

# Mr. Muleshoe . . .

By J. M. Forbes

BENJAMIN FRANKLIN, beloved American patriot, writer, philosopher, inventor, statesman, was January 17, 1706; he died April 17, 1790.

Franklin, whose life and philosophy of living has influenced succeeding generations perhaps more than one person who took part in the American revolution, began life as a printer's assistant, learned the trade, saved his money, got into business for himself, and eventually came into position where he could win friends and influence people and not only people but the course of events and the course of history.

But we called him into this today to remind our young people, and even older ones that this is National Thrift Week, and that Franklin wrote many things worth remembering about the advisability of saving. For one thing he said: "Save and Have." For most of us that is the only way to have and we can't begin by saving big sums, we have to begin by saving small sums, very small sums in most cases. Hardest thing to learn to do, in my opinion, outside of eschewing the use of tobacco, is to learn to save. It is extremely hard to show a young man that if he saves a dollar this week, puts another with it next week, keeps adding to it regularly, he is bound for the top unless something unpreventable happens to him. But it is the solemn truth.

Our huge industrial organizations which have immeasurably helped America to grow and progress, started from the savings, sometimes meager, of some person, or many persons. Farms are bought, businesses started from body's savings; somebody saved up the money that young men borrow to start their careers. But don't need the advice to save if you are not ambitious to succeed.

## Henry Gault Speaker For Lions Club

Wednesday the Lions Club guest speaker was Henry Gault, a past president of the Lions Club at Hereford. He owns a farm there and has made a study of the soil and the proper irrigation of the same, as well as the proper use of fertilizers. Gault spoke on diversification of farming operations, particularly the growing of sugar beets, onions, potatoes, lettuce, etc.

Members not attending this meeting missed a talk and discussion very vital to the interests of this particular territory.

There are to be guest speakers from time to time who will discuss vital topics affecting the town and community.

**F. H. A. BAKE SALE SATURDAY Jan 21.**

January 21 the Muleshoe F. H. A. Chapter will hold a bake sale at Blackburn Food Market, Piggly Wiggly, and Cashway.

The cakes will be sold for \$1.00 pies for 75c and cookies 50c a dozen.

If anyone wants one saved so that it will not be sold please see or call Mrs. Harold Newsom, F. H. A. sponsor, and she will put it back for you.

**ATTEND DINNER DANCE**

Dr. and Mrs. B. R. Putman of Muleshoe attended the annual dinner dance of the South Plains Optometric Society which was held Thursday evening January 12, at the Hilton Hotel in Lubbock. About 100 members and guests were present.

Installation of newly elected officers was a part of the program.

## Mahon Seeks Early Commitment On Sorghum Grain Support Price For 50

Congressman George Mahon reports to The Muleshoe Journal this week that since his return to Washington for the current session of Congress he has conferred personally with Secretary of Agriculture, Charles Brannan, and other officials in the Department in regard to a support price on the 1950 grain sorghum crop.

Mahon has urged that a grain sorghum support price at a level not below last year be announced in the immediate future. He has explained to officials that producers are making their plans for the year and need to know at the earliest possible moment what they may expect.

Under the law the Secretary of Agriculture can place a support program on grain sorghum into

## "ALL-OUT CAMPAIGN" AGAINST POLIO IS LAUNCHED

### West Camp Community Sing Jan. 26 Will Raise Money For Polio Fund

There will be a "Community Sing" held at the West Camp Baptist Church Thursday night, January 26, at 7:30, for the purpose of raising money for the March of Dimes, announced Mrs. Austin Jones, Chairman for West Camp community.

The money will be raised by free will offering taken during the evening.

Everyone in the community is urged to be present and anyone else that likes to sing or help out in this very worthy cause.

Lets all have a good time together and help provide medical and hospital care for the 2,323 Texans that were victims of polio in 1949, and for the new cases there will be in 1950. Who knows who the next victim will be?

There will be refreshments of coffee and pie served by the ladies of the West Camp Baptist Church and the West Camp Home Demonstration Club.

### Rites Held For Mrs. Emma Wyer

Funeral services for Mrs. Emma Stiles Wyer, 72, were conducted Friday afternoon at 2 o'clock at the First Methodist Church in Dimmitt, with Rev. Horace Brooks, pastor, officiating.

Mrs. Wyer died Thursday morning at 1 o'clock in the home of her daughter, Mrs. L. V. Hennington, who lives on the Conkright Ranch, north of Hereford. Most all of Mrs. Wyer's family were present when she passed away. She had been an active member of the Methodist church for fifty years and until her health prevented her from attending church she was nearly always present.

She was born in Illinois in 1877 and was married to W. G. Wyer, in Iowa, in 1894. The Wyers came to Texas in 1908 and lived in the Big Square community until recent years when she and Mr. Wyer moved to Muleshoe, Texas.

Survivors include the husband, two daughters, Mrs. L. V. Hennington, Hereford and Mrs. Maud Turnbow, Los Angeles, Calif.; three sons, H. J. and Harold, both of Muleshoe, and Emerson of Dimmitt, two sisters, one brother, nine grand children and five great grand children.

Interment was in the Dimmitt cemetery near her parents, a son, a sister, and a brother and her little namesake granddaughter. Arrangements were under direction of the Gilliland Funeral Home of Hereford.

**IN TOWN WEDNESDAY**

H. H. Homsley, superintendent of schools at Three Way was in Muleshoe on business Wednesday.

### Branscum Again Heads Bailey Electric Co-op.

All seven of the old directors of Bailey County Electric Cooperative were reelected when the cooperative held its annual meeting of the members at the Valley Theatre here Wednesday.

Directors reelected are: Pete Todd, Tommy Galt, Roy Sheriff, W. R. Adams, W. W. Branscum, J. T. Eubanks, and H. E. Schuster.

After the meeting the directors met and elected the following officers: W. W. Branscum was reelected president; Tommy Galt was elected vice-president, succeeding J. T. Eubanks; and Roy Sheriff was elected secretary, succeeding H. E. Schuster.

Speakers included District Judge E. A. Bills, Littlefield; Judge Cecil H. Tate, Muleshoe; C. N. Chitwood, Clovis, who discussed the rural telephone situation; and the farm editor of KICA, Clovis.

It was the "biggest and the best" annual meeting. Every seat in the Valley was taken, there was no seat vacant, even in the balcony, and many stood during the meeting.

**AT BROTHER'S FUNERAL**

Tom L. Smith and family attended funeral services for his brother, Luther Smith, held at Perrin, Texas, January 8. Mr. Smith who was 63, died in Detroit January 4. He had lived here for a year with his brother and family several years ago, and was acquainted with a number of local people.

### Tom L. Smith Seeks Reelection As Commissioner

Tom L. Smith, Commissioner for Precinct 2, Bailey County, this week authorized The Journal to announce that he is a candidate for reelection. He made the following statement to the voters:

**To The Voters Of Bailey County:**

I wish to ask for reelection to the office of Commissioner of Precinct Number 2, Bailey County, for the coming term.

Your support in my behalf before is surely appreciated; and I sincerely solicit your vote and support in the coming election, that I may have the opportunity of serving you again as Commissioner of Precinct Number 2.

It is my aim and desire to serve you to the best of my ability, in the way that is to the interest of Precinct Number 2 and Bailey County in accordance with what is right to all.

Again assuring you of my deep appreciation for your vote and support in the coming election on July 22.

Sincerely,  
TOM L. SMITH

### Helen Jones In Race For Bailey Co. Treasurer

Miss Helen Jones, treasurer of Bailey County, has authorized The Journal to make the announcement that she is a candidate for reelection to the office, subject to the coming Democratic primaries.

Miss Jones thanked the people for their cooperation and friendship in the past, and said that she expected if reelected to continue to serve them to the best of her ability.

She said that she will appreciate the vote and support of each voter in the county.

### Dallas Firm Gets Contract For Construction New Co-op Building

Contract for the construction of new headquarters building in Muleshoe for Bailey County Electric Cooperative Tuesday was awarded to Dolph Construction Company, of Dallas.

The contract price, including a "turnkey" job, was \$63,700. The Dolph Company, low bidder, were among several who turned in bids on the building job. There was a spread of \$20,000 between high and low bidders, directors said.

Other bidders were G. A. Jones, Lamesa; W. D. Hampton, Littlefield; Timmons Construction Co., Amarillo; Basanda Construction Co., Oklahoma City; Burford Construction Co., Dallas.

Electrical work, plumbing, heating and air conditioning were included in the figure given by Dolph.

### Muleshoe People Enter Livestock At Fort Worth

FORT WORTH, Jan. 17—A number of Muleshoe residents have joined the record-breaking number of exhibitors who have entered livestock for judging in the Southwestern Exposition and Fat Stock Show, which will be held in Fort Worth Jan. 27 through Feb. 5.

They include R. C. Giles Jr., six lambs; Ernest Ramm, 10 pigs; Bill Stinson, four pigs; Melvin White, three pigs, and Marvin Davenport, three pigs, all in the boys' show. Ernest Ramm also will show five more swine.

Entries are pouring in for the Southwestern Old Fashion Square Dance Championship contest, a big, new, fee. One thousand dollars in prizes are offered.

A record number of citizens will have special "days" and 50 bands will be heard. Championship cowboys will present six top-notch specialty acts, ranging from the artistic to the comic.

### Deadline On Poll Tax Payments Is Approaching

Bailey County people who have not paid their poll tax are reminded by Sheriff and Tax Collector Hugh Freeman and his staff that the deadline for paying them is rapidly approaching. The voter must get his poll tax receipt by January 31, to be eligible to vote in this year's important elections.

Mr. Freeman said many people paid their property tax before the proposed amendment affecting poll tax payments was voted upon in November, when the payment of poll taxes was in doubt. Therefore, they are without poll tax receipts unless they have made another call at his office.

Bill Boothe, office deputy, late Saturday told The Journal that this county is not as bad off in this respect as some but that many receipts will have to be written between now and the end of the month or else lots of folks will find they are disqualified from voting. He said more than 1100 had paid up to that time.

Still, he pointed out, the potential voting strength of Bailey County is nearly 2,500, so there are lots of folks who still have this duty to attend to.

### Bailey County Goal \$2,000 — Need For Funds Now Greater Than Ever

### W. W. Couch In Commissioner Race, Precinct 2

Woodrow W. Couch, resident of the West Camp Community, has authorized The Journal to announce that he is a candidate for the office of Bailey County Commissioner for Precinct 2, subject to the Democratic primaries. Mr. Couch, who has farmed near West Camp during the last ten years, made the following statement to the voters:

**The Voters Of Precinct 2:**

I am announcing my candidacy for the office of Commissioner for this precinct.

I have never had any experience as Commissioner; but if I am elected I will give to the job the best judgment that I have and to the best of my ability will discharge the duties of the office.

It will always be my aim, if I am elected Commissioner, to give consideration to the best interests of the people of my precinct and of my county.

I will appreciate the vote and support of each one of you and will see as many of you as possible during the campaign.

WOODROW W. COUCH

### Williams Farm Sale Set Jan. 23

An auction sale of row crop farming equipment is announced this week by Conrad and Glen Williams, to take place next Monday, January 23, one-half miles west of Stegall.

They will sell a list of tractors and equipment used in row crop farming since they are quitting the type of farming. Also listed in the sale bill are furniture items and many miscellaneous items.

The sale will start at 10:30 in the morning. At noon dinner will be served by ladies of the Monument Lake Church W.S.C.S.

Col. W. D. Wanzor, Muleshoe auctioneer, will cry the sale, and Mrs. Wanzor and H. C. Elliott will be clerks.

The sale site is 30 miles southwest of Muleshoe, 30 miles west of Sudon, or 30 miles northwest of Morton.

### MIGHT MAKE A TRIP

Mr. and Mrs. Neil Rockey might Mr. and Mrs. Neil Rockey, the Ford people, likely will be on a trip by the time this paper is in the mail. Only obstacle to their beginning another of their jaunts about the country was the obtaining of Mr. Rockey's consent and Mrs. Rockey didn't anticipate any great degree of trouble with that detail. They were to visit in Oklahoma, then motor down to the Rio Grande Valley, perhaps see a little of Mexico.

Mr. Wagoner reminded The Journal that a good part of the money that is given locally is spent in ceaseless and expensive efforts to find ways to prevent polio, which is the ultimate goal of the National Foundation. Polio is a crippling disease, a national menace, and no sacrifice of individuals could be considered too much if that sacrifice will contribute to the national search for ways of stopping the disease.

### Progress Methodists To Hold Mass Meeting And Program Friday Night

### Brock Infant Rites Were Held Tuesday

Death came for Edward Brock, infant son of Mr. and Mrs. Calvin Brock, of Lazbuddy community, Sunday, January 15. The infant was born March 30, 1949. He is survived by the parents, three half sisters, Peggy, Geraldine, and Darlene, two half brothers, Joe and Charles, two sisters, Betty and Bonny, and a brother, Billy.

Funeral services were conducted in the First Baptist church at Lazbuddy Tuesday, January 17, at 2:30 o'clock by Rev. L. B. Edwards, pastor. Interment was in Lazbuddy cemetery under direction of the Muleshoe Funeral Home.

**Attend Appreciation Day Saturday**

An all-out campaign in Bailey County to raise funds for the national fight on infantile paralysis has been mapped by officials of the Bailey County chapter, and this year, in the face of a crisis in the National Foundation's money situation, new methods have been added in an effort to raise more money than ever. For one thing, a house to house canvass, in town and rural areas, all over the county, has been decided upon, officials said.

The usual method will be used, also. The March of Dimes money jars have been placed in public places, offices, and stores. Pat R. Bobo, drive chairman, has appointed community chairmen throughout the county to carry on the campaign in schools, churches, and organizations. And Blondie Ray, who is county chairman this year, has announced that the annual March of Dimes dance will be held the evening of January 30, next Monday, in the Legion home in Muleshoe.

Mr. Ray said he has secured the services of Charles O'Connor and his Bar-O Boys, one of the best known dance bands in West Texas to play for the annual dance this year. Tickets for the dance have been printed and are in the hands of the drive chairman.

**Need For Funds Urgent**

Mrs. Cecil H. Tate, secretary, and Vance Wagoner, who has for several years devoted much time and thought to the cause, told The Journal that the need for funds at this time has never been more urgent.

They pointed out that Bailey County had three polio cases last year, and that local funds were not sufficient to meet the demands for the treatment of the three cases. Therefore, they said, the chapter had to borrow \$450 from the National Foundation.

To overcome that deficit and to provide money for treatment of future cases which may occur, will require that more money than ever shall be raised in this county and the leaders of the chapter and of the drive are determined that everyone shall have the opportunity to give liberally this year. Mr. Wagoner reminded The Journal that a good part of the money that is given locally is spent in ceaseless and expensive efforts to find ways to prevent polio, which is the ultimate goal of the National Foundation. Polio is a crippling disease, a national menace, and no sacrifice of individuals could be considered too much if that sacrifice will contribute to the national search for ways of stopping the disease.

The campaign was launched in this county this week in conjunction with local chapters throughout the United States. It will be pushed with vigor everywhere and everyone in the U. S. will have the privilege of giving to this vital objective of not only treating, but finding a prevention for infantile paralysis.

Chairmen for the various communities named by the drive chairman are: Muleshoe, Vance Wagoner; Baia, Fuzzie Simmons; Goodland and Stegall, Conrad Williams; Needmore, Mrs. Lonnie Arnold; Enoch, Mrs. E. N. McCall; Watson, Mrs. John Petree; Maple, Rio Grande Valley, perhaps see a little of Mexico.

### Progress Methodists To Hold Mass Meeting And Program Friday Night

A mass meeting of members of the Progress Methodist Church will be held tomorrow, Friday, night, January 20, and all members as well as everyone who is at all interested in the progress of the church are invited to attend.

The church will have an entertaining program as well as a discussion of affairs relating to the church building.

Some motion picture films will be shown, such as an educational film, comedy, and religious pictures. The discussion on the progress of the work on the building will follow the program. The W.S.C.S. members will provide refreshments during a social hour.

**IN LUBBOCK**

Mrs. E. E. Dyer and Mrs. Howard Cox were visitors in Lubbock, Monday.

**THE NATION'S WORST EPIDEMIC**

Polio epidemics swept the nation in 1949. More than 40,000 people were stricken—a tragic new record in the history of the disease in this country.

The grim specter of infantile paralysis haunted American homes from early May to the year's end. During August and September 24,845 cases were reported—more than four times what once was considered the normal total for an entire year. Weekly incidence of new cases reached staggering proportions, for ten consecutive weeks smashing any previous high recorded by public health officials.

Bailey County did not escape. Three persons, residents of this county, were brought down by the dread disease in 1949.

The pattern of this polio upsurge was unfamiliar. Never before had severe epidemics been so widespread, nor had so many states been hard hit in a single

year. Never before were appeals for help so urgent.

Throughout the emergency, the National Foundation for Infantile Paralysis, which provides financial assistance for medical care of patients who cannot pay full costs unaided, carried an overwhelming share of the burden in the fight against America's worst polio epidemic.

Wherever polio struck, local chapters of the National Foundation absorbed the initial shock, then went on to organize the forces of resistance.

The ravages of polio in this one year may cost the National Foundation \$31 million in patient care alone—more than all the money contributed to the 1949 March of Dimes. It is estimated that 80 per cent of all patients afflicted in 1949 were assisted in whole or in part by March of Dimes Funds.

Highest single item of expense for National Foundation chapters was the payment of hospital bills for thousands of families which could not carry the financial load involved in this high cost disease.

**Work On Prevention**

All this concerns actual treatment of the disease after it strikes. However, March of Dimes funds are blasting away at polio from every possible direction. Huge gains have been made in the direction of eventual control of the disease as a result of National Foundation research grants.

A chief aim of scientists is production of a preventative vaccine that will be effective in human beings. Scientists have already successfully vaccinated laboratory animals against all known polio viruses.

March of Dimes grants are supporting 68 different studies covering all aspects of infantile paralysis: its origin, its nature, its spread, its effect on the human body, its prevention and treatment. The nation's leading research institutions, medical schools and hospitals carry on this work on a year-round basis.

The foregoing facts are presented by The Journal to show why each of us in this county can afford to go "all out" in supporting this many-faceted fight against a disease that has crippled many of our friends, perhaps some member of our own family.

The Journal bespeaks for the Bailey County March of Dimes campaign, launched this week, the most earnest, most selfless support of all our citizens, believing it to be as important a thing as we have to come up in a year, and as great a cause as any in which we may have the privilege to work.

**FAVORS RESOURCE TAX TO FINANCE ELEMOSYNARY INSTITUTIONS**

A natural resource tax appears to be the solution for financing the Texas Eleemosynary Institutions, according to State Senator Kilmer B. Corbin.

Referring to the special legislature session which is expected to be in January, Corbin said appropriation bills for operation expenses and improvements for the state's eleemosynary institutions is a must but added taxes must be levied and expansion at the State Hospitals and Institutions is necessary to remedy the deplorable conditions which have heretofore existed in such institutions. "The way I see it right now," Corbin said, "is that the state is still trying to operate on approximately the same amount of funds it was operating on 10 and 15 years ago. And they just don't meet the state's needs."

Corbin said that when the legislature convenes for the special session, one of five proposed solutions may be followed:

1. The recalling of the general appropriation bills passed by the group last year, including departmental, eleemosynary and education bills, and cutting them down to save money.
2. The levying of a state income tax.
3. A state sales tax.
4. An omnibus tax (endorsed by Governor Shivers).
5. A natural resources tax.

The recalling and shaving of the general appropriation bills would hit right here in the home district, Corbin said. Texas Tech College at Lubbock would probably be cut down on funds. "I'm not against cutting some corners, he said, "but I couldn't be for

**RABSON DISCUSSES Employment Outlook**

Washington, D. C., Jan. 13. The employment outlook for the next six months is good. There will be near peak employment (jobs for 58,000,000) at high level wages, except for seasonal fluctuations.

**FACTS AND FIGURES**

Economic activity in the next few months will be some 80% above prewar levels. This means jobs. Depleted coal and steel stockpiles will be built up. Good employment effects will be felt along the line by industries using steel. Rehiring will be especially active in machinery and fabricated material industries, with the automobile industry leading. Construction along home and industrial lines will hold up through the early part of 1950. Both the petroleum and rubber industries will recover somewhat from their respective slumps.

Other factors suggesting good employment are continued government spending, the expansion of credit and business loans, the continued stockpiling of people's savings (\$127 billions in government bonds and bank accounts), a price support program for agriculture etc., and a continued demand for food products. All this is not symptomatic of another boom. Rather, it is the rebound from the '49 recession caused by the too drastic liquidation of inventories on the part of panicky businessmen.

**THE DOWNWARD TREND**

We must, however, face the fact that we are in a downward cyclical trend. 1948 was the top year in terms of production, wages, profits, and employment. Employment rose phenomenally from 52,800,000 in 1945 to 55,250,000 in 1946; and from 58,000,000 in 1947 to 59,378,000 in 1948. On the other hand, unemployment increased from 1,040,000 in 1945 to an average of 3,189,000 for the first half

of the year. If I had not wanted the bills as they now stand, I would not have voted for them."

A state income tax or sales tax would create too big a burden on the general public, Corbin believes. "I have always been against both of them," the senator said.

An omnibus tax might work, according to Corbin, but it would still increase the heavy burden on the public.

"The best solution would be the levying of taxes of new resources which can absorb them," Corbin said. "The appropriation of money for the eleemosynary institutions is imperative because the late Governor Beauford Jester vetoed the latter half of the operating expenses bill which the legislature passed," he said. "And we must raise additional funds to cover the expenses so I think a taxing of new resources would be the best solution and the least burden on the state."

of 1949. Most economists believe three to four million is normal for a labor force of better than 60,000,000.

The net effect of recent strike settlements is to add substantially to companies' long-term overhead costs, thus reducing the financial margin to lower prices appreciably and thereby stimulate employment. This is one of the reasons why you will see competition stiffen sharply within many industries in the next few months. This is also why industrial production is likely to taper off in the second half of 1950 with resulting unemployment unless greater attention is given to sales.

**BEST EMPLOYMENT OPPORTUNITIES**

Best job opportunities for 1950 will be in the distribution field. Even with business off in 1949, the annual rate of savings in the first six months of '49 was \$16.6 billion as compared with \$8.8 billion in the corresponding period of 1948. They will hire more efficient salesmen.

Another excellent area, especially for the college trained man, will be in the human relations areas of production. A potent factor in bringing business into a more favorable competitive position is the more effective utilization of human resources for the common good of both labor and management. A third area young men should consider is work within the federal government. In the past 20 years government agencies have increased from 250 to nearly 2000 today, with corresponding increase in available jobs.

**SPIRITUAL REBIRTH NEEDED**

We can never have continued good times in this country until both labor and management are spiritually reborn. Each group must stop talking about its pre-1948. The problem is how to coax these dollars forth. I predict that during 1950 companies

will add greatly to advertising and sales budgets. They will build up their market research staffs; they will develop stronger sales programs but put into practice constructive ways of working together for their common security. This is the only way we shall escape national socialism. This is the only way we shall be able to maintain our free economy and thereby insure freedom for all.

aged to hit for 5 points in the first quarter while the Muleshoe boys made only a free gratis shot. In the second quarter Friona hit for 6 points while Muleshoe hit for 5 points, making the halftime score 11-6. At the end of the third period Friona still held on to the lead 20 to 14 with the final score being 31 to 23.

M. Massey was highpoint man for the visitors, scoring 10 points. John Whipple led the local lads

## Slants From The Sidelines...

By W. E. Hill

The Muleshoe boys certainly had a letdown last weekend when they played Friona Friday night. However it may be a good thing they had their letdown when they were playing a practice game instead of a conference game.

Their ball handling was not near up to par and their shooting was off even worse. The Friona boys evidently were suffering from a let-down too, but played a little better ball than our boys, but not much.

Our team didn't look quite up to snuff against the Littlefield Wildcats a few nights previous, but they managed to stay out in front of the better-than-expected Littlefield squad.

Here's hoping our boys will be back in the groove by the time they meet Sudan and Morton this week in conference play.

In sharp contrast, the girls played their best game of the season Friday night against the Friona girls.

The forwards seemed to be able to score any time they wanted to do so, and missed only a few shots.

However we think much credit should be given to the guards for their fine job of guarding the visitors, hardly ever giving them a chance to work the ball in for a close shot and for hawking the ball away from their opponents on numerous occasions.

The Friona girls were not having an off night, as they were making nearly all their shots, but they never had many opportunities to shoot unless they took a long shot.

Little Wanda Kimbrough played her best game of the season so far. She is one of the best shooters we have ever seen.

She can hit fairly accurately, using both hands, from out in the court, or she can shoot with pinpoint accuracy with one hand from either the right or left hand which means that she can turn

with only 5-points.

**B-Team Wins 30-26**

The Muleshoe B-team came through with a win over the Friona B-team by a score of 30 to 26.

Glenn Harlin paced his teammates to victory with 3-points while Cleveland led the losers with 10-points.

LEGAL FORMS, Notes, Bill of Sale, etc. at The Journal.

either way once she gets under the goal and flip the ball up over the rim and down through the hoop.

Once Wanda gets within shooting range, it is next to impossible for an opponent to guard her.

Kay Malone is also a very good forward. She is high point in lots of games. However she is at her best from the free throw line and hardly ever misses a free gratis shot. This is the reason that she is often high point for her team. She is also a very good ball handler and gives the team their spark.

Delores Locker is a fair goal shooter, but she shows up by her outstanding performance of setting the plays up for the other two forwards and therefore doesn't shoot as often as they do and is very seldom if ever high point.

Some time in the near future I will be leaving Muleshoe... going to Tahoka, therefore I will miss the latter part of the basketball season, but I'll be rooting for you just the same.

However, when coach Green brings you boys down there next football season for your opening football game, I'll be on the other side of the fence rooting for the Bulldogs... hope there's no hard feelings.

## Jackettes Swamp Friona Six 50-28

The Muleshoe Jackettes, using nearly every member of their team, swamped the Friona sextet here last Friday night by a score of 50 to 28.

Wanda Kimbrough led her teammates to victory hitting for a total of 20 points while Kay Malone hit for a total of 16 points and Delores Locker hit for 10 points.

Shaffer led the visitors in the scoring department hitting 1 field goal and 12 free throws out of fourteen tries for a total of 14 points. Brannon was second with 11-points.

Wanda Kimbrough was at her best against the Friona sextet. She can shoot from either the left or the right and is very hard to guard. She is a very accurate shooter and shoots one-handed from either the left or the right.

Muleshoe's guards were in top form for the game also and should receive credit for their fine performance in the game. They kept the much-taller-Friona girls well guarded throughout the entire game and gave them only a few chances to even shoot.

The Friona forwards were good

## Sudan Tops Jacketts 47 To 31

The veteran Sudan Hornets downed the Muleshoe Yellowjackets in conference play in Sudan Tuesday night by a score of 47 to 31.

This was Muleshoe's first defeat in conference play for this season, having defeated Sundown and Littlefield.

The Hornets led all the way in the close battle with the half-time score being 22-21 in Sudan's favor. However in the third and fourth periods the Sudan cagers began to pull out in front by a wider margin with the third quarter score being 34 to 26 and the final score being 47 to 31.

Both teams were playing at their best, and the veteran Hornet five proved to be a little more than coach Bailey's team could handle.

Pickett, Sudan, was high point with a total of 14-points. Sherrill was second high-point with 11-points and Lance was next with 10-points.

Ed Nickels was high point man for the Yellowjackets, scoring a total of 10-points.

**B-Team Swamped**

The Sudan B-team swamped the Jacket B-team by a score of 45 to 17 with Whitmore leading his teammates to victory by scoring a total of 18-points. Sudan's Lynch was second high with 10-points. Clark Colson was high point man for Muleshoe with 6-points.

## Morton Teams To Play Here Friday

Friday night (tomorrow), the Yellowjackets will meet the improved Morton five in a conference game in the local high school gym, games to get under way around 7 o'clock.

This is the first time these two teams have met in conference play. However early in the season the Muleshoe Jacketts defeated the Morton five by a close margin in a tournament at Levelland.

Reports indicate that the Morton five have rapidly improved since these two teams met in Levelland and the local cagers may have a real battle on their hands to win their fourth conference game of the season.

**Meet Levelland Tuesday**

Monday night the Muleshoe cagers will meet for the first time this season the Levelland Lobos on their home court in Levelland.

The Lobos have a very strong ball club this season, having defeated the Sudan Hornets in an

goal shooters and didn't miss many shots. However Muleshoe's guards didn't give them many chances to work the ball in for close shots and the visitors had shoot long shots mostly.

early season conference game. However Levelland failed to make too good a showing at their own tournament before Christmas, but evidently they have come a long way since then and are likely to beat any team they play in this district.

**Sundown Here Next Friday**

Next Friday, the Yellowjackets will again meet the Sundown five at the local high school gym. In

their first encounter the Muleshoe five won easily over the Roughnecks, but no doubt they have improved considerably and will be a much better ball club than they were then.

**WEEK END IN LUBBOCK**

Mr. and Mrs. Roy Howard visited in Lubbock over the week end.

## HADACOL IS HELPFUL TO FOLKS OF ALL AGE GROUPS

Countless thousands have proved that HADACOL is beneficial to folks of all ages. That is the reason so many purchase the large economy size bottle so all the family can benefit from nature's vitamins and minerals in HADACOL.

For instance, Miss Ethel Guidry, 822 Montgomery St., Port Neches, Texas, only 17 years old, was "feeling nervous, had little appetite, her

face was pale and drawn and she suffered from gas on the stomach."

Her system lacked the B Vitamins and Minerals which HADACOL contains and this may cause digestive disturbances such as heartburns, indigestion, and often times Miss Guidry says she could not eat the kind and type of food she wanted without feeling terrible afterwards.

Miss Guidry, who recently graduated from high school, is already working in a bank. She said that after taking several bottles of HADACOL she is now "feeling wonderful," and has "lots of pep and energy."

Most folks take HADACOL because it has worked such wonders for relatives or friends. Miss Guidry took HADACOL because her mother had taken 12 bottles with excellent results.

In nearby Port Arthur, Texas, Mrs. W. M. Thompson took HADACOL because it had done her husband so much good. He, in turn, had taken HADACOL because an elderly neighbor told him of "feeling so much better after taking several bottles of HADACOL."

Mrs. Thompson's normal weight is 135 pounds but she was down to 110 pounds before taking HADACOL and after taking a few bottles of HADACOL she regained her normal weight.

"I was bothered with stomach trouble, gastric disturbances, I had lost my appetite and was bloated," said Mrs. Thompson.

She had tried several preparations before taking her husband's advice on HADACOL and now she enthusiastically recommends HADACOL to her friends.

She, too, like Miss Guidry, was suffering from the lack of the B Vitamins and Minerals in her system which HADACOL contains.

A lack of only a small amount of the B Vitamins and certain Minerals will cause digestive disturbances... Your food will not agree with you... You will have an upset stomach... You will suffer from heart burn, gas pains, and your food will sour on your stomach, and you will not be able to eat the things you like for fear of being in misery afterwards.

Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are surely and certainly the symptoms and signs of the lack of the B Vitamins and Minerals which HADACOL contains.

And if you suffer from such a disorder, there is no known cure except the administration of the Vitamins and Minerals which your system lacks.

HADACOL contains not only one, but five of the B Vitamins. HADACOL contains not only one, but four of the necessary Minerals. It comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away.

It is easy to understand, therefore, why countless thousands have already been benefited by this amazing tonic, HADACOL.

So, it matters not who you are... it matters not where you live... or if you have tried all the medicines under the sun, give this wonderful preparation a trial. Don't go on suffering! Don't continue to lead a miserable life.

Many persons who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives again because HADACOL supplied the Vitamins and Minerals which their systems needed. Be fair to yourself. Give HADACOL a trial.

## Miss Richardson Weds James Hall

From Lamb County Leader  
A screen of fern, flanked by baskets of red poinsettias, and white tapers in brass candelabra formed the background as Miss Donna Richardson exchanged wedding vows with James Hall Friday evening at the First Methodist church. Harrel Collard, minister of the Littlefield Drive Church of Christ officiated at the ceremony.

The bride is the daughter of Mr. and Mrs. V. C. Richardson, and the bridegroom is the son of Mr. and Mrs. L. R. Hall of Muleshoe. Weldon Meers sings.

Miss Johnnie Merle Evans, organist, accompanied Weldon D. Meers as he sang "Wonderful One" and "Because" and she played the traditional wedding marches.

Candlelighters were Miss Mary Hall of Sudan, sister of the bridegroom, and Miss Betty Cowan, who wore identical formal gowns of satin, designed with a sweetheart neckline, form fitting pointed bodice, with full unpressed pleated skirt. The former's was pink and the latter was of a deep shade of pink. Their corsages were white carnations.

Eddie Hall Best Man  
Eddie Hall of Sudan acted as his brother's best man, and the ushers were Floyd Goff and Donald Crosley, senior students in Littlefield high school, and members of the Championship Wildcat football team.

Miss Roberts Maid of Honor  
Miss Jean Roberts served as maid of honor; she wore an ice blue formal dress, fashioned similar to the bride's gown. She carried a colonial bouquet of pinocchio roses.

Given in marriage by her uncle, Austin Barrett of Plainview, the bride was gowned in white satin fashioned with a bertha neckline, an illusion yoke, fitted bodice with tiny covered buttons and full skirt. The long sleeves tapered to points over her hands. Her halo of white satin outlined with seed pearls, fell from a veil of illusion

of fingertip length. She carried a white Bible topped with a bridal bouquet of red roses and drop streamers.

For her daughter's wedding, Mrs. Richardson wore a beige suit with green and brown accessories, and red carnation corsage. Mrs. Hall wore a light brown suit, with dark brown accessories. Her corsage was of white carnations.

An arrangement of holly surrounded a double crystal holder, with red tapers centered the table at the reception in the church parlor immediately following the cere-

mony. The table was laid with a lace cloth over red satin. The three tiered cake was topped with amaranth bride and groom, surrounded by tiny rosebuds. Miss Kathryn Apperson, cut the cake and Miss Nancy Nichols served the punch. Miss Yvonne Ragel of Plainview presided at the bride's book. Others assisting were Mrs. Austin Barrett, Plainview, aunt of the bride, and Mrs. O. L. Roberts and Mrs. D. E. White.

For her wedding trip to New Mexico, Mrs. Hall chose a dark green suit with brown accessories. Her corsage was of red rosebuds, fashioned from her bridal bouquet. The couple will be at home after January 1, at 2419 19th street, Lubbock.

The bride is a graduate of Littlefield High school with the class of '49. She was an honor student, and was selected as the outstanding girl in the school, in 1949. She was a member of the Sub-Deb social club, the P.H.A., the debate team, the Y-teens, and was drum major of the Wildcats band. For the past few months she has been employed in the office of Drs. Wood and Armistead.

Mr. Hall is a graduate of Sudan High school, with the class of '45. He was in the United States

Air Force for three years. He is now a pre-medical student at Texas Tech, Lubbock.

**CHRISTIAN SCIENCE SERVICES**

"Truth" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, January 22.

The Golden Text is: "The Lord is nigh unto all them that call upon him, to all that call upon him in truth" (Psalms 145:18).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thy righteousness is an everlasting righteousness, and thy law is the truth" (Psalms 119:142).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Truth, Life, and Love are a law of annihilation to everybody unlike themselves, because they declare nothing except God" (page 243).

**DIVIDED POWER**

brings better farming

Here's a New Year's idea for better farming in 1950. Divide your power. Let the Allis-Chalmers WD or Model C do the heavy work while lighter jobs are turned over to the Model G or belt work to an A-C stationary power unit. They help take the pressure off both you and your present tractor when time counts most in busy seasons.

The Model G can cultivate, plant, mow, plow and do chore work. A-C power units are available at surprisingly low cost in 24 to 110 hp. sizes. These are real tractor engines, proved by years of tough tractor service. Use two sources of power - in two different sizes - for better living, better farming and more profit.

**HOTTEST ENGINE NEWS of 1950**

That's the word spreading about Buick's brand-new F-263 valve-in-head engine, already proving itself in the hands of new SUPER owners

CALL it if you will the biggest power-story of the year. Call it another triumph in Buick's long history of coming up with car performance beyond compare.

But, sir, when you step into the sleek-lined traveler pictured here — hang on to your hat.

For you'll be riding behind a power plant that is not only new but a major sensation of the 1950 season.

You'll be commanding the very latest word in valve-in-head power — the newest accomplishment of the organization with the country's longest stretch of experience in this engine design.

Here every fist-size fuel charge now delivers a huskier wallop. Shorter, lighter connecting rods mean that pistons flash with faster and livelier action.

Heavier crankshafts, floated on bigger,

more rugged bearings, take this greater load and transmit its stepped-up surge to the drive shaft and rear wheels.

And you, behind the wheel, wreath your face in smiles at the lift you find! At the trigger-quick take-off—the mile-eating cruising stride — your easy disdain for the passing gas pumps.

You and your SUPER are really stepping out—and Buick's good name as "a sweetheart on the road" gains still more lustre.

Nor is road-thrill the only blessing this new power plant brings. Simpler design makes service easier, so upkeep diminishes as a problem. Hydraulic valve-lifters keep valves properly seated for efficient operation—and for

quiet unbroken by tappet noise. And you can have this power either with Buick's easy-shifting Synchro-Mesh transmission or the silken luxury of Dynaflo Drive.\*

Either way, this SUPER is certainly something to see. To this top-notch new power it adds style and room, comfort and a wide outlook, soft easy stride and handier new over-all length.

Even the price justifies a prompt trip to your Buick dealer to learn more about Buick for 1950. You'll soon see why so many folks are already saying, "Whatever your price range — better buy Buick!"

\*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

**Features like these mean BUICK'S THE BUY**

- HIGHER-COMPRESSION Fireball valve-in-head power in three engines, five hp ratings. (New F-263 engine in SUPER models.)
- NEW-PATTERN STYLING, with bumper-guard grilles, taper-through fenders, "double bubble" taillights
- WIDE-ANGLE VISIBILITY, close-up road view both forward and back
- TRAFFIC-MANDY SIZE, less over-all length for easier parking and garaging, short turning radius
- EXTRA-WIDE SEATS cradled between the axles
- SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube
- DYNAFLOW DRIVE standard on all ROADMASTERS, optional at extra cost on SUPER and SPECIAL series
- NINETEEN MODELS with body by Fisher
- WIDE CHOICE OF EQUIPMENT adding flexibility to prices that bracket every price range above the lowest.

**Library News ...**

By Mrs. E. R. Wright  
Two new books have been added to the Library this week. They are "Here Is New York" by E. B. White and "The Peabody Sisters of Salem" by Janice Hall Tharp.

The story of the Peabody sisters is a story of girls who moved in the most exclusive circles of Boston and Salem. Socially they were of the elite, intellectually in the avant-garde. Handsome, spirited and confident, they did what they pleased, their heads high, while the scandal mongers whispered.

In each of the girls lies a stunning novel, but Mrs. Tharp has not fictionalized their stories, she has done better, she has traced in the background of the New England world in which they played their important but distinctly feminine parts.

## Story Of The Late Judge Hamlin Is Largely History Of This Territory

**Editor's Note:** The late Judge J. D. Hamlin was an outstanding citizen of our neighboring county, Farmer, and of West Texas. The Journal editor feels that the following story about his life from The State Line Tribune, Farwell, will be read with interest by readers of this county, particularly by the older settlers.

Funeral services for Texico's founder and West Texas' No. 1 citizen, Judge James D. Hamlin, were conducted at the Hamlin Memorial Methodist Church in Texico, Thursday afternoon at 2:30 o'clock by Dr. Ross Calvin, rector of St. James Episcopal Church Chapel in Clovis, assisted by Rev. Murphy Duncan, local Methodist minister.

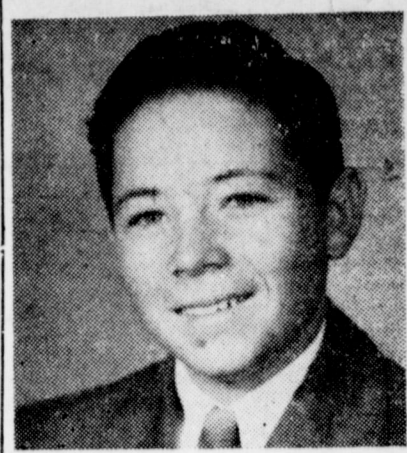

Burial took place in the Farwell cemetery, in the Hamlin Plot, under the direction of the Steed Fu-

neral Home of Clovis. Pallbearers were Earl Wyatt and Wm. Q. Boyce, Amarillo; J. Evetts Haley, Canyon; Dr. Dunn and John Aldridge, Farwell.

The end came to the 73-year-old illustrious West Texas character in the Clovis Memorial Hospital at 2:45 Tuesday morning, where he had spent the past four months as a patient sufferer. He had been in failing health the past year, and underwent surgery in Denver last August.

A Kentuckian by birth, Judge Hamlin was a West Texan by choice. In the late 90s, he left his native home of Louisville, Ky., bound for the Klondike gold rush and stopped off in Amarillo to visit his father's old friend, Capt. J. M. Kindred. Amarillo's first postmaster, Judge Hamlin settled in Amarillo and from then on was a

Museum at Canyon, where today they are valued in excess of \$100,000.

For five years he served as president of the Panhandle-Plains Historical Society, and was a past president of the West Texas Chamber of Commerce.

A natural orator of unusual ability, Judge Hamlin's speaking engagements called him to many places throughout the southwest. Friends who knew both agreed that the Judge's ability in this respect was inherited from his illustrious father, who, past 90 years of age, retained his abilities as a gifted orator.

Thus, the books are closed on one of the greatest characters that ever put foot on West Texas soil.

He is survived by one sister, Mrs. Anne H. Overstreet of this city; three nephews, H. Y. Overstreet of Farwell, Lawrence Overstreet of Oklahoma City, and James D. Overstreet of Lake Charles, La.; and one grandniece, Miss Jane Claire Overstreet of Farwell.

His wife, the former Miss Katherine Nichols, died 12 years ago in Lima Peru, while visiting a brother there, and was buried in Peru. They had no children.

fixture in the Plains country, his active life forming one of the most vivid pages in the panhandle history.

In early life, he was a constant sufferer from asthma, which accounted for a rather sketchy formal education, yet he rose to intellectual heights few men ever attain and became the first president of Amarillo's first college. Well thumbed classics of Greek and Latin were his constant companions and in his far-flung travels he pursued them as the ordinary man reads modern detective stories.

## Comes To Texico

Believing that Texico was to become a division point on the Santa Fe railroad, then under construction, Judge Hamlin formed a partnership with John Hutson, a descendant of English royalty, to establish the town of Texico in 1905. A year later, the town of Farwell was laid out by the Capitol Freehold Land Trust of Chicago, and Judge Hamlin was named resident representative of the Chicago syndicate.

The Chicago firm had come into possession of the far-flung XIT ranch, embracing three million acres of West Texas land, which the state of Texas had given in exchange for the building of the State Capitol at Austin.

Shortly after he landed in Amarillo in 1898, James Mamin began the study of law, and later was admitted to the bar of Texas. His first public office was that of county attorney of Potter County, to which office he declined to ask for reelection after one term. Just after Parmer County was organized he became this country's first county judge, and continued in office for four terms.

It was during his administration as county judge that the present court house was erected, in 1916. Since his tenure as county judge,

he had always been affectionately referred to as "Judge" Hamlin.

Large in stature—standing three inches over six feet and weighing in the neighborhood of 200 pounds—and broad in intellect, Judge Hamlin was a gentleman of the old school. But the biggest thing about him was his heart and soul. He was indeed "the poor man's friend". Scores of present day successful farmers in Parmer County owe their success to Judge Hamlin, who stood by them in years of adversity.

## Art Collecting Is Hobby

During the past quarter century, Judge Hamlin's abiding hobby was the collection of rare objects of art. He knew Oriental art as possibly no other man in Texas, and his rare collections, gathered from the far corners of the world, cannot be duplicated in any museum in the land. In recent years most of his collections have been presented to the Panhandle-Plains

## 73 Bailey County People Patients In State Hospitals And Schools

AUSTIN, Jan. 17.—Figures that bring home the significance of the special legislative session to each county were released today by the State Board for Hospitals and Special Schools.

Commenting on them, Claud Gilmer of Rocksprings, chairman of the board, said, "The problem is not an abstract one." He added: "It concerns every citizen; No one can say when tragedy can strike or what Texan will be the next to enter one of our institutions."

"I call your attention to the accompanying figures, and I suggest that you may want to familiarize yourself further with the situation by discussing it with

your state senator or representative."

According to the board's current records, there are 113 patients from Bailey County in the state hospitals and special schools, distributed as follows:

Mental hospitals, 4; Epileptic hospitals, 6; Mentally deficient hospitals, 2; Deaf and blind schools, 1.

The cost of caring for these patients for the current year is \$10,088.

Appropriations for the institutions will be the business of the state legislature to be called in special session by Governor Allan Shivers. The last legislature's appropriation for the operation of the hospitals and schools during

Will He Be Forgotten? Those

the next fiscal year was vetoed by the late Governor Beauford H. Jester when it became apparent that revenues to provide for it were not available.

At the time, Governor Jester indicated that a special legislative session would be required to provide the necessary money for operation of the institutions during the second year of the current biennium.

Also to be considered by the legislature is an appropriation to expand the hospitals and schools, which are now, according to several surveys, overcrowded and inadequately staffed.

### VISITED IN OKLAHOMA CITY

Mr. and Mrs. A. J. Gardner returned home Sunday from a few days visit in Oklahoma City.

## Rheumatic Fever Is Mighty Killer

AUSTIN, Jan. 16.—Rheumatic fever causes more deaths than any other disease in children of school age, declared Dr. Geo. W. Cox, State Health Officer. The first attack usually occurs in children at the age when they are in the first or second grade and recurrences are most common up to the age when children are leaving high school. The insidious onset of so many cases during the school year suggests that teachers and others in daily contact with school children should be aware of early signs and symptoms which may mean acute rheumatic

fever.

Dr. Cox said, "There should be more and improved examinations of school children by physicians with time enough for the nurse or teacher and parents to plan with the physician for any needed medical attention."

"School absence due to illness or vague disorders, if investigated, may disclose early cases of rheumatic fever. Teachers need to be more alert to visible signs and symptoms suggestive of substandard health. Among these signs and symptoms which should bring children to the attention of teacher or parent are: Failure to gain weight; pallor; poor appetite; fatigue; frequent colds and sore throats; scarlet fever or any known streptococcal infection; unexplained nosebleeds; unexplained fever; pain in arms, legs and joints; unusual restlessness; history of previous rheumatic fever; behavior changes; decreasing achievements in school by a child who has previously done well."

"Children reported by the teacher as showing evidence of substandard health should be medically reviewed by the physician and needed medical care arranged for such children as soon as possible."

## WCS Meets With Mrs. C. R. Farrell

Mrs. C. R. Farrell's home was the meeting place for W. S. C. S. Tuesday January 17. The devotional by the Sec. of Spiritual Life, Mrs. Roy Bayless, was opened with the singing of "My Faith Looks Up To Thee". Mrs. I. W. Haney led in prayer, as our lesson was about missions, the story of Jonah was read followed by a story of one of our missions in Africa. The study "Missions at the Grass Roots" was begun with Mrs. O. N. Jennings giving the first chapter. Mrs. W. D. Moore assisted in giving Chapter two in dialogue form. This is a study of home missions in our churches and of what each is accomplishing in the respective communities where the churches are located. Its purpose is to give each member an incentive to accomplish more for our local church and community.

Mrs. Moore, V-Pres. presided during the business session. It was voted to assume \$200.00 more on a joint project with the Guild in re-decorating Fellowship Hall. Mrs. Holt Sec. of Christian Social Relations asked each member to express her idea on conditions of our state hospitals. A motion carried for each one to bring stationery to the next meeting so that these opinions could be sent to Gov. Shivers as he had requested.

The meeting was adjourned with a prayer by Mrs. Bayless.

Mrs. Arnold Morris and Mrs. Blackburn were visitors, members present were Mesdames Wilterding, Willman, Carles, Haney, O. N. Jennings, Layne, Moore, H. C. Holt, Bayless and the hostess.

## Local Livestock Is Entered In San Antonio Show

Bailey county entries in the first annual San Antonio Livestock Exposition February 17-26 include Bill Stinson and the Bailey County 4-H club.

Stinson will enter 1 Poland China, and 2 other pure bred swine in the boys class. The 4-H club has also entered the boys' division with 2 Hampshires and 5 Poland China pigs.

Inaugurating the new \$3,000,000 Joe Freeman Coliseum, the territorial show will be complete with livestock and auction, Colborn's world championship rodeo, carnival midway and commercial exhibits.

Over \$46,000 in premiums and special awards have been listed for winning stock entries. Unofficial figures show over 2900 entries in the open and boys' shows.

There's an old saying that flowers may come and go, but the Rose goes on forever. Unlike most old sayings this one seems to be about 100 percent true. Decade after decade the rose holds her place as the unchallenged favorite of all flowers.

If it is her favorite, remember her on special occasions with Roses in her favorite color from her favorite florist.
