

Mr. Muleshoe ...

By J. M. Forbes

Two different sets of Muleshoe people Sunday were mixed up in family reunions held in McKenzie State Park in Lubbock, and upon careful investigation we find that none of the two different parties saw any attending the other reunion. Which goes to show how big McKenzie is. One local lady said an estimated 2,000 were in the park at the time.

And we can't have a park that big, probably don't need one that big; but we could use a little one. Right now there's no place where families or groups can go to have even a little picnic, excepting Horse Shoe Bend, which is hard to reach by auto and besides is on private property.

As Muleshoe grows and develops, we are going to need not one park but two or three or more, and we ought to be thinking about where they are going to be placed, right now. As for the old park, it has so many disadvantages in the eyes of many that no one has had the enthusiasm to advance a plan for its development.

In one town where this writer lived, each organization, Study Club, Legion and Auxiliary, Lions, Rotary, JayCees, and so forth were assigned or volunteered to take over a portion of the city park and the members proceeded to develop their own part. Maybe so such a plan could be followed here. But we ought to decide pretty soon whether we want to develop the present park site or to pick other and additional sites.

Clothes may not make the man but they sure have a lot of influence on what you think of yourself and what other people think of you. This writer, who holds the unenviable title of Bailey County's worst dressed man, expresses this opinion after many years of careful observation and due deliberation.

The man who thinks enough of himself to be clean, have his clothes well pressed, be well groomed, just naturally gets others to think him a very capable fellow. This writer was prompted by a conversation with one of our public figures, whom I have always thought well turned out, but who tells me he is going to turn over a new leaf and take better care of himself in the future.

Hail And Rain Destroy Crops

A devastating hail and damaging rain fell northeast of Muleshoe about 7 o'clock Tuesday evening. From the Jarvis Angeley farm the hail and rain spread east and southeast.

The town of Earth was said to have been deluged with water as several inches of rain fell, the water flooded buildings in the town. Angeley and many of his neighbors are said to have lost their crops.

In a shower which fell in Muleshoe later in the night around 12 o'clock, moisture amounting to .17 of an inch was received.

Ray New Head Lions Club

O. D. "Blondy" Ray has been elected president of the Muleshoe Lions Club. Other officers elected are W. Q. Casey, secretary and treasurer; Rufus Gilbert, first vice president; A. J. Lenderson, second vice president; W. D. Moore, third vice president; immediate past president, Ned Woodley; Lion tamer, H. P. "Jack" Holland; tail twister, E. W. Evans. Directors are Sam Fox, Vance Wagon, Jim Cox, Lowell Irvin, St. Clair, and Noel Woodley.

Charter 10-year chevrons were awarded to Lions Jack Lenderson, Pat R. Bobo, Tye C. Young, Cecil H. Tate, Charles Lenua, C. W. Grandy, Sam Fox, and Irvin L. St. Clair (deceased). Ten year chevrons went to Lions Lee R. Pool and W. Q. Casey.

Bob Kirk, Littlefield attorney, was the principal speaker at the Lions Club luncheon held Wednesday noon at Gerald's Cafe banquet room. Mr. Kirk currently is a candidate for judge of the 64th Judicial District.

The speaker was introduced by Lee R. Pool, who had charge of the program.

Bellar Burglars Still At Large

No further developments in apprehending suspects in the burglary of Ed Bellar's home on June 10 in which \$14,320 in currency and \$1,900 in savings bonds were taken, was reported by the Bailey County Sheriff's Department this week.

One suspect, G. A. (Blackie) Beaton, is being held in custody by Muleshoe officers. He was picked up in Dickens last Tuesday afternoon.

CANDIDATE SPEAKING AND PIE SUPPER

Friday night, June 23, at 8:30 there is to be a candidate speaking and pie supper at the Pleasant Valley school building, sponsored by the Pleasant Valley Club ladies. There will be free coffee and soft drinks.

Bailey County Candidates Draw For Places On July Primary Ballot

Drawing for places on the July 22 Democratic primary ballot was conducted here Monday. The Democratic executive committee for Bailey County, headed by George Johnson, immediately began the task of assessing the pro-rata cost for each office and candidate. Beginning with the office of representative in the Texas Legislature, the ballot will carry the following names in the order in which they are placed:

For Representative: Harold M. LaFont, H. J. (Doc) Blanchard.
For District Judge: E. A. Bills, Robert (Bob) Kirk.
For District Attorney: Joe Sharp.
For County Judge and Superintendent: Cecil H. Tate.
For County Treasurer: Helen Jones.

Johnson-Pool Opening Sat.

Johnson-Pool Tire and Appliance is inaugurating a new credit plan with their formal opening Saturday, June 24. A gala opening is planned and everyone is invited to attend. Free door prizes will be given away and persons are requested to come by and register. There is no obligation to buy anything.

New Drive-In Cafe To Have Formal Opening Saturday

A new drive-in restaurant, The Lone Star Drive-In, located on the Clontz highway, opened for business the first part of the week. Owners and managers are Mr. and Mrs. S. V. Willis. Formal opening will be Saturday when free coffee and doughnuts will be served. The cafe will be open from 11 a. m. until 1 a. m. Everyone is extended an invitation to stop by and get acquainted. The Willis have had quite a bit of experience in the restaurant business, having owned a cafe in Morton for a number of years. He will be assisted by other members of the family in operating the business. It is located in the building that also houses the Lone Star Trading Post, owned by Dave Aylesworth. Both firms ads appear on another page of this week's paper.

Cox Drive-In Plans Fireworks July 4

Cox Drive-In-As-U-R is planning a big fireworks display for Tuesday night, July 4. Howard Cox, manager announced this week. Fireworks of every type and description will be displayed. This Fourth of July Program alone will be worth the admission price and an outstanding feature is scheduled to be shown. Watch next week's paper for further details about this big program.

Potter Heads Masonic Lodge

Herbert Potter was elected Worshipful Master of Muleshoe Lodge No. 1237, A. F. & A. M. in a recent election of officers. Johnny Johnson was elected senior warden, Buck Wood, Junior warden.

Elected treasurer was Connie Gupton, and secretary is Eddie Lane. Appointive officers were to be named by the Master this week. Potter was elevated from the chair of senior warden and he will succeed O. C. Thomson.

Appointive officers announced by the new master of the lodge are as follows: Senior deacon, John Thompson; junior deacon, Bobbie Sam Damon; senior steward, Albert Nowell; junior steward, Clifford Green; chaplain, Ray Griffiths. O. C. Thomson, retiring master, was elected tiller without opposition.

Installation of these new officers is set for the next regular meeting night, July 11. R. J. Klump will be installing officer, "Happy" Wagon, marshal. Of charter members of the Muleshoe lodge there are only three who are now active: Mr. Klump, Mr. Griffiths and Mr. Gupton.

C & H Chevrolet Razes Building To Build New \$27,500 Modern Plant

T. W. Coffman Services Monday

Funeral services for Thomas Walter Coffman, of Muleshoe, were held at 2:30 o'clock Monday at Hicks Chapel Baptist Church in Enochs, Texas. Officiating was Rev. J. E. Moore, of Longview, assisted by Rev. B. L. Carter, of Enochs. Burial is in Morton cemetery. Mr. Coffman, 71 years old, died at 12:30 o'clock Saturday afternoon in Northwest Texas Hospital, Amarillo. He was born in Dallas County, August 28, 1878, the son of Ida Jane Kite and William Samuel Coffman, both born in Virginia. He was married to Amanda Frances Bratton in Dallas County, December 7, 1898.

Schedule For Legion Team

Schedule of games for the Muleshoe American Legion Junior Baseball team was announced this week by Clyde Bray, manager. The schedule is: June 23—Amherst at Muleshoe. June 26—Muleshoe at Earth. June 28—Plainview at Muleshoe. June 30—Muleshoe at Littlefield. July 5—Muleshoe at Olton. July 7—Floydada at Muleshoe. July 10—Muleshoe at Amherst. July 12—Earth at Muleshoe. Other teams in the north half of the league are Amherst, Earth, Floydada, Littlefield, Olton, Plainview. All games are scheduled to begin at 4 p. m. The home team is to furnish the umpires.

YOUNGEST ROTARY CLUB—District Gov. Elmo Wasson of Big Spring, left, presented the charter to the new Muleshoe Rotary club's charter president, Ray Keeling, at a recognition banquet Tuesday night that officially inaugurated the club as the 7,514th unit of Rotary International. The 20 founding members were honored by other Muleshoe leaders and visiting Rotarians from other South Plains cities. (Staff Photo.)

Dr. Friske Is On Staff Green Hospital Here

Dr. Marlon F. Friske has announced the association with him in the operation of the Green Hospital & Clinic in Muleshoe of Dr. Oscar W. Friske, who is a trained surgeon and has had many years' experience in surgery. Dr. Friske received his A. B., A. M. and M. D. degrees from the University of Wisconsin, graduating in 1930. He interned in Rebeurcq Hospital, Kansas City, Mo., had a senior surgical internship at the University of Indiana Hospital, then took a surgical residency at the Della Harrison Memorial Hospital, Wauseon, Ohio.

On August 2, 1932, he entered private practice at Beloit, Wis., in the operation of the Green and industrial surgical practice, being surgeon for several large industrial organizations. He was at this time senior surgeon on the staff of the Beloit, Wis., Municipal Hospital. There Dr. and Mrs. Friske raised their four daughters, three of whom are married and Sylvia Jean, 16, makes her home with the parents and next year will be a junior in high school.

Because of the state of Mrs. Friske's health, they moved to Albuquerque, N. M., in 1947. He practiced there until moving to Arizona, where he took a surgical residency at Good Samaritan Hospital in Phoenix, then took a position as surgeon for Butler Clinic at Safford, Ariz. He recently has been chief surgeon for the People's Hospital & Clinic at Floydada, Texas. He is licensed in Wisconsin, Illinois, Arizona, New Mexico and Texas.

Within the next few days Mrs. Friske will wind up business matters in Albuquerque, then the family will be at home in Muleshoe. Meanwhile, Dr. Friske is on the job at the Green Hospital & Clinic.

Shivers On Air

Governor Allan Shivers is delivering a series of talks over Texas radio stations at 7:15 p. m. each Monday, discussing subjects of interest to the people. Among others, radio stations carrying his talks are: Fort Worth, KFJZ; Dallas, WRR; Big Spring, KBST; San Antonio, KABC.

Swimming Pool Now In Use

People of Muleshoe and surrounding vicinity enjoyed their first swim in the City of Muleshoe's new swimming pool Sunday afternoon. The recreation spot, one of the favorites for the summer, is not completely finished, but will be completed in the very near future.

Completion of the dressing rooms and building of a fence is to be completed before the pool is officially opened, Mayor H. D. King announced this week. Work is expected to be finished the latter part of this week or the first part of next week.

A formal opening is being planned and will be announced at a later date. The pool is 82 1/2 feet long and 30 1/2 feet wide at the narrow end and 50 1/2 feet at the wide end. Deepest part is 10 feet and depth slants upward into shallow water at the other end of the pool. A wading pool is also available for the little folks who do not want to venture into the deeper pool.

One of the most modern purification plants available has been installed. This plant filters the sand and other foreign matter from the water and chemically treats it and returns it to the pool. It is capable of filtering all the water in the pool once every six hours. Two diving boards, one 3-foot and the other 10-foot high, are available for those wishing to dive. Dressing rooms for ladies and men are under construction and will be completed in a few days. A concession stand will also be operated at the pool.

The pool, built and operated by the city of Muleshoe, is managed by Coach Woody Green of Muleshoe High School. Joe Cummings will be employed as one of the life guards. Admission will be 35c for adults and 20 cents for youngsters and there will be no charge for the small wading pool. The pool will be open from 10 a. m. until noon, 1 to 5 p. m. and from 6 to 9 p. m. on week days and from 1 until 6 p. m. on Sundays.

Next meeting of the JayCees will be Monday night, July 10th. Regular meeting is the first and third Monday nights of each month, but in order to eliminate a meeting night before the Fourth of July, the meeting has been changed to the second and fourth Monday nights, July 10 and 24.

Swimming Pool Gets OK Health Report

Muleshoe's municipal swimming pool meets health and sanitary standards, according to a report from the Texas State Health Department, and, in fact, is a remarkably fine pool for a small community, according to W. D. Power, Lubbock, a representative of the department, who inspected the pool Tuesday.

Mr. Power said the pool and its equipment are just fine, unusual for a small community. The pool was opened for public use Sunday. The Health Department man said many communities over the Plains have asked him a number of particulars of the local pool.

Lightning Kills Pettit Farm Youth

Carroll Ray Gillespie, 18, son of Mr. and Mrs. Clemmen Gillespie, was killed on the Gillespie farm near Pettit when he was struck by lightning while milking cows about 7:30 a. m. Monday morning. The youth Aylesworth in the level-land hospital but was pronounced dead upon arrival.

JayCees Plan Year's Program

A campaign for new members heads the list as one of the Muleshoe Junior Chamber of Commerce's projects for the new fiscal year. Their goal was set as two new members for each present member of the club at their regular bi-monthly meeting and dinner at the Cross Roads Cafe Monday night.

Anyone interested in becoming a member of the Muleshoe JayCees may contact any member of the club to receive his membership card, as each was given two cards of the meeting to solicit new members. The JayCees is a young men's organization whose purpose is to advance and better the town in which they live. One of the local clubs projects is to number houses and place street markers, which they hope to complete in the near future.

Anyone that desires to work for the progress of Muleshoe and to work with the other JayCees and enjoy their fellowship, is cordially invited to become a member of the organization. JayCees is not all work, for frequently the club sponsors a social where all members and their wives have a chance to participate in various types of entertainment and get better acquainted with one another.

At present, a ladies' night is being planned for every second month at which time they will be guests of the JayCees for dinner and other entertainment afterwards. Friday Jaycees will meet at the home of B. Z. Beaty to make statements for all persons still owing for house numbers and to make further plans toward completing this project. A social is planned afterwards.

Opening of Goss Conoco Service has been set for Saturday, July 1. This new service station, located on the Plainview highway, is of very modern design and construction. The washing and lubrication department, consisting of two large rooms, at the rear of the station and the office and service room will be completely encased in glass with a red cement floor.

The station, owned by Continental Oil Company, is to be managed by Carroll Oil near by. Bud Holton, Conoco distributor for the Muleshoe area, will also have his offices in the station. The new station will be open from 8 a. m. until 10 p. m. and will feature Conoco gasoline and motor oils, washing and lubrication, and minor auto parts and accessories.

New Station To Open July 1

Mr. Goss is well-known in this area, having been in the auto and service station building here for a number of years. Watch next week's Journal for announcement of formal opening.

TO FT. WORTH SPECIALIST

Clifford Mardis, injured in a recent automobile crash, was taken to a Fort Worth hospital for special treatment for his broken knee cap. He had been under treatment here until a few days ago.

First Christian Church Organized In Muleshoe Following Revival

Organization of the First Christian Church of Muleshoe was perfected over the week end, with formation of an organizing committee headed by G. T. Maltby. Others on the organizing committee, which will function until the permanent board is elected. It was decided to hold the charter member list open until January 1, 1951, and it was thought that some members of this vicinity will affiliate.

Rev. and Mrs. L. C. Reece, evangelists, have conducted revival services here as a forerunner to the organization of the church. They have conducted their morning service the last two Sundays at the Cox Drive-In theatre here, an innovation in this section of the country. The congregation is planning to erect a church edifice here in the next year, and it is hoped that a minister will be here to take over the work in the next few weeks. Other members of the organizing committee are: Clyde Bray, Mrs. R. R. Holton, Mr. and Mrs. D. R. Aylesworth, John T. Dudley, and Mrs. Jack Epps. Mr. Bray was elected treasurer and Miss Frances Roy secretary of the church. John Roy was chosen to be superintendent of the Bible School. Dr. Patrick Henry, of Fort Worth, secretary of the Texas Christian Missionary Society, will be here the coming Sunday to lend whatever assistance he can to the young church.

Charter Members Listed The following are charter members of the new church: Mr. and Mrs. G. T. Maltby, Mr. and Mrs. John L. Roy, Miss Frances Clyde A. Bray, Sr., D. R. Aylesworth, Mrs. D. R. Aylesworth, W. F. L. C. Reece, Mrs. Nell Rockey, Mrs. R. R. Holton, Mr. and Mrs. John Dudley, Mr. and Mrs. W. W. Smith, Mrs. W. D. Moore, Mrs. H. M. Bryant and Mrs. Leota Witterling.

Highway Department Asks Public To Help Prevent Property Destruction

The dictionary lists one definition of a vandal as "a wanton or ignorant destroyer or defacer of any building, monument, etc., which should be preserved."

This definition—"wanton or ignorant destroyer or defacer of any building, monument, etc., which should be preserved"—well describes a group who are operating on our highways today, the vandals of traffic safety. These vandals of traffic safety are those thoughtless, wanton, ignorant destroyers of monuments to traffic safety—highway traffic signs.

You, the traveling public, the taxpayer, are paying for these acts of destruction: acts of destruction through use of signs for target practice, acts of destruction through defacement of signs with paint and crayons, acts of destruction through knocking signs down, acts of destruction through theft, acts of destruction through bending signs double so their message cannot be read, and acts of destruction through carving of signs with a pocket knife.

And what is the price you pay for these acts of destruction? Each year the Highway Department alone spends an estimated \$20,000

Baked Eggs in Toast Cups

A variation of an American favorite, bacon and eggs, are these eggs in scalloped toast rings. Rashers of bacon, hot coffee, extra enriched toast with preserves complete the menu.

Best way to wish your family a sunny good morning is with a good breakfast. Favorite foods include golden toast and scrambled eggs. For variation, try baked eggs in toast cups. You'll find the cups attractive and an easy way to serve a crowd or provide a special family breakfast.

They're this easy: drop an egg into each bread cup, then bake in muffin pans. The number of eggs desired are baked all at one time. Slide pans out of the oven and lift cups onto a warm platter for service. While the eggs bake, fry the bacon and make the coffee. Bread rounds may be cut and buttered the night before and wrapped in wax paper, so that in the morning only a second is needed for breaking the eggs into the cups, adding milk, and putting them into the oven.

You'll want extra toast to serve with the egg cups and bacon. Temptingly browned toast is an easy way to see that your family gets a good portion of the B-vitamins and iron they need daily. Six one ounce slices of bread per day provide about 1/4 of the daily minimum requirement for iron, even more of the thiamine and niacin needed for pep and all-around good health.

BAKED EGGS IN TOAST CUPS

12 slices enriched bread
Butter or margarine
6 eggs
6 tablespoons milk

With a scalloped cookie cutter cut rounds of bread from bread slices. Use a smaller cutter to remove center portion from 6 of the slices. Brush each slice with melted butter or margarine. Place plain rounds of bread in bottoms of muffin cups and top with a ring of bread. Break egg in center of each ring and add 1 tablespoon milk to each. Bake in moderate oven (350° F.) 20 to 25 minutes. Serve with broiled bacon. Makes 6 servings.

Safety Precautions Urged in Cleaning Danger of Fire, Vapor Inhalations Are Cited

Housewives in rural areas sometimes find it inconvenient to send clothes out to be dry cleaned and therefore do the work themselves. For this purpose, they may go to a nearby automobile service station and buy gasoline or to a hardware store or general store and buy "cleaning fluid."

Gasoline is intended to make motors operate and should never be employed as a solvent because of its great flammability. There are some specially refined petroleum products available with cleaning and degreasing properties somewhat like those of gasoline but

Stand so vapors will be carried away from you, not towards you; do the work outdoors.

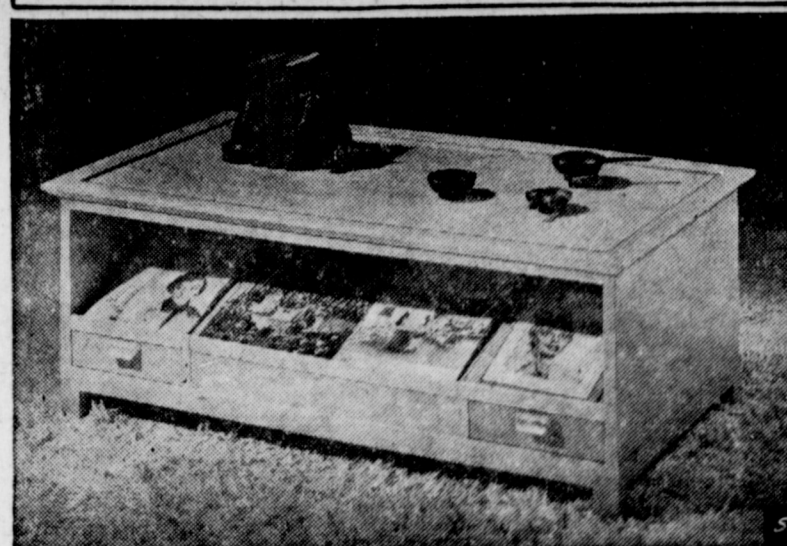

With considerably less fire hazard, although any petroleum product can burn if it is brought in contact with a source of ignition.

When a small amount of solvent is to be used the work can be done indoors safely enough. If the fluid can burn, just be careful to use it where there are no nearby sources of ignition and don't smoke or light matches while you are handling the fluid.

However, when a large job is to be done, such as cleaning an entire dress or a pair of overalls or removing grease from a number of tools which may require two or three quarts of solvent used over a period of perhaps half an hour. Do the work outdoors, stand so that vapors will be carried away from you, not towards you, and allow the cleaned articles to dry thoroughly before you bring them indoors. When you are finished, if your hands feel dry, wash with lukewarm water and rub a cream containing lanolin into the skin.

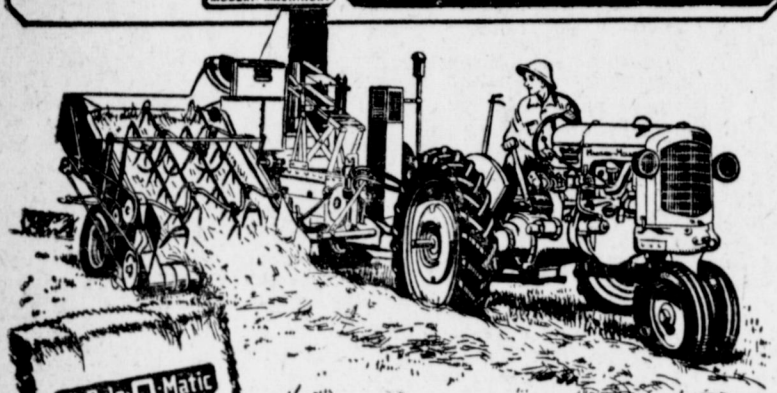

GUEST OF THE ELLIOTT'S
Jack Glick, of Los Angeles, has been a guest for a week in the home of Mr. and Mrs. Howard Elliott. The Elliotts and children were shown about Mexico City by Mr. Glick during their 1947 visit there and were very happy to have the opportunity to be his host in return. Mr. Glick is an engineer in the Lockheed airplane manufacturing plant in California.

FURNITURE FASHIONS by Frances Ainsworth

GRAND RAPIDS, MICHIGAN:—"You will find it easy to live with"—says House & Garden Magazine of this compact cocktail table in their June issue's feature story, "Grand Rapids Furniture with Talent." A handsome space-saver, the illustrated table is from the new collection of Oakmasters Modern furniture by the Grand Rapids Bookcase & Chair Company. It combines a magazine shelf on one side with two small drawers and a storage compartment underneath. The reverse side features a spacious shelf for books and decorative living room accessories. The glass top has a bronze lift, enabling you to tilt the glass for easy cleaning. The simple lines of this smart Oakmasters Modern piece provide modern utility that's right in any setting.

SAVE TIME & MANPOWER with the Bale-O-Matic

BALES of uniform weight and size
square corners
tied with two wires that stay tied

HERE IS THE HAY BALER THAT ADJUSTS ITSELF TO ALL FIELD AND CROP CONDITIONS

It's the progressive farmer who preserves the food value of his hay, saves valuable storage space, makes hay easier to handle, saves time and manpower by harvesting his hay the modern way with the MM Bale-O-Matic.

THE Bale-O-Matic effortlessly lifts hay from the windrow or swath, slices it into uniform layers, and ties it with two strands of steel wire while the bale is still under compression.

THE Bale-O-Matic has a pick-up mechanism which operates equally well in green or cured hay or straw, handles light, uneven, or extra heavy windrows and swaths. The new Uni-Matic Power raises and lowers pick-up mechanism "on-the-go" over ridges and ditches.

THE Bale-O-Matic can be used as stationary baler just as it is. The sturdy, quality MM construction assures you of trouble-free service and minimum maintenance.

MRS. ROBINSON ILL

Mrs. M. V. Robinson became ill late Sunday and was taken to the Payne-Shotwell Foundation in Littlefield. She has been suffering from a heart ailment and there is a possibility that she will need blood transfusions.

cents in repairing and replacing some 7,800 signs damaged or destroyed through acts of vandalism—enough to build four miles of Farm-to-Market roads and get some farmer out of the mud. And the measured dollars and cents are not the only price you pay. No one will ever know just how many people have paid with their lives; how many people are crippled for life; and how many thousands of dollars in property have been destroyed all because a Curve sign with a Safe Speed sign mounted below it has been destroyed by vandalism. Should we continue paying the price for this thoughtless destruction?

If you know one who has been guilty of destroying or defacing traffic signs, remember he is not only violating a law for which he may be punished, but you or your loved ones may be the next victim of his acts of destruction. Be a good sport, help get him to promote traffic safety, and do your part to make highway traffic signs "Signs of Life" as they are intended to be by helping to stamp out vandalism.

Skating Fridays At Lazbuddie

There will be skating at Lazbuddie every Friday afternoon and night, Archie Sims, school superintendent announced this week.

Parents and children 13 years of age and under will skate Friday afternoons from 3 to 5 p. m. Anyone may skate during the Friday night session from 8:30 to 10:15 p. m.

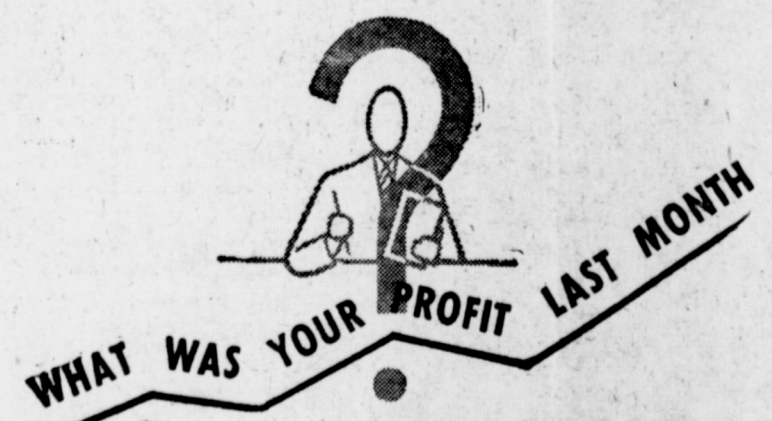

Admission for each session will be 40 cents if you have your own skates and 50 cents if you rent skates.

TO HARLINGEN

Mrs. Grady Davis, of Harlingen, has been visiting here with her brothers, W. M. Pool, Jr. and Lee R. Pool and families. The later and children returned home with her and will visit there a while. Lee plans to get in some deep sea fishing the two weeks he will be away. Mrs. Pool and daughter, Sylvia, had to remain at home because of Sylvia's illness.

TO MEXICO CITY

Mr. and Mrs. Oscar Allison left last Friday on a trip to Mexico City and intervening points of interest.

Party Honors Billy Stroud

Billy Stroud was honored on his 15th birthday, Friday, June 16, with a party by his friends. Games were played, the gifts were opened and cake and punch were served to Bethal Willeford, Betty Marie Ford, Wynelle Bowens, Wilma Jean Kelton, Ruth Duncan, Rosemary Pool, Dixie Lorraine, Edith Caldwell, Mae Lorraine, Otis Bowen, Tommy Crow, Carlos Thomas, Roger Pool, Carroll Pool, Jackie Wilemon, Truman Lorraine, Curtis Thomas, Sammy Nichols, Joe Kelton, Roe Stroud, Mr. and Mrs. W. C. Hinkle, Helen, Kathy and Robert Stroud and the hostess Mrs. Reba Stroud.

FAMILY GET TOGETHER AND PICNIC

Enjoying an old-fashioned picnic and get-together at Mackenzie State Park in Lubbock Sunday were Mr. and Mrs. Jim Cox and son, Gil Wollard, Mr. and Mrs. Ben Porter, Mr. and Mrs. Buford Butts and Patricia, Mrs. Harold Maniss of Colo. City; Bob Mcniss of Texas Tech, Lubbock; Mr. and Mrs. Jimmy Brown and sons of Stockton, Calif.; Mr. and Mrs. Mutt Porter and daughters of Karnes City, Texas; and Mrs. J. C. Wollard of Colorado City.

RETURN FROM TRIP

Mr. and Mrs. J. E. McWhorter have just returned from a trip to Los Angeles and San Francisco and other points of interest along the western coast.

TO SHRINERS CONVENTION

Mr. and Mrs. Orley Mitchell and family of Grandview, Mo., called on her aunt, Mrs. Belle Snyder, and other relatives last week end. They were en route to Los Angeles, Calif., to attend the Shriners convention.

Mrs. Pinner Hosts Y.L. W.S.C.S.

The Y.L. W.S.C.S. met in the home of Mrs. Jewel Pinner, June 9, with 12 members and two visitors present.

The meeting was opened with the singing of "Help Somebody Today", Mrs. Mooney led in prayer. The colored girl that was sent to Amarillo to the school was invited to make her report but she was unable to attend. Plans are for her to come at a later date. Plans were made to visit the Progress Society sometime in July. A social was planned for the pastor and his family.

Mrs. Mooney brought an interesting devotional based on love growing greater, taken from 1 Cor. 13: 3-14, she also read a wonderful prayer. The lesson was on the Eucharistic Church: Mrs. Oleta Burham gave the first and second chapters, Mrs. Lillian Bialock gave the third and fourth chapters. They were very interesting and it is hoped to have year of interesting lessons so as to get more interested in W.S.C.S.

The next meeting will be with Mrs. A. Ryan, June 22, at 2:30. There were lovely refreshments served by the hostess, the meeting was closed by singing "Savior Like was closely singing "Savior Like A Shepherd Lead Us."

RETURN FROM VACATION

Mr. and Mrs. Kenneth Briscoe and daughters returned home Monday after vacationing in Carlsbad, N. M., El Paso and Phoenix, Ariz.

RETURN HOME

Mrs. Emma Stotts of Muleshoe, who has been confined to the Crovis Memorial Hospital, is now at the home of her son and wife, Mr. and Mrs. George Stotts west of town.

Rainbow Girls Imitate One

Miss Tommie Ann Drinkard was initiated into the order of Rainbow for Girls last Thursday night, June 15, at a regular meeting of the assembly.

In a short business session, the girls voted to buy a piano for the banquet room of the Masonic Hall. At this writing the piano had been bought and installed.

It was also voted to have a lawn party at the home of Mrs. Eddie Lane, Thursday night, June 22, (tonight) at 8:00 p. m. Each girl is to bring a guest.

Peggy Robison, Worthy Advisor, gave a report on her trip to Grand Assembly at Mineral Wells. She told of the unveiling of a portrait of Rev. W. Mark Sexson, founder of the Order of Rainbow for Girls. Mr. Sexson was present for the unveiling.

Miss Peggy O'Neil of Dallas and a student at S. M. U. was elected Grand Worthy Advisor of Texas.

After the meeting refreshments were served by Misses Janelle Green, Marion Clark Harris, and Helen Stovall.

Progress Baptists End Bible School

The Progress Baptist Church has completed its vacation Bible school.

Preparation day was held Saturday, June 3, from 9:30 until 11:30 with an enrollment of 49.

School began Monday, June 5, from 2:00 until 5:00, 55 per cent average attendance daily. The record attendance was 65 with 32 having a perfect attendance record.

Rev. E. W. Campbell, pastor, sponsored the junior and intermediate boys in the making of book ends, towel racks, tooth brush holders and tie racks. Mrs. E. W. Locker sponsored the junior and intermediate girls in making luncheon cloths, using textile paints, they also made wall plaques for decoration.

Commencement was held at 8:45 Friday night, June 9, at the Progress Baptist Church.

The junior and intermediate classes presented a candle light service and the beginners and primary sang songs. After the program, ice cream and cake were served by the women of the Church. A good time was reported by all and the collection was sent to Buckner's Orphan Home.

Library News . . .

by Mrs. E. R. Wright

Three new books have been added to the Muleshoe library this week, they are: The Gentle Infidel by Lawrence Schoonover, Lonely Passage by Loula Grace Erdman, and Each Bright River by Mildred Masterson McNelly.

Many thanks are extended to Mrs. L. P. Howerton for the 13 volumes she donated to the library. I am sure the boys and girls will enjoy reading them.

FROM OKLAHOMA

Mr. and Mrs. Earl Cary of Enid Okla., Mr. and Mrs. Albert Passmore of Park Hill, Okla., and Mr. and Mrs. N. L. Brown of Hennessey, Okla., have left for their homes after spending a few days with Mrs. Emma Stotts and other relatives.

Homonyms are words which sound alike but differ in meaning such as dear and deer.

Nancy Holmes SUGGESTS

SOUTHERN fried chicken is internationally famous, but there is no general agreement just what chicken "Southern fried" is. One camp vows it must be batter-dipped and fried with a crisp crust blanketing each piece. Tother side says "No", it is only coated with seasoned flour, then fried golden brown, tender to the tooth at the first bite.

Not one to get in an argument, Nancy Holmes of the Best Foods consumer kitchens doesn't take sides. She thinks both are delicious. But in this recipe she recommends chicken prepared the simpler and quicker way and teamed with sauteed almonds. A truly delicious combination!

Sauteed Chicken and Almonds
2 frying chickens, 1/4 teaspoon disjointed pepper
1/2 cup flour 1/2 cup vitaminized margarine
1 teaspoon salt 1/2 cup blanched almonds

Combine flour, salt and pepper in a paper bag. Shake a few pieces of chicken at a time in the bag until all are well coated with flour. Melt margarine in heavy saucepan over low heat. Add chicken and brown on both sides. When nicely brown, cover and continue cooking 10 minutes. Remove cover. Add thinly sliced almonds. Turn chicken and continue cooking 15 to 20 minutes longer or until chicken is tender and almonds brown. Serves 4.

Mrs. Mitchell Hosts West Camp Club

Mrs. Earl Mitchell hosted the West Camp Pollyanna Club in her home, Wednesday, June 14. The president, Mrs. Woodrow Couch, called the meeting to order and read an opening exercise, a sermonette, on "How to Worry Well."

Members present and answering roll call by "Cooking Time Savers I Use" were Mesdames Webb Watts, Guy Austin, O. W. Pair, Frank Akin, Seaborn Busbee, Willie Williams, Elmer Hargrove, Couch, Bert Williams Austin Jones, the hostess and one visitor Miss Willa Faye Akin.

A nominee as delegate to the state meeting was discussed. Copper tooling and leather craft were discussed and members plan on attending a school on each, when there is one available.

Mrs. Couch gave an interesting demonstration on the preparation of the Master Mix and with the assistance of the hostess baked and served a variety of delicious cookies made from the mix. The next meeting will be with Mrs. O. W. Pair, June 28.

FISHING WAS GOOD

A group of local men found the fishing good indeed on the Cimarron below Eagle Nest dam near Cimarron, N. M., last week. They caught their limit without difficulty. In the group were Roy Dyer, Jim Clements and N. H. Greer, all of Muleshoe, and Harold Clements of Littlefield.

FROM NEW MEXICO

Mr. and Mrs. Ed Glass of Albuquerque, N. M., visited in the home of their uncle, Major Wood and family Tuesday night.

TURKEY VISITOR

Lennis Bill Askew visited friends and relatives in Turkey over the week end.

Pleasant Valley News

CLUB MEETS

Pleasant Valley Club met in regular session Wednesday, June 14, with Mrs. Earl Reeder. After the business meeting, the hostess gave the devotional and Mrs. Seaborn Moore talked on her hobby.

The Club voted to sponsor a candidate rally and pie supper at the Community Hall, Friday, June 24.

Refreshments of ice cream, cake and punch were served to members Mesdames O. K. Angeley, Raymond Roubinek, Shelby, Gerald, Allison, Harold Allison, F. Andreas, S. Moore, Herman Haberer, Jimmie Dulin, E. K. Angeley and several guests.

TO LUBBOCK

Mesdames Herman Haberer and Ted Haberer were Lubbock shoppers Tuesday.

Mr. and Mrs. Carl Reeder and family from Medicine Park, Okla. are visiting in the home of Mr. and Mrs. Earl Reeder and Mr. and Mrs. W. D. Lackey.

Curtis Wilkerson of Olton was a dinner guest in the R. L. Roubinek home Tuesday.

Mr. and Mrs. Sam Knox of Olton visited in the T. G. Dulin home Sunday.

Iven Reeder spent last week with his Aunt and attended the Bible School at Longview. He visited in the home of Mr. and Mrs. J. U. Dawson.

Johnny Brooks of Ireland, Tex. visited in the home of Mr. and Mrs. Gene Lowe last week.

Mr. and Mrs. J. E. Dulin and boys attended church in Tahoka last Sunday.

Mr. and Mrs. Gerald Allison have had Mrs. Allison's mother of Roswell visiting in their home the past two weeks.

Mr. and Mrs. George Didlake and children of Roswell visited relatives in Muleshoe last week.

H. A. Angeley returned recently from a visit downstate. He attended the annual homecoming at Lippan and visited in Olney and Crowell.

E. K. Angeley is slowly getting back to normal after being on the sick list for about two months.

Mesdames Raymond Roubinek, Herman Haberer and Jimmie Dulin were business visitors in Littlefield Friday.

Mr. and Mrs. Ed Dawson of Hart were supper guests Tuesday in the Russell Haberer home.

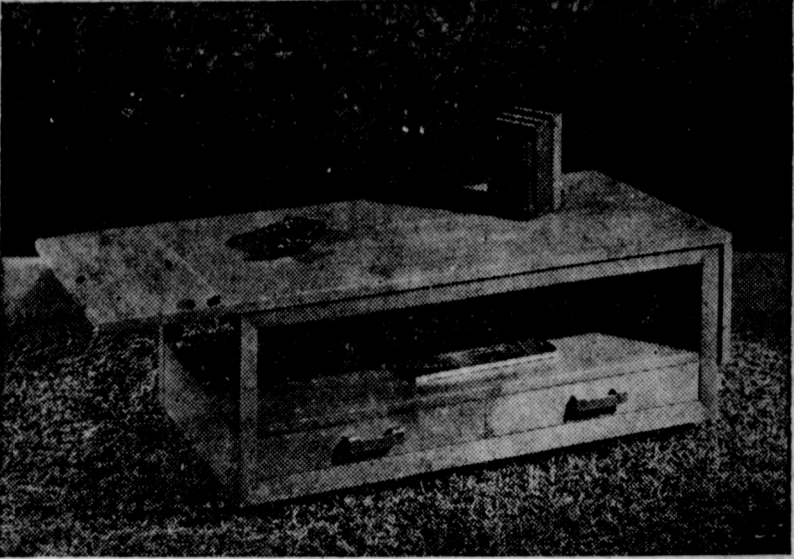

TO COLORADO CITY

Mrs. Jim Cox and son are visiting her sister and family, Mr. and Mrs. Harold Maniss, in Colorado City this week.

FROM BOVINA

Mr. and Mrs. Ronald Bergan of Bovina were visitors in the home of Mr. and Mrs. Don Bruns Sunday.

FURNITURE FASHIONS by Frances Ainsworth

GRAND RAPIDS, MICHIGAN: — House & Garden says: "The better your furniture works for you, the better furniture it is" — and proves their point with this handsome cocktail table, in the June issue feature story "Grand Rapids Furniture with Talent." A design innovation of the Imperial Furniture Company, the table has concealed casters for mobility — a shelf for magazines, drawers for playing cards and coasters. Especially convenient for entertaining, the table may be extended to 60" with its two drop leaves . . . giving ample space for serving an evening lunch or after dinner coffee in your living room.

Redwines Honor Their Parents On 38th Anniversary On Father's Day

The children of Mr. and Mrs. J. J. Redwine honored them with a buffet style dinner June 18, to celebrate their 38th wedding anniversary and Father's day.

Those attending were five daughters and their families: Misses Rae and Wanell Redwine, Mr. and Mrs. W. T. Brooks, of Brownfield.

Mr. and Mrs. J. B. Snead and children of Hereford, Mr. and Mrs. O.

R. Ashmore and Children of Lubbock; six sons and their families: Homer Lee Redwine, Mr. and Mrs. Dalton Redwine and son, Mr. and Mrs. Burrell Redwine and daughter, Mr. and Mrs. Leonard Redwine and children, all of Muleshoe, and Mr. and Mrs. J. C. Redwine and boys of Hub.

Also present were Rev. and Mrs. Ed Campbell and Ann of Portales.

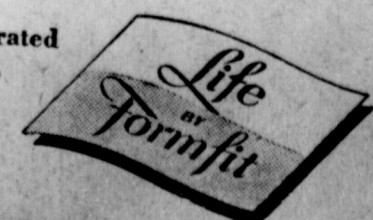

Don't simmer this summer — keep cool and dainty with

A fresh Life Bra every day!

Chrysler Is Offering Eight New Autos.

Eight new all-purpose cars are now being offered by the Chrysler Corporation.

In addition to the 44 models in the regular lines of sedans, coupes, limousines, and convertibles, Chrysler Corporation has designed eight "all purpose" cars from the lowest-priced to the most luxurious.

In the Plymouth line there is a new suburban for business or pleasure—an all-metal family car with the comfort of a sedan and the carrying capacity of a station wagon. There are 42" of luggage space behind the rear seat, or when it is folded down there is cargo space 68" long, 55" wide, and 39" high.

There is also a new Plymouth Station Wagon which carries folding auxiliary center seats for easy access to the rear. It is quiet, sturdy, and has more than 100 cubic feet of capacity.

In the Dodge line there is a new Station Wagon with plenty of room for 6 passengers and big utility space. It is built to stay quiet and ship-shape, with the tail gate opening level with the floor. Equipped with fluid drive and automatic transmission, no shifting is necessary.

There are three all-purpose cars in the DeSoto line—the 6 passenger Carryall, the new DeSoto Suburban, and the new DeSoto Station Wagon.

In the Carryall, the rear seat can be folded forward providing 7½ feet of level storage from back of the front seat to the rear of the luggage compartment. It is ideal for camping or any other use where the style of a sedan is desired with the carrying capacity of a much larger vehicle.

The new DeSoto Suburban will carry 9 people plus a large luggage load. It is the perfect car for big families and long trips. The new DeSoto Station Wagon is designed for every town and country use. The spare tire is under the floor compartment and when seats are folded down, there is an enormous cargo space. With the rear seats up, it is one of the sportiest cars on the market.

In the Chrysler line there is a new Station Wagon and the new Chrysler Traveler. The Station Wagon provides the ultimate in

Rotary Hears Phone Situation

W. H. Thompson, manager of the Bailey County Electric Cooperative, brought Rotarians up to date on the Five Area Telephone Cooperative and the present telephone situation in Muleshoe when the local club met Tuesday.

He reported many more signers are needed for rural service before the REA would look with favor upon a loan to the cooperative. He said application has been made for a loan to provide service to many rural areas.

Women Learn Of Underground Water Measure

Texas farmwomen in an 18-county area which depends upon underground water for irrigation are learning about the water conservation law.

The club met at the Post Office Cafe banquet room. Meeting day has been changed to Tuesday of each week.

Members of the home demonstration clubs in the Plains-Panhandle area are studying a bulletin issued recently by the Texas A. & M. Extension Service and titled "The Underground Water Conservation Law." Miss Kate Adele Hill, home demonstration agent in charge of district 2, estimated that the information would reach 2,000 women.

The law passed by the 51st Texas Legislature had two central points:

First, it recognizes the "ownership and rights of the owner of the land, his lessees and assigns, in underground water."

Second, the law lays the frame-

THE MULESHOE JOURNAL, Thursday, June 22, 1950

work for organization of underground water conservation districts as local, independent units, assigning them the powers of conserving, preserving and protecting and re-charging the underground water in reservoirs in which they have jurisdiction.

Three major powers are designed to insure a continuing abundance of water: The right to prevent waste, by court injunction if necessary; the power to regulate the spacing of wells; and the power to put more water underground in re-charging projects.

The law limits the districts' powers in that they cannot prorate

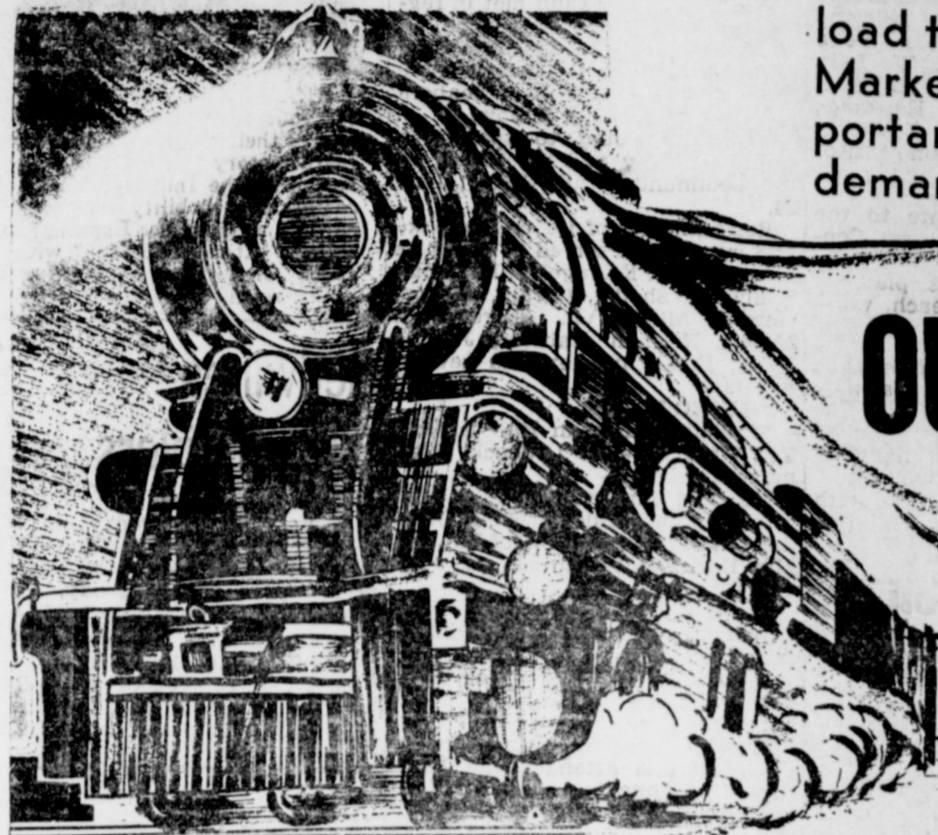

or allocate water and they cannot deny a permit to drill a new irrigation well, so long as the applicant complies with spacing regulations.

Do You Want To Cut Your Federal Taxes?

Slash Government Cost

If your personal or business expenses go up and your income and efficiency come down this year at the same rate as that of the Federal Government, you will be in the hands of the sheriff at an early date.

Workers, farmers, and businessmen from Maine to California know this. The answer is in the Report of the Commission on the Organization of the Executive Branch of the Federal Government. This twelve-man, bi-partisan Commission was unanimously created by Congress with the approval of the President. At the suggestion of Mr. Truman, former President Hoover was made its Chairman and Secretary of State Dean Acheson, Vice Chairman. The late president Franklin D. Roosevelt long had advocated such a reorganization of the government.

There is a two-fold purpose behind the effort to reorganize the Executive Branch of the Government: One—the elimination of inefficiency caused by overlapping and duplication; two—this should lead to a reduction of your taxes. If our Government can save from three to four billion dollars a year by more efficient methods of conducting our business, failure to act is stupid short-sightedness.

Action, however, depends upon the President and Congress. The President has already submitted a number of reorganization recommendations. The Congress has adopted several of these, most important having to do with the housekeeping of the armed forces, which save the taxpayer more than \$600,000,000 a year. But these are only first steps. There will be more ahead if Congress is made to realize Mr. and Mrs. Taxpayer want more tax-saving economies. Congressmen and Senators will vote for just so many of the Commission's recommendation as you, their constituents, demand.

What can you, as an individual, do about it? The answer is to write your Congressman and Senators. Tell them you want the Recommendations of the Commission on the Organization of the Executive Branch of the Federal Government made the law of the land. Join the non-partisan Citizens Committee set up to obtain the necessary action to make the Commission's report work. Write to the Citizens Committee for Reorganization of the Executive Branch of the Government, 1421 Chestnut Street, Philadelphia 2, Pennsylvania, for more information about the Commission Report. Tell your neighbors about it. Make speeches! Make your representatives, in Washington act—now!

New Mexico Gets \$581,000 REA Loan

Seventeen rural communities in eastern New Mexico will get dial telephone service within a year. It was announced Wednesday that a \$581,000 loan from Rural Electrification Administration to Eastern New Mexico Rural Telephone co-operative had been approved. The service will be installed in 17 communities in Curry and Quay counties.

Andrew Chitwood, president of the telephone co-operative's board of directors, and Oliver Kimbrough, manager of Farmer's Electric co-operative, disclosed they had received word of the loan from Sen. Clinton P. Anderson. A wire Wednesday from Claude Wickard, head of REA, confirmed the announcement. Chitwood said the board would go to work immediately on preliminary plans to set up 1,376 miles of telephone lines for service to an expected 1,665 subscribers. However, actual work will not start for several months, Chitwood said.

"There are many legal, managerial and engineering problems to be ironed out before crews can be put to work stringing lines," he said, "but we are ready to go ahead as fast as we can." Chitwood estimated there are 2200 potential telephone users in

the area embraced by the Eastern New Mexico Telephone co-operative. The area includes Parmer and Deaf Smith counties in Texas. "As far as we know," Chitwood said, "this is the first REA loan to a strictly co-operative organization for rural telephones in New Mexico."

Completion of the telephone installation project for the area would make the eastern side of New Mexico the first rural section in the state to have systematized telephone service. Rural communities elsewhere in the state do not have public telephone service, although some points have privately owned units operating on a limited basis. The loan represents 90 per cent of the estimated cost of the project. Farmer-members of the co-operative will put up the remaining 10 per cent.

The following communities will get service of the type afforded Clovis residents: Quay county—Including Forest, House, McAllister, Wheatland, Porter and the town of Quay. Curry county—Center, Pleasant Hill, Texaco, Rosedale, Broadview, Grady, Field, Melrose, Ranchvale, St. Vrain and the Blacktown communities.

The loan will be repaid over a period of 35 years at 2 per cent interest. There would be a breathing spell of several years before repayments would have to be started. This is done by the government in order that the entire project can be completed before repayment starts, and so that funds

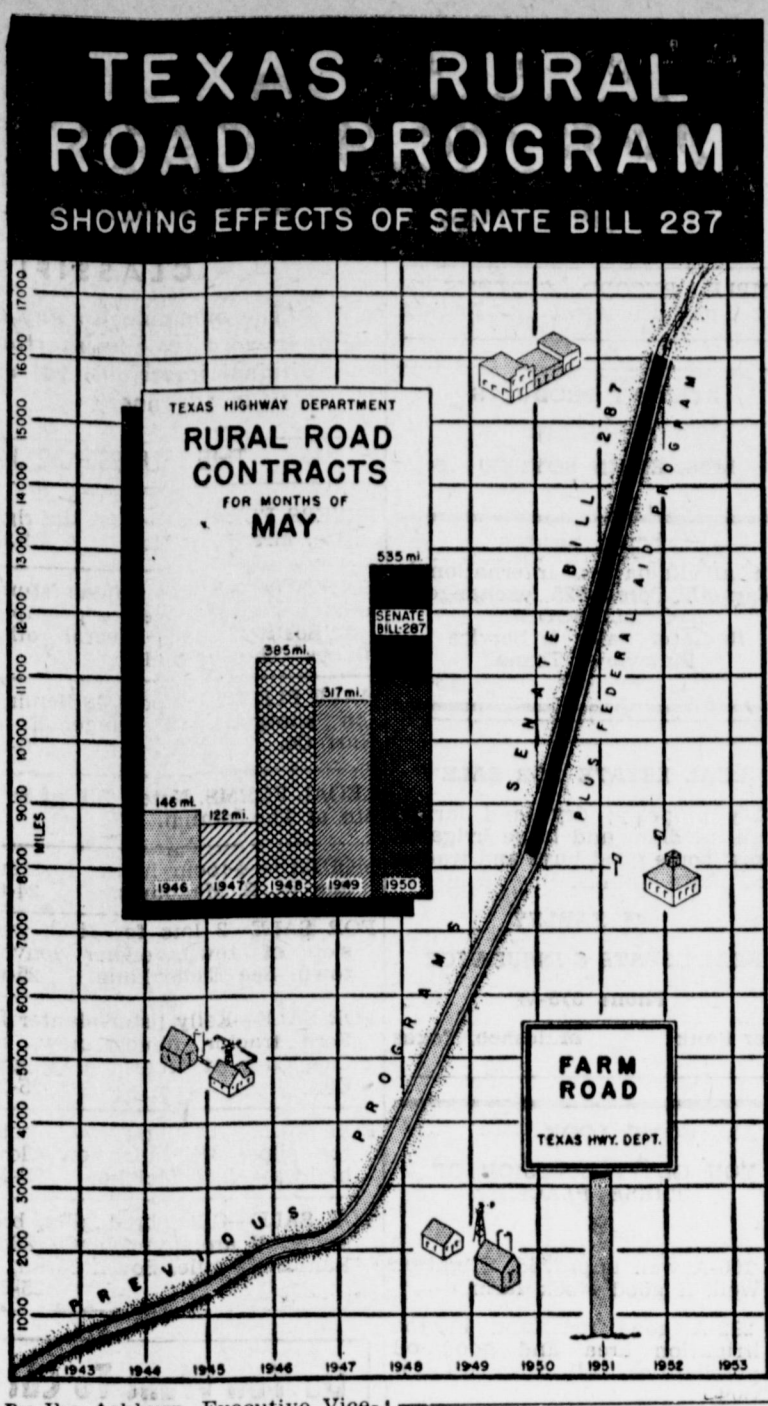

Olton Okays \$50,000 Bond Issue For Paving Of Streets

A \$50,000 bond election to finance a street paving program in Olton carried by an overwhelming majority when Olton voters went to the polls last Saturday. Official count showed that 138 persons favored the bond issue, with only 8 opposing it. The Olton Chamber of Commerce is making a survey to determine which streets will be paved. After engineering work is done, the contract will be submitted for bids. Olton officials hope to get a reasonable bid from the low bidder on the Olton-Hart Camp road project.

CONGRATULATIONS TO: Mr. and Mrs. Charles Alsop, of Sudan, former residents of Muleshoe, on the birth of a son, Monday, June 12. He has been named Richard Clark.

for operating costs can be accumulated. The request for the loan was made early in January after the telephone board of the co-operative had taken applications in November of 1949.

By Ike Ashburn, Executive Vice-President, Texas Good Roads Association.

AUSTIN, June 20.—What progress is the State Highway Department making in its building program for building farm-to-market roads?

I asked that question of D. C. Greer, State Highway Engineer, the last week in May.

Mr. Greer said that he thought the people of Texas should let and what the results of the passage of S. B. 287 are and will be, and what progress the rural road program is making under that bill and under the Federal Aid Act and its provisions for farm-to-market road construction.

The facts related in this informal interview are based in the official records of the State Highway Department. In 1944 the Department's records showed only one thousand miles of secondary or farm-to-market roads. This May, the inventory of the Highway Department reveals nine thousand miles of all weather roads.

The farm-to-market road program shows that contracts which have been let or will be let and completed by the end of 1951 will increase the total of these roads to sixteen thousand miles. These roads will be under state maintenance.

The passage of the Colson-Briscoe Bill (S. B. 287) invoked the largest program in the history of road building; which program is now well underway. This Bill, providing state funds for construction of rural roads makes available one and one-fourth million dollars per month for rural roads, beginning in September, 1949. The funds provided by the Bill are placed in a special rural roads fund. The Highway Department is charged with the responsibility of construction and maintenance of these roads.

Entered New Era
The Highway Department entered into a new era in 1943 when organic changes in the Federal Aid Law made possible the construction of rural roads and also urban extensions within the municipal limits of the cities. It was generally recognized that the financing of the program under Federal Aid Funds, which were matched by the State was too slow and that other sources of revenue were needed.

The Highway Department had planned a system of some eight thousand miles of farm-to-market roads in Texas projected upon the use of Federal Aid money, state matching funds and some county funds.

The area of the state is so vast and the needs of rural citizens so great that the previous programs scarcely made a dent in the problem. The roads that were built under the first programs, only added to the demand for more roads; for they were sturdily built dustless surfaced, all weather routes. Farmers and ranchers who had put up with years of muddy roads when it rained and dust when the sun was out, saw the farm-to-market routes and urged that they, too, should have such a road.

Rural roads carry many vital services. Farmers and ranchers use them to take valuable produce to market. That produce often spoils if the road is impassable. School buses and mail routes use the rural roads. They are the link with the outside.

MOTHER ILL
Mrs. J. E. Dulin received word Wednesday that her mother, Mrs. O. A. Corley of Glen Rose, Tex. who suffered a stroke a short time ago is again seriously ill. Mrs. Dulin expects to leave at any time to be with her mother.

Muleshoe Nine Leading League

Muleshoe continued to lead the West Texas-New Mexico Amateur Baseball League after defeating the Texico-Farwell team 19-5. Muleshoe is the only undefeated team in the league, having won all seven games played.

Sunday they are scheduled to play Bovina here at 2:30 p. m. Baseball fans wishing to see a good game should not be disappointed in this tilt.

Pitchers for Sunday's game were Freeman and White, with Rundell and Wright catching. Lambert, Williams, White, Clements, and Rundell hit homers and several more were credited with two and three base hits.

Teen Town To Elect Officers On Tuesday

Officers are to be elected at the Teen Town next Tuesday night, June 27, at the regular meeting.

The following people have been nominated for the various offices: Mayor, Earl Jennings, Bob King and Billy Wayne Wagon; Secretary, Marilyn Gupton, Billie Faye Graves, Bobbie Collins and Jo Addine Wagon; Treasurer, Sondra Wagon, Jeri Nell White and Rita Peeler; Judge, Bruce Sinnacher and Ray Kersey; Chief-of-Police, Beverly Casey, Bettie Morgan and Freddie Harvey.

Dues must be paid by July 15, 1950.

Here Are Timely Tips To Help Dairy Farmers
Three timely tips to help dairymen are passed along by C. S. Rhode of the Illinois college of agriculture. First, he said, the stalls in most barns are not wide or long enough for the larger cows. Second, cows should not be kept outside during cold rains. Third, harm is oftentimes done by the dairyman neglecting the feet of heifers and cows. They should always be trimmed properly.

Muleshoe WSCS Has Pledge Service

Muleshoe W. S. C. S. met at the church, June 21, with ten members and one visitor present, for the Pledge Service.

Mrs. G. O. Jennings was in charge of the program, which was opened with the singing of "I Love To Tell The Story". Mrs. W. D. Moore led in prayer.

The pledge service is divided into two parts, home and foreign. Need for Christian services in China and Japan was given by Mrs. H. W. Hanks, New needs in India, Africa and South America was given by Mrs. H. Wiltarding. Mrs. I. F. Williams and Mrs. G. O. Jennings sang a duet accompanied by Mrs. Doc Wilhite, Mrs. Beulah Carles given in Other Lands, Needs Within the United States and its dependencies was given by Mrs. H. C. Holt and Mrs. O. N. Jennings gave a tribute to Ruth Anderson.

After a period of silent prayer, the pledge cards were signed and turned in.

The meeting was dismissed with a song, "I Gave All My Life For Thee" and a prayer by Mrs. Holt.

Martin Visits Muleshoe Monday

HERBERT C. MARTIN

Herbert C. Martin, Littlefield attorney and candidate for the Court of Civil Appeals of the Seventh Supreme Judicial District, was in Muleshoe Monday in behalf of his campaign.

Martin was born in Coleman, Texas in 1901 and moved to Lubbock in 1916, and graduated from the Lubbock High School in 1919. He received his law degree from the University of Texas in 1929, and moved to Littlefield, where he has practiced law for more than 20 years. He also served two terms as district attorney of this district. His formal announcement will appear in a later issue of the Journal.

NEW HEAD FOR BAPTIST CHILDREN'S HOME

Dr. Herbert D. Dollahite, pastor of the Procter St. Baptist church, Fort Arthur, has been elected superintendent of the new Baptist children's home in Round Rock.

Dr. Dollahite told his church Sunday June 18, of his election and gave his resignation as pastor. He will assume his new position in Round Rock July 1.

The trustees who chose Dollahite also officially named the new institution the Texas Baptist Children's Home. Now under construction, the home is being built by Mr. and Mrs. Louis Henna, Round Rock. Upon completion in August, it will be given to the Baptist General Convention of Texas.

TO LUBBOCK

Mr. and Mrs. R. G. Horsley, Mrs. Carroll Howell and Mrs. Lois Winn visited in Lubbock Sunday with an aunt.

Rep. George Mahon Says Congress May Cut Cotton Acreage Next Year

Representative George Mahon has reported to the local PMA office that the House Committee on Agriculture is seriously considering the approval of a bill by Congressman Pace of Georgia which would, among other things, drastically reduce cotton acreage allotments in West Texas next year. Mahon states that he has been advised by officials of the Department of Agriculture that under the proposal by Mr. Pace the 19th Congressional District would sustain a loss next year of 335,000 acres of cotton. These acres would go principally to Central and South Texas.

Mahon has appealed to PMA officials in Washington and College Station to seek to be of assistance in preventing this drastic reshifting of the cotton acreage allotments for Texas. He, also, appeared last week before members of the House Committee on Agriculture to protest the proposed action, and he states that he will continue to do everything in his power in behalf of the cotton producers of West Texas.

The 25-county 19th Congressional District received an allotment this year in excess of 2,300,000 acres of cotton which is more than one-third of the allotment received by the entire state of Texas. Mr. Pace insists that the acreage this year for the 19th District was too high by about 335,000 acres. Mahon pointed out that allotments this year were based on 1947 and 1948 plantings and that West Texas received a greater allotment because of heavy plantings in 1947 and 1948, and that other sections of the State would have had larger allotments had they chosen to plant greater acreages of cotton in 1947 and 1948.

The outcome of the pending proposal is uncertain, but Mahon pointed out that the threat of drastic reduction in West Texas in 1951 is a serious one.

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

Volume 28, Number 26

MULESHOE — County Seat of Bailey County — TEXAS

Thursday, June 22, 1950

Pictured above is the modern farm home of Mr. and Mrs. Gordon DeMent, residents of Cochran County since 1943. This home received the electrical salute of the Bailey County Electric Cooperative Association for June.

Mr. DeMent was born at Uvalde, Texas, but spent most of his life at Clarendon and Brownfield, Texas. Since moving to Morton he has done a considerable amount of dry land farming, his chief crops being cotton and grain. Mrs. DeMent is the former Miss Lillie Morgan of Mineral Wells. Mr. and Mrs. DeMent have made their home an example of the comfort and convenience that can be enjoyed on any farm supplied with electricity. Besides the electric home appliances, several farm tools and a pressure pump is supplied by electricity.

AWTREY VISITORS

Mr. and Mrs. O. J. Awtreay of Melrose, N. M. and Mrs. Lula Reed of Gallup, N. M. were guests in the W. H. Awtreay home Sunday. They were returning home from Snyder after a few days visit with Mrs. Awtreay and Mrs. Reed's sister. Also visiting the Awtreays Sunday were Charlie Galvin, Miss Vickie Carter and Vick of Clovis. Mr. Galvin is boss of Santa Fe Extension work and Deon's former boss, when he worked for the Santa Fe.

SUNDAY VISITORS

Visitors in the F. H. Davis home Sunday were their daughter and family, Mr. and Mrs. Foy Futrell and sons, Nik and Ric, of Lamesa, another daughter and family, Mr. and Mrs. Weldon McCarty and daughter, and Mr. and Mrs. Gus White, Jr., and son, Lynn, of Lamesa.

FROM OKLAHOMA

Bill Covin was home over the week end from Oklahoma.

Congress Considers Bill To Boost Conservation Aid To \$400 Million

Farmers of the county will be interested in an amendment which Congressman George H. Christopher of Missouri, a member of the House Agriculture Committee, offered today in the House of Representatives to the Department of Agriculture's Appropriation Bill to increase the Agricultural Conservation Program from \$282.5 million to \$400 million. Congressman Christopher, in presenting his amendment said, "It is time and high time that the people of the United States and the Government of the United States woke up to the fact that soil conservation is the greatest need of the country at the present time and that our loss of topsoil is our greatest misfortune."

The PMA program for Agricultural Conservation has taught the American farmer and helped him financially in a program of terracing and liming and other soil building practices and has done more for actual soil conservation accomplished in the fields than all other programs combined. Every dollar of taxpayers' money that has been spent by PMA has already returned to the Federal Treasury in income taxes paid by farmers who would never have made enough money to pay any income tax had it not been for the PMA program.

The appropriation for the PMA program should be raised to \$400,000,000 per year. The two greatest needs today are lime and terraces. Terraces to protect the body of the soil itself and lime to increase the growth of legumes. Money spent for soil conservation is not an expense but the best investment the taxpayers of the United States have ever made or ever will make because it helps guarantee food, clothing, and shelter not only for themselves but for their children and grandchildren." Said Congressman Christopher

further: "We say we are the greatest country in the world, which is true, but let me recall something to your minds. India, Korea, China, Manchuria, Formosa, Burma, Indochina, with her teeming populations, have only four-tenths of one acre of land that is fit to grow food per capita. We say that Asia; those are the backward countries of the world, the countries that we need to help. And, I voted on the floor of this House for appropriations to help them. How do we stand in the United States from the standpoint of something to eat? We have 3 1-2 acres of good agricultural land for every man, woman, and child in the United States, figuring that we have a population of 150,000,000. What would we have in the United States if we are crowded like Asia is crowded? Instead of having 150,000,000 people in the United States to live off our soil we would then have more than 1,300,000,000 people in the United States to live off our soil. If we should double our population and add 1,000,000 people to it, then we would be in the condition that Asia is today, and today in the United States we do not have enough houses with only 150,000,000 people. What in God's name would we have if we had 1,300,000,000 people in the United States to live off our soil instead of the 150,000,000 that we do have?"

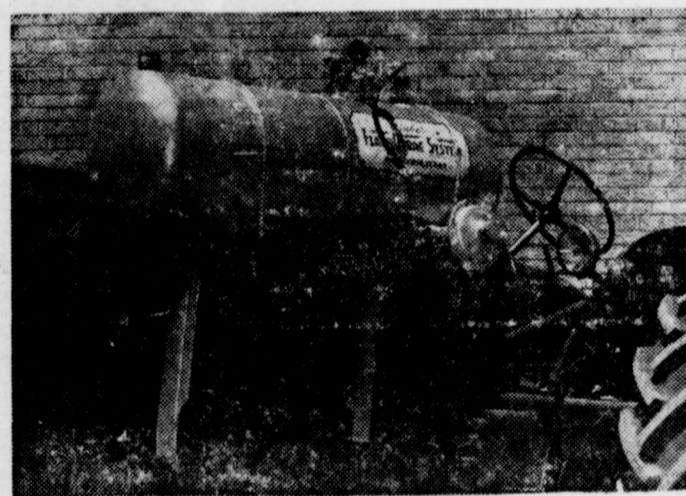

ATTEND FAMILY REUNION

COLLEGE OFFICIALS SAY 16 JALOPIES ARE JUNK-PILE BOUND

LUBBOCK, June 19—Sixteen over-age autos, ranging from jalopies to fairly respectable models, are creating a campus parking problem at Texas Tech. No one will claim them, and for one reason or another they won't run.

Marshall Pennington, college comptroller, said that unless owners of the vehicles have them removed from the campus soon, the cars will be impounded by police officials and turned over to the Lubbock junk yard.

Some of the models represent varying degrees of artistic interpretation. Several have designs which hark back to the 1920's although one has lines which mark it as a limousine model of the early 1930's.

ON VACATION

Mr. and Mrs. Ike Robinson and Mrs. Gladys McWilliams left Saturday for a two weeks' vacation in Iowa, Minnesota and Canada.

RABSON DISCUSSES

Theological Schools And Business

BABSON PARK, Mass., June 16— I will divert this week's column to what most readers will consider a subject entirely out of my field. Please, however, be patient and read this through. I feel it has an important suggestion to every businessman.

HERE IS MY QUESTION

In view of a recent talk with President Edward B. Hinckley of Utopia College, Eureka, Kansas, I have been studying the 200 Theological Schools of the U. S. and Canada. As a rule, they are well operated and fairly endowed; but most often are poorly attended. Perhaps, this is because they think too much concerning the "ministry of preaching" and too little about the "ministry of service".

Now my question: "Why should these religious schools train men only to serve humanity through the churches, why not train men also to serve humanity through business?" Certainly, almost all business concerns need more religion. They need more praying executives who are interested in rendering more service. This especially applies to sales managers and their assistants. If they have a product which the public needs, then why not use the power of prayer in its distribution? This may sound strange; but isn't it a fair question?

CONSIDER A DRUG CHAIN

I have in mind a small chain of some sixty well located drug stores. The president of the company is an honest, hard working man who knows the drug business from A to Z. He can control the buying which is very important—both as to goods selected and the prices paid. But otherwise he is largely dependent upon the present—more or less—indifferent character, energy and desire for service of the managers and clerks of these sixty stores. Hence, think what would happen if these present store managers—most of whom now are interested only in their monthly pay—should gradually be substituted by bright and ambitious graduates of Theological Colleges. These would be young men taught to like and help people and to get results through prayer;—truly anxious to aid everyone who would come into the stores. Surely the reputation of these stores would rapidly increase.

Likewise these young theological graduates could meet more people and do more good in these drug stores than they could possibly do in a country church. If they want also to preach somewhere on Sundays, this could be arranged. They, moreover, would then preach a better sermon after five days in a prescription drug store serving the sick and friends of the sick. They also would have an opportunity of making friends with young people who congregate at the soda fountains.

BETTER OPPORTUNITIES FOR CLERKS

Such young men, who would begin as clerks, when later promoted to become store managers would employ only similar earnest praying people with a burning urge to be of service. This spirit of helpfulness would both appeal to doctors and give the stores a high standing in the community. They could then afford to sell only the best goods, being always assured of a fair profit.

I have used the drug store chain merely as an illustration. The same principal would apply to any store

selling honest and useful merchandise. One of two things: **Either devoted church people should make much better employees or else we had better reform our churches.** Our present half-way attitude is a great mistake. Theological Colleges might correct this.

MORE STUDENTS SHOULD ATTEND THEOLOGICAL SCHOOLS

Or, such colleges could give a Two Year Course especially to train spiritually minded young people for business. They thereby could render further service as very few Business Colleges teach their students how to pray for or serve others. Such courses should naturally have some business studies covering selling, finance and administration; but these would also be helpful to those who are to enter the ministry of preaching. Not only does the nation's employment situation depend largely upon its selling organizations, but a preacher's usefulness depends much on his salesmanship abilities. Hence, the basic question:—Do those attending Theological Colleges really want to help the most people in the most useful way? If so, more of them should enter spiritually understaffed businesses rather than overlapping churches.

TODAY'S meditation

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

KINGDOM BUILDING ON EARTH

"The same came for a witness, to bear witness of the Light, that all men through him might believe."

(John 1:7) Read John 1:1-14.

Horseback riding has long been a hobby with me. One day just before taking a ride, I was prompted to ask John, a bachelor who cared for my horse, about his relationship to Christ. In reply he said, "I haven't been baptized." When I asked him if he wanted to be baptized, he said he did and that he would like to be baptized in the church. Then he added, "But Sunday is a big day at the riding academy; I don't think it would be possible for me to be in the church on Sunday."

Two weeks later we had a new pastor. Among his first duties was the funeral for my friend John. How happy I was that I had spoken to him about his soul!

When I went to speak to his

TO WELLINGTON MEETING

Rev. and Mrs. L. C. Reese left Monday for Wellington to begin a two weeks evangelistic meeting and will go from there to Kentucky and Arkansas. They have been conducting a First Christian revival here and at the same time visiting their daughter, Mrs. R. R. Holton and family.

As we have therefore opportunity, let us do good unto all men. —Galatians 6:10

felt some regret at not having done so sooner than I did. Above all, I strongly sensed the urgency of doing today's work for the Kingdom today.

PRAYER
Our father who art in heaven, daily put the burden of souls upon our hearts and minds. May we be ever true to the opportunities as we meet them. For Christ's sake. Amen.

THOUGHT FOR THE DAY
"I love to tell the story of Jesus and His love."
—R. W. Campbell, Insurance (Pennsylvania)

NEW WAY TO RAKE HAY

The Ferguson Side-Delivery Rake is designed specifically for tractor operation. It greatly reduces leaf-shattering... safeguards the quality and value of your hay!

This rake is truly unique. New six-bar offset reel handles hay gently. No pitching, kicking and tossing even at high speeds. Instead, your hay is lifted gently, up and over into light fluffy windrows with the precious leaves turned inward.

True "sideward" raking action reduces the distance from swath to windrow by 50 per cent. There is far less rolling and churning... no sudden jarring.

Tractor-mounted... power take-off driven... Finger Tip Controlled. And it's surprisingly low in price.

"ROCKET 88" OLDSMOBILE WINS 2178-MILE DURABILITY RUN!

Outperforms 131 other cars in grueling Texas-to-Guatemala test!

Below, The map of the course. At right, Herschel McGriff and his Oldsmobile "88".

Here's proof of the brilliant performance and rugged dependability of the "Rocket 88" Oldsmobile. In a 2178-mile endurance run, down the full length of Mexico on the newly opened Pan-American Highway, a 1950 Oldsmobile "88" topped a field of 131 other cars! In

fact, three of the first ten and six of the first twenty were Oldsmobiles! This is clear evidence of the outstanding performance and endurance built into every "Rocket" Engine and every Oldsmobile! Make your date with a "Rocket 88" at your nearest Oldsmobile dealer's!

Side Dressing May Be Needed In Corn Fields

COLLEGE STATION, June 19—Farmers who applied from 200 to 300 pounds of 4-12-4 or 5-10-5 fertilizer per acre on their corn land have supplied enough phosphoric acid to produce about 60 bushels of corn but only enough nitrogen to produce 15 bushels, says M. K. Thornton, extension agricultural chemist of Texas A. & M. College.

He adds if the soil was already rich in nitrogen and potash, a big per acre yield of corn can be expected if weather conditions during the growing period are favorable. Growing a properly fertilized and inoculated legume crop in a regular crop rotation system is one of the best methods for adding much of the extra nitrogen that will be needed by the following crop, says Thornton. The legumes, when they

are turned under not only add plant food to the soil but also organic matter. This in turn improves the tilth of the soil and increases its water holding capacity.

If the soil does not already have the necessary nitrogen stored in it, a low per acre yield will be harvested from small yellowed stalks, he says. Such corn will not stand a drought.

To insure a good corn yield, he suggests the use of 200 pounds of ammonia nitrate or 300 pounds of sulphate ammonia applied as a side dressing. He says these amounts will balance out the fertilizers that were added to the soil in the beginning of the crop year.

He says the crop will stay greener longer; will stand up better if the weather turns dry and that the corn harvested will be high in quality.

TO MULESHOE

Mr. and Mrs. Horace Holt and family of Amherst were Muleshoe visitors Sunday.

Less Husk In Pop Sorghum

COLLEGE STATION, June 19—Pop-sorghum—a cross between Haiti's Petit mil and India's Shalu developed by plant breeders of the Texas Agricultural Experiment Station—has one big edge on popcorn. The hull is thinner and more tender so there is less husk to lodge between the teeth.

It's just as delicious—most of the few people who have sampled it so far say more so—and as nutritious as popcorn.

The expansion of pop-sorghum is around 15 to 1, about the same as the popcorn varieties of 10 years ago, but not nearly so high as the 25-30 to one expansion of the large grained popcorns of today.

R. E. Karper, agronomist in charge of Texas A. & M. grain sorghum investigations, said the aim was to come up with a farm or home confection for areas where sorghum does well and corn does not. As it turns out, its small size makes it a natural for packaged caramel and candied confections. Mr. Karper also sees possibilities for its use as a puffed breakfast

cereal. Pop-sorghum stays crisp for a considerable time after being popped.

The Texas Station has distributed a small amount of pop-sorghum seed to seedmen for increase and distribution to the trade. No further seed is available for distribution in 1950.

CITATION BY PUBLICATION THE STATE OF TEXAS

TO: T. V. HILL, EFFIE HILL, H. E. BARRON, the Unknown Heirs of T. V. HILL, deceased, the Unknown Heirs of EFFIE HILL, deceased and the Unknown Heirs of H. E. BARRON, deceased Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court 64th Judicial District of Bailey County at the Court House thereof, in Muleshoe, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 7th day of August A. D. 1950, then and there to answer Plaintiff's Petition filed in said Court on the 19th day of June A. D. 1950, in this cause, numbered 1653 on the docket of said court and styled W. T. CUNNINGHAM and C. C. CUNNINGHAM Plaintiffs, vs. T. V. HILL, EFFIE HILL, H. E. BARRON, The Unknown Heirs of

T. V. Hill, deceased, The Unknown Heirs of Effie Hill, deceased, the Unknown Heirs of H. E. Barron, deceased, ETTA YEAGER and C. L. Yeager Defendants.

A brief statement of the nature of this suit is as follows, to wit: Suit in trespass to try title by C. C. CUNNINGHAM for all of the West one-half of the Northwest Quarter of Section No. 90, Block "B", Melvin Blum and Blum Survey, Bailey County, Texas, forty acres together with all minerals, oil and gas in and under same and suit in trespass to try title by W. T. CUNNINGHAM for all of the East one-half of the Northwest Quarter of Section No. 90, Block "B", Melvin Blum and Blum Survey, Bailey County, Texas, forty acres, together with all minerals, oil and gas in and under same, as is more fully shown in Plaintiff's Petition

THE MULESHOE JOURNAL, Thursday, June 22, 1950

on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and Seal of said Court, at office in Muleshoe, Texas this the 19th day of June A. D. 1950.

Attest:

M. G. Bass Clerk, District Court, Bailey County, Texas
By Hazel Gilbreath Deputy.

Home Gardens Are Paying Off

COLLEGE STATION, June 22—The home gardener is now reaping the benefits from his labor and the investment made in a few seed and fertilizer. In most cases, the returns are coming to the family in terms of vitamin rich, crisp,

high quality vegetables, says J. E. Hutchinson, associate extension horticulturist of Texas A. & M. College.

He says the supplies of fresh vegetables are plentiful but that the home gardener who raised a good garden this spring is putting the difference in the family bank account. And he adds, it's considerable. The first planted vegetables probably have reached their peak

and the old plants should be removed from the garden, he says. Get the soil in shape for additional plantings of other vegetables or fallow it for the fall garden. Moisture conditions are favorable in most sections of the state at this time and some of the hot weather vegetables can still be planted.

Hutchinson says tomatoes should be harvested when they begin to turn pink. They should be spread out in the shade for a few days until they take on a deep red color. By following this practice, you will be getting tomatoes of maximum quality from your garden.

He pointed out that onions should not be harvested until the tops have begun to fall over. This is an indication of maturity. In most cases, the onions can be pulled from the ground easily. A sideways pull will usually do the job. Here is his suggestion for handling the onions that you will be storing for home use: after the onions are pulled, place them in a cool, shady place until they dry out. When the skin of the onion becomes dry, it will crackle like tissue paper and this indicates they are ready for

Recreation Program News

By EARL JENNINGS

The Lions Recreation Program Softball teams moved into their first week of play last week. After losing their first game to the Cubs the Yankees won five in a row to take first place. Members of the Yankees include Roy Harris, Robert Richards, Jr., McKnight, Dick Johnson, Troy Witherspoon, Albert Thomas Horace Richards, Gene McKnight, Forest Creamer, Bob Daniels, Bo Bryant, Billy Greason, Deryl Gatewood, Charles Newport, Travis Clements and Curtis Thomas. Battering statistics of the first week show the Yankees dominating the hitting. Charles Newport leads in hits with 21, doubles with 8, total bases with 43, and he is tied with Travis Clements of the Yankees in runs batted in with 13. Robert Richards of the Yankees leads in runs with 16 and home runs with 4. Charles Newport .508, Curtis Thomas .789, and Roy Harris .760 are the leading hitters. All three

are Yankees. Roger Graves of the Cardinals leads in triples with 5.

Bob Daniels of the Yankees is the leading pitcher having won 5 and lost none. Charles Newport has struck out 12 batters to lead in this department. He also is a Yankee. Jack Wilemon of the Cardinals has walked the most batters, 14.

The Pee Wee League was formed this week. Teams chosen were the Red Sox with Johnny Tubbs and Buddy Peeler as Captains, and the Tigers with Jerry Roddam and Thomas Peace Captains.

Muleshoe is fortunate in having one of the best swimming pools in this section of the country. Although small, it is more than adequate for our City. It has an excellent automatic filtering system which completely changes the water in approximately six hours, thereby making it one of the most sanitary swimming pools in this section of the country. Most older pools change the water on an average of once or twice a week. The City is also fortunate in securing Coach Green as manager and Joe Cummings, who holds a Red Cross Senior Life Saving Certificate, as Life Guard.

Swimming classes for the Lions' Recreation Club members started this week. The Club will swim every Monday, Wednesday and Friday morning. Classes have begun for Beginners, Intermediates, and Jr. Life Saving. Don Jackson who holds a Red Cross Instructors Certificate and Beverly Casey who holds a Red Cross Life Saving Certificate will do the instructing. To be eligible the members must attend the other meetings of the Recreation Club regularly.

A number of members aren't attending the swimming classes for various reasons, some for lack of their parents consent. This is unfortunate, because according to recent figures released through the Red Cross, nearly 7,000 people lose their lives every year because they do not know how to swim! Twenty-five per cent of these are in the

age group from 5 to 15. More recently we are reminded of the Memorial week end drownings which totaled over eighty!

Let's teach the Muleshoe children how to swim and keep them out of the 7,000 who drown each year.

Appreciation Day is Saturday

storage. Leave the tops on and tie them in small bunches, six to eight to the bunch. These should then be hung in a building where there is good air circulation. He says the thick-necked and double onions should be separated at once and used for this type is usually a poor storage risk.

Onions that are to be sold should be cured, as suggested, and the tops should be clipped to one-half to three-quarters of an inch in length. They are then ready for grading and sacking. Open mesh bags should be used.

He says the garden area from which the potatoes and onions have been harvested should be prepared and replanted. Sweet potato vine cuttings, blackeyes, purple hull, cream peas or even a late planting of sweet corn may be used. Other heat-tolerant plants are bell peppers, New Zealand spinach and egg plant.

The important thing, he says, is to keep the garden producing on a year-round basis. The surplus from the garden may be canned or frozen and by this method the family can enjoy fresh vegetables the year-round.

West Texas Gas Co., a Corporation, to Millard M. Bayless, a plat of land, taken from the plot and dedication of Lot No. 6, Block No. 1, Lakeside Addition No. 2 to the City of Muleshoe, \$1 and other with General Mills in Amarillo. He expects to assume his duties at Lazbuddie at the beginning of the coming school session.

Demand Stronger For Lighter Weight Hogs

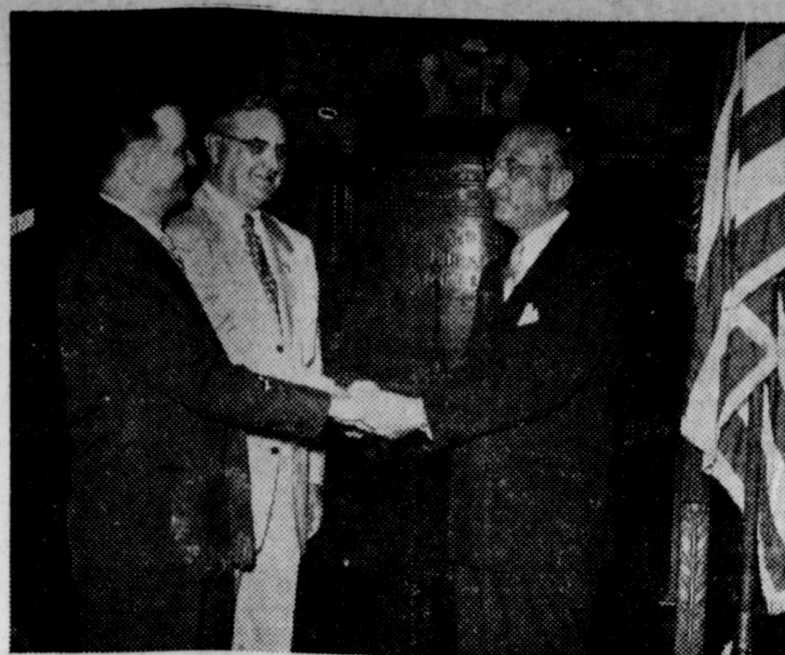

COLLEGE STATION, June 22—Swine producers may hold the answer to better prices. The lighter weight hogs, those weighing from 200 to 230 pounds, stand the best chance of topping the market, says E. M. Regenbrecht, extension swine husbandman of Texas A. & M. College.

He says that hogs weighing more than 230 pounds are not in strong demand because of their lardiness, and too, after they pass this weight they become less efficient utilizers of the feed they consume.

He recommends watching the hog gains very closely and topping out the animals as they reach the 200-230 pound weight range.

Regenbrecht says that Texas is still a heavy pork importing state and he believes that Texas producers can profitably increase their output of hogs.

He says that hog producers should strive to continually im-

prove the quality of the hogs they produce for market and that good pastures and more efficient feeding and management practices should be followed to cut down the production costs.

Hog producers and especially those who feed hogs for market should watch closely the research work that is now underway at many of the State Experiment Stations, including the Texas Station, on the use of APF (animal protein factor) vitamin B₁₂ and the antibiotics, in the hog feeding rations. These research findings may very materially affect hog production in the near future.

Survey Of Tech Students Shows 67% Of People Want Inexpensive Funeral

LUBBOCK, June 19—Most people would prefer a low-cost funeral and are pretty indifferent to the whole business of dying, a survey made at Texas Technological College has revealed.

The poll was made by W. J. Neal, Lubbock student who based his questionnaire on the kind of funeral folks would prefer. He found that 67 per cent of the interviewed persons were either against elaborate burials and funerals, or didn't care much—one way or the other. Only 33 per cent said they wanted an expensive funeral rite.

To the question, "How expensive a funeral would you desire?" about half the polled group wanted a burial costing \$350 or less. The other half preferred expensive ones, with \$700 getting the nod as an ideal expense.

Neal found that 57 per cent either preferred a wooden casket or didn't care whether they were buried in a wooden box or a metal one. Thirty-six percent wanted an air-tight casket but 64 per cent didn't want one or didn't care. Only 29 per cent wanted a new suit (or shroud) for their burial.

A break-down for Neal's figures showed that divorcees were most

Wheat Allotments For New Farms Deadline Nears

Farms on which no wheat was seeded for harvest in any of the years 1948, 1949, or 1950, may apply for a 1951 wheat acreage allotment, according to H. E. Schuster chairman of the Bailey County Production and Marketing Administration Committee. To be considered for an allotment on a new farm the farmer must apply in writing to his county PMA Committee by June 26, 1950 at the county office in Muleshoe.

The application must contain evidence that the land for which an allotment is required is suitable for the production of wheat and that the operator will be largely dependent for his livelihood on his farming.

Less Elbow Grease Needed

COLLEGE STATION, June 19—The present day homemaker can do the house cleaning chores easier and with less elbow grease than in years past because science has come to the rescue. High on the list of modern aids to the job of house cleaning are the detergents. These detergents dissolve soil, especially greasy soil, and they do it more rapidly and effectively

than soap and water, says Mrs. Florence Low, extension home management specialist of Texas A. & M. College.

She reports that recent tests conducted by the New York Experiment station have dug into the merits of the detergents for household cleaning jobs and their findings should prove to be time and labor savers for homemakers across the nation.

Mrs. Low suggests that when you wash walls, woodwork and other painted surfaces with one of the new cleaners or shampoo upholstery and rugs, that you try gentle handling instead of using so much energy rubbing and scrubbing. It will save wear on you as well as on the fabrics and finishes. When finishes and fabrics are softened and moistened with alkaline cleaners or other detergents scrubbing may cause unnecessary wear.

She says generally four steps are recommended when cleaning with water. Remove loose dirt by advance brushing or vacuum cleaning; apply the detergent solution to the surface rapidly, and use as little of the detergent as possible to prevent soaking the upholstery or dripping down painted surfaces; remove the detergent by going over the surface rapidly with a sponge or absorbent cloth wrung out of water and dry quickly by rubbing lightly with a towel.

Directions that come with some of the wall cleaners do not sug-

gest rinsing. She says this is probably because manufacturers have found that small amounts of detergents left on the wall surface will do less damage than too much rubbing when the surface is wet.

She says avoid scouring walls, woodwork and all finished surfaces. The good cleaning materials that are available today make scouring unnecessary, even for soiled paint. Strong alkaline substances, such as washing soda or ammonia, should not be used for they are hard on paint—they dry it and in time may make it flake off—and they may affect the color.

In conclusion, Mrs. Low says that regardless of the cleaner used, all directions should be followed carefully. Many tests have been made with various materials offered on the market and the recommendations offered by the manufacturer should be followed if you expect to get the best results from the product used.

RETURN TO CALIFORNIA

Mr. and Mrs. John Harding of Long Beach, Calif., returned safely home after a two week's vacation with Mr. and Mrs. E. E. Dyer and family of Muleshoe, a letter from them stated Saturday. They also stated that Muleshoe is a progressive little city and they wished to extend their thanks to the Dyers for making their vacation very enjoyable.

indifferent to burial plans. Seventy-five per cent of the divorcees wanted inexpensive funerals, including wooden caskets. Single men preferred burial in old suits by a 91 per cent majority, but 33 per cent of the married men wanted a new shroud.

Of the 106 persons interviewed, 80 per cent said they didn't mind being buried in a "non-exclusive" section of the cemetery—and of that group 38 per cent declared that they positively didn't want to be.

Neal said the survey showed that the interviewees wanted members of their family to have better funerals than they personally desired.

Crossings should be Seen and not Felt

WHEN the sign says "Stop, Look and Listen," the prudent driver does. But after that what? Must you still move forward at a cautious crawl or pay toll in jar, jitter and jounce? Not, good sir, when you're at a Buick's wheel. You step on the throttle, move easily, swiftly forward. Your wheels dance—your tires drum-roll over rail and plank. But four gentle coil springs, one on each wheel, are working their magic—and you hear rather than feel the rough spot you have crossed.

That, of course, is only one kind of rough going you can meet in your travels. It's only one kind of discomfort your Buick's built to master. For beside gentle coil springing, every Buick rides on soft, low-pressure tires. Every one is steadied by a rigid torque-tube. Every one boasts a rigid, weaveproof frame—soft, sure shock absorbers—even special engine mountings to minimize vibration. They can have the special added smoothness of Dynaflo Drive,* cushioning power-thrust in spinning oil.

So rough spots seem to level out

at your coming. Boulevards take on a new smoothness. You know what riding comfort is—why the Buick ride is called matchless.

So how about it? Come climb into a Buick and see for yourself what we mean. You'll get a style-thrill and a power-thrill along with your ride-thrill—and a story on price that eliminates your last excuse for not traveling in the Buick manner!

Only BUICK has Dynaflo— and with it goes: **HIGHER-COMPRESSION** Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) * **NEW-PATTERN STYLING**, with **MULTI-GUARD** fenders, taper-through fenders, "double bubble" taillights • **WIDE-ANGLE VISIBILITY**, close-up road view both forward and back • **TRAFFIC-HANDY SIZE**, less over-all length for easier parking and garaging, short turning radius • **EXTRA-WIDE SEATS** cradled between the axles • **SOFT BUICK RIDE**, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • **WIDE ARRAY OF MODELS** with Body by Fisher.

FOUR-WAY FOREFRONT
This rugged front end (1) sets the style note, (2) covers on repair coils—vertical bars on individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

COLLEGE GRADUATE STARTS TO SCHOOL

Whether he be from the Class of 1917 or the class of 1947, your Southwestern Life agent is a trained life insurance counsellor. Each year additional carefully selected representatives who have chosen life insurance as a career start to school all over again in Southwestern Life's educational classes. The purpose, of course, is to prepare these men and women thoroughly for the lifetime task of providing sound advice and continuing assistance in life insurance matters to the people of their communities. A Texas Company now in its 48th year of service to Texans, Southwestern Life considers adequate training of its agents a first essential in planning life insurance programs that best serve individual needs.

"Christian Science" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 25.

The Golden Text is: "How beautiful upon the mountains are the feet of him that bringeth good tidings, that publisheth peace; that bringeth good tidings of good, that publisheth salvation" (Isaiah 52:7).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "O send out thy light and thy truth: let them lead me; let them bring me unto thy holy hill, and to thy tabernacles" (Psalms 43:3).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The All-wise does not bestow His highest trusts upon the unworthy. When He commissions a messenger, it is one who is spiritually near Himself" (page 455).

HAVING TO REPLANT
Nearly all of the growing crops on the Troy Atkinson farm in Progress community were destroyed in the terrific rainstorm which hit that neighborhood a week ago Saturday. Mr. Atkinson said he saved 25 acres. It was too late to replant cotton, but other row crops are being replanted.

Cape Horn is at the southernmost tip of South America.

RUIDOSA VISITORS
Visiting in Ruidosa, N. M. last week end were Mr. and Mrs. Woodie Lambert, Mr. and Mrs. Bob Gregory, Mr. and Mrs. Babe Barbour, Mr. and Mrs. Murrell Brown and her brother and wife of Lubbock.

TO COWLES
Dr. and Mrs. L. T. Green and family left Sunday for an extended visit in Cowles, N. M.

Marine Corps To Take Enlistments

LUBBOCK, June 19—The United States Marine Corps recruiting service is accepting enlistments of young men between the ages of 17 to 28 inclusive. Men 17 years of age are required to have their

parents consent and those 18 or over can speak for themselves.

Anyone from this area that can qualify and are accepted for enlistment will be transferred to the district headquarters office in Dallas for processing and sent to San Diego, Calif. for their basic training period of ten weeks. Three weeks of this period will be spent on the rifle range firing and learning the different type of weapons used by the Marine Corps.

After completing this training the men are issued the Marine dress blue uniform and promoted to Private First Class and receive a ten day vacation with pay. Upon completion of their vacation they will attend one of the many trade schools that the Marine Corps has

for training young men or be assigned to one of the duty stations some where in the United States. There will be a Marine Corps recruiting sergeant in Muleshoe on the 1st and 3rd Mondays of each month from 12:30 till 1:30 p. m. at the Post Office Lobby.

Looky, Looky, Looky...

"...here comes cookie!" "Cookie" is scarcely the term to apply to these glamorous little Coconut Marshmallow Treats—they deserve a much fancier one. However, there is nothing fancy about making them! They couldn't be simpler! The beverage you serve with them should be equally glamorous, so why not try tall, cool Mocha Floats. They are quick and easy to make, too, if you use the wonderful new 4 in 1 instant cocoa mix. What a treat—for a planned party or for the friend who drops in casually on an afternoon!

And, by the way, with this instant cocoa mix, you can meet daily dairy food requirements of growing bodies, as well as small fry demands for chocolate milk shakes, with no trouble at all. And for additional nourishment, you'd better keep the cookie jar well stocked with tempting Spicy Oatmeal Cookies that have in them sugar and spice and coconut nice!

Coconut Marshmallow Treats

Cut marshmallows in halves. Dip cut-side in shredded coconut. Place, coconut up, on graham crackers. Bake in moderate oven (350° F.) about 10 minutes, or broil under medium heat until delicately browned.

Mocha Float

¼ cup cold Chocolate Sauce
1 cup chilled milk
Coffee ice cream
Combine chocolate sauce and milk and blend well. Pour into tall glass. Add ice cream and serve at once. Makes 1 serving.

Chocolate Sauce: Combine 1 cup instant sweet cocoa mix and a dash of salt in saucepan. Add 1½ cups hot water. Place over medium heat, bring to a boil, and boil 4 minutes, stirring constantly. Remove from heat, add 2 tablespoons butter, and mix until smooth. Makes 1½ cups sauce.

Spicy Oatmeal Cookies

2 cups sifted flour
1 teaspoon soda
1 teaspoon salt
1 teaspoon cinnamon
1 teaspoon nutmeg
1 cup sugar
½ cup rolled oats
1 cup shredded coconut
2 eggs, well beaten
¾ cup melted butter or other shortening
½ cup milk
1 teaspoon vanilla

Sift flour once, measure, add soda, salt, spices, and sugar, and sift again. Add rolled oats and coconut and mix well. Combine eggs, shortening, milk, and vanilla and add all at once to dry ingredients. For cookies with a rough appearance stir batter until ingredients are just blended. Or beat well for smoother, cake-like cookies. Drop from tablespoon on ungreased baking sheet 2 inches apart. Bake in moderate oven (350° F.) 15 to 18 minutes. Makes about 3 dozen large cookies.

Collective farms in the U.S.S.R. are called Colkhoz.
