Axis Motorized Defenses In Africa Smashed

British Capture Of Fort Capuzzo Is Announced

BRITISH CAPTURE of Fort Capuzzo on the Egyptian-Libyan border was announced in Cairo last night as Britain's mechanized African army continued its destruction of Axis motorized defenses.

Nazi armored divisions appeared caught between two jaws of a monstrous pincer movement when the Tobruk garrison to the west burst through seven-month-old Axis siege lines to catch them in the rear.

Mastery Of Skies
Besides the American-built tanks in the ground spearheads, "wings of Yankee fighter-bombers" were participating in an accompanying air offensive which RAF officers said had given the British mastery of the skies in two days of fighting.

Cairo military dispatches said more than half the tanks of German Gen. Erwin Rommel's North African corps had already been "knocked out of action, with the British employing the same tactics of encirclement and annihilation used by the Germans themselves in conquering most of Europe."

Cut Way Through
Sun-bronzed Australians and British Tommies who stormed into Tobruk last Jan. 22 to the rusty chorus of "Somewhere Over the Rainbow" repeated.

Road Bond Issue In Motley Is Leading
MATADOR, Nov. 22 (Special)—The third time apparently was a charm tonight in Motley county's effort to obtain approval of a \$70,000 bond issue to finance repair and improvements to county roads.

NEGRO IS SHOT
A negro was shot in the right wrist late Saturday night when he resisted arrest by officers who were raiding his home in the Flats district for liquor. Officers said Otis Harris, patrolman, demanded that the black stop, then fired once at the fleeing negro. Emergency treatment was administered in West Texas hospital and the negro was taken to city jail. Liquor law violation charges will be filed against the suspect, officers said. Forty gallons of choc beer was seized, they said.

Mercury Dips; Blizzard Due

THE FULL FURY of winter is expected to move into the South Plains region from the north early today. Blizzard conditions were forecast and there was evidence that long-awaited snow would fall. The cold wave was moving in from the icy Amarillo region.

At Amarillo, on the anniversary of an ice storm that isolated the city and territory for three days last year, observers said it was too cold to bring about a repetition of the 1940 storm.

To Drop To Low Twenties
Temperatures in the low twenties were forecast for Lubbock today. The thermometer showed a fast drop early Saturday night from the day's high temperature of 51.1 degrees.

Business Here Saturday Best In Many Years
By TOM MILLER
Avalanche-Journal Staff Writer
"Yes, sir, business was good." Thus Lubbock merchants described, and smilingly, too, Saturday's business—at many stores the best in the city's history. The cold weather during the day failed to dampen the buying desires of hundreds of persons, most of whom had obtained their money directly or indirectly from the 1941 cotton crop.

Three Times As Good
The same store said business was three times as good Saturday as it was on a corresponding day last year. Furthermore, an official said, business has been normal during the last few week days.

9 O'Clock Is Welcome
The 1940 cotton crop was picked almost in three weeks and with much of the current crop still in the field, it is reasonable to expect a bumper crop.

Congratulations To:
Mr. and Mrs. Edward C. Robertson of 718 Wolfarth street on birth of a 7-3/4 pound son at 2:55 o'clock Saturday morning at the residence.

Mr. and Mrs. J. W. Harris of 908 Avenue K on birth of a 7-4/8 o'clock Saturday morning in West Texas hospital of an 8-pound 5-ounce daughter.

Mr. and Mrs. L. C. Duncan of Shallowater on birth of a daughter weighing 6 pounds 6 ounces at 8:25 o'clock Saturday morning in West Texas hospital. The father is employed by the county.

FDR OKAYS BILL
WASHINGTON, Nov. 22 (AP)—President Roosevelt approved today legislation authorizing the navy department to construct or acquire at least 300 small vessels for use as mine sweepers or in other work in harbors.

German Peace Conference May Be In Offing

Libyan Campaign Forces Axis To Press France

NEW YORK, Nov. 22—The British offensive in Libya is resulting in intensified German pressure on France for air bases and routes of supply and reinforcement to withstand the drive, sources in Europe informed the Associated Press today.

The upshot may be that the Vichy government of Marshal Petain will be given a formal peace settlement to replace the uneasy armistice which has regulated their relations since June, 1940.

Something Is Pending
That something momentous in the relations between Germany and France is pending was further emphasized today by a White House statement that Germany is planning for December or January a general European conference which would draw up some "high sounding formula of economic rehabilitation and restoration of independence for all European nations."

Proposals Rejected
One unconfirmed report from Europe said the French had already rejected German proposals to convoy Italian supply ships in the Mediterranean with the French fleet. Another report said the German were proposing that 300,000 French soldiers be required to take over policing of conquered areas in Soviet Russia next year.

Many Local Defense Councils Organized
WASHINGTON, Nov. 22 (AP)—Mayor F. H. LaGuardia, civilian defense coordinator, reported today that 5,943 local defense councils had been organized.

Bill To Change Date Of Election Drafted
WASHINGTON, Nov. 22 (AP)—Rep. Jones, R-Ohio, said today he has drafted a bill proposing that the 1942 congressional election be held in March instead of November.

Art Treasure Worth About \$500,000 Found At College
SOUTH BEND, Ind., Nov. 22.—Discovery at St. Mary's college here of an art treasure, worth perhaps \$500,000, was disclosed today by the Rev. Gregory Gerber, of St. Gregory's college, Shawnee, Okla., curator of the Wrightman art galleries at the University of Notre Dame.

Captive Coal Mine Strike Is Ended; Arbitration Planned

Both Parties To Accept Results
Unions, Steel Are Bound To Abide By Board's Terms

WASHINGTON, Nov. 22—The captive coal mine strike was ended today in an agreement that its issue be submitted to arbitration with both sides bound in advance to accept the results.

A Sharp Surprise
It came, however, as a sharp surprise to those who have kept in close touch with the mine controversy, because Lewis personally rejected the plan earlier in the week. Mr. Roosevelt's statements on the dispute, had a so pre-empted the public mind, Lewis said then, that it would be extremely difficult to find an impartial arbitrator.

Where's The Closest Recruiting Station?
He's "in the Army now," is Sergeant H. B. Tyra, at left, above, of Whiteface, and no doubt glad of it. With Private E. L. Plank, of New Lima, Okla., Tyra is shown with Miss Mayfair, motion picture actress, at U. S. Army base, Borinquen Field, in Puerto Rico. Judging from Sergeant Tyra's bandaged right knuckles and discolored right eye, the soldiers may have contested one another for places near the actress.

CIO Endorses FDR's Foreign Policies

Mine Workers Also Supported

DETROIT, Nov. 22.—The Congress of Industrial Organizations ended today a six-day convention during which it voted endorsement of President Roosevelt's foreign policies and gave its support to the United Mine Workers' attempt to gain a union shop in captive coal mines.

At the final session today the CIO assailed the Federal Bureau of Investigation and the National Labor Relations board.

FBI Is Condemned
The delegates adopted a resolution contending that the FBI "offers serious danger of becoming a political police similar to the Nazi gестапо," and adding: "There can be no toleration of any political police, such as the FBI in this country becoming similar to the Nazi gестапо, or any toleration of any agencies of the government, including the FBI, violating the law and we protest against the use of the FBI to oppress or harass any labor organization."

It also called upon the justice department to investigate "the true anti-American organizations now carrying on pro-Nazi activities in this nation" and asserted the FBI had not given wholehearted support to efforts to expose and stamp out "all appeasement and pro-Nazi activities."

"Bias Against CIO"
The delegates approved another resolution maintaining that the NLRB and its regional directors were displaying increasing frequent bias against the CIO.

"The CIO severely condemns the NLRB policy in refusing to recognize the necessity for the establishment of the employer-wide industrial type of bargaining unit," it added. The CIO condemns the recent decisions of the labor board refusing to set aside collusive contracts with anti-labor employers.

The convention demanded, too, that "all employers accept the principle of the union shop."

Hillman Not Mentioned

Under the firm hand of President Philip Murray, who was elected by acclamation, the annual gathering took stands on three major issues without eruptions on the floor during six days of deliberations. Their principal decisions were these:

1. Endorsement of President Roosevelt's foreign policies.
2. Formal support of the demands of John L. Lewis' United Mine Workers union for a union shop in the captive mines.
3. A denunciation of the Office of Production Management and "its responsible officials" on a charge that they denied a defense housing contract to the Courier Lumber Co. of Detroit for the sole reason that the firm employed CIO workers. The pronouncement did not make specific mention of Sidney Hillman, associate OPM director and president of the Amalgamated Clothing Workers union, although A. D. Lewis, brother of John L. Lewis, and his adherents had sought inclusion of Hillman's name in the resolution.

Hilton Will Operate Hotel Being Built In Chihuahua City, Mex.

EL PASO, Nov. 22 (Special).—Announcement was made today that Hilton hotels will take over management of the new and modern hotel being constructed in Chihuahua City, Mexico.

Luis and Julio Laquette of Chihuahua City and C. N. Hilton, president of Hilton hotels, made the announcement. Operation and management of the hotel, expected to be completed about March, will be under a long lease. It will be known as the Palacio Hilton hotel. It is being built on the site of the famous Hotel Palacio which was destroyed by fire several years ago. Cost of the new building will

LADY FROM LISBON—Mrs. Arnold England, the former Emelia Marques Couto, 16-year-old Portuguese movie star, poses in typical shipboard fashion as she arrives in New York on liner Excaliber. Married in Lisbon to an officer on Excaliber's sister ship Exambion, she will live in Virginia.

Serum Rushed To Bermuda

WASHINGTON, Nov. 22 (AP).—The story of the delivery of a supply of anti-infantile-paralysis serum from Milwaukee, Wis., to the Royal Navy hospital in Bermuda was told by the navy today as two United States planes approached the British island in response to an emergency request for help.

The medicine was needed, the navy said, by an unidentified infantile paralysis victim in the Bermuda hospital. The request was made at 3:15 p. m. (E.S.T.) yesterday by a British naval officer who said that if the serum arrived by regular commercial plane it would very likely get there too late.

The British official had asked for 50 cubic centimeters of the medicine. The navy arranged to send 150. This was dispatched by express train from Milwaukee to Chicago, where it was placed aboard an American Airliner for La Guardia field, New York City. At La Guardia field waiting navy men picked it up.

At Norfolk the serum was turned over to the commander of the patrol wing of the Atlantic fleet who divided the medicine into two packages, put each package into a plane and started the two planes for Bermuda.

USO PLANS SHOWS
NEW YORK, Nov. 22 (AP).—United Service Organizations has allotted \$350,000 to provide entertainment for men in the armed forces, with four musical shows opening Nov. 27.

The hotel will serve a thriving commercial center of 70,000 population 240 miles south of El Paso. A new paved highway, first link in a highway to Mexico City, is being constructed.

Pythians To Hold Meeting Tuesday

A district meeting of all Pythian lodges of this district will be held in Lubbock Tuesday night.

Invitations broadcast by Ralph Brock, Pythian chancellor commander and Emmett B. Kerr, royal vizier, and Victor H. Lindsey, district deputy grand chancellor, both of the Dramatic Order of the Knights of Khorassan, informed there would be a fall ceremonial of Boabdil temple Wednesday night.

Officials Are Coming
Notices reminded there would be visitors from Abilene, Spur, Pampa, Paducah, Childress and Clovis, N. M., Tuesday night, and that past Grand Chancellor Frank E. Smith of Abilene; Grand Inner Guard Barney Ashley of San Angelo; Grand Strong, grand chancellor of New Mexico, and Arch Hogan, grand keeper of records and seals, both of Albuquerque, would attend.

The annual roll call of the lodge will fall Tuesday night and members have been informed attendance will be considered obligatory.

The ceremonial promises to be outstanding, since Lubbock lodge has 50 new members since the grand lodge met at Beaumont last May, it was disclosed.

Supper To Be Served
Supper will be served at 6:30 o'clock Tuesday night, officials announced.

Other officials of Knights of Pythias lodge are:

C. O. Campbell, vice chancellor; John Hudspeth, master of works; Russell S. Hardin, keeper of records and seals; H. G. Brock, master of finance; Elmo W. Payne, master of exchequer; C. H. Tisdell, master at arms; A. C. Cope, prelate; Eddie Bergman, inner guard; and Frank Landotte, outer guard. Dr. G. H. Ater is grand vice chancellor.

Other members of the D.O.K.K. temple are Daniel A. Blair, grand emir; Brock, secretary; R. E. Hendrix, treasurer; Payne, master of ceremonies; Cope, shikie; G. K. Taylor, saruk; Lester Lynch, mokanna, and Marion Leftwich, sartrap.

MOBILIZATION ORDERED

TOKYO, Nov. 22 (AP).—An imperial ordinance today ordered the mobilization of boys and girls from 14 years of age and young men and women into a national labor service corps effective December 1, with each to serve up to 30 days annually.

Men will be inducted up to the age of 40 years; unmarried women up to the age of 25.

Rabbit skins shipped from Spain to the United States in a recent month weighed 284,000 pounds.

Murder Trial Opens In Plainview Monday

PLAINVIEW, Nov. 22 (Special).—David Williams, 23, will go to trial Tuesday in 64th district court on a charge of murder in connection with the fatal shooting here Oct. 24 of William E. Hamby.

Williams also is charged with assault with intent to commit murder in the shooting the same date of George Thompson, 21, of Lockney.

Thompson was wounded in the abdomen a few minutes after Hamby had been shot. Judge C. D. Russell, appointed Charles H. Dean and Vincent Tudor, law partners, to defend Williams.

The case was postponed a week ago when defense counsel asked permission to prepare their cases. The state will be represented by Herbert C. Martin of Littlefield, district attorney, who indicated he would ask the death penalty. Credence in that direction also was supplied by implication found in the state's having ordered a special venire, 72 men having been summoned.

The same venire reported last week for the murder trial of Jess Long, who was sentenced to 25 years in the penitentiary. Long pleaded guilty.

YOUTH FATALLY SHOT

HOUSTON, Nov. 22 (AP).—A Fairbanks, Tex., youth, A. W. Knight, was shot to death with his own rifle yesterday at a store 13 miles west of here.

Sergeant Paul Harrington of the sheriff's office said the shot was fired accidentally when Knight walked into the line of sight as his friend, 19-year-old Jack Little, pulled the trigger while aiming at a can on a shelf in the store.

EAST TEXAN DIES

Governor Stevenson Sympathetic Toward Teachers' Pleas For Higher Wages

No Action Soon Is Promised

By WILLIAM T. RIVES
Associated Press Staff Writer
HOUSTON, Nov. 22. — Texas Teachers' pleadings for higher pay have fallen on sympathetic ears Gov. Stevenson told them today, but he gave them no promise of immediate action.

Stevenson, in an address at the closing session of the Texas State Teachers' association convention, said he endorsed the concept that the laborer is worthy of his hire. "We want your wages to be raised," he said, "and in the course of time they will."

Educators at the convention have declared that the rise in living costs lends additional urgency to the problem of providing adequate salaries for teachers, and the association's executive committee said it was hopeful a special session would be called to take action.

GREAT STONE FACES NEAR COMPLETION—Heroic heads of Washington, Jefferson, Theodore Roosevelt and Lincoln near completion under direction of James Borglum, son of Gutzon Borglum, who died before finishing the gigantic job at Mount Rushmore Memorial, near Rapid City, S. D.

Court Restrains Union Action

TEXARKANA, Nov. 22. (AP)—Judge N. L. Dalby in 102nd district court today issued a temporary injunction against the Marshall, Tex., local, United Association of Journeymen Plumbers and Steamfitters, "AFL affiliate," restraining it from soliciting members, and collecting dues in Bowie county.

The injunction was issued pending "further orders of the court," which judge later explained, would not be made until the next term of the tribunal in January.

The suit, filed by N. Lee Baldwin, financial secretary and treasurer, and business agent of the Texarkana local, was not contested by the Marshall group, although several members of that organization were in the courtroom.

Flying Weather In Arctic Favorable

PHILADELPHIA, Nov. 22. (AP)—Flying weather north of the Arctic Circle is more favorable for military air fleets than that in the northern temperate zone where most air battles of the current war have been fought, Vilhjalmur Stefansson told the American Philosophical society tonight.

There is potential military significance in this because nearly all the world's military powers are far north on the globe.

For all of them the Arctic offers a short-cut for attack on other great powers. This short-cut is likely to become alluring as soon as most of the long-distance highly armored planes are developed. Tokyo, for example, 11,000 miles from New York City, by present airways, is only about 7,000 via the Arctic.

One advantage of Arctic flying, Stefansson said, is less icing and less foggy weather. Most students of aviation, he added, do not know about the Arctic advantages.

SEEK HIT-RUN DRIVER

HENDERSON, Nov. 22. (AP)—Trey Reese, 35, suffered a broken leg and head injuries last night when struck by a hit-run driver north of Henderson. He is expected to recover. Police seek the driver of the automobile.

PALESTINE WOMAN DIES

PALESTINE, Nov. 22. (AP)—Mrs. C. Y. Dilley, daughter of the late Gov. Tom Campbell, died here last night after a brief illness. Mrs. Dilley was prominent in civic affairs of this, her native town. Her father was governor for two terms, 1907-11.

Three daughters and two sisters survive. Funeral arrangements had not been made.

No Mention Of Session

The governor made no mention of the special session question in his extemporaneous address but in an interview said:

"I do not now know of any emergency that would justify calling a special session."

He said, however, that the teachers' petitions and problems would be given "very careful consideration."

Stevenson urged the teachers to support the American way of life. "If Europe had the same school system as we have in Texas today," he said, "there wouldn't be any Adolf Hitler."

John L. Lewis' "activities," he asserted, "are antagonistic to our concept of government" and blamed the actions of the labor leader's followers on faulty education regarding that concept.

Expenditures Necessary

Mrs. Myrtle Hooper Dahl of Minneapolis, president of the National Educational association, declared large governmental expenditures for schools were necessary to the preservation of democracy.

"Totalitarian governments spend enormous sums on schools indoctrinating their students with hatred," she said. "We must combat this by teaching democracy."

Mrs. George Fielding Eliot, military analyst, said Japan was at the end of her rope and that the United States at present need not fear direct attack by Japan upon our territories.

"But," he said, "if Japan serves Germany as a nuisance partner we need to dispose of her now."

Officers Elected

David S. Switzer, former teacher who conducted a column on school children in the Dallas Morning News, asserted "school people should do more toward helping the newspapers get the truth and the spirit of the truth."

Switzer suggested the association "include a more comprehensive study of Texas newspapers, what they now mean to you and what they may mean to you in the future."

F. L. Moffett of Center was elected first vice-president of the association. J. Elmer Cox of Fort Worth, second vice president, and I. T. Gilmer of Graham, third vice president.

The new president is Dr. B. F. Pittenger of the University of Texas, elected yesterday.

PALESTINE WOMAN DIES

PALESTINE, Nov. 22. (AP)—Mrs. C. Y. Dilley, daughter of the late Gov. Tom Campbell, died here last night after a brief illness. Mrs. Dilley was prominent in civic affairs of this, her native town. Her father was governor for two terms, 1907-11.

Three daughters and two sisters survive. Funeral arrangements had not been made.

President Lincoln made the first of the presidential proclamations under which Thanksgiving has been celebrated annually since as a national holiday.

Twenty-Seven New Oil Wells Add 25,744 Barrels To South Plains Production

Oil Stains Shown In Lubbock Test

BY JOHN B. BREWER
Special Oil Writer

New oil production in the most northerly counties in the West Texas Permian Basin was the highest during the week just ended in 10 weeks, 27 wells rating 25,744.66 barrels. This compared with 15,241.28 barrels by 17 wells during the preceding week and 33,588.20 barrels by 33 wells during the week ending Sept. 20, which remains the recent high.

Late week developments included the staking by the Big Oil Co. of San Antonio of a location in Cochran county 2,020 1/2 feet south of its No. 1 Della Slaughter Wright, formerly O'Neal Drilling Co. No. 1 Wright, small pumper on the southeast outskirts of Whiteface, 3 1/4 miles north of production in the Duggan sector of the Slaughter field, Big No. 2 Wright will be 440 feet out of the southeast corner of labor 20, league 12, Martin county school land survey.

Wildcats Log Markers

Oil and gas companies logged markers and a Youkum county wildcat cored lime-bearing evidence of water.

Anderson-Prichard and American Drilling Co. No. 1 W. E. Ellwood estate, Hockley county wildcat 1 1/2 miles northeast of the Slaughter field, with elevation of 3,427 feet, topped the brown lime at 3,630 feet and entered the solid lime at 3,950. It drilled ahead below 4,375 feet in lime, with no shows to that point. Location is in the northwest corner of section 15-A-R. M. Thompson.

L. C. Harrison and Tobe Foster No. 1 E. L. Steck, wildcat, three miles west and slightly north of Harrison and Associates' No. 1 W. G. Neira estate, Lubbock county discovery producer had shown only slight oil staining in lime in boring to 5,033 feet. It is in the southeast corner of section 7-A—John H. Gibson. The pool opener was finished at 5,002 feet.

To Deepen With Rotary

Broderick & Calvert and Amon G. Carter No. 1 G. B. Hayward, Galley county wildcat in the center of labor—24-173-Sutton, 10 miles southwest of Muleshoe, moved in a rotary to deepen from 4,146 feet in lime. It was reported it may go to the Ordovician unless granite is encountered meanwhile. Seven-inch casing was cemented at 4,004 feet.

Sinclair-Prairie No. 1 Charles J. Kleiner, Youkum county wildcat

3 1/4 miles northwest of the Ownby pool, showed drilling fluid only on a drill stem test from 5,564 to 5,900 feet in lime, the total depth, where it was making a balling test. There was evidence of water in a core from 5,332-37 feet. No. 1 Kleiner is in the northwest corner of section 436-D-John H. Gibson.

Casing Is Cemented

Preparatory to testing lime sections showing slight porosity between 5,030 and 5,130 and slight oil staining between 5,130 and 5,202 feet, the total depth, Dan Auld cemented 5 7/8-inch casing at 2,200 feet in the wildcat drilled on his Lynn county ranch by the Trinity Drilling Co. It is in the T. Callison survey.

Amon G. Carter No. 4-D Wasson in Gaines county, testing the Clear Fork lime—deeper than the regular pay zone in the Wasson field—retreated with 4,000 gallons of acid and swabbed 5 1/2 barrels of oil hourly, showing three per cent basic sediment and water. It had gun-perforated 5 1/2-inch casing between 6,400 and 7,200 feet, to which point it had plugged back from 11,108 feet in Ellenburger dolomite. Location is in the southeast quarter of section 50-AX-pal.

Amerasia No. 1 Ruth M. Hudson, Gaines county wildcat in the northwest corner of section 60-AX-pal, three miles west of the south end of the Wasson field topped the Yates sand at 2,030 feet, 586 feet above sea level. It entered the brown lime at 4,040 feet and drilled ahead at 4,441 feet in anhydrite and lime.

Anderson-Prichard and Osage No. 1 Pure-Clayton Johnson, Borden county wildcat in section 1-1-John H. DeShazo, was abandoned at 4,503 feet after showing sulphur water following acidizing through a perforated liner.

Placid Oil Co. of Shreveport started No. 1 Higginbotham, scheduled 3,000-foot rotary wildcat in Borden county 694 feet out of the northwest corner of labor 13, league 269, Martin county school land survey. The test is 15 miles southwest of Lamesa.

Shooting of Fuhrman Petrol-

FIVE DIE AS TRAIN BURNS IN TUNNEL—Workmen (right) climb aboard the still burning engine of a Southern Pacific freight train after its removal from the 7,000-foot Hasen Tunnel near Van Nuys, Calif., where it had stalled and burned, killing three members of the crew and two other men. Rescuers were hampered by fumes and flames which filled the mile-and-a-half long tunnel. (NEA Telephone)

Santa Claus Comes To Hollywood Boulevard Friday Night In Gigantic Parade; Nearly Million People Witness Giant Spectacle

BY FREDERICK C. OTHMAN
United Press Correspondent

HOLLYWOOD, Nov. 22.—You know about Hollywood, where everything is bigger and better than anywhere else? Well Sir, Santa Claus rode down Hollywood boulevard last night in a \$25,000 sleigh that generated its own snow. And he had Baby Snooks on his knee.

Almost 1,000,000 persons turned out to cheer him on. They still were trying to get home early today after one of the most magnificent traffic jams this side of Tobruk.

Mr. Claus was more than a month ahead of time, but that was in the Hollywood tradition, too. All the movies concerning Christmas were canned and shipped out last summer.

So the snow sifted through the palm trees and got down the citizens' necks and made them itch. The semi-tropic moon gleamed on a mile of tin Christmas trees. A stiff breeze from the Pacific made the tinsel whistle and caused many a drum majorette to wish she had a mink coat.

Santa was the climax of a parade that could only have happened here. Red Skelton and Edna (the wife who writes his jokes) rode a load of corn. Edna's idea. Bob Hope wore a baby blue jockey suit and cantered down the boulevard astride the movies' celebratory Atlantic No. 25 H. T. Boyd 1,248.76 barrels and Atlantic No. 29 Boyd 1,488.96 barrels.

In Youkum county, Trinity Drilling Co. No. 1 Josie Shamkas was completed for 1,104 barrels daily, American Liberty No. 4 J. I. Futch for 107.92 barrels of oil plus five per cent water, Humble No. 13 Randall for 325.84 barrels and Drilling & Exploration Co. No. 1-B Hudson for 402.96 barrels.

In Gaines county, Amerasia finished No. 14 Turin for 896.40 barrels and Standard No. 7 J. B. Reyer registered a daily swabbing potential of 682.96 barrels.

The Texas Co. also added five wells, its No. 5 Mallet rating 1,137.12 barrels daily, No. 17-E Mallet 1,317 barrels of oil plus 3.6 per cent water, No. 52 Slaughter 1,694.29 barrels of oil plus 1.15 per cent water, No. 57 Slaughter 682.96 barrels of oil plus 2.53 per cent water.

Honolulu No. 17-B Mallet was a 1,050.16-barrel daily and Honolulu No. 25-B Slaughter rated 1,566.44 barrels of oil plus nine-tenths of one per cent water. Magnolia finished No. 6-E Mallet for 932.96 barrels, No. 16-J Mallet for 1,172.88 barrels and No. 12-G Mallet for 1,137.12 barrels. W. J. Richardson No. 4 Sun-Miller was good for 637.20 barrels a day and S. W. Richardson No. 3 R. L. Slaughter, Jr., for 466 barrels. S. W. Richardson's well was treated with 29,000 gallons of acid, the largest amount ever used in the West Texas Permian Basin.

Cochran county's additions with daily potentials were: Honolulu No. 11-18 Igoo-Smith 1,017.76 barrels, Texas Pacific No. 1 N. H. Tarver 1,137.40 barrels of oil plus seven-tenths of one per cent water.

New Oil Production High Set Last Week

HOUSTON, Nov. 22.—The nation's oil wells set a new high production record for the week ending today, averaging 4,328,600 barrels daily, up 218,150 from last week, the Oil Weekly reported.

Texas output accounted for the big hike as the state had only one production shutdown day this week, but its average for the month will not exceed market demand substantially, the magazine said.

National crude production was 258,600 barrels daily above the U. S. Bureau of Mines estimate of market demand for November, the oil weekly said.

Week's trends: Texas, 1,697,300, up 234,000; California, 653,800, off 12,900; Oklahoma, 427,100, up 10,200; Illinois, 398,350, off 19,540; Louisiana, 347,550, off 4,700; Kansas, 254,250, off 2,700; New Mexico, 118,100, up 1,700; Eastern States, 93,050, up 1,100; Mountain States, 102,700, off 4,950; Michigan, 61,150, up 200; Indiana, 17,900, off 900; Arkansas, 72,750, up 400; Mississippi, 80,150, up 15,850; and Nebraska, 6,400, up 800.

Man Found Innocent In Anti-Strike Case

HOUSTON, Nov. 22.—Jack Frye, 24, member of the CIO United Mine Workers union, was found innocent today of violating the so-called O'Daniel anti-violence strike law.

Frye had been charged with threatening another worker at a strike-bound plant last July 28.

Arthur Mandell, defense attorney, said after the district court jury's verdict, that the decision was a blow at the state law.

"The jury's action shows that the people of Harris county will not use the vicious O'Daniel anti-strike law to prevent labor's right to strike and picket," Mandell said.

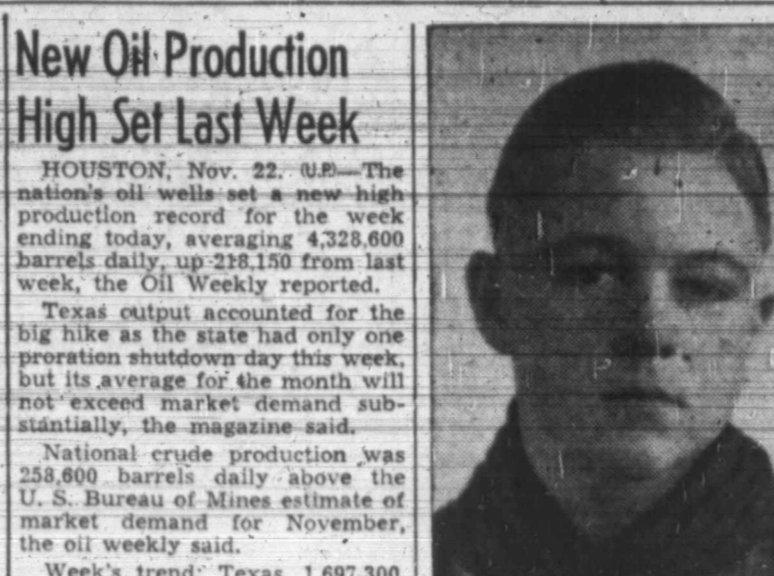

Frye had been charged with threatening another worker at a strike-bound plant last July 28.

EARN EAGLE BADGE

The first Tulla Boy Scout to earn an Eagle badge, the highest honor in scouting, is Jim Scott, 15, pictured above. He is the son of Mr. and Mrs. S. C. Scott and is a member of troop 63, sponsored by the Tulla American Legion post. Mack O. Elliott is his scoutmaster.

HOUSTON BOY KILLED

HOUSTON, Nov. 22.—Gerald Dwain McCoslin, 13, was crushed to death under a truck today when his bicycle skidded on wet pavement. The boy's death brought to 40 the city's 1941 traffic toll. Fatalities so far this year ran 10 behind the 1940 rate.

EARN EAGLE BADGE—The first Tulla Boy Scout to earn an Eagle badge, the highest honor in scouting, is Jim Scott, 15, pictured above. He is the son of Mr. and Mrs. S. C. Scott and is a member of troop 63, sponsored by the Tulla American Legion post. Mack O. Elliott is his scoutmaster.

Lubbock Citizens Invited To Participate In Meetings Discussing Post-War Problems

A movement to stimulate community interest in the intelligent study and discussion of post-war problems is being started in Lubbock, with all Lubbock citizens being invited to participate in a series of programs to be held monthly.

Originating this movement toward intelligent citizenship is a temporary committee composed of Dr. R. S. Underwood, G. H. Nelson, Dr. J. William Davis, Mrs. W. H. Bledsoe, and Mrs. O. D. Harris, chairman. Convinced that the world is going to be faced with serious post-war problems and that the public should be familiar with such problems and their proposed solutions, the committee is sponsoring these programs, using local speakers to introduce some appropriate subject to precede an open forum.

Meeting Scheduled Tuesday This month's meeting of townspeople interested in a wide-open forum dealing with these inevitable problems and their solutions will be held at 7:30 p. m., Tuesday, at the Lubbock High school study hall, located on the second floor directly above the music hall. Last month, at the first meeting of this community-wide group, Dr. Davis of the Tech government department discussed "Four Alternative Plans of World Organization."

Scheduled speakers for the Tuesday night meeting are Dr. Benjamin Bock of the Tech government department and Mrs. Georgia Wilson Dingus of the foreign language department. These speeches will be followed by an open discussion, questions and answers.

To Discuss Book Dr. Bock will discuss Clarence Streit's proposal of "Union Now," also bringing in his more recent "Union Now with Britain." Several years ago, preceding the war, Streit came forth with a proposal of the union of the democracies to try to prevent war, and now, since the outbreak of the war, he has come out with another book, "Union Now with Britain," both of which Mr. Bock will discuss.

Setting forth his plan for world security after the conclusion of this war, excerpts from H. R. Knickerbocker's "Is Tomorrow Hitler's?" a book just off the press, will be the subject of Mrs. Dingus' talk. Knickerbocker is the most widely-known American war correspondent in the world and lived in Germany for 13 years prior to and following the outbreak of war, having arrived in America last year. He appeared in Lubbock last fall.

HOUSTON BOY KILLED HOUSTON, Nov. 22.—Gerald Dwain McCoslin, 13, was crushed to death under a truck today when his bicycle skidded on wet pavement. The boy's death brought to 40 the city's 1941 traffic toll. Fatalities so far this year ran 10 behind the 1940 rate.

MYRICK BUILDING LUBBOCK

It's just surprising how winter colds and drafts disappeared after we put in the Clow Gasteam Radiators

Steam Radiator Heat

Steam Radiator Heat provides complete, uniform heat distribution without drafts or overheated air. This helps prevent colds and other ailments due to inadequate, unbalanced heating. The even, penetrating warmth of Clow Gasteam Radiators is the most healthful heating you can get, and by heating the house uniformly, you don't heat your car, get into a warm room to a cold one and catch cold.

Clow Gasteam Radiators make their own steam heat with gas. They are installed under windows or near doors where they warm cold air as it enters the room. The heat is then distributed through the lower or "living zone" of the room instead of to the ceiling, as with other forms of heating. For commercial heating, Gasteam Radiators are durable, simple, and require small space. The vented type radiators are recommended for the prevention of excessive moisture on windows.

For industrial or commercial heating, investigate the Clow Unit Heaters.

OPM Authorized By Roosevelt To Requisition 'Required' Defense Properties

'Plant Seizure' Is Not Included

(By The United Press)
WASHINGTON, Nov. 22.—President Roosevelt has issued an executive order delegating to the Office of Production Management the power to requisition property "required" for the country's defense, it was learned today.

Defense officials said that the President's order—signed Wednesday—consolidated administration of the new property seizure law enacted last month and a similar bill approved last year. Powers of the first bill were administered on a limited basis by the office of export control.

Not 'Plant Seizure' Edict
The presidential order, according to defense officials, is not a "plant seizure" edict and could not be used to take over steel, soft coal mines. It does authorize seizure, whenever necessary, of military equipment and supplies such as munitions and machinery necessary for armament production. Therefore, the OPM could requisition coal already mined.

Under terms of the executive order, the OPM will serve as a clearing house for all property requisition action by the government.

Can Institute Proceedings
Requisition proceedings can be instituted with the approval of the OPM, by the War, Navy and time commission, Economic Defense board or the head of such other agency as the president may from time to time designate.

In order to seize equipment or supplies, the OPM would have to determine:

1. That the property "is needed for the defense of the United States."
2. That such need is "immediate and pending" and will not prevent delay or resort to other supply sources.
3. That all other means of obtaining use of the properties for defense has been exhausted "upon fair and reasonable terms."
4. That property is machinery or equipment not in actual use in connection with any operating factory or business and is not necessary to the operation thereof.

5. That the property to be requisitioned is "not a firearm possessed by an individual for his personal protection or sport."

Seized properties, under the order, would be paid for on a "fair value" basis.

CENTRAL FIGURES OF NURSES GATHERING—The nurse in the national defense scheme was outlined by Miss A. Louise Dietrich of El Paso, general secretary of Texas Graduate Nurses association, pictured third from right, at a Friday luncheon of district 18 of the state association in Lubbock hotel. From left to right in the background are: Mrs. Iris Kinard of Clark-Key-Taylor clinic and representative of St. Mary's hospital; Miss Corine Irons, nursing arts instructor of Lubbock sanitarium and secretary-treasurer of the district association; Mrs. Paul Lea, a supervisor of nurses in Lubbock sanitarium; Miss Dietrich; Mrs. Doris McCune, director of nursing in Lubbock sanitarium; and Mrs. Hazel Edgerton, director of nursing in West Texas hospital. —Avalanche-Journal Staff Photo.

Nursing Bureau For Area Is Being Planned In City

Plans for an official nursing bureau, a professional organization with no commercial significance, are drawing toward completion, it was announced Saturday by members of district 18 of Texas Graduate Nurses association in Lubbock.

Under the system, much discussed Friday when district officials and members gathered for a luncheon in Lubbock hotel to hear an address of Miss A. Louise Dietrich, general secretary of the state association of El Paso, all graduate nurses would register at a central location so that they might become more accessible when on call, by hospitals or private individuals needing nursing service.

Refresher Courses Suggested
Miss Dietrich discussed "National Defense and the Nurse," telling the 35 Lubbock and Plainview nurses at the luncheon of sweeping necessity for modifying themselves to exigency of the times. She amplified her message in the afternoon at an institute attended by 42 nurses—suggesting that nurses graduate years ago take refresher courses by correspondence from the state university so

they could return to service in hospitals and private duty and thus release more recently graduated nurses into national defense duties that may be required at any time. The refresher courses would acquaint graduate nurses of new contributions to nursing practices and theory.

It was suggested Saturday that the official nursing bureau could be placed into operation in April. Its advantages were termed "invaluable" by Miss Corine Irons, nursing arts instructor of Lubbock sanitarium and secretary-treasurer of the district association.

Doctrine Of Less Work And More Pay Rapped

SALT LAKE CITY, Nov. 22 (AP)—The doctrine of less work and more pay is "ridiculous" to the venerable leader of 900,000 Mormons.

"I'm a firm believer that success comes from working," said Heber J. Grant, president of the Latter-Day Saints church, who observed his 85th birthday anniversary today.

"The idea that men ought to work only a few hours a day, and that the less they work the more they should be paid, is utterly ridiculous. That idea doesn't amount to anything so far as the advancement of young men" is concerned.

Officer Drives 35 Miles To Deliver Simple Message

LANSING, Mich., Nov. 22 (AP)—Michigan conservation officers take pride in their ability to speed messages to deer hunting camps. There may be a vital dispatch from the outside to some hunter deep in the forest.

Early today Officer Lew Dorman drove 35 miles to a camp with a message. Upon arrival he found that it read: "We are all well hope you are the same."

Estacado School Plans Reunion Wednesday

First annual reunion of former students of Estacado rural school is scheduled at a banquet in the school building northeast of Idalou Wednesday night at 8 o'clock, according to announcement here Saturday by Harry Kelsey, superintendent.

Preparations are being made for an attendance of approximately 200. Kelsey said a plate charge of 50 cents will be made.

He reported that personal invitations have been sent to the former students whose names are available. That list is incomplete, however, and the invitation includes all former students, he declared. An interesting program is being arranged, Kelsey announced.

REQUIRED 13 SWINGS

BREMERTON, Wash., Nov. 22 (AP)—Capt. William J. Giles is located in the 13th naval district.

His wife took 13 swings with a bottle of champagne before the new seaplane tender, U. S. S. Casco, officially was christened. The bottle had been encased in perforated metal to prevent glass from showering spectators.

WINS ART PRIZE

FORT WORTH, Nov. 22 (AP)—Friends of John Paul Hoppe learned today that he had been awarded the \$100 Stimson prize for best sculpture by a Pennsylvania Academy of Fine Arts student at Philadelphia.

Lubbock County WPA Workers Going Into Private Employment

Three hundred persons were placed in private employment during October in Lubbock county, according to figures released Saturday by E. E. Kurr, district employment officer, WPA district 17, whose office is in Lubbock. These placements were made possible through the cooperation of WPA officials and the local office of Texas State Employment service.

Most of these 300 persons were placed on regular jobs in commercial and construction industries pertaining to national defense, as well as the seasonal agricultural harvests.

WPA projects in district 17 are now experiencing their lowest ebb of activity due to private employment. Kerr stated that the average age for persons now employed on WPA projects in the district is 51.6 years as compared to the average age of 41 years as of July 1.

PROPAGANDA BANNED

PANAMA, Panama, Nov. 22 (AP)—The government today forbade circulation of anti-democratic propaganda via mail, telegraph or telephone, providing fines of \$50 to \$1,000 for violators.

Laboratory And X-Ray Society Is Organized

Formation of the South Plains Laboratory and X-Ray society was announced Saturday afternoon after a preliminary meeting had been held at Mexican Inn Friday night.

Paul Lee was elected president, Gerald Jarvis, vice president and Mrs. Vera-Hefley secretary-treasurer of the organization. It was decided to hold another meeting in two weeks, at which time committees will submit a constitution and other details.

Present at the meeting were Lee, Jarvis, Mrs. Hefley, Mrs. Evelyn Zachary, Mrs. Mark Scott, Mrs. Katherine Headstream, Miss Ruth O'Neill, Mrs. Fern Smith, Miss Jessie Jo Martin and Dow Smallin.

All South Plains laboratory and X-ray technicians are invited to be present at the next meeting, it was announced.

Spain has stopped the sale of the famous Spanish almonds abroad.

Texas Solons Ask Priorities For Supplies For Rural Electric Cooperatives

Private Firms Have Advantage

(By The Associated Press)
 WASHINGTON, Nov. 22.—A delegation of Texas congressmen urged defense officials today to grant rural electric cooperatives priorities for supplies on an equal basis with privately owned power utilities.

Rep. Poage, Beckworth, Luther A. Johnson, Lyndon B. Johnson, Lanham, Mahon and Russell were in the group. They conferred with Donald Nelson, director of priorities.

Poage submitted data to support his claim that private utilities in Texas were able to proceed with expansion of their power-generating facilities while inability to get delivery on orders had halted work of some REA cooperatives.

He quoted engineers of the Brazos Electric Transmission cooperative as saying that a 1,500,000 pound lot of copper wire, fabricated on orders of last June, had been held up at the factory on direction of the OPM.

To Probe Discrimination
 Nelson assured him that any apparent discrimination against publicly-owned power concerns would be investigated, and suggested, Poage, said, they take the Brazos wire problem up next week with OPM's division for delivery of supplies.

Poage called Nelson's attention to a letter he recently received from the Federal Power commission, saying there would be a shortage of power next year in North Central and East Texas. The representative observed that the wire sought by the Brazos cooperative was needed to tap unused energy of the Morris Shepard (Possum-Kingdom) dam near Mineral Wells.

Beckworth, concerned about the fate of the East Texas electric transmission cooperative, asked whether the government intended to impound supplies of copper now held on hand by public power bodies. The East Texas cooperative has a large supply of wire on hand, its use awaiting erection of a generating plant, the cooperative has been unable to get priority for the construction.

Area Is Studied
 In answer to this question, Nelson said the OPM had no idea presently of impounding such supplies.

Attending the conference with the representatives was F. D. H. Farrow, president of the Brazos Transmission cooperative.

In a separate meeting with defense officials, Sen. Connally and Rep. Worley, Texas Democrats, urged the selection of a site near Amarillo, Tex., for a bombing range.

They were told by war department officials that the final approval of sites for location of bombing ranges would depend on the strategic importance of the various areas surveyed. The Amarillo area was studied.

Property Owners Along 160 Blocks Seek Paving In City; Hope To Start Work In '42

Property owners along approximately 160 blocks — nearly 16 miles — of unpaved Lubbock streets, have begun efforts to obtain paving.

This information was contained Saturday in a report on the status of paving as prepared in the city engineering department for the city commission.

It reveals that enough paving has been signed, promised or petitioned to keep the city busy for at least two years—if it is possible to maintain the working pace of 1941. Whether that can be done is very doubtful, officials believe, because of the limited assistance that can be given through the Work Projects Administration.

Need Labor Materials
 Members of the city commission, however, are working on the problem, and they declared that they are hopeful that it will be possible to speed up the work next year. But the big question in that connection is whether labor and materials with which to do the work are going to be available.

The status of paving, as shown in the engineer's report, reveals the following: 106 blocks of streets were paved during 1940; the total during 1941 has been 60 blocks; in addition, property owners actually have signed and ordinances have been passed providing for 63 blocks; 44 additional blocks have been promised, and technicalities to clear the way for paving are being cleared; and requests asking for 40 more blocks have been filed with the city commission.

City Has 75 Miles
 At the present time, Lubbock has approximately 75 miles of street paving, the commission was informed.

During the past several years, city officials explained, city street paving has been done with the assistance of the WPA. The city has supplied the materials; the WPA labor—which has amounted to approximately 25 per cent of the total cost.

The paving work completed during the past year has fallen short of that during 1940 and several previous years for two principal reasons. One reason has been the paving of the runways at Municipal airport, which has taken much of the labor and equipment that otherwise would have been available for city streets.

The other reason is that there isn't as much WPA labor available as in previous years. Indicative of this particular labor problem has been the fact that at one time for a period of several days recently, every man working on city street paving was 50 years of age or older.

Labor May Be Scarce
 Officials don't know how serious this labor problem is going to be. The reasonable expectation is that it will become increasingly serious and that progressively less assistance for an indefinite period is likely to be forthcoming from the WPA.

The hope of members of the city commission is that the city will be able to do its own hiring of labor to make up for that obtainable through the WPA. The city has the money in the accumulated paving fund to do such hiring, if the labor is available, without increasing the cost of the improvement to the property owner.

Expectation is among officials, too, that the city can continue the present liberal payment plan to the property owners: Under that plan, the property owner pays one-fifth of the total cost when the paving is finished, and then pays the remainder in four equal annual installments secured by paving certificates which are liens against the property abutting the pavement. The city now has more than \$100,000 of these certificates on hand, and the plan is to use these to help finance the paving that is to be done, if it is possible to hire labor to supplement that available through the WPA.

Officials explained that the present winter will be devoted to the installation of cement curbs and gutters and the laying of caliche base on the streets to be paved. Next spring they will be topped with crushed stone and asphalt. Topping is impractical during cold weather because the asphalt will not pour satisfactorily, it was explained.

CHILEAN CHIEF—Dr. Gerónimo Mendez, Chilean senator and leader of the country's dominant Radical Party, becomes president of calling President Pedro Aguirre Cerda.

Mayfield Funeral To Be Conducted Today

Funeral services for Ernest A. Mayfield, 53, of 1411 Arnett street, will be read at 3 o'clock this afternoon by Rev. H. I. Robinson, pastor, in First Methodist church. Burial will be in Lubbock cemetery, directed by Plains Funeral home.

Mayfield died at 6:15 o'clock Friday night when shopping in a grocery store at Broadway and

Avenue M, of a heart attack. Bearers will be Forrest Kelley, J. M. Blackwell, Lee C. Harrison and A. L. Patton, all of Lubbock, and Lester Ericson of Spur and Jinks Garret of Jayton.

Survivors are the widow, Mrs. Ada N. Mayfield; two sons, E. L. Mayfield of Lubbock and Ivan G. Mayfield of Wichita Falls, and a sister, Miss Joan Mayfield of Lubbock.

War — no war, Hongkong still imports race ponies from Australia. Ninety-six have arrived in the Colony, to be run in the 1942 season.

Rarely has a fashion been so swiftly accepted. Universally becoming to mothers and daughters, they're selling in twos, threes and fours, for Gifts, too.

Sits comfortably back on the head, conforming perfectly to the new hair do.

Boxed individually... they're easy to pack, easy to wear, hard to muss... and gay as the devil!!!

FORNEY WOMAN KILLED
 DALLAS, Nov. 22, (AP) — Mrs. Frank Shipley, 32, of Forney, was fatally injured when a passenger train struck the family truck yesterday at Garland. Her husband, driving, had turned away from a feed mill platform beside the tracks and apparently did not see the train. Both were thrown clear of the truck. He is expected to recover.

Most of the vacuum cleaners in Shanghai, China, were brought in by families from the United States.

Torrance Denies He Killed His Bride

Estate Said Of No Interest

MONTERREY, Mexico, Nov. 22 (AP)—Arthur Torrance, accused of beating his elderly bride to death, today flatly denied the killing and asserted emphatically he had no interest in the estate of the former Mrs. Ada Loveland of Kalamazoo, Mich.

He was on the witness stand for an hour and a half today under questioning of District Attorney Juan Jose Vallejo, who brought out details of the romance which began in Honolulu.

The state accused Torrance, identified as the New York author and explorer, of slaying his bride. Torrance claims she died as the result of injuries suffered in an automobile wreck on the highway near here Nov. 5.

She Advised Him
"I knew nothing of her finances—they were her own," he replied in response to a question from Vallejo.

"She sometimes advised me about stocks that I owned."

Torrance testified that he was able to "take care of her" and that they held mutual powers of attorney for convenience in traveling.

"I had no interest in her estate," Torrance testified. "Did you strike Mrs. Torrance with a vacuum bottle?" Vallejo asked.

"I did not," Torrance responded emphatically. He also denied that he had struck her with his hand.

"Did you know that she made a will in your favor?" Vallejo asked.

"No," Torrance replied, loudly. He added he knew nothing of a codicil to her will to set up a trust fund of \$20,000 in his favor.

Ripened Naturally
"Did you propose that she make a will in your favor?" Vallejo asked.

"No," Torrance answered. Torrance testified that he first met Mrs. Loveland in Honolulu four or five years ago, that she returned to San Francisco and that he followed her to the mainland when she wrote him that she was lonely.

They decided to get married when his financial condition improved, Torrance said.

"Did you propose to her, or did she suggest marriage?" Vallejo asked.

"Oh, I don't know," Torrance said. "Our friendship ripened gradually, and the understanding occurred."

Five Georgians Are Killed In Collision

ALBANY, Ga., Nov. 22 (AP)—Five Dawson, Ga., residents were killed and a sixth injured in the crash of an automobile and a train on Albany outskirts late last night.

The dead were Joe Nassar, Marie Nassar, Nellie Nassar and Mr. and Mrs. M. Saliba. Fred Maloof was injured.

Nassar and Saliba were merchants at Dawson. The group came here to visit the family of Mrs. Rosa Stephens, who died early yesterday.

Ranch Hand Charged With Cattle Rustling

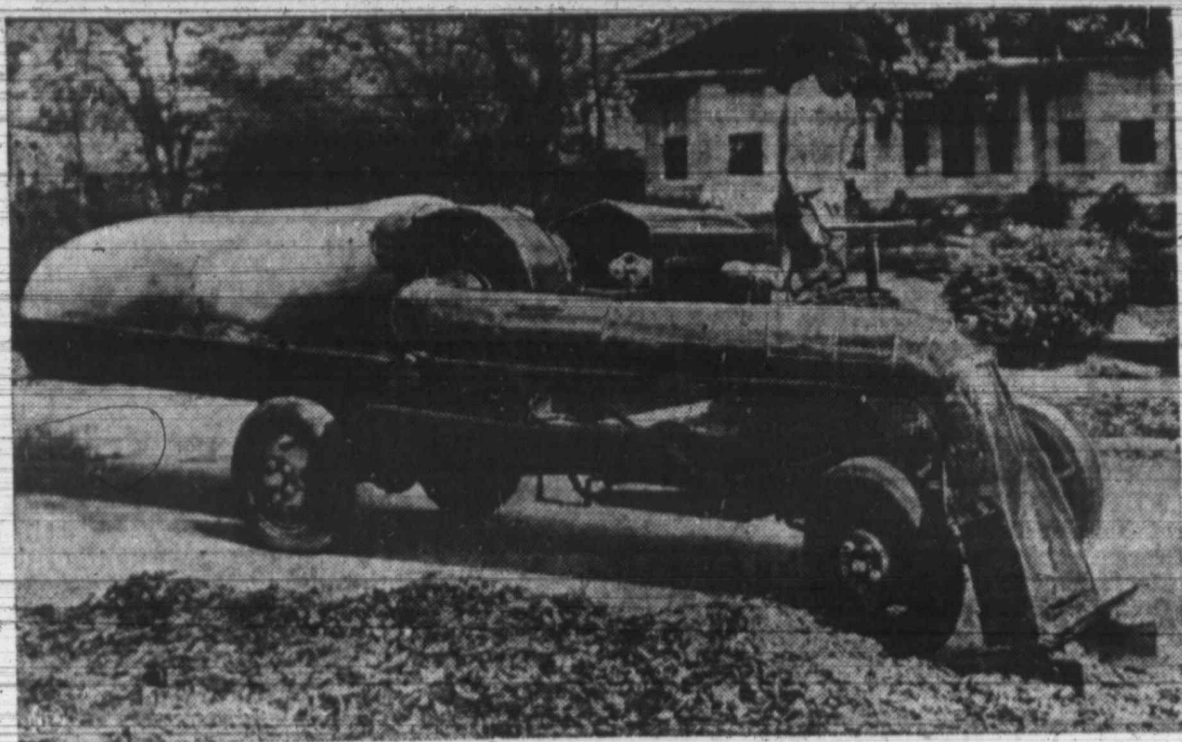

King county's sheriff, George Humphreys, and two Lubbock district rangers jumped a corral fence and almost into the lap of a man who since has been charged with cattle theft, officials said Saturday.

Tom Cade, a hired hand on the S. B. Burnett estate of the 6666 ranch, posted bail of \$1,500 set in the court of R. K. Widman at Guthrie, after he had waived examining trial and will go before a King county grand jury March 23, it was announced.

Accompanied by Levi Duncan and Norvell Redwine, rangers of Lubbock, the sheriff Nov. 20 stopped a truck of four calves that allegedly had been stolen. A check for \$160 made out to "Riley Smith" was seized.

The episode happened at the north camp of the Big Pen ranch layout, part of the 6666, officials said.

Sheriff Humphreys, ironically enough, is foreman of the 6666. He had invited the rangers to go there and assist him in investigation of cattle theft, officials said.

DOES EVERYTHING BUT TOAST THE MARSHMALLOWS—Boon to football fans, young boys and old husbands is this leaf picker-upper designed by Fred Gedge of Wyoming. O. Joe Sontag, village mechanic, demonstrates creation made from old truck, old motor, old fan, old pipe and old bits of things.

Lubbock Is Second City In Texas In Building Permits For Week

(By The Associated Press)
Galveston and Lubbock surged to the fore with building permits for the week, topping the previous leads of Houston and Dallas. Houston retained its lead for the year with permits totaling \$17,884,491.

City	Week	Year
Galveston	\$753,327	\$ 5,305,582
Lubbock	387,803	3,446,708
Houston	297,635	17,884,491
Dallas	134,496	12,144,537
Fort Worth	114,543	6,088,676
Corpus Christi	87,025	11,804,615
Austin	70,742	5,011,321

GRIPPED GUN TOO HARD

TIPTON, Ind., Nov. 22 (AP)—Julius Korpok, 19-year-old parolee from Huntsville, Tex., jailed on a charge of reckless driving, waved a pistol at Sheriff Burt Lilly and demanded he unlock the cell door.

He waved the pistol so vigorously that it crumpled in his hand, revealing that it was made of pipe and soap.

The cottage in which Edgar Allan Poe wrote "The Raven" in Philadelphia has been restored as a literary shrine.

Aid To Be Sought For Louisiana Farmers

BATON ROUGE, La., Nov. 22 (AP)—"Conditions in a number of parishes, as far as the crops are concerned, are really desperate," Harry D. Wilson, state commissioner of agriculture, said today following his return from north Louisiana where he conferred with a group appointed to seek aid from the federal government.

The committee, appointed to appeal to federal authorities for assistance for Louisiana farmers who suffered crop failures because of adverse weather conditions and pest infestation, left last night for Washington. It will join similar groups from Texas and South Carolina Monday in seeking aid from the government in financing farmers for the next season.

"We hope to secure some assistance from the government which will enable the farmers whose crops failed because of excessive rains and insect infestation to plant another crop next season and stay on their farms," Wilson declared.

"It is absolutely necessary that relief of some kind be given or many farmers will be compelled to abandon their land and seek public work. Under present conditions, when we are being called upon to increase production, it would be extremely detrimental to lose these farmers."

Only a few office buildings and private homes in Ecuador have so far utilized glass building blocks.

Traveling Salesmen's Group Hears Talk On Safety; Plan Dance

Twenty-eight members attended regular meeting of Lubbock Traveling Salesmen's association at noon Saturday in Hilton hotel, according to A. L. Francis, a member.

E. S. Rowe, Jr., state highway patrolman, discussed safety as the principal part of the program. E. T. Lynch was program chairman. D. H. Bradford, president, presided.

Members decided to hold a dinner-dance the night of Dec. 5 at the Cactus club. Members and their guests will attend. C. A. Rogers' orchestra will play.

Next club meeting will be Dec. 13, at Hilton hotel.

CHECKS ARE RECEIVED

SNYDER, Nov. 22 (Special)—Claude D. Cotten, county administrative officer for the AAA, announced Saturday that 1941 soil conservation checks through Saturday numbered 1,977, and totaled \$121,724.78 to date. The checks are arriving at a time that is allowing Scurry county farmers to take care of many maturing obligations and have money left to stick in the "old jean pockets," AAA officials state.

Golden Glovers Start "Warming Up;" New District Plan Announced Two Groups Are To Compete In District Meet

Golden Gloves leather has started flying, fellers, in preparation for the winter's preliminary and district tournaments.

If you are one of the boys who plan to compete for Golden Gloves honors this season, it's time you get spinning your wheels and start "getting in shape."

Definite place and time of the annual Lubbock Avalanche-Journal District Golden Gloves tournament haven't been set, but there WILL be a district tournament, some time, some place. The time probably will be the last week in January, certainly not sooner.

High schools and town athletic sponsoring bodies of the Lubbock district will plan preliminary or invitation tournaments are urged to set their dates as quickly as possible, keeping in mind the importance of conducting such tournaments so they will all be over at least a week before the district tournament begins.

Three schools—Littlefield, Post and Tahoka—have announced intentions of staging preliminary or invitation tournaments, sending the winners to the district tournament here. In all probability, several other schools may make similar announcements.

There is no set "rule" of course by which schools may go in establishing dates for their tournaments. It is perfectly "okay" for tournaments to be conducted any time preceding the district event—any time from now on, next week or next month or in January.

As previously announced, the district tournament will be conducted along different lines this year, the new plan designed to attract a greater number of boxers.

District tournament boxers will compete in two divisions. They will be a "novice" class for the less experienced fighters, and a separate division for experienced boys.

Heretofore, a number of inexperienced boxers have been "scared off" because all boys fought in the same division. This time, inexperienced boxers will be matched against inexperienced boxers, veterans against veterans.

The plan is expected to almost double the number of contestants, hence the number of fights, giving all boys a fair chance and the fans more for their money.

The Class A division will include boxers who have never won a district tournament fight, or who have never competed in a district meet. In other words, a boy who has competed in previous district tournaments but who has not won a fight, let alone a district championship, in such district competition, will be eligible to compete in Class A. This group will also include boys who have never competed.

How It Works The Class A group will include fighters who have won at least one District tournament fight, or more. This group will also include all previous champions who compete this winter, and all boxers of experience who have competed elsewhere. Records will be checked thoroughly in efforts to draw the line at the proper place and see that all fighters are placed in their proper groups.

This plan does not necessarily apply to preliminary or invitation tournaments; in fact, is discouraged because of the limited number of boxers in each community.

Gabe Gilley Named Tech Cage Captain

Gabe Gilley, senior star from Whitehouse, was Saturday elected as captain of the 1941-42 Texas Tech basketball team.

Gilley was a standout performer last year when the Red Raiders won 18 and lost 6 games, and scored 1,138 points. Gilley is capable of playing either forward or guard.

The Red Raiders will open their season on Dec. 3 against the Oklahoma A. and M. Aggies at Stillwater.

Bears Lose 14-0

End Roland Goss clipped Baylor 14-0 Saturday night, and the ball went back to the SMU-23.

Goss, incidentally, played a fine game, and the work of the opposing lines in the first half was a sight to see.

The Red Raiders will open their season on Dec. 3 against the Oklahoma A. and M. Aggies at Stillwater.

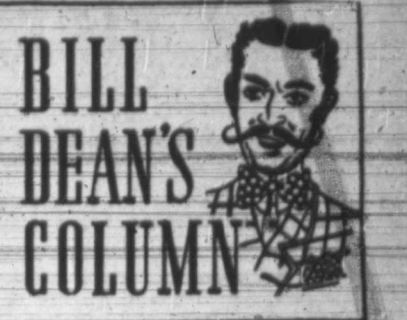

Rice Plays TCU To 0-0 Deadlock

The Frogs got 96 rushing and 83 in the air.

TCU made its only foray in the Rice territory in the first period.

Most of the fourth period was played deep in TCU territory but the Frogs were fighting gamely.

BILL DEAN'S COLUMN

FOR the season's best football prediction made long in advance, I would like to nominate Lubbock's own Goober Keyes. The Coach has held fast to the idea all along that Pampa had a good chance to upset Amarillo, while most of us thought he was "Teched" in the head.

GOOBER made another prophecy that has been borne out by actual fact. He said the Westerners were not going to play with the idea of being beaten. In fact, it was his avowed intention to run up a sizeable score.

WE have added another important service department in our garage at BILL DEAN'S. We now have the equipment for first class radiator repair work.

REGARDING these optimistic outbursts by coaches: What are things coming to, anyway, when the coaches at both the Tech and the High school both come out before some or any of their games and predict a victory?

PERSONALLY, I have never subscribed to the theory that it was necessary to simulate grave concern over the outcome of a game with a rank push-over. Who ever heard of a baseball manager who didn't claim his team could and would knock off the opposition?

THAT ancient-old fellow with the long flowing beard you will see about the streets of Lubbock about the year 1991 will be Bill Lawrence of the Nunn Electric company.

BACK to the muddled high school football situation: Many of us have been taking it for granted that Lubbock would be declared champion of District One. Collier Parris' comments over the outcome of Friday night were quite alarming.

YOU may be asked the following question at BILL DEAN'S this week: What line of tires does BILL DEAN sell and what kind of guarantee do they carry?

THIS week BILL DEAN will give the following items free to the persons listed below, provided they call at BILL DEAN'S Fourteenth and Avenue J before Monday noon.

Five gallons Texaco gas, Ellis Foreman, 2202 Thirtieth street.

Wash and grease job, W. H. Evans, 3805 Twenty-third street.

See you next week. See BILL DEAN any week.

Loyola Lions Defeat New Mexico, 7 To 3

ALBUQUERQUE, N. M., Nov. 22 (AP)—Loyola of Los Angeles staved off two last quarter threats to defeat New Mexico university 7-3 today before 5,000 spectators. New Mexico grabbed a 3-0 lead in the first quarter with a placekick by Ben Agalian from the 13-yard line. Loyola took over and held on to win however, when Eugene Thornburgh weaved across from the six after a 49-yard drive midway of the second period.

ACC Rushes Over St. Mary's Eleven, 18-14

SAN ANTONIO, Nov. 22 (AP)—Four hard driving backs for the Abilene Christian college Wildcats made the St. Mary's Retriers' line look like a sieve here tonight and plowed their way to a 18-14 victory. Buster Dixon, Johnny Owens, Jake Mullins and Bow Mooney ran up a total of 169 yards from rushing. The Retriers' only bright spots were two touchdown runs by Curtis Sandig and George Koch. Cactus fiber is used in padding upholstery of some motor cars.

Site Of McLean, Floydada Game Still Undecided

BY JOE PIERCE
Avalanche-Journal Sports Writer
Developments in the Class A football situation for this area this morning are awaiting the return from Houston of superintendents of the area's schools. Pretty important persons in high school football world, those school superintendents, because scholastic grid activities are strictly under faculty control. Most important business facing the school officials when they return from the state teachers' convention is determining a champion in District 5-A, north zone, Littlefield and Slaton are now tied for that honor, and the executive committee of the district must choose one of them to play Brownfield, the south zone titlist, for the district crown.

Supt. Ray Brown of Levelland is chairman of the committee. It is understood the group is to meet in either Lubbock or Levelland Monday night. Each of the 14 schools in the district has a vote in the matter, but it is considered likely that the representatives of the seven schools in the north zone would be designated as a sub-committee to name the north zone champion.

Rushing No. 1 Star
The team chosen will play Brownfield for the title, probably this Thursday.

Also awaiting action by school executives is the site and date of the Floydada-McLean bi-district championship contest. Floydada is 4-A winner, McLean is 3-A champion. The game could be played either this week or next. Conference schedules in the two districts were finished a week ahead of the deadline, leaving an extra week in which to complete the bi-district round.

Rounding up the Class A stars of the week for the last time this season: Floydada's Capt. JOE RUSHING is this week's nomination as the outstanding player of the area in Class A. He scored four touchdowns as his whirlwinds trampled Spur, 33-0, to clinch the 4-A title.

Robert Stars For Tahoka
JIGGS TANKERSLEY and DEVERELLE LEWIS of Brownfield are again the top men in 5-A. Tankersley scored three touchdowns, Lewis two as the Cubs won their ninth straight victory over Tahoka, 28-21. Each has now scored more than 100 points this season.

For Tahoka, JAMES ROBERTS was the outstanding performer, with three scoring forays late in the game.

VANCE CAMPBELL ALGIE DURBIN and **BILL TUNNELL** were Matador's stars in a 33-0 crusher of Paducah. Campbell and Durbin each ran for two touchdowns and Durbin passed to End Tunnell for a fifth. Tunnell converted three points from placement.

WALKER DEARING of Seminole passed for one touchdown and ran for another as the Indians tied Segreaves, 13-13. **GENE BROCK** scored both counters for Sea-

DISTRICT 5-A SOUTH ZONE CHAMPIONS—For the fifth consecutive season, the Brownfield Cubs have won their area championship, and this week will meet either Slaton or Littlefield for the district title. Pictured above are members of the squad. Front row, left to right, Billy Redford, Travis Pharr, Richard Marchbanko, Edwin Slemmons, Neil Burnett, Harold Dalton, Floyd Perry, Second row, Monroe Rowden (co-captain), J. H. Jenkins, Joe Coy Shepherd, Bobby Jones, Ladell Nelson, Paul Tapp, Billy Greenfield and Calvin Stevenson. Third row, Boyd Miller, Raymond Johnson, Erwin Moore, Spencer Murphy, Jiggs Tankersley (co-captain), Deverelle Lewis, Sonny Walls and Clyde Bond (manager). Back row, T. C. Hogue, Edgar Self, Keith Mason, A. E. Pate, Bill Lane and Harold Forbes.

Coaches Name All-Star Eleven

Amherst Places Five Players On District 3-B Honor Team

Football honor teams—all-American, all-state, all-district—are an integral part of the nation's major fall sport, and this morning the Avalanche-Journal presents the first of the all-district high school teams for this area.

The victory went to Seagraves on penetrations, 5-3. Baker Best On Defense BILLY WALDREP and ELZO COLLIER of Slaton sparked the Tigers to a 12-0 victory over Sudan that gave him a tie with Littlefield. Waldrep, brother of former Texas Tech star Holt Waldrep, scored the first touchdown on a 25-yard run. Collier counted the second on a three-yard run that climaxed a long drive in which he carried the ball on almost every play.

CALVIN BAKER of Sudan had the week's outstanding defensive performance from his end post. He repeatedly threw Slaton backs for losses, and in addition provided Sudan's only offensive threat with his fine pass-catching.

Other all-district teams The district 4-B honor team, originally scheduled for release today, is not available, since ballots have not yet been received from all the coaches. It will be published in Wednesday's Morning Avalanche and Evening Journal.

Next Sunday, the all-district teams as selected by coaches in Districts 4-A and 5-A will appear.

It's impossible to pay just tribute to all of the boys that play football. But it does serve to do honor to the best boys in the district or the ones the coaches think are best.

The District 3-B team is dominated, as might be expected, by the Amherst Bulldogs, who have just won their second consecutive bi-district championship. Amherst placed five men on the team, Farwell and Spring Lake two each, and Whitharral and Anton one each.

Five players were unanimous choices of all participating coaches. At ends, Norman Phillips of Amherst and Jack Gage of Whitharral got every vote. At center, Amherst's Bob Clayton had no rival. And in the backfield, Ted Cummings of Amherst and Milton Price of Spring Lake were unanimous nominees.

Coaches voting in the selections were Burton G. Adams, Whitharral; F. H. Tubb, Anton; Jeff Hooper, Farwell; and E. W. Jackson, Amherst. The Spring Lake coach did not submit a ballot.

The team:
POS. PLAYER SCHOOL
End—Jack Gage Whitharral
End—Norman Phillips Amherst
Tackle—C. R. Roberts Amherst
Tackle—Stanley Howard Farwell
Guard—Janice Chandler Anton
Guard—Sigman Spring Lake
Center—Bob Clayton Amherst
Back—Ted Cummings Amherst
Back—Milton Price Spring Lake
Back—Charles Gibson Amherst
Back—Bill Brand Farwell
Honorable mention: End, Smokey Gast, Farwell; tackle, Sigman, Spring Lake, had two votes at tackle and two at guard and gives the first-team guard position over Bryant of Amherst, who also had two votes at guard but none at any other position; guards, Lawrence Bryant, Amherst; Arlon Lovelace, Farwell; backs, Lonnie Waters, Whitharral, Hall, Anton, Bulger Dyson, Farwell.

Adams and whelled around end for 46 yards. Three yards from the last stripe he turned and handed the ball to tackle Bob Brenton, who went over for his first touchdown in three years of college football.

United States Major Companies Reject Mexican Proposal For Settlement

Straying Buffaloes Are Causing Ranchers Lot Of Trouble In Colorado-Wyoming Area

(By The Associated Press)
FORT COLLINS, Colo., Nov. 22.—Straying buffaloes are frightening cattle and devouring haystacks—and the wrath of the ranchers is mounting.

For weeks a half dozen of the bulky beasts have been wandering from one hayrack to another along the Colorado-Wyoming boundary, tearing down large sections of barbed wire fence as they travel, sending cattle on the run and causing livestock herds to become mixed.

Can't Shoot Them

The ranchmen would like somebody to take charge of the footloose beasts but haven't been able to find anyone who wants or needs six buffaloes.

The ranchers can't shoot the animals—they are protected by law in Colorado and Wyoming.

The buffaloes were raised by Frank Miller on the Trail's End ranch, near the state boundary line. He lost the property on a foreclosure by the Home Owners Loan corporation.

Miller had no place to take his buffaloes, couldn't give them away and couldn't find anyone to adopt them. So they became roamers.

Three Reasons Are Presented

(By The United Press)
NEW YORK, Nov. 22.—American companies whose oil properties in Mexico were expropriated in 1938 refused again today a Mexican proposal for settlement.

The state department approved last Wednesday the Mexican offer: a token payment of \$9,000,000 for the companies and appointment of an expert by each government to determine final, "just compensation."

Stand Is Unchanged

As spokesman for the companies, W. S. Farish, president of the Standard Oil Company of New Jersey, announced after a long meeting yesterday that their stand was unchanged. They had previously rejected the proposal in two letters to Secretary of State Cordell Hull. Farish said there were three reasons they could not accept:

1. "It (the proposal) purports to validate the original confiscation, which violated international law, and therefore jeopardizes all foreign investments."
2. "It promises payment over a period of 11 years from the time of expropriation by a government which already is now hopelessly in default on its foreign debts and thereby repudiates the principles announced by the United States government that a valid expropriation is conditioned on the payment of adequate effective and prompt compensation."
3. "Aside from these fundamental principles, the agreement itself is so vague and ambiguous as to seem to the companies to be dangerous, and it binds the companies to accept a speculative agreement for their tangible properties."

It was reported that British companies, which owned the largest portion of the properties, also would refuse such a settlement.

Market Reports The Nation Over . . .

UNCLE SAM'S "AIR DREADNAUGHT" ON TEST FLIGHT—Carrying 20 persons on a combined test and photographic flight, the B-19, rated by the U.S. army air corps the world's largest plane, recently completed its army acceptance test. This picture of the B-19 shows the giant craft in full flight, as it appeared from an accompanying plane.

Spotlight Stocks . . .
NEW YORK, Nov. 22.—After a week of price advance, the market today was characterized by a general decline. The Dow Jones industrial average closed at 164.18, down 1.34 points from 165.52.

At A Glance . . .
NEW YORK: Stocks—Mixed; leaders in narrow fall. Bonds—Steady; traders watch rail wage dispute. Foreign exchange—Narrow; Canadian dollar advances. Cotton—Lower; December liquidation hedging. Sugar—Higher; trade covering. Metals—Steady; further cut in steel output looms. Wool tops—Quiet; traders await week-end developments.

Grain . . .
CHICAGO REPORT
CHICAGO, Nov. 22.—After an early fractional dip in price, the grain market struck a recovery trend today, wheat leading with gains ranging up to 1 cent. Burying on the rally was stimulated by forecast of some precipitation in part of the grain belt and a lead belief that cold weather may halt late seeding of winter wheat in many areas. Previous short sellers and some processing interests placed orders.

Wheat—Close 10 to 12 cent higher than yesterday, December 41.14 1/2, May 31.20 1/2, 1942 30.75, 1943 30.25, 1944 29.75, 1945 29.25, 1946 28.75, 1947 28.25, 1948 27.75, 1949 27.25, 1950 26.75, 1951 American Tanks Superior In African Encounter

Axis Forces Are Badly Battered

EDITOR'S NOTE: Eyewitness reports from the Libyan fighting front are that American-made tanks and planes have scored their first great success in action against Axis forces in Africa. Significant excerpts from the eyewitness dispatches follow.

(By The United Press)

CAIRO, Nov. 22.—Alexander Clifford, correspondent of the London Daily Mail, reported from desert general headquarters today that "American tanks emerged from their first engagement with flying colors."

He said that the first tank encounter of the offensive was fought by British tanks which encountered a column of Italian tanks near Big El-Gubi.

Left 57 Wrecks
"They surprised three Italian tanks which turned and ran behind a much stronger screen of tanks," he said, "which turned out to be the whole ariete division of 135 tanks."

"The British went in. It proved to be one of those mad careening battles in which the Italians started off with wild surges of shots and sacred maneuverings which soon degenerated into chaos. They fled leaving 57 wrecks behind."

"Away on our right wing were 100 tanks detached by Gen. Erwin Rommel from his armored divisions concentrated in the Bardia area. They started out straight south parallel with the frontier and came slap up against British units equipped with American tanks."

Knock Out 15 Tanks
"In the golden evening sunshine the chunky, speedy American tanks clattered forward to confront the row of Germans stretched across the plain. Weaving nimbly this way and that with yellow

Classical Spanish And American Dances To Be Given By Carmalita Maracci And Her Dancers At Senior High On Monday Night

Classical Spanish and American dances will be presented by Carmalita Maracci and her group of dancers at 8 o'clock Monday night in Senior High school auditorium in the second program of the Texas Technological college artist course of this season.

The group is made up of Maracci; Nino Albanese, pianist-composer; Paul Godkin, assisting dancer; and Margaret Kilroy, Marie Van Dyke, Francesca Lopez, and Julia Randall, members of the ensemble.

Program Is Given
The program follows: Romanza (Albanese), by Maracci and Godkin; Seguidilla (Turina), by Randall, Van Dyke and Lopez; Another Goyescas (Granados), by Maracci; Etude (Scarlett), by Godkin; Fandanguilla (Vivaldi (Scarlotti)), by Maracci; Flamenco (Albanese), by Kilroy, Van Dyke and Lopez; Two Caprices, Spain a la française (De Falla) and Cantina (folk melody), by Maracci; Barbary Coast (Prokofiev), by Godkin; Scherzo (Beethoven), by Van Dyke, Randall and Lopez; Spanish Folk Themes (Albanese), by Maracci, Godkin, and ensemble.

Maracci was born in Montevideo; Uruguay, but has lived most of her life in California. She made her debut as a dancer Dec. 31, 1939, in New York. Only 5 feet 1 inch tall, she has tremendous power as a dancer.

Wears Colorful Costumes
She was trained in dancing in New York by Zamfretta, Italian ballet master.

The costumes to be worn are colorful and in keeping with moods of the dances.

Maracci says that "All dancing should be exciting. If it isn't exciting, it is no good. Dancing is an expression of emotions that can't

Churches To Take Up Special Collection For China Relief

Pastors of Lubbock churches have been asked for a special collection today for United China Relief's campaign, H. W. Stanton, Lubbock county chairman of the drive, said Saturday.

A total of \$769 has been raised in the campaign thus far, Stanton said.

Contributors are as follows: \$25 donations—Citizens National bank, First National bank, Lubbock National bank, Kuykendall Chevrolet company, Hemphill-Wellb company, Piggly-Wiggly, Lubbock sanitarium, Lubbock Auction & Commission company, Lubbock Cotton Oil Mill, Plains Cooperative Oil Mill, Texas-New Mexico Utilities Co., Keeton-Packaging Co., Economy Mills, Furr Food stores, Standard Milling Co., J. B. McCauley, J. B. Edwards, H. W. Stanton, Lubbock Implement Co., Arch-Underwood, Le-Vine's, Lubbock Hardware & Supply Co., Groce Furniture Co., Stephens Dry Goods Co., J. C. Penney Co., The Borden company, and John Toles.

Dalby Motor Freight Lines \$15; Hodges Bros. \$10 and Plains Clinic \$10.

\$5 donations—Purina Mills, Stubbs & Young Grain and Seed Co., A. E. Miller, Sherrard Hardware, Hanna-Pope Co., Floy Beall, Lubbock Steel Works, Broadview Gin, Ed Gordon and Geo. W. Dupree.

Other donations included: New Mexico & China circle \$3, J. W. Houston, \$2, Wayne Prather \$2, E. C. Kuykendall \$1, Joe Bishop \$1.

be put into words. It's complete in itself—a release of pent-up feelings. It is not an illustration or interpretation of a piece of music."

Godkin formerly was a member of the Ballet Russe of Monte Carlo.

Civil Service Exams Are Scheduled Here

Dates for examinations for a number of civil service positions were announced here Saturday by Charles I. Waller, secretary of the board of civil service examiners in the postoffice here.

They include: Marketing specialists for the Surplus Marketing administration, salaries \$2,600 to \$4,600 per year, Dec. 18 deadline date for filing applications.

Tobacco inspectors, salaries \$1,600 to \$3,200 per year, Dec. 18 deadline for applications.

Maintenance supervisors, Civil Aeronautics administration, annual salaries \$2,900 to \$3,500, applications to be received until further notice.

Physiotherapy aides, salaries \$1,620 to \$1,800 per year, applications received until further notice.

Radio mechanics—technicians, salaries \$1,440 to \$2,600 per year, applications received until further notice.

Surgeon's dental assistant, \$1,440 per year, no deadline date announced for applications.

Full information regarding the various positions and application blanks can be obtained from Waller.

FOURTH VICTIM DIES
HILLSBORO, Nov. 22.—(AP)—Necma Knight, 17, of McGregor died Friday of injuries suffered in an automobile accident north of Hillsboro which was fatal to three other persons Wednesday.

She was a student in the North Texas State Teachers college at Denton and the daughter of Mr. and Mrs. C. W. Knight.

Two other persons are in a hospital here.

The finest precious opals come from Australia.

Thanksgiving Dinner For Two Can Be As Festive As For Twenty

New Tidbits Will Brighten Table

If your Thanksgiving dinner is to be a two-some this year, you can build a festive menu around a covered hot plump roast chicken.

Now for roasting the chicken: Select a firm, well shaped roasting chicken weighing 4-5 pounds. Fill with SAVORY CHESTNUT STUFFING.

Here are some new tricks for cranberries: Pick-up tart cranberry sherbet in orange cases, and serve Mesdames Ploce Swanson and Douglas Adams, hostesses.

EYE-APPEAL features this small-dinner quick-frozen chicken.

Beat 3 egg yolks, add 2 tablespoons orange juice, 1/2 cup sugar, 1/2 teaspoon salt, 1/3 cup lemon juice, 1 teaspoon grated lemon rind, 1/4 cup cooked seeded prunes.

Set the fowl, breast side up, on rack in shallow pan. Roast, covered in moderately slow oven (325) allowing 30 minutes per pound. Every 30 minutes baste, starting with 4 tablespoons butter melted in 1/2 cup boiling water.

Thanksgiving Meal Served For Club

For an all-day meeting and Thanksgiving dinner, 20 members of the Loyalty club met in the home of Mrs. Roy Privett, 1615 Twenty-fifth street, Friday.

Clubs Give Dances

Special guests present were Miss Annah Jo Pendleton and John Watson; Mr. and Mrs. John Hardig; Mr. and Mrs. Haskell Taylor and Mr. and Mrs. Maurice Erickson.

Baptist Intermediate Girls Are Honored

A Thanksgiving party given Friday night in the activities center honored members of the Baptist church.

Bertida Harding Book To Be Forum Review

"Amazon Throne," a book by Bertida Harding, will be reviewed by Mrs. A. H. Maas at the Lubbock Women's Forum Tuesday afternoon in the home of Mrs. B. E. Adair, 2407 Twenty-second street.

Dorothy Underwood Is Pledge To Sorority

With rush week activities coming to an end at Stephens college, Columbia, Mo., last week, during which 17 sororities added more than 350 new members to their rolls, Dorothy Underwood, daughter of Mr. and Mrs. Archie S. Underwood, 3107 Nineteenth street, pledged Theta Tau Omega.

Two Entertain Friday For Newcomers Club

Mesdames F. L. McRee and W. P. Clement were hostesses to the Tech-Newcomers club Friday afternoon at 3 o'clock in the home of Mrs. Clement, 2606 Twentieth street.

Betsy Ross Holds Election Friday

Mrs. Ted Bickell was chosen president of the Betsy Ross Needle club at the club's Friday meeting with Mrs. C. W. Trippie, 2118 Twenty-sixth street, Mrs. George W. Sawyer was chosen vice president, Mrs. E. E. Rodgers, secretary-treasurer and Mrs. Trippie, reporter.

Mrs. Sawyer will entertain members with a Thanksgiving dinner Tuesday night at 7:45 o'clock. Games of forty-two will be played following the dinner.

November Wedding Announced Here

Announcement is being made of the marriage of Miss Louise Kenney, daughter of Mr. and Mrs. J. W. Kenney of near Lubbock, to Staff Sergeant Yeator Laver Moore, son of Mr. and Mrs. T. F. Moore of Wilson, which took place November 1.

MRS. YEATOR L. MOORE

TEXAS BEAUTY, Nancy Gates, stary-eyed and slender, keeps alive the tradition about the South's beautiful girls. Prominent in radio in her home town of Denton, Texas, Nancy longed for greener fields, so she journeyed to Hollywood. In the film capital only one week, she signed a term contract with RKO radio.

New Electron Microscope Opens Way For Vaccines Against Human Influenza

Molecule Found To Be Cause

By HOWARD W. BLAKESLEE Associated Press Staff Writer

PHILADELPHIA, Nov. 22.—An incredibly small and deadly bullet-shaped molecule, only four millionths of an inch thick, has been branded as the cause of one of the miseries of mankind, human influenza.

Its isolation and its picture, taken by the new electron microscope, were described today to the American Philosophical society.

Tiny Grey Dot

Magnified 25,000 diameters until it shows up as a very tiny grey dot on a photograph, the picture is of a deadly specimen taken from the 'flu infection which killed a person here three years ago. It is moreover the same kind of 'flu-type A—which spread over the country last winter.

This molecule, a small bit of protein, is one of the tiniest disease agents known to science. One of the most startling things to the layman and of profound significance to medicine about this 'flu bullet is that it is not a living thing like microbes.

ABLE TO REPRODUCE

It is able to reproduce itself, when in living tissue, but that seems to be more of a chemical reaction than a sign of actual life.

The discovery has opened a new way to make vaccines against human 'flu. A new vaccine has already been made which protects animals against human 'flu, and experiments are now starting to learn whether it will protect man.

The report was made by Doctors Leslie A. Chambers and Werner Henle, of the Eldridge Reeves Johnson Research Foundation, University of Pennsylvania, collaborating in the picture was Dr. T. F. Anderson of RCA makers of the electron microscope.

RESEMBLES PLANT DISEASE

So far as now known, the bullet closely resembles plant disease viruses, which also are proteins. These plant viruses owe their deadly nature to their structure, and it is possible that this human disease is also due to the shape and structure of the little virus.

Billions of these disease particles could float in the air indefinitely. The Pennsylvania experiments show that the 'flu particles also are able to attach themselves to larger particles and ride them like a lot of children on one horse. These observations may be useful in learning how the 'flu epidemics spread so rapidly and completely around the world.

Mr. and Mrs. J. H. Hankins have as their guests Mr. and Mrs. C. S. Carter of Fort Worth. Mesdames Hankins and Carter are sisters.

Lubbock's Building Permits For 1941 May Surpass All-Time Mark Set In 1940

Housing Project From Lou To Louella

By H. I. KIEFER
Avalanche-Journal Staff Writer

The next few days probably will decide whether a new building record is to be set in Lubbock during 1941.

If it should happen—and the chances at the moment seem about even—it will become the most amazing among the many astonishing building records that Lubbock has made.

As of Saturday, the building permit total during 1941 in Lubbock was \$3,446,706. It is almost a million dollars short of the present all-time record total for a year, which was set at \$4,442,766.95 in 1940. Conditions considered, the record to date this year is probably the most remarkable of the kind that has been made in Lubbock.

Records Boost Saturday
The 1941 total received a big boost Saturday when a permit for \$305,000 for the new agricultural building at Texas Technological college was issued by City Building Inspector Jim Reid to the college, as owner, and Ingle & Sikes Construction company, as contractor.

Whether there is to be a possibility that a new record is to be set in 1941 depends almost entirely on what is done about the \$515,000 improved housing project on which a local housing authority headed by H. C. Pender has been working for many months.

Depends On Starting Date
If work on that project can be started before Jan. 1, then a new building record is pretty sure to be set.

Otherwise, the 1941 figure probably will have to take second place among the building years in this city, unless another possibility should materialize before Jan. 1. That possibility is that the half-million dollar school building expansion program might be reached to reach the building permit stage before the New Year. Technicians involved in the approval of plans, calling for bids and letting of contracts would make that very difficult.

At the present time, March 4 is set as the date on which bids are scheduled for consideration on the improved housing project. That would seem to eliminate the possibility of the addition of this project to 1941 building permit figure.

May Set Up Program
However, W. L. Bradshaw, the executive officer of the project, has been called to San Antonio to attend a defense housing meeting this week. The supposition here is that one matter to be considered there is whether this project, which will consist of approximately 130 housing units, is to be designated for defense housing purposes. The probability is considered strong that it will be so designated, because housing is going to be needed for the 200 or more married civil service employees and non-commissioned officers to be stationed at the air base under construction west of the city.

If the project is given a defense housing designation, then there will be no waste of time in getting the work started. The permit very likely will be issued during December.

City Has Spent \$400,000
If that should happen, more than enough other building is in sight to insure that 1941 will see a new building record set.

Municipal construction for which permits still are to be issued will amount for around \$400,000. The items include nearly \$250,000 for enlargement of the electric plant and for expansions in the street, water and sewer departments.

More than \$200,000 worth of other building, most of it houses, also can be counted as a virtual certainty to be started during the weeks remaining this year.

Outlook Is Given
So, in the aggregate, the building permit outlook for 1941 stacks up about like this:

If permits for neither the improved housing project nor school expansions can be issued, the total for the year will approximate \$4,000,000, or about \$500,000 shy of last year's record figure.

If permit is issued for one of those projects, but not the other, the final total will set a new record at around \$4,500,000.

If permits for both are issued, then the final figure is pretty sure to go above the \$5,000,000 mark.

None of these figures includes the more than \$4,000,000 being invested in the air corps training school under construction west of the city.

Whatever the final figure may be, it will compare with the following high ranking building years in Lubbock: 1940, \$4,442,766.95; 1939, \$3,612,253; 1938, \$3,559,377; 1937, \$3,337,205; and 1928, \$3,136,975.

After 1929, building dropped sharply in Lubbock, and did not reach the million-dollar mark again until 1936. The figure that year was \$1,135,995 and in 1937 it was \$2,046,268.

Five Women To Give Review Of Volume

Mrs. J. W. Mallory, 1712-B Tenth street, will be hostess to the Young Women's association of the First Baptist church Tuesday night at 7:30 o'clock. "These Things Remain" (Roberts) will be reviewed by Mesdames M. L. Penn, Mallory, L. O. White, J. V. Jones and Dewey George, guests.

A nominating committee will make a report recommending officers for the coming year.

Sixteen members attended the Friday meeting. Mrs. A. E. Dietering led in a closing prayer. Next Friday members will attend their birthday luncheon.

Living costs in Shanghai, China, jumped nearly 11 per cent in a recent month.

and Billy Price.

THREE girls who are housemates at Abilene Christian college will leave today for college after spending the holidays here. They are Selma Griffin of Huntsville, Ala., and Carrie Yater of Houston, house guests of Mary Lou Scoggin.

Perhaps you heard about the fire in Mexican town Thursday night, last week, most of the eds and coeds did. Eugene Nail is home from the army for the week end. Bernice Coanougher seems so often with Homer York, has also been seen with Watson Carlock. Audrey Binkley hasn't had one dull moment since she gave back the club pin. Round about have been Katherine Green and P. B. Shannon. Also Bette Bob Redwine and Bob McKinnon. Elizabeth Huribut and David Klipatruck. Ruth Lufin and Johnny Phillips.

It's their everyday greeting: Six-foot-three W. Jack Lewis (assistant, Presbyterian pastor): "Hi, Hi!"

Event-three H. E. Robinson, "Hello, Little Jack."

Won't you agree with me that Mrs. Louis G. Metcalf is one of the most attractive women in Lubbock?

Love, Lou.

Fidelis Class Has Dinner At Church

Mrs. Jack Ray's group was hostess with a turkey dinner Friday for members of the First Methodist Fidelis class at the church.

Hostesses were Mesdames C. J. VanBeekum, Lindsey-Thompson, Charles Ross, Cecil Paschall, C. J. Norton, Allan Hill, J. H. Hardberger, John Austin and C. R. Duncan.

Other members attending were Mesdames E. W. Brown, H. B. Hamilton, Jim Johnson, I. F. Kennedy, E. N. Lowe, L. I. Miller, R. A. Metcalfe, O. C. Monk and O. J. Swayder.

Special guests were Rev. H. I. Robinson, and Mesdames Cecil R. Matthews, C. B. Roberts of Mineral Wells, O. B. Bryan of Big Spring and Miss Helen Sanders of San Antonio.

A program was presented by members of the Fidelis Culture club with Mrs. E. W. Brown, leader, speaking on the "Law of Compensation." Mrs. T. C. Delaney discussing "Methodism" and Mrs. Johnson giving an "Interpretation of Hymns." Mrs. C. P. Clement told a short story and Mrs. A. M. Burns led in group singing.

Club Supper

(Continued From Page One)

Redwine, Bob McKinnon; Lincol Geyer, Arch Keys.

Pledges and their escorts to attend are: Mona George Hamill, Hal Rolley; Jane Rogers, John Finnell; Billy Jim Lott, Charles Ritter; Constance Mahone, L. W. Snelleman; Janell Shanfelt, Harry Blomshield; Elizabeth Belew, Jack Walker; Betty Jo Rice, Bill Thurman; Jo Ella Baumgart, Allen Leach; Barbara Hale, Kirby Scudder; Louise Burrus, Francis Bearden; Patty Thornton, Harvey Hicks; Rosalyn Watson, Evan Roberts; Marian Manning, C. Williams; Bernice Keeton, Rogstad Zachary; Margie Leitwich, Doyle McLeod; Melba Bankston, Pat Agnew; Edna Earl Lineberry, Ralph Coanougher; Dorothy Miskimins, Jimmie Hooser; Dorothy Montgomery, Byron Bennett; Betty Diltz, Thayne Amoset; Maxine Carroll, Harold Gillespie; Mary Frances Bledsoe, Eiven Crow; Jacquelyn Wilkinson, Charles Euggit; Harriett Price and J. W. Barnett.

Special guests to attend are Mr. and Mrs. T. C. Root, Mr. and Mrs. William M. Pearce and Misses Margaret Baskin, Annah Jo Pendleton and Bonnie K. Dysart.

Swiss Federal Railways are carrying 40% more passengers than a year ago.

Yule Banquet Planned By Homemakers Class

When members of the First Baptist Homemakers class met for their regular luncheon Friday, plans were made for a Christmas banquet December 12 at the Country club house at 7:45 o'clock. Husbands will be special guests.

Sixteen members attended the Friday meeting. Mrs. A. E. Dietering led in a closing prayer. Next Friday members will attend their birthday luncheon.

Living costs in Shanghai, China, jumped nearly 11 per cent in a recent month.

and Billy Price.

Steno Quits Her Job To Learn Welding

CHICAGO, Nov. 22. (AP)—Ethel Mae Holly quit her job as a stenographer to learn the welding trade because her three brothers, who are welders, make more money than stenographers.

The 23-year-old ex-stenographer is taking a course in welding at a training school and the head of the school said she is the only woman welder he's ever heard of in his 39 years of business.

Sorosis Club To Hold Federation Program

A "Federation Day" program will be given at the Sorosis club meeting Tuesday afternoon in the home of Mrs. G. W. McCleary, 2216 Fourteenth street.

POSTPONE MEETING
Announcement was made that the program for the Central Ward Parent-Teacher association, planned for Thursday afternoon, had been postponed until December 5. Rev. H. G. Gantz of the First Christian church will speak on "Difficulties That Threaten Modern Home and Family Life."

PLAN TO SEW
The Cooper Home Demonstration club will do Red Cross sewing at an all day meeting and covered dish luncheon meeting Tuesday at Woodrow. Mrs. J. P. Steele will teach knitting to anyone wishing to learn.

ON ANNIVERSARY
Mr. and Mrs. I. P. Nix of Slaton were honored last Sunday with a dinner celebrating their 50th wedding anniversary.

COOPER P-T-A
Members of the Cooper-Parent-Teacher association will meet Monday afternoon at 3:30 o'clock at the school.

Mr. and Mrs. Charlie Middleton of Evergreen Valley, near Montezuma, N. M., have been visiting his parents, Mr. and Mrs. J. F. Middleton, 1804 Avenue Y, and friends here. They were the guests of Mr. and Mrs. E. J. Lowrey for the Plainview-Lubbock game.

Owls are dumber than the average bird, according to many scientists.

Notes From Lulu

Hazel Allison is definitely Cy Jones' "queen" by his own admission. Or is it confession? A chap with an idea, Dennis Coker from Turkey who wants to spend his life on a ranch, complete with station wagon, however. According to Coker, he will be known as "Ladies-Man-Coker" in the days.

A club girl, freckled-face Pauline Stafford is known as the best. We're a little behind times, but Mary Ruth Newgen is shorn of her beautiful long locks. It's a long bob now and pretty too.

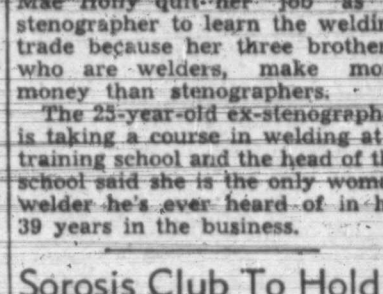

Doesn't Mrs. Mike Aura look stunning in her new pink? Page NBC or a movie agent? Found in "Sundown" a lad of about 20 name of Brown, who plays the piano and out Duchins Duchini. He has composed music, too. But remember, he's our discovery.

Jimmy Mayo has a birthday today. He's an Oklahoma boy here making good. It's good to have the Tom Murphys back. Must be the soldier in him, but with it Frank Herring commands attention.

Orrie Alice Burns has a boy friend who has been defined as "absolutely super!" Janey Blank, who will be Mrs. Alvin Webb next Wednesday, is looking radiantly happy.

At the game Thursday, many were wondering if Gloria Sadler was still seriously following her ambition to study medicine. Her attractive mother, in that she is a chef with the cow girls from Hardin-Simmons proved that they all knew two Lubbock boys, Norman Wiley

MONTGOMERY WARD

Downtown Lubbock Will Be Gaily Decorated During Christmas Season

Contest Will Be Staged By Stores

Lubbock will be made conscious, probably before the end of the week, that the Christmas holidays have arrived.

This was the plan announced at the chamber of commerce Saturday, along with the rules for the store front decorations contest in which \$90 in cash prizes have been offered.

The rules were drafted by a committee composed of Dr. J. C. Anderson, John Shevmake, Culver Hill, Dale Buckner and Bennett Slagle.

First Prize Is \$50

Prizes are to be \$50, \$25 and \$15. Judging is to be done by a secret committee, still to be named, Friday night, Dec. 5. The exterior store front will be the basis of judging. Window decorations and displays will not be considered. The judges are to consider the cleverness, originality and appropriateness of the decorations. No consideration will be given to the size of the front, nor to the cost of the decorations.

Store fronts which will not be considered in the contest are those of the Avalanche-Journal, Hemp-hill, Wells, Texas-New Mexico Utilities company and Anderson Bros. jewelers.

To Be Lighted Up

Expectation is that decorations of many of the downtown establishments will be completed early this week and some, at least, among them will be lighted, Thanksgiving night.

The strands of colored lights which have been the principal downtown street decorations the past several years will be strung early this week. Some already are up. It is uncertain when they will be turned on.

The new decorations that many of the downtown merchants have cooperated in buying may not be up until the week of Nov. 30, according to information given at the chamber of commerce. They include ornamental shades and spruce foliage roping for street lights and standards. The job of putting them up will be started this week, officials said.

Trees To Arrive Soon

Christmas merchandise displays in downtown stores have been in place for several days, and interior decorations already have been completed.

Also expected to arrive within the next few days are approximately 1,700 trees ordered by Allen Bros. part of the American Legion from British Columbia for general sale. Proceeds of the sales go into the post's relief fund.

E. Kelley Nail, chairman of the tree committee, said they will include a wide range of sizes. In the shipment will be one 20-foot tree with wide-spreading branches which is to be set up in courthouse park. Nail related that in the selection of this particular ornament, it was necessary to choose between a slender tree of around 35 feet height and a shorter tree with spreading branches. The

TIRES UP IN FIRE—More than 3,000 tires destined for defense purposes in Canada were destroyed in this blaze at Philadelphia where the fire got well under way before discovery. Firemen fought the smelly blaze almost an hour.

shorter tree was selected in the belief that it will be the more beautiful. The shipment, he added, will include a large number of trees especially selected to fit in to the holes in the curbs of downtown streets.

C. O. D. DELIVERY GREENVILLE, S. C. (AP)—When Mrs. Fred M. Trammel gave birth to a daughter, her husband plunked down 1,700 nickels to pay the freight. They'd been saving them.

Six Detours In Area For Week Announced

Six detours on four highways in four counties, will be in effect for the week beginning Tuesday, S. C. McCarty, division engineer of the state highway department, announces.

Detours are as follows: Parmer county U. S. highway 86, from eight to nine miles east of Boykins, lake over road; Bailey county U. S. No. 70 from seven miles east of Muleshoe to Muleshoe, lake over highway; Castro county, No. 81, from nine to 11 miles south of Dimmitt due to water over road; No. 51, one to six and a half miles north of Dimmitt, lake over highway; No. 86, a mile west of Dimmitt to Dimmitt, lake over highway; Floyd county, half mile north of South Plains to a mile and a half north, lake over highway.

BETTER GET A HORSE BASEL, Switzerland (AP)—Swiss chauffeurs are going back to school to keep up with the times and learn how to drive acetylene and wood-gas driven cars. A lecture course has been opened in one of Basel's high school buildings and about a thousand chauffeurs have enrolled.

Total Of 41 Club Boys To Represent Texas In National 4-H Club Congress In Chicago

(Special To The Avalanche-Journal) COLLEGE STATION, Nov. 22.—A total of 41 club boys, including four judging teams and four individual awards winners, will represent Texas at the National 4-H Club Congress, Chicago, November 30 to December 5, according to announcement by L. L. Johnson, state boys' club agent of the A. and M. College Extension Service.

Nineteen of the number will be guests of a railroad (Santa Fe), and the transportation of five others will be provided by another railroad (Rock Island), which offered the awards for the first time this year. The 19 boys were selected from contests held in more than 50 counties because of outstanding achievements in 4-H Club work.

Judging Groups Listed—The judging groups include the Menard county livestock team of Leon Mogford, Jarvis Kidd, B. R. Walston and Don Huss, coached by County Agricultural Agent A. H. Walker; the crop judging team from Jackson county coached by

award in the crop enterprise phase of the farm accounting contest sponsored by a farm machinery manufacturing company, and Don Terry, Fisher county, who received the Horse and Mule Association of America award. This was the third successive year the association's award went to a Fisher county 4-H club boy. The judging teams will go to Chicago by automobile, while the trip winners, accompanied by Mr. Johnson and J. W. Potts, assistant state boys' club agent, will go by train. The delegation will arrive November 29 and leave for home December 6.

SAVE 10 TO 15% ON GAS! WITH GENERAL MOTORS' PROVED

NO CLUTCH TO PRESS!
NO GEARS TO SHIFT!
*Optional at Extra Cost

MOST EVERYONE knows Hydra-Matic Drive* is a work saver. But few realize that it's a gas saver, too. Here are the facts: Hydra-Matic is engineered with four speeds forward. That permits slower engine speeds. In fourth speed, for example, 1,000 engine revolutions will propel your Olds Hydra-Matic 2,130 feet as against 1,700 feet for a similar car with standard transmission. Hence, you get more mileage on gas—or, conversely, save gas on any given trip. Then, too, Hydra-Matic's automatic shifting prevents lags and consequent waste of fuel. The net result—gasoline savings of 10 to 15 per cent. Why not drive the easy Hydra-Matic way—in a new Olds B-44—and be money ahead on gas!

*Trade-ins apply on down payments. Monthly payments are available.

YOU CAN ALWAYS COUNT ON
OLDSMOBILE
IT'S QUALITY—BUILT TO LAST!
WESTERN OLDS COMPANY
1301 Avenue H Dial 6621

DEFENSE COMES FIRST WITH OLDSMOBILE!
Oldsmobile's great productive capacities are devoted first to the manufacture of artillery shell and airplane cannon. Remaining facilities are employed in producing, in limited number, Oldsmobile's new B-44—a car that's stamina-styled and stamina-built. Thus, Oldsmobile contributes both munitions and materials to national defense.

B-44
BETTER LOOKING,
BETTER LASTING,
BETTER BUILT THAN ANY OLDS IN 44 YEARS!

Traditional Thanksgiving Union Church Services To Be Conducted Thursday

St. John's M.E. Church Is Site

General business closing, Texas technological college holidays and the traditional Union church services will be major events Thursday of Lubbock's observance of the second Thanksgiving of 1941.

To be closed the entire day will be member firms of Retail Merchants association, banks, city and county offices, offices of the Federal Housing administration and some of the federal offices.

Postmaster Amos Howard said that windows at the postoffice will be open until noon and one delivery of mail will be made in residential districts, but none in the downtown area.

Tech recesses Wednesday

Tech will recess at the close of classes Wednesday afternoon for a holiday which will continue until Monday morning.

City schools will be in session, having observed most of last week as the Thanksgiving holiday period.

It will not be necessary to drop nickels in parking meters for downtown parking.

Services At 10 O'clock

The annual Union Thanksgiving service sponsored by Lubbock Ministerial association is to be conducted Thursday morning at 10 o'clock in St. John's Methodist church, Fourteenth street and Avenue X, of which Rev. D. L. McCree is pastor. Sixteen churches are represented in the ministerial association, of which Rev. John A. Winslow, rector of St. Paul's Episcopal church, is president.

Rev. W. Jack Lewis, assistant pastor of St. John's, will deliver the sermon, and the choir of St. John's church, directed by Mrs. Carl Scoggin, is to present a special musical program.

Brief Service Scheduled

St. Paul's of the Plains Episcopal church also will conduct a Holy Communion and prayer service at 9 o'clock Thursday morning. It will be only a brief service.

College Avenue Baptist church's Women's Missionary society will present a special Thanksgiving program at its meeting at 7:30 o'clock Wednesday night.

The Young Married Couples class of First Methodist church is planning a Thanksgiving party Thursday night.

Bill Langford's Family Happy To Meet Bride

VICTORIA, Nov. 22 (AP)—The ten members of Bill Langford's family have been following his well-publicized marital career closely, and today they said they would be very happy to meet the bride.

Bill Langford graduated from the high school at Wood community near here in 1936 and enlisted in the Navy two years later.

His bride, Josephine Phillips of Passaic, N. J., whom he met as she sat hungry and penniless on a Central Park bench in New York, will be welcomed at the modest Langford family farm home. She is expected to come here to get acquainted with Bill's family in the next two weeks.

Electric Lights Take Over Justice's Duties

WASHINGTON, Nov. 22 (AP)—Red and white lights took over today one of the functions of Chief Justice Stone.

The new electrical contrivance notifies attorneys when it is time to stop talking before the Supreme court—the white light appearing five minutes before, and the red signal when the allotted time is up.

Since the tribunal first met in 1790, the chief justice has acted as timekeeper and has informed attorneys when they have exhausted their time. The lights are operated from the marshal's desk.

NEW PLAINS TEACHER

PLAINS, Cady Brookshier, formerly of Blackwell, has come here as vocational agriculture teacher in the Plains high school succeeding W. B. McAllister, who was named assistant county farm agent of Lamb county.

What's Doing in the Churches

First Baptist church, Main street and Avenue N, Dr. C. E. Hereford, pastor.
Bible school, 9:30 a. m.
Morning worship, 10:45 a. m.; anthem, "Hear My Cry, O God" (Kopploffs) by choir; pastor's subject, "A Good Thing—Training Union, 6:30 p. m."
Evening service, 7:30 p. m.; broadcast over KFTO, 8:15 a. m.; anthem, "Come Thou Mount of Sion" (Adams); solo by Broughton; Morgan, pastor's subject, "Jesus, Lord of History."

College Avenue Baptist church, College avenue and Tenth street, Rev. A. E. White, pastor.
Bible school, 9:45 a. m.; John Nixon, superintendent.
Morning worship, 11 a. m.; pastor's subject, "The Serpent That Lurks in the Woods, Pastor."
Training union, 6:45 p. m.; Miss Ardell Johnson, director.
Evening service, 7:30 p. m.; pastor's subject, "Dogs and Angels."
Brotherhood meeting, Monday, 7:30 p. m.
W.M. Monday, 3 p. m.
Teachers and officers meeting, Tuesday, 7:30 p. m.
Wednesday evening worship, 7:30 p. m.

Church Notes

Young persons from Foursquare churches in Brownfield, Littlefield, Hale Center and Plainview will attend a breakfast at 7 o'clock this morning at Cocanougher's canteen. The Crusaders of the local church will be host.

A play, "The Answer" will be presented by the college department of First Christian church at 7:30 o'clock tonight. The setting is in Africa and the play, directed by Mrs. H. G. Gantz, portrays an American missionary doctor and his wife among the natives. Dearl Richardson plays the doctor, Vena Hershberger the wife, Howard Phillips as the native and Jean Graham as the native's wife. There will be no admission charge.

Today will be open house in the new St. Paul's of the Plains Episcopal church building under construction at Sixteenth street and Avenue X, Rev. John A. Winslow, rector, said Saturday. While it is essentially a part of Consecration day observance of the church, the public is invited to see the new structure and study it in its unfinished condition, Mr. Winslow said.

The Foursquare church at Eighth street and Avenue Q, will be the scene at 2 o'clock this afternoon of the regular Fourth Sunday Singing convention, P. O. Brock, chairman, said Saturday. The two-hour program will include several special numbers by widely known groups. The public is invited, Brock said.

West Plains Baptist association at its workers conference Tuesday at Amherst will have as its theme "The Holy Spirit," Rev. J. Lowell Ponder, Plainview, district missionary and Dr. John W. Cobb, Wayland college, Plainview faculty member, are the out-of-the-association speakers scheduled. Meeting will be in Amherst Baptist church.

Rev. John A. Winslow, Episcopal rector here and in charge of a station at Spur, will preach there this afternoon at 3:30 o'clock.

Rev. E. T. McPherson, of Graham, and his family have moved to Plainview where he has accepted a post as pastor of the Peaceable Church of God. He succeeds Rev. Harry W. Davis, who has entered evangelistic work.

Rev. Eugene Wood, who has been pastor of a Nazarene church at Mt. Zion, near Hamlin, has accepted a post at Floydada succeeding Rev. J. E. Bohannon, who moved to his farm near that town.

Rev. A. A. Hyde of Burkburnett, a Presbyterian pastor, has accepted a call to the McCamey Presbyterian church. He has been a minister for 15 years and was formerly with the Texas Christian Endeavor union. Churches served include Pampa, De Port, Leonard and Burkburnett.

Rev. Rudolf A. Renier has accepted a call to serve another year as pastor of the Cumberland Presbyterian church at Floydada. He came to Floydada a year ago from Dallas where he had graduated from the Dallas Theological seminary.

J. Luryl Niabett of Bryson, is the new minister of the Sixton Church of Christ, succeeding Ernest McCoy, who moved to Seymour. A graduate of Abilene Christian college, he has been a minister of churches at Roaring Springs and Tahoka before going to Bryson.

Rev. Dick Morris of Lubbock, has accepted a call as pastor of the Whiteface Baptist church and

Two Refrigerator Cars And Three Acres Become Home Of Young Illinois Couple

(By The Associated Press)
ROCKFORD, Ill., Nov. 22—The Maxwell Millers, needing a home, bought two refrigerator cars and three acres of cornfield.

Mrs. Miller is the daughter of Mrs. Ruth Hanna Simms, former Illinois congresswoman, who has moved his family there.

man-at-large. Her father was the late Senator Medill McCormick.

Her wedding in August to young Miller, who works in a factory, was one of Rockford's leading social events.

Houses are scarce, so they combined economy and ingenuity and moved two refrigerator cars, well insulated, to a tract of farmland 12 miles north of Rockford.

The blueprint the cars, with understructures removed, are placed side by side on cement foundations. In the 40 by 19 foot area will be space for living room and bedroom, when part of the side walls of the cars have been removed. Other walls will be partitioned for kitchen and bathroom. There will be white walls, green shutters and a flat roof, usable for a sundeck.

The Millers hope to have heating, plumbing and electricity installed by Christmas.

O'Daniel's Visit To Texas Has Been Busy

FORT WORTH, Nov. 22 (AP)—Senator W. Lee O'Daniel will leave for Washington late today after a visit to Texas during which he:

Made an address at Houston; Hunted deer in Southwest Texas—he said he bagged one at 300 yards; Stopped at Uvalde to see John Garner but "I think he saw me coming and hid out. He was afraid I'd come to take him back to Washington"; Visited son Mike at the University of Texas; Came here to see son Pat, who came in from Camp Wolters for the visit;

Went to Tyler today to visit his daughter, Mrs. J. D. Wraether, Jr.

ELECTION IS CALLED

BROWNFIELD—Official notice has been given by County Judge C. L. Lincoln of an election in the Brownfield Consolidated Independent school district and the Union Independent district to vote on a consolidation Dec. 6. Voting here will be at the court house, with Fred Smith as judge and at Union in the school building, with R. B. Benton as judge. Eight other districts have come into the Brownfield district during the past year.

November Term Of United States District Court Scheduled To Open Monday

Full Docket On Slate For Term

November term of United States district court for Lubbock division, Northern District of Texas, is scheduled to be opened Monday morning at 10 o'clock by Judge J. Whitfield Davidson, Dallas, with a docket that includes 42 civil cases and a number of bankruptcy cases, besides criminal matters.

Judge Davidson is expected to arrive today, as is Clyde O. Easton, district attorney and Grover C. Leigh, chief deputy U. S. marshal. George W. Parker, court clerk, may not be here for several days, said Mrs. Olive Fluke, deputy here. Miss Jettie Maddox, deputy, is expected today as is Mrs. Madis Hoppe, secretary to Judge Davidson.

Monday will be given over to calling of the docket and the setting of civil cases for the term. Motions also will be heard. Following civil matters, criminal cases will be called and pleas of guilty heard.

Tuesday afternoon naturalization cases are to be heard. The ceremony of administering the oath of allegiance will begin shortly after 2 o'clock, with Judge Davidson discussing Americanization and responsibilities of citizenship to the new citizens, and the taking of the oath.

Thirty-two men have been selected for jury duty. They are to report at 10 o'clock Wednesday morning. Members of the panel are: J. W. Alford, Enoch, M. E. Finley, Sudan, J. D. Holt, Slaton, Ben Quebe, Lockney, Terrell, Logan, Floyd, D. M. Pogue, Snyder, Roy Anderson, Abernathy, E. G. Thompson, Abernathy, L. C. Harp, Matador, Kyle Graves, Brownfield, V. L. Patterson, Brownfield, Richard Post, A. D. Bowen, Post, H. L. Goodwin, Roaring Springs, George Broom, Anton, Roy Abel, Ralls, Fagan Gunn, Slaton, Ted Alkire, Lubbock, A. L. Duff, Seminole, Fred E. Hester, Richard Varnell, Afton, W. E. Bowen, Roaring Springs, Joe E. Herring, Jayton, Bill Yates, Olton, A. E. Boyd, Plainview, Reb Blanchard, Seminole, M. Keefer, Anton, David Williams, Camp Springs, J. Turner, Spangenberg, Ed Gaines, Welch and G. L. Burnley, Snyder.

Civil docket is announced as follows:

Ernest Spikes vs. Street & Smith, Publications, Inc.; Woodmen of World Life Insurance Co. vs. Lockney Independent School district; T. O. Murphey vs. Sinclair Refining Co.; Texas Land & Mortgage Co. vs. Lon A. Mullican and others; W. E. 'HANDLE WITH CARE' MEANS JUST THAT — "Gently, gently," the hand of that soldier (right) seems to be saying as a 2,000-pound demolition bomb is lowered from its carrier into the bomb cradle, for a touchy trip over to a bomber at New Orleans. It's all part of a day's work for a bomb service crew of the 450th ordnance co., aviation bombardment, which has the hazardous job of delivering to the air corps the TNT-loaded bomb all firmed (to give stability) and fused to provide the igniting force.

Two New Districts Will Be Added To Scout Council In Reorganization Program

Plans for the re-organization of South Plains Boy Scout council are now being divided into nine districts. The number will be increased to 11 effective Jan. 1.

Re-organization is necessary because of the steady growth of scouting in the council as a whole and especially in the affected territories, he said.

To Divide Districts

Part of the territory now included in northern district is to be made into a new north-central district embracing Hale county and Olton in Lamb county. Northern district then will consist of Swisher, Castro and Brosie counties.

Southwestern district will be divided so as to create a new south-central district embracing Terry county, Ropesville in Hockley county and Plains in Yoakum county. Southwestern district will retain Gaines county and Denver City and Allred in Yoakum counties.

District organizations are to be perfected in the new areas soon, Dr. Malone said.

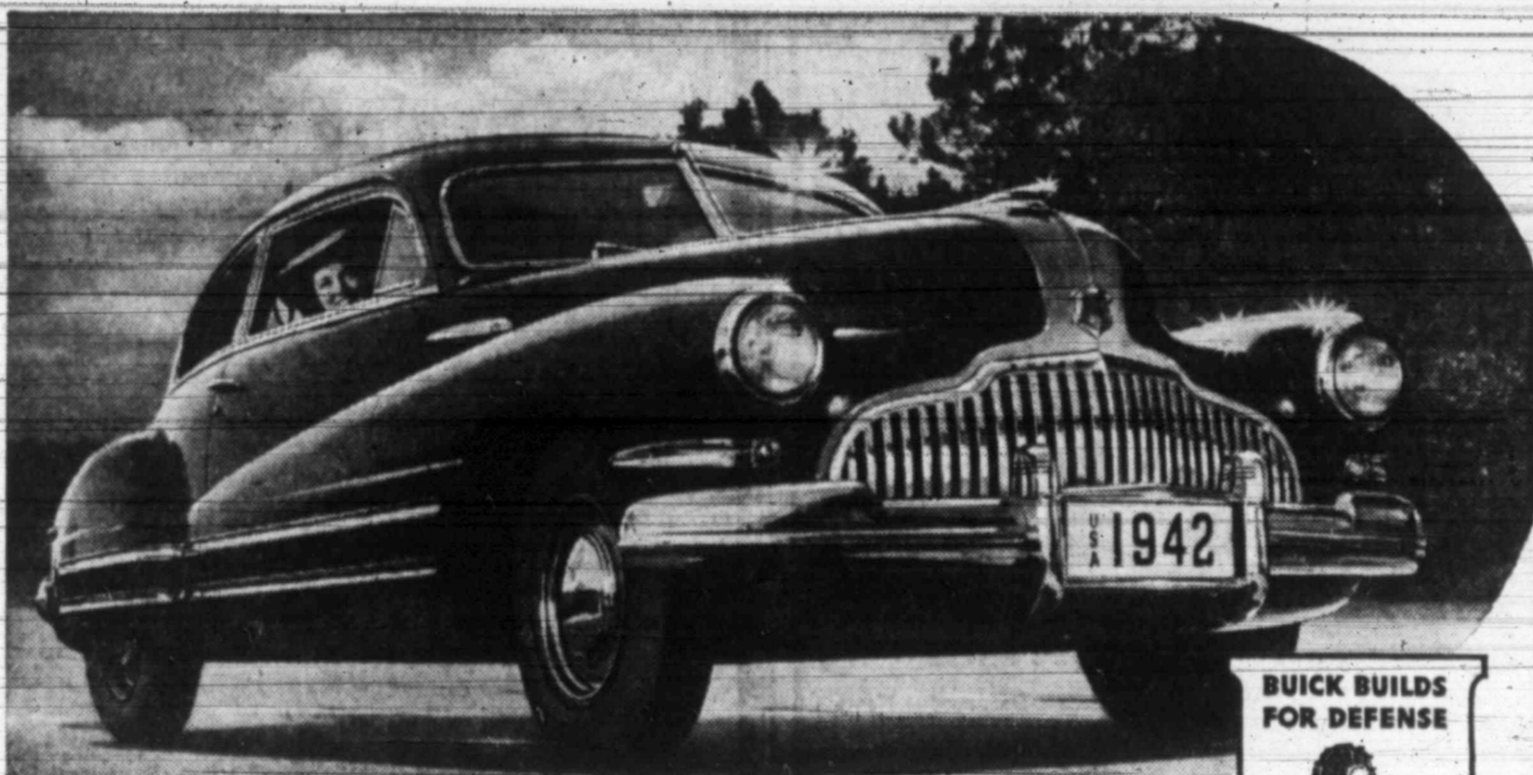

Meetings Are Set

Several important meetings are scheduled this week in South Plains council, according to Jack O. Stone, council executive. Crosbyton, Littlefield, Brownfield and Lubbock are to be the scenes of major activities.

In Lubbock, the third and fourth sessions of a leadership training course are to be held Monday and Friday nights at 7 o'clock in the First Methodist church. Meeting of a temporary training troop is scheduled in Junior High school at 8 o'clock, a banquet for negro leaders is to be held in Dunbar school Tuesday night at 7:30 o'clock, and the monthly Lubbock district court of honor has been set for Friday night at 7:30 o'clock in 99th district courtroom.

Banquet At Crosbyton

Another event Monday night will be the annual northeastern district banquet in Crosbyton Methodist church at 7:30 o'clock. Ralph Brock, Lubbock county attorney, is to be the principal speaker. Alton Chapman, Floyd Adams, Crosbyton, is chairman of the arrangements committee, and Bill McKee, Ralls, heads the nominating committee. L. A. Wicks is the present district chairman.

A HEADS-UP HONEY... all the way

Go ahead—slide into the soft and inviting front seat!

Flip the ignition switch, press the starter treadle, ease in the quiet gears.

Feel better? You bet! Know it or not, your chin's higher already, just picturing yourself traveling into tomorrow in this rugged Buick.

And if it's a long road ahead, who cares? That's a more efficient valve-in-head under your bonnet, isn't it? — and with Compound Carburetion to guarantee top power and top range!

Or suppose the going does get rough — haven't you all-coil springs to float you gently through bad going, and new, broad-rim wheels to ease and steady the ride?

What matter if this car should have to do you two or three times as long as usual — it can take it, and keep on delivering, in that smooth, easy, heads-up fashion you go for now in such a big way.

Fact is, Buick's trim looks are only the outward dress of brawn that's the match for as many years as you want to name.

No other car has ALL THIS FOR YOU IN 'FORTY-TWO

You get FIREBALL STRAIGHT-EIGHT VALVE-IN-HEAD ENGINE, for more power and range.

You get COMPOUND CARBURATION (standard on most models), for top economy.

You get OIL-CUSHIONED CRANKSHAFT PINS AND JOURNALS, for much longer bearing life.

You get STURDI-LITE CONNECTING RODS, for greater strength.

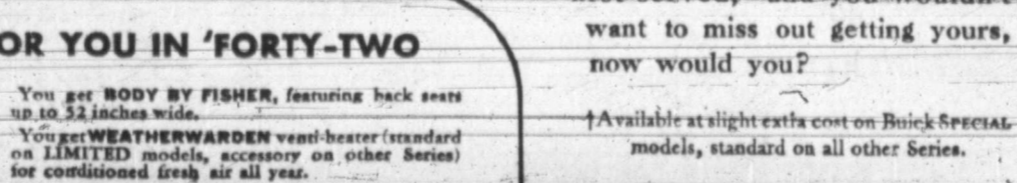

You get STEPON PARKING BRAKE, for ease and convenience.

You get BROADRIM WHEELS, for improved ride and handling.

You get FULLY ADJUSTABLE STEERING POST, for extra comfort.

You get BODY BY FISHER, featuring back seats up to 52 inches wide.

You get WEATHERWARDEN vent-heater (standard on LIMITED models, accessory on other Series) for conditioned fresh air all year.

Honeymoon Of Prayer And Fasting Begun By Bride, 70, And Her Bridegroom, 25; Both Declare Their Marriage 'Made In Heaven'

(By The United Press)

FORT WORTH, Nov. 22.—Theological Student Raymond Vann, 25, and Miss Lou Wilkins, 70, a Baptist missionary, began a honeymoon of prayer and fasting today.

They were joined yesterday in a marriage they said had been "made in heaven."

"Brothers," the bridegroom told the press, "make this hilarious, if you please, but treat my wife fairly and don't write anything that a perfect lady wouldn't approve."

Press Attracted To Event

The press had been attracted to the wedding by the disproportionate ages shown on the marriage license issued yesterday morning. They discovered it was a romance which had reached its flower in the Baptist Theological seminary where the bridegroom, soon to be ordained, studied, and his bride taught.

"We met 10 months ago," explained the demure white-haired bride, "and we often read the Bible together and discussed the scripture but not until 10 days ago did romance occur to us."

"Made in Heaven"

"Then he asked me to marry him and I was amazed but I agreed because I thought God wanted me to do it."

"We don't care what people think of this marriage because we know it was made in heaven."

The bridegroom is dark, tall, virile in appearance, possessing the physique of an athlete. He was

Now It's Chouteau, Plant Officials Think Pryor Easier To Spell

CHOUTEAU, Okla., Nov. 22.—Chouteau changed to Chouteau many years ago because the natives weren't too particular about their spelling.

But the dignity which accompanied a \$54,000,000 black powder plant dictated that the little village of 400 again become Chouteau—with the extra U. So the town fathers decreed.

Plant officials decided it was all too confusing.

They've directed that all mail and supplies be addressed to Pryor—which is nine miles away but much easier to spell.

SO YOU WON'T TALK...EH?

THEN, I WILL. I'll tell you something nobody else in my house ever talks about.

Right in this house under my mom and pop's fingertips is the biggest bargain in town—but do you suppose they ever mention it? I hear 'em rave about the swell bargain they got in a dress or a suit or something, but gee whiz, they never say anything about electricity.

Listen, do you know that electric rates for houses are about half what they were when my sister (she's thirteen) was my age? You bet your boots. We're getting twice as much for our money when we press a button now as we did then; and that's the best bargain in the house.

Of course, the bill hasn't come down because I hear mom and pop say when sister was my age they didn't have so many nice electric things. So we are using more electricity. But twice as much electricity for the same money is still our best bargain and I want somebody to TALK about it.

Hollywood On The Loose...

Movie Production In England Scheduled To Take A Spurt

BY PAUL HARRISON
NEA Service Staff Correspondent
HOLLYWOOD, Nov. 22.—Behind the screen: American and British movie companies are planning a great spurt in production in England during the next few months, and prominent players are being urged to arrange their schedules so they can hop to London for at least one picture.

Of the assets piled up in England by American films, about 50 per cent can be spent there, but not taken out of the country. So Hollywood figures it may as well use the money in making pictures there which can be exhibited in the United States, there's the authentic scenery of aerial warfare to be utilized.

Local wiseguys, by the way, are offering odds that this country will be in the war before England is.

Sonja In Iceland

OTHER international notes: Sonja Henie's next picture will have an Iceland locale, with the enterprising skater appearing in Reykjavik and entertaining American and British occupation troops.

TO the list of Movietown's recent female impersonators—Jack Benny, Bill Powell, Mickey Rourke and Jimmy Duran—comes Joe E. Brown. Returning to the screen after a 30-month absence, he'll disguise himself as a showgirl to elude the villains in "I'm No Cowboy." And over at Paramount, the "Blonde from Lake" will get into masculine full dress for a sequence in "This Gun for Hire."

ELEVEN years ago Elizabeth Patterson came to Hollywood from the Broadway stage for a four-week picture, and she's back in New York on a four-week vacation. Strirling Hayden, who went back to the sea after a hectic career in two films, now is being paged by Paramount to come back for just one day—to let 'em retake a few angles for "Bahama Passage." Ernest Hemingway is talking a deal to work on a screen play here, but not an adaptation of any of his own stories. Charles Nordhoff, unable to get back to Tahiti and his writing partner, Norman Hall, is at RKO helping to turn their modern yarn, "Out of Gas," into a scenario.

THEY'VE finally got a story suitable to the talents of the models who have swarmed out here. It's musical about models, and the gals will only have to play themselves. . . . Just to make sure her break from her long-denied husband is complete and legal, Mae West is filing suit for divorce from Frank Wallace. . . . Title of "The Lady Has Plans" has been switched to "The Girl Has Plans." A feminine foreign spy, Paramount decided at this late day, isn't no lady. . . . The rumpus room in Clara Foweraker's house is decorated with Indian rugs and such and is named "Many-Ha-Ha."

Slow-Motion Films

WE think of movies as being made mostly of film and actors, but industry representatives are in Washington asking for priorities on an amazing assortment and quantity of material for the coming year.

A few items: 28,750,000 feet of lumber and composition board; 12,500 kegs of nails; 160,000 gallons of paint; 2,900,000 feet of electric cable and wire; 360,000 pounds of rope; 600,000 yards of canvas, burlap and such; \$300,000 worth of laboratory chemicals; 277 tanks of helium gas; \$50,000 worth of ammunition, fireworks and liquid smoke.

Austin Bank Employee To Run For Treasurer

AUSTIN, Nov. 22. (AP)—Gordon Smith, assistant cashier of an Austin bank, said today he will be a candidate for state treasurer in the 1942 Democratic primary election.

CONTRACT IS AWARDED

HOUSTON, Nov. 22. (AP)—Humble Oil and Refining company today announced award of contract to the Stearns-Rogers Manufacturing company of Denver for construction of a \$2,000,000 gas-liquids plant near Katy. The plant will process more than 200,000,000 cubic feet of gas daily and turn out more than 5,000 barrels of finished products, Humble said.

HANDS SAID SCARCE

RALLS—Farmers report so far a shortage of harvest hands to gather cotton and feed. Grain harvest is well under way. Most of the grain is being threshed. There has been a movement of grain to Blanton for processing at the Plains Grains & Heads Handling Co. plant.

Air Thriller Is Palace Feature

"ONE FOOT IN HEAVEN"—the life of a rural minister—as a motion picture hit that is "something different" takes the entertainment bouquet at the Lindsey today through Wednesday.

Hailed from coast to coast by critics in every walk of life as one of the finest photoplays produced in Hollywood along this order, "One Foot In Heaven" offers to the nation's theatergoers a portion of American life seldom seen on the screen but a basic part of the democratic freedom for which this nation is now fighting.

Story Largely Factual

This story is largely factual, being based upon Hartzell Spence's biography of his own minister, Fredric March and Martha Scott, who appear in the starring roles and whose performances lack nothing for excellence.

The story opens in 1904 with William H. Spence, brilliant young medical student at Toronto university, announcing to his fiancée and astounded parents that he is giving up his studies to enter the Methodist ministry. The fledgling preacher and his pretty bride are next shown arriving at their first charge, in Lakewood, Iowa, to be greeted by a set of circumstances that might have caused the stoutest hearts to quail. The parsonage is a dismal wreck, furnished with hand-me-downs and discarded monstrosities of so-called art. But the people are warm-hearted, kindly.

Has Stellar Cast

From one struggling parsonage to another, the minister and his wife go their way of service, giving their all in strength and time, never thinking of themselves. Their family is growing, responsibilities multiplying.

The saga of service, related in incidents replete with drama, humor and human interest, closes with an inspiring note. The Rev. Spence has built a church. It offers everything he and his wife have ever dreamed of for themselves. Then a climax to the story and life service of the minister's career—a climax that highlights the entire film.

Stellar supporting roles are reeled off by Beulah Bondi, Gene Lockhart, Harry Davenport, Laura Hope Crews, James Cowan, Elizabeth Frazer and Frankie Thomas.

Thriller At Palace

Uncle Sam's man who defies death, the "Parachute Battalion," take the spotlight at the Palace today, Monday and Tuesday.

Robert Preston, Nancy Kelly, Edmond O'Brien and Harry Carey are co-starring in this spine-tingling thriller which also has Judy Ebsen, Paul Kelly, Richard Cromwell and Robert Barrat in featured roles.

Depicting the training of paratroopers for Uncle Sam's army, the story takes four young men from varied social positions, ranging from a happy-go-lucky hill-billy to a scion of wealth, and graphically portrays their adventures, their loves, their rivalries, their fears, hopes and joys, from the time of their enlistment in this spectacular new arm of the service, to the day they receive the

Grant And Dunne Starred In Broadway's 'Penny Serenade'

Andy Hardy Is Back At Lyric

CARY Grant and Irene Dunne are teamed for the fourth time in "Penny Serenade," a sentimental love story filled with laughter and tears, which begins a three-day engagement today at the Broadway.

Possessing a warmth and tenderness which makes it one of the year's "ten best," "Penny Serenade" is a story of an irresponsible newspaperman who marries Miss Dunne, whom he had just met in a music store, ten minutes before leaving for Japan on a newspaper assignment. When she joins him, months later, in Japan they spend a rapturous honeymoon which ends in near-disaster as the result of an earthquake. Returning to America, the couple settle down to life in a small country town, where he attempts to run a newspaper.

Changes His Life

They find new life and interest when they adopt a little girl, who becomes the center of their universe and causes Grant to change into an attentive husband and loving father. When tragedy hits them again, in the form of the little girl's death, he reverts to his former reckless self. Their marriage goes on the rocks but the eventual workings-out reach a smashing climax of laughter and tears in a surprise ending.

"Life Begins For Andy Hardy" opens today at the Lyric for an engagement of three days. Star-

"PENNY SERENADE"—BROADWAY

ring Mickey Rooney, this latest M-G-M Hardy family production includes Judy Garland, Patricia Dane, and the regular Hardy family cast of Lewis Stone, Fay Holden, Sara Haden, and Ann Rutherford.

Dealing with the problems facing youth after graduation from high school, this film is the most serious to date of the Hardy series and finds young Andy cut-

ting home ties to go to New York and work for a month. At the end of his New York stay he plans to make his decision concerning his future whether he shall continue to work or go to college.

This splendid show portrays Andy's transition from the wisecracking, high-stepping small town boy to a sober, serious young man who is discovering life at its face value.

LINDSEY

"Proud though we are of this entertainment, we are prouder that it will be recognized as another forward achievement by the American motion picture industry. We are grateful to the American public for inspiring these achievements."

CRITICS RAVE!

Lubbock people who attended the advance screening in the Lindsey Theatre last Tuesday morning express their praises of "ONE FOOT IN HEAVEN" . . .

"One of the most inspirational productions of any kind that I have ever witnessed. May we have more of them. The world needs them now especially!"—Mrs. W. Jack Lewis.

"Fredric March at his most eloquent and convincing. A fine tribute to the meaning of Christianity in 1941!"—James G. Allen.

"I would like for every man and woman in Lubbock to see the picture. If he has a lesson no sermon can convey."—Mrs. S. T. Hodges.

"A very fine picture with a good moral. Can recommend it to everybody, old and young."—Mrs. J. O. Ellsworth.

"We need more shows of this type!"—Mrs. George Long.

"Definitely the best picture I've ever seen. I could sit through it again. I wish that everyone in Lubbock could see it."—Mrs. Frank Blake.

"A wonderful picture. It was an inspiring picture. We should have more like it!"—Mrs. Ted Tipps.

"The best picture since Les Miserables!"—Grace Haisell.

"The most marvelous picture I ever saw!"—Mrs. W. E. Twitty.

DEFINITELY A "MUST SEE!"

Features At 1:00, 3:15, 5:30, 7:45 and 10 P.M.

No Advance In Prices

Comedy Hit, "They Met In Bombay," Is Tech Feature

Double Bill Is On At Arcadia

CO-STARRING in one of the year's top-notch adventure dramas, Clark Gable and Ross-Lind Russell score again in "They Met In Bombay," a romantic action-packed story of the Far East, showing at the Tech theater today and Monday.

Lavishly produced with a colorful oriental background, "They Met In Bombay" revolves around the escapades of Gable and Miss Russell, a pair of international jewel thieves who try to outwit each other and end up trying to outwit the police.

Both After Diamonds Meeting in Bombay, gateway to the Orient, Gable and Miss Russell clash as each discovers the other has designs on a fortune in diamonds. Gable is a discredited British army officer who has turned into a suave, gentleman crook, and Miss Russell is a chic, fast-talking "Lady Raffles" moving in smart circles. Miss Russell "lifts" the fabulously valuable diamond necklace first, but Gable, through a ruse, takes the loot from her. Fireworks between the two continue until they are forced to flee together from the police. On board a freighter heading up the China seas, the fugitives discover that they love each other; henceforth, they are two against the world.

The villainous skipper of the freighter, portrayed by Peter Lorre, betrays them to the police, but eventually they reach a sanctuary in a Hong Kong cellars hideout. In Hong Kong their fortunes become involved in international affairs and Gable redeems himself through his heroic assumption of the uniform to which he was once entitled, an action building the story to a surprise, dramatic climax.

Two Arcadia Features "Blood and Sand" and "Panama Lady" are on the bill of fare at the Arcadia theater today and Monday. "Blood and Sand," a masterpiece in Technicolor, is a blazing pageant of Spain and the bull ring, starring Tyrone Power, Linda Darnell and Rita Hayworth. Depicting the story of a matador who is torn between love of his beautiful wife, Miss Darnell, and the allure of a fiery temptress, Miss Hayworth, the film reaches new heights in elaborate beauty of color and costume, fine acting, and superb directing.

The second feature at the Arcadia, "Panama Lady," features Lucille Ball, Allan Lane, Donald Briggs and Siffi Duna. Cast as a stranded chorus girl in a Panama cafe, Miss Ball is given the go-by by a gem smuggling aviator, Briggs, taken into the interior by an oil prospector, Lane, and almost poisoned by Miss Duna, Lane's native girl. Trouble comes anew when Briggs steals Lane's oil grant plans, but everything is straightened out, resulting in a happy ending for Lane and Miss Ball.

Lindsey Program

Continued From Page 8 covered decorations certifying them as full-fledged parachute troops.

Colorful Feature At Tower The lure of the South seas—an eye-filling of Lamour glamour—an exciting red-blooded tale climaxed by an erupting volcano—these are the highlights of "Aloma Of The South Seas," current attraction at the Tower.

Stars of "Hurricane," Dorothy Lamour and Jon Hall are reunited in their stirring technicolor hit with Lynne Overman, Katherine DeMille, Philip Reed, Fritz Leiber and Dona Drake also turning in top notch performances.

It's a highly romantic thriller of native life on a paradise isle with chants, music and tribal pagentry that lend stirring effects to the melodrama, itself. Miss Lamour finds herself torn between her love for the tribal prince, Hall, and his villainous cousin, Reed. Overman, the tribe's friendly white man, has his hands full trying to keep the two husky youths from killing each other. Intruding upon the ceremonies of the high priest's sacred rituals, Reed machine-guns the holy man by mistake and causes the dreaded curse—the awakening of Samara, the sacred fire mountain, to erupt. The entire cast, including hundreds of

panic-stricken natives, participate in the climax, when the crater-explosion practically blows the entire island off the map.

"Dressed To Kill," starring Lloyd Nolan, Mary Beth Hughes and Sheila Ryan is the feature offered at the Texan for the next three days.

At the Cactus today through Tuesday, another double program tops the entertainment menu.

"Puddin' Head," with Judy Canova, Francis Lederer and Raymond Walburn is one-half the twin bill.

"Behind The News," starring Lloyd Nolan and Doris Davenport with Frank Albertson, Robert Armstrong, Paul Harvey and Charles Halton in notable roles, is the other half of the program.

"LIFE BEGINS FOR ANDY HARDY"—LYRIC

"ALOMA OF THE SOUTH SEAS"—TOWER

"That Night In Rio" Takes Top Spot On Midway's Bill

Ameche, Alice Faye Are Stars

MIDWAY moviegoers are promised one of the most mirthful, musical and all-round entertaining features of the season in "That Night In Rio" today when the merry South American set hit returns to the city.

Stars of this scintillating screen offering are Don Ameche, Alice Faye and the inimitable Carmen Miranda.

Fine Supporting Cast The fine supporting cast includes J. Carroll Nash; Curt Bois, S. Z. Szwed, Leonid Kinskey and many others, along with Miranda's orchestra.

The setting is Rio de Janeiro, where an American, Ameche, and Senorita Carmen, a Brazilian, are sharing equal billing at the Casino Samba and carrying on a backstage romance. On the stage Larry impersonates Baron Negretti, also Ameche, a well known Rio personality and husband of Miss Faye.

As expected, mistakes in identity occur involving Miss Faye, Ameche and Miss Carmen, and the hilarious situations which are brought about as a result "make" the picture.

He Even Makes Love The Baron has purchased a controlling interest in an airline in expectation that the line's contract would be renewed. When the contract isn't renewed the Baron hurries off to Buenos Aires to raise a loan. The Baron's business colleagues, Sakall and Salles, alarmed when the Baron fails to make his usual appearance at the stock exchange hire Ameche, as the American, to impersonate him. Ameche unwittingly buys the rest of the stock of the airline in the Baron's name, and even goes so far as to impersonate the Baron at a reception at the Baron's home. He even makes love to Miss Faye.

And then the Baron pops back into the picture along with Miss Carmen and the ensuing confusion and the solving of same adds a touch to the film in keeping with its comedy-romantic note.

BUSY AT MEADOW MEADOW. — Grain sorghums are drying out nicely and farmers in this part of Terry county expect a good yield. Cotton is coming in and gins are operating at night.

"THAT NIGHT IN RIO"—MIDWAY

Henry Busse And His Band At Cotton Club On Monday

The man whose rendition of "Hot Lips" and "When Day Is Done" made him a national favorite from coast to coast, is coming to Lubbock Monday night.

Clyde Trusty, manager of the Cotton club, announced Saturday that Henry Busse and his orchestra will play a one-night engagement to open the winter season there. Other big-name bands will be brought to the Cotton club during the next few months, he said.

"Shuffle Rhythm" Featured Although Henry Busse has gained recognition by virtue of his famous muted trumpet, the band has also distinguished itself for its "shuffle rhythm."

Featured in the Busse band are vocalist Billy Sherman, rhythm singer Fuzzy Combs and comedian Otto Graesser. The comedian is a Texan, hailing from San Antonio.

The public sets the style in dance music, and just what the next cycle will be is a moot question, Busse says. "But whatever it is the public wants, we're going to give it to them."

Favorite Own Nation Busse has always featured a rhythmic style, concentrating on melody. His style clicked from the start throughout the country and the band has left a long trail of box office attendance records in many of the swanky hotels and resorts in which it has appeared.

Monday-night dances at the Cotton club will start at 9 o'clock and tickets will be \$1.25 per person, plus tax.

HENRY BUSSE

CROSBY GINS BUSY CROSBYTON—Gins here are operating on a 24-hour basis to handle the crop. Generally the gins are several hours a day behind at the close of the day. Farmers are reported stopping cotton harvesting to save their grain.

British Red Tape Hobbles U. S. Aid; New Streamlined Army To Be Hard-Hitter

No Time For "Tea Parties" U. S. Authorities Exasperated

SEVERAL dispatches from Washington recently indicate that British Lease-Lend representatives often go a good deal further than to look the gift horses they obtain from us in the teeth.

It appears they deliberately knock a few teeth out of the effort to aid them if they find anything that does not suit their fastidious taste.

Not so long ago they irritated certain official boards of our Army and Navy to the exploding point and, more recently, they have disgusted some of our airplane manufacturers so thoroughly that they are threatening to refuse to handle any future British contracts.

The trouble with the Army and Navy boards came about when a certain official British group insisted upon making their own inspections of war materials being made for Britain under the Lease-Lend act. The British group didn't have enough inspectors to get the job done, but they insisted on the inspections just the same. Furthermore, they didn't like to work overtime and they insisted upon a leisurely pause each afternoon for tea. Indignation among our representatives finally boiled over, it appears, and this situation was alleviated, if not corrected entirely.

Now comes the report that the British are throwing a monkey wrench into the airplane production machinery by making alterations in the designs of planes in the process of manufacture. The manufacturers complain that about the time they complete work on one type of plane according to the specifications in their hands, they get another set of plans. This means they have had to undo what they have already done, and make a new start. Obviously, that way of doing things doesn't speed production. It is a repetition of what happened in France, where changes in design of planes being manufactured were so frequent that practically none ever was finished.

These experiences add to previous evidence that about the worst handicap the British have in dealing with this nation are the representatives they send over here. Apparently they seem to have the notion that they are doing the favor in accepting the aid we are giving. As long as that is their attitude, the British need not expect any widespread enthusiasm in America for the help that is given.

Be Careful, Teachers!

MEMBERS of the Texas State Teachers' association will be wise to limit themselves to the "hope" expressed by their executive committee that the legislature will hold a special session to act on proposals that public school teachers be guaranteed a minimum wage of \$1,200 per year.

An attempt to insist on a special session would cause criticism—perhaps most vigorous criticism. It might cause such resentment as to forbid an unprejudiced consideration, now or later, of the wage proposition.

Actual operating costs of a session of the legislature run to about \$5,000 per day. This usually is the least cost incidental to a session. The big cost results from appropriations—and there probably never has been a legislative session without appropriations. People are not in a mood for that sort of thing now. They are pretty sure to be even less in the mood when the tremendously increased federal taxes hit them in the pocketbook in 1942.

If a special session must be held for other reasons, then it might be proper to dispose of the wage question then. But the merits of the wage proposition are debatable, to say the least, and it is neither so urgent nor so important as to justify a special session in itself.

It should be apparent to everyone that people generally would not approve any special session except for reasons of such urgent and immediate importance that consideration of them cannot be deferred without danger. There are no reasons of that kind on the horizon at this time.

The One Minute Sermon

Ye shall do no unrighteousness in judgment; thou shalt not respect the person of the poor, nor honour the person of the mighty; but in righteousness shalt thou judge thy neighbour.—Leviticus 19; 15.

OUR PLEDGE
We pledge allegiance to the Flag of the United States, and to the Republic for which it stands; One Nation, indivisible, with Liberty and Justice for all.

Santa's Little Helper

1940's Hysteria Is Gone—And So Is "Tomorrow We Die" Complex Britain To Observe Simple Yuletide

BY PAUL MANNING
NEA Staff Correspondent

LONDON, Nov. 22 — One toy for every child in ten... homemade plum pudding... cider and apples and carol singing... like putting the clock back to the turn of the century when Christmas was sober and simple. And that's just what Christmas in Britain will be like, this year of our Lord, 1941 — sober and simple.

It won't be much like 1940, even if the bombs do begin to rain down. For the men and women of England have sort of gotten used to war by now. They're taking it in stride.

Though they will again have to become accustomed to the crumpling of high explosives, when the Luftwaffe starts what many predict will be a long series of all-out blitz raids, they accept the inevitable now with equanimity. Last year it was different. England was in the middle of a long winter of bombing. At the sudden, sharp cessation, when no German planes left their airfields in France, people grabbed at the respite with an almost hysterical fervor, cramming all the amusement they could into that narrow 48-hour space.

They danced in air raid shelters and in the streets, in night clubs and luxury hotels and many of the parties which lasted until dawn seemed to some observers like the expressions of a tomorrow-we-may-die generation.

WAR WEARINESS BRINGS A NEW REVERENCE

It won't be like that this year. People have learned that air raids alone bring death to comparatively few and as long as England can retain command of the air and the sea, millions will continue to live.

So there won't be last year's fervor. But because the people do get tired after nearly three years of war when the struggle at all times is unequal and uphill, Christmas will be like something beautifully fragile to be handled soberly, quietly, with reflection. Bitterly high taxes and severe rationing will also be factors helping to quieten soberness this year. Few families will have money to toss around, except those whose untaxed capital is still so great that they can continue living at almost their pre-war level of opulence.

Of toys, there will be only enough for one child in ten. Toy stores in London are getting from manufacturers 25 per cent less than in 1940. The largest toy store in Regent Street predicts that 1941 will be the last year new toys will be manufactured until war ends.

Boys will suffer more than the girls in this 25 per cent reduction. There will be no new miniature soldiers, no construction sets, nothing with metal and aluminum for domestic sale once the stocks now being displayed are exhausted.

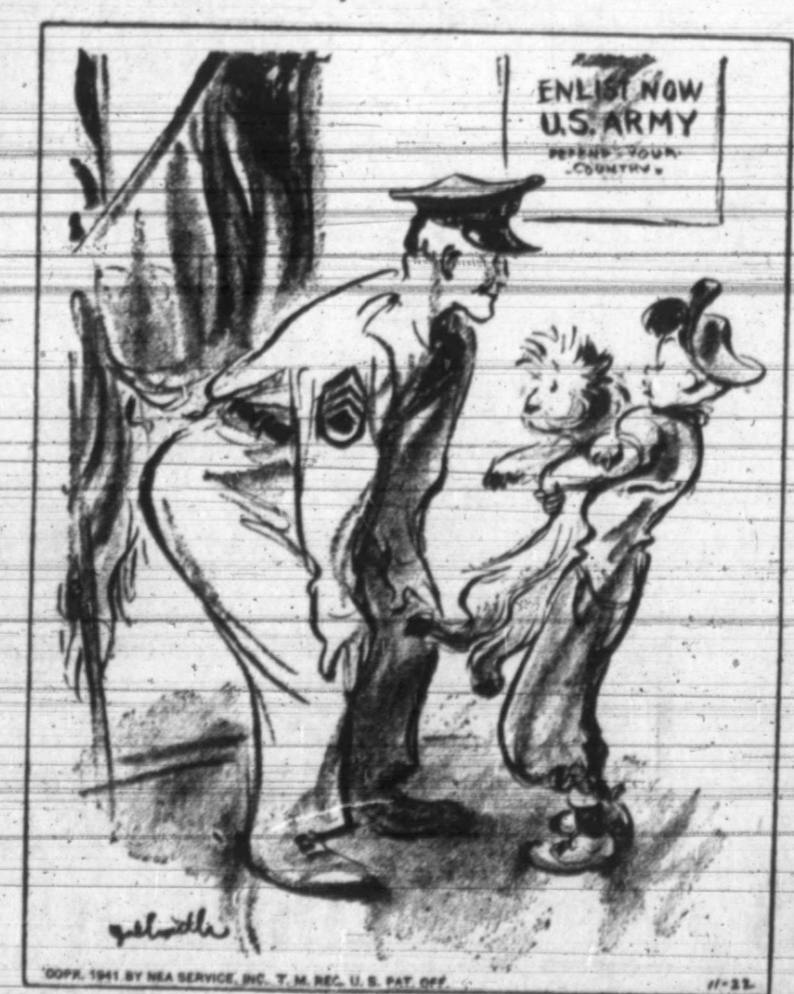

Second-hand toys will be used on a larger scale than last year. The firemen of London have had an exhibition at King's College hall the 2000 toys they repaired which will be given to the children of London's poor. Other organizations, too, are working along this same line, to insure that the children of England will be aware that Christmas, their day, still remains alight in a Europe nearly dark.

From New York, the British War Relief Society is sending small packages for 100,000 children, to be given out at the hundreds of Christmas Eve parties

New toys will be scarce in England this Christmas. Above, London firemen display some of the 2000 second-hand playthings they have repaired so that British youngsters may not be deprived of their Christmas joy.

Side Glances—By Galbraith

"I know I'm no old enough to join up—but I thought the Army might need Buck as a mascot."

U. S. Fighters Reorganized (The National Whirligig)

WASHINGTON
By Ray Tucker

THE U. S. Army will emerge as a faster and harder-hitting force than any military unit in the world, after reorganization has been completed on the basis of lessons learned from home maneuvers and foreign wars. GHQ already has prepared a rough blueprint, subject to modification.

The Triangular division, smaller, more cohesive and possessing heavier weapons, eventually will displace the Square division. These units move about 20 miles an hour faster than the World War doughboys. They will have at least 25 per cent greater firing power. Originally designed merely as a break-through force, the modernized organization's manpower is to be increased sufficiently to hold the territorial gains it makes. Since there are only three regiments, as against two infantry brigades and one artillery brigade in the Square outfit, the Triangular setup shortens the chain of command between GHQ and advance troops. There will be fewer "dought generals" in this Army.

The Triangular division now has about 15,000 men and the Square has approximately 22,000. Probably the strength of the permanent unit will be fixed at 18,000. There will be a strong resemblance to the German panzer unit, but with improvements which Hitler has not had time to make. That is an advantage which the U. S. enjoys as a sideline spectator.

PUNCH: Our streamlined Army will be equipped with entirely new weapons in all categories from artillery to small arms. Behind the changeover lies the necessity for concentrating maximum fire power at any given point. That requires heavier ordnance and more mobile vehicles—possession of which has accounted for German successes on every front.

The semi-automatic Garand now has reached such a stage of production that this soon will replace Lee-Enfields and Springfields as the basic infantry weapon. The 105 and 155 howitzers will supplant the French 75's, although the latter will be retained for anti-tank use. Even World War models of that famous gun have proved their worth in the present conflict. A new 4.5-inch gun has been devised, and soon will be placed under contract. The .50-caliber machine gun will become standard equipment in place of the lighter .30-caliber. Officers below the rank of major will carry a carbine capable of killing at 300 yards. Only the "brass hats" will rely on old-fashioned pistols. Whereas tank units now have two light and one heavy vehicle, that proportion will be reversed as soon as the 28-tonners are produced in volume.

Our motorized stuff will attain a speed matched by no other Army's rolling stock. In recent maneuvers the artillery moved so fast that it was constantly on the infantry's heels. The strange sight led a major general of the latter branch to suggest ironically that heavy guns should be fitted with bayonets for hand-to-hand fighting.

This streamlined, heavyweight Army will not be prepared to take the field until early 1943, largely because there will not be enough of the new weapons until then. But when the boys are ready to go into action—here or abroad—they should pack a knockout punch!

COMEBACK: The Republican party may have to draw lots to conscript enough candidates to make up gubernatorial and senatorial slates in the off-year elections next November. GOP members of Congress ordinarily receptive to nomination for these offices are shy of office.

These refusals to run a year hence give an insight into the smarter Republicans' long-range plans. Most of the men approached by state leaders do not regard 1942 as a winning year for the opposition. They believe that the United States may declare war next spring or summer, and that the people will be under a patriotic spell. There will be demands for national unity and a minimum of political sharpshooting. The burden of increased taxes, higher prices and shortages will not have had time to annoy the voters. In short, 1942 should be a fairly favorable year for the "ins."

These same sidesteppers think that their opportunity will come in 1944. By that time they figure the people will suffer from the same sort of war weariness that led to overthrow of a Democratic House in 1918. They may be wrong in their reckoning. But right or wrong, GOP insiders are confident of a local and national comeback in 1944.

NEW YORK

By S. Burton Heath

SHIPPING circles foresee a progressive tightening in the cargo space available for satisfying normal requirements, as an immediate result of neutrality act revision. This is expected more than to counteract the recent slight lessening of tension since British losses have been cut down.

The Maritime commission is understood to be preparing to virtually take over some 80 merchant craft now operating on the Red Sea and Pacific runs, and use them to expedite transport of Lease materials to Britain and Russia, as well as to speed up our production yet more.

Now that U. S. ships can be sent into belligerent ports, we shall not be limited to use of other flags. But the shifts will be delayed by the necessity of arming the vessels for defense before they are started for United Kingdom ports. Nobody has any real doubt that the Germans will try as hard to sink U. S. craft carrying goods to Britain as they do to deny us the ships. To put armament on some four hundred merchant boats will take at least four months. But as this is achieved, the space available for non-defense shipping will be reduced rapidly.

HETEROGENEOUS: Not since the late Huey Long ruled Louisiana with a flamboyant iron fist has there been a three-ringed political circus to match what insiders expect will develop in the New York City council after January 1, as a result of the past election.

When the councilmanic count was completed, the Communist party line was assured of a minimum of two consistent votes, with at least one other member toward whose election the Reds contributed. Clayton Powell, a preacher who has one of the largest parishes in Harlem, is the candidate of the left wing of the American Labor party, which has been as consistent in following Moscow's philosophy as the Communist party whose Brooklyn chairman, Peter Cacchione, also was elected to the city's legislative body.

Borough President Stanley Isaacs of Manhattan withdrew for the race for reelection in the interest of anti-Tamm harmony, after he had been turned down by his own GOP for having retained an admitted Stalinist as confidential investigator.

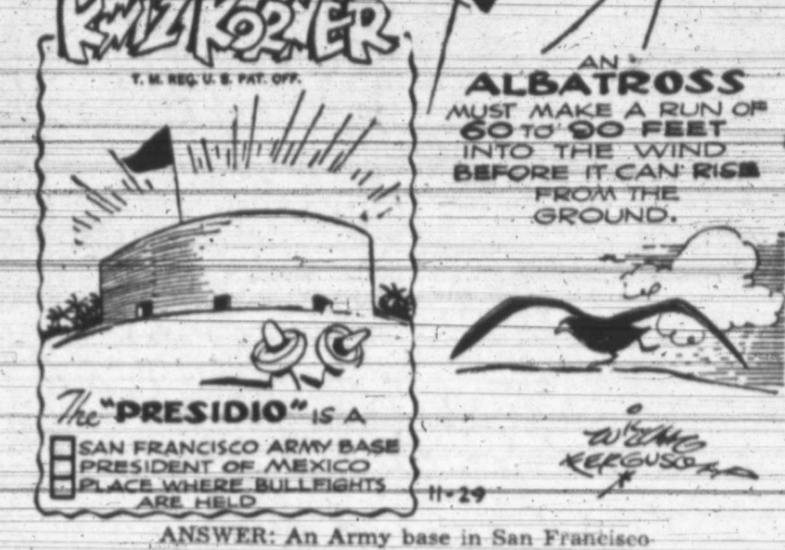

In addition, there are two Social Democrats—former Socialists, counterparts of the British Labor party in their political ideology. One is the mother of two children. She is only one of the three women included in the 25 members.

OUSTED: Cacchione, an ex-railroad worker, has been Communist candidate for the council in Brooklyn ever since the city's charter was revised in 1936. He obtained his chairmanship in that borough as a lure to Italian votes, upon which he capitalized in winning—just as Powell capitalized upon the negroes' desire to see one of their race on the council. Cacchione's political adviser will be Simon Gerson, former Daily Worker reporter, whose retention forced Borough President Isaacs to step aside.

Drives to oust Cacchione are planned in both the courts and the state legislature, not to mention that fellow councilmen will attempt to bar him on the "Gentleman's club" basis. The object of these attacks is a mild, quiet man who isn't quite certain what his party stands for, but is pleased to be its local head and elated to have become a city father. Inside the party he is laughed at—and used.

Our Curious World—By William Ferguson

ANSWER: An Army base in San Francisco

De Gaulle's Fight To Free France Is Drama

Phillippe Barres' Book Is Picture Of Fighter-Hero

"CHARLES DE GAULLE" by Philippe Barres (Doubleday, Doran, New York).

YEARS before the Nazi panzers and dive bombers roared into France, a young French veteran of World War I saw them coming, and defined the path they would blast and blaze.

The young man was Charles de Gaulle, but he raised his voice in a wilderness of scheming French politicians and septuagenarian generals more concerned with saving their own hides than with the fate of their country. Now

licking the boots of their Nazi masters from Bordeaux to Nancy, these over-stuffed shirts probably realize but won't admit that had they listened to the young man, the story would have ended more happily for them.

Makes Exciting Reading

The personal story of General de Gaulle, now head of the growing Free French forces, makes exciting and profitable reading as presented by Philippe Barres, former editor of Le Matin and Paris Soir, in the important biography, "Charles de Gaulle."

Barres, long a close friend of de Gaulle, first heard his name, oddly and prophetically enough, in Germany, where Von Ribbentrop and several German generals spoke praising of de Gaulle's articles and books on the tactics of streamlined lightning war—the same works which won him scorn and

demotion from his own general staff.

Germans Borrowed Ideas

The Germans, just as they borrowed the airplane and submarine from the United States and the tank from Britain as weapons, adopted de Gaulle's ideas of mobile warfare to the letter. They even followed the route into France—the predicted—and did for the Maginot Line as he thought they would.

Persevering but fruitless was de Gaulle's fight for French army mechanization. Paul Reynaud argued for him politically, but the crusty, mossaik general only clapped their 1914-1918 military thinking.

Barres explains concisely how the tall soldier-conducts his fight in Africa, France and England. Maybe he'll win and maybe he'll lose, but Barres' biography leaves the reader with a picture of a true fighter and hero—maybe a male Joan of Arc.

Thumbnail Reviews

CAROLINE GORDON'S "Green Centuries" (Scribner's) should take its stand with "Drums Along the Mohawk" and other first-rate novels of the early frontier, for the author not only makes adventure venturesome, but develops buckskin characters who push past the Appalachians with something more in their eyes than the tail of a coonskin cap.

This is the story of Cassy Dawson, the brothers Rion and Archy, the wilderness and the Indians. The red men in this book walk and talk like men, not like sav-

Future Agriculture Prices Have Farmers Guessing About Federal Control

Referendum To Be Held Dec. 13

By OVID MARTIN
Special News Service Writer
WASHINGTON, Nov. 22.—Congress in official as well as trade quarters as to future agricultural prices has millions of cotton and wheat farmers guessing what they should do about federal crop control programs.

Cotton growers will vote in an Agricultural Adjustment Administration referendum Dec. 13 on whether they want rigid marketing quotas continued on next year's crop. Wheat producers will ballot in a similar referendum next spring.

Two-Thirds Must Approve
Under quotas, the AAA tells farmers how much they may sell. Products sold in excess of a quota are subject to stiff penalty taxes, which this year were 10 cents a bushel for wheat and 49 cents a bushel for cotton. Quotas must be approved by two-thirds of the farmers voting.

This will be the fifth time that cotton farmers have voted on marketing control. The quota proposals always carried, usually by top-heavy majorities. But it has been conceded by both supporters and opponents of the AAA system that there was little economic reason for rejection of quotas.

Prices Lower Previously
Past cotton and wheat referenda were held at times when prices of these crops were considerably below levels demanded by farmers. Tied in with the quotas were government commodity loan programs which lifted and pegged prices at levels higher than would otherwise have prevailed. Consequently it was easy for AAA officials to convince farmers that they would secure a larger income with quotas.

The situation is different now. Averaging about 16 cents a pound, cotton prices this season have been the highest since 1930. This average is virtually the parity price goal of the AAA programs. While not quite as close to the parity goal, wheat prices have been the highest in many years.

Expect Higher Prices
Many farmers, traders as well as officials believe these prices will go higher. This belief is supported by administration requests for price control legislation. There has been much talk in Congress and among officials concerned over the possibility of inflation that cotton, if not subject to price ceilings, might go to 20 or 25 cents a pound. Likewise there has been talk of wheat going to \$1.50.

Secretary of Agriculture Wickard himself has implied through support of the administration's price-control bill, that he fears farm prices may go to levels unfair to consumers and not in the best interest of agriculture.

Discontinuance is Suggested
In testimony urging price controls, Wickard told Congress that one of the surest methods of preventing inflationary prices was bountiful production. Some farmers have suggested that perhaps the AAA production and marketing control program for cotton and possibly wheat should be discontinued in 1942.

AAA officials contend that the marketing quota system and the price-supporting loans are the principal factors in the present favorable price situation. They argue that discontinuance of the quotas and loans next year would result in a sharp drop in prices.

Farmers Must Take Quotas
I. W. Duggan, director of the AAA's Southern division, says he believes that without loans and quotas cotton would tumble to between 7 and 8 cents a pound.

Under the AAA act, loans may not be offered in years when quotas are rejected. In other words, farmers must take the restrictive quotas in order to get the price-supporting loans.

Thus, farmers are caught between publicly expressed fears that cotton and wheat may rise to excessively high levels and offi-

Farmers Of Area Warned To Have Sorghum Seeds Tested For Germination Before New Crop Is Planted; Rain Damages Seed

South Plains farmers who expect to plant grain sorghum seed from their own crop this year, or who expect to sell seed for planting purposes, should, because of the serious condition arising from excessive rainfall, this season, take extra precautions early to see that their grains are tested.

This is the advice of Dr. Arthur W. Young, head of the department of plant industry, Texas Technological college and a member of the state plant and seed board.

Only Get 70 Per Cent
Recently, Dr. Young met with members of the state certified seed group in this area who produce the greater portion of state certified seed. They advised him that by extra cleaning they found they could not get more than 70 per cent germination. Normally germination is well above that figure, ranging from the mid-80's to the mid-90's.

Special warnings that the bottom may drop out if controls are not kept in force.

Greatest opposition to the cotton quotas appears to be centered in Oklahoma and Texas, where many farmers have had to operate under both cotton and wheat quotas. Complaints have come from this region that Northern and Midwestern corn-hog, dairy, beef and poultry farmers are being urged to produce all they can, while Southern farmers are being restricted not only on cotton but tobacco as well.

AAA officials reply that the Southern farmers also may increase production of hogs, beef cattle, chickens and dairy products. They agree that many Southern producers lack the equipment, stock, feed and finances, however, to expand production of these food products.

Whenever it is possible, Southern farmers are being urged to double their peanut acreages.

There is small foreign demand now for American cotton and wheat.

Dr. Young advised farmers to get their planting seed tested early by the state seed testing laboratory in Lubbock. The service is free and Early Pelletier, analyst in charge, takes special care to handle promptly all samples sent him.

Test Made At College
Asked for a statement on the grain situation, especially as it applies to the South Plains area, Dr. Young made the following comments:

"A few days ago random heads of milo were selected in the field on the College farm. These heads were threshed and germination tests made. The samples were also tested for moldy and sprouted kernels."

"The germination tests reveal that only 41 per cent of the kernels will germinate and that a total of 81 per cent of the grain is damaged by molding or sprouting."

Would Have Seed Tested
"The seriousness of this condition becomes evident to the farmer when he considers his source of seed for the coming year. By heavy cutting back in cleaning and recleaning of seed, the germination can undoubtedly be increased to about 60 to 70 per cent. By all means every farmer should have his seed tested early in order that he can secure seed with sufficiently high germination to insure a stand of his crop next year. This seed testing is free to all farmers who will submit samples to the State Seed Testing Laboratory at Lubbock or Austin."

"Sorghums shocked before the rainy weather are generally in worse condition than those remaining on the stalk in the field."

"Some of the early maturing sorghums were headed before rain damage occurred. Other sorghums such as the later plantings of kafir and hehari were not developed far enough to permit damage by the September and October rains, and bright seed largely free from mold and sprouting can be secured by se-

Farmers Plan Much Terracing

COLLEGE STATION, Nov. 22 (Special)—A terracing program of 25,518 miles of standard terraces is the goal of Texas farmers under the 1942 AAA farm program, according to Fred Rennels, assistant administrative officer in charge of the Texas AAA.

The extensive terracing program will be made possible by the conservation services or purchase order plan of the AAA program, he explained. The cost of terracing established at a basic fair price for farms in a county, may be deducted from future AAA payments.

Basic Fair Price Sought
In arriving at a basic fair price for each county, the AAA official said that written offers will be made to county AAA committees by persons equipped to construct terraces. The farms used a basic guide for establishing the fair price will be farms selected at random throughout the county and are not necessarily included in the 1942 terracing program.

Each extensive terracing program will include a fair and reasonable price for the customary price normally paid in the county, the price at which farmers can obtain terracing service through other channels, and the value of terracing to farmers in conserving and improving soil fertility.

To Vary By Farms
In determining fair and reasonable prices to persons constructing terraces, Rennels pointed out that consideration should be given to cost of constructing terraces, type of machinery and scope of area to be served, and a reasonable margin for construction work.

After establishing a basic fair price for a county, terracing will vary by farms, Rennels said in explaining that the cost could vary as much as 25 cents per 100 feet. Any increase over 25 cents per 100 feet would be sent to the state AAA committee for further consideration.

Sears Contest Will Be Judged On Friday

Judging of winners of gilt contests in five counties to select a district winner in the annual Sears Roebuck & Co. contest is scheduled for Friday morning at the Lubbock Livestock Commission Co., sales ring, W. C. O'Mara, local manager, has announced.

Counties with entries will be Crosby, Lynn, Hockley, Hale and Lubbock. County contests have been held and first place winners will compete here. The youth whose gilt is declared winner will receive a registered dairy heifer of the breed he prefers. Other competitors will be given baby chicks.

N. C. Fine, of the animal husbandry department of Texas Technological college, is expected to judge the contest. Ray C. Mowery, professor of animal husbandry, who has judged former affairs, is expected to be out of the city. O'Mara explained. Farmers interested are invited to attend, said O'Mara.

GOOD BEET AVERAGE
EOCKNEY.—Floyd county's sugar beet crop is being harvested. An average yield of 10 tons to the acre is reported by producers. Not all of the allotted acreage germinated, due to excessive spring rains at planting time. Farmers planted several times, before getting a stand.

GOOD FEED PROSPECTS
WILSON.—Farmers report plenty of feed in this area, with better yields being made than had been expected earlier. Cotton is turning out good.

lection of these later maturing heads. There should be ample supplies of red top (Somo) cane seed, since most of this crop matured at a time when little damage occurred to the seed.

Alfalfa Bill Murray Advises City Dwellers To Get Three Acres And A Storm Cellar

(By The Associated Press)
OKLAHOMA CITY, Nov. 22.—William H. Murray advises city dwellers to get three acres in the country and a storm cellar—there's inflation ahead "and that means dictatorship."

Thus spoke Oklahoma's former governor as he turned his 72nd year, still vigorous, still interested in politics, still critical of the New Deal he has fought so long.

"Now if I were a city dweller," he told an interviewer, "I'd get about three acres somewhere out in the country, away from a main highway. I'd have a cellar and I'd begin to eat vegetables and fruit."

Would Bury Them
"I'd get all the specie I could. Paper money won't be worth anything. I'd put those canned vegetables in a hole in the ground, bury them, so I'd have something to eat when the trouble comes."

Murray said a 5-4 decision of the United States Supreme court in 1871 put the country on the road to inflation by permitting issuance of paper money and the present administration is pounding down that route.

Not All Deep Indigo
Down in the southeastern Oklahoma mountains Murray has a farm on Yashau creek and when and if the storm gathers there he will be using his cellar in four or five years.

"There will be tremendous disorders in the cities," he asserted. "I wouldn't want to be in the city."

But Murray's picture of things to come was not all deep indigo. "I think," he said, "that the republic is gone. But it will come back, just as the French republic came back after Napoleon. But it will be a generation before we will dare to be free again."

IDALOU PROSPECTS
IDALOU.—Gins here are expected to turn out between 8,000 and 9,000 bales this season, if all of the crop is gathered. Cotton is still green, farmers report. More than 1,000 bales have been ginned. Grain sorghums are about half harvested. Good feed crops are reported. Most of the grain was headed.

PLENTY OF PASTURE
HAPPY.—Wheat, mostly volunteer, is affording plenty of pasture for livestock. Cattle and some sheep are being shipped in.

SPUR RAIN REPORT
SPUR.—Latest report from the state experiment sub-station here shows total rainfall for 1941 was in excess of 40 inches, to top a previous all-time record of 38.08 inches in 1926.

BUY MUCH GRAIN
SUDAN.—Two and a half million pounds of grain, mostly kafir, has been purchased this fall by the lock elevator. Purchases are above normal for an entire season according to grain men.

Committee Named To Work Out Plan For Using CCC Buildings

County farm agents of district 2 at a meeting here last week, named a committee of three to work with Lubbock Chamber of Commerce in working out a plan for the use of some of the remaining buildings of the Lubbock CCC camp at the Panhandle-South Plains fair grounds in club work.

C. C. Jobson, farm agent and Harvie D. Pool, assistant of Lubbock and John W. Palmore, Jr., of Swisher county were named. K. J. Edwards, district agent, announced.

GOOD HOCKLEY YIELDS
LEVELLAND.—An average production of three-fourths of a bushel per acre for Hockley county is the estimate by J. W. Evans, administrative officer of the Agricultural Adjustment Administration on the basis of reports to him. Grain sorghums, he estimates, will average from 40 to 75 bushels per acre.

PLENTY OF WORK AHEAD
SLATON.—Comparatively few farmers in Slaton's territory have finished cotton harvesting; in fact, a good proportion of them have not completed their first gathering. It is estimated that between 45 and 50 per cent only has been picked. Gins are busy and running behind in ginning the crop.

MAKE PEANUT SHIPMENT
POST.—First car of peanuts from the 1941 crop in Garza county has been shipped to Abilene for processing. A total of 25 cars or more may be shipped this season. Allotment for 1942 is approximately 2,000 acres. Harvesting of the crop has been delayed by weather conditions.

SPUR RAIN REPORT
SPUR.—Latest report from the state experiment sub-station here shows total rainfall for 1941 was in excess of 40 inches, to top a previous all-time record of 38.08 inches in 1926.

BUY MUCH GRAIN
SUDAN.—Two and a half million pounds of grain, mostly kafir, has been purchased this fall by the lock elevator. Purchases are above normal for an entire season according to grain men.

Granaries And Other Equipment To Be Put On Slaughter Farms

First of a series of contracts for building granaries and hog feeding equipment on the 43 farms of the Slaughter Estate farms in Cochran county, have been completed and sent to the regional office of Farm Security Administration in Amarillo for final approval.

Twelve contracts were completed by Earl Wise, district rural rehabilitation supervisor. Granaries will be 12x20 feet, with a 1,200-bushel capacity.

On the project are 43 tenants, who have five to ten-year leases with Mrs. C. C. Slaughter of Dallas. Thirty-six new houses were built last winter for tenants. Improvements include a barn, poultry house, brooder house, windmill, well and tank and residences.

Some are 4-room and some are five rooms. Average set of improvements cost \$1,900, although loans in several instances amount to \$3,500.

Tenants may, at the end of the first five years, renew a lease for another period. If the tenant decides to move off, he will be repaid what he has spent on the place, less a specified rate for depreciation. A similar arrangement is made for the 10-year period.

Seaborn B. Collins, now of Morton, is manager for Mrs. Slaughter. He resided at the old C. C. Slaughter headquarters, south of Morton.

Some of the tenants will repay this year for two and three years ahead of time. All of the 43 tenants made a crop of some kind, although several were hailed out too late to be able to replant certain crops. These will be able to

Denver City Sponsors Adult Book-Shelf

DENVER CITY, Nov. 22 (Special)—Realizing the need of books for adult reading in the absence of a public library here, the school board is sponsoring an adult book-shelf for Denver City and nearby communities.

Only the latest and most popular volumes are included in the collection, now at the city hall under supervision of Ben Egnik, city secretary. Many of the books were selected from a list of popular books provided by a Lubbock book shop.

No rental is charged. A deposit of one dollar is required, but is returned upon return of the book.

Catalina Island may be about 30,000 years older than other nearby islands, according to oceanographers.

make payments on their loans this year.

Two or three, possibly more, may be able to make as much as \$1,000 to \$1,200 payments in all, it is said.

One man lost practically all of his cotton by hail, but will get some money from feed for his payment.

Texas' Share In Funds Uncertain

(By The United Press) AUSTIN, Nov. 22.—Texas share in the \$220,000,000 appropriation for highway improvements, signed yesterday by President Roosevelt, was uncertain today although state highway officials are seeking a large portion.

Dewitt C. Greer, state highway engineer, said that the allocation is uncertain because it will be through the War department, rather than through the usual federal-aid formula for states.

Greer said that the congressional act provides \$150,000,000 for access roads to military camps and defense areas; \$25,000,000 for improving the national network of strategic military roads and \$25,000,000 for strategic roads to be allocated by the federal works agency. The other \$10,000,000 is for highway planning.

The national network of strategic military roads has one-tenth of its total 75,000 miles in Texas. "The main effect that the Texas highway department will feel from this act will be the handling of the military access roads," Greer said.

Greer said that the congressional act provides \$150,000,000 for access roads to military camps and defense areas; \$25,000,000 for improving the national network of strategic military roads and \$25,000,000 for strategic roads to be allocated by the federal works agency. The other \$10,000,000 is for highway planning.

Estimates by the highway department show that between \$80,000,000 and \$90,000,000 is needed to bring Texas portion of the strategic military highway network up to minimum requirements.

Sunday Books

Continued From Editorial Page. ages or something to be pitied. Such historical figures as Daniel Boone likewise add more to the story than their names, and it all adds up to this—great, gusty and proud.

British Yuletide To Be Simple

(Continued From Editorial Page) which will be held in the city air raid shelters of Britain.

For those not so poor, there will be the usual big noon day Christmas dinner. A slight loosening in the food allotments may permit roast beef. There'll be turkey, of course, and plum puddings and mince-pies. But not mince-meat in quantity, because a housewife this year must sacrifice jam coupons to get this heavily-sweetened product.

CROWDS IN STORES, BUT FEW BUYERS

PRESENTS will be limited in quantity and highly practical. That is the report of London stores today, who also observe that although there will be a large crowd milling through every big store on Christmas week, the volume will be only half of that registered in 1940.

London's West End hotels—the Savoy, Mayfair, Dorchester, Ritz and Claridge's—will be crowded Christmas weekend with officers celebrating brief leaves away from their lonely country billets. Each hotel will have the usual fir tree covered with lights and ornaments and they'll have a menu featuring turkey and something resembling hot mince pie.

But it will not be in the grand hotels where you'll find English cheer. That will be largely the exclusive property of each small home, every air raid shelter, each air-drome and ambulance station.

The American Ambulance of Great Britain will have small trees and parties and ration dinners in each of their ambulance stations with the 450 girls doing their best to forget the war.

It will be something like that, too, at the fighter and bomber stations, for on Christmas Eve the tempo of war will slow down to a half beat. Only the smallest number will be standing by in operation-huts, for personnel will be in the large mess hall, toasting Santa Claus, climaxing the wassail with a noon dinner. The senior officer present will carve the turkey, and the food will be served by the officers to the air-drome non-coms. There'll be no stringent food rationing on this day, either, because for the month preceding Christmas, the mess-officers will have been performing miracles in food-cutting in order to splurge on Christmas day.

Three huge whales from the Antarctic recently visited Florissantopolis, Brazil.

TARZAN NO. 685

Jungle Bandit

By Edgar Rice Burroughs

TARZAN'S ANTAGONIST WAS SURLY RIGGS, ONE OF THE CREW WHO HAD ABANDONED THE SHIP'S PASSENGERS!

"OH, SO YOUR BOAT MADE SHORE! TARZAN FROWNED. "I WAS HOPING YOU'D ALL DROWNED, AS YOU DESERVED!"

"THANKS FOR THE COMPLIMENT," RIGGS GROWLED SARCASTICALLY. "NOW YOU'RE TAKING THE MEAT TO OUR CAMP!"

"YOU'RE OLD-FASHIONED," RIGGS LAUGHED. "THESE DAYS IT'S THE GUY WITH THE GUN THAT WINS. GET GOING!"

JOE JINKS. Featuring Dynamite Dunn

That's the Question

By Vic Forsythe

BUT OLIVE... I STILL DON'T KNOW WHY YOU'RE SO INTERESTED IN THIS FELLOW HOOKEY!

I LOVE HIM SOMETHING--IF HE'S THE PERSON I THINK HE IS HIS NAME IS THE SAME AND HE HAS THE SAME LOOKS AND MANNERISMS!

"SEE YOU LATER, DEAR... I HAVE TO KEEP AN EYE ON HOOKEY! THERE'S SOMEONE ELSE ON THIS SHIP WHO'S MAKING PLANS FOR HIM, TOO!"

OH HOOKEY... I'VE BEEN LOOKING FOR YOU... I'M GLAD YOU'RE ALONE!

GOSH, I'VE BEEN LOOKING FOR YOU, TOO!

THERE THEY ARE AGAIN! EVER SINCE THE EXHIBITION ABOUT THEM'VE BEEN ACTING LIKE OLD FRIENDS. BUT THAT ISN'T POSSIBLE... OR IS IT??

OUR BOARDING HOUSE With Major Hoopie

OUT OUR WAY

By J. R. Williams

YOUR INVENTION IS JUST ANOTHER LOST CHORD, MAJOR! WHY NOT GIVE IT A DECENT BURIAL UNDER THE ASHPLE, AND TRY TO CRASH THE HALL OF FAME WITH 9-HORSE PARLAYS?

IF YOU DON'T COME DOWN OUT OF THE TREE AND PAY OFF THOSE HOUNDS, YOU'RE IN FOR MORE EXERCISE THIS WINTER THAN A SHOPLIFTER SNATCHING AN ANVIL!

EGAD, YOU MAGPIES MAKE LIGHT OF A WOUND DEEPER THAN YOU CAN FATHON... OH FOR A STOUT SHIP NOW, AND NO DOMESTIC FETTERS... THE NEXT YOU'D HEAR FROM ME WOULD BE A POSTCARD FROM ZAMBOANGA!

"MY, WHAT A BIG DIFFERENCE IN BOYS! GOLDIE CARRIES A COMB AND GOES BARE-HEADED! YOU WEAR A HAT BECAUSE YOU'RE TOO LAZY TO KEEP YOUR HAIR COMBED!"

"MY, WHAT A BIG DIFFERENCE IN WOMEN! HIS MA, POG'LY TELLS HIM HE DON'T WEAR A HAT CUZ HE'S TOO LAZY TO BE TIPPIN' IT TO WOMEN'S HATS! HUNTIN' FER IT!"

A CRISIS ALWAYS BRINGS OUT THE SAILOR IN HIM.

Tarzan

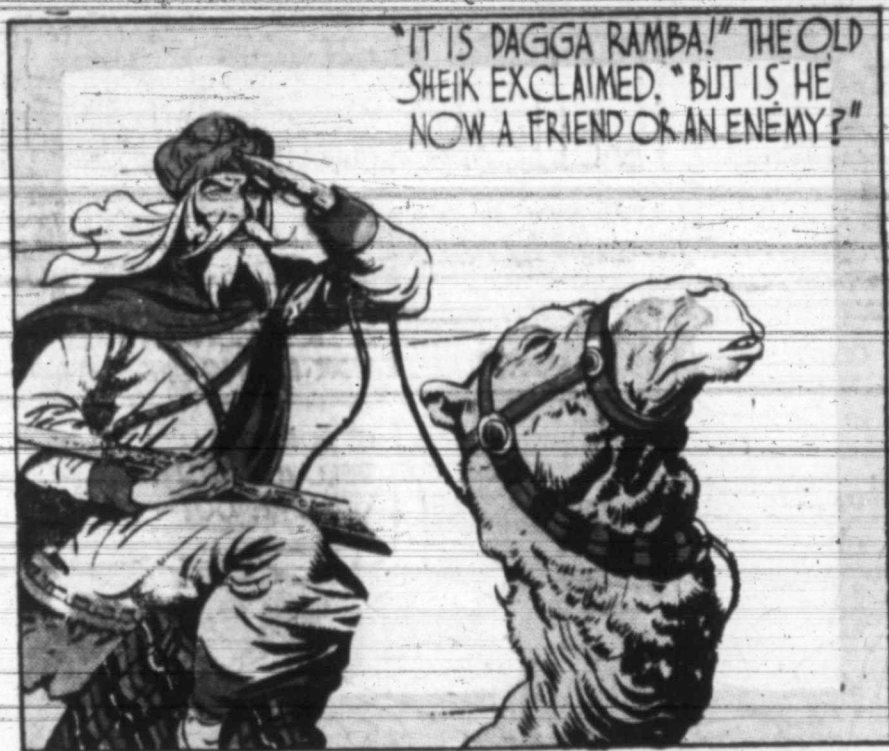

by EDGAR RICE BURROUGHS

DEADLY BULLETS

THE LONE BEDOUIN WHEELED HIS SWIFT CAMEL TO GET A CLEAR SHOT AT TARZAN, BUT SUDDENLY HE SAW A CLOUD OF DUST RISING FROM THE DESERT. IN ALARM HE SHOUTED TO HIS COMRADES.

TARZAN WAS FORGOTTEN AS THE DUST CLOUD REVEALED A COMPANY OF ASKARIS.

"IT IS DAGGA RAMBA!" THE OLD SHEIK EXCLAIMED. "BUT IS HE NOW A FRIEND OR AN ENEMY?"

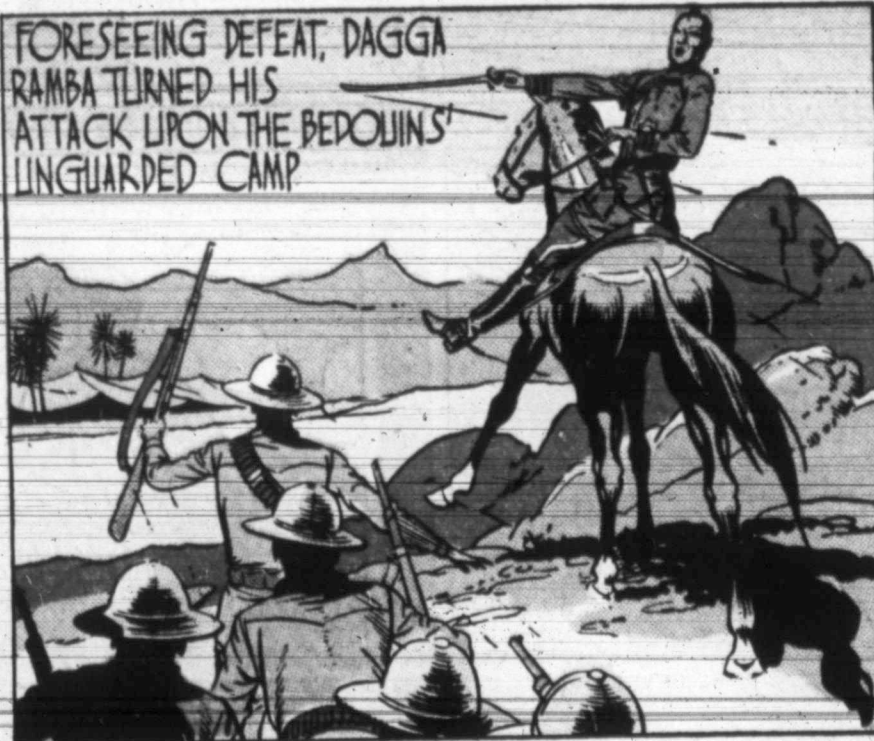

DAGGA RAMBA QUICKLY ENDED HIS DOUBTS. DISTANT RIFLES CRACKED. BULLETS SANG PAST THE BEDOUINS.

"CHARGE!" THE FEARLESS NOMADS ROPE FORWARD.

THE BEDOUINS' AMMUNITION WAS SCARCE, BUT THEY MADE EVERY BULLET COUNT.

FORESEEING DEFEAT, DAGGA RAMBA TURNED HIS ATTACK UPON THE BEDOUINS' LINGUARDED CAMP.

HE SHOUTED TO THE ONRUSHING WARRIORS: "SURRENDER OR WE'LL KILL THE WOMEN AND CHILDREN!"

SO, LIFTING MUSKETS ABOVE THEIR HEADS, THE NOMADS ROPE SADLY INTO THE CAPTURED CAMP.

THE OLD SHEIK MUTTERED: "TARZAN WAS RIGHT, AFTER ALL. AND NOW HE'LL BRING HELP. ALLAH IS JUST!"

NEXT WEEK—DESERT PURSUIT

DAGGA RAMBA OVERHEARD HIM: "TARZAN!" HE SAID. "WAS TARZAN HERE? WHERE HAS HE GONE?"

SUPERMAN

by JERRY SIEGEL AND JOE SHUSTER

CLARK KENT HAS GUMPTED A NOTE DEMANDING THE SALE OF THE PEEZLESS TRUCKING LINE, CHANGING TO HIS IDENTITY AS SUPERMAN, HE JOURNEYS TO THE LINE'S WAREHOUSE... THEN RAISES OUTSIDE A WINDOW, AS HE HEARS VOICES WITHIN...

105. Copyright 1941 DC Comics, Inc.

AS NANCY TALBOT'S LAWYER AND FRANCE, I INSIST SHE CAN CHANGE THE MANAGEMENT IF SHE DESIRES... INASMUCH AS HER DECEASED FATHER LEFT HER THE BUSINESS CONTROLLING STOCK!

ALBERT IS RIGHT! BUSINESS HAS BEEN TERRIBLE. IF THERE'S NO IMPROVEMENT I'LL INSIST ON A NEW GENERAL MANAGER!

IF YOU'LL ONLY GIVE US TIME...!

WHY NOT STICK TO YOUR EXPENSIVE PARTIES AND LEAVE THE BUSINESS ALONE?

TIME YOU LEARNED SOME MANNERS!

OUCH! NANCY! STOP HIM!

TCH! TCH! SUCH GOINGS-ON!

JACK PHILLIPS! YOU—YOU'RE A COWARDLY BULLY!

BUT—!

I WON'T FORGET THIS OUTRAGE, PHILLIPS! ONE OF THE FIRST THINGS I'M GOING TO DO WHEN NANCY MARRIES ME, IS TO FIRE YOU!

I KNOW I MADE A FOULISH MISTAKE WHEN I WAS A KID— BUT WHEN I PAID THE PENALTY I THOUGHT SOCIETY WOULD FORGIVE AND FORGET.

YOU'RE KIND OF SWEET ON THAT GIRL, AREN'T YOU? STOP WORRYING, BOY! THINGS ARE NEVER AS BAD AS THEY SEEM!

BUT WHEN MOSSAN IS ALONE...

WHAT WILL BECOME OF THE BUSINESS... OF ME...?

THAT IS A MOOT QUESTION!

H-HOW'D YOU GET IN?

DON'T BE AFRAID. I'M A FRIEND.

OVERTAKING THE FRIGHTENED OWNER, SUPERMAN CATCHES HIM UP... RACES BACK...

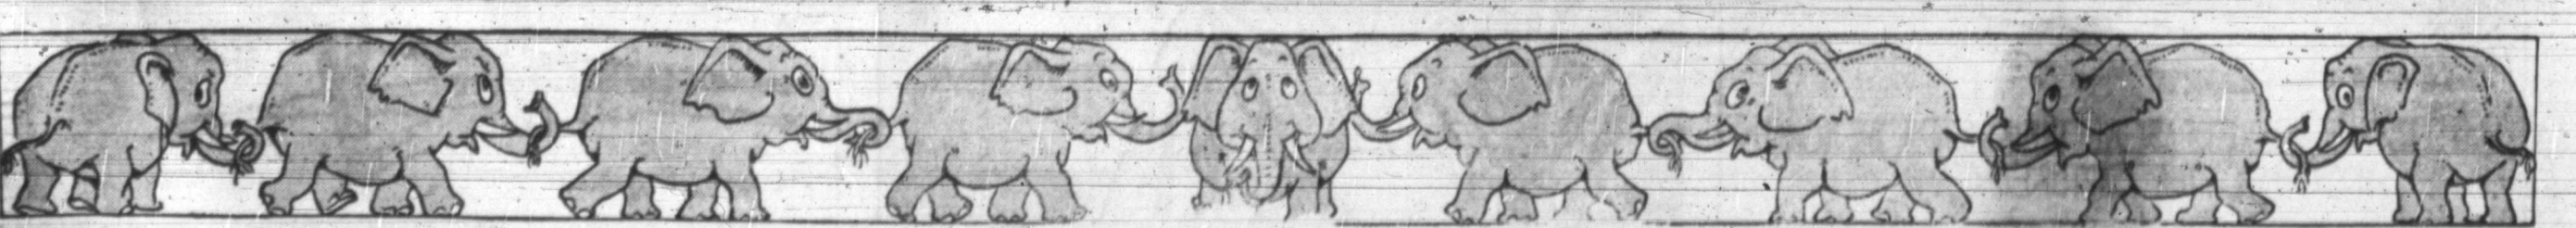

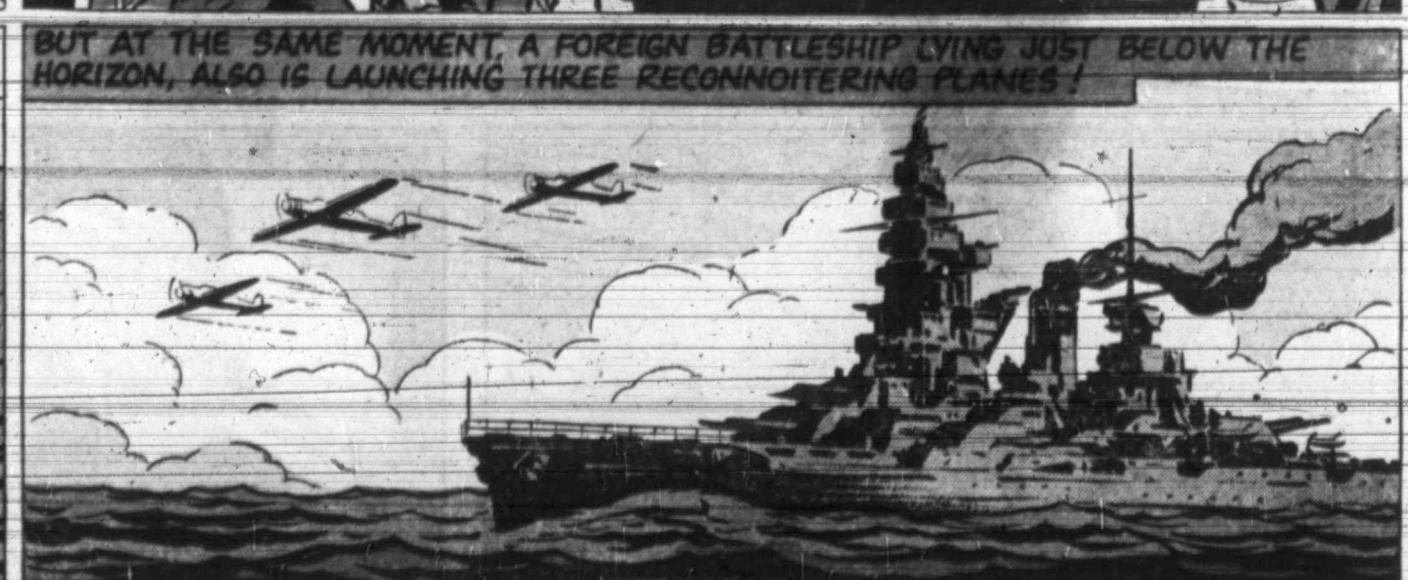

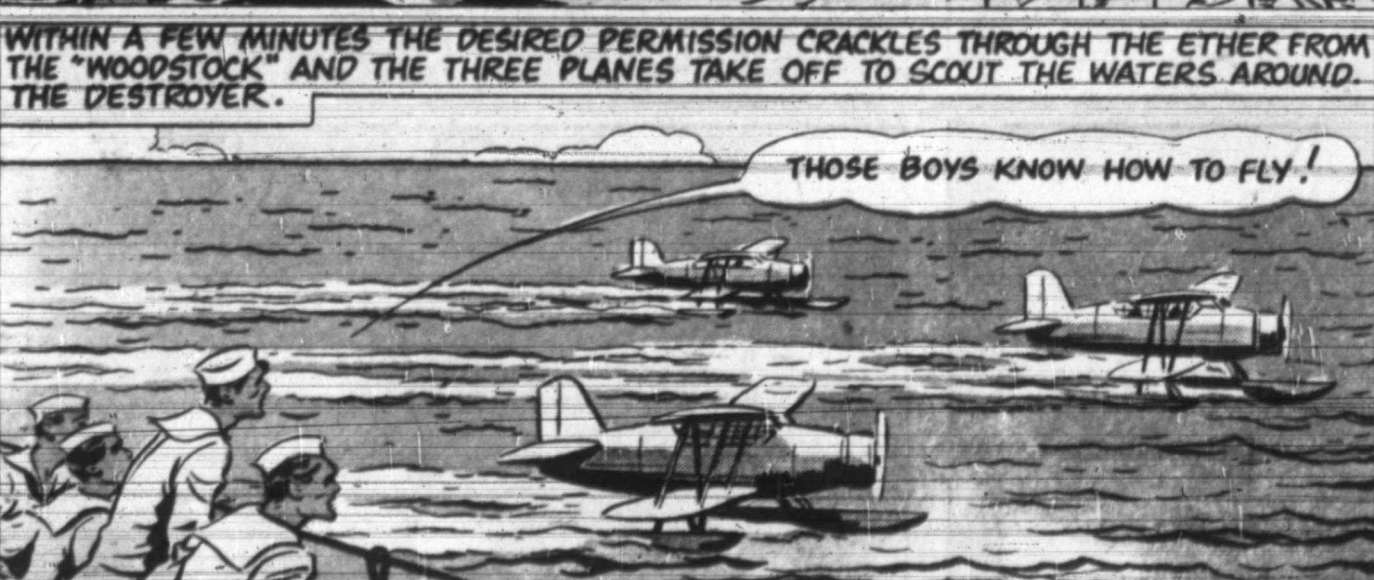

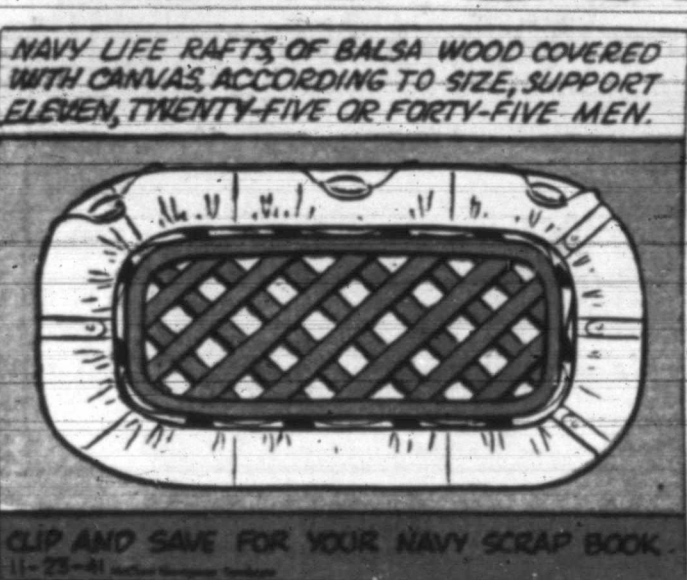

NO NEED FOR PANIC, CALM DOWN!

I RECOGNIZE YOU NOW! SUPERMAN!

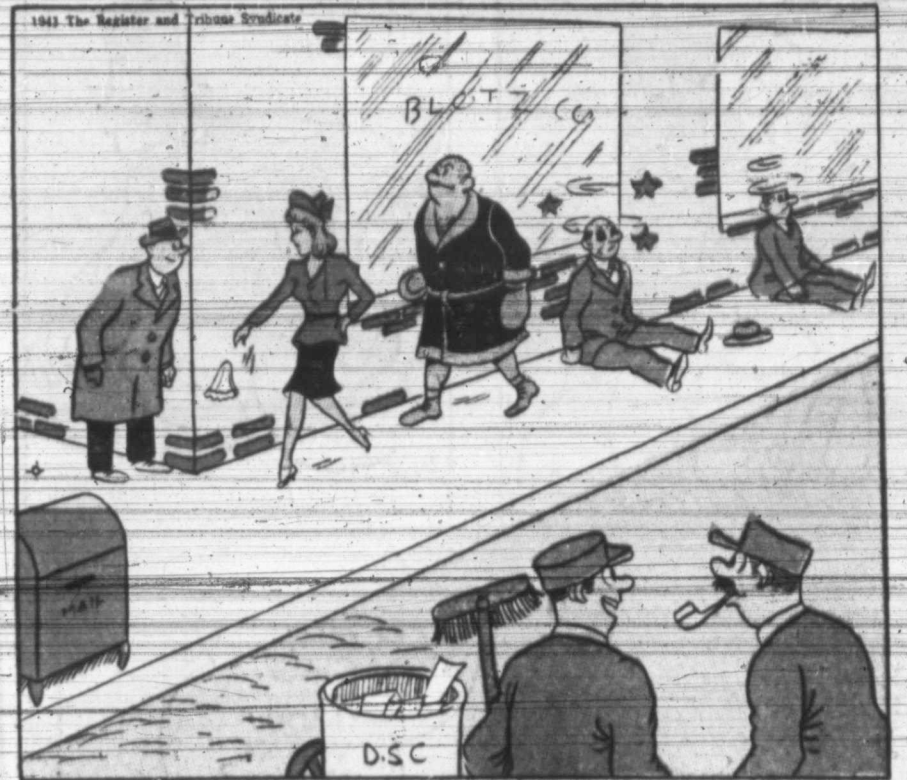

THERE... RELAX. NOW— TELL ME WHAT YOUR TROUBLES ARE. PERHAPS I CAN BE OF ASSISTANCE!

SUPERMAN! OFFERING TO HELP ME! THIS IS TOO GOOD TO BE TRUE!!

NAVY BOB SIBBLE ★★★ by WILSON STARBUCK

OFF THE RECORD *by* ED REED

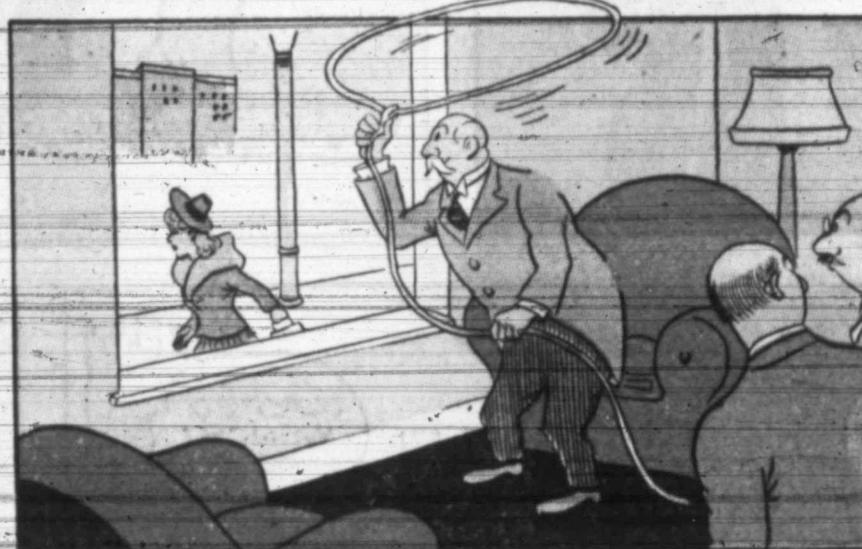

"The slugger's girl believes it's a waste of money to hire sparring partners."

"I could go on like this forever... buying presents and making people happy!"

"Hello, Joe...What didn't you know?"

"He got tired of just sitting there and whistling!"

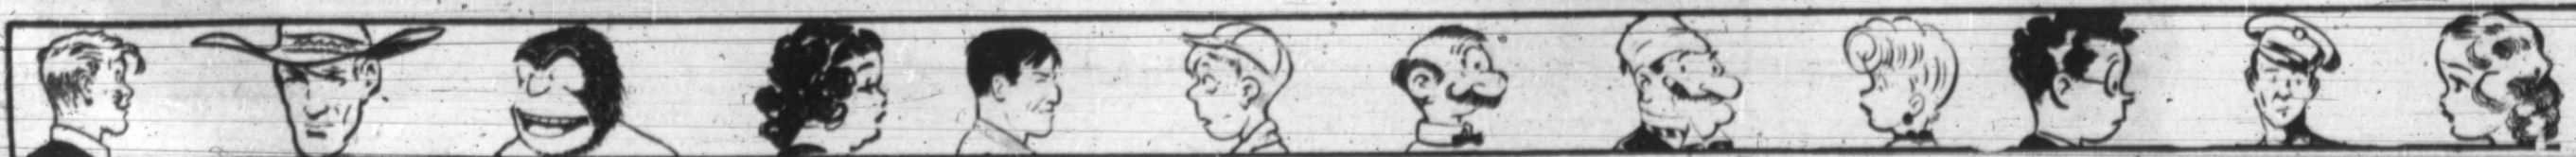

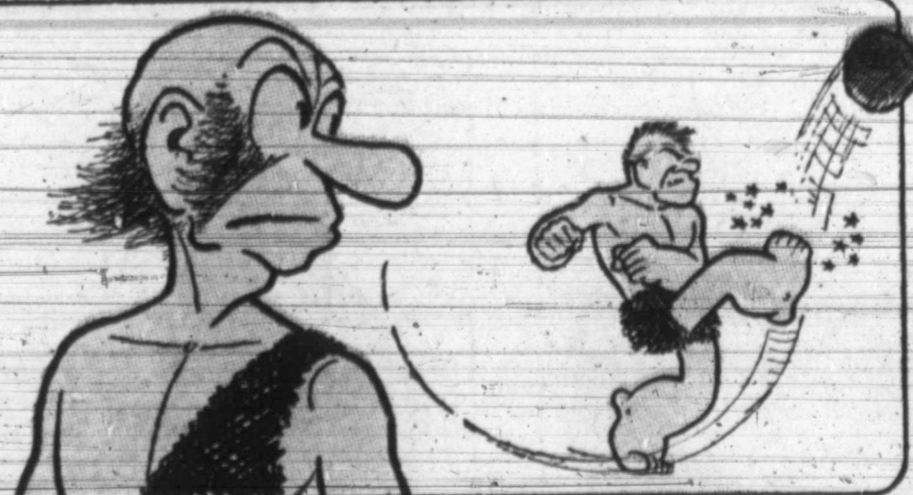

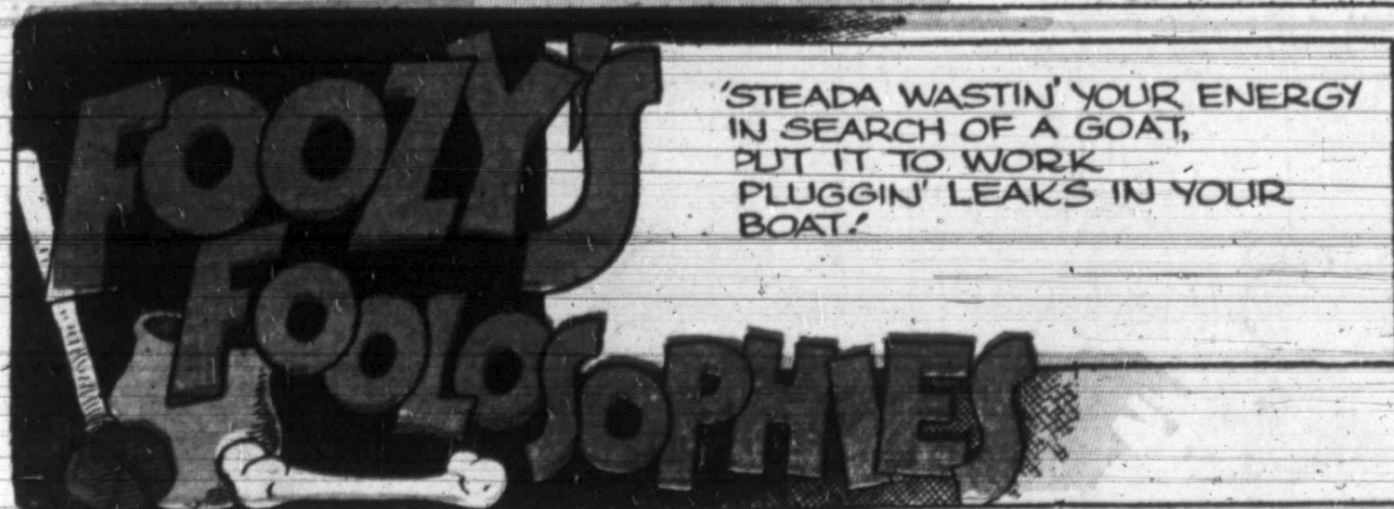

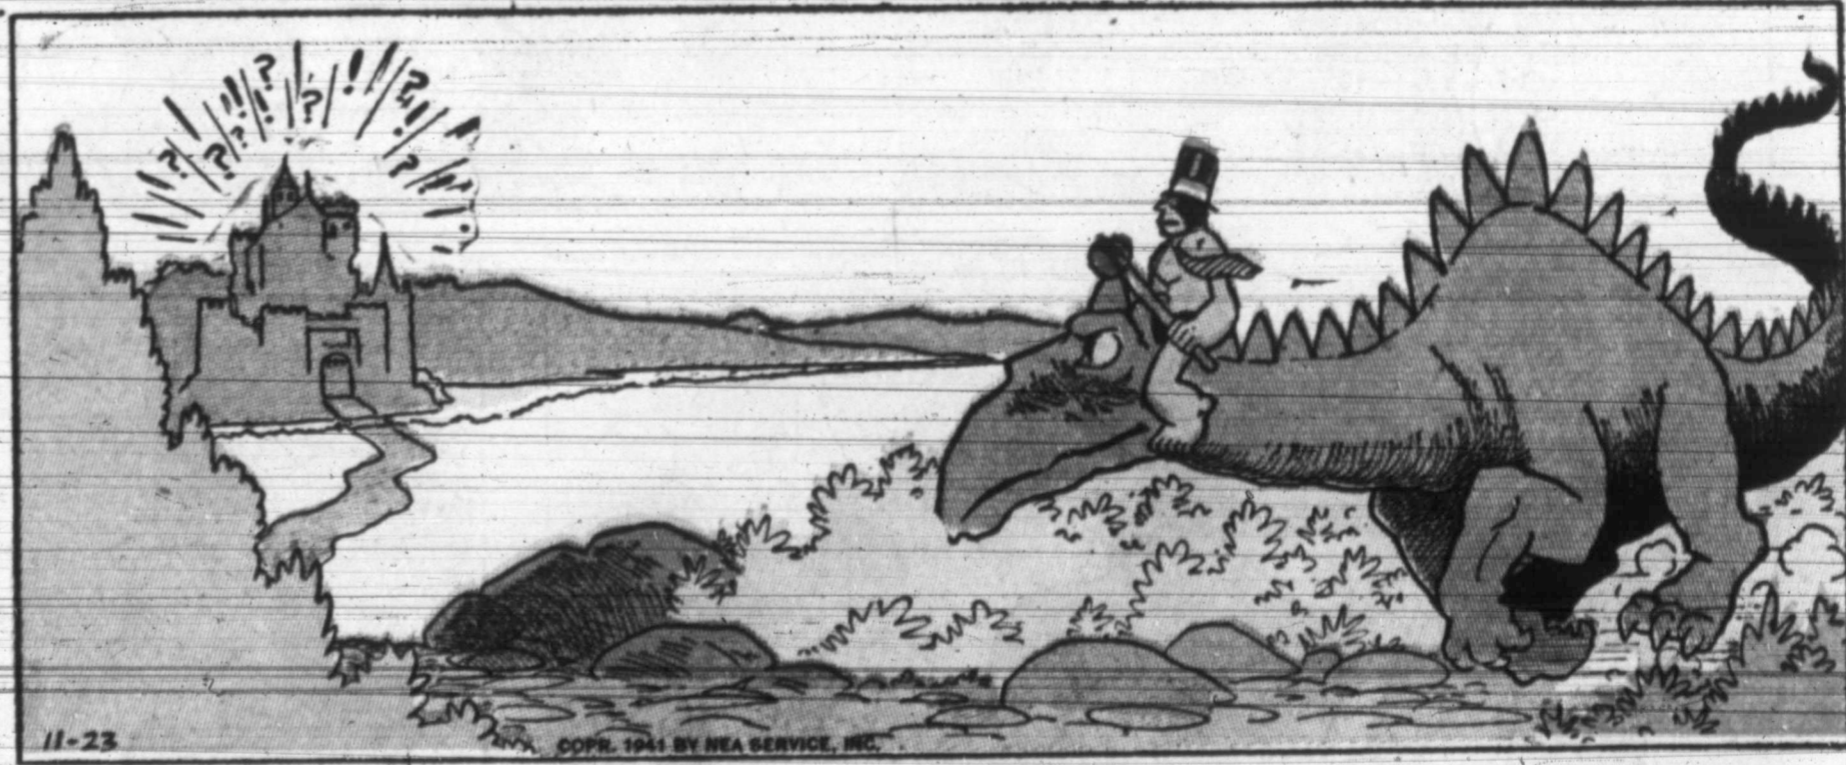

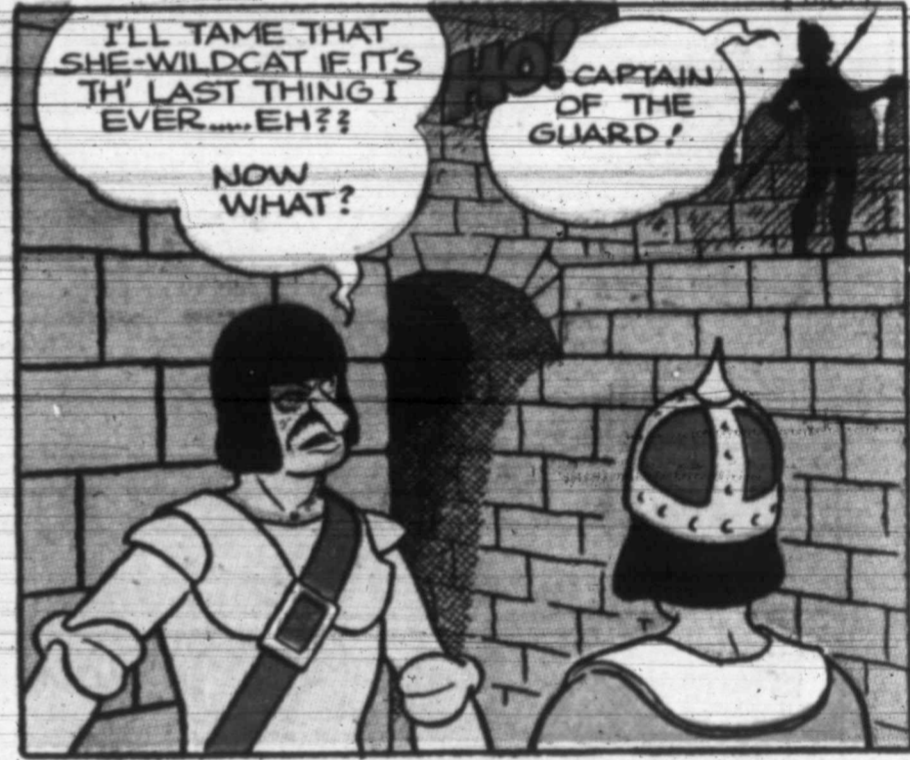

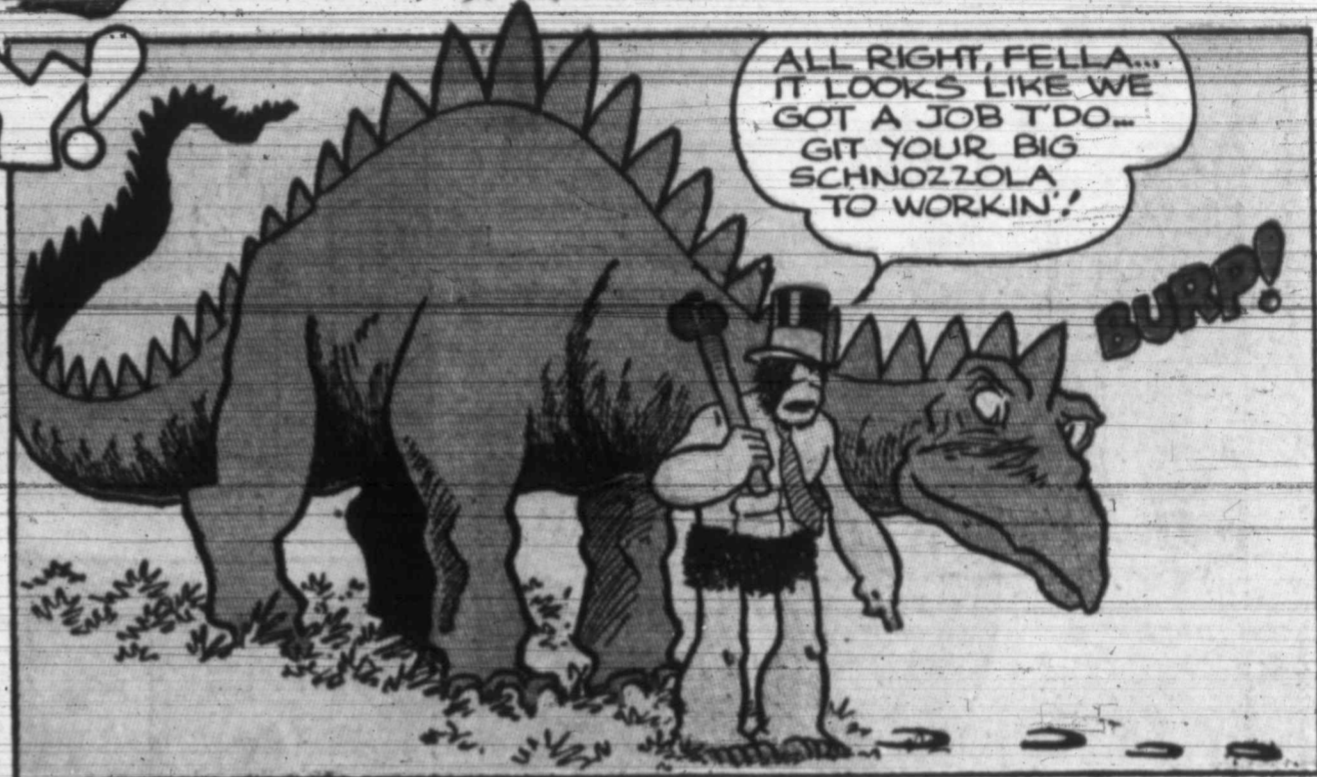

"I haven't learned how to turn yet!"

 A LITTLE DRY HUMOR! HA HA!

WATER! WATER! I'M PERISHING FROM THIRST IN THIS AWFUL DESERT!

I'VE GOT AN IDEA! I'LL STAND ON MY BACK!

NO SWIMMING

NOW JUST FALL OVER BACKWARDS!

LIKE THIS?

HOT DOGS 10,376 MILES

GOSH! IT DIDN'T WORK! I DON'T GET IT!

YOU DON'T GET WHAT, SAHIB?

AFTER EVERY FALL, THERE SHOULD BE A SPRING BUT THE GROUND SEEMS PERFECTLY DRY!

LET'S TRY IT AGAIN!

NO PARKING

COPR. 1941 BY NEA SERVICE, INC.

WHAT ARE YOU DOING, SHOVELING SNOW HERE A MILE FROM HOME, JONES?

I GOT SO INTERESTED IN MY WORK I DIDN'T NOTICE!

11-23

OUR BOARDING HOUSE

MAJOR HOOPLE

DRAT THIS MENIAL TOIL! IT HAS SNOWED EVERY DAY THIS WEEK!

BR-R-R! WHAT A NIGHTMARE! EGAD, MY BACK WINCES AT THE THOUGHT OF SHOVELING SNOW ALL WINTER! WHY HASN'T SCIENCE INVENTED — JOVE! I WONDER IF

HAVE YOU AN OLD MOTOR FOR SALE CHEAP, MY MAN?

SURE! TAKE YOUR PICK #2 EACH!

AUTO CEMETERY

MY NEW MOTORIZED SNOW PLOW WILL BE REVOLUTIONARY! WHY HAS NO ONE THOUGHT OF APPLYING THE PROPELLER PRINCIPLE TO THIS IDEA?

AFTER TWO WEEKS OF RELENTLESS LABOR —

EGAD! IT HAS BEEN A FORMIDABLE TASK, BUT THE RESULT IS WELL WORTH IT — HAR-RUMPH!

HM! THE FIRST SNOW BRINGS PLEASURE NOW INSTEAD OF PAIN! I'LL JUST CRANK UP MY LITTLE GIANT FOR A TRIAL SPIN!

WHOA! — ANPF! SPUFF-TT! WHICH WAY DID IT GO?

BR-R-R-Z-Z-IP!

GREAT CAESAR! IT HAS COMPLETELY WRECKED BAXTER'S PORCH!

BAM!

HOLY SMOKE! WHAT WAS THAT?

BR-R-R-Z-Z-IP!

COPR. 1941 BY NEA SERVICE, INC.

HORRORS! I CANNOT BEAR TO LOOK!

SAM'S SUIT SHOPPE

WHAM!

MY ENTIRE STOCK IS RUINED! WHO SHALL PAYING FOR THIS?

I WONDER WHO OWNS THAT INFERNAL CONTRADICTION?

MY HUNCH, OFFICER CLANCY, IS THAT THIS IS THE BRAIN-CHILD OF SOME ADDLED CRACKPOT!

GOOD NIGHT KNOBBY WOBBY DON'T FORGET AFTER THE MATINEE TOMORROW.

I WONT DAPHNE. SLEEP TIGHT.

11-23

JOE IS ON FURLOUGH.

OH BOY! WHAT A HONEY. THAT'S WHAT I CALL A REAL GAL.

HE SURE SEEMS GONE ON YOU DAPH. MIGHTY RICH TOO I UNDERSTAND AND ALSO VERY GENEROUS.

DO YOU THINK THAT WOULD MAKE ANY DIFFERENCE TO ME?

W-E-E-L-L. IT HELPS. OH QUIT YOUR KIDDING DAPH. DID YOU TELL HIM TOMORROW'S YOUR BIRTHDAY?

YES--BUT--WELL IT'S THE SPIRIT OF THE THING. I TOLD HIM NOT TO DARE BUY AN EXPENSIVE GIFT.

JOE YOU'LL BE NUTS ABOUT 'ER. IMAGINE THIS--SHE SAYS "DON'T YOU DARE BUY ME ANYTHING EXPENSIVE."

HERE'S SOMETHING NEW IN COSTUME JEWELRY. THEY'RE LOVELY--AND ONLY THREE DOLLARS.

NEXT DAY

SHE SAYS--"IT'S JUST TH' SPIRIT OF THE THING--NOT HOW MUCH YA PAY FER IT--" WELL THAT'S TH' KIND OF GAL I WANT.

OKAY MISS I'LL TAKE IT. PUT IT IN A NICE LITTLE GIFT BOX.

HULLO HONEY. HAPPY BIRTHDAY. WE'RE T'MEET JOE AN' CELEBRATE T'GETHER.

OH KNOBBY WOBBY. YOU OLE SHNOOKY. YOU DIDN'T FORGET. WHAT A SWEETIE PIE.

HERE HONEY. A LITTLE TOKEN AN' MANY HAPPY RETURNS.

OH KNOBBY--WHY DID YOU DO IT? WHY A LITTLE CHEAP PIECE OF COSTUME JEWELRY--

--OR JUST A TEENSY CORSAGE WOULD HAVE BEEN ENOUGH--IT'S THE SPIRIT OF THE THING THAT COUNTS--

BUT TO GO AND GET ME AN EXPENSIVE RING OR WHAT--EVER IT IS--

---OR--OR--GOOD HEAVENS-- DO YOU THINK I'D WEAR A CHEAP PIECE A TIN LIKE THIS---

B-BUT HONEY-- YA SAID--

WHY YA LITTLE CHEAP TIN HORN SMALL TIME-- WHY YOU GOT SOME NERVE--WELL I'LL BE--

PSST DAPHNE WE'RE RIGHT ON BROADWAY--BUT'CHA SAID--

-- I'M TELLIN' YA I WOULDN'T FALL FER A NOTHER FEMALE DAME IF--- IF---

KNOBBY I'M AWFUL SORRY HONIST-- BUT THINK OF ALL THE TROUBLES OTHER PEOPLE HAVE.

LITTLE HUNTERS, GOODY! MIGHTBE GIFFS QUAIL ON TOAST OR SUMTING! QUICK—MAKE A VISH!

SH-H-H!! MIT LUCK COMES A DINNER, I BETCHA I HOPE!

OWKEE WOWKEE KA-BIFF!

OY!

LISTEN, MISTER DOT VONT HELL UP! COME MIT TO DER NORT' POLE AVAY FUM IT ALL!

YUM YUM COCO-NUTS?

SO YOU GOT KIDS TOO, EH?

MAYBE YOU'RE RIGHT, STRANGER! I'M FED UP, WOT ARE WE WAIT-ING FOR?

DOT'S DER TICKET! KIDS ISS KIDS DER WORLD OFER!

OWICH

JUST A MINUTE WISE GUY! WHO'S KIDS DO YOU THINK YOU'RE SPANKING?

I SHOW DER LUBBERS!

BON VOYAGE, FAKER, AND TAKE THIS WITH YOU TO THE NORTH POLE!

LOOK CAPTAIN, -LUNCH!

CHEER UP, BIG BOY! COCO-NUTS ON DER HALF SHELL, OH BOY!

HAWKSHAW the DETECTIVE

by WATSO

GOOD GRIEF! A FLOOD, IN MY HOUSE!

PLUMBER? HURRY! I LEFT MY BATH WATER RUNNING WHEN I WENT AWAY! THE HOUSE IS FLOODED!

MEANWHILE, MY HENRY'S DISAPPEARED! HE'D DRIVEN OVER TO PHEASANT FARMS FOR A 2-DAY HUNT, AND HERE IT'S 4 DAYS, AND HE ISN'T HOME YET!

MAYBE BAD WEATHER? HUNT DELAYED?

NO! I CALLED THE FARMS UP—THEY SAY HENRY LEFT FOR HOME YESTERDAY! AM I WORRIED!

HEADQUARTERS SAYS THERE HAVE BEEN NO ROAD ACCIDENTS—SO I CAN'T FAIL TO TRACE HENRY! COME, WATSO!

I HAD A HUNCH WE'D FIND YOU IN YOUR OFFICE HERE—TELL US WHY YOU'VE AVOIDED YOUR FIRESIDE!

WHEN I WENT HUNTING I WAS THE LAST ONE OUT OF THE HOUSE, AND I REMEMBERED, WHEN I REACHED THE FARMS, THAT I'D LEFT THE WATER RUNNING IN THE BATH-ROOM!

YOU KNOW, HAWKSHAW AND I RELISH A WELL-BROWNED BIRD—WHAT LUCK HUNTING, HENRY?

HOW COULD I HUNT, WORRYING ABOUT FACING MY MISSUS WHEN I GOT HOME?—SHE'LL MURDER ME, SO I'M LAYING LOW!

GO HOME AND FORGET ABOUT THE WHOLE THING—DON'T BRING THE SUBJECT UP—YOUR WIFE WON'T MENTION IT EITHER, TAKE IT FROM ME!

NO KIDDIN'—HOT DIGGITY!

OH HENRY! YOU'RE SAFE!

'ALL'S WELL THAT ENDS WELL!'

OH HENRY! YOU'RE SAFE!

'ALL'S WELL THAT ENDS WELL!'
