Basketball Practice Started Here; First Game Only Two Weeks Away

Basketball practice started in the Quitaque School system Tuesday for the High School teams as well as in Junior Hi.

Coach Gene King reports that he is sending his charges through long, daily workouts in preparation for the October 18 opener against Samnorwood.

Coach King reports that nearly all of the girls in High School have turned out to try to earn a spot on the Pantherette squad. Competition for positions on the girls team could turn out to be very spirited since the Pantherettes were hard hit by graduation and several spots are up for grabs.

One thing Coach King is blessed with this year is height. He could field a team that would probably top any girls team in the area, but the trouble is that his tallest girls are freshmen and are not experienced enough yet to start. Some of them might break into the lineup before the season is over, however.

The Panther squad is another story, and one that would make any coach smile a bit.

Coach King reported that he has 15 boys out for the varsity this year and included among those 15 boys are 4 of the regulars off the team that last year won district and bi-district honors. In addition to the four regulars, Jack Johnson Jim Saul, Terry Woods and Bobo Morrison, Coach King also has three other boys who saw a lot of action all season and they will be battling for a starting spot. They are Phil Barefield, Carl Wayne Woods and Butch Brown.

A very attractive schedule has been lined up for the season, a season that might turn out to be one of the most successful ever enjoyed here, and there have been some pretty good ones in the past.

Jarrell Rice, Junior High coach, has also started working his teams but he has not lined up a schedule yet and the date of their first games are not yet known.

Mr. and Mrs. Boone McCracken and Mrs. C. M. Wells were in Plainview window shopping Wednesday of last week.

The 23-year-old soldier entered the Army in May 1963 and completed basic training at Fort Polk, La. He was graduated from Quitaque High School in 1958.

Senior Class To Present Play

The Senior Class of QHS announce that they will present their play, "A Pair of Country Kids" on Friday, October 11. Don't miss it!

TRANSIENT CLASSES STARTED HERE THIS WEEK

Supt. Johnny Mason announced this week that the Special Transient classes have started in the local school system.

The schools system has applied to the U. S. Department of Labor and the Texas Education Agency for approval of the classes and Supt. Mason has said that he feels sure that the approval will be granted just as it has in the past. The classes became necessary earlier than in the past and that is why they were started before the approval came from the above named agencies. Twenty-two were enrolled in the special classes Monday.

The special classes are held from 7:00 A. M. to 1:00 P. M. Mr. Mason said that he is sure that all farmers are familiar with the laws that say a child of school age must attend school before he is eligible to work. When a child attends classes he is given a slip of paper showing that he has attended classes that day. If a child does not have that slip, then he is not eligible to work that day.

Mrs. Dick Bomar and Mrs. Freeman Tate of Silvertown were business visitors in Quitaque Tuesday morning.

Water District Holds Meeting In Childress

Members of the Upper Red River Flood Control and Irrigation District met in Childress last week with Judge Otho Dent, member of the Texas Water Commission, Marvin Sherbet, a member of the Texas Water Development Board, and State Senator Andy Rogers.

The meeting was held in the office of C. C. Broughton, president of the District.

Judge Dent told the group that the "state of California feels that water impounded for recreation is worth seven times as much as water impounded for irrigation.

"Texas has not recognized that fact but is coming to realize more and more the importance of impounding water for recreation."

The feasibility of extending the district, which now includes Childress, Hall and Briscoe Counties, to the New Mexico border or to where it will include all of the waters on the Prairie Dog Town Fork of Red River from the Panhandle was discussed.

It was reported that the Bureau of Reclamation was interested in the District being maintained because of the pollution and siltation the river causes to Lake Texoma. The lake has lost 20 percent of its storage capacity because of siltation.

"We feel that all of the waters of the Prairie Dog Town Fork will be impounded within the next 15 years to control the pollution and siltation," Broughton said.

Members of the District are Broughton, O. R. Stark, Jr., Quitaque; Carl Hill, Parnell; Fred Mercer, Silvertown; O. E. Bevers, Lakeview; Arville Setliff, Turkey.

Mr. and Mrs. Vance Robison, Vanessa, Valerie, and Vonacell; Laqueta and Stephanie Chadwick; and Mr. and Mrs. Guy Smith of Turkey spent Sunday in Plainview, guests of Guy Paul Smith and his family.

Punt, Pass, And Kick Competition Local Boys Invited To Enter Ford's

Quitaque area boys, ages 8 through 11 can enter the annual National Punt, Pass and Kick Competition, with prizes and trophies for youthful football enthusiasts most skillful in punting, passing and kicking (using a kicking tee) footballs.

Registration headquarters is Stephens Ford, Silvertown, where entries will be accepted until Friday, October 11. Entrants must be accompanied by a parent or guardian; the competition is free to all grade school boys 8 through 11, and no special equipment is needed. There is no body contact involved.

Winning here in Briscoe County might mean a trip to the White House, then on to Dearborn, Michigan, and then an appearance at the National Football Championship game for the top eight winners.

Sponsored nationally by the Ford Division of Ford Motor Company and the National Football League, the Punt, Pass

& Kick Program — or PP&K — will be staged in Silvertown by Stephens Ford.

Quitaque youth will be tested for their ability to punt, pass and kick (using a kicking tee) footballs on the same day as thousands of other boys all over the country with warm-up jackets, football helmets and autographed footballs to be given as first, second and third prizes for each age group or four top local winners in all. Scores throughout the state then will be compared to determine the most skillful eight, nine, ten, and eleven-year-old fledgling football stars in each of the areas covered by the telecasts of the 14 National Football League teams.

Area winners and their fathers and mothers will receive all-expense paid trips to a National League game in their area, and will compete during half-time to determine the four top Eastern Division winners and four top Western Division winners. These eight boys, accompanied by their parents, will visit Washington, D. C., where they will tour the White House. They will then travel to Dearborn, Mich. and tour Greenfield Village. The entire group will then go to the site of the NFL Championship game for half-time competition to determine the 4 National winners.

Homer Stephens, owner of Stephens Ford in Silvertown, pointed out that there is no body contact in the competition, no charge for entering, and no special equipment needed. "Registration will be open until October 11," he said, "and Stephens Ford is the registration headquarters."

"In 1962, the second year of the PP&K Program, 431,921 boys entered the competition," he said, "and President Kennedy said 'Programs of this type will enable our youth to build the energy and strength that is their American heritage.'"

Mr. Stephens said entrants will be judged on the distance and accuracy of their punting, passing and kicking (using a kicking tee), with points awarded for each foot of distance the ball travels on the fly and subtracted for each foot the ball lands to the right or left of a center line. The Silvertown competition will be held at the football field there on October 12.

CONGRESSMAN WALTER ROGER'S WASHINGTON REPORT THE CANADIAN WHEAT DEAL

A call is being made by some Americans for a re-examination of United States export policies in the wake of Canada's half-billion-dollar sale of wheat to the Soviet Union. Strictly from a business standpoint the deal was a good one for Canada; the Canadians will receive good, hard currency—not soft Russian rubles—just as they're receiving good, sound dollars in their \$700 million past and future grain deals with Communist China. Strictly from a business standpoint, Canada's deal makes it possible to move more of our own wheat into world markets—some of it to Canada itself to replace depleted reserves.

But business is not strictly business where the Communists are concerned. Despite talk that Canada's deal amounts to a political setback for the Soviets, whose agricultural failures are thus pointed up for all the world to see, the deal can only strengthen the economic position if the Soviet and its Iron Curtain satellites—and Cuba. The Soviets have plenty of gold. They can afford to part with some of it in exchange for the grain they must have if Russians

and satellite peoples are not to become restive.

Food is as much a weapon in the Cold War as is the military. It is a cruel fact of life in the modern world that warfare—hit or cold—involves the total commitment of national resources, populations as well as industrial and agricultural capacities. The current phase of the East-West conflict amounts to an imposing test of the abilities of two opposing systems to provide for the well-being of humanity. Our conviction, and certainly that of the Canadians, is that freedom under democratic government is the best way for man to attain his material and spiritual goals. The Communist belief is that state supremacy through totalitarian control is the only course through which man can attain an abundant, if soulless, existence. The conflict between the two systems will continue through the foreseeable future, and as it goes on the capacities of the Free and Communist worlds to provide for their peoples will continue to be tested.

Some argue that for humanitarian purposes we should modify our export policies to sell foodstuffs to Iron Curtain countries, including the Chinese Communists. It is an appeal that bypasses the dominant fact that these nations are bent on the destruction of free men and their governments, including the United States.

At the moment, the United States—in assessing Canada's action—is in the same position as would be a sporting goods store owner who sees his competitor across the street sell a basket of revolvers to a gang of known criminals. We wish we'd gotten the dollars in our till, but we know the effect of the sale may be to hasten the day that the gang returns to stage the promised holdup.

I regret that the Canadian government can't see that point. And I trust our own government, despite our wheat sur-

plus and balance-of-payment problems, will not lose sight of it.

I SAY YES! TO AMERICA Letter Contest Winners

Appearing below are the names of "flag"—first place—winners in the contest I announced several weeks ago. The purpose of the contest was to encourage thought on the meaning of America and to encourage expressions of patriotic conviction. I went over the letters with several of my colleagues in Congress. They were deeply impressed by the sincere words of the fine Panhandle folks who wrote, and they helped to select the flag winners. There are four winning letters and I will place them in the Congressional Record so that many other Americans may see them. I only wish that it were possible to place all

THE QUITAQUE TRIBUNE — THURSDAY, OCTOBER 3, 1963

of these fine letters in the Record but space would not permit.

To each of the following Panhandle residents I am sending a C. S. Flag once flown over the Capitol:

ADULT DIVISION: The Rev. Lloyd M. Hearn, Pastor, The Methodist Church, Tell.

SENIOR HIGH DIVISION: Miss Shilda Richards, 1031 Pryor, Amarillo.

JUNIOR HIGH DIVISION: Miss Janice Colson, Rt. 6, Wellington.

GRADE SCHOOL DIV.: By-num Morris, 2630 11th Ave., Canyon.

To all of you who wrote, I wish to express my gratitude for a wonderful response. Booklets and books on phases of our national government are being sent to all of those who took part.

Raisin Little Packs for Trick or Treaters

— California Raisin Advisory Board Photo
 Sweet California raisins in little packs are a favorite treat for
 Halloweeners in every neighborhood. Each 1 1/2-ounce carton
 contains the perfect amount for a quick energy snack and they're
 easy for children to handle, too. Buy them singly or in bundles
 of six at grocery stores everywhere.

These festive raisin cup cakes, made with cake mix, also set
 the Halloween mood. Dark seedless California raisins are ar-
 ranged in the shapes of prowling cats atop the raisin chocolate
 cakes. Orange icing contrasts with the dark cake and raisin de-
 corations to carry the traditional color scheme of the day.

BRIDAL SHOWER HONORS MRS. ROY GLADSON

Guests arrived early, Monday,
 Sept. 23rd at the home of Mrs.
 L. B. Turner, bringing gifts for
 a bridal shower honoring Mrs.
 Roy Gladson, nee Phyllis Star-
 key. Gifts were concealed in the
 living room, where they were
 attractively arrayed on and a-
 round a coffee table behind
 double doors. As the honoree
 arrived with her mother, Mrs.
 C. W. Starkey and other rel-
 atives she was given a seat of
 honor and Mrs. Wayne Mackey
 tried to pin a mammoth bou-
 quet on the bride. As she was
 having trouble with the heavy
 arrangement, the bride was told
 that, the reverse side was the
 pretty part of the corsage.
 When she turned the array over,
 the bride discovered she was
 looking into a mirror at her
 own face.

Refreshments of iced punch
 and cake were served to twenty-
 five guests and the honoree, as
 the remaining guests arrived.
 Mrs. Turner was co-hostess
 with Mrs. Mackey, L. E. Shorter,
 Mrs. Harmon Moseley, Mrs. L. D.
 Bilberry, Mrs. James Monk, Mrs.
 Don Monk, Mrs. Lewis Cannon,
 Mrs. Clayton Bond, Mrs. J. C. Franks,
 and Mrs. Jack Terrell. Miss Judy
 Shorter registered the guests,
 assisted by her mother. The oc-
 casion was no surprise to the
 honoree as the first invitation
 had been sent to her and when
 she arrived she was told to find
 the broom and make a clean
 sweep of the house. When that
 article was found she was led
 blindfolded to the living room
 where instructions were given
 that "finders were keepers." The
 gifts were then revealed as the
 doors were swung wide.

Out of town guests were three
 of the bride's sisters, Mrs. Hom-
 er Ray Cyfert of Lubbock, Mrs.
 Royce Hanna of Floydada and
 Miss Ersie Starkey of South
 Plains. Others were Mrs. Wanda
 Wylie, Mrs. Jessie Starkey and
 Sherry and Mrs. Mamie Dur-
 ham of Plainview.

NEWS from the High Plains Research Foundation

Defoliation of Grain Sorghum By Use of Heat

Flame cultivation, as a means of desiccation, or type of defoliation of grain sorghum, can increase harvest yields by from 300 to 500 pounds of grain sorghum per acre. Jack Parks, who is Associate Agricultural Engineer in charge of flame cultivation at the Foundation, said, "This practice, which the Foundation has been working on for two years, not only will increase yields, but will also speed up the combining rate." Standard flaming equipment

can be used in this operation by raising the burners up high, pointing them toward the back, and then applying the heat to the top of the leaves, or by applying heat at the base of the plant. This practice will dry the leaves so that during harvest, grain will not ride out the back of the combine on green leaves.

Desiccation of the leaves 3 to 4 days before harvest will enable much faster combining in the field, which can be extremely important due to weather conditions.

Dr. Earl H. Collister, Director of the High Plains Research Foundation, states, "This method of desiccation of leaves, along with greater efficiency of harvest, will return profits to the farmer, and the flame will not leave residue for following crops."

The Gaston Owens visited Monday night at the home of her nephew, Ronald Vaughan and family. Mr. and Mrs.

Dwain Henderson, the Owens' son, were also present at the Vaughans.

Carol Hamilton of Amarillo spent last week with her grandparents, Mr. and Mrs. Norvelle Hamilton. Her parents, Mr. and Mrs. Robert Hamilton came for her Sunday and spent the day with his parents.

Mrs. Carrie Jago of Amarillo is spending several days with Mother J. N. Hamilton. She came Wednesday of last week.

H. J. Bailey of Amarillo visited his son, Bud and family one day last week.

Mr. and Mrs. Bud Bailey, Charlene and Janet visited Sharon at Wayland Baptist College at Plainview last Monday night and took her out to dinner. The Baileys also visited Mr. and Mrs. T. J. Reeves before returning home.
