Back-To-Work Forces Meet Counter Moves

As Wallace Launched Texan on Dust Bowl Recovery Job

Plans vitally affecting the welfare of five western states were those being studied above in Washington by Secretary of Agriculture, Henry A. Wallace, left, and Roy I. Kimmel, Amarillo, Tex., newly appointed to direct a land-use rehabilitation program for 140,000 square miles of the dust bowl area in Colorado, Kansas, New Mexico, Oklahoma and Texas. From his headquarters in Amarillo, Kimmel will co-ordinate all activities of the Resettlement Administration in the southwest.

OFFICERS TO RESTORE LAW FOR PICKETS

CLEVELAND, June 14 (UP)—Governor Martin Davey of Ohio thrust other negotiations proposals aside today in a supreme effort to settle the steel strike before it brings new violence.

Officials said 9,000 Youngstown sheet and tube workers had signed a back-to-work petition and were "near a stage of violence." Additional railroad police arrived in Youngstown and special city officers were sworn in.

Strike leaders discounted the strength of the back-to-work movement and rallied their forces.

In Canton, Ohio, 150 citizen recruits will be sworn in tomorrow as special deputies to restore law and order on the picket line. The Canton Federation of Labor threatened to call a general strike if the citizens have any part in breaking picket lines.

Company and union leaders in steel strikes from Pennsylvania to Illinois prepared for a new crisis in the CIO campaign to win signed contracts from four big independent companies.

Cisco Girls Lose Game to Eastland

The Cisco girls' soft ball team played their greatest game this season here Saturday night, when the Eastland girls defeated the Cisco girls with a score of 13 to 11. The only home run that was made was my Eula Reimes. Miss Reimes also brought in two other scores.

All of the girls showed up well in the game, the little catcher being Opal Courtney. Miss Courtney is a new girl on the job, and she certainly did some fine catching.

The lineup for the Cisco girls was as follows: Opal Courtney, pitcher; Billy Ruth Brown, pitcher; Mary Ruth Sampson, first base; Yvonne Potter, second base; Edna Morris, second short; Estelle Reich, right field; Jessie Mae Steward, roving field; Lola Mae Bell, roving field and Louise Curly, left field.

DALLAS BRANCH ADVOCATED FOR DEPARTMENTS

AUSTIN, June 14 (UP)—A branch "capitol" at Dallas housing division offices of the State Highway Department, Liquor Control Board, Old Age Assistance Commission and the Railroad Commission was advocated here today by Senator T. J. Holbrook of Galveston.

He said he may offer a resolution to use the state building at the Centennial Exposition for such offices.

Lions to Nominate New Staff June 16

Officers for the year beginning July 1, will be nominated at the Wednesday luncheon of the Lions club said President R. E. Grantham today. The nominations will lay over two weeks as is the custom of the International organization and will be voted in and installed at the meeting on June 30, Lion Grantham said.

Leisure Time of An Average Man

LONDON, (UP)—The average working man has only four and a half hours in every 24 for leisure and spends seven months of his life shaving. Dr. Edlyn Stevens, of Cardiff, told the Bridgend and District Society at a dinner.

WORLD NEWS FLASHES ON WIRES TODAY

WASHINGTON, June 14 (UP)—The Senate Appropriation Committee voted today unanimous approval for the \$1,500,000,000 relief appropriation bill carrying the controversial "localities must contribute 40 per cent" clause and continuing the life of the Public Works Administration for two more years.

DARLINGTON, Eng., June 14 (UP)—The Rev. Anderson Jardine who performed a marriage ceremony for the Duke and Duchess of Windsor in defiance of the Church of England, said today that he intended to visit the United States for a holiday, during which he would make a lecture tour.

ASMARA, Africa, June 14 (UP)—Amelia Earhart, American woman round-the-world flier, left Massawa on the Red Sea coast for Asia today.

JOHNSTOWN, Pa., June 14 (UP)—Two men and a 12-year-old girl were injured today in renewed violence at the Bethlehem Steel Corporation's Cambria plant, affected by a strike called by the Steel Workers Organizing Committee.

LAROCHELLE, France, June 14 (UP)—The United States destroyer Kane left for St. Jean de Luz on sudden orders today, in view of the situation at Bilbao.

WASHINGTON, June 14 (UP)—Representative Clare Hoffman of Michigan asserted today he was ready to bring a group of reliable and "well-armed" citizens to Monroe, Michigan, if the CIO carries out a threat to invade that city.

TIPS ON HATS Panama hats are not made in Panama. They come from Ecuador and the manufacture of these hats, worn the world round, is featured in Ecuador's exhibit at the Pan American Exposition opening in Dallas June 12.

GEO. CHANDLER THINKS WAGES BILL DRASTIC

WASHINGTON, June 14 (UP)—George Chandler, secretary of the Ohio Chamber of Commerce, told the House and Senate Labor Committees today that "South Carolina fired on Fort Sumpter for a far less pretext" than the pending wages and hours bill.

Chandler charged that the bill was a "perversion of federal authority and an inexcusable invasion of the rights of a state." He urged an amendment barring goods produced in foreign countries with lower standards than the act sets up.

Accident Fails to Injure Boy of 2

GOOSE CREEK, (UP)—In an automobile collision, Ray Herndon, 2, was hurled through the windshield of his mother's car, catapulted along the hood, over the radiator and dashed against the fender of the other machine—and was uninjured.

QUESTION MAN ABOUT MATTSON KIDNAPING CASE

DALLAS, June 14 (UP)—Department of Justice Agents, immigration inspector and naturalization inspector joined today in questioning a man held at Quitman regarding the kidnap-murder of Charles Mattson, Jr., 10, in Tacoma, Washington, last winter.

Carroll Paul, Immigration Inspector, said the man resembled strikingly the description of the Mattson kidnaper and told him he entered this country illegally from France in 1933.

BILBAO IN TERRIFIC BLAST DEFENDERS FIGHT TO DEATH

BILBAO, June 14 (UP)—Bilbao and its environs crumbled today under a terrific blast from insurgent artillery, aerial bombs, machine guns and trench mortars.

Machine guns and bombs raked the streets of the capitol itself, while a steady stream of refugees poured northward. All loyalist positions were under fire.

The besieged district was subjected to 28 air raids today. The nationalist planes attacked roads adjacent to the city with machine guns and hand grenades.

The government was in constant session. An announcement after a joint meeting of the government and general staff said Bilbao would be defended to the death.

a quarter of a century ago Jacksonville, Fla., was swept by a million dollar fire, one man had all of his own and other folk's money in a big establishment was in flames. That his fire insurance had expired the day before the conflagration meant that he was not insured and heavily in debt. He must answer to a number of relatives and friends who had trusted their savings to him. That he could not face the situation he went to his room, revolver in his dresser, and himself out on his bed. The muzzle of the gun into his hand came to him. "I will wait until tomorrow," he thought and put the gun back in the drawer and went down

the street he met his fire insurance agent.

He exclaimed the agent with "I've got something to tell you just got into our safe, and at your insurance didn't run the after the fire."

One man came home one day and found his wife in an agi-

Soft Ball Tonight And Tuesday Night

The soft ball game between Nance and Leach should be a good game tonight. Both teams will be fighting to retain if not increase their standings.

The all-star game between Cisco and Throckmorton at Cisco Tuesday night promises to be a good one. Bill Cooper promises to win this game sure, since he has secured a new pitcher, C. V. Tunnell from somewhere in the U.S.A., who is said to be a good one. He pitched against the Honlon team at Breckenridge Saturday night and these expert batters only secured two hits and one walk.

All ball fans will want to see the new pitcher in action.

SKUNK CAUSES CRASH

PREMONT, O. (UP)—When a skunk ambled across the highway Charles F. Keating brought his car to such a sudden stop that the car behind crashed into him. Keating suffered an arm injury. The driver of the second car suffered a broken rib. The skunk was not hurt.

JUDICIARY COMMITTEE ASKS CONGRESS TO DEFEAT BILL

WASHINGTON, June 14 (UP)—The Senate Judiciary Committee called upon congress today to defeat President Roosevelt's "utterly dangerous" supreme court reorganization program "so emphatically that its parallel will never again be presented to a free American people."

The Committee majority presented the most controversial constitutional issue of many years in a formal report that denounced the administration's judiciary bill as tending to:

1. Obscure the "real purposes" of the administration.
2. Undermine the American constitutional system.
3. Punish the supreme court by forcibly and unconstitutionally subjecting it the will of the Executive Department.
4. Break down constitutional safe-

SEARCHING FOR ALICE PARSONS; BELIEVED DEAD

STONY, N. Y., June 14 (UP)—Authorities seeking to solve the disappearance of Mrs. Alice Parsons from her husband's farm searched today an estate she was believed to have visited with two strangers. They believe she might have been slain.

Mrs. Parsons, according to one report, left her home last Wednesday and a middle aged man and woman to show them an estate at Huntington in which she owns an interest. A few hours later a note demanding \$25,000 was found in her automobile.

Cotton Gives Way To Rayon in Tires

AKRON, O. (AP)—The manufacturers in this industrial capital are experimenting with the use of rayon in place of cotton cord for tires.

Research engineers report that in certain types of service, such as high speed bus and truck driving rayon gives excellent mileage.

It is said to have the ability to withstand higher operating temperatures with less deterioration than cotton cord.

But rayon cord tires, the manufacturers say, will be considerably more expensive than cotton cord. Rayon material costs more than cotton.

SCRAP IRON DEMANDED AT PORT HOUSTON

HOUSTON, June 14 (AP)—Boat days have returned to Port Houston because of the heavy export demand for scrap iron.

During the first five months of 1937 more than 160,000 tons of scrap iron and scrap rails have been exported.

The five-month total was compared with the entire 1936 total of 153,000 tons.

The scrap iron rush caused the port to establish a record for the number of locomotive cranes in operation on American waterfronts, according to Director J. R. Wait.

"The eleven cranes, nine owned by the navigation district are working 24 hours a day," he said.

"Although I checked closely the records of other ports, I could not find any one port having as many in operation at one time."

Wait discounted re-armament as the cause of heavy exports from the United States.

"War has something to do with it, but many countries which are leading in exports do not seem to have much ambition to enter war. Countries not having their own iron reserves are the leading importers from America."

"Our industry progresses so rapidly that new processes follow one another and daily require new machinery for production," he continued. "From these industries come the millions of tons of scrap iron and steel that is exported."

Wait said it was impossible to forecast the duration of scrap movement.

"General building programs in all countries were curtailed due to the depression, and these nations are attempting to catch up now."

"Consequently, as long as they demand iron for commercial enterprises and armament, it will continue at a high rate."

Flax Grows Best In State of Texas

ANGLETON, June 14 (AP)—Flax from which linen is made will grow better in Texas than anywhere else in the nation, according to R. H. Stanzel, chief of the Texas Agricultural Experiment station here.

In a report on flax culture, Stanzel, advised farmers of the Texas coastal region to try the new crop pointing out that 20,000,000 bushels of flax are imported annually.

Flax is produced extensively in North and South Dakota and in Michigan.

Sailor Safest on Ship, Navy Reports

SAN PEDRO, Cal., June 14 (AP)—Medical authorities of the navy are unanimous in declaring that the safest place for a sailor is on land on shore leave.

The tendency of sailors to take spins on motorcycles when ashore has proved more fatal than the guns of enemy ships in several past wars. Latest statistics just compiled by the fleet's medical authorities show that for a number of years approximately 30 per cent of the deaths in the navy are caused by motor vehicle accidents.

Another 10 per cent are due to drowning, but even half of these occur when the sailors are ashore swimming at beaches instead of swimming about their respective ships under rigid surveillance.

Disease accounts for 50 per cent of the deaths in the fleet. While medical authorities find that every year the sick bay loss in the navy is being slowly decreased nevertheless they find that deaths due to disease are decreasing more rapidly than those due to motor vehicle accidents.

The number of accidents due to purely ship activities in the fleet is exceedingly low. The fleet also has been able, the report said, to reduce annually the number of deaths due to aviation and the handling of high explosives.

Quiet Girls Said To Be Home Problem

DALLAS, June 14 (AP)—Because problem girls are too quiet of all things—Miss Theima Whalen, director of family case work for the Family Consultation Bureau, is having difficulty in finding homes in which to board young women approaching the delinquent stage.

"The trouble with young women is that they're too quiet," said Miss Whalen. "Everybody thinks of boys when they think of delinquency because boys get into trouble more noisily."

"Boys smash windows or steal bicycles or something like that. Girls get into a lot more difficulty more quietly, so people overlook them."

JAMES GRILL HEADS COTTON MEN'S GROUP

SAN ANTONIO, June 14 (AP)—Stepping him up from his post as vice-president, the Texas Cottonseed Association has elected James R. Grill of Waxahachie president of the association.

Meeting here in annual convention, the association urged cotton oil mills to adopt wage and hour scales for the benefit of workers. G. A. Simmons, vice-chairman of the college relations committee announced plans for the establishment of a fellowship to be given an outstanding student in Texas Technological College's animal husbandry department.

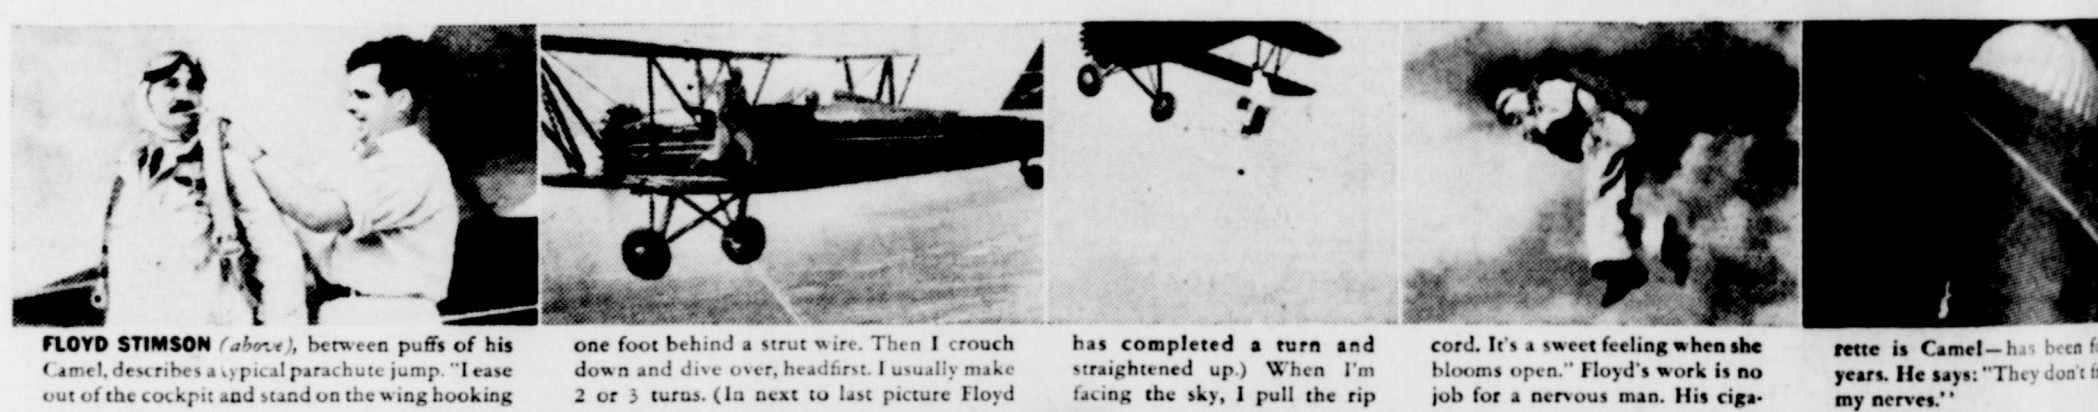

The convention named E. E. Hill of San Antonio vice-president of the association. T. A. Harris, J. W. Simmons, both of Dallas, elected members of the executive directors. Other members of the executive committee are Gill, Hill, J. Ross of Houston, Henry Wallace of Corpus Christi, W. L. Wheeler and B. B. Hulse of Temple.

FLOYD STIMSON (above), between puffs of his Camel, describes a typical parachute jump. "I ease out of the cockpit and stand on the wing hooking one foot behind a strut wire. Then I crouch down and dive over, headfirst. I usually make 2 or 3 turns. (In next to last picture Floyd has completed a turn and straightened up.) When I'm facing the sky, I pull the rip cord. It's a sweet feeling when she blooms open." Floyd's work is no job for a nervous man. His cigarette is Camel—has been for years. He says: "They don't get my nerves."

MAN OVERBOARD

FLOYD STIMSON—OFFICIAL PARACHUTE TESTER—BAILS OUT FOR THE 1060th TIME!

HE stepped out into empty air well over 1000 times —yet landed right side up every time. "My order is Camels," Floyd says. "They're so mild I can smoke all I want to. Camels never frazzle my nerves. It seems as though there's no bottom when I bail out—and my stomach knows it." Floyd Stimson continues (right), as he enjoys Camels at mealtime. "However, a Camel helps me ease off. Camels set me right!"

MILD! Camels are made from finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic—than any other popular brand.

HOURS SPENT IN trying research work can be tense too. Miss Ruth Bruder says: "At times like that a Camel gives me a 'lift.'"

LEARNED TO SWIM in jungle. Leonard Spence, 5 times breast-stroke champion, says: "After a hard swim, I turn to Camels and get a 'lift.'"

JOANNA DETUSCAN, Women's Foils Champion, says: "Being alert counts in fencing. One reason I prefer Camels is they never jangle my nerves."
