Callahan County Quarterly Financial Report

The State of Texas, County of Callahan. In the Commissioners Court:

On this the 12 day of July, A. D. 1933, in Regular Quarterly Session of the Commissioners' Court of said County, came on for examination the Quarterly Report of Mrs. Will McCoy, Treasurer of said County, for the period beginning on the 1st day of April, A. D. 1933, and ending on the 30th day of June, A. D. 1983, filed herein on the 12th day of July, A. D. 1933, and the same having been compared and examined by the Court, and found correct. It is therefore Ordered by the Court that the same be and is hereby approved. And it appearing to the Court that during said time the said County Treasurer had received for account and credit of, and paid out of each of the several County Funds, the amounts set forth, and leaving a balance to each of said Funds as reflected in said Report which follows, and becomes a part hereof; and that said amounts were received and paid out of each of the respective funds since the filips of the preceeding report. of said County Treasurer, and during the period above stated, and that the said separate amounts as therein are shown correct.

It is therefore, Further Ordered by the Court, that the said detailed report be, and the same is hereby, in all things approved and the clerk is herebyordered to file this said Report, together with this Order, in a Record Binder provided for the Minutes of County Finances of the Commissioners Court of this County, and that proper credits be made in the accounts of the said County Treasurer in accordance with this order.

Witness our Hands, this 12th day of July, A. D. 1933:

TIRE PRICES Loing Higher BUY TODAY AND SAVE

THE MASTERPIECE OF TIRE CONSTRUCTION

EVERY FIBER EVERY CORD EVERY PLY

BLOWOUTS are caused by frictional heat generated in the fibers of the cotton cords in a tire. Firestone is the only tire built with every cotton fiber saturated and coated with pure rubber-to prevent destructive heat. This is one of the reasons why Firestone Tires have been on the winning cars in the 500 mile Indianapolis Race for 14 consecutive years -the world's most severe blowout test.

Rubber has gone up 242%, cotton 115%—substantial tire price increases must follow. We will give you an attractive allowance for your old tires on new Firestone High Speed Tires.

THE NEW Firestone

SUPER OLDFIELD TYPE
