SEMINOLE, GAINES COUNTY, TEXAS

April 26 1967

During this time of demonstrations, sitins, sitouts, strikes, and complainings, let us all take a stand. There are some things this paper wants to demonstrate for; justice, mercy, and a willingness to help. This week we are carrying the sheriff's department of our county. Next week it will be our City Force, the next week it will be our State Men. We want to make a demonstration for them.

1. We want to point out their duties
2. We want to introduce them anew to you
3. We want to encourage you to help them

In our State it is sad that an oral confession of a defendant is not admissible as evidence in court. It is worse in our country that the criminals have been loosed to prey again on society because of a technicality. Our Higher Courts have made "The Man in Uniform's" job much harder in the past few years.

Although you may not agree with everything the departments do, we want to impress upon you, the local citizen, they do represent

'Law and order'  
'Our Government'  
'Our way of life'  
'Our Authority'

Now with this in mind, let us all determine not to encourage the criminal. We need to encourage and help the county, the city, and the state law enforcement offices. We need to teach our children respect for 'Authority' (To each of the law agencies, we promise if you will serve us, we in turn will do our utmost to serve you.)

From his letter: "How is everyone in Seminole? It seems like years since I have seen the people there. I'm doing all right over here.....as much as a lonely soldier boy could expect.

Cecil Parker attended Seminole Public School. The expression and the facial picture could well remind each of us of a brother, a son, a husband, a son-in-law, a sweetheart, or a good friend. (I will write Cecil, will you write others?—Ed.)

## Local Law Activity Role of Sheriff, deputies Is Discussed

Back row: Jack Ramsay, Earl Bartley, Sheriff Montgomery, R. L. Bartley, Ward Christian.

## Trio Held

From \$2.56 worth of gas stolen to 18,000 feet of wire. That is the story of the Sheriff's Department this past week. In custody are suspects Billy Wayne Snyder, 31 year old white man from Levelland, James Rea, from Brownfield and Joyce Dunlap, 24 year old white woman from Brownfield for theft of 18,000 feet of #107 gauge copper wire. In the early hours of April 20, 1967 the suspects were charged with using side cutters after climbing electric poles and cutting the wires; rolling the wire into rolls and selling for \$106.50 to a junk buyer.

40,000 feet of wire has been stolen in this area in the past two months. It was estimated that three to four men spent as much as thirty hours each on this case.

The Sheriff shall be a conservator of the Peace in his county, and shall arrest all offenders against the laws of the State, in his view or hearing, and take them before the proper court for examination or trail. (Art. 2.17 CCP)

The Sheriff's Office is responsible for many phases of law enforcement, and therefore is an investigative branch. This office is regulated by State Law and is charged with the duty of enforcing the state laws.

The Sheriff's Office is responsible for the following duties, as stated in the Statutes of the State of Texas.

1. Investigate violations of the laws of all grades and types, within their jurisdiction, gather facts and circumstances so the Prosecuting attorney will have them available for the proper prosecution of the case.
2. Maintain accurate records of the cases investigated and their disposition, and the prisoners processed by this department.
3. Serve and return all warrants issued from Justice of the Peace Courts, County Courts, and the Grand Jury, and to take each defendant before a magistrate for a hearing as provided in the Constitution.
4. Serve and return all civil processes issued by the Justice of the Peace Courts, County Court, and District Court, both local and out of county.

# Farm hand

This article is continued from last weeks News Thanks

Let's look for a minute at some average cost to move a quarter mile of pipe, fifty can be moved by pulling it with a tractor. With wheels, the pipe can be rolled across the field, under its own power, so to speak. Some wheel systems have trail-tubes with additional sprinklers so that the system can be moved as far as two-hundred feet at a time instead of fifty. Another type of wheel system pivots at the center and rotates in a circle. This system leaves the corners of the square farm dry, but is still one of the most economical systems available, since it proceeds around its circle without manual labor of any type and is completely mechanized. A forth, and the most elaborate system is known as the solid-set and is composed of enough hand-move pipe to be laid out one time each year, or crop, and is never moved again. Valves are used to switch water from one line to the other.

The cost of skids, has been estimated at a \$ 1.45 to move a quarter mile of pipe fifty feet. The cost of the simple wheel syste, \$0.73. A wheel system, trailing tubes to cover a greater area, \$2.83. The rotating circle system, \$1.71. All these figures take into consideration the inital cost, depreciation, based upon manufactors esti- of life, fuel cost, labor cost, and includs tractor fuel ets. This estimate is based up- on each quarter mile of pipe, or equivilent, watering forty acres of land every twelve and one-half days and repeating the process six times each year. The figures can be reduced, or increased, by watering more times, or less times' and can be complete- ly reversed by double cropping, or grow- ing more than one crop on the same land, in any one year. In this process, the most expensive system can become the most economical becasue it is utilized for a great er length of time each year and its cost per move decreased. The old cost of hand- move was in the vacinity of \$1.00. Perhaps, there will come a time when labor is once again available, but it is doubtful.

With the increased cost of mechanization, it is now necessary to vary the types of crops, and plan the entire farming operat- ion around the method of moving irrigation pipe. In other words, you choose a method of moving pipe first, and decide what crop to plant second. In Gaines County, every conceivable type of system known to man is being employed. Some are used that have as yet to be conceived. They just happen by accident. The Gaines County Farmer must be a wizard at agromony, fnade. meteorology, engineering ingenuity, and work harder than any other proffession. He must be inventive, practical, bold, and far-sighted. He handles more money per capita than ninety-percent of other business ventures, and gambles everything he owns on each crop grown. All of the water systems, fertilizer application, new methods

Bea Underwood was honored at a farewell dinner in the offices of Southwestern Bell Telephone Co. Friday night.

Her fellow employees hosted the occasion. The serving table fea- tured a minature tree under a delicate pink parasol. The tree was decorated with small pink butterflies, min- ature fans glittered in gold and gold wrap- ped coins. The tree was also used for the gift presentation, which was a gift of money.

Those attending were the honored guest and her husband, Howard, Cleon Flache, Delores Mason of Midland, Eve Deen King, Peggy Thom- ason, Helen Stockton, Mary Reed, Betty Sue Evans, Winifred Lamm, Lois Boyer, Joyce Scott, Le Anne Stone, Barbara Roberts, Jewel Holmes, Judy Mize, Yvetta Allen, Glen and Joyce Bailiff and Doug and Barbara Dendy and Sons.

## In Crash

On April 23, 1967, 5 miles west of Sem- inole; a 1951 Ford driven by Homer Jerone Peterson, 304 S.W. 3rd and a 1963 Chevrolet driven by Francis Virgil Dyer, Carlsbad were in- volved in a accident. Peterson was attempt- ing a left turn when Dyer was in the pro- cess of passing. The Chevorlet, a pickup was a total loss, The Dyers loss was es- timated a \$525.00.

etc., are tried and proven by the farmer first - - - and massproduced by manufact- later. An idea is just an idea, until tried and proven.

Gaines county farmers are the recognized leaders in proving new and better ideas in irrigation. They are the leaders in trying new and better crops. Gaines county farmers are the best in the world, (perhaps broke today - - rich tomorrow) but without them, we-the rest of the world, would starve to death.

## BOOKS

OPEN NEW HORIZONS

"The Seventh Step" by Bill Sands is continuing the story, "My Shadow Ran Fast" by this bestseller author. Bill Sands enters prison a second time as a vital step in his efforts to help the criminals. Only in prison can he reach the men he must reach. He tells his own story as well as that of many more behind prison walls. Don't miss this one.

We now have "The Death of a President" by William Manchester. The book you have heard so much about. Plan to spend some time for reading when you check out this book. Just seven hundred pages of information about the death of John F. Kennedy.

"The Man in the News" by Joy Packer. A widow with a long hidden secret returns to London after 20 years in South Africa because of her daughter's impending engagement to the son of a socially prominent family. But a gossip columnist unearths the secret of her past, and reveals her as the wife of a famous murderer. Her daughter's despair over the effect of the revelation on her fiancé's family drives

Miss Donna Jo Willett spent the week-end with her parents, Mr. and Mrs. Dale Willett, 806 S. W. Avenue H. Miss Willett, a student at Sul Ross is the current Basketball Sweetheart and was recently initiated into Zeta Delta Chapter of Kappa Delta Pi, a national honor society in education.

her to attempted suicide. A dramatic blend of romance, atmosphere and suspense.

"The Flight of the Falcon" by Daphne Du Maurier, author of the popular suspense novel called "Rebecca". This is a story of a young Italian named Armino who had led a pleasant, if humdrum life, until he became involved in the murder of an old peasant woman in Rome. Armino returns to his home town in the hills of Italy that he had left 25 years before, as a boy. Once home, and unrecognized, he begins to feel that his birthplace is haunted—by the phantom of his adored older brother who had been shot down in flames, and by the presence of the demoniacal Duke Claudio, who had preyed on the people of Ruffano and become known as the "Falcon". The story is full of haunting atmosphere and hypnotic suspense.

## Lion's Clubs Will Attend Meeting

The Lion Club's of Seminole will be going to Lamesa to attend the big District 2-T-2 convention this week-end. There are over 1500 Lions and their families expected to attend. The District Queen will be selected at the Meeting. The local clubs Queens, Nila Norton and Kathy Pierson will be vieing for the District title. Other highlights will be; well-known speaker and humorist, Dr. Charles Jarvis and an address by Judge Zollie Steakly. There will be an election of District Officers. There are a number of local Lions planning to attend.

---  
Mr. and Mrs. J. W. Blackstock of Lamesa were Friday night guest in the home of her sister, Mr. and Mrs. M. C. Hobby.

### SHERIFF'S Dept. cont. from page 1

5. Maintain and operate radio communication for local and surrounding agencies. Telephone for the Sheriff's Office, The Police Dept., The Texas Highway Patrol, and a direct line for the Seagraves and Loop area, are answered by the radio operators. A radio operator is on duty 24 hours a day, therefore the telephones are answered anytime day or night, and the proper agency and unit dispatched immediately.

6. To keep safely all prisoners committed to jail by the proper court. Each prisoner committed to jail becomes the responsibility of the Sheriff's Office no matter what agency picks them up. The jail is the responsibility of the Sheriff's Office.

7. Maintain close cooperation with all other law enforcement agencies, the district attorney, county attorney and the courts so that justice may be obtained. This office works very closely with the FBI and surrounding counties, so that assistance may be available at all times in cases where it is needed.

8. To furnish a bailiff for the courts when they are in session, and the Grand Jury at the time it convenes.

9. To notify all jurors selected by the Jury Commission, and at the direction of the proper court. To notify and serve all subpoenas on all witnesses summoned by the Grand Jury or any of the courts.

10. To constantly study the state laws and the Supreme Court decisions to better prepare cases for the protection of the citizens of Gaines County and the State of Texas and to afford a fair trial to each defendant.

The traffic control and accidents are investigated by the City Police Depts. within the city limits, and by the Texas Highway Patrol within the county and state. The sheriff's office is an assisting agency in traffic when needed and requested.

It is the desire of this department to serve the citizens of Gaines County, and therefore the support of each citizen is solicited. Each citizen can aid law enforcement by reporting violations of which they have knowledge, as well as taking an active part as witnesses and jurors. Crime can be held to a minimum in Gaines County with the solid support of the local citizens.

### Wild Chase !!!!

For some unknown reason, 4 juveniles were trying to evade the New Mexico law offices & sped into Gaines County Sat. night. They had left Lovington-via Hobbs and got 4 miles into West Gaines County before being stopped. Several shots had been fired by the New Mexico State Police and the bullets hit the right rear tire, causing the stop. The 4 were brought to the Gaines County Jail by Ward Christian, and Rusty Bartley; Deputy Sheriffs. The driver elected to return to New Mexico to face charges, but charges have been filed here against the other Juveniles.

Mmes. T. F. Lindley, R. L. Kirk, Dean Click, Henry Nixon, and F. J. Young attended the Woman's Society of Christian Service meeting at the First Methodist Church in Tahoka Tuesday.

Our Local Fire Department answered again the plea of "HELP!" Shown above is a grassfire west of 21st street in the "Draw" at 1:15 P.M. Friday. The "NEWS" plans to feature the Fire Department in the near future.

Billie Pool and Sue Holland, Radio Dispatchers; Dan Florence, Radio Operator and Combination Jailer; Doyle Fincher, Relief Radio Operator; Jack Ramsay, Chief Deputy Operates the ID section and Photographer; Earl Bartley, Criminal Deputy; R. L. Bartley, Criminal Deputy; Ward Christian, night Deputy; Barbara Ward, Secretary.

## Regional Tennis Meet

Districts 2-AAA and 3-AAA divided the four championship of the Region I Tennis Tournament at Odessa College last Saturday.

Districts 2-AAA qualified representatives to next week's state meet in girls singles and boys doubles while District 3-AAA gained spots at Austin in girls doubles and boys singles. District 1-AAA failed to scratch.

For District 2-AAA Seminole's Barbara Barmlett earned the opportunity to defend her Class AAA girls singles title. Barbara had a bye in the first round, then defeated Brownfield's Cindy Causineaux 6-3, 6-1 in the finals. Leslie Burns and Johnny Black of Andrews, conquerors of Seminole in the District Meet, won their way to Austin in boys doubles by defeating Snyder in the finals, 6-1, 6-4.

For District 3-AAA Woody Cunningham of

## BARBARA BARMLETT

Barbara started playing tennis when she was 11 years old and entered her first tournament that summer. Since then, she has played in approximately 50 tournaments, most of these, she placed first.

She practices about

Sweetwater won the boys singles title. He ousted the District 2-AAA representative, Dee Broyles of Ft. Stockton, 7-5, 6-3 in the finals. Brenda Benson and Janie McNutt of Brownfield gained the championship of the remaining event for District 3-AAA by first downing Andrews of District 2-AAA, 6-3, 6-2, then trouncing a duo from Dumas, 6-1, 6-1.

At Austin next week the qualifiers from Region I will be drawn in positions opposite the representatives of Regions II, III, & IV in a tournament to determine the state champion in each event. Play will begin on Friday, May 5th and conclude on Saturday, May 6th.

"Barbara"

2 hours daily and 3 to 4 hours a day in the summer. Last year she was ranked 7th in 16 and under in Texas. This year she'll be at the top of the age bracket and is working toward no. 1 ranking of the 16 and under in Texas.

This summer, Barbara plans to enter as many tournaments again as possible and also plans to play in the National Tennis Tournament. Last year she was the first freshman to win State in Tennis.

Barbara won Regional U.I.L. by defeating Cindy Caussey 6-3, 6-1 and is working hard to be ready for the State meet May 4-5.

## Students In Regional

Region II-AAA literary competition was held April 21-22, Friday and Saturday at Odessa College. Seminole took its one-act play "The Boor", Mike Smith in poetry Interpretation, Ben Marcus and Paul Dabbs in Journalism, and its girl debate team.

The one-act play contest was held on Friday. Seminole went against Snyder, which presented a cutting from the play "Years Ago" and Canyon, which presented the one-act play "The Case of the Crushed Petunias". The performance began at 3 and by 6:30 the judge announced the results. Linda Setser was among the four named for the All-Star Cast. Mike Smith was named Best-Actor. Canyon placed first

and Seminole placed second.

A unique aspect of this years cast and crew is the professional attitude assumed by them. All of the students involved felt they had learned a great deal though they were dissappointed with the decision.

Mr. Bill Cook, director of the Baylor University Theatre, served as critic judge.

The Regional individual literary contests began Saturday at 8:00 A.M. The first event was Poetry Interpretation. Mike Smith placed first and will continue to the state meet May 5. He read Oliver Wendell Holmes "A Deacon's Masterpiece" or "The Wonderful One-Hoss Shay", Snyder placed second, and Canyon placed first

competition began at 9:00 A.M. and continued until 2:00 P.M. that afternoon. The Seminole team did well but did not place in the top three. There were approximately 20 schools involved.

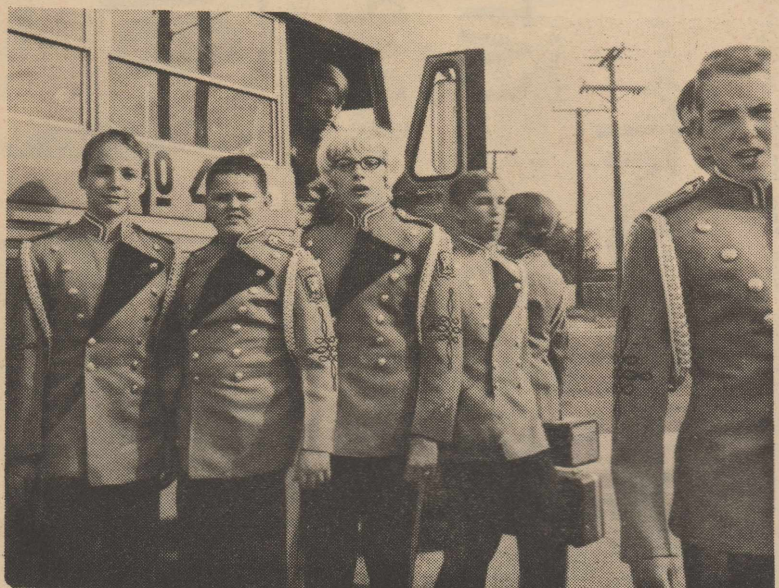

The debate began at 12:00. Linda Martin and Laren Holler represented Seminole. This was the first girl's debate from Seminole to ever win

district. This is quite a mark for two sophomores. The girls debated Snyder the first round and lost. Snyder continued to win Regional.

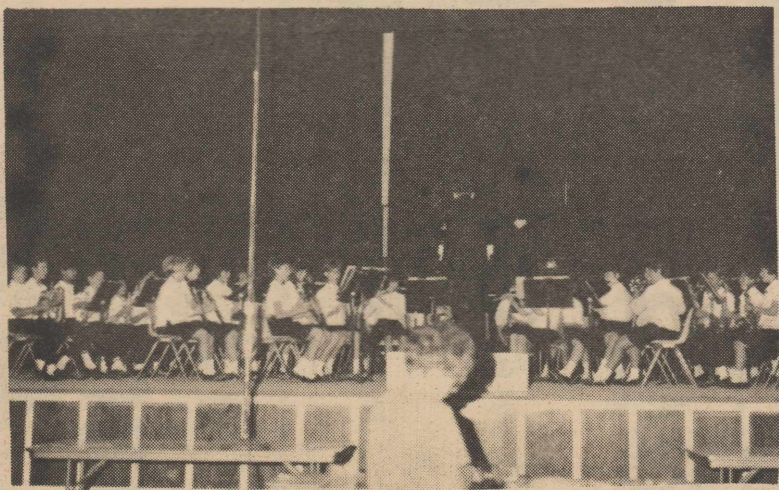

All the students involved in U.I.L. Speech have worked hard this year and deserve a round of applause from the students of SHS whom they represent at over fifteen tournaments during the year. (The News Adds its Amen.)

# IN OUR FAMILY KITCHEN

FROM JANE'S KITCHEN

Mrs. Herbert Hicks of 409 SW 17th is one of Seminoles outstanding young homemakers. Herbert is engaged in farming and is also active in Civic affairs. Jane is a busy Mother with David, 8; Don, 5; and the newest family member Suzanne, two and one-half months; keeping things delightfully busy. Mrs. Hicks is a member of the Jr. Study Club, W.M.U., and she is on the Women's Committee of the Farm Bureau. In 1965, Jane was a contestant in the "Mrs Texas" contest and placed second runner-up and was voted "Mrs. Originality". The Hicks family are active members of the First Baptist Church. Among Jane's hobbies are sewing, cooking, and at the present time "SUZANNE". One of her favorites from her Recipe Files is given here.

### PECAN CAKE

1 lb. butter  
 1 lb. flour (4 scant cups)  
 1 lb. white raisins (3 1/2 Cups)  
 1 lb. Sugar (2 1/3 Cups)  
 1 lb. pecans 1 1/2 teaspoon baking powder  
 6 eggs  
 2 oz. lemon extract

Cream butter and sugar, add lemon extract Sift flour and baking powder together and stir in butter mixture. Add nuts and raisins. Then drop in one egg at a time and beat well. Bake in 350 degree oven about 45 minutes or until done. Let it set several days to ripen. Will keep moist for weeks.

Thank you, Jane, for letting us publish your recipe. We know we will enjoy featuring the recipes of other Seminole women in OUR FAMILY KITCHEN each week.

## Day-Camp "Cook-Out" Training

The leaders of the Seminole Neighborhood of the Permian Basin Girl Scouts met Friday from 10:00 A.M. to 2:00 P. M. for 'cookout' training.

Ruth Lake, Neighborhood Chairman will be Day Camp Director, Pat Webb, Camp Nurse and Mary Russell, Camp Buyer. Seminole Day Camp will be June 5th thru 9th. The Brownies, Junior Girl Scouts, Cadettes and adult leaders will take part in Day Camp. This is the first time Seminole has had Day Camp since being in the Permian Council.

Attending the training were Mary Russell, Ruby Jo Henderson, Shirley Jameson, Donna Munnerlyn, Ava Duncan, Pat Webb, Ruby Sims, Roetta Lambert, Mary Oats, Mrs. Bennett, Ester Martin and Ruth Lake.

Gary Richards, son of Bessie Samples, was hurt this week in an oilfield accident. Gary is in our local hospital.

---  
 Kenneth Lee Rhea visited during the week-end with his parents, Kenneth and Tommy Rhea, Keith and Karen. Kenneth Lee had as his guest, Tommy Holmes of Rochester. Both boys are in school at Ranger.

# PERMIAN BASIN DISTRICT FIREMEN'S ASSOCIATION

## SPRING CONVENTION

Fort Stockton, Texas  
SATURDAY, APRIL 22, 1967

Twelve members and their wives of the Seminole Volunteer Fire Department attended the Spring Convention of the Permian Basin District Firemen's Association April 22, 1967 at Ft. Stockton.

The Men's Teams won first place in the Two Man Hose Race and second place in the Pumper Race. They received a trophy for each of the races. The ladies failed to place this year in the Ladies Pumper Race. After the races, a barbecue was held for the firemen and their wives at Rooney Park.

Members who attended were Mr. and Mrs. Rex Long, Mr. and Mrs. Dale Earl, Mr. and Mrs. Jerry Reid, Mr. and Mrs. Harlan Hitch, Mr. and Mrs. E. L. Norris, Mr. and Mrs. Jimmy Pierson, Mr. and Mrs. Glenn Cavitt, Mr. and Mrs. John McPherson, Mr. and Mrs. Paul Richeson, Mr. and Mrs. R. C. McGilvary, Mr. and Mrs. Glen Martin, Mr. and Mrs. Wayland McCullough and Joe Pattie.

## Twilight Acres Responds

Margie Warneke "We received a beautiful bouquet of red roses Thursday and 2 more bouquets Friday and visitors in and out" — Mrs. Sutton said "The bouquets brought to Twilite Acres don't last too long as the Senior Citizens like to touch them" — Eva Garland "The employees, as well as the patients enjoy and appreciate the flowers and visitors." —

### COMING AND GOINGS at TWILITE ACRES

# TOURIST TALK

FIESTA GARDENS in Austin opens April 1st for its second season. It will be open Saturdays and Sundays from noon until 6:00 P.M. Starting Decoration Day it will be open daily. There will be four outstanding water shows each day. Besides the exciting show, the quaint Mexican Mercado and the beautiful gardens, a new attraction added this year is a mine shaft under the waterfall where unusual rocks can be seen in the beauty of black light. A petting zoo and aviary have also been added. Admission is the same as last year - \$1.50 for adults and 50¢ for children.

U. S. TRAVEL BAROMETER--January had a big increase of 27.1% over the same month last year. Our South Central Region (Texas, La., Okla., and Ark.) showed a 15.2% increase.

SIX FLAGS OVER TEXAS will start another great year on April 29th. During the spring it will be open from 5:00 to 11:00 P.M. on Fridays, and 10:00 A.M. to 10:00 P.M. on Saturdays and Sundays. Starting May 26th the Park will be open daily from 10:00 A.M. 'til 10:00 P.M. An attendance milestone will be reached in August when the 10 millionth visitor is expected to visit the Park.

THE WORLD IS A BOOK - and those who do not travel read only one page. (St. Augustine)

MEXICO CITY reports that an average of 28,619 visitors are bedded down nightly. Approximately 2,500 new rooms are planned for the Olympics when 35,000 beds will be available. Mexico expects some 200,000 visitors during Olympics month in October of 1968.

ODE TO INTERNAL REVENUE BUREAU--"My country 'TIS NOT FREE."

A MOTEL INDUSTRY SURVEY FOR 1966 shows some interesting figures. Counting only properties with 50 or more units and built or completely modernized since World War II, there were 5,379 motor hotels with 531,787 units. California lead the States with 617 motor hotels. Florida was next with 543. Texas was third with 407 which provided 41,464 units (average of 102 units per motel). In 1965 Texas had only 36,211 units so there was a gain of 17% in one year! (Motel Headlines)

THE TRAVEL & INFORMATION DIVISION of the Highway Department has published its activity report for last year. A record 1,033,152 services for the public were performed! More than four-million pieces of travel material were distributed; 2,240,000 persons viewed their outstanding film "Texas - Land of Contrast." We should all be proud of the excellent service provided by Tom Taylor and his able staff.

EXPO '67 will be held in Montreal starting April 28th and running through October 27th.

MORE RESTAURANTS THAN FOOD STORES. The eating-away-from-home market is growing much faster than the rest of our economy. For the first time in our economy there are more restaurants than food stores. (The Chuck Wagon) The tourist industry is contributing to this phenomenal growth.

"VACATION TRADE GAP"--the difference between what U. S. citizens spend abroad and what foreign visitors spend here--will be approximately \$1.8 billion for 1966. This is a loss of \$130 million in "balance of payments" over 1965. A more concentrated effort for international convention business is now being made by the U. S. Travel Service. It is estimated the U. S. gets only 5% of the total international convention business.

VALLEY GOLD--The grapefruit and oranges from our Rio Grande Valley citrus orchards is expected to produce 6,100,000 50-lb. cartons this season - a 25% increase. Texas ruby reds are in demand all over the country.

The Martins - Jana Carol, Helon, Ross, Mother, Johnny, Jean - back row: Roger and Mike.

Visiting in the home of Mrs. C. M. Martin and her daughter, Helon Martin, were their sons and brothers, Mr. Ross Martin of El Dorado, Arkansas and Mr. John B. Martin and family of Jal, New Mexico.

Army Captain Kenneth D. Bingham, 26, son of Mr. and Mrs. Hiram Bingham, 804 N. W. Ave. F., Seminole, Tex., is participating in "Operation Junction City," the largest military operation to date in Vietnam.

The operation was launched on the theory that national Viet Cong political and military headquarters might be located in the area along the Cambodian border.

The finding of the largest enemy encampments in the war tend to support the theory.

Meeting little VC resistance, the operation has been successful in the confiscation of large quantities of food and arms.

Capt. Bingham is assigned to Headquarters Company, Support Command of the 1st Infantry Division.

He received his commission through the Reserve Officers' Training Corps at West Texas State University, Canyon, where he received his B.S. degree in 1964. He is a member of Kappa Alpha fraternity.

His wife, Linda, lives at 206 Bramlette Lane, Longview, Texas.

# OPEN LETTER

To the New Mexico State Highway Commission  
Gentleman:

I am Joe Seagler, Manager of the Seminole Area Chamber of Commerce... I would like to thank you for the opportunity to appear before you regarding a joint effort by Seminole, Texas; Hobbs and Carlsbad, New Mexico to improve Highway 62 and 180 to El Paso, Texas.

The Texas Highway Commission has assured us the twenty nine miles from Seminole to the State Line should be a four lane divided highway and they are working on the proposal now. The engineers are already surveying this route. The Highway Commission has asked the Gaines County Commissioners Court to secure the needed right-of-way. The divided highway is very necessary to our county because of the increased tourist and farm traffic in the spring and fall. Our Texas survey shows the average traffic count for 1966, over a twenty four hour period, one mile east of the State Line was 2900 cars. The count on the New Mexico side was 3600 cars. The western part of our county is our "Breadbasket" since this is our heavy irrigated belt and tillable soil district. Our county is composed of 900,000 acres. In 1940 there were only 50,000 acres in cultivation: Today we have close to 1/2 million acres and 250,000 are under irrigation from over 2,000 wells. Many various crops are being raised. Last year there were 210,000 acres of milo... 68,000 acres of cotton... 12,000 acres of castor beans... 8,000 acres of alfalfa... 3,000 acres of peas, 600 acres of green beans... 2,500 acres of peanuts, and there will be about 3,500 acres of potatoes this year. We have more peach trees in Gaines County than any other county in Texas. We have one hundred sections of tillable grassland that could and will be in production in the near future. This new land is nearly all in the western part of the county.

There are 25,000 heads of cattle in Gaines County. Oil and Gas Production in Gaines County is more than 90 million dollars annually. Our agriculture gross for '66 was 30 to 35 million dollars. we have approval of ICC for the Permian Basin Railroad, which is another economic boost for our county. With these figures in mind you can see why we are interested in a four lane divided highway from Seminole to Hobbs, New Mexico our good neighbor on the west. In keeping with our policy of friendship and cooperation with our New Mexico neighbors, we ask that you consider a four lane into Hobbs, if not all the way across New Mexico to El Paso; or at least improve this road so we can tell our tourist friends to go by Hobbs and Carlsbad on their way to El Paso.. Thank You.

THIS IS A WONDERFUL GENERATION TO BELONG TO. EVERYTHING THAT'S WRONG IS THE FAULT OF THE GENERATION BEFORE US AND WILL HAVE TO BE CORRECTED BY THE GENERATION WHICH COMES AFTER US.

### First Application in Years

## 78-Mile W Texas Rail Line Given OK by ICC

WASHINGTON - (AP) - An application for construction of a \$10 million, 78-mile railroad between Odessa and Seagraves in West Texas gained approval Friday from the Interstate Commerce Commission.

It was the first application for a new line in years.

**CONSTRUCTION IS** to begin by April 1, 1968, and to be finished within two years.

The line will connect at Odessa with the Texas & Pacific and at Seagraves with the Santa Fe.

The intermediate towns of Andrews and Seminole also would be served.

To be named the Permian Basin Railroad, the trackage would be built according to specifications for freight trains only.

**THE ICC** said the railroad anticipates revenues during the first year of operation of \$1,516,343, operating expenses of \$981,665 and railway operating income of \$534,623. The company estimates 5 per cent increases each year for the first five years.

## Seagraves C of C BANQUET

THE ABOVE ARTICLE was received by Arzie Kirk from his son, Lawrence, who lives in Houston.

It appeared in the Houston Post. Mr. Kirk thought it interesting that the first commodity mentioned was IRON ORE. We presume that the ore will be shipped from New Mexico and that the new railroad will provide the shortest route available for disposition of this product. SEMINOLE IS ON THE MOVE.

Harmon and Rachel Greene, Lissa and Mark were in Lubbock Sunday to visit Harmon's mother, Mrs. A. S. Greene.

The Seagraves Annual Chamber of Commerce Banquet, April 20th was attended by the following persons:

Dr. & Mrs. E. M. Wright, Sheriff & Mrs. Montgomery, Mr. & Mrs. Bill Curry, Mr. & Mrs. Chester Browne & Vaudine, Mr. & Mrs. C. V. Singleton, Mr. & Mrs. Luke Skaggs, Mr. & Mrs. Tony Sanders, Mr. & Mrs. Don McDaniels, Mr. O. C. Elliott, Mr. Walker Dearing, Mr. & Mrs. Henry Hicks, Mr. & Mrs. Robert Matthew, Anna Kelly, Mary Baldwin & Joe Seagler. One of the outstanding things said was by Bob Murphey. His topic was "These are Trying Times." He said "If these are Trying Times, Why is it no one is Trying?" Dr. Bill McCullough was given the award for "Outstanding Service to Community", which is the high light of the year in Seagraves.

**What a Fix!**

John and Maxine Freyburger, Michael and Vanessa visited John's brother, Jim and Charlene, Jimmy, Lonnie and Peggy Freyburger over the week-end on the Turkey Track Ranch in New Mexico. Michael and Vanessa were amazed when the breakfast bell rang at 3:30 a.m. for the cowhands to go eat. They wanted to go eat with the cowhands, but unfortunately no one (adults) would get up and go. AND the bell rang again at 5:30 a.m. and still, Michael and Vanessa couldnot get anyone up.

\*\*\*\*\*

Naomi and Preston Shain visited with Mike in Ranger for the week-end. Mike plays baseball for the Ranger Junior College and the Shains got to see him play ball. Mike got 2 for 4 and batted in 3 runs. Mike said "Hello" to everyone. Mrs. Wanda Knightstep of Amarillo, neice of Mrs. Shain's accompanied them to Ranger and spent a few days in Seminole, before returning home.

## SPECIAL

POWDER PUFF  
BALL GAME

"Signal, 32,47,63, hike: "Instead of the usual rugged male quarterback voices, local sports fans will hear signals called in clear soprano tones when Seminole High's third annual Powder Puff football game gets under way at 5:00 P.M. Friday afternoon. Featuring a lineup of seniors and freshman pitted against a combined shopomore-junior team, the game will be played on the practice field south of the high school building as repairs to the turf of Wigwam Stadium currently underway made it unavailable this year. There will be no charge for the game.

Although local sports sharpies rate the game a toss-up, both Coach Charles Caffey of the seniors and his opposing number, Coach Jerry Wauson of the Juniors, remained quietly confident as game time approaches. It is rumored that both coaches had considerable simplified their Offensives after initial efforts at running double reverses, fake quarterback draw with handoffs and passes, and other such beguddlers had created havoc in practice sessions. Supporters of each team argued that their eleven was superior in speed and in general agility but hotly denied that their team outweighed the opponent.

Caffey will be assisted by Coaches Frank Gady, Tim Hankins, and Larry Phillips while Wauson will have the services of Steve Jones, Benny Kennedy, and Tommy Flud as aides. Cheer-

leaders for the Junior: are Jay Anderson, Ken Boyd, James Franklin, Tommy Bean, Dwayne King, and C. J. Danley. Urging on the Seniors are yell leaders Ronné Dulin, Steve Freeman, Scott Ferguson, Tommy Harrell, Jimmy Lewis, and Ricky Locke.

High point of the attendant game festivities will be the presentation of Senior King Steven Stanley and attendants Ricky Thornbury and Danny Whitsenthunt, and Junior King Mickey Ray with attendants Bobby Spencer and Lynn Blackmon. Details of the kings and attendants were a closely guarded secret and unavailable at press time.

Athletic Director Jake Harrell will serve as head official and will be assisted by other members of the coaching staff.

"Many good ideas have been overlooked by folks who would have liked the idea—if they had liked the person who had it."

There is no place in civilization for the idler. None of us has any right to ease.

Mr. and Mrs. Lee Hudson and daughter, Karen and Ed Hunt and Kimberly from Monument, N. M. went to Colorado Lake fishing over the weekend, but couldn't catch much because of the water skiers and boatriders.

Claude Wescott and 2 guest from McMurry were home for the weekend.

Mr. and Mrs. Wayne Cornett, Craig and Roger and Mr. and Mrs. Travis Wilcher and Shellie spent Saturday in Odessa with Wayne's brother and family, Mr. and Mrs. Paul Cornett. While there they attended the track meet.

## DEATHS

Rev. C. A. McDougal conducted the services.

Graveside funeral services were held at Roscoe Cemetery at Roscoe, directed by Cooper Funeral Home in Kermit.

Mrs. Hyatt was a 19 year resident of Kermit, coming from Ira.

Survivors include two daughters, Mrs. Ira Barrett, Kermit, and Mrs. Wade Richey, Deming, N. M.; a son, Lavert Frank Hyatt, Seminole; three sisters, nine grandchildren and 13 great-grandchildren.

REV. GENE HAWKINS

TO SPEAK AT THE  
FIRST BAPTIST CHURCH

The Rev. Gene Hawkins of Lockney will preach Sunday, April 30 at the First Baptist Church. He is coming before the Church upon recommendation of the Pulpit Committee.

Rev. Hawkins is a native Texan, born and reared in the Panhandle of Texas. His school work was done at West Texas State University, Wayland Baptist College and Southwestern Seminary. He has pastored in New Mexico and Texas and led in revival meetings in various places over the Southwest and in pioneer mission areas. He is married to Louise Moody Hawkins who also attended Wayland and Southwestern Seminary. They have two children, Nancy 16, and Keith, 11, both attending Lockney schools.

He has been pastor at First Baptist Church, Lockney since 1961. The Church is one of the leading churches of the plains area; has been outstanding in supporting and maintaining some eight different pioneer mission churches and increasingly gives to the Cooperative Program of Southern Baptists. The church ranks 18th in the state in gifts to the Christian Education Crusade. At the invitation of the Home Mission Board, he and his wife took part in the Trans-Pacific Crusade in 1965, serving in churches in Christchurch, New Zealand. From there they went to Tokyo, Japan to preach at the invitation of the New Life Crusade Committee of Texas. He has served as moderator and vice-moderator in the associations where he has pastored. He is also on the district Executive Board, the Area Executive Committee, District 9 treasurer and Caprock Plains Area treasurer.

He is locally President of the Ministerial Association; Lockney

Chamber of Commerce, director and 1967 President. He is a director in the Lockney Rotary Club and is on the American Field Service committee in Lockney High School. His wife, Louise, also attended Wayland and Southwestern. She is active in church work and in the community. She is now serving as President of the El Progreso Study Club, PTA secretary and in other community positions.
