Above, ambulance crews and onlookers view the aftermath of a collision in the 2500 block of Shandon Avenue Thursday night. A late-model car driven by Todd Korthauer, 18, 2802 Fannin Ave., and an automobile being driven by Harold Long, 48, 3531 Imperial Ave., collided, police said. They added that Korthauer's vehicle subsequently struck a parked car owned by Dick Moore, 3526 Imperial Ave. Below, ambulance attendants Thursday place Jane Ann Garner, 17, 1614 E. Oak Ave., in an ambulance after she sustained minor injuries in an accident at the corner of Wadley Avenue and Big Spring Street. Three cars were involved in the accident. A car being driven by David Childress, 32, 1603 W. Kansas Ave., was traveling south on Big Spring and Ms. Garner's vehicle was going west on Wadley when the two cars collided, police said. According to reports, Ms. Garner's vehicle then traveled on to collide with one being operated by John L. Courtney, 33, of San Antonio. No serious injuries were reported in connection with either accident. (Staff Photos by Bruce Partain)

# Blacks take office in Salisbury rites

SALISBURY, Zimbabwe Rhodesia (AP) - Prime Minister Abel Muzorewa offered "the hand of fellowship" to black guerrillas today only hours after the birth of Zimbabwe Rhodesia, Africa's newest blackruled nation.

His first official function was witnessing the swearing in of his 11 black and five white Cabinet ministers, including former Prime Minister Ian Smith. The ceremony took place beneath the portrait of Cecil John Rhodes, the British adventurer who annexed the territory for Queen Victoria and who remains a hated symbol of white supremacy for many

"We want to do something that has never been done in Africa, and that is that someone comes into power and

extends a hand of fellowship to all his brethren inside and outside and that they are welcome and there is no need for confrontation or fighting or anything like that," Muzorewa, this nation's first black prime minister,

He urged the guerrillas to accept a government amnesty first offered in the waning days of the previous white-minority administration.

Muzorewa, a Methodist bishop, will also serve as defense minister in the new government, taking charge of the government's six-year-old war with guerrillas seeking to topple the Salisbury regime.

Muzorewa, flanked by two white policemen in khaki uniforms, moved into his new office today in the red brick colonial-style government headquarters.

Wearing a clerical collar and a wide grin, he appeared fresh and fit as he chatted with reporters and photographers. He had spent a late night Thursday, listening to the singing, dancing and tribal drumming coming from independence celebrations in Salisbury's black townships.

Muzorewa said "very fast" govern-ment policy changes would be announced probably Saturday.

The new government abandoned plans to ferry thousands of blacks into the capital to demonstrate support for Muzorewa. Fleets of trucks and cars had been mobilized to bring blacks into the city, and there was no immediate explanation of the cancellation.

## Flash flood watch issued in Basin

Rain falling on most of the Permian Basin Thursday night and early today caused a flash flood watch to be issued for the area tonight, according to the National Weather Service at Midland Regional Airport. Rain with a chance of thunderstorms through Saturday is forecast for the area by the weatherman.

A number of area towns reported some rain early today, as a front moved into and became stationary over the area, said the weatherman,

## Whiff, whack and whump, but few 'wows,' despite pretty golfers.

By RICHARD MASON Staff Writer

It wasn't quite like Fort Worth's Colonial National Invitational Golf Tournament.

While the competition was keen in the finals Thursday of the National Junior College Athletic Associa-tion's women's golf tourney hosted by Midland College and held at Midland Country Club, the audience was, well, different.

Spectators in Fort Worth spend as much time searching the gallery for eye-catching women as they

In Midland Thursday, the golfers were women. Each looked tanned, athletic and healthy.

But Midland men - at least the ones at the country club - were more interested in "another round" for their next round than they were in watching the

The sounds of competition, the "whiff, whack and whump" of golf, were spirited away by erratic winds and overcast skies.

There's no telling what the men missed, because women golfers have their own style.

Occassionally, one would shout after a ball, entreating it to "sit, sit, " or encouraging it to "get up, ball, go, go."

For the most part, though, the women seemed much calmer than some of the men on the course.

"The girls very seldom throw their clubs," Palm Beach Junior Cellege Coach Debbie Ruday explained. 'If they did, I'd kill them.'

Mrs. Ruday had little reason for homicide Thursday. Her team won. The only real question was whether they would take

four of the top five tourney spots. They didn't, but the girls were gearing up for a round of celebration - all the way out here in TEXAS. First on tap was a western brand of beer not

normally available on the sunny beaches of Florida. 'No, I haven't drank any," Barbara Bunkowsky, 20, of Toronto, Canada and a member of the Palm Beach team, explained, "but we are going to tonight."

Bunkowsky caused quite a stir among teammates after she bought a "regular" cowboy hat. "It's just part of Texas. Everyone out here wears one," she explained.

In fact, Bunkowsky, who was in the midst of her first trip to the Lone Star State, decided that Texas was full of "normal" people. "I love everybody's accent," she said.

Her coach agreed that Texas had the "nicest people." But the two remained sold on Florida

Midland lacked the glamor and nightspots of places like West Palm Beach, they said. "To me, it's a deserted town," Bunkowsky, who

Meanwhile, Carter's problems were complicated on Capitol Hill Thursday. Top congressional leaders, while claiming they want to de-emphasize differences with the president, torpedoed a White House attempt to stage a Camp David "energy summit" this weekend.

The president still plans the session, but House Speaker Thomas P O'Neill and House Majority Leader Jim Wright said they turned down the invitation because of other commitments.

## No gasoline crisis expected in Texas, says Gov. Clements

AUSTIN, Texas (AP) - Spot shortages of gasoline will occur this surv mer, but Texans will get by without a crisis, says Gov. Bill Clements

"I don't want to give off any signals that we're in a crisis situation," the governor told a weekly news conference Thursday.

"I think we will experience some spot shortages, but I don't think that will be unanticipated," he said. "With everyone remaining cool and calm on this particular subject, not trying every day to top off their tanks and driving at reasonable speeds, we'll get along all right."

Motorists may have a hard time buying gas on weekends, he predict-

"Certainly there will be some closings on Sunday but that's the real world." Clements added.

In June, Texas will have 91 percent of its June 1978 gasoline allocation, the governor said. That amount will be reduced 10 percent further by setting aside supplies for emergency distribution and federally imposed prior-

The governor's energy aide, Ed Vetter, said the 91 percent figure came Thursday from the U.S. Department of Energy and took into account planned gasoline cutbacks by three major oil companies - Mobil, Texaco and Gulf.

T Clements repeated that he will not

restrict service station hours or impose rationing plans. The Legislature approved additional energy powers for the governor, and President Carter this week delegated authority to the nation's governors in dealing with gas shortages.

#### Survivor best source for crash information

Safety offiials planned to search gain today for clues into the Wednesday night crash, which took the lives of 17 persons aboard a Downeast Airlines commuter plane.

McCafferty, of Searsmont, Maine, was sitting in the rear of the plane and was thrown clear of the wreckage, according to Elwood Driver, vice chairman of the safety board. McCafferty underwent surgery for a compound leg fracture and was reported in stable condition at Penobscot Bay Medical Center in Rockport.

"The only recorder we have now is that young man who lived," Driver said, referring to McCafferty, -

## 1,000-plus seniors are graduated

More than 1,000 Midland students ended their secondary school education Thursday night in ceremonies at Chaparral Center.

The senior classes of Midland and Lee high schools received diplomas that stamped them with the traditional title of "adults."

Each class heard speeches by its valedictorian charging responsibility for the future and by the salutatorian reviewing the past and looking forward.

Midland High School valedictorian William Nance Creager told his classmates a parable of two women, who in turn were told throughout their childhoods they would be "the leader's of tomorrow," but were never told who they would lead or where.

Since the nation was at war, the clever woman used her energies and talents to organize efforts against the war. The wise woman used hers to organize efforts to bring about peace by ending hatred and prejudice, Creager related.

When the war ended, the valedictorian told his Thursday night audience, the first woman was unfulfilled, but the second, who had changed herself, was joyful.

"Before we try to eliminate the injustice of our society, let's tackle our own petty prides and selfish prejudices," Creager said. "Let's conquer ourselves before we conquer the world.

MHS salutatorian James O'Neill challenged his classmates to set high goals and work hard to achieve them because "we are no longer 'the leaders of tomorrow' but rather the decision-makers of today."

Urging his audience not to be afraid of making mistakes, he added, "It is not failure, but low aim that is the

crime. "The prime factor in being successful is conquering the fear of making

mistakes Lee High School valedictorian Mary Downs based her address on education as a tool for achieving one's po-

"A high school diploma is not a stopping place; it is merely a founda-tion on which to build," she said, noting the almost incredible technical advances that have taken place in this country in the last century.

"By definition, success means to reach one's maximum potential. The education we have received here is essential to that success.

She urged her fellow seniors to examine their ambitions and potentials and to "leave this place with a dream of fulfilling our goals whether through continued education or through some other experience.

"Only then will we have reached our maximum potential. Only then will we achieve happiness."

Lee salutatorian Jim Reiter charged his fellow seniors to see graduation as a beginning rather than an ending.

Saying high school students have had more negative than positive aspects reported in the media, Reiter noted, "the infrequent mishaps of a few of us are enough to rob the rest of us of what George Mahon calls our 'just desserts.' "

Noting this was time for each student to publicly receive his "just desserts," Reiter told his fellow students to look at graduation as "a continuation of principles and ideas that the first twelve years have given us. We should see the beginning to new pos-

"We should see a beginning to the time when we, as students, salute our parents for their help, and where they, in turn, recognize us for what we've accomplished.

With diplomas under their arms and relief in their hearts, Midland High School graduates file out of the Midland College Chaparral Center Thursday night, leaving behind a few caps which were joyfully sailed through the air.

SAN ANTONIO, Texas (AP) - Rewards totaling \$125,000 will probably help flush out information on the assassination of U. S. District Judge John H. Wood Jr., says the FBI official who heads the intense federal investigation.

## Stock market loses

NEW YORK (AP) - Stock prices showed some further losses today after Wednesday's sharp drop, but the market began to stabilize as the session progressed.

The Dow Jones average of 30 industrials, off almost 4 points at the outset, was down 2.08 at 820.08 by noontime. The average had fallen 10.39 points on Wednesday. Losers outpaced gainers by a 7-4 margin among New York Stock Exchange-listed

Before the opening the government reported that the index of leading economic indicators fell 3.3 percent in April.

One group which moved against the trend was the gold-mining stocks, aided by a sharp rise in world bullion prices.

Dome Mines gained 1¼ to 110¾; Campbell Red Lake ¼ to 381/2; Homestake 1/4 to 33½, and ASA ¼ to 28½. The NYSE's composite

index lost .12 to 55.89. On the American Stock Exchange, the market value index was off .50 at 185.14.

Volume on the Big Board came to 13.73 million shares at noontime, against 12.91 million at the same point Wednesday.

## Tax incentive still missing for small savers

By JOHN CUNNIFF

NEW YORK (AP) - For the small saver, the regulatory changes made this week are important more for their direction than the degree of change. And still missing from the "save the small saver" package - one, admittedly, that regulatory officials

could do nothing about - is a tax incentive for saving. Federal regulators did give savers a chance to earn a quarter of one percentage point more on

passbook deposits. And they eliminated regulations for minimum deposits on almost all savings certificates. But a fax incentive, said thrift institution represen-

tatives, would do even more. It would, they said, encourage personal savings, boost home sales, and provide stability to lending institutions. What the small savers - and the banks - received

in the regulatory changes was significant, but in part mainly because it pointed the way to even more freedom to raise (or lower) rates in the future. Eventually, some reformers hope, the small saver

may earn a rate equal to that of larger investors. However, as that scenario unfolds - if it does banks might have to charge more for mortgages. The approval of variable rate mortgages, whose

rates rise or fall with economic conditions instead of being set for life as in most current mortgages, now gives lenders flexibility to meet that eventuality. The market for small savings, and for the home

mortgage loans that are supported by those savings, has therefore been substantially changed in direction — but for the time being, maybe not as much in A saver, for example, still needs \$10,000 if he or she

is to take advantage of money market certificates, which provide the highest return and shortest maturity offered by banks and savings associations,

A mortgage applicant also retains a degree of choice in the mortgage he accepts. While a lender might wish him to accept a variable rate loan, he has the choice of asking for a conventional, fixed-

And the lender still can decide it doesn't wish to avail itself of one or more of the changes. It can decide to forego offering higher-return certificates, for example, if competition permits.

None of these changes, savings and loan say, is likely to mean a sharp rise in savings. The 5.5 percent yield on passbook savings at thrift institutions, for example, isn't likely to change habits.

What would increase the flow of savings, they say, is a tax change permitting savers to be free of taxes on the first \$200 or \$300 or \$500 (depending upon which bill is discussed) of interest on savings.

To them, this is only logical and just. Stock owners, for example, pay no interest on the first \$100 of dividends. Why, ask the thrift institutions, shouldn't the same attitude apply to savings?

If such a law were passed - and some thrifts feel it will be by the end of the year-more funds would flow to savings institutions, which then would be better ble to make home loans. So goes the concept.

What this country needs, they argue, is more savings. And the echo you hear is probably the same phrase repeated by ordinary savers who, until this

## Officials bugged by eavesdropping of court's janitor

AYER, Mass. (AP) - Authorities are listening to more than 20 hours of taped conversations for a clue to why someone wired the entire Ayer District Courthouse with a network of homemade electronic

They would also like to have a face-to-face chat with Ira Keizer, the 71-year-old janitor charged with placing the devices, but he hasn't been seen since investigators began looking for the bugs last Thurs-

The eavesdropping devices were found in virtually every corner of the two-story, 27-room building from judge's chambers to pay telephones, Middlesex County investigators said.

"We suspect this was going on for a substantial amount of time," first assistant district attorney William Codhina said Wednesday. "We'll have a better idea when we listen to the tapes.

'How the information was being used is another question we still have to answer," he said. "But we have to treat it as a very serious situation. It was a substantial violation of others' rights that goes to the very cornerstone of the criminal justice sys-

A county grand jury Tuesday charged Keizer, building superintendent at the courthouse for 10 years, with nine counts of illegal wiretapping.

Little was known immediately about Keizer, who was believed to have worked at an Army missile site number of years ago. His co-workers declined to talk about the case and investigators could provide few details. "Right now he's pretty much just a name to us,"

said Lt. George McGarrity, a state police detec-

Codinha said the grand jury would reconvene next week to review additional evidence in the case. He declined to comment if more arrests were expect-

Detectives aided by technicians from a private security firm combed the courthouse for 12 hours last week and turned up a system of small transmitters hidden in telephone booths, courtrooms and Some 20 tape cassettes of recorded conversations

were found in two locations along with several radio receivers. Those involved in the investigation indicated the receivers were found in Keizer's office. Investigators also found a small antenna wired

outside the office of presiding Judge David Wil-"Every room had the capability of being eavesdropped on," McGarrity said. "The transmitters were wireless and portable. They could be placed

He called the equipment "homemade," adding, "The average person who could read diagrams could have put together the equipment."

Codinha said the search warrant was issued based on information from Assistant District Attorney Dante DeMichaelis, who "began hearing and seeing things," while he was at the Ayer courthouse for a murder trial.

If South draws trumps and takes the club finesse, West wins and switches to diamonds. Down one.

When today's hand was actually played some years ago in a French team match, Jean-Marc Roudinesco made four hearts by a simple but beautiful deceptive play.

#### SURPRISE LEAD

After winning the second trick with the king of spades, declarer led the ten of clubs!

If East had the king of clubs he couldn't profitably lead diamonds. West actually had the king of clubs but felt sure his partner had the ace and that South was leading a singleton in the hope of setting up the clubs by ruffing.

West therefore played a low club, and South was home.

DAILY QUESTION As dealer you hold: S-K5; H-KJ742; D-10765; C-A10. What do you say?

ANSWER: Bid one heart or pass. This close decision might depend on whether you can trust your partner not to go crazy when you open with a light hand. You would be slightly more inclined to bid on five hearts to the K-J-10 and four low diamonds rather than the actual hand

## CBS gets boost

NEW YORK (AP) - CBS attracted a substantial and apparently regular audience for the last three chapters in its four-part miniseries based on John Dean's "Blind Ambition," and the boost helped the network break ABC's 19-week run in first place in the weekly ratings.

Monday, Tuesday and Wednesday night installments in the CBS miniseries compiled ratings ranging from 20 to 21.2, indicating people who began the week with "Blind Ambition", stayed on through the conclusion. Ratings for Part I were included in the previous week's accounting

ABC, nonetheless, won each of the three nights, figures from the A.C. Nielsen Co. show.

Monday night went to ABC with the help of a movie, "Vacation in Hell," Tuesday night with its comedy lineup, including the week's most-watched show, "Three's Company," and Wednesday night with a boost from "Barry Manilow's Third Spe

"Blind Ambition" did win head-to-head competition Monday and Tuesday with the concluding chapters in NBC's "A Man Called Intrepid" miniseries. ABC listed eight of the Top 10 programs in the week ending May 27, but CBS scored with a couple of specials, "Body Human: The Sexes" and "Dummy," tied for seventh with ABC's "Happy Days."
The rating for "Three's Company" was 25.3. Niel-

sen says that means of all the homes in the country with TV, just over a quarter saw at least part of the

## World War II relived in former resident's first book

By PATSY GORDON Lifestyle Writer

She was only a 12-year-old girl, but she witnessed carnage, poverty,

naked natives and death. She saw the place where the infamous Bataan Death March had occurred, with the loss of so many American soldiers. And she lived at

the place where it ended. She faced many perils-cobras and tarantulas, the possibility that Japanese soldiers were still hiding out in the jungles, typhoons and heat waves

and raids from the Huk guerrillas. What she sees will affect her for the. rest of her life

Bettye Vaughan Colburn, a former Midlander, and her mother, Mrs. George Brand of 3313 Thomas St., were among the first-dependents allowed to go overseas after World War II. Bettye and her mother made the long journey to the Philippine Islands in 1946 to join Bettye's father.

Bettye now lives in Lusk, Wyo. with her husband Walt, who works for the Federal Aviation Agency's radar site near Lusk.

She has written a book about her experiences during the year spent in a foreign land as seen through the eyes of a young girl. The book is called "A Tapestry of Childhood, and an autograph party will be held Saturday at The Bookstall

"I began taking notes about my experience years ago," Bettye said. "In 1975, after I had a stroke, I just began writing a little everyday. I never thought of it as becoming a published book, but it grew into a

90,000 word book." She said she really wrote the book for her children

Bettye and her mother, then La-Vesta Vaughan, landed in the Philippines Aug. 1, 1946 and found out they couldn't join Lt. Vaughan at Camp O'Donnell, but would have to stay at Clark Field, 25 miles away.

"They put us up at Clark Field for four months, which is an Air Force base, because they didn't have things ready at Camp O'Donnell. Well, they didn't have things ready at Clark Field, either, but they took us

Before he died, Arakawa painted a picture of his native land for Bettye out of board and root juices.

They really did. It has grieved me to watch the deterioration in relations between the U.S. and them. They are special and dear people to me and my mother. They were loyal people. When they love, they love.'

What did that year in a foreign land teach her?

"I can't say I was ever prejudiced because I was never exposed to anything as a young girl. But I really learned to appreciate other people's way of life and their philosophies. I think I learned how to adapt to do without if I had to. I think I really appreciated America and what we have when I got back."

She also disillusions many Americans who thought General MacArthur was a hero. "It would come as a shock to Americans how unpopular he was with his own men and the Japa-

# Tax plan offered to save California's 'way of life'

By JEANIE ESAJIAN

SACRAMENTO, Calif. (AP) -Gov. Edmund Brown Jr. is proposing a \$1.8 billion energy and transportation plan that includes a 50 percent excess profits tax on oil companies to help pay for mass transportation.

He told a news conference. Thursday that the 5-year plan should help ease California's dependence on Arab

"Californians are not going to give up their way of life. But in order to maintain it...the state, each individual, and private corporations, are going to have to make a maximum effort greater than anything we've seen before," Brown said.

Brown's plan would be funded by an expected \$500 million from the tax on excess profits of oil companies operating inside California, \$190 million from windfall profits of stateowned oil operations, \$500 milion from the increase in the state sales tax revenues from the rising cost of gasoline and as much as \$350 million from the state highway account, currently authorized for use on mass transit.

Some \$1.6 billion would be spent on mass transit, while \$190 million would be earmarked for energy conservation and new energy sources.

Under the plan, California would spend \$112 million for expanded rail service, \$20 million for improvements to Amtrak, \$600 million for increased

## Synthetic fuel escalation recommended

WASHINGTON (AP) - Rising oil prices should prompt the nation to start a high-gear effort to develop synthetic fuels, says W.W. Rostow, former presidential national security

Rostow, adviser to the late President Lyndon B. Johnson and now director of the University of Texas' Bureau of Economic History, reminded a Huse subcommittee Thursday that the U.S. produced its first synthetic rubber 287 days after the deci sion was made during World War II. He said the all-out energy produc-

tion necessary to counter shortages should include "a massive drive to exploit the potentialities of coal and shale synthetics."

Gov. William Hobby before a House Commerce Committee panel studying President Carter's plan to phase out domestic oil price controls. There are indications that the costs

of synthetic fuels are "coming close" to conventional sources, Rostow "Given the likely rise in OPEC oil prices and the certainty the cost of

synthetics will come down with experience of large scale commercial production, a viable commercial industry is likely to emerge from an initial phase of public-private collaboration," he said.

"It is indeed our central conclusion that the economic and strategic implications of the energy crisis make this the most dangerous time the nation has faced since the 1930s," Ros-

tow said. He said the crisis is a result of stagnant domestic energy production, doubtful sources of imported oil and the "long lead times" for energy GLASSCOCK COUNTY production and conservation mea-

sures.

As steps toward a solution, Rostow proposed oil decontrol, quicker gas decontrol, plowback of windfall profits to energy development, a switch of utilities to coal, settlement of energy-environmental conflicts and a rational nuclear energy policy.

Hôbby, chairman of the state's energy advisory council, called the president's phased decontrol plan "a reasone control plan" a reasone control plan "a reasone control plan" a reasone control plan "a reasone control plan" a reasone control plan "a reasone control plan "a reasone control plan" a reaso

# Firm's Texas

AUSTIN, Texas (AP) - Chairman John Poerner of the Texas Railroad Commission said Thursday the move of Diamond Shamrock Corp.'s world headquarters from Cleveland, Ohio, to Dallas should help boost energy production in Texas.

about 3,000 employees in Texas, and the company's president, William Bricker, said 30 to 40 executives will move to Dallas in August and another 100 will come to Texas within a year. "One of the commission's prime

public transportation, and \$149 million for construction of new bus and carpool lanes.

In addition, a state-run California Energy Investment Fund would be created to accelerate and stimulate new investment in conservation and renewable energy sources, such as geothermal, wind, small hydroelec-

tric and solar electric energy. Brown said that by 1998, power from these sources would exceed what the power utilities expect to

generate from traditional sources. "For too long, we have made our-

## Refinery hit by blaze

EL SEGUNDO, Calif. (AP) - A spectacular fire at a Chevron oil refinery filled the sky with flames and smoke, and left one fireman injured before being extinguished

The fire broke out about 7:10 p.m. Thursday after a heat exchange unit malfunctioned, according to Chevron spokesman Norm Leroy. He said the blaze was contained about 11/2 hours later, and was completely put out by 10: 26 p.m.

One fireman, whose name was una-vailable, suffered a knee injury, according to El Seguno Fire Capt. Kenneth McElvain.

Once the fire was contained firemen did not want it to go out too

"They said they had to keep the fire going to cool it down because of the danger of fumes from a chemical called hydrogen sulfite," McElvain said. "The danger would have been greater, as I understand it, if the fire had gone out too soon.

Chevron spokesman Leroy said, "We had a malfunction of a heat exchange unit in a crude unit that processes crude oil at the beginning of the refining process.

'This malfunction allowed a mixture of liquid and gas to be released to a flare system that's designed to han-dle emergencies," he said. "But the liquid was not contained and spilled out and was ignited by a fire in a furnace in the flare system."

The flare system, where the fire occurred, is half a mile from the crude unit, where employees were working, Leroy said.

'We don't normally have any employees at the flare system. It's isolated and monitored by a TV system. It's my understanding that there was no one there at the time," he added. Leroy said officials had not deter-

mined yet how much damage had been done to the refinery. But, he added, "There's no danger to any other parts of the refinery or to the public."

## Charlie Waters... cover that chest

Revolting is the only word for it ... a thinly-disguised attempt at retaliation, so childish in its obviousness that it doesn't even warrant comment.

There he was pictured in a family newspaper, his bare chest exposed for all to see, Charlie Waters, resorting to beefcake, unveiling his body like some shameless hussy...or should that be hubby?

What's more he admitted he did it to capitalize on the adulation of his teenage fans. Said Charlie with modesty in accordance to his nearly-all revealing pose, "It's time for me to

"I read my fan mail. I know what the demand is," the all-pro defensive safety proclaimed brazenly. "Defensive players just don't get exposed. I like the challenge.

And we have no doubt that guillible female fans will make the poster a best-seller. Never mind what's beneath that "beautiful hunk of man", all she sees is the physical specimen, just like a woman.

WELL, WE aren't so naive that we don't recognize a carefully conceived plot when we see one.

The Cowboys are in panic. No, not because of the prospect of another meeting with the Pittsburgh Steelers in some future Super Bowl, like in 1980 in Pasadena. No, it's a spiteful retaliation campaign against their own Dallas Cowboys Cheerleaders.

Jealousy has poked its ugly head up through the stomped on artificial Texas Stadium turf. Not satisfied th an NFL championship in 1978 runnerup in 1979, the Dallas play-

ers are green with envy at the attention being lavished on those plain, ordinary girls who prance on the sidelines, virtually ignored by the football loving Dallas fans who couldn't care less about the frills of the game. Somehow the players don't see it that

"YOU CAN'T really blame us," said one player, begging not to be identified. "We win the Super Bowl and the Cheerleaders' poster is a best-seller. We have tryouts and maybe 100 guys show up. The Cheerleaders hold tryouts and every broad

in six states is there. Well, that may be an exaggeration, but they get 800 candidates, don't they? Not only that, but they send a TV crew down to televise it. How come they don't televise our tryouts? Admit it, we got an image problem. Besides, what's wrong with going with the same bunch they had last year?"

BARING HIS soul before getting around to his chest, the Cowboy warms up, "We get a trip to the Bahamas for that Super Stars competition, but we have to get to the Super Bowl to qualify. The Cheerleaders, they get invited to Tokyo and get a ticker tape parade down Yamamoto Boulevard. They are the toast of the Orient and the Japanese don't even know we're the big show over here...I

Warming up to his task, the unmollified Cowboy complains, "TV does a whole movie about the Cheerleaders and shows it prime time Sunday night. What do we get, Sunday afternoon or a Monday with Howard, and that's liable to make you more enemies than friends. And when they do decide on a movie about us, it's one like Dallas North Forty which depicts us in an unsavory light, the kind where a girl embarrasses us by asking, 'What's a nice boy like you doing in a game like this?"

It's obvious that this is a matter that demands the strong ruling hand of NFL Commissioner Pete Rozelle. He must act quickly and decisively before this thing gets out of hand and our wives have posters hanging all

over the house. Pete, there's only one thing to be done. Keep the football players in uniform and on the field and leave the er, a "bare chested" posters to the cheerleaders, otherwise it could ruin

## DeSa swings timely bat as Travelers deck Cubs

LITTLE ROCK-Joe DeSa drove in slammed a solo homer in the sixth. two runs with a home run and a single to lead the Arkansas Travelers to a 2-1 Texas League baseball victory over the Midland Cubs Thursday

The win for Arkansas shaved a full game off the Cubs West Division lead. All of Midland's rivals gained ground as San Antonio, El Paso and Amarillo, a doubleheader, won over East

The loss was also the fifth in seven games for Midland against Arkansas. DeSa singled home the first Arkansas run in the first inning and Midland's run came on a solo homer by Bryan Rosinski, his second of the

Tom Chamberlin, who gave up five hits in pitching the distance, imhis record to 7-2 with the victory. Mark Parker, 4-1, took the loss for Midland.

Chamberlain had beaten the Cubs, 20-5, at Midland with an 11-hitter while it was Parker's first start against the Travelers.

The Cubs and Travelers wind up their series with a single game Saturday and then Midland moves on to Jackson for five games,

# Pacers win going away

By RICHARD VINCENT **Sports Writer** 

The Palm Beach Junior College Lady Pacers York women's amateur combined booming tee shots aren't your typical women's golf team.

seems perturbed by nothing. But down deep, they're an interesting and different group.

Debbie Ruday, who thinks the game ought to be played for fun.

Then there's Barbara Bunkowsky, a 20-year-old Canadian with a fancy for Cowboy hats and an uncanny method of finding wind directions.

Don't forget June Staton, the only Floridian on the Palm Beach team. She contracted sun poisoning while playing in a tournament in Guatemala and is still suffering from its effects. And that's not even mentioning peppery Colleen

Binkiewicz' lingering bout with three-puttitis. Yet, it was this free-spirited bunch that Thursday afternoon at Midland Country Club fought only bad weather to easily capture the National Junior said, College Athletic Association women's golf champion-it. ship. The event was hosted by Midland College.

ACTUALLY, THE LADY Pacers all but salted away their first national crown after Wednesday's second round when they manufactured a whopping 45 shot bulge on Miami-Dade North.

But, the Lady Pacers came to play and had a final round total of 311 to finish the 54-hole event at 930, 50 pops better than fellow conference member and nemesis Dade-North.

Leading the way for Palm Beach was Slivinsky The 19-year-old from Brewster, N. Y. was her usual steady self Thursday en route to a one-over-par 73 which earned her tournament, medalist with 221 and NJCAA All-America honors.

Staton, a 19-year-old from Ft. Lauderdale, was second in the medalist chase with 234 after a 7 Thursday and also earned All-America laure Bunkowsky had a final day 77 for a 237 total and second team All-America while Binkiewicz had 82 and 238, good for honorable mention status.

Midland College's Wendy Goodwin carded a 80 Thursday for a 237 total which tied her for fourth in the medalist race and earned second team All-America Others named to the honor squad were Temple's

Carol Vinton, a second team choice who finished with \*235, and Dade-North's Judy Statham, an honorable mention selection who finished at 243. THE CHAPARRALS FINISHED fourth in the

tourney. Their 339 Thursday left them at 1,007, just two shots behind third place Temple. Scottsdale brought up the rear with 1,108.

Did Pat and Tom Underwood pitch

Thursday night? Oh, brother, did they ever!

Pat, a 22-year-old making his major league debut with the Detroit Tigers. silenced Toronto for 81-3 innings, then left the mound to a standing ovation from the Blue Jays' fans.

Meanwhile, Tom, his 25-year-old brother, was pitching almost as well for the Blue Jays ... almost, but not quite. He, too, had a shutout going for seven innings. But when Jerry Morales pounded his first pitch in the eighth inning over the left-center field wall, Pat had his first victory in the big leagues, Tom had his seventh loss without a win and the Tigers had a 1-0 triumph, their sixth in a row.

"I felt like I was watching myself," Tom said.

PAT UNDERWOOD was clearly rooting for his brother to win the game - and the feeling, it turned out,

"I really think that the fact I was pitching made Tom a better pitcher tonight," said Pat. "I'm sure it was one of the best games he ever pitched. It put added pressure on the two of

The Montreal Expos and Philadelphia Phillies seem to be in a rut. The Expos can't do anything but pitch six-hit shutouts ... at the suddenly-"Phutile" Phillies.

"I've never seen anything like this before. Each time out seems to be better than the last one," Manager Dick Williams said Thursday after the Expos blanked the Phillies for the third time in a row, this time 1-0 behind Scott Sanderson's six-hit what else? - pitching and Warren

Cromartie's first-inning sacrifice fly. It marked the first time in the Expos' 11-year existence that they hurled three consecutive shutouts. Steve Rogers and Bill Lee turned the trick Tuesday and Wednesday by scores of 9-0 and 2-0, respectively.

It was the first time since 1974 the Phillies had been blanked three times running and the three-time National League East Division champs fell three games behind first-place Montreal. They have dropped four games in a row and 10 of their last 13.

Dodgers 12, Giants 10 Steve Garvey slugged a homer, double and single and drove in four runs, Dave Lopes collected three doubles and Derrel Thomas had four singles as the Dodgers handed the Giants their sixth consecutive setback. The Dodgers erupted for seven runs in the fourth inning for a 10-4 lead, then withstood a five-run San Francisco seventh.

Winner Don Sutton was charged with nine runs on 13 hits in 6 2-3 innings while loser Vida Blue was knocked out in the fourth after giving up nine runs on eight hits. The triumph enabled the Dodgers to pass the Giants and move into third place in the NL West by one-half game.

'We're finally playing the caliber

of baseball we're capable of playing,' said Lopes. "We have regrouped. I believe we're just now building momentum and you can feel it in the clubhouse. We were humbled by a few teams and that helped.

Astros 3, Reds 0

Houston charged into first place in the West for the first time since May 10 on the strength of Jose Cruz's three-run homer in the sixth inning off Fred Norman that put the Astros one game ahead of the Reds.

Craig Reynolds led off the sixth with a single and Cesar Cedeno walked. The next pitch sailed over the right field fence for Cruz' fourth homer of the year. Rick Williams scattered seven hits for the victory.

Cardinals 9, Mets 6.

Keith Hernandez hammered a three-run homer in the first inning and George Hendrick followed with a towering solo blast, chasing rookie Mike Scott after one-third of art inning. Ken Oberkfell chipped in with three hits, including an RBI single that capped the Cardinals' five-run first inning, and Lou Brock had two singles, boosting his batting average to .381. Winner Bob Sykes lasted until the eighth inning, when the Mets

scored four times. Pirates 4, Cubs 3 .

Chicago's ace reliever, Bruce Sutter, shut down a bases-loaded Pittsburgh threat in the ninth inning, but he couldn't do it in the 10th

He gave up singles to left by Ed Ott and Phil Garner/and Manny Sanguillen's pinch-single off third baseman Steve Ontiveros' glove. Omar Moreno gave him a brief reprieve with a grounder to force Ott at the plate, but Tim Foli hit an 0-2 pitch into center

for a game-winning single.

Padres 3, Braves 1

Dave Winfield hit a two-run homer,

his 11th of the year, and Gene Ri-chards drove in San Diego's other run with a single as the Padres posted their fifth straight victory. Winfield's sixth-inning homer gave him a league-leading 41 runs batted in and gave the Padres a 3-0 lead.

### Diablos, Dodgers, Gold Sox sweep East

By The Associated Press

In Texas League games, El Paso edged Shreveport, 11-10, San Antonio slipped past Tulsa, 3-2, and Amarillo swept a doubleheader from Jackson, 7-1 and 5-3 Thursday night.

Steve Whitehead drove in the winning run with a two-out single as the El Paso Diablos edged the Shreveport Captains, 11-10. Whitehead's RBI was the fourth run in the El Paso rally in the bottom of the ninth. Charlie Phillips was the winning El Paso hurler.

Gary Weiss singled home-Tack Wilson with the winning run as the San Antonio Dodgers slipped past the Toisa Drillers, 3-2. It was the third single of the night for Weiss. Mickey Lashley, 2-3, was the winning pitcher.

Brian Greer's two-run homer and three singles by Ken Flannery helped the Amarillo Gold Sox take the 7-1 victory in the opening game of the doubleheader with Jackson. Eric Mustad, 3-5, was the winning pitcher. Dan Smith, 5-1, was the losing pitcher for the

Joe Hicks had two hits in the nighteap as Amarillo took a 5-3 victory. George Stabline, 4-3, was the winner Paul Cacciatore, 1-3, was the loser.

## Love him or hate him, no one leaves him, so ABC No. 1

By FRED ROTHENBERG

SPORTS WITH A LIVING ROOM VIEW

**AP Sports Writer** Love him or hate him, the viewers generally don't leave him, and that's why Howard Cosell will be philosophize? It takes a man of education and jourback in the broadcast booth this Monday night when ABC belatedly gets back into the baseball

All announcers are subject to the whims and tastes Howard's own horn-blowing or simply because only trouble is that we don't want to know it all." he's Howard Cosell.

TV Guide published a poll last year in which Cosell was chosen the best liked AND the least liked television announcer. ABC and Cosell recognize this and revel in it, particularly in the network's prime time football and baseball broadcasts when it must reach beyond the hard-core sports nut to be a ratings success.

Being least liked is like a badge of honor in journalism," said Cosell. "The function of journal- had a 23 percent share of the TV sets in use to footism is not to seek popularity. There are no heros in ball's 34 percent, isn't Cosell's favorite sport. "It's a our business, just ratings. And the day I don't get the top ratings, I'll be gone.'

BASEBALL WAS gone from ABC in April and May of this year because of ratings. The top-rated network balked at showing baseball on Monday nights during the spring, especially in the sweep month of tising rates for the summer.

In return for tearing up the 1979 contract, baseball negotiated a new agreement with ABC that will end in 1983 and make the 26 major league teams a bundle of loot. It calls this year for 12 Monday night games trademark since the early 1960s. ABC does that including Boston vs. Texas this Monday, one other better than anyone else, but last year NBC did a weeknight game later this summer and three Sunday afternoon contests in September.

ABC's main baseball crew will be Keith Jackson calling the play-by-play, former Dodger ace Don Drysdale providing color and Cosell doing his thing, which is a little bit of everything.
"It doesn't matter whether I'm alone or with one

or two others in the booth," said Cosell. "The issue is what are the capacities and functions of the announcers. It's always more pleasant for me to work with professional announcers, not jocks. "LET US assume Frank Gifford had been in Las

Vegas in February when the Rossman-Galindez fight

didn't come off. Frank is one of my very best friends,

but does he have the training and background to

"I believe in journalism and communications. A jock's training isn't in those areas, so who is left to

nalistic training. Cosell is indeed a gifted journalist who can sound knowledgeable on almost any topic in or out of sports. And most of the time, he is. "Watching of the public, but nobody gets more of a reaction than football or baseball on ABC without Cosell is a lot like Cosell. Some of it is violent, which can, in part, be a wedding without the best man," said a TV executraced to jealousy among his colleagues, to tive from another network. "He tells us so much, the journalism. And he's been doing it ever since his first broadcasting job in 1953, when he hosted a New York radio show on which kids interviewed the stars.

Willie Mays once talked about this great player in Latin America that nobody had seen yet," Cosell said of the show's first scoop. "His name was Roberto Clemente.

BASEBALL, WHICH on Monday nights last season pleasant, leisurely way to spend an afternoon or evening. But it doesn't have overwhelming TV appeal," he said. "The ratings speak for themselves. It's just one game out of 162. In football, every game on the schedule is important."

He is much more enthusiastic about ABC's base-May when the number of viewers determines adver- ball coverage. "We gave the sport a whole new dimension," he said.

The human approach of showing what a player looks like without his cap or helmet has been an ABC better job of broadcasting the baseball game itself.

ABC's coverage was like a new mitt that hadn't been broken in yet. It looks great, but it just doesn't have the comfortable feel of your old glove.

ABC does, however, have the unique Cosell. And when you weigh it all up, that's a definite plus.
