BAPTISTS CONVENE IN CISCO TODAY

Mildred Yeager of Putnam Severely Hurt

CALIFORNIANS ALSO INJURED IN CAR WRECK

Miss Mildred Yeager, publisher and editor of the Putnam News and niece of Mrs. J. H. Burnett and Mrs. Kate Richardson of Cisco, is in the Graham hospital this afternoon suffering with both legs broken, ribs broken, severe cuts about the head and perhaps internal injuries, while the family of B. B. Jenkins, California tourists, have less severe injuries and their car demolished.

The accident occurred this morning on Highway 1 near Putnam as Miss Yeager was on her way to Cisco on her weekly visitation for her paper.

BRITAIN WARNS THAT SHIPS BE NOT MOLESTED

LONDON, March 30 (AP)—Great Britain today issued a counter-warning to Spanish insurgent general, declaring that Britain "will not tolerate any interference at all with British ships on the high seas."

LOYALISTS BECOME UPPER DOGS NOW

Today's news from Spain indicated strongly that the loyalists, after months of being the under-dog, have at least momentarily turned the tide.

COURT MAKES DECISIONS OF GREAT MOMENT

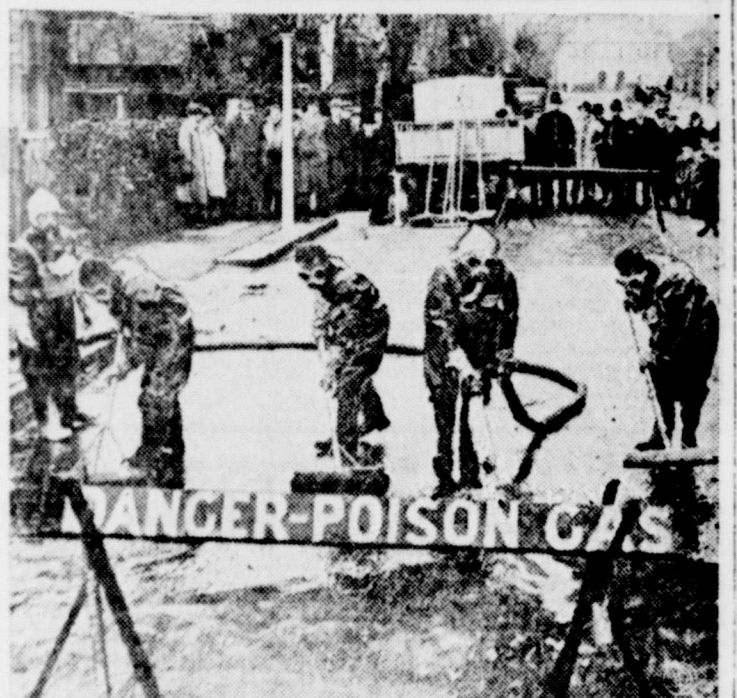

WASHINGTON, March 30 (AP)—Opinions reversing precedence and validating new deal legislation headed the supreme court toward its Wagner Labor act decision today.

NEW LONDON DEAD LIST TOTALS 300

LONDON, March 30 (AP)—C. Shaw, superintendent of the London school, wrecked March 29 by a gas explosion, said today corrected list of dead would be approximately 300.

Under surveys, roll call and other means, he determined the correct number of dead, leads us to believe that final account would be approximately 300, he said. "Published lists containing as many as 455 names, many discrepancies, which, I believe, could not have been avoided. We thank God that those reports were wrong."

War Rehearsal on English Stage

Not one of England's quaint customs is this scene. Rather, it is a rehearsal for a rendezvous with death, as villagers, young and old, watch a demonstration against a poison gas attack.

ANNUAL BAPTIST STATE SUNDAY SCHOOL CONVENTION APRIL 13TH

Climaxing over eight months of intensive planning and program building, Mr. G. S. Hopkins, State Sunday School Missionary announces everything is in readiness for entertaining 10,000 Baptist Sunday school workers and messengers to the State Sunday School Convention meeting with the First Baptist church, April 13, 14, 15, 1937.

Officers of the convention are: president, Rev. H. E. Fowler; secretary-treasurer, G. S. Hopkins; corresponding secretaries, Mrs. Julia Mae Slaughter and Mrs. Manon Seawell, Dallas.

Eastland County Ginning Reports

Mrs. Katherine Fee, special agent for the department of commerce makes report on ginnings in Eastland county and makes comparisons of the crops for 1935 and 1936.

CISCOANS ATTEND ANNUAL PTA CONGRESS AT BROWNWOOD

A number of Cisco ladies are attending the annual convention of District One of the Texas Congress of Parents and Teachers at Brownwood today and tomorrow.

HOLD SUSPECT OF KIDNAPED MATTSON BOY

TUCUMCARI, N. M., March 30 (UP)—A man with a cleft chin, misshapen nose and fine dark hair on his arm-fitting the Department of Justice's image of the kidnaper of 10-year-old Charles Mattson, Tacoma, Wash.—was held for questioning today.

The prisoner gave his name as Bern Charlton and said he lived near Tacoma. At the time of his arrest, he wore a beard. He shaved it off in jail.

ROBBERS BIND OFFICER, LOOT MONEY VAULT

STRAWN, March 30—Robbers seized and bound the Strawn night watchman, H. N. Sherrard, Sunday night, bound and gagged him and robbed the vault of the Strawn Merchandise company of between \$500 and \$1,000 in cash and checks.

The robbers then broke into the vault in the store, knocked the knob from the safe and obtained between \$500 and \$1,000. The exact amount had not been determined at noon, it was stated by R. M. Harris, manager of the store.

After the bandits had looted the safe they removed the watchman from the refrigerator and tied him to a chair in the store and made their escape.

TEXAS SCHOOL CHILDREN ENTER GREATER TEXAS ESSAY CONTEST

Superintendent R. N. Cluck and Principal O. L. Stoney report that Cisco high school pupils are making entries in the Greater Texas and Pan-American exposition contests to be held in April.

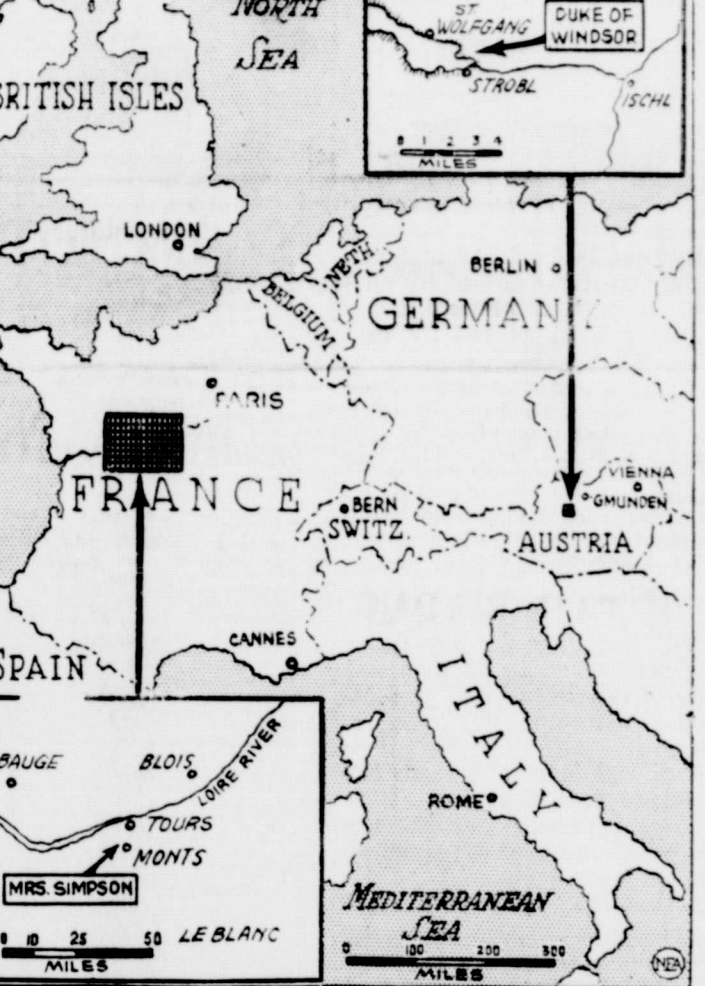

AUNT OF CISCO WOMAN DIES

Word was received here of the death of Miss Elizabeth Brannin, aunt of Mrs. George D. Fee, which occurred Monday, in Dallas.

It's 700 Miles to April 27

By Mrs. Jack Jones
About 300 persons were present this morning at the First Baptist church as the 17th district annual Baptist convention got under way and the program was carried out as per schedule.

More than 700 miles—all of Switzerland, half of France and Austria—still separated Mrs. Wallis Simpson and the Duke of Windsor after their latest moves to new abodes, as the above map shows. Mrs. Simpson left Cannes and went to the Chateau de Candé, in the Loire Valley, near Monts, France.

OUTSTANDING LEADERS MAKE GROUP TALKS

The song service in charge of W. Frank Walker was followed by the welcome address of Dr. E. S. James and response by Rev. J. H. Littleton of Hamlin. President J. D. Sander of H-S. U. made an address at 9:50 which was followed by a Sunday School conference at 10:15 and a masterly address by R. C. Campbell on "God's Plan," just before the noon hour.

The Sunday School conference at 10:15 was carried out and outstanding leaders were given close attention as they brought their messages. Mrs. M. D. Fagg, Mrs. Hubert Alexander, Mrs. Fouts, Mrs. McIntire, J. D. Riddle, J. W. Lites, Rev. H. H. Stephens and C. S. Karkalits were leaders in the discussions at this conference.

Special music by J. D. Riddle of Abilene enlivened the morning program.

Program for the afternoon and evening service is as follows:
Afternoon Session, March 30
1:30 p. m.—Song Service, Finis Williams.
1:40—Address: "Evangelism", W. Y. Pond.
2:20—B. T. U. Conference: Beginner-Primary, Mrs. B. N. Shepherd.
Junior, Mrs. J. A. Smith. Intermediate, D. C. Ham. Senior, Mrs. J. D. Riddle. Adult, Mrs. W. C. Russell. Associational, Roy Shahan.
3:20—Re-assemble for reports.
3:30—Address, J. W. Lites.
4:00—Address—B. N. Shepherd.
Night Session, March 30
7:00 p. m.—W. M. U. program, Mrs. R. M. White in charge.
Devotional, Mrs. Rodgers.
Local Society Standard, Mrs. H. P. Schrimsher.
Special music, Cisco. Associational Standard, Mrs. Elton Rhodes.
District Standard, Mrs. J. B. Buckley.
Introduction, B. N. Shepherd.
Young Peoples' Council, Mrs. Allan Crownover.
8:30 p. m.—Address, R. C. Campbell.
Those registering at the morning service were: Mrs. W. H. LaRoque, Cisco; Mrs. J. C. Hill, Rev. W. Y. Pond, Mrs. H.

Four Injured in Crash Near Merkel

MERKEL, March 30 (SP)—Four persons were injured in a head-on automobile collision two miles west of here on highway 1-80 Monday afternoon. Three remained in a Merkel hospital Monday night.

Most seriously injured was A. G. Furlow of Colorado, who was driving eastward alone when his car collided with another driven by Clarence Cole of Valera, Furlow suffered knee and pelvic injuries.

Favorable report was given last night on the condition of the patients in the Merkel hospital.

WEATHER

EAST TEXAS—Partly cloudy; probably freezing north portion; frost south portion if weather clears tonight; Wednesday generally fair; slowly rising temperature.
WEST TEXAS—Generally fair; probably frost south portion tonight; Wednesday generally fair; slowly rising temperature.

About Our Friends

By STEPHEN A. LONG
The strains of music invaded the office of the Daily News Monday morning and we wondered what had taken us over.

Chief got out his gun and soon the dog was his misery and a public nuisance was removed. This device to be widely prevalent in the country and dog owners do well to watch their pets as well as children should be to avoid being friendly with the canines.

When whetting up his knife Oscar Chitt and Henry Drummond holding a conference. It had already gone. Possibly going after his big cat crop neighbors who looks so prominent. Two mighty good farmers spoiled when he and Dr. Clark to town. The doctor with the cattle would have made a splendid neighbor.

T. Elliott and O. H. Dick counting pennies and rolling them dollars. That's one way of the dollar. Roy Wilson going up the hall after the big party last night. The smell of sandwiches and still remains in the dishwasher.

WEATHER WILL FOLLOW COLD TONIGHT

By United Press
A post-Easter snow that brightened Thursday, but one more day of freezing temperature was expected if weather clears.

The L. Cline, weather forecaster at Dallas, predicted frost and temperatures in east Texas slowly rising. Temperatures were expected for all of Texas Wednesday. West Texas had a promise of rain in the south portion Tuesday.

NEW LONDON DEAD LIST TOTALS 300

LONDON, March 30 (AP)—C. Shaw, superintendent of the London school, wrecked March 29 by a gas explosion, said today corrected list of dead would be approximately 300.

Under surveys, roll call and other means, he determined the correct number of dead, leads us to believe that final account would be approximately 300, he said. "Published lists containing as many as 455 names, many discrepancies, which, I believe, could not have been avoided. We thank God that those reports were wrong."

NOTICE TO THE PUBLIC

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of this paper will be gladly corrected upon being brought to the attention of the editor.

What's News Today!

WILL THE CONSUMER STRIKE?

Chairman Marriner S. Eccles of the Federal Reserve Board, has made a public statement for which he should be given a vote of thanks by every thoughtful person. He calls for "a prompt balancing of the Federal budget."

He stated facts which public men have dodged in this period of hysterical effort to boost wages, reduce production and increase the cost of living, when he said increased wages and shorter hours which restrict production "are not at all in the interest of the public in general or in the real interest of the workers themselves."

The upward spiral of wages and prices into inflationary price levels can be as disastrous as the downward spiral of deflation.

The consumer has been overlooked in the strike situation and the political situation, which are boosting wages and prices for favored groups. All of this brings the day closer when the consumer will call a strike.

He won't be organized, he won't have any leaders, he will make no threats, there will be no flag-waving to get his votes. He will just decide of his own accord that he will put off buying because prices are too high.

Overnight the wheels of industry will slow down; men will find themselves out of jobs; labor leaders will be unable to do anything about it; the economists and politicians who figure everything out on paper, but not in practice, will start peddling new theories. But that won't give jobs.

Yes, Mr. Marriner Eccles is correct. The people should heed his advice.

REMEMBER WHEN?

You wouldn't think of lighting your cigar with a twenty-dollar bill. You've heard of people doing that, and have probably regarded them as being insane.

But, if you are an average person, you consistently take chances on a fire that may cost you many times a "measly" twenty dollars.

Remember when a fuse blew out last winter and you couldn't find another—and so established the circuit by putting a penny between the old fuse? Thousands of fires, many of which have destroyed lives, have been caused by this highly dangerous practice.

Remember when the cord of your reading lamp wore through and you repaired it yourself, with the aid of a kitchen knife, some automobile tape and considerable profanity? The list of fires resulting from amateur electrical repairs would fill a big book.

Remember that cold morning when the fire was balky and, in a fit of anger, you turned to kerosene to get it going? That practice has burned down thousands of homes—and provided many a man with an abrupt passage to the hereafter.

Remember when you noticed that your furnace doors were no longer tight, that the flues looked to be in a sad state of repair, that the chimney shot sparks—and you decided to have those matters attended to another day? Sometimes the other day never comes.

Remember when you awakened and found the room full of smoke from the smoldering cigar butt that had fallen onto the bed or the carpet? The insurance records are full of cases where the smoker in question never did wake up again in this world.

The list of careless actions that may cause fire could

BEHIND THE SCENES IN WASHINGTON

BY RODNEY DUTCHER

WASHINGTON—Senators and Supreme Court justices over 70 years old, applies with equal force to any—no aged legislators. Everybody knows that some of the most valuable men in Congress are over 70 years old. Just as everybody knows that Justices Brandeis, Holmes and others have done some of their best judicial work long after 70.

On the other hand, Congress has septuagenarians in powerful posts for no other reason than the fact they have served many terms.

Chairman Robert H. Doughton of the House Ways and Means committee, sometimes called "Muley Bob," is a North Carolina congressman, aged 73. When Chairman Marriner Eccles of the Federal Reserve Board tackled one of the most critical issues confronting the administration, suggesting higher taxes to prevent inflation, Doughton replied to seekers of comment with an answer which doubtless will be embalmed as one of the statesmanlike utterances of the current era.

"Oh, you mean Mr. Heckles!" said Doughton with a laugh. "He's heckling us."

Roosevelt, who insists on having his own little joke offener than anyone else, was saying recently to Senator George Radcliffe of Maryland:

"George, remember when you and I were in the fish business together?"

Radcliffe admitted remembering. Not that either of them was ever actually down among the fish, as Al Smith was in the old days of Fulton street. But once upon a time Roosevelt was representative of a Baltimore trust company, working for Radcliffe, the company's vice president. And the two had to administer the affairs of a bankrupt fish company in New England.

be prolonged indefinitely. You may take a chance a thousand times and get away with it—and on the thousand and first time it may get away with you. The man who lights his cigarette with a twenty-dollar bill is not as wasteful or reckless as the man who takes a chance on fire.

CITY OF 3,000,000 TREES

CANBERRA (AP)—Canberra, the Australian capital, has a tree population of 3,000,000, though its human inhabitants number only 8,000. The trees are mostly planted along the city's 80 miles of streets.

Yale Bequests on Top During Past 7 Years

BERKELEY, Cal. (AP)—Despite the depression between 1930 and 1936, five of the leading universities of the United States received bequests and gifts of more than \$150,000, according to a survey by the University of California.

The survey shows that during the six-year depression period Yale received \$38,402,456; Harvard, \$40,145,347; the University of Chicago, \$28,853,603; Columbia University, \$15,753,265; and the University of California, \$10,816,607.

About Our Friends—

It floats proudly over the federal property... getting his lawn trimmed and growing nicely... Miss Ethel Leveridge says one had as well be dead as out of style... Good modern philosophy... which is another way of saying, "When in Rome do as Rome does"... and still another way of expressing the great axiom, "No Man Liveth to Himself"... Truly, there is no fun in trying to be too different from those with whom you must dwell...

A little spring sunshine which threatens to break through this morning as we write this, should put new life into both human and vegetable life after the wailing effect of the chilly, somber days of the past week... perhaps April will give us not only spring showers but warm sunny days... People who are keyed to clear sunshine so many days throughout the year as West Texans are, are always subdued by cold or cloudy weather. Gardens will be planted and veg-

TRAILER ADVENTURE

BY NARD JONES

©1937, NEA Service, Inc.

"That's the road right there. San Francisco is straight ahead. If you want to go down to the Carmel coast, you turn left here," the attendant explained to Martha.

AND then, late that afternoon, she reached Salinas. Wornly she drove into a gasoline yard and asked the same question once more.

"Dark blue roadster?" the attendant said. "Y-yes, there was one in here."

Martha straightened in her seat. "Do you remember, was there a woman in it?"

"Yes, a woman and a man. A thin fellow—and a girl with light hair."

Excitedly Martha reached into the pocket of her jacket, brought out the slip of paper on which she'd written Speddon's license number. "Was that the license?"

The attendant looked at it. "Gosh," he said slowly. "I'm not sure. I remember looking at the plate when I was filling the tank, and it seems to me it was something like that. But I can't be sure."

Martha fixed his glance. "Please try to remember. Did you notice anything at all strange about the girl? I mean did she—was she acting perfectly natural?"

"Well... I thought she looked sort of down in the mouth. Like maybe they'd had a fight or something. People come in here like that a lot."

"It might have been fright, mightn't it?"

"Scared? Well—well, I guess she could've been."

etation that is already up will take root and make rapid growth... corn will be planted now and farmers will hasten completion of all April planting... In sandy sections peanuts will not be planted until May as will cotton, also...

Amana Colonists Go Modern After 90 Years.

Electric iron, washing machine, radio and lights are the modern miracles wrought by electricity that has just been turned on for the first time in the Amana colonies, near Cedar Rapids, Ia. ... Mrs. Louis Rettig marveling at an electric washer.

Janet Gaynor says: "Leading artists of the screen prefer Luckies"

"I live at the beach most of the year and there is hardly a weekend that a number of friends don't drop in. Naturally, I keep several brands of cigarettes on hand for guests, but the Luckies are always the first to disappear. I suppose it's just natural that Luckies would be the favorite brand because most of my friends in pictures have discovered that the long hours of rehearsing and shooting at the studio place a severe tax on the throat. Leading artists of the screen prefer Luckies because they are a light smoke that sympathizes with tender throats."

Janet Gaynor

FEMININE STAR OF DAVID O. SELZNICK'S TECHNICOLOR PRODUCTION OF "A STAR IS BORN"

An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, more than 87% stated they personally prefer a light smoke.

Miss Gaynor verifies the wisdom of this preference, and so do other leading artists of the radio, stage, screen and opera. Their voices are their fortunes. That's why so many of them smoke Luckies. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on the throat.

TREE PLANTING FOUND TO PAY IN DUST BOWL

By FRED O. BAILEY United Press Staff Correspondent WASHINGTON, March 30 (U.P.)—Planting of hundreds of millions of trees is urged by Department of Agriculture as a check on dust storms that roll each spring across the vast, unbroken expanse of the midwestern dust bowl.

Foreseeing the danger of a great American desert in the Middle West if the dust storms were not checked, the federal government began the planting three years ago of a "shelter belt" of trees from Texas to the Canadian border.

This scheme was ridiculed by some and made difficult by two unprecedentedly severe droughts. But the government stuck doggedly to its task, planting millions of trees. Today there are 1,277 miles of shelter strips.

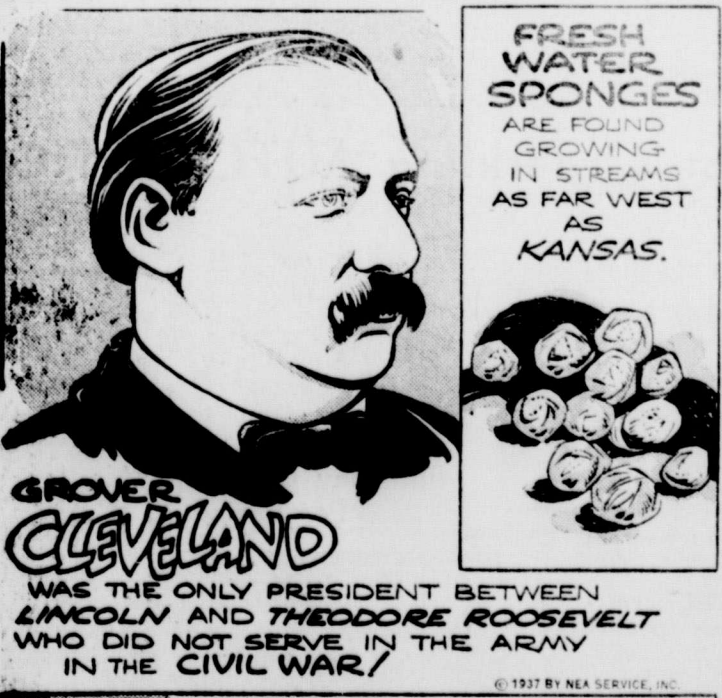

Native Trees Best Trees which have given the best results in the Great Plains are the native cottonwood, Chinese and American elms and red cedar. Ponderosa pines have been found satisfactory in all prairie states except Oklahoma and Texas.

Child Amendment To Be Introduced WASHINGTON, March 30 (U.P.)—Senator Arthur Vandenberg, republican, Michigan, announced today that he was introducing a new child labor amendment to the constitution which would "limit and prohibit" child labor under 16 years of age.

'GONE WITH THE WIND' TO BE BURLESQUE AT LIONS LUNCH

A burlesque on the popular novel "Gone With the Wind" will be a feature of a facsimile radio program which will be presented at the fifteenth anniversary meeting of the Cisco Lions Club next Wednesday noon at the Laguna Hotel. Wives of the Lions have been invited to attend as special guests at the meeting, which marks the fifteenth anniversary of the club, according to W. H. LaRoque, program chairman.

Title of the burlesque is "Blown With the Breeze." Readers of the novel will recognize the characters of "Scarlet" to be played by Miss Albertine Berry as "Margaret" in the burlesque, "Elenay" to be played by Miss Margaret Marable as a take-off on "Melanie" and a Yankee soldier, played by Hal Thompson.

Incidental music will be furnished by Jack Frigmore and Sue Curd, harmony team, and Craig Barton, accompanist, who will also be featured in special musical numbers during the program. Miss Berry is home economics director of the Lane Star Gas System with headquarters in Dallas, and Miss Marable is also an employee of the company, in the advertising department.

The other members of the cast are staff members of Radio Station WFAA in Dallas who perform regularly in the Community Natural Gas Company's radio program Tuesday mornings over WFAA as the "Modern Housewives."

They will also give a special performance at the high school at 11:15 Wednesday morning which will be attended by students from both high school and Grammar school, according to arrangements worked out in cooperation with R. N. Cluck, superintendent of schools, C. C. Duff, principal of the Grammar school, and O. L. Stamey, principal of the high school. Miss Martha Graves will have charge of the school program.

MINER FOR 71 YEARS DEAD SHAMOKIN, Pa., (AP)—The standing record for service as a coal miner was believed to have been held by James Henninger 80, who died at his home here. Beginning when he was 9 years of age, Henninger worked 71 years at the Cameron Colliery.

NEW APPROACH MAY DECREASE SINUS SURGERY

ST. LOUIS, (AP)—A decrease in the use of surgery in treating sinus disorders is expected as a result of a 20-month research by Washington University's school of medicine in which it was shown that many cases of sinus infections are due to allergic susceptibility of various substances.

According to Dr. Lee W. Dean, head of the medical school, a method has been found to determine accurately whether a particular case of sinus trouble is due to germ infection or to allergy without infection. This research showed, he stated, that all allergic sinus cases can be aided without resorting to surgery.

Allergy—a condition of unusual susceptibility to a substance which the majority of people find harmless—causes sinus disease by producing stagnation of the nasal sinus discharges which then become a good breeding ground for microbes.

In place of surgery, Dr. Dean said, for better results can be achieved by allergic treatment, plus the use of vaccine, proper diet and normalization of the nasal passages. The best results can be obtained by first controlling the allergic condition and then attacking the infection of the sinuses in a conservative way, he said.

Connally 'Hot Oil' Act Passes Senate

WASHINGTON, March 29 (AP)—The senate today passed and sent to the house a bill to make permanent the Connally "Hot Oil" act.

The Connally bill prohibits shipments of oil produced in violation of state laws.

WILLOUGHBY, O. (AP)—For 21 years James Reynolds, 40, had crossed railroad tracks twice a day on his way to and from work. Then he was struck and killed by a train Erie as a stage.

Mosquito and Fly On Way to Texas

AUSTIN, March 30 (AP)—Word has just been received by the State Department of Health that Mr. and Mrs. Mosquito and Mr. and Mrs. Fly, with their kindreds, are on their way to Texas for the summer season. They state that, although many had died since last summer, they would soon have large families.

Mrs. Mosquito raises from fifty to three hundred children at one time and only takes around two weeks to have full grown children. Mrs. Fly admitted that she and her husband could be ancestors to a million flies in one season.

Dr. Geo. W. Cox, State Health Officer, stated that Texas hospitality could be refused the Fly and Mosquito families if Annual Clean-Up Week from April 4 to 11 is used to begin a thorough campaign to eliminate the breeding spots of these pests.

Mosquitoes are responsible for the spread of malaria, dengue, and yellow fever. Malaria is spread by the bite of the anopheles or malaria mosquito. Dengue fever and yellow fever are transmitted by the Aedes Aegypti or Tiger mosquito. The best way to prevent diseases is to destroy breeding places of the mosquito.

Flies help spread typhoid fever, dysentery, diarrhea, tuberculosis, anthrax and cholera. They breed live and feed in filth. To prevent their increase all refuse should be disposed of at once, garbage kept in covered containers, privies made sanitary and houses screened. Every neighborhood raises its own flies so that their number is an excellent index to the sanitary conditions.

Runs Special for Insistent Passenger

FENELON FALLS, Ont., (AP)—Because the railroad advertised rates of 1 cent per mile from Toronto to Haliburton, and then decided lack of passengers would cause the special train to go only as far as Fenelon Falls, 40 miles short of Haliburton, a Toronto woman had the experience of riding in a "private train" from here to the latter town.

When the train stopped at Fenelon Falls and the conductor advised his Toronto passenger that the train would go no farther she produced a ticket, stamped "from Toronto to Haliburton" and advised him she expected to have the journey completed. Argument failed, so the train got up steam and went on the additional 40 miles carrying its lone passenger, seated in triumph in the last coach.

Notable Washing Machine Figure Dies March 26

Frederick L. Maytag of Newton, Iowa, died at Beverly Hills, Calif., on Friday, March 26, at the age of 79 years. The most notable figure

F. L. MAYTAG in the washing machine industry. Mr. Maytag was until very recently active in the business which bears his name.

While Mr. Maytag made many generous gifts during his life-time to institutions in his home city of Newton, and elsewhere, his greatest contribution to humanity was his washing machine, because of the service it has rendered in lightening the burdens of millions of housewives throughout the country.

At the age of nine, F. L. Maytag journeyed from Illinois to Iowa, trudging barefooted most of the way beside a prairie schooner. At that time Newton had but 1,500 population. Today it is known as the washer center of the world and has a population of more than 12,000.

In addition to the extensive Maytag factory which employs approximately 2,000 people, the city of Newton enjoys many improvements which were made possible largely through the gifts of Mr. Maytag.

LAKE ERIE TO BE STAGED CLEVELAND, (AP)—Billy Rose producer of "Jumbo" and "Case Manana," will present a \$250,000 water spectacle known as "Aquacade" at the Great Lakes Exposition this year. Rose's newest venture will include the use of Lake

55 Employers Paying TUC Tax in County

AUSTIN, March 30 — Contributions under the Texas Unemployment Act are being paid by 55 employers in Eastland county, Chairman-Director Orville S. Carpenter announced today.

Contributions from these employers will set up unemployment benefit accounts for 935 workers in Eastland county.

The commissioner's activities in Eastland county are under the direction of District Fieldman Dan Regan who has headquarters in Abilene Chamber of Commerce. All employers who have problems arising under the Texas Unemployment Compensation Act are requested to call on Regan for assistance. Carpenter said.

The Texas Unemployment Compensation Commission was established by an act of the Texas Legislature, which was signed by Governor James V. Allred on October 27, 1936. In five months of operation the commission has collected approximately \$7,000,000 from 11,707 Texas employers. All money collected from employers will be used to establish benefit accounts for more than 600,000 workers, while all operating expenses of the Texas Commission are paid by the Federal Social Security Board, Carpenter pointed out.

The next payment to the Texas Commission will be due April 25th when Texas employers who are subject to the act must pay a tax of one and eight-tenths per cent on their total payroll for the months of February and March, 1937.

Golf Opens April 29 At Mineral Wells

MINERAL WELLS, March 30 (AP)—The annual invitation tournament of the Mineral Wells Golf and Country Club will be opened with qualifying rounds Thursday, April 29 and match play through Sunday, May 2, according to announcement made by Frank Mahurin, chairman of the tournament committee of the club.

This annual tournament has proven extremely popular throughout West Texas in past years and has, more or less, inaugurated the West Texas tournament season each year. Local committees in charge of the various events claim they are going to make the 1937 invitation the best meet ever held and that indications point to a record aggregation of golfers even at this early date.

Recent rains and work on the course, a thorough grooming, the planting of additional shrubbery special attention to the greens, is putting the course in fine shape and making it very attractive—a month later should find the layout in wonderful shape for the invitation tournament.

An invitation is extended to clubs and individual players and a pre-

Economist Condemns Hoboes Dislike

HARTFORD, Conn., (AP)—with a "good line of talk" between \$3 and \$10 a day to Dr. William Bailey, economist and former Yale professor, who conducted a house for a personal study of hoboes and found 90 per cent of their stories fabrications. Bailey is convinced that they eventually believe them.

Contrary to general belief, Bailey disclosed, hoboes pick, cake and sleeping mows.

THIS CURIOUS WORLD

THE OSAGE ORANGE, OR 'HEDGE TREE', IS RELATED TO BOTH THE FIGS AND MULBERRIES.

THE WORD "ABUNDANCE" COMES FROM THE LATIN "UNDA," MEANING WAVE, AND IS SIGNIFICANT OF THE PILING UP AND OVERFLOWING OF THE WAVES OF THE SEA.

THROUGH light, man is able to determine even the composition of the stars, though they may be trillions of miles away. It tells him whether the stars are old or new, whether they are being nearer or becoming more distant. Only through light has man learned the secrets of the heavens.

What Easy Work These New GAS Kitchens Make!

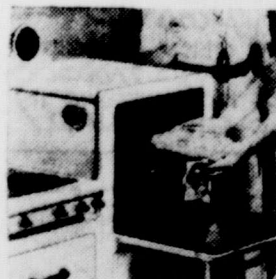

Trade Your Obsolete Range for a sparkling AUTOMATIC

You don't have to be rich to help yourself to a kitchen like those you see in the attractive magazine pictures. You can buy a fine automatic Gas Range, for instance, at a moderate price and on very low terms, and these Ranges can do much of the cooking with you out of the kitchen. Won't you come in and see these new Ranges in action? Here are some of the improvements that will save you time, effort and money:

- New-type rust-proof burners have a simmer unit in the center—mere beads of heat to handle vegetables, fruits and stews.
- New-type broiler that moves on ball-bearings, with a smokeless, rustless grill. Sausage, asparagus, potatoes and other small foods can cook on the grill without falling through.
- Thermostat control in insulated oven.
- Automatic lighting.
- Chrome-and-Porcelain throughout, good looking and cleanable.
- Reminder-bell that bongs when cooking time is up.
- And on top of everything else, gas cooks for much less cost than any other method, of course.
- Trade-in Allowance... Rock-bottom down-payment... Small monthly terms.

COMMUNITY NATURAL GAS

Gas Ovens Are Insulated But They Use Fresh Air For Baking

This circulating air is what puts a good brittle crust on biscuits, a rich browned finish to meats, and a velvety texture in cakes. No steamy baking, no left-over odors. The enamel-lined walls are packed thick with rock-wool to save gas, and to hold the heat inside a long time so the kitchen is much cooler.

Do you Hate to Meet People?

Some of us are so bashful that whenever a new face appears before us we mentally duck away! Maybe it isn't shyness so much as simply not realizing how very interesting new acquaintances can be.

Some people are shy about new foods too. On family we know has had pork and beans every Saturday night for ten years, and they see no reason for changing!

How much more interesting life---and dinners!---would be for that family with a new kind of meat, a vegetable prepared some other way, a new style in dessert. New foods --- new faces--brighten our days and help make living an exciting game.

Look through the advertisements in this paper today for new ideas in foods. They're here, in abundance... recipes, tried and tested... favorite platters of favorite people... exotic dishes from exotic lands.

The advertisements bring you up-to-the-minute news of many things. Read them regularly. Form the habit of getting the most out of life---and the most for your money.

LIBERTY

One of America's best read weeklies that will be enjoyed by every member of the family. There is something in it to interest everyone—fiction, sports, articles of national and international importance, editorials, cross-word puzzles, contests, movie reviews, styles, etc. World famous headlines are regular contributors to Liberty. Over 2,300,000 people read this highly popular weekly magazine every week.

TRUE STORY

A monthly magazine, just what its name implies, containing intriguing tales of love, romance, passion, hate, greed, success and failure. A sworn statement confirms the truth of every true story published. In addition, many special features including smart styles from Paris months in advance, attractive serving ideas for bridge parties, etc., new tasty dishes, suggestions on child raising, time-saving household ideas, prize contests, and humor.

WOMAN'S WORLD

All that its name implies. A monthly magazine devoted to women's interests—her children, her home and herself. It brings her refreshing fiction by authors she knows and loves. It brings her stimulating, thought-provoking articles and brilliant editorials. It brings her the latest word in correct fashions with correct patterns to reproduce them and for her leisure hours, the newest in home needlework designs. It brings her beauty aids, dependable household and gardening hints, practical suggestions for redecorating and refurnishing, and new and seasonable recipes.

HOUSEHOLD

A monthly magazine which has grown until it now has a nation-wide circulation of nearly two million readers. Articles on child care, a page for the girls in the teens, continued and short stories by nationally known writers, fancy work patterns, household hints, recipes, and timely articles on subjects of national interest round out the carefully planned editorial program of the household. The Household magazine maintains a seven-room house, the Searchlight, unique among testing services of women's periodicals in that it is equipped not only for laboratory tests, but is also maintained as an actual home.

SILVER SCREEN

This famous movie magazine is edited for the benefit of those who want to read authentic news of the stars, the pictures, and the busy studios of Hollywood. Many of the stories are written by intimate friends of the stars and are remarkable for their clean, wholesome news quality. Many other features that are selected to satisfy the desire of readers who intelligently follow the latest trends in pictures.

IT'S EASY TO ORDER

Merely give any official representative of Cisco Daily News your order. Or if you are already a subscriber, authorize him to continue delivery and these five famous magazines under this remarkable plan. All six (the newspaper and five magazines) for only 15c per week for 30 weeks and a registration fee of 25c when order is given. A call to the circulation department will bring our representative. Or fill out the order blank and mail to Cisco Daily News, Cisco, Texas.

Bible School to Have Get-Together

An informal get-together for all members of the Bible school of the First Christian Church will be held Wednesday evening at 8:15 in the basement of the church.
Each member is supposed to bring an unbroken egg with his name written on it and his or her as to how he wishes it to be served, also written on the egg. Other food will be there to go with the egg. The aim is to make this a get-together, not only informal and enjoyable but unanimous, it is announced.

Shipping Resolution Introduced by Nye

WASHINGTON, March 30 (AP)—Senator Gerald P. Nye, republican, North Dakota, and Representative Hamilton Fish, Jr., republican of New York, today introduced identical resolutions in the senate and house which would set up a new and drastic neutrality policy banning shipments of arms to European countries in time of peace as well as in war.

Osteopath Faces Life Imprisonment

OKLAHOMA CITY, March 30 (AP)—J. W. Essinger, Oklahoma osteopath, today faced life imprisonment in the state penitentiary after pleading guilty to murder in connection with the abortion death of Virginia Lee Wyckoff, 21, former University of Oklahoma student. The girl died in 1932.

GOOD RELIEF of constipation by a GOOD LAXATIVE

Many folks get such refreshing relief by taking Black-Draught for constipation that they prefer it to other laxatives and urge their friends to try it. Black-Draught is made of the leaves and roots of plants. It does not disturb digestion but stimulates the lower bowel so that constipation is relieved.

BLACK-DRAUGHT

purely vegetable laxative

STUDENT BODY ENJOYS MONKEY BUSINESS TODAY

By TOMMY LAMORE
The United States Zoological Department had charge of the program this morning at the regular chapel period and presented to the high school student body a program entitled "Monkey Business."
Several large monkeys and small baboons were put through various tricks and the countries from which these animals came were named to the student body by the sponsors of the program. The different characteristics of each animal were explained also.
Monkeys of four kinds were put through their acts as well as three baboons of different species who held a tea party for the benefit of the students. Several different kinds of reptile life were explained by the sponsors who presented a live Gila Monster, the only poison lizard in the world, for the students to see. This lizard is found in parts of California, Arizona, New Mexico, and Texas. Snakes and their habits were also explained. The program was enjoyed and was highly instructive. Each student felt as if they had gotten their money's worth from the program.

Pan American Fair Traces Mexico's Mails Back Through Centuries to Indian Runners

Mexico's Postmaster General Alfonso Gomez Morentin

PAN AMERICA, Dallas, Texas, March 29.—From the days when Aztec runners carried hieroglyphs of tribal chieftains to Montezuma and emperors before him, through the centuries down to today's super-efficient postal system of Mexico, the means of communications below the Rio Grande will be shown in an exhibit planned as part of the Mexican participation in the Pan American Exposition at Dallas.
Postmaster General Alfonso Gomez Morentin of Mexico has not committed his government definitely to the idea. In a recent visit with Director General Frank L. McNary of Pan America, however, he described the plan he has for portraying an intriguing story; how the mail has gone through between Mexico City and points outlying from the capital since the days when it was Tenochtitlan.
Long before European governments first thought of systemized postal service, the Incas and Aztecs had a runner system of carrying their cochineal-dyed writings on silk and maguey fibers about official business of empires that flourished before the Golden Age of Greece.
In Montezuma's reign, communications had developed to the stage that, when Cortez landed his conquistadores at Vera Cruz the news was transmitted in less than twenty-four hours to the emperor at the capital, 200 miles away.
The mails from Spain and how they were carried, how mail was speeded up when the horse was introduced as a new and faster method of burden and developments from the very start of the Mexican national government are on record as part of a treasured collection in the postoffice department at Mexico City.

YOU'RE NEXT FOR COOL, SMOOTH, "MAKIN'S" CIGARETTES!

PRINCE ALBERT THE BIG 2 70
THE NATIONAL JOY SMOKE

MANY a roll-your-own first learned about good old Prince Albert while "listening in" at a barber shop. Here's Emory Boyd interrupting a hair-cut to say: "P.A. has everything stopped for best taste. It's the coolest, smoothest 'makin's' tobacco in town. Yes, sir, Prince Albert certainly puts real smoking pleasure in 'makin's' cigarettes!

A TRIAL COSTS NOTHING!
Roll yourself 30 swell cigarettes from Prince Albert. If you don't find them the finest, tastiest roll-your-own cigarettes you ever smoked, return the packet with the rest of the tobacco in it to us at any time within a month from this date, and we will refund full purchase price, plus postage. ASK HUNTING GROUND
ST. PAUL, (AP)—The state conservation commission has been urged to consider establishment of a hunting area for archers by A. C. Hanson, director of the state game and fish division. He asked the commission to make a study of problems involved.

Exactly 50 persons registered for the Masonic order meeting tonight when two were given the master degree work in the presence of dignitaries from Putnam, East Fort Worth, Breckenridge and Abilene.
Refreshments consisting of waffles and coffee were served.
