## COUNTY CHOIR TO REHEARSE

Eastland County's Sesquicentennial Choir will rehearse Thursday, May 22, at 7 p.m. at First United Methodist Church, Eastland, according to Wyley Peebles, professor at Cisco Junior College and choir leader.

It is hoped that at least 150 people will join this county choir, which will perform at the Discovery Fest '86 on June 7.

Mr. Peebles has issued a special invitation to all county residents who loves to sing and enjoys patriotic music to join this special choir.

Don't forget! Thursday, May 22, 7 p.m., First United Methodist Church, Eastland. Let's Sing!

**OPEN HOUSE--** D & H Enterprises, 105 West 8th Street, Cisco, will have an Open House on Saturday, May 24 and Monday, May 26 to introduce a new line of Zenith equipment. D & H is now an authorized Zenith dealer. Harvey Hull, owner, shown in the above photo said that he has different size televisions from the 5 inch model to the large 27 inch model in stock and has televisions in all price ranges. He also said he can order different models from the Zenith catalog. He would like to invite everyone to stop by during this open house to see what he has in stock. His hours are from 9:00 a.m. till 5:30 p.m. Monday thru Friday and 9:00 a.m. till 3:00 p.m. on Saturday. (Staff Photo)

## Mobley-Hilton Soon To Have Own Water Supply

The new water well at the Mobley Hilton is expected to be in use sometime next week, Manager Don Shepard of the Chamber of Commerce reported Monday. The well was completed last Thursday at a total depth of 332 feet.

Mr. Shepard said that a Red Jacket submersible pump with a three horsepower electric motor along with two 220 gallon pressure storage tanks that will service the seven sprinkler areas around the old hotel will be installed.

Some 21 gallons of water per minute will be required for the system to maintain

maximum efficiency, Mr. Shepard said.

Water was encountered in the hole at three levels - 40 to 55 feet, 200 to 210 feet, and 300 to 318 feet. A 15-gallon per minute baler was used for three hours to clean out the hole and lowered the water only about 50 feet, Mr. Shepard reported. Some 200 feet of water was measured in the hole.

Installation of the pumps and other equipment was awaiting electricity Monday. Once the system is in operation, a time clock will be available to operate it, Mr. Shepard said.

Mr. Shepard supervised the project. The well was drilled by M&M Drilling Company. Others working on the project included Yellow Mound Well Service Co.; Don Wallace, dirt contractor; Stovall & Winnett, water transport; W.L. Gary Roustabout, and HTH Trucking of Eastland. All labor was donated, Mr. Shepard said.

The well was drilled to enable the Mobley Hilton to do extensive landscaping work around the hotel that is being restored in a project financed by the Hilton Foundation.

## State Prosecutor Files Request For Re-Hearing

The state prosecutor has filed a request with Texas Court of Criminal Appeals to reconsider the recent decision to grant Loyal L. Lundstrom a new trial in his murder conviction, according to information received by District Attorney Emory Walton.

In a 5-to-4 decision last month, the high court ruled that Lundstrom's trial should have been moved from Eastland County due to pretrial publicity. A defense motion for a change of venue was denied by the 91st Court judge.

Notice of the request for re-hearing was sent to the district attorney by the Court of Criminal Appeals and by the state prosecutor's office, Mr. Walton reported.

Lundstrom was given a life sentence by a 91st Court jury after his trial in September 1983. Lundstrom was charged with murder in the shotgun slaying of his wife at their motel apartment home in Cisco on March 3, 1983. He has been in prison since the conviction.

Mr. Walton reported that a hearing on the request might not be held for a year or more.

## Around Town

By Duke Dixon

On July 4, 1776, the Declaration of Independence was signed by patriots in a new nation. This document declared our independence from England and the laws that governed her. Our forefathers envisioned a country governed by the people instead of a monarch (king).

Our declaration told the world we choose to elect our leaders from the general populace.

Sometimes we have taken for granted these freedoms and privileges. As I think back on the history of this great nation, I remember reading about conflicts to test our endurance. Beginning with the Revolutionary War that bought this nation's freedom.

The war of 1812 that insured our continued freedom. Even the Civil War that saw a nation divided. Both sides had the idea of the same form of government; elect those leaders that will govern us fairly.

Texas fought a war of freedom and this year we celebrate 150 years of freedom from tyranny or a dictator rule.

World War I, was fought to keep not only our nation free, but to allow the rest of the world to taste a similar freedom. Then came World War II with two nations desiring to dominate the world. A mad man in Germany with one thing on his mind rule the world. An emperor in the far east desiring to subdue as much of the world in imperialism. Many men and women died to protect a precious freedom. A freedom that allows us to choose who will

lead, who will serve.

We are not given an individual to elect because someone sitting on a king's throne, in a dictator's office, or in an emperor's palace told us who to elect. We elect those who choose to seek the office. Sometimes it is an elaborate process, such as a political convention, sometimes it is a local election. But never the less we do have a free choice. Even a free choice not to vote.

Monday as I was traveling between Cisco and Eastland on old Highway 80 I noticed a political sign defaced; and it upset me. To think that anyone would want to ruin or try to take away our privilege of electing from a free choice.

I am not promoting one candidate over another. I just feel that someone needs to speak out about our freedoms, about patriotism, and love of our country and right to choose.

I hope the ones that defaced the sign just don't understand. That someday they will feel pride in our country, our state, our county and our cities. Proud enough to consider running for public office and serving the people of this great nation in whatever capacity they desire. But protect our rights as free citizens to vote and choose as we see fit.

### Primary Runoff

Let's not forget that there are important primary runoff elections to be held Saturday, June 7. Absentee balloting begins at the County Clerk's office on May 28 and continues through June 3. The office of county treasurer is in a runoff for county-wide voting and county commissioners nominees are to be picked in the Cisco and Ranger precincts. And justices of the peace in those two precincts.

## Make Up Day For It's Time To Spray Pecan Trees

Kindergarten

Registration

If a parent failed to pre-register their child for kindergarten for the 1986-87 school year, on April 18th, it is of utmost importance that they register their child on Friday, May 23, 1986 between 9 and 11 a.m. Please report to the Cisco Intermediate School Library to register.

A copy of the child's immunization records and the birth certificate is needed. In order to qualify a student must be 5-years old by September 1, 1986.

Little

League

Schedule

The Little League Schedule for the week is as follows:

Thursday, May 22- 6:00 p.m., Minor Rangers VS. Minor Giants; 8:00 p.m. Minor Braves VS. Minor Astros.

Friday, May 23- 6:00 p.m., Major Braves VS. Major Giants; 8:00 p.m. Major Rangers VS. Major Astros.

Saturday, May 24- 4:30 p.m., Mini Cubs VS. Mini Jets; 6:00 p.m., Major Giants VS. Major Rangers; 8:00 p.m. Major Astros VS. Major Braves.

Cisco Ag Boosters

Sponsor

Car Wash

The Cisco Ag Boosters will be sponsoring a car wash on Saturday, May 31, 1986, at Speegle Gulf, 308 West 8th. The price is \$10.00 per car which includes both outside and inside of the vehicle. The money will be donated for purchase of Cisco Agriculture students animals at next year's Eastland County Livestock Show.

## It's Time To Spray Pecan Trees

It is time to spray pecan trees to control the pecan nut-casebearer. These small worms can completely destroy a pecan crop if not controlled.

County Agent De Gordon says early predictions based on temperature and scouting reports set the spray dates in Eastland County for May 23 to 28. However, scouting reports early this week

revealed that casebearers are already at work. Gordon has moved the spray date up to May 20-26. This is 7 to 10 days earlier than normal.

Gordon says it is best to have 1% to 2% entries before sprays are applied. An entry is identified by a small pen hole near the base of the nutlet. Effective pecan nut casebearer control depends on proper timing and application of insecticides.

## Cisco Police Make Two DWI Arrests

Cisco police made two DWI arrests and investigated a number of break-ins during the past weekend, according to a report by Detective Risa Livingston.

Arrested for DWI were Wesley Smithson of Eastland, who was apprehended by Policeman Chris Key, and Juan Domingues of Cisco, who was picked up by Officers Livingston and Kenneth Preston. Both men were taken to the county jail after their arrests after midnight Friday.

Two cases of criminal mischief were reported Saturday morning. Mark Humphries reported that vandalism at East 12th Street home left damages of some \$700. There was no estimate of vandalism

damages at the home of Janet Murray of 1503 Walnut.

Early last Thursday, police investigated a break-in at Walton Electric on West 9th Street. The sum of \$30 was missing from a cash register. Break-ins at the Girls Softball Field and at Faith Baptist Church were also investigated last Thursday morning. Nothing was missing at the church and a quantity of candy was taken at the concession stand.

The New Life Tabernacle Church on West 17th Street found nothing missing after a break-in that was discovered early Friday, Miss Livingston reported.

The Mary Gosnell home on East 12th was burglarized last Friday night and a 22 calibre pistol was missing, Miss Livingston said.

## City Announces

### New Landfill Hours

Effective Monday, May 19th, the City landfill will be open six days a week during the following hours:

Monday - Friday 1:00 p.m. - 5:30 p.m.

Saturday - 8:00 a.m. - 4:30 p.m.

Sunday - Closed  
City sanitation customers who take trash to the landfill

will need to take their current water bill stub and driver's license to show the gatekeeper to use the landfill at no cost. All others who are not sanitation customers of the City of Cisco will be charged a fee to use the landfill. Questions regarding the new landfill operating hours may be directed to City Hall at 442-2111.

## Annual Memorial Day Service Planned

Plans are being made for the annual Memorial Day Service on Monday, May 26, according to Brad Kimbrough, commander of the John William Butts Post 123 of the American Legion, sponsors of the event.

A tent will be erected at Oakwood Cemetery and

chairs will be available for use by visitors during the 11 a.m. service. There will be a speaker and song service followed by the decoration of the graves of deceased military veterans, Mr. Kimbrough said.

Details of the program will be ready for announcement soon.

City Hall To Be

Closed Monday

City Hall will be closed on Monday, May 26, 1986, in observance of Memorial Day. There will be no trash pick up on Monday, but Monday's route will be picked up along with Tuesdays route. The landfill will be open at the regular hours, 1:00 p.m. to 5:30 p.m. on Monday, May 26, 1986.

CJC Summer

Classes To Begin

Summer classes at Cisco Junior College will begin June 3, at all locations.

Students may register from 9:00 a.m. to 4:00 p.m. and 6:00 to 8:00 on the following dates and locations: Cisco campus, Monday June 2 in the Registrar's office; Clyde campus, Thursday, May 29; Abilene campus Wednesday, May 28. Coleman registration will be on May 27 at 6:00 p.m. at Coleman High School.

The Cisco and Clyde campuses offer both day and night classes. The Abilene campus will offer night classes only. Night classes will only be offered at Coleman.

For more information call the appropriate campus at one of the following numbers: Cisco (817) 442-2567; Clyde (915) 893-5976; Abilene (915) 698-2212.

Summer Reading

Program Begins

The Summer Reading Program at Eastland Memorial Library will begin Monday, June 16, at 10 a.m. This is for children Kindergarten through the 6th Grade, and all in the county are welcome. Alice Perry will be in charge. The theme will be "Celebrate Texas", and there are many interesting things planned. The program will close on August 4.

KEVIN CAPPS

First Baptist

Church Hires

Youth Director

The employment of Kevin Capps, 24, H-SU student, as youth director at the First Baptist Church was approved by the congregation in business session Monday night. Mr. Capps began work at the church Monday.

A native of Post oak in Jack County, Mr. Capps is a graduate of Midway High School in Clay County and attended Midwestern University at Wichita Falls for a year before enrolling last fall at H-SU. He has worked with young people at Sunnyside Baptist Church in Wichita Falls and the First Baptist Church in Iowa Park.

The son of a Baptist minister, the young man's parents are the Rev. and Mrs. Milton Capps of Post oak. Rev. Capps is presently doing evangelistic work.

Mr. Capps and his wife, Thesia, are the parents of one son, Kellen. They will live at 209 West 9th Street, the house just west of the First Baptist Church, and expect to move here soon from Abilene.

In high school, Mr. Capps won an honorary science award and played on his school's championship basketball team. "I am looking forward to working with the young people of Cisco," Mr. Capps said.

Fire Department

Answers Alarm

At Hospital

Cisco volunteer firemen answered an alarm at E.L. Graham Memorial Hospital at 12:05 p.m. Monday. Fireman David Gill reported that the alarm resulted from equipment malfunction and that there was no fire or smoke.

Firemen posted storm alert observers at 6 a.m. Saturday after receiving information that tornado conditions prevailed in the area. Rain fell but no storms developed.

Area Receives

Good Rainfall

Saturday

Rainfall measuring from one to two inches fell over Eastland County last Saturday, improving farm and pasture conditions, according to County Agent DeMarquis Gordon.

Cisco rain gauges registered about 1.5 inches, which was the most measurable rainfall for the month of May. The normal rainfall for May is around four inches.

Mr. Gordon said the southern part of the county, including Rising Star, Carbon and Gorman, received a good rain a week earlier and were in "pretty good shape," while it was dry elsewhere in the county.

Peanut planting has begun over the county, Mr. Gordon reported. He expected more than 20,000 acres to be planted to peanuts this year. Grain harvest has been underway for sometime and the rain wasn't expected to cause damage, he reported.

Lake Cisco gained little new water from the rain as gauges at the lake measured 1.2 inches.

Commissioners

To Meet Tuesday

Due to the Memorial Day Holiday, Eastland County Commissioners will not hold their regular meeting on Monday, May 26. It will be held instead on Tuesday, May 27, beginning at 10 a.m. in the Commissioners Courtroom.

# Faculty - Administrators Enjoy Cook-Out

Cisco Junior and Senior High School faculty, administrators, their families and friends joined together for an old fashioned cookout Tuesday afternoon and evening. The group of about 78 guests fished, roasted weiners, roamed the pasture, pitched horseshoes and just generally visited in the near-perfect weather.

Among the faculty members attending the cookout were Messrs. and Mmes. Manning Davis, Brian McCulloch, Jim Hancock, Jim Puryear, Terry Minton, Mike Moody, Ray Moody, Ray Saunders, Delbert Schaefer, Jack Stephenson, Doyle Walker, Jimmy Yowell, Messrs.

Jerry Davis, Rick Payne, Rusty McLeskey, Jerry Reeves, Mmes. Murlie Keck, Tarek Hawari, Steve Zarate, Lou Jane Qualls, Scott Bailey, Ms. Brenda Jarrell, their families and friends. Mrs. June Hicks, Robert Tucker, their family and friends were the host family on their farm south of Cisco.

# Bluff Branch School Reunion

17th Airborne  
Seeks To  
Locate Members

Former students of Bluff Branch School, and their spouses and friends met May 17th and 18th for their annual reunion at the Christian Encampment at Lake Cisco.

Saturday night the group enjoyed the evening meal followed by games and fellowship.

Sunday they met for lunch and afterwards were entertained with music played by O.B. Johnson, Hawley; T.C. Agnew, Abilene; Bill Jones, Merkel; Earl Tisenbe, Odessa; R.D. Weeks, Eastland; Larry Payne, Al Anderson and W.A. Marshall, Cisco.

Others attending were T.J. and Jo Nelms, Bridgeport; Doyle Thames, Overland Park, Kansas; Pinky and Rita Willingham, San Angelo; Hubert Johnson, Zilla Agnew, Bonnie Davis, J.C. Thames, Kathrine Thompson, Macon and Carrie Adams, Bernice Adams, Abilene; Bill Thames, Mineral Wells; Gordan Wadley, Eastland; C.F. Thames, Claudia Yeager, Breckenridge; A.W. Claybrook, Bob and Dell McFaden, Ft. Worth; Lloyd and Lucille Killough, Lub-

bock; Gene and Melba Marr, Weatherford; Jack Calloway, West Germany; Roy and Ima Culwell, Brownwood; Don and Hazel Booth, Wichita Falls; Myrtle Mumford, Albany; Billy Joe McFadden, Angie Eberts, Dallas; Verdice Purcell, Clyde; J.D., Debbie, Matt and Justin Prescott, Jacksboro; M.L. Johnson, Rogers, Ark.; Zenia Belle Lauderdale, Marlin Ovella Johnette, Cross Plains; Mary Lou Lisenbee, Odessa; Mozelle Yeager, Claude and Belva Yeager, John and Wanda Nelms, Clyde and Beth Coates, Elvis and Louise Nelms, Harold and June White, A.V. Payne, Bud and Ona Coats, Odessa; and Bill Collins, Fay Calloway, L.B. and Della Carlile, Freddy and Vondalea Anderson, Scott Anderson, R.B. and Marvis Thames, Iven and Quadia Phippen, Lois Ford, Bobbie Cozart, Elder and Montie Booth, Ray and Jean Agnew, Trudie Marshall, Tim and Margaret McKinney, Pearl and Emery Booth, Jessie Phippen, Jeff and Lois Phippen, Wanda Payne, Halley and Juanita Parker all of Cisco.

Parents Invited  
To Youth Center

The Christian Youth Center, 505 East 8th, Cisco would like to invite all Moms and Dads to come down and enjoy family fellowship with the kids in a Christian atmosphere. They have eight video games, three pool tables, and free popcorn.

Each week they will have a game of the week with the highest score winning a trophy to be given away on Saturdays.

Hours for the center are Mon.-Thurs. 6-10 p.m. and Friday and Saturday, 5-11 p.m.

It's A Good  
Number

A local citizen called this newspaper to report that the public service features that run for the American Cancer Society are appreciated.

He called the toll-free number (1-800-4-CANCER) and was treated with great concern and information is being mailed to him which he needs.

He and others appreciate the work that the Society is doing.

The 17th Airborne Division Association, composed of men who served as paratroopers and glidermen in the 17th Airborne during World War II, is conducting a membership drive to locate all former members. If you served with this Division, please contact Edward Siegiej, Secretary-Treasurer, 62 Forty Acre Mountain Road, Danbury Connecticut 06811, for details of the Division Association as well as information about the 33rd Annual Reunion which this year will be held at the Hyatt - San Jose, San Jose, California on August 7-10, 1986.

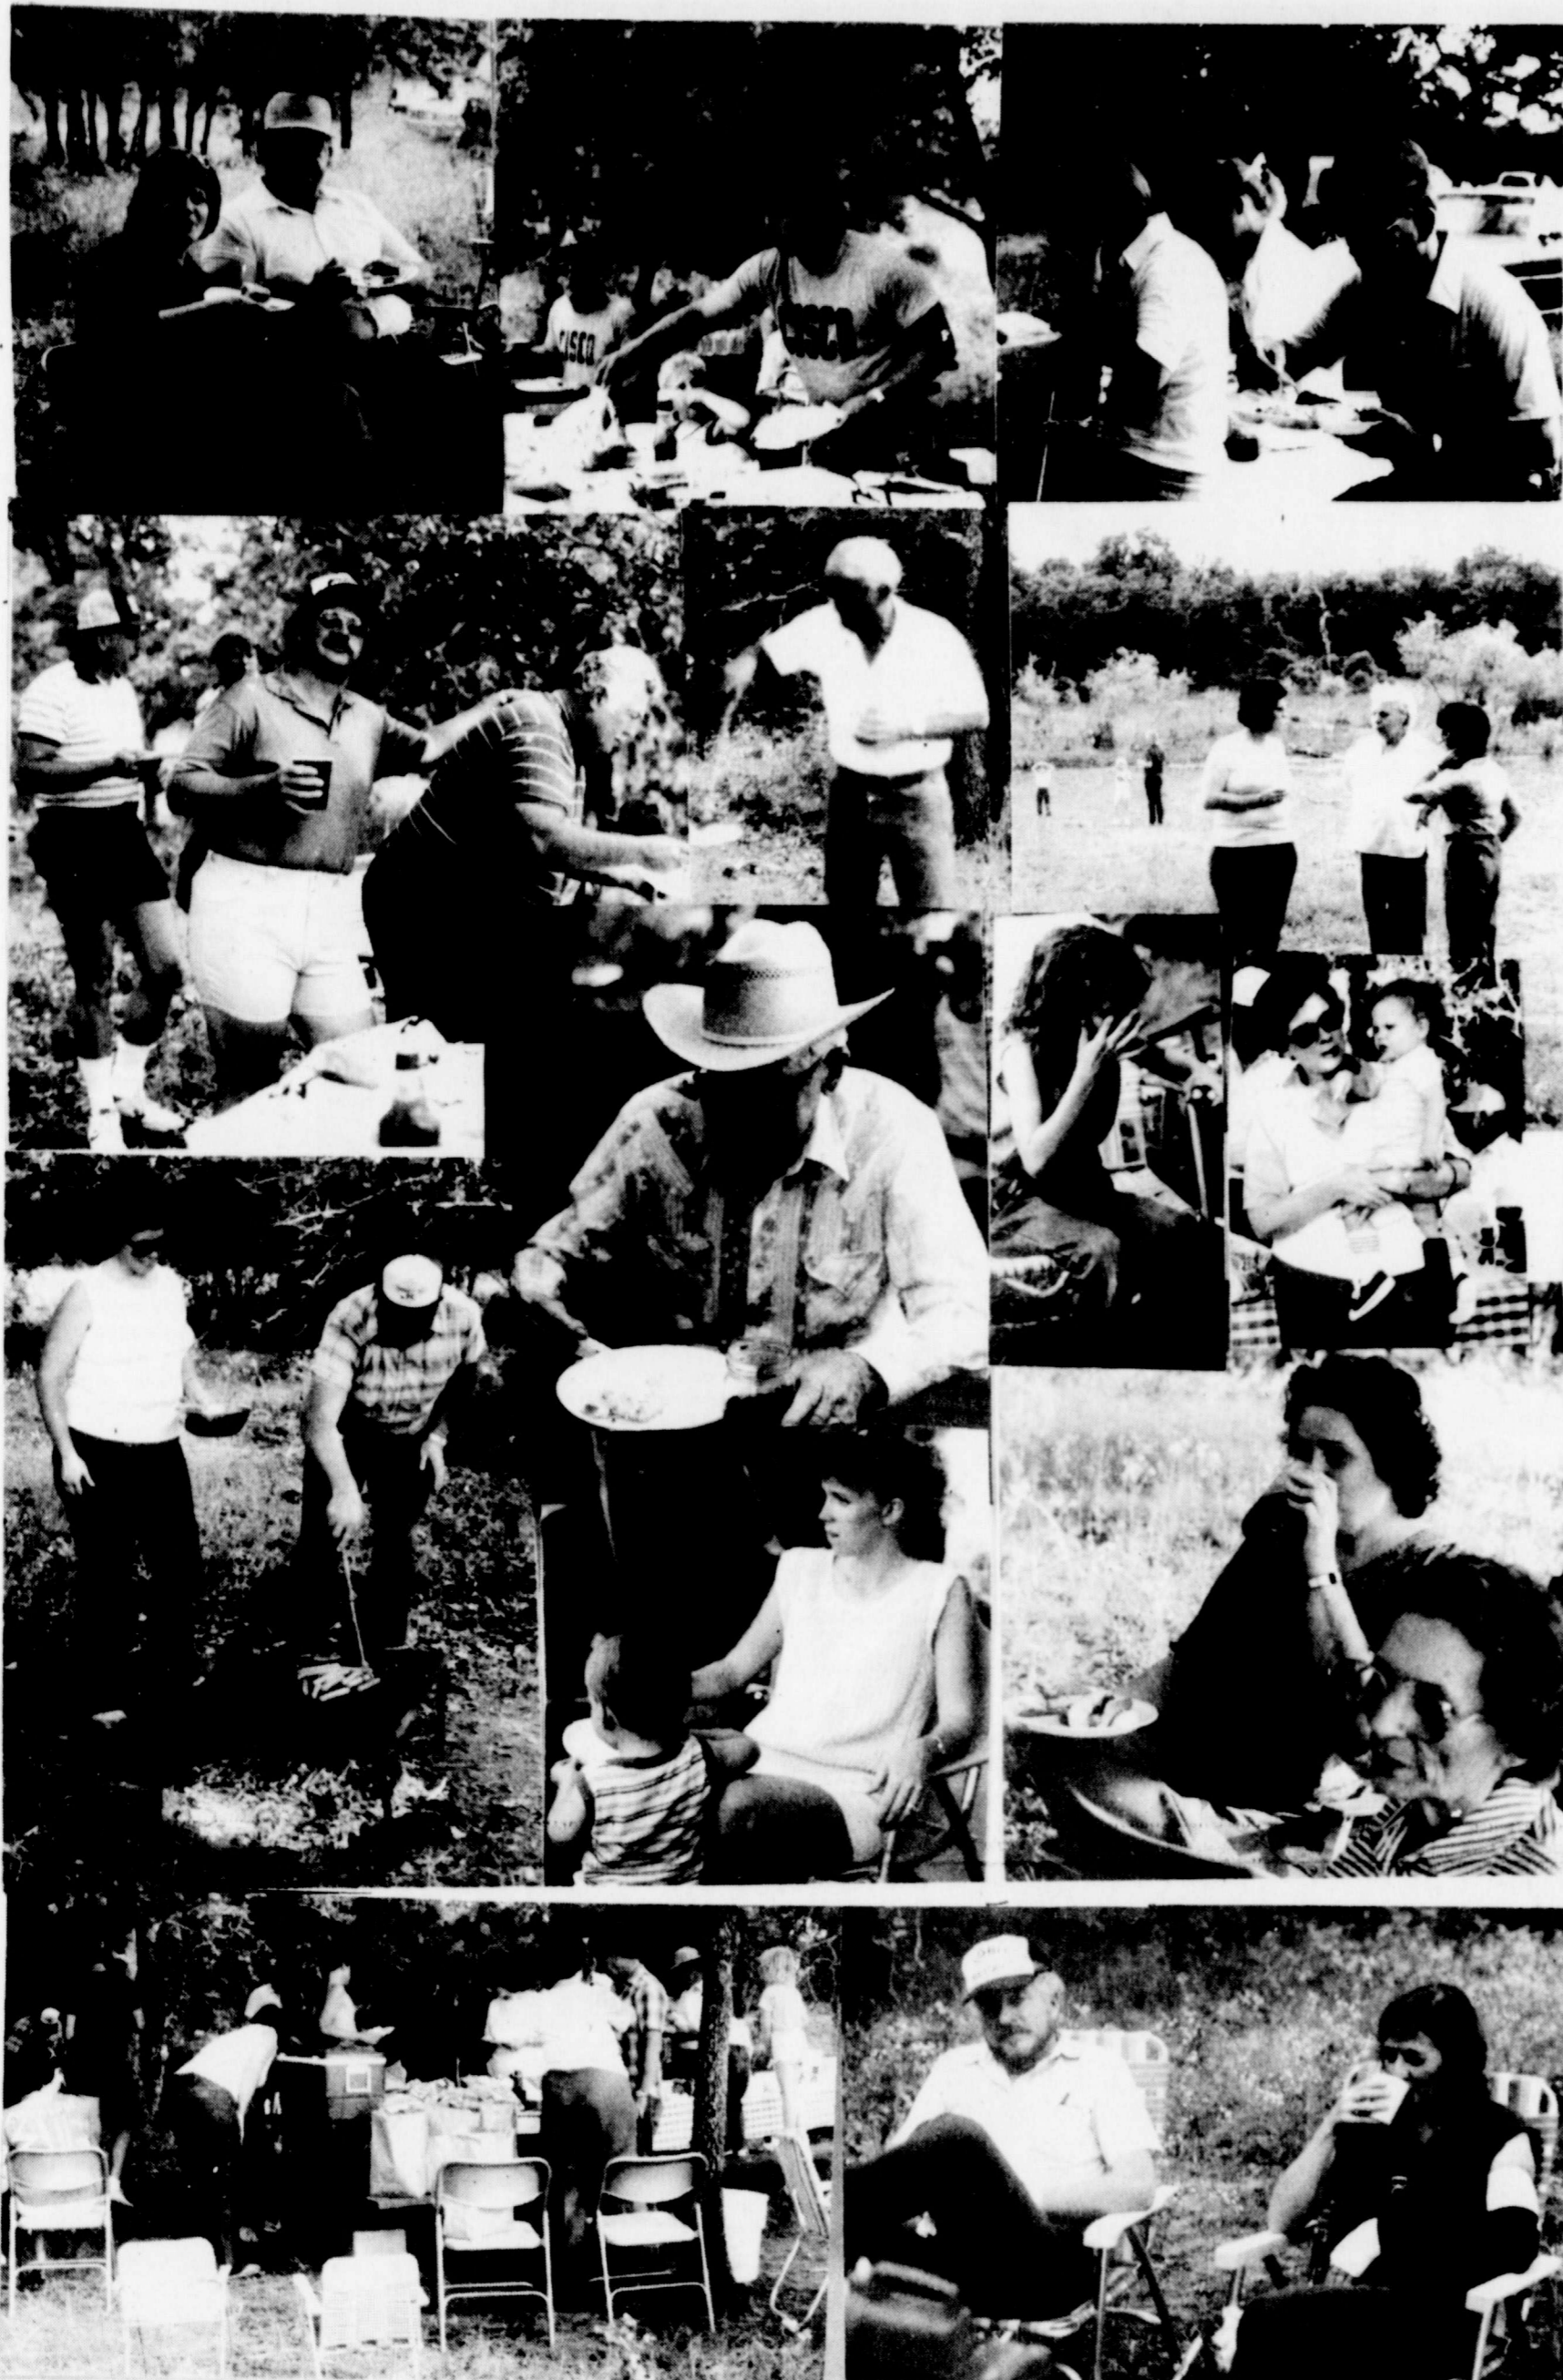

## Cancer: Do You Know The Facts?

As the Surgeon General of the United States, I know the facts about cancer. If you are over 50, as I am, you should KNOW THE FACTS, too.

For a FREE publication, "CANCER FACTS FOR PEOPLE OVER 50", call the Cancer Information Service.

DR. FRED CULLENS

## Dr. Fred Cullens Is New Administrator

The administrator at Canterbury Villa of Cisco is Dr. Fred Cullens. He said he recently passed a state test and scored a 94. So he is now officially the new administrator.

There were two tests made up of 48 categories. Some of the questions asked were on business, law, personnel, medical state standards and regulations of nursing home.

Dr. Cullens would like to invite all of Cisco to stop at the nursing home to see the improvements made since Texas Health Enterprises, Inc., bought the home.

He said he is aware that nursing homes don't have a very good reputation, and he realizes that this one has a bad past. But he wants to change the image.

In 1967 the government started upgrading requirements. Half the nursing homes in Texas are cited every year by the Texas Department of Health for not complying with federal and state standards; and more than 3000 older Texans live in nursing homes that are chronic violators of health care statutes and regulations.

But there are 1000 nursing homes in Texas. Even with the new legislation passed by the 67th Legislature that put more teeth in the Department of Health's inspection procedures, it is virtually impossible for the Department to assure compliance in all the homes. Dr. Cullens said that he personally checks to make sure the home is in compliance with state standards.

Dr. Cullens said he would like people to stop by and check the food and conditions of the home themselves. He said that he and the staff are very proud of the facilities. They want to change the image from the home being a place to come and die or a poor farm to a happy place to live. He added this home is not an institution.

He said he likes people and always has liked people. He believes that a nursing home

reflects the personality of the administrator. And he said he knows what good nursing care is.

He was a nursing home administrator in McAllen in 1966 and has also been a prison chaplain. He has worked with people in stressful situations.

Dr. Cullens said he is not a desk bound administrator. He is on the floor at least twice a day, and at the present time he lives in a room at the home, eats the food and is able to see how the home is managed 24 hours a day.

He will be moving to a home on Conrad Hilton in July after he marries. He is engaged to Vicki Melbourn of Wichita Falls. She is a LVN and will work at Canterbury Villa after they are married.

Dr. Fred, as he is called, said they are looking forward to building their lives in Cisco. He said he is very concerned about the drug problems in Cisco. He is an ex-director for a children's home and he knows what drugs can do to a young person's life.

He would like to help the Cisco Police Department get their own drug dog. He also said 80 percent of the crime in Cisco is drug related.

Dr. Cullens is a public speaker and an author of articles in Christian magazines. He is currently working on a major book entitled "Walking on the Razor Edge of Life". He subtitled it "Sure My Feet Are Bleeding, But I'm Making Progress".

He is available to any club or organization. To set up a time to hear him speak they are asked to call him at 442-4202.

He grew up in tent meetings in Oklahoma. His mother still lives in Duncan, Okla. His father is deceased. He enjoys gospel, jazz and blues music and often sings for the residents when they gather in the back of the home.

OKLAHOMA—Will Parker (Kevin Kirk), Ado Annie (Wendy Wester), Laury (Tami Roberts) and Curly (James Deadman) are shown in the above photo after practicing for the musical Oklahoma, to be shown on Thursday and Friday, May 22 and 23 in the Cisco High School auditorium. (Photo by Cotton's Studio)

## "Oklahoma" To Be Presented Thursday And Friday

The Cisco High School Stage Band and Show Choir Class will present the Rogers and Hammerstein production of "Oklahoma". The play will be given on Thursday and Friday, May 22 and 23 beginning at 7:30 each night. The musical will be

held in the high school auditorium.

The cast includes Curly, James Deadman; Laury, Tami Roberts; Will Parker, Kevin Kirk; Ado Annie, Wendy Wester; Ali Hakim, Steve Couch; Aunt Eller, Tina Crozier; Jud Fry,

Nathan Urban and Carnes, Tommy Cross.

Tickets are \$2.00 for adults and \$1.00 for students, and can be bought from any cast member before the show or can be purchased on the night of the program at the door.

### THANK YOU

#### CARD OF THANKS

My sincere "Thanks" to Bro. Garvin, the pallbearers, the ladies who served lunch at the church and at home, Brad Kimbrough, and all condolences and cards at the death of my dear wife.

Ray Battle

NO WAY—Laurey (Tami Roberts) is shown in the above photo trying to stop unwanted attention from a fellow (Chris Jobe) in the play Oklahoma to be presented on Thursday and Friday at 7:30 each night at the high school auditorium. Tickets can be bought at the door or from any cast member. (Photo by Cotton's Studio)

STUDENT ACTORS: Shown left to right in the above photo are some of the actors who will be performing in the play "Oklahoma" to be presented Thursday and Friday, May 22 and 23 at the Cisco High School Auditorium. The Rogers and Hammerstein musical will start at 7:30 both nights. (Photo by Cotton's Studio)

## Absentee Voting To Begin May 28

There will be a five-day absentee voting period for the Democratic Party's second primary election. County Chairman Mary Bailey

reported Tuesday. Absentee voting in the runoff will begin May 28th and end June 3. The primary will be held over the county and state on Saturday, June 7.

His main interest at this time is to upgrade the image of Canterbury Villa and he wants people to see the change there.

He said the home is a very important part of Cisco. They provide jobs for 50 people and a lot of citizens have family members in the home.

They are licensed to have 106 beds but at the present time they only have 60. Dr. Cullens said they want to fill the empty ones up.

His attitude on life is "Good things happen to those who look for it."

Absentee ballots may be cast May 28-June 3 at the county clerk's office at the courthouse.

The state election committee sent certified lists of candidates to county chairmen Monday and ballots were being printed Tuesday, Mrs. Bailey said.

There will be five state races, one county race and two precinct races on the ballot in Cisco. The lone county runoff is for the treasurer's office, and the two precinct races are for county commissioner and for precinct justice of the peace.

# Play It Safe Around Electricity When You're Working Outdoors.

Enjoy A Safe Summer While Working In Your Yard By Following The Tips Outlined Below:

- Don't dig near buried electric wires.
- Be sure your outdoor electrical equipment is properly grounded and the wiring is in good condition.
- Keep electric cords clear of your working area.
- Keep ladders or long-handled tools well away from overhead wires.
- Don't use electric tools outside if it is rainy or the ground is damp.
- Protect your outdoor outlets and wiring from moisture.

Remember REDDY Supplies the energy — buy only YOU can use it safely!

# Gordon Spot

By DeMarquis Gordon, County Agent

Pecan growers in Eastland County as well as homeowners with backyard trees need to be on the look out for casebearers - those perennial pests that can completely destroy a pecan crop if not controlled.

Based on various prediction models as well as scouting reports, casebearers should be showing up about seven days earlier this year than last. In Eastland County the spray date from May 23 through May 28.

Normally, casebearers damage nuts within a two-week period - starting the last week of May and going through the first week of June.

To time spray applications for the most effective control of casebearers, first check for eggs on a daily basis. Eggs are usually found on the tips of nutlets and are about the size of the ball in a ball-point pen. The eggs are white when first laid, then turn red over a three-to five day period before turning white again after hatching.

Apply an insecticide the third to fifth day after first eggs hatch to kill the larvae before they enter the nutlets. Since the larvae will hatch over a week-long period or more, a second spraying may be necessary.

If you are unable to detect the casebearer eggs, you may schedule your spray during the period of May 23-28 and should get good control.

Many pecan growers treat their trees too early for this pest. It is best to have 1% to 2% entries before sprays are applied. An entry is identified by a small pin hole near the base of the nutlet. A second application may be required where eggs are found and nutlet damage continues 7 to 10 days after the first application.

Effective pecan nut casebearer control depends on proper timing and ap-

plication of insecticides.

I will maintain a current status report on this insect during the next two weeks. This information will be available at the County Extension office.

The casebearer has three generations per year. It is approximately 42 days between the occurrence of each subsequent generation. Some years the second and third generations of this pest cause considerable nut damage. However, total nut loss is usually greater during the spring generation because an individual larvae may destroy a complete nut cluster. Later generations usually damage one or two nuts in the cluster.

Recommended insecticides for commercial producers include: Guthion,

# 4-H NEWS

By Crystal Wilbanks, County Agent

Brian Bailey, a member of the "Stars of the Future" 4-H Club in Rising Star recently participated in a livestock show in Travis County, which is where our state Capitol, Austin, is located. Brian exhibited his Limousin heifer to Reserve Champion and was awarded in a most unique way. He was part of the Rodeo and led his Cham-

Malathion, Thiodan, Diazinon, Pydrin, and Zolone. Two new insecticides have recently been labeled for pecan insects. They are Amino and Cymbush. Insecticides recommended for yard pecan trees are Malathion, Diazinon or Zolone. The insecticide Sevin gives good control of casebearers, but encourages build up populations of honey dew aphids.

pion heifer through the Grand Entry Parade. He received a banner, plaque, and most impressively of all a Texas State Flag. This flag was flown over the State Capitol and Brian received a certificate stating the authenticity and the date the flag was flown. We are very proud of Brian and congratulate him on a job well done!

Eastland Co. 4-H'ers are gearing up for a Walk-A-Thon to be held Saturday, May 24th. We will be walking from the Spot restaurant in Cisco to the County Show Grounds, which is right at 11 miles. We will be taking pledges from county supporters. The money made from this Walk-A-Thon will be divided between the local clubs and the State 4-H Center to help with expansion costs. After the Walk, we will go to Lake Leon for eating, swimming and games. Later that evening we will have dance. We need all the support we can get on this, please try to walk and come prepared with sturdy shoes and socks. Drinks will be provided during the trek from Cisco to Eastland.

If you are planning on attending County 4-H Camp and haven't got your application in, you need to do so as soon as possible. Last day to register is next Friday, May 23rd. Please hurry, there are only a few slots left to fill. A few of the sessions available to attend include taxidermy, canoeing and outdoor cooking. This camp will be entertaining as well as educational.

If you are interested in having a steer, lamb, hog, rabbits or chickens as a project next year, please contact me at 629-1093. We need to start locating these animals for you.

Victoria County will have

a prospect and progress steer show, along with classes for American, English, and Exotic heifers. Dates are July 18th and 19th. Grand Champion Prospect steer will pay \$1500, with Champion Heifers paying \$200. If you are interested please call me and I will give you details.

The Texas Jr. Limousin Assoc. will host a Jr. Heifer Show and Field Day June 13-14 at the Stewman Ranch in Maryneal. If you would like to participate, please let me know.

Millsap 4-H Club will be hosting a Jr. Livestock Show

May 31, 1986 at 9:00 a.m. It will be held in Weatherford at the Parker Co. Livestock Grounds. Entry fee is \$5.00/animal and \$2.00/rabbit. A belt buckle will be given for showmanship. They will also have a sheep lead line class with no entry fee required. An award will also be given to the best fitted animal in beef, sheep, dairy cattle and goats. Entries must be post-marked by May 27th. An overall exhibitor belt buckle will be given to the high point ex-

hibitor. You must enter a minimum of 2 different animal divisions to be eligible. There will be classes for swine, sheep, beef, dairy goats, dairy cattle and rabbits. If you would like to enter this show, I've got the registration forms in the office.

Thursday,  
May 22, 1986

# Guest Slot

(ED. NOTE: With the current interest in the nuclear accident in the Ukraine and the lack of information being made available, the following article, written in 1974 following a Texas Press Tour of the Soviet Union, is re-printed to show news in that Communist country.)

## A Look at Russian People Makes You Appreciate Freedom More

BY GAY NELL O'BRIEN  
"Equality is not an end in itself; there are other things that human beings need and crave more. One of them is liberty. Liberty, that is, to plan, so far as possible one's own life and that of those dear to one. Full success in such an ambition is seldom attainable, but no one can feel any self-respect unless he is allowed to make that attempt."

Arthur Bryant—  
Illustrated London News

Communism's long range goal, of course, is a society that provides equality and economic security for all. They find this a real difficulty simply because of the impossibility of it. This would be a more noble pursuit if it were an honest one by the leaders. It is common knowledge now that the "higher ups" enjoy special privileges and luxuries. Even the tourists can see a difference in classes in this so-called equal society!

H.V. and I only visited two of the 15 Soviet provinces but since one of the cities (Leningrad) was the cradle of communism and Moscow is the capital of all the Soviet Union, both in Russia, we felt we had a better insight into the history of the slaves states. Visiting Kiev, in the beautiful Ukraine, made us feel a great sadness for the people there and in every country which has come under the "Bear's Claw". To try to forget, for a moment the vast differences in our two countries' systems, we, on our people-to-people mission, had to think how much the people are like us. They have much the same needs, joys, hopes, sorrows, problems, disappointments, and even aches and pains as we. Heart disease and cancer are the leading killers there, too.

We share a common hope for peace with the people. War is very real to many who remember World War II and the heavy loss of lives, including husbands and sons and fathers, on their own soil. Leningrad's population was virtually wiped out in one battle with Hitler and one out of every four persons in Kiev was killed, as in many other cities in the country. These people do not want another war.

The state ideology may be to make us communities but not through all-out war. They hope to beat us economically, politically, and scientifically.

Because of the shortage of men (millions being killed in World War II) and in order to make ends meet, most of the women in the Soviet Union work. Over one-half of the total workers are women.

Women do the same labor as men or even physically harder. They have women's lib extra-ordinary but I feel certain many would trade places with us "unliberated". We saw: women trolley drivers, brick layers, painters, construction workers. On the other hand we saw actresses, ballet and folk dancers, opera and choir singers. These are just to name a few in each group. We all know over 90% of Russia's doctors are women as well as most of her lawyers.

We were in direct contact with women tour guides, a judge, teacher, sociologist, hotel clerks, sales clerks, beauty operators, train porters, ice cream vendors, etc. Generally they were all kind and eager to please.

Older women were stationed in museums, restrooms, sweeping streets, cutting grass, cleaning hotels, etc. We learned that they were paid a small amount of money to help eke out their living from their retirement at 56 years of age, incidentally, with no unemployment.

Generally the people have a low standard of living compared with us. In the cities, they live in very small apart-

ments. (We did not see one individual home.) Most do not own an automobile.

They work six days a week, shopping only for necessities in which they find a shortage. Tourists are only allowed to visit the more developed cities.

Most towns and villages are without running water or electricity, and perhaps only one paved street. Little priority is given to material wealth.

But we must remember that Russia is politically, educationally, and economically really just a baby compared to the U.S. The revolution of 1917 put an end to the czars regime and was the beginning, economically and politically of the State. Then they suffered a heavy loss of lives and property in World War II.

Some of the men on our tour who fought with the Russians in WW II used this as a base for conversation with the Soviets.

Shopping isn't what it is in the States. We tourists were discouraged from visiting - Gums, the store of common people of Russia, and were taken to new, modern, foreign currency department stores. However, we elected to visit Gums on our own and found out quickly why tourists are offered something else. Gums is a swarming mass of humanity trying to get their necessities—food and clothing—the highest priced and scarcest of all Russia's

goods. At Gums we saw fish offered in one cubicle; souvenirs next door; and clothing just 'round the corner in the double-level store. Store window displays were elaborate, however, facing into Red Square.

All shops are state controlled and shopping is very time consuming for the mother who works six days and has little time to spend with her family anyway. She may have to visit many stores in hopes of finding needed commodities, sometimes in vain. Clothes are inferior in quality to ours. You find no perma-press, doubleknit or miracle fabrics for sale. There are no supermarkets either; no "white sales" or no "cake sales" for that matter. Even flea markets and "rummage sales" are state controlled.

In the Soviet Union, you pick out your purchase, receive a sales slip; take it to the cashier and pay her for it and then return with the receipt to pick up the purchase. This takes much time and the purchases are generally figured on an abacus. Very few adding machines are seen.

It's difficult to generalize about the Russians' attitudes. Only about two percent of the population are registered communists and of course there are no public opinion polls.

The people are required to go and vote—with only one choice on the ticket. They may cross out the choice but almost never do.

One notices a lack of freedom in most all respects in this police state. Notably in religion, speech, press, personal and business. Everything and - everybody is state-owned and controll-

ed. Travel outside Soviet block is largely restricted. Most Russians wouldn't dare criticize their government in front of a stranger. They are expected to go along and do. Their faces show sadness and resignation.

News is not the same to them as to us. For instance, disasters are not news. A Soviet plane crash at Leningrad, killing some 100 persons a few weeks before we arrived was not printed on Soviet papers. Only through a foreign correspondent did it reach the free world's press. The people there are in the dark about happenings in their own country as well as the rest of the world.

One UPI correspondent and an embassy official in Moscow told us that the Soviets print two issues of the Moscow News in English—one for the tourists and U.S. and her allies, the other, which calls us fascists, war-mongers, and such is sent to Egypt, Africa and potential adversaries of the U.S.

Religious worship is of course discouraged, chiefly through propaganda and education. Atheism is taught youngsters from the time they start to school or before. There are few public churches and mostly old people still attend, and sometimes they must wait a long time for the doors to open. Younger persons who put their faith to work often suffer educationally and economically. They may be denied the right to higher education and certain jobs or professions.

Some of our group found a church where people were waiting for a service. They were most old people but

some were young. They seemed nervous and were not friendly with those taking pictures for obvious reasons. After a period of about an hour the people were still waiting for the church to open.

We had read about Russia's Constitution of 1917's guarantee of freedom of religion and worship. We asked our guide about this and the teaching of atheism, etc. She explained that since the Revolution of 1917 separated Church and State, the state was free to teach atheism.

The young people of the Soviet Union know their surest way to economic success is excelling intellectually. This alone is not enough. They must show good behavior, leadership, and cooperation. With their good marks, then, they may look forward to highly paid careers because higher education is provided by the state for those.

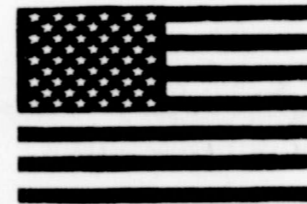

The state provides nursery care beginning at 2½ months, kindergarten beginning at age 3 and public school beginning at age seven. Summer camps are also provided for children. The children must participate in children's political groups also.

The state provides hospital and health care, cheap housing and cheap mass transportation (by subway in the cities) and of course, the jobs.

The question we all asked ourselves was: "How long will the people give up their freedom for the so-called security of economy, jobs, etc.?"

The state must really be afraid of people accepting the Bible and democracy since they put such tight restrictions on their travel, what they read and other freedoms.

The only hope for the people of the USSR, we believe, lies in enlightening the people and tomorrow's leaders as to what true democracy and freedom really are!

# The Happy Times

By Lillian Cogburn Price

## TREE HORSES

Near the tank in the pasture was a little dark wood populated with large, dignified grown-up trees, and tender, young saplings. It was the pliable sapling we chose for our tree horses.

For a thrilling and terrifying ride through the air there is nothing like a tree horse! To capture one you jump up, grab a supple, but strong, trunk or limb, and swing on it until it bends all the way to the ground. Then you hold it down while the rider mounts and finds a good hand-hold. Then you let go.

The tree flops back with the rider yelling and hanging on for dear life. Some ride. What goes up comes down, so the rider in the tree climbs down, jumps to the

ground, and gives the next person his turn.

Tree horses and kids eventually grow up, normal and

healthy...except you can usually spot an old tree horse. Its trunk is curved, just a little bit.

**PUTNAM NEWS**

By Mrs. R.B. Taylor

**Finally - RAIN!**

Putnam finally got a little rain last Saturday. Gauges here measured about 1/2 inch. It really helped for a few days but now its all gone. Today (Friday) it looks like it can't help but rain, but none so far. Lets just keep on hoping and praying for "A good rain and no tornado."

We are sorry to report the death of a long time Putnamite. Loren Everett died at Cisco Hospital Wednesday. Loren was born at Cottonwood but was reared at Putnam, attended school here and was in business here all his life. Our deepest sympathy goes to his son, Benny Ross of Dudley and daughter, Mrs. Clarence (Jo Verle) Armstrong of Phoenix, Ariz., and to the rest of the family. He will be sorely missed.

Also Mrs. Lillian Battles of the Scranton Community died last week. Mrs. Battles taught school in local schools here for many years. Our sympathy goes to her husband, Ray Battles.

**STUDY CLUB**

The Putnam Women's Study Club met at the Community Center last Monday, May 12, for the last meeting of the current year. A Pot Luck luncheon was served to twelve members and five guests, Mrs. Henry Fry and Mrs. Douglas Fry of Cisco, Mrs. Mildred Smith of Moran and Mrs. Jewel Moberly and Mrs. Naomi Heyser of Baird, Mrs. Ollie Burnam and Mrs. Meta Isenhower were hostesses. The next meeting will be the third Monday in September.

Visiting Mrs. Taylor over the weekend were Mrs. Bobbie Taylor, Snyder; Mrs. Cheryl Lemmons and Heather of Abilene; and Homer Taylor of Sweetwater. Homer also visited the Bint Family at the home of the Jammie Frys at Cisco.

Little Charlie and Leslie Donaway spent the week end with grandparents the Milton Donaways. Warren and Cindy of Brownwood came Sunday also.

Visiting Maxie Soloman at Cisco last week were her family, daughters, the James Bursons of Houston and the Bud Taylors of Mineral Wells, her granddaughters Sherri and Mike Halman of Mansfield and grandchildren from Richmon.

Dub and Irene Fisher of Baird and Buddie and Ruth Maxwell of Abilene spent Mothers Day with Bill and Marie Lewis. Bill and Marie also attended a second birthday party for their granddaughter, Ashlie Green at the Park at Baird.

Ross Finley of Farmington, New Mexico, is spending a few days with his mother, Mrs. Bernice Williams of Baird, his brother Gene Finley of Baird and mother-in-law, Mrs. Taylor.

Mrs. Charles Heslip of Phoenix, Ariz., was in Putnam one day this week, looking for the old family home here. He is the son of L.G. Heslip.

Maggie Cook of Baird, returned home this week after spending two weeks undergoing tests and check-up at Sherman Hospital and visiting her sister Mrs. Annie Merle McGowan.

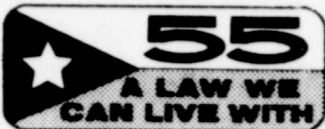

John Weeks of Baylor University is visiting the home folks the G.W. Weeks for a few days.

"Hansel and Gretel" performers are shown above. They are (standing) Stacey Wheeler, (seated on bench) Leigh Ann Walker and Monica Maulden; and (front row) Leigh Henke and Becky Lewis.

These little FLOWERS are shown following the Dance Studio's performance of "Hansel and Gretel" Saturday, at Cisco High School Auditorium. Pictured are (back row) Bridget Zellman, Ginny Cleveland, Tabitha Bryant and De Ann Rose. (Front row) Sky Gaeta and Kate Hounshell.

Date: May 14, 1986  
May 18, 1986, and May 22, 1986

## Moran News

By Mrs. Luke Huskey

### BIRTHDAY PARTY

There were nineteen members of the Moran Birthday Club present for the regular monthly meeting on Tuesday night, May 13, held at the Moran Coffee Shop. A delicious baked ham supper with all the trimmings was enjoyed.

No one present celebrates a birthday in May.

Mrs. Lucion Brooks showed some slides of the early day Moran schools and schools of long ago in the community and comments were made of the schools and pupils attending. Some of the school buildings have long ago been torn down or moved. Moran has new school buildings to replace the older buildings.

At the meeting in June, Hubert Brewster will give some highlights of his 30 years in the U.S. Navy.

Those present were Imo Hitt, Mr. and Mrs. Morris Ledbetter, Mr. and Mrs. Lucion Brooks, Mildred Smith, Elma May Huskey, Mr. and Mrs. Ezra Weir, Reese Woolfolk, Mr. and Mrs. Hubert Brewster, Mrs. Vaye Turnbull, Lorene Midkiff, Georgiana Freeman, Mrs. J.R. Iing, Mr. and Mrs. James Garrett and Mae Delle Jones.

**A REMINDER**  
Remember the Moran Country Musical to be held Friday night, May 23, at the Moran Community Center, with Sid Vick of Breckenridge as master of ceremonies. The music will start about 7 p.m. and a concession stand with sandwiches, homemade pies, coffee, tea, and soft drinks will be open at 6 p.m.

The members of the American Legion will sponsor a Memorial Day Service at the American Legion Hall in Moran on Saturday, May 31, at 5 p.m. with Mr. Jack Clack bringing the Memorial Address. The public is invited to attend.

Following the service the Legionnaires will have a fish fry, with all the fish one can eat for \$4.00 for adults and \$2.50 for children.

Mr. Jack Clack will be the guest speaker for the Bac-

calaureate Service for the 1986 Moran graduating class to be held at the Moran Baptist Church on Sunday night, May 25. Russell Holland and Rebecca Martinez are the graduating seniors.

The senior graduation exercises will be held on Friday night, May 30, in the high school auditorium with Dr. George Brazell as the guest speaker.

The Junior High graduating exercises will be held on Thursday night, May 29.

The public is invited to attend the school closing exercises.

Jacob McKewin of DeSoto spent a few days with his grandmother, Mrs. Frances Green.

### BINGO

There were 42 players at the bingo game at the Moran American Legion Hall Friday night, May 16. A total of \$630.00 was given away. The winner take all game of \$172.00 was divided between five players. This week the main jackpot will be \$253.00 and the mini jackpot will be \$100.00. Bingo games are played each Friday night at the American Legion Hall in Moran.

**FAJITA COOKOFF**  
The Fajita Cookoff in Moran Saturday was a huge success, according to all reports. It was reported that approximately 1,500 people were in attendance, even though the rain made things very disagreeable and the cold weather. Plans are being made for a larger cookoff for next year.

### RAIN

Moran and community received a much needed rain Friday night and Saturday. 1.4 inch fell and is very beneficial. The grain harvest was stopped for a few days, but no damage was done. Much more rain is needed, but everyone is thankful for the amount received.

### GRADUATION

Russell Holland is valedictorian of the Moran senior graduation class. Rebecca Martinez is the salutatorian of the class.

# Engagements

SHERI STEELE AND  
TIMOTHY LATHROP

Sheri Ann Steele, daughter of Mrs. Walter Bauerschlag and the late Horace Claude Steele, and Timothy Joseph Lathrop, son of Mr. and Mrs. Charles Lathrop Jr., have announced their engagement. They plan a May 31, 1986 wedding.

The bride-elect's maternal grandparents are the late Euel and Margery Ray. Her paternal grandparents are Mr. and Mrs. J.O. Steele Sr. of Sweetwater.

His maternal grandparents are the late Mr. and Mrs. Joseph Young and his paternal grandparents are Mr. and Mrs. Charles Lathrop of Florida.

Sheri and Timothy both attended Westchester High in Houston and are both attending A&M University. She is majoring in accounting. He is majoring in Industrial Distribution.

Sheri is the niece of Earl V. and Jane Ray of Cisco.

DAVID BUTLER AND  
CATHY DAVIS

Mr. and Mrs. Lee W. Davis Jr. of Post announce the engagement and approaching marriage of their daughter, Cathy, to David Butler, son of Mr. and Mrs. James Butler of Cisco.

Cathy is a 1985 graduate of Post High School and is attending Cisco Junior College.

David is a 1980 graduate of Cisco High School and attended Southwest Texas State University in San Marcos, and graduated from Cisco Junior College. An August 2 wedding is planned.

## U.S. Post Office Is Accepting Route Bids

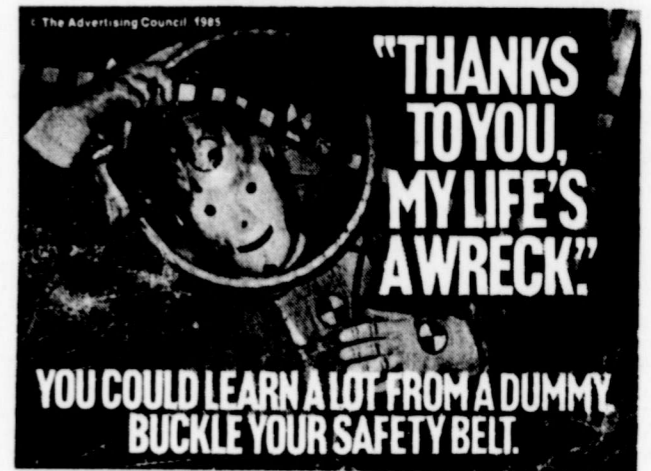

The United States Post Office will be accepting bids to carry the mail on the Cisco-Putnam, Texas route for the term beginning on July 1, 1986, and ending on June 30, 1990.

Sealed bids will be received in person or by mail until

3:00 p.m. Wednesday, May 28, 1986, for providing the services.

Bids may be submitted by mail to Dallas TMO Sol #61, 2400 DFW Turnpike, Dallas, Texas 75398-1001 or bids may be taken in person to the same address.

Bids must be submitted on PS Form 7405.

# Who Was Eastland?

Part 9  
By Ron Bailey

The Texan prisoners remained at Matamoros until they were ordered to begin the march to Mexico City.

En route to the capitol they planned their escape frequently. Finally, at Salado, on February 11, 1843, a successful break was carried out. For seven days the Texans headed towards the Rio Grande but became lost and separated in the mountains.

After extreme suffering from the lack of food and water, they surrendered singly and in small groups to the pursuing Mexican troops. Only three persons made good their escape to Texas.

The 176 recaptured Texans were returned to Salado. Santa Anna was furious and ordered them executed. Governor Mexico of the state of Coahuila refused. The foreign ministers in Mexico were able to get the order modified. It was then ordered that every tenth man be executed.

The victims were chosen by lottery, each man drawing a bean from an earthen jar containing 178 beans, seventeen black beans being the tokens signifying death. The white beans were put into the jar first and the 17 black beans were placed on top and the officers were ordered to draw first.

Captain William M. Eastland was the fifth man to draw and the first to draw a black bean. He was the only officer to draw a black bean.

# Noteworthy

By Julia Worthy

**SAFE HOUSE**  
Officer **DON WALLS** brought the SAFE HOUSE sign by for The Pizza House. It's taped to our window.

Children need to know there is a place where they will be welcomed if they get separated from parents while they are in down town. Be sure they do know.

Parents whose children walk to school should make the route the children take to be sure the children AND parents know the designated SAFE HOUSE in each block. It is a place to go for help - and everyone hopes it never will be needed.

**PEN PUSHERS**  
Scribes and scribblers in the area, you may want to get in your two cents worth in the up-coming contest

sponsored by the Cisco Writer's Club.

This is the tenth year the club has sponsored a contest, and each year the number of entries has increased. It is open to anyone, club member or not.

Interested writers have from June 1 to August 1 to get in entries to Contest Director **VOY WILKS** or Co-director **VIOLA PAYNE**. Mail them, with return postage. Or you can BRING them to me at the Pizza House, 115 S. Lamar, Eastland, and I'll deliver them. Just DO NOT MAIL TO ME! Please and Thank You.

At the last club meeting (last one until after the contest), we voted to continue our Rejection Slip Contest, among members only, for a year.

**MARY ANN ZIEHR** won the prize roll of first-class postage stamps for this year's contest. Her "Debut," a poem, was BOUGHT by The Poetry Press and appears in the current issue of **KALEIDOSCOPE**. Mary Ann proved the point the contest was meant to make: Get enough ms. in the mail and you WILL get published!

Club dues are only \$5.00 per year, so if you need a prod to get your own ms. in the mail, join us and give Mary Ann some competition for next May's roll of stamps. I've promised myself to do that very thing.

**MORE BEANS**  
Talked bit to **ROCKY MAUGH**, pastor of the **EASTLAND COUNTY CHRISTIAN CENTER**. They are providing the ex-home of the newspaper for display of some overflow materials from the schools for the June 7 Black

Beans.

Many of the merchants are opting for a school display AND to enter the Chamber of Commerce window and/or floor decoration contest for the chamber members.

Retailers who were not at the Wednesday meeting should register with Clara White in the CoC office to be sure your display is included in the judges' itinerary.

**SCOUTS**  
Girl Scouts' picnic and a ballet date conflict for some of the local youngsters Saturday evening. Those who want to see cupcakes and lemon drops, birds and fairies combine with the wicked witch for a presentation of "HANSEL AND GRETEL" will go to Cisco High School to see **BECKY PAYNE'S DANCERS**. But most of the Scouts will picnic in the park.

Girl Scouts will not meet again until school starts in the fall. Several of our Eastland youngsters are scheduled for the Scout Camp at Lake Brownwood, but that date is late in June for most of them.

## Cisco Man Gets 2 Year Sentence

A 28-year-old Caddo man Monday received a two-year prison sentence after he pleaded no contest to possession of a controlled substance, tetrahydrocannabinol.

Hugh Lane Slemmons also receive a 30-day jail sentence and was fined \$500 for driving while intoxicated.

Testimony presented by District Attorney Emory Walton and Assistant District Attorney Bill Dowell showed Slemmons was arrested and charged with driving while intoxicated Nov. 5, 1985, by Ranger Police Officer Randy Haskins.

While Slemmons was being booked into the Eastland County Jail, a plastic bag of the controlled substance was found in his pants pocket. Cisco attorney Truman Kirk represented Slemmons, who is awaiting transfer to the Texas Department of Corrections in Huntsville.

**LISTENING IN**  
Once in awhile I catch Paul Harvey's comments. A recent one that I picked up on--probably because I detest our "foreign aid program"--is: of the 159 member nations of the United Nations, there is an average of 80 percent who consistently vote AGAINST the United States on any given question. We house them, we feed them, we grant diplomatic immunity, we...we do all sorts of things to make sure we play by the rules, and they vote against us...probably spending money we provided in the first place. I do not think we should buy votes through this preferential treatment, but I do not think the U.S. is wrong on 80 percent of the questions either.

## Be Sure to Read This One...

...if you are interested in buying real estate soon or at any time in the future. Buying good titles is just as important as buying good food or good medicine. Yet some people have spent their life-time savings for a farm or city property with little or no thought about the title. Of course, they will learn better later, but why not avoid the pitfalls and expense of poor judgement by getting an abstract or title insurance policy first and buying the property later?

## Industrial Arts Club Has Final Luncheon

MR. RUSTY McLeskey, one of the coaches out at Cisco High School, was a bit richer Monday after spending Sunday hard at work with a rod and reel in a fishing boat on Lake Hubbard at Breckenridge. A bass he caught weighed about 4.2 pounds and it won 5th place in the weekend fishing tournament there.

Mr. McL's 5th place prize was a check for \$2,500. What is more, he received another check for \$250 for the "biggest fish of the hour."

Mr. McL's fishing partner, Coach Doyle Walker, won \$10,000 in the tournament over there a few years ago—before he moved to Cisco.

The faces of two old CHS fishermen, Jim Puryear and Delbert Schaefer, were reported to be real green with envy Monday.

it has rained. What is more, it rained cats and dogs on them at Chicago where they stopped for a night. Next day, they drove to St. Louis and it came a big rain. And the following day in Dallas, they were in a big rain. They've gone back home.

THE HOWARD Turners went over to Fort Worth last weekend to visit Mrs. T's sister and husband, the Jay Williamses. And Howard and Jay attended the Colonial Golf Tournament on Sunday... The E.D. Andersons of Cisco were in Fort Worth on Friday and while he watched the pro golfers, she went to such places as the Kimbell Art Museum and Amon Carter Western Museum... Golfing friends of Mr. Turner and Mr. Anderson will probably see improvement in the scorers of the two men as they paid close attention to how the pros hit golf balls.

PROF AND Mrs. Clois Purvis and daughter Christy of Cisco were in Fort Worth last Friday at the bedside of a relative who underwent surgery in a hospital there... The David Callarman family spent last weekend in Austin attending the state track and field meet finals. They left Memorial Stadium at midnight Saturday and several final events still remained to be staged... Gene Schaefer, son of the Rudolph Schaefer, was helping his dad paint the Schaefer house here ten days or so ago when an insect of some sort bit him on the leg. And he has been unable to work at his telephone company job in Austin since that time.

AT THE FIRST Baptist Church last Sunday morning, seven of their young members who are among the 1986 college graduates were presented Bibles. The group included Robert Gorr, Tracey Couch, Glenn Starr and Harold Roan, who finished at CJC; Patti Gorr, who got a degree last week from Howard Payne; Tracey Owens, who has just finished at Baylor University; and Rex Taylor, graduate of Tarleton State University... Zack Thomas, five year old son of the Steve Thomases, sang a solo and the audience gave him a big ovation.

OUR SCOUTS report that the Moran Yacht Club's big Fajita Cookoff last Saturday was a good success despite it being a rainy day. They're already planning one next

### By Churches

The First United Methodist, the First Presbyterian and the First Christian Churches will have their combined Vacation Bible School from 9:00 a.m. until 11:30 a.m. on June 23 through June 27. The school will be held at the First Christian Church, 303 West 8th.

All children from 3-years of age through the 6th grade are invited and urged to attend. Cards are available at all three church offices for pre-registration, or children may be registered at the time classes begin.

year... Miss Cyd Fry, who graduated from Southwest State University last Saturday, plans to keep her job in San Marcos for the present and perhaps work on a master's degree in the fall, according to reports... Miss Patti Gorr, who graduated from Howard Payne U last week, also is considering a master's degree course of study in the fall.

PERSONS UNKNOWN entered the home of Gerry and Diana Webb at 302 Avenue I the other day. Missing was Mrs. Webb's rings—her bridal set. The mail man left an envelope at their home Monday and it contained Mrs. Webb's rings.

Guess the thief had a change of heart. The Webbs were real pleased, of course. Mr. Webb is a local building contractor who works often with his dad, Mr. Jim Webb.

WAS AMUSED about an Abilene television weather man's experience with eggs recently. Somebody brought him a huge egg that came from a hen's nest at his house. The egg was about twice the size of normal hen eggs. And the announcer showed it off on his TV show. Next night, the TV man was red faced. The man who brought in the egg had called to report that his friends had played a joke. They had placed a goose egg in his hen's nest—the egg that he had taken to the TV man.

NEED TYPING DONE? Call Lindy's Typing Service. (817) 442-4809. Experienced typist, fast service. p-41

The First Industrial Arts Club closed out the club season with a luncheon at the Woman's Club House on May 8, 1986. After the invocation by Helen Hounshell, the members enjoyed a delightful lunch along with fun and fellowship.

Ruby Lee Pirtle, retiring president, introduced Carolyn Sipe, who presented the incoming officers in a most impressive installation service. As she gave the charge to each officer she presented her a potted plant. At the conclusion of the installation, Mrs. Sipe then turned to the remaining members and reminded them of their responsibility to support and encourage the new officers. She then presented, each of them with a potted plant.

The newly installed officers for the biennium of 1986-1988 are Mrs. Murl Guyger, president; Mrs. Faye Gardenhire, first vice-president; Mrs. Evelyn Fry, second vice-president; Mrs. Helen Hounshell, recording secretary; Mrs. Ruby Lee Pirtle, corresponding secretary; Mrs. Bernice Carter, treasurer; and Mrs. Larena Strickland, parliamentary.

Mrs. Pirtle thanked Mrs.

### Dothon Cemetery Meeting Will Be Monday, May 26

The annual Dothon Cemetery Association meeting will be Memorial Day, May 26, at the cemetery. The day will be spent in cleanup work, lots of visiting and a sack lunch will be shared at noon. People who are interested are asked to please pass the word along to anyone who would like to spend a few hours sharing memories and reviving old friendships. Come for all or part of the day.

A program report will be given in the memorial fund. Call Arlin Bint at 442-2116 for further information.

Sipe for the impressive installation service and presented her a gift of appreciation.

Mrs. Pirtle then presided over her final business meeting. The minutes were read and approved. The treasurer's report was given and accepted. Mrs. Guyger, incoming president, expressed some ideas about the areas of work, programs and projects for the coming year.

Helen Hounshell, club trustee, reported on her attending a recent meeting of all the trustees of the Cisco Federation of Women's Clubs. She gave a brief report on the many items discussed at the meeting.

Ruby Lee Pirtle and Bernice Carter spoke briefly of the interesting and exciting experiences they had at the TFWC State Convention held in San Antonio, April 30-May 2.

The final action of the business meeting came when Evelyn Fry presented a lovely gift to Mrs. Pirtle from the club as an expression of love and appreciation for her outstanding work as president of the club for the last four years.

The club adjourned this meeting to resume meeting again in September, 1986.

## Senator Lloyd Bentsen Watching Washington

D.J. was born with cerebral palsy, hearing and language impairments, a seizure disorder and aortic heart disease.

As a foster child, D.J.'s medical expenses—which are very high—and the costs of his foster care were paid by the Texas Department of Human Services.

It isn't easy to find a family that would want to adopt a child with so many medical problems, but D.J. was chosen by a couple in Ohio.

Crossing that state line out of Texas, though, could have kept D.J. from joining his new family—and I didn't think that was right.

Because D.J. received Adoption Assistance benefits, he qualified for medical coverage through the Texas Medicaid program—but only in Texas. In Ohio, his Texas Medicaid card wouldn't have been any good.

And there was no way his new parents' insurance would pay D.J.'s medical bills because his needs stemmed from "pre-existing conditions."

D.J.'s case is not unique. There are some 1,000 "special needs" children in the United States who are hard to place in adoption because they are physically or mentally handicapped, older, or members of a minority or family group.

Up to now, these "special needs" children have lost their medical coverage when the families who want to adopt them live outside the state where the adoption takes place or must move to another state.

This has created a real hardship for parents who have opened their hearts to a chosen child, but who may not be able to afford special medical care.

And sadly, it has worked against the adoption of "special needs" children, leaving the states and federal government to cover the costs of their medical bills plus the expense of their foster care.

My proposal to correct this flaw, and some others, was signed into law recently as part of the 1985 Budget Reconciliation package.

Under my revisions of the 1980 Adoption Assistance Act, children who qualify for Medicaid in the state where they were adopted also will qualify for Medicaid in the state where they reside with their adoptive family. And this coverage will follow as soon as the child moves in with the new family, whether or not the adoption is final.

I was also able to change the requirement that—in order to be covered by Medicaid—these children had to receive checks for Adoption Assistance benefits which help with clothing and school expenses. Some parents could afford these expenses and declined benefits—only to find Medicaid coverage was cut off.

To get around this problem, many states were issuing "nominal" benefit checks so that the child's Medicaid coverage would not be lost. The states were having to spend \$7 or more to process a \$1 check.

My revision requires only that children be qualified for Adoption Assistance benefits to have their medical expenses covered by Medicaid.

These measures are compassionate ways to encourage adoption of special needs children into permanent, loving homes—while at the same time reducing the need for costly foster care.

As an adoptive parent, I am pleased to have helped remove these bureaucratic technicalities, which have surely prevented families from adopting a chosen, special child.

CISCO WAS represented by four couples in last weekend's guys and dolls golf tournament at the Baird-Clyde golf course. Bennie Nichols and Dorothy Farnsworth played in the championship flight. In the second flight were Tim Jones and Evelyn Daniels and Robbie and Flo Robinson. Playing in the first flight were Catherine Abbott of Cisco and son-in-law Anthony Strother of Abilene. No bacon was brought home. The golf course was wet and muddy, which didn't help scoring.

Dorothy Farnsworth, by the way, placed 4th in a medal play tournament at Fairways Oaks, Abilene, a couple of weeks ago... And Dorothy and Pat Owens played in a partnership tournament at Brownwood on Thursday of last week, finishing out of the money.

OUR REPORT here the other day about it being dues paying time for the E.L. Graham Memorial Hospital Auxiliary had an error. Regular (working) members pay \$3 per year while associate (non-working but supporting) members pay \$5 per year.

If you're not now a working or a non-working member you can be by sending a check to Mrs. James Cotton, membership chairman.

YOU CAN GIVE some of the credit for the nice rain last Saturday to Mr. Ed Nelson of Aurora, Ill. He is the brother of Mrs. Garl Gorr of Cisco and everytime he and wife have visited Cisco for many, many years

# Area News Briefs

**RANGER**  
Craig Koch, Ranger High School Senior, won FIRST in the 2A state golf tournament in Austin last weekend! The Lions Municipal Golf Course was tight and tree-lined, and there was rain delay and wet turf. But he still managed to exhibit top form and come out the winner. Everyone in Ranger is cheering for Craig!

Ranger Hospital Employee of the Month is Mike C de Baca, Pharmacist. Not only does Mike do an outstanding job in his chosen field, but he goes far beyond the second mile in assisting others. One aspect of his public relation is the informational articles he writes for the local newspaper on many aspects of medicine. He also participates in Roaring Ranger Days by having a booth with free brochures. He began his employment with RGH in August, 1982, and has been a fine asset to the Hospital.

The Eastland County Roping Club is sponsoring a Trail Ride Sunday, May 25. It will start at 1 p.m. behind Maggie's Bar near Ranger, and turn down the road toward Lake Leon. All who enjoy riding are welcome to participate. All children should be accompanied by an adult. Cold drinks will be furnished along the way. This is part of a county-wide Trail Ride which will be held each Sunday.

The Ranger Chamber of Commerce announces that on Monday, July 21 the Lone Star Wagon Train will be

coming into town. It should consist of about 50 wagons and numerous horseback riders. The wagon train will be on a five-month journey from Weatherford to Austin, and will be camped in Ranger at the Jaycee Rodeo Arena. Make plans to come out and greet them.

**BAIRD**  
Kyle Watson of Baird High School won FIRST place in Science at the U.I.L. State Academic Meet in Austin. What makes this even more remarkable is that this is Kyle's second year to win the Science Award at the state meet, since he brought home these honors in 1985 also. Watson is also Baird High School's 1986 Valedictorian, so he has many honors. He has recently been awarded the Valedictorian Scholarship from the Baird Ex-Students Association, and the Texas Tech's University Scholar's Scholarship. Watson is the son of Mr. and Mrs. Robert Watson of the Rowden community, and the grandson of Mrs. R.B. Needham of Ranger.

The Baird High School All-Sports Banquet is scheduled for Saturday, May 24 at 7 p.m. in the old Baird High School gymnasium. Guest speaker for the evening will be famed Brownwood High School Coach Gordon Wood. The meal will be smoked barbecued brisket with all the trimmings, catered by Oscar's Barbeque of Cisco. Tickets are \$7 for individuals and \$12 for couples. Funds raised will go toward out-of-town meals for Baird

athletes. The public is cordially invited.

**RISING STAR**  
Blood donations are being sought for eight-month-old Crystal Luncford, daughter of Pope and Ellen Luncford of Rising Star. The child was burned May 2 when she pulled a skillet of hot grease over her, and is now in the Parkland Burn Center in Dallas. The family had previously lost their home and household belongings in a fire. You can give blood for Crystal at Meeks Blood Bank in Abilene. Also, funds to help the family are being collected at Meeks Blood Bank at Abilene. There they will give credit for the Luncford's at Parkland Hospital. Meeks is located just south of Hendrick's Medical Center in Abilene. Household items and clothing for the Luncford family is being collected at the Multipurpose Center, 204 N. Lamar, in Eastland.

The Rising Star Chamber of Commerce has voted to buy supplies locally and have ten picnic tables made by Rising Star Vo-Ag instructor Gene Smith and students in his classes. The tables will be used at the July 4 picnic and for other community gatherings. Tables used previously were reported missing from storage on school property earlier this year.

**EASTLAND**  
Discovery-Fest Eastland County '86 (The Black Bean Observance) on July 7 is developing into a major Sesquicentennial event. Everyone is invited and urged to participate. Special events are planned for the whole day around the Square, with the main program in the evening being held in Maverick Stadium. There will be a re-enactment of the Black Bean Drawing, with narration, music, and participation by a number of individuals.

On May 31 Wal-Mart is planning a Sesquicentennial Celebration at the store. Local musicians, singers

and dancers will be featured, as well as arts and crafts displays. There will also be several contests. If you are interested in displaying items you would like to sell, contact Wanda Roe at 629-3711 or 629-8910 as soon as possible in order for a place to be reserved.

The Eastland Jaycees are sponsoring a dance to celebrate the "End of School" on Sat., May 24. It will be held in the Moylan Building at the Eastland County Fairgrounds from 7 p.m. until midnight. Admission will be \$3 per person or \$5 per couple. KEAS D.J. Mike Snuffer will provide the music. No alcohol will be allowed on the grounds.

**CARBON**  
The Carbon School Board is inviting everyone in the area to a barbeque supper honoring Mr. and Mrs. Kenn Norris, John Pickins and Bill Sandlin, who are leaving the Carbon School system at the end of the school year. It will be held Friday, May 23 at 7 p.m. at Carbon School lunchroom. Those attending should bring a covered dish or dessert. Everything else will be furnished. Come out and enjoy the fellowship.

**CISCO**  
The City of Cisco will open bids at the Council meeting on Tuesday, June 10 to award a contract for construction of a new water tank reservoir at the College Hill site. Bids will be sought on both 250,000 and 500,000 gallon metal tanks in a plan to replace a concrete reservoir that has costly problems. The City Water Department will do the plumbing work to cut down costs. The project will have to be funded from existing revenues. City Manager Mike Moore says.

A water well has been drilled on the site of the Mobley-Hilton Hotel, and it appears that a good source of water has been found. Don Shepard, Manager of the Chamber of Commerce, "witched" for the location. All work on the 332 ft. well, from witching to casing, was donated. Contributions are Shepard, Yellow Mound Well Service and M and M Drilling Co., Don Wallace, dirt work, Stovall-Winnett, water transport, W.L. Gray, roustabout, and HTH Trucking of Eastland.

Plans have been made for the annual Memorial Day Service on Monday, May 26

at 11 a.m. A tent will be erected at Oakwood, and chairs will be available for use by visitors. There will be a speaker and song service, followed by the decoration of the graves of deceased military veterans. The John Williams Butts Post 123 of the American Legion is sponsoring the event.

Summer classes at Cisco Junior College will begin June 3 at all locations. The Cisco and Clyde campus offer both day and night classes. The Abilene and Coleman campuses will offer night classes only. Registration at Cisco is Monday, June 2 in the Registrar's office. Hours are 9 a.m. to 4 p.m. and 6 to 8 p.m.

Timbers Review", a magazine published by Cisco Junior College, is off the press. The new edition's cover has a pen and ink drawing of the Mobley-Hilton Hotel by Dr. Ken Hammes of the CJC English Department. Feature stories include "The Story of Scranton, Texas", by Don Turnbaugh, a 1985 graduate of CJC who is now at the

University of Texas in Austin. Another story is "The Night it Rained", by Betty Kendrick Townsend of Albany. This concerns the 1978 flood at the town.

## Long-Time Farm And Ranch Families Eligible

### To Participate In Land Heritage Program

Pointing to the importance of recognizing and remembering the pioneer farm and ranch families in Texas, Sen Bob Glasgow has invited long-time farming families to participate in the Land Heritage Program sponsored by the Texas Department of Agriculture.

"Registration for the program, which recognizes families who have had land in agricultural production for 100 years or more, is now open and will extend through July 15," stated Governor Glasgow.

"To date, 114 properties in my Senatorial District 22 have qualified for the Family Land Heritage Program, and this year I hope we will be able to identify many more," Senator Glasgow said. Since the program was established in 1974 to honor pioneering families, 1,902 such families have been recognized.

The basic requirements of

the program include continuous agricultural production on the farm or ranch for 100 years, land ownership within the family, complete operation or supervision of the farm/ranch production by family members who are Texas residents, and a size of at least 10 acres with a minimum income of \$50 from farm to ranch products. If the farm or ranch is smaller than 10 acres, sales must total \$250 per year.

"These families are living, productive symbols of our family farm unit. We celebrate their past achievements, and acknowledge the importance that such family farms hold for us in the future," said Senator Glasgow.

This year's certified registrants will be honored at a State ceremony at the LBJ Library on October 15, 1986. Honorees will receive a certificate with an official sign/marker to be placed on

the recipient's gate or home designating their property as a "Century Farm" or "Century Ranch". Property owners of 150 years or more will be awarded a special Sesquicentennial certificate. Additionally, a Family Land Heritage Registry will later be published and distributed to all honorees.

Those who wish to apply may obtain an application from their county judge, county historical commission chairperson, the nearest TDA district office or by writing to: Family Land Heritage Program, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711.

## Roping Club To Hold Trail Ride

On Sunday, May 25, the Eastland County Roping Club will sponsor a Trail Ride. This will start at 1 p.m. on the south side of I-20 near Ranger behind Maggie's Bar - at the off-ramp where the road goes to Lake Leon. The riders will go south on this road.

Sunday's Trail Ride is part of a County-wide Trail Ride Program, where a certain distance is covered each Sunday. All riders are welcome to join in. All children, however, should be accompanied by an adult. Cold drinks will be furnished along the route.

## Local Ladies To Contribute To The Quilters

As the title indicates, a quilt is an integral part of the scenic element for Cisco Junior College's summer

### Delegates To Attend State Convention

Eleven Delegates and alternates from Eastland County are preparing to attend the Democratic State Convention being held at the Frank Erwin Center in Austin, June 27th and 28th. Delegates and voters from Eastland, Cisco, Ranger, Olden, Lake Leon, Gorman, Carbon, Rising Star, and Desdemona, were represented at the Eastland County Democratic Convention held Saturday, in the county courthouse.

Dr. G.A. Dunn of Rising Star will chair the county delegation. Dr. Dunn has been actively representing the Democratic Party for over 20 years. Ann Murray of Eastland, was elected Secretary.

In official business, eleven delegates and alternates were elected by Precinct Convention, and ratified by the Credentials Committee, chaired by Judge R.G. Lyerla. Clarence B. Dill of Cisco, chaired the Nominations Committee. Several speakers outlined the support for some of our strongest leaders as a top priority.

We want to especially thank all the candidates that are in the June 7th run off, who attended and took an active part in the county convention.

A spokesman for Mark White was contacted and reported the Governor would enjoy helping the Eastland Jaycees at the Dis-over Fest, if the time schedule could be worked out. He has done the Dunking Stunt before and was very successful. The timing would be perfect for the fund raiser for the governor. Attorney Saul Pullman is the Eastland County coordinator for Governor Mark White.

Delegates elected were: Lee Starr, Judge Scott Bailey, Ann Murray, G.A. Dunn, R.A. Carr, Emory Walton, June Hicks, Judge R.G. Lyerla, J.T. Carson, Clarence Dill, and Saul Pullman.

Alternates are: Robert Tucker, Glenn Hubbard, John Bailey, Helen Heyser, Richard Burgess, Cindy Walton, Judge J.V. Heyser, Mary Bailey, L.E. Clark, Truman Kirk and Authur Camacho.

season opener, "The Quilters". Summer designer, Dr. Tom Soare from Sam Houston State University, has blended the abstract idea of the production with the actual quilting process itself so that the Laguna Hotel will be filled from lower lobby to upper lobby with quilts. The backdrop for the production is a 10' X 10' quilt adapted by Carroll Brown and Mary McGrew from a quilt designed for the Arizona Theatre Company in Tucson. Brown and McGrew called upon numerous ladies of the community to help piece the quilt, and were astounded at the response.

"All of the ladies we contacted," says McGrew, "were so willing to share their time and skills. This quilt is going to be beautiful." And Brown adds, "This quilt will typify the spirit of The Quilters - our heritage, who we are and where we came from."

Ladies contributing include the following. All are from Cisco unless otherwise noted: Olga Faye Parker, Dorothy Barton, Jeffa Kitchens, Lillian Fry, Mrs. Fred Steffy, Ara Meyer of Eustace, Nona Stevens, Jo Barrett, Sherry Kimbrough, Trixie Whately, Marvis Thames, Kay Sifton, Flora McCandlies, Julia Worthy of Eastland and Sandra Woolley.

Season memberships are still available as well as patron sponsorships. Although the season ticket holders must use their admissions for the shows indicated, patrons may use their admissions in several different ways. For the \$35.00 season admission the patron can be admitted to one performance of each production or can have multiple admissions to the production of their choice. Regular season ticket holders will not be able to use their ticket in this manner, so anyone wishing the preferential standing available to patrons should consider purchasing a patron sponsorship. For more information on season tickets or patron sponsorships contact Carol Brown at 442-2667.

The quilt, after being used as a backdrop in the production, will be given away on closing night of "The Quilters". Tickets will be available for \$5.00 each, and on Saturday, June 28 following the play the winning ticket will be drawn.

Reservations for "The Quilters" open June 9. Dinner performances are June 19, 20, 21, 26, 27 and 28. Tickets are \$12.50. The matinee performance on June 22 is at 2 p.m. with dessert only being served. Tickets for the matinee are \$8.50.

SESQUICENTENNIAL  
OBSERVANCE  
SATURDAY, JUNE 7**

Drawing Of A Black Bean. Frederic Remington.  
The Will & Mike Hogg Collection. Museum of Fine Arts of Houston

celebration is stacking up big - During the day, each town in the county will be given time to present their talent and their own messages as part of the event. Monday, the Cisco Chamber of Commerce called to say that they didn't think they could get all their material in an hour, so it looks as though the day will be expanding.

Word is that there will be an outstanding presentation by the folks in Gorman. We won't tip the performance, but from we hear it's a historic event, and if it's the one we remember seeing a Gorman man do a few years back, it'll be worth the whole day just to see it. You won't want to miss a thing.

Eastland Chamber of Commerce has released a partial list of Eastland merchants participating in the Black Bean drawing and the prizes they will give. Most of the drawings will be during the week preceding Discovery Fest '86 set for June 7; however, two of the following merchants are having Black Bean drawing now.

Following is a list submitted by CofC.  
Eastland Glass - 17 glass articles, such as glass trinket boxes, stained and etched glass items.  
Edwards Jewelers - 30% off everything except Rolex watches.

Hair Affair - 17 vented brushes and 2 of these winners will receive a free haircut and style.  
Stiles Air Conditioning and Appliance Center - 20% off everything in store.

Beil's Draperies - Pick a Black Bean and select a gift from grab bags.  
Eastland National Bank - 17 \$50 Savings Bonds.

Eastland Office Supply - 17 gifts of a dozen pens and 17% off list price of everything in store.  
Grand prize - computer and computer printer.  
Careys-J.C. Penney - 17 free movie rentals.

Pulidos - Draw a Black Bean and get 20% off any meal, and each week one of these winners will receive a free meal. (Now in progress).  
Eastland Telegram - Free subscription and free pens. (Now in progress).

ORIGINAL BALLADS, sung by local talent will be heard in the historic re-enactment of the Drawing of the Black Beans as part of Eastland County's Discovery-Fest '86 which will unfold the first week in June and culminate in a day of special activities on Saturday, June 7.

Drama Director Kathi Stapp in an effort to bring more life to the drama, asked for original pieces to be included. The writers got busy and with the musical help of Mrs. Viola Payne who did the words and her Musician Son Marvin, who did the arrangements, have come up with some classic numbers to liven the offering.

And soloists have already begun work.  
Lyndell Cockburn of Ranger, a professional singer in her own right, will do the Pioneer Women bit. We can't reveal the entire content, but the gist of the message is that the "lot of the pioneer woman, wasn't a lot."

Richard Rossander, another professional singer of note, will do the part which backs up the scenes of Texas a building as a new nation.

There'll also be Mexican Fiesta Music on fiddles and guitars to back up the speeches of Santa Anna to his subjects.

These are just a few of the new developments in the ever-expanding production which promises to be one of the best free Historical Events ever.

HOW CAN you help, you may be asking yourself. Well, by helping spread the word to friends and loves ones far and near to plan to be in Eastland County the first weekend in June for the County Sesquicentennial Celebration. You'll be glad and so will they. Texas Highways magazine is still listed as a special event.

THE ALL-DAY Saturday

TEXAS BIRTHDAY CHORIR began practice sessions Monday night and have more scheduled. Wylie Peebles of Cisco Junior College is director and every church choir in Eastland County is invited to participate. For information and rehearsal times and places, you could call Wayne Ashlock at 629-1436 for details. Individual singers are also welcome. It's hoped that there'll be 150 choir members - one for every year of Texas' birthday.

THERE ARE many, many surprises already being planned and it's hoped that they will be participation throughout the county. Many, many merchants are already setting up "black bean drawings" and planning to give 17 prizes for the lucky winners in their stores.

THE ENTIRE event is to mark Texas' 150th birthday and to pay tribute to Capt. William M. Eastland, the man for whom we're named.

Fifty-one of the 90 booths available around the square for Discovery Fest '86 have been reserved, according to Clara White of the Eastland Chamber of Commerce.

Anyone or any organization wanting to reserve a space should contact Mrs. White at 629-2332.

She also said that merchants who want to have a part in the Black Bean Drawings should contact her immediately so their names and gifts can be released to the news media.

# Tarleton To Offer Program To Assist With Teaching Certificate

STEPHENVILLE -- Beginning this summer, Tarleton State University will offer a unique program which assists persons with baccalaureate degrees in gaining their teacher certification. The Tarleton Model for Accelerated Teacher Education (TMATE) program allows individuals with experience to certify after completion of a 15-hour summer curriculum and a year's internship as a classroom teacher.

The program was approved last weekend by the State Board of Education and is one of only three alternative certification programs in the state. The other two were initiated by the Houston and Dallas Independent School Districts.

"It is truly collaborative approach to teacher education," said Tarleton President Dr. Barry B. Thompson, "combining the unique advantages of the traditional, university-based programs and the new, school district-based alternative certification programs."

According to the course outline, participants would enroll in the second summer term at Tarleton for nine hours of core curriculum structured around the development of a scientific basis for teaching. During the academic year, the intern will be placed in a classroom in a sponsoring school district under the supervision of the master teacher, school principal and University faculty. The participant will receive six semester hours for the internship and will also enroll in a school-based seminar. Seminars will meet on weekends for the purpose of discussing field experiences and new learning opportunities.

Applicants for the TMATE program must have a transcript indicating a Bachelor's degree and GPA of 2.75 overall and in teaching fields. They must also submit an application to the program, have local district sponsorship and meet district standards.

The sponsoring school districts will contract with Tarleton to provide TMATE services to each participant. The amount will be equivalent to one year's salary for the teacher. Of that amount 29 percent will be used for indirect support of the interns, including program expenses, food and housing while in the TSU campus, and tuition and fees. The remaining 71 percent will be given to the intern in a monthly tax-free stipend.

"Time is critical to us right now," said Dr. Don Beach, Dean of the School of Education and Fine Arts at Tarleton. "Participants must take the PPST (Pre-Professional Skills Test) on Saturday, June 21 before they can begin the program." Registration for the second summer term at Tarleton is July 3.

Once accepted into the program, interns will enroll in nine hours this summer and complete the remaining six hours the first summer session in 1987. The fifteen semester hour program involves teams of instructors and will focus on topics such as behavior management and the nature of the learner, multicultural influences and special populations, test and measurements, curriculum planning and evaluation, teaching strategies, and research relating to teaching effectiveness.

A critical part of the summer at Tarleton will be directed observation field experience. The participants will be required to complete a minimum of 30 clock hours observing pupils and their educational and cultural settings.

Participants will be

evaluated at every step in the program by the University and the local school districts. Those satisfactorily completing the work will be given assistance in preparing for the ExCET exam, a test now required of all candidates for certification. Once the participant has been recommended for certification, they are guaranteed by Tarleton to be successful during their next year of teaching.

Completion of the program will also give the individual 24 hours of graduate work that can be applied toward a Masters degree.

"Because of the anticipated teacher shortage, the State Board of Education saw this as a way of encouraging more people to become teachers," said Dr. Beach. "Qualified persons with professional experience can now receive certification in less time."

The program also benefits the school districts by allowing them to select potential teachers without building a costly certification program. The only cost of the school district is the year's salary and in return they receive a classroom teacher.

For more information on TMATE, contact Dr. Jim Boyd, Department of Education, at Tarleton 817-968-9097.

# 365 Receive Degrees In Spring Commencement

A total of 365 candidates received their degrees during Spring commencement exercises held on the campus of Tarleton State University Sunday, May 11. The figure included 290 baccalaureate degrees, 51 masters degrees and 24 associate degrees in Nursing.

Two ceremonies were held to accommodate the large graduating class. Dr. Timothy Flinn, Associate Professor of Math at Tarleton, was speaker in the first commencement and Dr. B.J. Alexander, Professor of English and Interim Head of the Department of English and Languages, spoke at the second ceremony.

Royce G. Wisenbaker brought greetings to graduates from the Texas A&M University System. Wisenbaker is a member of the Board of Regents and is chairman of the Planning and Building committee for The System.

Other distinguished guests recognized at the commencements were the three recipients of the 1986 Distinguished Teaching Award at Tarleton. They include Dr. Alice Cushman, Department of English and Languages, School of Arts and Sciences; Dr. Tommy Barker, Department of Industrial Education and Technology, School of Agriculture and Business; and Dr. James Boyd, Department of Education

and Psychology, School of Education and Fine Arts.

Area students receiving degrees included:

Cisco - Leslie Winnett Hagan, BBA-Accounting; Karen Bullard Frazier, BS-Elementary Education, with Honors; Gregory Mark Swindle, BS-Chemistry, and Stephen Ray Taylor, BS-Industrial Education and Technology.

Eastland - Mildred Diane Fox, MBA-Business; Jackie Lynn Stephens, ME-Physical Education; T.J. Cummings, BS-Agriculture Business; and Teena B.

Vance, BS-Criminal Justice, with Honors.

Gorman - Sandra Jay Porter, MST-Biology, John Erwin Brinegar, BBA-General Business, with Honors; William Charles

Townley, BBA, Business Administration; Donna G. Browning, BS-Home Economics, with Honors and Who's Who In American Universities and Colleges; Riley Dale Curb, BS-Agriculture Business; William Frederick Jeffs III, BS-Agriculture Education; Darla Lynn Fuller, ADN-Nursing.

Ranger - Kristi Ann Davis, ME-Physical Education, Johnny Shawn Wells, BS-Agriculture Business.

# "Draw A Bean" For Gifts

We're celebrating "Discover-Fest '86" at Eastland County Newspapers!

During the month of May, purchase of any item in our offices entitles you to draw a

"bean". If you draw a "black bean", you'll win a year's free subscription (mailed to Eastland County address). A "white bean" will get you a free pen. So come by your local

newspaper office, purchase a classified ad, office supplies, invitations, or anything else, and draw a "bean". You might be a winner!

# Spotlights & Sidelights

By Julia Worthy

## TERMINOLOGY

It has been a long time since I believed, "Sticks and stones can break my bones, but words can never hurt me."

Words can hurt more than any broken bones that ever snapped.

Broken bones knit with commendable rapidity when compared with broken spirits and broken hearts--if one can separate spirit and heart.

What started me thinking along this line was reading yet another article taking a task a safely dead-and-buried author for his "racist and sexist" materials.

The times of which the now-defunct author wrote were racist and sexist. What else was he to write about? Especially, if he wanted to be read?

Pristinely expurgated examples of philosophical pedagogy aren't exactly best sellers at the Book Mart or the Super-Mart.

An author, so I understand, is supposed to reflect life accurately even when he is the same spot Dickens was, "It was the best of times; it was the worst of times."

Terminology, as "poor white trash," "niggers," and "Meskins"--not to mention "dirty Indians," "yeller Chinks," "Wops," and "shanty Irish"--is only terminology--those words which break no bones but may inflict deeper wounds.

I hold no brief for people who deliberately aim for the vulnerable spot, but I think it's asking too much of our writers to give up empathy and folklore--call it "ethnic humor" if you prefer.

I think censorship of literature is happening when we can't tell Jewish jokes, Irish jokes, Negro jokes, or Indian jokes for fear of offending someone.

That's where we are supposed to use some judgment.

For instance, I wear glasses and I'm fat. As the weight is my own fault, I bear with equanimity (if not good grace) fat jokes.

But I did not cause the poor eyesight, so don't "Four-eyes" me! Nor anyone else. "Tain't funny."

I am very grateful that Ben Franklin's experiments in the spectacle line produced bifocals. My gratitude to whomever came up with the

lens that gives me a world without fuzzy edges and permits my vision more than three feet beyond my nose...you might call my gratitude "limitless," and you would not be wrong.

The 20/20 world does not know what I mean.

Reading fat jokes and four-eyed jokes doesn't bother me much. I can laugh if I want to read them, ignore them if I don't, and chuckle half-heartedly, but politely, if they are forced on my attention.

That's where the use of judgement in conjunction with terminology comes in.

A yarn about a cattle drive or about Texas Women's University is going to be sexist. A biography of George Washington Carver or one about Pancho Villa is more than apt to be racist, wouldn't you think?

The critic's opinion that the subject author was sexist and racist may be valid, but I don't see that it is relevant.

Was the author faithful to the times of which he wrote is the question.

Participants will be evaluated at every step in the program by the University and the local school districts. Those satisfactorily completing the work will be given assistance in preparing for the ExCET exam, a test now required of all candidates for certification. Once the participant has been recommended for certification, they are guaranteed by Tarleton to be successful during their next year of teaching.

Completion of the program will also give the individual 24 hours of graduate work that can be applied toward a Masters degree.

"Because of the anticipated teacher shortage, the State Board of Education saw this as a way of encouraging more people to become teachers," said Dr. Beach. "Qualified persons with professional experience can now receive certification in less time."

The program also benefits the school districts by allowing them to select potential teachers without building a costly certification program. The only cost of the school district is the year's salary and in return they receive a classroom teacher.

For more information on TMATE, contact Dr. Jim Boyd, Department of Education, at Tarleton 817-968-9097.

# Fishing Outdoors

By Terry Wilson

The Eastland County Bass Club met on scenic Lake Cisco Saturday, despite the severe weather that was in our area. Thirteen adventurous fishermen set out to pit these skills against not only each other but of course, old Mr. Bass.

Weigh in was closed at 3 p.m. with final results as follows: First Place Terry Wilson with 3.60. Terry also took big bass honors with a little lunker weighing 2.15. Second Bob Green 3.25; Third Steve Pennington 1.38; Fourth Jaw Clark 1.06; Fifth Bobby Rains 0.72; Sixth Herman Dunlap 0.77 and Seventh with 0.63 was Eddie Green. The days catch was far below what most of the anglers anticipated.

The majority was in agreement that the severe weather just prior to fishing was the main cause for such small fish. There were approximately 75 fish caught between these 13 anglers, which shows us that Cisco, with a water rise, could be one of the premier impoundments in this area.

Sport fishing, the second most popular recreational activity among American adults, faces serious challenges which must be met up front for the sport to grow according to Norville Prosser, Vice President of the Sport Fishing Institute. "Most of our nation's sport fishing opportunities are dependent upon habitat protection and management of

lakes, streams, bays and estuaries. 'Progress' to accommodate human needs, if done incorrectly, threatens our precious fisheries resource." Our nation's army of outdoorsmen, including the 54 million U.S. fisherman, must join forces to stop chemical contamination of our rivers, the erosion of billions of tons of topsoil into our rivers and lakes, and the insensitive damming of streams for hydropower and irrigation consideration of fishery damages.

Anglers should seek to learn more on how to stop improper development and misuse of our water ways. As noted by Prosser, "Without clean water that is accessible to the American fishing public, we cannot hope to develop the fishery resources and fishing opportunities demanded by the public."

SFI suggests that when one of your favorite fishing spots is damaged or threatened, contact your local state officials. Remind them that sport fishing is important to you and your family. Inform them that fishing is also important business. SFI estimates that sport fishermen and women spent \$25 billion in 1985 on goods and services used in fishing. Write your U.S. Senators and Congressmen. They appreciate hearing from their constituents and will carefully consider your opinions.

Terry L. Wilson

# Tornado Tips

## PROTECTING VALUABLE RECORDS

Vital records are only a small part of the valuable items in a home. It is important that these records be given maximum protection from every disaster, including a nuclear disaster. What records are vital depends upon the individual

family, but there are some fundamental records that are vital to any household. In selecting the vital records to protect, you should consider: Establishing proof of insurance. Protecting financial papers. Providing an inventory of

household items and other property. Protecting personal papers, such as birth certificates and marriage certificates. Methods of protecting vital records will vary. Storage in a shelter at home may be satisfactory except that fire damage may destroy vital papers. This can be overcome by storing in an insulated cabinet. These cabinets are relatively expensive for the amount of

records to be stored by the average homeowner. An economical method of storing records is in a commercial storage area which provides good fire protection, as well as protection from theft or physical damage. For more information read KSU Publication MF-255, "Family Records and Where They are Kept", available from your County Extension Agent.

Shock is one effect upon survivors after a tornado. What to do, when to do it, and where to go are some of the problems facing the victim. These problems don't appear to have an answer to the survivor immediately after the storm. It is, therefore, important to have a basic plan or some knowledge of actions that should be taken before a disaster strikes.

Several survivors of a tornado were interviewed to determine action needed before a disaster. The most frequent comment was the need for an inventory of all household items and clothing to include date of purchase and the cost. Even taking pictures of the room may be helpful in refreshing your memory of the items in your home. One area often overlooked is the storage area such as a garage. A garage often has tools, garden equipment, lawn mower, food in the deep freeze and other valuable items. Special hobby items such as coin collections and antiques are often overlooked in the statement of loss.

An inventory will also help

you to determine if you have sufficient insurance to cover the contents of your home.

## REPAIRING DAMAGE AFTER TORNADO

Tornadic winds do tremendous damage and destroy virtually everything in their path. However, many homes may be only partly damaged and many items could be salvaged for further use. Prompt action is necessary to assure the best results. Be Safe! Look Before You Act!

The following items should be checked before entering a building to start cleanup and repair operations.

Check the house exterior for evidence of structural damage or potential hazards and failure.

Remove any accumulated debris collected around the home.

Be sure the electric current is shut off, both at the meter and at the building master switch.

Disconnect or shut off any gas or fuel services. Do not smoke or use an open flame around the area until certain it is safe.

In general, building damage will be either one or a combination of buckled or destroyed walls. Proper corrective measures will vary with the cause of the damage.

Before using electricity, have the entire electrical system checked for short circuits by an electrician or other competent person. Check with your power supplier for advice and help with electrical systems.

For some equipment, such

as pumps, a line can be run by an electrician until the permanent wiring has a chance to be repaired. Damaged household goods and equipment such as clothing, furniture, bedding, and food may be salvaged. Contact your county Extension Agent for information regarding cleaning and salvaging these items.

## Wal-Mart Makes Plans For "Sesqui Celebration"

On May 31st, Wal-Mart in Eastland is planning a Sesqui Celebration featuring local musicians, singers, and dancers with arts and crafts displays by local citizens. We have also planned several contests with many excellent times to be given away.

If you are interested in displaying your items that you would like to sell, contact Wanda Roe at 629-3711 or 629-8910 as soon as possible in order for a place to be reserved for you.

This also includes anyone that has "flea market" items they would like to display or sell. Watch your local newspaper for more details.

Thursday,

May 22, 1986

# Homemaking Hints

From Janet Thomas, County Extension Agent

School will be out at the end of May. Parents are beginning to think about summer activities for their children. With the majority of parents working, many youngsters will be staying alone at home while parents are at work.

Once parents have decided their child is mature enough to stay alone, it's their responsibility to teach safety habits. Even children who have stayed by themselves in past summers probably will need to review safety precautions periodically.

Parents are advised to cover the following areas of home safety with their youngsters:

- \* Have at least one home fire drill to be sure there are two escape routes. Instruct children that they must not try to put out a fire, but should get out of the house immediately and go to a neighbor's to get help in calling the fire department.

- \* Review phone procedures and have emergency numbers visible and attached to the phone or wall. Have the child check-in by phone with a parent or other responsible adult at a set time each day. Make sure the youngster has more numbers to call if they get lonely.

- \* Make sure that children know to keep doors locked and not admit anyone.

- \* Have nutritious snacks within easy reach for children.

- \* Have a first aid kit available and instruct your child on using it.

- \* Encourage your youngsters to spend their time in a variety of activities including, reading, playing games, exercising, chores and watching television.

- \* Establish basic home safety rules about using the stove, microwave or other appliances and climbing on furniture or ladders. Caution them to never play with matches, guns or sharp knives.

## RECIPE FOR THE WEEK: CHERRY CHEESE TARTS

16 oz. softened cream cheese  
1 3/4 oz. lemon juice  
3/4 cup sugar  
2 eggs  
1 teaspoon vanilla  
18-20 vanilla wafers  
1 21-oz. can cherry pie filling or assorted fresh fruits

Beat cream cheese, sugar, eggs, lemon juice and vanilla until light and fluffy. Line small muffin pans with banking cups and place a vanilla wafer in bottom of each. Fill 2/3's full with cream cheese mixture. Bake at 350° for 15-20 minutes until set. Top with a tablespoon of pie filling or assorted fruits. Chill. Makes 18-20 servings.
