FOOTBALL STADIUM READY TO START

About Our Friends

By STEP A. LONG

BANDMASTER Maddox, Principal B. O. L. Stamey and T. C. Williams, principal of East Ward school, are lavish in praises of the work done by the Lobo band at Saturday's contest at Lubbock. They are tickled pink at the many nice things said about them and their playing at the host city.

THE LOBOES and bandmaster attribute much of the pep and fire put into preparation and achievements to the stimulation given by the Cisco Lions (who when they promised to provide a special car or cars for the trip to Oklahoma City at the national music tournament May 14 and 15, should their accomplishments warrant such a trip) and they won it! . . . and how! . . . They copied the highest possible honors and brought home the bacon . . . five medals is a thing to be proud of and there is a thing enough in it for all concerned. . . . The work of Bandmaster and Mrs. Maddox, superintendent, principal, band members, parent and Lion members who inspired with their stimulating words and faith in their ability. . . . Heartiest congratulations to them all. . . . here is a victory that reflects credit on all Cisco forces that have been instrumental in its inception and accomplishment.

BAND MEMBERS and parents especially do we commend you. . . . All Cisco rejoices with you. . . . But it is no time to rest on our laurels. . . . more to come. . . . Must not come back from the regional meet with trailing colors and alibis for an answer. . . . We have achieved state honors and the Lions have believed in you. . . . It would be tragedy to fall down on them. . . . Now for national honors for our band. . . . Do we quit or do we keep

(CONTINUED ON PAGE THREE)

BAPTIST CLOSE REVIVAL AS 85 JOIN CHURCH

The climax to the revival services of the First Baptist church in charge of Dr. E. S. James, pastor, with Rev. J. R. Grant doing the preaching, came last night when Dr. James administered the ordinance of baptism to 26 candidates, bringing the total additions to 85, with a grand total of 105 additions and conversions for the period. The church received 85 new members through the religious drive, 29 by letter from other churches, 55 by baptism and one by statement. Some of the 20 conversions not united with the Baptist organization have gone to other churches and some have not aligned themselves with any denomination as yet. At the morning service Sunday, a love offering was taken for Rev. Grant which amounted to above \$200.00. The results have been unusual and have broken many records for Cisco religious activities. The full capacity of the big auditorium at the Baptist church was called into use by opening Sunday school rooms, and then this was packed at both services Sunday with a sprinkling of some in the balcony. Sunday school and B. T. U. organizations have been increased and the general religious tone uplifted, it was announced, as a result of the revival service. The preaching and individual work done by Rev. Grant was praised and he and Mrs. Grant, who visited him Sunday were given an ovation at the close of the services.

PLUGGED
J. L. McMurray heirs et al filed with the railroad commission at Eastland an application to plug No. 1 L. V. Eddington, section 142, R. G. Milliken survey, two miles south of Cross Cut in Brown county. Total depth, 1,332 feet.

Mrs. Simpson Receives Absolute Divorce

DUKE ON WAY TO SEE WALLY AT CHATEAU

LONDON, May 3 (AP)—The divorce court granted Mrs. Ernest Simpson a decree absolute today and within a few hours the Duke of Windsor was en route from Austria to join her in France for their wedding. The decree which leaves Mrs. Simpson free to marry the man who gave Britain's throne for her love was sent to her by airmail. It will enable her to be married at any time, and it was expected the wedding would take place at the Chateau de Candé at Monts, France, where she is staying until the week of May 24. As soon as the decree was granted, the news was telephoned to Mrs. Simpson. She joyfully telephoned to the Duke at St. Wolfgang, Austria, and he left by automobile to take the Paris Express at Salzburg.

DUKE HELPS PORTER FORGETS BAGGAGE
ABOARD THE PARIS EXPRESS May 3 (AP)—The Duke of Windsor, so excited and happy that he forgot part of his luggage, sped toward France today for his reunion with Mrs. Wallis Simpson. The duke's ticket was to Paris and it was believed he might stop in the French capital to buy her presents before proceeding to Monts. The duke was so carefree at the station that he helped the porter to load his luggage. Two pieces were over-looked in leaving St. Wolfgang.

Sponsor Chosen For Follies Events

Miss Helen House has been chosen to represent the Chamber of Commerce at Brownwood as the Western Follies girl and as Miss Cisco at the Fort Worth Fiesta, said J. E. Spencer, secretary of the Chamber of Commerce. The Cisco sponsor for the West Texas Chamber of Commerce was supposed to be sent in by April 25, and Mr. Spencer suggested that it might be too late for that event.

VESTED CHOIR IN CANTATA HERE SUNDAY

Dr. C. R. Williams of Mineral Wells presented the Vested Choir of the First Presbyterian church of Mineral Wells in the cantata, "Praise and Thanksgiving" last evening at the local Presbyterian church. The choir which consisted of 45 mixed voices, arrived in Cisco about 4 o'clock and were greeted by the Young People of the First Presbyterian church. After a few minutes practice, the groups motored to Lake Cisco where they viewed the encampment site and other facilities of the lake. At 6 o'clock a light supper was served by the women of the church. The program presented included 12 numbers and the following had solo parts: Robert Joiner, Mary Katherine Carson, Valgene Stanley, James Paul Mullins, Thelma Verner, Lillian Granberry, Verma Mae Estes, Ada Jean Rowlett, Colin Wells, Burl Lawrence, Mary Sue McAllen, S. Liddle, and Anna Mae Whiting. Mrs. Ethel Mayfield assisted at the organ and Miss Miriam Joiner at the piano. Mrs. Jessie Carson of Mineral Wells visited in Cisco Sunday evening.

Virginia Beauty Bride of Earl

Another Virginia beauty has followed the footsteps of Lady Astor by marrying into the British peerage—the former Mrs. Dorothy Power Sands, seen with Earl Beatty after their secret marriage in London's Guildhall Register.

LOBO BAND COPS FIVE MEDALS IN DRIVE FOR REGIONAL MEET

Bandmaster Maddox and members are rejoicing today over their very commendable achievement at Lubbock Saturday when they copied five medals of the 99 given, placing in the highest rating possible and receiving the personal compliment of the Judge, Herbert L. Clark, director of bands at Long Beach, Calif. The band is now pointing for the national tournament of bands at Oklahoma City in the regional meet, May 14 and 15, a trip sponsored by Cisco Lions.

Cisco was placed in the first division of Class B, making a rating of 92 or above. Others in that class were Slaton and Wink, Brownwood and Spur were in the second division, Coleman, Lamesa, Midland and Odessa, in third division; Big Spring, Colorado, Ranger, Snyder and Clovis, N. Mex., in fourth division of Class B.

The band trophy is a gold cylinder, lyre top, gold around base, about two feet in height. Inscription on the base is "1937 Texas School Band Orchestra, Lubbock, Texas, first division, Class B."

Cisco band was given the highest possible rating, being placed in Class B on account of having less than 750 scholastics in the high school, and not on account of secondary accomplishments.

Individual members taking first honors and medals were, James J. Haynie, cornet solo; Ralph McCannell, Sousaphone solo; Harry Gray, cornet solo; James J. Haynie and Glenn Tableman, cornet duet. Frank Yarger was honored in the second division in the drum major contests.

Contest Judge Clark said that he served as judge here seven years ago and he was surprised beyond the possibility of imagination at the improvements made in band music and that West Texas bands far surpassed those of the Western United States.

Baptist Ladies to Sponsor Seniors

Mrs. H. B. Hensley, president of the W.M.U. of the First Baptist church announces that her organization will sponsor the local high school seniors to Brownwood Senior Day at Brownwood next Saturday, when Howard-Payne College entertains the seniors with an elaborate program. R. S. Glenn, Cisco architect, has moved to Odessa where he will be associated with a partner for work in his line in that section. Mr. Glenn is well-known here where he has many years been connected with a great number of building enterprises in this section.

SENATE FAILS TO PASS TAX FOR SECURITY

AUSTIN, May 3 (AP)—Proposed submission of a sales tax to finance social security projects lacked three votes of adoption today in the Texas senate. The vote for sending the question to the people to decide was 18 ayes to 11 nos. Lieut. Gov. Walter Woodfill held that it can be voted on every day until the end of the session if proponents desire. The proposal had been before the senate since mid-January. It was debated and a vote delayed six times. As voted upon today, it carried two alternative propositions. Proposition one, calls for equal payment of old age assistance, not to exceed \$15 a month to all over 65. Both authorize a sales tax not to exceed 2 per cent to finance old age pensions and to give aid to the blind, to crippled children, unemployables and to dependent mothers and children. To defeat a sales tax under the plan, voters would have to defeat both propositions. The resolution provided that if both received a majority vote, the one that had the greater vote would prevail. If both were voted down by the people, the present limited old age assistance would continue. An attempt to adopt new joint rules and hasten a vote on race repeal also was made in the senate. Objections sent the proposed new rules to a committee.

No Band Practice Held Tonight

Bandmaster Robert Maddox announces there will be no band practice tonight. Incidentally he mentions that Vernon Steyer could not attend the Lubbock band tournament on account of mumps and that John James Haynie is "broke out" with measles this morning as a sequel to his triumphs at Lubbock in the two-medal acquisition.

ALL-SCHOOLS IN FREE PROGRAM AT HIGH SCHOOL

All Cisco schools will join in a community program at the high school auditorium tonight, each school contributing numbers to the ensemble. No charges will be made for this entertainment and parents are urged to attend. Curtain opens at 8 o'clock. The Rhythm band, the glee club, choral club, and Cotton Pickers band will be a part of the entertainment features. These music numbers are said to be extra good, and show the result of much training by their sponsors. Choral Club and Glee Club—High School. Rhythm Band—West Ward. Dance, Boy and Girl—West Ward. Boys Chorus—West Ward. Play—East ard. Junior Girls Chorus—Grammar School. Play—Grammar School. Cotton Pickers—High School FFA.

Jaycees to Play Romney Tuesday

The Jaycees play the Romney soft ball team at Romney again Tuesday afternoon at 5:30. They were defeated by a score of 30 to 11 at a recent game and seem to have blood in their eyes for revenge at tomorrow's game. Practically the same lineup as that used at Dan Horn is expected, said Carlton Holder today. The team will leave Cisco at 5 o'clock.

TRADES DAY TO BE HELD HERE WEDNESDAY

The first big trades day has been scheduled for Wednesday, May 5 and merchants are arranging to augment trading and stimulate interest in the event that is to be a regular feature during the summer and fall months. It is announced Merchants are advertising special timely articles and trimming their windows for the event which is expected to grow as its success becomes more evident to customers who are looking to the time with interest. The program will be held in front of the Foxworth grocery on East Seventh at 3:30 p. m.

R. S. Glenn Moves To Odessa Job

R. S. Glenn, Cisco architect, has moved to Odessa where he will be associated with a partner for work in his line in that section. Mr. Glenn is well-known here where he has many years been connected with a great number of building enterprises in this section.

IN BESIEGED MADRID

Rather than raise the siege of Madrid, rebel forces have countered recent reverses by intensifying their destructive bombardment, spreading death and desolation over wide areas. In the bitterly fought Casa del Campo section, nearly every building bears battle scars, ruined by the fierce shelling like this once-magnificent house of a high government official.

ENGLAND AND FRANCE WILL AID IN EVACUATION AT ONCE

LONDON, May 3 (AP)—Foreign Secretary Anthony Eden informed the house of commons today that despite the Spanish insurgent's government rejection of the British and French plan for evacuating women and children from Bilbao, his majesty's government intends to give assistance which it already has announced. Evacuation from the Bilbao war zone will be started "almost immediately" in merchant ships under the protection of British warships, it was announced. A committee composed of C. E. Williams, Fred Tunnell and Tom Butler, was named to line up entertainment for the occasion. C. L. Wilson will again have charge of the agricultural divisions. Plans are being made to begin work on the fair early this year and to keep it alive until fair time.

Dates Fixed For Rising Star Fair

At a membership luncheon held at the Majestic Hotel Thursday at noon, Sept. 24, 25 and 26 were set as the dates for the Rising Star Free Fall Fair by the Chamber of Commerce. A committee composed of C. E. Williams, Fred Tunnell and Tom Butler, was named to line up entertainment for the occasion. C. L. Wilson will again have charge of the agricultural divisions. Plans are being made to begin work on the fair early this year and to keep it alive until fair time.

SCHOOL POINT TO VISITATION DAY FRIDAY

The Cisco high school faculty together with the faculty of other schools in the system, are urging parents and visitors to take the opportunity next Friday of seeing the schools in action when Visitation Day is open for visitors during the morning hour. Parents can get a glance at what their children are doing and be aided in the planning of future courses. At the noon hour all schools will assemble at Chesley Field for a basket lunch and general good time. More than 1,500 children are expected to be assembled for this hour the first time perhaps in many years for the group gathering. Attorney General Wm. C. McCraw, an orator of renown, will address the gathering after lunch. A band concert and perhaps some soft ball games will be a part of the afternoon's program.

'King Lobo' Crowned With Lovely Queen

The coronation of "King Lobo", whose identity is being withheld, is scheduled for the night of May 10, at which time he will choose his queen who is to be crowned at the elaborate ceremonies accompanying the event. All contestants in the popularity contests, sixteen in number, will be attendants in waiting at the court of honor Rich costumes, lovely scenery and a delightful program will be staged. A small charge will be made to be used to help defray expenses of the Year Book. Judge and Mrs. T. S. McCharen of Comanche were Sunday guests of their son, V. E. McCharen.

WORK ORDER OKEH; MONEY IS RELEASED

Work is to start on the \$13,000 football stadium at Chesley field any time now, according to Wesley Harrell who has been assisting the school board in plans for the project which has been hanging fire awaiting an order releasing funds for the work. This order has been made and work should start this week. The project to build a steel and concrete football stadium, including a press box enclosed and with glass windows, all high enough to overlook any possible obstruction of vision has been in the making for some time. The plans have been changed several times and now everything is ready to go, said Harrell. The money has been ordered released and architect Wilson in charge of federal construction with headquarters in Ranger, will supervise the work. The seats will be in two sections one for the north and one for the south. Each section will be 152 feet long with nine tiers of seats, the first high enough to clear a man same as the present stadium. The seating capacity will be about the same as the present stadium. The press box will be high enough to clear any possible obstruction from the top tier of seats, and will be built on the north side instead of the south as it present.

Court to Canvass Returns Thursday

Returns from Saturday's election will be canvassed and results declared Thursday by members of commissioners court in special session. Law provides, said County Judge W. S. Adamson, votes in an election should be canvassed " . . . on the fifth day after the election or as soon thereafter as practicable"

GONZALES BOY BEEN MISSING SINCE SUNDAY

LEROY, May 3 (AP)—More than 200 men from Gonzales s-arched today for Leroy Wendel, 15, son of Mr. and Mrs. Otto Wendel, who has not been seen since he left home Sunday to go hunting. Leroy had arranged to meet a neighbor youth a mile distant, but never reached the place. Members of Leroy's family said the boy carried a small rifle and a small pistol. His dog accompanied him when he left home, but the dog returned at sundown without Leroy. It was believed the boy was killed by an accidental shot or by a snakebite. "I don't believe Leroy ran away," his father said. "He loved his home and we never had any trouble with him."

Under-Reaming at Bearman Townsite

Under-reaming of the Bearman well is now in progress to handle water which became too heavy to carry further. The 8-inch casing will be lowered and set at about 220 feet said Richard Bearman today. 88th TERM STARTS
May term of 88th district court begins today and continues for two months. The docket will be called and cases assigned Tuesday morning.

WEATHER

FAST TEXAS—Partly cloudy tonight and Tuesday.
WEST TEXAS—Generally fair tonight and Tuesday; slightly warmer in Panhandle Tuesday.

The Real Dorothy Dix

No other private person in these United States creates such revenue for Uncle Sam's post offices as Dorothy Dix, whose syndicated column has millions of readers daily.

"At about 18, she tells us, 'I tucked up my hair and got married, as was the tribal custom of my people, expecting to settle down on Main Street and spend my life as a Main Streeter.'

"Destiny vetoed that plan and started the child on a wide career thrust upon her by sorrow and misfortune. A combination of catastrophes chucked her out into the world, more dazed and stunned than any flapper she now advises. Up to 1899 Elizabeth had never seen a play in a real theatre. She had never ridden half a dozen times on a railroad train. She hadn't a penny of capital, no business training."

Given a tryout on the New Orleans Picayune, the young woman "worked harder than a switch engine," and was offered a position on the staff of the New York Journal. "A tiny scrap of black-eyed intensity, Dorothy toiled for years in New York, doing the sensational murder cases, campaigning with Carrie Nation in Nebraska, and learning, learning, learning about people. Meanwhile she continued her column, which became so profitable she could afford to let other things slide. Anyhow, Dorothy got tired of New York and returned to New Orleans with a fat contract for syndication of her column.

"Few women have had such illuminating and varied experiences, so we begin to understand where she gets her intimate knowledge of human nature. Add to her proclivity toward globe trotting an uncanny shrewdness of observation and you have the equipment that Dorothy brought home."

WHAT THEY ASK DOROTHY DIX

Few people receive such an avalanche of letters as Dorothy Dix. Some interesting facts about the questions most frequently asked are told by Miss Dix in an article from which we quote:

"Naturally these letters divide themselves more or less into classes. Most of those from young girls are concerned with love and getting a husband, which after all is woman's chief business in life. They want to know how to attract boys, how to get dates, how, as one girl puts it, 'to acquire it'—in other words, how to look hot and keep cool.

"Rarely does a girl ask me how she can improve her technique in business, or fit herself better to succeed in her job. It's love that makes the world go 'round for girls.

"I get just as many letters from boys as I do from girls. They seldom doubt their ability to attract the fair sex. Their trouble is that while they are still in their teens they are suffering from violent attacks of calf love, and they consult me as to the advisability of marrying before they finish school, or get a job, or have any way by which to support a family.

"Letters from wives deal with the problem of the philandering husband for the most part.

"The chief headache of husbands seems to be nagging wives. At least that is what they write about most.

"Nor are these domestic problems all that I am asked. Every day I am requested to name a baby, or a tea room; if it is bad luck to have a baby on Friday; how to start a ten-

BEHIND THE SCENES IN WASHINGTON

BY RODNEY DUTCHER

NEA Service Staff Correspondent WASHINGTON—Charles C. Gavanigan, federal anti-lynching bill, which is given credit to repealing that such legislation is a crime against southern womanhood. His vehemence is counted as an asset by supporters of the bill.

Assuming passage, there will be one deficiency in the law if it follows the model of the Gavanigan bill passed by the House. For the Gavanigan bill applies its penalties only to cases where a prisoner has been taken into custody before being seized by a mob.

It carries an obvious incentive for local officers, discovering the possibility of mob action and fearing federal prosecution, to refrain from arresting suspects and then leave them to the mob.

The Wagner-Van Nuys bill, now with the Senate Judiciary Committee, extends to cover all cases of persons accused, suspected or convicted of crime, who are lynched or injured by mobs in denial of trial by the regular process of law.

The Gavanigan bill, on the other hand, provides—as the Senate bill does not—for federal prosecution of members of lynching mobs in cases where local or state authorities have not acted within 30 days.

Supporters of the Wagner-Van Nuys bill think they can bring enough pressure on the majority leaders, Senators Joe Robinson of Arkansas, and Pat Harrison of Mississippi, to give the measure a place on the calendar sooner or later. They will then be faced by a filibuster which will be led by "Cotton Ed" Smith of South Carolina. Smith, Tom Connolly of Texas, and Josiah Bailey

of North Carolina, headed the filibuster which two years ago was used to sidetrack the Costigan anti-lynching bill. Smith is given credit to repealing that such legislation is a crime against southern womanhood. His vehemence is counted as an asset by supporters of the bill.

Aside from the difference previously noted, the House and Senate bills provide that officers who fail to make diligent efforts to prevent prisoners from being lynched shall be subject to a \$5000 fine and five years in prison; that officers who conspire with mobs may be imprisoned from five to 20 years; and that any county in which a prisoner is injured or killed by a mob may be sued by the victim's family for from \$2000 to \$10,000.

A who's who of the House leadership can be found in the list of those who voted against the Gavanigan bill, which passed by 277 to 119. Among those voting nay were Speaker Bankhead, Majority Leader Sam Rayburn, Chairman Leo Clayton of the Ways and Means Committee, Chairman Marvin Jones of the House Agriculture Committee, Chairman Sam M. Reynolds of the Foreign Affairs Committee, Chairman Hutton Summers of the Judiciary Committee and other southern leaders.

OUT OUR WAY

cent store; how to sell needlework, cakes, paintings, and what-have-you; how to go to bed on a Pullman; how to fix a leak on a flivver; how to make a Christmas cactus bloom, and when will the next war start.

"Naturally I cannot answer these questions nor solve many of these problems, but to all I give understanding and the best advice I have in the shop."

Light Wines Are From Coconut Juice

COLOMBO, India (AP)—Light wines from fermented coconut juices are to be put on the market in Ceylon at prices within the reach of all.

Father Paris, a Catholic priest, has discovered an economic process of making rectified spirits and pure alcohol from coconut products which will make possible the putting on the market of three types of new alcoholic beverages.

There will be a light wine of preserved sweet toddy, with an alcoholic content of less than 4 per

cent. Then there will be a preservation of fermented coconut toddy as a substitute for beer. The third type, a preserved fermented toddy, has an alcoholic content of from 4 to 6 per cent.

Father Paris is also working on the problem of producing sparkling wine from coconut toddy and wine from bananas.

BOMB-PROOF FOR 150

LONDON (AP)—A gas and bomb-proof shelter, which can hold 150 people for an indefinite period, is being built in secret by a baronet in the south Midlands. It will be equipped with recess banks, wireless, oxygen, electricity for cooking and heating and lighting.

UNDER THE DOME AT AUSTIN

By GORDON K. SHEARER

United Press Staff Correspondent AUSTIN, May 3 (AP)—The state legislature costs the people of Texas

\$5,000 a day while in session. An original appropriation of \$500,000 for the session has increased \$100,000 making a total that is exactly \$5, 100 days.

An inside story SHEARER told of the added \$100,000 is that the House this year beat the Senate to the expenditures. The appropriation is a fund for the joint use of the House and Senate. From it there is taken the daily pay for each member and for travel mileage. The remainder can be

drawn upon by House and Senate alike for postage, telegram and telephone, stationery and like expenses. Limits are fixed by vote of the House. This year, the story goes, the House ordered a full supply of all funds it may need before the Senate had a chance to spend it.

Whether it is more unethical for a newly-admitted member of the bar to hunt business among his acquaintances or for a successful lawyer to give champagne banquets, join organizations, lose golf games to notables and make public addresses to drum up trade was debated in the state bar bill was before the legislature.

Sen. Claud C. Westerfeld, Dallas, thought the self-advertising of the "arrived" lawyer is more blameworthy. He asserted the demand for the state bar bill grew out of rivalry between young lawyers and claim agents. The bill has been changed vastly from the "self-governing bar bill" of former sessions. Under the new bill the right to bar attorneys is delegated to the state supreme court.

V. E. Cottingham, production engineer of the state railroad commission, is a modest man. He testified before the commission on prescriptive readings in the East Texas oil field. The decrease was slightly less last month than the average decrease over a three-year period. "Doesn't that show a handling of the field in a way in which no other known field can compare?" asked Commissioner Ernest O. Thompson. Cottingham admitted it was the best showing ever made for a field of the East Texas type.

"I guess there is no harm on bragging on ourselves a little bit," Thompson commented with a sheepish laugh in which oil men assembled for the state's monthly production hearing joined.

They laughed more heartily when an oil man who has recently been away on a long honeymoon complained that while he was absent the allowable production of his wells in a particular field had been reduced. He didn't think the operators committee to appoint the field's allowable had treated him fairly in his absence.

"This isn't the third grade," Lieut. Gov. Walter Woodruff, reluctantly told the Texas Senate when its disorder became so great that there was difficulty in following the proceedings.

A bill under consideration at the time would permit the state supreme court to bar attorneys for bad behavior.

"We might let the Lieut. Gov. bar senators who do not act suitably," suggested a senator sotto voce.

Latest Puzzles Too Difficult For Some

DALLAS, May 3 (AP)—The latest batch of puzzles in a cigarette company's national contest has proved so difficult effort has been made to form an association to solve them.

Robert Hankins, secretary of the Printers' Board of trade here, has made plans to form an association for the solution of picture puzzles. He would have members of the association hire a secretary to do necessary research work to find correct solutions.

A sign posted on a drug store window in past-due Dallas advertised correct solutions to the puzzles at the rate of six for 30 cents.

Mrs. Rufus Petty and daughter, of Luling is a guest in the home of her mother-in-law, Mrs. D. D. Lewis this week.

Former Cisco Girl May Fete Princess

Mrs. Jack Duncan has returned from Cross Plains, where she attended the May Fete presented by the school. She reported Miss Louise Graves, who is a former Cisco girl, represented the high school as princess. She was crowned in white and orchid sash with white train and satin corsage of violets. Miss Graves was chosen the most popular girl of Cross Plains high school.

ROOSEVELT ATTEMPTS TO REGAIN TITLE

GALVESTON, May 3 (UP)—The President set out today to regain his title as No. 1 fisherman of the Roosevelt family, a place he lost to his son, Elliott, who caught the first tarpon of their Gulf of Mexico vacation.

Mr. Roosevelt left his yacht, the U. S. S. Potomac early this morning to troll Elliott's catch measured 5 feet, seven inches.

The President spent Sunday basking in the sunshine and reading his favorite detective fiction. Governor Allred was the only caller.

The President has performed only one official act since leaving Washington last Wednesday for his two week's vacation. He signed the permanent neutrality bill Saturday night.

Woman Charged in Shoot Makes Bond

Wanda Hull, charged with assault with intent to murder in the recent shooting of Lawrence Gausler at Ranger, has executed \$1,000 bond, the sheriff's office reported Saturday.

She was named in one of 18 indictments, returned Wednesday by 8th district court grand jury.

Others who have made bond, also indicted Wednesday, include Varner Williamson, charged with theft over \$50 and burglary, \$500 in each case, and Moody Carr, charged with murder in the Feb. 6 death of J. B. Ames, Ranger rancher. Carr furnished \$2,000 bond.

KIDNAPERS OF PAUL WENDEL BEING TRIED

NEWARK, N. J., May 3 (UP)—Three men pleaded guilty today to charges of participation in the kidnaping of Paul Wendel, Trenton attorney whose "confession" to the Lindbergh baby kidnaping delayed the execution of Bruno Richard Hauptmann for three days.

They were Martin Schlossman, Harry Weiss and Murray Blefeld on trial with Ellis Parker, New Jersey detective, his son Ellis, Jr.

The move left only the Parkers to defend the charges that they kidnaped Wendel and forced from him a confession of the Lindbergh crime. The federal government charged they transported Wendel from New York to New Jersey in violation of the Lindbergh Kidnaping Act.

Weiss, Schlossman and Blefeld were expected to testify for the government against the Parkers whom they charge with engineering the plot to kidnap Wendel.

Junior Carnival Being Prepared

By TOMMY LA MORE
Old plans are being made and old plans are being carried out for the Junior Carnival that will be held in the town section on the night of May 7.

Mrs. E. L. Hazelwood, one of the sponsors of the class is busy helping the students in arranging sideshows, work on the country store, and preparing other parts of the show. Many sideshows and booths will be seen and games and fun for all present will be assured.

This is the first time in a long time that a carnival has been held in Cisco and the Junior class is hoping to make this one a big success.

Every junior in the high school will have some part in the show. Home-made candies and eats, along with pop will be sold in the country store. Other sponsors assisting the students in the work are Miss Martha Graves, Mr. Bill Cooper, and Mrs. Robert L. Maddox.

Proceeds from this show will go to help the juniors in the seniors banquet. The banquet is an annual affair and is looked forward to by the seniors with much eagerness.

WORM TURNS AND KILLS FISH
CLEVELAND (UP)—The worm has turned—and it killed a fish. In one of the municipal greenhouses, a small worm fell into a fish tank. It swigled through the gills of its attacker and the fish drowned.

Pistol is Relic Of Death Battle

F. L. Chunn shows us the remains of an old cap and ball pistol with the handle gone, trigger and guard, also missing, but with the hammer cocked and at least three loads in the cylinder. The old relic of early days could probably transcribe a bloody drama as the last act of the scene which it is a memento. Evidently the owner was firing the pistol when it was dropped in the struggle which ended the owner's life since the hammer was back ready to fire the three or four loads that remain in the chamber.

The pistol came into the hands of Mr. Chunn through a boy who had found the gun west of Cisco. The barrel and cylinder measures 12 1-2 inches with the handle missing.

Cisco Daily News want ads are a good investment. Phone 80.

PASS THROUGH PICKET LINES AGAIN TODAY

HOLLYWOOD, May 3 (UP)—Movie stars of ten studios, many in makeup applied at home, passed through picket lines again today. There was no trouble as the stars passed striking technicians of 11 film unions.

With the strikes more than doubled by a walkout of seven more crafts, an estimated 4,100 men were assigned to picket duty on three shifts.

Such highly paid stars as Clark Gable, Greta Garbo, Jean Harlow, Eleanor Powell and Jeannette MacDonald passed through the main gates at M-G-M studios without the pickets making an effort even to talk to them.

High- and low-salaried movie actors and actresses, members of the Screen actors Guild, threatened to call a strike of their own after meeting to confer on the strike called by technicians. A strike of actors, however, would be postponed for at least a week.

In San Francisco guests of 16 hotels were served by managers as a result of a strike of 1200 bellboys and other employees. A similar hotel strike in Providence, R. I., was settled over the week end.

Son is Born to Former Ciscoans

Announcement has been made of the birth of a son to Mr. and Mrs. H. W. McCanlies, of San Francisco, Calif. Sunday 10 a. m. His name is Glenn McCanlies. The young chap's mother will be remembered as Miss Marie Glenn. Both parents are well-known in Cisco.

FORT WORTH LIVESTOCK

Livestock: hogs, 1600; top butchers, 9.80; bulk good butchers, 9.60-9.80; mixed grades, 8.50-9.50; packing sows, 9 down.

Cattle, 6400; calves, 2000; market steady; steers, 6.25-9.75; yearlings, 6.50-11.00; fat cows 4.25-7.00; cutters 3-4; calves, 4-8.60.

Sheep, 19900; market steady; fat lambs, 10-10.50.

Tomorrow's estimated receipts: cattle, 3600; calves 1200; hogs, 1500 sheep 18000.

LOMAX IN COLORADO
O. C. Lomax, employe of the West Texas Utilities company for many years, is now employed by the Colorado Public Service corporation of Denver, Colo. Mrs. Lomax will remain in Cisco for the ending of the school term.

Mapping Work to Begin This Week

C. Surles of Cisco, who has been employed as supervisor and five crews of men Tuesday are scheduled to begin plane table measuring and mapping of farms in the 1937 agricultural conservation program.

Surles and County Agent Elmo V. Cook last week received instruction on measuring and mapping farms at Breckenridge from G. C. Dillard, in charge of that work in district 7.

It was explained at Breckenridge in an account of the school: "In the use of the planeing table for measuring the land an accurate map is made of the farm and

all permanent building located during the process of measuring. In the late summer a surveyor takes the map to the farm and checks the crops that are planted and harvested, soil depleting, conserving and soil building practices. The farm operations indicate the state of compliance and amount of the check the operator will receive after having been proved by the state board."
After measurement of fields, acreage will be calculated by planimeter. Work in the measuring and mapping will be finished the latter part of June.
About 750 farms will be plotted mapped. Later each farmer will be supplied with a blue map of his farm.

11,000 VOLTS

HOLLYWOOD CELEBRITIES go to Eleanor Tennant for tennis instruction. Eleanor says: "I often light up a Camel between games. I get a 'lift' in energy with a Camel."

"JACK OAKIE'S COLLEGE"
Jack Oakie runs the "college" Catchy music by Benny Goodman and George Stoll! Hollywood comedians! Judy Garland sings! Tuesdays—8:30 pm E.S.T., 9:30 pm E.S.T., 7:50 pm C.S.T., 6:50 pm M.S.T., 5:30 pm P.S.T., WABC-CBS.

What a power-line "troubleshooter" is up against

FOR 20 years, Al Taffit has been repairing as many as 200 short circuits per day. Around him 11,000 volts lurk. It's a tense job that will test digestion if anything will! Here's Al's comment: "Working among high-voltage cables isn't calculated to help digestion. But mine doesn't give me trouble. I smoke Camels with my meals and after. Camels set me right!" Smoking Camels speeds up the flow of digestive fluids—alkaline digestive fluids—that mean so much to your sense of well-being. Camels are so mild, they are better for steady smoking. And Camels are gentle to your throat—always.

PRIZES HEALTHY NERVES. Fred Jacoby, Jr., Narl Outboard Champion, tells why Camel is his cigarette. "I've smoked Camels regularly. They never get on my nerves. Camels are so mild."

MEL OTT, a big gun of the New York Giants. His specialty—home-runs! "Believe me," says Mel, "I'll take my hat off to Camels for mildness and their rich flavor."
