

## Free Chest X-Ray Available Soon

Approximately 1,500 people in Bailey County are eligible to have free chest X-rays made by the Tuberculosis Association. These X-rays will be available to all persons 15 years of age and older, JayCee president Buddy Blackburn announced after the meeting Monday night.

The mobile unit will be here for three days in October. The purpose is to locate tuberculosis and help stamp out this dreaded disease. If found in time, a person can be completely cured.

These X-rays are absolutely painless and there is no disturbing whatsoever. It takes only a few seconds to make the picture. The dates and further details will be announced later.

These free X-rays are being sponsored by the Muleshoe P-TA and the Junior Chamber of Commerce. Mr. Hoover of the TB Association will be here next Thursday to complete the final arrangements.

Mrs. Leon Julian, president of the Muleshoe High School P-TA, and Mrs. Leon Smith, president of the Elementary P-TA, met with the JayCees Monday night to arrange for committees and persons to assist with the work.

Committee chairmen appointed were: Travis Barnett, general chairman; Carroll Howell, clerical assistance; Harry Linderer, publicity; Buddy Blackburn, location; R. Putman, W. M. Pool, loading and unloading; Roy Dyer, transportation; Sam Dammron, telephone; and Tootie Middlebrook, house to house campaign.

### IN FT. WORTH HOSPITAL

John Roy, telephone company employe who received a broken leg in a fall recently, has been under treatment in a Fort Worth hospital. The family had been with him, returning home early this week.

### TO ENROLL AT ENMU

Joyce Blackburn, who graduated from Muleshoe high school last spring, will enroll at Eastern New Mexico University, Portales, this fall. Miss Blackburn, daughter of Mr. and Mrs. Horace Blackburn, will major in speech.

## Crop Saving Rains Fall In Wide Section; Muleshoe Had 1.57 Inches

That million dollar rain has fallen in the Muleshoe territory. Beginning Saturday night rain fell slowly all over the country, giving relief to cotton and feed plants that were feeling the need of moisture, and providing an under-ground shower for wheat planting. Much of the territory received more than the amount that has fallen in Muleshoe, measured at 1.57 inches.

By days, rain fell as follows: Sunday, 1.12; Monday, .29; Tuesday, .07; Wednesday, .09; Thursday, .09; Friday, .09; Saturday, .09.

Ross Goodwin, residing several miles west of Muleshoe, said he had a mighty fine rain, estimating that about 1.50 inches had fallen at his place up to Tuesday. Intermittent showers continued Monday and early Tuesday.

**GOOD RAINS TO SOUTH**  
County agent J. K. Adams reported that the whole country from Muleshoe to Bula apparently was covered with a 2 inch rain early this week. Crops would be greatly benefited, he thought.

Mr. Adams said speculation in that territory is rife on the question of whether young grain will get to mature before cold weather sets in. His own opinion was that approximately 50 per cent of the grain sorghum crops of that section will make grain, perhaps only a part of this that will be good

## Muleshoe Garden Club Flower Show Rated As Success; Winners Listed

### Jones Farm Has New Field Man

Jones Farm Store this week announced the employment of Joe C. "Slim" Callahan as their field representative, effective at once.

Mr. Callahan, who is thoroughly experienced, will contact farmers of this area in regard to their feeding, fertilizing, or insecticide problems and he will be available at all times to them in an advisory capacity.

"Chief" Jones, proprietor of the store, said his services are free to farmers and he invited them to feel free to consult Mr. Callahan at any hour of the day.

Mr. Callahan has just completed the course at the Purina Feeding School, in Fort Worth, and will receive his diploma from the school this month. He was employed with the Plainsman Supply Company, in Plainview, for two and one-half years in this same line of work and has been associated with the Farmers Supply at Texico.

Mr. and Mrs. Callahan are at home in the Judge Tate duplex. They have two children, Betty Jean, who has enrolled in the 6th grade here, and Joe Bob, 20 months old.

## School Lunch Rooms Are Open And Serving

The Muleshoe School Lunch Rooms are now open and are serving nutritious meals to the school pupils. Mrs. Willie Doyle is the new school dietitian and has a well trained staff of nine helpers.

The lunch rooms are cooperating with the National School Lunch Program, this is a non-profit program and affords an opportunity to establish a sound nutritional basis for the health of the children in the schools.

The meals are 25 cents each and for this sum the child is given a well balanced meal.

All parents are urged to visit the lunch rooms at any time.

According to Mrs. Doyle, the High School lunch room were the most modern, with complete new equipment. The old lunch room is being remodeled as funds permit, at this writing it has been repainted, it is hoped to get new fixtures, drapes, etc., in the near future.

Everyone is welcome to visit either of the lunch rooms and it is hoped that all who can will take the opportunity and time to do this.

## Elementary P-TA First Meeting

The Elementary Parent-Teacher Association will meet in the auditorium of the Junior High School building at 4 o'clock, Monday afternoon, September 11.

The hour for regular meetings is to be decided at this meeting, everyone is therefore urged to be present to voice their sentiment.

This is the first regular meeting of the Association and several important business questions are to be decided.

To the new teachers and parents a special welcome is extended.

## District 4-A Football Plans Are Completed

Plans were completed for the district 4A football season at a meeting of member schools in Levelland Wednesday night. Supt. Vernon Brewer of Tahoka was named district chairman last Nov. 2.

District 4A members this year are: Littlefield, Muleshoe, Morton, Levelland, Brownfield, Tahoka, Slaton and Hereford.

## Grid Season Opens Friday

### Want Rides For Younger Boys

Rides for the younger boys, grade school and junior high school kids, to the football game at Tahoka Friday night are wanted and anyone who is going and has an extra seat will be doing these boys a favor by picking up one or more of them.

Herb Potter has interested himself in contacting local followers of the Yellow Jackets on the latter's field.

It is the opening contest for the heaviest schedule ever arranged for a Muleshoe high school eleven, who this year will face no less than ten opponents, seven of them conference teams and all out to forge to the top. Next week, the Yellow Jackets will open their home season, meeting Portales here Friday night, September 16, for a non-conference tilt.

Starting line-up at Tahoka will be: Marvin Mooney, center; Charles Hornbrook, right guard; Dewayne Burkhead, left guard; Jim Gaede, right tackle; R. E. Williams, left tackle; there is a scramble for end positions between these four boys, Jim Bellar, John D. Whipple, Bill Gaede and Gerald Byrd; Muleshoe's starting backfield will have Ed Nickels at quarter, Aubrey Heathington at fullback, Roald Johnson at left half, and Ray Kersey at right half.

In the line, Burkhead and Williams, two big fellows, are proving a tower of strength on both offense and defense and have come in for some warm praise from Coach Green and T. J. Bailey, assistant coach. Coach Green particularly likes Heathington's blocking in the backfield, and the quarterback, Nickels, is being that slot more to Green's liking every day. Nickels is a cool level headed player. His passing is also showing improvement.

Local road experts say that the best way to go to Tahoka is through Lubbock, making a distance of 100 miles, whereas the distance by other routes is at least 111.

**Clovis Newscaster Addresses Lions**  
Bo Cook, of radio station KICA, Clovis, brought the members of the Lions Club a short, fiery speech on "Americanism" at the regular meeting Wednesday noon at Gerold's Cafe.

He stated that one of the best ways to halt our tendencies to become a socialist country was for different persons and civic organizations to talk Americanism and make people think about the socialistic trends such as socialized medicine, housing, etc.

He gave other examples to support his talk.

The club also voted to help the JayCees and Rotary in their bringing of Santa Claus and his reindeer to Muleshoe on December 12.

Visitors at the meeting were Jack Jones, guest of Bill Moore; Barney Bell, guest of Irvin St. Clair; William J. Dayton of Plainview, guest of Jeff Peeler; Jim Lumpkin, guest of F. L. Shelby; and little Miss Doris Ann Gilbreath, guest of her father, Rufus Gilbreath.

## Mrs. Taylor Breaks Hip

Mrs. A. V. Taylor, who lives with her son and family, Mr. and Mrs. Roy Taylor, slipped and broke her hip last Friday night. She is undergoing medical treatment in the Green Hospital and Clinic in Muleshoe.

Mrs. Taylor had gone to cut off the water in her garden and slipped on the doorstep the fall breaking her hip. Mr. and Mrs. George Wuerflein and Mr. and Mrs. Taylor took her to the hospital.

Visiting Mrs. Taylor is her daughter, Mrs. Hubert Carmichael of Fluvanna. Two other daughters, of Las Vegas, N. M., and Wichita, Kans., arrived the first of the week to visit her.

**BROTHERS VISIT MRS. WARD**  
Mrs. A. E. Ward had her brothers, B. W. and L. A. Eason, of Riverdale, Calif., visiting her and her family last week. They were returning home after seeing their mother, who had become very ill and under treatment at the Mask Clinic in Jacksboro, Texas.

**VISIT PARENTS HERE**  
Mrs. C. M. Doyle, of Fort Worth, returned home after a two weeks visit here with her parents, Mr. and Mrs. L. P. Howerton, who live on Route 2.

## Grid Season Opens Friday

### Yellow Jackets To Open Season Tomorrow Night Against Tahoka

"Our boys are in a good frame of mind, they're in good shape physically, and they should be ready to play a good game of football." This was the estimate of the situation by head Coach Woodie Green on the eve of the opening game of the season for his Yellow Jackets, who square off tomorrow, Friday, night against Tahoka on the latter's field.

It is the opening contest for the heaviest schedule ever arranged for a Muleshoe high school eleven, who this year will face no less than ten opponents, seven of them conference teams and all out to forge to the top. Next week, the Yellow Jackets will open their home season, meeting Portales here Friday night, September 16, for a non-conference tilt.

Starting line-up at Tahoka will be: Marvin Mooney, center; Charles Hornbrook, right guard; Dewayne Burkhead, left guard; Jim Gaede, right tackle; R. E. Williams, left tackle; there is a scramble for end positions between these four boys, Jim Bellar, John D. Whipple, Bill Gaede and Gerald Byrd; Muleshoe's starting backfield will have Ed Nickels at quarter, Aubrey Heathington at fullback, Roald Johnson at left half, and Ray Kersey at right half.

In the line, Burkhead and Williams, two big fellows, are proving a tower of strength on both offense and defense and have come in for some warm praise from Coach Green and T. J. Bailey, assistant coach. Coach Green particularly likes Heathington's blocking in the backfield, and the quarterback, Nickels, is being that slot more to Green's liking every day. Nickels is a cool level headed player. His passing is also showing improvement.

Local road experts say that the best way to go to Tahoka is through Lubbock, making a distance of 100 miles, whereas the distance by other routes is at least 111.

## Two Plains Boys Earn FFA Trip

AMARILLO, Sept. 6.—Two Plains area members of the Future Farmers of America have been named winners of the Santa Fe railway educational awards enabling them to participate in the national FFA convention in Kansas City, Mo., next week.

Nancy Stewart, State Advisor of Texas Future Farmers, at Austin, has selected Weldon Mason, of Meadow and Bobby Ward, of Dimmitt, after they were declared eligible by area vocational agriculture supervisors.

Mason is president of the Texas chapter of Future Farmers of America.

The awards are cash sums sufficient to pay all expenses of the winners to attend the convention. Seventy awards are offered annually by the Santa Fe railway in the states it serves for the purpose of encouraging agricultural achievement.

Fifteen awards will go to Texas youths this year. The others are Billy Charles Mikeska, Eden; Harold R. Dunk, Junction; J. L. Stewardson, San Saba; Curtis Feller, Fredericksburg; Wallace Colburn, Buckholts; Cecil Barton, Rising Star; Danny Burkard, Rowlett; Billy Paul Russell, Pittsburg; Jerry K. Johnson, Nacogdoches; Joseph H. Forston, Mexia; George Allen, Tyler; Walter Jefferson, Jasper; and Frank Dsek, Harlingen.

## Mrs. Collier Rites Read

Funeral services were held in Spur, Texas, Saturday, September 2, for Mrs. Ella Glaze Collier, a resident of that town for 30 years.

Mrs. Collier arrived in Muleshoe Friday morning for a visit with her brother, Ross Glaze and family of nine miles northwest of Muleshoe. She was stricken and died at 12:15 that day.

Funeral services were held in the Spur Methodist Church and interment was in the Spur cemetery. Mrs. Collier was a native Texan. She was 80 years of age and was a member of the Methodist church.

Survivors include one son, F. G. Collier of Hereford, Texas, one daughter, Mrs. Clint Edwards, of Jayton, Texas, one brother, Ross Glaze, Muleshoe, and five sisters.

## FROM DALLAS

Mr. and Mrs. I. W. McVane of Dallas visited in the home of Mr. and Mrs. Wilson Witherspoon over the week end.

## FORMER RESIDENTS HERE

Mr. and Mrs. H. N. Garland of Liblen, Calif., formerly of Muleshoe, were visiting friends and relatives in our city last week end.

## Grid Season Opens Friday

## Five Generations Get Together Here

Five generations are shown in the picture above. Representing the five generations are: The great great grandmother, Mrs. N. T. Bruton, of Bangs, Texas; the great grandmother, Mrs. H. M. Shofner, of Muleshoe; the grandmother, Mrs. D. E. Beller, of Muleshoe; the mother, Mrs. Mack Ragsdale and baby daughter, Patricia Irene Ragsdale, of Muleshoe.

Mrs. Bruton had been visiting here with her daughter and the others when the "five generations" picture was made.

## Rites Read For Mrs. Killough

Funeral services for Mrs. Lucy Frances Killough, 80, Lamb County pioneer, were conducted at the First Baptist Church in Littlefield Friday morning at 10 o'clock, with Rev. Lee Hershfield, pastor, officiating.

Survivors include five daughters and one son. One daughter, Mrs. Jack Johnson, lives in Muleshoe and is a teacher in the Muleshoe public schools.

Friends from Muleshoe who attended the services were Mrs. Birda Garrett, Mrs. George Stotts, and Mrs. Alvin Allison.

## MOVES TO MULESHOE

Mr. and Mrs. John Murphy, formerly of Amarillo, have moved to the Morrison farm seven miles north of Muleshoe. Mr. Murphy is one of the owners of Murphy-McDonald Implement Co., new Oliver dealers for the Muleshoe area.

## RAHSON DISCUSSES THE RAILROADS

GLOUCESTER, Mass., Sept. 1.—In view of the Railroad strikes in the United States and Canada, that are being put out to get people to buy railroad stocks, I will this week discuss the Railroads as an investment. At the close of World War II in 1946 the Index of Railroad Stocks averaged about 68.00. This de-

clined to around 44.00 in June, 1949, and continued around these low figures until the Korean War broke out. Since then the Railroad Index has gone up to nearly 65.00. This means that these railroad stocks are now selling for almost as much as they did at their height during World War II.

**Reasons For Being Bullish**  
1. Railroads have always prospered during wartime. This applies not only to the railroads serving such industrial centers as Pittsburgh, Detroit and Chicago but particularly the transcontinental lines. This should especially be true as long as the Korean difficulty lasts.  
2. During the last depression many railroads cut their bonded debts and reduced other charges which should help the stocks. Even roads that were not re-organized were able to

spend huge sums on improving their road beds, bridges, equipment, machine shops, etc.  
3. Most Railroads have little to fear from excess profit taxes because they have such a large basic investment. In other words, the railroads have no watered stock. In some cases the asset value of railroad stocks is 10 times the price at which they are selling on the market.  
4. After the war the railroads will have no reconversion problems such as many industrial plants have. This is because war traffic uses the same rails, locomotives and equipment that peacetime traffic uses. The railroads should also benefit from the increase in population.  
5. The railroads have been able to abandon much unprofitable mileage and to streamline their organizations. This later is especially being illustrated by what the New York, New Haven & Hartford Railroad Company is now doing.

**Reasons For Being Bearish**  
1. The oldest of the strong labor unions are in the railroad field. These unions in peacetime have usually "skimmed the cream" from the railroad earnings and have been a source of great trouble. If railroad wages could be reduced when earnings declined after a war, a fair readjustment could be made. As a matter of fact, the railroad wage increases given during war, when the earnings are abnormally good, cannot be withdrawn after the war is over, when earnings again decline.  
2. Railroads have (subject to disputed Government rate concessions) more or less, a monopoly during wartime; but after a war is over, they are confronted with more airplanes, more buses and more trucks than ever before. Therefore, railroads normally are subject to tremendous competition during peacetime. This will certainly be true as settlement is gradually made with Russia.  
3. When the Interstate Commerce Commission was formed railroads had a monopoly of transportation. There then were no private automobiles, no trucks, no buses, and no airplanes. Such highways as then existed were very poor. Hence the regulation of railroad rates and service was a necessity. Today, this regulation has turned into a nuisance to all concerned—railroads, shippers and the public. Yet, the various Railroad Commissions, both Federal and State, continue in office. In order to hold their jobs, they feel obligated to continue to regulate the railroads in both an unreasonable and costly manner. In addition the Federal Government is now suing the railroads for "overcharging" on World War II business.  
4. These competitors of the railroads, such as the automobiles, trucks, buses, etc., have their "roadbeds" built by the Federal Government and by the States, for which cost the railroads are obligated to pay their proportion in taxes. The railroads on the other hand, must pay the cost of building and maintaining their own roadbeds and terminals. In the case of the airplanes, they have no roadbed to maintain as they use the air; while their expensive terminals are built by the Federal or State governments, or by municipalities.  
5. One third of the present railroad mileage is unprofitable and

should be abandoned. Yet, when the railroads want to take up a little more useless rack, the shippers, the labor unions and the politicians combine to prevent it. Another fact to be considered is that each generation of young people will be less willing to patronize the railroads than are we older people.

**Railroads As Speculation**  
A study of the above and other factors leads a conservative investor to avoid being tempted to buy railroad stocks at this time. Some railroads may increase their dividends temporarily, but very few which now pay no dividends will go on a dividend basis. They will need the additional money for buying more equipment, etc. It probably would have been smart to have bought railroad stocks immediately when our troops first landed in Korea; but to buy them today for investment would be risky.  
Probably some cheap railroad common stocks, upon which I never expect a dividend, may go up more in price due purely to speculation on the part of small speculators. There are only a relatively few shares of these stocks outstanding, and a little increased buying could easily send them up in price. Furthermore, they have such a big leverage when selling at low prices, they could double or perhaps triple in price. However, after the war is over and earnings decrease, these very facts can cause these stocks to go down in price just as rapidly. Intrinsicly, stocks go up only when there are more buyers than sellers; and go down when there are more sellers than buyers. Hence, purchasers of these cheap speculative railroad stocks may find themselves with good paper profits; but when they try to turn these paper profits into cash, it may be very difficult. If all speculators should attempt to do this at once, it would be impossible for any to cash in on their profits.

**What About Street Railway Stocks**  
Street railways and buses should profit from any war especially if the war leads to the rationing of gasoline, tires, etc., or to the curtailment of the sale of new automobiles. Street railway securities have not yet gone up in price as have railroad securities. In fact, in some instances, they

## Wheat Acreage Outlook In U. S.

The U. S. Department of Agriculture, through the Production and Marketing Administration, has announced acreage allotments for the 1951 wheat crop. The national planting goal is set at 72,784,810 acres; compared to a goal of 68,944,000 acres in 1949, and a seeded acreage of 83,173,000 acres in 1948.

The 1951 allotments in Santa Fe states add up to a total of 38,599,769 acres, as follows: Illinois, 1,679,466; Iowa, 304,843; Missouri, 1,686,729; Nebraska, 4,096,359; Kansas, 14,077,057; Louisiana, 145; Oklahoma, 6,347,358; Texas, 6,263,158; Colorado, 2,855,759; New Mexico, 540,333; Arizona, 29,334; California, 719,288 acres.  
Breakdown of the national allotment by states in accordance with the provisions of controlling legislation, is based primarily upon the seeded wheat acreage in each state during the past ten years, adjusted for recent production trends. State allotments will in turn be broken down into county allotments, which will then be divided into individual farm allotments. Each farm allotment will represent that farm's fair share of the total national allotment.

**TOUR WEST COAST**  
Minister and Mrs. Ebb Randol returned last week after a tour of much of the West Coast from San Diego northward, visiting also other points of interest on their trip.

are now selling for less than they have sold for many years. Although the market is thin for street railway securities, yet certain income bonds are worthy of consideration.

## TODAY'S meditation

The Upper Room  
THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

**FELLOW WORKERS IN CHRIST**  
". . . in the world, . . . not of the world. . . (John 17:11,16) Read John: 17:6-16.

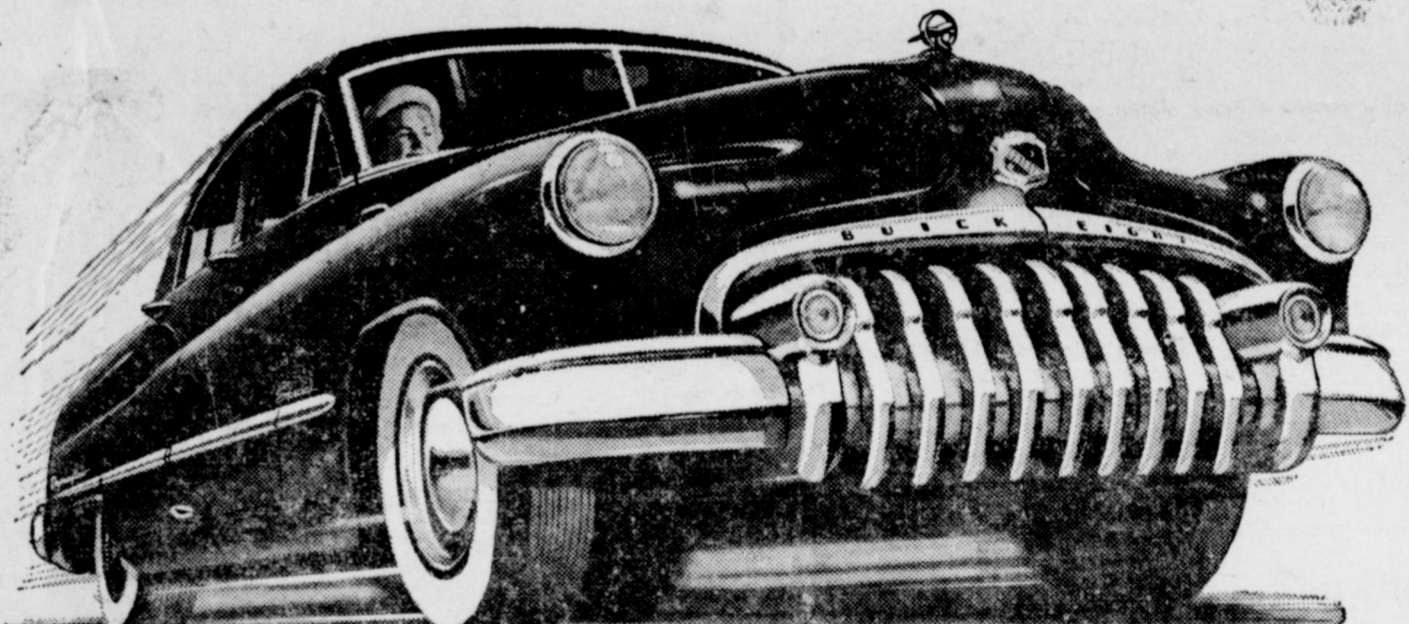

I was about to take my first stratosphere flight. It was a blustery, wet day as we gathered on the airfield. We wondered whether the flight would be made. It was. The airplane rose into the wind and headed for the sea of threatening clouds above us. They engulfed us completely. I shall never forget the moment we broke into the azure spheres of God's infinity. Below us the roof of the clouds seemed like a boundless ocean of curling, foamy waves, that symbolized the dismal, agitated world out of which we had just come.  
Up there I knew I was still a part of the world; in it but not of it; above it, very, very high. Something had taken possession of my soul at the same time. Things of life, of matter and the senses, had vanished before the crystal purity of the expansiveness of about me. God through Christ has dem-

onstrated to us the glory of life lived at its best.  
**PRAYER**  
Dear Father, we are spiritual creatures capable of submitting ourselves to Thy will. Lift us above the damaging power of worldliness through the power of the Holy Spirit. Help us to lead others to Thee. Amen.  
**THOUGHT FOR THE DAY**  
When the world is at its worst, Christ challenges us to live our best. — Joseph Szepekowski (Poland).  
**VISIT IN ABILENE**  
Mr. and Mrs. Travis Barnett visited in Abilene with their parents over the week end.

## Thinking of the Long Pull?

## Better Buy Buick!

If that car of yours has put its best days behind it, there's no time like right now to think about starting out afresh with a taut, new, up-to-the-minute motorcar with all its mileage still in it.  
And there's no better place in the world to start than with the beauty pictured here, for a variety of reasons.  
For one thing, this Buick SPECIAL is a quick-stepping Fireball valve-in-head straight-eight that's priced lower than some sixes.  
For another, it's built with typical Buick ruggedness through and through — a husky that can take a lot of years without crying "Uncle!"  
Then, too—this high-styled beauty is proving to be one of the most economical Buicks ever built—easy on gas, easy on upkeep, easy on you in its soft, floating, light-handling comfort.  
It even comes with Dynaflo Drive\* if you like—and Dynaflo means that you will never have to service or replace a friction clutch, and that rear-end or transmission servicing—even engine upkeep—are cut to a minimum.  
\*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.  
Of course, you can't see all of this in the brief span of a trial drive.  
But you can experience the good solid feel of Buick strength beneath you. You can satisfy yourself on the lightness of the controls, the utter smoothness of Dynaflo, the quick surge of Buick's Fireball power.  
All such things will tell you that this is a car you'll be glad to live with for a long time to come — and you need only to ask your Buick dealer for a demonstration to see precisely what we mean.  
Why not call on him soon to talk about signing up?

Tune in HEJRYJ, TAYLOR, ABC Network, every Monday evening.

## Littlefield Men Address Rotary

The reasons why Rotary stresses attendance were explained by three members of the Rotary Club of Littlefield, who were guest speakers at the regular weekly luncheon Tuesday of the Rotary Club of Muleshoe.

Dr. Ira Wood, past district governor described Rotary's rules of attendance, pointing out that Rotarians may attend meetings of other clubs of the district in order to maintain perfect attendance. Judge Bills said the absence of one member weakens the club that much. "Paul said there is an inner man and an outer man," the judge said. "Similarly, there is an outer Rotary and an inner Rotary. If a member fails to attend, the outer, or physical Rotary is weakened and the inner, or spiritual Rotary also suffers."

Clarence Stone, president of the Littlefield club, was the third speaker. He concluded his short talk by inviting members of the Muleshoe Club to make up their attendance at his club, assuring them of a cordial welcome.

Woodie Lambert was in charge of the program for the day. President Ray Keeling read greetings from the Auckland, N. Z. club and from a club in England. He reminded members of the inter-city

### TWO OF THE CAST OF "BOB AND SALLY"

"The Story of Bob and Sally" will be shown on the screen of the Valley Theatre for the first Muleshoe showing, Tuesday, September 12. This is a movie put out by the Social Guidance Enterprises with an all-star Hollywood cast.

There are to be three showings, two for women only at 2:00 p. m. and 7:00 p. m., one showing for men only at 9:00 p. m., separate audiences only.

### RETURN FROM MASON

Miss Jayne Damron returned Thursday from Mason where she was a bridesmaid in the wedding of her former roommate, Miss Connie Brandenberger to Mr. Bill Goad of Palestine, Texas.

meeting for Rotarians at Lubbock the coming Friday night.

### TO SAN ANTONIO

Mrs. Irvin St. Clair visited with her brother and wife, Mr. and Mrs. J. T. Stell in Winters last week.

### The Stells accompanied Mrs. St. Clair

to market in Dallas, the group then visited with Rev. and Mrs. Sam Morrison on their ranch home outside of San Antonio.

### TO COMANCHE

Miss Jayne Damron visited in the home of Mr. and Mrs. Fisher Reese and Jimmy at Comanche, Tex. last

week. While there she attended the Detroit Lions and Washington Redskins football game at Dallas with the Reeses.

From where I sit... by Joe Marsh

### Squint's Drumming For Fair Play!

Squint Miller's mighty proud of the lot he owns that fronts on River Road—one of the prettiest spots around here.

He's been in a stew about it lately, though. Seems that trash-dumpers take one look at his property, stop their car or truck, and out goes a load of rubbish, spilling all over his place and the roadside, too. Wouldn't that make you mad?

Last night Squint dropped by the house. Over a friendly glass of beer, he tells me what he's done. "I put a couple of empty oil drums

out there," he says, "with a big sign reading: 'If you must dump trash—use these—I like to keep my property clean!'"

From where I sit, Squint's sign should make any would-be roadside trash-dumpers pretty darned ashamed of themselves. Now and then some folks just have to be reminded that they ought to have as much regard for their neighbors' rights as they do for their own.

Joe Marsh

**ORDINANCE NO. 50**  
AN ORDINANCE OF THE CITY OF MULESHOE, TEXAS, RELATING TO TRAFFIC, DEFINING CERTAIN TERMS, DESIGNATING PARKING METER ZONES, PROVIDING FOR THE INSTALLATION, AUTHORIZING A METHOD OF PAYMENT FOR PARKING METERS EXCLUSIVELY FROM THE RECEIPTS OBTAINED FROM THEIR OPERATION, REGULATION, CONTROL, AND USE OF PARKING METERS, PROVIDING FOR COLLECTION OF FEES FOR USE OF PARKING METER SPACES, REGULATING OF PARKING IN CERTAIN AREAS, MAKING CERTAIN ACTS AND OMISSIONS VIOLATIONS, PROVIDING FOR THE ENFORCEMENT OF THIS ORDINANCE, AUTHORIZING SUPPLY AND PROCEDURE FOR CITATION TAGS, PRESCRIBING PENALTIES FOR VIOLATIONS, REPEATING ALL ORDINANCES AND PARTS THEREOF IN CONFLICT WITH THIS ORDINANCE, MAKING THIS ORDINANCE CUMULATIVE OF ORDINANCES AND PARTS THEREOF NOT IN CONFLICT HEREWITH, PROVIDING FOR A SAVING CLAUSE, AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF MULESHOE, TEXAS, THAT:

**SECTION I**  
Certain words, phrases and terms used herein shall mean and are defined as follows:  
(a) By the word "Street" is meant any public street, avenue, road, thoroughfare or other public place in the city of Muleshoe, Texas, established for the use of vehicles.

(b) By "Vehicle" is meant any automobile, truck, motorcycle, carriage or any device by which any person or property is or may be transported upon a street or highway.

(c) By "Person" is meant any natural person, firm, partnership, association or corporation.

(d) By "Operator" is meant any person who shall drive or operate any vehicle.

(e) By "Park" or "Parking" is

meant the standing or stopping of any vehicle, whether occupied or not.  
(f) By "Parking meter" is meant a mechanical device installed for purpose of regulation of traffic and operated by the insertion of a coin or coins.

(g) By "Parking space" is meant a section of the curb and street marked and laid out, either parallel to or at an angle with the curb, for the parking of vehicles, and controlled by a parking meter.  
(h) Where a pronoun of masculine gender is used, same includes feminine gender and refers to male or female.

**SECTION II**  
The following streets in the City of Muleshoe, Texas are hereby designated as parking meter zones:  
Main Street, on both sides, from American Boulevard to Avenue C

Main Street, on West side, from Avenue C to Avenue D  
Avenue B, on both sides, from Alley in 800 Block to Alley in 900 Block

Any and all other Streets, or portions thereof, on which parking meters are now or may hereafter be installed.

**SECTION III**  
The city is hereby vested with the Authority to enter into a contract for the purchase and installation of parking meters and to provide payment therefor exclusively from the receipts obtained by the city from their operation and that said means of payment shall be in addition to any other purchasing powers heretofore granted the city by its charter, or by the laws of the State of Texas. The city commission of the City of Muleshoe, Texas is authorized to provide for the regulation, operation and use of parking meters in said City, and all action heretofore taken and all proceedings heretofore had in connection with the purchase or installation of parking meters are

ratified, confirmed and validated. Parking meters shall be installed upon the curb next to individual parking spaces, and shall be constructed so that there shall be displayed a signal or signals showing legal parking upon insertion of proper coin or coins, for the length of time as shown by the signal or legend on the meter, and showing illegal parking or violation when proper coin is not inserted or when the time for the coin or coins has expired. The City Commission is also authorized to mark or cause to be marked the curbs and streets with lines showing parking spaces for parking vehicles at parking meters, either parallel to or at an angle with the curb.

**SECTION IV**  
When any person or operator shall park a vehicle next to a parking meter, he shall park such vehicle wholly within the parking space indicated by the lines marked on the curb or street for parallel or angle parking, and upon entering such parking space, between the hours of 9 o'clock A. M. and 6 o'clock P. M. (except on Sundays, July 4th, Thanksgiving Day, Christmas, and on other holidays proclaimed by the city), he shall immediately insert and deposit in the parking meter, next to which the vehicle is parked one or more coins of the United States of America, or one or two 5c coins of the United States of America, as indicated by instructions and legends on the parking meter; and it shall be unlawful and a violation of this ordinance for any person or operator to fail to park any vehicle wholly within the parking space indicated by such lines; and it shall be unlawful and a violation of this ordinance for any person or operator to fail, neglect, or refuse to insert or deposit proper coin or coins in the parking meter when parking next to a parking meter, between the hours of 9 o'clock A. M. and 6 o'clock P. M. except on Sundays, July 4th, Thanksgiving Day, Christmas, and on other holidays proclaimed by the city, upon parking space and inserting and depositing proper coin or coins in parking meter, such space may be occupied by such vehicle for the time provided for such coin or coins as shown in the instructions and legends on such parking meter, but for no longer time, and the vehicle or additional coin or coins inserted or deposited at or before the expiration of such time, and it shall be unlawful and a violation of this ordinance for any person or operator to fail, refuse, or neglect, between the hours of 9 o'clock A. M. and 6 o'clock P. M. (except on Sundays, July 4th, Thanksgiving Day, Christmas, and on other holidays proclaimed by the city), to remove such vehicle from such parking space at or before the expiration of such time, and it shall be unlawful and a violation of this ordinance for any person or operator to permit such vehicle to remain in such parking space at a parking meter for longer than the parking time for the coin or coins inserted or deposited in the parking meter between the hours of 9 o'clock A. M. and 6 o'clock P. M. (except Sunday and holidays) when the signal on the parking meter indicates illegal parking or violation. And it shall be unlawful and a violation of this ordinance for any owner of any vehicle to cause or to permit such vehicle to be unlawfully parked as set out in this ordinance.

**SECTION V**  
It shall be unlawful and a violation of this ordinance for any person to insert or deposit, or cause to be inserted or deposited, in any parking meter any slug, any device, or any metallic or other substitute for a coin of the United States of America.

**SECTION VI**  
It shall be unlawful and a violation of this ordinance for any person to tamper with, open, willfully break, damage, destroy or impair the usefulness of any parking meter.

**SECTION VII**  
All vehicles shall be parked at an angle to the curb on both sides of Main Street from American Boulevard to Avenue D, and on Avenue B from Alley in 800 Block to alley in 900 block, and within parking spaces designated by the lines marked on curbs and street, and it shall be unlawful and a violation of this ordinance for any person or operator to park any vehicle on either of said portions of said streets in any manner other than as in this section provided, and all other streets, hereafter marked with lines.

**SECTION VIII**  
It shall be unlawful and a violation of this ordinance for any person to park any vehicle in any space or area on any street where such space or area is designated by the City as a loading zone, fire zone, or emergency zone as indicated by markings, words, color, signals or other devices on the curb or street or at or near such zones, unless such person shall actually be in the act of loading or unloading at a loading zone.

**SECTION IX**  
The City Commission is hereby authorized and directed to supply police officers with citation tags for the purpose of giving notice to persons violating any provisions of this ordinance. Such notice may be given by delivering such tags to the violator or by affixing it to the vehicle by means of which the violation occurred. Such citation tag shall direct the violator to appear and to present such tag at a designated place on or before a date and hour specified thereon. Nothing in this section shall be construed to abridge the power of a police officer to arrest any violator and take him into custody.

**SECTION X**  
Whenever any motor vehicle without a driver is found parked or stopped in violation of any of the restrictions imposed by this ordinance, the officer finding such vehicle shall take its registration number and may take any other information displayed on the vehicle which may be necessary for identification and conspicuously affix to such vehicle a notice in writing on a form provided by the City for the driver to answer to the charge against him within three (3) days and at the time and place specified in the notice. The officer shall deliver copies of such notice to the City Secretary.

**SECTION XI**  
All insertions and deposits in a parking meter shall be coin or coins of the United States of America. The insertion and deposit of coin or coins shall entitle the person so depositing to parking time as follows: One one cent coin, twelve minutes and no longer; two one cent coins, twenty-four minutes and no longer; three one cent coins, thirty-six minutes and no longer; four one cent coins, forty-eight minutes and no longer; one five cent coin, one hour and no longer; and two five cent coins, two hours and no longer. Said fees required to be deposited in parking meters are hereby levied and assessed, and shall be collected, as reasonable police regulations and

inspections fees to cover the costs of providing parking spaces, parking meters, the installation and maintenance of parking meters and parking spaces and zones, and for the regulation and control of traffic in said zones and cost of traffic administration.

**SECTION XII**  
If any part of this ordinance or shall be held to be invalid such invalidity shall in no way affect other parts hereof.

**SECTION XIII**  
All ordinances or parts of ordinances in conflict with the provisions hereof are replaced; and the provisions hereof shall be cumulative of ordinances and parts of ordinances not in conflict with the provisions hereof.

**SECTION XIV**  
The facts, that traffic is congested in the business area of the City of Muleshoe, that the population of the City has greatly increased and business activities have grown and expanded, that previous attempts to regulate traffic in the business section have not been as successful as desired, that it is advisable to take other steps and employ other and additional means to regulate traffic in the down-

town business area, that it is deemed advisable to cause owners and operators of vehicles in such area to pay a part of the cost of regulating such traffic, and that the public welfare demands safer traffic control, and public necessity requiring that this ordinance be effective and in force immediately upon passage and publication according to law, and it is so ordained.

PASSED by the Commission of the City of Muleshoe, Texas this 4th day of September, 1950.  
APPROVED by the Mayor of the City of Muleshoe, Texas this 4th day of September, 1950.

## JayCees Build 1st Tennis Court

Members of the Muleshoe Junior Chamber of Commerce donned their work clothes and built one of the tennis courts at the junior high school plant three nights last week. The other court will be completed next week.

These courts will be used by the schools during the day and members of the Tennis club and other individuals will have access to the courts after school and at night. Both courts will be lighted and meters installed and the person using the courts will have to pay his own light bill.

Members of the JayCees and Tennis Club began work on the courts last week by building the forms and hauling sand and concrete. Tuesday night of this week members met and volunteered their work and began running the concrete. Half of the court was poured Tuesday night and the remainder was finished Wednesday and Thursday nights. This week the forms for the other court will be built and the concrete will be poured next week.

Chas. Lenau Lumber Co. furnished two concrete mixers and Western Fertilizer Company furnished their loader to haul the concrete from the mixers to the courts. All finishing of the concrete was unaided by local men, who stayed as late as 2 a. m. after putting in a full day of work elsewhere.

The JayCees shoveled sand and gravel, ran the concrete mixers, packed sacks of cement and did the rest of the labor. Blisters and sore backs were prevalent among the JayCees after the first night of work.

Club proxy Buddy Blackman wishes to express the thanks of the JayCees and others to everyone who helped in any way to build the courts.

### CHRISTIAN SCIENCE SERVICE

"Substance" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 10. The Golden Text is: "Bring ye all the tithes into the storehouse, that there may be meat in mine house, and prove me now herewith, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it" (Malachi 3-10).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Riches and honour are with me; yea, durable riches and righteousness" (Proverbs 8:18). The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Material sense does not unfold the facts of existence; but spiritual sense lifts human consciousness into eternal Truth" (page 95).

## Highway Nail Picker Headed This Way

The magnetic nail picker of the Texas Highway Department will arrive in this county soon to sweep the highways and road shoulders in this area of metal objects. P. S. Bailey, State Highway Maintenance Engineer, points out to John Nations, Director of the Equipment division, the screws, nails, spikes and other metal collected on a short run. Joe Webb of San Angelo is the driver.

Electric magnets at the rear of the nail picker collect loose metal objects. The magnets are activated by a large generator in the bed of the truck and are strong enough to pick up manhole covers. Gathered in this pile of scrap metal are 2000 potential punctures.

### RETURNS FROM CONVENTION

Mr. and Mrs. Bob Gregory returned last Thursday from a five-day convention of the Great National Life Insurance Company held at Camp Waldemar near Hunt, Texas. While gone they visited relatives at Lorenzo and Wingate.

### TO SAN ANGELO, GALVESTON

Harold King left on a business trip to San Angelo and Galveston Monday.

### TEXAS TECH IS PLANNING ITS SILVER ANNIVERSARY

LUBBOCK, Sept. 5—Two outstanding American scholars have accepted invitations to appear on the Silver Anniversary symposium at Texas Technological College October 20, President D. M. Wiggins announced today.

Both Henry Steele Commager of Columbia University and Otto Struve of the University of California will speak on the one-day program planned as a part of the celebration.

### VISIT IN NEW MEXICO

Mr. and Mrs. Welton "Skinny" Winn and Mr. and Mrs. Carroll Howell spent the Labor Day holidays visiting scenic points in Santa Fe, Red River and other places in New Mexico. They left Friday night and returned Sunday night.

## Blackburn Food Again Operating

Blackburn Food Market reopened for business the latter part of last week, after having been closed several weeks due to a fire, which also damaged the Muleshoe Bakery, next door.

Horace Blackburn, proprietor, announced that a formal opening will be held at a later date.

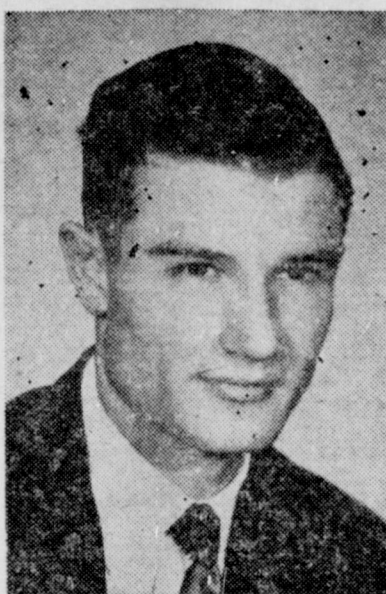

By late last week nearly all his new fixtures had been installed, Mr. Blackburn said. An entirely new stock of staple and fancy groceries also had been placed on the shelves.

Pat Bulloch, owner of the building, had completely redecorated the interior and repaired damaged places in the store room prior to the opening.

### VISIT IN LORENZO

Mr. and Mrs. Bob Gregory visited in Lorenzo Tuesday night and visited with Mr. Gregory's sister from Oxnard, Calif., whom he has not seen in a number of years. She is visiting her parents, Mr. and Mrs. J. E. Gregory of Lorenzo.

### OES Initiates Three Tuesday

Tuesday night, September 5, the flower bedecked Masonic Hall was the scene of the impressive initiation ceremony and the regular business meeting of the Order of the Eastern Star. Mrs. Ray Maberry, Mrs. Marion Harris, and Mrs. John Farley were initiated into the Order. Mrs. Frances Frazier, of Plainview, daughter of Mrs. Farley, assisted in the initiation in honor of her mother. Mrs. Loyd Roberts, accompanied by Mrs. Paul Gardner, sang during the initiatory work.

Mrs. Bill Collins, Worthy Matron, and R. J. Klump, Worthy Patron, presided during the business session. Invitations from Bovina, Plainview, Earth, and Littlefield chapters were read. Grand officer Mrs. Willie Mae Ross, is to be honored at Bovina September 7 at 8:30 p. m.; Plainview is having Friendship and Stunt Night September 15, at 8 p. m.; Earth is honoring Deputy Grand Matron Mrs. Gladys Laing and other grand officers on Sunday afternoon, Sept. 17, with a tea at the home of Worthy Matron Mrs. Bessie Gearty from 3 to 5 o'clock; and Littlefield is honoring grand officers and having their Friendship night, Sept. 21, at 8 p. m.

Delicious refreshments were served in the banquet hall following the meeting by Mesdames Bill Collins, Louise Busbee, Morris Childers, Pat Bulloch, and Roy Bryant.

There were 45 members and visitors present for the meeting.

### Mrs. H. McAdams Entertains Pupils

Mrs. Horace McAdams entertained her expression class with an ice cream party, Thursday, August 31. Attending were Mrs. R. R. Holton and Beth, Mrs. John Garrett, Jeanne, Johnny and James, Mrs. Dorothy Mason and Brenda Kay, Mrs. W. D. Wanzor and Butch, Bobby Green, Edwin Cox, Lanell Booth, and Everett McAdams. Registering for expression lessons but unable to attend the party were: Mary Beth Jeter, Tommie Turrentine, Laquinn Stone, Pearlene Volkman, John Nash, Keith Bray, Derrell and Scotty Oliver, Jana Beth and John Laing Jr. of Earth.

### Rainbows Have Slumber Party

The girls of Muleshoe Rainbow Assembly met at the Masonic hall at 6 o'clock Thursday, August 31, the occasion being a slumber party. The girls went from there to the local swimming pool for an hour's swim, then back to the hall for a night of activities.

Girls present were Janice Jordan, Pat Lane, Peggy Robison, Sandra Wagon, Helen Stovall, Delia King, Marion Harris, Janell Green, Jonelle Maberry, Mary Morton, Pat English, Norma Graves, Sammye Carroll, Frances Totten, Bobbie Collins, Joyce Blackburn, and Mrs. Eddie Lane, sponsor.

All girls are urged to be present Thursday night, September 7, (tonight) for the Rainbow meeting. There is to be election of officers and other important business.

Thursday night, September 21, is to be Friendship Night and guests from several surrounding towns have been invited. There also is to be an initiation ceremony the night of the 21st. All Rainbows, Stars, and Masons are urged to attend.

### Initial Meeting Of Study Club

Muleshoe Study Club will have its first meeting of the 1950-51 year, Thursday evening, September 14, at the home of Mrs. Vance Wagon. The meeting is to be a social with a pot luck dinner.

Mrs. H. D. King is to give "Since we last met" and Mrs. Marion Harris is to give a preview of the year's program.

Officers this year are Mrs. H. D. King, president; Mrs. Marion F. Harris, vice-president; Mrs. M. F. Green, secretary; reporter; Mrs. Buck Ragsdale, treasurer, librarian; Mrs. H. S. Sanders, Jr., critic; Mrs. Ray Keeling, parliamentarian; Mrs. Vance Wagon, historian.

The Muleshoe Study Club was organized in 1938 and federated in 1939, it meets on the second and fourth Thursday nights of each month and has an initial membership of twenty.

The Club sponsors the Library in the courthouse besides the various yearly projects. It is the only Study Club in Muleshoe though at one time the town had three.

### Muleshoe WSCS Visits Earth WSCS

The W. S. C. S. of the Muleshoe Methodist church met with the W. S. C. S. of the Earth Methodist church at Earth Monday afternoon, Sept. 4, for a birthday meeting.

The meeting opened with the song "The Church's One Foundation." Mrs. E. B. Parrish had charge of the program, "Health Through The Brotherhood of Nations." She read a scripture from Psalms and Matthew 25:34-36. She brought out the thought that health means more than healthy bodies; it means health of mind and spirit also. Christian women have a great responsibility in making homes where children can grow to maturity in a Christian atmosphere. Parts of the program were given by Mrs. F. B. Pierson, Mrs. J. O. Newton, Mrs. G. L. Roberts and Mrs. P. L. Cunningham.

Refreshments of cake and coffee were served to Mesdames H. C. Holt, H. W. Hanks, O. N. Jennings, W. D. Moore, C. R. Farwell, Pierson, I. W. Haney, and Beulah Carles of the Muleshoe W. S. C. S. and Mesdames Ray Edwards and David Anderson of the Muleshoe Guild and Mesdames Eugene Lee, Carl McMasters, C. L. Roberts, M. O. Carter, Jack McCord, M. T. Howard, Eldon Parrish, E. B. Parrish, P. L. Cunningham, and J. O. Newton, of Earth.

### Sorority To Meet September 13

The Epsilon Chi chapter of the Epsilon Sigma Alpha sorority will have its first meeting of the 1950-51 year in the home of Mrs. Jack Beddingfield, Wednesday night, September 13, at 8 p. m.

Miss Billie Jones will have charge of the program, The Well-Appointed House.

The pledge ceremony will be given for Miss Jane Scott. Miss Scott has been entered in the international contest by the local chapter for August Sweetheart Pledge.

All members are urged to be present for this meeting.

### Watson WMS In Bible Study

The Watson W. M. S. met at the Church, September 4, at 2:30 p. m. for Bible study.

Rev. W. O. Wilson read and taught a part of the 4th chapter of Matthew and will continue from there the next Bible study day. It was decided that the W. M. S., with the help of the men, would have the church yard plowed, leveled and set out grass for a part of the community mission project for September.

Those present were Mesdames E. L. Vaughn, Chester Petree, Joe Smith and S. D. Key.

ANALYSIS PADS, columnar Pads, Ledger Sheets, Post Binders, Bound Books, Typewriter and Adding Machine Ribbons, Adding Machine Paper, and all paper items at THE JOURNAL. Phone 54 for delivery. 37-11

### BACK TO NMMI

Earl Ladd, Jr., has returned to Roswell to enroll for another term at New Mexico Military Institute.

### CARD OF THANKS

The H. H. Briggs family wishes to express their appreciation to friends, neighbors and everyone for their kindness after the loss of their home by fire.

**High Speed OLIVER COTTON HARVESTER**

**Here's the new 2-row Oliver Cotton Master**  
... a completely modern power-driven, power-lift harvester. It operates efficiently at speeds up to six miles per hour... picks as much as 20 bales a day.  
Specially designed stripping teeth, and wide, flared gathering-unit throat openings gather cotton that is high or low on the stalk. The 38-inch spacing of the gathering units will handle all conventional row widths. Adapted to the harvesting of storm-proof varieties, the Oliver Cotton Master does a thorough job of separating the cotton from the stalks, breaking open bolls and knocking out moates, trash and dirt.  
See us for full information on this new pull-type Oliver Cotton Master that is quickly attached to any tractor... that speeds up the cotton harvest, and helps you deliver a high-grade product to the gin.

With a smile as dazzling as the sun she is absorbing, this radiant vacationer sees the world through rose-colored glasses during her vacation by the sea. For her strolls along the beach, she wears a cotton sunback designed by Fleischman of California. She adds a matching eastern jacket when the sun begins to fade.

## Water District Is Predicted In 21 Counties

Jesse Osborn, head of the Bailey County Water Conservation Association, last Tuesday attended the water reservoir hearing held in Plainview by the Texas Board of Water Engineers, composed of three members.

The Plainview hearing was held after petitions had been filed by Hockley, Lamb and Hale Counties. The petitions proposed hearings in each county but the board instead set the general hearing in Plainview.

It was said the petitions were drawn up to offset the talk of the formation of a state board to supervise underground water within the state, such as employed in New Mexico.

Under the present Texas law districts may be set up. Some newspapers reported that indications were that the board will recommend the formation of an underground water conservation district to extend south from the Canadian River on the north and east from New Mexico, but how far remains to be determined. Apparently it will include the Panhandle and South Plains.

Mr. Osborn told the Journal that the lack of active interest on the part of those who own wells is discouraging to those few who have worked to get the best conservation method established. He said that, based on a total of 6,800 wells in the section, the central association has spent only \$3,650 per well, considering all the work that has been done in attending meetings, working on the law and so forth. Now, he said, we have 12 to 14 thousand wells in the district which would bring down the total of what has been expended per well.

Some men, he said have given as much as \$1000 to the work in the various counties.

### BACK FROM TENNESSEE

Mr. and Mrs. John Benson and little grandson Charles Lynn Markwell, returned Friday from Elizabethton, Tenn., where they visited with relatives.

### BILL PAYNE HOME

Bill Payne, attending a school for chiropractors in San Antonio, has been visiting here this week with his mother, Mrs. Chet Layne and Mr. Layne.

### TASCOSA VISITORS

Mr. and Mrs. Buford Arnold and son, Cary Don, and Mrs. Lance Shaw of Tascosa, Texas, visited Mr. and Mrs. E. O. Baker Monday. Mrs. Shaw is Mrs. Baker's sister and Mrs. Arnold is her niece.

## Amarillo To See Grand Ole Opry

**HANK WILLIAMS**  
One of the stars of the Grand Ole Opry

Two highlights of the Tri-State Fair in Amarillo this month will be free acts which will appear twice daily on the Midway, September 18 through September 23.

One act features a miniature circus with monkey, dog and pony show which will delight the children. The other, an aerial show which stars former performers of the Ringling Bros. Circus, will thrill young and old alike.

In response to popular demand the Grand-Ole Opry will return to the Fair this year. Hank Williams, Ernest Tubbs and Minnie Pearl and other favorites will appear at afternoon and evening performances at the Sports Arena. On the Midway Bill Hames' Carnival will present a spectacular array of shows and rides.

According to Rex Baxter, the fair's manager, agricultural, livestock and educational shows and exhibits will be tops this year.

### TONY VRANA QUALIFIES AS BAILEY COUNTY CITIZEN

Tony Vrana has, or just about, qualified as a citizen of Bailey County. He has become a subscriber to the Journal and who would want to subscribe to The Journal unless he was, or had been, or was about to become a citizen of the county?

Readers will remember that Tony lost an arm in an accident a little more than two years ago at the Copley gin, where he was employed. He had been coming here each year to work in the local gin, and has been coming here each since. Now he's back again and won't be leaving until next spring, maybe not then. Tony is the man who found the body that had been burned in the burr pit of the Copley gin. Welcome to our city, Mr. Vrana; stay as long as you like.

### ATTENDS GINNERS MEETING

"Boots" Bryant, manager of the Muleshoe Gin, Saturday attended the annual convention of the Plains Ginnners Association, held in Hotel Lubbock. Speakers included Robert G. Dillard, Austin, executive director of the Texas Rural Roads Association; Jay Stille, of Dallas, agricultural director of the Texas Cottonseed Crushers Association; and Carlton Powers, Dallas, representative of the National Cotton Council. Another speaker at the meeting was K. N. Clapp, area representative of Anderson, Clayton & Co.

## Legion Post To Award Auto

An automobile will be awarded by Ben Richardson Post, American Legion, of Muleshoe, after a campaign which began this week and will continue through the coming weeks.

The car is a 2-door new 1950 Plymouth sedan, purchased from the Arnold Morris Auto Co.

The campaign is being staged to raise additional funds for the Legion Home, erected here a little more than a year ago.

### CARD OF THANKS

We wish to express our appreciation to everyone who remembered us in our sorrow with deeds of kindness and flowers, and who have been so thoughtful and helpful since we lost our beloved husband and father.

Mrs. Emmanuel Jennings and sons, Lenro and Philip

### VISITS DAUGHTER

Mrs. Bula Clarke of Mt. Sterling, Ill., is visiting her daughter, Mrs. H. L. Barbour. She had been to California to visit a son, John Clarke, who is in a veteran's hospital there. On her return home she stopped in Muleshoe to visit Mr. and Mrs. Barbour a few days.

### OLD MAN GLOOM BURNED IN SUDAN FALL FESTIVAL

They burned old man gloom Friday evening to start off the program of the annual Fall Festival at Sudan. Old Man Gloom towered 20 feet high and he whimpered and groaned and begged for sympathy but the people of Sudan, determined to get rid of Gloom, went ahead and burned him.

It was a very unusual feature for such a celebration. Sudan's Fall Festival ran through Friday night, Saturday, and Sunday night with ball games, street parades,

### ENLISTS IN AIR FORCE

J. C. Buchanan, former resident of Muleshoe, has enlisted in the Army Air Force. He went to Amarillo last Thursday for his physical examination and expected that, if accepted, he would be sent to San Antonio for training. J. C., who graduated from Muleshoe high school in 1948, is the son of Mr. and Mrs. J. C. Buchanan, who now reside in Morton.

dances, and special programs throughout.

### MRS. GUEY ON STAFF OF VERNON DAILY RECORD

Mrs. Audine Guey, former Muleshoe resident, has tackled a job in the Fourth Estate. She is on the staff of The Vernon Daily Record, Vernon, Texas, according to word reaching friends here.

Mrs. Guey was employed by Johnson-Pool, Union Compress & Warehouse Co., and other firms during her stay here. We shall be looking forward to hearing more about her newspaper career as time goes on.

## It's Super for Saving Money!

You're in for a real "double feature" when you OIL-PLATE your engine with new Conoco Super Motor Oil: (1) new-car gasoline mileage . . . (2) new-car power and performance.

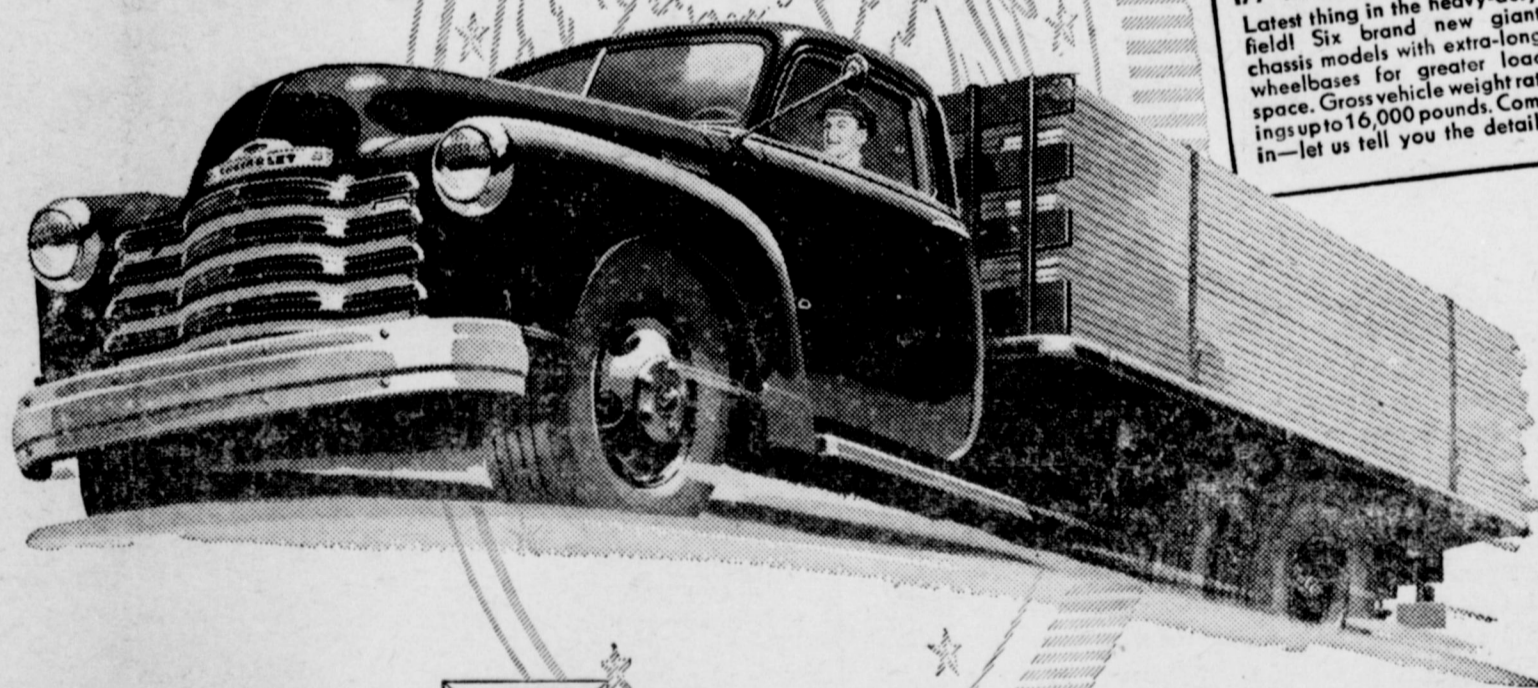

Prove it by 50,000-Mile Road Test! In a 50,000-mile road test, engine lubricated with Conoco Super Motor Oil showed amazing economy of operation. Average gasoline mileage for the last 5,000 miles of the test-run was 99.77% as good as for the first 5,000 miles. This means that—with proper crankcase drains and regular care—Conoco Super Motor Oil can keep new-car gasoline mileage year after year!

Come in and let me tell you about "50,000 miles no wear!"

Engineers Seek Maps, Other Data On Plains Underground Reservoir

LITTLEFIELD, Sept. 5—The State Board of Water Engineers is seeking maps and written data giving evidence of the geographical area and extent of the underground water reservoir in a 21-county Pan-handle-Plains area.

The board made the request for written material following a recent 21-county hearing in Plainview at which it received oral testimony on the ground water supply.

They are chiefly interested in receiving information about areas which will, or will not, support irrigation wells producing at least 107 gallons per minute (or 150,000 gallons per day).

The dry areas, together with 160 acre tracts of grazing land not irrigated, and areas where water is not suitable for commercial irrigation purposes, will be excluded from a proposed underground water conservation district.

The High Plains Water Conservation and Users Association, with offices in Littlefield, has members in 14 counties who are cooperating by submitting written data on the ground water supply.

Any individual who has information on the extent of the reservoir should communicate with the State Board of Water Engineers, H. A. Beckwith, Chairman, Austin, Texas.

Information is sought from the following counties: Armstrong, Bailey, Briscoe, Castro, Cochran, Crosby, Deaf Smith, Dickens, Floyd, Garza, Hale, Hockley, Lamb, Lubbock, Lynn, Oldham, Parmer, Potter, Randall, Swisher, and Terry.

J. B. MOORE HAS BROKEN LEG IN GRID SCRIMMAGE

J. B. Moore, promising young back on the squad of the Muleshoe high school Yellow Jackets, had a leg broken in the scrimmage last Thursday night against Hereford high school grid squad. He was brought to the Green Hospital & Clinic by N. H. Greer and other team followers.

ANNOUNCE NEW DAUGHTER

Mr. and Mrs. John Herring of San Jose, Calif., are announcing the arrival of a daughter, Mary Eileen, born August 25, weighing six pounds and 10 1/2 ounces. Mrs. Herring is the former Jackie Lawler of Muleshoe.

Better Sight BY THE CARTON

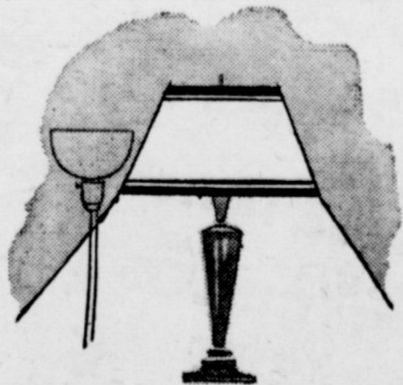

Lamps with empty sockets are about as handy as a ship without a sail! No matter how efficient... or how many lamps you may have around the house... they're so much excess baggage if your supply of lamp-bulbs is down to the bottom of the carton.

Good light is so necessary to good sight. And a carton of bulbs always on hand is insurance against "bulb snatching"... being without... or inconvenient rushing to the store.

Yes, BULBS ARE MIGHTY IMPORTANT... cleanliness is, too! Your lamps and fixtures should be kept clean. Dust and dirt can rob you of half the light you pay for. Reflector bowls can be washed with soap and water... bulbs wiped clean with a damp cloth. Shades may be dusted, washed or dry-cleaned... depending on the type fabric. Light-conditioning your home is economical, too... low cost, dependable electric service makes it so!

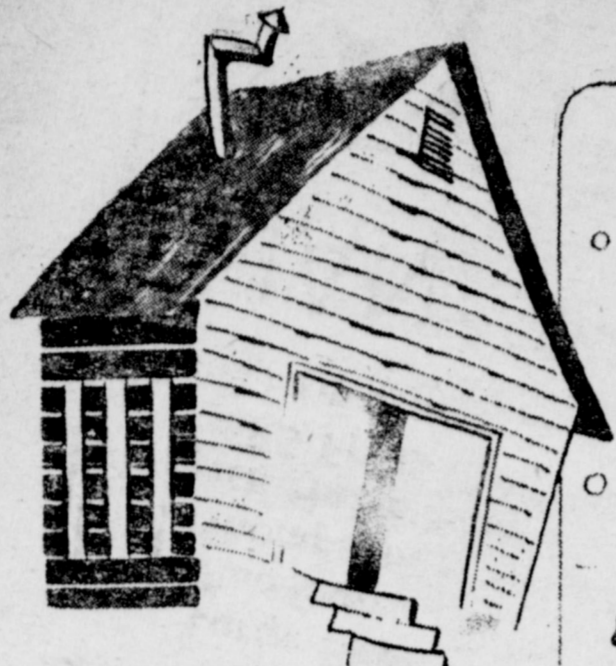

THERE'S A BULB FOR EVERY JOB... 40-60 watt—Strictly decorative... such as boudoir lamps, brackets, etc. 75-100 watt—Decorative and functional where the seeing task isn't too demanding. 150-300 watt—Reading, sewing... where good, strong light is needed for proper "see-ability."
