State Traffic Police Devise Questionnaire

A couple of state highway patrolmen descended upon Quitaque early Sunday evening and created quite a furore among the citizens who happened to be at large—especially those with vehicles with insufficient lights and brakes.

One citizen was arrested for "parking" on the highway when he stopped to retrieve the cap which had fallen from his radiator. This little retrieving job cost him \$14—he being the only person fined out of a half dozen or more who received a "jacking up."

The patrolmen stated that they will make regular visits to this area—at un stated intervals—and that vehicles using the highways must be adequately lighted and otherwise in proper condition for safe driving.

Austin—State police traffic experts have devised a questionnaire from which drivers may determine their individual qualifications for operating vehicles in a safe manner.

Ten questions relating to basic causes for most accidents on streets and highways were listed by traffic research officers so that drivers may correct their errors. Each question counts 10 points if answered in the affirmative, with 10 points discount for negative answers. If your grade is between 90 and 100 you may consider yourself an excellent driver. A grade between 80 and 90 classes you as a "fairly good" driver, but if your grade is below 80 you are a menace to traffic safety and should correct your faults, state police warned.

The questions are:

1. Do you use proper arm signals when turning or stopping?
2. Do you always drive within legal speed limits?
3. Do you always refrain from passing other vehicles on hills or curves?
4. Do you bring your vehicle to a complete halt at traffic STOP signals?
5. Do you observe right-of-way rules at intersections?
6. Do you always park your vehicle so that it does not obstruct traffic?
7. Do you dim your lights at night for oncoming vehicles?
8. Do you always drive on the right side, not too near the center stripe?
9. Do you regularly inspect lights and other mechanical parts of your vehicle?
10. Do you drive in the same manner under supervision of a traffic officer as you do when he is out of your view?

GOOD CROWD AT CHURCH PARTY LAST THURSDAY

The Women's Missionary Society of the Methodist church entertained both young and old members at an informal social on the church lawn Thursday evening. Miss Johny Womack, in charge of recreation, directed some 50 or 60 members of the church in an hour of lively games and stunts, after which cake and ice cream was served by the ladies of the church.

Before departing, the group all joined in group-singing of songs "old yet still new."

At The Methodist Church

Mr John Forbes of Wellington, Texas, will be the speaker at the morning hour. He is one of the associate lay leaders of the Clarendon District. You will want to hear a layman speak out of his heart a message of conviction. I have heard Mr Forbes speak at several services and you will be delighted with his message.

For the evening service Mrs Price's Sunday School class will direct a song service and program of hymn interpretations, giving the historical background and spiritual significance of the songs that are sung.

Rev. G L Keever

Mr and Mrs E A Nichols of Wichita Falls accompanied by her brother, W A Fine of Wichita Falls, and sister, Mrs Earl Figert of Altoona, Penn., arrived Saturday for a visit with Mrs Edna Cox and Mrs Ida Nichols. Mrs E A Nichols will remain here for awhile hoping the altitude will be beneficial to her health, the rest of the party returning to Wichita Falls Sunday.

Will Rogers Highway Celebration at Amarillo

Amarillo, Aug. 10—With tolerant approbation, the great expansive spirit of America's beloved plainsman-philosopher will be looking down on the highway celebration here next Monday, Tuesday and Wednesday.

That is the belief of Mrs Will Rogers, his widow, who will be here. In the pioneer parade, one of the features of the fête to dedicate the Will Rogers route, U S Highway 66, old friends of the humorist-humanitarian will reverently behind the empty-saddled "Soapsuds." The favorite mount of Will Rogers, being sent here by the widow, will appear in the parade at 11:30 a m Monday and Tuesday afternoons and in the spectacle on Butler Field each of the three nights at 8:45 o'clock.

Donald Nevis, screen, stage and radio actor; Leo Carillo, cinema celebrity; "Tex" Ritter, cowboy crooner and other Hollywood notables will be aboard the special chartered airliner, which will arrive here early next Monday.

Governor Alfred of Texas, Governor Tingley of New Mexico and perhaps Governor Lloyd Stark of Missouri will attend. W Lee O'Daniel (Pass the Biscuits Pappy) has been invited.

Among the bands and delegations from the Great Lakes to the Pacific Coast will be the famous Kilties of Oklahoma City.

"Old Southwest Days" an historical spectacle, described as a million dollar show for 50c, will be the big feature of the celebration.

Colorful costumes, elaborate electrical effects, stupendous stage settings and a cast of more than 1,500 will be used to tell the Southwest's story, through which will be woven interesting incidents in the career of Will Rogers, once a cowboy on the plains of Texas.

Dignified business and professional men of Amarillo are in colorful costumes for the celebration. Those who are not, get "dunked" in a cat-tile tank until they admit they are "all wet" and start wearing "loud" shirts and 10-gallon hats.

Besides the parade and show, there will be a free barbecue Tuesday evening for old settlers of the Panhandle-Plains, polo games and cowboy pony races at 3 o'clock each afternoon on the Tri-State Fair grounds.

Mr and Mrs Henry Hamilton and family left Sunday for a vacation in East Texas. They will drive to Tyler for Miss Iva Hamilton, who is attending business college there, and then on to San Antonio and Galveston before returning home. Miss Iva will come home with them for a visit before returning to Tyler.

Mrs E E Berry and children and Mrs C R Badgett went to Lubbock Sunday to visit relatives, planning to return home Tuesday.

Preacher and Wife Get Real Pounding

Prayer meeting at the Baptist church Wednesday night developed into quite a party before the evening was over.

The ladies of the church planned a social hour in connection with the usual Wednesday evening services and with the assistance of the intermediate girls served ice cream and cake.

The high spot of the evening came when the pastor, Rev Smith was asked to go to the primary room where a couple was waiting to be married. The couple was there—not to be married, but to present him with a huge "pounding." The pastor and wife, with the assistance of George Owen's truck, moved the presents, which included everything to eat or to wear or to use in the home (even the cat was remembered) to the parsonage where the bounteous offering is spread for the recipients to enjoy.

School Bus Drivers Named Monday Night

The school board met Monday night and elected or hired drivers for the school buses for the coming term. Those chosen were C E Wise, Clarence Redden and T B Hawkins. Bus drivers for the last term were C E Wise, L R Wakefield and O D Lowry, the latter being principal of the grammar school and driving the bus in addition to his classroom duties.

This year the board decided to make the principal's job and that of school bus driver two distinct and separate jobs, which is very commendable. During bad weather such as was experienced last winter the principal (or any teacher) should be with his classes rather than stranded somewhere on the bus route with a number of school children of various ages and members of several grades.

BRIDAL SHOWER HONORS MRS A. L. MORRIS

Mrs J W Lyon, Sr. and Mrs J C Rhoderick were hostesses Friday afternoon from 4 until 6 o'clock at Mrs Lyon's home to a bridal shower honoring Mrs A L Morris.

The guests were asked to sign the register which was in charge of Miss Lorene Rhoderick, and view the gifts displayed in the bedroom. About thirty-five called and were served refreshments of f cookies and punch by Miss Evelyn Messimer and Mrs J W Lyon, Jr.

Ray Hutcheson, Miss Stevens and Aaron Hunter of Pampa came in Saturday to spend the week end with Ray's parents, Mr and Mrs O E Hutcheson. Ray's little daughter, Billie Raye, accompanied him back to Pampa Sunday night to spend a few days visiting.

County Officials Actors In Real Western Show

The county commissioners' court met Monday in regular session and checked the current monthly expenses, or bills due. Following this they enjoyed a miniature moving picture show where the actors were all home-talent—the members of the court, plus Sheriff Jake Honea as the hero, with the manager, assistant manager and all the cowboys of the JA ranch as the actors. An excellent picture and one of the best (the very best to us because we knew all the actors) "westerns" we have ever seen.

Jake Honea, despite his bent for gun-toting as sheriff, is one of the best riders and ropers in these or any parts. Jake with his never-failing lariat kept the branding crew busy during the whole time until the last calf was branded—about 300 of them.

During the whole branding process Sheriff Jake was continuously roping and bringing in his calf. In fact, he never threw the second loop—each throw found its mark on one of the rear legs of the desired animal. His average for the day was about 3 to 2 over the best ropers in the outfit.

The comedy part of the picture (or roundup) was when L E Graham and Mr Hill, both county commissioners, lent their assistance. The roper dragged the calf into the fold and the gentlemen named grabbed hold. Well, there was lots of calf energy in that small calf so he shook off his adversaries—all except Graham—and started for the widest open spaces on the range. But this fellow Graham is not easily dislodged or side-tracked, whether fun, frolic or business; so as the recalcitrant animal shook off all "entangling alliances" Mr Graham used that last alternative and grabbed the calf by the tail. After something like 50 or 100 yard run the calf (or yearling) won the argument. And if you never saw Lewis Graham speeding across barren country at the end of a yearling's tail, you haven't witnessed real comedy.

Judge Coffee has a miniature motion picture machine and a camera for taking the pictures. He put his equipment into service during the JA roundup with the above results. However, Judge Coffee is not to be seen anywhere near a cow, calf or the other parent.

Judge Coffee says that he intends to show these "takes" at some gathering here at some time in the future.

Mr and Mrs W A Smith and daughters, Violet and Lillie Dean of Gasoline and Mr and Mrs Clarence Smith and son, Kenneth of Hanford, Cal., Mr and Mrs Guy Smith and children of Turkey, Mr and Mrs Des Smith and family of Plainview, Cecil Smith of Hansford, Miss Avis Childers of Tulare, all visited in the home of Mr and Mrs Chess Smith of Amarillo Wednesday.

Quitaque Schools To Open September 5

The Quitaque schools will open Monday, Sept. 5, according to Supt. E W Scheid, with six new members on the faculty.

A new course is offered this year with the addition of vocational agriculture to the regular curriculum. Last year a homemaking department was added. New courses, larger enrollment and better equipment each year marks the steady growth of our local school.

With the resignation of O D Lowry who was principal of the grammar school for the past six years, a new man will serve in that capacity. However, this place is yet to be filled.

Other new members of the grammar school faculty are Miss Sybal Hazel of Spur and Miss Agnes Cottingham of Canyon. Miss Margaret Bergner of Texoma, Okla., Mrs Dorra Hawkins, Quitaque and Miss Mary Lee Cooper, Canyon, will return for another year's work.

New teachers in the high school are Raymond King of Floydada, vocational agriculture; Miss Helen Allen, Lubbock, homemaking; and R B Street of O'Donnell, math. Sammy Bryan of Ralls did a good job of coaching last year and will renew his efforts in that line again this year and also have charge of the commercial department. Miss Lois McCaslin will teach English again and Mrs E W Scheid science.

Local Couple Marry At Childress Friday

Miss Maxine Gilmore of Quitaque and Jesse Ray Jones of Turkey, were married at Childress last Friday afternoon, the pastor of the Central Christian church reading the ceremony at his home.

The bride is a daughter of Mr and Mrs Harry Gilmore, living two and a half miles north of Quitaque, while the bridegroom is a son of Mr and Mrs Leath Jones, living near Turkey. The newlyweds are living at present on his father's farm where he is making a crop. They are very popular among the younger set both in Quitaque and Turkey.

They were accompanied to Childress by Misses Mildred Gilmore, Pauline Curtis Betty Turner and O C Love and J R Lusk of Quitaque; Curtis Huffman, James Faulkner and Virgil George of Turkey.

CONTROLLED GRAZING BENEFITS RANGE LANDS

Amarillo—Controlled grazing is doing much to improve the grass stand on Texas Panhandle range land which has been subject to damage from drought within recent years, Soil Conservation range examiners report.

Ranchers have observed that where the range is overgrazed and trampled by livestock the pastures are unproductive and the grass stand remains poor. On the other hand, many ranchers are finding that their pastures are improving rapidly where grazing is rotated and the grass is allowed to seed.

Where the grass is permitted to go to seed every two or three years, ranchers are observing that the plants are being strengthened and become more dense.

Dense grass growth is being found effective in preventing loss of water by run off, checking of gullies, and stopping loss of soil. Tests on Soil Conservation Service erosion control demonstration areas in the Texas Panhandle show that water from the spring rains penetrated to greater depths on pasture land where grass growth was maintained after being allowed to seed during the 1937 growing season than on areas where the grass was grazed off.

Every effort should be made to maintain a good grass stand at all times, the Service range examiners say. It is pointed out that early spring grazing often damages grass that is short and thin and prevents production of sufficient forage for the number of livestock being carried on the pasture.

By practicing rotating grazing, ranchers are finding that they not only can maintain a good stand of grass, but increase the actual grazing capacity of their pasture.

H B Finney returned home Wednesday from a trip to Oklahoma.

Highway Meeting At Dimmitt Tuesday

An enthusiastic meeting of county judges, commissioners, business men and farmers of five counties met Tuesday afternoon in the County court room at Dimmitt in the interest of securing highway improvement for this section of the Plains.

Judge W Coffee, Jr. of Silvertown presided, Postmaster Willis Walker of Turkey read the minutes of the last meeting which was held at Tullia. Reports of street and road improvement at different points were heard and talks were made by men who are acquainted with the road needs of this section by their close touch with the agricultural and business development.

A motion was made, and carried that Judge B C McCasland of Swissler county draft resolutions to be sent to Congressman Marvin Jones, commending him for his efforts in behalf of the farmers of this section and asking him to use his influence to use the farmers in road construction, that they might earn the relief they are sure to need.

Definite assurance that highway 86 will be hardsurfaced was heard with applause.

The next meeting of this body will be held in Farwell at 2:30 Tuesday afternoon after the second Monday.

Those present were served ice cold watermelon at the city park. They were R H Butler, Wichita Falls; Willis Walker, Turkey; J R Foust, Bryan; Mayor Ward Golden, J J Albright, Judge Percy Estes, J G Davis, T A Singer, Ray Cowsett, Harold Gladman, Jeff Waldrup, G P Nash, P H Dyer, Donald Usry, George Blanton, C G Mapes and C O Burnes, Dimmitt.

Baptist WMU Circles Meet for Bible Study

Circle No. 2 of the Baptist WMU met Monday afternoon at the home of Mrs W Q Jacks with nine members present. The lesson on Bible study was led by Mrs H G Finley. At the close of the meeting the hostess served lemonade and cookies.

Circle No. 1 of the Baptist WMU met with Mrs H E Berry as hostess. Mrs Ray Persons led the Bible lesson from II Chron. 20-25.

The hostess served refreshments of punch and cake to the following members: Mesdames J N Hamilton, Ray Persons, W F Brittain, Jimmy Baird, Roy Burgess, Dunavant and Butcher.

Mrs C B Lewis will be next hostess to this circle on Monday, August 22.

FLOYDADA SOFTBALL TOURNAMENT BEGINS AUGUST 15

Floydada—Entries received Monday from thirteen softball teams for the district tournament to be held at Floydada beginning Aug 15 are as follows:

Silvertown, Dickens, Cone, Plainview (Cloverlake Creamery), Plainview Lions, Ralls, Floydada (Piggly Wiggly, Penney), Floydada (Oden Chevrolet Co.), Girard, Childress, Spur, Petersburg and Estelline.

Other entries are expected in today's mail.

The Cone, Ralls, Silvertown and Petersburg tournament teams have games scheduled with Floydada for practice this week. Much interest is being aroused by the exciting games.

The Roaring Springs swimming pool, a surprisingly lovely spot in an arid country, attracted quite a number of Quitaque folk Sunday afternoon. Mrs Scott took a car full of girls down for a swim and felt very much at home as folks were recognized from Gasoline, Turkey, Fairmont and other nearby places came driving up for a swim and to enjoy the cool breeze and green grass. An ideal spot for an outing.

Misses Mary Jo Smylie and Rena Persons and Mrs Amos Persons and Barbara Jo Persons were in Amarillo Monday, Barbara Jo remaining for a visit with her aunt, Mrs Burdine and cousin, Mrs Teed.

**Quitaque Whitewashed
Whiteflat Here Sunday**

Quitaque whitewashed Whiteflat
nday afternoon, the score being
to 0. It was a good ball game de-
te the one-sided score with plenty
action featured by some excellent
lding—and some not so good.

Browning started in the box for
itaque and after seven innings
ned the task over to Bill Walker.
Bill Slover pitched about the same
number of innings for the visitors
before relinquishing the task to a
relief hurler.

This Browning boy really had a
day Sunday, getting four hits and
scoring three runs in five times to
bat.

Even "Old Folks" Womack had a

perfect day on second base without
an error, and was the pivot in a dou-
ble play. He also had a "perfect"
day at bat without a hit. Pete made
a running catch that required a cou-
ple of somersaults before he could
stop.

Blankenship, who took Tunnell's
place at short in the fifth inning
came through with some nifty ball
playing, handling several chances
perfectly and getting two safe ras
out of three times up. This boy has
had a hard time getting started this
season, but he really found himself
Sunday.

Byron Wise is having foot trouble,
or something, as he seems to be un-
able to keep his foot on first base
when he takes a throw. Two men ar-
rived there safely Sunday from this
cause.

All in all it was a good game, but
there was just too much Browning
for the visiting batters. The score:

HOUSE JOINT RESOLUTION
proposing an Amendment to Article
XVI, Section 1, of the Constitution
of the State of Texas; changing the
form of the oath of office for mem-
bers of the Legislature and all offi-
cers of the State of Texas; provid-
ing for an election upon such Consti-
tutional amendment, and making an
appropriation therefor.

**BE IT RESOLVED BY THE LEG-
ISLATURE OF THE STATE OF
TEXAS:**

Section 1. That Article XVI, Sec-
tion 1, of the Constitution of the
State of Texas be amended to here-
after read as follows:

"Article XVI, Section 1. Official
Oath. Members of the Legislature,
and all officers, before they enter up-
on the duties of their offices, shall
take the following Oath of Affirma-
tion:

"I, _____, do solemnly swear
(or affirm), that I will faithfully ex-
ecute the duties of the office of
_____ of the State of Texas, and
will to the best of my ability pre-
serve, protect, and defend the Con-
stitution and laws of the United
States and of this State; and I fur-
thermore solemnly swear (or affirm)
that I have not directly nor indirec-
tly paid, offered, or promised to pay,
contributed, nor promised to con-
tribute any money, or valuable thing,
or promised any public office or em-
ployment, as a reward for the giving
or withholding a vote at the election
at which I was elected. So help me
God."

Section 2. The foregoing Consti-
tutional Amendment shall be sub-
mitted to the electors of this State,
qualified to vote on Constitutional
Amendments, at an election to be
held throughout the State on the
first Tuesday after the first Monday
in November, 1938, at which elec-
tion each ballot shall have printed
thereon the words:

"FOR the Amendment of Article
XVI, Section 1, of the Constitution
of the State of Texas, changing the
form of oath of office for members
of the Legislature and all officers of
the State of Texas."

"AGAINST the Amendment XVI,
Section 1, of the Constitution of the
State of Texas, changing the form
of the oath of office for members of
the Legislature and all officers of
the State of Texas."

Each voter shall scratch out with
pen or pencil the clause which he
desires to vote against so as to in-
dicate whether he is voting for or
against said proposed Amendment.

Sec. 3 The Governor of this State
is hereby directed to issue the nec-
essary proclamation ordering an
election in conformity herewith to
determine whether or not the pro-
posed Constitutional Amendment
set forth herein shall be adopted, and
the Governor shall have the same
published as required by the Consti-
tution and laws of this State.

Sec. 4. The sum of Five Thousand
Dollars (\$5,000), or so much thereof
as may be necessary, is hereby ap-
propriated out of any funds in the
Treasury not otherwise appropriat-
ed, to pay the expense of such publi-
cation and election.

The above is a true and correct
copy. Edward Clark, Secretary of
State.

plantings should be located where
additional water can be provided.
Run-off water from fields and roads,
diverted to the sites and then held
there by means of small terraces,
soaks into the soil to encourage vig-
orous tree growth.

Location of tree sites where the
benefit of additional water may be
provided, careful cultivation of the
ground before planting, fencing to
prevent damage by livestock, pro-
tection from fire, and frequent cul-
tivation to keep down weed growth
all aid in assuring success of tree
planting in this semi-arid area, the
Soil Conservation Service Forester
declares.

Species best adapted to climatic
conditions in this region are the
Chinese elm, red cedar, thornless lo-
cust, Osage orange, black walnut
and others.

Where proper care has been given,
many trees have attained growth of
from 10 to 12 feet within three years
it is reported.

The Low Down From Hickory Grove
I do not know whether you are a
democrat or a republican, or what,
but you gotta hand it to the democ-
rats for being on their toes.

And no sooner did Mr Ringling
close down his circus there in Penn-
sylvania, not long ago, than the de-

mocrats, they hustled themselves a
10-cap train and lit out across the
country.

And if you are not biased, you will
have trouble tellin' which is the best
show on earth, or the biggest, or who
can out-do the other, for fun and
amusement. It is a tight race, but
Mr Ringling and Mr Barnum, I reckon
they should have the most credit
—they thought up the idea.

This country she sure likes cir-
cuses—and any country doing so, it
is O K. But when the big show is over—
and we stay for the concert, and
our pocket is empty, and we amble
home and back to work, we swear-
off for evermore—until next year.

Yours with the low down,
JO SERRA

American Business"**

(By John Craddock)

BUSINESS—Construction of
small homes is setting the pace for
other industries in the general recov-
ery movement which continues unab-
ated, according to reports from
many parts of the country. The Fed-
eral Housing Administration report-
ed a 100 percent gain in mortgages
selected for appraisal in July over
the month last year. Meanwhile, Amer-
ica's mills and factories registered
an estimated five per cent increase
in production activity for July com-
pared with the previous month. Us-
ually there is a decline during July
and August from spring levels. En-
thusiastic approval last week of a
"great national retail demon-
stration" by members of the National
Retail Dry Goods Association assures
a forthcoming event which should be
of great interest to consumers. The
retail industry, third largest in the
nation with annual sales volume of
40 billion dollars and employing
3,500,000 persons, will set aside one
week in September for stores all over
the nation to unite in dressing up
for public inspection.

WASHINGTON—About this time
of year merchants and jobbers in
every section of the country take in-
ventory of goods on hand, and scan
the business skies for possible signs

of now much stock they should ly
in for fall and winter trade. The U S
Department of Commerce here, fol-
lowing the same procedure, has just
issued its mid-year report on con-
sumers' goods inventories. The re-
port says that stocks on hand have
returned to normal. The large quan-
tity of merchandise which accumulat-
ed during the latter part of 1936 and
1937, says the report, has been gradu-
ally liquidated. Pointing out that
retail sales during the first six
months of this year were about 15
percent under those for the same pe-
riod of 1937, and about five per cent
below 1936, the report concludes that
this trend seems to have run its
course, and that a continued im-
provement in sales is in prospect.

WAR SCARE—Hoarding of gold
on a widespread scale has cropped
out again in Europe where there is
general demoralization of sentiment
as a result of the new Far Eastern
crisis. Should Russia and Japan go to
war, it is felt that Hitler might con-
sider it an opportune moment to
press his ambitions in the rich agri-
cultural land of Ukraine, now a part
of the Soviet Empire. Competent
American and English observers,
however, are guessing that the
threatened Russo-Japanese conflict
will not go beyond the present bor-
der sniping stage. They point out
that stalwart China at the expense
of much suffering and hardship
among its civilian population has
very much weakened Japan during
a year of stubborn resistance to

This Family May Soon Move to Austin

A typical young American family is that of Gerald C. Mann of Dallas, whose address may be Austin, Texas, in the near future. Gerald Mann is waging a run-off campaign for the office of Attorney General. In the first primary Mann was given 316,000 votes by Texans. Mrs. Mann is the former Miss Anna Mary Mann of Sulphur Springs. The children are Gerald, Jr., aged 8, and Lola, aged 6. The picture was taken at their Dallas home, near S. M. U., where Gerald Mann made an outstanding record in scholarship and athletics.

UP THE LADDER TO FAME

NEW YORK—It took Ross McKee of the New York Daily News 35 minutes to climb to the top of the 700 foot Trylon on the grounds of the New York World's Fair 1939. Once up he squeezed out on a 14-inch ledge and took panoramic pictures of the Fair grounds and snapshots of the giant 200 foot Perisphere, the framework for which is nearing completion.

McKee was the first cameraman to accomplish this feat. He followed in the footsteps of steel "birdmen" who had just planted the U. S. flag, marking the finish of the steel frame of the Trylon.

These two structures will be covered with stucco and, as the Theme Center of the Fair, will set the pace for the \$150,000,000 Exposition.

Gasoline Walloped the Matadors Sunday Aft.

The Gasoline ball club journeyed over to Matador Sunday and walloped the Ranch Hands of that place 9 to 3, the Gas boys playing errorless baseball.

P. John Monk did the pitching chores for Gasoline and yielded nine hits to count three runs while Gasoline was running up a total of 14 hits which netted them nine tallies.

Gasoline took along only nine players, so naturally each had to play his position as no relief players were available.

Edd Morrison, the father of baseball at Gasoline, led the youngsters in the work with the hickory, getting three hits out of four times at bat and scoring one run. Glenn Morrison led the team in scoring with two to his credit. Fish seemed to be the pet of the Matador pitcher, receiving three free passes to first.

Martin Thrasher got two hits but was the only player on the Gasoline club failing to tally. The score:
