German Armies Are Put On Defense

House Vote On Neutrality Revision By Thursday Sought

Rep. Rayburn Is Confident Of Act's Passage

Procedure Quicker Than Action By Joint Committee

By DONALD A. YOUNG
 Associated Press Staff Writer
 WASHINGTON, Nov. 8—Administration leaders decided today to press for a direct final House vote on the Senate's amendments to the neutrality bill not later than next Thursday.

Speaker Rayburn said after a conference with Majority Leader McCormack of Massachusetts that this procedure would get the legislation to President Roosevelt "much quicker" than would turning the House and Senate bills over to a joint committee for compromise.

When Senate and House passed related but differing legislation, there are two methods for adjusting the differences.

1. One chamber must accept the other's version, or
 2. A committee of senators and House members works out a compromise which must be submitted to both chambers for final approval.

Rolling Up Big Vote
 In the present case, the House rolled up a 259 to 138 vote on Oct. 17 for repeal of the neutrality act's prohibition against arming of merchant ships. This measure then went to the Senate which last night passed by a vote of 50 to 37 an amended bill which also would permit United States merchant ships to enter combat zones and belligerent ports.

Announcing the decision to ask the House to accept the Senate bill instead of seeking to compromise, Rayburn said: "We think we have the votes to pass it."

But many Republicans said the (Turn to Page 6, Column 1, Please)

Hijackers Hold Up Station, Get \$98

TWO shabbily dressed youths were deliberate and matter-of-fact in forcing James Denton, 20, of 1918 Ninth street to hand over nearly \$100 of a service station's funds early Saturday morning.

Denton was alone at the Lowmore service station at Ninth street and College avenue when the men entered the place, but a motorist walking onto the set during the hold-up.

The station attendant heard the things go into the oil room and emerged from the wash room to find a pistol thrust in his stomach.

As Denton went to the cash register to hand over the money a tourist stopped at the gasoline pumps.

"Go out and see what he wants. And act natural," the younger of the two hijackers instructed Denton.

The motorist alighted from his automobile and met the attendant half-way to the door. He asked instructions concerning roads leading from Lubbock toward Amarillo.

Both Denton and the hijacker walked into the station office and a map was used to give directions, Denton said. Again the gun was brought into play.

The motorist was told to stand in a northeast corner (Turn to Page 6, Column 8, Please)

Nazis Ordered To Fire If U.S. Ships Attack

Hitler Answers FDR's Navy Day Speech Saturday

BERLIN, Nov. 8—Adolf Hitler declared tonight in reply to President Roosevelt's navy day challenge that he had ordered the German navy to fire on American ships only after being attacked, but that any officer who then failed to fire would be court-martialed.

In apparent answer to President Roosevelt's assertion that "all that will matter is who fired the last shot," Hitler said that no matter how long the war lasts "the last battalion on the field will be German."

To Choke Russia
 The first direct reply to the American president from the Fuehrer was made in a Munich Beer Hall anniversary speech.

He declared that Germany would choke off Russia and defend Britain to attempt an invasion of the west. His armies, he said, could defend Germany and all of Europe despite American "threats and plans for gigantic armament."

He referred to "constantly renewed threats from America" and repeated a warning made a year ago that any enemy ships carrying war material would be torpedoed.

Hitler said that "blitzkrieg" was a silly word, so he never had used it; but if such a word could be applied it should be the description of the Russian campaign.

Warning Is Renewed
 Of the battle of the Atlantic, Hitler said: "I have already declared over a year ago that whatever ship carries war materials, that is material to kill soldiers, will be torpedoed."

LUBBOCK AIR BASE OFFICERS—The three officers shown above have been assigned to important posts at the Army Air Corps Advanced Flying school at Hurlwood, ten miles west of Lubbock.

Left is Lieut. Col. Thomas L. Gilbert, who is to be commanding officer of the new school. Center is Major Harry S. Bishop, assigned to be sub-depot commander; and right is Major Daniel S. Campbell, who is to be officer in charge of training. Lieut. Col. Gilbert started his service as a private first class in the aviation section of the signal corps in 1917 and has graduated from the corps pilots, bombardment and technical schools. He is rated a command pilot and observer. Major Bishop is a graduate of West Point, having entered as a cadet in 1920. He is a graduate of the primary and advanced flying school and is rated a pilot. Major Campbell is a West Point graduate also, having finished in 1932 and Randolph field primary and advanced flying schools and is rated a pilot.

RAF Stages Great Offensive

Blaze Damages Funeral Home

Flames that originated in an attic heating and air conditioning system swept through the upper part of the new Plains Funeral home at 2920 Broadway and caused damage estimated at 50 per cent to the \$40,000 structure late Saturday afternoon.

Girls passing in an automobile saw smoke curling up from the roof and turned in the alarm at 4:20 o'clock. Three trucks from central fire station went to the scene.

No Interruption
 Glenn McDonald, who assists his father, Bryan McDonald, in operating the funeral home, was in St. Mary's hospital Saturday night. Ill of influenza more than a week, he aided in combatting the blaze and filled his lungs with smoke.

Although damage to our building has been heavy, our business will not be interrupted," Bryan McDonald said last night. He explained that fire damage was confined to the attic and roof and that damage to the second floor and to the chapel on the first (Turn to Page 6, Column 6, Please)

Counter-Attacks By Reds, RAF Raids Effective

Great Britain Is Challenged To Open New Front

ADOLF Hitler's blitzkrieg armies were pictured in the new role of fighting doggedly on the defensive last night as the German leader himself declared his armies could defend Germany and all of Europe despite American threats and armaments.

He challenged Britain to attempt an invasion in the West saying that the British were ready to meet them. Whether they try an offensive on Norway, the German coast, Holland, Belgium or France, Hitler said, "we can only say: 'step up, you will leave again faster than you came.'"

Bombing Attempt
 The Russians hurled masses of tanks into a major counter-offensive before Moscow while at home the German people still felt the sting of the greatest RAF assault of the war.

There was no indication, however, that the British were ready to bomb Munich and the beer cellar where the Nazi party met one of its few reverses in 1923 and where Hitler spoke to commemorate the attempted Beer Hall putsch.

The Russians claimed the 37-day-old Nazi drive on Moscow had been all but thrown into reverse.

Soviet Gen. Rokossovsky, in a Moscow radio broadcast, said the Germans were now struggling to hold their lines against Red army attacks "on many sectors of the front."

In Wild Action
 German flame-throwers were reported widely in action, darting long tongues of fire over the snow-covered battlefields in attempts to stop the advance of Soviet tanks.

Tech Homecoming Draws Many Exes

Full Program Entertains Big Group Of Former Students; Grid Game Highlight

By OPAL McMAHON
 Avalanche-Journal Staff Writer

STRAINS of music died away about midnight as ex-students of Texas Technological college from seven states, Alaska and South America came to the close of another homecoming.

Former students saw approximately 20 gaily decorated floats as a parade headed by the Matador band went through Lubbock and to the campus Saturday morning. On the campus, they saw the award of the winning float to Las Chaparrillas club.

A total of 239 ex-students attended a luncheon in Lubbock hotel; sang under the direction of Rex Webster; cheered under the leadership of five former cheer leaders; and applauded former student officials, faculty members and officials who were introduced by Lloyd Croslin, president of the Alumni and Ex-Students association.

In the afternoon they saw the Red Raiders defeat Creighton university 13-6 and that night they attended an all-alumni dance for which K. Carter's orchestra played in Lubbock hotel. At the same time, a crowd made up largely of students attended a dance for which Jack York's orchestra played in the college gymnasium.

Secret Vote On Strikes Sought

WASHINGTON, Nov. 8—High defense officials reported tonight to have given tacit backing to a proposal that defense strikes be forbidden unless approved in a secret ballot election by a majority of workers in a plant.

Sen. Bridges of New Hampshire—a Republican—has reported the administration's foreign policies—disclosed that he had drafted for introduction in the Senate Monday a bill including this idea.

Required To Register
 Under its terms, unions would be required to register with the National Labor Relations board, list lists of their officers and furnish an accounting of their finances. Under penalty of suspension of their collective bargaining rights, the unions could not call strikes in defense industries until a majority of their members had voted in favor of such action in a secret ballot conducted by the board.

Bridges told reporters his proposal was calculated to curb strike interruptions in the production of essential war materials without infringing on the rights of the unions.

"It is in fact," he said, "a labor protective measure, because I do not deny the right to strike, but only make it certain that a majority of the members of a union, voting in a fair, secret election, want to quit work."

Two Men Die When Watching Grid Games
 COLLEGE STATION, Nov. 8.—James A. Ramsey, about 55, of Belton, dropped dead here today while watching the Southern Methodist university-Texas A. and M. football game. It happened in the first period as the Mustangs and Aggies were battling up and down the field in one of the season's Southwest conference thrillers.

Mahon Bares Ideas For Defense, Texans State

WASHINGTON, Nov. 8—Texas' two members of the House appropriations committee, discussing in a radio forum to be broadcast Sunday the cost of the national defense program, agreed that such expenditures should amount to at least \$100,000,000,000 before the war ended.

Rep. George Mahon of Colorado City and Albert Thomas of Houston, answering questions by their colleague and director of the forum, Wright Patman of Texas, explained the function of the highly important committee on which they serve. They dwelt then at length on the "amazing sums" being spent for defense.

To convey an idea of the comparative amount of the money being spent, Mahon declared that the preparedness program at present is costing more than the total cost of running the government from the beginning of George Washington's administration to 1920, including the cost of five wars.

Food for Uncle Sam's army costs \$70,000 a day, Mahon said, mentioning that this daily ration included 1,500,000 eggs, 10 ounces of beef and 4 ounces of pork.

Nazis Pounded In Severe Raids

LONDON, Sunday, Nov. 10.—RAF planes roared over the streets of Dover in a steady stream as soon as the moon rose last night, continuing without a let-up the giant new offensive which sent 600 to 800 planes against Berlin and the continent Friday night and Saturday.

The British declared it was the greatest offensive of the war with 300 planes in the air over France at one time Saturday in addition to the several hundred planes used Friday night.

The bombardments attained full scope last night when hundreds of bombers thundered against the continent, from Oslo, Norway, to Brindisi, Italy, and from hours held Berlin under a tempest of fire and explosions.

The cost, the British acknowledged officially, was 15 fighter planes and 14 pilots today and 37 bombers and 200 airmen lost last night in the shell-filled skies and ice-forming fogs over Germany.

The German radio claimed 60 British planes shot down in 24 hours.

Hurricane fighter-bombers made a "very successful" day-night attack on a factory at St. Pol, northern France, and Blenheim bombers scored hits on another factory near Lens, the air ministry said, reporting that a "large force" of German fighter planes was encountered over Lens.

Face Courtmartial
 The German officer who does not defend himself I will place before a courtmartial.

"If therefore an American ship on the basis of the command of its president shoots, then it will do so at its own danger. The German ship will defend itself and be torpedoed."

Congratulations To:
 Mr. and Mrs. C. W. Carpenter of Post on birth of a daughter weighing 8 pounds and 13 ounces at 10:45 o'clock Saturday morning in Lubbock sanitarium.

FDR Requests Truck Drivers To Return To Work Soon
 (By The Associated Press)
 FOR THE second time within 10 days, President Roosevelt engaged in a sharp exchange with a labor leader yesterday over the question of compliance with a White House request that a strike be ended.

Unskilled Laborers Are Asked To Report

Call for unskilled laborers to fill a growing shortage in the construction industry in and near Lubbock was issued Saturday afternoon by Rank C. Reynolds, manager of the Lubbock district office of the Texas Employment service.

"Construction both in the city and at the air base under construction west of Lubbock requires additional unskilled laborers, particularly in concrete work," Reynolds said.

He requested 50 to 100 laborers to present themselves at the local office, 1207 Thirteenth street, at 7 o'clock Monday morning and said that they would be able to start to work at 8 o'clock. Special effort will be made to take care of all applicants, he added.

Catholic Leader In Berlin Held

BERLIN, Nov. 8.—The Rev. Bernhard Lichtenberg, dean of St. Hedwig's Roman Catholic cathedral here and sometimes representative of the bishop in Berlin, has been arrested by German secret police and is being held in Poentzen prison in the northwestern section of the city, reliable sources said today.

These sources said he had been in custody for two weeks, accused among other things of offering prayers for Jews against whom intensive Nazi measures recently have been renewed.

His sermons, it was said, also undoubtedly figured in his arrest as they did last summer in his questioning by the Gestapo. At that time he was called to the secret police headquarters for questioning about sermons in which he supported criticism that the Catholic bishop of Munster, the Most Rev. Count Ignatz August von Galen, directed against the Nazis and the Gestapo in particular.

BEGAN IN 1944
 The bishop of Munster began his attacks on Nazism as early as (Turn to Page 6, Column 5, Please)

 Maximum temperature, yesterday, 58 degrees.
 Minimum temperature, yesterday, 36 degrees.
 Sun, rises, 7:12 a. m.; sets, 6:01 p. m.

Dawson, Andrews Wildcat Drilling Scheduled

Another Yoakum Pool is Hinted

Announcement of important wildcat locations in Dawson and Andrews counties and decision of operators to run casing in prospective pool opener in central Yoakum county gave the South Plains oil country a busy week end.

Dawson's new wildcat is Ray A. Albaugh, Lamesa, No. 1 J. Roderick Weaver, to be started on or before Dec. 1. The scheduled 3,500 foot test will be drilled in tract 15, league 1, Taylor county school land, one and one-half miles north and five miles west of Lamesa.

Albaugh has assembled a block of 3,388 acres surrounding his proposed wildcat in Dawson, Texas, Atlantic, Magnolia and Tidewater own leases surrounding the block.

No. 1 Weaver will be about nine and one-half miles south by southeast of Albaugh and Richmond Drilling company No. 1 J. J. Handley, northwestern Dawson wildcat prospect now undergoing a series of natural production tests. Bottomed at 4,980 feet in lime, No. 1 Handley swabbed 31 barrels of oil through 5-1/2-inch casing and bailed 240 gallons of water the past 24 hours and continued testing.

Location is Staked
In southern Andrews county Fuhrman Petroleum corporation, Midland, has staked location for No. 1 M. A. Thornberry 330 feet out of the southwest corner of section 24, block A-42, public school land. It is contracted for 4,600 feet and has 4,556 feet south by southwest of Fuhrman No. 1 Lockhart and Brown, small producer and discovery well of the west Fuhrman area three miles west of the main Fuhrman pool.

Coring was halted at 3,450 feet in Sinclair-Prairie Oil company No. 1 Charles J. Kleiner, new pay prospect four miles east of Plains in central Yoakum, and operator is preparing to set a string of 7-inch casing preparatory to testing. It shows a 35-minute drillstem test from 5,395 to 5,436 feet returned 40 feet of gas-cut mud bearing an odor of oil. Coring ahead from 5,436 feet to 5,450 feet the well recovered 13 feet of lime showing some porosity and oil saturation. It is 330 feet out of the northwest corner of section 436, block D, John H. Gibson survey, three and one-half miles northwest of the Ownby pool.

Anderson Prichard and Osage No. 1 Pure-Clayton, northwestern Borden county wildcat, is drilling below 4,360 feet in lime. It logged porosity and saturation from 4,360 to 4,120 feet but a 30-minute drillstem test from 4,067 to 4,166 feet recovered only .35 feet of drilling mud, with no oil or gas present.

Likins and Hall, Midland, No. 1 Dr. E. H. Jones, scheduled 7,200-foot test in extreme northwestern Gaines county, suffered a setback when 8-3/8 inch casing became parted at 170 feet from the surface. A 25-sack squeeze job was performed and plug is to be drilled immediately. The well had reached a depth of 4,586 feet in anhydrite and lime when pipe parted.

Drillstem is stuck in American Drilling corporation No. 1 W. T. Hufnall, western Terry county wildcat, and it is rumored it may be abandoned. Total depth is 5,435 feet in lime, only 65 feet short of contract. Last core from 5,132 to 5,142 feet, returned three feet of pounds lime with a strong sulphur odor. Negligible shows of oil were present in a series of five cores cut between 5,197 and 5,282 feet.

Four Producers
Latest reports from Broderick & Calvert, Inc., Amon Carter and others No. 1 G. H. Hayward, tight wildcat nine miles southwest of Muleshoe in central Bailey county, stated it was drilling at 4,120 feet in hard lime.

Four new producers, three by Magnolia and one by Atlantic, were completed in the Slaughter field. In the Hockley county part, Magnolia No. 303 Mallet, Land and Cattle company flowed a rated 993.60 barrels a day, No. 120D Mallet 1,306.8 a day and No. 17-J Mallet 1,197.44 a day. On the Cochran county side of the field Atlantic No. 39 H. T. Boyd was completed for a daily potential flow of 1,427.88 barrels.

In the Seminole pool of central Gaines, Magnolia and Atlantic No. 3-182 Havenymer and Jenny flowed a rated 270.24 barrels per day with gas-oil ratio of 965:1, following a 144-quart nitro shot from 5,173 to 5,245 feet, the total depth.

IN JAIL AGAIN
DALLAS, Nov. 8 (U.P.)—Embattled Eugene S. Hursley, 69, today was in the county jail for the second time.

Formerly a wealthy Methodist minister, Hursley was sent to jail for three days and fined \$100 in a contempt action for taking a shot at R. E. Yeargin, receiver for his estate.

GIRL SCOUTS KNITTING FOR RED CROSS—Members of Lubbock Girl Scout troops are doing constructive work these days. In the photo above you see a group of them in the living room of the Scout house busily engaged in knitting for the Red Cross. Left to right, they are: Paula Fox, on floor; Punky Rindlaub, Mary Ann Holt, Wanda Massey, Jerry Lynn Medlock, Judy Pierce, Dorothy Trout, Shelley Furr, Mary Lou Cone, Janita Thomas and Virginia Ann Butler. Starting last Friday the girls will knit every week on Friday afternoons at the Scout house besides engaging in their other activities.

Dawson Oil Field May Be Opened

By JOHN B. BREWER
Special Oil Writer
Swabbing oil lightly on natural tests, with total depth 4,980 feet in lime, Ray Albaugh and Richmond Drilling Co's No. 1 J. J. Handley late in the week promised to add Dawson to the growing list of oil producing counties in the north part of the West Texas district.

Earlier, L. C. Harrison and Lubbock associates' No. 1 W. G. Nairn estate, 3 1/4 miles northeast of Lubbock and most northerly producer in the region, was completed on the pump for 160 barrels of 28 gravity oil plus 5 per cent water on an official 24-hour gauge, to furnish one of the week's features.

More New Production
New production in the northern counties, while continuing to lead the West Texas Permian Basin, again was lower than its average for recent months, 20 wells being finished in six counties for a combined daily rating of 17,752.44 barrels. Nineteen wells in five counties during the preceding week were good for 19,958.47 barrels.

Nine producers in Hockley county accounted for 10,415.60 barrels daily, one in Cochran county for 1,096.20 barrels and one in Terry county 1,569.92 barrels—all in the Slaughter field. Three Yoakum county wells were good for 1,144.32 barrels and five in Yoakum county for 3,372.40 barrels. Added to this list was Lubbock county's strike.

Gauge is Filed
The Albaugh-Richmond wildcat in northwestern Dawson county swabbed 38 barrels of oil and bailed 300 gallons of salty sulphur water off bottom in 24 hours, and continued testing. During the preceding 24 hours it swabbed 38 barrels of oil and bailed 120 gallons of water. No. 1 Handley is 660 feet from the south, 1,380 feet from the west line of section 36-M-EL&RR, 1 1/4 miles east by north of Albaugh No. 1 John Robinson, which yielded small amounts of oil during 1936-37 while bottomed wildcat eight miles north of Leveland and 14 miles northeast of the Slaughter field, was credited with logged its first two markers normally from a regional standpoint. Top of the anhydrite was picked at 2,093 feet and top of the salt at 2,999. Drilling continued below 3,215 feet in shale and anhydrite. The test is in the northwest corner of section 15-A-R. M. Thompson.

American Drilling Corp. No. 3 W. T. Hufnall, Terry county wildcat in the southeast corner of sec-

501-D John H. Gibson, an east offset to George P. Livermore, Inc., No. 1 Shell-Ernest Ownby, the discovery, and a south offset to Shell No. 1 Hammer, also a producer.

Four of nine producers completed on the Hockley county side of the Slaughter field were finished by Honolulu. Its No. 8-A Slaughter was good for 779.56 barrels, No. 23-B Slaughter for 1,257.88 barrels, No. 24-B Slaughter for 1,299.20 barrels and No. 16-B Mallet for 1,209.60 barrels. The Texas Co. completed No. 9-B Mallet for 1,556.64 barrels, No. 10-B Mallet for 1,374.48 barrels and No. 30 Slaughter for 1,415.88 barrels. Magnolia No. 6-E Mallet was a 1,209.60-barreler and Stanolind No. 2 H. D. Martin rated 324.24 barrels daily.

Four in Seminole
Cochran county's addition was Magnolia No. 14 Woodley, with a daily potential of 1,096.20 barrels. In the south part of the Slaughter field, in Terry county, Honolulu No. 11 Frazier flowed at a daily rate of 1,569.92 barrels.

Yoakum county's completions were Drilling & Exploration Co. No. 3-A Randall for 120.32 barrels of oil plus 12.8 per cent water, the same firm's No. 4-A Randall for 431 barrels daily and Alcoa No. 3-A Bennett for 593 barrels a day.

Four of five wells finished in Gaines county were in the Seminole pool. Humble No. 8 Matthews was good naturally for 484.72 barrels, Amerada No. 8 Austin for 551.36 barrels, Amerada and Humble No. 5 Blakemore for 823.92 barrels and the same operators' No. 6 Blakemore for 601.60 barrels. Stanolind No. 9 American Warehouse Co. in the Cedar Lake field swabbed at a daily rate of 910.50 barrels. All the Gaines wells except Humble No. 8 Matthews were shot.

Below 4,250 Feet
Callihan & Waggoner No. 1 E. M. Wahlemmaier, Crosby county wildcat in the northeast corner of section 3-1-WTRR, showed two bailers of oil daily from saturated lime from 3,550-85 feet but picked up a quarter bailer of salt water hourly from 3,580-90 feet. It drilled ahead below 3,720 feet in lime.

Likins & Hall No. 1 Dr. E. H. Jones, northwestern Gaines county wildcat in the northwest quarter of section 13-A7-psl, had drilled below 4,520 feet in anhydrite and lime.

Anderson-Prichard and Osage No. 1 Clayton & Johnson Borden county wildcat on a Pure farmout in section 1-1-John DeShazo, drilled porous and saturated lime from 4,090 to 4,120 feet, but on a 30-minute drill stem test from 4,067 to 4,166 feet recovered .45 feet of drilling mud only. It drilled ahead.

Four For Hockley
Sinclair-Prairie No. 1 Charles J. Kleiner, Yoakum county wildcat 3 1/2 miles northwest of the Ownby field, was scheduled to drill stem test, bottomed at 5,436 feet. From a core from 3,420-46 feet it recovered 16 feet of lime showing oil and gas throughout, with the bottom 10 feet porous and saturated. No. 1 Kleiner is in the northwest corner of section 436-D-John H. Gibson.

Shell staked No. 1 M. F. Lacey in the Ownby pool 440 feet out of the northwest corner of section 3-1-WTRR, showed two bailers of oil daily from saturated lime from 3,550-85 feet but picked up a quarter bailer of salt water hourly from 3,580-90 feet. It drilled ahead below 3,720 feet in lime.

Nunn Electric Co.

The management of Nunn Electric Company is proud to take this opportunity to express, with genuine gratitude, the splendid cooperation given this firm in the past. We pledge our continued interest in your every electrical need.

When you invest your money in a Zenith Radio and Leonard Refrigerator you can be sure of time tested, quality tested products, as the manufacturers of both are the leaders in their respective lines.

Churchill Plans Early Reply On Demand For Opening Of A New War Front

Criticism For Inaction Heard

BY FRED VANDERSCHMIDT
Avalanche-Journal War Analyst
In a few days Winston Churchill will go before the House of Commons to reply — directly to critical members and indirectly to Joseph Stalin — on the question why there is no second fighting front against Hitler on the continent of Europe. The few words which Churchill spoke in the northeast of England yesterday may be taken as a prologue to the more formal answer.

For weeks there has been a rising volume of criticism in England because Britain has opened no new front to relieve the pressure on Russia. That there has been no adequate answer to what is going on in the councils of the imperial general staff is due in part, of course, to reasons of military strategy. This explanation, however, has grown increasingly unsatisfactory to many Englishmen, now that almost five months have passed in which the Russians have done all the land fighting against Germany by themselves.

Demand Launched
More than two weeks ago a considerable bloc of labor members launched a sharp demand for action in the House of Commons. Churchill refrained from replying to them. Now Stalin has intensified the issue by two speeches in which he deplored the lack up to the present Allied front in western Europe and predicted that Germany could be smashed in a year at most, presumably on the condition that a second front is established.

This, however, is definitely not the view of the British prime minister. Yesterday Churchill drew a parallel between this war and the last one, and one of the most significant things he said was: "We did our duty and didn't ask to see too far ahead, but strode forth upon our path guided by such lights as led us, and saw those who had forced the struggle upon the world cast down their arms in the open field, and talk of peace and mercy — considerable financial support. Now we have to do it all over again."

Victory Not Easy
Again he reminded Britons: "I have never given any assurances of a speedy, easy or cheap victory."

Churchill's arguments against a frontal counter-invasion of the continent at this time were summarized last September 16, when he said the British could not tell how far Hitler would continue the offensive into Russia, whether he would turn southward toward the valley of the Nile, go through Spain into northwest Africa or shift the weight of his forces and spring on the British Isles. He added: "It will certainly be in his power, while standing on the defensive in the east, to undertake all three of these hazardous enterprises on a great scale."

There has been no essential change in the situation since then, although Churchill now can say that Britain is past "the dark and perilous passage" created by the fall of France.

May Start Drive
In the past, however, the British prime minister frequently has waited to speak until he had something stirring to announce. It is possible, therefore, that he hopes to be able to disclose, in a very short time, the start of a British offensive in northern Africa, or a maneuver to establish a joint British-Russian front in the Caucasus. One also may expect a continuation of the usage in the British air offensive reported today, for last June Churchill said: "In another six months, the weight of the help we are receiving from the United States in war materials of all kinds, especially in heavy bombers, will begin to tell."

Some idea of the cost of winter air operations over Germany, and the need for heavy reserves, can be gained when it is seen that the British lost 37 bombers, by their own count, in last night's attacks on Berlin and the cities of the Rhineland.

Ickes Is Appointed Coal Coordinator

WASHINGTON, Nov. 8. (AP) — Harold L. Ickes, only a few days free of the controversial Eastern oil "shortage," bounded back into the defense spotlight today as President Roosevelt has handed the responsibility of assuring adequate coal to keep armament plants humming and homes warm in the winter.

The president made him the "solid fuels coordinator," a post similar to the fuel administrator of World War No. 1, when the nation was put under coal rationing and observed "heatless Mondays."

While Mr. Roosevelt in his letter of appointment made no mention of a possible coal shortage he did stress that "it becomes increasingly urgent to assure that the supply of solid fuels will be adequate."

Child Killed, Two Are Injured At Crossing

LOS ANGELES, Nov. 8. (AP) — Louis Coran, Jr., 3, was killed, and his mother and sister critically injured yesterday as they attempted to cross a heavily-traveled boulevard.

Physicians reported that neither Mrs. Mary Coran, 30, nor daughter Gloria, 4, was out of danger today. A. C. Chapin of Pomona, driver of a car which hit them, scattering them across the boulevard and crumpling Louis' kiddie car — said he swerved to avoid a truck.

RECREATION IS PROVIDED—Wholesome recreation is provided for the residents of the Boy's Home of Copperton Cove, the manager of which has visited in Lubbock several days. Here the boys are shown when they went to Waco to be guests of Mr. and Mrs. King Bridges at a circus. Mr. and Mrs. Bridges are shown at the left, and Mrs. Viola Dawson, manager, the third from the left.

"Mother" Of 35 Homeless Boys Secures Help For Them In Visit To This Area

A "mother" of 35 boys had slight trouble securing help for the residents of the Boy's Home of Copperton Cove when she visited Lubbock the latter part of the week.

Mrs. Viola Dawson, manager of the home who is called "mother" by its residents, spent several days here the latter part of the week and received several donations for the ranch, non-denominational home formerly known as the Society for Friendless Children.

Two Cows Presented
In addition to donations made to funds for the home, two Hereford cows have been presented to the ranch by residents of this vicinity, said Mrs. Dawson. Sam G. Annett of Lubbock and S. S. Forrest of Slaton gave the cows.

A total of 63 Hereford cows has been given to the ranch in the last several years. A registered Hereford bull, Gay Prince Domino 9th, was given by Jamie Brook of Brady.

Mrs. Dawson and her husband, R. E. Dawson, believe there is good in all boys and have taken into their fold children whose parents were drunks, dope fiends and criminals; boys without homes, and boys whom the courts said were born criminals and could never change. The Dawsons attempt to mold them into normal boys who will be useful citizens.

On Old Homestead
The Boy's Home is located on the old Boy's Home homestead in Bell county six miles south of the little town of Copperton Cove. It is on a 500-acre ranch. It is the only rural home of its kind in the southwest. Children must be entered before their 14th birthday.

According to plans, a home eventually will be perfected for 200 boys.

At the ranch the boys receive pointers and bicycles to ride, pets, outdoor recreation, wholesome food and care. Their pasts are never discussed.

Have Owa Court
The children settle most of the discipline problems in their own court and assess their own penalties. Those making good records are rewarded with trips. They go to the Copperton Cove school and make good records. They also have the advantage of church and Sunday school and the Boy Scout organization.

The ranch headquarters house the older boys' sleeping rooms. Each is attractively furnished for four boys and has a connecting bath. A large living room, dining hall, library, kitchen, pantries, boys' room and private bath, matron's rooms and cold storage plant also are included. Several hundred yards from ranch headquarters is a rock cottage which houses the younger boys.

The home has its own sewerage, gas, water and lighting systems. There are 70 acres in cultivation. The home raises purebred Shetlands. When a sufficient number of breeding stock has been accumulated, both Hereford cattle and Shetland ponies will be placed on the market to help keep the home in operation.

Operating Base For Navy Now In Iceland

WASHINGTON, Nov. 8. (AP) — Establishment of a naval operating base in Iceland was announced today by Secretary of the Navy Knox, raising that island outpost to one of the navy's most important operations centers.

A brief announcement said that Rear Admiral James L. Kauffman had been named commandant of the base.

"The command of the U. S. naval operating base, Iceland, shall include all United States naval shore activities, United States naval local defense forces and district naval craft and any additional units as may be assigned by the Atlantic fleet," it said.

The navy said that the establishment of the base served for both administrative and task purposes, the latter referring to actual war ship operations.

While the designation of a base as naval operating base is an organizational one entirely, it is a step taken only when extensive and varied naval activities both ashore and afloat are centered around one place.

Advice To Girls On Marrying Is Given
COLUMBIA, Mo., Nov. 8. (AP) — A bachelor psychiatrist offers this advice to girls—don't marry men registered for the draft.

Nunn Electric To Have Its Formal Opening At New Home At 1112 Avenue Q Monday Night

For C. B. (Bill) Lawrence, company vice president and manager of the Lubbock store, Monday night's formal opening of Nunn Electric Co., at its new home at 1112 Avenue Q, is more than a formal opening.

It signifies four years of business that expanded the company not only out of its former location at 611 Broadway but into a wholesale district of 34 counties.

And it proved to be such a growth as to necessitate the opening of a new retail department, which is operated at the same address.

Orchestra To Play
Nunn Electric Co. is retail distributor for Zenith radios and Leonard refrigerators and ships its merchandise from here to other points of the district. It also is a distributor for electric supplies and has installed them in Lubbock and in the district.

Monday's night opening has been arranged so that there will be music by Bernie Howell's orchestra. There will be favors for women guests.

Lawrence came here four years ago from Amarillo and lives at 3124 Twenty-second street. He has been associated with the company 17 years. He is a member of the Kiwanis club, the Junior Chamber of Commerce and the Traveling Men's association.

"Our opening is by way of extending appreciation to the public that has made our steady increase in business," he said.

Butterfly Migration Puzzles Scientists

NEW ORLEANS, Nov. 8. (AP) — Scientists sought today to unscramble the mystery of millions of butterflies winging southward from Canada in a migration like that of geese, whether they were come down like tourists or were fated to fly into the Gulf of Mexico to die.

Swarms of the golden-brown insects, called monarch butterflies, fluttered down on sub-tropical Louisiana after a 900-mile trip. They will remain until deep winter. But after that?

Biologist Percy Viosca, Jr., said there were records of the butterflies wintering in Southern California and Florida but nothing to show what happens after December to those that come to Louisiana.

"Maybe they just keep on flying south and out into the Gulf of Mexico to die," Viosca suggested.

New Instructor At Texas Tech Chosen

Miss Velma Floyd excelled at basketball, tennis, hockey and archery when in Brownwood High school and a student in the University of Texas, where she received her master's degree in 1939.

It is not unnatural she would enjoy coaching these sports in connection with her recent appointment as instructor in physical education in Texas Technological college.

The brown-eyed Miss Floyd taught in Longview before her present appointment. Her classes number 301 students. Among her other duties is co-sponsor with Miss Margaret Baskin of the Women's Athletic association, the Tech unit of which is a member of a national organization.

Outside the realm of sports, Miss Floyd reads biographies and books relating to oil paintings. She has her eye on another degree, which would be attained through summer school study.

Pioneer Oil Operator Is Claimed By Death

ABILENE, Nov. 8. (AP) — Charles W. Sanger, 70, who spent hundreds of thousands of dollars drilling wildcat oil tests for 22 years in this vicinity, died at a hospital today.

Sanger came to Abilene in 1919 from Washington state. He first sank a test south of Abilene and since then had drilled about 30 wildcats.

His operations in the 1920's were credited with keeping oil exploration interest alive in the Callahan and Mitchell counties where there then was no commercial production. His tests also defined several areas which now are important pools.

Sanger divided his time between Abilene and Los Angeles where his widow and their four sons and four daughters reside.

Reuben James On Mercy Trip

By JOHN A. MOROSO, 3RD
Associated Press Staff Writer
NEW YORK, Nov. 8. (AP) — The American destroyer Reuben James was torpedoed and sunk while mercifully aiding the torpedoed American navy tanker Salinas, passengers of the Icelandic steamer Godafoss said today on arriving after a harrowing 16-day voyage marked by submarine attacks and the constant dropping of depth charges.

Collectively the 31 passengers pictured the section of the North Atlantic patrolled by American ships as being "alive with submarines," an area so dangerous that the convoy went almost 1,000 miles off its peace-time course.

Up Nights, Slept Days
About the 1,542-ton herring boat, passengers stayed up at night and slept in the daytime, for submarines seldom attack them. They wore lifebelts 24 hours a day and said they lived in dread after seeing the distress flares from the Salinas.

The Godafoss left Reykjavik Oct. 23 with three American freighters, the Reuben James, four other destroyers and the Salinas. Far to the south they held a rendezvous with a convoy and on Oct. 29 at 5 a. m. the Salinas was wounded by a torpedo.

The convoy scattered and fled as destroyers zigzagged through the ships, throwing depth charges in the unseen enemy. The Reuben James turned back to aid the stricken Salinas and the next night while aiding her to port the submarines struck again, sending the James to the bottom.

The passengers said submarines followed the convoy for five days while destroyers dropped more than 70 depth charges, each one shaking the sturdy little ship. They got a reprieve when they finally steamed into a Canadian port for water.

The only American passengers were three photographers, Neil Sullivan, Pathe News; Lawrence Kennedy, Fox Movietone; and Walter Lane, Life magazine.

Sullivan said American censorship made it almost impossible to send news from Iceland, and he described American censorship as far more severe than British censorship.

"The American officers aren't worried as much about keeping information from the enemy as they are about furnishing fuel for isolationists like Sen. Wheeler," he said.

He said survivors from torpedoed ships were arriving in Iceland, but reporters were unable to send news of the mishaps.

He asserted that Maj. Gen. Charles H. Bonesteel, commanding officer of the American forces, refused at first to permit Associated Press Reporter Drew Middleton to send a story relating how a British doctor had used fish hooks to pin down the scalp of an injured seaman until clamps and stitching were available.

"Bonesteel said it was too gruesome," said Sullivan. "He seems to want to kill anything that might be used by isolationists."

Sullivan said Middleton's story was moved only after much delay and much argument.

Sullivan said that Gen. Bonesteel also delayed transmission of private messages, not meant for publication, sent by Middleton to the New York office of the Associated Press.

ONLY FEW TURKEYS

AUSTIN, Nov. 8. (AP) — Early date of the eastern states' Thanksgiving this year was given by dealers here today as an explanation for the lightest movement of Thanksgiving turkeys in this area in recent years. In the east, only Pennsylvania is observing the normal "last Thursday" Thanksgiving day. Prices to raisers here advanced a cent a pound today, with 19 cents the top.

men to patrol lower Harlem after dark.

Air Training Facilities At Barksdale To Be Moved

WASHINGTON, Nov. 8. (AP) — The war department announced today the transfer of bombardier training facilities from Barksdale field, La., to air corps schools in the Gulf Coast and West Coast training center "where weather conditions are generally more favorable for such instructions."

The shift will also affect bombardier training activities at Valdosta, Ga., and advance flying school now under construction at Ellington field, Houston, Texas.

Barksdale field will be turned over to the air force combat command as a base to replace Albuquerque, N. M., which is to become one of several new stations for bombardier training.

The war department said the decision to change the functions of Barksdale field was made because of low ceilings and prevailing rainy weather.

To Roswell, Midland
Under the revised training scheme, bombardier training will be given at Higley, Ariz., and Roswell, N. M., in addition to Midland, Texas, and Victorville, Calif., where such schooling had been planned originally. All four schools are under construction. Twin-engine advance flying instruction heretofore given at Barksdale field will be distributed among other twin engine schools in the Southeast and Gulf Coast air corps training centers.

Ellington field, Valdosta, Columbus, Miss., and Kelly field, Texas.

Dog May Have To Pay An Inheritance Tax

SALEM, Mass., Nov. 8. (AP) — Peggy, a pit bull dog, may have to pay an inheritance tax.

A \$2,000 trust fund was set up for the dog by its late mistress, Mrs. Annie M. Kimball, of Salem.

Attorney Daniel J. O'Connor, Jr., of the state tax commissioner's office, said yesterday he would recommend that a levy be made on the legacy.

"Humans have to pay taxes and a dog is no better than a human," he commented.

Use of turpentine from America is rapidly increasing in New Zealand.

Orange Standard Is Modified

WASHINGTON, Nov. 8. (AP) — A new standard of internal quality for Texas and Florida oranges, permitting the labeling of fruit as "a-quality juice oranges," was adopted today by the agriculture department.

The new amendment to U. S. Standards for oranges becomes effective Nov. 17. It had been recommended by the Florida citrus commission and the citrus industry and was approved after two years of research.

Officials said they believed use of the new grade would tend to encourage shipment of oranges that would better satisfy demands of consumers for quality fruit, especially during the early part of the marketing season.

To qualify for the new grade, any lot of oranges must contain a minimum quantity of juice measures in terms of not less than 4.5 gallons per standard box of fruit sized 176 or smaller, and not less than 4 gallons per box for the larger sizes. The oranges also must average not less than nine percent total soluble solids with the proper related proportion of citric acid specified in the grade.

In the history of boxing, only five contests have attracted million-dollar gates (exclusive of radio and motion picture rights), and Jack Dempsey was a participant in all of them.

Colombia To Protest Blacklisting Firms

BOGOTA, Colombia, Nov. 8. (AP) — Early action by the Colombian government in protest against the United States blacklist of business firms in this country, was expected today after the Senate adopted a committee report condemning the blacklist.

The report held the blacklist was a violation of the neutrality and rights of the American countries in which it is applied, and asserted that the United States should have consulted the governments of the American republics before including names of individuals, firms and corporations.

The blacklist was declared contrary to the spirit of recent Pan-American conventions designed for common hemispheric defense.

Dr. Luis Lopez Mesa, the foreign minister, approved the report and promised that the government will defend the interests of any Colombians who are considered to be included unjustly in the list.

Police Battle Harlem Crime

(By The Associated Press)
NEW YORK, Nov. 8. (AP) — The police department's intensified drive to halt after-dark crime in lower Harlem and adjacent Central park netted eight arrests last night at about the time four young negroes, two of them girls, were held for the grand jury on robbery charges.

A recent increase in crime in the vicinity has been attributed by police to young people.

Of those arrested last night, at least six were negroes, among them youths of 15, 17, 18 and 20. The race of a 14-year-old prisoner was not revealed by the police.

The eighth prisoner was a 34-year-old Puerto Rican.

Charged With Attack
The 15 and 17-year-old negroes were charged with attacking a 16-year-old white boy. The other negroes, arrested on suspicion, were identified by a white man as the quartet which robbed him of \$11.43 last Saturday night.

The Puerto Rican, found hiding in a clump of bushes in Central park, was charged with violating the concealed weapons law because of possession of a knife with two four-inch blades of razor sharpness.

Following the fatal stabbing of a 15-year-old youth in Central park last Saturday night, attacks on several women and the picketing by neighborhood mothers of Mayor F. H. La Guardia's home, the mayor and Police Commissioner Lewis J. Valentine yesterday ordered an additional 250 police-

United States Navy's Giant 67-Ton Patrol Bomber Is Launched Saturday

High-Ranking Army, Navy, Other Officials Attend Big Ceremony

By MACK JOHNSON
United Press Staff Correspondent
BALTIMORE, Nov. 8. (AP)—The navy's 67-ton patrol bomber—the world's largest flying boat—was launched today at the Glenn L. Martin Co. plant here before high-ranking army, navy, congressional state and local officials.

The huge \$2,500,000 plane rolled on six rubber covered wheels down into the chilly waters of middle river after Mrs. Artemus L. Gates, wife of the assistant secretary of navy for air, smashed a red, white and blue bedecked bottle of champagne across the silver-bow of the flying warship.

First Formal Launching
It was the first time that the navy had sponsored a formal launching of an aircraft with the pomp and ceremony accorded a man-of-war.

The ship went into the water backwards and tilted slightly on the left wing. Martin officials said the slight list was due to the fact that the plane was empty. When weight is added, it will balance, they said.

The plane—whose wing span is equivalent to the height of a 20-story building—will begin tests in the water and will be flown within a short time by Ken Ebel, veteran Martin pilot, and vice president in charge of engineering for the firm.

Named "The Mars"
From a stand draped with blue and gold bunting of the navy and the national flag, Gates, Glenn L. Martin, president of the company, and Rear Admiral John H. Towers, Chief of naval operations, heralded the building of the big craft—christened "The Mars"—as a significant step toward American aerial supremacy.

"Our country today is faced with the gravest crisis in its history," Gates said. "Our freedom has been challenged, and the answer will require our maximum strength. Much depends upon our ability to defend and command the air. We must make our air power the world's strongest. Those who know the history and spirit of aviation do not doubt that it will be done. This giant flying boat is a good example of aviation's spirit. It is the biggest and most powerful our country has ever built. It, and similar ships, will add greatly to our navy's growing strength."

Martin told the cheering throng that bigger and better ships are on the company's drawing boards.

To Build Larger Ones
"I can assure you that far larger ships will be built," he said. "For instance, we have a design for a 250,000-pound airplane which will carry a load of over 40 tons to Europe, or 20 tons twice that distance. It will have a speed of over 300 miles an hour. The future potential of these ships in world commerce are obvious to all of us."

Towers said he hoped "The Mars" will meet "the highest expectations."

The craft is surpassed in size only by the army's 70-ton B-19 four engine bomber which recently was completed by the Douglas Aircraft Corp., Santa Monica, Calif. It carries a crew of 11 men and has an interior space approximately the size of a 10-room house. It has a wing span of 181 feet and is powered by four Wright Cyclone duplex engines with a total of 8,000 horsepower. Each of its propellers measures 17.6 feet, making them the largest in the world.

Speed of the craft is a closely guarded secret. So too is its potential range. It is known, however, that it has a fuel capacity equal to an ordinary 4-door car.

Experiment Basis
Special features include equipment to permit stratosphere flying; a reinforced hull to withstand pounding by extremely rough seas; a double flight deck; comfortable dual quarters for officers and men, including shower baths; and a collapsible motor boat powered by a portable engine.

The army's B-19, which carries a crew of 10, is powered by four engines with a 6,000 horsepower total, and has 16-foot propellers. Its wingspread is 210 feet. It has a range of more than 6,000 miles, sufficient for a round-trip flight over the Atlantic, and its air speed is admitted to be "over 200 mph."

Both of the huge ships were built experimentally for the respective armed forces to determine their military value and characteristics. Neither has been ordered on a mass basis, pending completion of experiments and study.

Although the name "marihuana" commonly is applied to one certain type of plant, in reality it is an old Carib Indian name for all kinds of fiber plant.

AT SEAGRAVES C. OF C. DINNER—More than 400 persons gathered in the Buckhorn skating rink in Seagraves Thursday night for the annual Seagraves Chamber of Commerce dinner, a shuckwagon affair with those attending dressed in western attire. In the pictures above, L. M. McAdoo, left, retiring president, is shown receiving the First State bank's loving cup for Seagraves' most useful citizen during the past year. J. F. Matchett is presenting the cup in behalf of the bank. Right above, McAdoo is shown presenting the parcel to John Peeter, new president. Bottom left is State Senator J. L. Winfield of Fort Stockton, who addressed the gathering. (Avalanche-Journal Staff Photos.)

Texas Jaycees' President, Fred Morgan, To Speak Here Monday Noon At The Hilton

More than 200 Lubbock business and professional men are expected to gather in the Hilton hotel ballroom Monday noon to hear an address by Fred Morgan of Corpus Christi, president of the Texas-Jaycee Chamber of Commerce.

The Jaycees are especially anxious for as many Lubbock people as possible to hear Morgan, who is said to be an excellent speaker. He will be accompanied here by Thurmond Krueger, also of Corpus Christi, state executive secretary of the Jaycees. They will go from here to Sweetwater to attend a region 7 conference there Monday night and Tuesday.

Special Invitations Extended
"We want Lubbock men to hear Morgan because we believe he typifies the spirit of the organization in Texas," George Daie, chairman of the Jaycees inter-club relations committee, said Saturday.

Directors of the Lubbock Chamber of Commerce, civic club members and various civic leaders have been extended special invitations to attend the luncheon. The South Plains Commercial Secretaries' association members will be special guests at the meeting.

NORRIS TO SPEAK
AUSTIN, Nov. 8. (AP)—Rev. J. Frank Norris, pastor of Fort Worth and Detroit churches, who has returned from a six-weeks tour of Great Britain arranged by the U. S. state department, will discuss "A World Revolution After the War" in a lecture at the University of Texas' Hog auditorium next Thursday night.

Red Cross Official To Speak Monday

George Montag, field representative for the national Red Cross drive, will speak to residential chairmen Monday at 1 o'clock at the Hilton hotel. Mrs. Carl Stanton, residential chairman, stated Saturday morning.

Residential chairmen appointed were Mesdames A. T. Cocanougher, Parker Prouty, Lewis Sweet, R. L. Hooten, Hub Jones, Ford Benham, John Powers, Olen Stewart, J. D. Jones, J. H. Stiles, F. W. Martin, W. L. Bradshaw, Marion Sanford, R. P. Reed, R. D. McKinney, E. R. McCune, Tom Duggan, Ted Sutherland, Claud Keeton. Rosie Henry is chairman for the negro section.

Volunteer drive for the Red Cross will start Wednesday morning with a kick-off breakfast at the Hilton hotel.

An absorbent carbon, suitable for medicinal use and water purification, has been produced from cotton seed hulls.

Migratory Workers Flock To Lubbock

One of the largest seasonal influxes of migratory workers ever observed in the Lubbock area is in progress, Rankin C. Reynolds, manager of the Lubbock branch of Texas Employment service, said Saturday.

Representatives of the Lubbock office will be on hand at the Panhandle-South Plains fairgrounds today to assist in placing the workers, who camp at the grounds. Farmers are invited to enlist the employment office's aid in finding cotton pickers.

Reynolds announced approximately 15,000 workers have been placed this season by the Lubbock office, which includes special representatives at smaller towns in the area.

Lubbock 6th In State Building

Houston jumped back into its usual place at the head of the Texas building permit class last week. The totals:

	Week	Year
Houston	\$418,315	\$17,352,260
Dallas	165,593	11,008,535
Fort Worth	100,591	5,914,653
Austin	92,891	4,667,541

Pampa	20,575	285,450
Midland	20,250	513,615

Traveling Salesmen Hold Meet Saturday

Regular luncheon meeting of Lubbock Traveling Salesmen's association was attended by 45 members in Hilton hotel at noon Saturday.

A program by members of Sanderson Sunday school class was presented. Mrs. Paul Laverty, pianist, played and accompanied class members in vocal solos. Pupils directed by Mrs. Johnnie Powers gave scripture readings: Hugh Dunlap of Lubbock a visitor at the meeting, arranged for a theater party for the youngsters after the luncheon.

The noon meeting was preceded by a meeting of the board of directors, where routine business was considered, said Leonard Cole, secretary.

Four new members were introduced: J. M. Baggett, Joe N. Murrell, Roy D. Heath and R. R. Walker. Visitors were Don Davis, J. C. McCendon, H. W. Sharp, Dunlap and Bill Bailey.

Next meeting will be Nov. 22 at Lubbock hotel, Cole said.

Civil Service Exams Will Be Conducted

Announcements of civil service examinations for a large number of civil service jobs at the air corps training school here were made through the chamber of commerce Saturday for Major Harry S. Bishop, who is to be sub-depot commander of the school.

There will be openings, he advised, for about 200 workers, perhaps more, in various trades, as soon as the school begins to function.

Applications for examinations for the following jobs may be filed immediately, according to the announcement:

General mechanic, helper aircraft mechanic, junior aircraft mechanic, aircraft instrument mechanic, aircraft electrician, leather and canvas worker, aircraft engine mechanic, machinist, aircraft painter, electroplater, molder, propeller mechanic, aircraft woodworker, aircraft sheet metal worker and aircraft worker. The openings in most of the listed positions also include those of junior grades.

Outlines of basic requirements of the examinations are available at the chamber of commerce or at postoffices.

for San Antonio, Beaumont, and Port Arthur and guides to areas around army posts are in prospect.

Celebrating Our 31st Year

Plans For Big Armistice Day Celebration Are Completed

Parade To Be Big Feature

Preparations are virtually complete for a gigantic Armistice day celebration here Tuesday which will have a "Beat Hitler Victory" parade as its most colorful feature, according to information given Saturday by Dr. E. F. George, chairman of the joint arrangements committee of Allen Bros. post of the American Legion and Lubbock post of Veterans of Foreign Wars.

The day is one of five during the year observed as a full holiday by member firms of the Retail Merchants association, according to Mrs. Gladys Workman, association secretary.

Stores Will Close
Thus, the day will be observed as one of general closing by business houses as well as by banks, city schools, city and county and federal official offices and the post office.

Dr. George reported late Saturday that the only uncertainty as to the program was whether a special army unit would be sent here for the parade. The prospects at that time, he said, were unfavorable because army officials are busy with training. There was a possibility, however, that a unit will be sent here from Abilene, Brownwood or elsewhere.

The day will start with a stag breakfast at 6:30 o'clock in Hilton hotel at which Hop Halsey, legislative representative, is to be speaker. Appropriate special entertainment is to be provided.

Parade Big Event
The next event will be the parade which will start moving from in front of the American Legion home on Texas avenue at 10 a. m. Claude S. Walker and Harry Hill are parade co-chairmen.

In the line of march will be several bands, the drum and bugle corps of Sons of the Legion, units from companies of the Texas defense guard in Lubbock, Slaton, Crosbyton and Rails, the Texas Technological college R. O. T. C., numerous decorated automobiles and floats, Gold Star Mothers, and delegations of members of the Legion, V. F. W., Red Cross, S. A. W. in Army, Boy Scouts, Girl Scouts and others. A large number of airplanes will be flying overhead during the progress of the parade, Dr. George reported.

Route of the parade will be south on Texas avenue to Main, east on Main to G, and south on G to Broadway and west on Broadway to Avenue M to disband.

Service At Church
The scene then will shift to the auditorium of First Baptist church for the annual Armistice day service. Principal speaker is to be Mark McGee, Fort Worth attorney, a veteran of the First World

News From The Army, Navy And Marines With The Boys In The Service

Among Lubbock men recently released from the selective service army because of Floyd Turner, who was stationed in the quartermaster corps at Fort Ord, Calif. He has returned to his position with Quicksall-Pryor company. He is the son of Mrs. John F. Turner of 920 Avenue M.

TECHNICIAN TRAINING: Orville J. Moore of Floydada is now attending an army technicians' school in Fitzsimmons general hospital, Denver, Colo. He was inducted last May 5 and was originally sent to Fort Bliss. A private in the medical corps, he is taking a three-month course as a laboratory technician. Recently he was made a first-class private, third-class specialist. He is a brother of Louie F. Moore of Lubbock, deputy county clerk.

Three Littlefield boys were recently enlisted for the navy: Jimmy Belsel, son of Mr. and Mrs. R. D. Belsel, Alph Wright, Jr., son of Mr. and Mrs. Alph Wright and Max Allen, whose parents also live in Littlefield. Young Wright was president of Littlefield High school's senior class last year. They joined at the same time from active training. There was a possibility, however, that a unit will be sent here from Abilene, Brownwood or elsewhere.

MARINE CAREER: A former student of Tech chemical engineering department, Eugene J. Robinson, 24, son of Mrs. Ida Robinson of Post, is going to make a career for himself in the marine forces.

war who served overseas, and a director of Texas Tech. Briggs Robertson, commander of the local S. A. W. post, is to preside and Dr. Clifford B. Jones, president of Tech, is to introduce McGee.

Dr. George emphasized that a cordial invitation is extended to the public to attend.

The final official event of the day will be a chowline feed in the Legion home at noon. Members of the defense guard units are to be guests. The charge for others will be 40 cents, and assurance was given that it will be well worth the price. Glenn Hess is chairman of the chowline committee. The meal will be prepared under the supervision of Alex McDonald, veteran mess officer of the Legion post.

A pre-Armistice day event will be the regular meeting of Allen Bros. post in the home Monday night at 8 o'clock, according to Paul Hardwick, post commander. Students from Cudalupa Mexican school are to entertain. Refreshments will follow the program. Hardwick invited all former servicemen to attend.

he told friends. "I enlisted in the marine corps to avoid being drafted and now that I've seen some of it, I am going to make it my career," he said. He is awaiting assignment at the recruit depot at San Diego, Calif.

Members of Lynn county draft board No. 1 at Tahoka received an interesting letter recently from one of their inducted men, private Alvin Shambeck, who now is stationed at Fort Knox, Ky. Shambeck said he was in the hospital for treatment of a stomach condition but was liking the army fine. He said since his induction he had had varied experience, including driving scout cars and motorcycles and firing a new-type rifle which shoots five times more rapidly than the old Springfield of World war No. 1 days.

SOUTH PLAINS FLIERS: Among recent graduates of a basic flying course at Moffett field, Calif., is Olen C. Cupp, 22, son of Mr. and Mrs. L. H. Cupp of Earth. He will undergo 10 weeks of training at Phoenix, Ariz., before receiving a commission as second lieutenant. He is a graduate of Spring Lake High school and Texas Technological college. Delton L. Pemberton, son of Mr. and Mrs. M. R. Pemberton of Levelland, recently completed a course at Ryan School of Aeronautics, Hemet, Calif., friends were informed.

Private Bethel Edward Ray of 2112 Twenty-first street, son of Mr. and Mrs. Edward N. Ray of Sudan, was among 317 students graduated from a 22-week course in radio communications at Scott field, Ill., according to information received in Lubbock last week.

MEDICAL TRAINING: Private William N. Skinner of Enochs has been assigned to Camp Grant, Ill., for basic training in the medical corps, according to announcement by Brig. Gen. John M. Willis, commanding general, last week. Skinner was inducted into the army in October and has been assigned to company B of the 26th medical training battalion.

Staff Sgt. H. D. Pruett, 33, son of Mr. and Mrs. R. C. Pruett of Plainview, has been promoted to the rank of technical sergeant, according to announcement from Camp Wolters, where he is stationed. He is assigned to company B of the 65th battalion.

IN AIR CORPS: Joe E. McAllister, who was discharged from the army to re-enlist in the air corps, will be stationed at Santa Maria, Calif. He notified his grandmother, Mrs. G. B. McAllister, 1709 Twenty-fourth street. After enlisting in the army McAllister was stationed at San Antonio, in New Jersey and more recently at Fort Lewis, Wash., where he served as a sergeant. He

attended Tech two years, living with his grandmother.

Attractive Betty Shroyck, senior journalism student at Tech, received an interesting letter last week from Roy Hastings of Hereford, who was a junior architectural engineering student at the college and a member of the Kansas club last year. Hastings is at the huge naval air base at Pensacola, Fla., where many Britishers are now receiving pilot training. Hastings described the unfriendly attitude of the Englishmen there.

THEIR PART: Mrs. Jack Hacker's Future Homemakers at Abernathy are creating good news for the boys in service. They are sending cookies, candy, book markers and other desirable items to marines, soldiers and sailors. Through the Abernathy Review, that town's newspaper, they made a plea for names and addresses of young men in service. They requested that the names be sent either to Mrs. Hacker or to the Review.

Criminal Actions Slated This Week

Two criminal actions will be set for definite hearing sometime this week, and four civil appearance cases as provided by the new rules of procedure, when Judge E. L. Hubert Boswell of the medical detachment at Fort Bliss are visiting Mrs. M. L. Counts of 1118 Sixth street, Boswell is of Post.

ASSIGNMENTS, TRANSFERS: William M. Stanforth, South Plains, to Mather field, Calif., for training as an aviation cadet. James Martin, Snyder, to Philippine islands, regular army. Pvt. W. W. Birkebach, son of Mr. and Mrs. B. O. Birkebach of Littlefield, from Jefferson Barracks, Mo., to air corps gunnery school at Las Vegas, Nev.

Sgt. Frank (Dick) Weatherford, who is stationed with the quartermaster corps at Camp Wolters, Mineral Wells, is visiting his mother, Mrs. W. E. Weatherford of Levelland, and relatives in Lubbock. He is on a 30-day furlough.

Pitts of 99th district court convenes his Monday session

No jury will report until 10 o'clock Wednesday morning, however, since any case begun Monday might extend over to Tuesday's holiday.

Criminal actions to be set are those of State against W. N. Howard, charged with forgery, and Charlie Wilson, charged with burglary.

In addition, State against Charlie Walker, Mrs. Walker and Charlie Banks, will be heard beginning at 10 o'clock Wednesday morning, defendants having been cited to appear and show cause why a temporary injunction should not issue enjoining them against sale or possession of liquor for sale.

In the 72nd district chamber of Judge Daniel A. Blair there will be civil business this week, principally non-jury matters in pre-trial stages.

Fire's goal of 20,000,000 tons of peat to be produced this year may not be reached because of insufficient transportation facilities.

Raiders Rally For 13-6 Homecoming Win Over Creighton

Bluejays Count In First Minute Of Play To Shock Crimson Into Action; Dvoracek, Tillery Score

Momentarily stunned by a shocking Creighton touchdown within the first 60 seconds of play, Texas Tech's Crimson Tide swept up a "comeback" trail strewn with spine-tingling thrills for a 13 to 6 triumph before 6,000 homecoming spectators at Tech Stadium Saturday afternoon.

And so with the great and near-great of the nation's gridirons falling like the autumn leaves the Red Raiders rolled back into the victory column against a rampaging crew of footballers who should be able to hold their heads up in anybody's league.

Even before the fans had time to quit forecasting a runaway for the charges of Coaches Dell Morgan and Berl Huffman after last week's 6 to 0 upset in Miami, the Bluejays from Omaha had let it be known that they were better than the papers said they were.

But though the victors' scoring edge was a slim one, the statistics give the true picture of the margin the Raiders really held. Amassing 325 yards to 108 and piling up 18 first downs to four, the Techs showed their superiority in every department except the punting, which was a story within itself. But a glance at the figures complete the story. Here are the details:

Tech Dominates Statistics Mullin's Punting Highlight Maurice Mullins, triple threat whose main weapons are booming punts that for Saturday averaged 60 yards per shot, received Left Half Roger Smith's kickoff on his own 12. He raced toward the center of the field, reached his own 30, sucked the entire Tech eleven over toward the right then suddenly slashed down the left side-lines in the clear. His flying feet set up the yardage toward a sensational score until he was snared from beyond by Don Austin.

Before the stunned Techs had time to collect their wits or an adequate defense, Mullin again cracked through, hitting the line for eight. Tony Porto, substitute Creighton ball totter, whose kicking average resembled Mullin's, then lost a yard but on the third down, Fullback Ray Leonard smashed over from the four.

Creighton Was "Hot" Mullin's attempted conversion from placement went awry and Tech was in the hole under "heat" other than the weather!

But five minutes and a punting exchange later, the Raiders managed to gain possession on their own 34 after Austin brought Mullin's 61-yard boot back 14 paces. On the first play, Smith nearly got loose, but stumbled over one of his own men to go down after a 17-yard gain that brought business up to the Bluejay 49. Smith lost a yard and was stopped cold on a Austin on a punt.

Creighton's "Hot" Mullin's attempted conversion from placement went awry and Tech was in the hole under "heat" other than the weather!

Texas Tied By Baylor, 7-7; Aggies Take Conference Lead

BREAKAWAY DASH—Roger Smith (27) is pictured as he got away for 11 yards to the Creighton 3-yard line Saturday. The play set up a touchdown that enabled the Raiders to tie the score after Creighton had taken a quick lead. In the foreground is Maurice Mullin (35), trying to fend off an unidentified Raider blocker. Trying to tackle Smith is Tom Dineen, Bluejays back. Another Creighton back is on the ground behind Smith, after missing a tackle.

Bears Tumble Steers From Perfect Ranks In 'Upset'; Aggies Narrowly Miss Defeat At Hands Of Mustangs

WACO, Nov. 8.—The Baylor Bears hurled baffling ground play and aerial magic at the University of Texas Longhorns in surprising fashion today and earned a 7 to 7 tie with the nation's top-ranking football team.

A hard-charging Baylor offense, led by Kitt Kirtrell, amazing 175-pound sub halfback who ran and passed the Longhorns dizzy, and Jack Wilson, key Bear back, largely outfought a Steer eleven which appeared disorganized throughout.

Fast-breaking backs gave Baylor 128 yards on the ground to the Steers' 116. The Longhorns gained 43 yards overhead to the Bears' 41. Baylor's backs accumulated 64 yards returning kicks to the Longhorns' 31. Baylor completed 6 of 12 passes to 4 for 14 by the Steers.

The Bears accomplished their unexpected feat largely without the services of Wilson which the Longhorns obviously suffered from the loss of.

Third-Stringer Scores Texas Longhorns—where the Steers previously had won six successive contests by margins of not less than four touchdowns—came shortly before the whistle ended the first half.

Spee Sanders, sub Longhorn back, booted out on the Baylor 17. Then Kirtrell, regularly a third-stringer, crashed over the middle of the staunch Baylor line for the marker. Jack Crain, who several times brought the spectators to their feet with short-lived, spectacular chases, booted the point-for placement.

The Baylor rally came in the dying moments of the game and climaxed an 82-yard drive.

Pass Good For Score It was Kirtrell who started the campaign with a pass to Wenzell Gandy who was nailed on the Baylor 11. Kirtrell, regularly a tackle for nine and Milton Crain plowed to the Texas 41.

From there on, the Longhorn defense seemed to collapse. It was Kirtrell again for eight, plunging through a gaping hole in the line, and again for four at apparently the same place.

A pass was incomplete, Kirtrell carried for two more and Lewis Self, a guard, managed to fall on a fumble which gained to the Steer 19. A couple of plays later, Kirtrell uncorked one to Bill Coleman, 155-pound sub back, who had galloped into the end zone with Texas' Doss right behind him. The stands went wild when Coleman snared the aerial. Wilson went in and booted a perfect point for placement.

Many Penetrations With only seconds left to go, the Longhorns used crippled Layden who shot a long aerial to Crain in mid-field. The spectators thought the game was over and swarmed on the field but the referee ruled there was time for one more play.

The field cleared, another pass went incomplete and Texas dropped into the undefeated but tied ranks.

Both teams made several deep penetrations into enemy territory but there hectic line play which featured the hard-fought contest halted them considerably short of the pay-off stripe.

The lineup: Texas—Flanagan and Scott, ends; Colson and Conoly, tackles; Jungnickel and Dennis, guards; H. Harbin, center; Martin, Crain, linebackers; and R. L. Hawkins, backs.

Baylor—Buddy and W. Gandy, ends; Barnett and Goddard, tackles; Self and Griffin, guards; Gatewood, center; Wilson, Bronny, Nelson and Mc. Crain, fullbacks.

Score by periods: 0 0 0 7 TEXAS 7 Baylor: Touchdowns, McKay (two for markers); Point after touchdown, Crain (placement).

Baylor scoring: Touchdown, Coleman (two for Rigony); Point after touchdown, Wilson (placement).

Notre Dame Pushes Navy Out Of Undefeated Ranks, 20-13

By BILL BONI Associated Press Sports Writer. BALTIMORE, Nov. 8.—A work-horse Notre Dame backfield getting solid support from an underrated squad of ends, knocked off the unbeaten Navy football team of the nation's dwindling undefeated ranks today.

The Irish, in keeping themselves on the list of the undefeated with a 20-13 triumph, did so on the fine forward passing of sophomore Angelo Bertelli; the

sweeping, slanting, hard-to-stop drives of Steve Juzwik and Fredrick Owen (Dippy) Evans, and the smashing defensive play and often miraculous pass-catching of their ends, principally Bob Dove, John Kovatch and Matt Buller.

Notre Dame couldn't have won on any single one of these factors, and had a hard enough time winning with the combination of all three, but by the time a crowd of 64,795 in Municipal stadium saw a last-hope Navy passing flurry

through and blocked the try for the extra point and were still very much in the ball game. That was the way things remained right on through the third period.

Pitt Spills Unbeaten Fordham, 13 To 0

Ram Bowl Hopes Hurt By Upset Sportometer For The Golden Glovers By Collier Parris

GET IN THE GROOVE, you amateur boxers! It's coming close to Golden Gloves time again, and it's never too early to get ready.

Dates and place of the 1942 Lubbock Avalanche-Journal district will be announced in the near future, but all boxers of the area are urged to start getting in shape for what should be one of the greatest tournaments in this history of Golden Gloves of this section.

District championships are to be decided in two divisions, instead of one, this time. In other words, there's to be a Class A, or novice, division, and a Class AA, or veteran division.

The class A group will include all boys who have never won a Golden Gloves bout in a District tournament. This means that inexperienced boxes will have opportunities in their own field. They will not be required to fight against boys who have had Golden Glove experience, or who have won district matches.

That opens up the District Golden Gloves tournament to a larger field, and the entry list is expected to be more than double that of any previous list. The Class AA group will fight it out for eight championships, in as many weight divisions, winners in each to compete in the State Golden Gloves tournament at Fort Worth.

The Class A group, designed to give younger and less experienced boxers the necessary experience for future state championship races, will compete only for district championships, and valuable prizes, in that group.

The idea is to match all fighters evenly, so that the tournament, from the standpoints of the fighters as well as the fans, will be served to the best purposes.

So get those legs limbered up with a lot of roadwork, boys; and start punching the bag and each other. Soon we hope to announce the opening of a gymnasium, equipped with boxing goods. Until that time, do the best you can in your own back yards or on the roads.

Lobos Drub New Buffaloes Trip Mexico Aggies Rattlers, 40-21

(By The Associated Press) LAS CRUCES, N. M., Nov. 8.—The University of New Mexico Aggies today before an Aggie homecoming crowd of nearly 5,000. Halfback Vic Crocco began the scoring nine minutes after the game started with a passing and running attack that rolled up 21 points by the intermission.

The victory gave the Lobos a third win in the Border conference, assuring them fourth place.

(By The Associated Press) CANYON, Nov. 8.—West Texas State Teachers Buffaloes whipped the St. Mary's university Rattlers today, 40 to 21, for the latter team's first loss of the season in a homecoming battle before 6,000.

Little Ben Collins, the Buffaloes' high-scoring back, added five touchdowns and four extra points to bring his total for the season to 122. Fullback Larry Sanders made the other Buffalo touchdown.

Collins' touchdowns included runs of 43, 49 and 35 yards, with two four-yard plunges tossed in. Sanders dashed 38 yards for his marker.

Curtis Sandig, versatile Rattler back, was held in check the first half but scored a touchdown in the final period. Platz passed to McKnight for another Rattler score and made one in the first period on a 30-yard run.

dets slowed down gradually and it appeared obvious that they had not shaken off the effects of last week's hard-earned tie with Notre Dame.

As the Cadets faltered, Harvard opened its long-delayed offense, which, in 40 minutes provided them with 20 points, scored more than it was able to register in all its five previous games this season.

Harvard Rallies For 20-6 Win Over Army

CAMBRIDGE, Mass., Nov. 8. (AP)—Army's previously unbeaten Cadets, pounded themselves into weariness while charging against Harvard's famed stone-wall defense and wound up as the victims of a shocking 20-6 setback today before 55,000 spectators.

Few in the largest crowd. Yankee stadium has housed since 1937 were surprised when the Cadets, with an impressive burst of early speed, started a 62-yard scoring drive the third time they gained possession of the ball in the first period.

As the action rolled on, the Ca-

Tulsa Crushes North Dakota State, 61-6

TULSA, Okla., Nov. 8. (AP)—Tulsa's Golden Hurricane discarded its formidable passing attack today and used a straight ground offensive to crush the Bison of North Dakota State, 61 to 6.

Coach Henry Frnka kept his first team under wraps most of the time and second and third stringers, led by Halfbacks Dell Taylor and Chuck McGinley, scored almost at will.

Ohio State Outscores Wisconsin, 46 To 34

COLUMBUS, O., Nov. 8. (AP)—In the wildest scoring contest ever witnessed in the big Buckeye stadium, Ohio State defeated Wisconsin, 46 to 34, today before 58,519 shivering fans to take over third place in the Western conference championship scrap.

Dallas, Cowtown Scribes All "Heated Up" Over Ice Hockey

DALLAS, Nov. 8. (AP)—Luther (Red) Webster, sports editor of the Dallas Journal, today accepted a challenge hurled by a Fort Worth Sports writer and agreed to push a puck the length of the rink with his nose if Fort Worth defeats Dallas in a hockey game in Fort Worth tonight.

"Refuse to be classed as a 'motley sports writer' but accept your bet on these conditions. Will push puck goal to goal with my nose if Texans lose provided you will make same arrangements with me when Dallas and your beloved Cowtown play in the South's greatest metropolis. Get off that fly paper and let's have some action."

"If the Rangers do not beat

Moser's Passing Carries Cadets To 21-To-10 Win

By HAROLD V. RATLIFF Associated Press Sports Writer COLLEGE STATION, Nov. 8.—Derace Moser threw touchdown passes down shadowy sidelines today to pull the Texas Aggies from the brink of defeat and give them a 21-10 victory over gallant Southern Methodist.

For 49 minutes the Mustangs battled the Aggie to a standstill, leading them 10-9 on Bo Campbell's field goal; but the Red line

"EVERY BIT AS GOOD AS TEXAS" COLLEGE STATION, Nov. 8.—Matty Bell, dean of Southwest conference, declared the Texas Aggie as "every bit as great as Texas was last week."

He spoke after Southern Methodist Mustangs had been defeated 21-10 in a conference thriller here.

Last week Bell had labeled Texas, which won over their 36-0, as "the greatest team in the history of the Southwest."

"We played one of the most inspired games I have ever seen for many a day," Bell said, "but the seemingly endless supply of Aggie reserves was too much for us."

finally pulled itself together to remain among the nation's undefeated, and united teams—the only eleven now with that status in the Southwest conference.

A crowd of 20,000 remained in a continuous uproar at the thrilling gridiron drama unfolded before them as Southern Methodist's battered forces, crushed 34-0 last week by Texas, actually outplayed the Aggies for three quarters.

Johnston Score Superior reserve strength and the pass magic of Moser finally told, with the Aggies getting two quick touchdowns to put the game on ice after four minutes had elapsed in the fourth quarter.

The partisan crowd roared as news came over the loud speaker that mighty Texas had been tied 7-7 by Baylor to leave the Aggies standing high and dry in the hectic conference race.

It required only four minutes for A. and M. to score with Moser cutting back over left guard from the SMU 11-yard line after having passed to Jim Sterling and Bill Henderson for 17 and 12-yard gains respectively. Jake Webster kicked goal.

Six minutes later the Mustangs tied the score on Preston Johnston's great runs. The Aggies had played off one SMU drive on their nine-yard line but the Mustangs were back in the end zone.

(Continued on Page 10)

Gophers Edge Out 9-0 Victory From Nebraska

MINNEAPOLIS, Nov. 8. (AP)—Minnesota's Golden Gophers won their fifteenth straight football game today, defeating Nebraska 9 to 0, in a stubbornly fought contest.

Stepping methodically along toward another perfect season, Coach Bernie Bierman's outfit held the upper hand from the start. They threatened several times but found the going mighty tough when the Cornhuskers' goal was threatened.

It was nothing to nothing going into the second quarter and it took that sensational little man—Bud Higgins—to begin taking that pigskin places.

Midget Bud showed the big fellows how it should be done by skipping ten yards for a first down on the Nebraska 40. Then, heavyweight Bob Sweigert powered it over.

But the Huskers smashed through and blocked the try for the extra point and were still very much in the ball game. That was the way things remained right on through the third period.

Smart "Riggin" for the "RIGGERS"

And smart "riggin" for the superintendent, the driller, Tool-pusher, Skinner, The Gauger, the roughneck, the trucker, or whatever may be the "handle" of those of you who live in the shadow of a derrick... we have made a special effort to stock the very clothes you need and want... we have tried to get your favorite brands and particular styles... and we feel that we have assembled a collection of the very finest oilman's Toggery to be had... and we invite all of you to visit us any time and see for your self this Oilman's potential wardrobe... we have many friends in the oil game... we enjoy serving many of your wives... and we would humbly invite you to make this your "home store" during your stay in this section of the country.

The Social Calendar

MONDAY
Ingliside-Societies club, 8 p. m. Mrs. C. J. Humphreys, 1808 24th St.
Dodge P.T. study course, 1 p. m. from 1401 Mrs. Ray, 1401 10th St.

Poteet-LaFrance Rites Are Today

Miss Peggy LaFrance, daughter of Mr. and Mrs. O. B. LaFrance of the Circle community, will become the bride of Clovis Poteet, also of the Circle community, this morning at 9 o'clock in a service to be held in the First Baptist church at Olton, Rev. W. L. Whorton of Plainview will officiate.

The bride will wear a soldier blue frock with Indian earth accessories. For "something old" she will wear her grandmother's gold locket. The couple will leave immediately for a wedding trip in New Mexico.

Miss LaFrance was graduated from Olton High school in 1940 and finished a beauty course in Lubbock. Mr. Poteet is a graduate of Olton High school and attended Texas Technological college in 1939 and 1940.

Colonial Needle club 3 p. m. Mrs. J. O. Burman, 214 1/2 St.
Loyal Sister Needle club all-day meeting, Mrs. J. C. Oates, 1829 Ave. O.

TO LIVE HERE—Mrs. Robert E. Franklin, the former Miss Mary Nixon, daughter of Mr. and Mrs. J. E. Nixon of Hobbs, N. M., and Mrs. Franklin, son of Homer Franklin of Lubbock, will make their home in Lubbock. Wedding rites were read October 31 at the First Presbyterian church at Lovington, N. M. The bride wore a cadet blue suede cloth suit with a corsage of pink rosebuds.

Mary Lou Sanders Is Birthday Honoree

Mrs. Mary M. Sanders, 1922 Twenty-second street, honored her daughter, Mary Lou Sanders, with a birthday party Saturday morning. She was assisted by Mrs. D. C. Pollard.

After pictures had been taken and games played, a birthday cake was cut and served to Keith Newman, Joan Pollard, Peggy Jo Blackwell, Conny Jo Wood, Nan Horton, Joan Brown, Paula Bookman, Sharon Sue Cox, Patsy Jane Hill and Alton Slagel.

B-PW Club Journey Continues Monday

The group from the Lubbock Business and Professional Women's club who is making an imaginary tour of Latin-American countries will meet Monday night at 7 o'clock with Miss Clara Pratt, 2209 Twenty-ninth street.

Miss Pratt will lead a discussion of our economic relations with special reference to the Hull reciprocal trade agreements. Miss Katharine Walls will direct the recreational feature of the meeting.

Tech Homecoming Is Busy Event

Crystal candleholders and a three-toned crimson cloth decorated the refreshment table. Mrs. Mary W. Doak, dean of women, poured tea. An album of classical music was played during the social.

In the receiving line were Miss Twila Farrell, president of Las Leales; Mrs. M. E. Landover, president of the alumnae association; Miss Evelyn Cooper, secretary, and Miss Janice Buie.

Special guests attending were Dean James M. Gordon, Dean and Mrs. Allen, Dean Margaret W. Weeks and Dr. and Mrs. Clifford B. Jones.

Knitters For Britain Are Asked To Bring Finished Garments

Those in charge of Lubbock's part in knitting for Britain are planning to send off a box of finished garments by the last of the week and are asking those who have nearly completed their knitted garments to do so within the next few days.

Those who have finished their garments are asked to bring them by the Hilton Hotel and leave them in care of Miss Jonnie McCreery or telephone or bring them by Mrs. M. C. Overton or Mrs. W. T. Gaston's homes.

Knitters for Britain are continuing their enthusiasm, Miss McCreery said. Each Wednesday afternoon a group of women meets at a home, Mrs. John King, West Fourth street, will be hostess at 3 o'clock this week.

Flache-Sawyer family friends and members of the wedding party attended the reception.

Loyalty Club To Have Thanksgiving Dinner

Members of the Loyalty club will meet November 21 for an all-day meeting and Thanksgiving dinner. It was decided at the meeting Friday afternoon with Mrs. S. E. Naylor, 1920 Seventh street, the dinner will be in the home of Mrs. Roy Parvett.

Merry Madcaps Give Minsirel in Melrose. Before an audience of about 300 people, members of the Merry Madcaps dramatic club presented a negro minsirel, "Sweeney River Night," Friday night in Melrose, N. M.

Intermediates To Have Covered Dish Lunch. The Intermediate department of the First Methodist church will meet in Fellowship hall Thursday from 6 to 8:30 o'clock for a covered dish luncheon and choir practice.

Poetry Study Will Be Continued By Club. For a continuation of the formal French poetry, Rondaue members of the Lubbock Pen Women's club will meet Thursday morning at 9:30 o'clock with Mrs. Luther English, 1722 Thirty-second street.

Strout-Spears trip to Albuquerque after a reception at which wedding cake and coffee were served. The bride traveled in a three-piece suit of RAE blue wool with squirrel trim.

Lubbock And South Plains Soon May Have Specific Place On Weather Maps

Forecasts For Area Sought

Prospects are that Lubbock and the South Plains soon will have their specific place on the weather map and in the weather forecasts of the United States bureau.

This was indicated Saturday by correspondence between the chamber of commerce and D. C. Cameron of Albuquerque, N. M., meteorologist in charge of the U. S. weather bureau headquarters there.

Chamber officials related that they long have been trying to obtain official weather forecasts which would be more specific concerning conditions in the vicinity of Lubbock. The letters from Cameron, they added, are the most encouragement they have received that the efforts are about to be successful.

Chamber officials pointed out that present daily forecasts which appear in all issues of Avalanche-Journal newspapers, make a blanket reference to West Texas which, in turn is broken down into northern, central and southern portions.

Chamber of commerce letters have argued that very few people know just what is meant in forecasts that refer to "central portion."

The communications from Cameron reveal that forecasts for the "north portion" are intended for the Lubbock area, which is included on the weather map as a part of the Panhandle. "Central portion" means the area between Abilene and Wink, which is about 200 miles south of Lubbock.

One of the questions asked in Cameron's letters was: "Does Lubbock consider itself in the Panhandle?"

The letter from the chamber of commerce was, emphatically, that Lubbock does not consider itself in the Panhandle.

The letter explained also that forecasts for the Panhandle very often are not applicable to the South Plains. Specific contrasts that were cited were the violent blizzard which almost marooned Amarillo last winter while the weather was relatively mild on the South Plains; and a blizzard of almost equal severity on the South Plains two years ago while most of the Panhandle was escaping.

Cameron's letter enclosed a new weather map for West Texas which, he related, is being considered for adoption. On it is shown an area of approximately

Bobby Cox Of Plains Winner Of Santa Fe Trip To Chicago

(Special To The Avalanche-Journal)
PLAINS, Nov. 10 — Bobby Cox, 17-year-old Yoakum county farm boy who during the six years he has been in club work has earned more than \$600 from the feeding of calves, has been awarded a trip to the Chicago International Livestock show Nov. 30 to Dec. 6, Hurley B. Horn, county agent and 4-H club leader has announced.

Young Cox has entered finished calves in the Lubbock Junior Fat stock show most of the time and has been in the money with his animals. He has also entered animals in shows at Amarillo, Odessa and Dallas.

"Bobby has never failed to get some of the prize money in the shows he has competed in," said Horn. "In 1938 at Odessa he won the reserve championship."

Last year the club boy won the

BOBBY COX

Thomas E. Wilson gold medal award for the best record in beef calf production for this county. He also was given a 4-H gold star for his club work last year.

Bobby and his brother John Sam Cox are well known all over West Texas through their club work and their calf prospects.

News Briefs

When Kiwanians meet this week, they will greet two new members who will bring membership of the club up to 151, highest in its history, O. J. Sexton, vice president, said Saturday. When directors met last Thursday to act on the application from Tom Samson, who became No. 150, they were later handed application of A. N. Baldwin to become No. 151.

Twenty-four men who have passed physical examinations for aviation cadets in the army flying corps, have been ordered to report at the district army recruiting office in the federal building Monday morning at 8 o'clock for final examination, Major Joseph R. Peltor, district recruiting officer, has announced. The men will be given a final checkup on their physical condition and will then be sent to Kelly field, San Antonio, to begin their training for army pilots.

Because of the Armistice day holiday Tuesday, Lubbock Lions club will meet Wednesday noon instead, in the Hilton hotel, President Vernice Ford has announced. The monthly board of directors meeting was changed from Wednesday to Thursday noon at the hotel.

Tom J. Cody of San Angelo, a World war veteran, Monday will become city auditor of San Angelo.

to succeed Ed Riedel, who recently resigned to become an accountant for the state board of control in Austin. Riedel is a past commander of the American Legion department of Texas and has visited Lubbock on numerous occasions in the years he has been active in Legion work, according to Charles A. Whitacre, district commander and a personal friend. Riedel served nearly 13 years as city auditor of San Angelo.

A new star route schedule between Seagraves and Seminole will be in effect beginning Monday according to a report from the postoffice department. Under the new schedule mail will leave Seagraves, end of the Santa Fe train service, not later than 11:15 a. m. and is due in Seminole 35 minutes later. Return will be from Seminole at 12:15 p. m. with arrival at Seagraves not later than 1:15 p. m. Connections are made at Seagraves with a star route for Brownfield.

J. Frank Ford, the new Federal Land Bank of Houston area supervisor for this section, is well known all over the Panhandle-South Plains section through his more than a decade of work as a county agricultural agent. He was as-

Only Drinking Men Need Ask For Job

CLEVELAND, Nov. 8 (AP) — Only drinking men need apply for this job.

A want ad appearing here today seeks:

"Alcoholic, who is a salesman of ability, to sell an effective home treatment of alcoholics; we will treat you to your satisfaction first."

stant in Potter county for many years and then served as agent in Armstrong and Carson counties. An authority on Milking Shorthorn cattle, he has attended the Panhandle-South Plains fair for many years as department superintendent or judge. Ford succeeds James H. Neblett of Matador, who was recently named in the land appraisal unit of the bank at Houston; President Sterling C. Evans announced. Ford will probably move to Lubbock, he indicated here last week.

Fire is encouraging the use of foreign horseshoes.

SHORTSIGHTED THIEF
NEWPORT NEWS, Va. (AP) — It was a bit disconcerting, but the salesman had to grin. After all, the last laugh was on the thieves.

En route to Fort Eustace to visit Athletic Officer Lieut. Charles E. Miller, the salesman stopped his car, left it for a short time and returned to find a big box of football shoes had been taken. Then came the grin. They were samples, all for the left foot and size 8, too small for most gridiron warriors.

Lubbock Schools To Take Lead In Observance Of American Education Week

Programs Are To Be Offered

American Education week begins today, and Lubbock public schools will take the lead during the seven-day period in sponsoring special programs and events before Lubbock organizations to emphasize the theme of the 1941 observance, "Education for a Strong America."

Dr. W. B. Irvin, Superintendent of schools, has appointed Mrs. Ivy Savage, principal of Roscoe Wilson school, general chairman of arrangements, and they have worked out a week-long program which includes daily broadcasts and appearances before luncheon clubs, special sermons by Lubbock pastors, and receptions and at least one dinner.

Proclamation Issued

Mayor Carl E. Slaton Friday issued a proclamation setting aside this week, Nov. 9-15, as American Education week in conformity with the date of observance in the rest of the nation.

Broadcasts over KFYO will be presented daily. The first will be at this afternoon at 3:30 o'clock. The rest of the programs will be at 4:45 o'clock each afternoon, with a different school presenting each day's program. The final program Saturday afternoon will consist of an address by Dr. Irvin.

Several schools will present programs before luncheon and other organizations. Mrs. Savage announced the following schedule was announced:

Schedule Announced

Monday, Junior High school at Junior Chamber of Commerce luncheon in Hilton hotel at noon, and Guadalupe Mexican school set a meeting of Allen Bros. American Legion post at 7:30 p. m.; Tuesday, Armistice day, Wednesday Roscoe Wilson school before the Optimists and K. Carter school before Rotary club luncheon; Thursday, Dupre school before Kiwanis club; Friday, George R. Bean school before American Business club.

Lubbock pastors have almost unanimously agreed to give special mention to American Education week in their sermons today, Mrs. Savage said. Singers from Dunsmuir color school will be at first Baptist church today. That school will feature Friday as visitors' day.

To Present Program

The Junior High school program at the Jaycee luncheon will consist of numbers by the girls' chorus and the mixed chorus, directed by Mrs. Elois Elliott and Mrs. M. E. Ware, and selections by speech students directed by Mrs. Ray Brown. These numbers also will be presented Thursday afternoon at Junior High P-T-A, with the boys' chorus added.

Mrs. Savage outlined the history of observance of education week. It grew out of the first World War, after army examinations revealed 25 per cent of men were illiterate and 50 per cent were physically unfit. It was first observed in 1921.

Purpose Is Explained

The broad purpose of the week has become that of acquainting the people with the needs, aims and achievements of the schools. The Lubbock schools will observe daily topics set forth by the National Committee for Education. They are: Today, "Building World Order"; Monday, "Building Physical Fitness"; Tuesday, "Strengthening National Morale"; Wednesday, "Improving Economic Wellbeing"; Thursday, "Safeguarding School Support"; Friday, "Learning the Ways of Democracy"; Saturday, "Enriching Family Life."

Principals of the school system and Miss Dorothy Lomax, director of curriculum and Miss Mayme Alexander, visiting teacher, will entertain members of the school board and their wives, Supt. and Mrs. W. B. Irvin, and A. C. Jackson, manager, and Mrs. Jackson at a dinner in Hilton hotel at 7:30 o'clock Monday night.

Mayor Issues Proclamation Here For Education Week

PROCLAMATION
Designating Nov. 9 Through Nov. 15 As Education Week

WHEREAS, The State of Texas is an empire within itself, vast in its area, unparalleled in the history of its heroic deeds and romantic history, unrivaled in the splendid progress and achievements of its brilliant past and living present, and unmatched in the marvelous opportunities it has in store for its citizens ever in the future; and

WHEREAS, we are approaching the date, Nov. 9 through 15, which has been set aside as Education Week;

THEREFORE, I, C. E. Slaton, as Mayor of the City of Lubbock, do hereby proclaim this week as education week in this city, and urge all of my fellow citizens to join in as possible in commemoration of the above week which means so much in bringing happiness to our people.

(Signature) C. E. SLATON.

Music And Speech Department Students Of Senior High To Present Program Monday

Students from the music and speech departments of Senior High school will present a program in observance of Armistice Day at the National Education week Monday night at 8 o'clock in the high school auditorium.

The program is to be under the direction of Mrs. E. Waldo Trotter, head of the music department, and Miss Marie Cook, speech director.

"Tickets are to be given to students free of charge for parents and other adults Monday. Parents are especially invited to attend."

Principal R. W. Matthews stated that all will be admitted free.

Discussion Scheduled

The mixed chorus will open the program by singing "Smiles," "America" and "The Star Spangled Banner."

After these numbers Dale Odam, as chairman, will conduct a group discussion in which several of the speech students will speak on "Education for a Strong America." Afton Walker, James Reese, Keith Knight, Faye Beth Hill, O'Veta Morris, Bill Austin, and Georgia Nell Harris will participate in this discussion.

Immediately following this discussion the mixed chorus will sing "Keep the Home Fires Burning," "Wrap Your Dreams in the Red, White and Blue" and "America, I Love You."

Drama To Be Given

"Senor Freedom," a one-act dramatic production under the direction of Miss Cook, will then be given. This drama is set in a photo in old Mexico.

The play shows that the one precious thing in life is freedom—freedom is have a hand in shaping one's destiny through the medium of a self-determined form of government and the privileges such a government makes possible. In "Senor Freedom" we are reminded again, but we are also given hope . . . the hope that as long as there is one man who can keep a trust, freedom shall not die, explained Miss Cook.

Dolores Sivedra, niece of a Mexican general, with brilliant coloring, young and lovely, is the chief character. Others in the cast are Gina, an old serving woman; Juan, a young wounded soldier; Louis, a man of about forty; and Bruno, an old woman, bent and feeble.

The parts are portrayed by Mary Lou Godbehere, Betty Jane Morton, Bobby Campbell, Bessie Rhodes, and Grace Marian Griffith, respectively.

The property committee for this play includes David Johnson, Loretta McKay, Betty Jane Williams, Marjorie Forgey, Virginia Bondurant, and Panza Butler.

AMERICAN POPULATION

Census Bureau reports 150,000,000 persons now live under the United States flag, 19,000,000 of whom live outside continental United States.

Crude Oil Output For Week Boosted

HOUSTON, Nov. 8 (U.P.)—Domestic crude oil output climbed to 4,096,850 barrels daily, up 117,150 daily for the week ending today and 26,850 above the U. S. Bureau of Mines estimate of market demand for November, the Oil Weekly reported.

Week's trend, Texas, 1,476,000 barrels daily, up 4,000; California, 658,300, up 26,500; Oklahoma, 421,750, off 14,750; Illinois, 416,400, off 2,850; Louisiana, 346,300, up 3,600; Kansas, 238,950, up 1,600; New Mexico, 116,500, unchanged; eastern states, 96,850, up 3,100; mountain states, 106,200, off 4,950; Michigan, 57,800, off 450; Indiana, 18,950, off 250; Arkansas, 72,400, up 250; Mississippi, 64,050, up 2,750, and Nebraska, 6,800, up 400.

HOW IT WAS NAMED

The French in Canada called the red cedar "baton rouge," or "red stick," so when they found it growing in Louisiana, they named their capital in its honor.

Highlights For Week Revealed

Lubbock's elementary schools have prepared for a varied program as their part of American Education week observance, their officials revealed in announcements Saturday.

Highlights of the coming week include special programs by the children, guest speakers, art displays, exhibits of pupils' work, special meetings of the Parent-Teacher associations and lessons dealing with the history and purpose of the week.

Those Taking Part

The schools whose elementary pupils will take part in the week are Central Ward, Dupre, George M. Hunt, George R. Bean, K. Carter, Guadalupe, Roscoe Wilson and Sanders.

Central Ward school, according to an announcement from H. C. Bowl, principal, to Mrs. Ivy Savage, general chairman of arrangements, a daily program has been arranged Monday afternoon the sixth grade pupils will stage a play, "The Trial of Cavellness."

At the 1:15 o'clock Tuesday, Armistice, will be a holiday.

Wednesday fifth grade pupils of room 302 will present a program, "Building Physical Fitness," giving special emphasis to health education. The program begins at 2:15 o'clock that afternoon.

Special Visiting Day

Thursday at Central Ward will be a special visiting day. General assembly from 9 until 10 o'clock and 203. A social science lesson on the subject, "Safeguarding School Support."

Sanders school children also will give a program at a club luncheon during the week and former Senator G. H. Nelson will discuss "Education for Citizenship" one night this week.

Miss Stella Thurman, principal of K. Carter school, said parents are invited to visit any time during the week, but Thursday has been designated as visiting day.

Dr. Doyle D. Jackson, professor of education at Texas Technological college, will speak over KFYO at 4:55 o'clock Thursday afternoon on the subject, "Safeguarding School Support."

The school chorus will present a 20-minute program at a Rotary club luncheon in Lubbock hotel Wednesday. Posters have been made for downtown stores.

Plays To Be Given

Sanders school, said Mrs. J. T. Triggs, principal, will emphasize its participation in "Education for a Strong America" by stories, plays, poster-making, singing and playground activities. The school children will present a program over KFYO at 4:55 o'clock Friday afternoon. A Parent-Teacher association meeting is Thursday.

Friday will be visiting day for mothers at Sanders school.

Guadalupe Mexican school will send invitations Monday morning to all parents to visit classrooms and observe any day during the week, said Mrs. George Duval, principal.

Monday night the school will present a program before an American Legion meeting. Numbers scheduled are:

- Song by group; reading, "Neighbors," by Ramon Cruz; dance, "Las Chapencas," by Erlinda Flores, Ramon Cruz, Julian Flores and Eulouise Setelo; dramatization.

Cotton Classers In Lubbock Kept Busy

With additional classers assigned to the Lubbock office of the agricultural-marketing service of the U. S. D. A., and sunshine causing bolls to open there has been a pickup in the number of bales received daily to be classed here, L. O. Buchanan, head of the office, reports.

There are now a dozen classers working in the office, in the textile engineering building at Texas Technological college. Between 2,000 and 2,500 bales per day have been handled.

Classing is done under the Smith-Doxey act and also for the government cotton loan program of Commodity Credit Corporation.

Grades Are Reported

Much of the cotton received so far has averaged from 7.8 inch staple to 31-32 inch staple. Staple below 7.8 is estimated at 4.5 per cent; 7.8 to 29-32, 48 per cent; 31-32 to 33-32, 43 per cent and 33 to 34 or better five per cent.

Latest report of the U. S. D. A. office in Dallas indicates that approximately 10 per cent grades middling or better, 75 per cent grades strict low middling to good ordinary and 15 per cent good ordinary to low middling spotted.

"We will be able to take care of any demand on this office for classing," Buchanan pointed out.

"More classers will be called into service as fast as needed."

Buchanan reminded farmers that wet, green cotton, picked and ginned, greatly lowered grades of cotton and consequently lowered the net income to farmers.

 Lubbock, Texas. Phone 6591

Open House Scheduled

George M. Hunt school, said McElroy Ray, principal, will emphasize an open house for parents Thursday night as its part of the week. Every home room teacher will compile an exhibit of work for each child in the room. This exhibit will be displayed on the child's desk in his home room. Parents are invited to come, see the exhibits and meet the teachers and room mothers, who will stand as a receiving line in each room.

The Hunt Parent-Teacher association will serve refreshments. Two posters will be displayed by the school in a show window of Memphis-Wells company.

George R. Bean school, too, will have special programs and speakers in connection with the week, according to W. K. Mathis, principal. All parents will be urged to visit the school and get acquainted. Thursday will be a special visiting day with all parents receiving special invitation to attend them. An assembly program will be given at 2:30 o'clock that afternoon and the parents will convene at a Parent-Teacher meeting at 3:15 o'clock to hear Rev. H. G. Gantz, pastor of First Christian church.

Assembly Program Scheduled Monday

Junior High schools' plans for American Education week combine National defense, Armistice and education consciousness, according to announcement Saturday.

Monday Allen Bros. American Legion post will present an assembly program at the school. Patriotic songs, including "Arms for the Love of America," will be sung. The assembly will be repeated Wednesday for another group of pupils.

At activity periods Thursday Miss Ruby Atwood will direct a quiz on defense terms to emphasize social studies. Then the mathematics department, directed by Carl Bailey, will present problems for home rooms to work.

Friday a defense spelling lesson will be broadcast over the school system. A pep talk on defense stamps will be given by Milton Butler, a student. From 2 until 3 o'clock Friday afternoon students will be given an opportunity to purchase defense stamps in school.

Parents are especially invited to attend a guidance period at 9 o'clock Wednesday morning, it was announced.

Book Fair Conducted At Junior Hi School

A book fair was conducted last week in Junior High school library where the national theme, "Forward with Books," was carried out, said Miss Faye Norton, librarian.

Exhibits feature American authors, titles and subjects. Favorite book characters walk streets of a Lilliputian book village. An open house for parents was held Thursday afternoon.

Order of the Day

WINTHROP'S MILITARY OXFORD

The favorite of thousands of officers of the Army and Navy, this great military oxford has become a favorite of many men in civilian life. Full leather-lined with water-resisting outside and 1/4 rubber heel, it combines smartness, comfort and service as do few other shoes. Advertised in the Army and Navy Register.

Transportation

Motor Busses and Military Highways

In a country as large as the United States, broad, smooth highways are of primary importance in national defense. And highways are built by taxes, of which the motor bus lines pay their full share.

In fact, every year, the motor bus lines pay out enough in taxes to build a modern, streamlined highway from the Canadian border to the Gulf of Mexico.

Thus, entirely aside from service to the public, America's motor buses more than pay their way in taxes alone. Joseph E. Eastman, Chairman of the Interstate Commerce Commission, says that thousands of buses pay more than double their share of the cost and maintenance of the highways they use.

Harvesting Of Crops Gets Into Full Swing Over Plains With Dry Weather

Ginnings Are To Be Boosted

By J. SAM LEWIS
Avalanche-Journal Staff Writer

Bright sunshine, high winds, sandstorms and near-freezing temperatures during the past week have tended to bring cheer to the hearts of South Plains farmers as muddy fields were being dried up and cotton bolls were beginning to pop open.

Resumption of cotton harvesting this week will make more work for many persons, gins will resume full operation and some may even have to plan for two shifts; pickers will be busy, farm hands will begin to cut grain sorghums and others will be hauling crops to towns.

FOR FARM WORK—Women do many farm chores, and with boys being called to the colors likely they'll do more in the future. Those with such active jobs will do well to investigate some new work clothes designed by the Bureau of Home Economics, advises Mrs. Doris R. Deanes, clothing specialist for the Texas Extension Service. At the left is a one-piece cotton coverlet made for chores such as milking, gardening and tending the chickens. For heavier farm work is the field suit worn by the girl on the right. It has slide fasteners which close the legs at the ankle and half sleeves that snap on and off.

Pickers Are Arriving

Pickers from other sections of the state have begun to arrive in increasing numbers. More trailers laden with seed cotton are to be seen on the highways and more money is in the pockets of pickers and farmers.

Gins report more bales of cotton on the yards than at any time this season. The cotton is dry and there is less trouble with ginning of wet, green cotton.

Sorghums are being harvested throughout the territory. Some damage to protein content of the grain may result from the excessive rainfall of October. Heads are darker in color and many heads had sprouted as a result of the heavy rains.

Market Is Stronger

Grain buyers state that there appears to be a stronger market for grains than had been expected. Serious damage to crops in other sections of the state, and also adjoining states, will probably bring a demand for grain from this area.

Wheat farmers have resumed drilling of wheat for 1942 crops. Killing of volunteer wheat is being done. Some farmers have had to kill their volunteer crops for the second and third time, due to excessive rains on the ground from the harvest last summer. Instances of two or three times as much grain being left unharvested when July rains stopped wheat cutting, are common. Late August and September rains started germination of this crop and the more it rained the more grains began to germinate.

Crop To Be Short

Sugar beet harvesting is under way. The crop will be short.

Cattle feeding is starting. Trench silos are still being filled. Commercial pens now have a number of cattle in them and more will be arriving this month and next.

Pastures are good, the hay is curing nicely as a rule and calves and cows will fatten up this winter. Most ranchers have sold their calf crops, but delivery is still under way. Heifer calves were re-

Data On Silage-Making Is Given By Eudaly; Even Sweet Potato Vines Make Good Silage

(Special To The Avalanche-Journal)

COLLEGE STATION, Nov. 8.—Silage-making is under full steam over Texas but is attended by problems of harvesting, and selection and treatment of the feed designed for storage in the pit containers on Texas farms.

Scanning a cross section of the problems, E. R. Eudaly, dairyman of the A. and M. College Extension Service, assures farmers that shocked grain sorghum stalks make good silage provided the feed is thoroughly wet as it is put into the silo. He suggests that the best way to add the water is to run it into the cutter and let it pass out with the feed.

Can Add Molasses

Smutty redtop cane heads will not ruin silage for cattle, but he advises against feeding it to horses.

It is not necessary to add molasses in making silage out of Johnson and sudan grasses, Eudaly reported sold at from 9 to 11 cents a pound and steer calves from 10 to 12 cents.

Over much of the territory, this week farmers will be studying the food and feed program of the USDA for national defense. Community meetings have been arranged by Agricultural Adjustment administration committees and officials and county farm agents.

Turkey Prices Are Increased

With the turkey market faced again with two Thanksgiving days this month, prices in Lubbock went up to 18 cents a pound for young hens and 16 cents for young toms, according to dealers, who indicated that the purchase of birds for the "first" Thanksgiving would end Saturday.

Dressing of the birds will be over the middle of the week, as final shipments must be at the markets in the east and north in time for sale Nov. 17.

The dressed birds are to be in Chicago, New York, Boston and other markets by Nov. 24.

Supply Under 1940

Supply this year is estimated at from 15 to 20 per cent under last year by one dealer and 20 to 25 per cent by another.

Quality is "good" this year, in spite of "unseasonable" weather. Many birds, light in weight now, will be in prime condition by the Christmas holidays, it was said.

Prices quoted were: Hens, young, 18 cents, old, 15 cents; toms, young, 16 cents, old, 13 and 14.

Weights Are Given

The lighter type of birds weigh from 8 to 12 pounds for hens and 14 to 18 for toms. Heavy, baby beef type of birds, range from 20 pounds up to as much as 30 pounds. Most of the baby beef type are grown north of Lubbock, with the lighter type grown in this area.

Dealers estimate the probable total number of cars of dressed turkeys to be shipped from Lubbock and this area, before the last of December, will be between 22 and 25. Last year more than 30 cars were shipped out. Cars will average between 20,000 and 26,000 pounds.

Generally turkeys are concentrated at Lubbock, Plainview and Floydada, for dressing. Whether there will be other points where dressing will be done, is not known.

SITTING SURVEY

NEW YORK (AP)—To determine where the public prefers to sit in a motion picture house, a committee for the Society of Motion Picture Engineers will undertake a nationwide survey. A preliminary report revealed that audiences in a partially filled theater concentrate in an area not less than four nor more than eight times the width of the screen.

OF MICE AND WOMEN

NOWATA, Okla. (AP)—Dorothy McGee, Frances Deen and Mrs. Marie Liston received a small package addressed to all three at the county agent's office where they work. They opened it. Three mice leaped out.

Loy Gene Brown Begins Work As Tester For Dairy Herd Improvement Group; First Reports From Over County Being Received

Loy Gene Brown, now residing at 3500 Avenue H, is the new fieldman for the Lubbock County Dairy Herd Improvement Association and a week ago Saturday began his first full month as tester for the group, succeeding D. M. Carrell, who resigned in September.

Brown, who has attended both John Tarleton Agricultural college and Texas A. & M. college, comes from Hamilton county. This is his first experience as a tester of dairy cattle, he said.

Tests Nine Herds

First work that he did was on Oct. 24 and up to the last of the month he had tested nine herds. He hopes this month to test at least 16 herds, he said.

"Production is a little low at this time, because so many herds have such a large proportion of their cows at the low lactation period," Brown explained. "Butterfat tests are as high as ever, from what I can tell in looking over previous monthly reports."

"All of the herds that I have visited appear to be in excellent condition, in spite of so much wet weather and so much mud around the farms. I have not been able to get to see all of the members of the association as yet, because they are scattered over so much territory. I hope the association can show an increase in membership by the last of this year."

Figures Are Given

Brown reported 22 cows in six herds that averaged more than 40 pounds butterfat for the October test. He gave high animals as follows: Frank French, Lubbock, 44.69 pounds; G. E. Peterson, Lamesa, 43.19; 46.83; 56.09; 42.39 and 48.05 pounds; J. M. Peterson, 44.64, 45.77, 40.89, 52.52, 46.75, 42.69 and 42.43 pounds; B. C. Wells, Lubbock, 45.77, 41.37 and 40.63 pounds; Clayton Fuller, Lubbock, 46.78 and 54.82 pounds; Rufus Rush, Lubbock, 44.73, 47.70, 46.75 and 44.49 pounds.

One cow belonging to the McWhorter and Howard herd of Milking Shorthorns, at Idalou, tested 57.73 pounds of butterfat.

Farm Sessions To Be Staged

Lubbock county farmers co-operating with the Agricultural Adjustment administration's farm program for feed and food, will be able to learn about these subjects in a series of educational meetings this week, C. C. Jobson, county farm agent and Walter Y. Wells, AAA administrator, announce.

With other federal agencies co-operating, speakers will attend meetings to discuss the program. Two meetings will be held each night, Monday, Wednesday, Thursday and Friday.

Cooperating Agencies

Cooperating agencies will include the U. S. soil conservation service, the Farm Security Administration, Lubbock Production Credit association and emergency feed and seed loan unit of Farm Credit administration. Lubbock county unit of the Texas Farm Bureau federation also has been invited to participate.

Meetings will begin at 8 o'clock Monday night, Idalou community succeeded Lee H. McElroy, who was promoted to agent of Farmer county at Farwell.

Annual Reports By 4-H Youths Sought

With a change in the time of reporting 4-H club activities to December in the state office, Lubbock county's 436 club boys are being urged to get their annual reports in the county office by Nov. 20, said Harvie D. Pool, assistant agricultural agent and club leader.

"Each boy who turns in an approved record, a completed record book, will receive a gold pin," Pool said. "In all of the club meetings I have been having I am stressing that point that the boys report their completed projects and turn in their records."

Some of the boys will have projects that cannot be completed until next year, such as those feeding beef or dairy calves, hogs or sheep. However, many of them will be able to report on a last year's project that was completed this year.

Pool has worked out a new schedule of club meetings for the 17 clubs in the county. He recently

NEW RADIO ROUTE

NEW YORK (AP)—RCA Communications, Inc., has opened direct radio-telegraph communication between the United States and Brazzaville, French Equatorial Africa, which is Free French territory. A new 6,510 mile circuit was placed in operation. Heretofore it had been necessary to route such messages by way of London.

DANCERS REMOVE SHOES

ROSCOE, N. Y. (AP)—When the too heavily waxed floor offered a hazard, guests removed their shoes and danced safely in their stocking feet. The dance, a formal one, was tendered by the Parent-Teacher Association to the faculty of the Rescue Central School.

WEDNESDAY NIGHT, SLATON CITY

Wednesday night, Slaton city hall and Shallowater community club house.

Thursday, New Deal school auditorium at Monroe and Roosevelt school auditorium.

Friday, Cooper school auditorium at Woodrow and Becton school auditorium.

Mrs. Clara Pratt, home demonstration agent and Miss Mona Keeter, her assistant; Harvie D. Pool, assistant farm agent; Robert H. Gibson, with the AAA and Wells and Jobson have arranged to speak. Other agency representatives also have agreed to attend at least one or two meetings during the week.

Look into the Last Mile— FIRST

BUICK BUILDS FOR DEFENSE

The assignment: Building Front & Winway valves in head aircraft engines for defense use.

MAYBE it's a little hard to picture this trim Buick as it will look on that unknown day when you come to turn it in.

There may be scars in its fenders, and use-stains on its upholstery—but the thing that matters is it'll still be going great guns.

You can count on that husky valve-in-head straight-eight to be ticking off the miles with the satisfying extra efficiency it now boasts.

You can rely on Compound Carburetion! to hold your gas-costs down, squeezing every last power-packed mile out of the fuel you burn.

There won't be any loss of easy comfort in those all-coil springs, or any need for care to keep them gentle.

As for the drive—well, there's just nothing to go wrong with a simple steel shaft encased in a stout torque tube!

Tires? You may be through the second or third set before you're finished with any car you buy now—but those Buick broad-rim wheels will see to it you get the top mileage each can give.

As for such things as connecting rods and bearings—Buick rods are extra strong, while tests show that our oil-cushioned bearings last twice as long as others under the same load and service.

So go right ahead! Buy this Buick on its last mile instead of its first. That's the smart way to buy these times.

Of this you can be sure! No other car's going to offer greater surety of

**RAF Ineffective,
Yarnell Declares**

(By The United Press)
NEW YORK, Nov. 8.—The Royal Air Force has been generally ineffective "as an all-around military tool," actually attacking British units in certain instances, Rear Admiral E. Yarnell, U. S. N., retired, charged today on the basis of "authentic and hitherto secret reports."

"His charge was contained in a Collier's article setting forth his arguments against creation of a United States air force separate from the other armed forces."

Bombed By Mistake
He said the RAF "time after time" refused to attack enemy submarines and had bombed a British cruiser by mistake during the chase of the German battle cruiser Bismarck, which was sunk by surface vessels and torpedo planes after it had sent the H. M. S. Hood to the bottom.

"Before we go into the record," he wrote, "I must point out that nothing I say—or think—is intended to depreciate in any way the great heroism and skill of the RAF pilots, or the magnificent job they have done in protecting London from bombing."

"But the evidence shows that as an all-around military tool the RAF has been ineffective. Its work elsewhere has added up to the Major British mistake of the war. I believe that the mistake lies in the fact that it is an independent unit."

Re-Roof Now!

Let us do the job

Many home owners are inclined to neglect their roofs, with the unpleasant result that the roof soon deteriorates. If your roof is in bad condition you owe it to yourself and to your family to have it put in good shape. You'll be surprised to learn how little it costs to have a really good, new roofing job. We can do it for you quickly and economically, and do a thoroughly excellent job. Call us today, won't you?

Couldn't Recognize Ships
He said RAF planes did not appear until British troops had begun evacuating Crete and that most might "as well never have come because the pilots could not recognize the British ships they were supposed to escort to Alexandria."

Quoting "secret reports from American observers abroad," he said:

"Forty-eight hours before the Germans actually invaded Norway, RAF scout planes saw transport ships churning through the North sea. Only mildly interested in the phenomenon, they reported it through routine channels and it finally reached the admiralty after the invasion was under way. Had the pilots been wise in naval matters, wise enough to understand what they saw, England would have known two days earlier of the German movement and she might conceivably have changed the entire course of the Nazi invasion of Norway."

British Say Article Is Ridiculous

LONDON, Nov. 8. (U.P.)—A Collier's magazine article by Admiral Harry E. Yarnell criticizing the Royal Air Force was described in air circles today as "eye wash," "scurrilous" and "talking through his hat."

"Yarnell's attack is so ridiculous that there is no need to waste words answering it," it was said.

Air circles said the RAF was carrying out its job "magnificently," adding that "it looks as if Yarnell's information may have come from the wrong sources."

It was denied that RAF planes ever had refused to attack submarines.

WASH TUBBS USING THE OLD BEAN BY CRANE

CAROL TUBBS JUST PHONED THAT SHE AND WASH CAN'T COME TO BRIDGE CLUB TONIGHT. WASH HAS TO WORK.

WHAT! AGAIN?

POOR THING! SHE'S STAYED AT HOME EVERY NIGHT THIS WEEK.

THEN WHY NOT SUGGEST THAT SHE COME ANY WAY, AND ASK SOME UNATTACHED MAN TO TAKE WASH'S PLACE?

WHY, OF COURSE! LET'S SEE—I'LL ASK LUCIFER STRUTT.

HEAVENS, NO! HAVE YOU LOST YOUR MIND?

WELL, HE LIKES BRIDGE AND I'D LIKE TO ASK SOMEONE!

MAYBE YOU'D BETTER PLAY SAFE AND INVITE THE DYERS. AFTER ALL, LUCIFER USED TO BE ENGAGED TO CAROL. SIMPLY WILD ABOUT HER—YOU DON'T WANT TO START A WAR!

THE LONE RANGER DON'T LEAVE—STICK AROUND! BY FRAN STRIKER

IT WAS A MASKED MAN. HE GRABBED ME FROM BEHIND, THEN LET OUT A YELL IN INDIAN LANGUAGE. AT FIRST!

TONTO ISN'T HURT. I TOLD HIM TO DROP AND PLAY DEAD. COMEY DIDN'T WANT TO ACCEPT PAYEE THAT WAS THE HYPE. HE WANTED TO HAVE TONTO SHOT, THEN CLAIM THAT A PAW, NAMED JERVIS, HAD NEVER PAID A DUTY.

THAT'S THE TRUTH, SHERIFF. I'LL STUCK WITH COMEY AS LONG AS I COULD, BUT I'M HANGING IF I'LL GO TO JAIL WITH HIM!

ATTEMPTED FURTHER, COMEY WILL GO HARD WITH YOU!

WE'VE DELIVERED THE CASH, SHERIFF. OUR PART'S FINISHED.

WAIT! YOU'RE THE LOPE RANGER. I'VE GOT SOMETHING TO TELL YOU. THE MOST MYSTERIOUS THING YOU EVER HEARD OF!

Scout Troops And Cub Packs Will Be Inspected

Annual Roll Call Week To Open Monday; Pickup Drive Planned

Inspections of practically all of the 21 Boy Scout troops and 31 cub packs in the 20 counties of South Plains county will be the most important activity during annual roll call week Monday through Saturday, according to announcement Saturday by Jack O. Stone, council executive.

Many activities are planned during the week, he said, but holding first place among them is the annual check-up which seeks to ascertain what has been accomplished during the previous year and what is in most urgent need of being done in each unit in the immediate future.

Pickup To Be Staged

Important among the events of the week, the executive reported, is to be the junk paper and old magazine pickup to be conducted in Lubbock next Saturday morning. This will be done, he explained, in cooperation with a national defense campaign designed to conserve the nation's resources. Each troop will retain the money it receives from the sale of paper collected by its members.

Similar pickups are scheduled in most of the other towns in the council, Stone said.

More than 50 adult leaders, he reported, comprise the roll call organization which will make the troop and pack inspections. Inspecting officers in each community are to set their own dates for this work.

Spread Through Week

In Lubbock, the work will be started Monday night, and will be spread through the week. The Monday night schedule follows:

Monday night, Bert Collard, jr., to review troop 9 and pack 3, both sponsored by First Baptist church; Royal Furgeson, troop 4, First Presbyterian church; Sam Counts, troop 100, Optimist club; E. V. Hicks, troop 18, Buffalo leaders; and Ralph Brock, troop 2, First Methodist Episcopal church and troop 5, First Christian church.

Tuesday, Collard will inspect troop 3, First Baptist church, Hicks, troop 11, Downtown Bible class; Counts, troop 12, Sanders Sunday school; Paul Williams, pack 1, Dupre school, and troop 7, Asbury Methodist Episcopal church. Thursday Collard will look over troop 8, American Legion.

Wednesday, Oscar Iles, negro commissioner, will review troop 18 and 19 at Dunbar school. Later dates for packs include No. 10, Junior High, Nov. 20; pack 5, First Christian, Nov. 27, and pack 9, First Baptist church, Nov. 21.

Roll call officers are: Plainview, Roy Lippert, J. Vernon Crues and Ben Vaughn; Pecosburg, Clyde Martin; Hale Center, J. E. Miller; Olton, Garrett Bley; Dimmitt, Earl Harrison; Tulia, Dave Boyles; Silverton, R. E. Douglas; Quitaque, H. E. Berry; Lockney, R. J. Dixon; Floydada, Lawrence Bridges; Ralls, Charles Brock; Lorenzo, John Al-

xander; Crosbyton, C. H. Lodal; Spur, W. D. Starcher; Dickens, Charles Taylor; Afton, Logan Cummings; Roaring Springs, C. W. Giescke; Matador, C. A. Carnes, and Sundown, H. A. Martin.

A program of activities to continue through next April and intended to raise a minimum of \$150 to send negro Boy Scouts to camp next summer was announced Saturday by Dr. J. A. Chatman, negro district chairman, John Fair, finance chairman, announced that \$54 already has been pledged among negroes and \$18 has been paid. The negro troops in Lubbock are Nos. 18 and 19, both sponsored by Dunbar school.

Events scheduled include: Wednesday night, court of honor in Dunbar school with E. C. Struggs, advancement chairman, presiding, Nov. 23, close of round-robin contest with the two troops reported by Oscar Iles, negro commissioner, to be tied at this time with 600 points each; night of Nov. 23, rally in Booker T. Washington park, with program arranged by James Doss, Claude Smith and Henry D. Patterson; Nov. 25, parent-scout banquet in Dunbar school; February anniversary celebrations; Match, big outdoor rally; April annual minstrel.

The following events scheduled in the council this week were announced at council headquarters:

Tuesday — District court of honor in Amherst for scouts in Sudan, Muleshoe, Littlefield and Amherst.

Wednesday — Northern district executive committee meeting in Plainview's Hilton hotel to discuss fall and winter activities; financial campaign in Post.

Saturday — Monthly encampments in Camps Post and Mammy Haynes in charge of Field Executives Bevington Reed and J. C. Grimes.

EVER WASH A DUCK?—Gilbert Lana uses carbon tetrachloride on a once-white duck, one of 63 that swam in oil-polluted Kansas City pool. Duck got drunk from fumes and some oil came off—but mostly it was still a brown, sick duck.

Girls In Texas Tech Band Are "Tops" As Musicians

BY MAXINE CONNER

"Among the very best players in Tech band are girls," said Prof. D. O. Wiley, director of the band at Texas Technological college. "Since we use only a limited number of girls in the concert band, they are first class musically and scholastically."

Only two freshman girls are in the A band. They are Aye-Nell Turner and Charleen Davis. According to Prof. Wiley it is a rare thing for a freshman girl to make the A band since only outstanding music students are put in the concert band.

Three of the girls plan to become directors. They are Betty Albin, Connie King, and Eloise Adams. Wava Banes, former Tech student, is band director at Andrews this year.

"I have never had a girl in the A band who was on scholastic probation," said Wiley. "So they are eligible for anything that might come up." The girls make trips with the band. The only restriction placed on them is that they are not allowed to march with the boys.

There are 18 girls out of a total

of 106 members in the concert band. They are Barbara Griggs, Lillian Horner, Wink, Wanda Martin, Crane, Betty Albin, Tatt, Connie King, Sarah Eiland, and Peggy Eiland; Lamesa; Lintol Geyer, Borger; Betty Jean Born and Virginia Hogan, Lubbock; Mrs. Elizabeth McEachern, Amarillo; Marjorie Spencer, Midland; Norma Zelony, Plainview; Charleen Daniel, Grandfalls; Thelma Allen and Ava Nell Turner, Lovington, N. Mex.; Joyce Dillon, Gladewater; and Eloise Adams, Houston.

Instruments played by the girls are flutes, alto and bass clarinets, bassoon, saxophones, cornet, French horn and string bass.

Tau Beta Sigma, an organization for girls in the band, was organized last year at Tech. The girls hope to make it a national chapter. The only other similar chapter in the United States is at John B. Stetson university in Florida. Officers of Tau Beta Sigma are: President, Barbara Griggs; vice president, Sarah Eiland; secretary, Virginia Horner; and sponsor, Mrs. Waldo Trotter of the Tech music department.

Betty Albin, flute soloist, accompanied by Barbara Griggs at the piano, played at a West Texas Chamber of Commerce banquet Tuesday night in Midland. They were selected as representatives of the band to accompany Dr. Clifford B. Jones, president of Texas Tech, to the convention.

FISHERMEN TRAP SHARKS

ASTORIA, Ore. (AP)—Resourceful deep sea fishermen, inspired by the high prices paid for soup-fin livers, spread gillnets in the ocean miles off shore to snare sharks at night when they rose to the surface to feed. Shark livers sold for \$8.50 a pound during the season here.

Tarzan

by EDGAR RICE BURROUGHS

TRIGGER FINGERS

THE BEDOUINS REFUSED TO LEND TARZAN A CAMEL TO CROSS THE DESERT IN QUEST OF ALLIES AGAINST DAGGA RAMBA. "SOME DAY DAGGA RAMBA WILL TURN ON YOU," HE ARGUED. THE SHORT-SIGHTED BEDOUINS WERE NOT PERSUADED.

"THEN AGAINST YOUR WISH, I'LL BORROW A CAMEL," THE APE MAN SAID. THEY LAUGHED AT HIS ALIENITY.

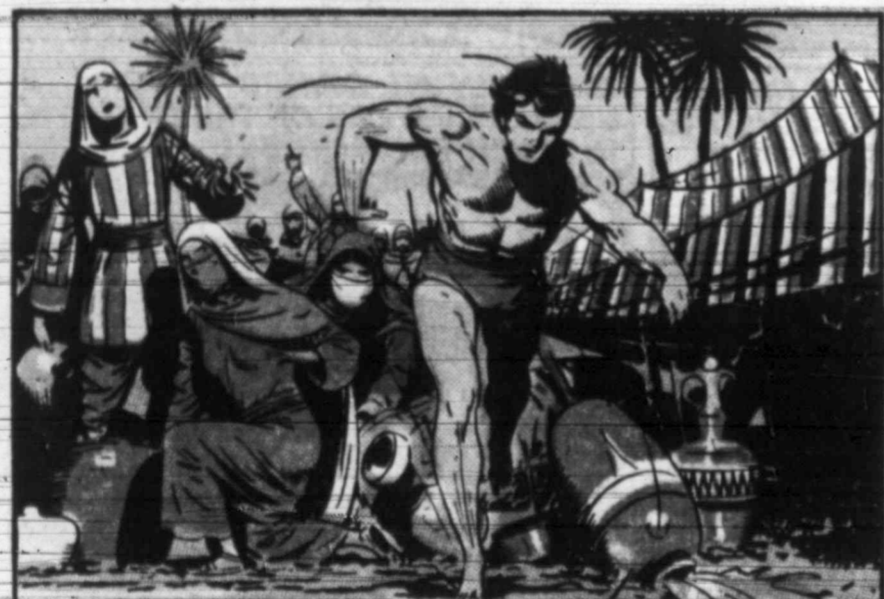

"IF YOU CAN MAKE AWAY WITH A CAMEL AND YOUR LIFE, TOO—YOU'RE WELCOME TO BOTH," THE SHIEK CHUCKLED.

"I THANK YOU IN ADVANCE," TARZAN SMILED. "FOR I WILL SOON BE VERY BUSY ACCEPTING YOUR GIFT."

WITH LIGHTNING SPEED HE DARTED BEHIND A TENT. THE STARTLED BEDOUINS FOLLOWED AS HE DODGED IN AND OUT.

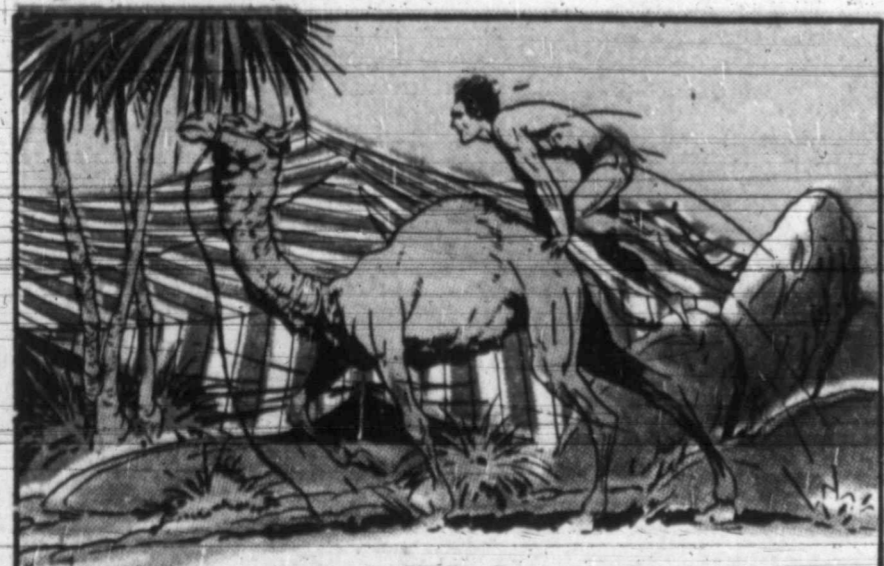

THEY DARED NOT FIRE AT THE FUGITIVE FOR FEAR OF ENDANGERING THEIR WOMEN AND CHILDREN.

AMONG THE TENTS TARZAN FOUND A CAMEL HE HAD SEEN WANDERING FROM THE HERD.

THE OLD SHIEK FORESAW TARZAN'S PLAN. "WE'LL WAIT," HE WHISPERED, "AND WHEN HE RIDES OUT, WE'LL SHOOT."

TARZAN YELLED TO THE BEAST. "HI-YAH!" IT STARTED TO RUN. THE APE-MAN LEAPED ABOARD.

A MOMENT LATER THE HEAD OF THE RUNNING CAMEL EMERGED FROM BEHIND A TENT.

557-11-9-41

NEXT WEEK DOOMED TO LOSE HOWARTH

THE FINGERS OF THE DESERT MARKSMEN BENT AROUND THE TRIGGERS OF THEIR MUSKETS!

SUPERMAN

JERRY SIEGEL AND JOE SHUSTER

WHILE RETURNING HOME FROM A DANCE LATE ONE EVENING, CLARK KENT AND LOIS LANE ESCAPE DEATH IN A NARROWLY AVERTED CRASH WITH A RUNAWAY TRANSCONTINENTAL FREIGHT TRUCK WHOSE DRIVER IS DEAD AT THE WHEEL! NEXT AFTERNOON... THEY NOTE ANOTHER TRUCK RUNNING WILD. SWIFTLY CHANGING TO SUPERMAN, CLARK STREAKS AFTER THE WEAVING TRUCK AS IT LOOMS OVER A TERRIFIED, FALLEN PEDESTRIAN...

106.

THE MAN OF TOMORROW'S MIGHTY MUSCLES HARDEN INTO KNOTTED COGOS AS HE BATTLES THE TERRIFIC DRIVING POWER OF THE TRUCK'S ENGINE...

THIS IS AS TIGHT AS YOU GO!

WHAT THE MAN OF STEEL'S TELESCOPIC VISION SHOWS HIM!

DOOSTING THE TRUCK OVERHEAD...

GET UP THERE!

SUPERMAN RIPS OPEN THE DRIVE SHAFT SO THAT THE HUGE WHEELS CEASE WHIRLING!

THAT DID IT!

MEANWHILE—BELIEVING CLARK IS STILL BEHIND—HER, LOIS BEGINS TO TURN....

CLARK! THAT'S A RECKLESS TRUCK! DO YOU THINK...?

LOIS... TURNING...!

(SHE'S ALMOST RACING ME!)

HOW CAN YOU LOOK SO BORED AT A TIME LIKE THIS?

...MAYBE I'M NOT EASILY EXCITED.

THIS MAN IS DEAD!

ANOTHER RECKLESS TRUCK!

JUST WHAT I WAS THINKING!

KEEP BACK!

LET ME THROUGH! I'M ONE OF THE OWNERS OF THE RECKLESS TRUCKING LINE!

THAT'S RIGHT! HE'S ANDREW MORGAN. I'M JACK PHILLIPS, GENERAL MANAGER.

NAVY BOB STEEDIE ★★ ★ by **WILSON STARBUCK**

BAROGRAPHER TAKING BALLOON SOUNDING. THE BALLOON WHILE HIGH IN THE AIR IS WATCHED CLOSELY BY THE OBSERVER THROUGH THE INSTRUMENT. WIND, SPEED AND DIRECTION ARE THUS OBTAINED.

CLIP AND SAVE FOR YOUR NAVY SCRAP BOOK.

UPON ORDERS FROM THE COMMANDER-IN-CHIEF, OR "CINCUS" AS HE IS KNOWN IN THE NAVY, A SPEEDY AIRCRAFT CARRIER WITH ITS ESCORTING DESTROYERS QUIETLY HEAVES UP ANCHOR AND GETS UNDERWAY TO JOIN THE GOODWILL SQUADRON FAR AT SEA.

50 FATHOM SHACKLE IN SIGHT, SIR!

THE DESTROYERS SPEED TO TAKE THEIR ASSIGNED STATIONS.

CLEAR OF THE HARBOR THE AIRCRAFT CARRIER, REALIZING THE IMPORTANCE OF JOINING THE SQUADRON QUICKLY BECAUSE OF THE PRESENCE OF THE STRANGE FLEET, GETS A TERRIFIC PACE TO ACCOMPLISH HER MISSION.

STANDARD SPEED THIRTY KNOTS!

IN WASHINGTON, HIGH RANKING NAVAL OFFICERS WHOSE EVERY THOUGHT IS THE PROTECTION OF OUR COUNTRY AND ITS INTERESTS WAIT FOR FURTHER WORD FROM THE PACIFIC.

WE WILL NOTIFY THE LEADERS OF CONGRESS ABOUT THIS STRANGE FLEET MOVEMENT!

SUDDENLY ALL SOUNDS CEASE IN THE LISTENING DEVICES OF THE DESTROYERS TO WHICH BOB AND BILL ARE ASSIGNED.

I CAN'T HEAR A THING!

WE'VE LOST HER!

THROUGH THE NIGHT THE MEN AT THE INSTRUMENTS VAINLY STRIVE TO PICK UP THE SUB AGAIN. DAY BREAKS, AND WITH IT A HEAVY FOG.

THIS IS AS THICK AS PEA SOUP!

WHAT'S THAT SOUND?

WAIT A MINUTE! LISTEN!

THROUGH A GAP IN THE FOG AN UNEXPECTED SIGHT GREETS THEIR EYES!

IT'S A PLANE!

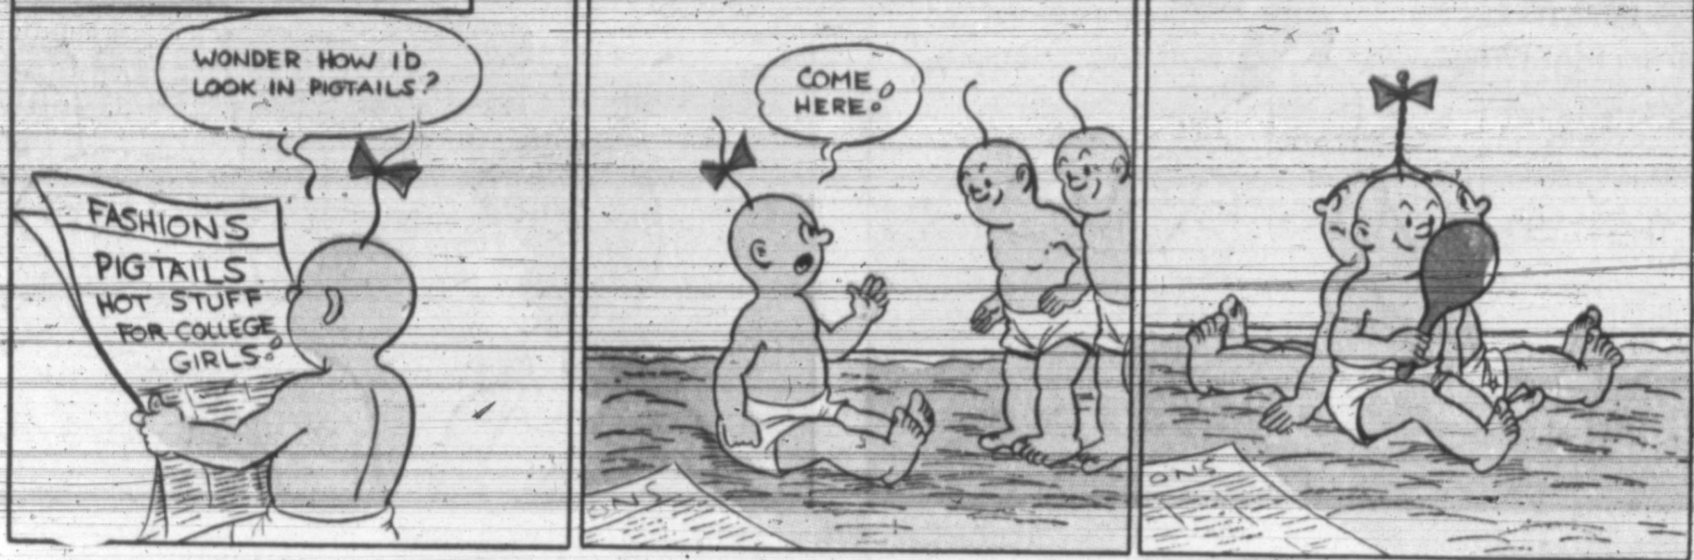

ONE OF OURS?

I CAN'T MAKE OUT!

OFF THE RECORD *by* ED REED

"The Three Bares"

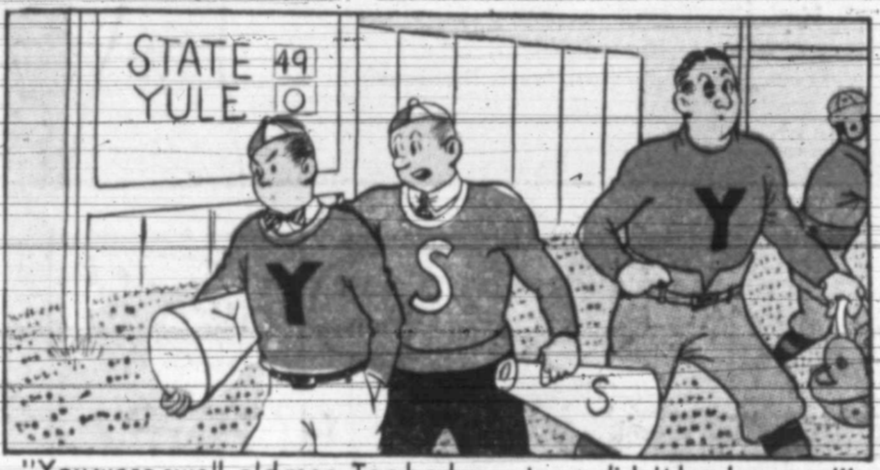

"It's our annual fall maneuvers—We were issued winter underwear this morning!"

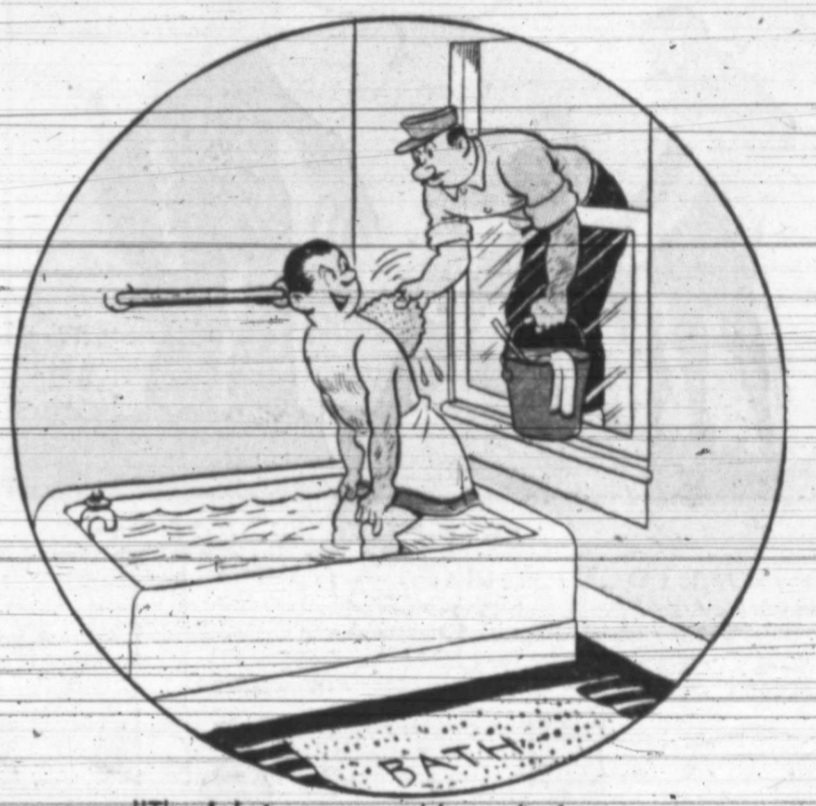

"Grab hold of the window on your next 'bend down', dear!"

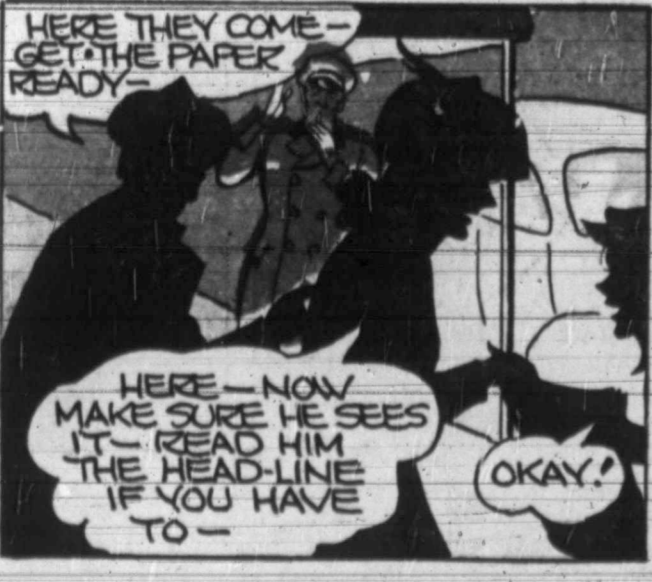

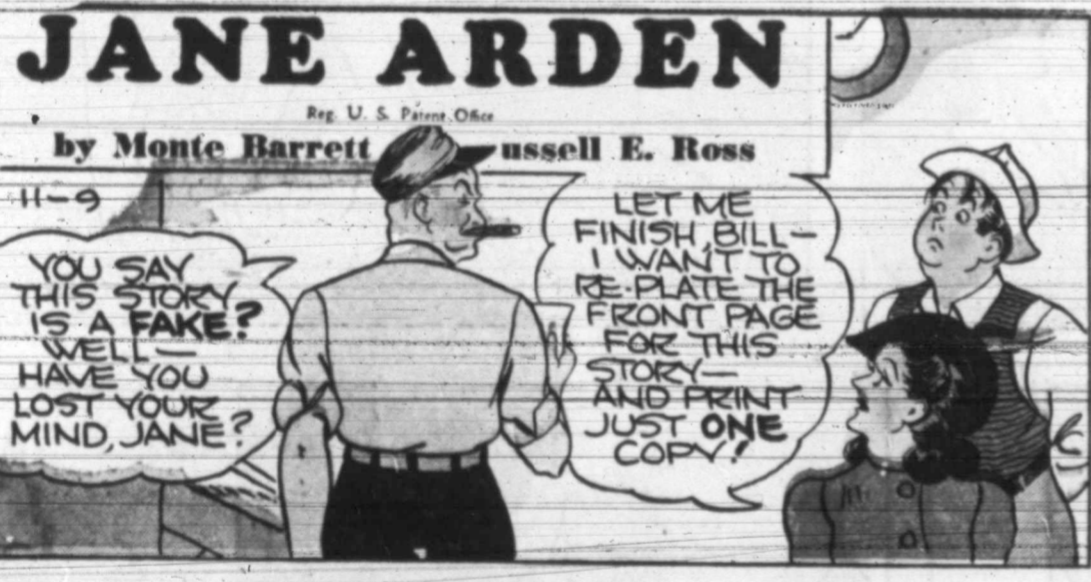

"It's just like my wife to keep me waiting!"

"You were swell, old man. Too bad your team didn't back you up!"

"Thanks! I never could reach that spot!"

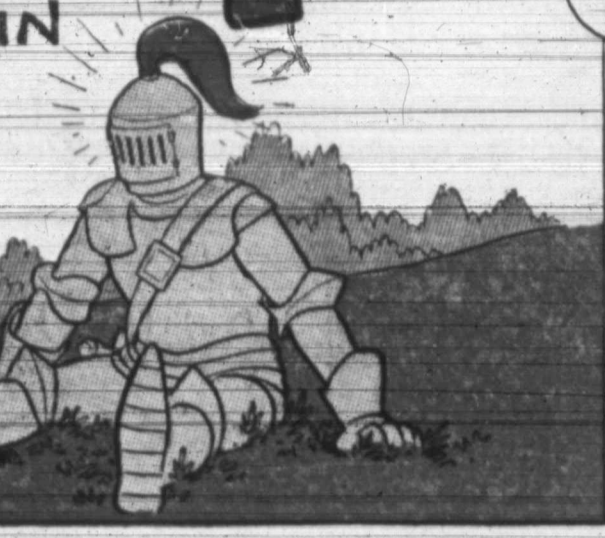

YES, ALLEY, IT IS A MECHANICAL MAN... ONE OF THOSE THAT TALK AND EVERY-THING

IT MAY BE, BUT I STILL DON'T LIKE HIS LOOKS!

ALLEY OOP

by V. THAMLIN

HAVING LISTENED TO MANY OF DR. (TIME-MACHINE) WOND-MUG'S DISCUSSIONS ON THE MARVELS OF MECHANICAL SCIENCE, OOLA AND ALLEY OOP, RECENTLY TRANSMITTED TO THE 12TH CENTURY, NATURALLY MIS-TAKE AN UN-HORSED KNIGHT FOR A ROBOT.

OH, DON'T BE SILLY!! THEY'RE ALWAYS MADE TO PERFORM SPECIFIC TASKS... AND I WANT TO KNOW WHAT THIS ONE WAS BUILT TO DO!

JUDGIN' BY WHAT IT SAID TO US WHEN WE FOUND IT, THIS DADGUM THING WAS MADE TO IN-SULT PEOPLE!

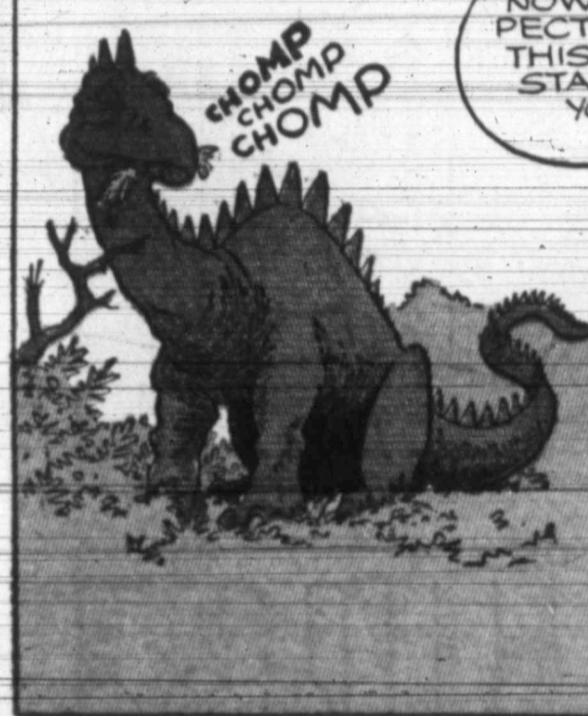

WELL, COME ON, ALLEY... LET'S LIFT IT UP ON ITS FEET

NOPE! WE'VE GOT NO WAY OF KNOWIN' WHAT'LL HAPPEN THEN... SHUCKS, IT MIGHT JUST HAUL OFF AN' RUN OUT ON US!

CHOMP CHOMP CHOMP

NOW HOW ON EARTH DO YOU EXPECT TO FIND OUT HOW TO MAKE THIS ROBOT WORK IF YOU DON'T STAND IT UP? MY STARS, ARE YOU AFRAID OF IT?

WHUZZAT?? ME... AFRAID OF THAT, TIN SCARE-CROW? WELL, OF ALL TH...!! SPUTTER.....

BY GUM, I'D JUST LIKE T'KNOW HOW YOU FIGGER THIS TIN CAN COULD HURT ANYBODY, MUCH LESS A TOUGH HOMBRE LIKE ME!

WHO SAID ANYTHING ABOUT IT HURTIN' ANY-ONE?

THERE! I HOPE YOU'RE SATISFIED, NOW THAT I'VE PUT THAT ANIMATED PILE OF SCRAP IRON UP ON ITS PINS!

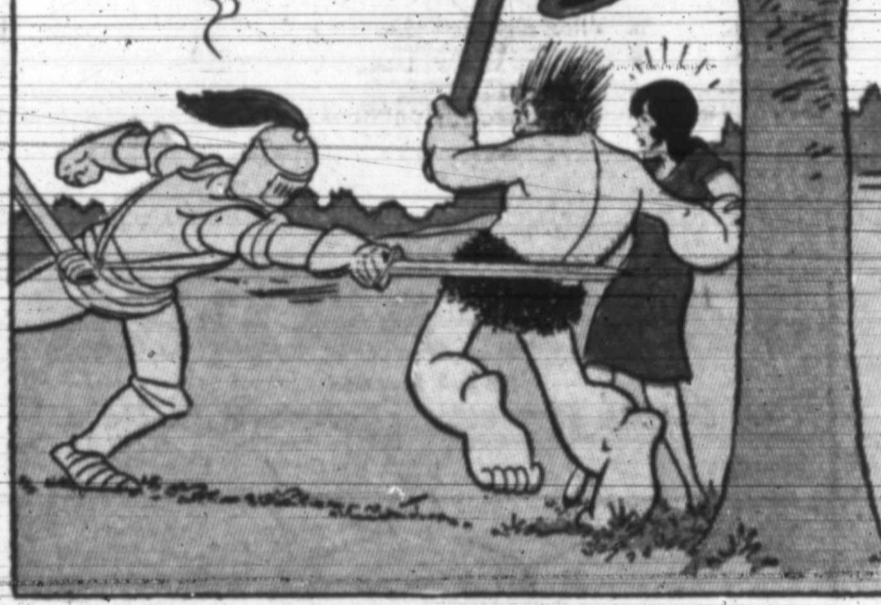

OH, DON'T BE SO....

EEEK!! ALLEY... LOOK OUT!

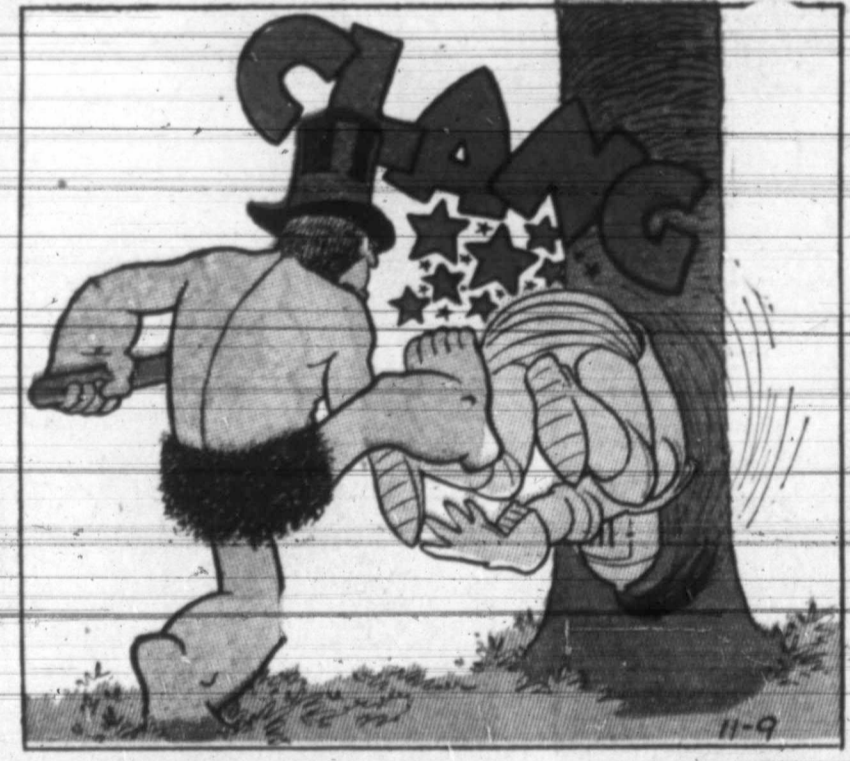

ZOUNDS!

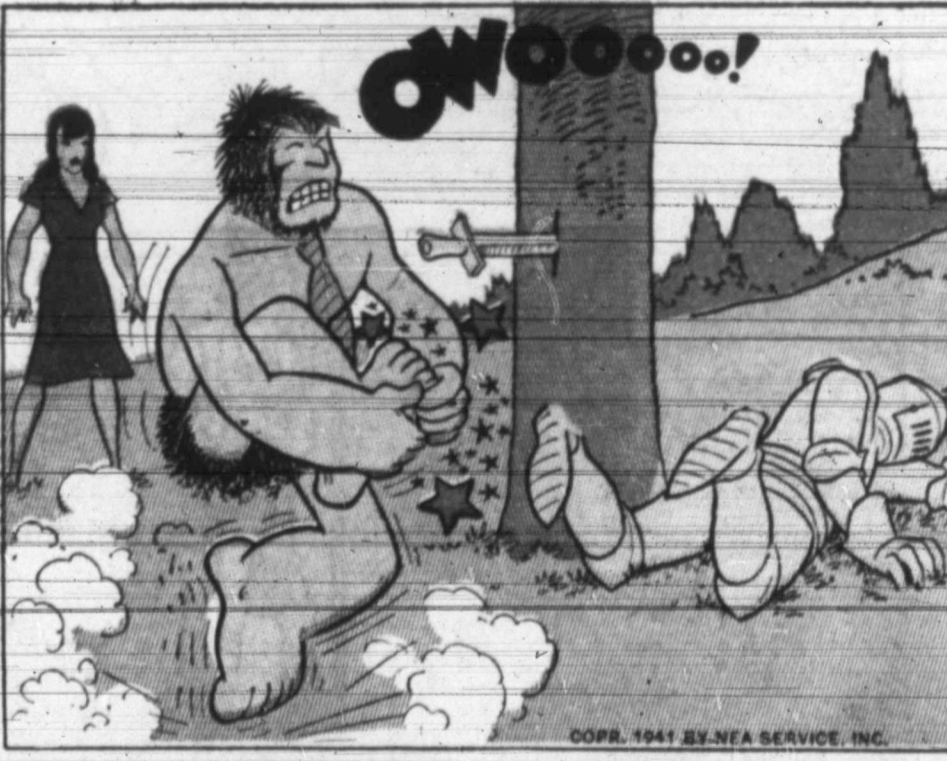

WHY THAT...!!

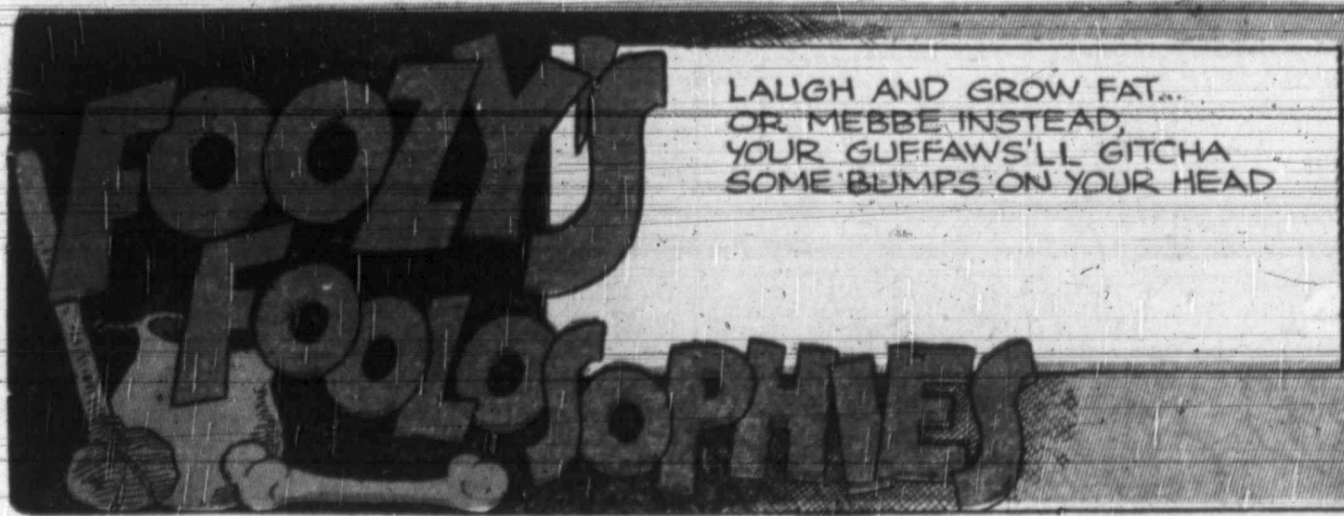

CLANG

OWOOOOO!!

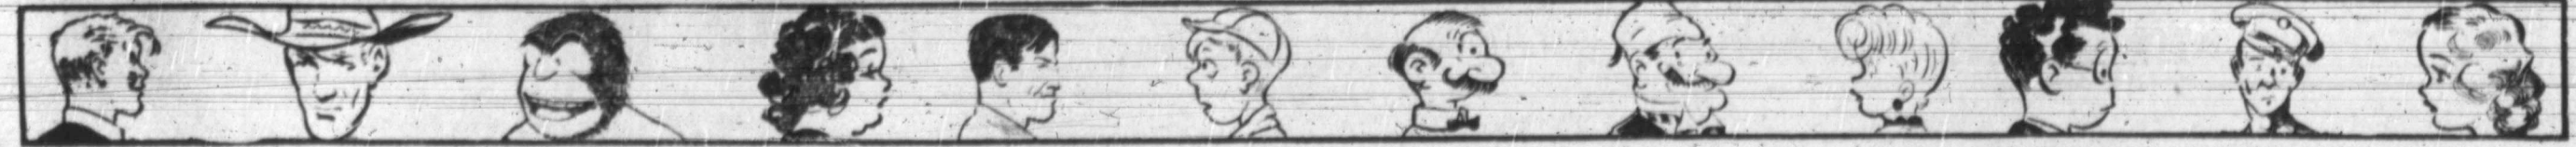

LAUGH AND GROW FAT... OR, MEBBE INSTEAD, YOUR GUFFAWS'LL GITCHA SOME BUMPS ON YOUR HEAD

WHY DON'TCHA GIT A JOB? YA BEEN CHIS'LIN' ME EVER SINCE I GOT MY FIRST JOB. D'YA WANT FIVE--AN' I CAN'T AFFORD IT--OR DON'T YA?

FRANCIS ALOYSIUS WALSH! A FINE WAY TO TALK TO YOUR POOR OLD UNCLE--FIVE PUNY DOLLARS--HMPF! WAIT--I'LL TAKE IT.

JOE IS ON FURLOUGH. 11-9

JOE YOU'D THINK KNOBBY WOULD HELP THE POOR GUY OUT--- HE CAME IN MY OFFICE AND TOLD ME HIS STORY SO I GAVE 'IM TEN.

TCH! TCH! KNOBBY'S GIVIN' 'IM MONEY ALL 'IS LIFE.

HE SAYS HE TRIED ALL OVER TO GET A JOB AS A VALVE INCULCATOR--WHATEVER THAT IS BUT COULDN'T-- I GAVE 'IM FIVE-- WOULDNT YOU THINK THAT KNOBBY--

HE NEVER WORKED IN HIS LIFE AN' THERE AINT NO SUCH THING AS A VALVE WHATCHACALLIT.

---POOR DEVIL-- CAN'T GET A JOB AT HIS TRADE AS A FENDER OSCILLATOR SO I GAVE HIM TEN-- WOULDNT YOU THINK KNOBBY--

I'VE HEARD IT BEFORE--IT'S A OUTRAGE--HIM LYIN' ABOUT KNOBBY LIKE THAT!

BUT I WONDER HOW IT IS HE KNOWS ALL THE PEOPLE KNOBBY KNOWS AN' GOES T' THEM.

ALL I KNOW IS IT'S A SHAME THAT WALSH WOULDN'T EVEN GIVE A BUCK TO KEEP HIS MOTHER'S YOUNGER BROTHER FROM STARVATION.

AND WHEN HE TOLD ME HOW HE USED TO BUY EVERYTHING FOR KNOBBY WHEN WALSH WAS A KID AND NOW THE CHEAP UNGRATEFUL--

THAT AINT FAIR OR TRUE. HE'S ONLY FIVE YEARS OLDER THAN KNOBBY AN' HE'S PHONEY!! KNOBBY'S A SET-FER HELPIN' PEOPLE.

HMM/ HOW HANDY THAT KNOBBY DROPPED HIS ADDRESS BOOK. LET'S SEE--MIKE JACOBS-- OH THAT SHOULD BE A SPLENDID OPPORTUNITY.

UH--WHY JOSEPH--MY DEAR BOY--I'M SO HAPPY TO SEE YOU-- WHY YOU'RE A VERITABLE SIGHT FOR SORE EYES--

HOW MUCH WILL YOU TAKE?

OH HOW THOUGHTFUL AND BOUNTIFUL--UH I HATE TO UH-BORROW FROM YOU-- BUT FRANCIS IS SO STINGY--MY OWN NEPHEW--

I SAID HOW MUCH AN' T'GIT OUTA TOWN AN' FAST OR I'LL STUFF YA RIGHT IN THE GARBAGE WHERE YOU B' LONG!

WHY JOSEPH--SUCH ANGER-- UH--YOU SAY ONLY TWENTY-FIVE--

YOU HEARD ME! AN' IT'S ALL I GOT, BUT IT'S WORTH IT-- NOW GIT GOIN' AN' HEAR ONCE MORE THAT--

YA KNOW WHO WAS IN T'SEE ME? UNCLE SNODGRASS. I ONLY HAD FIVE BUCKS BUT I GIVE IT TO 'IM. I WAS SORE BUT--AW WHAT'S TH' USE--

I AINT LAFFIN'. I'M JUST SMILIN'. I WAS THINKIN' WOTTA FUNNY WORLD--

SAY--WHAT ARE YA LAFFIN' ABOUT?

I TOLE A FIB--I TOLE A FELLA I ONLY HAD TWENTY-FIVE DOLLARS-- BUT I HELD OUT ON 'IM-- WE KINEAT! I GOT TWO BUCKS!

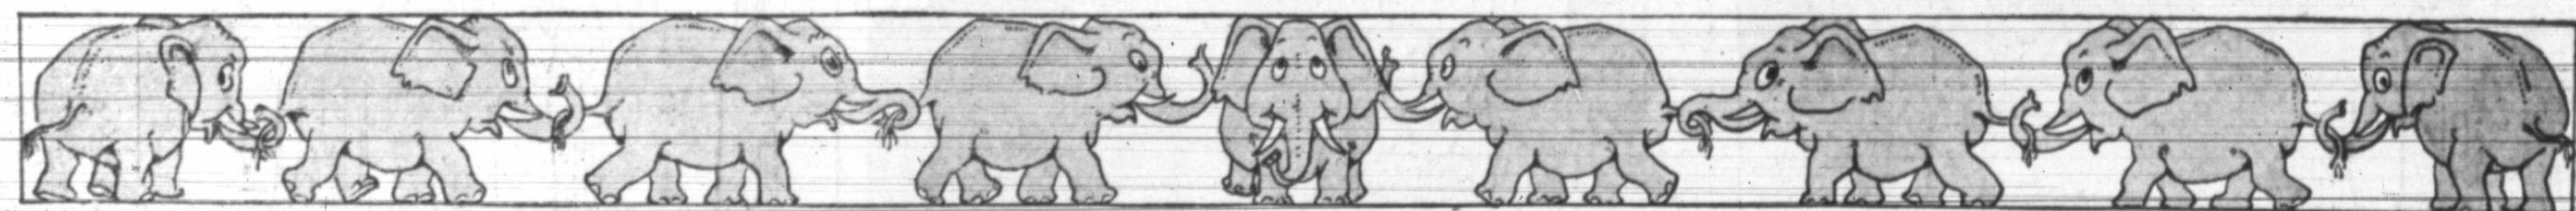

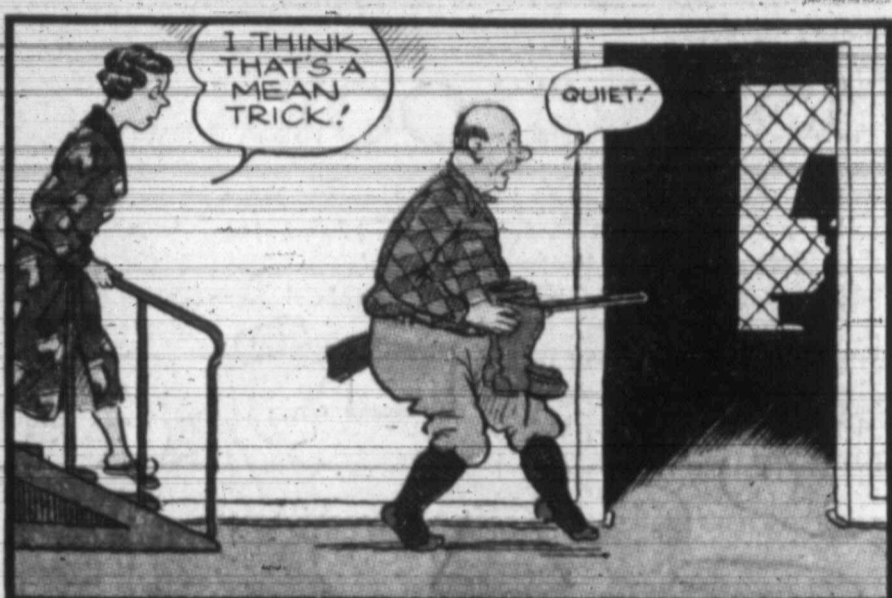

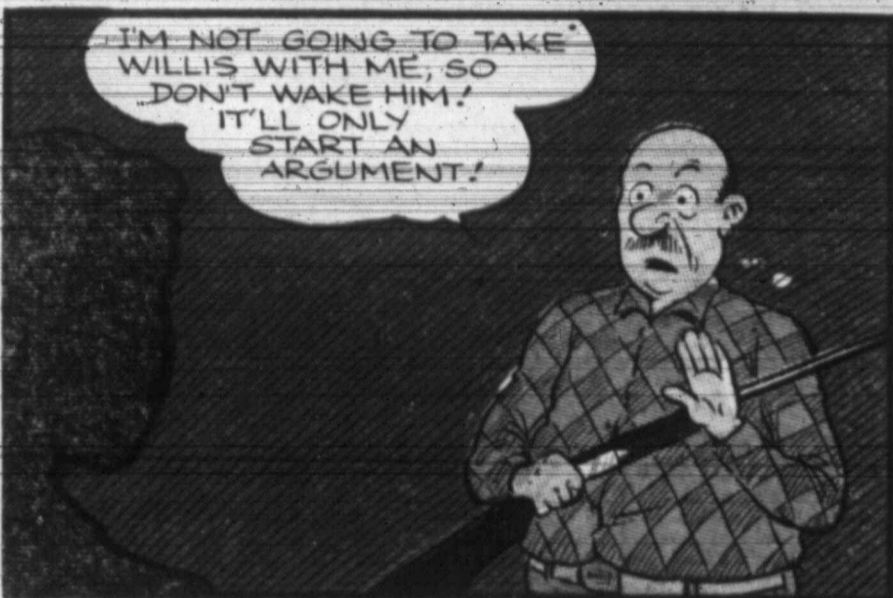

IT DON'T MAKE SENSE. SOMETIMES I DON'T KNOW WHAT YOU'RE TALKIN' ABOUT.
