

Reagan, Sarpalius Win County Vote

Maynard Ferguson Plans Concert

Maynard Ferguson, a trumpet player considered by many people to be the world's greatest, is coming to Muleshoe. He and his band will play a two hour concert at the Muleshoe High School auditorium on November 20.

According to MHS Band Director, Charles Faulkner, the Maynard Ferguson Band is the hottest organization in America right now, and has been for eight years.

The band has had single hits with their recordings of "Rocky", "Star Wars", "Heavy Damage To Farm Home In Sunday Fire"

Members of the Muleshoe Fire Department and the Farwell Fire Department responded to calls for assistance when the Clarence Kube home in western Bailey County caught fire late Sunday afternoon.

Firemen from the two departments found the fire had started in a back bathroom in the two-story stone home. Most of the fire damage was confined to the rear part of the house, although the rest of the home received smoke and water damage.

According to the firemen, no official reason had been determined for the fire.

Guest Speaker To Hold Meet Here At Church

Elder Sonny Pyle of Graham will hold special services at the Muleshoe Primitive Baptist Church beginning Monday, November 10, and concluding with the evening service on Friday, November 14.

Elder Pyle will be preaching and speaking on subjects which will be of interest to persons, said Harvey Bass, member.

His subjects will include, "Predestination," "Resurrection," "How You Are Saved" and many more subjects.

The congregation of the Muleshoe Primitive Baptist Church said all interested persons will be welcome.

ELDER SONNY PYLE

"Star Trek," "Shaft," "Birdland" and several others. Faulkner said the band can satisfy the big band cravings of the grandparents who first discovered Maynard screaming on the trumpet two octaves past high C in Stan Kenton's orchestra in 1950--and at the same time satisfies the high-modulated requirements of the parents who roared along with his own orchestra until the mid-60's--as well as with the tunes previously mentioned, the band leader is reaching the high school and college kids of this generation.

An alumnus of the Stan Kenton orchestra, he has also performed with Jimmy Dorsey and Charlie Barnet. He has done extensive recording work in Hollywood.

Dutch LaRue Wins First In Contest

Hey, sports fans! How about another weekend of college football upsets. Many upsets marked the top teams in the nation. In fact, only four of the many entries in this week's contest predicted that Texas Tech would be a winner over Texas last Saturday. One of the persons correctly predicting the game was the third place winner this week.

In first place was C.O. 'Dutch' LaRue of Dimmitt, and a former Muleshoe resident. He missed two games and was 28 points away on the double tie-breaker score.

Second place winner Randall Stevens also missed two games, but he was 42 points off on the tiebreakers.

Frank Jesko of Lazbuddie was the third place winner. Frank missed three games, but correctly guessed the Texas Tech-Texas winner and was 21 points wrong on the tie-breaker scores.

Also missing three games were Mrs. John Hayes, 43 points, Gig Pierce, 32 points and Robert Brandon, 25 points.

Deep Plowing Deadline Set For Tomorrow

According to Rusty Williamson, county executive director of the ASCS office, a special project, deep plowing, sign-up will be held through tomorrow, November 7.

He said Deep Break Plowing has been set-up as a special practice in Bailey County with a minimum depth of 22 inches.

Williamson suggested that all interested farmers sign-up before the 5 p.m. Friday deadline.

VIEWING A LARGE CONSTRUCTION PROJECT--Several members of the Muleshoe Rotary Club are gathered around Eddie Barron of Southwestern Public Service Company, as he explains construction procedures at the SPS Talk Station east of Muleshoe. Some 630 persons are employed at the plant site at this time.

Mules-Chieftains Clash Here Friday

Friday night, bright red uniforms will invade the Muleshoe football field. And, not only will the uniforms be red, but the tempers of the winless Friona Chieftains may be the same.

This year, the Chieftains have stayed winless, and they will be geared up for the Mules, remembering a poor year three years ago, when the Mules traveled to Friona, and limped home after leaving a victory in the hands of the Chieftains.

Lazbuddie Firemen Plan Hunt

Again this year, the Lazbuddie Volunteer Fire Department plans to sponsor a shooting preserve for hunting pheasants.

Glenn Lust, fire chief, is asking that any Lazbuddie area farmer willing to donate the use of their land for a shooting preserve, please contact him by calling 965-2828 or Gilbert Longoria, secretary, at 965-2778.

Land in the shooting preserve will be posted and will be open only to hunters buying permits from the Lazbuddie Volunteer Fire Department, explained the fire chief.

Each hunter will be given a map of all the posted land and will be free to hunt on any of the posted land.

Hunting permits will cost \$25 for one weekend or \$50 for a season permit, he said.

Pheasant hunting season is December 13, 1980 through December 28.

Lazbuddie Volunteer firemen will serve breakfast at the Lazbuddie School cafeteria at 5:15 a.m. Saturday, December 13, and the cost will be \$3.50.

For additional information contact Chief Lust or Gilbert Longoria at the telephone numbers shown above.

However, the coaching staff and football players for Muleshoe, keeping the loss to the Chieftains in mind, acknowledge they will be ready for action at 7:30 p.m. in Benny Douglass Stadium.

Again this week, the Mules will be on the trail to playoff action. If they get by Friona, powerful Littlefield will be the final game of the regular season.

The Littlefield Wildcats are powering their way along the victory road, and last week, slammed Friona 47-0.

Muleshoe won their first two games, then quarterback Monty Hysinger was injured and did not play for three games. The Mules lost all three games, despite valiant efforts by the backup quarterbacks.

Starting out with the district season, the Mules breezed by Olton before taking Dimmitt 41-0 last Friday.

Stingy Mule defense has consistently held most teams to below 25 yards offensively during the first half of a game, and in the

Local SPS Trio To Get Awards During Dinner

Three employees of Southwestern Public Service Company in Muleshoe will receive service awards at a dinner on Thursday, tonight, at the Lubbock Country Club in Lubbock. The awards will be presented by Berl M. Springer, president and chief operating officer of the electric company.

Frederick Allen Clements will receive a thirty year award, and five year awards will go to Vanda Jane Turnbow and Reggie Dwayne Johnson.

This will be the last of four service award dinners held throughout the company's territory. A total of 347 employees with a combined service of 5,360 years, will be honored.

instance of Lockney, held the team 50 yards for the game.

This year, Idalou will not be a contender if the Mules go into bi-district play. The Idalou team has already fallen behind Childress, who moved into their district this year.

Exercising the option, the head football coach, Mike Wartes, has guided the team, along with the other members of the coaching staff, and by picking their way to the weak

Cont. Page 8, Col. 3

Horseback Rider Breaking Record

In Dallas, he's called "The Fireplace Doctor;" on the road, he is "Mr. G." and everywhere he goes, Thomas L. Gaddie makes friends, as he is busy breaking the record for the world's longest horseback ride.

Gaddie was through Muleshoe last Wednesday afternoon, traveling, by horse, of course, to the Big Bend Country in far southwest Texas.

As he took a break in town, many persons were drawn to his modern-day caravan, which included motor homes, vans and horse trailers. Gaddie explained that on February 12, 1980, he left his home in Dallas horseback making the complete perimeter of the State of Texas. He also planned to ride the world's record, by covering all the states on the continent, including Alaska.

However, he was stymied when he reached Alaska, because he was not considered a commercial user of roads, and was denied a permit to ride horseback in that large state.

He said he was told in Juneau that despite wanting to break a world record "Alaska could not be all charged up about a group of Texans wanting to use the access road."

Rotary Club Visits Talk, Views Work

More than 20 members of the Muleshoe Rotary Club and their guests met briefly for lunch at the Bailey County Exhibition Center and Coliseum Tuesday at noon, then left immediately for a tour of Southwestern Public Company's new Talk Station construction.

As the visitors arrived at Talk Plant, they were greeted by Eddie Barron, construction superintendent for the overall construction. He explained the various stages of construction, and told the group 630 persons are currently employed at the construction site.

The \$500 million project got underway in August, 1978, and tentative completion date is March, 1982.

After Barron showed the Rotarians and guests the artists' drawings of the planned construction, a driving and walking tour was conducted at the plant site.

Barron, assisted by Bob DeLoach, showed the visitors the water treatment plant, and looking at the massive structures which will house the boilers, and other phases of the electrical plant operation.

This was the first trip to the plant site for many of the persons touring the Tuesday.

Warren, Scott Chosen New Commissioners

On Tuesday, Bailey County voters followed the trend of the district, the state and the nation in electing Republican Ronald Reagan as the 40th president of the United States. By an overwhelming 1805-722, voters in this traditional Democratic stronghold, tabbed Reagan as their choice for president.

Although the total vote at 2651 of the registered voters of 3741 carries only slightly more than 300 registered Republicans, long-time courthouse watchers said the above 70 percent vote on Tuesday surpassed all previous votes.

Although the 2651 vote

Warren, Scott Chosen New Commissioners

was suggested as a high vote in any election ever held in this county, it only surpasses by one vote the 2650 votes cast in the presidential election in 1976.

In that election, the Democratic ticket of Jimmy Carter-Walter Mondale outpolled the Republican contenders Gerald Ford-Bob Dole by a vote of 1356-1255 in this county.

In 1972, 2410 persons went to the polls to vote for anew president.

In one voting box, Voting Box 5 at the Methodist Church, an awesome 94 percent of the registered voters cast their vote in the election. With 487 registered and eligible to vote, 456 cast their ballot.

Although voters opted for a Republican president, Democrat candidate for State Senator, 31st District, Bill Sarpalius, handily won over Republican incumbent Bob Price. Also, through the district, voters approved Sarpalius as State Senator. County voters went for Sarpalius 1469-1021.

(For complete returns, see Page 10)

By a margin of 519-290, voters of Precinct One approved election of Democrat R.L. Scott as Bailey County Commissioner over Thomas Freeman. But, in Precinct Three, Democratic

Cont. Page 8, Col. 1

Junior Class To Serve Meal Before Game

Muleshoe High School's Junior Class will sponsor their annual pre-game turkey and dressing dinner on Friday, November 7, from 5-7 p.m. in the high school cafeteria.

Featured on the menu will be turkey and dressing, green beans, mashed potatoes and giblet gravy, hot rolls, cranberry sauce, pumpkin cake, tea and coffee.

Tickets are \$3.50 for adults and \$2 for children under the age of 10.

Carry out orders are available by contacting a junior class member for tickets.

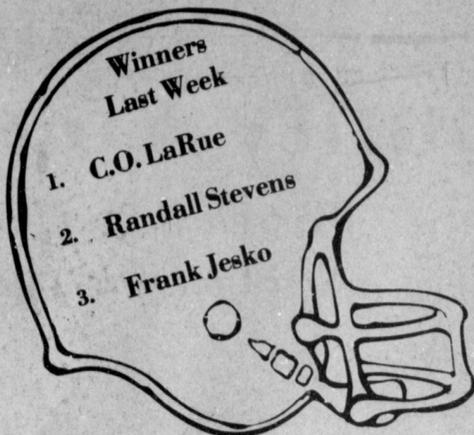

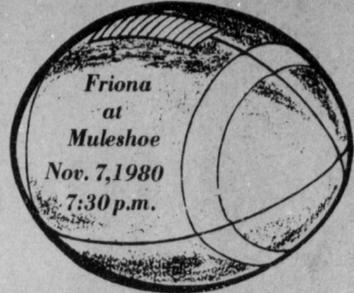

A LONG, LONG RIDE--Thomas Gaddie, known as 'Mr. G' and the Fireplace Doctor, was in Muleshoe several days ago, as he traveled across country on the World's Greatest Horseback Ride. By the time he returns to his home in Dallas, he will have covered all the states except Alaska, and will have traveled more than 11,000 miles in the State of Texas.

Football Contest

WIN!

1st Place \$5 2nd Place \$3 3rd Place \$2

Grand Prize \$50 and 2 Tickets To Cotton Bowl January 1.

There Will Also Be A Contest and Prizes For The Bowl Games

NAME THE WINNING TEAM EACH WEEK...

RULES OF THE GAME...

1. The contestant must be 12 years or older.
2. Only one entry per person may be made for any one contest.
3. Weekly contests are open to everyone except employees and families of this newspaper; bring or mail your entries to the Journal office.
4. Mailed entries must be postmarked not later than 5:30 p.m. Friday; winners names will be published in this newspaper each Thursday following the close of the weekly contest.
5. Check the team you think will win; 10 points for 1st place, 6 points for 2nd place and 4 points for 3rd place determines the Grand Prize winner.
6. The tiebreakers will count as one of the games picked, the predicted scores will be used to determine the top three places in that week's contest, if necessary, and cash prizes and points will be divided between winners in event of ties. Please write FOOTBALL CONTEST on the envelope of the mailed entry. Decision of the Journal's scoring judges will be final.

You Have Until 5:30 p.m. Friday To Enter
Please Write FOOTBALL CONTEST, Box 449,
Muleshoe, Texas on envelope of mailed entry.

BIG PIPE CHECKED--Harold King and Harvey Bass were amazed at the huge pipe stockpiled at the Southwestern Public Service Company Talk Station east of Muleshoe. The pipe shown behind the duo is not the largest pipe at the plant site to be installed.

The campaign for courtesy on the highway hasn't yet affected all drivers.

Tension and suppressed emotion kill many of our associates and may kill you.

The Consumer Alert

by Mark White
Attorney General

AUSTIN--This column last week asked seven questions which were designed as the first half of a test to measure your consumer skills. This week's column will conclude the test.

8. You have just had your eyes examined by an eye doctor. What can you do if you want to buy your glasses someplace else?

ANS: Ask the doctor for a copy of your prescription. A new rule promulgated by the Federal Trade Commission (FTC) gives patients the right to obtain their prescriptions immediately after an eye examination, and doctors cannot charge extra for this service.

9. This morning a salesperson knocked on your door and sold you \$200 worth of encyclopedias. Now you have decided that you do not want the books. Can you cancel the sales contract?

ANS: There is a three day cooling off period in Texas which gives consumers the right to cancel most door-to-door sales after they have "cooled off" from the sales presentation. To cancel, a consumer must notify the seller in writing by midnight of the third business day after the day of the sale.

10. Last night you signed a health spa contract at a local spa. Do you have three days to cancel this contract?

ANS: No--at least the law does not require it. When a sale is made or a contract is signed at the merchant's place of business, you generally can cancel the contract only if the contract gives you this right.

11. You have decided to purchase a new automobile but to do so you must borrow money from your bank. What is the most important question to ask when you meet with the loan officer?

ANS: Ask what the annual percentage rate (APR) is. The rates banks charge for loans vary greatly. The lowest

APR is usually the best credit buy, although you should also take into account the amount borrowed and the time allowed for repayment. The APR, which is the unit price for credit, is the only rate which takes into account all of the finance costs of the loan.

12. You sent a mail order company \$20 for a new pair of shoes. Delivery was promised in two weeks. Six weeks later you still have not heard from the company or received your shoes. Now you are tired of waiting and just want your money back. Can you get it?

ANS: Generally, if you do not get delivery in the time period promised, you can cancel your order and get a complete refund.

13. You recently were divorced. Now you realize that all your credit cards are in your ex-husband's name. Will it be difficult to establish your own credit rating?

ANS: A recently passed federal law gives you the right to contact all present and past creditors and tell them that you want the accounts reported in your own name (as well as your ex-husband's). Creditors must then carry accounts under which you were permitted to charge (or for which you were equally

liable) in your name. These accounts can then be used as credit references for new charge accounts.

14. Your neighbor says his car gets 25% better gas mileage now that he started using a fuel-line and oil additives. Do these products actually save a significant amount of gas?

ANS: Of the fuel tank devices and oil and gas additives that have been tested so far by the Environmental Protection Agency, none has reduced fuel consumption significantly. You might ask your neighbor again.

15. You want to prepare for winter by insulating your home. When you ask around, everyone tells you to shop for R-value, not inches, when buying insulation. What is R-value?

ANS: The R-value of an insulation product measures that product's ability to resist ("R") the flow of heat from a warm room to a cold outside. The R-value you need depends on the climate, the type of heating fuel you use and the part of the house you insulate. You can get help with this decision from your utility company.

Texas Broiler Production Up 2% Over 1979

AUSTIN--Texas broiler chick placements during the week ending October 4, 1980, totaled 3,990,000. Agriculture Commissioner Reagan V. Brown has reported. This represents a 2 percent drop below last year but 3 percent above last week.

You might as well laugh at yourself at times; everyone else does.

Baylor Bears Favored Over Razorbacks

Five down, three to go for the Baylor Bears to win the Southwest Conference. But the remaining three are huge hurdles starting with always-tough Arkansas, then resurgent Rice, and finally Texas. The Razorbacks are the current problem, however, and it will be an assist that Baylor plays them at home in Waco. The series between the two is very close, 29--27 for Arkansas, with the Hogs winning #29 last year, 29--20. It won't help that Arkansas was upset by Houston just two weeks ago, making the Razorbacks a little more ornery. The Bears are favored by just six points.

Baylor took care of Houston prior to the Cougars' rejuvenation. Texas didn't and it could face elimination from the Southwest Conference title race by losing to Houston this week. The Longhorns were recently upset by upstart Southern Methodist. Texas, at home, is a slight three point favorite.

The results of a couple of big squabbles in the Pac-10 Conference just might affect the conference standings even more than the annual U.C.L.A. -- Southern Cal shoot-out coming up in two weeks. The Bruins host Oregon, the team that tied the Trojans, and Stanford entertains Southern California. Upset wins by the Ducks and Indians could raise a bit of havoc. The Trojans should beat Stanford by six, and U.C.L.A. is fifteen points stronger than Oregon.

Georgia doesn't meet Alabama, so an undefeated slate for the Bulldogs, at least within the Southeast Conference, is just around a couple of corners -- Florida this week, Auburn the next. The Gators had big ideas of their own until running into L.S.U. A few weeks ago losing 24-7. They'll be tough to handle in their own backyard in Gainesville. Georgia is favored by thirteen.

Georgia Tech is a big 22 point underdog to Notre Dame while Alabama should beat Louisiana State by 28 points.

MOST VALUABLE IN GAME--Six players have again been designated as the 'top' players in the Muleshoe-Dimmitt game last Friday night. Back row, from left are Ronnie Angeley, defensive secondary; Jeff Meeks, offensive line and Wesley Rasco, defensive line. Front row, from left are George Vela, defensive linebacker; Brad Poyner, offensive receiver and Felix Norman, offensive back.

Citrus Harvest Estimated Up Over Last Year

AUSTIN--Despite some damage by Hurricane Allen, the grapefruit and orange production for the 1980-81 season will be up considerably over last year, reports Agriculture Commissioner Reagan V. Brown.

Estimates released by the Texas Crop and Livestock Reporting Service anticipate 5,600,000 boxes of oranges and 7,900,000 boxes of grapefruit for the season that began about two weeks ago. Early and mid-season oranges are forecast at 3,500,000 boxes, up from 2,300,000 in 1979-80. Around

2,100,000 boxes of Valencia, an increase of 370,000, are expected to be picked. Grapefruit production should increase by more than 1,000,000 boxes.

Brown said damage from the hurricane that hit the Texas coast in August ran around 15 percent. There was also minor fruit scarring and a little root rot to trees.

"The heavy rains from the hurricane actually were quite beneficial," said Brown. "We expect a high quality crop this year."

Last year Lower Rio Grande Valley growers picked 60 percent of their normal crop as groves recuperated from the effects of two major freezes in the winter of 1978-79. The crop was expected to be nearly normal this year before the hurricane hit.

Leonid I. Brezhnev, Soviet leader: "I am confident that deepening Syrian-Soviet relations will serve the interest of our two nations and the cause of peace in the Middle East."

These Pioneer® brand cotton varieties do well in our area. We saw this variety stand up to conditions that saw other varieties deliver disappointing performances in 1980. Certified Lockett 77* -- Seed for PR80 until next season. But we showed its strength throughout the season. It demonstrated its resistance to bacterial blight and the fusarium wilt-nematode complex. And it proved itself in a variety of management programs on both irrigated and non-irrigated land. Fiber quality has been good, too. Certified PR80* -- Seed for this variety is hard to come by, so many of our customers will have to wait for PR80 until next season. But we encourage you to keep its early maturity. And its yields will make you think twice about planting anything else. Along with resistance to many common cotton diseases, PR80 shows good fiber qualities and high gin turnout. We really like the looks of this one! You will, too!
*U.S. protected varieties. Let's get together.

HALLOWEEN KING AND QUEEN--Cara Bass, daughter of Mr. and Mrs. E.A. Bass, and Michael Davenport, son of Geretta Meissner and Marvin Davenport, were crowned Halloween King and Queen Saturday night at the Halloween Carnival, held in the Civic Center. They were candidates from the High School Art Department.

PRINCE AND PRINCESS--Halloween Prince and Princess were crowned Saturday night at the Halloween Carnival. Connie Puckett, daughter of Mr. and Mrs. John H. Puckett, was crowned Princess. Rickey Rasco, son of Mr. and Mrs. Odell Rasco, was crowned Prince. They are the candidates from the Jr. High Speech Department.

OES Grand Chapter Held In Dallas

The 98th Session, the "Symphony of Happiness" Session, of the Grand Chapter of Texas, Order of the Eastern Star, was held October 26-30 in the Dallas Convention Center, Dallas, under the supervision of Mrs. Kathy Johnston, Dallas, Worthy Grand Matron and Leslie G. Burnett, Beaumont, Worthy Grand Patron.

Six hundred and thirty five (635) Chapters were represented, with an attendance of approximately five thousand (5,000) members.

Sunday morning, Estarl Religious Services were held (Eastern Star Training Awards in Religious Leadership), and Scholarship recipients were recognized. Monday evening, Grand Chapter was officially opened, with the presentation of the Holy Bible, and presentation and tributes to the Flags: United States, Texas, Christian and Eastern Star.

Pledge of Allegiance was given and "God Bless America" was sung.

Greetings were extended to the membership and to special guests; Dary Stone, Legal Counsel, representing the Governor of the State of Texas, Hon. Robert S. Folsom, Mayor of the City of Dallas, the Honorable Sam E. Hilburn, Most Worshipful Grand Master of the Most Worshipful Grand Lodge of Texas, A.F. and A. M. Scottish Rite Bodies of Valley of Dallas, Honorable Robert L. Dillard, Jr. Chairman of the Inspector General Advisory Conference; Grand Commandry, Knights Templar, Texas, Sir Knight, Donald L. Smith, Right Eminent Grand Commander; Grand Council of Royal and Select Masters of Texas, Most Illustrious, James A. Scott Jr., Most Illustrious Grand Master; and Grand Royal Arch of Texas, Most Excellent, E. Frank Smith,

Most Excellent Grand High Priest and Mrs. Martha Marie Whitfield, Grand Supreme Inspector and Supreme Faith, Order of the Rainbow Girls, in Texas.

Wednesday morning, Memorial Service was held under the Supervision of Mrs. Jackie Wilder, of Richardson, Grand Chaplain.

Wednesday evening, a dinner theatre was enjoyed. "Happiness is a Musical Revue" featuring the "Great Day Singers" produced by Bauerand Granville Enterprises.

Thursday morning, a new Corps of Officers were elected: Mrs. Lena Mae Cook, of Houston was elected Worthy Grand Matron; Thurman H. Perry, of Austin, was elected Worthy Grand Patron; other Grand Officers from over the State, were elected to the various offices.

Thursday evening, Mrs. Cook had an Installation Ceremony; the Dallas Assemblies of Rainbow Girls, under the supervision of

Mrs. Martha Marie Whitfield, escorted her to the Altar and presented her a white Bible. Miss Suzanne Feltner, Grand Worthy Advisor, made a very lovely presentation, and Mrs. Cook expressed her appreciation for this courtesy, and she assured the girls of her full co-operation. The girls sang "My Rainbow" and retired to the strains of "Onward Christian Soldiers."

Muleshoe Chapter No. 792, was honored with a grand appointment. Mrs. Lavonne Hinkson, Worthy Matron, was appointed to serve on the "Circle of Love" Committee.

Others attending from Muleshoe Chapter were: Frank Hinkson, Worthy Patron; Mr. and Mrs. Bob Phillips, and Mrs. Mary Farley, and Mr. and Mrs. Elbert Nowell.

Grand Chapter in 1981 will be held October 18-22, in Houston, Texas.

One of these days some people are going to learn that hard work only teaches a real appreciation of values.

Muleshoe Singing Group Meets

The Muleshoe Singing Group met in the fellowship hall of the Trinity Baptist Church November 1, at 6:30 p.m. The meeting was opened with two hymn's, let by J.C. Shanks.

Mrs. Ritta Shipp gave the invocation. There were 23 present. Visitors were Mr. and Mrs. Klyde Krebbs, Mr. and Mrs. Sol Robison and Mr. and Mrs. Adkins from Needmore. Also present were six from Clovis and one from Farwell. Mrs. Robison helped with the music, at the piano.

Zed Robson sang a solo. Mrs. Klyde Krebbs and Mr. Adkins sang a duet. Cecil Rundell also sang a solo. Several quartets were arranged.

Benediction was given by Klyde Krebbs.

Epsilon Delta Chapter Meets In Sudan

The Epsilon Delta Chapter of Delta Kappa Gamma International met Saturday, November 1, in Sudan. The Sudan members were hostesses for a Coffee at 10:00 a.m. in the home of Mrs. Hazel May.

Mrs. Lucy Faye Smith, president, presided during the business session. Reports were given from the Area XI Workshop held in Pampa recently and from chairmen of the Membership, Ceremonials, and Scholarship Committees.

Mrs. Nettie Belle Hilburn, program chairman, presented "Fantastic Reality" an article showing how science fiction can be used as a tool for perception of the future. Science fiction is now recognized as a art from in literature. Mrs. Loretta Reid listed several books and authors in the science fiction category.

Mrs. Dyanne Humphries led the group in singing "Come Ye Thankful People Come" and the Delta Kappa Gamma Song.

The chapter theme is "Designing Quality Living" and one of the purposes is to inform the membership of current economic, social, political, and educational issues to the end that they become intelligent, functioning members of a world society.

Muleshoe members attending were Mrs. Carrie Lee Bishop, Miss Virginia Bowers, Mrs. Joe Costen, Mrs. Jack Obenhaus, Mrs. O.W. Rudd, Mrs. Eric Smith, and Mrs. John Watson.

These Pioneer® brand corn hybrids do well in our area. 3184 — This hybrid really showed up well under tough, 1980 conditions. And it has proven itself to be a top performer in good years, too. Our farmer customers like 3184 for its dependability. It can wait for water when other hybrids can't. And it adjusts ear size and kernel depth to make the most of growing conditions. 3184 shows good resistance to head smut and MDMV, too. If you could plant only one, it ought to be 3184. But since you don't have to, we recommend it as a companion to Pioneer hybrids 3195, 3183 and 3311. 3311 — Our customers who grew this hybrid in 1980 were so pleased with their results, they can't wait to see what it will produce in a good year! Despite hot, dry conditions that stole yields from most corn hybrids, 3311 came through with some of the highest yields and best overall performance we've ever seen. And it demonstrated its exceptional disease resistance including protection against head smut and MDMV. We're eager for all of our customers to plant some of this hybrid and see for themselves what all the excitement is about.

Let's get together.

WOTS Weekly Meeting

The W.O.T.S. Organization (Women of Talk Station) met at KL's Steakhouse Thursday October 30. Those present were Helen Williams, Kay Madry, Mildred Williams, Zellma Toler, Desi Toler, Deloris Gibbons, Betty Barker, Lois Martinec, Jackie Self, Lola Goodrich, Donnita Crowder, Doris Fightmaster, Ramona Engram and a guest, Edna Shipman.

The next meeting will be at Tri County Savings and Loan, with Zellma Toler and Thereasa Todd as hostesses.

HALLOWEEN PARTY--A Halloween Party was held at Cindy Purdys' School of Dance for the Monday morning class. Those in attendance were: Jennifer Winders, Christy Holt, Jaraha Redwine, Leslie Treadwell, Emily Harris, Tiffany Copley, Gayle Copley, Kourtnee Magby, Jill Atkinson, Cherie Copley, Cassie Cuevas, Jane Zarors and Faraha Black.

Mr And Mrs Inman Returned From Arkansas

Sherman and Beatrice Inman have just returned home from a visit to Arkansas. While there they visited the Walter Harrisons, on their small ranch near Springdale. After visiting other friends in that area they went on to Marshall, Ark. to see the Fred Willbanks'. Inman said they all sent greetings to their many

Muleshoe friends. They came back by Portsville, Ark. to see some real old time friends from the depression days at Tohoka, Mrs. Inez Roland and two daughters, Verna Lois and Leta Dell. The Inmans reported a good time.

True Words Committees have become so important that a subcommittee has to be appointed to do the work. -Gazette, Augusta, Kan.

Jaycee-Ette Starving Artist Sale

Local artists and others from Texas, New Mexico, and Oklahoma will be offering their artwork for sale December 12-14, 1980, at the National Guard Armory. The location is 2901 Fourth Street, Lubbock, Texas. The sale will feature ceramics, oil paintings, watercolors, wire sculpture, dough art, jewelry and many other forms of art.

The annual sale sponsored by the Lubbock Jaycee-Ettes will be Friday, December 12, and Saturday, December 13, from 10:00 a.m. until 8:00 p.m. Sunday, December 14, the time will be 12:00 noon until 5:00 p.m.

All proceeds from the sale are donated to various charities. Last years charities included Lubbock Child Abuse Center, Lubbock Crime Line, and St. Judes Children's Hospital.

For more information contact: Linda Jones 792-7528; Cindy Ferguson 795-5937; or Judy Campbell 797-7351.

Hobby Club

The Muleshoe Hobby Club met Thursday, October 30, for an all day workshop, at the reception room of Muleshoe State Bank, with 20 members present.

Members present were Ola Epperly, Ruth Williams, Sammie Ethridge, Opal Robison, Bernice Amerson, Fiddle Shafer, Vickie Hendricks, Mabel Caldwell, Terima Pitts, Gertie Kirk, Mae Loyd, Myrtle Wells, Marie Collum, Jessie Sherwood, Verna Dement and Veta Self. Also three visitors, Ladonna Scott, Edith St. Clair, and Modine Elmore.

Allie Barbour furnished the hostess gift, which was won by Opal Robison. It was a homemade waste paper basket.

A star patch work hot dish pad was shown by Jo Wilson, beaded Santa Claus faces were shown by Mabel Caldwell. Others worked on Crochet Pillows, quick point Kleenex boxes.

Other articles on display were treated maple leaves from the northeast, calendar quilt, quick point pin cushion, smitted afghan, crochet pot holders and an old blue Avon bottle.

The next meeting will be November 5, with Ethel Julian and Ruth Williams as hostesses.

Tiffany Leigh Creamer

Tiffany Leigh Creamer was born to Mr. and Mrs. Travis Creamer at 11:30 p.m. on Friday, October 31 in Dallas.

The five pound, one ounce baby has one sister, Temple, age seven.

Grandparents are Mr. and Mrs. Buck Creamer, Muleshoe and Mr. and Mrs. Frank Hunter, Dallas.

Rainbow Girls Selling Coupons For Family Photos

The Muleshoe Rainbow Girls will be selling coupons, for a 11X14 family picture, from November 3-15. The coupons are five dollars each and may be purchased from any Rainbow Girl.

They will be taken Saturday, November 29, at a location to be announced at a later date. The pictures will arrive in time for Christmas gift giving.

Littlefield Band Boosters

Booths may be rented for \$25.00, and the deadline for booth reservation is Saturday, November 15th. Booth fees must be paid for at the time of reservation.

Snack bar and baked goods are reserved by the Band Boosters.

For booth reservation or information, contact Janie Raney at 385-5528; or Littlefield Band Boosters, Post Office Box 1254, Littlefield, Texas 79339.

From the TAP Kitchen
This taste-tempting, spicy dish can be cooked with or without a hot jalapeno, depending on your taste buds! Jalapeno Spanish Rice, developed by the Texas Department of Agriculture Home Economist, is economical and nutritious as well.

- JALAPENO SPANISH RICE**
- | | |
|----------------------------|--------------------------------|
| 2 T. oil | 1/3 C. sliced celery |
| 1 C. rice | 1 tsp. cumin seed |
| 1 1/2-2 C. water | 2 halved and quartered carrots |
| 1 (8 oz.) can tomato paste | 1/2 tsp. salt |
| 1 sm. quartered onion | 1 whole jalapeno |

Brown rice in oil. Add remaining ingredients and simmer in covered skillet for about 20 minutes or until water is absorbed. Note: The whole jalapeno can be added to the rice and cooked along with the other ingredients. Once it is cooked, it is quite hot. If desired, you may remove the jalapeno pepper, mash it and add it to your rice. Quite spicy and hot! Serves 3-4.

Society Deadlines Set

Weddings must be in the office by Monday noon for the Thursday paper and by Thursday noon for the Sunday paper. Any wedding more than two weeksold must be edited and only the basic information included.

No shower picture will be taken without a 24 hour notice and copy must be in the office by Monday at 5 p.m. for the Thursday paper and by Thursday at 5 p.m. for the Sunday paper. An honoree's picture will be taken at only one shower.

All club stories for following edition of paper must be in the office by 10 a.m. on Tuesday and Friday preceding next issue of paper.

Three Way News
By Mrs. H.W. Garvin

The Three Way Junior High football team went to Loop Thursday evening for a game with Loop with Three Way winning the game.

Friday night Three Way senior high football team played Loop on the home field with Three Way winning the game. It was home-coming for Three Way. The senior class served a steak dinner before and after the game. Keith Layton was crowned King and Julia Carlisle was crowned Queen at Half time.

Rayford Masten had minor surgery at Methodist Hospital in Lubbock Friday. They visited their

daughter, Mrs. Lamar Polard who is a surgery patient in the hospital.

Mr. and Mrs. George Tyson were dinner guests in the home of their daughter the D.A. Williams in Enoch Sunday.

Mr. and Mrs. Kenneth Fox and children from Clovis spent Sunday with her mother Mrs. H.W. Garvin.

Mrs. Jack Furgeson spent Friday night and Saturday in Shallowater with her daughter the Jim Green family.

Saturday night the Three Way high school students had a masquerade party at the Maple Co-op gin and also had supper.

What's the latest box score on the number of hunters shot by mistake?

Thank You

There are no words to express our heartfelt appreciation to the citizens of Muleshoe for your loving kindness. The children loved you so very much and you have shown your love for them.

We want to thank Rev. Bill Kent and the other friends who traveled so far to pay their respects.

God bless each and every one of you for being such thoughtful people.

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

Mr. Yoon-Baek Chung of Korea, thanks to a Lubbock ophthalmologist, is going back to his homeland with an extra warm spot in his heart for the Texas High Plains.

Chung, Managing Director of the influential Spinners and Weavers Association of Korea, visited the Lubbock area October 17 and 18 as one of 21 textile leaders from 10 Far Eastern countries on an annual Cotton Orientation Tour. Lubbock hosts for the group were Plains Cotton Growers, Inc., the Lubbock Cotton Exchange and Plains Cotton Cooperative Association. A breakfast, two lunches, a reception and barbecue dinner and two days of touring area cotton facilities all were designed to "sell" the Texas High Plains, its cotton and its people.

But a selfless gesture from outside the cotton industry may have done more to cement favorable relations with Mr. Chung than everything planned by industry officials.

Chung developed a painful eye infection at mid-morning of his first day of touring. The fifth ophthalmologist called from the Yellow Pages agreed to "work him in" as an emergency case.

A PCG staff member went with the quiet, unassuming Mr. Chung to the doctor's office where he was seen after a wait of no more than 10 or 15 minutes. Under questioning as he was being examined Chung revealed to the doctor that Korean members of his organization in 1979-80 bought almost 1.5 million bales of cotton from the U.S., most of it from Texas.

Chung received a thorough examination, two prescriptions and a handwritten letter to a doctor he was advised to see a few days later. Just what you'd expect from any conscientious doctor, right? But there's more.

As Mr. Chung was leaving the office the ophthalmologist cheerfully instructed his receptionist-cashier "Don't charge this gentleman a thing — just tell him to buy lots of cotton."

Now that's public relations! Mr. Chung effusively expressed his appreciation for the kindness and wasted no time relating the story to his Asian traveling companions (also among the best customers for Lubbock-area cotton) and no doubt still will be telling it when he returns to Korea.

Other countries represented on the tour included Japan, Hong Kong, Malaysia, Singapore, Philippines, Thailand, Indonesia, Taiwan and Bangladesh. They imported an aggregate of over 5 million bales of cotton in 1979-80 and already have bought over 1.6 million bales for 1980-81.

E.P.A. & FLUOROCARBON

The Environmental Protection Agency is about to propose a limit on the production of chlorofluorocarbons, substances that some scientists believe deplete the earth's protective ozone layer, agency officials said recently.

EXPULSION?

Expulsion will likely begin against Rep. John Jenrette, (D-SC), when Congress returns for a post-election lame-duck session Nov. 12, the chairman of the House Committee on Standards of Official Conduct said recently.

EPA's Restrictions Withdrawn After Farmers Voice Objections

AUSTIN—The Environmental Protection Agency has withdrawn several proposed restrictive pesticide regulations on cotton farmers thanks to strong testimony from a large group of farm leaders, Agriculture Commissioner Reagan V. Brown has reported.

The unreasonably restrictive regulations would have required states to enforce wide buffer zones between cotton fields and "sensitive areas" such as roads and houses, Brown explained. Pesticide applications would not be allowed in these buffer zones, meaning that they would become "nonfarming" zones, where insects and weeds could thrive to reinfest

adjacent crop lands. The regulations would also have required applicators to get written permission from all neighboring landowners before applying pesticides, an almost impossible task.

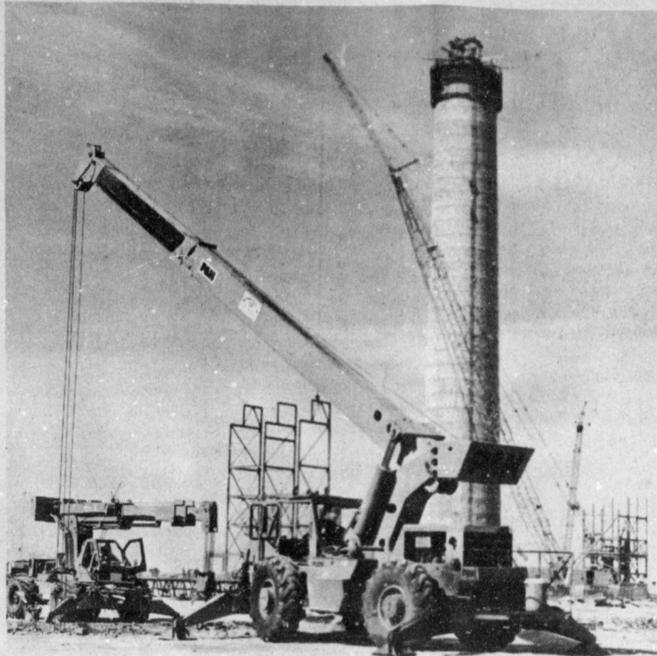

"The EPA had let it be known that following the implementation of the cotton action, the buffer zone idea was to be extended to other crops," Brown added. In testimony presented at public hearings on the subject, Brown stated that "Texas is the nation's leading cotton grower, and the proposals would severely limit the ability of cotton farmers to apply important and needed pesticides to their crops. Between the drought and the hurricanes, cotton farmers are

having enough trouble this year. We must do everything we can to encourage profitable production, rather than restrict it."

Brown noted that one of the responsibilities of the Texas Department of Agriculture is to train and license applicators of certain restricted agricultural chemicals. "We have found that the vast majority of applicators approach pesticides in a prudent, careful manner," he said. "There are much more effective ways to enforce safety standards than to throw blanket regulations over the entire industry."

EPA announced the withdrawal of the proposals late last month.

Freedom isn't always the right to do and say what you please.

CRANE DWARFED—In the background at the SPS Tolk Station construction site, a massive tower looms over a very large crane. Some of the structures at the plant will be massive structures. Some of the structures are nearing completion at this time.

The mercy of God isn't to be purchased by cash contributions.

Rider...

Cont. from Page 1

fireplaces over the state. He said he is not following a dream, and emphatically states that what he is doing at this time is completing an idea. He said he wants to see if it is still safe in modern days to ride on horseback across the nation. With 98 percent of his ride completed, he says he has encountered mostly very courteous drivers on the nation's highways.

Mr. G. says that he rides around 60 miles per day, with 24 horse changes. Making the ride with him are his mounts, Popcorn, Cochise, Little Doc, Streak, Cloudy and Dillon. In Muleshoe, he was riding Popcorn and says he changes rather frequently to rest the horses.

His helpers include his wife, Mrs. G, who does the cooking for the crew, and five crew members.

At the beginning of the long ride, he said his wife wasn't very happy about it and is now ready to get back home, hopefully around the first of December.

At some point, the Gaddie son, Rocky, who was with the group early in the several month jaunt, will rejoin the crew to complete the ride. He said he hopes to break the old record for horseback as they near the Davis Mountains in southwest Texas. At this time, 10,000 miles is the current record for horseback riding and by the time he reaches his home again, he will have ridden 11,000 miles. He

Mules...

side, the Mules are moving the football.

At times, the Mules have found room to scamper right through the middle, although most of their big gains have been from the option to the outside.

Also last week, several junior varsity players went into the game when the varsity team had virtually put the game out of the reach of the Dimmitt Bobcats. It is possible more junior varsity players will be seeing action against Friona.

This will be the next to final game of the regular season, and the Muleshoe football team is still very much in contention to go on into the season playoffs.

has already made the longest horseback ride in the state of Texas, and will add an additional 2,000 miles before his travels are completed.

According to Gaddie, he rode for six years on short trips to prepare for his journey, and says he is physically and mentally fit. "I never get lonely," he commented. "I have been stopped by blizzards and sand blowing, but I do keep riding in the rain and snow."

As he traveled to the southwest, Gaddie said he would be swinging along the Texas coast before he again swings to the north to complete his nearly 10 month journey by horseback.

Muleshoe Man Gunned Down; Man Arrested

Manuel Vasquez Flores, 50, who had been a resident of Muleshoe for the past 13 months, was gunned down on Northeast Fifth Street in Morton around 9 a.m., was pronounced dead at the scene by a Cochran County Justice of the Peace.

Cochran County Law Enforcement officers said Joe Luis Garcia, who resided near where the shooting occurred surrendered to officers shortly after the shooting. He was jailed on an open charge of murder.

Manuel Flores was born August 22, 1930 at Ozona and moved to Muleshoe from Morton.

He was married to Anne Sabala Flores on September 28, 1953, at McKinney. Flores had been a laborer, but was disabled.

Funeral services were conducted at 4 p.m. Tuesday at the Chapel of the Chimes with Rev. John Soto Jr., pastor, officiating. Burial was in Muleshoe Cemetery under direction of Singleton-Ellis Funeral Home.

Survivors include his wife, Anne; four daughters, Mrs. Maria Rodriguez, Morton; Mrs. Rosa Rodriguez, Mexico; Alic Flores and Rachel Flores, both of the home; seven sons, Joe Luis Flores, Julio Flores, and Bobby Flores, both of home; Raymond Flores, Oscar Flores and Manuel Flores all of Muleshoe; and Manuel Flores, Jr., of Oklahoma; three brothers; three sisters and 13 grandchildren.

Courtesy is so cheap that some people take no interest in it.

Concert...

including the sound track of Cecil B. DeMille's "The Ten Commandments" and others. He was featured at the close of the Winter Olympics playing the closing theme of the Olympics.

Ferguson alumni have included Chuck Mangione, Bill Chase, Chick Corea, and Don Ellis, and others who have gone into the jazz and pop field.

In the near future, he will be featured in United Artists' "Uncle Joe Shannon," a movie about a trumpet player whose career is shattered by personal tragedy. Bill Conti will do the musical scores for "Rocky" and "Rocky II" and will do the score for the film, "Uncle Joe Shannon." Another movie venture involves J.R. Tolkein's "The Hobbit," for which co-producer Peter Framp-ton will utilize Maynard's music in the score of the animated feature.

In short, said the local band director, Maynard Ferguson has infiltrated the music industry in ways that few contemporary popular acts have ever done, and certainly to a far greater extent than any of his jazz compatriots.

Figures show that during the last eight years with Columbia records, Ferguson has combined sales of more records than any other bandleader at the label since the '40's, counting Count Basie and Duke Ellington.

Admission for the concert will be \$5.50. The concert is strictly for the entertainment of persons in this area. Faulkner explained that it is not intended as a money maker for any organization, although band students will have tickets available.

"Please attend," urged the MHS band director. "You will enjoy it and feel that you have gotten more than your money's worth."

Texas A&M's research funding increases 14 percent

COLLEGE STATION — Research funding at Texas A&M University has soared to \$72.2 million in 1979-80 for a 14 percent increase over a year ago, university officials announced Wednesday.

The figures — released in an end-of-the-fiscal-year report by the Office of University Research — are up \$8.6 million from \$63.5 million when the university ranked among the top 20 research institutions in the nation.

HELPING A DOWNED INMATE--Muleshoe City Police officer Hal Bynum looks on as City Officer Tony Wallace helps Bailey County Jail inmate Martin Perez Jr. Perez was overcome by smoke in the jail from a mattress fire early Saturday morning. He was removed from his cell by city officers, and was taken to West Plains Medical Center overnight for treatment of smoke inhalation.

Texans have seen hotter temperatures, past records indicate

tures by the first week of September and rainfall so sparse a local newspaper called it drier than the Dust Bowl days.

The history of the past will do you no good if you don't know anything about it.

COLLEGE STATION —

This summer was the hottest on record for most of the state's major metropolitan centers, but not enough to topple Texas' 44-year-old record for the hottest day.

That mark of 120 degrees — set in Seymour on Aug. 12, 1936 — was shaken but not unseated by neighboring Wichita Falls which recorded 117 degrees on June 29 for the highest temperature to yet come out of the Texas heat wave.

Unofficial figures from the State Climatologist's Office at Texas A&M University reveal that Wichita Falls had the worst of it this summer, with 70 days of 100-degree tempera-

incumbent R.P. (Bob) Sanders lost out 308-289 to Republican hopeful James Warren.

In another contested county race, J.R. Carpenter received 519 votes to get the nod for Constable, Precinct One. Republican candidate Claude Don Holmes received 251 votes in that election.

Nine amendments were listed on the ballot this year. Voters approved six of the nine amendments in this county.

For Amendment One, which would allow un-manned teller machines to be placed by banks away from their premises, the vote was 1290-912.

Voters turned down Amendment Two by 820-1198. The Amendment would have authorized certain pretrial rulings in criminal cases.

Amendment Three would require a single appraisal board for counties for ad valorem purposes and was approved 1057-1011.

On legalized bingo for charitable purposes, Amendment Four was approved by Bailey County voters, 1168-1031.

Another amendment failing to get county voters' approval was Amendment Five which would have allowed the governor of the state to have fiscal control

over appropriated funds. Voters turned down the amendment by a total of 740-1342.

Amendment Six, which would allow the governor to remove appointed officers was also approved, 1356-755.

Also, Amendment Seven, which would permit counties with a population of less than 5,000 to do private roadwork was approved, 1288-799.

Amendment eight, to make changes in the names and qualifications for the Court of Civil Appeals, was also turned down 882-1071.

The ninth amendment on the ballot, allowing spouses to agree that income or separate property to remain separate property was approved by Bailey County voters, 1279-818.

No new flu strain is expected this year

COLLEGE STATION — Flu season may come early this year, but the viruses that infect Americans should be familiar types that have been around a few years, says a Texas A&M University microbiologist.

Dr. John Quarles said the Center for Disease Control in Atlanta is telling physicians and researchers not to expect anything dramatically new, but to be prepared for A-Texas varieties or perhaps Russian flu.

Quarles said several isolated influenza cases have already been confirmed this summer and that usually means an early season.

These Pioneer® brand grain sorghum hybrids do well in our area.

8501 — Even in a tough year like '80 we saw this hybrid stand up to drought and put out the yield! Under limited irrigation or dryland conditions, 8501 has in-bred strength to make a crop when lesser hybrids can't. We've seen good resistance to smut and MDMV with this hybrid.

8451 — We recommend this hybrid for limited irrigation or non-irrigated land as a companion to 8501. It has demonstrated resistance to Biotype C greenbugs and has shown itself to be one of the most vigorous hybrids available. This one has performed best when planted late.

8311 — Under full irrigation this hybrid has been the leading performer for many of our customers. 8311 has good resistance to smut and MDMV. A short, showy hybrid you're proud to show your neighbors.

Let's get together soon.

Fuel Alcohol Production Great Potential, Brown

AUSTIN—As petroleum prices continue to rise, alcohol production as an alternative fuel is becoming more feasible and attractive, believes Agriculture Commissioner Reagan V. Brown and he sees no reason why Texas cannot one day be the nation's top producer of farm-based fuels.

And as head of a special energy sub-committee, Brown has contributed in the formation of an eight-point legislative proposal, to be submitted to Governor Clements and the Legislature, which would help the infant fuel alcohol industry establish competitive footing.

The idea of gasohol, by no means new, is to run cars, trucks, tractors, irrigation engines and other machines on alcohol produced through the fermentation of crops and crop residues. Farmers see it as their best hope to break OPEC's grip on their industry, and to partially isolate themselves from the staggering rise in fuel costs they have experienced over the past few years. For many, the appeal is as much patriotic as it is economic.

Farmers are not the only ones interested in making and using alcohol for fuel, of course. But they are the group most likely to feel an immediate impact. Currently, the greatest amount of interest lies in fermentation alcohol, also called ethyl alcohol or ethanol. Methyl alcohol, or methanol, can be produced from coal and wood, and holds substantial promise for the long run. Another area of interest is ethanol produced from cellulosic materials such as straw and timber by-products. When a cost-efficient method is developed for this process, it could add greatly to the country's productive capacity.

While alcohols may someday supply up to one-tenth of the liquid fuel used in the United States, small- to medium-sized ethanol plants built on individual farms could meet 100 percent of the fuel needs of some agricultural producers.

When strong interest in alcohol fuels first began to emerge, Texans were faced with several stumbling blocks. First, and most important, was the fact that it was illegal under Texas law to manufacture ethyl alcohol as a final end product. "Cracking out," or recapturing ethyl alcohol from petroleum was allowed, however. (Texas, in fact, produces about 55 percent of all the industrial ethyl alcohol made each year in the U.S.) The distinction was that distilling was considered to be manufacturing, while recapturing was not.

The way was cleared for the manufacture of fuel ethanol with the passage of bills by the Texas Legislature in 1979. This allowed ethyl alcohol to be distilled for fuel, but not for human consumption.

Cooking is the first step in the process and is often called liquefaction. It is here that the grain is mixed with water and enzymes, then heated to break down the starches into

fermentable simple sugars.

Hydraulic pumps transfer the "mash" to fermenting tanks where yeast is introduced and allowed to work for several hours. In simple terms, the yeast cells "eat" the sugar contained in solution, and give off ethyl alcohol as a waste product.

After fermentation, the product is known as beer, and contains up to 12 percent alcohol.

Of course, pickup trucks and tractors cannot run on fuel which is mostly water, so a further step—distillation—is required. This process separates the alcohol from most of the water, resulting in about 190-proof (95 percent pure) alcohol.

The basically simple step of distillation involves "boiling off" the alcohol. Since alcohol

vaporizes at a lower temperature than water, careful heating will allow the alcohol vapor to separate from the water. The alcohol is then condensed back into liquid form and collected. Successive redistillations result in more of the water being taken out of the alcohol.

This description of the alcohol fermentation and distillation process is, of course, greatly simplified.

Although ethanol is being produced from grain sorghum, Commissioner Brown points out that any product containing starches or carbohydrates (which are nothing more than complex forms of sugar) can be used as a feedstock.

"The beautiful part of alcohol fermentation is that it uses up only the starch and sugars, and leaves the protein," said Brown. "In fact, the by-product actually contains much more concentrated protein per pound than

the original grain.

"We feel that farmer-owned and operated alcohol plants may be just the insurance policy needed by agriculture," he added. "If the bottom falls

Texas A&M's engineering school is country's largest

COLLEGE STATION—An analysis of fall enrollment figures at Texas A&M University shows its College of Engineering is the first engineering school in the nation to surpass 10,000 students.

Engineering continues to be the largest academic unit on campus as well, with the College of Business Administration ranked next, followed closely by the College of Agriculture.

Dr. Robert H. Page, dean of engineering, credited the college's growth to the superb job market for engineering graduates. He said the engineering program at Texas A&M has grown 27 percent in the past two years.

out of the market for a particular crop, or if it is threatened by weather or disease, it can be directed into fuel production. We certainly do not see the market for liquid fuels falling off any time soon."

Additional research and development on efficient production techniques, higher-yielding feedstocks and cost effective engine conversions must also be pursued, Brown said. As chairman of the agricultural fuels subcommittee of the Texas Energy & Natural Resources Advisory Council, he urges that all types of energy production from biomass be fully explored.

"By putting American ingenuity to work, we can solve our energy problems," he said. "We must do everything possible to encourage infant industries such as the fuel alcohol industry. It is definitely an old idea whose time has come."

Salty tap water harmful to health, says researcher

COLLEGE STATION—That glass of EPA-certified sparkling clear water that quenches your thirst needs more treatment, claims a Texas A&M University researcher.

Tap water may — by Environmental Protection Agency standards — be free of organic extras but can be loaded with minerals some people don't need and can be harmful, says Dr. Harold Wolf.

"In some places, the concentration of sodium chloride is so high that anyone who drinks it regularly doesn't need to use any table salt at all for seasoning," said Wolf. He points out that research has shown too much salt in the diet contributes to heart disease, but officials who warn about cigarette smoking and cholesterol fail to emphasize the problems of excessive salt intake.

Mr. and Mrs. W.L. Welch are at home after a 10 day trip to Ruidoso, N.M. where they visited a daughter, Mr. and Mrs. Mike Gobble, also Mrs. Floy Gobble, Mrs. Audie Hawkins nieces and nephews. They also visited relatives at Phoenix, Ariz. They did some sight seeing along the way at Grand Canyon, Oak Creek Canyon, Ghost Town, visited relatives at Prescott, also, her uncle, George Chasfer at Silverton, Colorado.

Sea Grant Program awarded funds to continue projects

COLLEGE STATION — Texas A&M University's Sea Grant College Program has been awarded \$1.73 million from the National Oceanic and Atmospheric Administration (NOAA) to continue its research, education and public service efforts.

The federal grant, announced by Secretary of Commerce Philip M. Klutznick, will be augmented by state funds and other sources, providing a total budget of \$3,039,876 in support of 26 Sea Grant activities in 1980-81.

The Texas A&M Sea Grant College Program, now in its 13th year, conducts marine education and training, fisheries research and seafood technology, studies in mariculture, coastal and ocean engineering, environmental quality, marine extracts and biomedicinals, safety in the marine environment, and provides marine advisory and information service.

Program Director Fennan D. Jennings said the funding includes support for research at the University of Texas Marine Science Institute at Port Aransas, the University of Houston, Texas Southern University, Baylor College of Medicine and Texas A&M University at Galveston.

Friday afternoon Homer
Milsap took some of the
residents on a bus ride in
the Sr. Citizens bus. They
went out to look at a
beautiful cotton field at
Lariat. Ora Roberts took
pictures of Alma Henley
and Rosemary Pool in the
cotton field. They also
looked at Ben Romings
pumpkin patch. Residents
going for the ride were Ora
Roberts, Russ Duncan,
Marie Patton, W.W. Park-
er, Charlie Garth, Marie
Engram, Maggie London,
Alma Henley, Josa Garcia,
and Rosemary Pool.

Glenda Jennings, Bro.
Louis Crenshaw and ladies
from the Lazbuddie Meth-
odist Church came to have
a Sing-A-Long with the
residents Wednesday. We
had an added treat besides
the singing of all the old
favorite songs. Glenda
came dressed as a Hall-
oween Witch.

Visitors of Marie En-
gram were Jerry Hutton,
Irene Splan, Mrs. Asque,
Mary Whitson, Maud Ker-
sey, Mrs. Chambless,
Keeton Sneed and Carolyn
from Farmington, Stacey
Campbell, Jodie and Susan
Whatley, Wilma Waddle,
Pauline Myers, Mr. and
Mrs. Edward Engram of
Farwell, Lucille Tittle and
Mrs. Embry.

Audrey Bussey took her
mother, Mrs. Hendrix and
Annie Brown shopping at
Gibsons Friday.

Roie Stine and W. W.
Parker have been hospi-
talized.

Bertie Hendrix, Alma
Henley, Russ Duncan
played dominoes. Monday
Russ Duncan, Chellie
Bradley and Ora Roberts
played.

Ora Roberts was visited
by her daughter-in-law
from Albuquerque, Mary
Ruth Roberts and Bonnie
Roberts from Sudan. Sat-
urday Retta Shipp, Minnie
Kelly and David Cox
visited.

Ora Roberts and Rose-
mary Pool played a game
Saturday.

Russ Duncan and Ora
went for a walk.

Rosemary Pool went to
her parents home, the Lee
Pools, and watched T.V.
played dominoes and drank
coffee. She went to both
church services at the First
Baptist Church Sunday.

Mary McDorman was
visited by Bill and Joyce.
She has been playing domi-
noes

Mary McDorman was
visited by Jimmy, Johnny,
Steve, her daughter from
Lubbock and her daughter
from Farwell.

Edith Bruns has a new
great granddaughter. The
mother of the baby is
Connie Bruns.

Betta Lancaster was vis-
ited by Bill and Joyce. She
has been playing dominoes
in the day room.

Alma Henley was visited
by Nell Holman, Mrs.
Shipp, Mrs. White, Mrs.
Kelly, Clara. Her daughter
Celo and son-in-law took
her out for Sunday dinner
to celebrate mother-in-law
day.

Ed Steinbock is visited
every day by his wife.

Friday David Lassiter of
the Lazbuddie Church of
Christ came to have a
Devo. with the residents.
He shared Bible verses and
his thoughts and feelings.
The residents shared their
thoughts and feelings with
him.

Friday morning the lad-
ies had a "Gab" session
in the day room. They
shared home remedies, re-
cipes, house cleaning hints
over coffee, cookies and
juice. Ladies attending
were Ora Roberts, Grace
Kemp, Rosemary Pool,
Betta Lancaster, Alma
Henley, Marie Engram,
Maggie London, Russ
Duncan, Marie Patton, and
Mrs. Shofner.

Thursday the Spudnut
Shop brought Spudnuts to
the nursing home.

Mrs. J.C. Shanks baked
a cake and brought it to
the staff Thursday. The staff
enjoyed and appreciated
this.

Dr. McDaniel is visited
by susie Whatley.

E.B. Wilson came to
have Bible study with
Alma Henley, W.W. Park-
er, Dottie Wilterding,
Archie Scarlett, Mrs.
Shofner, Russ Duncan and
Marie Patton.

Mattie Heard was visited
by Alene Harvey, Jenne,
C.T. and Family, Mrs. Un-
derdown, Ruth Hunt.

Mr. Hicks is visited
every day by his wife.

Nina Glascock was
visited by Bro. Duane
Knowlton, Carrie Chris-
tian, Allen Wurster, Mrs.
Lennie Engram, Scott
Kantrell, Red and Johnny
Glascock, Mr. and Mrs.
Neil Stewart and Sharla.

Lula Embry's visitors
were Mr. and Mrs. Leon
Lewis, Joe and Claudine
Embray, Mack and Rhonda
Hodges and new daughter,
Jill, Lori and Suny Hodges,
Harold, Elaine, Leah,
Mona and Julie Pruitt from
Hobbs, Calvin and Lona
Embry, Kathy and Kyle
Embry, Chester and Billie
Embry, Allen, Carolyn,
Missy and Craig Smyer,
Floyd, Betty and Eldon
Embry from Farwell, Mar-
vin Oswalt from Lubbock,
Nell Holman, Lula Maye
Shanks, Mr. Embry's brother
Starling and Winnie
Embry from Paris, Texas.

Dottie Wilterding was
visited by her cousin Helen
from Calif., Mr. and Mrs.
Harold Pruitt and girls
from Hobbs.

Clara Weaver was vis-
ited by Maud Kersey, Cor-
delia Cochran, Lona Em-
bray, Irene Greer, Cheryl
and Jerry Hutton.

Juanita Garrett is visited
every day by her sister,
Mrs. Wagoner.

Russ Duncan and Marie
Patton were visited by
Mrs. Shipp, June Gore,
Mrs. Stovall and Claud
Patton.

Bertie Hendrix was vis-
ited by Jerry Hutton, Mr.
and Mrs. Joe Embry. Her
family visited her Sunday.

Several of the residents
have voted for the candi-
date of their choice for
president by absentee
ballot.

Kristi's Korner

I would like to express my and many other people's feelings on the death of one of our beloved teachers.

It had started out to be a pretty good day Wednesday, October 29, but I was

PAT LAWRENCE

walking down the hall, like many others, and saw that all the teachers looked sad; some were crying. We knew something really bad had happened, and then our principal, Mr. Mardis, came over the loud speaker and said in a very sad voice that Mrs. Lawrence and her husband had died last night. Then you could hear loud crying all throughout the school. It was probably the saddest day our school has ever been through. The rest of the day seemed to last forever.

We kept thinking, it just couldn't have happened and we'll see her tomorrow, but we knew we wouldn't see her tomorrow or any other day. We live on earth, and that is what makes us cry.

Mrs. Lawrence was a very sweet person, always being nice to everyone. She would tell the cheerleaders that we were just

like her own kids, and to us she was like a second mom. If we ever had any problems, she would help us, and she was always there when we needed her the most. She helped us think of new ideas and ways to raise spirit in our school. I guess you could say she was very outstanding, always happy, with a warm smile on her face. We loved her more than words can ever say.

We find comfort in the thought that, death, for Mrs. Lawrence, was the beginning of a new life.

Kristi Campbell

So We Hear

It takes hard work to make an easy living. -Enterprise, Hubbard.

At Muleshoe Junior High

Teacher of The Week

The Student Council picks a teacher each week who they think has been doing a good job! This week Coach Brenda Scott was selected. She coaches 7th and 8th grade Athletics and 6th, 7th, and 8th grade P.E. She has a class of 6th grade Reading and one of English. In basketball she commented, "I'm looking forward to a very good year!" Coach Scott also enjoys kids of the Jr. High level.

Miss Scott has lived in Muleshoe all her life. She is a graduate of Muleshoe High School. She attended

South Plains College, then received her degree from Texas Tech.

This is her fifth year to teach at Muleshoe Jr. High. She likes to water ski, play basketball and softball, and listen to country and western music. Congratulations, Coach Scott!!

Agronomist predicts, less sneezing this fall

COLLEGE STATION — A weed control expert at Texas A&M University is predicting a milder-than-normal season statewide for sufferers of hay fever because of the recent dry spell. Some of the areas of the state have still received less than half their normal January-through-August rainfall, according to the State Climatologist's Office at Texas A&M.

Dr. Rupert Palmer, an agronomist, said lack of rain slowed the growth of ragweed.

Discipline is something for every child to learn, but the lesson requires a wise teacher.

Smart Girl
To a smart girl, men are no problem--they're the answer.
-Stinger, Midway Island.

A bouquet of flowers usually brings a smile to the face of any female, regardless of age.

Too many political speakers appeal to the emotions rather than the intellect.
