Members of the Muleshoe City Planning Commission, an arm of the city government, went to Tulia, Pampa and Lubbock Wednesday in the "continuing investigation" of the desirability of a Muleshoe P.O. for the future development of Muleshoe. The group was headed by the commission chairman, James Jennings. Others included Roy Davis, temporary secretary; City Manager Albert Field and Ben Yeager, a commission member.

Muleshoe Roping Club, at its meeting Monday night, named Dillard Morris president for 1965 - 66 and Melvin Malone secretary - treasurer. The group, meeting in Muleshoe Farm & Ranch, made plans for its annual free junior rodeo to be announced in May. They also discussed plans for a junior rodeo to be held during the annual July 4th series of events. John Freid is the retiring president.

Gloria Davis was the speaker who showed "most improvement," Curtis Walker made the "best speech" and Margaret Doss copped the achievement award at the Dale Carnegie series this week.

Eddie Puckett, Muleshoe, a South Plains College sophomore is paying part of his college expenses with money he wins in rodeos. He figures he's made \$1300 via rodeos. He rode his first bull when he was 13 in a rodeo in Clovis. Born at Amherst, he has lived here since he was 4.

Three Muleshoe men have pledged Texas Tech fraternities, it was announced this week. They include Barry Thomas Lewis Jr., and Donald Alex Williams to Kappa Alpha Order, and Jerry Lynn Howard to Sigma Nu.

Visiting in the Earl Peterson home with Pat Sunday, was Gayle Jones of Luders, now attending Wayland Baptist College in Plainview. She is an outstanding Queen Bee, and is one of five out of nine who will leave April 4 to play in the national tournament in Gallup, N. M.

Next Monday night will be "ladies' night" for the Muleshoe Toastmasters' club when new officers will be installed. They include Delbert Berry, president; Clarence Mason, educational vice - president; Dr. W. F. Birdsong, administrative vice - president; Jim Berry, secretary - treasurer, and Carl White, sargent - at arms. The club meets every Monday night at 7:30 for dinner at Paul's Restaurant. Drunks Top City, County Arrests

Seven out of 14 persons who landed in the county jail here over the weekend reached the bastille by way of the John Barclaycorn route a check of the sheriff's and police officers' records revealed.

Seven drunks in the weekend probably sets some sort of a record for this time of the year. The city officers picked up four drunks and landed two more in jail on charges of traffic violations.

The sheriff's office picked up one person on a DWI charge and one for being drunk, while the Highway Patrol arrested one DWI and two drunks. In addition, the sheriff's office picked up three on worthless check charges, a check of the lotter revealed.

Potato-Planting Kicks Off Farm Year; Land Bedding For Irrigation Under Way

Winter's two belated and unexpected stabs at the Muleshoe area, one Thursday and the next one Monday night, put a crimp in planting operations here. For that matter practically all farm operations slowed to a crawl as the thermometer plummeted to record lows for this late in March.

Potato planting and planting of other crops predominated the agricultural scene as the

farmers' busy spring season got under way. Stan Barrett reported about 100 acres of a 300 - acre potato crop had been planted. Planting of spuds ran behind schedule, due to the adverse weather of recent days. Thus only about one - third of the expected crop had been planted.

Bailey county Irish potato production has dropped from 860 acres last year to only 300

planned for this year, say farm experts. Barrett is the only producer for 1965.

Still another factor in the spring farm season is the labor picture. The labor situation, said one expert, is making the vegetable - growing prospects "very dim in this area this year."

However, plans are afoot to grow about 80 acres of okra for seed, and this crop will be har-

vested with a combine.

Meantime, farmers are making final preparations for their irrigated crops. J. K. Adams, county agent, said "approximately half of the heavily - irrigated area cotton acreage is getting a pre - plant application of herbicide for weed control."

The county agent recommends that "close attention be paid to all state Extension Service recommendations as to the proper use of these powerful nese chemicals."

He adds: Improper use is known to cause stunted root development, poor stands of cotton." (Extension Service specialists have compiled their recommendations into leaflets which are available at the County Agent's office here.)

How much or how deep or when to apply has been the basis for many discussions, and this spring, apparently, more farmers are using herbicides than ever before. The county agent recommends that farmers abide by the recommendations of the Extension Service agents in applying herbicides.

Labor Office Lays Down Rules For Use of Alien Farm Workers

Texas Employment Commission office here Wednesday received a U. S. Department of Labor policy statement outlining the requirements that farmers must meet when offering jobs to alien immigrant workers under the new immigration and nationality act.

The rules apply only to foreign help and are not applicable to domestic farm labor. Jesse Young, local manager, explained: "Farmers who do not use this immigrant labor on a vista basis, can pay whatever they want to for help - 50 cents

an hour if they can get anybody to work for that price, but strict rules apply to use of foreign help."

The new policy statement by USDL "outlines those wages and other conditions which a farmer must offer domestic workers before the Department of Labor will consider approving his offer to the alien workers," said James H. Strauss, TEC district director.

"We realize that farmers in this area face problems related to the end of the bracero program, and we want to assure

them that TEC will do everything possible to help our farmers get workers when they are needed," Strauss declared.

He pointed to a USDL statement as saying, "we wish to make it clear that this action in no way establishes wage rates for domestic agricultural workers. . . The employer, as in the past, employ domestic workers at any rate agreeable to the domestic worker."

The complete USDL policy statement is available at the local TEC office, 322 W. 2nd, in Muleshoe, Young explained.

Here are a few of the points mentioned in the USDL policy statement: "Not less than \$1.25 per hour for any kind of general year - round farm work. The job must guarantee the worker \$50 a week. All hours in excess of 40 will be paid at the \$1.25 rate. Housing, utilities, and transportation to and from the See WORKERS, Page Four

Absentee Voting Still Lagging

Voters still are not beating a well - worn path to the courthouse and the city hall to cast absentee ballots for school board and council candidates in April elections.

A check late Tuesday revealed that no absentee ballots had yet been cast in either election. Voters, however, have until April 2 in which to ballot absentee for council places, but absentee voting for school board posts ends March 30.

40 Due to Attend Credit Short Course

Much interest is being shown by Muleshoe area merchants and their employees in a "Retail Credit Procedures" course that will be conducted by The University of Texas at Muleshoe High School starting next Monday, and running through Thursday night, sponsors said Thursday.

Charles Lewis, president of

the Muleshoe Chamber of Commerce, said at least 40 were expected to be in attendance when the first class starts.

The course is being sponsored by the Chamber, Retail Merchants Association, and Distributive Education Department of the High School.

A multitude of subjects will be covered during the 10 - hour course, which is designed to assist management and personnel handling credit and collections in ironing out problems that arise day to day. Also, there will be explanations of the latest techniques being used successfully to make open accounts more profitable. reduce See COURSE, Page Four

3 Parmer County Men to Testify in Washington

Parmer county Farmers Union has voted to send three farmers to Washington to testify before the Agriculture Committees of the Senate and House when programs on wheat, cotton and feed grains will be acted upon, Earlen Bullock, publicity chairman for the organization, said Wednesday.

Those who will go are J. C. Redwine, Freeman Davis and Joe Bullock. Sam Bradley will serve as an alternate. The Parmer county group voted at its meeting earlier this month to raise funds to send the three to Washington.

Joe Bullock was elected vice-president of the Parmer county Farmers Union to complete the term of resigning Glen Lesly who is moving.

A favorable report on the membership drive was given by Sam Bradley. From the Lazbuddie community, 35 new members were signed up. The See MEN, Page Four

School Golfers Win Second; Olton First

Muleshoe high school's golf team wound up second in a West Texas high school tournament held at the Muleshoe Country Club Monday, but the big prize went to Olton.

The team from Lando county had a team total of 472 for the 27 holes, and Muleshoe finished with 490. Hereford's team with a total of 497, finished in third place.

Olton players were Roger Thompson, Darral Glover, Leon Kendall, Bob Taylor and Stan Pendegrass.

Muleshoe's team was composed of Bill Hart, Sam Johnson, Mike Bryant, Jay Ward and Dave Watts.

Individual honors went to Roger Thompson, Olton, who had 37 - 38-37 for a total of 112. Tied for second place were Dickie Dyer, Dimmit, with 25-37-41 - 113, and Y. A. Ganna way with 37 - 41 - 35 for a total of 113.

Olton won the Region I AA championship last year, and the Olton lads look good again this year.

The average score for each player on Olton's team was 39 in the tourney here Monday.

Hereford's team was composed of Andy Channer, Jim Young, Bob Rainer, Gordon Goldon and Roger Owens.

CB Radio As Hobby, Service

There was this guy from Nebraska who took the wrong turn while coming through Muleshoe. Citizens Band Radio straightened him out and put him on the right road heading toward where he was going. It happened to be Georgia.

And there was the accident near Earth. Citizens Band Radio got help for the injured, and quickly. . . Of the man who was trying to find a relative who lived on Rural Route 4 - or something. . . Citizens Band radio located the relative, got the two together.

And there was the farmer who broke a tractor part while plowing the north 80. . . Citizens Band radio had the part on its way to the field within 30 minutes.

These are just some of the examples of how Citizens Band radio is being of service to folks in this area.

There's another side to CB radio too - it's the fun side, the social aspects.

Friday night, April 2, CB radio owners will get together at Bailey County Electric Coop for a coffee, cookies and dominoes' session. . . and they'll talk over their experiences with CB radio.

The Citizens Band Radio Club of Muleshoe has been formed. See RADIO Page Four

Rites Conducted For Dan Darsey, Longview Man

Dan Dale Darsey, 43, Longview resident since 1946 and active in the Soil Conservation work and his church, died in West Plains Hospital here Saturday following a heart attack.

Funeral services were held Monday in the First Baptist Church here, conducted by the Rev. W. A. Lacey. Longview Baptist Church pastor, and by the Rev. Jim Green, Kingsland. Burial was in Bailey County Memorial Park with Singleton Funeral Home in charge of arrangements.

Pallbearers were Troy Clem, O. G. Killingsworth, Dale Fischgrabe, W. B. Kittrell, J. R. Carter, James Warren and Bruce Slayden. Honorary pallbearers included Sherman Inman, I. L. Kitchens, Jackie Maser, N. A. Dunlap, Ralph Black, Douglas Boles, John Hamparey, Gordon Tiller, Dub Raland and Horton Griffin.

Darsey was treasurer of the Longview Baptist Church and a member of the board of directors of the Blackwater Valley Soil Conservation District. He was a captain in the Army in See RITES, Page Four

Llano Estacado's Evening in Paris Delights Scores

More than 350 accepted an invitation extended by Llano Estacado Civic Club to spend an "Evening in Paris" by attending the fourth annual style show held at 8 p.m. Friday in Muleshoe High School Cafeteria.

Proceeds from the benefit will go for improvement of the Girl Scout Little Hut.

Mistress of ceremonies, Arlene Phelps, told the audience, "It's pleasing to know that Muleshoe has so many supporters of Girl Scouts, and Llano Estacado Civic Club, as well as being fashion conscious."

Sherry Burgamy set the mood by opening the program singing "April in Paris."

Then Paris, began to bud and came into full bloom with the progress of the evening show. Rheata Peeler was the first ar-

rival to Paris and wore a white Arnel Jersey, permanently pleated, sheath dress with a red double-breasted jacket with gold-button trim to give it just the right touch. White accessories were complimented with a smart black straw cloche with patent bra.

Sheryl Mason was attired in a flattering princess sheath topped with a scalloped collar. Streamers and bows of matching velvet added extra appeal.

Next on the stage was Pam St Clair modeling a two-piece seafoam knit of 100 percent dacron, marvelously shaped with newsy up-to-date lines. Pam chose white lizard shoes and Pretty flowers on her high crown roller and white gloves gave the look of spring, all perfect for Easter.

Kerna Nickels too, the spotlight with a practical, machine washable, woven cotton in pleasing plaid. The shirt shift

had a Bermuda collar, buttoned cuffs, tie belt running through bias patch pockets and pearl buttons: a lovely carefree frock.

An olive green silk of combination wool and silk blend was worn by Wister Harrison. This crease-resistant suit was complemented by a white shirt and matching olive and brown, all-silk tie.

Susan McVicker was attired in an overblouse silhouette enhanced with a bead-trim outlining the blouse. Susan chose black leather shoes and carried a black satin, beaded clutch bag.

A "must" for a practical wardrobe was modeled by Doris McKinny. The "must" was a 3-ply double knit dress, washable, packable and spot resistant in irresistible hot pink floral.

Three-piece suits were added to the fashions of Paris by Mrs. Ross Goodwin wearing a

toast-colored ensemble with trim of red, white and royal strips of whipped cream. The trim ran through bound button-holes. She added a beige hat and carried a beige bag of rough straw toast gloves and brown patent heels.

Paris, of course, offers sports. For this occasion Karen Parks wore a slim sportswear set in banana color. Topping the slim pants was a long-sleeved blouse with collar and cuffs of banana which matched the pants. A cut-away jacket featured lace trim.

Swinging into fashion today was a two-piece cotton double knit ensemble worn by Penny Gaston. The waist-length over-blouse and slim skirt in the season's popular pink is popular for all outings.

The younger set in Paris also looks smart and sporty in wrinkle skippers. Karen St Clair modeled this permanently

pressed, machine washable garment for proof of the matter. The over-blouse featured the finest washable fabrics with the stretch-dry skippers.

Sophistication is also a "watchword" in Paris. Virginia Gholson modeled this air in a popular walking suit. A neat white blouse with a softly-tica collar graced an easy jacket of a Buttessa Knit three-piece suit. A Panama straw hat with red and navy trim, black accessories and white kid gloves added a dash of sparkle.

S-T-R-E-T-C-H in playclothes was shown in a durable double knit and worn for "evening in Paris" viewers by Hope Dean. Her pants gave with every move she made for comfort and durability and the ruffle-trimmed white cotton blouse was feminine, yet easy to care for. . . . just right for little girls.

PART I

Donna Precure added new lustre to the spring landscape in her sheath dress of pale oyster-bisque accented with a lowered waistline. Donna chose beige shoes and bag with dressy mid-heels. She added a yellow roller and gold-tone jewelry.

Dolly Airhart showed spectators an utterly feminine fall of ruffles in the three-piece suit she wore. The suit was a blend in white and black cord. The snail top and ruffle trim was of white cotton sharkskin. To complete her ensemble, Dolly chose a black sailor straw and patent shoes and bag. Her gloves were wrist-length of white leather.

A silhouette of elegance for a gala evening in Paris was superbly designed in a simple dress. Beneath the sequined top Betty Parkman modeled a beautifully textured crepe gown, designed with a V-neckline.

After five dresses are also a must, Ruth Roberts modeled a magnificent design of cotton lace. The double-breasted jacket had pearl buttons and patch pockets. Her scalloped braid outlined the flattering portrait, collar and extended down around the bottom of the jacket and sleeves.

The smart young masculine set has a place in Paris fashion. Bill Dean looks his casual best in his cotton coordinates. He wore a cotton shirt-jac with side button adjustments. His walking shorts and proportioned continentals. . . the "most" for . . . BOYS!

Andy Kay Thompson brought the spring garden collection to life in her blue cotton dress with an embroidered bodice. The sleeveless garment featured a skirt of unpressed pleats. . . nice in Paris or (in Muleshoe.)

The "cuties" of the show brought the audience amusement and admiration. Tiny Ron-

jacket. This leaves a lovely two-piece dress with a smart revers strip over - blouse.

A Polka dot blouse, featuring the popular V - neckline, in colors of red and white worn with white slim pants, is all - the go for an afternoon of leisure. This outstanding sports outfit was shown by Judy Elliott.

The "chic" look can be obtained by wearing a handsome ripple - stitched knit wool bound in satin. Winona Jordan insists that she makes her ensemble look more delicate by the use of beads and stones combined in fragile shales with matching ear clips. She completed her ensemble with black patent accessories.

The casual look comes into view with Ann Phelps wearing the "shift of action." Her semi-fitted shift was suitable for art classes, campus sports and was designed with side pleats with a two - piece effect. White sneakers for comfort add the collegiate look.

Beginnings any season is the

basic, all - black dress. Elizabeth Thomson wore this stunning style designed from imported Italian silk. She added a smart leather bag and kid pumps with Mother of Pearls accentuating the rounded neckline. Her hat was of black roller straw.

From dramatic class to Paris, Doris King was properly dressed in her blue shift, featuring ruffles at the neckline, on the sleeves and down the front. White accessories complemented this casual garment.

The younger miss with an eye on fashion is Brenda Weeks. For the parade of Paris fashions, she wore a pleated skirt and plaid top. "Dainty" was the word for her ruffled blouse. She can wear this when she visits the Louve in Paris.

"Neat and Sweet" is the words for the skirt and popular "joe" styled blouse with a sailor collar worn by Brenda St. Clair. It featured a red tie and was the "non-muss type" garment.

"A Burst of Spring" best describes a suit that truly sings with zing! The beautifully designed suit is emphasized by pearlized buttons and shoes and bag fast blended with her selection.

A flattering portrait collar which tops a full fashioned jacket, is a style becoming to Cecile Cunningham, who modeled this smart outfit for Llano Estacado Civic Club's style show. For the height of fashion, Cecile donned a roll - brimmed straw hat of black and chise black kid gloves and shoes which harmonize.

Vera Diel modeled a sleek white suit of silk blend with a slightly textured look, styled with a double - strand pearlized neckline. It's own shell top blouse has a single button at the waist of the jacket. Vera's ensemble was highlighted with an imported Christian Dior hat.

A cool afternoon in Paris can well be taken care of by listening to Mary Moore. This situation was well in hand when wearing a pure silk sheath of green and a white full-length coat. Mary says matching shoes and bag of lizard are "lways god." or "smrt."

The natural beige crocheted linen top, trimmed with a band of sherbert pink, royal and lime

As the Parisian presented a last selection, Linda Griffiths appeared in a soft - flowing gown of white taffeta with tiered silk organza ruffles. Shoe-string straps added to the simplicity to the flattering lines.

"Exciting Paris! "City of Light" . . . "Capitol of the World" a town . . . like a woman with flowers in her hair. . . . awaiting the tens of thousands of visitors who pour in every year; soak up art; learning culture and pleasure.

Students come to study; writers come to live and work; tourists to see the famous buildings, squares, and monuments. And we, especially after tonight, can't remember when Paris has not been the world's center for women's fashion." Mrs. Phelps said in the grand finale.

Llano Estacado Civic Club extended special appreciation to merchants who made this benefit possible: Coob's, St. Clair's, Antonyms, Fashion Shop, Montgomery Ward, Dot's Shop for supplying models and apparel and to supplementary stores: Johnson Furniture, Williams Brothers, Western Drug, KMUL, Joe Dameron, Southwestern Public Service, Elizabeth Black and art students: Singleton Funeral Home; Muleshoe Garden Center, Muleshoe School System, Muleshoe Journal, Alsop Cleaners, Decorators 216, and those who participated in the general interest of the show

ribbon accents a new air of femininity in summer pants and skirts. LaVerne Simmons stresses this point as she introduced the New sport style of casuals in matching sherberts pink pants. Back buffont beauty, sugared with red embroidered flowers is a springtime tradition in Paris fashion. Gail Locker depicted meeting her date in Boulevard St. Michel, is attired and radiant in just such a Paris frock. Little girls know everyone wear them, too! Her appeal for privilege reached the ears of the owner of Dot's Shop. . . . a shift for the small fry. . . . Yes-siree! Jaycettes Meet At Devaney Home

The high point of the Wednesday night, March 16, Muleshoe Jaycette's meeting at the home of Sue Devaney was the presentation of the 1965 - 66 yearbooks to members.

Mrs. Devaney was chairman of the yearbook committee and was complimented by the club on an excellent job. The books have blue covers with gold letters, and contain the names of all members, officers, social events, and meetings with hostess names, dates, places.

In other business at the meeting a ways and means committee was organized and four members elected. They are Patsy Berry, Sue Devaney, Marlene Martin and Ann Johns. Susan Black was appointed on the telephone and membership committee, Wanda Spain was appointed as parliamentarian by the executive board.

The Muleshoe Jaycettes voted to set up a concession stand servicing cokes and candy at the Muleshoe Jaycettes Destruction Derby to be held here Sunday, April 11 at 2:30 p.m.

A game night social will be held by the Muleshoe Jaycettes April 1. Each member was asked to bring a favorite game.

Convention Open To Area Women

Muleshoe area women have been included in an invitation to the Texas Garden Club convention.

Refreshments will be served, it was announced. The next regular business meeting is scheduled for April 13 at 8 p.m. at the home of Darlene Henry.

Members attending were Mrs. Devaney, Mrs. Henry, Linda Lana, Wanda Spain, Janet Kinard, Margaret Gleason, Shirley Walker, Ann Johns and Virginia Beller.

Members of garden clubs in the 59 counties that make up District One of Texas Garden Clubs, Inc. will meet in Amarillo April 8th for their annual spring convention. Headquarters will be the Coronado Inn, 701 Pierce Street.

The Panhandle's great prehistoric Alibates Flint Quarries dictated the convention theme "Rocks Through the Ages". A bus trip to the Quarries and adjacent Pueblos will conclude the meeting April 9th.

It has eight members, a president and a secretary, but there are already 20 CB operators in this area, and the club hopes to line all of them up in the club to make CB radio in this area an even greater service to the public... and more fun, too.
Don Gover, who farms a half section north of Muleshoe, is the president, and Mrs. Meredith Freedle is the secretary. At that April 2 session, they'll name more officers and plan a series of monthly socials.
Citizens Band radio is not new, but in this area it just recently started to "catch on." It's purely non-commercial and has for its purpose both service and fun, and it's doing both jobs here, says its enthusiastic president.
Elsewhere, Citizens Band radio is catching on like wild fire. Already there are 14,000 sets in the CB XIT territory - roughly the northern half of Texas. CB radio has very limited power; that's the reason so

many sets are possible without interference. The government has assigned 23 channels in the 11-meter radio band to citizens' use. The sets operate on only three watts which means they have a normal range of only 20 miles. Here they're using channel 11 as the monitoring wavelength, but once contacted, the two parties can switch to any of the other 22 channels for a conversation. But it's not to be confused with ham radio operation, a much more powerful set - up.

Don says that eventually all automobile radios will be equipped with a special one - band CB outlet, probably channel 9, which can be used throughout the United States for emergencies.

CB radio equipment costs around \$100 plus another \$50 for the 20-foot antenna. Of course many persons who have CB service have more than one set, some as many as five different sets. Don has two - one in his

home and the other on his tractor. Sets now in use stretch completely across Bailey county, and already they're playing a vital role in the communications system. Meredith Freedle in Muleshoe serves as an unofficial "central" for the group.
Each operator has an assigned call letters. Don's is KMV 6981; Freedle's call is KMV 9076.

Gover says the club is "just bound to grow" as more people learn about the fun and service CB radio offers. "We want a lot of members, and we believe we can be of even more service to folk if we can get a lot of people interested in our program. That's why we are extending an open invitation to everybody who is interested to attend our April 2 session. The more the merrier."

rigation is now in full progress, although the cold weather slowed this operation also at the start of the week. An increasing number of the county's high-producing wells will "sound off and begin furnishing that necessary planting moisture during the coming week," Adams pointed out.

Farmers, he added, "are looking over experiment station yield results on cotton and hybrid sorghums and checking our neighbors' demonstrations before giving the seed salesman the final word on his seed needs for 1965."

While Bailey county does not grow sugar beets, neighbors to the north and northwest are "knee deep" in planting sugar beets. Around Bovina, Friona and Hub, planting operations are in full swing, and Holly officials at Hereford, center of the area's sugar-beet industry, said at the start of the week that planting has reached the half-way mark. This means 15,000 acres have been planted in the five-county Holly territory. A Holly official in Hereford, said the entire area - Dawn to Clovis - is deep in planting operations.

Common Market Program Given For DKG Society

The Epsilon Delta Chapter of Delta Kappa Gamma Society met Saturday, March 13, in the community room of the Muleshoe State Bank for a tea. The St. Patrick's Day motif was used in the table decorations. Mrs. Ed Johnson presided at the meeting in the absence of

the president, Mrs. Linnie Campbell, who was in Houston attending the F. T. A. convention.

Birthday Greetings were given on the seventh birthday of Epsilon Delta Chapter.

A most interesting and informative program was given on the Common Market. The countries reported on were Belgium, Netherlands, Luxemburg, France, Italy, and West Germany. Members presenting the program were Dorothy Beddingfield, Joyeline Costen, Beulah Tullis, Thelma Brown, Joyce Hedges, and Anna Lee Neale.

DO YOU WANT THE WHOLE TRUTH?

TO TAXPAYERS:

Are you aware that the Governor's proposal for teacher salaries would require a substantial increase in the local ad valorem taxes on your home, business and personal property by charging the cost of textbooks and teacher retirement matching funds against your school district? Read the letter below for fuller information.

There are so many omissions of fact, erroneous conceptions, and apparent misunderstandings of the Governor's program, compared to the TSTA-endorsed salary plan, that we are taking this means of providing you some information which you apparently have not considered. **These are facts which affect all citizens, not just teachers.**

First, let us point out that the TSTA request for a teacher salary increase was begun almost two years ago. The Governor and all legislators received written information about it and knew exactly what it did. It does just two things. Provides a \$45 per month increase in the minimum salary schedule, and continues the provision that the state pay 80 per cent of this cost and the local district 20 per cent under the Minimum Foundation Program.

The public knew nothing about the Governor's program until January 27, 1965, when he delivered his message to the Legislature. **Therefore, teachers have neither created nor sought any fight with the Governor or anyone else.** Indeed, there are no personalities involved at all, but merely a difference of opinion. We identify the anti-TSTA plan as the "Governor's program" because he first publicly espoused it and the press has so labeled it.

There are 4 extremely important points in the Governor's proposal:

1. Local districts will, for the first time, have to pay 20 per cent of the cost of textbooks and teacher retirement matching funds, which the state has always paid.

2. Placing these two new items in the Minimum Foundation School Program will mean that, although on the surface the 80-20 state-local financing ratio is continued, the net effect is to **require local district to pay 70 per cent** and the state only 30 percent of the Governor's new program. This means \$28 million would be paid by local schools and only 12 million by the state during the next biennium. This is for an average increase of \$134 per teacher the first year in straight salary.

3. This will not only place an extremely heavy burden on already overloaded ad valorem taxes in local school districts, without a new source of revenue, but will also curtail local "enrichment" efforts which most schools make.

4. The \$50 per teacher per year in "selective salary increase" funds offered by the state would not go to every teacher, that each local district would have to match it 50-50, and that schools now unable to raise salaries above the minimum very likely could not participate at all, thus compounding the present inequity in salaries. For these reasons, this money cannot be counted in comparing the TSTA and the Governor's programs.

There has been some uninformed comment to the effect that "School people don't seem to understand that the state is going to abandon the state ad valorem tax so they can levy this tax locally to pay for the Governor's program." But it doesn't work that way.

"45 for '65" or TEACHERS' PROPOSAL

(Senate Bill No. 4 — House Bill No. 5)

GOVERNOR'S PROPOSAL

(Senate Bill No. 124 — House Bill No. 446)

| For 1965-66 | | For 1965-66 | |
|----------------------|----------------------|----------------------|------------------------------|
| Total Cost | \$42 Million | Total Cost | approximately \$19.1 Million |
| LOCAL DISTRICT SHARE | \$8.4 MILLION (20%) | LOCAL DISTRICT SHARE | \$13.8 MILLION (72%) |
| STATE SHARE | \$33.6 MILLION (80%) | STATE SHARE | \$5.3 MILLION (28%) |

FOR 1965-66 AND 1966-67

| Total Cost | | Total Cost | |
|--|--------------|---|--------------|
| \$85 million for teacher salary increase | \$68 million | \$40 Million for teachers salary increase | \$12 million |
| State Share | \$17 million | State share | \$28 million |
| Local Share | | Local share | |
| STATE | LOCAL | STATE | LOCAL |
| 80% | 20% | 30% | 70% |

Local districts are required for the FIRST time to pay 20% of the cost of TEXTBOOKS and 20% the cost of TEACHER RETIREMENT

In the first place, if the Legislature approves this tax abandonment it is not planned to be effective until 1971. Salaries have to be paid now.

Second, schools already are receiving most of this state ad valorem tax through the Available School Fund.

Third, if the state levy is abandoned, it would not automatically revert to the coffers of the local school districts. It would be up for grabs by every municipal district such as cities, water districts, hospital districts, schools, and all the others. And local people would have to vote for the tax.

Either way, under the Governor's proposal there will be heavy additional ad valorem taxation on the businesses, on teachers, newsmen, and everybody else who owns property. **This is part of the Governor's clearly declared intent to push more costs back to the local level,** where there is only the old ad valorem tax to fall back on. There may be some local tax increase needed if the TSTA program passes, but if so it would be relatively minor. The state has many more sources of tax revenue than local schools.

We've heard a lot of talk lately about "excellence in education." Unless we're willing to pay for it, we ought to quit talking about it. Perhaps we can't expect such excellence when in Texas we don't even pay teachers an "average" salary. **Texas teachers now are \$800 below the national average.**

If we buy the Governor's program the beginning teacher will get a \$486 raise spread over ten years, an average of \$48.60 a year. In ten years Texas would be so far behind that we wouldn't have any new teachers wanting to teach here and trying to survive to become a career teacher. The most any career teacher would get is \$1,296 spread over ten years.

In the last two decades the maximum salaries for teachers (for the experienced, career teacher) have been raised \$3,000 and \$2,000, respectively. During the same two periods the beginning teacher salary was increased only \$1,500 and \$1,600, respectively. This illustrates that the career teachers most assuredly have received special attention and will continue to receive it. All these raises were backed by TSTA and would not have been obtained without such organized effort.

The TSTA "\$45 for '65' plan, is not a ten-year plan, as is the Governor's. The TSTA-endorsed program is effective immediately, and any attempt to compare it per se with the Governor's program in total money over a ten-year period is patently incorrect and "grossly unfair." Teachers certainly would ask for additional increases during the next ten years, in keeping with an expanding economy.

Keep in mind that local districts pay far more than 20 per cent of the cost of operating our schools. Under state law, local districts pay all of these costs:

- (a) All of the cost of school buildings and equipment.
- (b) All of the salaries paid above the minimum schedule.
- (c) The total salaries paid to teachers employed in excess of the allotment under the Minimum Foundation Program.

Basically, then, there are two questions involved:

1. Is the salary offered by the Governor's program sufficient to attract and hold the qualified teachers Texas needs now and in the future? It is not, and spokesmen elected by the teachers have said so plainly. They have time and time again endorsed the TSTA plan, and did so as recently as February 5, after the Governor laid out his plan.

2. Should local districts be forced to pay a much larger share of the school costs, as the Governor's program demands, when such revenue can come only from more ad valorem taxes on property? **You can answer this question.**

HOW DO THESE PROPOSALS AFFECT YOU?

LOCAL FUND ASSIGNMENT

'45 - 65' Senate Bill 4 & House Bill 5

\$405 raise x 93 teacher units equal \$37,665 (total cost of raise)
7 per cent increase L.F.A. x \$130,596 (present L.F.A.) equals \$9,142 (increase L.F.A.)

Increase of State Funds to Muleshoe equals \$28,523

"Governor's Bill" Senate Bill 124 & House Bill 446

\$184 raise x 93 teacher units equal \$17,112 (total cost of raise)
12 per cent increase L.F.A. x \$130,596 (present L.F.A.) equals \$15,672 (increase L.F.A.)

Increase of State Funds to Muleshoe equals \$1,440
"Governor's Plan" will increase Muleshoe's Local Fund Assignment \$6,530 more than the "\$45 for '65' Plan.

Muleshoe will receive an increase of State Funds under "\$45 for '65' plan in amount of \$28,523, and get a \$405 raise for all teachers. Under the "Governor's Plan" Muleshoe would receive an increase of State Funds in the amount of \$1,440 and teachers would get an average raise of \$184.

This is a difference of \$27,083 in State Funds for Muleshoe School District.

First Baptist WMU Host Senior Banquet

SENIOR BANQUET — Seniors of Muleshoe High School were honored with a banquet, in Irish setting, in the dining hall of First Baptist Church Thursday evening. Four seniors are pictured with the guest

speaker and the church's assistant pastor. They are Scott Oliver, Tommy Gunstream, Sharon Tiller, Julie Williams, Dr. Neil Record, speaker; and Walter Buice of the church.

Seniors of Muleshoe High School were guests at a banquet in the dining hall of the First Baptist Church Thursday evening. This annual event is sponsored by the First Baptist WMU.

The St. Patrick theme was used and carried out in elaborate decorations throughout the hall with swinging ribbons of green attached to the ceiling; the walls adorned with shamrocks and centerpieces of white and green on the tables. The entrance to the room was decorated with a swag of green net attached with shamrocks. A huge green Irish hat was the focal point of the head table arrangement of white and green flowers. A leprechaun, a cutout profile made by Robert Garlington, stood amid shamrocks and flowers just inside the entrance. Tables bore harps, pipes, and hats along with candles signifying Ireland.

Walter Buice, education director and assistant pastor was master of ceremonies and the welcome was given by Mrs. Verney Towns. Nine Ed Bovell gave the response. Invocation was by Neal Dillman.

The program opened with the group singing "My Wild Irish Rose" and "When Irish Eyes Are Smiling". Singers from Eastern New Mexico University entertained with folk songs.

Guest speaker was Dr. Neil Record, Wayland College, Plainview, assistant to the president, Dr. Roy McClung.

Menu consisted of "Top O' the Morning" (tomato juice) "Paddy's Pig" (lamb) "Killarney Korn" (battered corn) Emerald Isle (coleslaw) Irish potatoes, "Bit O' Heaven" (lime parfait) "Sun on 'Shamrocks" (rolls and butter) and "Dublin Waters" (iced tea).

The benediction was given by Bill Harbin.

Members of the YWA and GA's served the meal.

Mrs. Vernon Jamison was chairman of the decorating committee and was assisted by women of the church.

PREPARING BANQUET TABLES - Girls of the First Baptist Church YWA and GA's are shown as they set tables,

light candles and make final preparations for the senior banquet meal which they served.

Your **PONTIAC** will give you better service with **AMALIE** 100% Pure Pennsylvania Motor Oil

Why? Today's high compression engines running at high or low speeds; running in grueling stop and go traffic require the superior oiliness, the heat resistance found only in AMALIE Pennsylvania Oil.

AMALIE is the oil refined from the world's finest crude by special low-heat process. AMALIE stands up under engine heat long after conventional oils break down, thin out, drain off. Cuts wear, insures long miles of smooth engine performance...

Your service station man will stock AMALIE for you... Just ask him.

Meet the MULESHOE STATE BANK CUSTOMER of the Week

Bert Seals

Our customer of the week is Bert Seals, farmer of the Longview community. Seals and his wife, Thelma, have seven boys and four girls. They attend the Longview Baptist Church. Seals said he had banked with the Muleshoe State Bank since 1932 and "I think this bank is fine. They couldn't be beat. That has been my experience with them." We are proud to recognize this customer of the week.

Sure there's a difference between the luxury '65 Chevrolet and expensive cars

You can put most of it in your savings account

You'll quickly find the big difference between this smart Jet-smooth '65 Chevrolet and costly cars. It's mostly price.

There's more foot, head, leg and shoulder room than in most expensive cars. The handsome instrument panel is easy to see and reach. Tasteful interiors with foam seats and deep-twist carpeting are features of even the low-cost Bel Airs and Biscaynes.

Engines go from the economical, peppy 140-hp Turbo-Thrift Six on up. That famous Jet-smooth ride is even better, with new Full Coil suspension, wider tread, and over 700 sound and shock absorbers.

You can customize this car to your taste nearly 200 different ways. And your present car with low monthly payments will have you in one nearly as fast as you've read this!

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm takes another look at the Viet Nam situation this week. It's not clear what he sees.

Dear editor:
 According to an article I read in a newspaper last night, the American newspaper reporters in Viet Nam are complaining because the U.S. government won't let them move around freely in the country to report the news.

"Without freedom to report the news, the American public will not get a true picture of what's happening in Viet Nam," the reporters complained.

Now I'm not in favor of censorship, outside maybe of re-

porting what this Johnson grass farm made last year, but I'm afraid that if the reporters in Viet Nam think the only reason we don't have a clear picture of what's happening over there is that they aren't allowed to report it, they aren't taking a very practical view of the matter.

However, if one single reporter knows what's taking place, we ought to buy him a ticket home and let him tell us. I have another President Johnson himself would buy the ticket if he thought he could get the complete drop.

Moreover, I have an idea the Viet Nam people themselves would like to find out what's happening.

And even if we knew everything that's taking place over there, I'm afraid we still could not make heads or tails of it.

It may be that there are too many people in Viet Nam about like me. Regardless of how many experts come out here and tell me how I can make this Johnson grass farm pay more and give me a richer and fuller life, and regardless of how right they are and how sound their advice is, I just never do get around to doing much about it.

On the other hand, if I had 200 million hungry Chinese slaving under a dictator and clamoring to break through my sagging fences, I might be hollering for all the help I could get.

Don't ask me the answers to such problems. Don't even ask me who to ask. In fact, if some of those reporters know what's happening in Viet Nam, why doesn't Congress subpoena them at once to come home and testify, so it can get in on it too?

Yours faithfully,
 J. A.

LEE R. POOL
 Not long ago the news services carried a story of a robbery in which the victim, when asked for his wallet said, "You'll have to shoot me first!"
 The thief pulled the trigger ... and a brave man died just to save a few dollars in his wallet. The moral of this story is: don't be a hero when a crook points a gun at you. Just let him have what he wants and keep calm. You can do this without worry of loss if you have a Residence and Outside Theft policy to reimburse you for theft, robbery and burglary in your home or workshop, etc., or for loss of baggage, clothes, jewelry and other valuables while away from home or traveling.
