

SEMINOLE MAIDENS WIN DISTRICT

Take that! And that! And that! Picture #1 shows Theresa Caffey spiking and Susan Sanders setting-up. Picture #2 Linda Aryain drives after Teresa Hughes sets-up. Picture #3 Brenda Van Winkle spikes after a set-up by Hughes, #15. Word was received in Seminole Monday that Susan Sanders, #12, along with Linda Aryain and Brenda Van Winkle had made the All-District first team. Number 15 in the picture, Teresa Hughes, and Theresa Caffey made the All-District second team. The regional meet will be held in Lubbock April 17.

The Seminole Maidens won the biggest volleyball game of the year and of their lives last Friday night in Kermit when they beat Ft. Stockton for district, 15-5 and 15-13.

The Maidens had very little trouble in the first game, jumping to a 7-1 lead, 13-1, 14-5 and completing it 15-5. The first game was a runaway with Theresa Caffey with 5 big spikes, followed by Van Winkle with 4 and Linda Aryain and Robin Hughes with 3 each. Teresa Hughes and Susan Sanders never made set-ups better. Linda Aryain led her team with 6 successful serves.

The second game was a different story. After the score was tied 1-1, Seminole fell behind 1-8, 1-9 and 4-12 with less than a minute to play. Gayla Blau came off the bench and served once. Van Winkle drove it down their throat. She served twice and Theresa Caffey made them eat it. Blau served the third time and they let it go, only to have it hit the line and the score read 7-12 with 25 seconds to play. She came on strong, serving 3 more points, and the Seminole Maidens got back in the volleyball game.

The buzzer sounded with the score 11-13 and, being champions, the Maidens forced it into overtime by winning that point and made the score 12-13. The serve changed hands twice before Linda Aryain got over point #14 and #15 to win the second and deciding game and the district.

If there were other stars than Theresa Caffey and Brenda Van Winkle it had to be Gayla Blau when she came in with short time and successfully delivered the fast serves that forced the game into overtime.

THE JUNIOR HIGH SCHOOL BAND WINS

The Seminole Junior High Band earned a First Division in concert and a Second Division in sight reading at the Andrews Junior High Band Festival Saturday. Nine bands participated in the Class C Division of the event. Judges were Dr. Ralph Mills, Sam Houston State University, and Mr. Harlan Lampkin, Amarillo.

Next performance for the junior high group will be the University Interscholastic League contest in Lubbock on April 27.

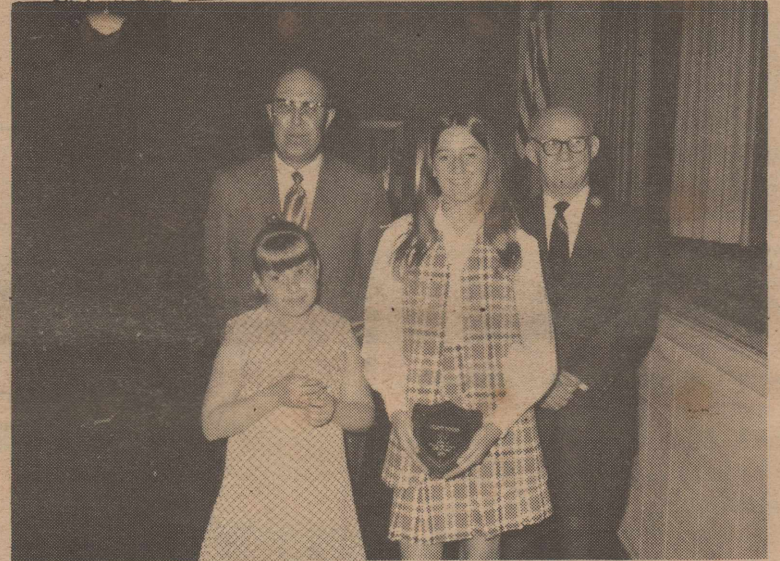

Mr. Ray Lashaway, Assistant Band Director, is in charge of the junior high band.

I saw two little boys bare-footed yesterday evening and it's a good time of the year to pull off your shoes and listen to the dry weather locusts and to wet a fishing hook. There's a few blades of grass sticking their heads out of the earth, elm trees are beginning to show their heartiness with new leaves and last Sunday morning we were awakened to a mockingbird in the back yard and he was doing his very best.

Takes 'Bee' Honors

Karla Davis, an eighth grader, spelled "allergy" and then "alliteration" in the 30th round of the Gaines County Spelling Bee and defeated Susan Williams from Seagraves, daughter of Mr. and Mrs. Jerald Williams. Karla is the daughter of Mr. and Mrs. Eugene Davis. She was the winner last year and ended up 4th in the Lubbock Spelling Bee. This year the Regional Bee will be held May 1st in the Smylie Wilson Jr. High Auditorium. Each of the girls shown in the picture with their principals, Herb Williford of Seagraves, left and L. L. Moore, right.

Go on, Sam! - That's Sam Oliver, area farmer, in the pickup waiting for the light to change at the southwest corner of the square. There's no light there. It was removed yesterday at the request of the Texas Highway Department, Austin, Texas. Various counts had been made concerning east and west traffic and it was moved on a mandatory basis as the highway department is in the process of taking over traffic lights through Seminole. It was pointed out by Ruby Frost, City Secretary, that it would save the city a lot of money and that the highway department had made various counts to find out the extra light's worth. If, however, the corner becomes a hazard with stop signs only on the east and west intersection a request can be made to replace it. The other stop sign can be seen directly over the pickup facing east for west bound traffic.

Letter to the Editor

Seminole News,

We enjoy the Seminole News. Hello Rabbit, how is everyone in West Texas and tell everyone hello for us. How is the sand out there? We have had one rain since we have been here. My wife is in the hospital here. Hope she will be out in a few days. Tell Joe Harber hello for us.

A. F. Howeth

(Editor's note: The rabbit came about when the News was doing a retirement story on Mr. Howeth and a small explosion put a rabbit and Howeth, Woods and Charles Shelton on the run.)

CONT. FROM P. 1
Brownwood and said they'd put out radishes, tomato plants and peppers, six of each. They must not be too fond of radishes. It's springtime! The carnival came to town but after the sun went down it turned into coffee weather. This is the month when we change those clocks again - Daylight Savings Time. I'm neither for it nor against it, I just wish they'd leave it alone. Someone at church told me last Sunday that they'd already made their first freezer full of home-made ice cream. I really think they were rushing the season a little but what griped me more about it was that they mentioned it to me and didn't invite me.

This morning I looked out the window to see how the weather was and there was a sparrow with nest building material. I got my marbles out a few days ago (just to prove to you that I haven't lost them) and I looked them over. I may be getting nearly too old to play them but I'm not too old to remember my championship days. I saw a peach tree that the blooms were falling off of; we're going to have a peach harvest in the county this year.

Do any of you know John Cummings? He's also from Stone-wall County. Either tell him to get his marble "taw" and come by or quit telling me what a good marble player he is. I have a set of "taws", 9 to be exact, but if he used one of them he's probably claim it "out of round".

But, back to early spring. I saw a new baby calf last Saturday and I don't know whether it's an early crop or a late crop. My old maid aunt who was a school teacher always said "Looks like parents would have their children before September 1st." Some parents, including cows, seem to get this mixed up.

I'd like to bait a fish hook, set the cork and fish pretty

deep, lay on the bank and just kinda let the cork come in, with a big chew of tobacco, and see if you could dunk the cork. After all, spring fever doesn't demand a string of fish, just a good lazy good time.

To the Editor:

In answer to your editorial concerning youth involvement, we as SHS students would like to express our opinions on the subject. We realize that school is not a party and that it is an institution for learning. However, there are many aspects of learning that can include extra-curricular activities. Organizations like Student Council, FTA, FHA, and the school plays give students a chance to encounter new ideas and experience new types of learning. As other institutions advance in our modern world, so does the institution of learning. The 3 R's still retain emphasis in education, but they do not encompass the complete sphere.

We hope that our views will be appreciated, since they belong to students who have participated in and learned from SHS activities.

Sincerely--- Yolanda Cortez, Mark Thompson, Susan Sanders, Jim Livingston, Cecil M. Holbrooks, Marilyn Pedigo, Dixie Faye Mercer, Farris McDonald, Jo Ann Dennis, Beverly Hill, Linda Warren, Carolyne Gowdy, Mickey Williams, Bob Ford, Roy Stracener, Linda Hancock, Robert W. Hurst, Barry Willis, and Phil Farmer.

(Editor's note: My whole idea was not to leave off the weightier matters of the law. Good involvement is always fine!)

MEMORIAL HOSPITAL

Memorial Hospital had 6756 "in patient" days for the year 1970. This is 453 more days than were used in 1969. The average length of stay for patients in 1969 was 6.4 days. The average length of stay in 1970 fell to 4.8 days. Medicare patient days in 1970 amounted to 2007, in 1969 it was 2220. For Medicare in 1970 it was 238 and in 1969 it was 98.

The difference between Medicare and Medicare patient days is that the state participates in Medicare where Medicare is an all federal program.

Ed Rodgers, manager of the local hospital, gave these further figures for 1970. The length of stay for Medicare patients was 10 days. The average stay for Medicare was 9.2. Total emergency and "out patients" visits amounted to 2999 for the year. The average daily census for the local hospital had a daily average of 18.51. The local hospital has good R. N. (Registered Nurse) coverage at the present time.

Denton & Cobb Hardware has been in business 10 years. It is now owned jointly by Mr. and Mrs. George Hogg, Ronny Pipkin and Gordon Cobb. If every item in the store were named, it would take a catalog. Many small appliances are carried, the main brands being G E, Sunbeam, Zenith radios, Motorola, toasters, coffee pots, vaporizers, West Bend mixers, plus an assortment of Corningware and Forben ware. Other cookware is Ecko, Mirro and Club Aluminum. The store has its 18th table set up for young brides since January, carrying complete lines of Imperial glassware, Griswald ware, china and silverware. Also for the home are Rubberware items of all sorts - dish drains, waste paper baskets, etc. Besides items for newlyweds, there's a full line of hand tools for various craftsmen plus power hand tools.

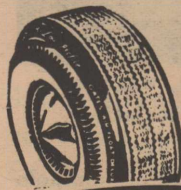

Denton Cobb carries air conditioner parts, sporting goods, baseball items, ice chests and fisherman's needs. Remington and Winchester guns are available in the store plus ammunition for twenty two's to shotguns and larger game rifles. The store's slogan is "Think of it and come see us." There are interior and exterior paints - spray and brush, a complete line of antique supplies and a million pipe fittings and bolts. The hardware company carries a complete line of nails, ropes and other general hardware merchandise.

Ronny and wife Wanda have lived in Seminole five years. They are the parents of Malinda, 7, and Malissa, 2 years old. George and Carolyn Hogg are the parents of three children, Leon in Eules, Texas; Dell in Rayville, La. and Nell in Arlington, Texas. Be careful how you mention your grandchildren; they have seven.

The store is located on the north side of the square. "Think of it and come see us."

Editorial

The mother was probably 35 to 36 years old. She looked like from her eyes that she'd been out in a sandstorm all day, driving a tractor, maybe she had a bad case of hay fever, her eyes were swelled almost shut. No, that was not her trouble. It was 10:15 a. m. on a Monday morning. She had been notified the night before, along with her husband and four other parents, that her 15 year old son had been picked up, was in the Seminole jail charged with the use of and the possession of marijuana. I could not help but observe the parents, the fathers looked very little better, no doubt having shed a few tears themselves.

What would you do if you were called from another town and given this information and told "You may see your son in the morning after he goes before a juvenile judge." I hope and pray that you never receive such a call, I hope and pray that I never receive such a call. If I do I have no doubt that a bed would be a hard place to spend a night of anxiety, anxiousness and reproach, thinking "where did I fail?" Is it the times? Is it the general attitude of children toward parents and authority? Is it us parents? The parents were all well dressed. The two or three cars that I saw were late models. These were not poor people, all were middle class or above in the financial bracket. These are the children that evidently can afford pills, pot and drugs. Heard were such statements as "We had no idea," "How did they get started?" and "We don't even know what it looks like." And then I observed four of the sons meeting their parents. The eight parents were tired, were troubled and probably received very few hours of sleep among them. The sons had received a good night's rest. They were smiling and seemingly were kinda proud of their night out on the town. Mothers were crying, fathers trying to give their sons a stern look and two of the boys' first questions were "You got a cigarette?" and "I want a Coke." Mothers bounced to wait on their little boys. One of the parents said "Son, come on, let's go home." "No," he said, "I'm gonna ride home with Sammy, I rode down here with him." Three 15 year old boys, two 16 year old boys admitting possession. Five sons, five tearful mothers, five frightened fathers, five sons with long hair - belligerent, unashamed and a little sorry to see their mothers suffer.

What would you do? What are you going to do? Shed tears? Give yourself a mental beating? Fifteen or twenty years ago I could have told you all the answers but having seen three children pass this age I'm not sure anymore. But, I'll tell you this, it takes a whole bunch of living, a gob of praying, a lot of work and a world of loving to get it done.
