

Mr. Muleshoe ...

By J. M. Forbes

This writer, bringing Prof. Elliott, the scientist, from his home in Lubbock here to address the Rotary Club Tuesday, did everything he could to impress on the educator how much the editor had learned and how smart he was. The visitor was not overwhelmed. Mildly he questioned: "How many primary colors are there?" "Nine primary colors and many others formed by a composition of two or more," ye editor proudly declared.

"There are 100,000,000 colors," the professor corrected. He admitted that he nor I can see them, but stubbornly contended that still they exist, and can be detected with a prism or similar contrivance. Well, I never know that before, though I have been so embarrassed on occasions. I don't doubt that a prism would have detected several hundred thousand of these varied colors in my face.

Recent experiences have convinced this writer of one thing: if you'd start some adult classes to tell our youngsters in Muleshoe about the facts of this complex world in which we live, the classes would be overcrowded from the first. There is more curiosity and desire for more light among groups in this day, I venture to say, than there ever was. There are many problems, such as financial support and proper supervision, but I still say youngsters would go "hog wild" over higher education if the opportunity presented itself. Some towns have tried adult education programs without too much success.

So far as this column is concerned, 47 states in the Union are enough. We do not recognize that there is such a state as Oklahoma. Any state that has a university that can defeat Texas university in three straight years in football is just out of the picture as far as this scribe is concerned.

Henry Schuster says the milo is ripening fast down south in his neighborhood, but still it needs about 15 days of the kind of weather we have been having the last two weeks. We sure hope you fellows down there get the kind of weather you need and we will do everything in our power to see that you do get it. But every fine, sunny day that comes along is putting money in the pockets of all of us.

Ross Goodwin had a field that made 5,000 pounds of milo to the acre, and you remember grass is worth around \$1.50 a hundred. Yet farmers in this area have made as much as 5,000 pounds of grain as the acre and received as much as \$3.20 and the price difference is probably the difference between big and little profit.

John Underwood is back with us. He's manager of the Union Compress & Warehouse Co., and he doesn't expect our cotton season to last very long due to the lack of cotton in the area.

Mules Downed By Wildcats 51 to 13

Muleshoe's Mules played a whole of a game against Littlefield last Friday night, but went down before the high riding Wildcats, 51 to 13. The Wildcats scored on the second play of the game after the initial kickoff and added another before the game was two minutes old.

However the half ended 18 to 7 and it really looked pretty good to Muleshoe fans, but the final score was decisive. The Mules made their first touchdown in the second quarter after taking over on their own 40 after a kickoff. Ed Nichols passed to Road Johnson for 20, then to Aubrey Heathington for 35. The score came on a quarterback sneak by Nichols, and the doughy Pete Collins ran the ball over for the extra point. Collins also got the touch on the second half, Nichols' quarterbacking was leaving nothing to be desired as he worked his eleven on down the field and into scoring position. He personally accounted for 28 yards running, passed to Johnson for 20, and took the cue the ball down on the Wildcat 4. Collins then powered over for the marker. Try for extra point was a failure and Muleshoe's scoring was over for the night. In the first half the Mules got to the Wildcat 10 before begging down.

The Wildcats really went wild in the fourth quarter, racking up 19 points. They made 12 points in the first quarter, 6 in the second, 14 in the third, and 19 in the final period. The Wildcats look every inch the champions and it is difficult to imagine a team that can top them short of the top this year. They have a fine line and some of the best backs in the territory, and plenty of replacements. Especially good are M. C. Northam, Joe Walden, Jack McCannies, Gene Renfro. Touchdowns for the Wildcats were made by Northam 2, Walden 3, Reel 2, and Cox. Conversions were counted by Northam and McCannies 2.

Muleshoe starters were: B. Gaede and Byrd, ends; J. Gaede and Williams, tackles; Burkhead and Harvey, guards; Mooney, center; Nickels, Kersey, Johnson, and Heathington, backs.

Muleshoe subs: Whipple, end; Krieger, tackle; Harvey Waggoner, guards; Shafer, center; Collins, Bickel, Keller, and Spivey, backs.

Merchants Raise \$175.50 Premium For First Bale, Ginned By C. H. Odom

C. H. Odom, who brought in the first bale of cotton for the new season, was paid a first bale premium of \$175.50 by Muleshoe business people. Muleshoe Rotary club took the lead in soliciting contributions to the first bale premium.

Mr. Odom's bale weighed 510 pounds and was ginned free by the Copley Gin. Grading midding the cotton was sold for 40 cents a pound, above market price, and was bought by Copley Gin.

The bale brought \$204.00; the seed weighed 950 pounds and were bought by the gin at \$88 a ton, bringing \$40.38; the ginning, donated by the gin, amounted to \$16.50; these figures, added to the premium of \$175.50, make a total of \$436.38 that the first bale was worth to Mr. Odom.

The following Muleshoe merchants and individuals gave to the premium fund:

S. D. Anderson Cotton, Woods Laundry, Moore's Laundry, Freeman Cattle Sales Barn, Ernest L. Magby, Conoco Oil Agency, Chas. Lenau Lumber, King Bros. Grain and Seed, C. W. Goss Service Station, Murphy-McDonald Implement Co., Union Compress & Warehouse Co.,

Guinn's Body Shop, D. H. Sneed Supply Co., Cone Grain & Seed Co., Jones Farm Store, Cross Real Estate, John Fried Custom Mill, Southwestern Public Service Co., Western Drug Co., Western Auto Store, Muleshoe Cafe, Cobb's Department Store, Wagon's Grocery and Market, Benton Food Store, St. Clair Department Store, Muleshoe Food Market,

E. R. Hart Company, Higginbotham-Bartlett Company, Blackburn Food Market, Harper Appliance, J. K. Adams, Pat R. Bobo, Fry & Cox Bros., Covin Motor Co., Piggly Wiggly, Muleshoe Journal, Muleshoe Ice & Produce Co., McCormick Upholstery, Workman Lumber, Taylor Ice & Produce Co., Sterling Cafe, Doyle's Service Station, Wood Drug, A. S. Stovall Cotton, Arnold Morris Auto Co., Muleshoe Automobile Co., Cashway Grocery and Market, Bovell Motor Co., Nelson Service Station, Wiedebush & Childers.

11,000 Bales Is Guess On Cotton

Cotton has begun to come in to Muleshoe in quantity, and the latest estimate on the country's production is 11,000 bales for the 1950 crop. The estimate on September 1 was 12,000 bales and the reduction, presumably caused by a hail which went through a strip of territory north of Muleshoe in September. At the time local ginners estimated the hail had caused a loss of about 1,000 to 1,500 bales.

TO TATUM TODAY
J. A. McGee, George Johnson, and Ed Johnson left bright and early this morning for Tatum, hoping to see an oil well brought in there today. The Johnsons still own land in the vicinity of the oil play.

TO RETURN FRIDAY
Bob Gregory is to return to Muleshoe Friday night after having completed a six weeks course in life insurance at SMU in Dallas. Bob represents the Great National Insurance Co. here.

Wheat Allotments Are In Effect on 1951 Crop, PMA Head Announces

Questions continue to come in to the Bailey County PMA office as to whether wheat acreage allotments will be in effect for the 1951 wheat crop. According to PMA chairman, H. E. Schuster, the program is in effect and there is no change from the announcement made by the Secretary of Agriculture July 14, 1950.

According to the Chairman, we carried over more than 400 million bushels of wheat from last year. This year's crop is estimated at more than a billion bushels. That means a total of more than 1,400,000,000 bushels to carry us through until next harvest. It takes about 750 million bushels of wheat to meet our domestic needs including food, feed, seed and industrial uses. In addition, it is estimated that we may export not more than 250 million bushels in the year ending next July 1.

In the chairman's words: "It looks now as though we'll have nearly 500 million bushels of wheat more than enough to meet all our needs. As we are situated today, that is a comfortable safety margin. Certainly there is no need for plowing up our grass lands and planting more wheat."

"The wheat acreage allotment for the crop that is to be harvested in 1951 is more than 72 million acres, the same as for this year. In spite of unfavorable conditions in some of the winter wheat area last fall and winter, our crop this year is over a billion bushels. Reports from most of the winter wheat country this fall indicate far better conditions than a year ago."

Church Nears Completion

Above is pictured the new edifice of the First Baptist Church of Muleshoe, rapidly nearing completion. The building will cost more than \$75,000. The pastor, Rev. A. W. Blaine, and the entire congregation, are eagerly looking forward to the time when they can hold services in the new plant, which has a large auditorium, a balcony which will seat a large number, and provision for additional class rooms. The old building will be used for the educational department for the time being.

Rotary Speaker Describes Atom And H Bombs, Points Out Only Hope

"I can tell you the power that lies in an atom, but I cannot estimate nor guess at the power of the Creator of the atom," Prof. Paul Elliott, of Lubbock, Tech College instructor in physics and atomic power research scientist, told members of the Rotary Club of Muleshoe at its meeting Tuesday noon.

Prof. Elliott enthralled his audience as he discussed the atom bomb, hydrogen bomb, and man's final hope that he can avoid destroying himself and the world. He spoke until 1:30 and no one left his seat, seemingly no one stirred during his address.

Scientists throughout the nation believe that it is very important that the people understand the atom's power. The situation which now confronts the earth's inhabitants, have been going about the country from city to village and hamlet, speaking before such groups as the Rotary club, explaining as much as they can about atomic power.

Prof. Elliott recently was quoted in a book, "Flying Saucers Are Real," as having said chain reaction from the explosion of several hydrogen bombs would cause the earth to deviate from its orbit enough to change our seasons materially. He said he was misquoted, he had merely "wondered" if such a thing could happen.

He described the composition of an atom and how scientists finally determined how they could separate the parts of an atom into protons, neutrons, or electrons. The atom bomb derives its power from the fission of the atom, or separation of the atom into these elements. A chain reaction is set up, releasing tremendous energy.

The hydrogen bomb, which scientists are now working, operates directly opposite. It is caused by the fusion, or combining of atoms. However, Prof. Elliott said, the hydrogen bomb rides "piggy back" on the atom bomb, for the tremendous heat and great pressure required to trigger the hydrogen bomb can be obtained only by the explosion of an atom bomb. The hydrogen material to be exploded will be set inside a heavy steel jacket, which will permit the great heat and pressure set up by the atom bomb explosion to be applied to that material.

Chain reaction could be expected to occur more readily if a hydrogen bomb should be exploded deep under water for the reason that there would be great pressure applied to it by the water.

An atom bomb exploded over our Pentagon building in Washington would wipe out all our military brains, excepting McArthur," Prof. Elliott said and "likely would destroy most of the national capital."

But an explosion of a hydrogen bomb over Chicago would totally destroy that great city. He said that scientists estimated a period of 100 years would be required to permit all gamma rays, and other radio active rays to clear the vicinity. And not only would all animal and plant life be destroyed, but the soil itself would be made sterile.

Talking his listeners he was going to talk about things they could not see or hear, he held up a glass of water. He said that the molecules of water are so small that, should each be increased in size to the ordinary grain of sand, the volume of that glass of water would be so increased that it would cover the earth to a depth of 300 feet.

"I did not come here to entertain you. I came to try to impress upon you the seriousness of some of the problems raised by the introduction of atomic power," Prof. Elliott said. And while he admittedly painted a "gloomy picture," still atomic power is being used in the treatment of the ills of mankind, such as cancer, like cancer, having been success-

Mules Meet Morton Friday Night In Another District 4-A Contest

350 Heard Dr. Smith Speak Last Night

Muleshoe's Mules will meet Morton's Indians there tomorrow night for another district 4-A game and with the standings of both teams in the league at stake.

Muleshoe went down at Littlefield last week and brought their overall season standing to an even 500 percentage, with three losses and three wins.

The Mules started out with a larruping win over the heavy Fortales eleven; took Tahoka into camp and edged by Slaton in one, two, three order. Then they ran into rough sledding, losing first to Brownfield, then to Hereford, and lastly to Littlefield.

The home team looked mighty good to their followers at Littlefield Friday night. They played hard football and at times looked brilliant. The loss of Kersey, sterling halfback early in the game was grievous. Kersey was "out on his feet" there for a while and was removed from the game. The return of Road Johnson to the lineup in good condition helped a lot and the showing of an up and coming youngster, Pete Collins, was something to remember.

Assembly Of God Plans Revival

A revival meeting will begin at the Muleshoe Assembly of God Church the coming Sunday, October 22, according to announcement of Rev. M. C. Cox, pastor. The meeting will continue through two weeks.

Evangelist for the revival will be Rev. Nelson P. Garcia, of Pecos, Texas. Special singing and music will be a feature of these services. The services will begin at 7:30 o'clock each evening. The public is cordially invited to attend.

FFA Boys To Show At Fair

Several members of the Muleshoe FFA Chapter took 48 head of swine to be entered in the FFA Livestock Show at the State Fair in Dallas Sunday.

Breeds entered in the swine shows include Spotted Poland Chinas, Durocs, Chester Whites, Berkshires, and Hampshires. One Hereford steer will be entered in the baby beef division.

Boys leaving Sunday who have animals entered in the show include Jim Prather, Billy Wayne Wagon, Delton Hughes, Keith Bray, Billy Joe Morrison and Carl White. Charlie Prather accompanied one group of boys and others went with Jack Heald, who hauled the livestock to Dallas.

Herbert Jackson Addresses JayCeers

"Just What Does Americanism Mean To You?" was the topic of the address brought to the Muleshoe Junior Chamber of Commerce by Herbert Jackson of Levelland at their regular meeting Monday night.

After several superficial definitions of Americanism, Jackson went on to say, "The position which our American government has not attained by the panacea of security. There is no such thing as security. There is only opportunity. The pages of history are replete with the record of failure for those nations which were satisfied that the American government had been reached and that no further effort was worthwhile."

WTSC Homecoming To Be Big Event

CANYON, Oct. 14 (WTNS)—One of the largest crowds in the history of the college is expected to converge on the campus of West Texas State Saturday, October 21 to join in the annual Homecoming celebration.

Two football games, dedication of the Memorial Chapel, ex-student's meeting, a parade, barbecue, club reunions and two dances fill the calendar for the 1950 activities. Dr. James P. Cornette, president has issued an open invitation to the more than 30,000 exes of the institution to attend the Homecoming. Activity will begin at 8 o'clock

Friday night, October 20 when the undefeated West Texas State freshmen meet the undefeated Hardin-Simmons Butrons in Buffalo Stadium. Immediately following the game will be the traditional lighting of the Homecoming bonfire.

Saturday list of events will be headed by the dedication of the new Memorial Chapel at 9:15 o'clock. Dean Walter H. Juniper will preside over the ceremony with Dr. J. A. Hill, president-emeritus, delivering the main address.

The gigantic Homecoming parade, organized by Ted Reid, will start moving through downtown Canyon at 10:30. Feeding clubs for the traditional barbecue will be opened at the Tennis Courts at 11:30 with Milton Morris and crews ready to dish out the 15 beefs, beans, and apricots.

A meeting of the members of the Ex-Student Association has been called for 1 o'clock by Milton Morris, new executive secretary.

Crowning of the 1950 Football Queen will immediately precede the Homecoming football clash between the powerful Buffaloes of Coach Frank Kimbrough and the Bearkats of Sam Houston State. Following the game, clubs and

Texas Tech Homecoming Parade To Show 25 Years Of Progress

LUBBOCK, Oct. 16—The theme of this year's homecoming parade of Texas Technological College will mold itself around the institution's Silver Anniversary celebration.

Each float in the Nov. 11 parade will depict one year of Tech's rapid growth since 1925. An outstanding event or scene relative to Tech or of national prominence will form the basis for each display.

The most beautiful float, the float most clearly describing its subject, and the float most cleverly depicting its year's event will be awarded engraved plaques.

The Thomas trophy will be presented to the best of the three winners as the most outstanding float. The parade is sponsored by the Student Council and D. M. McElroy, executive secretary of the Ex-Student Association.

But the parade will be only one part of the Nov. 11 festivities at Tech.

Earlier that day, U. S. Senator Lyndon Johnson, D. Tex., will be keynote speaker at the formal dedication ceremony of Tech's \$4,500,000 building program now under construction.

Over 20,000 persons are expected to swarm the campus for the dedication parade, and the Red Raiders' homecoming football game with the University of Tulsa.

Following the dedication and parade, ex-students from Tech will meet in the Gymnasium for a luncheon. Then comes the game with more Silver Anniversary entertainment during halftime.

The quarter-century theme also will be used at the homecoming dance that night.

District FFA Banquet Tuesday

An estimated 150 persons from ten schools comprising the Littlefield district of the Future Farmers of America will attend the district banquet in the Muleshoe high school cafeteria here Tuesday night, October 24.

Principal speakers for the banquet will be Rep. Harold M. LaFont of Plainview and Walter Labay of Plainview, area vocational agriculture supervisor.

Each FFA Chapter represented will have a part on the evening's entertainment and a seven-instrument ensemble will furnish music for the program. Jack Blocher of Progress will also make a short talk.

Sweethearts of all the FFA Chapters will be honored and the district queen will be chosen and crowned during the evening. G. S. Dowell, vocational agriculture instructor, announced.

organizations will hold reunions. Time and place of the meetings will be announced during the day.

Two dances, a western affair in Burton Gym, and a modern dance in the Cafeteria will commence at 8 o'clock and last until exes and friends are ready to call it a day.

FARMING CALLS FOR BUSINESS METHODS

Farming as a business calls for use of business methods. With increasing complications of operating a farm business, including income taxes, social security payments and other regulations it becomes doubly important to deposit income and pay by bank check.

1. There is less danger of loss or theft than when carrying money or sending it through the mail.
2. Checks are more convenient than money except in small amounts.
3. The cancelled check, though not a receipt, is good evidence of payment.
4. It is much easier to keep records when checks are used.

ATTENDS CELEBRATION

Mrs. Howard Harris, formerly Miss Doris Sims, attended the annual celebration of the Odd Fellows and Rebekahs Tuesday night. Mrs. Harris who was employed with the Bailey County Electric Cooperative the past several years, has recently accepted a position

with the city of Lubbock in the auditing and purchasing department.

RECITAL IS TONIGHT

A recital of expression pupils of Mrs. Clinton Bristow is to be given tonight, Thursday, in the Fellowship Hall, beginning at 8 o'clock. The public is invited.

Increased Spoilage Comes With New Type Cured Hams, Dr. Cox Says

AUSTIN, Oct. 18—Old style, palatable, succulent smoked hams like you used to prepare for special Sunday dinners are giving way to the tenderized and ready-to-eat varieties.

Increased danger of spoilage comes with the change, State Health Officer Geo. W. Cox says. Used to be you could salt down a ham, then home-smoke it slow and easy. When done, you could hang it on the back porch easily accessible for a quick slice.

Those days are fast waning, for city bound folks. Ask your butcher for a smoked ham nowadays, and you get two choices: "tenderized", or "ready-to-eat". They look the same, and have some of the old sweetness. But there the similarity ends, Dr. Cox says.

Since less preservative salt is used in the smoking process, today's ham products have to be placed under immediate refrigeration, the same as any other meat.

"Tenderized" hams are smoked at a temperature of approximately 129 degrees. Dr. Cox says that means they have to be cooked before eating in order to kill any trichina larvae that may be present.

"Trichina larvae, which cause trichinosis, are killed at a temperature of 137 degrees F," the health officer cautioned. "That's internal temperature."

He warned that "ready-to-eat" ham products are smoked at approximately 160 degrees, and cured with less salt than regular smoked hams. They'll spoil easily unless kept under refrigeration until eaten.

Here are the health officer's recommendations regarding these meat products:

1. They cannot be stored in temperatures above 50 degrees. Neither can prepared dishes or sandwiches made from the products.
2. Strict sanitation should be observed in handling them.
3. They should be handled in refrigerated equipment from packing plant to consumer.
4. Cook-before-eating must not be confused with ready-to-eat meat products. Always ask the retailer about the meat to make sure of the cooking procedure.

BULA AND THREE WAY HIGH SCHOOL STUDENTS VISIT

High school pupils of Bula and of Three Way schools were in town in force Wednesday to take advantage of the free chest X-ray. The groups came in busses and were accompanied by several of the teachers, who also had their X-rays made.

GIFT FOR WEE PRINCESS

Because her father, Prince Philip of England, also holds the title Duke of Edinburgh, little Princess Anne is receiving this bale of long-staple cotton as a gift from the city of Edinburg, Texas. The Texas town did the cotton bale up in real Scotch fashion, using the Edinburg plaid for baling fabric. Perched atop the bale is Jere Stephens of Edinburg, Texas, who helped give the bale a gala sendoff. The bale of fine long-staple cotton will make the tiny English princess a layette of nearly 3000 dainty gowns or dresses.

CITATION BY PUBLICATION THE STATE OF TEXAS TO: WILLIAM D. MORRIS GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 6th day of November, A. D. 1950, at or before 10 o'clock A. M. before the Honorable District Court of Bailey County, at the Court House in Muleshoe, Texas.

Said Plaintiff's petition was filed on the 21st day of September, 1950. The file number of said suit being No. 1665. The names of the parties in said suit are:

MADELYN MORRIS as Plaintiff, and WILLIAM D. MORRIS as Defendant.

The nature of said suit being substantially as follows to-wit: Suit for judgment of divorce, dissolving the marriage between plaintiff and defendant. On divers occasions, while plaintiff lived with defendant, defendant was guilty of excesses, cruel treatment and outrages toward plaintiff, of such a nature as to render their further living together insupportable, which culminated in defendant striking plaintiff upon face with his clenched fist, on May 15, 1949, under circumstances which showed an utter disregard for plaintiff's health, if not her life. Issued this the 21st day of September, 1950.

Given under my hand and seal of said court, at offices in Muleshoe, Texas this the 21st day of September A. D. 1950.

M. G. BASS, Clerk, District Court, Bailey County, Texas By Hazel Gilbreath, Deputy 42-3tc

CHRISTIAN SCIENCE SERVICE

"Probation After Death" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 22.

The Golden Text is: "Blessed is the man that endureth temptation: for when he is tried, he shall receive the crown of life, which the Lord hath promised to them that love him" (James 1:12).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For this corruptible must put on incorruption, and this mortal must put on immortality" (1 Corinthians 15:53).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Good demands of man every hour, in which to work out the problem of being. Consecration to good does not lessen man's dependence on God, but heightens it" (page 261).

The Three Way Bible Study Club met in the home of Mrs. F. E. Knox, Tuesday afternoon, Oct. 10.

The group studied Leviticus Ch's. 21-24. After the regular study period various projects were discussed. A donation for the needy in the community was collected.

The members were served chicken salad sandwiches, individual jello fruit salad, a date-nut roll with whipped cream and cherries and coffee.

Members attending the discussion included Mesdames Bueck Creamer, A. C. Myers, Dolly Ann, Clint Everett and R. L. Reeves. The next meeting will be in the home of Mrs. Ann on October 24, at which time the lesson will include Leviticus Ch's. 25-27, and Numbers 1. A special invitation is extended to visitors and new members and a reminder is extended to the following members who were unable to attend: Mesdames Cass Stegall, Tommy Galt, Cecil Cole, Pete Tarleton, Morris Gant, Dargin Kirk and Jack Lowe.

TO CALIFORNIA
Mr. and Mrs. Tye Young left Friday for a two weeks' visit in California. Mrs. Young's mother will return home with them.

JayCees Plan Softball Field

The major topic of conversation at the regular meeting of the Junior Chamber of Commerce at the Cross Roads Cafe Monday night was the possibility of a lighted softball field and the forming of inner-city and community softball teams.

If the JayCees build the field, it will be lighted and bleachers will be built for the convenience of the observers. Teams for ladies, men, and juniors will be panned. Tournaments will be held in connection with the teams.

The JayCees are also sponsoring the "Crusade For Freedom" in an effort to secure as many signatures as possible on Freedom Scrolls to be entrusted with the Freedom Bell in Berlin, Germany, when the new "Freedom," designed to blast Communism behind the iron curtain, goes on the air. Persons may sign these scrolls at The Journal, Western Drug, Damron Drug, Cobb's, Post Office Cafe, and the Lone Star Drive-In.

MULESHOE VISITORS
Mrs. H. M. Gale of Oakland, California and Mrs. H. E. Pumphrey of Las Cruces, N. M. have returned to their homes after a weeks visit with their mother Mrs. Birdie Paul.

HEADS DRAMATIC CLUB AT PORTALES SCHOOL

PORTALES, Oct. 17—The newly organized freshman dramatics club on the Eastern New Mexico University campus has elected Joyce Blackburn, Muleshoe, Texas, president.

Elected to assist Miss Blackburn are Della Ruth Frear, Clovis, secretary-treasurer, and Charles Houtchens, Dimmitt, Texas, business manager.

James D. Allison, associate professor in drama, is sponsor of the organization.

TO DALLAS

Mr. and Mrs. Travis Barnett attended the Texas-Oklahoma football game at the Cotton Bowl in Dallas Saturday. They were accompanied by Mrs. Bob Gregory and Mrs. Johnnie West of Abilene. Mrs. Gregory visited her husband who is attending an insurance school in Dallas for a few weeks.

Want a long run for your money?

Better Buy Buick!

YOU want a new car to be tops in things like style and room and comfort and power—and a thrill-packed fifteen minutes with the nimble number pictured here will show you it has all these things in abundant measure. So you ask us—how about money? What does it cost to buy a Buick—and to own one? All right—let us ask you some questions. **Take first cost.** Do you know that Buick prices start down at a level below what you'd pay for some sixes—and that every Buick, on a cents-per-pound basis, is a stand-out buy? **Take operating cost.** Do you know that the bang you'll get from Buick's Fireball power comes from a valve-in-head engine—recognized by engineers as a thrifty saver of fuel? Do you know that owners of 1950 Buicks are writing us rave letters, saying that this year's version is the most economical Buick ever built? Do you know that such comfort features as coil springs on all four wheels protect the car as well as the passengers—and throw in an extra saving because they need no servicing, and are practically breakproof to boot? Do you know that Dynaflo*—in addition to keeping you fresh as a daisy on a day-long drive—caps its convenience with savings on tires, cuts down the strain on transmissions and engines—and eliminates all friction clutch repairs, because it hasn't any? **Take final cost.** Do you know that when the owner of a Buick gets a yen for a later model, the prices that Buicks command on a used-car lot are the ultimate proof of their long-run value? So if you want a real run for your money, better buy Buick. And the first step is very simple: Go see your Buick dealer—soon—and get an order signed. *Dynaflo Drive is standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

FOUR-WAY FOREFRONT—This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Celebration Of Odd Fellows And Rebekahs Held

Muleshoe Odd Fellows and Rebekahs held their annual celebration Tuesday night, October 17, at the IOOF hall. All lodges in this district were invited, also several local people. A group of local musicians entertained with several numbers. The program was opened by Bro. Neil Rockey, the master of ceremonies, who gave the welcome address. Miss Dixie Lee Jennings sang two numbers, accompanied by Mrs. W. C. Grandy. Bro. Brashear from Dimmitt was then introduced and made a nice talk, after which Mrs. G. M. Dial sang two numbers, accompanied by Mrs. J. L. Alsop.

Mrs. Sam Sims of Needmore gave the invocation, after which everyone enjoyed the dinner, which consisted of barbecued beef, fried chicken, red beans, and the trimmings. It was estimated there were 400 in attendance. Everyone reported a nice time.

Study Club Meets With Mrs. Wood

Muleshoe Study Club met in the home of Mrs. Buck Woods last Thursday night, October 12. The program was "Know Your Government". Mrs. Buck Ragsdale gave United Nations and Mrs. A. E. Lewis gave Women In The Government.

Mrs. Marion Harris, president, presided during the business meeting, at which a box was packed for the family in Holland to which the Study Club has been sending boxes for the past two years.

The next meeting will be October 26 in the home of Mrs. Pat R. Bobo with Mrs. Irvin St. Clair and Mrs. A. J. Gardner in charge of the program, "How May We Recognize Communism".

Those present were Mesdames Milton Forbes, M. F. Green, Mary Hart, Houston Hart, Buck Ragsdale, Marion Harris, Julian Lenau, A. E. Lewis, Lee Pool, H. S. Sanders, Jr., Irvin St. Clair, Vance Wagon, John Watson and A. J. Gardner.

Party Honors Loretta White

A birthday party honoring Loretta White on her fourth birthday was given in the home of her parents, Mr. and Mrs. Gene White, Tuesday, October 10.

After a number of games were played, the many lovely gifts were opened.

Refreshments of birthday cake and punch were served to Loretta's grandmother, Mrs. Roy White, Mrs. J. D. Carpenter and daughter, Shirley Ann, Mrs. Lesley Barns and sons, Edwin and David, Mrs. Jimmy Seaton and Charlotte, Mrs. Leonard Bouldin and Bobby, Mrs. Fred Burch and Kerby, Mrs. John Gammmon and Marianna, Mrs. Miller and Jerry, Mrs. Ben Foster, Mrs. Demp Foster and Timmy, Mrs. Fred Gallman and children, Janice, G. Don, and Twila, Mrs. Otto Trieder, Mrs. Melvin Trieder and Buttons, Mrs. Clarence Weems, Kenneth and Karon, Mrs. Joe Weems, Derry, Treia Ann and Jo Rita, Mrs. James Robinson and Sherry June and Gale, Mrs. Ralph Broyles, Jimmy and Johnny.

A very good time was enjoyed by all who attended.

Mrs. Watts Hosts West Camp Club

The West Camp Pollyanna Club met Wednesday, October 11, in the home of Mrs. Webb Watts, with nine members present.

Roll call was answered by "My Achievements in 1950." Election of officers was held and officers reports were read.

Mrs. Watts gave a very interesting demonstration on the preparation of food for the frozen food locker.

A delicious refreshment plate was served by the hostess to Mesdames Parton Austin, Guy Austin, Everett Boark, Bert Williams, Seaborn Busbice, Woodrow Couch, Willie Williams, and Austin Jones.

The next meeting will be with Mrs. Johnnie Williams, October 25, which will be an achievement program.

Society News

THE MULESHOE JOURNAL, Thursday, October 19, 1950

Muleshoe WSCS Conference Report

The WSCS of the Muleshoe Methodist Church met Tuesday, October 10, at the church.

Mrs. G. O. Jennings brought the devotional, concluding the thought that faith must be cultivated through prayer and self denial, using as scripture references Matt. 26:42 and 2 Cor. 12:7-10, she closed her devotional with a prayer.

Mrs. I. F. Willman brought a brief but very inspiring report from the WSCS at Abilene.

The theme of the conference was "Lift Thou Thy World, Oh Christ Through Me." Women are urged to use their talents, however small, in making the world Christian. She brought a report from Mrs. Sue Bravo, a missionary from Porto Allegero, Brazil, and one from the Indian School at Farmington, N. M.

Mrs. F. B. Pierson gave an interesting talk on the present day conditions of the Indians in New Mexico and Arizona, after which Mrs. O. N. Jennings gave one chapter from the book, "Rural Prospects."

At the business meeting, Mrs. W. D. Moore's resignation as vice-president was accepted with deep regret, but all present wished her well in the work of the First Christian Church.

The meeting was closed with a prayer by Mrs. Roy Bayless.

Relatives Gather In Chaney Home

A large gathering of relatives enjoyed dinner Sunday and a day of visiting in the home of Mr. and Mrs. B. E. Chaney, 3 miles northwest of town.

Two brothers of Mrs. Chaney and their wives, Mr. and Mrs. C. E. Dotson, of Tucson, Ariz., and Mr. and Mrs. Herman Dotson, of Pasadena, Texas, were here for the occasion.

Others present were: Mrs. Robert Hurst and son, Robert Carroll, Mrs. Otis Thompson and daughter, Betty Lou, all of Clovis; Charles Edmond Parsons, Tullia; Mrs. L. A. Tipton, Mrs. Etta Welch, Mr. and Mrs. Jake Tunnell and sons, Ralph and Wayne, all of Muleshoe.

Lazbuddie WSCS Met Thursday

The Lazbuddie W.S.C.S. met at the church Thursday, Oct. 12, at 2 o'clock. With 9 members present one visitor, Mrs. Cantrell, and Mrs. Parsons, a new member.

Mrs. A. M. Seaton brought the devotional taken from Psalms 24. The business meeting was in charge of the vice-president, Mrs. Jesse Bewley.

The Study "The Near East" was taken up, the fifth chapter, Learning and Living Amid Unrest. Each member took part in this chapter; since we have been studying this course, we realize we have learned the condition of the people and their problems.

Mrs. Silas Dixon read us some current news from "Iron and Korea". We were dismissed by each one repeating the Lord's Prayer.

Read The Journal Want Ads They Get Results

Enochs HD Club Elects Officers

The Enochs H D Club met at the home of Mrs. J. W. Parson on October 12. A short business session was held.

There were twenty-eight members present. Mrs. J. C. Brice is a new member. Some members brought useable clothing for a needy family.

Mrs. E. W. Thompson was elected president of the club for the next year. Mrs. F. J. Sullivan, was chosen vice-president; Mrs. T. J. Johnson, secretary and treasurer; Mrs. M. J. Gibson, reporter.

A delicious refreshment plate was served. The next meeting will be at the Bula lunch room. Mrs. J. S. Boydston will give a demonstration on cooking fruit cakes.

The Muleshoe HD Club held its annual achievement day meeting October 12 in the home of Mrs. Wiley Bowers. There was a nice display of leather goods, aluminum trays, copper work, canned goods and fancy work made by the members during the year. Two visitors, Mrs. Sylvia Couch and Mrs. Pershing Busbice of West Camp acted as judges, awarding ribbons to winners in the various departments.

A delicious covered dish luncheon was enjoyed at the noon hour. An invitation was extended to Muleshoe club members to meet with the West Camp Club at their achievement day meeting Wednesday afternoon, October 25 at 2:30 in the home of Mrs. Johnny Williams. A tour of three new homes in that community is planned for the afternoon.

The next meeting of the Muleshoe club will be held October 26 in the home of Mrs. Ernest Baugh. Members are urged to be present as the annual election of officers will be held.

Those present at the home of Mrs. Bowers were: Mesdames John Mock, C. E. Busbice, Dave Aylesworth, Kenneth Burton, C. H. Gillis, C. M. Sims, W. H. Awtry, Ernest Baugh, Ray Carney, A. W. Copley, Ernest Holland, C. D. Julian, C. L. Dutton, Mack Hale, Sylvia Couch, and Pershing Busbice.

—Mrs. Mack Hale, Reporter

Expression Pupils Give Recital

The FIRST and FINEST in the FIELD

Farm Tested and Proven Over 3 Years NOW IMPROVED!

The Humboldt STALK CUTTER

For Finer Shredding, Cleaner Plowing and Better Borer Control, get the HUMBOLDT CUTTER. It's the FIRST in the field... often copied, but never equalled. Over 10,000 users. Cuts and shreds corn stalks, cotton stalks, maize, beans, potato vines, etc., faster and finer. Saves discing time and results in easier, cleaner plowing.

CHECK THE HUMBOLDT FEATURES

- **NEW LOWER PRICE**—because of longer manufacturing experience and economical production.
- **WIDER STALK RECEIVERS**—for maximum stalk coverage.
- **NO GEAR BOXES, NO CHAINS to break**—V-belts absorb sudden shocks.
- **FASTER**—cuts and shreds the stalks instead of beating the ground.
- **CUTS and SHREDS in WET, DRY, or FROZEN SOIL.**

INVESTIGATE THE HUMBOLDT CUTTER

Tractor-driven from the power take-off. Cutting knives or swinging hammers whirling at more than 1,000 r.p.m., cut and mangle the stalks into small bits. Adjustable cutting height. **GUARANTEED AGAINST FAULTY WORKMANSHIP AND MATERIALS.**

CHRIST FORGIVES MARY MAGDALENE

"Prince Of Peace" Answers Plea For Better Movies, Critics Say

Acclaimed by ministers, priests, rabbis and people of every faith as a movie that completely answers the national need for better movies "The Prince Of Peace" is a film destined to take its place among the time honored classics in film fare as outstanding. The new film is the story of the life of Christ. It has been hailed by the famous Hollywood movie critic, radio commentator and columnist, Jimmy Fidler, as one that "every man, woman and child should see."

This film, which has been breaking boxoffice records from coast to coast ever since its release in 1949, opens at the Cox Drive-In Theatre in Muleshoe on Sunday, November 5th.

"The Prince Of Peace" is a story woven around the world famous Lawton, Oklahoma Easter pageant which annually draws crowds of over 300,000. It was filmed in the summer and fall of 1948. The tremendous cast, numbering over 3,000 people, most of whom are Oklahomans who portray the same role in the film as they did in that years Easter pageant, gives the film unusual realism.

Jesus, pictured above in a scene from the film, is played by Millard Coody, a bank teller of Lawton. Darlene Bridges, a housewife and mother of Lawton, portrays the Virgin Mary. The film is rich in color and costume of Biblical times, and the musical background is an inspiration in itself.

MOVE TO DIMMITT

Mr. and Mrs. Bose Abrams, for more than 20 years residents of Bailey County, have bought a section of land east of Dimmitt. They are to get possession January 1, meantime they are living in Dimmitt. The couple sold their place west of Muleshoe last winter.

FAIRVIEW, OKLAHOMA

H. D. Council In Meeting

The Bailey County H. D. Council met Monday afternoon, October 16, at the County Club room with five members and one visitor present.

Report of the Fair was given. Mrs. A. W. Copley, THDA Chairman, gave out the reading list for 1951 to the Clubs, also literature on the United Nations Flag.

Officers for Bailey County HD Council were elected as follows: Mrs. S. C. Caldwell, Chairman; Mrs. A. J. Jones, vice-chairman; Mrs. Fern Davis, secretary-treasurer; Mrs. W. W. Couch, reporter.

The 1951 yearbooks were approved and are ready for the printer.

Mrs. Thomas Hosts Go And Sew Club

The Ladies of the Go & Sew Club met in the home of Mrs. Cora Thomas, Thursday afternoon, October 12.

New and old business was discussed. The project of the afternoon was hemming dish towels for the hostess.

Several games of Bingo were played with prizes going to Mrs. Lou Dudley and Mrs. Barbara Kloepper.

Fairy sisters gifts were distributed among the members. Refreshments were served to Mesdames Imogene Townsend, Lucille Thomas, Esther Magby, Barbara Kloepper and Lou Dudley.

The next meeting will be in the home of Mrs. Lou Dudley, October 19.

Muleshoe WSCS Met Wednesday

The Woman's Society of Christian Service of the Muleshoe Methodist church met Wednesday afternoon at the church.

The meeting was opened with the song "This Is My Father's World."

Mrs. Pierson brought the devotional from Exodus 3, 1-5. She gave as the autumn message, "Not to surrender to winter but to prepare for Spring."

Mrs. O. N. Jennings had charge of the lesson from the study, "Toward a Christian Community."

Mrs. Williams talked about Rural America and what the Methodist church is doing, and Mrs. Jennings discussed another chapter from the book, "Rural Prospect."

At the business meeting it was voted to send five dollars each to the work in Africa, and to the Indian school at Farmington, N. M. The meeting closed with prayer by Mrs. Bayless.

Pleasant Valley Club Plans Social

The Pleasant Valley Social Club met in the E. K. Angeley home Wednesday, October 11. After the business session plans for the club's birthday party and Halloween social were discussed.

A round table discussion on "Fall Planting in the Garden" was directed by Mrs. Jack Epps. Mrs. Burton of Muleshoe gave a short talk on leathercraft.

Refreshments of white cake, pineapple delight and coffee were served to Mesdames Jimmie Dulin, H. D. Reeder, Jack Epps, Seaborn Moore, Oscar Allison, Herman Haber, Jerry Allison, E. S. Bickel, Floyd Andrews, Harold Allison, Burton, R. Roubinek, and the hostess.

By Mrs. Willie Steinbock

with a suprise party. Giftsetaish Friends and relatives of Mrs. Alma Steinbock gathered Sunday night to honor her 74th birthday with a suprise party. Gifts were opened by the honoree and games of Canasta, dominoes and 42 were played.

Refreshments of cocconut, chocolate and apple sauce cake and coffee were served to the guests: Emil Hanson, Mr. and Mrs. Judd Clark, Mr. and Mrs. D. W. Winn and children, Mr. and Mrs. Raymond Trieder, Mr. and Mrs. H. D. Hutchison and daughter, Mr. and Mrs. Alfred Steinbock, Mr. and Mrs. Rex Steinbock, Mr. and Mrs. Willie Steinbock, Ed Steinbock, Mr. and Mrs. F. L. Oliver and children, John and Wanda Dyck, Mrs. Jack McNeil of Earth, and Mr. and Mrs. Renny Steinbock.

Mrs. Matt Jesko wrote home that she is now in London, England and on her way to Germany with an uncle and aunt from Canada.

Mrs. Ed Steinbock is visiting relatives in Fredrick, Oklahoma.

Mrs. Hubert Elliott visited her parents, Mr. and Mrs. Alfred Scott at Big Square Monday, she also visited her sister, Mrs. Gloria Elliott, who has a new baby boy.

Mrs. Joe Jesko and small daughter visited Mrs. D. B. Ivy Monday afternoon. Other visitors were Mrs. Gene White and Mrs. Clarence Weems and daughters.

Mr. and Mrs. Raymond Treider spent Sunday with Mr. and Mrs. Willie Steinbock.

Mr. and Mrs. H. D. Hutchinson, Sheryl and Twylaah attended the Circus at Friona Sunday afternoon.

Clovis Man Joins Texas Machinery

Bruce Felton, formerly of Clovis, N. M., has joined the Texas Machinery Co., as service manager, Alex Wilkins, manager announced this week. This firm is sales and service headquarters for Massey-Harris farm implements in this area.

Mr. Fenton has been in the implement business for the past 15 years and has had experience in servicing and repairing practically all makes and models of tractors.

Included in his family are Mrs. Fenton and two daughters, Oneta Janette, six years old; and Beverly Annette, two years old.

Mr. Wilkins invites everyone to stop by and get acquainted with Mr. Fenton and to talk over their machinery and equipment repair problems with him.

Mr. and Mrs. D. B. Ivy and Mr. and Mrs. Henry Ivy attended the football games in Dallas, also the State Fair in Dallas last week end.

H. D. Hutchinson took a load of hay to Oklahoma this week.

Mrs. Willie Steinbock and Mrs. H. D. Hutchinson spent Monday with Mrs. D. B. Ivy. They spent the day pouring ceramic molds.

Lt. Taylor Is Killed in Action

Second Lt. Warren H. Taylor, 25, nephew of two local women, was killed in action with the 1st Marine Division in Korea. His aunts here are Mrs. H. A. Whitefield and Mrs. R. E. Lowery, both of Muleshoe. A brother, James Taylor, lives at Sudan.

The young man, a native of Fort Worth and a graduate of Paschal High School there, entered the service in 1944 and was commissioned in 1946. He was sent to Korea in August, leaving his wife and their 6-months-old child in Washington. He was the son of Mrs. G. G. Wynn of Handley.

SERVICE BOYS HOME

Home over the weekend from service with the Air Force were three Muleshoe boys, Johnnie Seid, Arlo Farrell, and R. E. Bryant, to

visit their parents and other relatives and friends. They have completed preliminary training and are to enter an aerial gunnery school.

LIGHT - MEDIUM - HEAVY MODELS
Made in widest variety of engine-body-chassis combinations to fit every trucking need.

Think twice today when you buy a truck!

THAT new truck you're considering may have to last a long time. So you'll be wise to look at a GMC for these important reasons:

GMC's are built by the world's largest exclusive manufacturer of commercial vehicles — with the broadest truck engineering experience.

GMC's are real trucks. Engine, transmission and frame, as well as cab and axles, are all specially truck-built to give you longer service.

GMC truck-built engines have high horsepower with higher sustained torque—greater pulling

power. They are built to give extra years of service with less maintenance.

GMC extra-value features include Synchro-Mesh transmission, Tocco-hardened crankshaft, full-pressure lubrication, recirculating ball-bearing steering gear, airplane-type bearings and Lifetime Weathersealed cabs as standard equipment on practically all models from 1/2 ton up.

That's why more truckers are buying GMC's today than ever before—experience proves them best in the long haul!

Get a real truck!

**BABSON DISCUSSES
COMING ELECTIONS**

BABSON PARK, MASS., Oct. 13.—It is amazing that so many millions of people in this "land of the free" have so little idea or concern as to what is done with their hard-earned cash after paying it to the government in taxes. The American people have acquired a reputation for having made democracy work as neither it nor any other system of government has thus far worked in the history of the world. Yet, few of our citizens really know much about how the government spends or what benefits the people actually receive from this vast sum of money.

We all should know where our tax dollars are going and whether they are being wisely spent. Our children should know more about money matters, especially as they concern Congressmen as they make appeals for re-election. If more

ARE WE ON THE RIGHT TRACK?

Congress recently has broadened the provisions of the Social Security Act so that approximately 45 millions out of a 60-odd million working force in the U. S. will contribute payroll taxes toward their own eventual retirement.

This is old age insurance, in contrast to the old age assistance or gratuitous old age pensions paid by the states with federal aid.

As indicated in these columns a few days ago, retirement benefits are at most only a part of a broader security in which ultimate responsibility rests on the individual.

Almost ever since the passage of the original Social Security Act in 1935 there have been doubts in some minds whether the payroll tax and large reserve fund involved in old age insurance are desirable—whether this really is insurance or whether the United States would be wiser merely to pay what pensions it can out of current taxation and make no promises as to the future.

We are inclined to believe that the reserve fund, contributory type of old age provision is best. But this question affects the retirement security of so many million persons and the finances of so many million persons and the finances of so many million future taxpayers that the nation should be sure.

For this reason, we applaud the Senate instructions to its Finance Committee to make a study from the ground up as to "the type of social security programs, most consistent with the needs of the United States, including proposed programs for a pay-as-you-go universal coverage system.

The major shortcomings of the old age insurance system after 13 years of operation are that it still benefits barely over 2 million persons of the 11.3 million over 65, and that it pays only inadequate benefits to these, while considerably more, nearly 2.8 million, rely on old age assistance, which was intended to be supplementary.

In some respects the critics of old age insurance try to have their arguments both ways. For example, they attack it because it leaves too many people unprotected, does little or nothing for those already old. At the same time they say it is not true insurance because the benefits paid back are not in proportion to the premiums or contributions paid in.

If the insurance is to be insurance, it must take some years to build up reserves before assuming its major load of outpayments. If too much is paid out in unearned make dairy or potato farmers a favored class.

A foolhardy farm support program might not break the country financially, in the years ahead, but eventually it could lead to the enslavement of the farmers themselves. New and higher taxes we shall probably have. They need not be much higher if each of us will take the time to impress upon those who are now up for election the acute need for drastic cuts in nonessential federal spending.

ATTEND TEXAS EDUCATION INAUGURAL IN AUSTIN

Howard Homsley, superintendent of the Three Way schools, and Baker Johnson, also of Three Way, attended the Texas Education Inaugural in Austin Sunday and Monday of last week. Mr. Homsley was present for the State Teachers Meeting and Mr. Johnson attended as a representative of laymen for the advisory committee to the Gilmer-Aikin Bill.

CONGRATULATIONS TO

Mr. and Mrs. Lawrence E. Gilmore on birth of a son, David Lee, October 9, in a Littlefield Hospital.

VISIT IN LUBBOCK

Mrs. Jake Tunnell, Mr. and Mrs. C. E. Dotson, and Mr. and Mrs. Henson Dotson were in Lubbock Sunday night to visit Rev. Jeff D. Welch, of Dallas, who recently underwent major surgery in Lubbock. His condition is much improved.

HOW'S THE FISHING?

The fish probably would jump into the net if they could see this glamorous fisher-miss. She is Betsy Barbara Thomas of Spartanburg, S. C., who represented South Carolina at the National Seafood Festival recently in Hampton, Va. Barbara is wearing a gay cotton swim suit designed with a hustle-back in Spring Mills cotton fabric.

benefits, then the reserve fund may need help from general taxation later on.

TODAY'S meditation

The Upper Room
THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

CHRISTIAN LOVE
"Be not overcome of evil, but overcome evil with good." (Romans 12:21.) Read Rom. 12:17-21.

Our attitudes toward people and events tell whether we are Christians. Jesus teaches: "Love your enemies, bless them that curse you, do good to them that hate you, and pray for them which despitefully use you, and persecute you." Paul, in the spirit of the Master, tells us, "Be not overcome of evil, but overcome evil with good."

Here in Singapore we have a young man who was a staunch Buddhist. In search for God he came to our Sunday School and was converted through the reading of the New Testament. Almost from the beginning of his attendance he began to meet with opposition in his home. His parents drove him away. It was not easy to bear the persecution which was directed against him, but he learned early the secret of prayer. He not only did not resist his enemies, but prayed for them and showed

good will and love toward them. By this attitude he has been able to win his home folks one by one to the Saviour. "Be not overcome with evil, but overcome evil with good."

PRAYER
Our gracious heavenly Father, we Thy weak and frail children, beseech Thee to forgive us for our sin of returning evil for evil. Empower us with Thy spirit that we may be able to love the brethren and "to overcome evil with good" all our days. In Jesus' name we pray. Amen.

THOUGHT FOR THE DAY
I honor Jesus when I "Overcome evil with good." —Chew Hock Hin (Malaya).

ATTENDS DINNER
Dr. and Mrs. B. R. Putman of Muleshoe attended a dinner given by the South Plains Optometric Society Thursday evening, October 12 at the Chicken Village in Lubbock. Thirty-three were present at the dinner.

Out front with the finest yet priced with the lowest

These days you can't tell from the price tag how much quality a car holds. Ford, for example, is still priced with the lowest . . . yet in other respects it's in the fine car class. Take its styling, for example; for two years in a row Ford has been the recognized fashion leader.

Like America's finest cars Ford offers you a V-8 engine. No other low-priced car does. Nor does any other car at any price offer you a choice of V-8 or Six engines. And remember, Ford's V-8 costs hundreds less than most sixes—Ford's Six costs even less.

OLD RANGE ROUND-UP

Now's the time to trade-in your old range and get a beautiful new Magic Chef gas range

It's a beauty to behold, this new 1950 Magic Chef. Beautiful in appearance, in performance. Now you can cook to your hubby's delight . . . turn out the kind of roasts, broiled steaks, pastries, and the just everyday meals he's dreamed about. What's more, you can do it every time on a *Magic Chef*

Magic Chef has so many exclusive features, too. Features such as the one-piece top burner units that are so easy to clean—the famous Red Wheel oven heat control—the easy-to-use Swing Out Broiler—and the many more that can make your cooking a pleasure.

This special offer is for a limited time only. Come in today and see *Magic Chef*
