The old Santa Claus in the window at Ted and Penny Fields' home is so old that he can't be left on, according to word from Mrs. Fields. But, she said, don't hesitate to call and she'll have him waving when you drive by looking at Christmas decorations.

Cisco homes and businesses are decorated beautifully for the holiday season. Can't remember seeing such displays of lights and figures around town. If you haven't taken the time to see the local decorations, do yourself a favor, get out and see them.

Cisco Public School bands, 6th grade through high school, under the direction of Wayne White, will present their annual Christmas Concert Monday at 8 p.m. in the high school auditorium. This is always a wonderful, entertaining program with beautiful music. Everyone is invited to attend; you'll enjoy!

Christmas Holidays will begin for Cisco Public School students when classes are dismissed early Tuesday. Elementary students will get out at 1:10 p.m., junior high at 1:15 p.m., and high school at 1:20 p.m. Buses will run at that time. Classes will resume at regular time on Wednesday, January 3, 1990.

New Chamber of Commerce Officers Named; Rex Fields Is President

New Cisco Chamber of Commerce officers were recognized at the regular board meeting Wednesday morning in the chamber's board room. Rex Fields was elected president. Dr. Roger Schustereit was elected first vice president, Bob Conner second vice president, and Joe Cooper third vice president.

New board members are Mr. Cooper, Mr. Conner, Ray Saunders and W.B. Wright Jr. Re-elected to serve on the board were Mr. Fields, Joe Clack and Fred

If you are missing a blue hooded sweatshirt with Trent 21 in gold on the front, it was left at the Kamon House. You can pick it up there.

Bundle up for this weekend. Record cold was expected for all of Texas with the chill factor in this area forecast to be anywhere from -10 to -25 degrees. Light snow fell around 8:30 a.m. Friday, but the sun was shining by 9:30. Forecasters were calling for some sleet and snow for Sunday and possibly Monday. Keep warm!

CofC Breakfast Set For Wednesday At Traditions

The Cisco Chamber of Commerce will hold its quarterly breakfast at 7 a.m. Wednesday, Dec. 20, at Traditions Restaurant.

Dr. Roger Schustereit, president of Cisco Junior College and incoming first vice-president of the chamber, will be guest speaker.

Don Shepard, CofC manager, is encouraging everyone to attend. Reservations should be made no later than noon Tuesday, Dec. 19. Contact the chamber office at 442-2537 to make reservations.

Wheeler.

New officers will take office at the chamber's January 10 meeting.

Others attending the board meeting were Martha Davis, Dan Dixon, Ronnie Ledbetter, Youvonne McMillan, Jerry Morgan, Gus Smothers, Harold Reich, Dr. A.R. Cermin, and Don Shepard.

EISD To File UIL Documents

Eastland Independent School District Board of Trustees voted unanimously Thursday evening to file documents with the state UIL in connection with the Cisco school investigation. Supt. Keith Watkins reported Friday morning.

The UIL executive committee this week in Austin instructed the UIL staff to further investigate the matter of when Cisco school officials knew that Eastland was using an ineligible player. Eastland was forced to forfeit four games, costing the unbeaten Mavericks a berth in the Class 2A state football playoffs.

The committee reportedly reviewed affidavits from Cisco at its meeting Wednesday. An attorney representing Eastland's interests was present at the meeting. After her presentation, Staff Member Bonnie Northcut said that

the committee asked for further investigation. The UIL staff will report back as to whether or not to bring the issue back before the executive committee.

In other action in Austin the committee placed Monday High School on probation and reprimanded the school for an incident involving a parent during a girls basketball game last January.

In another matter a football coach has been publicly reprimanded by the committee for verbally abusing officials.

Eastland School's position reportedly is that it has been punished for violation, committed either knowingly or unknowingly, and that the Cisco School should be reprimanded in some fashion for having committed an alleged violation, that being that they did not report a UIL violation when they first knew of it.

CISCO ELEMENTARY SCHOOL students have been filling up the "Goodfellows Train" with canned goods which will be used by the Cisco Goodfellows as they help needy families in Cisco during the holiday season. Each classroom had its own box, which the students helped to decorate. Shown are James Weikel and Jolene Brown. (Staff Photo)

Cisco Goodfellows Get Ready For Busy Week; Will Deliver On Friday

In a community effort, the Cisco Goodfellows, assisted by several local churches and the Veterans of Foreign Wars, will help over 50 families this holiday season. The Goodfellows received over 76 applications for assistance, and the churches and VFW "adopted" several families to help.

Cisco Girl Scouts will clean toys Wednesday and get them ready for distribution. Monday and Tuesday, the Goodfellows will purchase food items and start sorting, getting boxes ready. Distribution will be Friday, Dec. 22, out of the old Bateas building on East 8th Street. Groceries will be distributed Friday morning, and the toys will be delivered Friday afternoon.

It is not too late to make a contribution to the Cisco Goodfellows. They are still

Project Lobo

'Tis the season to be jolly' and give financial report on our Project Lobo to all who have so freely given—and to jog the memories of those who have laid that letter aside and forgot to remember.

Organized some 9 months ago, the aim was to have Cisco Sculptor Dale Stewart, make a life-sized Lobo which would be a gift from the Cisco High School Exes, students and teachers and dedicated at the All-Inclusive Homecoming on June 9, 1990.

We, the committee, are still getting it done but the loss of some of our members through moving, and the delay in getting a master address file of several thousand Exes through computer failure have presented obstacles requiring reorganization, and re-planning within the committee.

Last July hundreds of letters went to classes from the beginning through the '40's. Computer breakdown and summer vacation presented another obstacle course which could not be righted until school began and the committee reorganized with replacements lost from the faculty.

That first mailing had two letters. One from Lela Latch Lloyd, ex-student and ex-teacher explaining the "Project Lobo" plans and dreams of raising some \$8,000.00 for molding and sculpturing life-size Lobo for mounting atop a masonry foundation in front of Cisco High School and unveiling it at the 1990 homecoming. President Gene Kinser enclosed a letter detailing that any gift would be tax deductible. He further announced a gift from Cisco's First National Bank that they were paying for a miniature model of the Lobo and would keep it under glass and on display at the

bank for any Ex to see and order through the Lobo Project Committee, Jerry Morgan, treasurer. The sculptor would be reimbursed for his work and the committee would receive the remainder of the gift as the donor gets his miniature, bronzed Lobo.

Kinser's letter included a form for completion which gave information of name, class, and address of giver.

Second mailing of first letter included a 20 year period of those in the classes of the '50's and '60's. Their gifts to their Alma Mater are pouring in now and the committee lacks only the names of those who were seniors in the '70's and '80's to complete the first mailing and a master address list.

This year's student body president, Tammie Glover, and her group have offered their help in completing this list. Two other members of the administration, Secretary Mary Bailey and Principal Bill Warren, have also volunteered to help complete the file.

If you are a parent or friend of any of the ones '70 or '80's to complete the first mailing and a master address list.

First National Bank Holds Annual Christmas Party December 7

Thursday, December 7, 1989 was the 40th year for First National Bank of Cisco to host a Christmas Party for employees. The first Christmas Party was hosted by Kitty and James McCracken in their home on 7th Street in Cisco. Approximately 25 adults were in attendance that year.

This year the party was hosted by Linda Walton, Paulette Dempsey, Vonda Anderson, Pam Donaway, and Caryon Garrett. Employees decorated the Cisco Country Club with strings of holly, red tinsel and glittered pinecones. Christmas arrangements decorated tables and hearth. The fireplace mantel was adorned the tinsel, candles, and a Santa centerpiece, and the roaring fire added atmosphere, as well as warmth.

A time of visiting was enjoyed before the meal. The refreshment tables were laden with cheese logs, nuts, assorted crackers, candies, and punch.

Barbeque and all the trim-

mings was catered by Oscar's. A selection of desserts included spice cake, chocolate cake or strawberry cake by Caryon Garrett and apple pie by Yukiko Kleiner.

Santa made a guest appearance to the delight of adults and children alike. His sack held gifts for each child, and he gave special attention to the wish list of every boy and girl.

Dick Woolley, President, won a jet plane as a gift for being the first to Bingo. (He carried it home in his pocket!)

The Directors, Kitty McCracken, Betty Fee Drumwright, Dr. E. E. Addy, Jr., William B. Wright, Jr., Jerry L. Morgan and Lee D. Woolley were acknowledged by Lynda Foster for their support throughout the year. Gifts were presented to each one.

The evening was brought to a close after the Bingo games were enjoyed by all ages. MERRY CHRISTMAS TO ALL!

A Thought For The Day....

If you would increase your happiness and prolong your life, forget your brother's faults. Forget the slander you have heard, forget the temptations, forget the fault-finding, and give more thought to the cause that provoked it. Forget the peculiarities of your friends, and only remember the good points that make you fond of them. Forget all personal quarrels you may have heard by accident, and which, if repeated, would seem a thousand times worse than they really are. Obliterate everything disagreeable from yesterday; start with a clean sheet for today, and write upon it, for sweet memory's sake, only the things which are lovely and lovable.

There is an old Chinese proverb which states: 'Think of your own faults the first part of the night when you are awake, and the faults of others the latter part of the night when you are asleep.'

Lights From The Christian World

By Josephine Cleveland

I recently read of a professor who became quite irritated because a student submitted a paper and called a certain idea "some what unique."

The professor made it clear to the student that an idea was either unique, or it wasn't. He further explained that unique is defined as "being the only one." He told the student to research the meaning of the word and report what he had learned to the class.

The student checked various dictionaries and found that "unique" has been a part of the English language since 1602. It came from the French, who had borrowed it from the Latin. In both French and Latin it meant, "one." The student's interest deepened as he learned and later shared with his classmates that originally, unique meant "one" or a being without a like or equal." But as the word came into popular use, it became fuzzy, like so many English words have. Now, according to Webster's Ninth, the word can be modified with qualifiers like "somewhat unique."

So what? Just this.

Haven't we done the same thing today with Jesus Christ?

For some in our day, Jesus is unique — "one of a kind." He was of miraculous birth. His mother was a virgin. His father was God, the creator of all mankind, who could have called anything He desired into being. Yet, Jesus, His Son, was born in a common stable and cradled in a manger. Angles attended His birth. Wealthy wisemen came and worshiped Him. Shepherds left their flocks and came to pay Him homage. He was destined to die for mankind, this perfect One, this Jesus. Those who first listened and saw Him in action knew that He was unique, "One of a kind." They had never seen or heard anything or anyone like Jesus.

It is a powerful message to those who believe. To others, Jesus has become "fuzzy". He is only "somewhat unique."

This idea is what makes it so out of touch with our day, and yet, so desperately needed.

This holiday is unique — "one of a kind." Let us make it so.

Texas Affiliate Expands School Site Program

The Houston Endowment, Inc., awarded the American Heart Association, Texas Affiliate \$550,000 for the continued distribution of its schoolsite programs. These funds will be used to educate students grades 4-12 about heart health and risk factor reduction. Earlier money given by the foundation supplied the Heart Treasure Chest and Heart Explorers programs for children in grades K-3.

The first program to be purchased and distributed through the grant is Getting to Know Your Heart, designed for students in grades 4-6. Inservices were held throughout the state in June and July to train volunteers and staff on how to implement the program.

Nell Gottlieb, Ph.D., Associate Professor of Kinesiology and Health Education, University of Texas and AHA Affiliate Program Chairman, says that Getting to Know Your Heart is yet another continuation of the Houston Endowment's support of the Texas Affiliate's schoolsite program.

"It is terrific and wonderful that the Houston Endowment has made such a positive investment in children. We can give every Texas student the opportunity to learn about their heart, how it works, and

how to make healthy decisions to reduce their risk of heart disease in the future."

The Getting To Know Your Heart curriculum, according to Gottlieb, helps children gain an awareness of the importance of caring for their hearts and develop positive heart-health habits. The program uses activities that reinforce health and physical education, as well as process skills of science, language and fine arts. "The curriculum meets many of the Essential Elements mandated for Texas schools."

Through the current endowment contribution, the Texas Affiliate plans to introduce kits for junior and senior high school students in 1990 and 1991, respectively.

"Students who participate in AHA schoolsite programs are less likely to smoke, more likely to exercise, and will make improved decisions for health in general," Gottlieb said. "We are anxious for 1991 when AHA programs are available to students of all grades, from kindergarten through high school."

For more information concerning Getting To Know Your Heart or other schoolsite programs, contact your local AHA office, or Jill Ward at the AHA Texas Affiliate (512) 836-7220.

WORD OF GOD

Worship the Lord!

And it shall come to pass in that day, that the great trumpet shall be blown, and they shall come which were ready to perish in the land of Assyria, and the outcasts in the land of Egypt, and shall worship the Lord in the holy mount at Jerusalem.

Letters To The Editor

Editor,

What happened to that global warming "greenhouse effect" the loud mouthed agitators promoted an international conference on?

I sure don't feel it now and despite periodic fluctuations in mean average temperatures I don't think their "proofs" exist.

So before anyone joins the agitators demanding we use less fuel in the USA and restrict productivity they should remember days like these.

CHRISTIAN - LIVING

Having the right attitude about life will almost always result in an outburst of enthusiasm. Enthusiasm is very important because it always affects those around you. There is a song that we have sung for quite a long time which tells of our Christian life and how it can spread: "It only takes a spark to get a fire going, and then all those around can warm up to its

glowing."

Within you is the spark that will get the fire going for yourself and those around you. But it takes enthusiasm. Nothing is accomplished without enthusiasm. The difference between a great mother and a good mother, a great teacher and a good teacher, a great preacher and a good preacher or a great salesman and a good salesman is often enthusiasm. To be enthusiastic does not mean to be noisy or loud. It is not something you put on and take off. It simply means you are sold on life, who you are, and

what you have to do according to the grace and will of God.

With excitement and a spark of enthusiasm, tell someone about your relationship with Jesus Christ.

In Jesus Christ
Rev. Rick Mota

OUR RICH POWER

Coming from a big city like San Antonio, Texas, I always heard of thieves stealing motors out of cars while parked at the mall; think about the look on the owner's face when he tried to start his car and nothing happened. The car wouldn't turn and all power was gone.

Satan is the thief that goes about seeking to rob us of the joys, riches, and powers we have in Christ. Many times he succeeds.

Just as some cars have a reserve gas tank, we too can have reserve powers from the Lord if we trust Him with all our hearts and lean not on our

own understanding, and in all our ways acknowledge Him. Every person knows the value of having something in reserve. Christ stores up power and spiritual riches in His Word for our time of needs.

How rich are we? We are created and owned by Christ. Our sins are removed by His blood on the cross and the

Holy Spirit supplies all the needed power to live a productive life. This power is increased as we use the Word. The problem is that we are so rich, that we have allowed Satan not to let us appreciate what God has given us.

Can you think of three Blessings you received today?

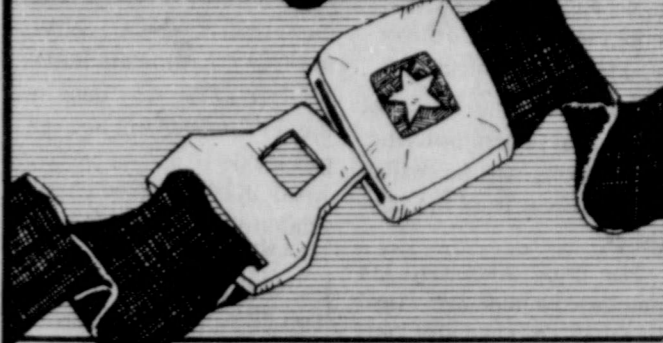

In Jesus Christ,
Rev. Rick Mota

Safe Driving Tips from Rhonda

Too often, people have what they consider a 'good time' consuming alcohol and then get behind the wheel of an automobile-only to be involved in a terrible tragedy! Not long ago, a man in Kentucky went out to have a good time. Before the night was over, his car had hit a school bus head-on. Twenty-eight children burned to death inside the bus because the man thought he could drink and still drive. Think about yourself and your loved ones before you make the foolish decision to drink and drive. Care enough about life and living. Drive sober!

Charlotte Craig Honored For Leadership In County

Charlotte Craig

Tuesday, December 12, 1989. Charlotte Craig, leader of Yokefellow Five was honored for her stewardship and leadership in Eastland County. The formal dinner and holiday festivities were hosted by Venita Smith, Yellow Mound. Four years ago, Benny Hagan, Pastor of Corinth Baptist Church realized the need for spiritual growth groups. From his love and concern these courses have matured into five Yokefellow Groups, two stress groups and two marriage Enrichments Groups and reach beyond Eastland County. Benny believes "no one can give mature love until they have achieved a considerable degree of emotional and spiritual maturity." Charlotte was a member of Benny Hagan's Yokefellow Group and on completion of the twenty-two week study

course joined Yokefellow I and then on its completion joined Yokefellow II. After extensive study, research and maturity she decided the Lord had a plan for her in leadership.

Yokefellow is based on the Art of Understanding Yourself. Its concept is...."you

don't have to feel alone nor alienated from others and from God, and separated even from yourself. You need not remain alone. You can learn to listen, to be more honest with yourself and to share with others on a deeper level. You can discover the love of God as it is mediated through people. This concept is a unique combination of spiritual insight and psychological experience to guide its members in reaffiliation, growth and insight. You can come to know God, yourself, your mate, and others in a way you never dreamed possible."

Charlotte is a resident of Cisco, Texas; daughter of Dr. Jack and Mildred Redford; employed by the Cisco Baptist Association and a member of Corinth Baptist Church. Her devotion, love, dedication and concern in serving others needs and her community is exemplified by her love for the Lord and His people. Charlotte believes Yokefellow Five was hand selected by God and is bonded together emotionally and spiritually as a family. "I feel for the first time in my life that I am doing what God really wants me to do."

Rescue Line For Women

Ruth Stewart, M.Ed.

Q. How can I overcome grief and start the helping process?

A. (continues from last time.) Triumphant survivors think and behave in ways that lead to recovery. So can you.

- You can open yourself to finding and receiving encouragement from the available sources.
- You can recall individuals and events in your past that can provide strength, hope and encouragement in difficult, discouraging times.
- You can allow yourself to care for other people, become attached to others, and be vulnerable with those who are trustworthy.
- You can open yourself to serendipitous events.
- You can know and use to our benefit the power of a symbolic achievement.
- You can use rituals and symbolic acts as an aid to healing.
- You can reach out to help others while you yourself are still hurting.
- You can find a variety of fitting ways to say goodbye frequently and fully.
- You can find the people who will help -- friends, family, peer support groups, role models, professional helpers, neighbors, authors, treatment programs, wig or prosthesis makers, carpenters, advice givers.
- You can accept the best life within reach.
- You can do the best that you can.
- You can go forward, knowing the sorrows and hardships you've had to come through -- but looking ahead far more than looking back.

HELP!

Eastland County Resources Association
210 South Lamar Street
Eastland, TX 76448

Dear Friends of Eastland County, Did you know that there are people in Eastland County who are hungry every day?

Did you know that there are families living without heat or water in Eastland County?

Did you know that there are even homeless people in Eastland County?

These are all true and affect us all in one way or another. But there is a way to help. An answer to these problems begins with you and the EASTLAND COUNTY RESOURCES ASSOCIATION (ECRA).

Nearly three years ago a group of concerned citizens began meeting at the urging of our local Department of Human Services to consider what could be done to ease the hunger problem in our county. But as we met and looked into the issue it became apparent that more than a food pantry was needed. Hunger, poverty, illiteracy, lack of job skills - needs are interconnected.

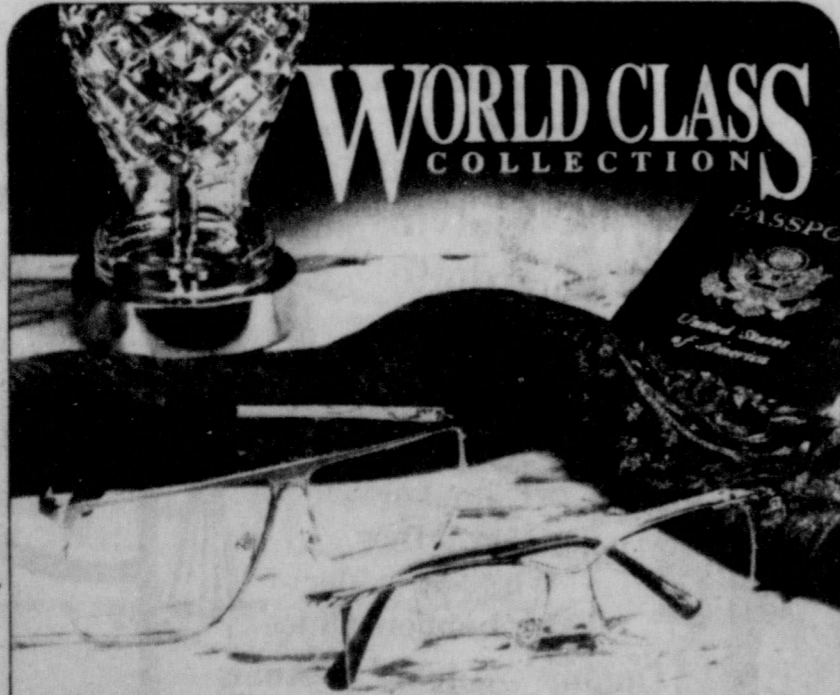

To begin to meet the needs of this county, this group has formed the ECRA. This association was created to: A) coordinate the county-wide helping agencies and groups; B) create a county-wide directory of service groups; C) financially help these groups to meet the needs of the county.

This letter is to serve as your personal invitation for you or your company to become a member of ECRA. The Association is set up on a membership basis and we would like for you to join us in alleviating poverty-based needs in our county.

There are two basic ways to join the Association. The first is through volunteering your time at a rate of 3 hours per month to a service group that is approved by the Association. The second method is by donation of \$120.00 per year to the Association. This can be one annual donation or spread out over the year at \$10.00 per month.

This small amount given by many would do much to alleviate the needs of many people in a short time. We need your help in this effort to make Eastland County a better place to live. The meetings of the Association are the second Tuesday of each month at 12:00 noon in the Eastland Library. If you can't come to the meetings but would like to participate please feel free to call Corrie Cowley, 629-1813, Becky Bowell, 629-1176, or Viola Payne, 629-1707.

Sincerely yours,
Corrie Cowley, Chairman
Becky Boswell, Treasurer
Viola Payne, Secretary

GUEST SLOT

(ED. NOTE: When this article first appeared in mid-1974, its headline read: "Berlin Neighbors Seek Same Goal—But Walk Different Paths." With things changing so fast in East Berlin today, maybe today they're walking similar paths.)

By Gay Nell O'Brien

Our East German guide told us in a "nice" way that the Communist plan to rule the earth some day.

When asked about the possible reunification of Germany, his answer: "No way, until West Germany is socialized. The socialization of the whole world is inevitable so some day Germany will be unified again," left little to the imagination.

The former World War II Nazi infantryman, Paul Baumgardner, 51, spent over a year in a prisoner of war camp at Huntsville, Texas, north of Houston. He said, "I fought for crazy Hitler in World War II and was happy to be captured. Then I came back to East Berlin because this is where I grew up."

Irony of ironies, Don Reid, publisher emeritus of the Huntsville paper who was a member of our tour group, got the scoop story of the trip! To understand the ideology of this devotee to communism, all one needs to do is to read the World Book's interpretation of Communism, Russia and Lenin. To understand that it has not worked out the way Karl Marx and Lenin, its founder, predicted, one needs only to look at history!

The Communists have not given up though. They hope to win us and our allies over by topping us politically, intellectually and economically.

Almost all governments today, by necessity and for humanitarian reasons contain some socialism, but America must have a "turning back"

from the "overskill" socialistic direction we are heading if free enterprise (the primary difference in Democracy and Communism) is to survive. Communism is complete socialism with all its undesirable side effects, and this is what we must steer clear of! To some, the Communists' ideology may not seem bad. The methods used to put it into action are corrupt, and to our way of thinking, it can never be a really successful way of government.

There will always be political ambitious persons in any society, but in a Communist country when the wrong person reaches the top, there is no way to relieve him except by a possible revolution.

Also to us, it seems that Communism destroys so much initiative in people. One would have to be state oriented to ever excel professionally without threat of life. It makes us wonder if our country's current trend toward shoddy workmanship and sagging productivity could possibly be linked to our increased socialistic tendency.

It is interesting to see that only two percent of the population of the Soviet Union are registered Communists. The rest must continue to placidly live under it whether they agree or not. One reason for such a small membership in the party, they told us, was lack of time of ordinary working people for all the demands made.

They boast that their government takes care of everyone. We wondered (How?) when we saw very old women sweeping public squares and streets and other such examples.

Communism praises the equality of the people. Of course, all people should have equal opportunities, but as far as the people being treated

equally in Russia—this is simply not so. Those who do excel and find favor with the system certainly enjoy higher standards of living. We have no doubt that the higher a person ranks in the party, also, the higher his standard of living!

A West German editor did not express any doubt about the East German guide's statement of Communist intentions.

Alex Springer lives with the danger of the Communist threat. He built his huge and modern newspaper plant, the largest in Europe, against the west side of the Wall in the early 1960's as a symbol of "courage not defiance." Mr. Springer does not believe in "fooling around" with the Communists, and encourages a hard-nosed policy for non-Communist countries.

The newspaper has received several bomb threats, etc. We walked on to large balcony over a roof and right up to the wall below. Here and through the newspapers' windows we took pictures of the Wall and wreaths placed alongside it for those who were shot in fleeing East Berlin.

Our guide of West Berlin told us that the reason the Communists built the wall when they did, was that they were losing all their factory workers with the flood of refugees into West Berlin every day.

Springer believes that "detente" is a "peaceful expansion of Communism" because of the Communist concessions that have gone along with it. Listening to an editor who knows that there are 160,000 Communist divisions right across that wall, we were speechless.

Farmers Market Project 'Overwhelmingly' Successful

Thousands of low-income women and children in 11 Texas cities have improved their diets, according to the Texas Department of Health (TDH), while giving area farmers an economic boost. They were helped by a special pilot program to provide participants with fresh fruits and vegetables.

A nationwide program, the Farmers' Market Coupon Demonstration Project, administered in Texas by the TDH Bureau of WIC Nutri-

tion, allowed 56,728 of the state's WIC participants to exchange coupons for fresh produce from June 1 through Sept. 30. WIC stands for the Special Supplementary Food Program for Women, Infants and Children.

In the project, qualified women and children found to be nutritionally lacking were issued \$10 to \$20 worth of coupons to be redeemed at local farmers' markets for fruits and vegetables. "Texas had the highest

coupon redemption rate of the 10 participating states. The results of this program were overwhelming," said Debra Stabeno, chief of the Bureau of WIC Nutrition.

"For some of our participants, this was the first time in a long time they were able to afford fresh fruits and vegetables. They also learned how to become better consumers. Some of the farmers in the program said that participants were more cost-conscious than many of their other shoppers."

The farmers' market project not only provided nutrients often missing from the diets of WIC participants, but also helped Texas farmers sell their produce. Farmers' markets in San Antonio, Austin, El Paso, Beaumont, Del Rio, Amarillo, Paris, Sherman, Lufkin, Corsicana and Hillsboro accepted the coupons.

In some of the areas, farmers also delivered produce to the WIC clinics for persons lacking transportation, Stabeno said.

She said that the three-year federal pilot project was created to improve the diets of qualified mothers and their children enrolled in WIC, as well as to promote use of the state's farmers' markets.

Next year, the program will again be offered from June Through September, according to Stabeno.

For more information,

contact Debra Stabeno, Chief, Bureau of WIC Nutrition, at (512)458-7444 or Margaret Wilson, Public Information Coordinator, Public Health Promotion Division at (512)458-7405.

VA Pensions To Increase In December

More than 700,000 veterans and dependents will receive up to a 4.7 percent increase in Department of Veterans Affairs (VA) Improved Pension checks payable Dec. 31, 1989.

VA Secretary Edward J. Derwinski said he hopes to announce a similar increase in disability compensation rates for disabled veterans before the year is out.

VA pensions are paid to wartime veterans totally and permanently disabled from circumstances unrelated to their military service, and to needy survivors of wartime veterans.

The pension increase applies to 436,506 veterans of wartime service and 280,708 surviving spouses and children. Payment increases will also go to 31,311 parents of deceased veterans receiving Dependency and Indemnity Compensation (DIC) benefits.

The increase in monthly payments is automatic and requires no action by recipients. Pension benefits range from annual maximums of \$6,767 for a veteran without dependents to \$15,222 for a veteran with three dependents who is in need of regular aid and at-

tendance. Unlike compensation benefits paid to veterans disabled by illness or injuries related to military service, pensions are affected by income from other sources, so the exact amount of the increase varies.

Increases in Improved Pension to wartime veterans and their dependents and DIC payments to deceased veterans' parents are set by law at the same rate and date as Social Security increases.

VA pensions other than the Improved Pension remain fixed at the rates in effect in 1978. The income limits that control eligibility for these programs, however, also are increased by 4.7 percent, effective Dec. 1.

Recipients of these pensions may request transfer to the Improved Pension plan at any time. The VA reviews each request to advise beneficiaries which program would be most advantageous.

Veterans and dependents with questions about pension should contact the nearest VA Regional Office.

KOKOMO NEWS

The Christmas program at the Kokomo Baptist Church will be on Sunday night, Dec. 17 at 6:00 p.m. Visitors are welcome. Santa will be there to talk with the children, and gifts will be exchanged. There will be a fellowship following the program in the fellowship hall.

There will be only one worship service on Christmas Eve at 10:00 a.m. at the Kokomo Baptist Church.

Joyce Gilbert of Houston was a visitor at the Kokomo Baptist on Sunday morning.

Those from the Kokomo Baptist Church going to Canterbury Villa in Gorman on Sunday afternoon for the church services were Bro. and Mrs. Clarence Wilson, Mr. and Mrs. Woodrow Browning, Jimmy Little, Mamie Little, Nancy Hendricks, Hope Joiner, Berneice Rodgers, Ave Rodgers, and Bro. Joe O'Neal.

Joyce (Mrs. Neal) Gilbert of Houston is visiting with her mother, Mrs. Berneice Rodgers and with the Floyd

Gilberts in Gorman.

Visitors with Mrs. Hope Joiner on Saturday were Howard, Barbara and Julie Joiner of Arlington, Lucille Joiner and Joyce Bramlett of Stephenville, Billie Jeane Grisham, Kathy and Shana Skaggs of DeLeon, Ennis and Nina Beth Joiner of Gorman. Amber Craddock and Jewel Huddleston of Comanche visited with Mrs. Joiner on Sunday afternoon.

Mrs. Vernon Fields visited recently in Morgan Mill with Mr. and Mrs. Richard Nachtigall, Taylor and Trevis and attended a basketball game to see Taylor play basketball.

The pastor and deacons of the Kokomo Baptist Church and their wives enjoyed dinner and fellowship at K-Bob's in Eastland on Monday night. Those attending were Bro. and Mrs. Clarence Wilson, Mr. and Mrs. Otis Griffith, Mr. and Mrs. Glenn Jordan, Mr. and Mrs. Jimmy Little and Mr. and Mrs. Woodrow Browning, Mr. and Mrs. J. C. Clearman and Mr. and Mrs. Joe Hodges were unable to attend.

Kenneth and William Whitley of De Leon visited with Glenn Jordan on Saturday morning.

Mr. and Mrs. Woodrow Browning attended the funeral of Mr. Gatlin in Grandview on Tuesday. Mr. Gatlin is the father of the Brownings son-in-law, Gary Gatlin. We extend sincere sympathy to Gary and Donna and the family.

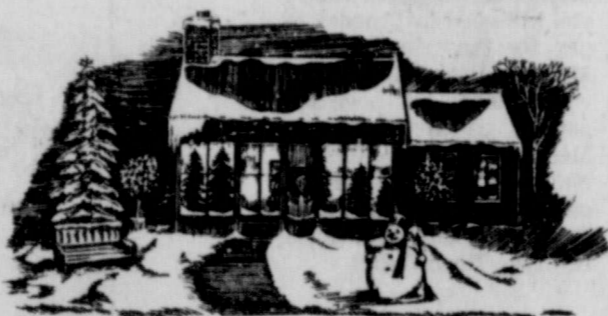

The Richard Nachtigalls of Morgan Mill and Buster Johnson of Carbon visited with the Vernon Fields and Lindell on Saturday.

Rossander Leads Christmas Cantata

Richard has been a resident of Eastland for 18 years. He was a member of First Baptist Church, Eastland before transferring to Corinth in 1989. Richard is active in The Conference of Texas Baptist Evangelist. He is frequently the musical evangelist at crusades, revival meetings, Bible conferences and rallies. It is Richard's belief "you don't have to have a great voice to be in a choir - just the love and commitment to the Lord." Richard's enthusiasm, love and dedication exemplify Corinth's motto "We Are in the Life Changing Business."

Charter members for the 101 year odyssey are: Richard Rossander, choir director; Suzette Bassham, pianist; Joan Ferguson, soprano; Martha Thompson, soprano; Peggy Hagan, soprano; Diana Harris, soprano; Deana Hooks, soprano; Charlotte Craig, alto; Marsha Beesley, alto; Barbara Rossander, alto; Nancy Clark, contralto; Venita Smith, contralto; Benny Hagan, contralto; Benny Thompson, tenor; Harold Bassham, tenor; Bruce Smith, bass.

Corinth Baptist Church Family and Richard extends to Eastland County community an invitation to share with us the glorious experience in extolling the Lord's Birthday in song and music. The Corinth Christmas Cantata will be presented the second night at the Canterbury Villa, Cisco, Texas; Thursday, December 21, 1989 at six-thirty o'clock in the evening. It is Richard's and Benny Hagan's, pastor of Corinth, pleasure to extend a personal invitation to Eastland Community to share in this wonderful advent - "Jesus is the Reason for the Season."

Cattle Die From Lead Poisoning

Two cases of lead poisoning in cattle were recently diagnosed by Dr. Hounsell and Dr. Duncan at Duncan Veterinary Clinic. The cases involved two separate herds

of cattle with two cows dead per herd. The other cows were not involved. One cow died suddenly with no previous signs of illness and the other three died after several days

of illness. The signs in those cattle involved the following: general depression in appetite, signs of colic, severe constipation in one, diarrhea in another, variable degrees of blindness, and an abnormal gate in one.

The source in one case was found to be a deteriorated automotive battery in a coastal bermuda pasture. The cattle in this pasture were in good condition, the pasture was newly purchased and looked to be free of trash dumps or other obvious causes of poisoning. Only after a careful search of the pasture was the source found. The second case involved a herd of cattle that had been in a junk strewn pasture for several years with no problems. This year however, the pasture was severely overgrazed and the cows were in poor condition. These cows may have consumed lead from a source that they had ignored in years past. The source was not found in the second case.

There is a treatment plan

available for lead poisoning but it is expensive and complex requiring intervenus drug therapy, oral purgatives and binders, may require surgery to rid the stomach of lead trapped there, and intensive supportive care since most affected animals are emaciated, dehydrated, and won't eat. Cattle already exhibiting Central nervous system signs have a poor prognosis regardless.

Obviously, prevention is much more practical than treatment. Dispose of old batteries, used motor oil, lead painted boards, grease and greased equipment, linoleum and various other lead containing material where livestock can't get to it. Dr. J. C. Reagor of Texas Veterinary Diagnostic lab reported that automotive batteries are by far the most common source of lead poisoning. Don't allow overgrazing or malnutrition. Cattle that have adequate forage, protein, mineral and salt are seldom involved in poisonings. Malnourished cattle eat all sorts of junk.

Nutrition Program

The period December 18 through 22 will be the last week the Senior Centers are open before Christmas. So you will need to clip this article from the newspaper. We will be serving luncheons Monday, December 18; Tuesday, December 19; Wednesday, December 20; and Friday, December 22.

Our Christmas Dinner will be December 22, at 11:30 a.m. You must and we repeat, you must make reservations. Call 442-1557 or 629-1382 to make reservations. Those who do not make reservations will need to wait until those who have made reservations have gone through the line.

The activities and programs for the centers include: Cisco-Lois Holder, Richard Parker and Mildred Johnson played the dinner music. Bob Bevers presented his one man band. The Senior Center Band and Choir presented programs.

Mable Thetford conducted the blood pressure screenings. Eastland - Ruth Kendrick and La Rue Broussard presented the dinner music. The Senior Center Choir participated.

The menus for the coming week will be:

Monday, December 18 - Oven fried fish with tartar sauce, broccoli rice cheese casserole, corn, peach cobbler, cornbread, butter and milk.

Tuesday, December 19 - Bar-B-Q chicken, green peas, spinach, apple cobbler, bread, butter and milk.

'Hug Bugs' Are Being Recruited

Do you have a "Hug Bug" loose in your town? If you, or someone you know would be interested in being a "Hug Bug" in your local nursing home please contact me, Geneva Williamson at 442-1261 for your tenacles and hug card. This is not just a Christmas time event it is a program for residents at local nursing homes to receive the loving attention they deserve year around. Based on your own time availability you can set up a "hug" program that will give you many rewarding moments with nursing home residents. By volunteering some of your time to spend handing out hugs you can touch the life of someone who might otherwise sit for hours waiting to hear a kind voice. Remember when you give a hug you also receive one in return. Once again please call if you are interested at 442-1261.

Two Cisco Students Inducted Into Scholastic Society At Tarleton

Two Tarleton State University students from Cisco, James D. Speegle Jr. and Stacy J'lyn Willingham, were among the 60 students inducted this fall into the Texas Alpha Kappa Chapter of Alpha Chi, the national honorary scholastic society. Membership in Alpha Chi is limited to approximately the upper 10 percent, academically, of the junior and senior class and to be eligible a student must have at least a 3.62 grade point average.
The objectives of Alpha Chi are to promote and to recognize superior scholarship and those elements of character that make for effective service. The society, founded in 1922, has more than 218 chapters in 44 states and represents the highest academic honor of any member campus. The Texas Alpha Kappa Chapter at Tarleton was established in the fall of 1968.
Chapter sponsors Dr. Robert C. Fain, Dr. Jim Kirby, Dr. Ruby Barker, and Mrs. Velda Boyd conducted the induction ceremonies which were held on the TSU campus.
Stacy is a Physical Therapy major and the daughter of Butch and Brenda Willingham of Cisco. James is majoring in Physical Education and is the son of Betty Speegle and the late Doug Speegle.

Cisco Eighth Grade Lady Loboes Win First Place Trophy At Abilene Tourney

Cisco Junior High 8th Grade Lady Loboes won first place in the Abilene Junior High Basketball Tournament held Friday and Saturday. The Lady Loboes soundly defeated three teams from Abilene to bring home the first place trophy.

In the first game Friday, Dec. 8, Cisco defeated Madison 46-to-24. High scorers for Cisco were Traci Crocker 14, Ginger Rhyne 8, Carrie Kearney 6 and Christy Manning 4.

The Lady Loboes defeated their next opponent, Mann, 59-to-24. High scorers for Cisco were Carrie Kearney 14, Traci Crocker 12, Ginger Rhyne 11, Kerstin Gerhardt 9 and Stacy Smith 6.

In the championship game Saturday, Cisco outscored and outplayed Jefferson, winning by a score of 60-to-12. High scorers for the Lady Loboes were Traci Crocker 15, Carrie Kearney 12, Stacy Smith 9, Kerstin Gerhardt 8, and Ann Hounshell, Christi Manning and Ginger Rhyne 4 each.

Coach Lori Whatley said, "These girls played great defense all three games of this tournament. We were the smallest school invited to this tournament and we came home with the 'biggest trophy'."

For a fun night of basketball catch the junior high teams some Monday night.

As Temperature Drops, Take Care

A few snowflakes were falling as the temperatures dropped Friday, and Weather people are saying that there is a strong chance of some snow and ice starting Sunday. The temperature is also predicted to drop into the teens at night for possibly some record low

temperatures for this time of year.

People should take precautions, especially if traveling and be prepared for trouble during the cold weather.

With it being so dry now, people should be especially careful with fires and stoves.

Cisco Child Care Center Is In Need Of Contributions From Community

In 1969 the First Baptist Church recognized a need for a child care facility. They got busy and were soon issued a charter by the State of Texas to operate a center with a maximum of 30 children. The operation grew until there was a waiting list. As the operation grew, so did the operating expenses and they found it was not possible to continue without outside assistance.

Faced with the possibility of discontinuing the service, they approached the churches and civic clubs to be sustaining members of the project. A new charter was issued in 1975, with control vested in a Board of Directors appointed by each of the sustaining groups. Each group may appoint two members to the board.

Present sustaining members and their representatives on the Board of Directors are as follows: First Baptist Church with Bill Philpott and Loretta Reynolds, East Baptist Church with Sheila Diggs and Mary Bailey, First Christian Church with Billie Jo Vickers and Hattie Weathers, Redeemer Lutheran Church with Lee Roy Witzsche and Linda Wende, First Presbyterian Women with Janice Ferguson, First United Methodist Church with Carl Gorr and Louise Cooper, Cisco Service Club with Carlene Conner and Sue Lacy, Cisco Lion's Club with Jerry McBeth and Jim Manning, Cisco Civic League

at that time, was the leader in securing cash gifts and pledges. Churches, civic organizations, and many individuals gave generously until our facilities were completely paid for.

The present facility is licensed for a total of 68 children, and children from infancy through 13 years of age are cared for. The building is centrally air-conditioned and heated, with adequate room for exercise on days when weather does not permit play and activities out of doors.

Winona Payne is director of the Child Care Center, with a dedicated staff whose first concern is for the children. They serve all races, colors and creeds without question. A balanced diet is served at meal time, with snacks in the morning and afternoon.

The Cisco Child Care Center is a non-profit organization. It is fully licensed by the State of Texas and complies with all regulations set out by both state and federal governments. The Center received no state, federal or other governmental aid, and the fees charged for child care DO NOT cover the expenses of the operation.

The cost of operating the Child Care Center continues to increase. The price of groceries has almost doubled in the past few years. Cost of supplies, utilities and insurance are also increasing. Salaries will increase significantly when the new minimum wage goes into effect.

The only alternative to charging larger fees for child care is to receive additional income from other sources. Contributions from other churches, clubs or individuals, either on a regular or one time basis, would be greatly appreciated.

The Cisco Child Care Center was built by the citizens of Cisco, financed by the citizens of Cisco. Let's support it.

The Child Care Center was originally located in the Education Building of the First Baptist Church. Realizing the need for larger quarters, it was decided to seek a new location. The present facility, located at the corner of 8th Street and Avenue H, is the result of that need.

Through the cooperation of the First National Bank, financing was arranged and remodeling begun in late 1977. E.A. Sherwood, pastor of the First Christian Church

Majestic To Host 'A Christmas Carol' Wednesday

Wednesday, Dec. 20, at 7:30 p.m. is the date for the stage play 'A Christmas Carol' to be presented at the Majestic Theatre in Eastland.

This colorful adaptation of the Christmas classic will be presented by the Texas Tech University Touring Company. The cast and crew consists entirely of Texas Tech students, and they are giving the play at a number of West Texas towns during this tour.

Admission at the Majestic Wednesday will be \$5.00 for adults, and \$3 for children/students. You may call the Majestic office at 629-2102 for further information.

Local VFW Is Holding Drive For Christmas

The Spirit of Christmas is upon us now as it has been for many centuries. We know there are many unfortunate people and the Veterans of Foreign Wars are holding a Christmas Drive to help provide relief.

Beginning Monday, Nov. 27, the VFW Post at 701 Ave. A will be open daily from 10 a.m. to 4 p.m. to receive food, paper and cleaning products, cash and toys. The cash will be used to purchase fresh food just prior to delivery. If you are unable to come by the Post, call 442-1151, 442-2102, or 442-1907 and a member of the Post will pickup any pantry items you would like to donate to this effort.

Lefty Young and the entire Post thanks everyone in advance for your support.

STRENGTHENING TEXAS FAMILIES

Families as Educators. Families are the starting point for children's feelings and visions about education. Parents set the stage for learning, the cognitive development of each child, mainly by role models they offer in home

environment.

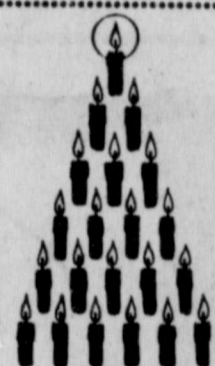

Research continues to reinforce that the most important way parents can contribute to the education of their children is by what they do at home. Children who typically perform better in school are children whose parents:

- read to them when they are young
- supervise their homework
- make sure they have a quiet place to study
- talk with them about school and every day events
- express an interest in their programs

Parents can make a further contribution to their children's education by being interested in what is going on within the school system. Designing useful and enriching educational experiences for students of all ages requires families, schools, and the community to work in tandem. When they work together to shape the goals of the school system, they can more effectively support and help do what it takes to achieve those goals.

Fishing Outdoors

By Terry Wilson

FISH RESCUED AT TOLEDO BEND
I had intended to have an article concerning the status of a local angler who finally received a bonus check from a win this year in the 14th annual Eastland County Bass Club's Open Invitational at Lake Leon. But I'm sure everyone received this information last edition from another source. So on to the new.

In an unusual rescue mission Monday, crews from the Texas Parks and Wildlife Department's Fisheries office in Jasper and their counterparts from Louisiana seined some 8,000 pounds of fish from below the Toledo Bend Reservoir Dam and released them in the reservoir.

The operation was made possible by the Sabine River Authority, which was filling a washed out area below the dam.

Biologist Paul Seidensticker said swift water below the dam had washed out a once-acre body of water adjacent to the stilling basin, and when the River Authority reduced the flow to make repairs a large number of fish

were trapped. Seidensticker said crews pulled seines across the pond as it grew smaller with every load of fill material dumped by the contractor. "We weren't sure how many fish were in there so we started with a large mesh, 20 foot seine," Seidensticker said. "We pulled in about 150 striped bass from 10 to 40 pounds on the first pull. About 100 of the stripers were in the 20 to 25 pound class.

As the pond shrunk, the crews switched to a smaller mesh 75 foot seine to collect smaller fish. In all, the one day operation resulted in the capture and release of approximately 500 stripers and hybrid striped bass, 300 largemouth bass up to nine pounds, 300 white bass in the two to four pound class, two 25 pound flathead class, and about 1500 pounds of assorted sunfish and rough fish.

Seidensticker said the department normally does not engage in fish salvaging operation necessary because of the large number of large striped bass of spawning size that would have perished otherwise.

Only four fish were lost in this operation due to the five minute drive up to the lake boat ramp.

Dallas, Fort Worth fishermen are doing their part in establishing records in the Texas Parks and Wildlife Department's new waterbody fish records program.

Anglers have a good opportunity to get into the record book because many lakes have no established records or record only a few species.

Some of the fish from DFW area lakes that have been submitted recently for record consideration include a 12.75 pound hybrid striped bass from Lake Benbrook, a 3.05 pound smallmouth bass from Eagle Mountain Lake, a 5.15 pound largemouth bass from Grapevine Lake, an 8.3 pound largemouth from Lake Worth

and a 1.05 pound largemouth from Joe Pool Lake.

Lake record fish must be weighed before witnesses on certified scales, and official department lake record forms must be completed and sent to TPWD headquarters.

Feel Free To Have A Cup.

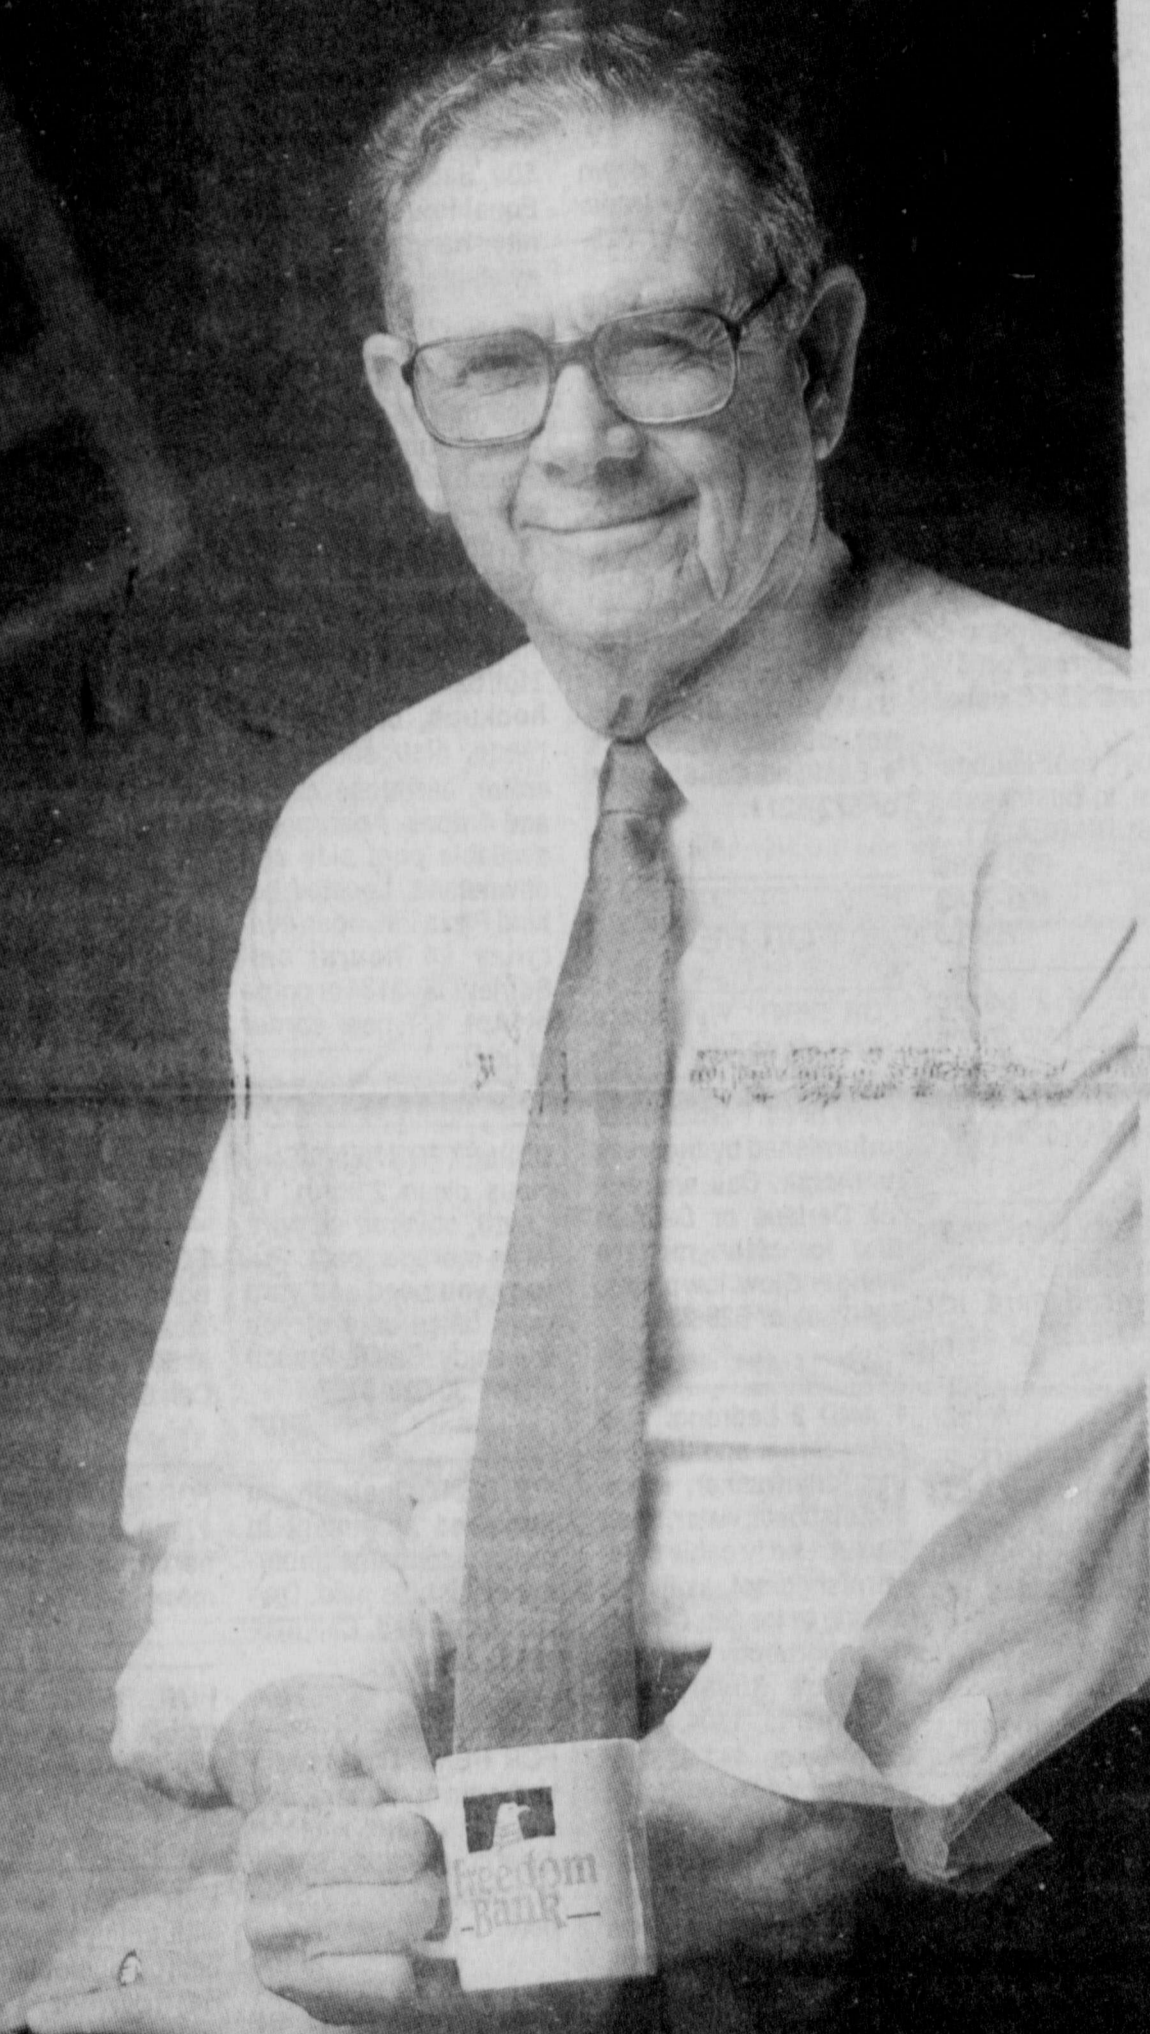

Freedom Bank has the coffee on. You're invited to drop by and have a cup. Whether you're just visiting, talking business, or just saying hello. We're always glad to see you.

And, starting tomorrow, our first one hundred visitors will not only get hot coffee and a smile, but a colorful new Freedom Bank porcelain coffee mug, too.

It's just one more way we can say thank you for your continuing support. We're proud to be your neighbor, and your bank of choice.

Conservation Plans Completed For 98 Percent Of Highly Erodible Corpland

Conservation plans have been developed for 133 million acres, or 98 percent, of the nation's highly erodible cropland, the U. S. Department of Agriculture's Soil Conservation Service reported today.
"Our goal is to have all plans done by Dec. 31, the deadline for farmers who want them and want to stay eligible for USDA program benefits," said SCS Chief Wilson Scaling. "We're right on target with that goal."
"We now have the biggest conservation effort in history ahead of us," Scaling said. "Over the next five years,

farmers will be carrying out these plans under the timetable they've agreed upon, with all work to be done by Dec. 31, 1994.

The conservation provisions in the Food Security Act of 1985 for the first time linked farmer's eligibility for USDA farm program benefits to their conservation plan on their highly erodible fields by the beginning of calendar year 1990, if they want to stay eligible for USDA farm program benefits.

To date, farmers have fully implemented their plans on 38.6 million acres—29 percent of the nation's highly erodible land.

Record numbers of conservation practices are scheduled to be completed over the next five years, said Scaling.

"We've been helping farmers to switch to conservation tillage for over two decades and install terraces and waterways for over five decades—but never on the scale that we anticipate in the next five years," he said.

"We're working with farmers, contractors and their associations, and others in the private sector to find innova-

tive and effective ways to tackle the conservation challenge and opportunity that lies ahead," Scaling said.

Programs and services of the Soil Conservation are on a nondiscriminatory basis without regards for race, color, national origin, age, sex, religion, marital status, or handicap.

Some Adults Need Payees

While most adults who draw Social Security are able to manage their own benefits, some beneficiaries are paid through another person who acts as a representative payee, Glyn Hammons, Social Security manager in Abilene, said today.
A representative payee is someone appointed by Social Security to receive and use payments for the well-being of a beneficiary who is unable to manage benefits because of mental or physical impairments.

Once it has been determined that an adult needs a payee, the Agency tries to find the most qualified person for the task. The preferred payee is a relative who lives with the beneficiary. If none can be found, a friend who shows strong concern for the beneficiary, an

organization, institution, or other qualified person may be appointed.

Social Security exercises the utmost concern in choosing the best payee, Hammons said. Beneficiaries who need a payee are further protected because Social

Security requires payees to file yearly reports showing how benefits were used.

For information about representative payees, call Social Security at 1-800-234-5772. The Abilene Social Security office is located at 142 S. Pioneer.

Carol Seratt To Be Co-Host On 'Rescue Line' Program

Mrs. Carol Seratt will assume the responsibilities as co-host the new "Rescue Line" talk program on KEAS Radio FM 97.7 on December 18, 1989. She will be joining Mary Lynn Gaeta who began hosting the program on November 20. Together they will be interviewing various guests who will be addressing vital concerns of women.

Carol Seratt was born in Los Angeles, California and was reared in Woodward, Oklahoma. She graduated from Wayland College in Plainview, Texas with a B.S. degree in Mathematics. She has done graduate work at Tarleton State University and Indiana University of

Pennsylvania. She has ten years of teaching experience in Texas public schools. Carol has also been a full time mother to three sons who are now grown.

Carol is married to Mel Serratt, administrator of the Canterbury Villa Nursing Home of Cisco. Since relocating in Cisco, Carol has done volunteer work at the nursing home and has substituted at Cisco High School. Carol is a fragrance specialist for Scent Stations Perfumes. The Serratts are actively involved at the Mountain Top Church in Cisco.

The "Rescue Line" talk show interviews a professional person each Monday night. Most of these people are involved in some activity that reaches out to hurting women. The "Rescue Line" program will also share Federal, State, and County resources to help. Some may be religious or other independent organizations that may help in particular needs such as suicide, divorce, troubled marriages, battered or abused, drug or alcohol dependency.

There will be a short time after the program for calls if someone does not wish to be heard on the radio program.

Carol is also a member of the "Rescue Line Committee" of the Mountain Top Church of Cisco, which has an outreach in the above areas to hurting women.

have one good supplemental insurance policy that you have had experience with - keep it until the entire medical economy settles down. Do not change policies simply because someone has a better deal! The answers are not all in for the many questions that are out there and until they are I encourage you to stay with what you have!

The year 1990 does not look good for the consumer's pocketbook. Everyone wants more for the dollar - and it is becoming worse on those who are on fixed income. The social security will have a slight increase but it will not offset the raises in the medicare premium and insurance premiums.

One more thing you should be aware of, namely, even though the catastrophic medicare has been repealed by Congress it appears the \$5.30 will continue to be taken from your Social Security until medicare can get the computers to quit deducting the premium. This will continue through 1990 perhaps as long as mid-summer. Then, according to Medicare it will be returned to you. I will try to keep you informed.

If you have questions call 442-2263 or write Roy V. Cartee, 900 Avenue H, Cisco, Texas 76437. Perhaps we can help you.

Texans To Toast Lone Star State's Independence In March 1990

On Friday, March 2, 1990, several hundred Texans at a meeting in Austin will raise their glasses to toast the Lone Star State's independence. What's so unusual about that? Simply that, at the same moment, thousands of other Texans around the world will make the same toast, using pure Texas spring water as their beverage.

In Washington, D.C., for example, U.S. Rep. Henry B. Gonzalez of San Antonio will lead the toast at a gathering in the Sam Rayburn Office Building.

The "Toast to Texas," sponsored by Texas Highways magazine, will provide a simple, heartfelt way for Texans worldwide to honor their state's history and the individuals who formed it.

"Not too many years ago, people in Texas celebrated March 2 with more zeal than they did the Fourth of July," says Frank Lively, editor of the magazine. "Nowadays, most folks don't even know when Texas Independence

Day is. We hope the 'Toast to Texas' will change that."

"Other people have their special days," Lively adds. "Scots celebrated Robert Burns' birthday; the Irish, St. Patrick's Day; and the Mexicans, Cinco de Mayo. Can Texans do any less?"

The Utopia Spring Water Company will provide free bottles of Hill Country water for the toast. Pure Texas water not only makes the event uniquely Texan, it also allows the broadest possible participation. "Everybody drinks water," says Lively.

Ron Bownds, president of the company, notes that the spring that is the producer of the water has been in his family since 1885. So there's a lot of Texas history in the water itself.

Bownds' firm also provided water to help save the famous Treaty Oak in Austin. Several months ago, someone poisoned the historic tree, said to be over 500 years old. Hundreds of thousands of gallons of Utopia Spring Water have been sprayed over the ailing oak.

"We donated the water for Treaty Oak because that tree is a part of our Texas heritage. That's the same reason we want to provide the water for the toast to Texas' independence."

The central event of the worldwide toast will take place at Austin's Hyatt Regency Hotel when the Texas State Historical Association holds its annual meeting from March 1 through 3, 1990. The toast will be proposed after a luncheon on the afternoon of March 2. Other events at the annual gathering include an auction of Texana items and

Donna Bennett To Speak On Rescue Line Program Monday

Donna Bennett will speak on KEAS Rescue Line program, Monday, Dec. 18. She is the executive director of the Mental Health Association in Abilene. She has a BS degree in social work and a MS degree in management and human relations.

In her present position, she coordinates the "Crisis Line," which is a 24 hour a day hot-line. The "Crisis-Line" is available for whatever an individual considers as a crisis for him or her.

Ms. Bennett states that, "About 10 percent of the calls are suicide related." Ms. Bennett will be the guest speaker on the talk program "Rescue Line" on KEAS 97.7 hosted by Mary Lynn Gaeta. Ms. Bennett's topic will be "Intervening For Life - A New Look at Suicide Prevention." Call-ins are welcome to discuss the subject openly on the air with the speaker and the hostess.

The association's toast will be free to all, but other portions of the gathering require admission fees. Money from ticket sales go toward publication of the encyclopedic Handbook of Texas, due out in 1995. Last printed in 1976, the publication totaled three volumes of 1,000 pages each. The new installment will double that. No other state has such a comprehensive publication.

Texas historian Joe B. Frantz is preparing the toast for all to use for the March 2 event. Other activities celebrating Texas Independence Day will be held the following weekend at the Star of the Republic of Texas Museum at Washington-on-the-Brazos. It was at Washington, on March 2, 1836, that a group of Texans sat down to sign a declaration of independence from Mexican rule.

WORD OF GOD

What shall be the sign?

Mark 13:4

And except those days should be shortened there should no flesh be saved: but for the elect's sake those shall be shortened.

Then if any man shall say unto you, Lo, here is Christ, or there; believe it not.

For there shall arise false Christs, and false prophets and shall show great signs and wonders; inasmuch that, if it were possible, they would deceive the very elect.

Behold, I have told you before.

Wherefore, if they shall say unto you, Behold, he is in the desert; go not forth; behold, he is in the secret chambers; believe it not.

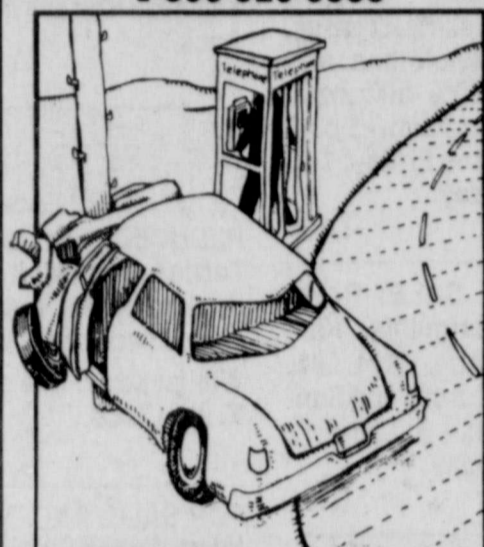

For as the lightning cometh out of the east, and shineth even unto the west; so shall also the coming of the Son of man be.

For whosoever the carcass is, there will the eagles be gathered together.

We wish to Thank those many people who called or wrote us saying the health news and views are read. We also wish to take this opportunity to wish all of you the Season's Greetings.

As we near the end of 1989, be sure and file all of your insurance and medicare claims. Remember - only those medical bills paid in 1989 may be considered for medical deductions on our 1989 Income Tax Return.

I have been in meetings and conference in regard to the manner that medicare will function in 1990. It all boils down to one point: we will basically go back to the 1988 method of payment. It appears hospitals and all medical providers will be paid less for medicare claims than those paid in 1989. From the result, it also appears supplemental insurance premiums will increase on the average of 25 percent. We stress the point-

Smoking directly affects cholesterol levels, says the American Health Foundation. Tests indicate that each cigarette per day raises total cholesterol by half a point; quitting brings it down again.

People who take aspirin and non-steroidal anti-inflammatory drugs in arthritis-fighting doses are more likely to be hospitalized for ulcers, the British Medical Journal reports. (The Food and Drug Administration now requires warning of this on labels.)

Instead of surgery to remove gallstones, doctors at Mayo Clinic have been injecting ether into the gallbladder to dissolve the stones.

Combination of medications seems to slow the progress of diabetic kidney failure and may even prevent it. Reported in the British Medical Journal, the treatment uses captopril, an antihypertension drug, and a thiazide diuretic. United States tests are starting.

Liquid dosages of acetaminophen should not be used interchangeably. Drops for babies have 500 mg. per teaspoon, children's elixir only 160 mg.

ANNOUNCING PAINTING FOR FREEDOM

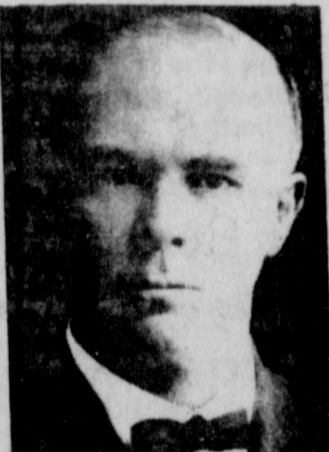

An Ideal Christmas Gift

Anna Laurie Harle
The Artist

Pancho Villa
The Key

Dr. Charles Harle
The Prisoner

The strange and exciting story of an artist who sold her works all over the Southwest at the turn of the century to help free her doctor son from a Mexican prison, may very well have a local connection, because some of the paintings are believed to be privately owned here.

Her beautiful pastoral oil-on-tapestry paintings have brightened homes and churches throughout the Southwest and brought joy to their owners since the turn of the century. Very few know of the despair that accompanied each painstaking stroke of her brush. Certainly, every painting had its message, but the strange, remarkable, untold story of Anna Laurie Harle and the calamity in her life that motivated her is a much greater picture. She painted with a purpose.

And before her story was finally played out over international borders, she would have become involved in the sphere of diplomatic relations, political lobbying and even into the arena of helping finance a

foreign revolution.

Texas and American national officials up to and even including the President got to know her well, and foreign revolutionaries felt her influence. She was a mother praying, fighting and laboring for her son, Dr. Charles Harle, who she believed had been wronged.

Mexican legend Pancho Villa would prove to be the pivotal key in re-uniting the fragile artist and her physician son who had been a long-time prisoner in a Mexican dungeon. Putting all the pieces of the strange puzzle together began with Gaynell O'Brien's determination to identify the painter of a tapestry she had acquired during the disposal of the furnishings from a large home nearby.

The trail took many turns: crumpled newspaper files, fading memories, interviews, letter writing, days of cemetery and library research and finally, the National Archives. None of the informants knew the whole

story. A piece was added here; a new name turned up there; many other paintings came to light and, little by little, the story of Anna Laurie Harle unfolded.

Truly, it was a classic example of international intrigue that was so much a part of Southwestern History in the early 1900s. The thoroughly documented account reads today like pure fiction, but its principals actually lived it in a very personal way.

There are believed to be hundreds of the paintings by Mrs. Harle throughout the Southwestern States; many hung in major churches, and were prized possessions of those who had decorated stately homes. Since then, they have been passed from generation to generation. Now with the publication of this material, their value will be enhanced by knowledge of the story behind the paintings.

She was a highly trained Southwestern pioneer artist; her son, a pioneer doctor who first practiced in

The painting that launched the search

Mexico, where their troubles began; and their combined story is the kind of pioneer experience that helped forge this great area. In the later stages of this epic, Dr. Harle rode with Villa as his personal physician.

Historians, art-lovers and those who find strength and enjoyment from seeing real people solving real problems, will find the pages of this book intriguing.

The curious initial search for the artist of the old, unsigned tapestry painting turned quickly into a panorama of Texas-Mexico history as the mystery surrounding the artist unfolded.

Many of the artist's works are reproduced herein, and photographs of the principals round out the story.

Readers who know of other paintings which they believe might be Harle's are encouraged to correspond with the authors through the publisher.

The complete story with reproductions of the paintings and photographs of the principals has just been released in a book named "Painting For Freedom" by H.V. and Gaynell O'Brien through Times Publishing Co., Box 29, Eastland, TX 76448, at \$12.95, plus \$1.64 tax and \$3.99 shipping and handling.

Gordon Spot

By DeMarquis Gordon, County Agent—

Special care, such as shelter and adequate nutrition, should be given to protect family pets from wintertime hazards during the cold months ahead.

Winter temperatures in Eastland County are not at such extremes that animals accustomed to staying outdoors will be hurt. If the pet can seek shelter that keeps

out chilling winds and covers cold ground, it will be adequately protected.

Animals that are never outside or are very old or young should not be kept outdoors.

Healthy animals can tolerate cold weather. More food may be needed because the pets need more calories to produce body heat.

The daily water supply also should be checked to make sure the water has not frozen or the pet may suffer.

Each pet also should have a check-up before cold weather sets in. Animals should be checked for internal parasites and blood parasites such as heartworms, and they should have all needed vaccinations.

The time is fast approaching for the planting of new trees in commercial orchards and backyard gardens. Hopefully commercial growers have had their trees booked a

can be planted late in the year in advance in order to avoid surprises this planting season. It is a good idea to have fruit trees planted by early January as fruit trees will develop new roots (unlike pecans) during the winter and be ready for rapid growth next spring. Fruit trees winter, although they tend to

grow off better if planted early. Pecans do not make root growth during the winter, however it is still a good idea to plant trees early to avoid root dryout and potential freeze damage to the roots.

Hold off pruning until just before budbreak. Of course growers will have to start early enough to get the job done before budbreak. However, pruning actually stresses trees and so it is best to let the trees make it through the winter and then prune them. This seems to result in greater tree longevity.

Water continues to be short in Eastland County. Trees need water at least every 4 to 6 weeks even during the winter months. Severe freeze damage can result from drought stressed dormant plants. So we encourage growers and homeowners to thoroughly water plants prior to severe cold spells unless it rains at least an inch.

Merry Christmas

Good Cooking, Good Reports At Extension Service Holiday Luncheon

Monday, Dec. 11 was a frigid day in Eastland. Yet the atmosphere in the TU Electric Reddy Room was warm and inviting, as Eastland County Extension personnel treated County officials and others to a Holiday lunch.

Hosting the annual event were County Extension Agents DeMarquis Gordon (Agriculture), Janet Thomas (Home Economics), and Extension office Secretary Brenda Dabbs.

Out-of-town guests were the new Eastland County Extension Agent, Scott Hodges, Gustine, and District Extension Service Directors Ron Woolley and Glenda Trimble of Stephenville.

Local officials at the luncheon included County Judge Scott Bailey, Comm. Court Secretary Jean White, County Commissioners Richard Robinson, Norman Christian, L. T. Owen and Billy Bacon; County Auditor Ray Pruitt, County Clerk Joann Johnson, and Treasurer Ruth Hart.

Other guests were Extension Program Council Chairman Charles Walker, 4-Leader Natalie Stevens, and newswriters Maybelle Trout, Abilene Reporter News, and Viola Payne, Eastland County Newspapers.

A traditional meal of turkey and all the trimmings was served. Some of these "trimmings" included Janet Thomas's home-cooked

dressing, her special layered vegetable salad, and pecan pies baked by DeMarquis Gordon.

The Extension agents warned Scott Hodges that he might be a guest this year, but he'd better watch out! Next year he might have to help cook the turkey!

There was an interesting program to go along with the meal. There were reports on the year's Extension work, 4-H activities, and agriculture in general.

DeMarquis Gordon welcomed the group to the meeting, and introduced Scott Hodges. He told how pleased he and other Extension personnel were to have Scott join the work here.

Gordon also presented two certificates from A & M University for completion of Educational Courses related to work in County Government. One went to Joann Johnson, County Clerk, and the other to Ruth Hart, County Treasurer.

After this presentation Janet Thomas introduced Natalie Stevens of Eastland, an outstanding 4-H member. Mrs. Thomas said there were 10 active 4-H Clubs in Eastland County at this time, with one organized at Olden last month.

She said the work of 4-H had "really broadened" during the last few years, and the organization was deeply involved in helping young

people determine goals. She noted that Natalie Stevens was a high achiever on local, regional and state level, and a recipient of the Wm. H. Danforth Leadership Award.

Natalie then gave a talk and slide presentation on this Award, which included 10 days of a learning program at a wilderness camp in the mountains of New Hampshire. Other young Award winners from the U. S. and Canada were also at the Camp.

"There is no way I can put into words what this experience meant to me," Natalie concluded.

Janet Thomas then gave a review of special Extension Programs in Eastland County last year. These included sewing classes, programs on parenting skills, Extension Service Courses for Day Care providers, work with the Literacy Council, and Teacher Training for the Community Education Task Force. (Corrie Cowley and Mrs. Tim Jones will be part of this team.)

The Extension Health Fair work was listed, as well as the compiling of Resources in the County.

After this good report Charles Walker, Extension Program Council Chairman, had some optimistic news about agriculture. He said Eastland County cash receipts for 1989 were up - reaching to a high of \$35,782,100. Last year the receipts were \$29,651,100.

Part of this rise was due to more rainfall in '89, he said, but the other reflected a rise in prices (particularly for cattle) and probably better methods used in farming and ranching.

County Commissioners Ban Smoking, & Other Items Discussed

The Eastland County Commissioners had a number of items on the agenda for Monday, Dec. 11, but not all were finalized during this meeting. Some were tabled until the next session, which will be held on Wednesday, Dec. 27. This change to a Wednesday meeting is due to Christmas falling on the regular date.

One item unanimously approved was the hiring of Scott Hodges as the new Assistant County Agent. Hodges was highly recommended to the Court by County Agent DeMarquis Gordon and Ron Woolley, District Extension Agent of Stephenville. He will begin his term in Eastland County Jan. 1.

There was considerable discussion of a smoking ban in the Courthouse, and the Commissioners agreed there should definitely be no smoking in the elevator. They also agreed that officials have the

right to control the use of tobacco in their own offices. Smoking in other parts of the Courthouse will be discussed again at the Dec. 27 meeting, with a possible ban on smoking in, lobby and other public areas.

At Monday's meeting Commissioners again reported that the city was ticketing employees who park around the Courthouse, and they again complained about persons who serve on Juries receiving tickets for overparking.

A 1990 Holiday Schedule was adopted, and this will include 12 Holidays. County Clerk Joann Johnson reported there will be two election days during the year, with the State and County on March 13, and the General Election Nov. 6. There may also be a Primary run-off election.

Billy Bacon, Comm. of Pct. 4, said there was currently 12 prisoners in the county jail, with 2 of these for TDC. Reports show that during the past three months the county jail has averaged 11 prisoners.

"The jail is real clean," Bacon told the Court. He added that in about two months there would be the annual state inspection, and he expected everything would be ready for it.

On other business, the Commissioners voted to amend the General Fund Budget to pay for road equipment for Pct. 4. This will be a total of \$25,500 to West Texas

Equipment Co. of Abilene. On Dec. 27 a repayment schedule will be set up for Commissioner Billy Bacon.

One important part of Monday was the noon recess, which included lunch with the Eastland County Extension

Service. Good food and reports on yearly activities highlighted this annual occasion. It was also a time to visit and begin to wind down on some of the serious business of 1989.
