HUNDREDS DIE IN HOSPITAL; LACK OF MEDICAL ATTENTION

PERPIGNAN (France, May 7 (U.P.)—Three hundred persons injured in three fighting died over night in Barcelona hospitals for lack of medical care, frontier reports said today. Hundreds more were reported to be dying, victims of the insurrection which flared anew today through all the Catalan state. Anarchists making a desperate bid for the powers denied them in recent governments were reported to have issued a ultimatum to the two-day-old government composed of a four-man directorate.

CHILDREN SEEK NEW HOMES LA PALLICE, France, May 7 (U.P.)

BASKET LUNCH CLIMAXES ALL SCHOOL EVENT

A crowd estimated by Bill McCraw, attorney general of Texas principal speaker at the event, as 2,500 school children and 5,000 parents and visitors enjoyed the big basket picnic spread at Chesley Field today, on the occasion of all-schools visitation and get-together day.

Atty.-Gen. McCraw complimented the Lobo band by saying "This is the best band I ever saw." He made a voluntary contribution to the fund saying that he wanted to encourage such wonderful talent. He added "That little fellow that directed them was the finest I have seen. He knew what he was doing, evidently."

It was the first time in the history of Cisco schools to have all the children congregate in one body, said Supt. R. N. Chuck, who was responsible for the huge gathering. Parents brought well-filled baskets and spread their contents on tables improvised for the occasion. The morning was spent in regular school work at the various schools of the system. Parents of children visited them and observed their work.

Robt. L. Maddox and his band gave a concert after which Mr. McCraw was introduced as the principal attraction of the program.

Mr. McCraw, who wants to be called plain Bill, complimented Cisco on her splendid school system her able faculty, superintendent and principals, her fine school buildings and her parks. He recalls the fame of the Lobos of a few years ago when they were the greatest football attraction in Texas. He congratulated the city on its securing the project of rebuilding the football stadium on enduring lines. He is no stranger to Cisco he says, having visited her big dam, lake and swimming pool and cool, shady parks during his campaign.

University's Field Overflowing Today

AUSTIN, May 7 (U.P.)—The cracking field of Texas University's memorial stadium overflowed today with athletes running preliminary heats in seven track and six field events. Qualifiers today will enter semifinals Saturday morning and the finals Saturday afternoon.

As the Hindenburg exploded at Lakehurst, N. J., last night, an Acme Telephoto photographer—his camera focused on the mammoth dirigible—snapped the above picture, one of the most remarkable news shots ever taken. The airship was dropping her lines to be hauled into the navy mooring mast, and photographers were following a routine assignment. Suddenly the explosion demolished an entire section of the dirigible's structure and the "Flying Hotel" burst into a mass of flame. Rushed to New York, this picture was sped across the continent by Telephoto to appear here with news of the disaster for Daily News readers.

BAND TROPHY GIVEN TO HIGH SCHOOL AT CEREMONIES TODAY

Marian Jacobs, band sweetheart presented the gold trophy earned at Lubbock last Saturday to Frank Yargar, president of the band organization today at the chapel of high school, who in turn presented the award to Principal O. L. Stamey in behalf of the high school at the ceremonies staged for the purpose. The band is being sponsored for the trip to Oklahoma City national tournament next week by the Cisco Lions club as an award for the honors received at Lubbock.

JUNIORS READY FOR CARNIVAL AT CITY HALL

A womanless style show, Bob Burns and his Bazooka band, a ducking stool, "42" tournament, and a varied program of interesting features, will be events for the junior carnival to be held at the city hall tonight as a means of booking the funds for the junior-senior banquet. The country store will be another feature that will appeal to many who will want to attend this school event and lend their aid to the juniors in showing their superiors a grand time at the banquet event. Sponsors for the class are Mrs. E. L. Hazelwood, Miss Martha Graves, Robt. L. Maddox and W. E. Cooper.

TEXAS SENATE OKEHS REPORT ON HOSPITALS

AUSTIN, May 7 (U.P.)—The Texas senate today adopted a conference committee report for building two new hospitals for the insane—one in east Texas and one in West Texas. Appropriation of \$317,000 was made for each. The sites are to be donated and selected by the State Board of Control. Senator Weaver Moore of Houston told the senate that the Governor had said he would veto the East Texas hospital and would veto both if the two were put together in one item. Moore called on Senator G. H. Nelson of Lubbock, sponsor of the West Texas hospital for confirmation of that statement. Nelson remained silent. Under the bills the Governor may veto one without the other. Senator Gordon Burns of Huntsville gave the senate a laugh by saying that the East Texans had been "city slicked" by the West Texans. The conference report has not been presented to the house.

Special Services At First Methodist

There will be special Mother's Day services Sunday at the First Methodist church, it was announced today by the pastor, Rev. Joe I. Patterson. Church school will begin at 9:45 as usual and will be followed by baptism of babies and other members received into the church. There will be special music under the direction of Hjalmar Bergh. There will be a period given over to consecration of Self Denial envelope, after which the sermon hour at 10:30. The subject for the morning service is "Jesus and His Mother." At the evening hour the pastor will use for his subject "Jesus and the Forgiveness of Sins" at 7:45 o'clock.

LAKEHURST, N. J., May 7 (U.P.)—Revised complications today listed 32 known dead or missing in the flames that destroyed the 800-foot German dirigible Hindenburg. United States sailors and survivors of the German crew poked among the tangled wreckage for additional bodies. Agents for the Hindenburg announced that the body of a woman was found in the control part when the wreckage was searched today. It was said that the woman was "presumed to be a stewardess." Agents reported that it was unusual for any woman to be in the control room. Another body, unidentified, also was recovered in the wreckage today. American and German officials, meantime, conversed here for formal inquiries to seek the explanation of the spark that enveloped the hydrogen-filled airship in flames just as she was landing last night after the first trans-Atlantic voyage this year. Ambassador Hans Luther came from Washington to lead the German representation. Dr. Fred Fagg, head of the Bureau of Air Commerce, was on hand, and Admiral Cook, chief of the Bureau of Naval Aviation, flew here from Washington. As to the "why" of the explosion that brought disaster to Germany's efficiency in airships aviation over many years, the experts seemed as puzzled as Captain Ernst Lehmann, veteran zeppelin navigator, who escaped from the flames murmuring "I don't understand, I don't understand." In the words of Commander Chas. Rosenthal, chief of the Lakehurst Naval Air Station and himself a survivor of the Shenandoah disaster, all that was known definitely was:

"A fire appeared in the after part of the ship and worked forward. The ship settled to the ground, tail first and was almost completely ablaze of her entire length by the time the ground was reached."

According to lists issued by the Zeppelin Company, out of 97 persons aboard, most of them Europeans, 66 were known to be alive. The 66 comprised 24 of the 36 passengers, and 42 of the crew of 61. One member of the ground crew died from burns. This made a total of 32 known dead or unaccounted for.

Among the seriously injured were Captain Max Pruss, commander of the Hindenburg, and Captain Lehmann who commanded her last year but was an advisor on this voyage. "Both men, in fact all survivors, are suffering from shock," one official said. "The question is, whether they will recover from shock more than from their burns." The Hindenburg left Frankfurt, Germany, Tuesday on the first of this season's flight to the United States. Last summer she had cruised back and forth over the north Atlantic, carrying hundreds of passengers without a mishap.

Hundreds Enjoy Day At Cisco Lake Parks

More than 200 young people picniced at Lake Cisco today from Comanche, Abilene and other schools as Cisco's facilities for recreation are used by communities over this part of the state. Swimming, skating and general recreational activities are features at these gatherings. The Comanche school group were quartered at the Laguna Thursday night so that a full day could be had for the outing at the Lake. Manager P. G. Berry reports that each day finds several school groups enjoying the facilities at the Lake. He expects these gatherings to multiply as graduation time nears and schools elect to spend their holidays here.

ADMIRATION - TRIPLE-SEALED IN "CELLOPHANE"

DECISION GOES TO THE Bag ... ON POINTS

The first three rounds were a draw between the two favorites: Coffee-in-Bags and Coffee-in-Other-Containers. In the first round, the quality of the two was the same. In the second, both had the same oven-freshness. In the third, fragrance and flavor were uniform in both. But in the fourth...

Coffee-in-Bags won the decision on price!

When the housewife finds that Admiration Coffee in the moisture-proof Cellophane bags is the same fresh, fragrant, delicious coffee as that packed by other methods, she will certainly choose the bag at about 4c the pound less. Methods of packaging, plus Admiration's fast truck delivery service, assure her of an equally good coffee at a more economical price.

Buy it in the bag and save the difference.

Admiration Coffee comes packed three ways: vacuum glass jars, slip-covered tin cans, and in triple-sealed Cellophane bags.

DESDEMONA

By MRS. W. C. BEDFORD

The outstanding days in the calendar of the "21" Study Club are the days when the members visit the German Excelsior Club in the Fall and when members of the Excelsior Club come over here in the Spring and this occasion was on Tuesday afternoon of last week. The club house which recently underwent repairs and re-painting of the interior was quite attractive with bowls and vases of roses in many places. One special attraction was a picture hung above the piano - a painting of "The End of the Trail" the work of Jim Hal Parks, the 12-year-old son of Mrs. David Parks, president of the "21" Study Club. The meeting was called to order by the president, Mrs. Parks, who spoke some words of welcome to the guests, ending with an appropriate verse of poetry. The program was one of the travel course and was a study of Australia. Roll call was given by Mrs. Charles Lee who gave in a very unique and original way "The Cruise of the Good Ship 21 Study Club." Mrs. W. H. Davis then gave a very interesting paper on the Sports of Australia. Mrs. W. C. Bedford then described the Koala, the Australian Teddy Bear. Mrs. J. E. Heeter gave a reading "The Painted Rocks" and the program was closed by a song "Texas Our Texas" by Miss Ruth Crenshaw, Desdemona's most gifted singer, who was accompanied by Mrs. M. Scales, Gorman's talented pianist.

Hostesses for the meeting were Mrs. W. H. Davis and Mrs. W. C. Bedford, assisted by Misses Charles Lee, David Parks, J. E. Heeter, Clarice Ragland and C. W. Meitly. A refreshment plate of white cake in squares, pineapple sherbet colored green, the club colors being green and white, and hot spiced punch was served to the following guests: Misses M. Scales, M. F. Allen, John Kirk, E. F. Tiers, Dickson, L. A. Maake, M. L. Stubblefield, Ellen Gidham, B. B. Rummelt, W. M. Blair, Luther Wright and J. E. Foster, all of Gorman and Miss Ruth Crenshaw, and Misses C. O. Brang, Reid, W. H. Powers and Betty Vestal of Desdemona. Flute favors were roses. During the social hour some one found out that Mrs. Stubblefield of Gorman had just returned from New Orleans and she was requested to tell about that historic city which she did in a most interesting way. Her talk was very much enjoyed.

Jimmie Duncan, Jr., of De Leon spent the week-end with his cousin, Jack Powers. O. G. Lawson and N. D. Gall-

aher, drilling contractors for the deep test oil well here, were placing the stakes and making affidavits as to the location of the well on Saturday afternoon. Hundreds of people visited the site on Sunday. Mrs. Winfield Gallagher of Tuleka and Mrs. Dick Cutting of Cisco were here Monday making plans for moving back here as both Mr. Gallagher and Mr. Cutting will work for Gallagher & Lawson on the deep test well that is to be spudded in soon. The Cuttings plan to move in with her aunt and uncle, Mr. and Mrs. Charles Lee. Mrs. J. H. McCoy, widow of Dr. J. H. McCoy, one of the boom-day physicians, will come here with her daughter and son-in-law, Mr. and Mrs. Gallagher. Their many friends are glad to welcome these former citizens back to our town.

The recently organized troop of Boy Scouts and their leader, Mr. Preston Sparks, went on a hike and camping trip Friday night. They left town in groups of two or three and went different roads and then met at the camping place on the Rube Miles farm about six miles from town. All of them enjoyed it very much.

The Methodist Missionary Society met Monday afternoon at the home of Mrs. W. C. Bedford for the social meeting and also the regular business meeting. It was voted to pay 75 cents on the expenses of two negro women to the training school at Tyler. Mrs. Chas. Lee led the devotional. Mrs. Bruce reported \$475 had been paid on pledges in April. Miss Mollie O'Rear gave the local treasurer's report which showed a small balance or none. Mrs. W. H. Whitworth presented the Bulletin of Missionary News. During the social hour two original contests were held, one being "Make Believe" and bringing out various modes of travel and the other being "Missionary Who's Who What and Where" in which names of the author of "Out of Africa" editor of "World Outlook" and number of district and conference officers were given with the letter, mixed and the contest being to straighten them out. After the contests the hostess, assisted by her step-daughter, Mrs. Betty Vestal served refreshments of angel food cake and raspberry jello with whipped cream and with roses as plate favors.

Mr. and Mrs. A. C. Moore and three daughters, accompanied by Mrs. J. H. Rushing, Sr. drove over to De Leon Sunday afternoon. Mrs. Jack Woodard of Carbon visited her aunt, Mrs. Mollie Emde Friday and attended the cemetery working.

V. V. McMurray, who lived here during boom days and who now lives at Cisco was here Monday

night having brought a load of rigging from Hamilton county to be used in drilling the deep test here.

A good crowd gathered Friday at the Desdemona cemetery for the semi-annual working as a result of which the graves are all free of weeds and dead leaves. Those who attended the working carried well-filled baskets and at noon a picnic lunch was served. The following officers of the cemetery association were elected: Herman Wilcoxson, president; F. E. Walker, vice-president; Miss Lillie Buchan, secretary and Arch Brown, treasurer, an office he has held for several years.

Mrs. I. N. Williams recently went to Fort Worth to the Eastern Star School of Instruction. She was accompanied by Mrs. Gifford Acrea and baby. Mrs. Acrea took the examination and received a certificate. Mrs. Williams and five others had received certificates at Baird and after that Mrs. Williams took members to Mineral Wells and to Brownwood so now there are ten certificate members of Desdemona chapter.

Mrs. Horace Morrison and daughters, Norma and baby Patsie, went to Gorman on Friday and spent the night with her mother, Mrs. Woodie and on Saturday they went to Olden and attended the cemetery working.

Mr. and Mrs. Maborn Wilcoxson and son, Brooks, drove down to De Leon on business Saturday.

Rev. Terrill who is conducting a revival at the Church of God here, went to Stephenville Sunday afternoon and held preaching in the building the congregation recently purchased there. He was taken over there by Mr. and Mrs. Earl Alexander and they were accompanied by Miss Capitola Browning and Miss Naomi Alvis. Rev. Mrs. Alexander conducted a revival at Stephenville last summer and organized the Church of God there. Mrs. J. E. Derrick and her daughter, Mrs. Style McEntire and little son, James Edward, returned on Tuesday of last week from Glade-water where they had spent a few days with Mrs. Derrick's other daughter, Mrs. Donald Howell and family.

Mr. and Mrs. Hugh Roe visited last week-end at Abilene with their two daughters, Miss Bernice Roe and Mrs. John Gosman and her husband. The two sisters had another guest, also, as Miss Aline Walker who has been teaching at San Angelo the past two years visited them. Miss Walker is the daughter of Rev. and Mrs. R. A. Walker who lived here two years ago when he was Methodist pastor.

Rev. and Mrs. Sherrod Stover and baby son, Billie, left Sunday

afternoon for their home at Morris, Oklahoma, after a few days' visit with his parents, Mr. and Mrs. S. T. Stover. On Sunday morning Sherrod (as he is called by nearly everyone) preached at the Baptist church and the many friends who heard him, felt proud that our home town boy has gotten to be such a splendid preacher.

Carpenter work and rock work on the new Methodist church was completed Friday and this week local men who are donating their work are busy doing some painting in the Sunday school rooms, varnishing benches and getting ready for the services to be held there Sunday, May 9th. Rev. O. D. McDonald, the pastor, and the board of stewards and others who helped in making the new building possible, deserve much credit for the attractive and comfortable building.
