ANOTHER GOOD RAIN FALLS HERE

A good soaking rain fell in this area during the night last Thursday, beginning about 11 p. m.

The best rain reported to The Tribune was out in the area where it was needed the most—west of town where residents who live in that part refer to it as "Death Valley."

Jim Stroup reported a very fine 2 inches of moisture and just north of the Jim Stroups, the O. W. Stroup and Gerald Smith farms reported 1.63 of rain, which is about the amount that was reported here in town. Another pretty good shower fell in spots Friday.

Crops (and weeds) are growing good now and the valley is green again as prospects have brightened considerably in the past week.

HISTORICAL SURVEY COMMITTEE MET LAST WEEK IN SILVERTON

The Briscoe County Historical Survey Committee met on Thursday, June 24 at 7:30 p. m. in the P. C. A. clubroom at Silvertown.

Mrs. C. O. Allard, chairman, conducted the business meeting.

Gladys Stroup, chairman for the Markers for Schools Committee gave a report on their meeting of last week and listed the following schools that have been located for markers: Lakeview, Rock Creek, Francis, Antelope Flat, Red River, Holt, Wallace, Alexander, Schott, Gasoline, McKinney, Bolton (the first teacher there being W. C. Watson). Milo and Beverly were consolidated into the San Jacinto School, the Quitaque Schools, which were called Jago School from 1904 until 1923.

Mrs. Joe Montaque reported on the meeting of the Museum Committee. It was recommended that the Clubroom in the Courthouse be used for the museum and that it be called The Briscoe County Museum. Mrs. Marie Garrison is going to serve as chairman of the Museum Committee in Mrs. Joe Montaque's place.

Mrs. Gordon Alexander, who is chairman of the History Committee had as her guests two nephews, Charlie, Jr. and Reeves Donnell of Canyon, Texas. They brought the notebooks compiled by their father, Chas. E. Donnell, M. D. on the early days in Briscoe County. These notebooks have been in the Museum at Canyon. In Mr. Reeves' talk to the group he said he and his brother Charles, would present these books to the Briscoe County Historical Committee to be studied and kept in the Museum. He also said if the Committee so desired, it could have the material of his father put into book form. It is titled: "An Early Day History of Briscoe County and Her People" by Charles E. Donnell, M. D., Plainview, Texas, 1890 - 1949, dedicated to The Pioneers who blazed the Trails of Civilization Westward. Someone has said: "A Nation ashamed of its Ancestry will be despised by its Posterity."

Mrs. Allard appointed Mrs. True Burson and Miss Becky Thomas to serve on the History Committee. She also appointed a new committee, the Historical Markers for the County Cemetery. Members of this new committee are Bill Griffin of Quitaque and Farris Martin and Ford Allard of Silvertown.

Mrs. Allard closed the meeting by thanking all committees for their fine work and good reports, and a special thanks to the P.C.A. for the use of the clubroom for these meetings. Mrs. Allard closed with the

Bill Helms and W. E. Helms of Childress attended the De Busk family reunion at Lake Brownwood Park from Friday afternoon until Sunday night. There were approximately 80 present.

Mrs. Novelle Wise left Monday morning for Monroe, La. to visit her daughter, Mrs. Morris Parker and her family.

Leroy Hutcheson visited his parents at the Roberts Nursing Home at Morton last Thursday. He reports that they are doing fine.

GLENN SANDERS FAMILY HONORED WITH GOING-AWAY PARTY

Mr. and Mrs. Glenn Sanders were honored with a farewell party last Thursday evening at the school cafeteria. The party had been planned for City Park but was moved to the school house because of the mosquitoes.

The school faculty planned and prepared the refreshments of homemade cookies and punch. The Sanders received an array of gifts, including a 12-cup coffee urn, a beautiful bedspread, towel sets, and numerous other gifts.

The Sanders family will be moving to Roaring Springs, where he has recently been hired as Superintendent of the school system there.

DON GRIFFIN PROMOTED TO TECH SERGEANT

SHERMAN — Don Griffin, son of Mr. and Mrs. Bill Griffin of Quitaque, has been promoted to technical sergeant in the U. S. Air Force at Perrin AFB, Texas.

Sergeant Griffin is an air armament technician in a unit that supports the Air Defense Command mission of defending the continental U. S. against enemy air attack.

The sergeant is a graduate of Rotan High School.

His wife, Annie, is the daughter of Mr. and Mrs. M. C. Osborne of 3335 Eliot, Denver, Colo.

EUEL DUDLEY ELECTED TO AMERICAN 5 ANGUS ASSOCIATION

Euel Dudley, Quitaque, has been elected to membership in the American Angus Association at St. Joseph, Missouri, announces Glen Bratcher, secretary.

There were 385 memberships issued to breeders of registered Aberdeen-Angus in the United States during the past month.

following quotation from W. M. Porton: "Ideas are booming through the world louder than cannons; thoughts are mightier than armies, principles have achieved more victories than horsemen and chariots."

Refreshments were provided by Mr. and Mrs. Gordon Alexander and Mr. and Mrs. Carroll Garrison and served to the following: Mr. and Mrs. Clifford Allard, Mr. and Mrs. Gordon Alexander, Mr. and Mrs. Carroll Garrison, Mr. and Mrs. Berton Hughes, Mr. and Mrs. Joe Montaque, Mrs. Alvin Redin, Mrs. Fred Lemons, Judge M. G. Moreland, all of Silvertown; Mrs. O. R. Stark, Jr., Miss Gladys Stroup of Quitaque; Charles Donnell, Jr. and Reeves Donnell, both of Canyon.

The next meeting will be on Thursday, July 30, and Mr. and Mrs. O. R. Stark, Jr. will be host and hostess. All interested persons are welcome to attend these meetings.

FUNERAL SERVICE HELD FRIDAY FOR LONG-TIME TURKEY RESIDENT

Funeral services for Horace Elmer Mullin, Sr. 88, was held at 2 p. m. Friday in the Church of Christ at Turkey. Alva Johnson, a retired Church of Christ minister, officiated. He was assisted by Herbert Gipson and Odell Purdy of Amarillo and Jack Hutton of Littlefield.

Burial was in Dreamland Cemetery under the direction of Seigler Funeral Home.

A retired farmer, Mr. Mullin has been a resident of Hall County since 1893. He had resided at Turkey since 1901. He was a patient in the hospital at Matador when death came Tuesday night.

Mr. Mullin was married to Miss Arena Ann Auburg at Estelline on December 24, 1899.

He was Mrs. Johnny Powell's grandfather.

Pallbearers were Ricky Fuston, Elgin Conner, John Hutton, Billy Don Lane, David Driskill, Steve Farley, Johnny Lacy, and James Woods. Honorary pallbearers were Arthur Johnson, Leon Lane, Lafe Jones and Jack Lacy.

QUITAQUE TO TAKE HOLIDAY MONDAY

Most of the businesses here in Quitaque have said they will take a holiday Monday, July 5, according to City Secretary James Brunson.

July 4th falls on Sunday this year and as is the custom when a holiday falls on a Sunday, the holiday is taken the following day.

Mr. Brunson stated that he had not been able to see all of the business owners but most of those he had contacted said that they planned to be closed.

Included in those contacted were the Bank, all city utilities and the Post Office.

MRS. SACHSE OBSERVES HER 86th BIRTHDAY SUNDAY

Mrs. F. M. Sachse celebrated her 86th birthday last Sunday, June 27, with a family get together at the Bank Community Building.

Present were her daughters and their husbands, Mr. and Mrs. S. L. Montgomery and Mr. and Mrs. E. P. Lewis of Lubbock, Mr. and Mrs. Myrl Graham and son, Carl of Silvertown; her son and his wife, Mr. and Mrs. Lake Sachse of Childress; her grandchildren, Mr. and Mrs. J. M. Montgomery and children, Gary, Sam and Louise of Wheeler, Gayle Montgomery and children, Richard, Susie and Martha of Abernathy, Mr. and Mrs. Glenn Lewis and children, Bruce and Trudie of Lamesa, Mr. and Mrs. Jack Graham and children, Connie and Mike of Silvertown, Mr. and Mrs. Billy Joe Sachse and Melissa of Amarillo, Mrs.

Farmers Advised To Control Overwintering Bollweevils

LUBBOCK — Insect survey teams report finding light bollweevil infestation this past week in four counties below the Caprock. Farmers with infestations should begin their early season control program, according to Don Rummel, area entomologist with the Extension Service.

Rummel said overwintered weevils have been found in Briscoe, Motley, Dickens and Kent Counties.

Infestations are currently low, he said. Weevil counts average

SUMMER RECREATION DIRECTOR HAD SURGERY LAST WEEK

Mrs. Duke Woods, who underwent surgery last week at Groom Memorial Hospital, is reported to be recovering very well and expects to be able to return home the latter part of this week, according to her husband, Duke.

Coach Gene King is filling in for Mary in the Summer Recreation Program while she is recuperating from the surgery.

Groups III and IV swimmers will go to the pool Monday and Friday of next week. On Monday the following are scheduled to take cars to the pool: Lynette Taylor, Jo Beth Merrell and Earl Hamilton. On Friday, Mrs. O. R. Stark, Mrs. Ray Payne and Mrs. O. E. Chandler are to take cars.

Groups I and II will go to the pool on Wednesday and the following are to take cars: Mrs. Evans, Mrs. Jimmy Davidson, Mrs. Jake Kiser, Mrs. Ross Herrington and Mrs. M. C. Jones.

Coach King said that the gym will be open three evenings each week for those who want to play basketball, the hours to be 5:30 to 7:30 and scheduled as follows:

Monday evening for high school girls.

Tuesday for high school boys.

Thursday evening is the night for all grade school boys and girls.

Coach King said that the adult women will swim as usual on Monday nights.

about 50 per acre and they have been found in only 18 of 124 fields inspected by the survey teams.

Rummel said 50 weevils per acre means there is about one for each 250 feet of row.

However, he warns this small population can develop into a large infestation if allowed to go unchecked.

He suggests that control measures be put into effect before weevils begin laying eggs. Insecticides to reduce early-season infestations should be applied before the first squares are one-third grown, Rummel said.

The entomologist points out that if you do a good job of reducing early infestations, in-season control costs will be less and populations will be slower to develop.

He said good early season control, in some instances, could eliminate need for later sprayings.

Timely control of weevils will increase profits and Rummel said, it would lower costs and increase the effectiveness of the diapause control program this fall.

MAYFIELD REUNION HELD SUNDAY

Mr. and Mrs. Jim Mayfield attended a family reunion of the late Mr. and Mrs. J. W. Payne and Mrs. O. E. Chandler last Sunday, June 27, which was held in Wagner Park at Lubbock.

There are six brothers and sisters in Jim's family living and all were present with the exception of one sister who lives in California. All of the grandchildren were present except one grandson and two granddaughters. There were approximately 45 present. All of the children of the Jim Mayfields were present except Graves and his family.

Mr. and Mrs. Burl Clark and family of Jal. N. M. were recent visitors at the home of his parents, Mr. and Mrs. Pete Clark. Dr. and Mrs. P. J. Clark and family of Odessa spent the past weekend at the home of his parents.

Little Leaguers Beat Matador

Quitaque's Little Leaguers, playing their best game of the season, topped the Matador Rebels here Tuesday night 6-4 in a well-played ball game. It was the first victory of the season over one of the two Matador teams and was the second win in league play.

Quitaque took a 3-0 first inning lead when Gary Chandler hit a home run with two on base. Matador came back to tie the score in the second inning with a home run by their starting pitcher with two men on base.

Matador went ahead in the top of the third inning, scoring one run, to lead 4-3. In the bottom of the third inning Stan Price connected for a triple, then stole home to tie the score at 4-4. The fourth inning was scoreless and in the top of the fifth Perry Brunson saved a possible run or two by catching a fly ball hit to his left field.

Perry was going back to take the fly and as it settled in his glove, he fell over backward but held on to the ball to end the inning. The Quitaque lads

pushed across two runs in the bottom half of the fifth inning, then shut the Rebels out in the sixth inning to take the well-deserved win.

Randy Evans pitched the first three innings and Stanley Price hurled the last three innings, shutting the Rebels out in the run department.

In the first game of the evening Quitaque's Pee Wees lost to Matador, 10-0.

Last Friday night's game was postponed due to wet grounds. The game will possibly be played at a later date.

Last Thursday night the local Pony League team lost to Silvertown 9-2 in a game played here and the same two teams are playing tonight (Thursday).

The Little League team and the Pee Wees will play Roaring Springs here Friday night of this week and next Tuesday, July 6, the league leading Matador Panthers will come to Quitaque.

Manager P. John Monk reported that he is trying to match a game or two next week for the Pony Leaguers but that this time does not have one.

The Texas Department of Public Safety urges you to avoid all "close calls" when driving during the 1965 Fourth of July weekend. The DPS has estimated that 31 persons will die in Texas traffic from midnight, July 2 through midnight, July 4. By driving in accordance with the laws of safety, staying alert for dangerous conditions, and by not taking chances you can insure that you and your loved ones will be "Safe."

AUSTIN, TEX., June 29—The Texas Safety Association today issued its annual "Accidental Death Alert" for the July 4th holiday period and called on Texans to put safety first in all activities.

"Holidays can be a time to remember, or a time of tragedy," S. Ross Carr of Houston, TSA President said. "It often depends on knowing and using your safety rules—whether you are driving on the highways, spending the weekend at the lake, or just relaxing at home."

The TSA "Accidental Death Alert" begins at 12:01 a. m. Friday and ends at 11:59 p. m. Sunday. It coincides with the Department of Public Safety's traffic accident watch, "Operation Motorcide."

The Association is coordinating its traffic safety program with the DPS and other state agencies. Subject for the TSA

safety promotion is "Courtesy and Caution."

"Adding courtesy to caution can take you a long way in traffic. Your attitude about driving and that of other drivers has a profound effect on the possibilities of your being involved in an accident," Carr said.

"Treat other drivers the way you want to be treated—with courtesy."

In addition to issuing traffic warnings, the Association has urged care in recreational activities, especially those associated with water.

"Boating enthusiasts should take all safety precautions when putting their crafts into crowded waters. Carry a life preserver for everyone on board. Don't overload your craft with too many passengers, and watch for swimmers, water skiers and other boats," Carr advised.

He reminded homeowners to be on the alert for the back-

yard variety accidents and advised parents to be on guard for fireworks accidents.

"If your celebration calls for a backyard barbecue, be sure to use caution in handling starter fluids. Treat fires with respect. Keep a water hose handy to put out any fire that gets out of control," he said.

"Parents should take charge of any fireworks displays. Keep small children at a safe distance and supervise the handling of fireworks by other children."

"Even those harmless looking little sparklers can be dangerous. They burn at a temperature of 1,650 degrees, which is nearly hot enough to melt copper."

In concluding, Carr stated that each year many lives are lost during holidays simply because people put away their safety rules for the occasion.

"But, the fact is," he said, "there just aren't any holidays on accidents!"

From a letter written by John Adams on July 3, 1776:

"The Day is past. The Second Day of July, 1776, will be the most memorable Epoch in the History of America. I am apt to believe that it will be celebrated by succeeding Generations, as the great Anniversary Festival. It ought to be commemorated as The Day of Deliverance by solemn Acts of Devotion to God Almighty. It ought to be solemnized with pomp, parade, with Shows, Games, Sports, Guns, Bells, Bonfires, and Illuminations from the end of this continent to the other from this Time forward forever more."

Brighten Potato Salad With Dill

Spring and summer are salad seasons. Potato salad comes in many versions and styles, but this one combines the simplicity of a well seasoned corn oil and vinegar dressing with an extra fillip from the dill. Use fresh dill weed if your garden affords it, or dry from your spice shelf. The warm potatoes absorb the flavors, and the crisp Western Iceberg lettuce supply the added greens.

DILL POTATO SALAD

- 3/4 cup water
- 1 envelope Knorr golden onion soup
- 3 pounds potatoes (about 9 medium or 12 small)
- 1/4 cup Mazola corn oil
- 2 tablespoons vinegar
- 1 tablespoon light corn syrup
- 1 teaspoon tarragon leaves, crushed
- 1 teaspoon dill, fresh or dry
- 3/4 teaspoon celery seed
- 1/2 teaspoon salt (about)
- 1/4 teaspoon pepper
- Western Iceberg lettuce

Pour water over soup mix in bowl. Let stand while preparing other ingredients. Cook potatoes in boiling water until tender. Combine corn oil, vinegar, corn syrup, tarragon, dill, celery seed, salt, pepper and soup mixture. Pare and slice potatoes into large bowl while still warm. Shake dressing well to blend, then pour over warm potatoes. Toss lightly. Chill at least 3 hours, overnight if possible. Serve on lettuce. Makes 10 servings.

**SENATOR RALPH YARBOROUGH
AWARDED HONORARY DEGREE**

Senator Ralph Yarborough was awarded an Honorary Degree of Doctor of Humane Letters, Sunday, June 13, at Lincoln College, Lincoln, Illinois, where he delivered the Commencement Address on "Abraham Lincoln; Politician."

Senator Yarborough was honored for his work in education and veterans matters, for being a co-author of the National Defense Education Act of 1958, and for consistently supported measures "which have furthered the course of education in the atomic age."

Part of the citation read: "At this time, the 100th anniversary of the founding of Lincoln College; and in this place, which is the only town named for Abraham Lincoln before he became famous; it is particularly appropriate to cite you for your work with the Abraham Lincoln Sesquicentennial Commission and your membership on the executive board of the National Civil War Centennial Commission.

"You have been an important contributor to the planning and activities of the Centennial Commission; and as the grandson of a Confederate officer, you have helped to demonstrate the unity which has all but wiped out the political and emotional conflicts left over from the dark and bloody battlegrounds of the War between the States."

Mr. and Mrs. R. J. Harmon visited her brother and wife,

**J. R. ADAMSONS OBSERVE
50th WEDDING ANNIVERSARY**

Mr. and Mrs. John Rogers attended the the reception Sunday at Turkey honoring Mr. and Mrs. J. R. Adamson at the home of their son, J. R. Adamson, Jr. and his family. The Adamson's daughter, Mrs. Vivian Kissinger, of Levelland, assisted with the hospitalities.

A host of friends from the area called to greet the couple in recognition of their 50 years of marriage.

The beautiful wedding cake and punch were served to guests from Memphis, Clarendon, Hedley, and California in addition to the above mentioned towns. In the room where the gifts were displayed, the picture of Mr. and Mrs. Adamson taken on their wedding day and their wedding license were displayed.

Among the guests from here in addition to the Rogers were Mr. and Mrs. Charlie Gowin, J. G. Gowin, Mr. and Mrs. Ollie Nall, and Mrs. Grady Taylor.

**JEHOVAH'S WITNESSES TO
MEET AT LUBBOCK**

V. D. Tiffin, local presiding minister of Jehovah's Witnesses, will head a delegation of 18 Quitaque residents to attend the "Word of Truth" District Assembly of the group at Lubbock; July 22-25. An additional several delegates will tentatively leave the following week for a similar convention convening at Odessa.

Tiffin said the meeting will be held at the Fair Park Coliseum and is expected to draw upwards of 6,000 delegates. It will be one in a series of thirty assemblies being held this summer by Jehovah's Witnesses and practically all of the Quitaque delegates will be attending one of the Texgas assemblies this year. These conventions will have a uniform theme and program consisting of morning, afternoon and evening sessions of Bible talks and practical demonstrations.

"From the first day of the Lubbock assembly to the last," Tiffin said, "the program focuses attention on the Bible as God's 'Word of Truth.'" Fun-

damental Bible truths will be thoroughly discussed and practical counsel from God's Word on the problems of everyday life will be considered. Those attending will grow in appreciation of how much the Bible can add to the happiness of the home.

"A fine feature of this assembly which local Quitaque delegates will share in," according to Tiffin, "is visiting the homes of Lubbockites with an encouraging message from the Bible. Not only will entire families enjoy a mid-summer vacation but it will serve as a fine opportunity for Christians to worship together as the Bible commands."

Fresh Nectarines Make Summer A Breeze

Fruit salads on warm days have decided eye appeal and go a long way in helping to boost lagging spirits. "Nectarine Nugget Salad" is easy itself to make and its flavor rewards are abundant.

All you do is toss sliced fresh nectarines and avocado and crisp cut iceberg lettuce with a gaily seasoned sour cream-chopped egg dressing. Serve with sandwiches and you'll have a refreshing summer meal indeed.

California grows virtually the entire United States crop of nectarines. They brighten produce sections from June into September. The fuzziest red-and-gold-skinned fruit actually needs no peeling, so it's no trouble for homemakers-in-a-hurry to use fresh nectarines in an array of recipes. Whether nectarines are sliced or diced for molded salads or desserts, chilled breakfast fruit cups or spicy barbecue sauces or simply eaten out-of-hand, their juicy flavor, delightful aroma and handsome appearance make summer eating a breeze.

NECTARINE NUGGET SALAD

- | | |
|--------------------------------------|----------------------------------|
| 2 or 3 large fresh nectarines | 1 tablespoon sweet pickle relish |
| 1 large avocado | 1 teaspoon finely chopped onion |
| 1 quart coarsely cut iceberg lettuce | 1 teaspoon chopped parsley |
| 1 cup dairy sour cream | 1 teaspoon capers (optional) |
| 2 hard-cooked eggs, chopped | 1 teaspoon salt |
| | 1 tablespoon vinegar |

Slice nectarines. Cut avocado lengthwise into halves; remove pit and skin and slice fruit. Combine nectarines, avocado and lettuce in large bowl. Mix all remaining ingredients thoroughly; spoon over fruit mixture and toss gently. Makes 6 to 8 servings.

STRENGTH FOR THESE DAYS

From The Bible

Ye are the sons of the living God.—(Hos. 1:10)

The fear of failure or disapproval disappears when we recognize ourselves as "sons of the living God." We then have perfect confidence in the Spirit within us that affirms our heritage.

Nicklaus Vs. Hogan?

Some people are already saying that 25-year-old Jack Nicklaus, whose pulverizing showing in the 1965 Masters was witnessed by millions on television, is a better golfer than Ben Hogan, whose record he shattered in Augusta.

At the Colonial National Invitation in Fort Worth, Texas, with TV coverage of the final holes to be presented by Sports Network Incorporated on the SNI Television Network on Sunday, May 9, there is a chance that the long-hitting Nicklaus and the 52-year-old Hogan will both be seen in action. Impending birth of Nicklaus' third child might keep Jack out.

People all over are excited about this PGA National Tour event, for Hogan is the pride not only of his native Texas, but he is also a ranking immortal of the game.

Hence, when the golf greats and thousands of buffs arrive in Texas by land, sea and air all sorts of high jinks are in prospect. Those touching down at Amon Carter Field, for instance, will be greeted by a bevy of beautiful American Airline Stewardesses attending that airline's Stewardess College.

(Other events on the PGA National Tour include the Greater New Orleans Open, May 16; the Cleveland Open, June 13; Philadelphia Golf Classic, August 8; the Oklahoma City Open, September 5; the Sahara Invitational, October 23; the PGA Na-

national Four-Ball at Palm Beach in November or December; and another tournament to be announced)

In his first year as a pro, the 6 foot, 210-pounder Nicklaus won the U.S. Open. He became the youngest, (and only the fourth) man ever to take the Open, the PGA and the Masters during a career. He is the second man ever to have earned more than \$100,000 in official money for two consecutive seasons. And last year he led them all.

Hogan won the U.S. Open four times, the PGA twice, the Masters twice and the British Open (which has eluded Nicklaus to date), once. Hogan was five times the top money winner in the year, three times winner of the Vardon Trophy and, from tee to green, it is doubtful if anybody today still can equal him for consistency.

If Nicklaus is still around twenty-five years from now — as a master golfer — it will provide a better gauge as to how to rate him with Hogan.

NEWS from the High Plains Research Foundation

PROPER BALANCE OF FERTILIZATION AND IRRIGATION

James Valliant, Water Engineer for the High Plains Research Foundation at Halfway, Texas, is conducting research to achieve the proper balance in crops in regard to irrigation and fertilization.
Prior research by Valliant has proven that high yields do not always give the highest net returns. Valliant states that during the physiological growth of crops, there are times that the plant will need water more than at other times. At these stress periods of growth, the proper timing and amounts of irrigation in balance with the correct fertilizer level can give a higher net return than previously received. The practice of timing irrigation for crops to suit the stress needs can help, not only to reduce the total water necessary, but can also cut the production costs of farming. As

a rule, the individual farmer has neither the time nor the equipment necessary to record the growth stress periods in crops.

At the Foundation, the reduction costs along with the reduction in waste of water for the maximum net return in a net farming is the goal. In a recent fertilizer - irrigation test on grain sorghum, Valliant found that the highest net return came from three irrigations which included a preplant watering. Higher yields were received from plots that had been given additional irrigations, but the net return was much lower. This same principal was found to be true with fertilizer. The point of diminishing economic returns can be reached by improper and excessive fertilizer amounts.

In an area that grows 40 per cent of the nation's irrigated grain sorghum on 1.9 million acres of land, a lot of water is not being wisely used. To maintain the "Life Blood of the Plains," our water must be conserved. A large step toward conservation of the underground water supply can be obtained by proper timing of irrigation, not indiscriminate watering of crops. This along with the proper balance of fertilizer can make the farmer a better return from his land.

The knowledge and research developed by the Foundation can be obtained by contacting the High Plains Research Foundation, Post Office Drawer 2200, Plainview, Texas.

IT'S YOUR MOVE
by Margaret Randall
Author of "The Home Encyclopedia of Moving"

Protection When Something Is Lost Or Broken
A new mirror is being hung in the home of a Boise, Idaho, couple this week. That's because they had the foresight to get Full-Value Protection for their cross-country move.
Not everyone is that fortunate. Most people don't know that the van line's normal liability on household goods moved long distances is only 30 cents per pound per item. Take the Boise couple's treasured mirror. It weighed 50 pounds. At 30 cents per pound, all they would have received when it was accidentally damaged, would have been \$15.00. Barely enough to pay for the fancy frame. Instead, they have a brand new duplicate of the original mirror.
At least half the people involved in moving claims just don't have enough protection when they move their household goods. They assume they do. But they don't. In most cases, they have only the bare minimum prescribed by law—30 cents per pound per item. But the average value of household goods is conservatively figured at \$1.25 per pound! So don't assume your possessions are fully protected when you use a van line. They are not—unless you buy extra protection or are covered by special insurance.
How To Be Fully Protected
One of the largest moving companies, who recognized that the majority of people assumed they had adequate protection if they used a van line, has come up with a plan to guarantee full coverage in case of loss or damage. By using it, your belongings are protected to their full value—dollar for dollar. Here's how it works:
1. The van line's agent will estimate the weight of everything to be moved.
2. Multiply this estimated weight by \$1.25—the average value of household goods. (Example: 6,000 pounds would have an average value of \$7,500.)
3. Carefully list and value all your possessions that have special value. (Examples:

Unusually fine mirror, \$100; antique desk, \$350; figurine, \$50. Total: \$500.)
4. Now add these two figures. (\$7,500 plus \$500 would make \$8,000, which is the present value of everything you're moving.)
5. Ask your agent to indicate \$8,000 Full-Value Protection on your Order for Service. (The cost will be only \$5 per \$1,000—or \$40.)
If you do this, you will be promptly paid—and in full—for all loss or damage unless caused by war, riot, or other rare and unlikely occurrences described in the Certificate of Full-Value Protection you will receive.
You may be wondering about existing insurance on your household goods. Most policies provide limited protection. But Full-Value Protection is moving coverage specifically designed to protect you from start to finish of your move. No insurance policy does this!
Free Pamphlet Available
This Full-Value Protection is described in a pamphlet, "The Broken Teapot." It is published by North American Van Lines of Fort Wayne, Indiana. I was so impressed by this pamphlet because it was prepared by the only mover who has been granted a "self-insured" status by the Interstate Commerce Commission. This grant is based on financial responsibility, experience and reliability. It allows them to settle claims directly with the shipper. If you would like a free copy of "The Broken Teapot," just drop me a postcard with your name and address.
Meanwhile, if you have any special problems about moving you'd like answered—questions about estimates, packing, claims, delays, or protection of your possessions, write to me about them. I'll be happy to answer them in this column, or in a personal letter to you, if you wish. Write: Margaret Randall, 200 E. Ontario St., Chicago, Illinois, 60611.
Next: How to be sure you pick the right mover for your move.
