Vol. 110, No. 10

Friday, October 3, 1997

Casey Gibbs, Bronte High School Senior, shot this 4 point on opening weekend of bow season while hunting on his place approximately 10 miles north of Bronte.

Casey is the son of Randy and Shalon Gibbs.

AON annual supper set for Oct. 3

Mark your calendars for Friday, October 3, 1997. That is the date set for the annual Chicken Spaghetti Supper. Sponsored by the AON Service Club, the fundraiser dedicates all proceeds to the group's scholarship project which has presented \$11,000 to 28 Robert Lee High School graduates since 1987. The Spaghetti Supper is the main source of funding, with over 400 people served at last year's event.

Designated the Kirk Bagwell Memorial Scholarship Fund, the scholarships this year will honor the 1998 RLHS graduates. Kirk was a member of the "Class of '98" making this year's effort especially meaningful. For a great meal supporting a great effort, join AON for Chicken Spaghetti on Friday, October 3, 1997 from 5:30 pm to 7:30 pm (prior to the RL vs. Irion County game), at the Robert Lee ISD cafeteria. Tickets are \$5.00 for adults and \$3.00 for children under 12. You may purchase tickets at the door or purchase them in advance from AON members. Take outs are available. For information or tickets, call Cathy Hendry (453-2036), Kim Philley (453-2213) or Marsha Wink (453-4561).

Carlsbad Inmates to work in East CC

The Inmates from Carlsbad will be working on the east side of the County during the week of October 6-10.

Funds for providing meals for the inmates are needed. Any individual or organization wishing to make donations for meals may do so at the First National Bank in Bronte where a fund has been set up.

Donations of drinks, cookies, or brownies would be greatly appreciated and can be taken to the City Hall.

For further information, contact Pat or Lori at City Hall at 473-3501.

Bronte 4-H meeting

Bronte 4-H meetings will be Wednesday, October 8. Grades 3-6 will meet at 3:30 in the Ag building. Grades 7-12 will meet during lunch in the Ag building (lunch will be provided).

CCJJCC meeting slated

CCJJCC members will meet Monday, October 6 at 6:00 pm at the First United Methodist Church in Bronte. All interested persons are encouraged to attend.

Expansion plans underway for Wackenhut

Coke County residents can expect to see a larger Wackenhut facility at Bronte within the next year, an expansion that could well result in more jobs in the county.

Plans to expand the facility by another 48 beds were announced by County Judge Jackie Walker at a special Commissioners' Court meeting Monday. The judge plans to hold public hearings on the project in Bronte and Robert Lee in the near future.

The Commissioners' Court expressed enthusiasm and support for the proposed expansion.

Initial information concerning the expansion came last Wednesday in an Austin meeting between State Representative Rob Junell, Steve Robinson, director of the Texas Youth Commission, several Coke County officials, and several high ranking Wackenhut personnel. Those at the meeting included Bronte Mayor Martin Lee, Judge Walker, County Attorney Lane Arthur, and Don Houston, the Vice President of Operations at Wackenhut. Other Wackenhut executives there included James Jonas, Reed Smith, and Ron Jackson, a former TYC director.

Some concerns were expressed over operational costs at the facility, which now are running about \$109 per girl per day, as compared to a state average of \$85 to \$90 per child per day. Expansion in the number of beds can assist in bringing down the per head cost of operations, and Rep. Junell, in requesting

Cystic Fibrosis campaign

The Great Pumpkin Pin-Up Program for Cystic Fibrosis has officially kicked off. Co-chairpersons Debbie Wilkes and Teresa Millican will be heading up the October campaign. Donations can be made at Vittlestix in Robert Lee. Anyone contributing \$1 or more will have their name added to the pumpkin pin-ups.

Cystic fibrosis is the most common genetic killer of young people in the US. All proceeds from the campaign will go to finding a cure for the disease.

that the expansion be brought on line, set a November 1 deadline for initial cost projections for the project, and an operational start-up date of May 1, 1998.

Robinson also told the Coke County officials that TYC was considering the possibility of changing the facility from an all-girl institution to an all-

Tennyson gathering slated

The Tennyson Community Gathering is set for Saturday, October 4, 1997. A pot luck supper will begin at 6:30 pm. All musicians are encouraged to bring their instrument and be a part of the jam session.

Everyone in the area is invited to come join the fun at the Tennyson Community Center.

911 plotting available

The 911 System folks will be at the Bronte - Robert Lee football game October 17 to plot Coke County homes on the map. If you would like to make sure that your home is located correctly on the map bring your 911 address to the Bronte football field before the game (6:30 - 6:45).

boy establishment. "The male population of juvenile offenders is growing statewide and there is a greater need for a male holding facility," he said.

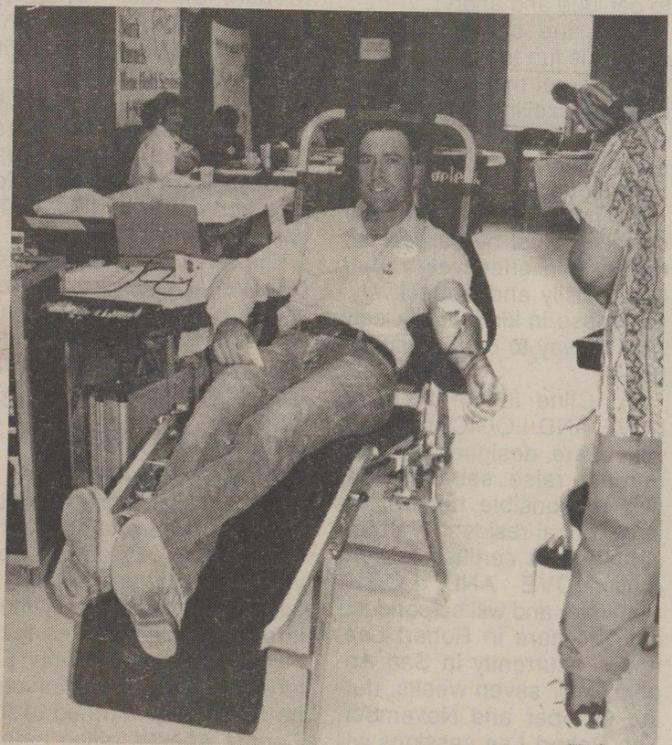

Wackenhut officials assured county representatives, however, that a program change from girls to boys at Wackenhut in Coke County would not necessitate a change in personnel, although more men probably would be hired.

Gospel Singing Sunday

The regular monthly community gospel singing will be held Sunday, October 5 from 2:00 am to 4:00 pm at the Central Baptist Church in Bronte. Everyone in the area is invited to come and enjoy this fellowship together.

RL Fifth Quarter

The Methodist Church and Our Lady of Guadalupe Catholic Church will be hosting Fifth Quarter immediately following the Robert Lee-Irion County football game on Friday, October 3rd. Fifth Quarter will be held at the Methodist Fellowship Hall. All 7-12 grade students are invited to attend.

Douglas Roberts of Robert Lee donated blood during last week's Health Fair. United Blood Services was on site to accept donations from local residents.

Bronte Nursing Home will now be serving meals at the Bronte Senior Center. Senior Center Director Dot Collins (seated l), Eva Venegase, Dietary Supervisor at BNH, Cathleen Connor (standing l), Dietitian, and BNH Administrator Jeanene Lee finalize plans for the new endeavor.

Love & Logic seminars set

What does a parent do when Junior misbehaves?

Foster W. Cline, MD of the Cline/Fay Institute, writes, "Most importantly, the correct response must be based on the fact that all children *love* to force an emotional response from a parent and *hate* being consequence in a matter-of-fact way. Acting out is often unwittingly reinforced by parents who over-react. It is easy to get loud and angry!

From the child's point of view, it is fun to see someone you love get that noisy. It's a lot more exciting to get a parent to light up and go off than it is to light a sparkler on the Fourth of July.

So handling the behavior correctly must be carried out quietly and effectively rather than noisily and ineffectively. Response in kind is precisely *not* the way to correct misbehavior."

Dr. Cline is co-author of LOVE AND LOGIC materials which are designed to help parents raise self-confident and responsible human beings. Local resident, Barbara Jameson, is certified to conduct LOVE AND LOGIC Seminars and will be conducting one here in Robert Lee, and concurrently in San Angelo, over seven weeks, during October and November. The Robert Lee sessions will be on Tuesday evenings at 7:00 pm. Permission has been granted for these to be

held at Robert Lee School. The first session will be held Tuesday, October 7. Call Robert Lee Elementary at 453-4557 for more information.

Coke County Court Dispositions

The State of Texas vs. Rudy Sanchez, Charge - Driving While License Suspended - Motion to Revoke Probation, Plea: 90 Days County Jail.

The State of Texas vs. Eva Crouch, Charge - Theft by Check, Plea: 4 months Deferred Adjudication, \$100 fine, court costs \$160.

The State of Texas vs. Russell Wayne Grimes, Charge - Evading Arrest, Plea: 10 days County Jail, Credit for time served, \$100 fine, court costs \$155.

The State of Texas vs. Jose Luis Vega, Charge - Driving While Intoxicated 2nd Offense, Plea: 90 days jail time, probated for 2 years, \$650 fine, court costs \$210.

Free soil test offered

For a limited time, free soil testing will be offered by the Coke County Extension Service. These are limited to agricultural fields and soil test information forms can be picked up at the County Extension Office. Samples must be taken and returned to the County Agent's office before October 17. For more information contact the County Extension office at 453-2461.

BNH serving Senior Center

Beginning October 1, 1997 the Bronte Nursing Home will provide hot, nutritious meals to the Bronte Senior Center. Coke County Judge Jackie Walker prompted this endeavor in an effort to reduce costs and allow the citizens of Bronte to serve one another. Also involved were Concho Valley Council of Governments-Area Agency on Aging Consultant Dietitian, Cathleen Conner, RD/CD, Bronte Nursing Home Administrator, Jeanene Andrews-Lee, and Bronte Nursing Home Dietary Supervisor Eva Venegase and Bronte Senior Center representative Dorothy Collins.

Previously, the meals were provided from a vendor in San Angelo. Officials believe that the local nursing home can better serve the community by decreasing the transportation time. Bronte Nursing Home staff will deliver the lunch meals to the Center on Monday, Wednesday, and Friday.

"We feel this is a positive challenge for our facility and we welcome the opportunity to serve the needs of our community in this manner," Mrs. Lee stated.

BNH welcomes students

Six students from Wayland Baptist University (WBU) will be at the Bronte Nursing Home October 9, 10 and 11. These students under the direction of their instructor, Jeanene Andrews-Lee/Preceptor, Bronte's Nursing Home administrator, will be applying their skills as future administrators at Bronte's Nursing Home.

The course at WBU, Long Term Care Administration, under Mrs. Lee, will allow these students to get hands-on experience of the day to day duties in a long-term care facility. The students in this course are assigned department(s) related to their field and apply their knowledge and interactive ideas from the classroom setting to the actual setting at Bronte's Nursing Home. These students: Eric Jewell of Lubbock, will focus on computer applications, Lynda Palmer, a licensed cosmetologist, also of Lubbock, will focus on cosmetology, Terri Stewart, RN, Lubbock, will focus on Quality Assurance; Laural English of Plainview, will focus on Medicare Billing, Lanetta Carr of Lubbock, will focus on Special Projects, and Pete Garcia, Brownfield, will focus on Marketing and Inventory. This will be an educational three days for these students from WBU. They are excited about visiting Bronte and Bronte Nursing Home.

Personal

Leslie and Edith Rolls were in Portland visiting with Leslie's brother, Herbert Rolls for a couple of days. They also attended his sister's funeral in Sinton on Wednesday and visited with niece and family before returning home to Bronte on Thursday.

Texonics: bawl: what water does at 212°

Keith Fletcher, Assistant Administrator of the Bronte Nursing Home, was presented a check for \$1595. This money was donated to the nursing home to purchase another oxygen concentrator.

The check was presented by Bill Dees of the Woodmen of the World and Bill Fletcher in memory of all deceased Woodmen and their families.

Fire Prevention Week set

The Coke County Farm Bureau joins our County Judge, firefighters, and others in promoting fire prevention and safety during Fire Prevention Week - October 5-11, 1997. This year's theme is "Know When to Go: React Fast to Fire".

The National Fire Prevention Association (NFPA) estimates that approximately 80% of all fire deaths in the United States and Canada occur in the home. Only about one-fourth of all fire victims die from burns or heat; the rest die from inhaling smoke and poisonous gases or from lack of oxygen.

It is essential for family housing that a step-by-step escape plan be developed and practiced at least twice a year. Don't forget the installation and maintenance of smoke detectors can be a key to early warning.

In some occupancies, such as high rise buildings, the safest action when a fire alarm sounds may be to stay inside a dwelling unit and protect yourself from smoke until the fire department arrives.

In recent years, the three most frequent causes of fire in the United States and Canadian homes have been (1) cooking equipment, (2) heating equipment, (3) arson or suspected arson.

The Coke County Farm Bureau promotes public awareness of fire safety and encourages everyone to "Know When to Go: React Fast to Fire".

LETTER TO THE EDITOR

Dear Editor,

Thank you for mailing my hometown paper. That is my weekly letter from friends and relatives.

Pneumonia vaccine available

Thousands of lives are being lost every year because people are unaware of a readily available vaccine.

It is the vaccine for pneumococcal pneumonia, an illness that annually claims thousands of lives, mostly adults older than 65 but also very young children and people with certain chronic illnesses.

Too few people even know about the vaccine, said Dr. Daniel M. Musher, an infectious-disease expert at Houston's Baylor College of Medicine and Veterans Affairs Medical Center.

"The sad fact is that many people whose lives could be saved by the pneumonia vaccine do not get inoculated because they are unaware of it and they are not pressured by their physicians to take it," Musher said.

"Research has shown that people are more likely to get inoculated against pneumonia if their doctors recommend it," he said, "and, though the numbers of those getting the vaccine are rising, there are still too many people who need it but are unaware of it."

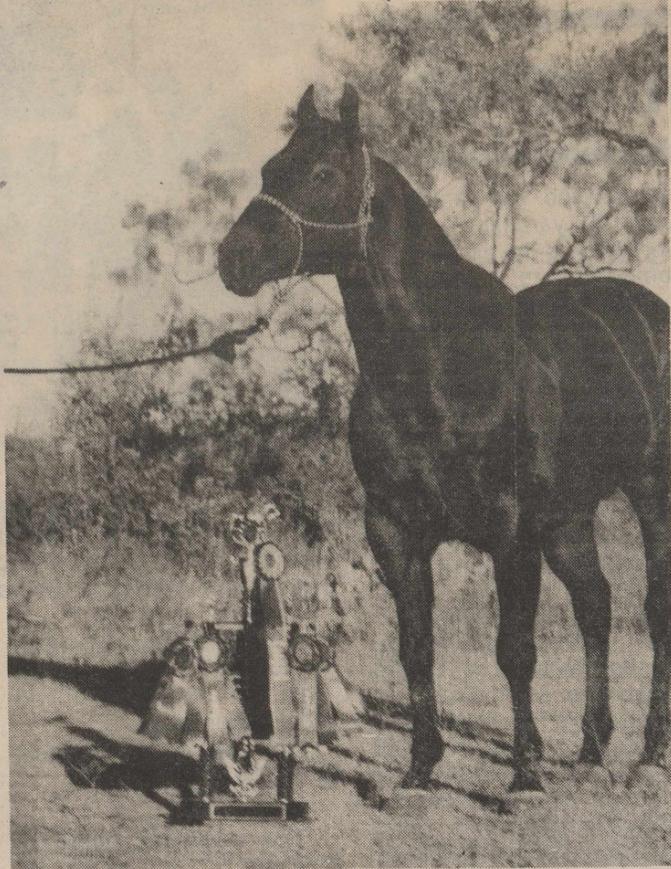

The vaccine is also important, Musher said, for people with lung disease, heart disease and any kind of immune-system disorder, including HIV infection.

"People who have had their spleens removed are especially susceptible to pneumococcal infection and must be vaccinated," he said. The spleen helps clear bacteria from the blood, and its absence leaves a person prey to pneumonia infections.

At one time it was widely believed that the beneficial effects of pneumonia vaccine persisted for a lifetime, but, Musher said, research at Houston's VAMC has shown that vaccination probably should be repeated at five to ten year intervals.

For people without spleens, Musher recommends revaccination every five years.

Young children are also especially susceptible to pneumonia, Musher said, but the vaccine is not effective in people younger than 2.

Old Dominion

McCutchen Quarter Horses win at Show

Wayne and Melinda McCutchen traveled to the 1997 Foundation Quarter Horse Registry Round-Up and Review in Grand Island, Nebraska, recently.

Wayne and their stallion, Old Dominion, competed in both the Open and Family-Owned Divisions against horses from across the nation and Canada at this year-end national show. Show organizers reported record numbers of entries with approximately a 30% increase over last year's show.

Old Dominion was named Grand Champion Stallion in the Family Owned Division. He was also Champion Aged Stallion in both Open and Family Owned. Old Dominion, along with Irish Colonel, competed on the Poco Bueno team in the Commemorative Challenge, sponsored by the Foundation Quarter Horse Breeders Association. These two Texas stallions combined

their wins in both performance and conformation to bring this rotating trophy home.

Although extremely sore from a 16 hour trailer ride, Old Dominion went on to be named: Reserve Champion Handy Ranch Open Division; Reserve Champion Ranch Cutting Family Owned Division; fourth place Handy Ranch Family Owned; fourth place Cutting Family Owned; fifth place Ranch Cutting Open; and sixth place Reining Family Owned.

Prior to the National Show in Grand Island, Old Dominion has competed at shows sponsored by the Texas Foundation Quarter Horse Registry, an affiliate of FQHR. In Texas competition, he has been named Grand Champion Stallion and has earned Championships in Cutting, Handy Ranch, and Ranch Cutting.

Old Dominion will compete in two more Texas shows before the 1998 breeding season.

ROBERT LEE SCHOOL NEWS

Steers lose squeaker to 'Kats

by Bill Burns

The Steers took their biggest step toward being a playoff contender this season last Friday night. It was a game that started like most others for the Steers this year. One good offensive series and the wheels seem to fall off, then another good team effort sometime in the second half that shows they do have the ability to do great.

Friday night against Garden City it wasn't only an offensive series, it was the whole first quarter, and it wasn't a bright spot in the second half. What it was, was a team jelling into a contending team. A Steer team that soundly thrashed the Garden City Bearkats.

First Quarter

The 'Kats received the opening kick with a return to their own 33 yard line. They made a first down at their own 44 yard line. On third down and 3 the 'Kats went to the air and Dan McCown came up with an interception for the Steers.

The Steers started their drive at the Steer 45 yard line. Will Simpson made a tough yard, but the Steers drew a 10 yard penalty. Simpson came back and gained two yards then six more. Eli Boxell passed to Michael Munoz for twelve yards and a first down.

Simpson made seven yards, Munoz made four more yards on two carries and the Steers had a first down at the 'Kats 31 yard line. The Steers suffered a procedure call that cost them another 10 yard penalty. Boxell carried for a thirteen yard gain, a pass completion to Andrew McCabe gained three yards, Boxell gained two more yards for the Steers, but the Steers turned the ball back to the 'Kats as they failed to make the first down.

The 'Kat offense started work at their own 24 yard line and made two first downs to end the first quarter. Steers 0 - 'Kats 0.

Second Quarter

The 'Kats made three more first downs, but the Steer defense forced a fumble and Eric Hill recovered for the Steers. The Steer offense went on the field, but a Steer fumble gave the ball back to the 'Kats at the Steer 10 yard line. The 'Kats passed into the endzone for the TD.

The Steers returned the kick back to their own 39 yard line. Mounting a good drive of their own, the Steers moved for 2 quick first downs, but then disaster struck as a Steer pass was picked off to stop the drive.

The 'Kats struck quick with a 40 yard TD pass. Steers 0 - 'Kats 14.

Third Quarter

A lesser team at 0-3 for the season and down by 14 points at the half would have quit by now, but the Steers have no quit in them. The Steers came back after the half and kicked some Bearkats. Jeremy Eaton intercepted a 'Kat pass as the Steers were taking control of the game.

Fourth Quarter

The 'Kats started the quarter with the ball but a tough Steer defense forced the 'Kats to punt. Boxell went to the air and completed one for 12 yards to Polo Arellano, then to McCabe for sixteen yards. Boxell went back to Arellano for a thirteen yard gain, and to Matthew Millican for a 14 yard gain. Simpson finished the Steer drive with a one yard TD.

The Steer defense allowed no first downs and the Steers

returned the 'Kat punt to the Steer 31 yard line. Boxell went back to the air with three completions to McCabe, one to Arellano, and back to McCabe for another. Munoz capped off the drive with a one yard TD run. Steers 12 - 'Kats 14.

This was a super effort by this Steer team, as they have made the move up to being a true force in District 7-A. **Congratulations Steers, a Great Team Effort.**

Dogies football

On Thursday, September 18, the Robert Lee Dogies played the Eden Bullpups. Robert Lee's first score came on a run by Michael Sockwell. The two point conversion was no good. After that, the next score was on a run by Colby Eubanks. The two points after were added by Taylor Clendennen. The next touchdown came from a long run by Michael Sockwell. The two point conversion was a pass from Colby Eubanks to Brady Bolding. The final touchdown was on a run by Colby Eubanks. The two point conversion was no good. The Dogies defeated the Bullpups 28-0.

The Dogies then hosted the Garden City Bearcubs September 25. The 'Cubs received the kickoff and gained five yards before the defense tightened up with great tackles by Adam Cates and Charles Abalos. An interception by Solomon Saucedo ended the drive. Saucedo took the ball about 35 yards downfield. Bret Ballew then scored the first touchdown and Michael Sockwell made the 2 point conversion.

Eggemeyer of Garden City scored their only score of the game, the conversion failed. The Dogie's ran a reverse and Bret Ballew scored another touchdown for the Dogies behind the blocking of Trent McCabe. The play was called back for offensive penalties. The final score was Dogies 8, Bearcubs 7.

Team captains were Samuel Minjarez, Trent McCabe, and Brady Bolding.

RL ISD board minutes

The Robert Lee ISD School Board met in regular session on September 23, 1997 at 6:30 pm. All members were present except Sally Gloria.

Robert Lee students that won helmets at last week's Health Fair take an oath to always wear the helmets when bike riding. The Helmet Lady and one of the crash dummies administer the oath.

FHA attends Health Fair

by BJ Bessent and Coke Hendry

Robert Lee Future Homemakers of America had a booth at the Health Fair. Their booth informed all about seat belt safety and how important it is to wear your seat belt. Vince and Larry, crash test dummies, told everyone the importance of buckling up. Larry and Vince were actually BJ Bessent and Coke Hendry. They even caught some of the older folks in the parking lot who were not wearing their seat belts. Larry and Vince corrected them by telling them to put on their seat belts! So remember, don't be a dummy and buckle your safety belt. A good time was had by all!!!

We feel success in our head, failure in our heart.

The following business was conducted:

*Minutes were approved and bills were paid.

*The 1997 tax rate was set at \$1.303288.

*The computer quote of Bowkers of San Angelo for the new high school computer lab was accepted.

*The purchase of software for the new computer lab was approved.

*TASB Localized Policy Manual Update 56 was adopted.

*Local policy for honor graduates was approved.

*Shared Service Arrangement for Fairview Accelerated Educational Co-op was approved for 1997-98.

The next regularly scheduled board meeting is Tuesday, October 14 at 6:30 pm. The public is invited.

BRONTE SCHOOL NEWS

Longhorns drop district game

by Theater Arts 11 & 12
The Bronte Longhorns played the Sterling City Eagles last Friday night. The Horns opened up on a strong drive which ended in a turnover on downs deep in Sterling City territory. Bronte safety Michael Martinez intercepted the ball on an Eagle pass. From there, Bronte fumbled but came back with an interception by Courtney Beam on the next play. The Horns were forced to punt, and the score remained 0-0 at the end of the first quarter.

The Eagles scored the first touchdown of the game in the second quarter on a pass from #6 Brad McDaniel. By the end of the second, the Eagles led 26-0, but the Longhorns made them earn it. Courtney Beam and Michael Martinez each had interceptions in the second quarter.

The Longhorns came out after halftime fired up and Michael Sallee scored in the first of the third quarter, making the score 32-6. The Horns couldn't quite hold on to the adrenaline flow, and the quarter ended 47-6.

By the fourth quarter, the Longhorns knew they were defeated, but refused to give up. The Horns did not allow the Eagles to score again, and the game ended 47-6.

Friday night is Bronte's Homecoming. They will be facing the Water Valley Wild-

cats. Please plan to attend this game and support the Horns in their hunt for a victory.

Lady Horns defeat Albany

The Lady Horns traveled to Albany Saturday to battle the Lady Lions in a non-district match.

The Horns came away with a victory in a hard fought three game contest, 14-16, 15-12, and 15-9.

The Lady Horns had an all around game on both offense and defense. Offensively, the Horns had kills from Bonnie DeLaughter with 5, and Brittany Barrett with 1, and serving points from Stacie McKee with 4, Nicole Butts with 4, Cara Barnett with 6, Courtney Arrott 2, Brittany Barrett 3, and Sommer Beck 2. Nicole Butts had 2 dinks for points.

Defensively, Tasha Carper and Bonnie DeLaughter had several blocks. They were backed up by good digs from the other team members.

The Ladies have three more non-district games before opening district play on October 11. They will host Albany this Saturday and Big Spring next Tuesday before hosting Water Valley in the district opener at 1 pm.

The Lady Horns have come a long way since the opening of the season. We are proud of you.

BHS JV Lady Horns win match

The JV Lady Horns exhibited great determination while defeating the Lions of Albany High School in three games. Final scores were 6-15, 15-6, 15-10.

Albany jumped to a quick 1-5 lead in the first game, owing

to an ace server and soon led the Horns 6-15.

The Lady Horns pushed forward with an ace server of their own, Kara Thompson, serving 8 in a row with 3 aces. The Horns never looked back. Jennifer Sturgill, Jessica Sturgill, Brooke McCutchen, Cara Sefcik, and Jade Richards all contributed with pass, set, kill combinations to dominate the game 15-6.

The deciding game opened with Albany 4 and Bronte 0, but the Horns answered with McCutchen serving 6 in a row to take the lead. Again, both Sturgills, McCutchen, Sefcik, and Richards completed combinations to win the game, 15-10. Great match Ladies.

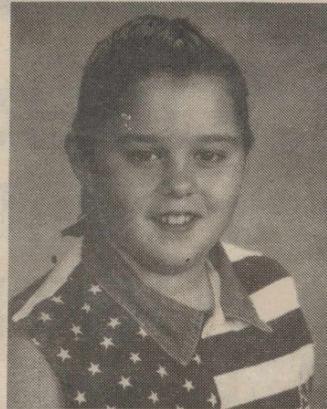

BHS Homecoming Court named

Members of the Bronte High School 1997 Homecoming Court have been named. Band Sweetheart this year is Bonnie DeLaughter, junior, daughter of Mr. and Mrs. Paul DeLaughter. She will be escorted by Trey Holland, senior, son of Mr. and Mrs. Cap Holland. The flower girl and crown bearer are first graders Nicole Reed and Sam Rawlings. Nicole is the daughter of Mr. and Mrs. Cliff Reed and Sam is the son of Mr. and Mrs. David Rawlings.

Sommer Beck, senior, is the Football Sweetheart. Sommer is the daughter of Mr. and Mrs. Richard Beck. Her escort is Blake McKee, sophomore, son of Tony and Debbie Mackey and Gary and Helen McKee, and Michael Martinez, senior, son of Dr. and Mrs. George Foelker, Jr., and Louis Martinez.

Homecoming Duchesses are seniors Courtney Arrott and Tammy Lowe, and junior Brandy Denton. Courtney is the daughter of Mr. and Mrs. Mike Arrott and will be escorted by her father, Mike

Arrott. Tammy is the daughter of Mr. Thomas Lowe, who will be her escort. Brandy is the daughter of Mr. and Mrs. Kerwin Denton and will be escorted by her father, Kerwin Denton. Serving as flower girl and crown bearer are third graders Rebekah Beauchamp and Mason Jackson. Rebekah is the daughter of Mrs. Shiela Beauchamp and Mason is the son of Mr. and Mrs. David Jackson.

Tana White

White to attend Wildlife Expo

In the spring of 1997 Tana White submitted a poster in the Texas Wildlife Expo 1997 Poster, Essay and Poetry Contest. The 1997 Texas Wildlife Expo Poster, Essay and Poetry Contest is part of the Texas Parks and Wildlife Department's ongoing efforts to engage our youth in learning about our state's natural resources.

Tana created a three dimensional-multi media poster by using dried grasses, sand, gravel, along with a variety of Texas animal footprints to create a rectangle border for the six water colored wildflowers in the center of the poster to capture the 1997 contest theme: "Touch the Great Outdoors" in her unique creation.

In June, Tana received a letter from Andrew Sansom, the Executive Director of the Texas Parks and Wildlife Department, that stated her

submission was one of 41 selected from over 2,600 entries in this year's contest. Tana did receive a Special Recognition Award and a complete set of Texas Wildlife Expo posters, 1993 through 1996. A Special Award Certificate was also enclosed with the signature of the Chairman of this year's Texas Wildlife Expo Commissioner, Nolan Ryan.

The Texas Wildlife Expo will be this week, October 4-5 in Austin. The Expo is the state's largest all-outdoor recreation exposition on a 30 acre fairground of rolling prairie and live oaks.

Tana will be attending the Expo with her parents, Tommy and Carol White of Blackwell, Texas.

Health Notes

At North Runnels Home Health our focus is providing the best care possible for patients and helping them care for themselves. We believe the more our patients know, the better care they can receive.

Treating Angina with Medication

Medication can prevent the discomfort of angina. Your doctor may prescribe one or several medications to be used in combination.

Nitroglycerin

Nitroglycerin and related drugs called nitrates prevent or stop angina by increasing blood flow and reducing the heart's work load. There are two types of nitroglycerin.

- To relieve angina, use short-acting nitroglycerin. It's taken as a tablet that dissolves under the tongue or as a spray inside your cheek.
- To prevent angina, use long-acting nitroglycerin available as a patch, tablet, or ointment. This type won't work fast enough to stop an attack.

Other Medications

Beta Blockers reduce the heart's demand for oxygen by slowing the rate your heart beats, reducing blood pressure, and making the heart beat less forcefully.

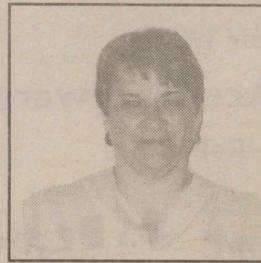

Calcium channel blockers also lower the heart's demand for oxygen. They relax and open arteries and reduce blood pressure.

Aspirin can help blood cells from sticking to plaque on artery walls. This helps prevent clots but does not relieve angina.

Medical and Surgical Procedures

In **Angioplasty**, a balloon catheter is inserted into the artery to compress plaque.

Bypass surgery creates a detour around the blocked part of the artery.

Waldrop attends Duck Camp

Shalon Waldrop, a Tarleton State University student from Robert Lee, attended Duck Camp this summer at Camp Champions in Marble Falls. Hosted just prior to the beginning of the fall semester, Duck Camp is a four day, three night crash course in what has been called the "Tarleton Experience".

Sponsored through the Division of Student Services, Duck Camp is aimed at making first semester freshmen feel more at home on the Tarleton campus. Now in its third year, enrollment in Duck Camp has grown steadily and this summer over 240 campers participated in the event.

Participants are divided into small groups of eight to twelve campers under the guidance of two group leaders. The groups are given names reflecting some significant part of Tarleton's history such as the Silver Bugles, Texan Riders, Drum Beaters, Cannons, or Purple Books. Waldrop, a graduate of Robert Lee High School, was a member of the Smokestacks.

Seminars on campus life and Tarleton traditions are designed to help students with the transition from high school to college. Topics including dating, city and county regulations, time management, finances, and campus activities. The "traditions" sessions discuss Tarleton history and campus landmarks.

Each evening a guest speaker, usually a Tarleton alumni, speaks to the campers about some special aspect of going to school at the University. Among those visiting Duck Camp this year were Dean of Students Rusty Jergins, Darrell Brown of Town and Country Bank, and Ed Knoll, Director of Tarleton's Student Development Center, and Vice President of Student Services Dr. Wanda Mercer.

"The spirit behind Tarleton is derived from its students, traditions, and organizations," said Dr. Garner Lewis, Associate Vice President of Student Services. "We believe that by helping first semester fresh-

men establish friendships, develop leadership skills and learn about student opportunities and activities, their chances of adjusting to campus life are greatly improved."

Statistics have shown that retention among incoming freshmen who attend Duck Camp is significantly higher than those who don't. "I have had students come up to me since school began and say they were so excited when they got to class those first days and discovered people they had met at Duck Camp," said Lewis. "It was only their first week on campus and already they had friends."

They're out of business, you're out of luck by Attorney General Dan Morales

Perhaps the most frustrating consumer complaint is one against a company that is out of business or that has moved without leaving a forwarding address. Agencies that assist consumers may not have the resources to find these companies.

As with any consumer problem, your best defense is prevention. Our mission at the Office of the Attorney General is to arm you with the information you need to avoid this difficult situation.

Don't let it happen

To help protect yourself from fly-by-night businesses, observe the following rules:

- Don't give your credit card number or bank account information to a stranger who contacts you to make a sale

- Insist that a company provide you with their business address

- Don't allow yourself to be rushed into a purchase or agreement

If you are interested in a deal someone offers you at your door, a trade show or fair, or over the telephone, write down the company's name and address. Later, when you have verified that the company exists, you can contact them. This way, you will at least know that you can find them where they say they are.

When a salesperson says you have to buy right now to

get the deal, consider looking elsewhere. Pressure to buy now is a time-tested means of luring consumers into making quick decisions - and costly mistakes.

If the company is bankrupt

If you learn that the company has filed bankruptcy, you must file a "proof of claim" to have any chance of recovering your money. Obtain a proof of claim form from the clerk of the Federal District Court in which the business has filed for bankruptcy.

Bankruptcy cases can be very complex, so you may want to hire an attorney to help you - especially if your claim is large. The State Bar Association and many county bar associations operate lawyer referral programs.

If you can't afford a lawyer, you may be eligible for federally-funded legal assistance. Look in the phone book under "Legal Aid" or "Legal Services".

Won't the Attorney General sue if I complain?

The Office of the Attorney General facilitates the resolution of many thousands of consumer complaints each year. However, the process works because most businesses honestly want to ensure customer satisfaction. Shady businesses do not generally cooperate with efforts to repay their victims!

State law prohibits us from representing any individual, or even from giving legal advice to any individual. If a company violates the law, the Office of the Attorney General may sue it in the public's interest. When we sue, it is usually because a company's illegal practices are widespread and costly to many people.

We may be able to serve the public interest by putting a stop to an illegal practice. But there is no guarantee that we will be able to get the consumer's hard-earned dollars back. Sometimes we can. All too often, the person who bilked you will have lost no time spending your money.

For more information

I hope you'll be able to steer clear of shady business deals. But even the smartest consumer can fall for a cleverly designed scam. For a copy of the Consumer Complaint Form, call 1-800-621-0508 or write to the Consumer Protection Division, Office of the Attorney General, PO Box 12548, Austin, TX 78711-2548.

For more information about consumer issues, and for an on-line copy of the Consumer Complaint Form, visit our Website at <http://www.oag.state.tx.us>.

Agony of the feet

While exercise is great for the heart, it can take a toll on the soles - of your feet that is.

"Feet are one of the most neglected parts of the body when it comes to fitness," said David Brennan, an exercise physiologist at Baylor College of Medicine in Houston. "Most people don't think about taking care of their feet until they hurt. By that time, damage may have already occurred."

Using proper shoes for your exercise is the most important "step" you can take to avoid foot problems.

"If you're participating in several activities, you need more than one pair of shoes," cautioned Brennan. "Sport-specific shoes can help prevent injuries."

In addition, Brennan recommends:

- *Always wearing socks to help absorb the shock of exercise and keep feet dry.

- *Clipping toenails. Pressure from shoes can irritate nails, causing them to fall off.

- *Rubbing or soaking feet after workouts. This helps to increase circulation and relax foot muscles.

"Your feet might be sore after a workout, but they should not hurt," said Brennan.

WTRC Fall Trail Ride

The Fall Trail Ride for Rehab is scheduled for the weekend of October 18 and 19 at the Louis Brooks Ranch near Sweetwater. Registration will begin October 17 after 3 pm and continues Saturday, October 18 beginning at 8:00 am. Volunteer Trail Ride Chairmen are Kelly Gill, Mac Sayles, and Thomas Hicks.

The weekend will feature a day-long ride on Saturday and a shorter ride on Sunday morning, and three meals will be served. Saturday evening entertainment will be provided by "Texas Sand", a musical group from Snyder. Weekend activities will include an auction of numerous items, a spur raffle (spurs by Bill Klapper), and a Sunday morning worship service.

The Louis Brooks Ranch is located in scenic rolling hills in Nolan County. The ranch was originated by C.E. Boyd and was purchased by Louis Brooks, Sr. Brooks was the all-around world champion cowboy in 1943-44 before retiring to become a successful rancher. The ranch is currently owned by Nita Brooks-Lewallen of Stephenville and operated by her son, Louis Brooks, Jr. of Sweetwater.

Expenses for the event are underwritten by Lawrence Hall Chevrolet, which means that participants' donations (\$40.00 per rider suggested) will go directly to treatment services at West Texas Rehabilitation Center in Abilene and San Angelo.

Trail Ride co-chairman Kelly Gill said, "Effective January 1, 1997, regulations require a negative Coggins test within the past twelve months for any participation in any trail ride, show, fair, competition or other event where equine are gathered. Your compliance is appreciated."

To sign up for the trail ride or for additional information, contact John Thomas, Abilene, (915) 691-7290, Eva Horton, San Angelo, (915) 949-9535, or after 7:00 pm, Mac Sayles, Tuscola, (915) 554-7884.

BHS Class of '45 gathers

The Bronte High School Graduating Class of 1945 met on Saturday, September 27, 1997 for their reunion in Robert Lee.

Mr. and Mrs. Wilson Bryan opened Bryan's Barn to the group. Lucile Bryan was the class sponsor in 1944-45. Twenty were in attendance. Ten of the original graduating class were present.

Attending were Mary A. Webster of Ozona, Harriet B. Tucker of Blackwell, Mary Dean C. Payne of Abilene, Douglas Ditmore of Robert Lee, Mary M. Sharp of Carlsbad, Wayne Rogers of Waco, Mary Louise S. Snyder of Dumas, Bobby Gentry of Odessa, and Bill and Maxine Labenske of Bronte.

Spouses present were Grace Ditmore and Charalyn Rogers.

Former classmates attending were Elna S. White and R.C. of Sulphur Springs, Maxine R. Allen and Ernest of San Angelo, and Edith Eldridge Lowe of San Angelo. Also attending was Jay Lenoir, Harriet B. Tucker's grandson of Blackwell.

Visiting was held from 11:00 to 12:00, then the meal was served. After the delicious meal, a short business meeting was held. Then, Edith Lowe entertained with some of her experiences of picture taking, furniture shopping and notations from her dad's diary, kept while he pastored First Baptist Church of Bronte. Laughter filled the room as she related the notes he had made concerning his charge for performing her and Rex's marriage ceremony.

Then, Mary M. Sharp gave a report of some of the members who were unable to attend. Best wishes were sent by Bob Good, Joyce Beard, Vida Mae Bagby, Lavada Boise, Mary Ruth McGuire, Jeanie Wojtek, Jean H. Vines, and Juanita Foster.

Again, the last part of the day was spent visiting and picture taking. All are looking forward to next year's get-together. Letters will be sent to each member with date and time.

BHS Student Council to host dance

Bronte High School Student Council is sponsoring a homecoming dance Friday night, October 3. It will be held in the gym after the football game and will continue until 1 am. Door prizes will be given away and everyone is encouraged to come.

New area codes required Oct. 6

Telephone users are reminded the new area codes assigned in July to portions of south Texas must be dialed to complete a call to those areas beginning October 6.

The metropolitan San Antonio area retains the 210 code. Areas north of Webb County previously in the 210 area changed to 830 area code while Webb County and the area of the old 210 area to the south changed to the 956 area code.

GTE reminds telephone users to reprogram automated equipment that uses the area code, such as storing or analyzing telephone numbers, security systems, business telephone systems, modems, speed call lists and automatic dialing.

South Texas is among 70 regions nationwide to receive new area codes over the last two years, including six in Texas. The need for codes has increased due to population and business growth, entry of new competitors for local service, and the proliferation of fax machines, modems, cellular phones, pagers, and additional phone lines.

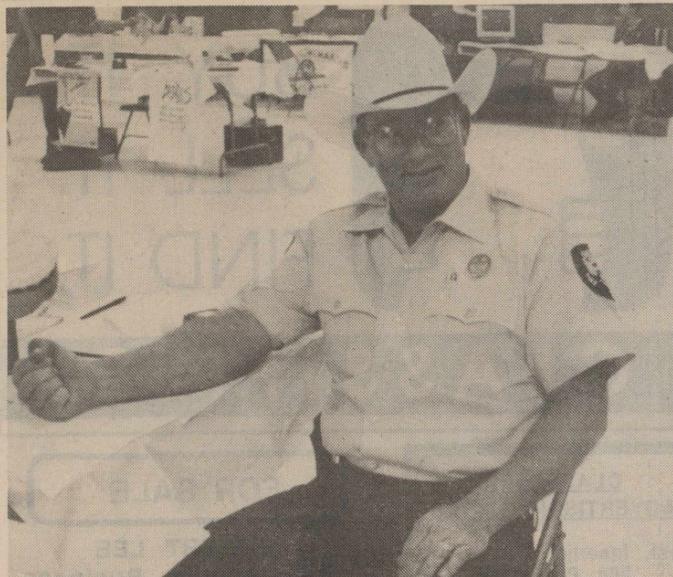

BHS Seniors nominated for awards

Courtney Arrott and Michael Martinez, seniors at Bronte High School, have been nominated for the fourth annual Wendy's High School Heisman Award, announced Rick Howell, principal of Bronte High. The national awards program, created by Wendy's, the National Association of Secondary School Principals (NASSP) and the Downtown Athletic Club in New York City, recognizes academic achievement, community service and athletic accomplishments of high school senior men and women.

Courtney and Michael excel in academics, ranking in the top 20% of their class. They both participate in extracurricular activities. Courtney participated in volleyball, basketball, and golf. Michael participates in football, basketball, and track. Both have been active in local civic events representing different organizations.

A distinguished panel of judges, including past Heisman Memorial Trophy recipients and education, business, and community leaders, will review the 102 State Award Winners and name 12 National Finalists, one male and one female representing six geographic regions, who will each be invited to New York City to participate in the Heisman Memorial Trophy weekend festivities at the Downtown Athletic Club. One male and one female will then be selected as the National Winner and honored during the Heisman Memorial Trophy national telecast Saturday, December 13, on ESPN.

The awards presentation will be made by Dr. Timothy J. Dyer, NASSP executive director, Wendy's founder, Dave Thomas, and program spokesperson Archie Griffin, the only two-time Heisman Memorial Trophy winner and

Coke County Deputy Rick Styles puts on a brave face as he prepares to have blood drawn for a cholesterol check at the Health Fair held in Robert Lee last week.

current associate athletic director at Ohio State University.

"Courtney and Michael have achieved a tremendous amount of success through their involvement in academics, community service and athletics," says Mr. Howell. "We are proud to honor them and they should be recognized as role models in our school and remarkable citizens within the community."

SA G&H Society to meet

The San Angelo Genealogical and Historical Society will meet at 7:30 pm on Tuesday, October 7, 1997, in the Fellowship Hall of the Church of Christ, 901 North Main, San Angelo, Texas.

Thomas Adams, San Angelo City Manager, will give a program on using Mormon Family History Center records in genealogical research.

The society meets the first Tuesday of each month, September through May. Visitors are encouraged to attend. For more information call Peg Gordon at 949-8870.

Personal

Sid and Ginger Eubanks of Natchitoches, Louisiana, recently visited their parents, Sid and Johnnie Eubanks and Helen Murtishaw.

The weather was very hot, but at the campsite at "Box L Ranch" sitting in the shade of a big mesquite or by the fishing dock was very pleasant.

Joy and Billy Joe were the chefs. Those enjoying the outing and hamburgers with all the trimmings, along with apple cobbler and a freezer of homemade ice cream, were: Sid and Ginger Eubanks of Natchitoches, Louisiana; Betty McDaniel of Abilene; Jim and Lois Dunklin of Robert Lee; Billy Joe and Dianne Lockett, Joey Lockett, Dewey Lockett, Helen Murtishaw, Sid and Johnnie Eubanks, all of Bronte, and Joy and A.J. McDaniel of San Angelo.

CARD OF THANKS

THANK YOU IS NOT QUITE ENOUGH
to describe what my family and I feel toward everyone in Coke County.

Your presence, words, and hugs made it a "homecoming" for our treasure, Yvonne Jones.

You are very fortunate because you have each other all the time. Thank you for letting us borrow you for a little while last Tuesday.

To Southside Church of Christ, Jeffie Roberts, and Charlotte Millican an extra blessing.

To all our friends and relatives alike, we love you.

May each of you walk every day with the hand of the Lord on your shoulder.

Car seats may prevent motion sickness
Car seats can help children who are prone to motion sickness.

Motion sickness can be caused by the difference between what the eyes see and what the body senses, said Dr. Ellen M. Friedman, an otorhinolaryngologist at Baylor College of Medicine in Houston.

"By elevating car seats so that children can look out the window, they can see the direction of travel their bodies are experiencing," Friedman said.

Traveling at night can also help reduce motion sickness because there is less visual stimulation at night. It can also be helpful to have children close their eyes or wear dark glasses.

The Helmet Lady demonstrates proper seat belt placement to RL fourth graders during last week's Health Fair. She was assisted by one of the crash dummies.

Tailgate party food safety

The party often starts before the football game begins. Park the truck. Pop the tailgate and break out the food. Don't fumble when it comes to food safety, though.

You need to plan ahead for tailgate parties. Fill a thermos with boiling water to warm it up before you put in hot chili or soup. Casseroles should be wrapped as soon as they come out of the oven. An ice chest is essential for cold foods. Pack them in small shallow containers and pre-chill. And throw away any leftovers.

A football game can last for three hours. Perishable foods can only last about two hours unless they're kept cold or hot. So while your team is headed for the endzone, your food may be entering the danger zone. That's a temperature between 40 degrees and 140 degrees.

WCC EMS memorials and donations

Recent donations and memorials to the West Coke County EMS are as follows.

Memorials

Ruth Garvin

Jim & Reba Tabor, Mr. & Mrs. Clifton Stodghill, Lucille (Annie) Cathey, Zera Fields, Mr. & Mrs. Francis Smith, Hadley & Geneva Richards, Dale Fields.

Valeria Parker

Dale Fields.

Otis Stegall

Thelma Lomas.

Hubert Gregory

Thelma Lomas.

Cecilia Saucedo

Butch & Glenda Service.

Donations

Treat A Weed, Molly B's.

WCCNH memorials

Cleo Lord

Mr. and Mrs. Elmer Adkins.

AON meets

The AON Service Club met in the home of Elena Sanchez September 8. The business meeting was conducted by president, Denise Roberts. Main order of business was the annual spaghetti supper to be held October 3. Plans were finalized and members are looking forward to serving lots of chicken spaghetti.

Elena, Kathy Gardner, and Brenda Gray served members a Mexican food dinner complete with dessert. After the meal, Elena gave the program on Thanksgiving crafts. All members designed and made their own turkey door decoration with a straw bonnet and twist paper.

The next monthly meeting will be held October 13, at Beth Heard's home with Lorrie Martin serving as co-hostess.

Kids nutrition Q&A

Q. What kinds of vitamins should I be giving my children?

A. Actually, vitamins are not necessary if a child is healthy and consumes a well-bal-

anced diet. The USDA Food Guide Pyramid suggests children eat 2 to 3 servings from the milk group, 2 to 3 servings of meat, poultry, fish or eggs, 3 to 5 servings of vegetables, 2 to 4 servings of fruit, and 6 to 11 servings from the bread group every day.

Over the counter supplements can be potentially toxic and megadoses can be harmful. Too much iron can be fatal and there are cases where excess vitamin A, and D can damage the kidneys, heart, and brain.

However, supplements are necessary for premature infants, children on restrictive diets including vegetarian diets, and for children under special care (teen pregnancy, chronic illness, or eating disorders).

Where's the juice?

Clever advertising and packaging can sometimes lead parents into thinking they are buying "juices" for their children, when those "juices" have no nutritional value.

"Parents should buy 100 percent fruit juice for their children," said Dr. Janice Stuff, at the USDA/ARS Children's Nutrition Research Center. "Fruit punches or 10 percent juice products may be fortified with vitamin C, but are low in potassium and high in sugar."

Here are some tips for parents to remember: *Orange juice is the best juice to buy. It's the best source of vitamin C and potassium. *Pure fruit juice is an excellent source of vitamin C and potassium. *Do not serve calcium-fortified juice products in place of milk.

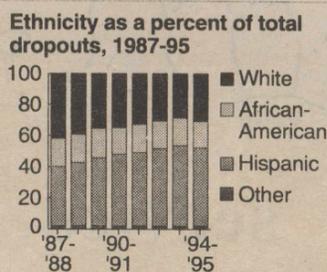

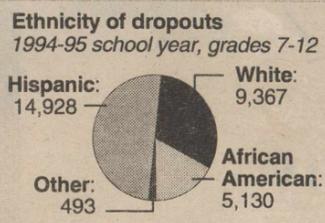

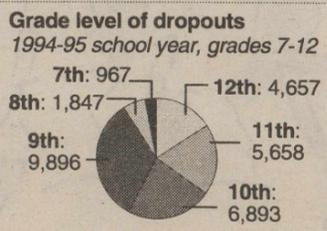

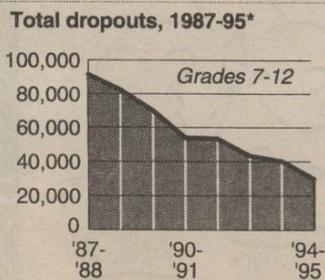

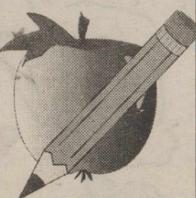

Vitamin C keeps gums, skin, tissue, and bones healthy. Potassium is a mineral important for maintaining normal bodily functions.

Keeping an eye on Texas

The good news is...

Kids are staying in school!

The number of students in grades 7-12 who dropped out in the 1994-95 school year declined. Still, Texas lost nearly 30,000 students in those grades during the 1994-95 school year.

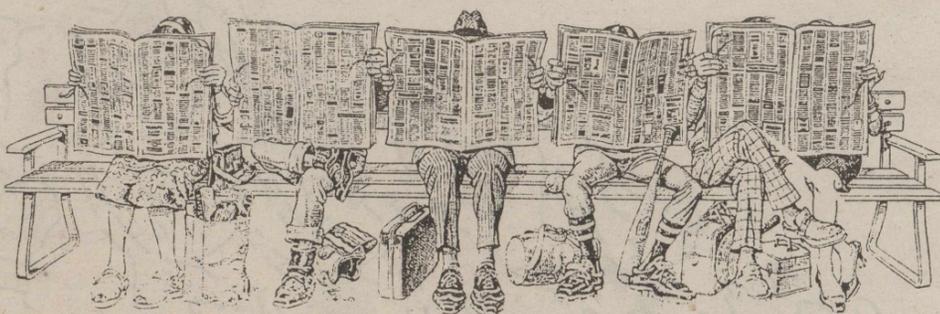

*TEA attributes part of the decline in rates to a change in the definition of what constitutes a dropout.
