## AIRLINER'S **PASSENGERS** FEARED LOST

BURBANK, Calif, April 5. (U.R)-A giant new Douglas airliner was missing and feared lost with eight persons aboard, probably in desoate mountain country between Burbank and Albuquerque, N. M., today. The huge two-motor transport has not reported since it left Burbank at 1 p. m. and headed into an Arizona wind and snow storm It carried no radio transmitter and was not on a scheduled trip, so far more than 30 hours Douglas Aireraft Corporation withheld the news hoping it had landed safely and was unable to communicate with head-

Built for a Holland airline, the lane was on its "shakedown" flight. It had just been completed, pro-nounced perfect in tests and was headed to New York to be shipped to Europe.

#### YOUTH TELLS OF

SEFING PLANE FALL SPRINGERVILLE, Ariz., April 5 (U.P.)—Posses of lumberjacks patroled area today in search for Douglas Transport plane and 8 passengers which an 11 year old boy said he saw crash.

The child, son of Henry MacDaniel, Ranger atop Escudilla Peak in the White Mountains, told his parents that he saw the plane crash to

The child's story at first, was discounted but later other persons eported they saw the plane fly-

Con. Garrett Writes To County 4-H Boys

Dear Hugh:

Hugh F. Barnhart has received the following letter from Congress-man Clyde L. Garrett, Washington, Mr. Hugh F. Barnhart, Eastland, Texas.

I am addressing this letter to you but it is one which primarily con-cerns the boys of the 4-H clubs who were so successful in competition at the Fat Stock Show. I refer to James Dean of the Alameda Club, Jack Walker of the same club and Buster Wheat of the Morton Valley Club.

I am particularly interested in them for you know I have had some small part in this class of work in Eastland County and I am proud that the work has begun to show profits in accomplishment. The good work which these boys have done should reflect increased interest in the growing of such stock and be of material advantage to the county.

To those boys who have succeed 1 offer my sincere congratulations and to you men of the county who have aided and instructed them I also offer congratulations on the good work which you have done.

In this section of the country which has been in use for 150 years LOSES ON BIG EGGS or longer evidences of the success FALLS, Me. (UP)-Carl of the dairy herds do not have to plenty peeved at his be asked. Forty to sixty acres is the brick homes and brick barns, two and three stories tall with basements to house the cattle during the cold weather show that the cow can be the foundation of a real farm husbandry. How I would like to take those boys for a drive over some parts of Maryland and let them see what old bossy will really do through the years if you will stay with her and treat her right

Congratulations to you and the beys. Good luck in all your efforts and the sincere wish that the work may prosper in the future is the the undersigned.

Very sincerely yours C. L. GARRETT

### East Texas Fiddlers To Appear at Athens

Plans to entertain 20,000 persons in Athens on Friday, May 28, on the occasion of the Sixth Annual East Texas Fiddlers contest and Reunion have been made by the East Texas Fiddlers association. A program which calls for a number of added attractions including a full day's program of fiddle music, a display of Texas-made products in the show windows around the entire public square, a gigantic oldtime square dance and other features have been mapped by the directors of the association. The event last year attracted a large number of fiddle bands, and more than 12,000 lovers of oldtime fiddle music, from many parts of Texas.

The principal speaker this year will be Hon. J. E. McDonald, State Commissioner of Agriculture. Mr. McDonald, himself a lover of oldtime string tunes, will recount the part played by pioneer fiddlers in the traditions of East Texas.

This year's program, as in the past, will be entirely free to the general public, and will be given on the court house square where special loud-speaking equipment will be

C. H. Stanton of Athens is the general chairman of arrangements.

#### **Barnhart Address** 4-H Club Boys

Assistant County Agent Hugh F. Barnhart addressed Eastland County 4-H Boys concerning cotton demonstrations for their communities. He gives full instructions and states the cooperation that will be given each boy, including financial aid to be rendered.

Dear Club Member: With our present average yield of cotton for Eastland county only 86 pounds per acre and a very short staple on the average. I believe that you 4-H club boys could carry on some cotton demonstrations that would be of value to your communi-

ty and to Eastland county.

We have worked out a plan where by a sponsor will be given to a 4-H club boy to loan him money for a three-acre cotton demonstration. The sponsor will loan the 4-H

## The World's Record Holder...Glenn Hardin...Going Over the Hurdle

THE YOUNGEST MAN on the Olympic track squad. Glenn Hardin was only 20 years old when he won his first Olympic victory for the U. S. He eats sensibly-takes good digestion for granted. The picture (right) shows Glenn enjoying his favorite meal - rare, thick, juicy steak, green vegetables, fruit, milk, and Camels. As Glenn phrases it: "It wouldn't do me much good to eat and not digest properly. So I smoke Camels for digestion's sake. It's grand to light up Camels and

enjoy the sense of well-being that comes when digestion is

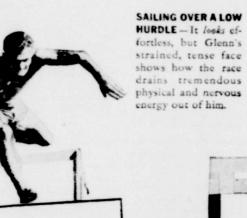

WAITING FOR THE GUN As Glenn says: "It's a punishing pace." Like many another champion who prizes good condition and healthynerves, Glenn Hardin chooses Camels for his cigarette. They never jangle my nerves," he says.

TOPPING A HIGH HURDLE --Superb form helped Glenn win brought him the world's record. His record-breaking time, 50.6 seconds for the 400-meter hurdles, was sensational.

> BREASTING THE TAPE-Glenn Hardin is famous for his sprint-

ing finish. He calls on his reserve energy to send him flying to the tape. And after the finish, he lights up a Camel. Why? Because, in his own words: "Camels help to ease strain. They set me right."

high voltage all around him," says Raymond Newby, radio engineer. "That's why my choice is Camels. I've always heard, and my own experience convinces me, that Camels don't jangle the nerves."

AIR HOSTESS of a leading air-line, Miss Steffen, observes: "I strive to be alert even minute. I find Camels are a wonderful h keeping me feeling pepped up. I smoke as Camels as I please. They never get on my ner
