## NEWS EDITORIAL

What is happening to our country?? I think no more of a man and his authority that would release an admitted criminal, knowing that he is guilty, than I think of the criminal himself. Why do we place our policemen on trial for the way he searches, for the way he arrests and then - let the guilty sit securely behind a technicality, untouched by law?

Where is the bending of our law? Love and mercy and judgement have always been here. If it bends in this direction - why can't it bend in another direction? Why can't it contain that part of society that needs to be behind bars?

We have never claimed that our laws are perfect. Yes, some had to suffer, but let's not let the populous suffer and turn loose on society, those that should be in prison because of some technicality!

U. S. District W. M. Taylor, Jr. has ruled in Dallas, that a car search was illegal. By accident, a policeman discovered inclusive evidence of a robbery committed. Another passenger in the car had seven felony convictions.

Since when does a man go free that has been a seven time loser and had the robbery tools in his possession - had the stolen goods with him and was still in the vicinity of the robbery?

Has U. S. District W. M. Taylor, Jr. joined our Supreme Court in seeking publicity and not caring what kind he receives?

The police of Seminole, the Sheriff's Department of Gaines County and the Highway Patrol of our State are among the best of law enforcements in the world. Let's help them, encourage them and not tie them hand and foot.

## CLEAN UP

These are not houses in some neighborhood that is uninhabited. Neither are they houses in another city. They are houses that some Seminole people live next to. Do you live next door to one of these? What do you think should be done? Do you feel at liberty to clean up someone's yard? Do you think the city should pass some kind of ordinance to take care of the cleaning up - or - do you think that would do any good? It seems there are a lot of people in Seminole that would like something done about it. Are there agencies in our town or in our county that have enough authority to recommend or make people do something about unsightly property? When driving our streets, I can't help but feel sorry for those who live next door to such. This is not intended to be an editorial or to say what should be done. If you have a good idea, please write this paper and we will pass it on.

These pictures are run with this article in hopes that owners, and renters will take care of their own property. We each need to practice cleaning up and to encourage, by example, others to do the same.

## WHERE DOES TEXAS COTTON GO?

The cotton produced in Texas moves from the grower into the cotton merchandising system or into the Commodity Credit Corporation and then into the trade channels enroute to spinners. The merchandising system is composed of mill buyers, brokers and shippers. The shippers, who are the most numerous and handle the largest volume of the cotton going through the merchandising system, are those firms which buy in "odd lots" (Mixed grade and staple) and sell in "even-running lots" (same grade and staple). These shippers sell to spinners all over the world. It is these Texas Cotton shippers that are reporting to Cotton Economic Research where Texas cotton is being sold. Not only is the trade interested in knowing where Texas cotton sells, but also the kind (grade and staple) that was used.

During the 1966-67 season, the shippers were asked to indicate their sales on a quarterly basis to specific outlets including the grade and staple of the shipment. It was found that during the first quarter, 45 percent of the cotton going to the domestic outlets from Texas shippers was Texas growths, and the remainder was growths from other states. In the second quarter, this percentage of Texas growths shipped to domestic outlets increased to 48 percent. On cottons going to foreign outlets in the first quarter, 64 percent was Texas growths, and this percentage increased to 82 percent in the second quarter of the 1966-67 season.

Since the 1966-67 season runs from August 1, 1966 through July 31, 1967, the final report will not be completed and available until about November 1967 as time will be required to tabulate and correlate the data and prepare the fi-

This information, when fully available, will give an indication as to the grade and staple of cottons that the various outlets are purchasing as related to Texas and other United States growths. Coupled with other available data, some indication will be given as to those Texas growths which are selling and for which the Texas production rate should perhaps be increased because of the ready market for such cottons.

## Q & A

(Q) Some of my red sable brushes that I use in oil painting get so fuzzy after I use them for a while. What can I do to stop them from becoming fuzzy?

(A) Dip the brush in a solution of half glycerin, half water. Wipe it across the palm of your hand carefully and softly to remove the excess and to bring the hairs to a fine edge or point. Stand in a jar overnight (bristle end up, of course). The next morning should find them in perfect shape. It is not necessary to wash out the glycerin before painting.

(Q) How much does it cost to start oil painting?

(A) It depends on the size tubes of paint that you buy. In most cases it will cost about \$17.50.

(Q) Can you tell me a good varnish to use on oil paintings?

(A) The best varnish that I have found is Damar Varnish. Some of the other varnish will make an oil painting turn a yellow color in time.

(Q) How does one judge the so-called Pop Art?

(A) To evaluate to so-called Pop Art, one must look at it from a standpoint of Design, Form, and Color.

## MRS. HARGROVE RETURNS FROM A TOUR OF JAPAN

Mrs. Dorothy Hargrove and her daughter, Mrs. Bob Hunter of Lubbock returned home Saturday from a wonderful tour of Japan and a visit with their daughter and sister, Major and Mrs. J. Lee Robins and children. One of the highlights of the trip was having lunch in Tokyo with Mrs. Charles Wenn's Uncle and Aunt, Mr. and Mrs. Malcom Ross, who have been missionaries in Japan for 20 years. Mr. Ross recently celebrated his 82nd birthday. Dorothy and Carol had to cut their trip short due to leaving the States later than planned and to school starting. More of their trip in next weeks paper.

**FASHION RECIPE  
FEATURES TOTAL  
LOOK**

College Station---The fashion recipe for fall 1967 features a list of compatible ingredients, says Miss Rheba Boyles, Extension clothing specialist at Texas A&M University.

Miss Boyles explains that leaving out one ingredient is much like forgetting an important commodity when baking a cake. The end result isn't very good and often falls flat.

For the new fall look, you begin with a toss of short curly hair or one of the other new shorter cuts, natural sheer make-up and a silhouette narrow at the shoulders and gently skimming to the body to a slightly flared hemline. Miss Boyles says all must be proportioned for a perfect look.

With the simple, trim silhouette, sparkling scarves brighten outfits in the accessory line. Belts are returning in chain or leather, lightly placed at the hip. Gloves are short, cut-out and casual. Antique look jeweled pins and earrings are unusually rich. And small shoulder or handbags enhance rather than overpower.

Interest is in the legs for the younger set, with sporty or dressy stockings a must. Whether the skirts are one, two or three inches above the knees, these must

pick up a tone of the outfit. To balance the shorter hemlines, little, low heeled shoes are the order of the season, with the newest look in squared toes.

Lingerie closely follows outerwear trends, with mini slips and petticoats. Tights and shorter panty girdles eliminate the problem of exposing stocking tops when setting or bending.

Miss Boyles reminds that although the fall 1967 look sounds new, any of these accessories or ideas can be adapted to older clothes for a new spark of fashion.

## Bridal Gift Shower Held

Miss Phyllis Ann Jeter was honor guest at a bridal shower given Friday evening, September 1, 1967, in the Fellowship Hall of the South Seminole Baptist Church.

The serving table was laid with a lace cloth over pink. In the center a cup, held aloft by a golden cupid, was filled with variegated pink flowers. White candles, circled with shades of pink ribbon, were placed at either side. Pink napkins with white lettering were used and pink and white mints were served.

White carnation corsages tied with pink ribbon were presented to the honoree and her mother, Mrs. L. T. Jeter.

Miss Linda Routh served pink punch from a crystal bowl. The cake, served by Miss Oneita Floyd was decorated with entwined wedding rings, pink roses and the names PHYLLIS AND ERNEST.

Miss Nancy Jeter registered the guests, which included both grand-mothers of the prospective bride, Messrs. Mary Lambert and Ruby Jeter of Seminole.

The hostesses included Mrs. Grady Crossland, Mrs. Homer Simpson, Mrs. Jim Neal, Mrs. George Hogg, Mrs. Harold Stone, Mrs. Dale Willett, Mrs. Richard Stone, Mrs. O. B. Culp, Mrs. B. Smith, Mrs. Raymond Patton and Mrs. Sanford Ruthart.

Approximately fifty guests attended including those from Lamesa.

## FOOTBALL BEGINS FOR TEXAS TECH

Lubbock, August 28- J. T. King's Texas Tech Red Raiders hit the practice field Friday morning to begin two-a-day workouts for the 1967 football campaign.

King, beginning his seventh season at the Red Raider helm, will greet 31 lettermen among the 80-85 candidates.

Offensively, there's plenty of experience, since only one starter, guard Ronnie Pack, was lost by graduation. Statistical leaders return in abundance, headed by quarterback John Scovell, Dallas, who led the Southwest Conference in total offense last year, and Larry Gilbert, Kilgore, AP All-America second team and All-Southwest Conference at split end last fall.

Among the rushers, led by halfback Mike Leinert, Houston, there are six of last year's top seven, including the first four.

On defense the Red Raiders return four starters including left end George Cox, Houston; left tackle Gene Darr, Cisco; right end Pat Knight, Vernon; and safety Gary Golden, Stephenville.

Top veterans returning include offensive guard-tackle Phil Tucker, Tulia; Gilbert; Scovell; center Jerry Turner, Garland; Leinert; Darr; Cox; halfback Kenny Baker, Houston; and tackle Leon Lovelack, Farwell.

## Fairview News

(con't from Page 1)

After another week I am here trying to find news, as most every woman is drawing her canning to a close for this year.

This is dove season, man, oh! man, do we have to stay at home to protect our birds!

John Fryberger had a few boys out. They were all hunting arrow heads. They seemed to be tired enough. They said home was a good place to go.

How we would have enjoyed a good rain this change of the moon!!

Mr. and Mrs. L.H. Hughes and Mr. and Mrs. Hurshell Ray Hughes have returned from Arizona. They all went to see Lewie Hughes and Tenalee and on down and saw part of the Grand Canyon. They said it was something to see, and they never saw all the Grand Canyon.

Most ever one has been enjoying the long weekend holidays.

Mrs. Farris Brooks has had her grand children while their mother is in the hospital at Andrews.

Mr. and Mrs. Jerold Dee Quillen and daughters were at church.

We wonder why Mr. and Mrs. Henry William have not been to church and Sunday School. The Fairview Church starts her meeting the 17th and everyone must come to the morning and night services, we need everyone in the Fairview Church.

Next Sunday after Sunday School, we are going to vote on the teachers for each class; then the services. So everyone be at church Sunday.

We are very glad Gene and Mary, Bell and Stanley were at church but wonder where Sheron was.

## AROUND TOWN

It's such a pleasure to have so many friends to drop in for a chat and to bring or call in items of interest to everyone—Surely makes work more pleasant with words of encouragement and kindness expressed so often — We'll certainly miss Beverly Ogle around the office—but we wish for her 'happiness' and life's BEST—The Labor Day holiday was already "welcome" after only one week of school—but so was Tuesday and school again!!—Charlie and Chuck Rowland took off for a week-end of fishing at Lake Thomas—Charlie ran out of gas (to cook with) And that led to a little wood chopping—then putting the wood in the pick-up to keep it dry—An watching the little neighbors who preferred the pre-cut wood—but Charlie said to tell everyone that he kept out of trouble—The reports from most of the churches in Seminole was a real decrease in attendance on Sunday—It's getting the time of year for everyone to be settling at home again and church attendance should soar!—It's rather painful for some mother's to see their daughters get to that wearing hose stage. But hose are the Vogue and the age limit is lower than ever!

\* \* \*

Martha Couch and her friend Nancy Partlow of Denton left Monday after visiting Martha's grandmother, Mrs. O. F. Partain and her uncle, Mr. and Mrs. Walter Partain and sons.

**INSECTS ON  
ORNAMENTAL PLANTS**

Many ornamental plants, particularly roses, in Gaines County are heavily infested with ophids, County Agent Calvin Holcomb reports.

Holcomb adds if large numbers of aphids are feeding on a plant its beauty is greatly marred --it becomes devitalized, and may die.

Aphids, commonly known as plant lice, are small, soft-bodied, pear-shaped insects. Cornicle, a pair of small tubes projecting from the back of the body, provide positive identification. Aphids are usually 1/25 to 1/8 inch long and vary in color from light yellow to green or black.

The plant lice are destructive in that they insert their short, stout beak into the plant and suck up vital plant juices. When large numbers are present, the plants are greatly devitalized, and the leaves become curled, cupped or distorted.

When the flower buds of roses fail to develop properly, the aphids are feeding on the growing tips and flower buds of the plant.

Aphids can be controlled by treating the affected plants with Sevin, Diazinon, Cygon, lindane, malathion, nicotine sulfate, or with a new granular systemic, disulfoton. Disulfoton is being marketed under various trade names.

In using any insecticide be sure to read the label carefully and follow directions, Holcomb warns.

For further information the bulletin, "Texas Guide for Controlling Insects on Ornamental Plants," L-19 is available in your county agricultural agent's office.

Careers in Agriculture--  
 Young people have been challenged by Secretary of Agriculture Orville L. Freeman to look to agriculture for careers of excitement and service---and profit. He said, "Agriculture has been, is, and I believe, will continue to be the pace-setter of our Nation's advance." There are more than 500 distinct occupations in eight major fields in agriculture, including farming. The decline in farm numbers, he said, indicates farming status as a growth industry, one in which output per man-hour rose nearly three times a fast as that of the rest of the economy from 1950-1965.

OPEN NEW HORIZONS

"God's Warrire" by Frank Slaughter

A novel based on the life of Saul of Tarsus, who at first persecuted the Christians but was converted by a miracle while he was on the way to Damascus to direct further persecutions. From that time on became the most zealous of the apostles. Re-creating one of the most dynamic lives in religious history, Frank Slaughter has once again produced a well documented and highly readable novel.

"Forgotten Pioneer" by Harry Golden

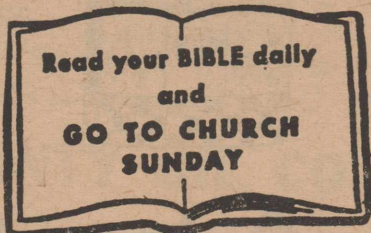

This is the story of the old-time pack peddlers who walked the countryside from the earliest beginnings of our country until the mid-1920's. Some of the peddlers never moved from the reaches of a few square city blocks while others ranged the whole continent. They all knew they could go where they wanted and sell what they chose. Forgotten Pioneer is a rare work of American, full of charm and human interest, giving fresh insight into the lives of some of the men who helped create part of American history.

"Return to the Wild" by Norman Carr

A fast reading and charming account of Mr. Carr's feelings for his own lions. It also gives much fascinating information about the habits of wild lions in general. This will appeal to animal lovers, adventure lovers, and anyone who enjoys a story of an unusual man putting his knowledge and talents to use in a most appealing manner.

"The Richest Man in Babylon" by George Clason

Acclaimed as the greatest of all inspirational works on the subject of thrift and financial planning, these fascinating and informative stories have become a modern classic in their field. This book presents a sure path to prosperity and happiness. It offers an understanding of--and a solution to--your personal financial problems. It is a book you will want to read yourself, recommend to your friends and give to young people just starting out in life.

"Code Name Sebastian" by James Johnson.

This is an original and very readable suspense novel, with characters of memorable depth and religion in action as its theme. Sebastian, a minister whose faith is as yet untested by any real challenge, goes to Israel in hopes of finding inspiration from the Holy Land. His trip was unsuccessful, so he sets out to visit friends in Africa. After his plane crashes he is forced to take up the burden of leadership of the survivors, and through his efforts to do his best he learns what it means to be a man and a Christian.

"The Sea Flower" by Ruth Moore.

The story of two youngsters caught in a hurricane in a houseboat and blown ashore on a Maine island. Luckily, their island is somewhat inhabited, and the two waifs come under the influence of Arvid Small who strives to do the right thing and have others to do the same; a man of genuine good will. An appealing new novel by the author of "Second Growth".

## Lions Club

The Seminole Noon Lions Club met Tuesday at their regular meeting. George Cristy presented the Football coaches for the program. The coaches present were Jake Harrell, Leland Caffey, Jake Collins, and Elmer Six. Each coach explained the positions that they coached and named the boys which played his position. The coaches said that the "spirit" among the team was high and they were ready for Friday night. Other guest at the meeting was Gene Hawkins.

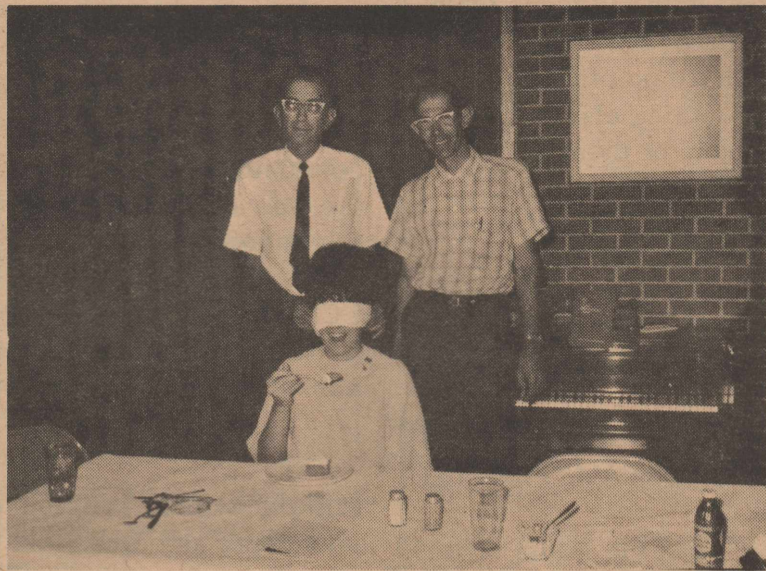

Henry Hicks, Co-chairman of broom sale, along with Bill Adams, spoke about the Lions Club broom sale. He encouraged the captains of the teams to contact their men for broom sale. The captains are: Joe Seagler, Dwayne Herman, Charles Ray, and George Cristy. The Lion members are very enthusiastic about the broom sale.

"The first thing necessary to make a dream come true is to wake up."

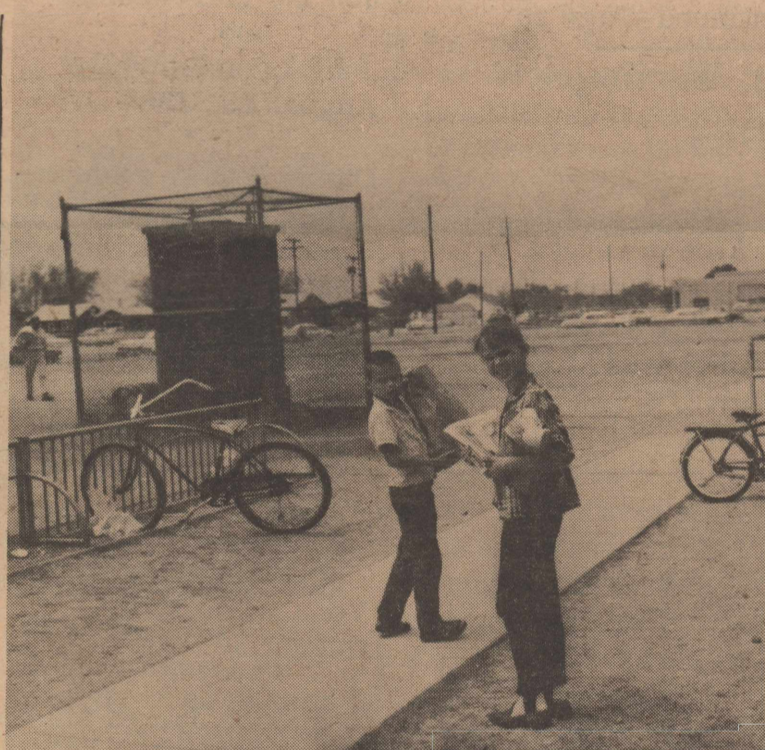

## Seminole man injured in oil accident

Kenneth City, about 40, was severely injured Thursday in an Oil-field accident about 16 miles north of Plains.

Reports are that City was struck in the head by a piece of pipe. He was carried to the Yoakum County Hospital in Denver City for emergency treatment. Later he was transferred by Singleton Funeral Home Ambulance to an intensive care ward of a Lubbock hospital. The late report was the City is holding his own and is believed to be improving.

Lions Club Queen Nila Norton has been blind-folded to advertise the Lions Club Broom Sale, September 7, 8, and 9th. Shown also is John Thompson, who heads up the sight conservation committee and Henry Hicks, the Broom Sale committee. The mops, brooms, ironing board covers and several other items are furnished by the School of the Blind. **BUY a BROOM from a Lion Club Member and HELP THE BLIND.**

**WE WELCOME YOUR COMMENTS**

### WHAT DO WE LET IT DO TO US?

We live in a confused world. It is said that our friends take our money and goods, then do business with the communists. In much of the rioting that goes on today, we would guess that sort of thing against society, cwe that society more already than they would admit. The hand that actually feeds them is being bitten. The welfare lists of the country, while supporting a number who have no other way, contain those who care to know nothing else. They never had it so good. Infact, many of them never had it any other way. This is their "profession."

Crime runs rempant over our land, and, it seems, the laws have been interpreted to protect the criminal, as well as to accuse the law enforcement agency that apprehended him. One judge said he had the feeling he was trying the police for brutality, instead of the accused for the charge.

This makes a pretty topsy-turvy world, and places extra burdens upon the people who would do right and be fair.

How do we keep our perspective in the midst of it? Of course there might not be much of a pat answer, but we would make some observations.

First, let us appreciate all that is good about the remains of our heritage. In spite of the fact that some would be leeches and get all they can for nothing there are yet those who are upright and care to be honest and work for what they gain. These are our friends and neighbors. They are refreshing to us, with spirit and patriotism and godly fear. Their world will feel the effects of their lives upon it, and, even though maybe in a small way, be better because they were there. **Editorial continued-Page 20**

## J. W. Simpson Dies

Area resident J. W. (Bill) Simpson, 58, died at 1:30 p. m. Saturday in Littlefield Hospital following a long illness.

Simpson lived in Watson Community where he moved in 1945 from O'Donnell. He was a farmer and a native of Escota.

He was a member of the Elks Lodge and of the First Baptist Church, Muleshoe where services were held Monday afternoon. Officiating was the Rev. Larry Stallings, Ralls, the Rev. Harvey Whittenburg, both of Bula.

Survivors are his wife, Gayle; two sons, Arlen of Ralls and Billy of Baileyboro; three sisters Mrs. Annie Pearl Bates, Louisburg, Mo., Mrs. G. R. Lindly and Mrs. Dall Stubblefield, both of Yuma, Ariz., three brothers, Howard of O'Donnell, Allen of Big Spring, and Homer of Seminole and four grandchildren.

Mr. and Mrs. Rayford Bates were in Muleshoe Monday for the funeral services of his uncle, J. W. Simpson.

## 'I Am Here'

To the Editor:  
I sure would like for you to publish this for me to let the people know just how some people feel.  
To the Ones Who Are Protesting:

### I AM HERE

To you who are protesting:  
Stay where you are.  
Wear your hair long,  
Drive your new cars.  
You can't see why we are here in a land of woe.  
You are free men, you wouldn't know.  
So dodge the draft, and drink your beer.  
Cause I'll be glad to say, "I am here."  
In time, my son may not have to fight,  
Because I'm doing my part over here.  
The world may be free; a world of peace,  
There won't be a soldier's death; a mother's tear,  
But you, my friend, and those like you  
Carry your sign so plain and clear:  
"Pull out of Nam, stop that game!"  
But I'll be proud to say, "I am here."  
So many have died and there'll be many more.  
They gave their lives to keep loved ones free.  
Their blood covers the ground in this war,  
And they have died for you, too, you see.  
But someday when your chance is gone,  
And your son leaves, while you hold back that tear,  
"Wish I'd been there," I may hear you say,  
While I hold my head high because "I've been here."

**TEXAS FARMERS' UNION MEETING**

The Farmers' Union held a meeting, September 5 at 8:30 p. m. at the School Cafeteria in Seagraves to elect officers and to present the organization with a State Charter. There were not enough farmers present to organize, however there are sufficient number of members in the county to form this organization.

Jay Norman, President of the Texas Farmers' Union reviewed some of the farmers' problems, particularly cotton.

A later date will be announced for election of officers. Visitors attending the meeting were from Dawson, Yoakum and Martin County.

Foreign Markets and Texas Agriculture---  
Producers of agricultural products in Texas rely on foreign markets for slightly more than \$1 of each \$5 they receive, says Dr. Randall Stelly of Texas A&M University's Department of Agricultural Economics and Sociology. Export sales of Texas agricultural products will amount to more than \$500 million. Foreign Markets, he adds, take the output of about 5.5 million harvested acres in Texas, or about one of every four harvested.

Mr. and Mrs. Laverne Jones returned Sunday night from a stay in Canyon with their children, Lynn and Becky Jones who are entertaining a new daughter Julie Ann.

**HOLCOMB ANNOUNCES FIELD DAY HIGHLIGHTS**

The production of this area's major cash crops and the use of herbicides will be highlighted at the annual field day at the South Plains Research and Extension Center to be held Tuesday, September 12 from 1:00 to 5:00 p. m., announces County Agricultural Agent Calvin D. Holcomb.

The event, which is open to the public, traditionally attracts a large crowd of farmers and businessmen. The center is located seven and one-half miles north of Lubbock on U.S. 87.

Information on such crops as cotton, grain sorghum, soybeans, castor, rapeseed and guar will be presented, says Holcomb. Adaptability tests of various varieties, breeding research and cultural practices will be discussed.

"Do's and Don't's" concerning the use of present-day herbicides will receive major emphasis at the field day, points out the agent, since numerous weed control problems have arisen this year.

A greenhouse display is also planned for the event. This is one of the best educational opportunities of the field day, says Holcomb because it gives producers a chance to learn the symptoms of various plant diseases and other plant disorders. Spotlighted at this year's display will be grain sorghum and cotton diseases.

Another attraction at the field day will be a large machinery exhibit. The latest planting and harvesting equipment developed by researchers at the center will be on display as well as machinery exhibited by commercial companies.

An additional highlight at the field day will be a farm management display with specific reference to the South Plains Development program (SPD). Management has received much emphasis in this program, points out Holcomb and plays a tremendous role in the overall economic growth and development of this area.

In addition to touring test plots and displays, visitors will also be invited to take a look at the newly expanded center which now houses the District 2 Extension Office and nine Extension subject-matter area specialists. Additional laboratory space and facilities have also been provided.

Holcomb invites everyone in the county who is interested in agriculture to mark the date, September 12, on his calendar and to make plans now to attend the field day.

EDITORIAL continued from Page 20

We will align ourselves with these, and let them, not the cheats, be the standard bearers of these days. We are bothered by the fact that our country seems to hold hands with those who have said they would bury us. We can be glad they have not succeeded in that yet; and we can have hopes that, because we are not only strong, but more right than they are, we will see a better day.

We can also be thankful for the freedoms that are yet ours, and know that they will not be found anywhere else, just as we have them. And, too, though some of our prosperity is taken away and used to support some of the causes and aid the unworthy nations, we do have a measure of prosperity, with standards of living found hardly anywhere else.

As to the criminal element, it still must be far in the minority; and this should give us a greater force with which to combat it, as well as to help us to know that not nearly all of the people are bad.

Let us also remember, in the midst of all of this, are also the freedoms of thinking and worship; and these are very prominent in the foundation of any real freedom.

## Bridal Shower

The Alvin Childers home was the scene of a gift tea honoring Miss Beverly Ogle, bride-elect of Bill Gwaltney, last Thursday evening from 7:00 to 9:00 p. m.

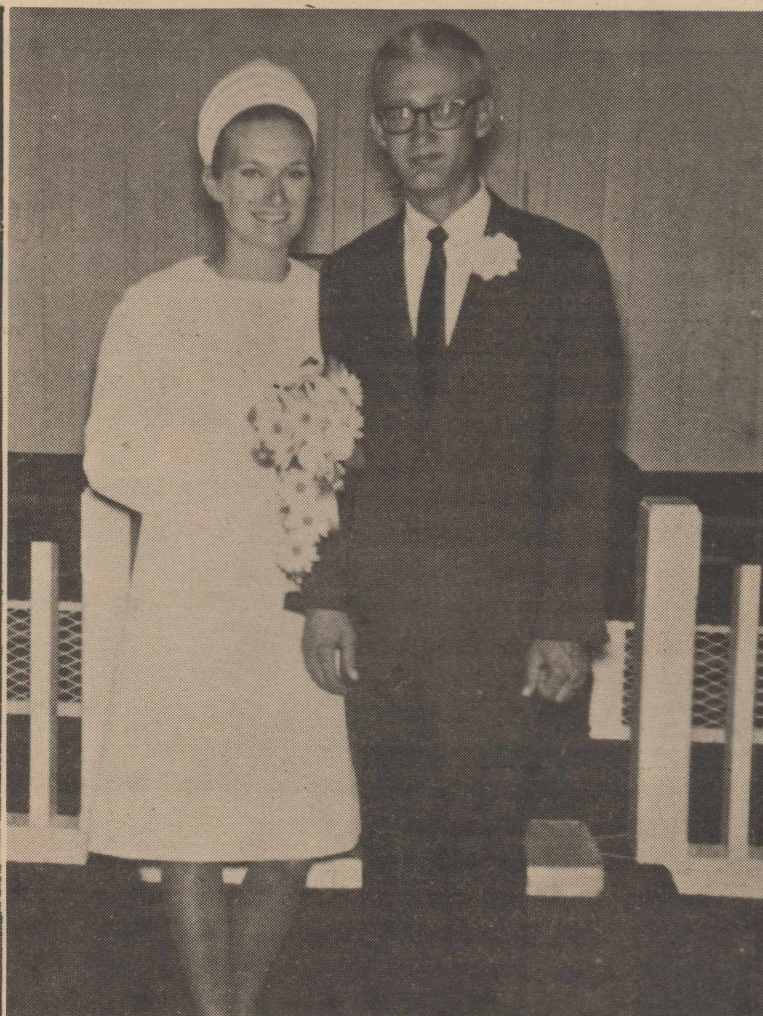

The serving table was covered with a lace cloth and centered with a miniature Bride, pale pink tapers in delicately frosted candle holders were used in the background. The couples names "Beverly and Bill" in script were fashioned of gold. The napkins had a bride motif-imprinted in pastel pink. Silver appointments were used. Iced cake squares and mints were served, strawberry punch and coffee were also served. Guests registered in a heart shaped book, with wedding bells, and pink ribbons tied with lovers knots.

Gifts were on display in the bedroom of the Childers home. The Hostess gift was a tap-estry bedspread.

Hostesses were Mesdames: Alvin Childers, Joe Mc Kinney, Albert Armitstead, Leon Foote, Gary Weaver, Charles Shelton, Gertrude Farrar, Claude Sellers, Lloyd Coffman, Walter Woods, Almeda Gady.

## PRUETTS ENTERTAIN GUESTS

Visiting in the home of Mr. and Mrs. Hubert Pruett Sunday were his brothers and sister, Mr. and Mrs. Otis Pruett and Leo Pruett of Lovington, Mr. and Mrs. H. H. Simpson of Humble City, N. M. and Mr. and Mrs. Curtis Pruett of Lubbock and their granddaughters, Cindy and Tammy Hart of Lubbock. The Pruett's son, Mr. and Mrs. George Pruett and daughters, Nancy, Gwin, Diana and Joan of Richardson have also been visiting with their parents and grandparents. Mr. and Mrs. Bob Malone and Bobby and Paula Bunks of Odessa joined the families for a visit. The Pruett's entertained their company with a fish fry.

MR. and MRS. JACK T. WARLICK

## Wedding Solemnized For Couple

Trinity-on-the-Hill Methodist Church Chapel of Augusta, Georgia was the setting August 18, for the marriage of Miss Lillian Janet Powell and Jack T. Warlick. The Rev. Jack R. Bozeman performed the ceremony.

The bride is the daughter of Mr. and Mrs. G. D. Powell of Portland, Oregon. She is a summer graduate of Texas Technological College where she received a BS Degree in Home Economics with major in Clothing and Textiles. She was a member of the Retailing Club, the Fine Arts Committee Union and the Art and Design Council of the Union. She also attended East Texas State College at Commerce.

The bridegroom is the son of Mr. and Mrs. Miles R. Warlick of Seminole. He is a 1964 graduate of Seminole High School. He attended East Texas State College at Commerce and Texas Technological College where he took active part in the Drama Departments. He is currently stationed at Fort Gordon, Georgia where he is training to be a radio teletype instructor.

For her wedding, the bride chose an ivory crepe street-length dress with bell-shaped sleeves. She wore a turban hat of matching crepe. Her bouquet was of Shasta daisies with English ivy and orchids.

After a wedding trip to Greenwood, North Carolina the couple's address will be 3049 Lake Forest Drive, Augusta, Georgia.

SOCIAL SECURITY COVERAGE  
NEEDED FOR MEDICARE  
IN 1968

Some persons reaching age 65 in 1968 or late will need to have worked under social security in order to be eligible for hospital insurance under the Medicare program, according to H. P. Thomas, District Manager of the Odessa Social Office.

Under the present law there is no work requirement for persons who reach age 65 through 1967. Also, this provision will not apply to beneficiaries entitled to cash benefits on another person's account. This means that a beneficiary receiving cash payments as a wife, widow, or dependent husband or parent will not need to meet this requirement. Those who will not be eligible for cash benefits will need to have worked three calendar quarters for each year that elapsed after 1965 and before the attainment on age 65. Thus, a person who will be 65 in 1968 will need six quarters (1½ years) of work under social security to meet this requirement. Persons reaching 65 in 1969 will need nine quarters (2¼ years) of work to be eligible.

Thomas emphasized that there will continue to be no work requirement connected to the medical insurance program. With few exceptions, anyone attaining 65 may sign up for the doctor bill insurance. Those persons who are over age 65 and who

failed to enroll will have another opportunity during the fourth quarter of 1967.

Additional information about Medicare can be obtained from the Social Security Administration, 516 First National Bank Building, Odessa, Texas 79760.
