

## EDITORIAL

This community has been hard at work the last two or three weeks, considering the plight of the current hospital, its staff and its needs. No doubt additional facilities are needed, not only for the room, the beds, and other services, but to encourage additional doctors. Much to the surprise of a lot of people Dr. Fred Petmecky moved ten days ago.

We feel very strongly that we have an adequate and an honest commissioners court. We further feel that the hospital board will continue to do an outstanding job (without pay). Both boards met together last night to consider what to do and how to do and to study proper procedure. There is no doubt that these capable men come nearer knowing the needs of Seminole and Gaines County than anyone else. There is no doubt that they will do the very best that they can do with the materials they have to work with.

We encourage you to encourage them, not to criticize and bemean the things they're trying to do. To build new facilities, to add on or build a new hospital, proper steps will have to be taken. It will take some time. Building a public facility with public funds is not the same as building a new house by an individual. The individual makes few arrangements with few people and begins work. A public facility means many arrangements by many individuals and a much longer time.

### THE EDITOR

Dear Editor,

We have been receiving your paper for many weeks and wanted to let you know how much we enjoy reading the Seminole News each week. We are students at Pasadena College in Pasadena California, and your paper is shared with many of the students here.

We are beginning to think of Seminole as our own home town because we are getting to know several of the interesting people in your community, through the paper. It's fun to keep up on how the teams are doing, especially with your new fieldhouse. We appreciate your editorials, and applaud your stand on mini-skirts and crime.

Thank you for the pleasure of receiving the Seminole News. We admire your effort to publish the good news as well as the evil.

Sincerely,  
Kathy Wallace

My favorite bridge is gone! I guess every bridge has a story of its own. In fact, I was quite worried about where the bridge fund went to in Gaines County until they built the new bridge in the northeast part of the

## COOPER INVOLVED IN WRECK

Last Wednesday night at 8 45 p. m. Gary Neil Cooper, age 17, of 810 N. W. Ave. J., failed to stop at the dead-end on S. W. 23rd St., hitting the inclined embankment on Ave. G. extension and traveled 62 feet airborne before turning over. The 1960 Chevrolet sedan came down nose first after turning over end-wise, moving another 13 feet, and came to rest on its top. When Roy Stracener and Billy Cowdy, who were travelling two or three blocks behind him, were asked how high the Chevrolet went up in the air they replied "A w-a-y up in the air." Cooper was rushed to the local hospital where he remains in fair condition.

## LIONS CLUB PLAY

The Seminole Noon Lions Club is offering to the public a great comedy in three acts April 20. The play, "Desperate Ambrose" by Donald Payton, will be presented in the Seminole High School Auditorium and will be made up of twelve main characters and three minor characters.

Ambrose, a tenderfoot Easterner, is mistaken for the Number 1 badman and develops the swagger and the gun totin' (but not the shooting ability) of an 1890 Westerner.

Mark your calendar for Monday night, April 20, for this great comedy.

Last Friday evening at 5:40 p. m. during the rain a 1960 Pontiac sedan driven by James Preston Kelly, 27, was attempting to pass a 1967 Super Sport Chevrolet driven by Jose Giovanni Mejia when he lost control and hit the left front fender of the Mejia car. The 26-year-old Mejia in turn lost control of his car and it struck a tree .6 miles west of Seminole on the Hobbs Highway, turned over once and came to rest in the muddy bar ditch. Both cars were headed east.

The Kelly car sustained only about \$50 worth of damage while the Chevrolet's damage amounted to \$1800 to \$2000 - a total loss.

Anna T. Mejia, wife of the driver, remains in the hospital with back injuries. Their two

## A WONDERFUL RAIN

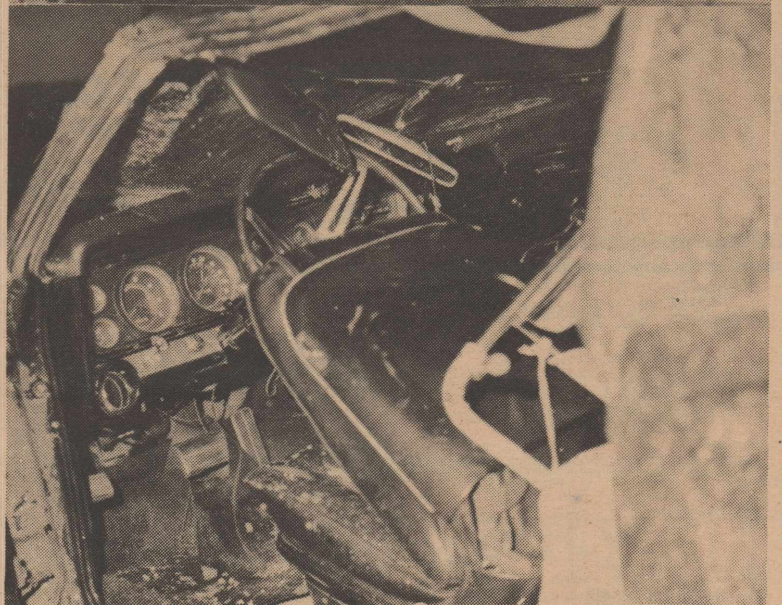

Seminole and Gaines County received the best rain of the year last Thursday night, Friday, Friday, Friday night and Saturday morning. Loop and the northeast part of the county received approximately 3 inches, which was probably the least that was reported in the county. In and around Seminole the reports range from 4.15 to 4.85 inches. Leaving Seminole going west the rain gradually decreased to 2 inches in the west part of the county.

The slow falling rain, accompanied by an earlier hail, was most welcome to farmers and ranchers alike. Water well

pumps were being made ready to start pre-watering of farm land. The good rain accomplished many things. It settled all the sandy land down where it won't blow. It made pasture lands ready for early grass. It left all farm land so it could be planted early and at the same time. This is such a help to neighbors when each field is planted and sand does not drift in from across the turnrow.

The soaking rain added to the deep moisture that was already good in the county. There is no telling in dollars and cents how much the rain was worth but it was indeed welcome.

## FOUR ESCAPE

daughters, 4 years old and 6 months old, were released after receiving medical attention. The Mejia family, other than the driver, was riding in the back seat.

Kelly, who gave his address as 602 N. E. 6th St. in Seminole, was uninjured.

Mr. Mejia works at a Texaco warehouse in New Mexico and gave his address as 1213 N. Green Acres in Hobbs.

# Farm hand NOTICE

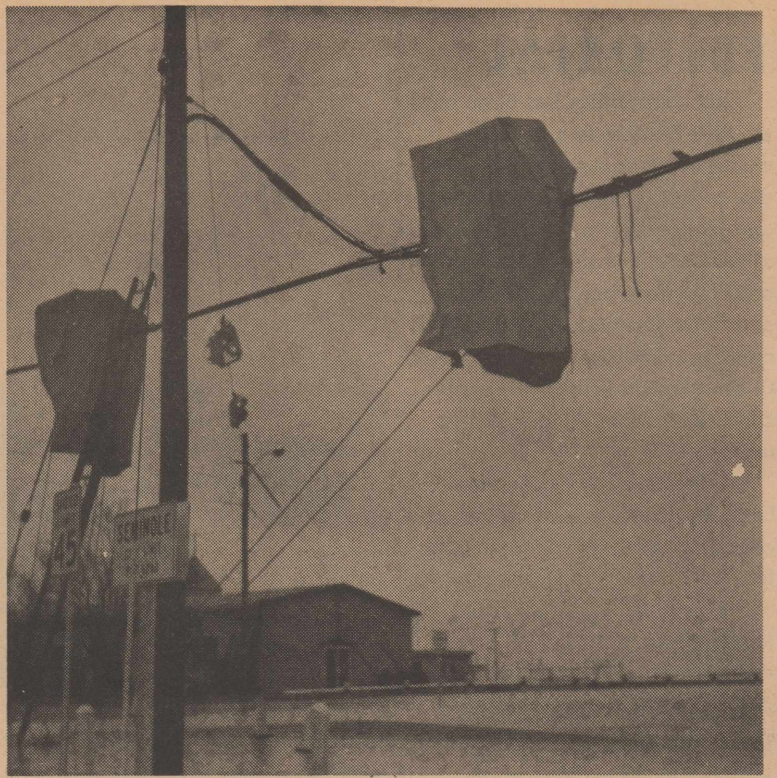

There will be a meeting for all cotton producers in Gaines County Friday night, March 13, at 7:30 p. m. in the Seminole Community Building. Items for discussion will be the trip to Washington D. C. which Paul Condit made recently and establishing a cotton growers association in Gaines County.

All cotton farmers are urged to attend!

Mr. and Mrs. Earl R. Smith returned from Houston recently where Mrs. Smith has been receiving treatment and undergoing tests for infection and loss of hearing in both ears. It was encouraging to learn that inflammation and infection in the left ear was much less. Mrs. Smith was stricken with this malady one year last month, causing total deafness in right ear. Some hearing has returned to the right ear. Mrs. Smith is under the care of Fredrick R. Guilford, M. D. Medical Center, Ear, Nose and Throat Associates.

Mr. and Mrs. Harry Breedlove of Rogersville, Missouri and Mr. and Mrs. Joe Greene of Lamesa visited the Lloyd Coffmans last Thursday.

FROM PAGE 1  
county, over Homer Doak draw. For a couple of years there we were without a bridge and it had to be my favorite, because it was the only one in the county. It was a two purpose bridge on the old Lovington Road north and west of Seminole. Besides water it was used for a cattle underpass. It was six 3 bies wide (3x12's) and approximately 14 feet long. Some screwball decided he'd clean out the tumble-weeds by setting them on fire and lost my favorite bridge.

There are other bridges that I like to think about. The Y bridge in Zanesville, Ohio (in the middle of the river the highway forked). And how I loved the loose board bridge over the Jim Ned, near the Byrd store, or the 10 mile bridge over the pecan bayou. Also there was the foot bridge over Willis Creek and the high railroad bridge just west of Peacock, over the salt fork of the Brazos.

I've sat for hours to watch the draw bridges work, sliding bridges slide back that worked on railroad tracks, bridges that turned half way around in the middle of the river to let ships by on the other side. And then there's the swinging bridge over that deep gorge in the Smokey Mountains in Tennessee that Ruth Norton wouldn't walk over till we all got 100 feet away.

Bridges just haven't got any class anymore. You drive down a big highway and if you don't look sharply you'll pass over the river and never see it. I like those bridges with personality, "Built by the Huey P. Long Administration".

Where is there a bridge today that you could crawl up on top of and observe the Sunday evening lovers or call somebody's name and have them get out and look for you? I'll tell you, bridges are just not classy like they used to be. Why, I know of some bridges that kept you on your toes and if you ever met a truck on them you'd better stay on your toes. After passing that kind it would make you gulp and swallow a few times real

Dell Hogg from Rayville, Louisiana spent last Wednesday night with his parents, Mr. and Mrs. George Hogg.

hard. Where is a bridge now that you can fish nearby and hear it thunder every little while? Why, I know of a man who ran a still successfully for many years because he always knew when a car was approaching. They never could keep the boards tightened on that bridge - he kept loosening them. Now that bridge had class.

There's many stories about bridges but one of my favorites was a tall bridge over the Mississippi. As we approached the two bit pay station on the far side the attendant was waving the traffic over. We all moved over to the outside lane and the attendant came directly to my car. "Why did you drive over to this side of the bridge?" "Well", I said, "you was waving us over to this side of the bridge." "You Texans, how dumb can you be? That was my wife I was waving over." "I didn't know it was your wife." "Well, it was."

We'd had a good vacation. We'd seen lots of bridges in Michigan, Wisconsin and Canada and I didn't want to argue with him. "Sir", I said, "just let me pay you for my car and vacation trailer and go on." "I can't," he said, "you didn't go over the counter." "I tell you what I'll do, I'll back up and I'll pull over the dum counter." "You can't," he said, "there's cars behind you. It's a wonder you people from Texas don't get us fired. You've made them all pull over." "What do you want me to do?" I said, "I'll do it." "Go to Texas and stay off of our bridges." "Yes sir!"

As I drove off he shouted "Get the \_\_\_\_\_ out of here." Since that date I've been over the Brooklyn bridge, many Mississippi bridges, the Golden Gate Bridge, and bridges little, big and indifferent. I either want a bridge with personality or an attendant with personality. I've found both.

**BROWNIE TROOP 471 HOLDS REGULAR MEETING**

Brownie Troop 471 had their regular meeting March 4 at the community building. They discussed Girl Scout Week and worked on their invitations and place cards for Daddy-Date Night, March 14. All of you fathers, please plan on attending. **SEMINOLE INDIANS WIN FIRST PLACE TEAM TROPHY SATURDAY**

The Seminole track team with Coach Jake Collins went to Jal last Saturday and came away with the first place team trophy, scoring 66½ points, compared to Coddard of Roswell with 57 points, Roswell 49, Kermit 47½, Carlsbad 46, New Mexico Military Institute 32, Ft. Stockton 25, Clovis 18 and Monahans 1.

The highlight of the day's activity was the relays when the Indians claimed first place in the 440 and the mile relay. The 440 foursome was made up of Jerry Thomas, Frankie Calderon, Joe Flud and Melvin Hall. Time 44.4.

In the mile relay it was Jerry Thomas, Terry Ivy, Lloyd Barker and Frank Calderon in a fine time of 3:32.5. Claiming first place for Seminole in other events were Mike Walker, pole vault, 13'9"; Melvin Hall, 220 yard dash, 22.5; and Jerry Thomas in the 440 with a fine time of 51.4.

In other events Vance Thomas was third in the mile run, Frank Gady third in the shot put, Mc Donald third in the high jump, and Melvin Hall second in the 100 yard dash.

It was a fine effort for a team that's proud of a new fieldhouse and a new track and as one boy said, "We're after the district this year."

**SEMINOLE 7TH GRADE PLACES IN TRACK MEET**

Seminole's seventh grade track team gathered 36 points to come in sixth place in the track meet held here last Saturday. Boys placing in the meet from Seminole were; Bell-first place in high jump; Ivy, First, and Stone, fifth, in the pole vault; Hicks-

# LOOP NEWS

BY MRS. BUCK CUNNINGHAM

The rains came to the area Thursday night and Friday with a slow gentle rate that put from 3 to 4 inches of moisture over most of this corner of the county. Farmers considered it most beneficial as it came in time to eliminate pre-plant irrigation.

One of the largest crowds in recent years was on hand Tuesday evening in the school auditorium for the program emphasizing Texas Public Schools Week. The theme for the evening's program was "Around the World With Music". The program was under the direction of Mr. Calfee, Mr. Lancet and Mrs. Hoover, music teachers. Superintendent C. S. Puryear welcomed the guests and invited all present to have refreshments in the gym following the program and also to visit the various classrooms.

Mr. Calfee introduced Harold Glaspie, Roy Tovar and Mike McKenzie who played trumpets in Posting of the Colors. The American flag was carried by Ricky McConal, with Wayne Freeman bearing the Texas flag. The audience joined the student body in reciting the pledge of allegiance.

The Basic or 6th grade band, under the direction of Mr. Calfee, played three numbers - "Away We Go," "Waltz Medley" and "Chorale".

The combined Junior High and High School band was under the direction of Mr. Lancet. They played five numbers - "Warming Up March", "Waltz Legato," "Little Scotch Suite," "Blue Moon Waltz" and "Hymn of Freedom."

This was followed by vocal numbers under the direction of Mrs. Hoover. They were songs from areas around the world and narration was given by Miss Donna Noble. Numbers included Sing, Sing, Sing - American by grades 4 and 5 and Lolly-too-dum - American by the High School choir. Grade 4 presented three numbers: Dark Town Strutters Ball - American, A Ram Sam Sam - Morocco; and Chiribiribin - Italian.

Grade 3 sang My Boat, Hawaiian, and grades 2 and 3 sang Canoe Song, Indian. Grade 1 sang Pichi, Pichi, Jabu, Jabu Japanese, and The Music Man, Denmark.

Grade 5 sang Water Come a Me Eye, Jamaica, and Golden Harp, a Negro Folk song.

The high school choir sang America, Our Heritage and This is My Country. For the final chorus they were joined by grade 5 to sing It's a Small World.

The children were costumed according to the part of the world their songs represented. Many were the compliments heard after the program. Not only was the music enjoyable but the children moved through it with ease from their seats to the stage and back again.

Following the program refreshments were served in the gym. Greeting guests at the door were high school student council members, Barry Mc

Conal, Danny Yocom, Ricky McConal and Wayne Freeman.

Coffee, punch and cookies were served by the high school girls.

Last week Mr. J. E. White, Vo-Ag teacher, took a team to an invitational judging contest at Levelland. One team judged all categories. The team, composed of Dennis Aldridge, Ricky Mills, Randy Armstrong and Virgil Newton, placed second in sheep judging.

Mr. White took his junior high ag class on a field trip to Lamesa to attend the weekly auction sale. It was a first visit of this kind for some of the class members.

The Loop Young Farmers met last Monday evening in the Ag room. The program was on fertilizer. About 12 men attended.

The Loop Young Homemakers met Monday evening in the Community Building. The program was on synthetic wigs. Members enjoyed working with and styling the wigs. Members present were Janie Floyd, Linda Freeman, Jodee Tennyson, Lois Harris, Beth McDonald, Connie White and Mary Sue Cunningham.

The Outsiders Volleyball tournament sponsored by the senior class was held Thursday, Friday and Saturday nights and pronounced a success. The Loop men defeated a team from Meadow for the consolation trophies. Playing for Loop were Vester Smith, Don Floyd, Rusty Freeman, Charles Medlin, David Oats and F. W. McDonald.

The Loop women sponsored by Loop Co-op Gin also won consolation over a team from Lamesa. Playing for Loop were Martha Smith, Joy Oats, Janie Floyd, Linda Freeman, Beth McDonald and Yvonne Arnett of Seagraves.

The women's championship game was between two teams from Brownfield with Nelson Pharmacy winning first place

and Frizzell-Simpson Pharmacy and Drug taking second place.

The men's championship game involved 2 teams who are going to the state tournament. First place went to a team from Klondike sponsored by Holt's Sporting Goods while the team from Brownfield sponsored by Prather Sheet Metal Works took second place honors.

The track season is here and the Loop boys are entered in a meet to be held this Saturday at South Plains College in Levelland, so if you like to watch the young people in action here is an opportunity for you to do so.

Although the recent rains were beneficial there were some drawbacks. Vicki and Carla Todd couldn't get home from school because of the muddy roads. Fortunately their grandparents, Mr. and Mrs. H. T. Todd, live near the school and they were able to stay with them. Maybe they should leave some extra clothes at Grandma's just in case it happens again.

Wet and muddy roads also caused cancellation of the Mesa District FFA judging contests which were to have been held Monday at Tahoka.

## Editorial

The editorial policy of this paper has been and will remain the same on unsigned letters. We will use letters that are signed and withhold signature upon request. We will not and cannot use unsigned letters. We apologize to the telephone caller, also to the writer of the unsigned letter concerning the tragic accident reported in the paper last week, because it was offensive to you. (This was the second such accident in our area.) We appreciate very much the eleven year old boy who called to say he would quit riding the pump jacks after he had seen the picture. We appreciate the major oil company that asked for extra copies so they could distribute them to their men who work around pump jacks each day. We appreciate the two pumpers who said they had been negligent and were going to be more careful. Maybe someone's life has been saved.

## City Council

The City Council met last Monday night in their new quarters. The meeting lasted two hours and fifteen minutes. The South Plains Health Unit, composed of several counties, asked for a raise of 2.36%. Another water well was discussed at length in the water field and the contract for drilling same was discussed.

Insurance and bonds pertaining to the drilling of the well and the location was of concern to the council. It was believed before another summer was over the demands on the water supply would demand well number 13.

The City pays the bills and the janitorial services plus some other items. Total cost from 1961 through 1969 has averaged around \$4500 a year.

The City Hall will hold Open House Sunday afternoon, March 22, 1970 from 2:00 till 5:00 p.m.

April 4th is the date set for the City Council election.

BY MRS. OPAL (R.M.E.) HUGHES

The Fairview Church did not have too many for Sunday School. The ones that were there only came for one purpose - to get more understanding about the Lord's word, but we had a good crowd for church. Brother Roberts read scripture out of the Bible and it hit you so hard you would almost think he was preaching direct to you.

Mr. and Mrs. S.A. Pence is doing fine. Mr. Pence uses his walker and goes lots of places now.

Mr. and Mrs. Leslie McHaney are doing pretty good. He has a cough yet from his cold.

The rain was enough to give us everyone new hopes to the ranchers and most especially the farmers. The rain was from 3 1/2 to 4 1/2 inches of rain in general.

## THE OLD TIMER

I would like to see Gaines County build a new Hospital. We can do it and give the Doctors and Nurses a pleasant place to work and save lives of people that live here in our County. I am not a big tax payer only runs around \$1,000, per year but I don't know of anything that I had rather pay taxes for than an adequate Hospital where the sick and suffering can be alleviated.

We have one of the best Court Houses and the best school buildings on the Plains and why can't we have one of the best hospitals, where our doctors and nurses will be happy to work?

I will give the ground to build it on to prove that I am interested. I have 14 lots on top of the hill just South of the Starlight Trailer Courts, high and dry, and a beautiful view, even out of the city limits at this time.

Mac, the efficient night nurse, has told me several times that I was the cause of the hospital we have being built by writing a piece to be published in the county paper.

Every one interested speak to our County Officers and show them that we are willing to make the sacrifice to get the most needed thing for Seminole. It might save your life as well as many others of your friends and neighbors.

Start pushing and we will get it.

The Old Timer, R. W. Pittman
