## Governor Urges Mann To Prepare Anti-Strike Bill

Throckmorton Senator To Introduce Similar Measure To Committee

By The Associated Press

AUSTIN, March 22.—Disclosing that Governor W. Lee O'Daniel had requested him to prepare a valid bill curtailing strikes and lockouts, Attorney General Gerald C. Mann said today that he would undertake the task but it would require "three weeks to a month as a minimum."

John Lee Smith of Throckmorton, Senate sponsor of Governor O'Daniel's emergency anti-strike bill, which yesterday was ruled unconstitutional by Mann, meanwhile completed a proposed substitute which he said he would offer Tuesday at a hearing before the Senate state affairs committee.

"If we should wait three or four weeks to get a bill out of committee," Senator Smith asserted, "We wouldn't be able to pass it because it would get caught in the calendar jam which always develops toward the end of a legislative session."

The West Texas senator voiced the opinion that the new measure was valid. He said he had no intention of referring it to the attorney general's department. Such a procedure, he explained, would necessitate delay.

**Meets Mann's Objections**

Senator Smith's proposed substitute, like the O'Daniel bill, would prohibit strikes or lockouts in defense industries without 60 days advance notice. He asserted, however, that it defined national defense industries, strikes and lockouts and otherwise met the objections raised by Mann to the original measure's indefiniteness.

The bill would make it unlawful for any union, by violence or threats, to try to keep persons from working in defense plants.

The restrictions on picketing contained in the original measure was left out of the proposed substitute.

House members favoring anti-strike legislation said they believed the committee of the White House would give additional consideration to the issue early next week. Governor O'Daniel, in a dramatic personal appearance before the lawmakers March 13, urged action as quickly as possible.

Mann's opinion on the constitutionality of Governor O'Daniel's proposal was given at the request of the House committee of the whole.

## Behind The Headlines

By Kirke L. Simpson

Repair of British naval and merchant shipping in American shipyards is expected to be undertaken soon on a large scale, and should prove a means of quickly and effectively helping the British meet the German sea blockade.

It would release British shipyard facilities and labor, now tied up on repair work, to expedite new craft construction. It would also reduce importantly at least one strain on British tonnage requirements in the Atlantic. American-repaired British craft would get their steel for instance, at the source, not after it had been carried to England.

Still another benefit for the British would be that craft undergoing overhaul in American yards would be out of danger from Nazi Claims 10,000,000 Ton Loss

A recent semi-official claim in Berlin placed the total loss in British owned and British used cargo tonnage due to German air and naval action at just under 10,000,000 tons. London thereupon called attention to a Lloyd's Review placing the figure just over 5,000,000 tons.

## Midland Area Gets Good Rain

Soaking rains fell in Midland and its trade area again last night. Ranchers and farmers described the moisture as the best "seasoning" in years.

One longtime resident said recent rains had given Midland County the best seasoned land prospect in its history. Ranchers commented that the rain was a boon to grasses and weeds. Farmers looked to good crops.

The rain fell over a wide area. Midland gained 3.6 of an inch of rainfall in 24 hours. That reading was up to 6:30 p. m. yesterday and more rain came later. The rain was intermittent. Temperatures were not low and no drastic decline of the mercury was predicted.

Amarillo reported .55 of an inch of rain. Abilene, San Angelo, Lubbock, Big Spring, Odessa, and other area cities all had rain either Friday or Saturday.

The present "wet spell" began early Friday and amounted to .02 of an inch that day.

## Texas Oil Production At 1,357,327 Barrels

AUSTIN, March 22.—(AP)—The average daily oil production allowable in Texas has increased to 1,357,327, the state Railroad Commission reported today.

Commission engineers calculated the state's actual production still was 17,679 barrels daily below the United States Bureau of Mines recommendation of 1,327,500.

The average daily allowable was 4,347 higher than on last Saturday. The number of producing wells in Texas jumped 121 to 95,800.

## Mascho Oil Company Of Midland To Drill 4,750-Foot Test In The Shafter Lake Area Of Northwestern Andrews

Major Companies And Independent Operators Contributing Acreage And Money Toward Well; Richmond Drilling Company Awarded Contract

By Frank Gardner, Oil Editor.

A new wildcat test for the Shafter Lake area of Northwestern Andrews County was announced yesterday by Mascho Oil Company of Midland as its No. 1 M. M. Fisher.

The project is 1,980 feet from the south, 660 from the east line of section 16, block A-36, public school land. It is scheduled to go to 4,750 feet unless production or water in the Permian lime is encountered at a lesser depth. Richmond Drilling Company of Midland has been awarded contract and has moved in rotary. A 12 1/2-inch hole was spudded several days ago with water-well machine to comply with lease requirements.

The Mascho wildcat is one and one-half miles west of H. C. Wheeler, also of Midland, No. 1 Fisher, abandoned test, which showed some free oil in the lime section. Tide Water Associated Oil Company, Amerada Petroleum Corporation, Fred Turner, Jr., Harry Adams Corporation and Phillips Drilling Company have donated acreage toward drilling of the new test while Shell Oil Company, Inc. has contributed both acreage and bottom-hole money.

Phillips Petroleum Company No. 1 University-Andrews, one and one-quarter mile northeast outpost to the M Bar area in Southern Andrews, is drilling past 6,517 feet in Ward Devonian Production Looms.

Possibility of production from the Devonian in Gulf Oil Corporation No. 6 Wristen Brothers, east offset to No. 5 Wristen, discovery well of the Shipley Silurian pool in Southeastern Ward County, appeared likely yesterday. Operators were preparing to take a drillstem test of Devonian formation cored from 6,335 to 6,435 feet, the total depth.

According to reports from the local office of the firm, No. 6 Wristen obtained about 28 to 30 per cent recovery of five 20-foot cores pulled from 6,335 to 6,435.

Cores were described as light tan to white siliceous limestone, non-porous and cherty, with some oil staining present. There was also some free oil in core-barrel when cores were pulled. The bottom 60 feet is said to have cored at the rapid rate of three minutes per foot indicating soft formation. No. 6 Wristen also is reported to have topped the Devonian higher structurally than No. 5 but the top was not released. It is located in the center of the west quarter of the east quarter of section 18, block 5, H. & T. C. survey, No. 5 Wristen lease, the Devonian at 6,315 to 6,330 feet, calls varying, and showed both oil and gas in that member but was carried deeper to the Ellenburger, lower Ordovician, and finally plugged back and completed as a large producer from the Silurian, topped at 6,920.

Kenneth Slack of Pecos No. 1 Pat Wilson, Delaware test in the Quita area of Western Ward County, topped Delaware black lime at 4,998 feet and sand at 5,030 feet. Showing of oil was noted after drilling screw from 5,029 to 5,036 feet, total depth.

## Funds Committee Speeds Aid Bill To Senate Debate

WASHINGTON, March 22.—(AP)—The \$7,000,000,000 appropriation for the British aid program was sped through the Senate Appropriations Committee in less than an hour today, and Congressional leaders tagged the measure for final approval by Monday.

Although the appropriations group approved the huge expenditure unanimously, Senator Nye (R-ND), ranking minority committee member, declared he might renew on the Senate floor an effort to cut the amount in half.

The committee made no changes in the measure passed by the House. Chairman Glass (D-Va.), said there was not even "the change of a comma," and added that if this nation is going to aid Britain "we ought to get right away."

**Over-All Bill Is Same.**

However, the committee took the view that the over-all aid to Britain would be \$7,000,000,000. Because the president has authority to transfer up to \$1,300,000,000 of existing military equipment to warring democracies," the House Appropriations Committee had argued that the "ceiling" was \$8,300,000,000.

Senate committee members declared, however, that Mr. Roosevelt would use \$1,300,000,000 of the \$7,000,000,000 appropriation to replace equipment transferred under his existing authority.

## House Investigators Ask Clarification Of Pensions Eligibility

AUSTIN, Tex., March 22.—(AP)—Clarification of the present old age assistance law as to eligibility of applicants and elimination of the "social welfare phase" of the program were among recommendations made by a five-man House investigating committee in a report made public today.

Rep. Gene McNamara of Waco, chairman, said the 11-page report would be submitted to the House of Representatives Monday, signed by all members of the committee.

It is based on information obtained from pension recipients, applicants and department of public welfare workers at five public hearings held in different sections of the state during the past two months.

**Start At \$30 Monthly.**

The committee recommended the amount of assistance to be granted be determined by "starting at the maximum of \$30 per month and deducting any income, resource or other monies the applicant or recipient may have."

"The committee found that the biggest source of dissatisfaction with the pension program," it continued, "was the manner in which the child support law was being administered."

Declaring this provision of the law had been "flagrantly violated," an amendment was recommended to make it read that "the ability of a child to support applicant or recipient of old age assistance shall not be considered, nor such ability looked into."

## District Court Ends Term Here

Seventieth District Court closed its four week term here yesterday. The grand jury returned 21 indictments during the term. Indictments included charges of murder, theft, forgery, rape, embezzlement, burglary, and driving while intoxicated. Five men were convicted on drunken driving charges.

The sheriff's office today reported the arrest of Avery Barrett, indicted on a burglary charge. He is charged with attempting to burglarize a residence.

## To Settle Defense Strikes

Of the eleven men named by President Roosevelt to the "national defense mediation board," the above three represent "The Public" in settling labor disputes in defense industries. Left to right: Clarence A. Dykstra, William H. Davis and Frank P. Graham.

Representing employees are labor leaders. Left to right: Philip Murray, George M. Harrison, Thomas Kennedy, and George Meany.

Representing employers will be the job of (left to right) Eugene Meyer, Cyrus Ching, Roger D. Lapham and Walter C. Teagle.

## Heavy Rains Fall On Plains Sector

Beneficial rains drenched the plains country Saturday with two inches at Lubbock and scattered hail storms in the Big Spring area.

Most of the south plains reported moisture.

The fall was not expected to hamper early lambing season in the San Angelo area unless colder weather prevails.

Big Spring reported .48, Lamesa 1.27, Garden City, 2.2, Matador 1.10, Plainview 1.20, and Slaton 2-inches. Fort Worth, Dallas, Austin and Beaumont reported no rain.

Forecast for the West Texas area for today was continued rain while East and North Texas was due for occasional rains.

## James Stewart Is In U. S. Army Now

LOS ANGELES, March 22.—(AP)—Movie star James Stewart is in the army now.

The winner of the 1940 Motion Picture Academy award for best male acting dropped his film salary of \$13,000 a month today to take Uncle Sam's \$21 and board for the next year.

"I'm sure tickled I got in," Stewart grinned.

He said he would apply for air service assignment, in view of his flying experience, but "will take whatever service they give me."

Then he boarded a bus with other selectees for Fort MacArthur.

## Ankara Sources State Muscovites Will Take Action To Stop Farther Advance Of Nazi Army Toward East

Yugoslavia Weakens To Demands As Hitler Says No Delay Will Be Tolerated And Officials Get Ready To Leave For Vienna And Sign With Axis

By The Associated Press

A guarded hint that Soviet Russia might at last come out against any farther German march to the East into traditional Russian spheres of influence was voiced in Ankara diplomatic circles last night as Yugoslavia was reported ready to sign an Axis pact.

It was Russia's non-aggression pact with Adolf Hitler in August, 1939, that opened the way to Germany's move against Poland and led to the present war.

\* Now, it was predicted in the Turkish capital diplomatic quarters, Russia stands ready to give all possible material aid to the Turks in case they become embroiled in a fight against a Germany standing on the edge of Russia's own back yard.

These quarters reasoned it was to Russia's interest to keep the Germans away from the Dardanelles, Turkish-guarded gateway to the Black Sea and one of Russia's most important commerce routes.

Bulgaria, an old friend of Russia, was the last nation to give in to Hitler's demands and sign the Axis pact—which reliable reports in Belgrade said Yugoslavia would also do next week—and Russia pointedly expressed displeasure over Bulgaria's action.

Russia simply told the Sofia government that she could not "share the opinion of the Bulgarian government as to the correctness of the latter's position."

The immediate manifestation of Russia's stand, it was said in Ankara, would be a common Turkish-Russian declaration in a few days reaffirming their treaty of friendship and non-aggression.

Arrangements were said to have been made for Premier Dragisa Cvetkovic and Foreign Minister Aleksander Cincar-Markovic to leave for Vienna tonight.

With fiat warning from German Minister Viktor Von Heeren that Adolf Hitler would tolerate no delay, harrier Prince Paul was reported to have patched up his broken cabinet by persuading Serbs to take two positions vacated by anti-Axis members and handing the third portfolio to a Slovene already in the cabinet.

**Germany Intensifies War.**

Germany, meanwhile, waged her sea warfare more fiercely, and reported that a German battleship squadron in the North Atlantic had sunk 22 British ships totalling 117,000 tons, while submarines sank 77,000 and the air force another 31,000.

The German air force wound up a six-hour attack on Plymouth early today after dumping tons of high explosives and incendiaries, but throughout the day Britain was fairly quiet.

British flyers reported from Cairo that they had attacked the Addis Ababa-Jibuti railroad between Addis Ababa and Direidawa, machine gunning three trains and bombing the Direidawa station, while other planes day-bombed and machine-gunned Harar towards which their ground forces are moving from Jijiga. Others attacked Gondar, Ethiopia, and also attacked two trains in the station at Urso.

For the third successive day, a Greek government spokesman said, an Italian tank attack on the Central Albanian front was thrown back. The Fascists were reported to have lost one tank in a two-hour assault yesterday.

## Midland's Choice Club Stock Will Go On Exhibition

Choice fed Midland County stock will be shown at the first annual 4-H Club Stock Show Wednesday at the Texas Cattle Sales, Inc., barns and lots.

County Agent V. G. Young said a well known stock judge would be here for the event. The judge had not been selected last night.

Entries list 28 head of cattle, hogs and lambs. The stock will be sold at auction at the sales ring Thursday.

Twenty-three club boys will exhibit beef calves, lambs, dairy calves, bulls, heifers and fat barrow hogs. Eight will have beef calves, 12 pigs, two lambs, and six dairy calves.

R. C. Vest, Jr., is expected to show a dairy calf reserve champion which was a winner at the Pecos Valley Exposition and Fat Stock Show at Montague.

Dan Hudson became manager of Hotel Scharbauer Saturday succeeding J. B. Howell. Hudson, well known to many West Texans, came here from Fort Worth where he was assistant manager of Hotel Texas.

For more than 20 years, Hudson, now 50 years old, has been a hotel executive. For two years he was manager of the Settles Hotel in Big Spring. He also has been connected with the Adolphus in Dallas, the Plaza in San Antonio and the Rice in Houston. He is married and has a son.

His appointment as manager of the Scharbauer was announced by Clarence Scharbauer.

Mr. and Mrs. Hudson are at home in Hotel Scharbauer.

He said he contemplates no immediate change in the staff of the hotel.

Howell informed friends he would go to Sweetwater to take care of ranching interests there.

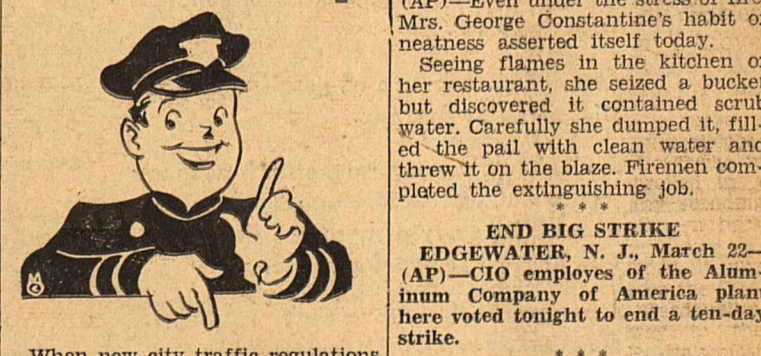

Hudson is one of the best known hotel men in Texas and is busy greeting his friends at his new office.

**The War Grows Grimmer**

Hidden away in an inconspicuous story, many days after the event itself, was the official announcement that the recent German raids on the Merseyside near Glasgow took a toll in two nights of 1000 dead, 1300 wounded. Bear in mind that these were nearly all civilian men, women, and children. Fifteen hundred lives were lost in the Titanic disaster, and for 29 years it has been remembered with horror. Twelve hundred went down with the Lusitania, and a world shuddered. Yet neither was worse than these two nights of bombing. Some idea of the blind destruction that is coming with spring may be had from the Merseyside raids. The worst wars of barbarous Genghis Khan never slaughtered the innocent and unarmed more blind than this—nay, not so blindly, for the morals of that time were simply "kill them that breed enemies." Today such people die, not by will, but simply because as the bombers reach blindly downward toward unseen objectives, striking without aim, these unoffending people just happened to be in the way.

**Remember That Soldier!**

The boys go off to camp. Their mothers and fathers, their intimate families, their sweethearts, won't forget them. They will send letters that mean much to a young man in camp. But that doesn't let the rest of us out. Many of us who haven't anyone of our immediate family in camp have friends there or boys we know. And we ought not to forget, either. An occasional letter, a pair of socks or a handkerchief, a box of candy, postage stamps, a book, the home-town paper. Any or all of those things are appreciated. They help to remind the boys that they're not forgotten, even though they're away. Don't let a week pass without sending a letter or some small article to that boy of your acquaintance in the training camp.

**AIR'S FREE so why not use it?**

GETTING right down to it, one reason why you get as much as 10% to 15% more miles per gallon from a 1941 FIREBALL Buick with Compound Carburetion is that this engine is supplied with more air.

For it is a mixture of gasoline and air that gives you power.

A single carburetor, no matter how many jets it has, can handle only so much air—which is nearly always too little for full-out, high-power performance.

But two carburetors that function as needed, as is the case in Compound Carburetion, can meet any fuel-supply need from low-speed to heavy-power use—and always provide a well-balanced mixture.

They can double the air supply as well as the gasoline feed—and that's something you can't do in any single-carburetor car. So Compound Carburetion leads to big savings in fuel costs.

You get as much as 800 miles for the gas-cost of 700 in earlier Buicks of the same size.

It also provides a whopping big bank of reserve power, which means an up-and-at-'em lift and surge that's nothing short of thrilling to experience.

And you can have Compound Carburetion, you know, on any 1941 Buick—it's only a few dollars extra on the swell big SPECIAL pictured here, and standard equipment on all other models.

# Uncle Sam Will Switch On Juice Today At Man's Biggest Construction, Grand Coulee

By Peter Edson  
NEA Service Staff Writer.

Kick modesty in the seat of the pants. Shove Shame out the window. And open the doors to Braggadocio. For the biggest thing on earth gets going today, and it isn't a war.

Take all the people in the United States and put them in a pile. It's bigger than that.

Take Cheops' pyramid in Egypt, then take Boulder Dam, and then take another Boulder Dam. It's bigger than all three put together.

Take the cost of the Panama Canal, add twenty-five million dollars for luck, and you'll come close to its value.

Take a row of Rockefeller Centers three-quarters of a mile long and pour two Niagara Falls one on top of the other over the middle. It will be bigger than that.

With that fanfare, it is now safe to give you the name — Grand Coulee Dam.

It's up in northeast Washington State. Today, the first two generating units of its current plant turn their electric current into the Bonneville transmission line, and juice will start flowing to Spokane, 90 miles away, to the shipyards in Tacoma, where defense vessels are being built, to the Boeing plant in Seattle, 260 miles away, where aircraft are being built.

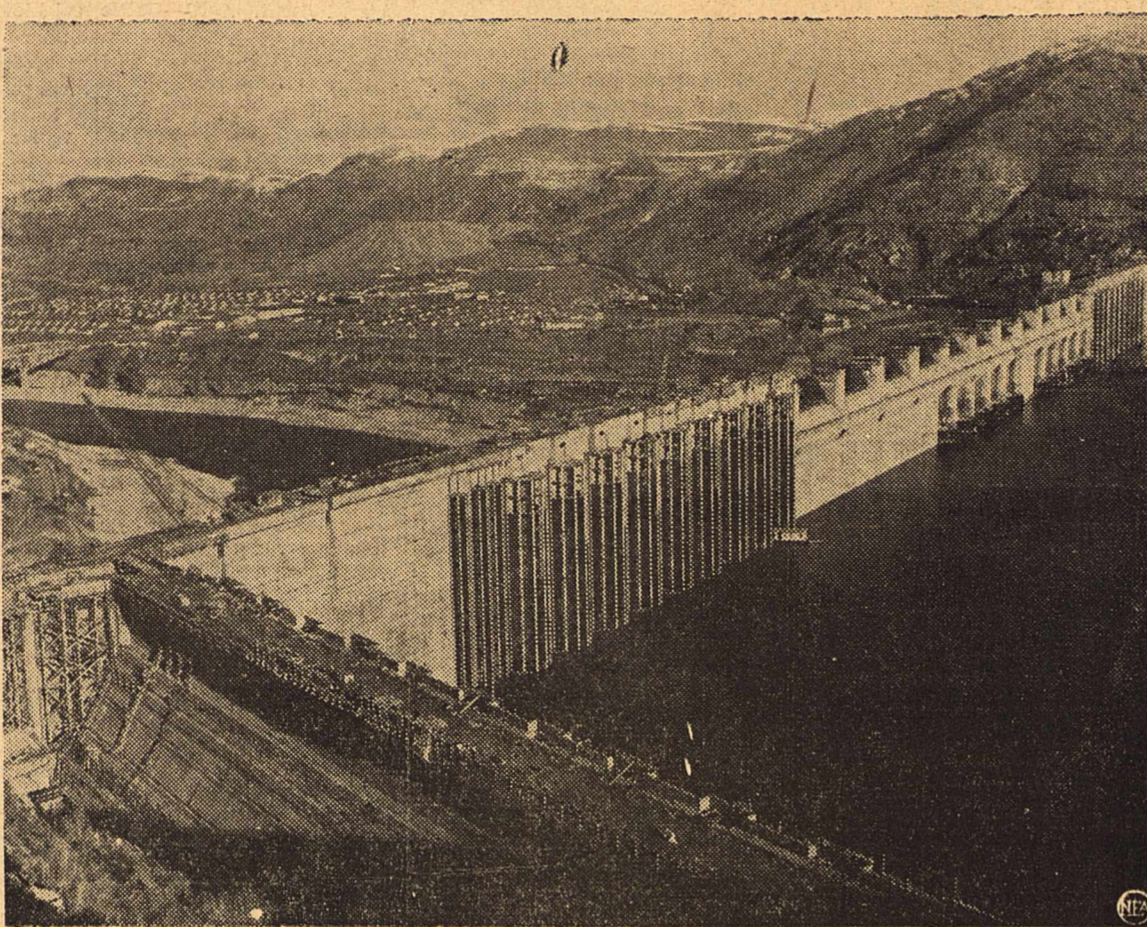

Turning on of this current takes place more than a year ahead of schedule, but this is only a start, a mere 20,000 kilowatts, 27,000 horse power.

When the whole project is completed, there will be available a thousand times that — 27,000,000 horse power, nearly one-twelfth of the total electrical energy developed in the United States today.

Behind the big dam—12,000,000 cubic yards of concrete making a mass 500 feet wide at the base, 550 feet high and 4300 feet or three-quarters of a mile long—there will be backed up the biggest artificial lake in the world, 150 miles long, stretching clear to the Canadian border. Drowning you in statistics, this is enough to give every person in the United States 25,000 gallons of water. Enough to slake the thirst, wash the clothes and dirty dishes, and bathe the greater New York for ten years.

### AHEAD OF SCHEDULE

All this, too, is just a starter. When the job is done, a part of the power will be used to pump a part of the water, by means of the

A new wonder of the world. Grand Coulee Dam today stretches its clean-cut, symmetrical bulk across the Columbia River for three-quarters of a mile—a monument to American brains, energy and creative genius.

world's twelve largest pumps, to a man-made reservoir nearly 300 feet higher than the big dam, and two miles away. There, behind two little dams no bigger than ten-story buildings, water will be impounded in a reservoir 27 miles long and covering 43 square miles, to be carried by a system of canals 250 miles long to irrigate a fertile but now semi-arid area of the Delaware, 1,200,000 acres. This won't be completed for a generation, 25 or 50 years, but it is definitely a part of this biggest program for the biggest thing of its kind.

Building this dam in less than eight years is in itself a marvel. Putting even a part of it in operation a year and more ahead of schedule is a record.

### Six-Year-Old Boy Honored At Party

Lendon White was complimented on his sixth birthday anniversary recently with a party at the home of Mrs. G. S. King, 911 S. Main. Hostesses were the small honoree's mothers, Mrs. Audine White, and his grandmother, Mrs. J. R. Hill. Games were played and pictures were made by Cecil Craft.

A birthday cake was a feature of the celebration. Refreshments were served. Present were: The honoree, Sid Story, Carolee Gray, James Craft, Donald Craft, Eddie Mae Hamlin, Jimmie Lee Hill, David McPherson, Gerry Cauble, Evelyn Tisdale, Skippy King.

### Midland Cattle Take Honors At Monahans

MONAHANS, March 22—(Special)—L. A. Brunson, Midland stockman, showed the grand champion dairy bull at the Second Annual Pecos Valley Exposition and Fat Stock which closed Saturday.

George Glass of Midland showed the reserve champion bull, J. E. Parker of Odessa had the grand champion Hereford bull. Pat Wilson, Jr., of Barstow exhibited the grand champion baby beef calf. Reserve champion female in the dairy division was exhibited by R. C. Vest, Jr., of Midland.

Brunson showed a bull and a Jersey cow that won second in the 2 to 6 year class. R. O. Brooks of Midland showed one cow in the 2 to 6 year class, which ranked first; his stock won third in the 2-6 year class of dairy cows; and his bull was second in the over two year class.

Young Vest, who lives six miles southeast of Midland won first with a heifer calf and the same animal won the reserve championship. A bull calf belonging to Vest was third in the under one class.

Glenn Drake won second with his bull in the under two class; second for a heifer in the under one class; and fifth with a heifer in the under one class.

The exposition opened Friday with the judging of stock. A parade and the auction sale closed the event Saturday.

County Agent V. G. Young of Midland was judge of sheep. One of the highest average prices paid at the stock sale was \$26.73 per hundred for a club steer stock. The top price for a club calf was 41 cents. The lamb average was 22 cents a pound.

Joe Lee McMahon showed the grand champion lamb.

### Open House Is Courtesy For Couple

CRANE, March 22—(Special)—As a courtesy to Mr. and Mrs. C. Leon Byrd, Mrs. Odell Thompson, Mrs. Lois Virdell, and Mrs. B. L. Anderson were hostesses for an open house party at the W. R. Crownover home in the Gulf Camp Thursday afternoon from 3 until 7 o'clock.

Mrs. Byrd is the former Miss Dorothy Gray. The couple was married March 6.

Mrs. Paul Malone was at the bride's book. Entertaining with piano numbers during the tea hours were Miss Mary Louise Shackelford, and Mrs. Thompson.

Mrs. Virdell and Mrs. Thompson poured coffee. The lace-laid table was appointed in crystal and silver with the Easter motif stressed in colors of the tapers buring beside a triple wedding bell centerpiece. Miniature baskets held mints. A floral piece of petunias decorated the living room, and gift and register tables were lace covered.

### Court Jury Convicts Engineer Of Slaying

SHERMAN, March 22—(AP)—L. H. Koll, 65-year-old retired railroad engineer was convicted today of slaying Miss Geraldine Graham on last Dec. 26 and given the death sentence.

The jury had been out since last night and returned the verdict at 1:30 p.m. today.

Miss Gramma, a student nurse from Collinsville, was killed by a blast from a shotgun when she alighted from a car at the rear of a hotel with her fiancé, Buchanan Hubbard. Hubbard suffered an eye injury from the shotgun charge.

### War Branch Rejects Air Corps Proposal

WASHINGTON, March 22—(AP)—Undertaking a new almost ten-fold expansion of the air corps, the war department turned thumbs down again today on a Congressional proposal to transform it into a separate force like Germany's Luftwaffe.

### Oil News . . .

(Continued from Page One)

later corrected back to 5,034 feet by steel-line measurement. On short balling test the well showed a large proportion of live oil through 1,000 feet of water it had been carrying from upper zones. Gas volume was estimated at 50,000 to 75,000 cubic feet daily. Operators have shut the well down to run casing. The prospect is 330 feet from the northeast, 2,310 from the southeast line of section 145, block 24, H. & T. C. survey, one and one-half miles southeast of Slack No. 1 Bird S. Hays, 22,200,000-foot commercial gasser, and one and one-quarter miles northwest of C. H. Mahres et al No. 1 Wilson, abandoned well which for a while produced oil from the Delaware.

Bells-Wells Oil Company is digging cellar and pits for No. 1 Wilson, a new test one-half mile southeast of Slack's new prospect. The Bells-Wells operation has been staked 467 feet from the northwest and southwest lines of section 133, block 34, H. & T. C. survey.

H. C. McCauley No. 1 E. Hall, Loving County Delaware test several miles southeast of the Wheat pool, topped Delaware black lime at 4,620 feet, datum of minus 1,848, and drilled ahead at 4,625 feet in shale.

Crane Ellenburger Strike. Gulf No. 17 W. N. Waddell et al opener of new Ellenburger pool in Southwestern Crane County or a four and one-quarter mile south by southwest extender to the South Sand Hills pool, was flowing an estimated 80 barrels hourly, part new oil and part old, through tubing while cleaning out after acidizing with 5,000 gallons in second stage. Pressure on casing is zero. The well had flowed 334 barrels of fresh oil through tubing and casing in 14 hours following initial acidization with 2,000 gallons. Total depth is 5,648 feet in Ellenburger dolomite topped at 5,584 feet. There is only 13 feet of open hole, 7-inch casing having been set at 5,635 feet. Location of the strike is 660 feet east of the east corner of section 15, block 3, H. & T. C. survey.

Gulf No. 1-F University, Eastern Crane deep wildcat, is drilling at 10,232 feet in an unreported formation.

Three more producers were completed by Gulf in the McElroy field of Crane and Upton counties. On the Crane side, its No. 238 J. T. McElroy flowed 764.87 barrels a day after shooting with 705 quarts at total depth of 2,979 feet. No. 241 McElroy flowed 1,016.38 barrels in 24-hour after a 730-quart shot at 2,948. In Upton, No. 240 McElroy gauged daily flow of 1,818.94 barrels after shooting with 670 quarts at 2,917 feet.

Slaughter Pool Spread North. Magnolia Petroleum Company No. 3 F. L. Woodley extended the Cochran County side of the Slaughter field of Cochran and Hockley 1,721 feet north by flowing at the rate of 871.61 barrels of oil per day on potential gauge. Gas-oil ratio was 550-1. The well topped pay at 4,935 feet, is bottomed at 4,992 feet in lime and was acidized with a total of 10,500 gallons in three stages.

The same firm's No. 4 Woodley, farther north, is drilling at 4,030 feet in anhydrite.

A northwest outpost to the Cochran side of the field has been staked by Anderson-Prichard Oil Corporation of Oklahoma City on its 327.5-acre Mrs. F. L. Woodley lease. The test will be drilled 440 feet out of the southeast corner of subdivision 6, league 57, Oldham County school land. It is approximately 4,500 feet west and one location north of Magnolia No. 4 Woodley.

Mabee Oil & Gas Company of Tulsa No. 2 Kiel, in the Wasson field of Southern Yoakum County, rated daily potential flow of 813.04 barrels after acidizing with 11,000 gallons in lime from 5,150 to bottom at 5,285 feet.

Magnolia No. 1 N. B. Teague, wildcat in Northern Martin County, is drilling unchanged past 5,844 feet in sandy lime.

Winkler Wildcats Staked. Two wildcat locations were reported yesterday for Winkler County. One mile east of the Halley pool in Southern Winkler Sam Weiner of Wink will drill No. 1 S. M. (Hunter) Halley to 3,500 feet with cable tools. It is 660 feet from the north, 1,980 from the east line of section 7, block B-11, public school land.

West of the Henderson pool in Northern Winkler, Stanolind Oil & Gas Company and the Westbrook-Thompson Holding Company staked No. 1 Ida Hendrick 660 feet from the north and west lines of section 18, block 26, public school land. It will go to 4,000 feet with rotary. The test is one mile north of the same firm's No. 1 American Maracabo, recently junked and abandoned at 3,377 feet in lime after a series of twistoffs and sidetracking jobs. Rig from the junked hole will be skidded to the new test.

In the North Goldsmith pool of Northwestern Ector County Grisham-Hunter Corporation of Abilene completed No. 4 R. E. (Bum) Cowden of Midland for 24-hour flow through 2-inch tubing of 166.39 barrels of 36-gravity oil and gas-oil ratio of 6.61-1. It was treated with 3,000 gallons in pay lime from 4,226 to 4,501 feet, total depth.

Stanolind No. 2 Mrs. M. L. Brentmont, quarter-mile east extension well of the Cedar Lake pool of Northeastern Gaines County, is drilling below 4,862 feet in lime. On last

tests it balled 118 gallons of water off bottom in 28 hours and swabbed 123 barrels of oil through casing in 16 hours. First water was picked up at 4,846 feet.

Abell Ordovician Pool. Magnolia No. 1 State-Sharp, seven-eighths mile northwest extender and producer from the lower Simpson, middle Ordovician, sand in the Abell pool of Northern Pecos County, was reported to have made a one-hour flow yesterday morning but no estimates on production were available. The well will be completed without nitro shot to validate lease but may later be shot in the lower sand from 5,915-42, three feet off bottom. Late in the week it swabbed 25 barrels of oil in six hours through 2-inch tubing set at 5,943 feet.

Magnolia will start drilling with rotary Thursday in No. 1 J. F. McKee, 330 feet from the south and west lines of lot 13, section 25, block 9, H. & G. N. survey. It is an east offset to George T. Abell of Midland and associates No. 1 E. J. Risse, one-mile northeast outpost to the pool, which now is rigging up rotary at depth of 2,405 feet in Permian lime preparatory to deepening to the Ordovician.

A four-mile east outpost to the pool, Stanolind No. 1 Conroy-Davis Unit, is drilling at 2,955 feet in Permian lime.

Phillips No. 1 Silverman, south offset to the discovery, had reached 5,290 feet in Simpson shale.

In the pool proper, Magnolia No. 1-B Markey Heirs is drilling at 1,850 feet in lime and anhydrite; Magnolia No. 1 V. W. Crockett is drilling anhydrite below 1,620 feet, and Magnolia-Stanolind No. 2 Tex-Mex Petroleum Corporation-McKee is rigging up rotary.

L. C. McKee has staked location for No. 1 Iowa Realty Trust as an 1,800-foot cable tool test five-eighths of a mile northwest of Sahara Oil Corporation No. 1 O'Neal, shallow discovery producer two and one-half miles west of the Apco Ordovician pool of Northern Pecos. No. 1 Iowa Realty Trust will be drilled 2,173 feet from the northwest, 467 from the northeast line of section 69, block 10, H. & G. N. survey.

Mitchell Wildcat Resumes. After a lengthy shutdown period, Hal C. Peck and Jake H. Croft, both of Midland, No. 1 Jack Smith, wildcat two and one-half miles north by northwest of Colorado City in Mitchell County, is drilling at 3,299 feet in lime. It has failed to log any shows of oil, gas or water.

One British purpose in releasing that figure was to back up an admiralty assertion that Berlin announcements on British ship losses have consistently shown a 100 per cent exaggeration.

Nazi spokesmen have repeatedly called attention, however, to what is certainly true: That ships sunk do not fully represent the war inroads on transportation. Ships damaged by bombs, torpedoes or gunfire, or suffering serious breakdowns due to hard sea service, must also be included. The Berlin spokesman said they did not attempt to estimate what that amounted to but insisted it was a heavy added liability for the British.

Big Transportation Job. Washington officials may know how much British naval or merchant tonnage is crowding English repair yards. Unofficial estimates mention 2,000,000 tons out of action in addition to the 5,000,000 tons of cargo shipping admittedly sunk by enemy action.

How much of it, either naval or merchant, could be sent across the Atlantic for refitting would depend on the extent of the damage. Only such vessels as could be made seaworthy for the trans-Atlantic passage or in instances where damage at sea occurred closer to this country than to England could be considered for American repair.

That factor, however, does not decrease materially the immediate value the British could derive in the crucial sea struggle with Germany from both repairing and refueling all available combat and merchant tonnage on this side.

Friendship Bracelet Fad Hits Midland. It's the fad in Midland to wear a friendship bracelet.

One jewelry firm here reported it sold at least six dozen engraved for friendship bracelets yesterday.

An engraver at the same store estimated he had put 6,000 names on bracelet hearts since the fad hit.

The idea of the whole thing, so the wearers say, is to get friends to give you hearts for your bracelet with their name on them.

"Now the little girls are taking up the fad," a jeweler commented. It's spreading like wildfire and one Midland firm was sold out yesterday.

For luck, for love, for fun—the hearts for the bracelets have a variety of symbols and sayings. One Midland woman has 25 hearts.

### District PTA Head Visitor At Crane

CRANE, March 22—(Special)—A musical program was presented Thursday afternoon at the school auditorium on the occasion of the visit of the fifteenth district P.T.A. president, Mrs. Woolfolk of Pecos.

The visitor's stress on the importance of sending delegates to the district conference in Marfa April 22 and 23 resulted in the appointment of three to accompany the president, Mrs. H. W. Plate.

They were Mrs. W. B. Gunn, Mrs. C. L. Brandon, and Mrs. S. G. Barnard.

A nominating committee to present officers for the ensuing year included: Mrs. A. N. Wright, Mrs. Miller Harris, and Mrs. Buck Kelton.

A resolution is to be presented to the school board asking consideration of a school cafeteria in a building set apart and fully equipped, supervised and manned, to be used by all school children.

James Rodden was in charge of the musical program, presenting his high school glee club, and the following soloists: Dorothy Lee Boone singing "Slumber Song"; Marjorie Brandon, "Morning"; and Miss Inez Elmore's Spanish dance, by Effie Lucille Fortenberry, Tommy Lou Hamblett, and May Belle Bonner.

Miss Maurine McKenzie's fourth grade won the attendance award for the grades, and the eleventh grade, high school award.

### British Shoot Down Two German Planes

LONDON, March 22—(AP)—Two German planes were reported here tonight to have been shot down, one crashing in a field, the other at sea off the east coast.

Clearing of debris continued at Plymouth during the day and many exhausted citizens, without heat and water, nestled in ruins of their homes seeking their first hours of sleep after two nights of intensive German bombing.

### Governor Proclaims Flying Cadet Week

AUSTIN, March 22—(AP)—Calling attention to the important part the state is playing in national air defense, Gov. O'Daniel today proclaimed the week of March 23 to 30 "Flying Cadet Week in Texas."

In the proclamation O'Daniel said more than \$18,000,000 has been and is being spent this year on construction at Texas flying schools included in the Gulf Coast Air Corps training center.

"When the existing training program is completed, one-half of all the army's officer-pilots will be Texas-trained," he declared.

### German Interests Vie For Chilean Petroleum

SANTIAGO, Chile, March 22—(AP)—German interests have made a competitive offer to prospect for oil in Chile while the Chilean government still is negotiating with a North American survey firm, informed sources said tonight.

They described the German terms as "attractive."

The negotiations with the North American firm, in which former President Herbert Hoover's son is interested, were begun last year by Oscar Schanke, minister of development.

# A REPORT to America

The Ford Motor Company's business has always been to serve the needs of the American people. In providing them with low-cost transportation for the past 38 years, we have developed one of the country's largest and most useful industrial units. During a national emergency, we feel that these facilities should be devoted without reserve to our country's needs. Toward that end we started rolling months ago, with these results:

- 1 A \$21,000,000 Ford airplane engine factory, started only 6 months ago, is nearly completed. Production will start with an initial order for 4,236 eighteen cylinder, air-cooled, double-row, radial engines.
- 2 We are building a new \$800,000 Ford magnesium alloy foundry, one of the few in the country. It is already producing lightweight airplane engine castings.
- 3 Army reconnaissance cars—military vehicles of an entirely new type—are rolling off special Ford assembly lines at the rate of more than 600 a month. We have produced Army staff cars and bomber service trucks.
- 4 The government has given the "go-ahead" and work is now under way for the fast construction of an \$11,000,000 Ford plant to produce bomber airframe assemblies by mass production methods.

Several months ago work was started, on our own initiative, on an entirely new 1500 horsepower airplane engine especially designed for mass production. This engine is now in the test stage and plans are being developed for producing it in large quantities when and if needed.

A Ford aircraft apprentice school has been established, to train 2000 students at a time.

That is a report of progress to date.

The experience and facilities of this company can be used to do much of the job which America now needs to get done in a hurry. Our way of working, which avoids all possible red tape, enables us to get results and get them fast. This benefits users of our products and workers who produce them.

We are ready to make anything we know how to make, to make it to the limit of our capacity if need be, to make it as fast as we can go, and to start the next job whenever our country asks us to. And to this end, we know we have the full confidence and loyal support of the workmen throughout our plants.

## Midland Construction Revives After Slump With \$9500 Authorizations In Week For Two Houses, Warehouse

### Houston Regains Lead In Construction With \$772,000 Authorized

By The Associated Press  
Houston regained the lead in Texas building activities last week with a total of \$772,335 in building permits.

Building permit totals for the past seven days and for thus far during the year from various representative cities include:

City	Week	Year
Houston	\$277,335	\$4,482,265
Dallas	209,421	1,860,832
Fort Worth	129,677	1,185,479
Corpus Christi	115,305	3,446,843
San Antonio	87,288	1,560,690
Wichita Falls	81,957	253,698
Tyler	29,282	142,573
Galveston	28,838	760,044
Lubbock	24,674	748,082
Austin	23,115	1,257,538
Port Arthur	17,094	208,545
Midland	9,500	86,540
Corsicana	2,425	42,450

Building permits for two residences and a warehouse featured construction news for the week in Midland and revived interest in building after a several days slump.

John M. Rush received a permit to construct a brick veneer dwelling at 1910 West College St. in the West End Addition. It will be of brick and lumber, and cost \$5,000. A one-car garage will be attached. The structure will be 26 by 48 feet.

**\$3000 Dwelling**  
John Calvin will build a four-room dwelling at 1607 West Illinois in the West End Addition. It will be of brick and lumber, and cost \$3,000. A garage also will be attached.

Gulf Oil Corporation was issued a permit to build a \$1500 corrugated iron-on-frame warehouse at 810 West Pennsylvania in Midland Heights. It will be of lumber and iron, 25 by 45 feet.

The week's total of \$9,500 brought construction for the year to \$86,540. Bad weather of the last two weeks hampered work in the city.

## Market Ends On Downward Slant

By Frederick Gardner  
NEW YORK, March 22—(AP)—The stock market today ended a slightly pessimistic week on a downward slant.

While urgent selling was scarce and a few issues came out with advances, losses generally ranged from fractions to 2 or more points.

The list got off to a hesitant start and, on the whole, never displayed real rallying inclinations.

The Associated Press average of 60 stocks was off .02 of a point at 41.2, putting it back to where it was in the early part of the month. On the week the composite showed a net decline of .5.

Transfers of 269,310 shares compared with 265,260 last Saturday.

Accounts were lightened in many cases, brokers said, because of a little more pessimism over the Yugoslavian political crisis, continued severe bombings of England's important ports and Nazi claims of heavy destruction of British shipping tonnage. Labor doubts and tax apprehension tended to offset generally favorable business items.

## Council Accepts Bid To Purchase Two Water Pumps

The Midland city council took steps toward initiating a waterworks improvement project by voting to purchase two pumps to be used in the city's system.

The council Friday accepted a bid of the Alamo Iron Works for the pumps.

Bids will be called for a city audit covering a period from April of 1939 to March of 1941, two fiscal years, it was announced.

**Park Site Improvement**  
The city also will improve a park site at lots 210-211 in the Southern Addition. The land recently was acquired for that purpose.

Bids will be asked on the drilling of two new water wells at the Meissner tract. This source has been tested and pronounced a good supply by engineers. It will be used for water in the additional system.

Lewis, Martin Meissner, Melvin Meissner, Junior Franks, Troy Livingstone and Bill Livingstone will enter hogs.

Dairy calves will be exhibited by O. C. Collins, Jr., R. C. Vest, Jr., Edward Franklin, G. L. Drake and Bill Robinson.

Wayland Livingstone and D. H. Livingstone will enter lambs.

Midland merchants will provide cash prizes for winners. The chamber of commerce appointed a committee to get funds for prizes.

Midland citizens were urged to attend the 4-H show, and the sale following.

**Prizes To Club Boys**  
Rules of the show stipulate that only Midland County 4-H club boys, regularly enrolled in 4-H club work, are eligible to compete for prizes. Young pointed out.

He listed these classes of animals to be shown: Beef calves, two classes—light and heavy weights; fat hogs, light and heavy weight; registered boars; dairy heifers; dairy bulls; and fat lambs.

Exhibitors were urged to bring stock to the auction barn by Tuesday after school hours so that animals may be washed and groomed in time.

Twenty-four Midland ranchers, stockmen, and citizens donated \$115 to the prize money. About \$160 will be awarded. The donation supplements prize money raised by contributions from merchants.

J. D. Prewitt, district agent, L. L. Johnson, state 4-H club agent, and E. M. Regenbrecht, swine specialist from College Station, will attend the show.

**PAINT DON'T HELP**  
WEATHERFORD, Okla., March 22—(AP)—The folks who have been relaxing since that bond election last fall, thinking that Weatherford's fire wagon troubles were over, will get a big jolt from this: All the money brought, so far as the truck itself is concerned, was a fresh coat of bright red paint.

The firemen are grumbling a bit—and the townspeople are, too. The new paint doesn't make the fire truck—1924 model—run any better.

The truck, balkier than even, didn't even make the latest blaze. Fire Chief Ralph May is disgusted.

"What irritates me most," he peevish, "is that during a trial run the old wagon will roar along at sixty miles an hour, never missing a beat. But a real alarm—then she becomes contrary."

The bond election ensued after it was widely broadcast that boys on bicycles were passing the truck on its way to fires.

**FOR WAR AND PEACE**  
COLLEGE STATION, March 22—(AP)—Rep. Ewing Thomason (D-Tex.), ranking member of the House military affairs committee, today advocated universal compulsory military training for war and peace after reviewing a full-dress mounted review by the Texas A. & M. College Cadet Corps.

Thomason was here to attend the wedding of his son, W. E. Thomason, to Miss Patience Chance, daughter of Mr. and Mrs. George Chance, Bryan plantation operator.

**ARREST HEALER AND SONS**  
YOAKUM, March 22—(AP)—A faith healer who daily flies a large American flag above his home was free on bond today with his two sons and five other Lavaca County men—all charged with violation of the selective service law.

A. B. Knocke, the father, charged with counseling and aiding persons to evade selective service, and his sons, Grover and Elmore, charged with draft evasion, were arrested at their home.

**WOULD SEIZE SHIPS**  
MEXICO CITY, March 22—(AP)—Senator Tito Livio Calcanoe today said he would move next week that the Senate urge President Avila Camacho to expropriate seven of the 12 German and Italian ships now anchored in Mexican harbors.

The Senator asserted millions of pesos worth of oil which Mexico shipped to the Axis before the war still remained unpaid for and that seizure of the seven vessels would balance the account.

WASHINGTON, March 22—(AP)—The navy disclosed tonight that four large destroyers of the fleet battle force collided and were damaged slightly in technical exercises at night off Pearl Harbor, Honolulu, last night.

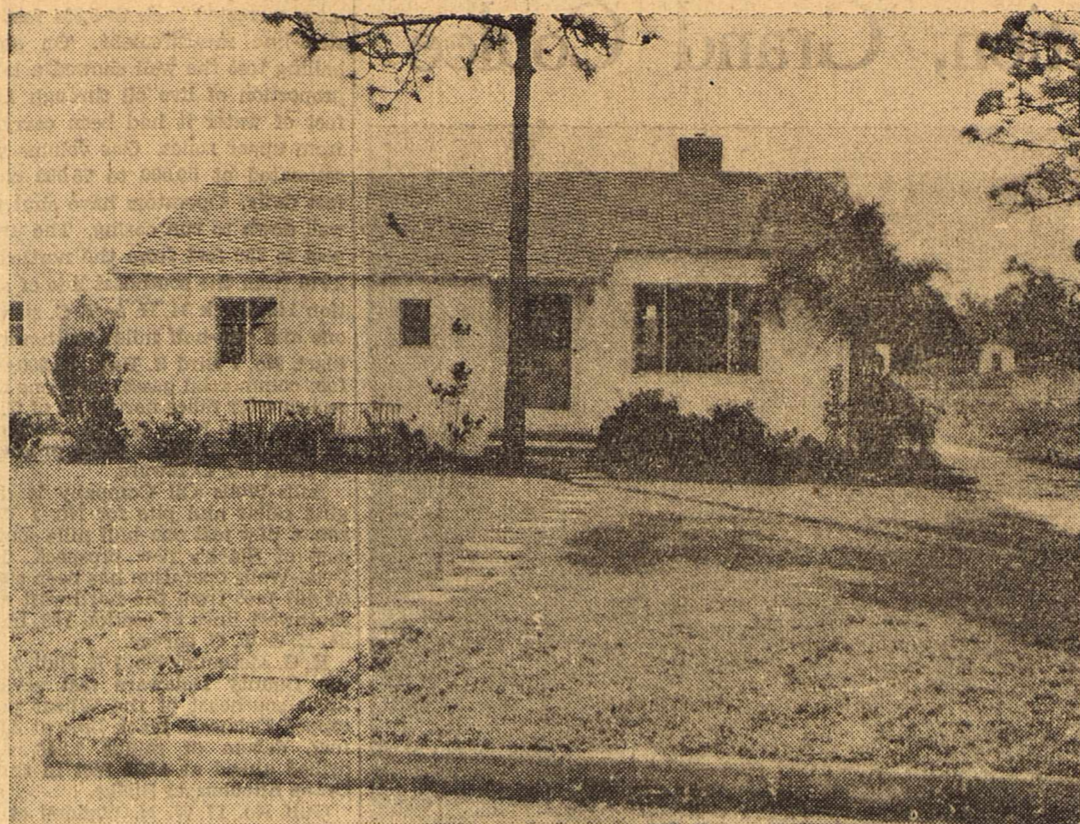

There was no loss of life and no serious injuries to personnel, a navy spokesman said.

The destroyers, all among the fleet's newer vessels, were the Aylwin, commanded by Lieut. Commander Robert H. Rogers, of Staten Island, N. Y.; the Farragut, commanded by Lieut. Commander G. P. Hunter, of Chestnut Hill, Mass.; the Somers, commanded by Commander Jeffrey C. Metzler of Elgin, Ill.; and the Warrington, commanded by Commander Frank G. Fahrion, Raleigh, N. C.

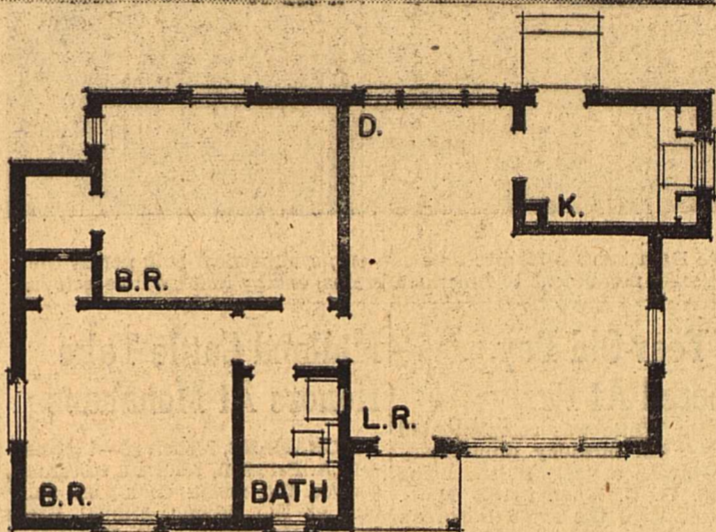

The navy spokesman said all were being taken to Pearl Harbor to be repaired.

## Anthropologists Race Against Time To Complete Findings Before U. S. Constructs Dams Across Red River

NORMAN, Okla., March 22—(AP)—Modern man's determination to dam streams is causing a deal of trouble for anthropologists who are trying to dig up remains of his valley-dwelling, mound building ancestors.

Having rescued the ancient villages of the mound builders from a watery grave above Grand River dam, in Northeastern Oklahoma, University of Oklahoma anthropologists are now racing with time on Red River.

Above the dam now being thrown across the stream near Denison, Tex. have been located approximately 70 villages of this vanished, cultured race.

**Only One Unexplored**  
With army engineers planning to close the stream a year from next July, the anthropologists admit they will be hard pressed to get all the moundbuilders and their effects exposed before the waters rise.

Before the Grand River waters closed in, all but on site was explored, says Dr. Forrest E. Clements, associate professor of anthropology at the University of Oklahoma.

## Good Attendance At City Centers

The Midland WPA Recreation department reported good attendance this week on playgrounds of the city, but inclement weather reduced participation, leader said.

Softball, horse shoes, washers, and croquet are proving popular.

Rain caused postponement of a city-wide playground meeting yesterday morning. It will be held at 5 p.m. Wednesday on the South Side playground.

The Moody playground for negroes with boys and girls softball team is organized. Twenty-five negro boys went on a hike with a leader and a target practice was held recently.

# Twenty-Two Teams To Bowl In City Championship Meet

**Keglers Begin Events Monday In Tourney Lasting To March 30**

**By Tanner Laine**  
Play in the first annual City Championship Bowling Tournament gets underway at Plamor Alleys tomorrow. The event is an all-Midland affair and continues to March 30. It is a handicap tourney. Teams entered are: Amerada, Texas Company, Shell Oil Company, Mackey Motors, A. and L. Housing, Honolulu Oil, Standard Oil, Roy McKee Agency, Tom Hurt's Clothiers, Fulton Tire Co., 80-Taxi, Pabst Blue Ribbon, Wellman International, To's Gulf Service, Scharbauer Hotel, Scharbauer Barber Shop, Muehlebach Beer, Lion's Club, Blatz-Milwaukee, Minute Inn, Wadley's, and City Cleaners. They are from the city's three leagues—Industrial, Commercial, and City League. Five-man team matches and singles and doubles events will be bowled. Medals will be awarded first and second place entries. Rules of the American Bowling Congress will be in effect.

**120 Bowlers Expected**  
Handicaps will be 90 per cent of the difference between the bowler's average and 200. No substitutions will be permitted after 30 minutes before play time. All events will be determined by high three game total and high single game.

The tournament committee is composed of: W. B. Davidson and P. D. Grommon, City League; Merle Fulton and Fred Gridley, Commercial league, and F. D. Grant and Locksley Hall, Industrial league. Berte Haigh is tournament chairman.

Entries closed Thursday. One hundred and twenty bowlers will participate.

## Baseball Players To Hold Practice

Weather permitting, prospects for a semi-pro baseball team in Midland will hold an initial workout at the ball park tomorrow afternoon. Jim Payne, who will manage the team, said several players had agreed to play. Included are Leonard Rose, former Texas League pitcher, Jim Madgen, Peccos Wilkenfeld, Berl Cramer, Charlie Linehan, Van S. Watson, and Mac Webb. Midland may have a twilight league of four or six teams if sponsoring firms can be obtained. A West Texas semi-pro tournament will be held here in July. Sixteen teams will compete for the state playoff at Waco.

### Baseball Banter

**By Judson Bailey**  
NEW YORK, March 22—(AP)—Bill Lee, the holdout pitcher, is working out with the Boston Red Sox in Florida while the Chicago Cubs fret in California. The reason Manager Frankie Frisch of the Pittsburgh Pirates covered up the identity of the player he fined \$250 for breaking training was because he is a young family man and not one of the playboys everybody suspected. When Clark Griffith had a cold nobody could keep him away from the Washington Senators' practice sessions—until his daughter, Thelma, hid all his trousers.

Don't stop if you've heard this one: When Ernie Lombardi arrived at the Cincinnati Reds' camp to end his long holdout, General Manager Warren Giles kidded him, "Well, Ernie, this is the earliest you ever signed a contract."

"How come?" grunted the big catcher.  
"Oh, I mean in the morning," hee-hawed Giles. It was 8 a. m.

Wes Ferrell may stick with the Boston Bees as a coach if he doesn't make the grade pitching. He has been working hard with Casey Stengel's green kids. Herman Shurton, the young hurler Hugh Mulcahy recommended to the Phillies, lived in a tourist camp until he passed Manager Doc Prothro's tests and was invited into the team's hotel. Jim Vernon isn't staying at the same hotel as the other Washington players because he brought his bride of nine days to camp and was too bashful to register there. Louis Newsom, the mighty man of the Detroit Tigers, who gave himself most of those nicknames like "Buck" and "Boho" by which he is familiarly known, now calls himself "Crown Prince Louie."

### TALKATIVE CUB ROOKIE PERMITS TEAM'S DEFEAT

LOS ANGELES, March 22—(AP)—Young Lou Novikoff, talkative rookie slugger, muffed a great chance today to become a hero. The Russian recruit struck out in the ninth inning with the bases loaded, allowing the Chicago White Sox to whip the Cubs, 4 to 3, and even their spring exhibition series.

**MILLERS TAKE 5 TO 0 GAME FROM LONGHORNS**

### McQuillan To Coach Christian Cage Team

FORT WORTH, March 22—(AP)—Texas Christian University announced today appointment of Herbert R. (Hub) McQuillan as the school's new basketball coach. Since 1935, McQuillan has been tutor of the Texas A&M court team.

The announcement, made by Athletic Director Howard Grubbs, came as a surprise in that speculation here had narrowed to Gus Miller, successful skipper of recent Texas Wesleyan College teams, and Forest C. Twogood, resigned coach at Idaho. Salary terms were not announced. Consideration of a new cage coach started almost a month ago when Mike Brumblow was relieved of his basketball work so that he could devote his entire time to the football team.

## Stellar Texas Golfers, Hogan And Nelson, Blast Competitors Out Of Lead At Greensboro Golf Tourney

**By Bill Boni**  
GREENSBORO, N. C., March 22—(AP)—Two wiry Texans who have grown squint-eyed staring into the sun along the tournament golf trail blasted big Vic Ghezzi and bibber Johnny Bulla out of the lead in the \$5,000 Greater Greensboro Open Golf Tournament today.

Lightweight Ben Hogan, who plays out of Hershey, Pa., shot a 66, equal to his best score in winning here a year ago, to pace the pack with a five-under-par 36-hole total of 135. But even with that fine score he was only one shot up on PGA Champion Byron Nelson, his traveling companion and buddy from their caddy days back in Ft. Worth. Nelson in Best Form

Nelson put together the greatest tournament round that's ever been played over the Sedgefield Country Club course. He was three under par on each side with a 32, and his 64 cut one stroke from the former mark set in 1939 by Hogan and Lawson Little.

Yet Hogan was on his way to an even better round when he stood on the tenth tee. To that point he had played nine holes in four under par, with birdies on the second, fifth, eighth and ninth for a 21. Benny, however, couldn't match his own blistering pace on the back nine.

### Baseball League Will Sell Soldier's Ticket

DALLAS, March 22 (AP)—The Texas League, on the assumption that military training won't abate interest in baseball, decided today to provide a "soldier's ticket" for enlisted men of all the armed services this year.

The tickets will admit the enlisted men to all parks on the same basis as prescribed for ladies' admissions. That varies slightly at the eight parks, but in effect it means that enlisted men will be able to view Texas League games for approximately half price.

## Johnston Holds Jinx For Louis Defense Fights

**By Sid Feder**

DETROIT, March 22—(AP)—Ever since he first walked down the fistic pike, Joe Louis' "peskiest" rival has been a little man in a derby who would have trouble even getting up to the lightweight limit, and who can only talk a good fight.

Up to now, of course, Jimmy Johnston hasn't come up from under his iron hat to swap punches with the heavyweight champion, but the little man has done something to a couple of fellows to change them from just ordinary fighters into rip-snorting terrors when they spot Joe.

These two—Bob Pastor earlier and Huge Abe Simon last night have lasted a total of 34 rounds with the Bomber in three fights. Last night Simon gave Joe enough headaches before being stopped in 13 rounds to cause Promoter Mike Jacobs to make a rematch for May 16 in New York.

Abe had nothing except a big chest full of heart and a left hand that did la conga on Joe's face most of the evening. Joe looked tired in the tenth round and probably felt the \$19,400 he received for the 15th defense of his championship wasn't worth what he had to go through for it. Abe's pay check was for \$8,371.10.

## Rain Keeps Midland Tracksters Idle At San Angelo And Here

Rain prevented holding of San Angelo's District 3-AA invitational track and field meet there yesterday and it kept the Midland high Bulldogs from a practice meet here.

Coach Murell Freels received a wire from San Angelo saying the meet was indefinitely postponed. He then planned an intra-squad meet with the relay team members competing against other tracksters. Intermittent rains stopped the practice meet.

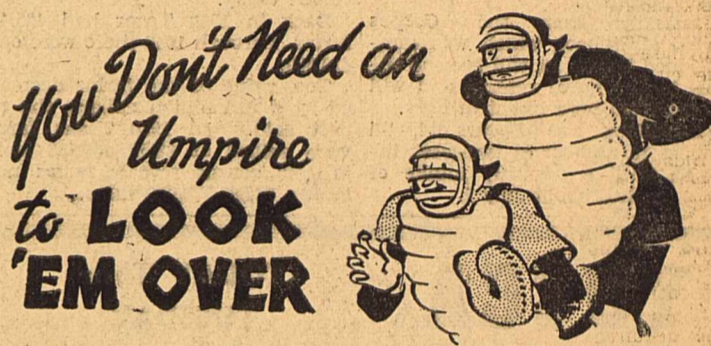

The Bulldogs will dig in for long practice drills Monday getting in shape for San Angelo's area invitational meet next week-end.

The district interscholastic track and field meet is scheduled on Lackey Field April 11-12.

### Whirlaway's Derby Stock Slumps With Weak Finish

MIAMI, Fla., March 22—(AP)—The Kentucky derby stock of Warren Wright's Whirlaway sank to a new low today when the 1940 juvenile champion failed badly in the stretch and finished third in a six-furlong test race at Tropicant Park.

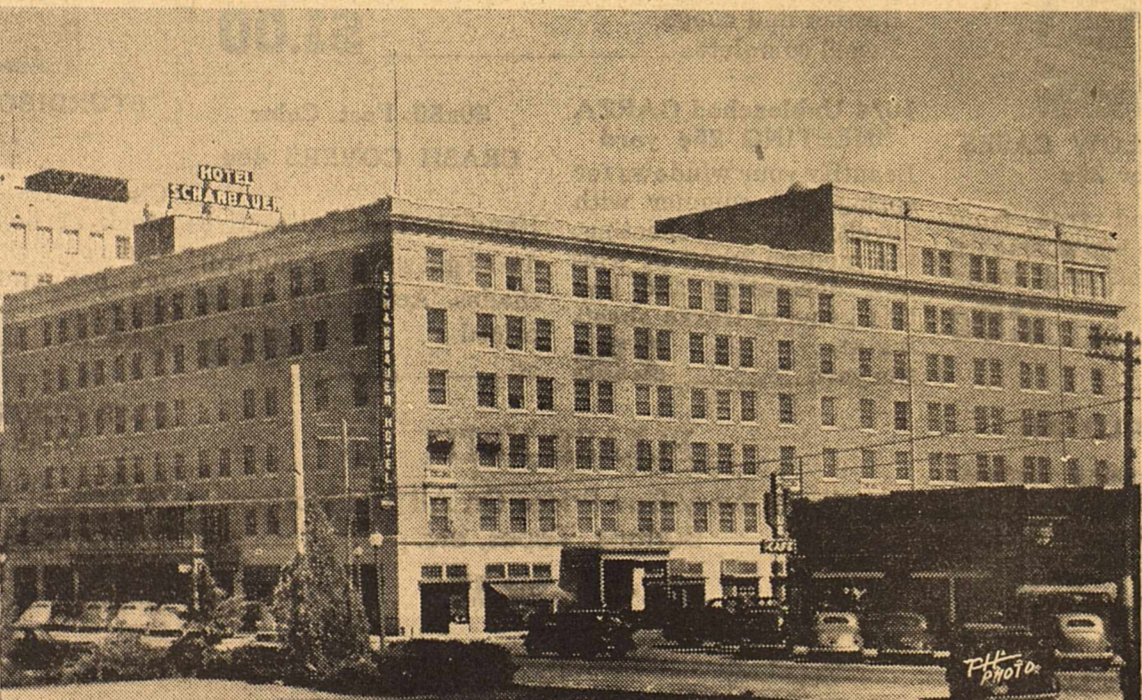

Mrs. L. Palladino's Little Bears, a speedy Derby eligible from New England, scored by a length in the \$1,200 Miami Springs purse, Mrs. F. Scully's Pony taking second place by half a length over Whirlaway.

Fifty-Two Cadets Start Air Training At Station

CORPUS CHRISTI, Tex., March 22—(AP)—Fifty-two aviation cadets, the first of an ultimate regiment of 3,600, were under a seven-month training course at the naval air station here today.

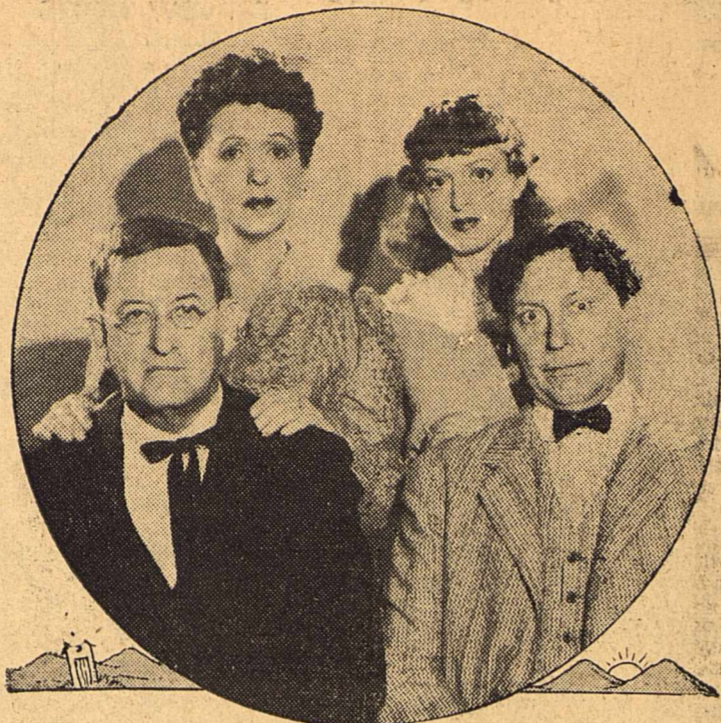

Graduates from the Corpus Christi air school, which was commissioned March 12, will become ensigns in the naval reserve and will be sent from here to active duty. The cadets, 20 to 27 years old, will increase in number at two-week intervals until a monthly intake of 300 is reached about July 1.

Texas Farms Fall Off 15 Per Cent In Decade

WASHINGTON, March 22—(AP)—Farms in Texas dropped off 15.6 per cent in total number in the ten-year period between 1930 and 1940, the census of Agriculture released by the department of agriculture, revealed today.

Back in 1930 Texas had 495,489 farms. Through 1940 there were only 418,002. Too, value of the farms decreased by a full billion dollars, the report said. In 1930 Texas farms were valued at \$3,597,406,886 while the '40 census reveals farms now have a \$2,589,978,900 value.

Sixteen Policyholders Meetings Are Held By Insurance Association

Willard W. Phillips

Instead of only one policyholders meeting this year, the Texas Employers' Insurance Association is holding sixteen separate meetings throughout the State of Texas. Willard W. Phillips, manager for the Midland district, said. These policyholders' meetings will be held during the month of March, the Midland meeting, in the form of a luncheon was held in the Crystal Ballroom of the Scharbauer Hotel on Friday with 67 guests from over the district.

These meetings will be in addition to the regular annual policyholders' meeting which was recently held at the association's office in Dallas, at which meeting the following directors were elected: Homer R. Mitchell, Nathan Adams, A. F. Allen, Lewis E. Ferguson, L. W. Groves, Harry P. Lawther, W. F. Pendleton and Leslie Waggener, Dallas; J. E. Burkhardt, Sr., and W. S. Mosher, Houston; R. L. Camrke, Fort Worth; E. A. Holmgren, San Antonio; T. S. Reed, Beaumont; Fred Schmann, Wichita Falls; Oscar Burton, Tyler; Captain E. Goudge, Galveston; A. T. Clifton, Waco; N. A. Ferguson, El Paso, and Arthur Temple, Texarkana, Texas.

Officers Elected  
Officers elected for the ensuing year are: Homer R. Mitchell, chairman of the board; A. F. Allen, president; L. W. Groves, executive vice president; Ben H. Mitchell, secretary; E. E. Watts, vice president and treasurer; C. G. Weakley, vice president and sales manager; A. H. Plyer, vice president and assistant treasurer; L. A. Guthrie, vice president and claims manager, and G. M. Crowson, assistant secretary.

Phillips said the annual report being made at policyholders' meetings this month reveals the association had one of the most successful years in its history. In addition to paying \$1,109,871 in dividends to its policy holders during 1940, the association increased its assets \$178,977 to reach an all-time high of \$5,544,845. The report also shows a surplus of \$1,595,796 and a contingent reserve of \$400,000. Premium income for the year was \$4,059,480.

Engineers Are Busy  
The association's safety engineers were constantly on the job during 1940 working with Texas business and industry in an effort to reduce

Theatres Participate In Greek War Relief Campaign In Midland

Greek War Relief Week, March 25-30, sponsored by the amusement industry will be observed at the Yucca and Ritz theatres.

The Bundles for Britain organization of Midland is cooperating in the campaign. Young women will be stationed in the lobbies of the two theatres from 7 p. m. until 9:30 p. m. Tuesday, Wednesday, Thursday and Friday, and from opening until closing time at the shows Saturday and Sunday.

They will solicit funds for Greek war relief and will be in charge of contributions. Donors will be supplied with label buttons indicating they have contributed to the cause. Zukor Is Chairman

J. Howard Hodge, manager of the theatres, pledged the full cooperation of his organization to the campaign. Adolph Zukor is chairman of the amusement industry division of the Greek War Relief Association.

Those who will accept contributions at the Yucca are: Tuesday, Mrs. R. G. Schuehle, Mrs. S. E. Roach; Wednesday, Mrs. E. M. Miller and Mrs. J. Homer Epley; Thursday, Mrs. R. W. Hamilton, Mrs. A. E. McKay; Friday, Miss Joyce Beauchamp and Miss Jessa Lynn Tuttle; Saturday, Mrs. Fred Fuhrman, Mrs. John Shipley, Mrs. Wright Cowden, Mrs. D. E. Baker, and Mrs. J. MAYOR INVITED FOR DALLAS FESTIVITY

Mayor M. C. Ulmer, with 99 other Texas mayors, has been invited to join in the "Shower of Flowers Over Dallas," Saturday night, March 29, for the preview showing of Gardens of the Americas, Dallas' international flower show and 100th birthday party. Mayor Ulmer has also received an invitation to festivities of the weekend.

Industrial accidents and save lives and limbs. Their work included investigating and reporting causes of industrial accidents, eliminating or guarding hazards of life and limb, and instructing workers in plant safety and accident prevention. In performing this service, the association's safety engineers traveled more than 350,000 miles during 1940. Through the constant efforts of these men, the lives of hundreds of Texas workmen have been saved, thousands of disabling injuries have been averted and the economic waste of industrial accidents has been reduced.

Claims and safety engineering services of the association are maintained on a statewide basis, these services being made available to association policyholders in Texas through nineteen service offices located in Abilene, Amarillo, Austin, Beaumont, Corpus Christi, Dallas, El Paso, Fort Worth, Galveston, Harlingen, Houston, Lubbock, Midland, Port Arthur, San Antonio, Sherman, Tyler, Waco and Wichita Falls.

Offices of the Midland district are in the Thomas Building, with new telephone number 1320.

### Easter Seal Sale Underway To Aid Crippled Children

Service League Is Sponsor This Year For Annual Campaign

"With Easter Sunday approaching, most of America's youngsters are thinking of the Easter bunny and wondering how many colored eggs he will bring them this year. But to the large number of children whose bodies are in some way physically crippled, Easter has come to mean far more—for it is through the annual nation-wide sale of Easter Seals that these children find opportunities they need to grow up like other youngsters and to become happy, useful citizens."

The Easter Seal sale is now in progress in Midland under auspices of the Children's Service League. It will continue to Easter Sunday, April 13, and during this period seals may be obtained from Mrs. W. T. Schneider, 2000 W. Brunson, phone 984-W.

1941 Easter Seal. A mailing list of 600 names has been prepared for the sale. This list is sent to the headquarters of the Texas Society for Crippled Children, Inc., in Dallas, which conducts the state-wide campaign. From this office are mailed the explanatory letters and the sheets of Easter Seals. The seals are a penny each and sponsors remind prospective purchasers that the sale of even a few of these little stamps will help in the work.

Two Babies Treated. Last year the sale in Midland was conducted by the City-County Federation and when expenses had been deducted and the profit divided equally between the state society and the Federation, Midland had \$73 with which to aid its crippled children. It is hoped to exceed this amount in this year's campaign.

During the past year a spastic baby was sent into El Paso for special treatment and a clubfooted baby sent to another specialist, with funds raised in the Seal sale.

Mrs. W. T. Schneider is chairman of the 1941 Easter Seal sale. Committee assisting her include: Mrs. R. L. Blunden and Mrs. Cooper Hyde, posters; Mrs. J. E. Dickinson, radio publicity; Mrs. Walter Collins, movie publicity; Mrs. John M. Hills, newspaper publicity; Mrs. Harold Adkison and Mrs. Robert Dewey, mailing list.

MRS. DEATON TO APPEAR AT CRANE. CRANE, March 22—(Special)—The vocal music department of the Crane High School is presenting Mrs. Lola Gibson Deaton, soprano, with Helen Dunham accompanist, in concert Monday evening at the school auditorium.

Mrs. Deaton is a composer, whose name appears in "Who's Who in the World of Music." She has concertized throughout the East, South, Southwest, and West coast.

Miss Dunham, the accompanist is from Abilene. Mrs. Deaton will conduct a vocal clinic for the girls' glee club March 25 at school.

CRANE MAN IS TPTA OFFICIAL. CRANE, March 22—(Special)—James Rodden has been elected secretary of the public schools music section of the Trans-Pecos Teachers' Association. He is head of the vocal music department in the local schools.

### All Wrapped Up In Patriotism

Silk scarves like the one worn by the model at the left are the latest in fashion imports from London.

They represent a brick wall covered with well-known British defense posters and with some of Winston Churchill's famous sayings.

Named the "London Wall," these scarves were designed by Jacquar of Grosvenor Street.

### Couple Wed At Wylie At Home In Crane

McCAMEY, March 22—(Special)—Mr. and Mrs. Chas. DeWitt (Jack) Smith are at home in McCamey following their marriage in Wylie, Texas, Thursday evening, March 13. The ceremony was performed in the presence of close relatives and friends in the Parish House, Father Lanvin of Wylie reading the vows. Attending the couple were Mr. and Mrs. Joseph Howery.

Mrs. Smith is the former Miss Ruth Bellmyer, daughter of Mr. and Mrs. Walter Bellmyer of Wylie. She is a Plano high school graduate and trained at St. Paul's School of Nursing in Dallas. For her wedding costume, she chose flag blue with beige accessories.

Mr. Smith is a son of Mrs. W. H. McKinney. He came to McCamey three years ago and is employed by the West Texas Utilities Company.

### Mr. and Mrs. Wiley Honored At Banquet

CRANE, March 22—(Special)—A banquet and program sponsored by the Band Boosters Club honored Mr. and Mrs. D. O. Wiley of Lubbock Thursday at noon at the Methodist annex.

Mr. Wiley was here for a two-day band clinic.

President of the Boosters Club, Mrs. J. W. Murtishaw, introduced the Crane school band director, Jacques Nonce who presented Mr. Wiley.

Mr. Wiley estimated the Crane band as "well rounded in music fundamentals," adding, "I don't think I have ever seen another class C band in the state that reads and plays as well as this one."

Before dinner, Marjorie Branden sang two numbers, accompanied by James Rodden; Allen Murtishaw and Guy Eddie Bosworth played a clarinet duet accompanied by Tom-mye Lou Hamblitt.

**Legion Post Will Revamp Auxiliary**

The Woods W. Lynch post of the American Legion will sponsor reorganization of the women's Legion Auxiliary here. A meeting has been called at 8 p. m. Tuesday by Commander W. B. Preston.

Preston said, "in order to assist in keeping patriotism as a part of the education of every child and keeping this patriotism alive in the minds of all adults, the post is endeavoring to sponsor this organization."

The following statement was issued regarding the auxiliary: "The principles and ideals upon which the American republic was founded and for which its men have shed their blood on many battlefields are high in the hearts of the women of the Auxiliary. They believe that these things are the foundation of our greatness and should be safeguarded for the tomorrow of America. They are working to keep sullying hands from dragging down the bright colors of idealism which have guarded our nation, and to keep destroying forces from blasting away the basic principles of our national life."

**Frame Garden Will Grow Varied Foods**

"A frame garden will grow more things than just lettuce, radishes, and greens," Mrs. W. H. Seals of Valley View Community reported to a group of people attending the land use planning meeting at Valley View School recently.

"I canned 16 1/2 quarts of Kentucky Wonder beans and we ate from the vines all the time, she stated. The beans were staked and I had cucumbers on the ground below. I canned 19 quarts of cucumber pickles from these vines and we ate from them all the time. Our garden is 40 feet long and 5 feet wide, and I just wouldn't take for it," she added.

This may read like a modern version of the "Bean Stalk Story," Miss Alpha Lynn, county home demonstration agent says, "but this is not an exaggeration. An enriched soil, subirrigated, and covered with thin canvas over a protection frame around all sides will produce bountifully from September through the fall, winter and spring." Miss Lynn stated, "A number of frame gardens in Midland County are at the present supplying tables bountifully with salads."

**SUNDAY SCHOOL LESSON**

**JESUS CONDEMNED AND CRUCIFIED**

—Luke 22:39-23:56; Isa. 53:7-12; I John 4:16; 4:16; Jno. 3:16. Lesson Outline by W. W. Lackey, Teacher.

**I. THE CROWD IN COURT:**

- The three Jewish trials of Jesus; the three Roman trials of Jesus.
- Five glaring irregularities in the preliminary trial of Jesus.
- A rash act; following afar off; warming by the enemy's fire.
- The denial; the look of Jesus; Mrs. Browning's "Meaning of the Look."

**II. THE SEVEN WORDS OF THE CROSS:**

- "Father, forgive them; for they know not what they do." Luke 23:34.
- "Today shalt thou be with me in paradise." Luke 23:43.
- "Woman, behold thy son! . . . Behold thy mother!" John 19:26, 27.
- "My God, my God, why hast thou forsaken me?" Matthew 27:46.
- "It is finished." John 19:30.
- "Father, into thy hands I commend my spirit." Luke 23:46.

**III. WATCHING JESUS ON THE CROSS:**

- Watching Jesus: "Sitting down they watched Him there." Matthew 27:26.
- Malice-hate; idle curiosity; force of example; indifference; afar off.
- Individual types: Pilate; Judas; the dying thieves; friends; loved ones.
- "Ecce Homo! Ecce Bibes! How lookest thou, how readest thou?"

**IV. CHARACTER STUDIES:**

- The strength of a just life; the cost of prejudice: "No king but Caesar."
- Convicted in a church trial; Herod's farce; Pilate, the unwilling judge.
- Decisions: Christ or Barabbas; prejudices versus intelligent values.
- "Suppose he were the Son of God?" Bushnell; "Let him be crucified."

**V. PRACTICAL:**

- Alone in prayer, alone for prayer, definite thing for prayer.
- Prayer in soul sorrow and crisis: "Men's extremity, God's opportunity."
- Sympathy in sorrow; bodily weakness, spiritual response; food for rest.
- Complete surrender difficult; surrender and victory in prayer.

**VI. SENTENCE SERMONS:**

- "The cross, bold type of shame to homage turned Of an unfinished life that sways the world."—Lowell.
- "Not in dumb resignation We lift our hands on high, Not like the nerveless fatalist, Content to trust and die; Our faith springs like the eagle Who soars to meet the sun, And cries exulting unto three, O Lord, thy will be done!"—John Hay.
- "We take with solemn thankfulness Our burden up, nor ask it less, And count it joy that even we May suffer, serve, or wait for thee Whose will be done."—Whittier.
- "As from Christ his spirit of the cross for our daily life; Habitual patience, self-restraint, self-forgetfulness, charity, and tenderness for others."—George Adams Smith.

**Short Is Prospective Druggist President**

Lester Short, Midland druggist and vice-president of the West Texas Druggists association, is considered a prospective candidate for the president of the association. Officers will be elected at the fall session. Bert Pinson, Lubbock, is president. The association closed a convention in Big Spring Friday.

**Mediation Board May Be Adequate**

WASHINGTON, March 22—(AP)—The United States Chamber of Commerce expressed belief today that President Roosevelt's creation of a national defense mediation board would "eliminate the necessity for legislation banning strikes."

Despite this statement by the chamber's board of directors, considerable sentiment continued to be manifest at the capitol for further government action to deal with strikes affecting armament production.

Chairman Vinson (D-Ga) announced that the House Naval Committee would begin hearings early in April on a bill which would ratify the president's creation of the board, forbid additional "closed shop" agreements, bar subversive workers from munitions industries, and require a 30-day "cooling" period before strikes could be called in defense industries.

**Texas Legislature To Study Tax Again**

AUSTIN, Tex., March 22—(AP)—Lumbering steadily ahead, the legislative machine next week again plows into the subject of taxes, still the toughest before the general session.

Starting Wednesday night, the Senate state affairs committee will hold a series of public hearings on the omnibus tax bill recently passed by the House of Representatives.

**Millions Contribute To Income Tax Record**

WASHINGTON, March 22—(AP)—Millions of new tax payers contributed to a record income tax collection of \$1,139,394,637 during the first 20 days of March, the treasury reported today.

The tremendous flow of initial payments of 1940 earnings compared with \$621,448,616 collected in the corresponding period of last year, and brought predictions from government experts that the fiscal year total would exceed the budget bureau's estimate of \$3,000,000,000 by around \$500,000,000.

The start of the fiscal year last July 1, income tax collections have amounted to \$2,347,187,793, or about \$850,000,000 more than during the corresponding portion of the previous year.

**TAFT DOUBLY FAMOUS**

William Howard Taft was the only man to have held the two highest offices in the United States. He was president and, later, chief justice of the supreme court.

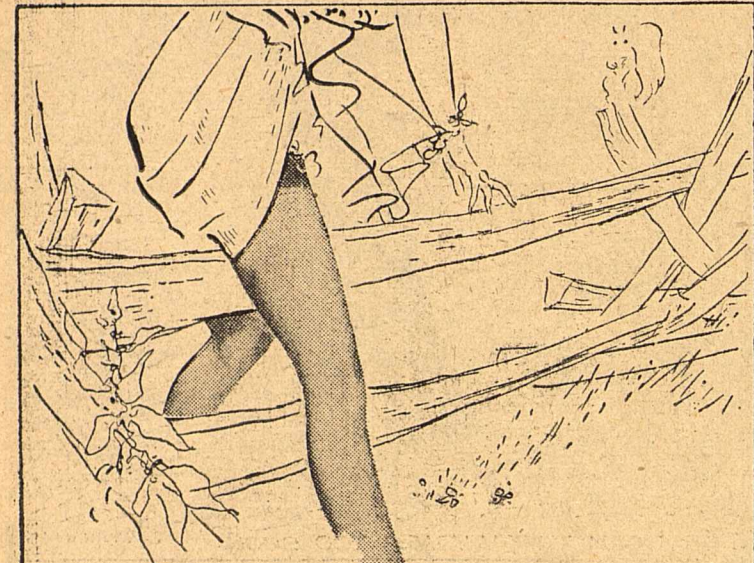

**DEER GUESSER NEARLY RIGHT**

LAKEPORT, Cal. (UP)—Captain Dave Dondero of this city won the pool made up by California state game wardens for the one who would make the nearest guess of the number of deer shot during the open deer season this year. His guess was 46,324, the number killed was 46,302.

## SERIAL STORY

## DOLLARS TO DOUGHNUTS

BY EDITH ELLINGTON

YESTERDAY: Hee refuses to give up despite the hard work at Huntington's. Her first pay check—the first money she has ever earned—is adequate reward. She pays more attention to Mr. Bradley, who hopes to work up in the business. Toby says he has no time for girls, suggests Hee try to get a date with him.

Painful red flooded into the man's lean face. He opened his mouth. The brown eyes took in the heightened color of Beatrice's cheeks, the snapping eyes, and suddenly Mr. Bradley closed his mouth again, without saying anything.

“You’re all riding me!” Beatrice cried. “Just because I don’t talk the way the other girls do! Just because I know something about style and fashion and try to help these blundering idiots who come in here rigged up like caricatures!”

Mr. Bradley's expression changed.

Beatrice said quickly, “Excuse me for saying that about being a fool . . . I didn't mean it. It's just that I've taken so many gratuitous insults from so many people around here lately, and haven't been allowed to retort even once. I'm not accustomed to this Spartan self-control.” Her smile flashed. “Will you forgive me?”

Mr. Bradley said quietly, “Forget it. I couldn't fire you if I wanted to, if that's what you're thinking. My authority is extremely limited. So limited it is non-existent. And like you, Miss Davis, I'm not accustomed to Spartan self-control either.”

Miss Dane's rheumy eye spied them. She hurried over, her tight black dress straining at the seams, her blood-red nails startling against the pearls she pulled on nervously. “Aren't you going to lunch, Miss Davis? Don't hold us up!”

At the elevator, he was waiting. “It's my time to eat, too. Do you mind if I—I lunch with you?”

“I'd love it.”

ALL at once, the feud was over. Yet, in the cafeteria, she leaned across the table and said, “I've had the feeling, ever since you came, that you've been laughing at me. Why?”

“I haven't been. I've been too busy learning my job. It's all new to me. I've concentrated on making that quota. And I thought I was doing fine when you bawled me out for advising the customers. . . .”

He played with a fork. “Miss Dane's orders.”

“She doesn't know as much as she thinks she does! Times have changed since she started. I'm sure what I was trying to do is much better than selling a customer any dress, just to sell it. Any? It's my dream to prove I'm right!”

“It's my dream to get out from under her thumb,” he said. “In a couple of months, I ought to be way out. I—I'm studying merchandising at night, in a school of . . .”

“You could be general superintendent, come Mr. Bruce Sheldrake need do any overtime worrying,” he smiled. “But if you think I'm a ball of fire, you're the first girl who ever did. And that's heartening.”

“Lots of girls must have liked you . . .” She dropped her eyes. Suddenly she caught sight of her wristwatch. “Mercy, I've got to run!”

“There's not much time for mutual understanding in Huntington’s,” he said. “Oh, I'm not blaming them, most of them never had a chance. But Mr. Bradley, if you see this store differently—if you see it the way an architect sees the vision of a house that hasn't even been started yet—if you're really so absorbed and sincere that you're going to school at night after a hard day here—why I think nothing can stop you from coming out on top! She was breathless, carried away. “You could be general superintendent, come Mr. Bruce Sheldrake need do any overtime worrying,” he smiled. “But if you think I'm a ball of fire, you're the first girl who ever did. “There's not much time for mutual understanding in Huntington’s,” he said. “Oh, I'm not blaming them, most of them never had a chance. But Mr. Bradley, if you see this store differently—if you see it the way an architect sees the vision of a house that hasn't even been started yet—if you're really so absorbed and sincere that you're going to school at night after a hard day here—why I think nothing can stop you from coming out on top! She was breathless, carried away. “You could be general superintendent, come Mr. Bruce Sheldrake need do any overtime worrying,” he smiled. “But if you think I'm a ball of fire, you're the first girl who ever did. And that's heartening.”
