QUITAQUE, BRISCOE COUNTY, TEXAS,

THURSDAY, AUGUST 4, 1938

No 36

## J W. Smylie, Pioneer Buried at Plainview

Mrs Ben Smylie and children, Mary Jo and Russell attended funeral services in Plainview Monday for her father-in-law, J W Smylie, a pioneer of these parts, who died at the home a daughter in Plainview early Sunday morning.

Rev John Thorns, pastor of the Silvertown Presbyterian church, and Rev. C R Hooten, pastor of the Plainview First Methodist church, officiated in rites held at 10 o'clock at the Presbyterian church.

(Coming to Plainview in 1888 the Smylie family settled there when the town was a group of dugouts and half dugouts scattered along Runningwater Draw. The Smylie family moved from Rannels County and came with the family of the late J M Carter.

An active ranchman in West Texas for fifty years, Mr Smylie shipped the first carload of hogs grown in Hale county. The animals were driven on foot to Amarillo where they were placed aboard a train. Lumber to construct the first home occupied by the family was hauled from Colorado City, 160 miles away.

Mr Smylie was among those who organized the first U S Presbyterian church in Plainview and he was a charter member of that church. He related in later years that organizers of the church donated cattle instead of money to construct the building. He helped to organize and was a charter member of the first Masonic Lodge in Plainview. Members of the Plainview Masonic chapter assisted in the burial rites.

Born at Liberty, Miss., in 1849 Mr Smylie moved to Ellis county, Texas when a young man. In 1883 he was married at Milford, Texas to Miss Mattie Greer who died two years ago.

After residing at Plainview 22 years, Mr Smylie moved with his family to a ranch 18 miles east of Silvertown where he lived until his wife died. Since then he had lived in Plainview with his daughter, Mrs Lewis Kiker, at whose home he died.

Besides Mrs. Kiker he is survived by the following children: J A Smylie, Sabinal; Mrs O T Bundy, Silvertown; W R Smylie, Houston; and J C Smylie, Lampasas. Eleven grandchildren and three great grandchildren also survive.

Active pallbearers were Martin McWhorter, Bushrod Thompson, Silas Maggard, Harry Ragland, Don Tilson and Jess Neal.

Honorary pallbearers were S H Wester, R W O'Keefe, Col. R P Smythe, Col T J Tilson, E M Carter, C E Carter, D Leach, F E Blassingame, W C Buntin, Bob Matsler, Alvin Matsler, Ed Lutrick, Buck Russell, Clyde Wright, J P Smith, Bob Malone, G W McDonald, Jasper Neal, Will Martine and O R Martine.

## BOTH CIRCLES BAPTIST WMU MEET AT THE CHURCH

Both circles of the Baptist WMU met Monday at 3:30 at the church in a stewardship program led by Mrs Finley.

Those taking part on the program were Mrs Rumph, who spoke on stewardship of money; Mrs Bedwell who spoke on talents; Mrs Jenkins whose subject was "Time;" and Mrs Ray Persons who spoke on stewardship of the church.

This being regular business day, a short report was heard from the chairman and plans were made for the fifth Monday social. Plans were also made for a church lawn party at the church Wednesday night following prayer meeting.

Circle No. 1 meets with Mrs Berry next Monday and circle no 2 with Mrs Jacks, both circles in Bible study.

## Visiting Aged Mother

Rev. G L Keever, pastor of the Methodist church, left Monday morning on a visit to his old home in North Carolina. He will spend most of his time visiting his mother who is nearing her ninety-first birthday. Services have been provided for in the absence of the pastor. It is his desire that the visiting speakers have a good hearing.

Mr and Mrs Frank Gillespie, Mr and Mrs Marion Roberson and Mr and Mrs Esker Curtis spent Sunday afternoon at Roaring Springs, the men enjoying the refreshing waters of the swimming pool there.

## Amarillo Is Having Another Big Party

Charles C Lowe and Roy D Chase of Amarillo were in Quitaque Wednesday afternoon in search of pioneer vehicles or articles of interest to be entered in the big parade to be staged during the celebration, August 15, 16 and 17, at Amarillo, of the completion of the Will Rogers Memorial Highway. A prize of \$50 will be offered for the most interesting entry.

What pioneer property suitable for parade purposes does Quitaque have?

Clay Thornton of Amarillo wants to know the answer to that question.

"In connection with 'Old Southwest Days' at Amarillo, Aug. 15-16-17, there will be a pioneer parade, led by Governor Allred, Leo Carrillo, film star; the famous Kiltie band of girls from Oklahoma City and other outstanding headliners" explains Mr Thornton, who, as chairman of the Amarillo Chamber of Commerce good will committee, has headed tours over the Panhandle-Plains.

"We would like to have old covered wagons, stage coaches, those old high wheel bicycles and other pioneer paraphernalia in the parade. No cars will be allowed unless they are from the earliest motor age.

Amarillo is getting ready for a big celebration to mark official opening of U S highway 66 and 'Old Southwest Days' together with the pioneer parade will be among the feature attractions.

Motorcades from all along the highway—Chicago to Los Angeles—are coming to Amarillo to join in the celebration.

The big show will be staged each night at Butler Field and will show 400 years of history, filled with gripping stories and portrayed by 1,500 actors in colorful costumes on the Southwest's largest stage. Throughout the spectacle will be depicted the life of Will Rogers with old plains pals of the cowboy humorist in the principal roles.

## Baseball Tournament Is Being Planned

Fletcher Lee, chief mogul in local baseball circles, stated Wednesday that he was arranging to stage a tournament here August 18, 19 and 20, and had invited ball clubs from near and far.

Cash prizes will be given to first, second and third place winners, Lee stated. He also said there was talk of a big picnic one day during the tournament but plans for either event are yet to be worked out.

Quitaque will play Whiteflat here Sunday afternoon.

## At the Methodist Church

In the absence of the pastor Rev. C D Pipkin, Matador, a former pastor of this church will bring the message at the morning hour. We want to urge that every member of the church hear him. He is among the earlier preachers who have ministered to this church.

At the evening hour there will be a service of song and worship under the leadership of H J Bailey. Let every one take part in making this a good service.

Remember that you are always welcome in the church school service. You need the church school and the school needs you.

G L Keever, Pastor

## Texas Livestock Shipments

Austin, Aug. 2—Shipments of livestock to Fort Worth stockyards on interstate points for June totaled 7,473 cars, according to the University of Texas Bureau of Business Research. Cattle shipments, 4,609 cars, declined 20 percent; calves, 811 cars, increased 17 per cent; hogs, 490 cars, increased 19 per cent; and sheep, 1,563 cars, increased 28 per cent. During the first six months of the year shipments aggregated 40,645 cars.

## Party Tonight

The ladies of the Methodist missionary society are giving a party at the church tonight (Thursday) and all members of the church are invited to attend. A social hour is planned and refreshments of ice cream and cake will be served.

Miss Mary Lois Gowdy and Mrs Curtis Turner of Olton visited Mrs W R Scott Monday afternoon.

## Trees Grow in Semi-Arid Plains

No longer is it necessary that the Plains country be a vast, treeless expanse. Farmers are finding that adapted species attain a growth of 10 to 12 feet within three years if given the benefit of additional water and frequent cultivation. Water diverted from a roadway has been diverted to this tree site on one of the Soil Conservation Service demonstration projects.

## Booster Band Was Feature of Revival

An interesting part of the Baptist meeting in progress here for two weeks, was the Booster Band composed of 56 children of the community, led by Mrs Smithee and Miss Charity Cain.

The children ranging in age from 5 years to 12, met each afternoon to hear stories from the Bible and practice in group singing. The attendance each day was nearly perfect, the young people thoroughly enjoying both the story hour and the singing.

Friday afternoon, three carloads of children were taken to roadside park, 45 children attending. Mrs Smithee and Miss Cain were assisted in caring for the youngsters by M. Tanner and Mrs Barrett. Gordon Smithee entertained the group with several Bible stories and after singing and playing games until they were tired, lunch was served picnic style, and the group returned to town for the evening service.

## AGGIE TEACHER WANTS TO CONTACT INTERESTED BOYS

As the time approaches for school to open I am anxious to see all the boys interested in taking vocational agriculture. As I have no record of what boys wish to take agriculture, I would appreciate you boys dropping me a card giving me your name, your parents name, and the approximate distance and direction from Quitaque that you live. I am anxious to visit each boy and become acquainted with you and your parents. I also want to talk to you about the work we will do next year. If you will drop me a card I will try to visit each of you within the next few days.

R. L. King  
Vocation Agriculture Instructor

## Relative of Local Folks Buried Near Shamrock

S. S. Sullivan, 65 years old, died at his home at Kelton, near Shamrock Monday evening at 8 o'clock. Burial was in the cemetery there Wednesday morning.

He is survived by his wife and four children, two sons, Owen and Leonard, who lived here several years ago, and two daughters.

He was a brother-in-law of S H and B L Kimball of Gasoline and an uncle of Miss Minnie Mae and Marion Roberson of Quitaque.

S H Kimball and family, B L Kimball, Marion and Miss Minnie Mae Roberson, Mrs T E Boyles and Mrs Roscoe Fort of Turkey, Tuesday went to attend the funeral which was delayed to await the arrival of relatives, and they returned home Tuesday night.

## QUITAQUE HOTEL SOLD

Mrs Ira Cochell consummated a trade this week whereby she acquired a farm 2 miles west of Abernathy and Mrs W B Chapman of Abernathy assumes charge of the Quitaque Hotel. Mrs Cochell is moving to her new property. During her seven years residence in Quitaque, this lovely lady has made a host of friends, who while they regret to lose her from their midst, wish for her success and happiness in her new venture.

Friends of Mrs Ragnal Redell of the Haylake community will be glad to learn that she is improving rapidly. Mrs Redell has been in the Turkey hospital about seven weeks. She suffered an attack of ptomaine poisoning following a picnic and was taken to the hospital at Turkey in a serious condition, her recovery being very slow.

## AGRICULTURAL BRIEFS

BY THE BRISCOE COUNTY AGENT

Our compliance check up on the 1938 conservation program is progressing somewhat slower than we had hoped for. We thought when we started out that we'd be thru by now but we are only a little over half through.

We have gone far enough with the compliance work to have figured out a few pointers that will help all of us get along faster. These pointers are as follows: (1) Be sure that you are with the boys when they measure your farm. (2) After your farm has been measured please don't beat the boys to the office wanting to know what your farm measured out.—As soon as we get it figured out you will be notified if you are over planted on cotton or feed. When a farmer comes in asking for his farm to be figured out there is lots of lost motion that cannot be caught up again. The boys who are doing the figuring cannot do an accurate job when people are setting or standing around the work table. Just be patient 'til your turn comes and it will help us all out.

**Subsidy Payments**  
Application blanks for the 3c subsidy payments have been received. We are busy typing these forms getting them ready for the producers to sign. When they have been prepared everyone will be notified as to where and when to sign up. Please do not bother to come in 'til you are notified.—We won't be ready.

The 3c subsidy, you will recall, is to be paid on a percentage of your 1937 base yield—not on your 1937 actual yield. Just what percent we will get paid is not known yet.—Have to wait and see who all asks for subsidy payments. This subsidy payment probably will not reach us 'til along in September—in time for boll pulling—maybe.

**Green Bugs**  
Now isn't this a heck of a time to be talking about green bugs? Well the trouble those babies caused this spring makes us hope they don't come back to see us next spring. We are told by the USDA that the best way to keep them from coming back next spring is to starve them to death during the summer and fall months. To starve them out we must practice a little clean cultivation. All volunteer small grain should be destroyed as soon as possible so that we will have the longest possible time between volunteer small grain and our fall crop we sow. Following the suggestions of the USDA may be worth trying for green bugs and we know it will be good to conserve moisture.—So let's all try it a rap.

## Mrs Sarah Thompson Buried Last Thursday

Funeral services were held last Thursday afternoon at the First Baptist church for Mrs Sarah Thompson, who died at her home here early Thursday morning. The services were conducted by Rev. R C Tennison of Idalou, assisted by the local pastor, Rev. J Taylor Smithee.

Mrs Thompson was born Miss Sarah Weathered in Van Buren, Ark., on April 16, 1887. She was by a former marriage the wife of Bud Scarborough and to that union were born six children, five girls and one boy. In 1917 she married J A Thompson in Delta County, Texas and to this union were born three children, two boys and one girl. Mr Thompson preceded his wife in death a little more than three months.

Besides her nine children she is survived by three brothers, all of whom were present for the final rites.

The children are Mrs May Coleman, Portersville, Cal.; Mrs Mollie Morrison, Avery, Texas; Mrs Sarah Hamilton, Atascosa, Texas; Mrs Mary Watson, Plainview; Mrs Polly Honea, Uriah Scarborough, J A Thompson, Jr., Miss Lena Etta Thompson and Jack Thompson, all of Quitaque.

The brothers are Rev. J C Weathered, Paris, Texas; S B Weathered, Commerce, Texas and M W Weathered, Lenard, Texas. A friend of the family, W H Sampson of Greenville, Texas, accompanied the brothers here for the funeral.

Interment was in Quitaque cemetery under direction of Hardeste Funeral Home.

## Local Lady's Nephews Are Very "Twinsy"

In a recent issue (July 27) of an Oklahoma City daily paper, was the picture and story of twin fathers who "almost" have twin babies. Listed as a "family affair" Harold and Horace Motesbocker, each holding their young off-spring who came singly and almost simultaneously, the proud papas appear just a shade awkward at their new duties. But it's natural for new papas to be like that, apparently.

These young father twins always have done everything and gone everywhere together in the twinniest sort of manner. So nobody in the family was the least surprised when they became fathers almost simultaneously.

Horace's little boy, whom they named Eddie Randall, arrived late Tuesday night, July 12. Harold chimed right in with a daughter, Yalloska Louise early Thursday morning just a little more than 24 hours later.

These happy young papas are nephews of Mrs A B Ramsey of Quitaque and are sons of Mr and Mrs Tom Motesbocker; the former of Pauls Valley and the latter of Oklahoma City.

There is another pair of twin sons in the Motesbocker family, Hubert and Herbert, two years younger than the proud parents mentioned above and both are married. Maybe they will go their elder brothers one (or two) better by proving true to character and each becoming fathers of twins on the same day—or at the same time.

## BASEBALL MARATHON AT GREY MULE

The Cedar Hill and Grey Mule baseball teams staged some sort of marathon on the latter's battlefield Sunday. We don't know whether the visitors just had more stamina or were more fleet-footed than the Mules, but at the end of the contest they were three scores to the good—26 to 23. A total of 49 scores in one game of ball is evidence of lots of action of one sort and another.

The Grey Mules go to Roaring Springs Sunday for a game.

Dad Boyles has "overhauled" the interior of his cafe, giving the walls a coating of light green calsonine and painting the fixtures white. The appearance of the place has been helped considerably and Dad says the brightening up process has even speeded up his service. (which was already sudden.)

Mrs Ben Smylie was in Silvertown Wednesday on business.

## Texas Highways Safer Report Shows

Austin—Texas streets and highways are definitely safer for the motoring public as shown by a steady decline in fatal traffic collisions, state police report.

Final tabulations of casualties in June revealed that 115 persons were killed in 1,026 accidents, a saving of 44 lives if compared with June, 1937, a total saving of 130 lives during the first half of 1938 compared with the same period of last year. There was a sharp drop in the number of crashes recorded in June compared with 1,417 reported in that month last year, when Texas' final death toll reached the unprecedented high mark of 2,043 fatalities.

A selective enforcement program—the placing of state patrolmen at strategic points where surveys show the largest number of fatal collisions taking place—which was put into effect recently, is the reason for the diminishing death rate, safety officials believe. With 300 mounted officers patrolling death stretches of highways there are authoritative predictions that Texas will rank as a safe state of the nation by the end of the year.

Primary causes of accidents as reflected by information on accident reports received by the Department of Public Safety, June, 1938:

Driver or pedestrian had been drinking, 99.

Did not have right of way, 94.

Driving too near center or on wrong side, 78.

Driving too fast for conditions, 72.

Improper left turn, 47.

Driver asleep or sleepy, 33.

Improper passing, 32.

Pedestrian (or bicyclist) ran into path of vehicle, 31.

Driver disregarded traffic control sign or signal, 26.

Tire blow out, 26.

Driver did not signal for turn or stop, 24.

Improper backing, 23.

Blinding lights, 21.

Stopped on pavement, 16.

Defective brakes, 16.

Skidded on wet pavement, 15.

Improper right turn, 13.

Entering highway from side (improper entry), 10.

Pedestrian crossing not at intersection, 8.

Driver's lack of attention, 7.

Pedestrian (or bicyclist) ran into side of vehicle, 7.

Defective steering mechanism and miscellaneous mechanical defect, each, 6.

Livestock on road, 5.

Inefficient driver, 5.

Fell from vehicle, 4.

No lights or no tail light, 4.

Pedestrian crossing at intersection against signal, 2.

Visibility poor account weather conditions, 2.

One accident resulted from each of the following: attempting to dodge other vehicle or pedestrian, disregarded siren on emergency vehicle, failed to stop for stopped street car, defect in highway, passenger riding on running board of car, no lights on wagon, driver's physical defect.

## FEDERAL LAND BANK OFFICIAL OF HOUSTON DIES

Houston, July 28—Robert Delbert Jones of 3116 Rice Boulevard, Houston, died today in Baltimore, Maryland. Mr Jones, a well known attorney, was Counsel for the Federal Land Bank of Houston. Prior to coming to Houston, he had been a practicing attorney in Dallas. Born in 1888 in Garland, Texas, he was educated in the public schools of Elm Grove and Valley View, Texas, graduated from Southwestern University at Georgetown and received his legal training at the Law School at the University of Texas. He is survived by his widow, Mrs Aggie Jones, and a daughter, Miss Joanne Jones of Houston, his mother, Mrs Docia Jones of Amarillo, and by several sisters and brothers, including Congressman Marvin Jones of Amarillo.

Sheriff Jake Honea, who has been ailing for several weeks and has been confined to bed since the close of his campaign for re-election, left Tuesday noon by rail for Glen Rose, Texas, where he will rest and bathe in the medicinal waters of that place. Jake's many friends wish for him a speedy recovery to normal health.

### HOUSE JOINT RESOLUTION

proposing an Amendment to Article XVI, Section 1, of the Constitution of the State of Texas; changing the form of the oath of office for members of the Legislature and all officers of the State of Texas; providing for an election upon such Constitutional amendment, and making an appropriation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVI, Section 1, of the Constitution of the State of Texas be amended to hereafter read as follows:

"Article XVI, Section 1. Official Oath. Members of the Legislature, and all officers, before they enter upon the duties of their offices, shall take the following Oath or Affirmation:

"I, \_\_\_\_\_, do solemnly swear (or affirm), that I will faithfully execute the duties of the office of \_\_\_\_\_ of the State of Texas, and will to the best of my ability preserve, protect, and defend the Constitution and laws of the United States and of this State; and I furthermore solemnly swear (or affirm) that I have not directly nor indirectly paid, offered, or promised to pay, contributed, nor promised to contribute any money, or valuable thing, or promised any public office or employment, as a reward for the giving

or withholding a vote at the election at which I was elected. So help me God."

Section 2. The foregoing Constitutional Amendment shall be submitted to the electors of this State, qualified to vote on Constitutional Amendments, at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1938, at which election each ballot shall have printed thereon the words:

"FOR the Amendment of Article XVI, Section 1, of the Constitution of the State of Texas, changing the form of oath of office for members of the Legislature and all officers of the State of Texas."

"AGAINST the Amendment XVI, Section 1, of the Constitution of the State of Texas, changing the form of the oath of office for members of the Legislature and all officers of the State of Texas."

Each voter shall scratch out with pen or pencil the clause which he desires to vote against so as to indicate whether he is voting for or against said proposed Amendment.

Sec. 3 The Governor of this State is hereby directed to issue the necessary proclamation ordering an election in conformity herewith to determine whether or not the proposed Constitutional Amendment set forth herein shall be adopted, and the Governor shall have the same published as required by the Constitution and laws of this State.

Sec. 4. The sum of Five Thousand Dollars (\$5,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury not otherwise appropriated, to pay the expense of such publication and election.

The above is a true and correct copy. Edward Clark, Secretary of State.

### DID YOU KNOW—

What since January 25, when Texas began to distribute benefit checks to her eligible unemployed, she averaged about \$630,000 a month for the first six months going back into trade channel via the unemployed worker? To date total benefit checks amount to four and a half million, and Texas has twenty-seven and a half million in her reserve fund.

## Cherry Queen Picks Cherries for College Education

Miss Josephine LaFraniel, 18, this year's Cherry Queen at the Cherry Festival in Traverse City, center of the great Michigan cherry growing region, had a special interest in this year's picking. Her orchard, one of the largest in the region, gave her the opportunity to defray her college expenses. After reigning over the Festival in queenly style, she donned overalls, drove her new Chevrolet back through the rows of cherry trees and started to help harvest many tons of cherries.

## LOCAL BRIEFS

Mr and Mrs Dick Hookes visited in Jones county Sunday.

Sid Bogan and E B Tunnell made a trip to Memphis Wednesday.

Mrs Nell Stanley of Amarillo was here Sunday.

Miss Jackie Robinson spent Sunday in Floydada with her parents.

Mr and Mrs Harry Barnhill of Dalhart are here visiting her mother.

Carl Parks and Mr Leon of Matador were here on business Tuesday.

Bill Hardcastle, Roy Russell and J B Bray of Turkey were in Quitaque Thursday morning.

Mrs J W Lyon, Sr., who had been ill for several days, was able to be up Wednesday and visit her cafe.

Get the fad and eat with Dad—at Dad's Cafe. Short orders, sandwiches of all kinds, hamburgers. 33tf

W E Lemons and Paul Hamilton were in Memphis Wednesday on business.

Mrs Agnes Donnell Turner of Silverton was in Quitaque Tuesday afternoon.

Mrs Hollis Reavis and children of Childress are visiting relatives here this week.

Mrs. H G Gardiner, Henry Jr. and Emily Margaret are visiting this week in Sherman.

Mr and Mrs Joe Slack of Olton spent Sunday afternoon in Quitaque, Mr Slack attending to business and Mrs Slack visiting Mrs W R Scott.

D M Auburg and family of Gasoline spent the day here Sunday with his parents, F D Auburg and family.

Mr and Mrs Hardcastle and Mr and Mrs Eddings of Turkey attended services at the Baptist church here Sunday night.

Mrs Edna Cox accompanied E M Hatton and daughter to Fort Worth last week end, taking advantage of an opportunity to visit her daughter and new grandson.

Mr and Mrs Frank Jago returned to their home in Santa Fe, N M., last week end, leaving their two children here for a month's visit with their grandparents, Mr and Mrs John Jago.

Tom Ribble of Crowell, Mary Dodson of Knox City and Mrs Sarah S Auburg and Mrs C L Cooper of Turkey spent Thursday of last week in the F D Auburg home.

Mr and Mrs Jim Clifford and daughter, Francis of Childress, former Quitaque residents, were here Sunday visiting Mr and Mrs Delmer Powell.

Mrs H T Drake returned home Sunday from Colorado where she spent some time visiting relatives.

Mrs H G Finley was confined to bed the early part of the week by illness.

Pies and cakes for every occasion—Mity Nice Bread for every meal. City Bakery, Quitaque.

Miss Willie Mae Grundy of Galveston is here visiting her parents, Mr and Mrs I G Grundy.

Mr and Mrs Venus Gillespie spent Sunday afternoon at the natatorium in Roaring Springs.

Mr and Mrs Earl Allred and children spent Sunday with relatives at Albany.

Miss Beth Finley of Shamrock is spending the week here with her grandfather, H G Finley and Mrs Finley.

Mr and Mrs Bert Hawkins were in Silverton Monday to see Sheriff Jake Honea. Mrs Hawkins and Mrs Honea are sisters.

Mr and Mrs Gene Berry and children were in Roaring Springs Sunday afternoon, where Gene and the children went swimming.

Miss Marie Davis of Fletcher, Okla., is here visiting her sister, Mrs Bill Middleton. She is accompanied by a friend.

Mrs Clea Gerdes and small son Gary Dean and Miss Leta Garner of Tulsa visited friends in Quitaque Tuesday.

E M Hatton and daughter Ophelia returned Monday from a trip to Fort Worth and Dallas, going down by way of Abilene to take home his father and mother and Mrs Hatton's sister, Mrs Cober.

Mr and Mrs F B Auburg and family and Mr and Mrs Heburn Handler and family of Gasoline were entertained Sunday night at the D M Auburg home with an ice cream supper.

Mr and Mrs E G Rice, accompanying Mrs Rice's brother-in-law and sister, Mr and Mrs J C Hale of Tyler, left early Monday morning for the mountains of Colorado to spend a vacation. They expect to be gone about ten days.

Miss Jane Scott who has been in El Paso visiting her sister, Mrs Dee Dodson, the past two months returned home Saturday, Mr and Mrs Scott accompanied by Miss Marie Hall driving to Olton to meet her and bring her home.

A very large crowd was in attendance at the fifth Sunday singing at the community house at Gasoline Sunday. An all-day meeting was held with dinner on the ground. Visitors from a wide area were present, the Lubbock quartette and a number of other well known musical organizations appearing on the program.

## To the Voters of Pre. 2

I want to thank you again for the splendid vote you gave me in the first primary. In my campaign for re-election as your county commissioner and solicit your continued support through the run-off primary August 27.

I have no ill feeling toward anyone who did not see fit to vote for me in the first primary, but will sincerely appreciate your support in the run-off and your vote on Saturday, August 27.

THANK YOU

**L. E. GRAHAM**

Candidate for Re-election

Dr and Mrs E C Price returned Sunday night from a month's vacation in the mountains of New Mexico. "Dock" said he didn't get caught up with his fishing, but that he drowned plenty of worms. Most of their visit was spent at Capitan.

Deputy Sheriff A B Ramsey and W R Scott were in Silverton Monday afternoon to see Sheriff Honea, but he having already had too much company and had just fallen asleep Mrs. Honea preferred that he not be disturbed. She reported his condition as considerably improved.

It's the height of something or other when you are called out in the noon hour of a sweltering hot day to walk several blocks to a telephone to receive a message from friends like this "Greeting from the top of Pike's Peak . . ." There ought to be a law agin it.

Bobbie Lee of Austin and Eleanor Len Moore of Childress spent Sunday night here visiting in the Tim Moore home. Mrs Moore, accompanied by Monte Bob and Wanda Lee took the young people to Estelline Monday, returning with her children Monday evening.

Grady Starkey, local manager for the West Texas Utilities company, is off on vacation. His place during his absence is being filled by J B Handley of Childress. Mr Starkey and his children, accompanied by his mother-in-law, Mrs Smith and Miss Wanda Lee Smith of Clarendon, have gone to California to spend about ten days or two weeks.

The State Fair of Texas will return to its former practice of having a formal opening. The Golden Jubilee Celebration will see unveiling ceremonies for monuments to be erected to the memory of the founders of the institution, the men who have carried on during the first fifty years, as a tribute to the Texas press for its aid during these fifty years.

Mrs Buddy Daniels was taken to the Plainview sanitarium Saturday where she entered the clinic and underwent an operation there Monday. She was sufficiently recovered to be brought home Wednesday afternoon, her brother, Clem Woods driving over to Plainview for her and her mother, Mrs P O Woods, who had been there with her.

The Hobby Show, in which both amateur and professional collectors will be invited to exhibit, will be one of the features of the Educational building at the State Fair of Texas. The Educational Building was formerly the Federal Building.

## Sincere Thanks

to the voters of Briscoe county for the splendid vote I received in my race for county treasurer. I fully enjoyed the campaign and appreciate the many new friendships formed over the county as well as the pleasure of contacting many old friends. I want each of you to know personally that I appreciate every thing that was done in my behalf.

THANK YOU.

Mrs. Agnes  
Donnell Turner

# Uncle Sam's "Peace Table" at New York World's Fair 1939

NEW YORK — (Special) — Giant steamshovels are tearing away at the soil and hundreds of men are working on the \$3,000,000 Federal Area for the New York World's Fair where Uncle Sam will preside, figuratively, at a 1939 world peace table that is expected to have a lasting beneficial effect upon international relations.

Uncle Sam will be represented by a huge Federal Building which will be placed at the head of a Hall of Nations, where foreign countries, 64 of which have agreed to participate, will show their official exhibits at the Fair. All the buildings will be grouped

around an enormous parade ground which will be the scene of parades, pageants, drills and other colorful events of a like nature, and where many thousands of Fair visitors will gather on opening day to listen to a speech by President Roosevelt. The architect is Howard L. Cheney.

This structure, which is now being built under the direction of the United States New York World's Fair Commission, will contain exhibits interpreting the background and functions of the legislative, judicial and executive branches of government.

Wallace is Chairman of the Commission and its membership includes Secretary of Commerce Roper, Secretary of Labor Perkins, Senators Wagner and Copeland of New York and White of Maine and Representatives Merritt and Wadsworth of New York and McReynolds of Tennessee.

## "They Act Like Christians"

(By Mable C. Bogan)

I could not go to church some few Sundays ago and I listened to the broadcast of the services of the First Baptist Church of Amarillo. It was an unusual day for the church as they were observing the closing of the second year of service of the pastor and also the eighth year of the organist on that particular Sunday. One of the members gave some beautiful talks about the pastor and his wife and also the organist and his wife. Of course, we know it was about faithfulness and service to their people. They do not fail them or the Lord.

Anniversary days are glorious, and they are hard, too. Too many things to think of and to do right at the right time. After the report of the Sunday School attendance and other things, the pastor said of some people in his congregation a thing, I had rather be said—if it can be truthfully said—than any other words, "She acts like a Christian."

If we are Christians we will act like one. Brother Williams forgot the praise and glories and honors given him and said these words of a family who had moved from an Oklahoma town a few months before. They came and put their membership in his church. Not long after a great tragedy occurred—their home burned. They threw their baby from the burning building and both husband and wife were severely burned. The baby died. The mother was still in the hospital, the Sunday I was listening in, but the husband came to church on crutches that day. His

mother was with him. The pastor said of the family: "They act like Christians." Pastors are proud of their members when they act like Christians. Members can have power when they act like Christians.

People were first called "Christians" at Antioch, one of the early churches. They were people with a determination to be like Christ, study His Word—and do it.

Before the tragedy they had acted like Christians. The church was their place they thought when they moved to the town. When sorrow came, they stood true. I don't know which will test the human strength more—sorrow or pleasure. I guess it depends greatly on the individual's nature. In pleasure we forget to act like Christians sometimes—enjoy self contentment, forget others. In sorrow we feel there is no help. In our human weakness, we can't see why the Lord or the world would deal with us in such a manner and we don't act like Christians then.

In some place Christ was called "The Man of Sorrows." It is enough to make Him a Man of Sorrow to see His Christians serving strange gods today. They are His. They will tell you they are Christians. They go to church—do better than most "Mr. and Mrs. Somebody" but do they act like Christians? I don't know. Read your Bible; judge them by its standards. Then you will know if you believe. If you don't believe it, you are lost. There's no hope for your soul.

Your friend who loves you and who prays for you and has entreated you to be a Christian has done all

he can do but grieve should your soul go out unprepared to meet its God. We feel that maybe we have failed somewhere to do what we should and "Act like Christians."

When the Great Judge tells me He is through with me on the Judgment Day, I hope He can think of me as "Acting like a Christian."

## "Behind the Scenes in American Business"

(By John Craddock)

GRAIN NEWS—The sun never sets on the English flag so widely scattered is the British realm. And it is probably equally true that there is no season of the year when some where in the world men aren't busy harvesting wheat. To the far flung nature of this farming enterprise can be partly blamed a drop of about five cents in wheat prices in the last two weeks. Traders, viewing reports from many countries, place the 1938 world crop at about one billion bushels in excess of normal world consumption. The U S alone may have an export surplus of 375,000,000 bushels. The winter wheat harvest in North America is nearing completion and much progress has been made in Europe. The southern hemisphere will not harvest this year's crop until late fall, and harvesting will continue in Argentina all winter.

BUSINESS—The great unpredictability of business is being demonstrated once again. Customarily July and August are slow months. Plants in some industries, notably auto

manufacturing, shut down for retooling. Factory schedules in other lines are curtailed as workers go on vacation. Not so this year. For an increase in industrial activity the first three weeks of July is noted by the Federal Reserve Board. America's plate glass industry in June, the Board said, nearly doubled its production over May. Iron ore output registered a similar gain. Production of textile mills and anthracite coal mines jumped about 12 percent. Railroads had the best earnings for any month this year.

WHY ACCIDENTS—The automotive industry examined closely last week a series of studies on the relation of car styling to driving safety. Surveys of the cause of traffic accidents shed a constant floodlight of valuable information on the

problem. Yet "sudden death" on the highways takes a bigger toll of lives each year. Why? Arthur W Stevens, of the Society of Automotive Engineers, answers with the statement that many auto accidents are attributable to the faulty styling of modern automobiles, which obstructs full vision. "Stylistic whimsies," he says, are to blame. He urges motor makers to take steps toward: Lowering the hood, raising the driver's seat, allowing larger window areas and constructing thinner window partitions. Mr Stevens says that better visibility is inevitable, because "man for a million years has walked with eyes in the front of his head where they belong, and there is no reason why his car should not be built the same way."

THE FARMER'S BUSINESS OV-

ERSEAS—In the first five months of last year, our corn exports amounted to 11,000 bushels; in the same period of 1938 they totaled 25,000,000 bushels: This dramatically shows the part agriculture is playing in our foreign trade this year. From January through May, 25 percent of all our exports were farm products, as compared with only 17 percent last year. Foreign countries are buying more of our wheat, corn, meat and lard this year.

THINGS TO WATCH FOR—Combination cigarette and match, the match being glued to the cigarette so that when the latter is pulled from the package, a match also is withdrawn. . . "Ice-bags" for trees, to keep them from budding prematurely; a bag of rubber fabric is filled with dry ice and wrapped around the trunk of the tree, thus "freezing" the tree and keeping the sap from flowing. . . A folding porch for auto trailers. . . Combination pencil and calendar, on which the days of the week appear in a "window" in the barrel of the pencil. . . A key container with the index tabs to tell which key opens the front door, garage, etc.

HEADLINES—Electric range sales last year totalled 400,000 units, a third more than the previous year and double 1935—\$350,000,000 a year, or about \$2.70 for each person in the country, is bet through pari-mutuel machines at race tracks.—About one billion square feet of aluminum foil was produced in the United States last year for countless uses from chewing gum wrappers to photographic film.—Forty-four of

## Are You an Ozzie?

At least, Can You Honestly Say You Have Never Pulled an "Ozzie" Stunt?

HARTFORD, Conn. — (Special) — The typical highway killer of 1937, according to The Travelers Insurance Company's analysis of last year's auto accidents was not necessarily a speeder, or a drunken driver or a reckless driver. He wasn't in fact, a chronic or vicious violator of any sort. He was just an average driver, even as you and I, who possessed too much of the attitude that "the other fellow" was always wrong and too little knowledge of the traffic laws and the actual causes of accidents.

To emphasize this thought, we introduce a personification of this average driver in the character of "Ozzie." He's a happy-go-lucky, thoughtless boob, and his antics on the highway provide much amusement while furnishing serious food for thought. He's an exaggerated character

## Highway Enemy No. 1

WANTED. This man responsible for death of 40,300 persons on highways last year. If you should see him, while looking in the mirror, authorities urge you to reform at once.

and no one will like to think of himself as an "Ozzie." But if we're honest with ourselves we may have to admit that the label fits us at times.

Perhaps "Ozzie's" worst fault is his cock-sureness. "It's these beginners that cause all the trouble," you're likely to hear him say. He would be surprised to learn that only three per cent of drivers in fatal accidents last year had less than one year's experience

at the wheel. The other 97 per cent were "experienced" drivers, like "Ozzie," who knew just what to do with their hands and feet but who didn't use their heads. Truck drivers and women drivers are anathema to "Ozzie." We may all be impatient with them

at times, but the fact of the matter is that eight out of ten vehicles involved in fatal accidents are passenger cars, and 94 per cent of drivers involved in fatal accidents are males. The ego of all

"Ozzies" should be deflated when they read these figures.

There's another mistake which "Ozzies" are likely to make. They feel that when visibility is good and the road surface is dry they don't have to be careful. Most of us have learned to fear snow, rain and fog. Driving under such conditions is like groping in the dark and we are cautious. And when the road surface is slippery we tread lightly on the accelerator knowing that speed at such a time may be fatal.

The accident totals show this to be true, for only 17 per cent of all fatal accidents occur during fog, snow and rain; less than 22 per cent occur on wet, snowy or icy roads.

What we must all learn is that a little less speed even under the best conditions is advisable. The Goops probably had as much to do with improving the table manners and drawing room manners of the present generation of adults as any other single factor. It is to be hoped that "Ozzie" may have an equally beneficial influence on our highway manners.

## TEXAS WILDLIFE

BY WILL J. TUCKER  
(Game, Fish and Oyster Commission)

Dove hunters of Texas will not be subjected to a series of conflicting regulations such as confused them last year, the Game Department announced.

Compared to those of last year, the 1938 regulations are fairly uniform.

Combined state and federal laws governing both mourning and white-winged doves provide the following open seasons:

From Sept. 1 to Oct. 31 in the counties of Yoakum, Terry, Lynn, Garza, Kent, Stonewall, Haskell, Throckmorton, Young, Jack, Wise, Denton, Collin and Hunt and all counties north thereof, and the counties of Parker, Tarrant, Dallas, Rockwall, Kaufman, Johnson, Hopkins, Delta and Franklin.

In the remainder of the state the open season on both species is from Sept. 15 to Nov. 15. Below the Texas-Mexican Railway in the Rio Grande Valley, however, only four days of shooting each week during the open season will be allowed—on Tuesdays, Thursdays, Saturdays and Sundays—but this exception is not applicable to Webb and Zapata counties.

The hours for shooting mourning and white-winged doves during the open seasons are from 7 a. m. to sunset.

Neither species may be shot with a weapon other than a shotgun, and it shall not be larger than No. 10 gage. If it is a repeater or automatic shotgun it must be permanently plugged to three-shell capacity.

The daily bag limit is 15 in the aggregate of both mourning doves and white wings. The possession limit is also 15 in the aggregate of both species.

## READY FOR RUN-OFF

G. A. Jerry Sadler, 30, Longview, is the youngest candidate for State office and is opposing the oldest. Sadler fought through a field of veteran campaigners to run a close second to C. V. Terrell, incumbent in the Railroad Commission, who has been in public office in Texas for more than half a century. Sadler's slogan is "Put Sadler in the Saddle," and he is shown here with one foot in the stirrup. Sadler promised a continuation of his same fast and furious campaign methods that enabled him to win a run-off place.

Baiting of doves of either species is prohibited by federal regulations.

Under new federal migratory waterfowl regulations announced recently Texas duck hunters will have a 45-day open season this year compared to a 30-day open season in 1937; and in addition may shoot a limited number of species hitherto protected.

The open season on ducks and geese, Wilson's snipe or jacksnipe, and coot, is from Nov 15 to Dec 29. The open season on rails and gallinules, except coot, is from Sept 1 to Nov. 30.

Not only has the open season on ducks and geese been lengthened, but the possession limits have been doubled.

The bag limit on ducks, except the wood duck, is 10 in the aggregate of all kinds, the same as last season, but the possession limit has been doubled to 20 in the aggregate.

This season hunters may take three canvasbacks, redheads, buffleheads or ruddy ducks in their daily bag, or an aggregate of three birds of the different species. The possession limit for these ducks is six of any single species, or six in the aggregate.

The daily bag limit on geese and brant is five in the aggregate of all kinds, and the possession limit has been increased to 10 in the aggregate.

The daily bag limit on rails and gallinules, except sora and coot, is continued at 15 in the aggregate of all kinds. The possession limit is the same.

Bag limits for some of the migratory birds are: Sora 15; coot 25; Wilson's snipe or jacksnipe 15. In each case the possession limit may not exceed the daily bag limit. A new federal regulation added this year forbids the rallying of coot for hunting.

As was the case last year, waterfowl and coot may be hunted in season from 7 a. m. to 4 p. m. Not more than two days' bag limit of lawfully taken and lawfully possessed ducks and geese may be transported in one calendar week. Transportation last season was limited to one day's bag.

Chief restrictions in this year's federal regulations that have been continued from last year are:

Baiting of waterfowl and doves, and the use of live duck and goose decoys in hunting waterfowl are not authorized regardless of the distance between the bait or decoys and the shooter.

Three three-shell limit on repeating or automatic shotguns, in effect the last three seasons, is continued. Hunters may shoot waterfowl with shotguns only, not larger than No. 10 gage.

Ross' geese, wood ducks and swans are still protected. An eligible unemployed man may receive unemployment benefits for his first "compensable" week. A "compensable" week is the week following the waiting period of not less than two weeks. If he files a claim with the Employment Service after the compensable week, he can expect his first benefits check in from eight to ten days.

## LISTEN TO THIS

BY BEN GOODMAN

Here's a plea on behalf of listeners for radio engineers to quit measuring sound by decibels, soundmeters and give a little more thought to the human ear.

Readers (who are I know the listeners) complain that there are but few things in radio more annoying than listening to programs with mixed talk and music that compel you to jump up and turn down the volume on your set every time someone stops talking and the music starts.

Well, you'll have to argue with the studio engineers about that and it may be a little discouraging—because arguing with a radio engineer is never very satisfying to a layman. Their stand is that the volume is "mixed" in the studio control room to show the same high-point on their indicator for both the sound and music (of course they use more technical terms), and that's that. You might try writing the networks about it. They still listen to the voice of fan mail.

Benny Goodman

Speaking of networks—Columbia and NBC are still battling hot and heavy—and that's a healthy thing for listeners because it means each is attempting to out-do the other in bringing us better programs. Just now CBS is attempting to cut into the great farm audience that NBC has built up during the past ten years with its National Farm and Home Hour. The CBS series is titled, "The Farmer Takes the Mike" . . . Benny Goodman will be awarded a special certificate of civic recognition from the City of Chicago as a native son who has reached the heights of success in his profession . . . The French government is cooperating with one of the networks to make a series of thirty half-hour transcribed programs in this country which will be played over French stations to give the French a "sound picture" of life in the U. S. A.

The printer did things with our title of the "Laugh Limer," that new Billy House smash hit that we mentioned last week, and made it "Life Limer." That isn't far wrong at that, because it certainly is a lifesaver for those who love comedy, and there is otherwise a particular lack of it on the air just now. NBC has a Philo Vance series for sponsorship . . . Rumored that tenor Frank Parker has offers from both Burns and Allen and Jack Benny for fall . . . Joe Penner is conferring with Ripley's former sponsor.

Betty Caine, "Attorney at Law" player, started out to be a private secretary but turned to radio—won both a career and a husband in the airlines . . . Phillips Lord negotiating with Jeanette MacDonald's former sponsor to bring the "Seth Parker" series back to the air . . . Those Raymond Scott novelty compositions on "Vocal Varieties" are winning plenty of applause . . . Fred Waring and Ted Husing got together last week at the eastern golf championships and put on a show with Ted playing the piano and Fred giving a sport commentary . . . Margarette Shanna, "Arnold Grimm's Daughter," tells friends she is an Isaac Walton widow this summer.

Gracie Allen is becoming a song plunger in her own right . . . She introduced four new tunes in as many weeks . . . Paul Whiteman took on the "Modernaires" in golf this week and came out with the low score . . . Now they're calling Dolores Giffen the beautiful arioso . . . Orson Welles' new broadcast has been scaring the control engineers . . . Betty Lou Gerson has introduced a new summer costume in white and Roman stripes—very cool . . . Wonder if those "National Barn Dance" Ranch Boys will do any more riding this summer after completing their horseback trek from Hollywood to Chicago.

## GASOLINE NEWS

ETHEL CARTER

Mrs Thelma Boswell left Saturday with her uncle, Joe Wilson, for a visit with relatives in Amarillo.

Mrs Seburn Neatherlin and daughters of Quitaque spent the week end with Mrs Boone McCracken.

Mr and Mrs Allen Matthews visited Mr and Mrs D A Matthews Sunday.

Lester Monk and Earl Morrison were business visitors in Plainview Saturday.

Miss Grace Swinney of Abilene visited her sister Mrs John Rogers this week.

Mr and Mrs Marion Whittington accompanied J T Whittington to Portales, N M for a week end visit.

Tom Stafford of Roosevelt, Okla., is visiting an old friend, T L Bradshaw, this week.

Misses Ina and Euna Bradshaw, Mrs Hubert Setliff and baby and Murray Morrison visited South Plains Thursday, Murray remaining to work.

Miss Imogene Bedwell is spending the week with Mr and Mrs L A Broxson of Quitaque.

A large crowd attended the Four County Singing Convention here Sunday.

Hazel and Frances Dorsey spent the week end with their parents.

Glynn Morrison who is working at Happy spent the week end with home folks.

Mr and Mrs Virgil Morgan and son spent Sunday with Mr and Mrs Robert Patrick.

Lewis Bedwell is treating his residence to a fresh coat of paint.

Mr and Mrs Henry Finney and Henrietta left Saturday for an extended visit with relatives in Oklahoma.

Mrs Leo Conwell and daughter from Hot Springs, N. M., are visiting her uncle W J Carter and family.

Mr and Mrs Hubert Setliff and baby, in company with Mr and Mrs G A Setliff of Turkey visited relatives at Eldorado, Okla., over the week end.

## GIFT BOOK LURES TOURISTS TO CANADA

The resident of the United States who is planning a vacation "across the line" should write to the Canadian Travel Bureau, Department of Transport, Ottawa, Canada, and will receive, by return mail, a booklet which is a master-piece of travel literature, ranking with the best produced in any country.

This publication which goes by the intriguing title of "Canada Your Friendly Neighbor Invites You" presents some 60 pages of extremely able photographs, coloured plates by well-known Canadian artists and smoothly written, inviting copy. So many spots beckon—so many wilderness roads challenge the imagination—so many national playgrounds send forth their invitation—that it is hard to choose between them.

The brochure with its gay cover is filled with authentic information about the Dominion of Canada and its widely diversified vacation attractions. Without any suggestion of statistics it incorporates a large amount of very useful practical detailed information for the use of the prospective vacationist. In a word, it is both impressive to the eye and informative in regard to the attractions and facilities that Canada offers to summer visitors.

The booklet will be forwarded, free of charge, to anyone asking for it.

The Low Down From Hickory Grove  
Our latest slogan, it is lending and spending—sounds great. But from the little I savvy about it, I do not know any place where you can go broke quicker than by lending—except it is spending.

And our old ideas of saving 10c for a rainy day, it is now next to illegal. And for our old age, we are to lean on Social Security. Slogans are our dish.

And maybe you have an off-spring or 2 around the house, and they do some goofy things and get into jams and one thing and another, and you almost think they are hopeless, sometimes. But they are amateurs

So simple  
it lasts  
longer

\* A tiny gas flame, does all the work of keeping your GAS REFRIGERATOR properly and accurately cooled. There is no motor, pump or machinery. Simple, isn't it? And that extreme simplicity explains why the GAS REFRIGERATOR lasts longer . . . and costs so much less through the years.
