Dallas Bound!
The cast, director and author of "After Supper at the Old F Ranch" will leave Quitaque early Tuesday morning for Dallas and the Texas Centennial, where they will present the play before a Centennial crowd Wednesday afternoon.
Miss Sarah Gertrude Knott, Director of the National Folk Festival ordered the cast to present their contribution to the Centennial at that time. The exact hour and place of the local play has not been announced.
Quitaque's play will be presented Wednesday afternoon along with the plays of Crowell and Childress, making one complete program given from this section.
The cast has, thus far, made no announcement as to the return date, many planning to stay a few days and enjoy Texas' birthday party.

May we introduce "Chucky"—a real American guy. You'll meet him in this issue of the Post. "Chucky" is just a small pen-and-ink boy, with a dog and a bicycle and a lot of habits that will keep you in stitches and Chucky in trouble. Beginning with this issue, "Chucky" will be a regular member of the Quitaque Post "family." We hope you'll like him.

—M—
That the tennis tournament here was a success there can be no doubt. But, to place a great deal of credit where it belongs, lets give a big hand to the boys and girls who came here from over the Panhandle to make it possible. Quitaque has never entertained a group who were better sports, better liked, nor better tennis players. We'll welcome them back next year.

FINLEY WHITE SPEAKS TO COMMUNITY CLUB

Finley White, Briscoe County Agent, gave an interesting talk to the Quitaque Community Club at their regular meeting Tuesday at noon. He spoke on "4-H Club Work," pointing out its value to the young man in preparing for life's work.
Clyde Tunnell will be in charge of the program for the meeting on June 23rd.

Miss Barbara Badgett Honored with Shower Tuesday Afternoon

Miss Barbara Badgett, whose marriage to Edward E. Younger of Everton, Ark., will be an event of June 29, was honored with a lovely tea-shower at the home of Mrs. Amos Persons, Tuesday afternoon, June 9. Hostesses for the occasion were Mrs. Persons and daughters Mary Ollie, Lucille and Mrs. Gene Berry and Mrs. Cleat Miller.

Fifty-eight guests called between the hours of three and five and registered in the Bride's book. A delightful atmosphere of informality prevailed during the afternoon as members of the bridal party presided over different appointments of the affair.

Mrs. E. C. Price, Mrs. Cleat Miller and Miss Amelia Tunnell entertained at intervals during the afternoon with piano and violin music.

Upon their arrival, guests were taken to see the lovely display of gifts, and then into the dining room by Misses Ila Steele Patterson and Isabel Price. Presiding at the coffee and tea services were Mrs. Gene Berry and Miss Lucille Persons.

A bridal scene formed an attractive centerpiece for the table from which refreshments of rolled bread and butter sandwiches, stuffed olives, Angel food square and iced tea and coffee were served.
Miss Badgett and other members of the bridal party wore afternoon dresses in pastel shades.

A group of friends presented the honoree with a 63-piece dinner set. Many individual gifts were brought by those who called and a large number of friends who were unable to attend.

AGRICULTURAL BRIEFS

BY THE BRISCOE COUNTY AGENT

The plow hands have been getting their money's worth this past week. Tractors and teams have been running all day and the tractors have put on their nite eyes and run all nite, too. Weeds and grass have been turned under on a big scale this week and at the same time many acres of cotton were planted. Cotton planted early last week is coming through the ground now.

The cry has been for "cotton weather" here of late. If anyone thinks the last few days and nites haven't been hot enough for cotton, that person should have his head examined—or something.

Quitaque Nine Split Games Here Sunday Afternoon

Splitting a double-header on the local diamond at Patterson Field Sunday afternoon, the Quitaque nine dropped its first game to the Lockney Longhorns by a score of 13-8, winning the second from Cedar Hill in an abbreviated five-inning tilt, 8 to 3.

Robert Hill, opening the game on the mound for the locals, was relieved in the seventh by Charlie Gentry—the two hurlers allowing thirteen hits and passing six batters. Roberson, pitching the entire game for the visitors, was touched for eleven hits, and issued five bases on pass balls.

Gentry remained on the mound to hurl the locals to an 8-3 win over Cedar Hill in the abbreviated second game of the double-header, allowing only four hits, as his team mate came through to collect seven and take a five run lead. Gentry dropped the Cedar Hill batters in 1 2 3 order to close the game in the fifth inning.

New Registration Papers To Be Filed By WPA Workers

All persons in Briscoe County whose names are listed on Works Progress Administration rolls, whether or not they are working on a WPA project, must fill out new registration papers to maintain their eligibility, the WPA district office at Lubbock has announced.

Those who are at present not employed on WPA projects—including persons assigned who have failed to report for work, persons who have reported for work, persons who have reported for work and have left, or persons taken off a project to await reassignment to another project—are required to meet for interviews with WPA officials on June 15 at the Sewing Room in Quitaque or on June 15 at the Court House in Silverton, whichever place is nearest.

Those now working on a project are to be interviewed by their project supervisor or superintendent and are not to report as outlined above, it was said.

"Failure to cooperate with officials on dates set for the interviews will indicate that those individuals are no longer seeking employment through the WPA program," stated Miss Adeline Ziegenhals, Assistant Supervisor in the WPA division of Employment. "Those who no longer wish their names on WPA rolls should write to the WPA district office at Lubbock, stating the reason."

Letters have been mailed all persons in this county stating the time and place of meeting for interviews, and the letters should be brought a long to serve as an introduction to interviewing officials, Miss Ziegenhals said.

County and city officials have been asked by WPA district office to cooperate in the necessary effort to re-register all persons on WPA rolls, required for starting a new WPA program July 1.

ROAD BOOSTERS TO MEET TODAY AT SILVERTON

Delegates from Four Counties To Be Present

Highway 86 Association will this afternoon (Thursday) meet in the District Court Room at Silverton, according to an announcement by County Judge W. W. Martin. Citizens from Parmer, Swisher and Briscoe Counties will be present. Those in the county are urged to attend the meeting.

The purpose of this meeting for the counties in which Highway 86 is the main highway, to an effort to get the State Highway Commission to grade and hard surface the highway. Reports of the Association report progress is being made in this direction, but the entire body must continue working in order to rush completion of the work.

Officials state that the grading and drainage of Highway 86 will start from one mile west of Quitaque to the Hall County line in July. This job will complete a large percent of the grading and drainage work in Briscoe County. Swisher and Castro counties report that the greater percent of the draining and grading work has been completed in their counties.

Judge Martin states that representatives from the Highway Commission have been invited to attend today's meeting.

Ex-Service Men To Get Bonus Bonds First of Next Week

Service bonds in payment of the Soldier's Bonus will be placed in the mails June 15th, and should be in the hands of local veterans by next Wednesday, June 17th, Postmaster S. T. Bogan announced Tuesday.

The bonus will be paid in bonds of fifty dollar denominations—odd amounts to be paid by check, which will be included in the payment.

All letters will be sent by registered mail, Bogan emphasized, and veterans must sign in person.

\$83,000 is expected to be received in this county with the bonus payment, Orlin Stark, president of the First National Bank, estimated. Of that amount, approximately fifty percent will be received here.

Individual payments will average between five and six-hundred dollars, Stark estimated.

All bonds are payable immediately after June 15, 1936, to the amount of their face value, but without interest. Bonds to be cashed should be surrendered to the local postmaster, who will forward them with out charge to the District Federal Reserve Bank at Dallas for payment. No payments will be made through the local postoffice.

The service bonds will draw simple interest if held—3 per cent annually—and may be cashed after

300,000 WORK SHEETS FILLED OUT IN NEW FARM PROGRAM

COLLEGE STATION — Approximately 300,000 work sheets have been filled out by Texas farmers to participate in the Agricultural Conservation Program, it was estimated recently by the State Agricultural Conservation Committee upon surveying reports from county agricultural agents up to June 1.

Members of the State Committee further pointed out that the 300,000 work sheets represented about 75 percent of all Texas farm acreage.

They said that out of the 500,000 farms in the State, some 400,000 should be eligible to receive grants. It was for the purpose of giving farmers more time to sign up work sheets that June 10 was set as the final date in Texas.

A FARMER'S LIFE "AS HE LIVES IT"

By ED HOLMES (Station C. E. H. Farm)

FLOYDADA—I think it is fitting at this time that I should repeat some of the things Mr. Dixon, manager of the Spur Experiment station told Floyd county farmers when we visited the station early this spring.

He seemed to be completely sold on trench silos and here is hoping he convinced many of our farmers by the interesting statements he made concerning them.

"You can cut the cost one-half in getting the feed to livestock through the trench silo instead of binding in the usual way," he said. Silage weighs 25 pounds per cubic foot. He figures five percent waste through the trench silage route. A \$15 trench silo is better than a \$1000 silo built above the ground. Milo makes the best silage but not as many tons to the acre as red top cane. Milo grain should be mature and the grain on the cane should be red when the feed is cut. He doesn't believe in hegrira but will not argue with you about anything.

Silage is not so good for horses, he said. Silage is good for hogs—in fact he carried some brood sows through the winter practically on silage alone. Speaking of feeding hogs he said, mix equal parts of cottonseed meal and tankage, then feed one third pound a day to any size hog.

Speaking of cottonseed he said to feed the seed instead of meal when one pound of seed will not buy three fourths pound of meal. Cottonseed has 321 lbs. of oil per ton.

Explaining our need of terracing to hold the water he said, 5 1/2 inches of rain actually makes 20 bu. of wheat per acre, 1/2 bale of cotton or one ton of milo per acre.

Through a system of terraces he holds what water runs off of 1,200 acres of non terraced land on 160 acres. After explaining and showing us the system of terraces he made this plain statement: "It I can hold 1,200 acres of water on 160 acres, Floyd county should not let one drop of water get away."

I took him at his word, came home and terraced my crop land and during all these rains not one drop of water got away. In fact I drain the public road into my field when it rains.

Plan for the dry years and the wet years will take care of themselves. He says this part of the country is the best in the world for growing cotton and we should hold up for our rights to grow it.

All in all Mr. Dixon is a very common sense fellow and is doing fine work down there. It can't help you as a farmer however unless you pattern some of the good things he works out. At different times I will quote more of which he says and does.

The best sign of rain I know is when everybody is planting cotton. Watch out for a flood!

Harry Chatham says: 75 percent of the people are not only honest but they want to be honest. I guess he means the 75 percent of our population that are not farmers. Harry is a good farmer.

Cowboy Reunion At Stamford To Feature Rodeo

STAMFORD, June 10.—Although there will be many worthwhile attractions on the program of the seventh annual Texas Cowboy Reunion to be held in Stamford July 2, 3 and 4, the chief entertainment feature of the Reunion will be the rodeo, featuring the cowhands from the ranches.

Seven rodeo events are on the card for this year's show. Three rodeo performances will be held each day during the Reunion—morning, afternoon and night. Cash prizes in the rodeo events total \$1600. Prize saddles, boots, spurs, hats and other premiums will swell the total prize list to approximately \$2500.

Cash prizes will be given in bronc busting, calf roping, steer riding and wild cow milking each day. A special junior steer riding contest will be staged at night performances on July 3 and 4, and the winners will receive cash prizes. Cowboys over 55 years of age will compete for honors on July 2 and 3 in a special calf roping contest, the winner to receive a hand made saddle.

In addition to these attractions, a cutting horse contest will be held on the morning of July 3.

Certain changes will be made in the rules of the cutting horse contest this year in order to give the rider a better chance to show his horse.

Three of the screen's favorite stars—glamorous Jean Harlow; lovely romantic Clark Gable; and Irma Loy, sparkling and attractive—join hands in a battle of hearts in their latest movie hit, "Wife Versus Secretary"—at the Queen Theatre Thursday and Friday.

The ancient social triangle problem is presented in a novel and exciting fashion by the talented trio—ably supported by old favorites, May Robson, Georges Barbier, James Stewart and Hobart Cavanaugh.

Deviating but little from the ancient theme, the film, by virtue of superlative acting and spicy humor, still offers something special in entertainment. Myrna Loy as the wife, Jean Harlow as the secretary, and Clark Gable, the husband, turn out a fine interpretation of Faith Baldwin's fascinating novel.

Figures published by the Bureau of Agricultural Economics show that bankruptcies among farmers totaled 4,311 during the fiscal year ending June 30, 1935, compared with 4,716 in 1934 and 5,917 in 1933.

ARE YOU GAMBLING EVERY DAY?

It is not necessary for you to shoot craps to gamble, neither is it necessary to bet on horse races. There are folks who go on day after day suffering with indigestion, heartburn, stomach ulcers, acid dyspepsia, gassiness, sour or upset stomach, bloating, constipation, bad breath, sleeplessness, headaches, tired feeling, despondency, due to excess acid.

And in this way are gambling with your most valued possession, which is your good health. Why not give Gas-Ton (the scientific tablets) an opportunity. They may give you the relief you yourself expect; if not, your money refunded. You take no gamble here. Gas-Tons are sold in Quitaque by Burgess Pharmacy. Trial size bottle (25 tablets) \$1.00; 100 tablets \$3.00. adv.

ches Saturday afternoon. Forty five leading Panhandle netters were represented in the four divisions of tournament play.

Large crowds were in attendance at all matches, filling the infield and crowding the sidelines at the Racqueteer's Club Courts Saturday afternoon during the final matches as interest and enthusiasm reached a high level.

Competition was fast and hard, well-matched players battling their way through in the finest exhibition of stellar net play ever witnessed in this section of the Panhandle.

McCarty, teaming with Virgil Payne of Turkey in the Men's Doubles, was eliminated in a hard semi-final match with Newton and Smalley after defeating the local doubles stars, Burgess and Kelly, in a three set quarterfinal round match.

Fletcher and Woodrow Carter, city champions from Childress, went down in the semi-finals to Landers and Wooten in a hard-fought match. The Childress team had previously dropped Sachse and Gregg, strong local contenders, in the quarter-finals.

One of the best matches of the tournament was staged in the semi-final round of the men's singles, McCarty winning over Newton of Floyd in a real exhibition, 6-4, 7-5.

Competition in the Girl's Divisions was less keen. Duncan and Grundy swept through the Doubles brackets with little opposition, winning their first match by default, and defeating Rigby and Price of Childress for the right to play in the finals.

Jayne Johnson, playing in championship form, advanced to the finals in Girl's Singles without losing a game—dropping three in the final to Mrs. Duncan—her only loss of the tourney. Playing thirty-nine games, the Wichita girl won thirty-six. She defeated Onale Grundy, Quitaque, and Jeanne Price, Childress, in straight love sets to advance to the championship flight.

Due to the unexpectedly large entry, competition in Mixed Doubles was dropped from tournament play, as it was impossible to schedule the additional matches within the time-limit imposed.

Net play during the tournament was far above the average, entries including many of the Panhandle's top notch netters.

The Panhandle Invitation tournament is scheduled to be an annual affair since its outstanding success this season, and, according to present plans, will be played here again in June, 1937.

The tournament was sponsored by the Quitaque Racqueteurs and Girl's Tennis Clubs, and was staged this year with the cooperation of local merchants and business men.
