beef; Sharon Huton, Joy Eubanks, Kathy Baker, and Ruth Ann Duckworth, clothing; Jona Kay Goucher, individual, and Delores McCall and Elaine Tiller, a team, dairy foods; Pamela Avery, Gay Ramm, Joyce Adams and Marsha Buhman, dress revue; Betty Harbin and Wynetta Mullins, electric; Bruce Little and Benne Bruns, field crops; Barbara Lambert, home economics; Marcy Baker, leadership, Joe Adams and Kearney Scoggin, swine; Beverly Anderson, public speaking; Stanley Black, Kearney Scoggin, Bill Harbin and Bruce Little, district and area land judging team.

Traffic Record: Nine Accidents

Nine rural accidents occurred in Bailey County during October, according to Sgt. D.S. Lawson, patrol supervisor for this area.

Two persons were injured and property damage was estimated at \$14,040.

The rural accident summary for Bailey County from January through October of 1962 shows a total of 47 crashes. As a result of these crashes there were 1 person killed and 19 persons injured. The estimated property damage amounted to \$43,28.00.

We are on the threshold of our Holiday season and cold grim Traffic Facts. During the last five years there has been a total of 11,902 traffic fatalities in Texas. Of this total 2,354 or 20 per cent were killed during the months of November and December. For the year thus far there has been 1,841 traffic fatalities as compared to 1,768 for the same period of 1961, an increase of 75 or 4 per cent with deadly November yet to come.

"These cold grim traffic facts alone are a challenge for every this state to join in an all out effort to stop this needless tragedy this Holiday Season. This can be done by obeying all traffic laws and being a defensive driver; that is, be prepared for the unpredictable actions of the other driver," stated the veteran patrol supervisor.

Methodist Church Hold Thanksgiving Dinner, Sermon

Giving thanks for life's spiritual values which mean eternal life rather than just material blessings was the theme of Wednesday night's Thanksgiving observance at First Methodist Church.

The program included a harvest dinner in Fellowship Hall, followed by worship services, concluding with communion services. Tables for the dinner were decorated with pumpkins, pyracantha and vari-colored ears of corn.

"We think of Thanksgiving as a time for giving thanks for our material blessings," The Rev. J. Frank Peery said in his pre-communion message, "but it has a greater significance when we give thanks for those eternal blessings—the promise of eternal life."

when the Mules' drive stalled. Pass over the goal line for the first TD PAT was good, but the second one failed.

Then Craig Fox scored twice in the fourth quarter on well-placed passes, and the safety came in that same period when a Muleshoe attempted punt was blocked in the end zone.

Twice during the first half, Muleshoe beat off strong threats by the Mustangs, a fumble by Denver City lending a nice assist in the second instance after the ball had moved to the Mules' 1 1/2-yard line.

Denver City kicked off, and Muleshoe received the ball on their own 5 and returned it to the 28. Unable to pick up the necessary yardage, Muleshoe kicked and Denver City took possession on their own 34. A series of line drives and end sweeps carried the ball down to the 25, and Humnicutt sneaked around end five plays later to push the pigskin to the 4. It was at this point that the Mules' put on the brakes to stop the drive cold, and the Mustangs lost the ball on downs.

Coach Bill Taylor's Muleshoe Mules came through with flying colors last Friday night when they stopped the Dimmitt Bobcats to take the 3-AA District championship for the first time since 1938.

The Bobcats scored the third time they had the ball with a drive which started on their own 36-yard line and nine plays later Cowell ran over from the Mules' 23-yard line for a six-pointer. Dimmitt then tried to pass for the two points but it was knocked down by Jerry Harrison in the end zone and the Bobcat's scoring for the night was over.

During the second quarter neither team could move the ball as the Muleshoe brilliant defensive team shined as never before. At the end of the first half Dimmitt had moved the ball no closer to the Mules' goal than their own 27-yard line.

The Bobcats received the kick to start the second half on their own 25, and three plays later were only on the 33 and had to punt which was out of bounds on the Mules' 43-yard line.

The Muleshoe Mules' backfield then shared the honors as they toted the ball to the two-yard line in 13 plays and then Jerry Gilbreath ran over for the score. Jimmy Cabrera kicked the extra point that counted with only 3 1/2 minutes left to play in the third quarter.

On the first play after the Mules kicked the ball, dimmitt fumbled and it was recovered by Ronnie Heard on Dimmitt's 31-yard line. The Mules couldn't move and the ball went over on downs on the Bobcats 33.

Dimmitt then started a drive which was stopped on the Muleshoe 16 when Gerald White knocked the ball loose from a Dimmitt back and Ronnie Heard again captured the fumble to stop the Bobcat scoring threat. The Mules couldn't move and had to punt which was good for 47 yards and Dimmitt took over on their own 28.

The last time the Bobcats had the ball, they tried a pass which was intercepted by Ronnie Johnson on Dimmitt's 34 and moved to the Bobcat's 5-yard line but was penalized back to the 20-yard line. Jerry Harrison carried the ball to the 8 and Kenney Heathington then moved on to three before time ran out with the Mules winning their first district championship in 24 years with a score of 7-6.

Members are urged to be present.

Judges were Dr. Ted Crager, WTSC; Melvin Montgomery, Snyder, and Jim Jacobson, TCU.

Charges have been filed in county court against Cleveland Williams, who faces a worthless check charge.

Gordon Lee Winton, charged with driving while intoxicated, pleaded not guilty when taken before the judge November 15. Four days later, however, he changed his plea to guilty and was assessed a \$100 fine, plus costs, and was given a three-day jail sentence. His driver's license was suspended for six months.

Thanksgiving Eve Dance Starts Whirl of Events

A Thanksgiving Eve dance was held at the Muleshoe Country Club Wednesday night, beginning a series of social events scheduled by the Club members throughout the coming holiday seasons.

Hosts and hostess for the festivity were Mr. and Mrs. Kenneth Hanks, Mr. and Mrs. Charles Lenau and Mr. and Mrs. George Bragg Music was by the Andy Beamon Combo.

During the evening a door prize was awarded to Russell Bryant, social chairman for the Country Club and a ticket drawn by Irvin StClair carried the name of Bob Harvey who was awarded a Thanksgiving turkey.

Installation Set For Club Officers

An installation coffee has been slated by the Muleshoe Women's Golf Association on Wednesday, November 28, at 5 p.m. at the Country Club.

Officers for the year are to be installed in an impressive ceremony.

Members are urged to be present.

result that they couldn't stand up under a hard wind.

"We certainly hope that the winds will stay calm until after this grain has dried out sufficiently from last Saturday's snows to permit combining," Adams said; "otherwise much of this kind of grain may never be harvested." He predicted a "rush" to harvest such grain.

Irrigated cotton needed the freeze to cause holes to finish opening, it was pointed out, and the moisture which fell over the weekend is believed to have caused little damage to such cotton.

Such prospects still were bright for most irrigated crops. The freeze, Adams pointed out, "will cause all cotton to open that is mature enough to open." Extremely late cotton may not have been far enough along to permit holes to open.

Muleshoe had the coldest readings in Texas Tuesday morning after a hard freeze had pushed the temperature 10 degrees below the freezing mark.

Tuesday's bright sunshine, however, aided in drying out soggy fields after last Saturday's snow. The snowfall was heaviest in this area, measuring up to three inches in parts of the county.

McMillon is the only man in the insurance industry in Texas who has served as president of both the Texas Association of Life Underwriters and the Texas Association of Accident and Health Underwriters.

During the three years he served as an officer of the Texas underwriters' group, more corrective and remedial legislation favorably effecting the future of the life insurance business in Texas was enacted into law than during all previous years, it was pointed out.

McMillon is past chairman of the conventions' committee of the Abilene Chamber of Commerce, is a member of the board of directors of the Council for Economic Growth and Security, and is past president of the City board of Missions of the Methodist church, serving in that capacity for two consecutive terms.

He speaks more than 100 times a year throughout the United States and Canada to sales executive clubs, chamber of commerce banquets and to civic clubs.

picture. We sent him other similar requests - one in London, for instance, and he found an obliging Londoner to serve with him. The picture was pictured in the Journal, as you may recall.

But we never did get the picture from Moscow and were inclined to wonder whether he couldn't get anybody to pose or what happened.

assumed responsibility for rapid distribution of those items to those in need. Through their efforts, the wants of storm victims were met 'at the time and point of need' - a creed of Salvation Army.

Other services available through the Salvations Army's division headquarters include a summer camp program, and hospitalization for unwed mothers.

This summer, more than 70 deserving boys chosen by Service enjoy a week of outdoor living at the Salvation Army's beautiful Unit Committees were able to Camp Hoblitzelle between Waxahachie and Midlothian. Two boys from Bailey County attended the camp in June. Six will go next June.

An unheralded but vital service provided by the committee is hospitalization for unwed mothers-to-be at one of the Salvation Army's Home and Hospitals in San Antonio or El Paso.

These are dramatic examples of three of many services of these committees working through the Texas division of the Salvation Army. On less spectacular, but equally important lev-

els, Service Unit Committees work quietly from day to day, meeting the needs of cases in community which may not fit into other locally established welfare programs.

Among their emergency and are food and lodging for transients; financial assistance in cases requiring medical, dental, ear and eye aids and minor surgery; shoes, clothing and lunches for needy school children; and tance in meeting rent, utility and occasionally, temporary assistance-grocery bills for a local family.

Regulations regarding govern-

ment assistance to the homeless on county, state and national levels, require a residence period of one year in Texas and six months in the county. Because the Salvation Army does not have this residence requirement, they are almost unique in the field of the care of transients.

Time to Start Feeding Stock for Spring Show, Adams Warns

Entry deadline for next spring's Bailey county junior stock show is drawing near, J. K. Adams, county agent, warned today. Club members must own their own beef steer and have him on feed not later than November 1, and barrows and gilts by December 7.

Each club member may show any or all of the following: Not more than one gilt and not more than three hogs, three wether lambs, or two steers.

In the barrow division Adams pointed out, youths will be permitted to show:

A. Barrow division will show by breeds if eight or more of a breed arrive but breeds of seven or under will show together as one breed. Barrows must be purebred and must weigh between 170 lbs. and 245 lbs. Breeds will be equally divided into light and heavy classes.

B. Steer Division: Steers restricted to beef breeds. Consideration is being given to a Light, Medium, and Heavy steer class.

C. Breeding Gilt Division: Purebred gilts farrowed after August 1, 1962 will be shown by breeds except breeds of seven or less will all show together.

D. Lamb Division: Lambs must be wether lambs carrying milk teeth on show day. Lamb classes will be: 1. Southdown and Southdown crosses. 2. Other mutton breeds and crosses of same. 3. Fine Wool. 4. Fino

Funeral services were held Monday at the First Baptist Church here for Ernest Ewing (Jack) Miller, Amarillo, who died Sunday at Northwest Texas hospital, Amarillo. Rev. Don Murray, pastor, conducted the rites with Singleton Funeral home in charge of local arrangements.

Burial was in a Mangum, Okla. cemetery at 2:30 p.m. Tuesday with Green Funeral home of Mangum in charge of interment.

Pallbearers here were J. E. Wilhite, Lonnie Wilhite, Wayne Wilhite, Troy Actinson, Fred Harvey and Ivan Snipes.

He is survived by his mother, Mrs. J. E. Miller, Muleshoe; by two sisters, Mrs. C. W. Wilhite, Muleshoe, and Mrs. Johnny Burch Clovis, and by one brother, Charlie Miller, Wichita, Kans. Miller was born at Mangum, Okla., November 25, 1918. Death resulted from a fall down a flight of stairs at Amarillo.

He was a member of the Baptist church.

LET US GIVE THANKS

THANKSGIVING

On Dec. 4, 1619, a tiny ship anchored in what is now the James River in Virginia. Debarking, the ship's 38 passengers knelt in prayer and celebrated the day as one of thanksgiving — possibly the first such observance in the New World.

Two years later the Pilgrims who landed at Plymouth set aside a day for thanksgiving and Massachusetts Bay Colony celebrated a thanksgiving day starting in 1630. In 1863, President Lincoln designated the fourth Thursday in November as America's Thanksgiving Day.

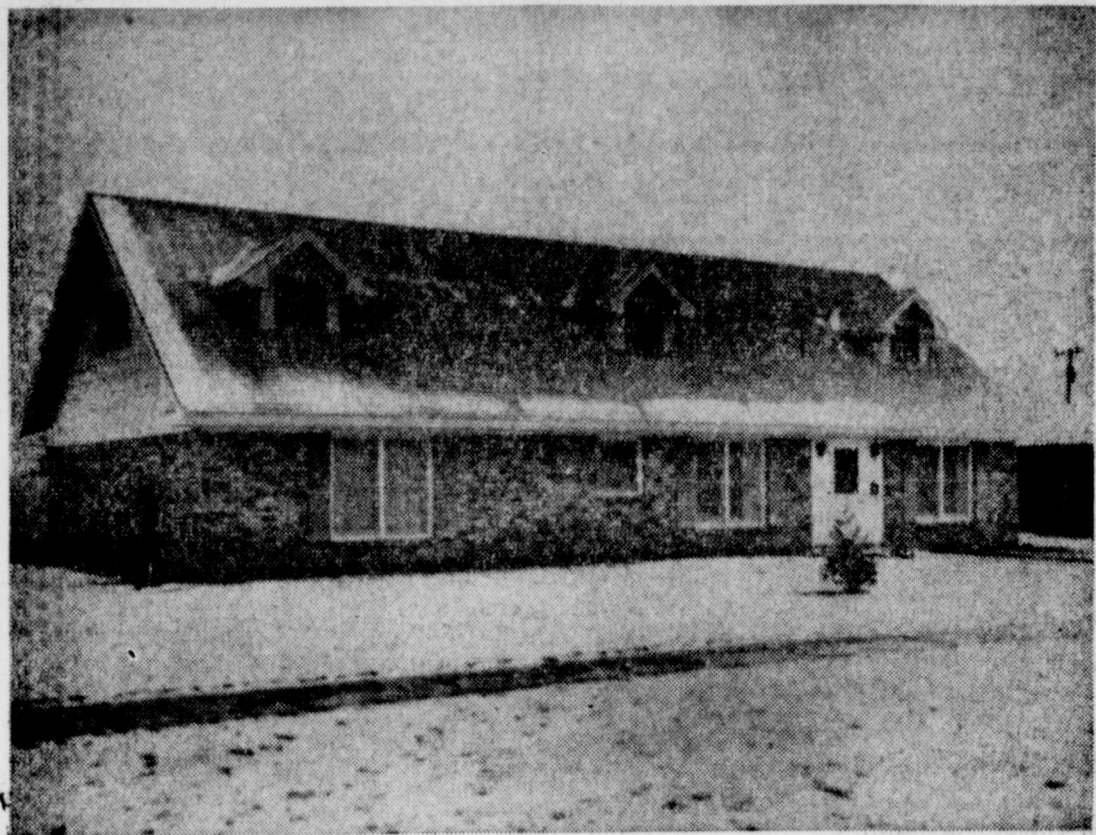

The Englishmen who landed at the mouth of the James River in 1619 had sailed from their homeland Sept. 16, 1619, to join the growing colony in Virginia. Their first order had read:

"Impr wee ordaine that the day of our ships arrivall at the place assigned for plantacon in the land of Virginia shall be yearly and perpetually kept holy as a day of Thanksgiving to Almighty God."

Accounts survive of the ship's order and of the fact that the first Thanksgiving was celebrated. But whether it was commemorated from that year on is unknown.

An Indian massacre in 1622 wiped out the small settlement at Harrison's Landing, now the site of Berkeley Plantation, Va. The only survivor was a 12-year-old boy who was carried away by the Indians.

As near as can be figured, the ship was captained by John Woodleeffe. His descendendants claim that his orders, a copy of which is contained in the "Virginia Papers" described in the May, 1899, Bulletin of the New York Public Library, were given the captain by King James.

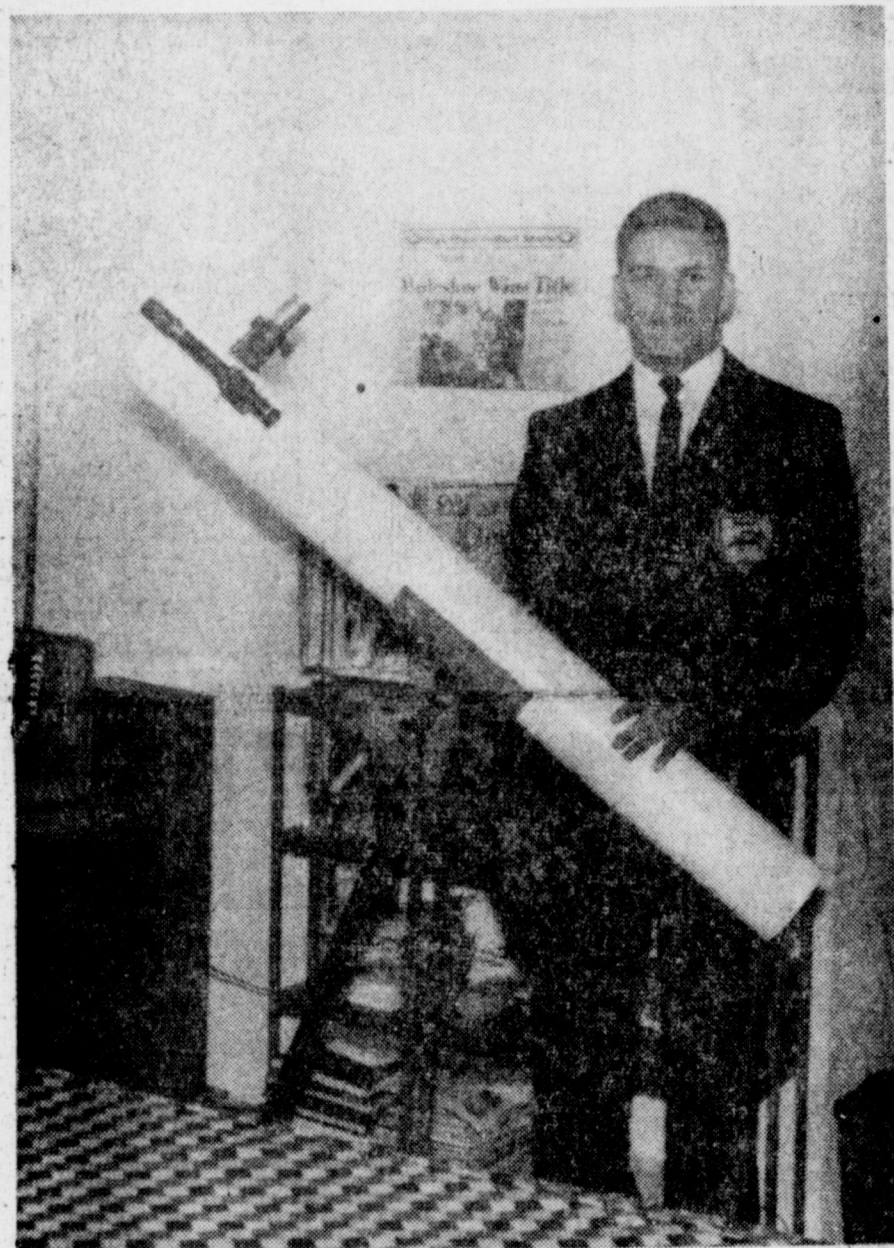

EARLY AMERICAN HOME — The beautiful home of the Dub Finn's is of Early American design throughout. The stately, story and a half structure fulfills a life-long dream of Mrs. Finn's to again live in a two-story home as the one she be-

came accustomed to during her childhood. Coach lamps light the exterior white-framed doorway. A double garage opens to the back of the house with a curved driveway leading to side street.

WE GIVE THANKS — It is for the Early Americans who first gave thanks and paved the way for the development of a new land in which to live and to God who has richly blessed us in our endeavors that we give thanks. The Horn of Plenty is symbolic of a land of plenty and a Day of Thanksgiving.

THE CREATED ELEMENTS — Don Finn and a friend, David Douglas, made this high telescope with which they study the beauty of the night sky. Stars & other wonders of the outer world are visible from the upstairs dormers. The planets are another thing for which Don finds to be thankful on this Thanksgiving Day.

Finn Family Observes Traditional Holiday

The color of Early America creates a warm, relaxed atmosphere in the classic, one and a half story, brick home of the W. A. "Dub" Finn's located at 1836 West Avenue D.

Interior of the house has been designed to suit the interests and fancy of the family, known to local people as Dub, Sandy, and Don, and is furnished with maple of Early American styles, emphasized with authentic pieces of rustic colonial life.

The living room is situated to the left of the entrance hall and the dining room to the right. Both rooms carry the same basic decor with matching white walls and white draw drapes. Regal gold carpet covers the floors.

Furnishings in the living room are of maple with harmonizing tapestry covered sofa and chairs. Companion pictures of pheasants and ducks, hand embroidered in their natural bright colors, by Finn's mother, hang behind the sofa. Shades of color from this conversation piece are picked up in minute decorations throughout the room.

With drapes open, the large windows in the dining room

allows the warming winter sun to shine in on the potted plants growing and blooming as if it were summer. A round drop leaf table centers the room and a china cabinet on the windowless wall holds antiques of family treasure. One of particular interest is a china soap dish made in England. An inside tray in the dish is filled with tiny holes to allow draining.

A COMPACT KITCHEN, a dream of the busy housewife, features built in appliances along with cabinets which are factory finished in high gloss maple. A double, stainless steel sink, also a time-saver, is located under a window giving a view from the front of the house. Between the kitchen and dining room is a handy serving window which can be closed with louvered, accordion doors. The breakfast bar separates the kitchen and family room.

A colorful, oval braided rug graces the floor of the family room. Maple paneling extends to a height of about 4 feet and above it, the walls are papered with a scenic design surrounding a colonial mansion. Furnishings are of richly toned upholstered couch and occasional chairs. A coal oil lamp, which was the first one owned by Finn's grandmother is placed on the TV and is sometimes used by the family for novelty. Sliding glass doors and floor-length windows gives an outside view of the spacious back yard which is being landscaped. Sidewalks all around about 3 feet from the Cedar fence for shrubs and flowers and back to the patio underneath the windows.

THE GOLD ROOM, and it is indeed rightly named, is the guest bedroom on the lower floor. Above the gold carpet, twin beds of decorative maple are covered with golden spreads. Hints of brown and green add highlights to the gold draperies.

AN HEIRLOOM, a genuine Waterbury striking clock hangs in the hall way just off the bedroom. Inscribed inside the clock are the words "Guaranteed if well used." The clock was made in Waterbury, Conn. and is almost 100 years old.

The upper floor, reached by a carpeted stairway leading off the entrance hall, contains the mas-

ter bedroom, Don's bedroom and a bath.

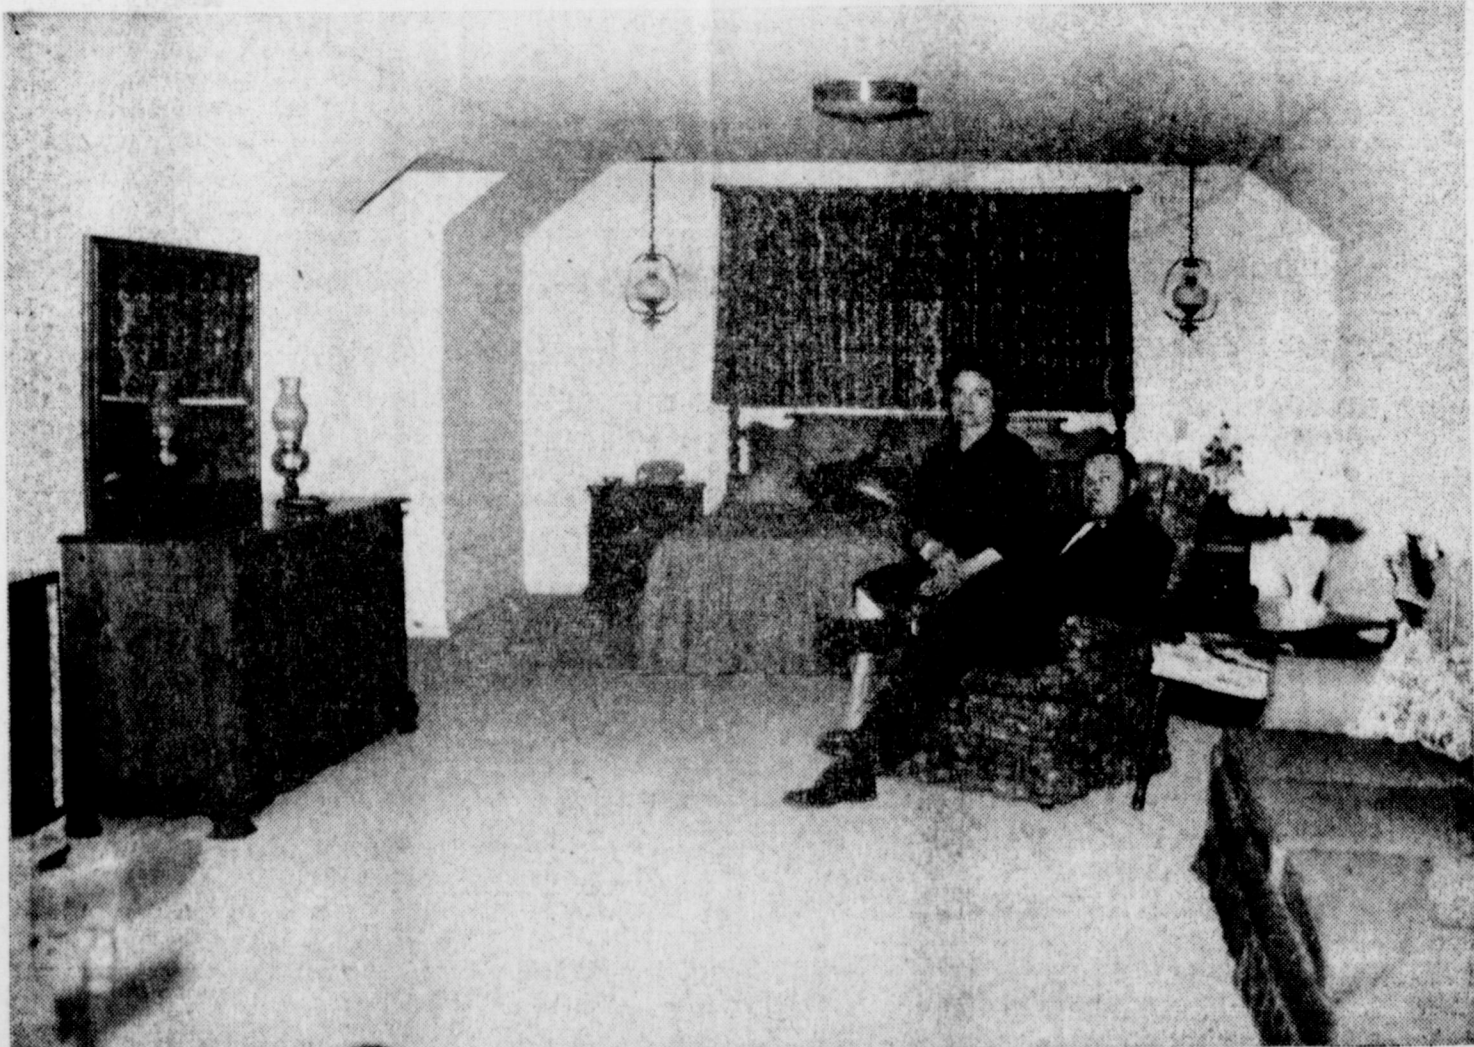

A BOY'S PARADISE is the picture one gets upon entering this bedroom. Everything of interest to an 18 year old high school senior is in easy reach. Records, Stereo, books, and things relative to all types of sports, which is his chief interest. A comfortable overstuffed platform rocker in the corner of the room is his favorite place for studying and reading.

THE MASTER BEDROOM located on the opposite end of the upstairs has all the comforts a bedroom, and den, complete with a TV, sofa, chairs for relaxing above a busy world. At the west end of the massive 14 by 34 room stands a king sized bed. The gold spread is accented with brilliant colored pillows. Drapes are of beige background with a predominate burnt orange design. Globed drop light of brass on either side of the bed add an original flare to the decor. A walk in closet provides ample space for clothing and storage.

The two dormers in the room provide space for a record player in one and the other is the setting for an all white dressing table. Atop the table is a dainty oval mirror with a ruffle-effect frame made from sorroco wood.

The Finn family moved to Muleshoe from Floydada more than 10 years ago, have been the local Gulf distributors since that time. They are members of the Church of Christ.

All Photos by Cline's Studio

RADIANTLY AGLOW — The focal point of the house in the master bedroom which serves as a second den. The cheerfulness of the interior decorating of this room radiates the glow of individual personalities of the Finn family. Mrs. Cayle Reed presented them an oil painting, which hangs above the couch, and depicts the town of Muleshoe in the background and a foreground of sand dunes.

THE SANDHILLS PHILOSOPHER

What's to Keep Lying Communists From Lying to One Another, Too?

Editor's note: The Sandhills Philosopher on his Johnson grass farm discusses a weighty matter this week.

Dear editor:

When Mr. Khrushchev's man in Washington, I forget his name, (well, I haven't forgotten it but I can't spell it) was telling Mr. Kennedy a while back that Russia had no missiles in Cuba, he knew at the time, as everybody knows now, that he was lying.

Now you might think this would be embarrassing to the Russians, but on the contrary they just laugh about it. Lying is one of the handy devices the Commun-

ists use whenever they get ready, and they've found it works plenty of times.

The Communists have found out that telling the truth is in such high standing in the free world that you can gain lots of territory by deliberately abusing it. India is the latest country that can tell you about this at the moment.

But here's a point I'm afraid the Communists have overlooked. They know quite a bit about human nature, but not everything. For example, if you can fool one group of people with a deliberate lie, what's going to keep one Communist from lying to another Communist? What makes one Communist assume another Communist doesn't have some human nature too?

I'm no more a candidate for the job of expert on international affairs than I am for an award as an outstanding farmer, but I have a notion that the Russian and the Chinese Communists are now learning something about human nature, that if you can fool free countries by lying to them, you can also fool other Communist countries with the same tool. This may explain why Russia and China aren't too happy with each other. One has believed the other when he shouldn't have. They've forgotten that a liar on one front

is pretty likely to be a liar on another front.

When Khrushchev says Communism will dominate the world, he's talking about Russian Communism. When the Chinese say the same thing, they're talking about Chinese Communism.

When a nation establishes throat-cutting as a national policy, it never knows when its own throat will be next.

Yours faithfully,
J. A.

Letters TO THE EDITOR

Editor:

While we're discussing "gyp" sewing machines, imported from Japan, and sold to gullible consumers under worthless warranties, let's talk about typewriters.

The American market is being flooded with cheap portable typewriters made in various European countries. One of the hottest sellers is a cute little booger being marketed by a leading America mail order house at \$44.00 or thereabouts. I operate an office machine repair shop, and right now I have three of these machines on hand for repairs, all less than three months old. They're stamped, "Made

IT'S THE LAW in Texas

OWNERSHIP OF WOUNDED

Suppose you are hunting and shoot a deer or a duck, which falls mortally wounded. Before you can get to it, another hunter beats you there and claims the fallen game as his own. What are your Rights?

Jim had been hunting all day without success, and had headed for home when he finally saw a

deer. He took careful aim and hit the deer with his first shot. Although mortally wounded, the deer managed to run a short distance, with Jim in hot pursuit.

Roy was also deer hunting. He heard Jim's shot and saw a deer running toward him. However, before it reached the spot where he was standing, the deer fell to the ground.

Although it was obvious that the deer was about to die, Roy walked to within three feet of it, delivered the finishing shot, and quickly put his tag on it. When Jim ran up and claimed the deer, Roy said that such deer were wild animals, and belonged to no one until killed. Since he was the one that killed the deer, Roy claimed that it belonged to him.

In this case the deer belongs to Jim. Jim was the first to wound it, and did so before Roy appeared on the scene. He had mortally wounded the deer, and had it in such a situation that its escape was improbable, if not impossible. The prevailing rule is that the instant a wild animal is brought under the control of a person so that actual possession is practically inevitable, a vested property interest in it accrues which cannot be divested by another's intervening and killing it, or reaching it first.

Jim had delivered the shot which so crippled the animal as to cause him to cease trying to escape, thus permitting Roy to walk up to the animal and deliver the finishing shot. Jim had effectually brought the deer under his control before Roy took a hand in the matter. The deer legally belonged to Jim, and he can enforce his claim in court.

Engram Funeral Services Held

T. J. Engram died Tuesday at his home in Houston after an illness of several months.

Engram was a brother-in-law of Mrs. J. H. Engram, Muleshoe, and the last of the four brothers of her late husband.

Funeral services were held at 1:30 p.m. Wednesday in Heights Funeral Chapel, Houston.

Men usually like this: cream butter (or margarine) with a wellseasoned prepared mustard. Put a dollop of the mixture on each hamburger as it comes out of the skillet or broiler.

AID TO CLEFT PALATE — One of the treatments for cleft palate pupils is "blowing" to change the flow of sounds from the nose to the mouth. This is Matthew Street, blowing out a candle.

SPEECH IS FUN—Matthew Street, Gladys Stroud, Dwight Lewellen and Leticia Valdez match the cards with their own boards and are working on "see and say" cards as part of their speech therapy at De Shazo school. As they draw name cards, they must say the sounds and words.

HEARING TEST — Many speech defects are caused by hearing deficiencies. Here Starr Hunter is using the audiometer to test her hearing. All pupils in speech therapy are given hearing tests.

Speech Therapy in Muleshoe Schools Helps Correct Defects for 85 Pupils

Eighty-five Muleshoe boys and girls who have speech difficulties, are now being given corrective therapy as a part of their school training and "splendid" results are being obtained, parents report.

Muleshoe is one of the few schools of its size to offer such a service with a trained speech therapist in charge. She is Mary Maddox who is in her second year in the Muleshoe schools as special teacher for pupils who have speech defects.

She says that each child has a special file, which is kept in a

locked filing cabinet and is carefully checked from time to time to record progress.

Mrs. Maddox classifies speech as defective when it is conspicuous, unintelligible or unpleasant. "Therefore," she says, "we say a speech defect is one which calls attention to itself and interferes with communication."

She says there are several categories into which speech defects fall: Disorders of rhythm, cerebral palsy, articulation, phonation, symbolization disorders or delayed speech, cleft - palate, foreign accent and hearing de-

fects.

Each particular defect has its own treatment," she says, "and pupils are grouped according to their particular need."

For example, "disorders of rhythm" include stuttering, stammering and cluttering. And here's how such defects are treated:

1. Decrease the practices that reinforce the strength of the stuttering reaction.
2. Help the stuttermen solve as many of his emotional conflicts as possible.
3. Teach the stuttermen to admit and accept his stuttering as a temporary problem which must be faced and conquered.
4. Teach the stuttermen not to avoid fears or blocks, but to use them in learning how to stutter in an easy, effortless fashion with a minimum of interruption or abnormality.

She sums up this defect as follows: "By treating in such manner, the child is taught to control his fears and stuttering. Relaxing games with little competition and the recorder are used for therapy."

Cluttering is characterized by slurred and omitted syllables. Slowing - down games, plus timing of a sentence using the recorder are treatments for such a defect.

Spastic speech frequently involves a disorder of rhythm, she said, and co-ordination is practiced with the piano or music. Exercises of the tongue, lips and jaw also are used for therapy.

She says articulation difficulties are the main defects found in Muleshoe pupils enrolled in her classes. These include such things as substitution or baby talk like "w" for "r" as in roses, omission of sounds like "tar" for "star," and distortion of speech sounds. She cited as an example of this last changing of sounds to the extent that even mothers sometimes cannot understand their children. Examples are "ite cream toda" for "ice cream soda."

"Games of all descriptions are See SPEECH, Page B-4

HEAR RECORDINGS — Senior and junior high school pupils use the recorder to discover their own speech defects, the playback pointing out errors in speech. Here a senior high school pupil records his voice as Mrs. Maddox listens. Later he will hear the recording.

YOUR HEALTH

**It's Gallant
-But Unhealthy**

It may be socially gallant for a man to relinquish his coat to his wrapless lady to ward off the chill of these November nights. But physiologically

speaking, it's foolish. He probably needs it more than she does. Both sexes have insulating layers of fat, but the fat of a normal woman is thicker than that of a normal man. And the fatter a person is the better cold weather can be tolerated. One of the most remarkable facts of human physiology is that we all are equipped with our own private thermostat. Normal body

temperature varies between 98 to 99 degrees. When atmospheric temperatures rise or fall from normal temperatures, the thermostat goes into action. This built-in regulator is a tiny maze of nerve cells in the mid-brain. If the day is hot, it routes blood from internal organs to skin capillaries, diluting the flow with fluids drawn from skin and muscle tissue and from the liver. Sweat glands on skin surfaces dilate and exude perspiration. Body temperature is reduced by the dilution of blood and exudation of sweat. The sweat evaporates and your skin cools off.

If the day is cold, the regulator concentrates the blood and diminishes the flow through skin capillaries. Sweating is minimal and the blood courses through internal organs deep in the body. Result: you feel cold and have to put on a coat or an extra blanket to stay comfortable.

As a fact of human physiology, body temperature remains unchanged at about 98.6 degrees, even though the air temperature might vary from zero to over 100 degrees. However, harsh direct contact with the cold—especially icy water—can lower the internal body temperature if exposure is prolonged. Death usually occurs when the body temperature falls to 77 or 70 degrees.

A number of facts, including age, amount of fat tissue, degree of physical fitness, physical exercise, and clothing, affect the ability of man to adjust to cold environmental temperatures.

INSPECTOR GOT BENDS

PORTSMOUTH, Ohio (AP) — The occupational hazards of a policeman are not always incurred by robbers, gunmen and the like.

David Miller, 26-year-old city patrolman, was hospitalized after he got out of his cruiser to inspect a sewer grating. Miller bent over—and was unable to straighten up.

At the height of the Middle Ages, the Mainz, Germany, archbishops held such political power that they literally presided over the Reich's destinies.

"SHOOTING" SOUNDS — Whenever possible speech therapy is a game. Here Dwight Lewallan shoots a dart gun at sounds on the board, then has to make the sounds himself.

ARTICULATION — These two boys, David Hall and Johnny Lee, are learning sounds with a game which shows the sounds recorded in rings on the floor. Boys must produce the sounds after the horseshoe lands on the word or sound. (All Photos and Engravings by the Journal)

Speech--

(Continued from page 3) used to teach the child to place his tongue, lips and teeth in the right position to make a sound correctly," she explained. "Of course the speech defective must be convinced that he has errors which he must eradicate."

There is another classification that is noted also. This includes what she calls "voice disorders of phonation." These are such things as monotone, too high pitched or too low pitched voices. Also encountered are lack of any voice and hypernasality (including cleft-palate) or denasality or adenoaloid voices. Piano and the recorder are used in speech treatment.

Another type of defect is what is classified as delayed speech. Causes may be low intelligence, hearing defects, poor co-ordination, illness or lack of motivation. Injuries to the brain at birth or in falls and car wrecks may result in such defects.

Cleft Palate involves both the voice and articulation defects. "Not only are the consonants nasally emitted, but many are slurred and distorted, thus voice quality is hypernasal," she explains.

Cleft palate speakers "honk" their speech sounds, she says, so blowing games are used to direct the air through the mouth instead of the nose. Other games are used with the consonants to teach the correct way to make the sound.

She treats pupils also who have foreign accents, using articulation methods in the control.

Among hearing problems is the child who repeats what he hears. If he hears something wrong, then he says it wrong. First ears are tested, and he is asked to be placed in the room with his best ear to the teacher. Therapy is games and lip-reading to show the child how to

place his teeth, tongue and lips to make sounds correctly.

"The defects which I have mentioned are some of the common defects which we treat in our program here," Mrs. Maddox says. "Some of the common errors made by parents in teaching talking are these: Stimulation at the wrong time, too much or too little stimulation the wrong kind of stimulation, disregard of the need for motivation, and improper use of association to provide meanings." She explained that frequently parents are so eager for children to talk that they talk for them, thus eliminating the need for the child to talk.

"Sounds and habits that have been used for several years are not easily corrected," she sums up. "It takes work, time and lots of patience to help the child, and the child must WANT to be helped."

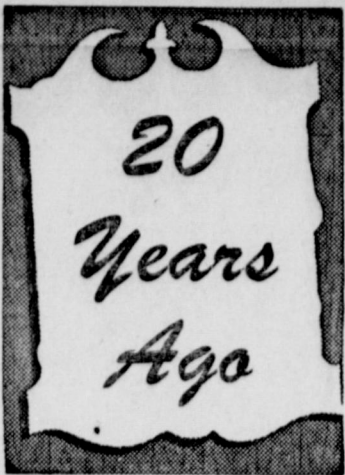

In deciding what pupils should be given speech therapy, these guides are used: Teachers are asked to turn in names of students needing therapy. They are screened with what is known as "phonetic inventory card." Then a permission slip is sent home for one of the parents to sign to permit the child to be enrolled in a therapy class.

Also these tests are examined to decide which pupils have the same defect so they can be grouped together in one class.

Each student meets twice a week for 30 minutes in therapy classes.

The program is gaining favor as its program is more thoroughly understood. Many pupils already have been aided greatly or "cured" entirely of speech defects.

Most parents are greatly pleased with the program and are pleased that such an outstanding service is being offered in Muleshoe schools.

The cotton census report issued Tuesday shows that 6,801 bales were ginned in Bailey county prior to November 1.

At the same date in 1941, 301 bales had been ginned. Fine weather during the past two weeks has allowed pickers to get in full time and gins over the territory are running day and night.

Hundreds of bales are piled in fields as all available room at the gins are filled.

Cotton pickers are still coming in from sections where the crops are almost out. A few farmers

are preparing to sled their crop, it was learned today.

Mrs. Carlisle Leads Program

By MRS. ORAN REAVES
 MAPLE — The W.M.U. of the Maple Baptist Church met Nov. 12 in the home of Mrs. Milton Kresse. Mrs. Kresse led the opening prayer. They had their monthly Royal Service program. Mrs. Paul Carlisle led the program on "Vigorous Minority in Mexico," telling of the work of country. Mrs. D. L. Tucker and Mrs. Doyle Davis were also on the program.
 Mrs. Davis read the prayer calendar for the Missionary who had birthdays, a special prayer was led for them.
 Refreshments were served to Mrs. Paul Carlisle, Mrs. Doyle Davis, Mrs. C. A. Petree, Mrs. A. E. Robinson, and the hostess, Mrs. Kresse.

Mrs. E. M. Lowe returned home last week from Washington, where she had been with her mother who was ill. Her mother was out of the hospital and feeling better.

Mr. and Mrs. Guy Smyer spent last week in Fort Smith, Ark., visiting with her sister and husband, Mr. and Mrs. Ben Liles and other relatives.

Mrs. Hugh Yeates and children and Mrs. Cloyce Hunt and children were in Clovis Wednesday afternoon on business.

Mr. and Mrs. Oran Reaves and Shelia visited in Lubbock Friday with her sisters, Mr. and Mrs. O. H. Van Ness and children, and Mr. and Mrs. W. G. Dempsey and boys.

Miss Mary Ann Courtney and Frank Stegall visited Mr. and Mrs. Loyd Warren, Saturday night.

Mr. and Mrs. Bill Eubanks were in Amarillo on business, Thursday.

Some of those on the sick list Sunday include Sandra Simpson and Jack Wright.

Dewey Moore of Muleshoe spent Tuesday night with Butch Reaves.

Mr. and Mrs. Lawrence Taylor and Barry spent Sunday afternoon with Mr. and Mrs. Jim Pyburn.

An automobile accident occurred in Maple Saturday. One car belonged to Mrs. H. E. Pierce and the other to a Latin-American. In Mrs. Pierce's car were Mrs. E. E. Wells, Mr. and Mrs. Roy Lee Pierce and Mrs. H. E. Pierce. They were all taken to the hospital in Morton. Mrs. E. E. Wells and Mrs. Roy Lee Pierce were more seriously injured.

Church to Launch New Radio Series

Next Sunday, the North Side Church of Christ begins a new radio program over KMUL titled, "God, Christ, and Truth." The program will be presented at 8:15 each Sunday morning and will include singing by members of the local congregation and teaching from the Scriptures.

Frank Duckworth, evangelist, will be in charge of the weekly broadcast.

Mr. Duckworth said "we are presenting this radio program hoping to inspire our listening audience with a greater appreciation of God and his way and to impress on each one the fact that God is love and wants only the best for each of us. We hope to teach God's truth found in the Holy Scriptures and encourage each person to follow this truth."

"We want everyone to remember that it is worthwhile to take time to be holy, and that through Christ there is eternal life. We desire your attention and interest and invite your comments and questions."

FLY IN AND STAY

BIG PINE, Fla. (AP) — The Florida Keys are looking for new residents and free houses are to be built to attract them.
 The residents wanted are purple martins, migratory birds noted for their enormous appetite for deer flies and mosquitoes. They pass over the Keys in their annual flights northward from Brazil, scientists say, but never have stopped because of a lack of suitable nesting places.
 The Keys, which wage constant battle against mosquitoes, are anxious for help from the martins. Plans are to erect bird houses for the migrants near every home on Big Pine Key.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

By VERN SANFORD
 Texas Press Association
 AUSTIN — Capital city folks already are getting "Inauguration Fever."
 "Inaugural plans for Governor-elect John B. Connally will be far more elaborate than any held in the past decade," So reports Frank Erwin, Secretary of the State Democratic Executive Committee, who is in charge of arrangements.
 Festivities will begin the evening of January 14 when 5,000 Democrats are expected to pay \$25 a plate for a Victory Dinner in Austin's Municipal Auditorium.
 On the morning of the 15th, there will be an interfaith Breakfast in the Driskill Hotel.
 At noon Governor-elect Connally and Lieutenant Governor-elect Preston Smith will be "sworn in" in a ceremony supervised by the State Senate and House of Representatives.

Inaugural parade, following the ceremony, is expected to be one of the largest ever held in Austin. High school bands from all over the state are accepting Connally's invitation to participate. Many out-of-town floats also will participate. Also taking part will be the U. S. Navy, with a salute to its former secretary, John Connally.
 The Capitol and all state buildings on its grounds will be illuminated that evening. All Texans will be invited to greet their new chief executive and other elected state officials and enjoy refreshments and entertainment in the Capitol.
 This gala evening event is a brand new innovation.

TEXTBOOKS SELECTED
 State Board of Education voted to accept the State Textbook Committee's recommendations for new texts in 13 public school courses, and approved its recommendations not to select new economics texts at this time.
 In compiling a list of some 65 textbooks for selection by local boards, the 15-member committee studied 188 books submitted by 33 publishers, with the assistance of 517 professional advisors and 400 laymen.
 Texas Education Agency experts in 10 fields then reviewed some 400 suggested corrections, which the publishers agreed to make.
 Most of the corrections refer to typographical mistakes and minor factual errors.
 State Library agreed to keep a copy of each recommended text so that they will be available to individuals who may want to protest acceptance by

local school boards.
 Board of Education also will send samples to local boards, according to enrollment: one set for 500 pupils; 16 sets for 10,001 to 50,000 pupils; etc.
 Local boards must appoint their selection committees by December 15.

REPORT POSTPONED
 House Textbook Investigation Committee postponed completion of its final report to the next Legislature for the second time.
 Committee, headed by Rep. W. T. Dungan of McKinney, will meet on December 27. Then each of its five members will submit individual reports of hearings held in Austin, Amarillo and San Antonio.
 Decision to make separate reports from each committee mem-

ber underscored the squabbling which has beset the committee since it began public hearings last January.
 Committee voted to exclude mention of a Dallas hearing, where former Maj. Gen. Edwin A. Walker testified, since Representative Dungan was the only member present.
EIGHT DAYS AGAIN
 Texas Railroad Commission has set an eight-day oil allowable for the 11th month in a row.
 January was the last month that oil producers were allowed to operate prorated wells on a nine-day allowable.
 Texas Independent Producers and Royalty Owners proposed fractional-day orders.

HOUSE CEREMONY
 Speaker of the House James A. Turman invited newly-elected members of the House of Representatives to take their oath of office in a mass ceremony on November 23.
 That's the day votes officially will be canvassed and all non-returning representatives will be removed from the House payroll.
 Turman's invitation was issued immediately after Attorney General Will Wilson ruled that Turman will continue to serve until his successor, Rep. James

Dee Cole of Greenville, qualifies for his new term.
 Opinion was requested to clear up a situation muddled by redistricting of legislative districts. Cole was elected to represent a new district which includes his old one as well as Turman's. Members whose districts were abolished by redistricting can hold office until newly-elected members qualify.
BUS, TRUCK SPEEDERS
 Texas truck and bus drivers are worse speeders than passenger car drivers. So reports the Texas Highway Department.
 Speed recording tests made by the Department shows truckers are the worst offenders with an average speed violation record of 78.3 per cent exceeding the legal speed limit.
 Department's annual speed survey shows busses came next to truckers in speed-limit disregard.
 Their average speed violation was 63.7 miles per hour.
 Average speed of passenger cars was 55.4 mph — within the limits of 60 mph during the daytime and 55 mph at night.
PRE-CHRISTMAS SURPRISE
 A quarter of a million Texans have received a pre-Christmas surprise.
 The aged, the blind and the disabled got a raise in their publ-

ic assistance checks from state welfare agencies.
 Increase amounted to \$9 per month for the 75,000 old folks on maximum relief. Minimum was no less than \$3. Top now is \$82 a month.
 Land Commissioner Jerry Sadler reveals that close examination of over 153,000 separate files is half completed.
 He reports that during 1874-1951, schools lands were sold under dozens of different statutes. Sadler estimates that "a mineral estate of 4,000,000 acres was reserved in these transactions."
 This, with riverbeds, submerged lands, and University domain and the almost 900,000 acres held outright by the state, create the 22,000,000-acre total endowment for public education.

City's interest.
 Payment for the work performed will be from current funds of the City of Muleshoe.
 Attention is called to the provisions of the Acts of the 43rd, Legislature of the State of Texas, (Article No. 5159A Civil Statutes 1925) concerning the wage scale and payment of prevailing rates of wages as established by the Owner. Said scale of prevailing minimum rates of wages is set forth in the specifications.

Post Office Sounds Familiar Fall Warning: Mail Yule Gifts Early

Postmaster Spencer Beavers launched his 1962 "Mail Early For Christmas" Campaign this week by offering the following helpful suggestions to guide in planning Christmas mailings this year. He suggested:

"Bring your Christmas card and gift lists up-to-date immediately. Be sure each address is complete, with full name, street and number, city, zone and state. Avoid abbreviations of city and state names.

"Send your Christmas cards by first class mail, using the new 4 cent Christmas stamps, to secure priority of dispatch and delivery, forwarding without additional charge, and return to you without cost, providing you put your return name and address on the envelopes. Also, Christmas cards sent First Class may be sealed and carry written messages.

"Separate your Christmas cards into "Local" and "Out of town" bundles, using the handy labels you can secure from the Post Office or your letter carrier.

"Stock up on the new 4 cent Christmas Postage Stamps. They will "dress up" your Christmas cards and gift packages.

"Schedule your Christmas mailings so that your cards and gift packages going to most distant points are mailed by December 10. Mail Christmas packages for

local destinations by December 15 and by all means, be sure to mail your Christmas cards for friends and relatives in this area at least a week before Christmas.

"Use Air Mail for Christmas cards and gift parcels for distant points, especially for your last minute mailings," Beavers concluded.

Two Muleshoe Men In Choir

ABILENE — Lyndall Fletcher and Mike Stone of Muleshoe, members of the McMurry College Chanters, an A Cappella Group, were with the group on their annual fall tour when they performed in six towns in Southwest Texas Nov. 18 through Nov. 21.

Mike is a Philosophy major this year. As a sophomore he is active in the Methodist Student Movement at McMurry. While on tour the McMurry students performed in churches and schools in Winters, Sonora, Del Rio, Mason, Rock Spring, and Kerrville.

A 390 V-8 NOW STANDARD FOR MERCURY

MONTEREY CUSTOM 4-DOOR SEDAN

You just can't buy an underpowered Mercury Monterey. The engine that comes as standard equipment this year is a big 390-cubic-inch Marauder V-8 with double-barrel carburetor. The standard engine for the bucket-seat S-55 is a Super Marauder 390 V-8 with 4-barrel carburetor. And, if your taste runs to something even hotter, other Mercury V-8 options range up to a scorching Super Marauder 406. But remember, Mercury Monterey has nothing less powerful than the Marauder 390 V-8. And this is the sizzler with Breezeway Design. The Breezeway rear window opens for unique Flo-Thru ventilation; side windows can stay closed to keep out dust and weather, hush wind noise. See '63's elegant performance car... Mercury Monterey!

TODAY'S MEDITATION

"Again I say unto you, that if two of you shall agree on earth as touching any thing that they shall ask, it shall be done for them of my Father which is in Heaven."
 (Matt. 18:19)

All of us desire that our prayers may be more effective. The Kingdom of God needs more who are able to pray an effective prayer. Christ, in the scripture reading we have, gives to us the secret of prayer. If you will notice, the central word in the verse is "agree". Christ says that if two of us shall "agree" on earth as touching anything... then it shall be done.
 I feel sometimes that we fail to get the significance of this key word. If we would revert back to the original Greek we find the word here translated as "agree" to be "symphona" from which we get the word symphony. We find then a key from which we may see what Christ is meaning when he tells us to agree in our praying.
 A symphony orchestra in order to achieve the best results spends many hours seeing to it that each instrument is in perfect agreement, both by note and by way of purpose. If one person is out of key with the other instruments then we see the sour note first of all. Likewise all must be playing together, on the same note in order to achieve the perfect balance that is necessary. So it is in our prayer life. If we desire to see results in our praying, and if we pray with others, then we must be in perfect agreement one with the other. This agreement must also be according to the will of God. God only answers prayer when it is in accordance with His divine will.
 Not only should we be in perfect agreement, all sounding on the same note, but when we are in agreement we can expect to achieve a perfect response in the heart of God. Just as we respond to beautiful music, God responds to the beautiful symphony of prayers, as they resound through the portals of Heaven.
 Let us be in perfect agreement with one another and the infinite will of God, if we expect and desire to see our prayers come to pass.

Co-ordination is the secret of much athletic success. Two of the most successful highjumpers in the World have recently completed in special events. Both cleared one bar at more than 7 feet.
 The secret of their success is involved, but a great part of it is their ability to co-ordinate their bodily functions properly and precisely.
 Paul likened the church to the human body when he indicated that God has so designed it that there may be no discord in the body but that the members may have the same care for one another. (1st Corinthians 12:25)
 The dimensions of any life are enlarged by a Christian Fellowship in which there is accord in purpose and Function. In such a fellowship there is an honest concern for each other and a recognition of, each other's importance.
 The hand cannot get along without the arm, the arm needs to use the hand to function properly. The preacher and the Teacher, one leader and one follower. The administrators and the helpers—all must exhibit concern for one another. Such care and concern serve to strengthen the common faith that unites us in Christian Fellowship.
 Now read; 1 Thessalonians 5: 12-22.

New Housing Act Provides Loans For Elderly And Farm Residents

L.J. Cappleman, state director, Farms Home Administration, advised the Bailey county supervisor, John C. Kennedy, that recent legislation amends Title V of the Housing Act of 1949 by adding new provisions which authorize loans and grants for moderate cost housing and related facilities for elderly persons and families in rural areas.

1. They can buy previously occupied existing housing as well as improve their homes.

2. They can finance the cost of the building site as well as the dwelling with the loan proceeds; other families must own the land on which to build the homes before they can apply for a loan.

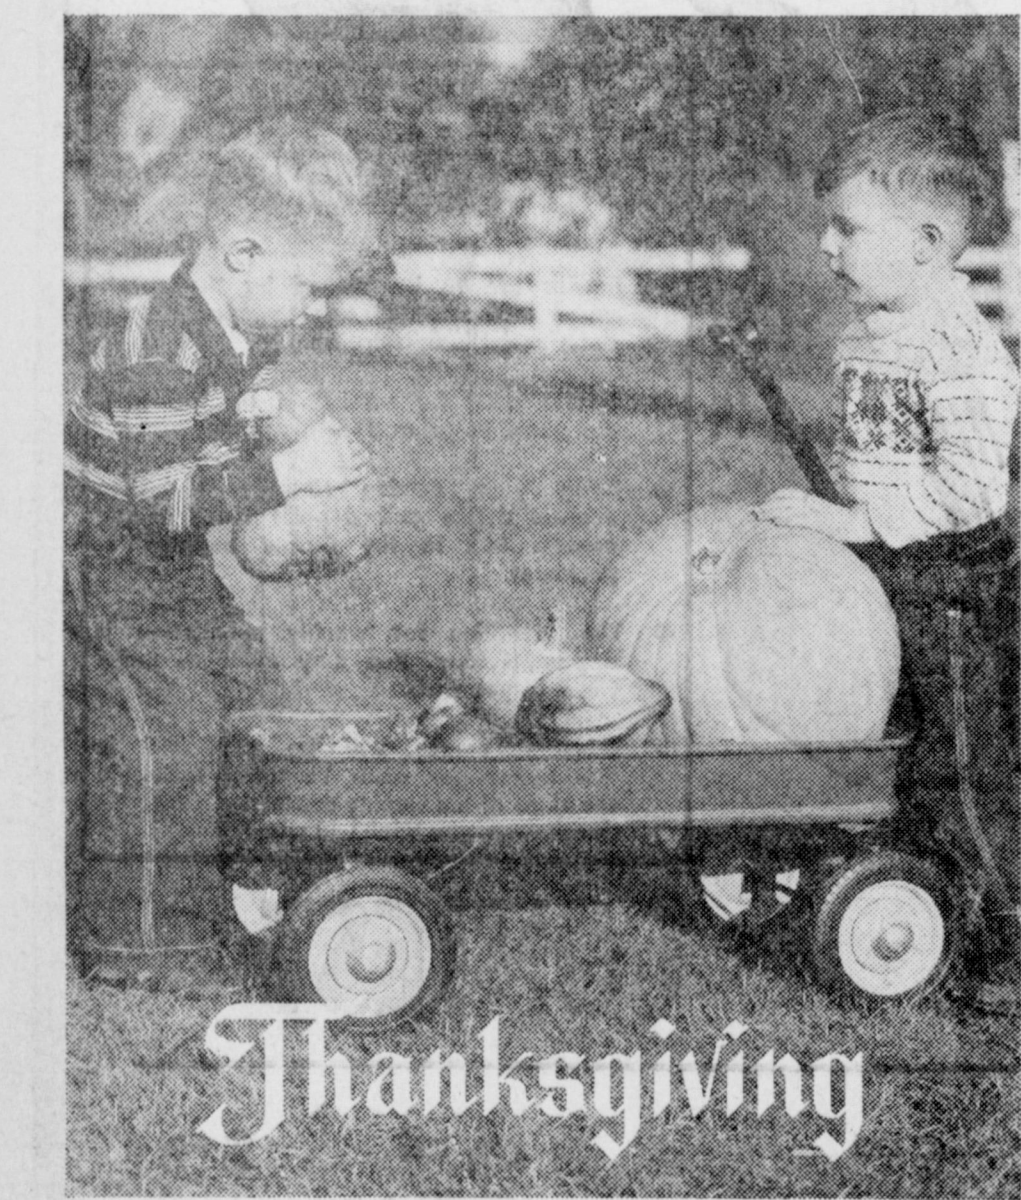

3. Cosigners may be used by

elderly applicants who are deficient in repayment ability. Like rural housing loans now being made by Farmers Home Administration, these direct loans will bear interest at the rate of 4 percent and may be repaid over a period not exceeding 33 years.

For detailed information concerning rural housing loans for the senior citizen, Kennedy, Bailey county supervisor, Farmers Home Administration may be contacted at 111 E. Ave. D.

 SUDAN — A number of members of the local Sewing club were in Clovis last Thursday for a Thanksgiving luncheon.

C-C to Attend Area Meeting
 Members of the Muleshoe Chamber of Commerce board of directors are being urged to attend an officers' training program at Lubbock November 28, Carroll Pouncey, manager, said Wednesday.
 The board meet last week and heard reports on the year's activities, using the 1962 program of work as a guide. They also discussed the possibility of a semi-annual membership meeting. A motion to try to hold an annual membership meeting was approved unanimously.
 Present were Spencer Beavers, Harold Allison, Harmon Elliott, James Jennings, Earl Harris, Dr. W. F. Birdsong, Owen Jones, Bill Wimberly, John Smith, Irvin St. Clair, Red Simmons and Pouncey.
 Woburn Abbey, seat of the Duke of Bedford, is reputedly England's most popular stately home. It draws 350,000 persons a year to tour it. The abbey offers a zoo, a merry-go-round, slot machines, a miniature golf course and paddle boats on 14 lakes.
 Two former St. John's University of New York athletes are playing in the National Basketball Association. LeRoy Ellis is with the Los Angeles Lakers and Kevin Loughery is with the Detroit Pistons.

Sudan Women Visit in Clovis
 By MRS. EVELYN SCOTT
 SUDAN — A number of members of the local Sewing club were in Clovis last Thursday for a Thanksgiving luncheon.

C-C to Attend Area Meeting
 Members of the Muleshoe Chamber of Commerce board of directors are being urged to attend an officers' training program at Lubbock November 28, Carroll Pouncey, manager, said Wednesday.
 The board meet last week and heard reports on the year's activities, using the 1962 program of work as a guide. They also discussed the possibility of a semi-annual membership meeting. A motion to try to hold an annual membership meeting was approved unanimously.
 Present were Spencer Beavers, Harold Allison, Harmon Elliott, James Jennings, Earl Harris, Dr. W. F. Birdsong, Owen Jones, Bill Wimberly, John Smith, Irvin St. Clair, Red Simmons and Pouncey.
 Woburn Abbey, seat of the Duke of Bedford, is reputedly England's most popular stately home. It draws 350,000 persons a year to tour it. The abbey offers a zoo, a merry-go-round, slot machines, a miniature golf course and paddle boats on 14 lakes.
 Two former St. John's University of New York athletes are playing in the National Basketball Association. LeRoy Ellis is with the Los Angeles Lakers and Kevin Loughery is with the Detroit Pistons.
