## SWEET N' SOUR

By A. Dill

King Winter's reign may be on the wane but the old boy still packs a wallop as witness the snow and ice of the week. Granted it's cold under foot but it's lovely under eye and with this we have to go along with the young'uns who have been waiting for this kind of weather all season long and justify their stand with, "As long as we're gonna' have winter anyway, we might as well do it up right."

We had a very special treat last week when Carrol Lynn McGowen was our very gracious hostess and we saw color films the family made on their Christmas vacation to California. Carol Lynn operated the motion picture projector with all the skill of a professional and showed us scenes en route and a tour of Disneyland and Marineland as well as other points of interest. Pictures were made by Dr. McGowen who long ago climbed into the expert class and they certainly show the touch of a master — not an inch of film was waste and the screen was filled with excellent shots with lighting and angles nothing short of perfect. We spent a wonderful morning at Carol Lynn's screening of the films and we came away thinking that photography is a generous hobby for it allows others to share in it.

And you couldn't visit the McGowen home and come away without realizing how much another member's hobby enriches it — Ethlyn's way with flowers adds beauty to every nick and cranny. An arrangement of Japonica gave a touch of oriental charm, and figurines, lighting, and touches of blossoms and greenery scattered magic throughout the home.

Maybe you thought this snow was just a freak of nature but it wasn't — it came especially as a winter spectacular for the benefit of Bob and Corrie Lou Darby who sailed in from South America Tuesday night. The Darbys' tropical home must have seemed miles away indeed when they landed head first into this arctic circle we used to call West Texas. Bob and Corrie Lou are here to visit Mr. and Mrs. H. W. Martin and family and the Bibbs families as well as a host of friends who have looked forward to this trip for months.

She may not be a Future Farmer or a 4-H gal but she's some gardener and if we had a county fair along about now we bet Mrs. Appleton's huge purple top turnip would cop first prize. You'd have to see it to believe the size of it and it's even more amazing when you realize it came from a back yard garden.

We roll out the red carpet this week to welcome a new family in Baird — Mrs. Gladys Daniels with residence at the Ebert Apartments. Three of the Daniels children entered school here Monday, the fourth will be a first grader next year. The Daniels family comes from California.

Before we get to the February birthdays here are some belated greetings to some nice folks who celebrated in January — Dorothy Bearden, bless her, had a January birthday and all the gang at the phone office celebrated with her. Lowell Corn had a January birthday and his Mom 'n' Dad, Mr. and Mrs. G. H. Corn, had a wedding anniversary that same month. David Strickland celebrated a January birthday and we sure want to wish that young man the best of everything.

February 14th, Valentine's Day will be a special day at the Virgil Jones home — Mrs. Jones will have eighty-one candles on her cake and that's quite an accomplishment, when you stop to think of all the happiness and kindness she's spread during those months and years.

And speaking of big days — it certainly was a special one for Mrs. H. F. Foy who celebrated a ninety-second birthday Sunday. We join her family and friends in honoring this lovely lady and in wishing her the happiest anniversary ever.

This has been a big week at Mary and Ray Black's — Charlene was five years old on the 12th and Ada will be six on the 19th. For one whole week both girls will be the same age and little sister catches up with big sister at least until the young lady pulls into the lead once more.

## Barbecue Supper Monday Night

Farm Bureau is staging a membership Kick-Off Barbecue Supper Monday night, February 17, 7:30 p. m. at Rowden Community Center, as announced by J. L. Payne, membership chairman.

Not only the membership is invited, but everyone is urged to come and bring your friends. We want to make this the biggest and best drive ever held in this county.

## Soil Bank Money Can Effect Retirement

"Many farmers who are signing up in the Government's soil bank program are asking us what effect this has on their social security," R. R. Tuley, Jr., district manager of the Abilene social security office, said today.

"We explain to them that, for social security benefit purposes or for the amount of earnings permitted to a farmer getting retirement benefits, soil bank payments must be counted. These payments apply to acreage reserve, conservation reserve and also in cases where a farmer has placed his farm in the soil bank under the 'bid' procedure."

For example, Tuley went on, a farm operator getting soil bank payments before he retires, reports those payments as net earnings for social security purposes.

He gets social security credit for them. A farmer who places his farm in the soil bank after he retires and has started getting old-age insurance benefits, must report soil bank payments also. They apply against the amount of earnings that a person under age 72 can have and get social security benefits. Whether or not benefit payments are affected by the money he gets under the soil bank program depends upon the substantial service he renders. Soil bank payments would not affect the old-age insurance benefits of a farmer who elected to plant trees on his land and merely gave a little time to directing the planting of the trees. However, a retired farmer who placed his farm in the soil bank and personally planted a cover crop on his land would probably be rendering substantial services during one or more months in the year. In this case, he would not get social security payments for the months in which the cover crop was planted.

"Farmers who have questions about soil bank payments in relation to their social security should get in touch with a representative of our office when in their county," Tuley concluded.

Mr. Vaden of our office will be in Baird at the Courthouse at 9:00 a. m. on March 7, 1957.

## PARENTS OF SON

Mr. and Mrs. Joe VanZandt are the parents of a son, Larry Joe, born Saturday, February 1. The baby weighed 7 lbs. 10 1/2 ozs.

Hubert Ross, Kitz and Danny visited Mr. Ross' parents, Mr. and Mrs. Malcolm Ross in Marshall last week end.

"All-American" Look

"Sack" Look

"Schnook" Look

WILL TODAY'S "SACK" LOOK BE TOMORROW'S "SCHNOOK" LOOK? According to health authority Raymond A. Wilson, the girl on the right may be tomorrow's "Miss America" unless present fashion trends are altered. Wilson, founder of the world's largest health organization, American Health Studios and Silhouette Figure Form, International, charged that this country's designers are ruining the health and beauty of

American women and that the healthy, All-American girl is a "Vanishing American." Wilson, who presently has more than 2,500,000 studio members in his national health program, said, "While our organization helps make women more curvaceous these so-called fashion stylists try to cover them up with bags and sacks — it's unnatural, unhealthy, and Un-American!"

## Clyde Man Wins Driving Awards

E. V. McFarland, of Rt. 1, Clyde, has been awarded a plaque and an Omega watch, Safety Award of the Year, for 10 years of Safe Driving.

McFarland, an employee of Merchants Fast Motor Line, was honored at a meeting held in the ballroom of the Windsor Hotel Feb. 2, for having driven a commercial motor vehicle over the highway of Texas for 10 years without an accident.

In appreciation of this outstanding service to the Motor Transportation Service, the Texas Motor Transportation Association, Inc., presented Mr. McFarland the awards.

## A. W. Burks, Jr. Traffic Engineer

The newly created section of traffic engineer in the Beaumont District office of the state highway department has been filled by the transfer of James W. Burks, Jr. of Austin, it was announced yesterday by W. E. Simmons, district engineer.

Mr. Burks will coordinate and make studies and surveys in the district for establishment of speed zones, installation of signal lights and all matters pertaining to traffic safety.

A former employee in the Jefferson County engineer's office, Mr. Burks has served in the Dallas office of the state highway department and for the last two years has been in the traffic section of maintenance operations of the department in Austin.

He holds a BS degree in civil engineering from Texas A & M College, and a certificate in transportation from Yale University. He has done graduate work in SMU.

## Adequate Records Must Be Kept

Importance of adequate records to back up claimed deductions was stressed today by A. E. Fogle, Jr., of Internal Revenue Service.

"A taxpayer's statement that he gave about \$100 to the Blank Charity won't satisfy Uncle Sam," Fogle said.

"The keeping of a few casual notes or records which only enable a taxpayer to approximate his income is not adequate. All taxpayers, including farmers and ranchers, must keep records that will accomplish two purposes: First, help the taxpayer file an accurate tax return for 1957. Second, records that, if examined closely by Revenue, will help us determine if the law has been fulfilled."

Mr. Fogle added that records should include sales slips, invoices, receipts, canceled checks, and any other document which may be needed as legal evidence.

## Baird Surprises Putnam, 56-51

The Baird Bears pulled a minor upset at Baird Friday night, closing out the District 18-B cage chase with a 56-51 victory over Putnam. The victory was Baird's first in league play, while the visitors now have a 2-6 mark.

Robert Suniga tallied 24 for the winning cause and Jack Francisco took top honors for the losers with 15.

Baird won the girls' game, 75 to 54, with Mary Helen Jaggars hitting 37 and Pat Jeter scoring 30 for the winners. Onita Carroll tallied 27 for Putnam.

## Wyoming Minister To Hold Revival

Leslie Rickerson, of Worland, Wyoming and former minister of Baird Church of Christ, will be here Sunday to begin a series of meetings at the Baird Church. The meeting will continue through Feb. 23.

Bro. Rickerson is well-known to the people of this area, having labored with the Baird congregation in 1950-1951. He went from Baird to Thermopolis, Wyo., and established a church. He went from Thermopolis to Worland, where he is still at work with the congregation there.

The Baird congregation extends a cordial invitation to everyone in this area to attend these services, beginning at 7:30 each evening.

## Trustee Filing Date Changed

At the last regular session of the 55th Legislature, the laws pertaining to School Trustee elections were revised.

The new law requires that anyone wishing to file for Trustee must have their name on file with the County Judge at least 30 days prior to said election. The filing deadline is March 5, 1958.

## BASKETBALL GAMES

The Clyde Grade School Boys and Girls Basketball teams will play the Baird teams at Baird Monday, Feb. 17 at 6:00 p.m.

## Eula Grade School Tournament

The annual Eula Grade School Basketball tournament will begin at Eula Monday night, Feb. 17th, at 5:45 p. m. with Baird vs Lueders girls and boys teams. Other first round games Monday night will be Wylie vs Eula boys and girls teams.

On Tuesday night Clyde vs Old Glory boys and girls teams will vie along with Albany vs Jim Ned boys and girls teams.

The Thursday and Friday night sessions will be made up of consolation semi-finals and semi-finals games.

The Saturday night session will begin at 6 p. m. with the boys and girls consolation games, to be followed by the finals in both divisions.

Team trophies will be awarded to consolation winners, and to winners of First and Second places. Individual awards will be made to an All-Tournament team composed of five boys and six girls.

## MOD Money To Be In By Saturday

Mrs. Katherine Hinds, Drive Chairman for the March of Dimes campaign, has asked that all money collected be turned in by Saturday, February 14.

Mrs. Hinds wishes to express her thanks and appreciation to all who had a part in the drive this year, also to all who donated to this very worthy cause.

## New Homes

Mrs. Ruby Anderson, who is now living on the Hill ranch south of town is soon to move into the 300 block of West 3rd.

Mrs. Dollie Smith's new home, on 431 Market, is nearing completion.

The foundation was laid last week for a new 3-bedroom home for the Bill Walls family at 416 Race. This is the same location of their former home. The old house was moved to Eugenia St. by Eddie Konczak for a rent house.

Mr. and Mrs. Fred Cummings have recently moved into a new home in the Foster Addition.

Mr. and Mrs. Joe Gilliam have also moved into a new home in the Foster Addition.

## Tuscola Boy Loses Eye In Operation

Kenneth Windham, freshman basketball player at Jim Ned High School had his left eye removed Saturday night at Hendrick Memorial Hospital.

Windham's eye was injured Thursday night at the school when the corner of a car door hit it as he stooped to get into the car.

His parents are Mrs. Marie Windham of Tuscola and Ralph Windham of McCamey.

## Injured Clyde Girl Making Progress

Tena McMurry, 15, of Clyde, who was unconscious for 14 days after a Jan. 19 car wreck near Clyde, appeared Saturday to be making good progress at Hendrick Memorial Hospital.

Tena, daughter of Mr. and Mrs. Stroud McMurry, regained consciousness last Sunday. She and two other Clyde girls were in a car when it went out of control and overturned on a curve 1.4 miles west of Clyde. They were thrown from the car and lay beside the road for more than an hour before they were found.

One of the girls, Wanda Simmons, left the hospital last week and is now recuperating from a leg injury at home. The third girl, Mavis Pringle, was hospitalized only a few hours after being found.

## Boot Making Big Industry In Texas

Naturally, Texans wear the finest boots in the world. And the week of February 10, Humble Oil & Refining Company's TV program, Texas in Review, shows how these boots are made. The Tuesday can be seen locally Thursday at 9:30 p.m. on KRBC-TV.

Cameramen for the program visited a well-known San Antonio shop where many types of boots are handmade for celebrities. One pair pictured is made of ostrich skin.

Other features on the program include a visit to the Sam Rayburn Library in Bonham, a civil defense exercise in Texas, a visit with Internal Revenue men, and films of the excellent airports at Houston, Dallas, Ft. Worth and San Antonio.

## Girl Scout News ... TROOP NO. 1

Girl Scout Troop 1 held an in-vestiture service recently in which three girls received their pins. The ceremony opened with the group singing "America". Mrs. J. D. Drennan, leader, assisted by Mrs. Roscoe Simmons, presented Girl Scout pins to Patricia Musselman, Sharon Jeter, and Yvonne Shelnuitt. The last two were presented their Brownie Wings to show they had been Brownie Scouts. Cora Sue Lambert was unable to be present but received her pin earlier.

Refreshments were served to 26 friends and parents of the girls.

TROOP 2 — GRADE 6  
Troop No. 2 met Monday, Feb. 10, in the home of Mrs. Carroll McGowen.

After singing Grace and the serving of nibbles, play practice was held for the F. D. banquet. Taps was sung for closing. Eleven were present for the meeting.

BROWNIE TROOP 6 — GRADE 2  
Brownie Troop 6 met Monday at the Cafeteria. Our Grace Song was led by Marie Gilmore.

Kerry White, hostess for the day, served nibbles of candy to each Brownie. President Mary Ann Bell called the meeting to order. Secretary Kerry White called the roll and each answered with a good deed done during the week. Vivian White, treasurer, collected dues. The Brownie Promise was led by Linda Wallace, followed by the Brownie Song led by Ann Glasson.

Activity consisted of discussion of the Cookie Sale and letters to parents pertaining to the sale, learning to be a good saleslady, and making Valentines. Brownie Scouts are planning for the Cookie Sale. Meeting was closed with our routine "Wishing Circle" and "Goodbye Brownies" song.

Present were: Mary Ann Bell, Ann Glasson, Marie Gilmore, Chrysta Lynch, Evelyn Smalley, Sue Anne Swinson, Lenda Wallace, Kerry White, Vivian White, and one guest Lyn Swinson, leaders Mrs. Dale Glasson and Mrs. Fabian Bell.

## They Have Fun At Baird, Texas

(The following article appeared in Lewis Nurdyke's column "Deep In The Heart of" in Feb. 5 issue of the Dallas Times-Herald.)

Westward 175 miles from Dallas, U. S. Highway 80 (downtown Commerce Street is a span of it) glistens through the town of Baird. A motorist could whiz through there and, if he had nothing else of more importance on his mind, wonder how people could possibly have fun in a remote-studded town like this.

Well, I like to wander around towns and see what's going on. One never knows, and one can be surprised. For example, in Baird I stopped at the City Pharmacy and struck up with a ro-tund and jolly man named Jerry Loper. I knew that nearby was a creek that was called "Mayhare" but was spelled "Mexia," but I asked Jerry whether there was anything of interest going on.

"Well," he said, "we still have our Jack Rabbit Milk. Just a minute."

He walked behind the counter and fetched a can. It was labeled:

"Callahan County Unsweetened Jack Rabbit Milk."

"A Balanced Diet For Unbalanced People."

"Rich in Vitamin J U M and P" Some other special qualities of the product were described on the label and, oh yes, there was a drawing of a jack rabbit. The label proclaimed that the rabbits were roped and milked right there in Baird and that the milk was processed there.

This looked real. The label was stuck on good.

It took a long time to gouge the truth out of Jerry, for he obviously enjoys puzzlement playing on a person's face, but finally he told me that a bunch of the boys were a little bored one spring afternoon. They got into conversation about a stunt. Out of this came the idea of the milk. All that was necessary to make this a reality was a minor chore — buy regular cans of condensed milk at the grocery across Market Street and have the Baird Star print up some labels. All of this was accomplished quickly and a new product was with us.

It's a gag, of course, Jerry and his friends along Market Street like to see people's eyes pop out.

Travelers and tourists who, for one reason or another, happen to stop in Baird go wild about the jack rabbit milk. They buy a lot of it and take it along, obviously to fool their friends back home. Anyhow, the stunt has made a lot of folks remember Baird. Almost every mail brings orders for the milk and more especially the labels. Jerry has almost numberless pads of labels, with stencils ready for the licking, there in the drugstore. He has a lot of fun out of his prank. He received particular pleasure from a big outfit in the East that wanted seriously to look into the possibility of distributing jack rabbit milk on a nation-wide basis.

## NOTICE!

**Girl Scouts  
In Action**

"It's Cookie Time again. Begin-  
ning February 21 and continuing  
through March 1, our local Girl  
Scouts will participate in their  
Fifth Annual Cookie Sale," Mrs.  
Buster Hatchett and Mrs. A. A.  
Manion, Girl Scout Cookie  
Chairmen of Baird, announced.  
"This is a project by and for  
Girl Scouts and it affords every  
Girl Scout an opportunity to as-  
sume responsibility while prac-  
ticing sound business methods.  
The girls will not only add to  
their own Troop treasury, but  
will aid the Heart of Texas Girl  
Scout Council, of which Baird is  
a member, in bringing better  
camping to more girls.

"We are again asking the sup-  
port of friends of Girl Scouts,"  
Mrs. Hatchett continued, "in  
making this annual sale the best  
yet. Through proceeds of the  
Annual Cookie Sale, it is possible  
for us to have a camping pro-  
gram second to none for girls of  
our Council.

"Our goal for 1958 is to have  
every Brownie, Intermediate and  
Senior Girl Scout participate in  
the sale.

"Troop leaders have been busy  
for the past month giving pro-  
per training to the girls on ap-  
proaching people to make a sale,  
on the importance of good  
grooming in meeting the public,  
and in learning to handle a sim-  
ple business transaction. This is  
indeed citizenship training in  
practice.

"The success of the Cookie  
Sale is vital to all of us," Mrs.  
Hatchett said, "and through the  
Sale our daughters and all other  
Girl Scouts will benefit."

**TEXAS PUBLIC SCHOOLS WEEK** has been proclaimed by

Committee for Public Schools Week since the week was inaugurated  
in 1951. Parents and other citizens are urged to visit their local  
schools during the week.

**STATE CAPITAL  
Highlights  
AND Sidelights  
by Vern Sanford**

One of the hottest topics at  
next July's precinct conventions  
likely will be whether such con-  
ventions should be held any  
more.

Gov. Price Daniel has suggest-  
ed abolishing the precinct con-  
ventions. His promise is that  
much of the infighting that af-  
fects the Democratic Party in  
Texas originates in these neigh-  
bor against neighbor squabbles.  
He proposed instead the electing  
of delegates (one per precinct)  
to the county conventions by  
direct vote at the primary.

Governor Daniel pointed out  
that the conventions sometimes  
are controlled by a minority  
group within the area. Many  
more people, generally, vote in  
the primaries than bother to  
come back to the voting place  
a second time in one day for the  
precinct conventions.

Electing delegates by direct  
vote, contended the governor,  
would do away with "rump con-  
ventions" and contests over  
which precinct delegation is en-  
titled to seats at the county con-  
ventions.

Governor Daniel's recommen-  
dation, made at the State Demo-  
cratic Executive Committee  
meeting, came as a surprise  
counter-offensive to the DOT's  
"code of ethics" proposal de-  
signed, according to its sponsors,  
to eliminate much of the fight-  
ing and give everyone a fair  
shake at conventions.  
DOT members were immed-

pay for relocation of sanitary  
sewers and for other utilities,  
such as water and power lines,  
only if they must be moved com-  
pletely outside the road right of  
way. Cost of re-locating water,  
power and gas lines within a  
right of way must be paid for by  
the city or utility company.

Texas League of Municipalities  
protested the interpretation,  
said it would cost Texas cities as  
much as \$20,000,000 to comply.  
Chief source of disgruntlement  
to the city officials is that under  
the same federal building pro-  
gram, cities in other states are  
not required to meet the cost.

**NO PRICES FOR SPECS** — No  
mention of price can be made in  
an advertisement for eyeglasses  
until the State Supreme Courts  
clears up the questions about the  
new optometry law.

High court turned down the  
request of an optical company to  
suspend the temporary injunc-  
tion against price advertising  
until the test case is heard on  
March 5.

Rival groups of optometrists  
are at odds as to what kind of  
advertising should be permitted.  
One group contends the law  
passed last spring clearly pro-  
hibits certain types of sollicita-  
tion. Another agrees with the  
Nov. 18 Attorney General's op-  
inion that the law is unconstitu-  
tional because improperly drawn.

**CONTESTS QUESTIONED** —  
Texas merchants who like to  
conduct contests or drawings as  
business builders, were set back,  
temporarily, by an opinion hand-  
ed down by the Attorney Gen-  
eral's department. Based on the  
state's laws governing lotteries,  
the opinion, at first glance,  
seemed to rule out any type of  
drawing for prizes.

However, Assistant Attorney  
General Cecil C. Rotasch, who  
wrote the opinion, says that the  
ruling does not change, in any  
way, the law as it always has  
been interpreted in Texas. He  
merely cited earlier court opin-  
ions, Rotasch pointed out. And  
his recent opinion does not alter  
what always has been considered  
the accepted procedure in con-  
nection with drawings or con-  
tests.

**TRUST LOSS CUT** — Net loss  
to creditors of US Trust and  
Guarantee Co. will be \$1,987,886,  
reports State Auditor C. H. Caven-  
ness.

US Automotive Service had as-  
sets of \$4,893,269, said Cavenness,  
partially offsetting the \$6,881,  
155 in US Trust liabilities.  
Cavenness' audit of the liqui-  
dation division of the State In-  
surance Department suggested  
some tightening of methods of  
handling and selling property in  
receivership.

US Trust and Guarantee credi-  
tors still cannot be paid. Suits  
filed by groups seeking prefer-  
ence have not been settled.

**GENTLER SLIDE FOR TEXAS**  
— In a year of predicted recession,  
the dip in Texas business  
well be less noticeable than for  
the nation generally.

This prediction is made by the  
University Bureau of Business  
Research on the basis of figures  
for the past recessions. In 1948-  
1949 national figures dropped 19  
per cent; Texas, 6 per cent. In  
1953-1954 the national drop was  
11 per cent; Texas, 8 per cent.

Expanding industries and a  
growing population were noted  
by the Bureau in explaining Tex-  
as' favored position. A period of

**Kin of Clyde Couple  
Weds Friday**

Marriage vows for Miss Evelyn  
Rose King, daughter of Mr. and  
Mrs. H. F. King Jr. of Plainview  
and Billy Don Fincher, son of  
Mr. and Mrs. E. U. Fincher of  
Quanah, were solemnized Friday  
evening at the Bethel Baptist  
Church.

The double ring service, read  
at 6:30 in the evening, was di-  
rected by Rev. F. W. Elmore.

Basket of portrait pink and  
white carnations placed on each  
end of the satin draped com-  
munion table, and a large church  
Bible backed by a seven bran-  
ched candelabra of white candles,  
formed the background for the  
ceremony.

Mrs. Raymond Davis, pianist,  
played the nuptial music. Don  
Lavash sang "I Love You Truly"  
and "The Lord's Prayer."

Given in marriage by her fa-  
ther, the bride wore a dress of  
white lace over satin, princess  
styled in ballerina length. The  
bodice of the dress was fashion-  
ed with a sweetheart neckline,  
and a brief lace jacket was worn,  
styled with Queen Ann color  
and long fitted sleeves. Tiny cov-  
ered buttons held the fasten-  
ings of the jacket and closed the  
sleeves at the wrist.

Her veil was caught to a ban-  
deau of tiny flowers, and she  
carried a bouquet of pink and  
white carnations on a white  
Bible.

Miss Patricia King, sister of  
the bride, attended her as maid  
of honor. Frankie Fincher, bro-  
ther of the bridegroom, was best  
man and Ray Phillips and Dan-  
ny Moore were ushers.

The bride, a graduate of Plain-  
view High School, attended Wat-  
son Business College, and is em-  
ployed as insurance secretary at  
Plainview Hospital and Clinic  
Foundation.

Mr. Fincher was graduated from  
Quanah High School. He is a  
sophomore at Wayland Colle-  
ge and employed at the Ray-  
mond Davis Plumbing Co.

Mr. and Mrs. J. T. Edwards of  
Clyde, grandparents of the bride,  
attended the wedding.

**Clyde Youth Involved  
In Car Collision**

A two-car collision one mile  
east of Abilene city limits on  
Highway 80, about 10:45 Friday  
night, resulted in about \$400 in  
damages, but no one was in-  
jured.

The accident occurred at the  
intersection of Highway 80 and  
Farm-to-Market Road 1234 just  
east of Thunderbird Lodge.

Driver of a 1955 Ford, Mrs.  
Barbara Strickland Widmer, 19,  
of Lueders, had apparently stop-  
ped to make a left hand turn off  
Highway 80 when a 1956 Ford  
driven by Hilton Edwards, 18 of  
Route 1, Clyde, hit the back of  
the Widmer car.

Riding with Edwards were Ad-  
rin Rogers, 15, Vangie Hurst, 15  
and Lynda Eager, 15, all of Clyde.  
Mrs. Widmer was alone.

J. W. Hunt, student at John  
Tarleton College, Stephenville,  
spent the week end with his  
parents, Mr. and Mrs. Bill Hunt.  
A friend, Wayne Young, accom-  
panied him.

Mr. and Mrs. Roy Denney  
spent Friday night with his  
mother, Mrs. M. B. Denney in  
Springtown.

## NEWS ITEMS FROM PUTNAM

**PUTNAM GIRLS 4-H NEWS**  
By Gayle Burnam

Twenty-five girls were present at our last meeting, Feb. 4th. We had talk on "Lighting for Sewing and Studying in the Home," by Carolyn White.

Mrs. Isenhower made a talk on "How To Raise and Care for Chickens." She also passed out some literature on different things. Treva and Rosa Lee Rouse each showed an apron they had made. They were both real cute.

Mr. Green showed some film strips on Shrubbery. They were really interesting to see. Next meeting will be March 3rd.

### Union Usuals and Unusuals

By Veda Yarbrough

Hi, neighbor! How are you this misty, foggy, sold weather? Think if it keeps this up, I will do like the groundhog. I will go back into winter quarters until spring.

Retha Burnam visited with her parents, Mark and Ollie Burnam over the week end.

Mary Everett and daughters spent Saturday with the Mark Burnams. Dian and Alice spent Saturday night and Sunday, and Sunday Mary and Jack spent the day with them.

Mark Burnam is feeling pretty good after his spell Monday night. Tuesday he went to the hospital at Baird and spent one night and day under observation. He just passed out Monday night. Doctor says it is not heart trouble, but did not find it's cause for the spell. He was able to plow Saturday. Hope he doesn't have any more spells.

Burette and Johnny Mat Ramsey visited Sunday with their daughter, Joan and family in Jacksboro.

Burette Ramsey lost one of his milk cows last week. Several around here have had cows to die lately. Maybe too much green stuff. There hasn't been much green feed for them to eat in a long time till this fall and winter.

Seems like nearly every one you see nowadays has a bad cold and cough. Seems like today I am taking another one. Hope not.

Rodna Lamb and Wayne Blankenship had Sunday dinner with us, also supper.

Mrs. Mary Ramsey spent Sunday with Mark and Ollie Burnam.

Vella Sandlin and I went afternoon.

Saturday afternoon I visited shopping in Cisco Wednesday a while with Mrs. Mae Payne. Also visited a while with Mrs. Mary Ramsey.

John McIntyre went to Oplin Tuesday to see his mother, Mrs. Clint McIntyre. She wasn't home.

she was in Abilene visiting her daughter, Mrs. Randall McNeice.

Dick and Annie Yarbrough spent the week end in Menard with their son, R. C. and family. Also met Mrs. Bess Shepherd, Vera and Bert Shepherd there. The Shephers are from Gorpus Christi.

Glen Burnam visited with Mark and Ollie Thursday.

Good morning, this snowy Tuesday. Looks like we are in for a bad spell of weather. Little Boy Jim aimed to go to Eastland Sale today but too bad, I think, for him to go out, so guess I will keep him home.

Be good, and I'll be seein' you next week.

### AS IT LOOKS FROM HERE . . .

Congressman Omar Burleson

The little dog caught a freight train, but he had a hard time of doing much with it.

That is our Farm Program at the time. Everyone knows that changes are needed, but what?

Increased acreage — yes. Unless farmers are given more opportunity to produce, many are going to be out of business or so broke they can't go on. The time is short to shape anything up for help in 1958.

The Secretary of Agriculture says he does not have authority to increase acreage, even if he wanted to.

Then it is up to Congress. At the same time, we have the Acreage Reserve provision in the Soil Bank.

It is going to be difficult to sell the idea of increasing acreage on one hand and reducing it by the Soil Bank Acreage Reserve on the other.

A unit measure in bales, bushels and pounds, instead of acres, would help the situation. Although we have talked of this change for years, it is probably a departure too radical to apply in time to help soon.

Members of the Agriculture Committee of the U. S. House of Representatives come from 28 different States, plus a non-voting Representative each from Alaska, Puerto Rico and Hawaii.

Every commodity grown in the country is represented on the Committee. There are problems connected with every commodity.

Legislation is not likely to be passed this year dealing with just one area or just one commodity.

If revisions are made in the Farm Program, it looks as if it will have to come in a bill to favor everything included in the Program. It is an extremely difficult proposition.

One gets the feeling at times that it might be best to "rub out" and start over. The only trouble is the farmer would have a hard time holding his breath while we "started over." There was Aesop's dog, grabbing at the bone reflected in the water.

## Wonders of Ancient Egypt Recreated In DeMille's 'The Ten Commandments'

The incredible skill of the ancient Egyptians in building their massive cities, long a source of wonder to the modern world, is pictured in authentic detail and with a cast of tens of thousands in Cecil B. DeMille's mammoth production of "The Ten Commandments," beginning at the Plaza Theatre in Baird Feb. 26 and continuing through March 8.

Local audiences will have their first opportunity to see the recreation of such Biblical scenes as the building of the glittering city of Per-Rameses; the terrifying Plagues; screen history's most enormous scene, the Exodus; the pursuing chariot army of Pharaoh; the Pillar of Fire; the parting of the Red Sea and the engulfing of the Egyptians; the orgy of the Golden Calf; and the writing of the Commandments in the stone of Sinai by the fiery finger of God.

Scenes showing the great raising of a giant obelisk, the hauling and placement of huge granite blocks during the construction of the pariah's treasure city, and the life of the enslaved Hebrews in the brick pits of Goshen have been described as not only stupendous spectacle but a living illustration of history.

The Vista Vision-Technicolor dramatization of the Book of Exodus stars Charlton Heston as Moses and Yul Brynner as Rameses, both of whose lives are entangled during the city building.

During the period when Moses and Rameses are both in line for the throne of Egypt, their rivalry is brought to a head when Moses shows great talent for handling the droves of slaves and he incurs the deadly enmity of Rameses. Here, too, he chooses slavery in the brick pits when he discovers he is a Hebrew and commits the slaying of the Egyptian that exiles him.

### Texas Egg Law Enforcement Begins

Only a few more days remain before the Texas Egg Law becomes effective.

On Monday, February 17th, official enforcement of the new law is inaugurated by the Texas Department of Agriculture. After that date, Texas will no longer be the only state in the Union without legal protection for the egg industry.

The new egg law is essentially a grading and labeling act.

The Baird Star, Baird, Callahan County, Texas, February 14, 1958

Briefly, it requires all eggs sold within the state to be properly marked as to its grade — and the eggs must meet the specifications indicated on the carton or crate whenever inspectors from the Department makes one of their frequent spot-checks at any level of trade.

The end result of this new law will benefit all persons connected with the industry. The producer is given an incentive to market high quality eggs that bring a premium price. The better his eggs, the more his profit and his good quality product will not have to compete on the same levels with inferior eggs.

The housewife, too, will be relieved of the hit-or-miss methods of egg buying. No guesswork is involved when she picks her eggs at the market. The grade on the box is the grade of the egg inside and she still will have a wide choice of quality and price according to her cooking needs.

The entire egg industry can expect a boost, also. For years, Texas eggmen have been plagued with false or misleading labeling methods within the trade. Var-

ious phrases were used in advertising which lead to confusion in trying to buy high quality eggs. Now the trade has a uniform system of grading on which to base their price.

In addition, egg handlers can buy and sell Texas eggs of a known quality without having to rely on out-of-state purchases for accurately graded eggs. This will help to keep Texas money in Texas.

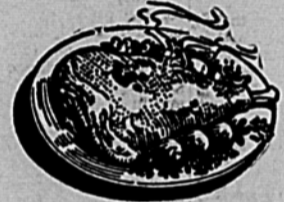

Kenneth Dahms of Flagstaff, Ariz., spent the week end with his mother, Mrs. Gladys Dahms and brother Richard, and his grandparents, Mr. and Mrs. E. B. Brown.

Charles Young visited his father, Charlie Young, who is in Veterans Hospital in Big Spring, Sunday.

Mr. and Mrs. Benny Pierson and children, of Big Spring, spent the week end with their parents, Mr. and Mrs. Albert Pierson and Mr. and Mrs. J. T. Loper.

**Oplin Observations**  
By Daphne Floyd

Oplin is having its share of sickness the past week or so. Grandma Miller, who makes her home with her son and wife, Mr. and Mrs. M. C. Miller, is thought to be critically ill. Probably Grandma's age, which is 88, and a recent bout with the flu, accounts for her weakened condition.

Mr. and Mrs. Albert Betcher took her mother, Mrs. Lona McKinley to the hospital last Friday with pneumonia. Mrs. McKinley was reported to be some better Sunday night and we hope she will soon be able to be home again.

Lee Straley was sick with the flu last week. Freida was afraid her mother might be taking the flu Sunday, also, but friends hope that Mrs. Straley will escape the epidemic since her strength is so limited anyway.

Mr. and Mrs. Charlie Tom Straley and son, John had a few bad days with the flu last week, at least, two year old John felt tough and cross for several days. But they were all beginning to get straightened out by the end of the week.

Visiting with Mr. and Mrs. Sidney Harville last Sunday were two of her sisters and families, Mr. and Mrs. R. L. Haymon and family from Waco, Mr. and Mrs. H. H. Ray of Hamlin and their daughter and family, Mr. and Mrs. Clarence Breeding and Patricia.

Rev. Aubrey McAuley and Paula Windham were dinner guests of Mr. and Mrs. Ray Floyd last Sunday.

When the Baptist people admired their new ceiling last Sunday, they noticed how bad it made the walls and other woodwork look, so they voted to go ahead and repaint the interior of the building this week.

Mrs. Bill Walls and daughter, Billie Ruth, visited Mrs. Wall's father, Al Brumley, in a Big Spring hospital last Sunday.

Mr. and Mrs. Bobby Crawford and baby, of Arlington, visited their parents, Mr. and Mrs. Otis Pringle of Clyde and Mr. and Mrs. Elbert Crawford, over the week end.

As for news over the community, I feel a little blank, as Mr. and Mrs. Dale Crawford and children, Ira Crawford, Lynda and myself slipped away Sunday on a little tour. We first visited my dad, M. A. Reynolds at Mason, who has been quite ill since he fell about three weeks ago, and has been confined in bed most of the time since. He was able to be moved from the hospital last week to a nursing home, and is able to get around only with help.

If any of his old friends care to send a card or letter, you may do so my sending it in care of Anne Lee Nursing Home, Mason. I'm sure he'd be happy to hear from his friends.

We drove on to Buchanan Dam and Longhorn Cavern, only to find the cavern closed for repairs. We also visited Mrs. Verle Reynolds and Joe. Many of you know Joe, son of Lawrence Reynolds. Joe had polio, but is getting well, only using his crutches when going up and down stairs.

**IT'S THE LAW In Texas . . .**

**JUST LIVING IS A BUSINESS**  
Back in pioneer times our forefathers found they could keep track of the family history pretty well with a few notations on the flyleaf of the family Bible. But life's not quite that simple any more. Great-grandpa wasn't covered by social security or workman's compensation. He didn't have a bank account or a safe deposit box, a car and a dozen home appliances being bought on time payment, or a half-dozen insurance policies. We have taxes great-grandpa never heard of and wouldn't have believed if he had. And you asked him for a certificate to prove his birth, he'd have thought you'd taken leave of your senses.

The point of this is that the average American today has a good many important papers to keep track of. There are birth certificates, receipts, copies of tax returns, sales contracts, and a host of other papers. With a little tidy record-keeping, you can make life easier for yourself and your family when you are gone.

Here are some suggestions:

**People, Spots In The News**

**NEW TWIST** in bridges is this graceful spiral ramp for pedestrians to Rhine bridge in Dusseldorf, Germany.

**SOMETHIN'** good has just passed the busy tongue of this handsome stray cocker at St. Pete, Fla. SPCA shelter.

**TALENT** so soon? Princess Caroline of Monaco at piano on first birthday. Her Mom was Grace Kelly, remember?

**CANS CAN** be filled faster with this new Votator Filler shown at 1958 Canners Show by Girdler Process Equipment division of National Cylinder Gas Company. Machine fills glass, tin, plastic or aluminum containers at rates up to 1,000 per minute.

1. Get a heavily bound notebook folder or file folder as a central collecting point for all the records of your affairs.
2. Put your especially important papers in your safe deposit box, but make a list of those papers and a brief summary of their contents to put in your home file.
3. Get for your files copies of birth certificates for all members of the family, and add them to the file. Add your marriage license or at least a statement as to when and where you were married and by whom.
4. Insert your will or a copy of it. If your will is kept elsewhere, include a note telling where it may be found.
5. During the year, put into the file your income tax withholding statements and receipts for expenditures which may be deductible. Then keep a copy of each year's tax return in the file.
6. Make a list of all the stocks and bonds you own and where they are.
7. List all the places you have lived and worked and the names of persons there who you know. Include the schools you have attended and the dates you left or were graduated.
8. If you may have benefits coming under a profit-sharing plan where you work, make a note of that too.

If you're in doubt about whether an item should be included, put it in. This takes time initially, but it will save you both time and worry in the long run.

A son was born to Mr. and Mrs. Wilbert Holub of Midland January 10, weighing 6 lbs. 9 3/4 ozs. He has been named Russell Dean. Grandparents are Mr. and Mrs. Henry Holub of Gordon and Mr. and Mrs. Roy Jarrett of Baird.

## BEING JUST A CHRISTIAN

### HOW DOES CHRIST EXERCISE HIS AUTHORITY

By George W. DeHoff  
Murfreesboro, Tennessee

All authority in heaven and earth is committed to Christ (Matthew 28:19-20). By his resurrection from the dead, he proved himself to be the Son of God (Romans 1:4). How can I know when I am doing what he wants me to do?

When our Lord was on earth, he planned to leave the disciples. He said he would send the Holy Spirit to guide them into all truth (John 16:13) and to call to their minds all things Christ had said to them (John 14:26). The apostles did not write and preach what they thought but what the Holy Spirit guided them to say. Which things also we speak, not in the words which man's wisdom teacheth, but which the Holy Spirit teacheth . . . (1 Corinthians 2:13). The very words of the Scriptures are inspired — "breathed out" — of God and are "able to make these wise unto salvation" and to furnish the Christian unto all good works (2 Timothy 3:15-17). The gospel is the power of God unto salvation (Romans 1:16). The things written in the Bible are there that men may believe in Christ and have eternal life through his name (John 20:30-31).

The Baird Star, Baird, Callahan County, Texas, February 14, 1938

One submits to the authority of Christ when he obeys what is in the Bible. Christ now exercises his authority through his Word. There is no other authority in religion.

## FREEDOM IS A MIGHTY SWORD

We Americans can rightly be proud of the fact that we are a peace-loving people. That our aim as a nation is to strive to improve human welfare, with freedom and justice for all. \*Such a people is always slow to anger, tolerant and patient. But when patience is exhausted, a peace-loving people can turn its peace-time skills into weapons of fierce and righteous wrath. There is only

one way such a nation could be enslaved. That would be through propoganda that misleads; through lack of knowledge, and of truth. America's greatest strength is . . . freedom of the printed word . . . to give the people truth, truth that builds freedom of thought, of word, and of vision. \*This great Freedom tempers the steel out of which a nation and a people can forge mighty swords.

**Bermuda Mirror Magic**

At least that is what it appears to be to these youngsters as they view an oncoming car in one of Bermuda's roadside mirrors. As a traffic safety step, mirrors are placed at all blind corners and turns along the mid-Atlantic colony's narrow, winding roads. In typical British tradition, the rule of the road is to the left with the maximum speed limit set at 20 m.p.h. in the country and 15 m.p.h. in the towns. Automobiles have been in use in Bermuda only since 1946, and all are of the tiny English model variety.

**Scouts Make Tour To Austin Friday**

Three special buses and one car carried Boy Scouts and their leaders to Austin last Friday. They went to Austin to present the annual report to the Governor. 100 Boy Scouts and 15 Scout leaders from the Chisholm Trail Council made the trip.

The party left Abilene at 3 p. m., and on arrival at Austin, went to Bergstrom Air Force Base where they spent the night.

From 8:00 to 9:15 a. m. Saturday, the group toured the state capitol building. At 9:30, they marched in a parade with Scouts from other councils over the state. Presentation of report, which details the activities of Boy Scouts of America in Texas, was presented to Gov. Daniel at 11:15 a. m. Similar ceremonies from every state in the Union on Scout activities over the nation are being presented to President Eisenhower.

At 12:15 Saturday, the Chisholm Trail Council group met at the Hotel Driskill for a luncheon with Comptroller Robert S. Calvert as speaker. At the same time, six boys from the council were attending a luncheon with Gov. Daniel.

Immediately after the luncheon, the group went to the State

Department of Public Safety headquarters for a three-hour tour, after which they returned home.

Towns represented on the trip were: Abilene, Winters, Hamlin, Stamford, Sweetwater, Anson, Merkel, Paint Creek, Rule, Haskell, Aspermont, Blackwell, Albany and Clyde. Scouts from Clyde were Ronnie Fox and Charles Fewell.

**Helicopter Lands At Clyde Motel**

Two Coast Guardsmen enroute from Fort Worth to Midland by helicopter set their whirlbird down on the lawn of the Derrick Motel here about 11 a. m. Sunday when they began to run into fog.

Mrs. Martin Roberts, whose husband is manager of the motel, said that the Coast Guardsmen checked with Dyess Air Force Base and found they would have to spend the night there because of the weather.

Mr. and Mrs. Bob Anderson and children are visiting his parents, Mr. and Mrs. C. Z. Anderson.

Mrs. Madge Bearden, Mrs. W. C. Edwards, Mrs. Margie Ray, Mrs. Leotis Meadows and Mrs. Lillie Williams of Putnam, attended the All Texas State Beauty Show Sunday and Monday in Dallas.
