Reds Recapture 100 Villages As Nazis Continue Flight

Member of Associated Press—Day and Night Leased Wire Service

LUBBOCK JOURNAL

VOL. 18, NO. 65 LUBBOCK, TEXAS, "The Hub Of The Plains", FRIDAY, DECEMBER 5, 1941

Baring Of U. S. War Plans Is Said Disloyal

Stimson Does Not Deny Talk Of AEF Or Big War Chest

WASHINGTON, Dec. 5.—Secretary of War Henry L. Stimson today criticized publication of the government's secret war studies as demonstrating a lack of "loyalty and patriotism" to the government.

He did not challenge the authenticity of documents revealed by the Chicago Tribune, but said they dealt with "unfinished studies of production requirements for national defense which have been carried on by the general staff as a part of their duties in this emergency."

Will Gratify Potential Foes

The Tribune said the war plans studies which led to formulation of the current \$150,000,000,000 "victory program" for arms production, contemplated a 5,000,000-man A. E. F. to Europe in 1943.

Stimson told a press conference that publication of the studies undoubtedly would be of "gratification to our potential enemies and a possible source of impairment and embarrassment to our national defense."

He said however that the chief evil was the revelation that there is "any group of persons so lacking in appreciation of the danger that confronts the country and so wanting in loyalty and patriotism to their government—that they would be willing to take and publish such papers."

Were Duties Of Staff

The text of Stimson's statement follows:

"What would you think of an American general staff which in the present condition of the world did not investigate and study every conceivable type of emergency which may confront this country and every possible method of meeting the emergency?"

"What do you think of the patriotism of a man or newspaper that would take those confidential studies and make them public to the enemies of this country?"

"The publications made yesterday are of unfinished studies of our production requirements for national defense which have been carried on by the general staff as a part of their duties in this emergency. They have never constituted an authorized program of the government."

Investigation Underway

While their publication will doubtless be of gratification to our potential enemies and a possible source of impairment and embarrassment to our national defense, the chief evil of their publication is the revelation that there should be among us any group of persons so lacking in appreciation of the danger that confronts the country and so wanting in loyalty and patriotism to their government that they would be willing to take and publish such papers."

Russians Speed Drive In Sweeping Attempt To Hem Up Germans

Amazing Soviet Counter-Attacks Smashing Hitler's Hordes In Ukraine, At Moscow

(By The Associated Press)

Soviet Marshal Semeon Timoshenko's Ukraine armies were reported today to have recaptured 100 villages in 24 hours and sent twin spearheads racing westward in an attempt to hem up the Germans fleeing along the sea of Azov.

Soviet dispatches acknowledged that German rear-guard detachments were still holding out in parts of Taganrog, 40 miles west of Rostov-on-Don, but said the Russian flag was flying again over the city.

A communique from Adolf Hitler's field headquarters asserted in broad general terms that fresh Russian attacks on the southern (Ukraine) front had been "frustrated."

A Berlin spokesman insisted that "the front is somewhere between Rostov and Taganrog."

On the Moscow front, the Russians reported that Red army tanks, infantry and Cossack cavalrymen had checked a German thrust against the southern flank of the capital's defense arc, driving the Nazis from four points in the Stalingorsk sector, 120 miles southeast of Moscow.

4,000 Germans Wiped Out

The Germans there had been executing a wide flanking maneuver to the east, attempting to encircle the munitions city of Tula, 100 miles south of Moscow.

A Soviet broadcast declared that Russian counter-attacks were also "developing successfully" in the sectors of Klin, 50 miles north of Moscow, and Volokolamsk, 65 miles northwest, as well as in the north about Leningrad.

A Red army bulletin, reporting 4,000 Germans swept out in fighting before Moscow, said the fiercest action raged in the regions of Volokolamsk and Solnetschnogorsk, 31 miles north of the capital.

Britain Ready For War With Little Finland

Ultimatum Expires Today; Two Other Nations Included

(By The United Press)

LONDON, Dec. 5.—Great Britain is preparing to declare a state of war, probably tomorrow, with Finland, Hungary and Rumania in a gesture of assurance to Russia that the Anglo-Russian war alliance is unqualified, it was understood today.

It was said authoritatively early this afternoon that with only 11 hours to go Finland, Hungary and Rumania had failed to reply to a ultimatum received.

STOCKHOLM—Swedish reliable reports said today that Finland has rejected Britain's ultimatum to cease hostilities against Russia.

British ultimatum expires at midnight, and demands in effect that they stop fighting Russia in Germany's behalf.

Reply Is Due Today

"At the end of last week the British government sent notes to Finland, Hungary and Rumania with the purpose of averting a further deterioration of relations between Britain and these powers," an authoritative informant said.

"It is not possible at the moment to make a statement on the content of these notes except to say that they called for a reply no later than today."

It was indicated strongly that the government had no hope of receiving favorable replies from the countries concerned.

Cast Lots With Germany

The feeling was that Finland, as well as Hungary and Rumania, had now cast its lot irrevocably with Germany and against the Allies and that any hope of alienating them lay with the future.

Radio Vichy reported from Helsinki that Finland had sent Britain a note rejecting the ultimatum.

Britain had sought energetically to induce Finland, especially, to stop fighting Russia, holding that any reason it had had to aid Germany, in order to regain territory lost to Russia in the winter war of 1939-40, had now ceased to exist.

Authoritative informants would say only that "new phases" of the situation would be reached if Britain failed to get favorable replies by midnight.

No Diplomatic Relations

The point was out that at present Britain had no diplomatic relations with Finland, Hungary and Rumania, which are warring on Russia, and said that any further deterioration from this position would probably constitute a situation in which Britain as Russia's ally would be involved against them.

The notes to the three countries were sent through the United States ministers at Helsinki, Budapest and Bucharest.

It was pointed out that the situation would be reached if Britain failed to get favorable replies by midnight.

JAPS' REPLY KEPT SECRET

Heavy Attacks By Axis Army Are Repulsed

New Setback Seen For British With Supply Base Loss

(By The Associated Press)

Britain's North African armies were credited today with beating off two heavy Axis attacks on Ed Duda, in the bloody battle zone south of Tobruk, but a new setback was acknowledged in the loss of the Gambut supply base 40 miles east of Tobruk.

Authoritative London quarters conceded that Axis troops had recaptured Gambut, which the British captured on the second day of Gen. Sir Alan Cunningham's 18-day-old offensive into Libya.

Attack In Three Waves

British Middle East headquarters said Axis troops attacked Ed Duda in three waves, suffering heavy casualties in the first two assaults and gaining slightly in the third.

Imperial counter-attacks were declared to have regained most of the lost ground, however, with the Axis forces again suffering heavily in killed and wounded.

A British bulletin said New Zealand troops mopping up along the Egyptian-Libyan frontier had routed the remnants of a German-Italian column, which fled westward.

Stress Aerial Attacks

The German high command, stressing aerial attacks against the British desert forces, said Axis soldiers repulsed imperial reconnaissance forces in relatively light ground operations during the day.

A Nazi military spokesman said British tank losses under the attack of Axis bombing planes ran "very high."

The Italians declared that the situation was "favorably static" for the Axis and said the British corridor to Tobruk was now "evidently definitely eliminated."

Suit-in damages asking judgment totaling \$17,000 this morning was filed against S. H. Kress Co. and others by Mrs. B. L. Liles; Mrs. Liles set out in pleadings she had gone into the Lubbock Kress store Dec. 9, 1939, bought several articles, paid for them and gone to the sidewalk in front of the store.

She charged that O. T. Stewart, now represented to live in Amarillo, followed her, took her packages, opened them and accused her of theft. Further, she charged, she was falsely imprisoned, was charged and restrained. In cause No. 65,799 in corporation court she pleaded she was adjudged innocent and set at liberty.

She said, however, as result of the acts of the defendant and resultant publicity she had been discharged from her position as a teacher in the Lubbock schools. She asked \$2,000 actual damages, \$10,000 "sure to be suffered in the future" and \$5,000 exemplary damages.

★★★ FINAL EDITION

ADMITTED "MERCY" SLAYING, PROSECUTOR SAYS—District Attorney Fred J. Munder said Mrs. Edith Reichert, 35, admitted killing her brother, George Horn, 26, described as a "hopeless" mental patient in Kings Park (N.Y.) State hospital. Horn was shot twice as his sister and mother visited him. Mrs. Reichert is shown at state police barracks in Kings Park.

Tokyo Answers U. S. Note On Army Moves

War Or Peace May Rest On Nippon's Fateful Decision

(By The Associated Press)

Japan delivered to Secretary of State Cordell Hull today what may be her fateful answer to the question of war or peace in the Pacific, and special envoy Saburo Kurusu declared simultaneously that he "hoped the talks between the two countries would continue."

The Japanese reply dealt with President Roosevelt's request for an explanation on why Japanese troops were being massed in France.

Other Note Unanswered

Ambassador Kichisaburo Nomura and Kurusu, who delivered the reply, did not present an accompanying answer to Mr. Hull's note of Nov. 26 outlining a "basic formula" for settlement of the Far East crisis.

Nor was there any immediate indication of the nature of the Japanese message, although Tokyo reports had emphasized a gloomy view of the whole situation.

Earlier, the Melbourne radio broadcast reported that a break in relations between the United States and Japan might come at any moment.

Reports Said "Exaggerated"

Kurusu told newsmen he believed the reported number of Japanese troops moving into Indo-China had been "exaggerated," and it seemed a fair conjecture.

Sharp Boost In Army Draft Calls Forecast

Recruits In Larger Numbers Likely To Be Inducted; 2,000,000 Men New Goal

(By The Associated Press)

WASHINGTON, Dec. 5.—A sharp upturn in the rate of selective service inductions was predicted today because of the army's announced plans to expand land and air strength to some two million officers and men.

Beginning shortly after the holidays, officials expect the draft boards to be called on to provide recruits in larger numbers than at any time in months.

Longer Enlistments Sought

At the same time, efforts will be intensified to accelerate three-year enlistments for the air forces and related branches, which are manned by specifically qualified volunteers.

Generally, the prospects are that at least half a million additional recruits must join uniforms by spring, if the army is to carry out the latest expansion proposed to Congress and simultaneously get replacements for the soldiers who just now are being returned to civil life in large numbers.

The \$2,000,000 defense appropriation measure, which is expected to reach a House vote today, calls for a net increase of about 300,000 officers, to be about evenly divided between the air and ground forces. Two more armored divisions, the army's tenth and eighth, are to be created, along with a number of new tank destroyers and other special units whose military worth was tested in the recent war.

Many Return To Civil Life

The present defense force is the army is barely holding its own in strength with fewer than 1,600,000 in service. By December 10, some 200,000 men over the new top age limit of 28 or with dependents will have been discharged since the draft ages were contracted in late summer. Recent draft inductions and voluntary enlistments, which have amounted to 28,000 or so a month, have barely sufficed for replacements.

By next March, "provided there is no change in the existing situation, as the war department has repeatedly pointed out, 300,000 others will have been returned to civil life.

To Step Up Recruiting

The situation as a whole points to a sharp stepping up of inductions next month.

Immediately available manpower is ample to meet prospective needs.

Car-Bus Crash Fatal For Six

(By The Associated Press)

AMERICUS, Ga., Dec. 5.—Six persons were killed and 13 injured early today when a fast-moving automobile and a school bus home bound from a basketball game crashed head-on near Dawson.

Among the dead was 20-year-old Dorothy Casey who died at City Hospital here soon after the wreck, one of the worst in the history of southwest Georgia.

Four Are Soldiers

State Highway Patrol Sergeant J. P. Smith said four of the dead were soldiers from Fort Benning, Ga., and named them as Ben L. Peel, Clifford H. Taylor, Adam Comer and E. N. McMullen.

Their rank, army organizations and home towns were not immediately available.

The sixth victim was unidentified although it was believed he was a passenger on the Webster county school bus which crashed.

Grover C. Bergdoll Is Denied A Parole

(By The Associated Press)

DOWNTOWN, Pa., Dec. 5.—Grover Cleveland Bergdoll, convicted World War draft dodger, has been denied a parole, his lawyer disclosed today.

Mrs. Berta Bergdoll who had been anticipating a Christmas homecoming for her husband with their six children, said the war department had notified her of denial of the parole.

Bergdoll is now serving a seven and a half year sentence at the disciplinary barracks at Fort Leavenworth. He was convicted of desertion, escape and draft evasion during the World War.

Youths Facing Forgery Count

Charges of forgery and passing were filed this morning against R. E. Comer, 19, and Olen Miller, 17, and a juvenile will face a hearing probably today before Judge E. L. Pitts in connection with the case, officials announced.

The three were arrested late Thursday by police. Comer and Miller by Earl Horton, patrolman of police, when they allegedly attempted to pass a forged check at Levine's, at 1009 Broadway.

The juvenile was taken into custody in 800-Block Avenue C. Officials said forged checks of \$2 and \$11 were in possession of the youths.

Bill Murray, assistant chief of police, said the juveniles were charged with passing a forged check at Levine's, at 1009 Broadway.

Congratulations To: Youth Watches Calmly While Physician Amputates His Leg

(By The United Press)

UTICA, Ill., Dec. 5.—Dr. L. B. Griswold told today how a stoic 20-year-old patient stood on one leg in a corn field and watched silently while he amputated his other leg above the knee with a pocket knife.

Griswold said the youth, Robert Simonson, of Ottawa, was in "fair" condition at a hospital.

Simonson was operating a tractor when his left leg was caught and mashed in the machinery of the rear shaft.

Hobbling on one foot, he tried unsuccessfully to pull himself free, Wesley Black, his helper who was working the other end of the field, failed to hear his cries for 20 minutes.

Black called Griswold. "Immediate amputation was necessary," Griswold said. "There wasn't even time to sterilize my pocket knife."

The operation took five minutes.

Down But Not Out Cancer Victim Does Her Part To Aid Others

(By The Associated Press)

CHARLOTTEVILLE, Va., Dec. 5.—Nancy Vance, suffering of incurable cancer, moved from her private room to a public ward at the University of Virginia hospital and turned over her savings from 20 years' work as a state health department nurse to help others in a similar plight.

"Today she found she started to still growing with contraindications from her friends, and correspondence concerning the project has reached such volume that a volunteer stenographer is kept busy taking bedside dictation for the thank-you notes."

Contributed Life Insurance

A letter written from her bed, which doctor told her she might never leave, was sent to friends in the nursing home.

Man Picks Off Father, Brother And Sister-In-Law With Rifle

(By The United Press)

WEST-JOHN, Neb., Dec. 5.—Alex Svete, 41, Yankton, S. D., picked off his father, his brother and his sister-in-law with a rifle "without even giving them a chance to run," he told Cumming county authorities today in explaining the triple slaying.

Sheriff Charles Saxe said Svete, near death from a self-inflicted bullet wound in the head, told him he killed his father, Thomas Svete, 72, and his brother and sister-in-law, Mr. and Mrs. Frank Svete, 39 and 32, while

Weather Report

WEST TEXAS
Fair tonight and Saturday.
Cooler this afternoon and colder tonight in all sections except Panhandle with near-freezing. Warmer Saturday afternoon.

EAST TEXAS
Fair, colder temperature near 32 in northwest and extreme north portions except near 26 in extreme northwest portion tonight; Saturday fair, somewhat colder near upper coast. Moderate to fresh northerly winds on the coast.

LOCAL WEATHER
United States Weather Bureau
Texas Technological College Station
Minimum temperature, 28 degrees.
Temperature at noon, 49 degrees.
Dew point, 24 degrees.
Relative humidity, 70 percent.
Clouds unlimited, sky clear, visibility unlimited.
Wind velocity at noon, southeast, 8 mph.

Nominations Made For ABC Officers

Report of a nominations committee of the American Business Club for officers for 1942 was made at noon today by J. A. Fortenberry, chairman, at a club luncheon in Hilton hotel.

Nominations were: H. B. Bryan and Robert Maxey for president; Alton Taylor and Gracie Bownds for first vice president; Royal Ferguson and B. B. Williams for second vice president; Fred Primm and Frank Lanotte for sergeant-at-arms; and Jimmie Wilson and Alton Webb for secretary-treasurer. J. D. McPhaul was nominated from the floor for sergeant-at-arms.

Wilmet Eaton was program chairman. Prof. Trent C. Root of the faculty of Texas Technological college, spoke on the economic status of the war and post-war economy.

Small Businessmen Disgusted With Present Defense Contracting

New Hope Seen In OPM Tour

Disgust with the entire set-up for small-businessmen in the national defense effort was expressed by the spokesman of the Sherman Chamber of Commerce in a statewide survey made by The Associated Press.

Firms have filled out so many questionnaires for so many agencies without results, that they have become quite disgusted, said Frank M. Thompson, manager of the Sherman civic organization.

Abilene and other West Texas points have experienced similar discouragement.

Yet all Texas cities indicate new hope with the visit of the OPM red-white-and-blue train to Texas, and clinics for small businessmen and manufacturers scheduled this month.

"I've seen a train," said Louell Slapp, Amarillo businessman, in reply to a query whether he would go to Dallas for the OPM clinic on wheels.

The Panhandle businessman appeared much in the minority, however, as delegations from many parts of the state were ready for the OPM special train and clinic.

Although discouraged so far, Sherman will send a delegation to the Dallas clinic Dec. 11-12.

No definite results—yet "This is a constructive move," said Chamber of Commerce Manager Thompson.

In July some 55 manufacturers and machine shop operators in the Abilene area held a special meeting and organized a pool of machine shop operators to bid on prime and sub-contracts.

"We spent considerable time in assisting this pool," said Merle Gruyer, manager of the Abilene Chamber of Commerce, "but like others in the state that have been organized, there have been no definite results obtained— at least they have not received any contracts."

Quick Action Urged "Too much red tape in the OPM office and too few on the staff ever to catch up with the problems facing them," was the criticism voiced by V. E. Long, manager of the Austin Chamber of Commerce.

"There must be something done and done soon," he declared, "if many small business places are to survive. The belief of many of our businessmen is that a billion-dollar job is being done on a 25-cent basis."

Organization of a South Plains pool of manufacturers, fabricators and machine shop operators brought no tangible results in the Lubbock area, reported A. B. Davis, manager of the Lubbock Chamber of Commerce.

"We have not received any concrete evidence of contracts, nor any definite indication of forthcoming relief for the small operator," Davis said. "To the contrary, it appears that freight rates and other contributing circumstances eliminate us from filing successful bids."

Garnet Reeves, manager of the Pampa civic body, reported an earnest effort in his area to assist small manufacturers but "without a great deal of success."

The campaign to aid small manufacturers is not benefiting Denison plants at all, according to A. W. Long, chamber of commerce manager. "We do have quite a number of firms handling defense contracts but these were obtained without assistance."

Need More Time "Usually the time required to submit bids is too short for a manufacturer to prepare an intelligent bid," he added.

The same problem confronts small plants in the Marlin area, said George S. Buchanan, chamber of commerce manager.

Your Chance To Help The Goodfellows:

To assist the Goodfellows in locating all children up to and including 14 years of age residing within the Lubbock city limits, regardless of color or creed, please fill out the coupon below and mail to:

CHIEF GOODFELLOW,
P. O. BOX 561,
LUBBOCK, TEXAS.

Please be sure that Santa Claus visits the following:

Family name _____

Address _____

No. of Boys _____ Ages _____

No. of Girls _____ Ages _____

Although there will be no distinction made because of color or race in distributing gifts, it will assist in verifying correctness of addresses to indicate whether those mentioned above are white or negro

Important Note—Coupons must reach the Chief Goodfellow not later than Saturday, Dec. 20.

SENSITIVE HEAD

So sensitive was Napoleon's head that his hats had to be well padded before he could wear them, and his valet had to break new ones in for him by wearing them for several days.

Producers of movie shorts in Mexico are protesting that they will be driven out of business by the recent demand of the labor unions that they employ more help than the producers assert is necessary.

closed due to lack of materials with which to work on civilian contracts.

Wichita Falls' pool of 40 manufacturers, fabricators, a machine shop and foundry owners "has made no howling success in obtaining contracts," said J. C. Boyd, Jr., assistant manager of the chamber of commerce. "But we believe it has been able to find out a number of reasons why it is so difficult to get work in this section."

"In my opinion," he added, "very little work will be obtained by the small manufacturers until some very substantial changes are made in the rules for handling out this work."

Waco, Pampa and Corpus Christi delegations of small manufacturers will visit the defense special train during its Texas tour, and San Angelo and Waco will send representatives to the defense clinic Dec. 11-12.

Organization of a South Plains pool of manufacturers, fabricators and machine shop operators brought no tangible results in the Lubbock area, reported A. B. Davis, manager of the Lubbock Chamber of Commerce.

"We have not received any concrete evidence of contracts, nor any definite indication of forthcoming relief for the small operator," Davis said. "To the contrary, it appears that freight rates and other contributing circumstances eliminate us from filing successful bids."

Garnet Reeves, manager of the Pampa civic body, reported an earnest effort in his area to assist small manufacturers but "without a great deal of success."

The campaign to aid small manufacturers is not benefiting Denison plants at all, according to A. W. Long, chamber of commerce manager. "We do have quite a number of firms handling defense contracts but these were obtained without assistance."

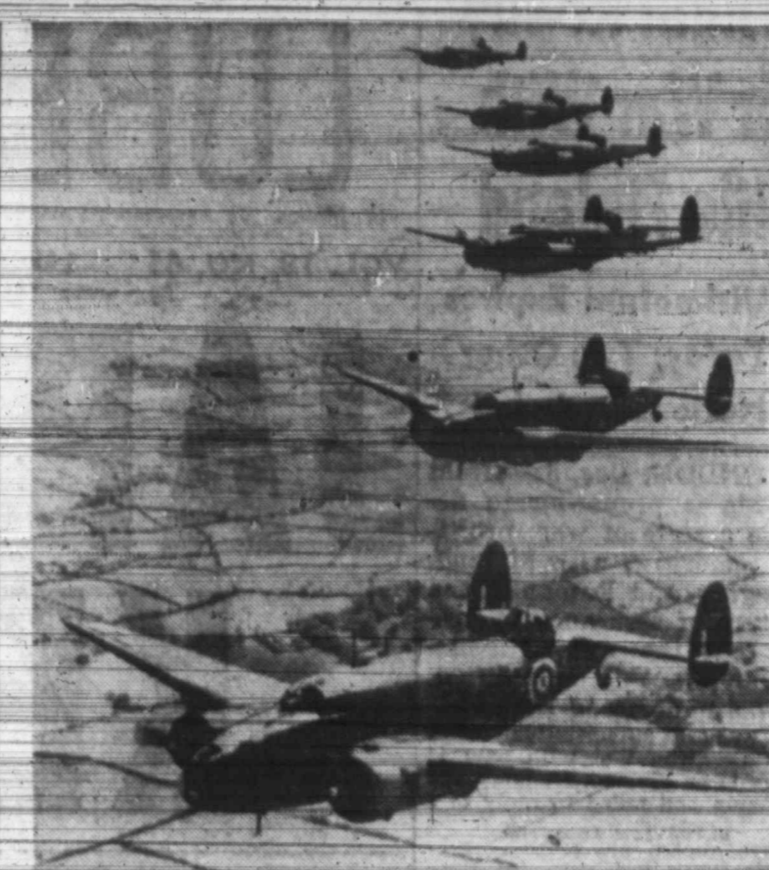

Need More Time "Usually the time required to submit bids is too short for a manufacturer to prepare an intelligent bid," he added.

The same problem confronts small plants in the Marlin area, said George S. Buchanan, chamber of commerce manager.

Local manufacturers hesitate to make bids because of lack of reasonable time to obtain specifications and make estimates," he said. "Quantities called for are usually so great as to disturb them."

Representatives from small manufacturing concerns in Vernon have held several meetings with chamber of commerce officials on means of securing defense contracts.

Must Secure Defense Contracts "I do not know how successful we will be," said W. H. Wright, chamber of commerce secretary, "but I am of the opinion that these concerns must secure defense contracts or eventually be

FASTER THAN BRITISH—American bombers like the Lockheed Hudsons pictured here in flight over Britain are better planes than anything England has in the same line—they go faster, farther and are more dependable. British "modifications" keep them grounded for weeks on end.

Germany Funeral Is To Be Held Today

Funeral rites are to be conducted in Petersburg Church of Christ this afternoon for Mrs. J. B. Germany, 57, of Petersburg, who died here Wednesday night in the home of her daughter, Mrs. Walter Whorton, 2010 Twenty-eighth street.

Death was attributed to a brain hemorrhage, friends here said. Mrs. Germany came to the home of the daughter when she became ill about six weeks ago. A physician said she had been in a state of coma two weeks before her death.

The body was taken to Plainview by M. B. Lembar, funeral home, under whose direction burial will be in Petersburg cemetery. Last rites will be read by Charlie Watkins, Church of Christ minister.

Mrs. Jim Mayhill of Lubbock also is a daughter. Mrs. Germany had been a resident of Petersburg and vicinity 25 years.

Other survivors are the husband; three sons, Floyd, Edgar and Edwin Germany, all of Petersburg; a step-son, Luther Germany of Tuleton, Ariz.; four daughters, Mrs. F. T. Thorpe of Tahoka, Mrs. Elton Howard of Corpus Christi, Mrs. Whorton and Mrs. Mayhill.

Ladies Night Staged By Rotarians Here

The ladies' night dinner-dance of Lubbock Rotary club was attended by approximately 75 guests in Hilton hotel Thursday night.

Music was by C. A. Rogers and his orchestra. A floor show was presented by dancers from Snyder. Prizes were awarded to women who participated in games at the meeting. Rotarians and their guests danced after the regular program.

Rev. Furr, president of the club, presided and O. W. Ribble was master of ceremonies. Tables were decorated with a Christmas motif.

ODD TABLE CUSTOM During the 1880's and 1890's, western hotels and rooming houses customarily arranged table silverware in standing form with the knife and spoon set in the fork tines.

Add zest to your meat dishes with this

dried fruit jam

made the KARO way!

This combination of dried apricots, pitted dates, and shredded pineapple, adds real flavor and gives a "party" air to the simplest meals. It's wonderful with lamb or pork. And it makes a mighty fine breakfast or tea-time spread.

DRIED FRUIT JAM
2 cups dried apricots
1 cup pitted dates
1 (No. 2) can shredded pineapple
1 cup water
2 cups Karo (red label)
1 cup sugar

Cut apricot halves in quarters. Cut dates in thirds. Combine all ingredients in a saucepan. Cook until fruit is clear and syrup is thick. Turn into hot clean glasses and seal with melted paraffin. Makes about 4 (8-oz.) jars.

Leak In Ultra-Secret War Plans Causing Worry

Victory Fund Is Outlined

(By The United Press)
 WASHINGTON, Dec. 5.—Government investigators sought today to learn how an ultra-secret war plans study, made at the request of President Roosevelt, leaked out.

The study formed the basis of the \$150,000,000 "victory program" now being perfected for the president's approval. The "leak" caused some concern among administration officials lest it hamper efforts to "sell" that program to the public. The incident may make it necessary to announce details of the victory program earlier than was planned.

Accuracy Confirmed
 Leaders in Congress confirmed the accuracy of documents revealed by the Chicago Tribune, including the letter in which Mr. Roosevelt asked the army and navy to determine what it takes in the way of materials to beat the Axis.

They said the study was concerned with production requirements rather than military manpower. But the Tribune's copyrighted dispatch said the army-navy report to the president called for an American expeditionary force of 5,000,000 for a land offensive against Germany in the summer of 1943 and that it contemplated total armed forces of 10,045,658 men.

Great Stir Created
 Publication of details of the army-navy study created a great stir in Congress and in high administration places. However, the leaders of both sides of the foreign policy fight in Congress were silent.

Administration officials refused to confirm or deny the article and indicated they were more concerned about how the documents came into the Tribune's possession than

FOR DINNER—Fur hats, perhaps, with detachable rim, may be made from your discarded furs. This fox dinner chapeau was dyed pink.

the fact they had been published. Among details in the army-navy report, the Tribune said, was one that said "Germany and her European satellites can not be defeated by the European powers now fighting against her—and the conclusion that it will be necessary for the United States to enter the war and to employ a part of its armed forces offensively in the eastern Atlantic and in Europe and Asia."

President Roosevelt has issued no statement regarding the dispatch, but he will have an opportunity to discuss it today at his regular press conference at 10:30 a. m.

Administration leaders in Congress, however, challenged the Tribune's statement that a part of the huge plan is the creation of an AEF.

The United States had a population of 31,443,321 in 1860 when the eighth census was taken.

Publication of details of the army-navy study created a great stir in Congress and in high administration places. However, the leaders of both sides of the foreign policy fight in Congress were silent.

Administration officials refused to confirm or deny the article and indicated they were more concerned about how the documents came into the Tribune's possession than

the fact they had been published.

Judge Sees That His Ruling "Carried Out"

TULSA, Okla., Dec. 5 (AP)—The defendant, charged with a misdemeanor, offered to leave town in five minutes if released. "You've told me that before," replied Judge Walter L. Kimmel. "This time you're going to leave." He adjourned court, drove the man 28 miles out of town and told him to start hiking.

Private Joins Army And Sees The U. S.

FORT RILEY, Kas., Dec. 5 (AP)—Private Frank Milka of Detroit found that one way to see the country was to join the army. Since he was inducted nine months ago his duties as a chauffeur have taken him into 23 states.

COURT RULING

Man learned to equip airplanes with retractable-landing gear by watching birds draw up their legs and feet when in flight, according to a ruling of a federal judge in dismissing a patent infringement suit involving such landing gear.

POPULATION DROPPED
 A decline in population from 692,849 in 1930 to 641,134 in 1940 was shown by South Dakota in the recent census. Both the Dakotas showed a population loss in the census.

Rise Stevens, Metropolitan Singer, Warns Against Using Too Many Colors

Young Singer Gives Hints

EDITOR'S NOTE: Colorful Rise Stevens, Metropolitan Opera star, who is slated in this Alice Hart story, will appear in Lubbock next spring as a member of the Bob White course.

BY ALICIA HART
NEA Service Staff

In a season when fashion's chief trend is color and color and more color, it's refreshing to hear Rise Stevens' self-made glamor-guide. Her first rule is: "Never wear color as a flag. Use it to dramatize but don't allow it to blotch out personality."

This lovely young singer is both the Metropolitan Opera Company's latest gift to Hollywood and Hollywood's gift to the Diamond Horseshoe. She went to Hollywood via a long tour of European study and concerts, and the "Met."

Now she's back, starting simultaneously in the opera's opening performance and in the movie version of "The Chocolate Soldier." Last season she won the Fashion Award as the best dressed opera star.

COLOR AFFECTS DRESS LINES

Having the impressive height of five feet seven inches, Miss Stevens uses color-contrast with splash.

"Even so," she told me, "I wouldn't go in for full-length pants of color which produce unduly long lines."

There's one basic principle to remember about color: the moment you have it in your costume in striking contrast, you are affecting importantly the lines of your garment. You can, like Miss Stevens, turn that principle to your advantage, or you can let it take advantage of you. For instance, the extremely tall girl can cut her height by slashing her skirt with color—say, a broad contrasting border at the hem. Or she can let a brilliant full-length panel make her look like the Empire State building.

A very short girl should concentrate color at the shoulder and neck lines, which leaves the vertical lines of her costume unbroken. The color lines in her fabrics—prints, for instance—should be rounded lines. A good swirl pattern flatters her, likewise color contrast in soft drapes at neck or waist.

"I feel as if the millenium has come with this season's color," remarked the singer. Her natural smoldering-brunette coloring is heightened by black, but she prefers the fashionable black-with-an-accents because the bright hues light up vivid undertones in her skin, hair and eyes.

"I rarely turn up in more than two colors, though," she said. "I believe that multi-color effects are best worn by the soft, fluffy type of woman in flowing and blended effects."

Auxiliary Party Honor To Mrs. James Samson

The auxiliary to the Master Plumbers met with Mrs. R. K. Landreth, 2121 Thirty-first street, Thursday night and honored Mrs. James Samson on her birthday. She was presented with a shower of gifts.

Mrs. Tom Sumrall of Houston, a visitor, poured coffee.

Guests were Miss Jeanne Samson and Mesdames D. P. Fox, John McKinley, W. T. Bell, Dick Rountree, Charles G. Moore and J. F. Anthony.

BY RUTH MILLETT

We The Women

"We'll come if we can find someone to stay with the children," is the way couples with small fry are answering all invitations today. For finding someone to look after children for a few hours has become a major problem—now that household help is so scarce that almost any girl who really wants a full time job can have one.

A practical solution to the problem is already being tried out in some cities, and could be worked out in any community.

In Des Moines, Iowa, for example, the G.I.T. Reserves, high school group of the YWCA, are sponsoring a course to train high-school girls in the art of looking after and amusing children.

The course includes fundamentals of child psychology, first aid, food preparation and habit training. In addition, the girls are taught games that will appeal to bored and restless children.

At the completion of the course, each girl is given a certificate and her name is put on file in the employment office of the YWCA. There parents who want to get out for an evening's fun can get in touch with her.

The idea is a good one because

Eliminating "ifs" To Invitations

And it could be adopted anywhere that young couples find it hard to get hold of "someone good" to leave with the children.

Any group of serventless young mothers could sponsor and teach such a course and thereby eliminate the "if" with which they are now accepting invitations.

"March of the Goones" (Thompson); "Chiming Bells" (Wagness); James Vernon; "Musette" (Bach); "Dark Eyes" (Russian Folk Song); David Lavery; "Home on the Range" (Cowboy song); Don Elliott and Larry Haddin; "Soldier's March" (Schumann); "Nocturne for Left Hand" (Wagness); David Lavery; "Pin Wheels" (Wagness); "The Singing Juggler" (Wagness); Don Elliott.

"Snowflakes" (French Folk Tune); "The Sleigh Ride" (Pierpont); Larry Haddin; "Sunday Morning" (Wagness); "Song of the Gondolier" (Wagness); James Vernon; "Hair" (Foster); "Beautiful Dreamer" (Foster); David Lavery; "Silent Night" (Gruber); Don Elliott and Larry Haddin; "March Militaire" (Schubert); Ned Haddin; "Turkish March" (Mozart); "Hunting Song" (Mendelssohn); Paul Lavery; "Consolation" (Mendelssohn); "Confidence" (Mendelssohn); Ned Haddin; "Boat Song" (Scharwenka); "Gonatina" (Wilson); "Idillio" (Bach); Paul Lavery; "Pretudes Nos 4, 5, Opus 28" (Chopin); "Minute Valse" (Chopin); Haddin; "Song" (Jensen); "Tarentella" (Heller); Paul Lavery.

The club will have a Christmas party December 18.

Amiga Club Party Given By Mrs. W. E. Watson

Mrs. W. E. Watson gave a party for the Amiga club Thursday afternoon in the home of Mrs. Lora Tucker, 1506 Avenue B.

The hostess was presented with a crystal gift and Mrs. C. A. Cox was honored on her birthday with a shower of gifts.

Mrs. R. D. Cole was elected president; Mrs. Watson vice president; Mrs. J. A. Barton, secretary-treasurer; and Mrs. John L. Vaughan, reporter.

The club will have a Christmas party December 18.

Mrs. Wright Is Hostess To Les Huit Amies Club

A gift exchange featured a party given for Les Huit Amies club by Mrs. J. Hill Wright Thursday afternoon. Bridge was played.

Members attending were Mesdames Lofton Burnett, C. B. Lawrence, E. Vande Waters, Benny Meador, J. A. Keenum, Belverd Needles and C. C. Camp.

Mrs. Burnett will entertain for the club January 6.

Arnett-Benson Club Has Meeting On Thursday

Arnett-Benson Home Demonstration club members met with Mrs. Bryan Landers Thursday afternoon. Games were directed by Mrs. C. O. White, and Mrs. J. E. Reid gave a council report.

Mrs. C. C. Heatley presided for business and Mesdames J. B. Wages, L. Vannoy and C. A. Put-

man were chosen as new council members.

The club will have a Christmas party during the holidays. The next regular meeting will be with Mrs. A. R. Pendley, January 15, 1942.

Other members attending not mentioned were Mesdames Roy Wells and Leon Rasco.

MEETING daughter's guests on holidays, mother may wear crepe dress of soft, draped lines.

Klever Kraft Plans Lunch

Klever Kraft Klub members, meeting in the home of Mrs. Mary Lovell, 1905 Thirteenth street, with Mrs. Joe Baldrige as hostess Thursday afternoon, planned an annual Christmas luncheon Dec. 18 in the home of Mrs. Charles N. Wood. Mrs. Wood is retiring president and an election of officers will be held at the luncheon. Club sisters also will be revealed.

The group decided to make a contribution to the Salvation Army at Christmas.

Guests were Mesdames J. O. Reynolds, Wood, A. S. Meincke, A. B. Brown, W. E. Humphries, E. A. Tipton, M. K. Foster, Janice Samson, C. M. Chandler, Gordon Flenniken and F. G. Campbell and C. R. Hurmence.

Tech Professor Speaker At Bud To Blossom Club

O. B. Howell, professor of horticulture at Texas Technological college, lectured on "Know Your Garden" at a meeting of the Bud to Blossom club with Mrs. Harold Munn, 1514 Twenty-sixth street, Thursday afternoon. A red rose was selected as club flower.

Members will attend a called meeting December 12 in the home of Mrs. John H. Cox, at 4744 Rock.

The next regular meeting will be with Mrs. W. F. Blackerby, 1512 Twenty-sixth street. W. W. Yocum will speak on "Planting and Caring for Fruit Trees."

Present were Mesdames Ray West, H. B. Holdridge, Blackerby, M. K. Meador, George F. Kinyon, George Curry, Cox, Osa Wilbanks, Acie Cope and Miss Lela Mae Barrett. Mrs. R. L. Ingram, a guest, and Mrs. Kary Mathis, club sponsor, were present.

Sharp Revision Of Texas Road Building Program To Be Required

Federal Funds Must Be Used On Military Roads Of State

AUSTIN, Dec. 5.—Sharp revision of Texas road building program will be required by notice to the state highway department that all federal funds allotted to the state must be used on military highways.

As a result work on most non-military roads will be suspended for the duration, State Highway Engineer Dewitt C. Greer announced today.

"Since it is apparent that priorities for materials such as steel, will not be approved for roads that are not military roads, it is thought that an appreciable portion of state funds available for highway construction must necessarily also be placed on the military network," Greer said. "These recent orders therefore mean a concentration of funds on the military network."

Tenth In Texas
Almost one-tenth of the nation's military road network, as designated by the war department, is in Texas. The Texas total is 330 miles, and state engineers have estimated that 100,000,000 would be needed to put these roads in first class condition. Work on strategic roads will be speeded as a result of the order, Greer said.

Greer added that about \$7,000,000 will be spent by federal agencies on access roads to army camps, military bases and defense industries. Texas' share of this expenditure has not been announced.

FOR A POOR KID—Some little boy or girl in a needy New York family will be a lot happier come Christmas because Fireman Nicholas Dobbin and buddies took time and trouble to recondition old toys.

ONE-DISH COOKS
Each dish served at the table of Frederick the Great was prepared by a different cook, and each had his own private kitchen in which to prepare his special offering.

WOMEN ENGINEERS
Almost 200,000 women have obtained Soviet citizenship since the first woman worker took the throttle of a Russian locomotive in 1938.

Marquis Drops 12th Century Family Title

DETROIT, Dec. 5. (AP)—Juan Miguel S. Fontanilles, Marquis de Villamediana, dales his title, back to the 12th century, but found it a drawback in business and had the historic name changed to plain American, John Springwell.

Springwell's father was Spanish emissary to Mexico when John was born 32 years ago. During the Spanish civil war his ancestral estate was swept away, and his father died.

But Springwell long since had become an American. He studied at Yale, married a girl named Alice, and became the father of a daughter, Sandra, now 6 years old.

"I decided that my name was a handicap," he said. "It was a good name in social circles, but no good in the everyday business world. Besides, I much prefer the democratic way of life and titles do not go with that."

He explained his choice of name. "Fontanilles means those who came from the land of the springs, so I chose Springwell for my new name."

OLD TIMER'S HERE—Exterminator, famous old cup horse retired since 1924, returned to Pimlico recently, looking fit despite his 26 years. He was accompanied by Groom Mike Terry and his companion pony, Peanuts, the shaggy beast in front.

THREE-IN-TWO TERMS
There were three secretaries of state during the administration of President Woodrow Wilson. Bryan served until 1915, Lansing until 1920, and Colby until 1921.

Northern Ireland now rations one egg a week to each registered consumer.

Eight Dead, Several Missing After Portion Of Bridge Falls

Divers Search For Victims

(By The United Press)
HARTFORD, Conn., Dec. 5 — Divers went back into the cold Connecticut river at dawn today to search for victims of the collapse of three spans of the world's largest girder bridge.

Six or seven of the men who were working on the spans yesterday when they fell 150 feet into the river, were missing. Eight bodies had been recovered, and 17 injured men were in hospitals, eight in critical condition.

Fog Hampers Rescue Work
Fog and the difficulty of searching in the dark beneath the ponderous, submerged girders forced divers to come up at midnight. Two hours before, the body of the eighth victim, Martin Ridgeck, 43, of New York, had been brought up.

The girders collapsed yesterday, while a 26-ton mobile crane was lifting a 98-ton girder. It slipped from the crane and crashed into two other girders, weighing 55 tons each. The entire span then plummeted into the river with a deafening crash. The spans were part of the 3,926-foot main river section of the 3,926-foot bridge, begun in September, 1940, and scheduled to cost \$4,500,000. The American Bridge company is building the bridge.

Singapore In The Spotlight

NAR EASTERN anchor of Britain's "lifeline of empire" is Singapore. At the funnel point of the Strait of Malacca, it gives dominance over sea routes from India to China. Giant fortress and huge base for warships, Singapore is major trump for America and Britain as war clouds roll over Orient. These pictures of life there today were taken by Deane Dickason, American author-lecturer.

THIS IS THE CITY: In background is the great harbor. Road at left is Bras Basah, at far end of which is Raffles hotel. High spire at right center is St. Andrew's Cathedral and black dome at extreme right is Supreme Court building.

THESE ARE THE WARRIORS: Swarthy Punjabi sepoy here practice loading and firing 40-mm Beaufors, an automatic gun taking two-pound shells. Troops are under intensive training.

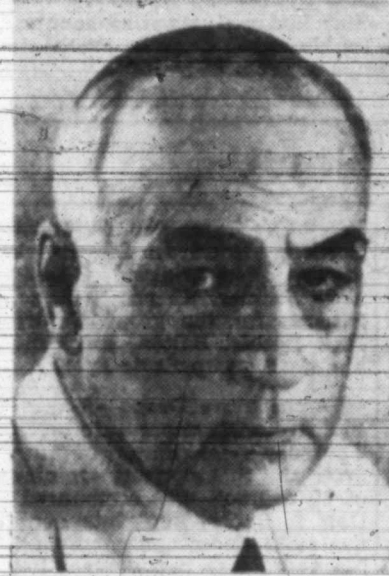

Cotton Plans Given Study

A district meeting to discuss the 1942 cotton insurance program is in progress today in Plainview.

V. L. Cade of Carlisle, district member of the state AAA committee will preside.

Donald L. Cochran, College Station, cotton insurance supervisor, with several others, arrived Thursday and they plan to attend the meeting. Others here included: P. C. Colgin, commodity loan specialist; E. R. Duke, wheat insurance supervisor; Jack Bradshaw, assistant to Duke and M. C. Todd, acting district fieldman. Tim Moore, O. B. Biggs and Mr. Duntin of the state office.

Members of the county AAA committee, county administrator, marketing and insurance clerk and the county agricultural agent, are expected to attend. Walter Y. Wells, county administrator, said he and R. H. Gibson, insurance clerk, planned to attend, as well as the three committee members, C. E. Lilley, Slaton; J. R. Murrell, Shallowater and James Steele, Woodrow.

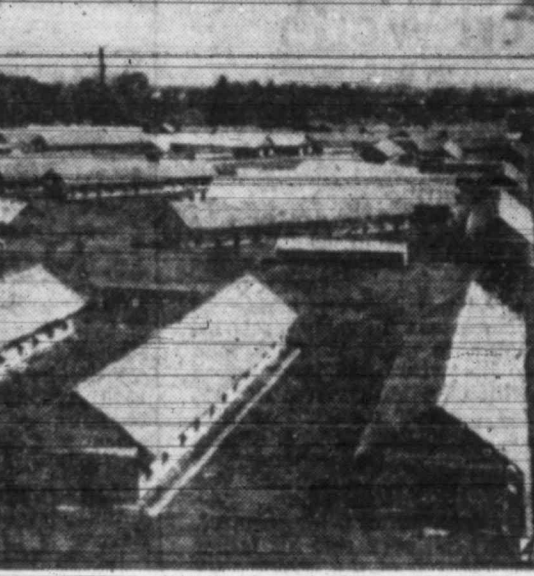

THIS IS THE BOSS: Sir Shenton Thomas is governor, commander-in-chief of Straits Settlements, commissioner of Federated Malay States.

THESE THE PEOPLE: Despite constant war tension the British of Singapore still find time for the social amenities. Here a throng gathers at the Sea View hotel where concert is given each Sunday.

HERE THE WEALTH: Three-fourths of tin used in U. S. comes from near Singapore. Chinese coolie hoers are in trough-in wash-out process.

THIS IS REFUGE: Make-shift evacuee villages have been built inland from Singapore to receive coastal Malays should Singapore island be attacked. Built of wood and fiber, houses are spaced to prevent spread of fire.

Warning Is Given To Keep Records On All Extra Workers Employed During Holidays

Employers who hire additional help during the holidays should see to it that the account number of each worker is recorded in wage records so that proper credit may be given on federal old age and survivors insurance accounts, according to John D. Palmer, manager of Lubbock office of the social security board.

Burnett John Pantel, Hunter Gist Tolbert, Clinton Townsend Reven, Marvin Joseph Payne, Jr., Oston LeMay, Alewyn, Jimmie Samudio, Valentin Guisardo, Woodson W. Lindsey, William Jefferson Holland, Garland Walter Sims and Kenneth Lee Leslie.

day season to obtain their cards at the local office at once if they have not already done so.

It is expected that during the next 30 days many business men will employ an unusual number of clerks and sales people, Palmer explained. "And we want to be of as much service to the employer and employee as we can to avoid missing the social security account number, which is certain to occur unless the employer sends it in on his return to the collector."

It was emphasized by the manager of the office that the old-age and survivors insurance law applies to all employers with one or more employees, working part-time or full-time. This, of course, does not include agricultural, domestic

work or services performed for charitable or non-profit institutions.

Soil From All States Used On Buckeye Tree

COLUMBUS, O., Dec. 5. (AP)—The Ohio Rural Letter Carriers association Buckeye tree in the state house yard is now "complete."

When the tree was planted at the National Rural Letter Carriers' convention here in August, a bottle of water and a sample of soil from 47 states and the U. S. territories was used.

Mr. and Mrs. Ira Young, Leesburg, made the planting complete recently by adding water and soil from Arizona, the one state not included in the original ceremonies.

Draftees Leave For Ft. Bliss Thursday

Twenty-five draftees registered with Lubbock county draft board No. 2 left Lubbock Thursday for Fort Bliss where they are scheduled for induction into army service.

Sent by bus were Jone Dana Hadaway, James Samuel Gentry, Frank Jones Sneed, John Cecil Hart, Neil Franklin Dement, Harvey Ely Kooz, James Michael Redwine, Jr., Dale Lourcy Lee, Casimiro Baca Jaramillo, Alfredo Garcia Gonzales, Robert Thomas Spears.

Official Offers Extensive War Preparedness Program For Texas

Medical Aid Is At Top Of List

(By The United Press)

AUSTIN, Dec. 5.—Dr. George W. Cox, state chairman of the national defense committee on health and emergency medical care, today proposed five war preparation activities in Texas.

They are first aid training; creation of emergency medical field units; organization and training of nurses' aids; emergency sanitary corps; and educational measures.

To Furnish Instructions

Each community was advised to form a unit for first aid training, for which instructions will be furnished.

Two or more squads of emergency medical field units were suggested so that they can alternate on calls. Each squad is to be composed of two to four physicians heading a team of nurses and nurses' auxiliaries. The squad, it was suggested, also should include an ambulance driver or other transportation.

Organization of the nurses' aid units will be handled through the American Red Cross, Dr. Cox said. All hospitals were urged to participate in the program of augmenting the nursing service.

To Meet Emergencies

The emergency sanitary corps is to train workers to meet such emergency as an armed invasion and also emergencies due to floods, storms, earthquakes, or epidemics. It was suggested that its recruits come from among veterinarians, engineers, employees of utility companies, construction foremen, and teachers of science, physical education and chemistry.

The educational measures should include a speakers' bureau, Dr. Cox suggested. The following lecture topics were proposed:

A plan to meet the emergency—how individuals can best serve in national defense; various methods of attack; English procedure in conserving manpower.

A program to protect industrial workers.

Conserving health and increasing efficiency of civilians.

Hazards that affect productive capacity.

Morals and public health.

Eye protection in industry.

Shadow on the land—syphilis.

A plague in our midst (gonorrhea).

Child growth and development.

Prepared lectures on the suggested topics are available through the state health department.

Dr. Cox also outlined a long-range program for improving health, including protection of water supplies, immunization, food sources, drug supplies, hospital facilities, and rodent and insect control programs.

He suggested as additional activities the formation of rescue squads, stretcher teams, transport service volunteers, evacuation squads, and ambulance service.

Other recommended activities call for detailed planning of rest room, swimming pool and beach sanitation, and the collection and disposal of garbage.

SELECTED AS HEALTHIEST 4-H MEMBERS—Sliced beef was on the menu as three girls and two boys celebrated their selection as blue ribbon winners in the annual 4-H club health contest in Chicago. Healthiest, as named in the national competition, were, left to right, Faith D. Koch, 16, Waverly, Ia.; Lois Schreier, 17, Greenville, Wis.; Catherine Monesse, 18, Savannah, Ga.; E. Lucille Hall, 16, Arnett, Okla.; and Lary Townsend, 18, Natchitoches, La.

Cowboy-Prince Claims Divorce Suit Mistake In Fort Worth

FAST CLIMBER—Rapid rising Maj.-Gen. Archibald Edward Nye has advanced from the rank of private to his new post as vice chief of Britain's imperial general staff in only 28 years, an achievement surpassed only once in modern British military annals.

PIANIST-INVENTOR—The famous pianist, Joseph Hofmann, invented a steering device for automobiles and built one of the first steam-propelled cars in Germany.

(By The United Press)

FORT WORTH, Dec. 5.—Alceme McFarland's cowboy-prince husband said today her divorce suit was a mistake and that she would shortly withdraw it.

It resulted yesterday, he explained, from "a little spat, the kind all married couples have."

The tall, dark and handsome prince was up early, as is his habit, to drive 17 miles west to his wife's 1300-acre ranch which he supervises. He has made a cow man out of himself in 10 years and is known informally as "Johnnie" or "Johnny. But he is Prince Von Eichenstein."

Duc de Troopau et Jaegerdorf, Court Rietberg, and his father is monarch of the principality between Switzerland and former Austria. The House of Eichenstein is one of the oldest in Europe.

His marriage in London, July 31, 1931, to the daughter of a wealthy ranching family near Weatherford created a sensation.

After attending several eastern finishing schools, Miss McFarland and her mother, Mrs. Charles McFarland, went on a six-months tour of Europe. It extended into a five-year vacation, Miss McFarland and the prince met in Paris.

In Texas the prince became fascinated with western ranching life. He soon learned, by experience often painful, the work of a cowboy. And friends say he knows his ranching.

His wife's wealth was increased by discovery of oil on the family holdings.

SPIDER BAROMETER—It is possible to use spiders as barometers. They spin long threads if the day is to be fine, and strengthen their webs and shorten the threads if rain is near.

CANDLE FISH—So oily are the eelchuck, an excellent food fish of Alaska, that the Eskimos put a wick into them and use them for candles.

Jury Makes Mistake On Death Sentence

ADABEL, Okla., Dec. 5 (AP)—The clerk of the court read a verdict sending William "Pat" Herzon to the electric chair but startled jurors cried: "It's a mistake!"

They retired again and came back with a 25-year sentence for manslaughter, explaining they'd signed the wrong blank the first time.

Herzon was convicted of slaying a man during a poker game argument.

Additional Society

(Continued From Page 4)

Lieut. Harper Is Married

Word was received this morning of the marriage of Lieut. Clarence Harper of Barksdale Field, La., son of Mr. and Mrs. R. G. Harper, 1410 Avenue Y, and Miss Venita McGuire of Dallas, which took place last Saturday at the post chapel.

The couple is at home in Shreveport, La., temporarily. Lieut. Harper is to be transferred to a bombardier school at either Denver or Albuquerque in the near future and they plan to visit his parents at that time.

The couple met when they were attending Texas Technological college from which they were graduated.

The bride is the daughter of Lee McGuire and the late Mrs. Lee McGuire of Lamesa.

Yule Lighting Is Planned

Lubbock Garden club members are sponsoring an annual Christmas lighting contest and rules and regulations were announced this morning by Mrs. W. B. Irvin, chairman, as follows:

There will be five divisions—general display, outdoor tree, doorway, single window and group window and those wishing to enter their decorations in the contest are invited to telephone Mrs. W. B. Irvin or Mrs. G. H. Nelson between now and Dec. 15.

Innovation this year is selection of winners by popular vote. In the past out-of-town judges have selected winners. Voting will be conducted between 9 a. m. and 5 p. m. Dec. 28-29 at a booth in Hemphill-Wellis store.

Amount of prizes and other details will be published in Sunday's paper.

Club Courtesy Is Honor To Mrs. Odell Hughton

Mrs. W. D. Massey, 2108 Twentieth street, gave a coffee Thursday morning as a farewell courtesy to Mrs. Odell Hughton who is moving to Denver.

Guests were members of the Needle Club Bee and other friends who presented her with a gift. Presentation was made by Mrs. C. C. Chambers. Mrs. Massey was given a gift for her new home.

Guests were Mesdames Bob Brown, Chambers, R. H. Edler, George Eubank, Glen Smith, Marion Simpson, C. M. Hawes, Ted Zachary, J. M. Lovelady, J. C.

Shirley Rites Set Saturday

Funeral services for C. C. Shirley, 82, of 2412 Eighth street, Lubbock's second traffic death victim of the year, will be conducted Saturday and burial will be in Lorenzo cemetery.

Time and place of services will be determined after arrival of other relatives. Plans—Funeral home announced.

Died Early Today

Mr. Shirley died at 12:15 o'clock this morning in St. Mary's hospital of a head injury suffered when he was struck by an automobile at Eighth street and College avenue Thursday night. He would have been 83 years old today.

He moved to Lubbock from Lorenzo, where he lived 82 years, in September. He leaves a daughter, Mrs. Belle Brundage.

He was taken to St. Mary's hospital by Eugene Barber of 1612 Sixth street. A physician there said he suffered, in addition to the head injury, a fractured right leg and body bruises.

Was Driving Slowly

Police said Truette Bownds, 17, son of R. A. Bownds of Slaton, was driver of the car that struck the aged man.

Young Bownds said he was driving slowly north on College avenue and that Mr. Shirley walked in the path of the car before Bownds saw him. The victim was crossing College from the west side at Eighth street. He had been to hear a lecture by Dr. J. Frank Norris.

Three Witnesses

The young Slaton man was accompanied by Dora Caldwell, also of Slaton, and a woman of 311 Avenue W, Ross Hensley of 2412 Fourth street and J. E. Cox of 318 Avenue U were witnesses to the mishap, police said.

The accident happened about 10 o'clock Thursday night. Dick Frego and Carl Francis, patrolmen, investigated.

Survivors Named

Other survivors are the wife, five daughters, Mrs. S. E. Arnold of Hilltop hotel, Mrs. S. C. Simon of 1701 Thirtieth street, and Mrs. J. D. Swan of Wheeler, and Mrs. Guy H. Allen of Corsicana, and Mrs. Brundage; three sons, Jerome Shirley of Corpus Christi, Rex Shirley of Albuquerque, N. M., and Roy Shirley of Seminole.

Miss Joyce McDaniel, 24, of 2616 Fifteenth street died Nov. 16 of injuries she suffered the previous night in an automobile crash at the East Broadway underpass. Lubbock had enjoyed 354 deathless days previous to her death.

Fun Night Programs Will Be Conducted

The social recreation team of First Baptist church will be in charge of the fun night programs tonight at 7:30 o'clock and during the remainder of December in the Community Center, Sixth street and Avenue B, according to an announcement this morning by Miss Imogene Douglas, superintendent of the city-WPA recreation project.

Lattimore Ewing is to be master of ceremonies. Albert Bartel is to lead singing, Elmita Ostrom and Morrine George are to direct active games, Madge Lawrence quiet games, Ewing a musical game. Salt and Tasty is to perform tricks and Oleta Zeh is to be pianist.

Programs planned during the month, Ewing said, include one for children the night of Dec. 19.

Mystery Revue To Be Presented Tuesday

"Mondro's Mystery Revue," a two-hour program, is to be presented in Senior High school auditorium Tuesday night at 8 o'clock as a benefit for the band, according to an announcement at the high school this morning.

D. O. Wiley, member of a special parents' committee, and C. S. Eskridge, director of the band, are in charge of arrangements. Admission prices are to be 40 cents for adults, 25 cents for Texas Technological college students and 15 cents for children, all including tax.

Demand for used cars is stronger than for new ones in Brazil.

Skipper, W. T. Holder, Lucy McFarland, J. L. Pate, N. J. Allen, M. M. Page, C. W. Trippe, Bill and J. H. Trimble, Gus Eddy, Vane Sandlin, Ralph Goldwater and Glen Buell.

DEATH STRIKES TWICE—Vesta Kelling (left), 40, a feature writer for Wide World, a news service of The Associated Press, was killed in an accidental gas explosion in her New York apartment. By coincidence, her former husband, Lieut. Col. Charles M. Cummings (right), an air corps attaché at the U. S. embassy in London, died in Lisbon the day before on his way back to this country.

Man Installs Telephone In Doghouse And Moves In; Spouse Is Annoyed By Antics

CHICAGO, Dec. 5 (AP)—Norman Redmer, 35, is president of the A-1 Sewer Machine Products company.

His wife, Bessie, 28, told Judge Joseph Sabbath that she wanted separate maintenance because:

Redmer built an addition on the doghouse, installed a telephone and moved in.

He dressed in a sheet, danced in ghostly fashion outside her bedroom at night and threw pebbles against the window.

Sabbath continued the case after Redmer presented countercharges that his wife refused to let him wear shoes in the house and that she kept several dogs, some of them ill-trained.

Brief Bits Of News

Coach To Speak—Dell Morgan, Texas Technological college football coach, will address Sudan Rotary club at a banquet tonight honoring the Sudan High school grid team and its coaches. Motion pictures will be shown.

Services Tonight—Rabbi Isadore Garske tonight will speak in Hebrew and English at an 8 o'clock service in Temple Shaareth Israel at 2420 Sixteenth street.

Dinner-Dance Tonight—Preparations are complete for the annual Christmas dinner dance of Lubbock Traveling Salesmen's club, their wives and guests for which Cactus Inn has been reserved at 8 o'clock tonight, according to Leonard Cole, secretary. D. H. Bradford is president of the club. C. A. Rodgers' orchestra is to play.

Two Treated—Mrs. W. A. Nell and David Bozarth, 19, of 808 Avenue E were dismissed from Lubbock sanitarium after treatment for injuries suffered about 5 o'clock Thursday afternoon when automobiles they were driving were in collision at Twentieth street and Adams avenue. Mrs. Nell had a head laceration and Bozarth, a face cut. They were taken to the sanitarium in a Plains ambulance. Ralph Goldwater and P. M. Moore, police patrolmen who investigated, said Mrs. Nell was driving south on Adams and the youth was going west on Twentieth.

Slightly Improved—Condition of S. T. Harris, 71, Floydada grocer and father of C. B. Harris of 2124 Twenty-eighth street, was slightly improved but remained serious this morning, said an authority at West Texas hospital. He is suffering pneumonia following influenza. His wife, another son, Orvil Harris of Pacific Beach, Calif., and a daughter, Mrs. Thomas C. Jones of Gunter, are at the bedside.

Daughter Is Born—Mr. and Mrs. Royce H. Arnold of Leveland are parents of a daughter weighing 7 pounds, 8 ounces, born Thursday afternoon at 3:25 o'clock in St. Mary's hospital. The father is employed by Magnolia Petroleum company.

Clerks To Meet—A 13-county meeting of county clerks and their deputies is announced for Saturday in Midland. Counties comprising the area include Lynn,

Terry, Yoakum, Gaines, Dawson, Borden, Howard, Martin, Andrews, Ector, Midland, Glasscock, and Winkler. Clerks will select a name for the group Saturday. Jack Spoots, Belton, president of the state group, is to speak.

Temperature Drops—A drop of 45 degrees in temperature between Thursday's maximum of 75 degrees and this morning's minimum of 30 degrees, was announced by Don L. Jones, superintendent of the state experiment sub-station. Minimum was two degrees below freezing.

Judge Is Improved—A slight improvement in the condition of Judge T. Whittier Davidson of the U. S. district court, who is in his room at the Hilton hotel, was reported this morning. Judge Davidson was ordered to bed by his physician early Thursday morning. Court matters were continued until Monday.

Supervisors Meet—O. T. Williams, area conservationist of the U. S. Soil Conservation service will meet this afternoon with the board of supervisors of Lubbock Soil Conservation district in the office of E. R. Steen, fourth street and Avenue K. Earl Davis of Acuff is chairman.

Not Serious—Dale Buckner of 1907 Twenty-third street, who is suffering pneumonia, is improved and not serious in condition, it was said at West Texas hospital late this morning.

Condition Satisfactory—Condition of J. D. Henly of 1509 Twenty-fifth street was considered satisfactory this morning at West Texas hospital. He is suffering from influenza and entered the hospital Thursday afternoon.

PRIVATE WEATHER BUREAU—CANTON, O. (AP)—P. D. Howell, retired police chief, has been operating his own weather bureau for 33 years. Each morning and evening he records the temperature. Other data include the first snow and severe storms. He finds the record is handy in settling disputes and once his information was used in a murder trial when witnesses disagreed on the weather.

Mexico is encouraging the organizing of fencing clubs.

Ticket Sales To End Today

Any reserved seats remaining for the Lubbock-Wichita Falls district football game in Wichita Falls Saturday must be taken off sale at 5 o'clock this afternoon, according to information supplied this morning by E. J. (Pinkie) Lowrey, high school business manager of athletics.

He will be in the lobby of the Hilton hotel until that time with the tickets, he said. Any remaining at the close of sale will be returned to Wichita Falls.

Only Few Remain

Of the 1,200 reserved seat tickets supplied Lubbock, Lowrey reported, fewer than 180 remained this morning. Their price is \$1, including tax.

The high school also was supplied 500 student tickets, but reports on their sales were not available this morning. That demand, however, has fallen somewhat below expectations. They are 35 cents.

Reports from Wichita Falls state that the game seems to be a sure sell-out. Capacity of the field, however, is fewer than 9,000.

Buses To Leave Early

Chartered buses for the band and students are to leave from the high school Saturday morning at 6:30 o'clock. Other special buses will leave from the terminal in Hotel Lubbock building at 7 a. m. The round trip fare is \$3.50, including tax.

DeWitt Landis, manager of KFYO, announced that the game will be broadcast from the field. The game will be put on the air about 10 minutes before the start of play.

Shop Superintendent At Air Base Arrives

R. M. Dillard, who is to be civilian shop superintendent at the air base under construction west of the city, arrived in Lubbock Thursday afternoon to assist in preparations for his new duties.

Dillard, who now is assigned to Duncan field, San Antonio, will have approximately 150 civilian employees under his supervision in the shops which will be responsible for the maintenance of all mechanical equipment at the base. The shops will be under the direct command of Major H. S. Bishop, sub-depot commander at the field.

Dillard plans to return to San Antonio Sunday. Mrs. Dillard and their two children, R. M., Jr., 13, and Mary Rose, 10, will join him in making their home here in the near future.

Forty thousand rivets are used in a modern fighter, about 500,000 in a bomber; and about 3,000,000 in the latest super-bombers.

Social Upheaval Feared From Migrations Of Defense Workers

Huge Post-War Headache Seen

LOS ANGELES, Dec. 5.—Migrations of millions of Americans because of the defense emergency have created the nation's greatest social problem. And they will create a post-war whirlpool of unemployment more dangerous to our economy than any military attack, speakers from opposite coasts agreed today.

Rep. John H. Tolan (D-Calif.) warned the California department of employment that state and federal agencies would have to meet an anticipated post-war unemployment crisis, then charged:

"There are no big men in Congress.

"They spend billions of dollars to save the world but do not have the brains or heart to take care of their own people.

"Congress has a standing committee on wild life that provides feeding ponds for ducks in every state, and even in Canada. But they have no feeding places for the millions of people who migrate from one state to another in search of a livelihood."

He is a member of a congressional committee investigating defense migration. After traveling 30,000 miles, he estimated that 25,000,000 Americans are living in states other than those in which they were born.

Of Utmost Importance

Jay A. Uric of New York, executive secretary of the national board of the Y. M. C. A. and an executive of the United Service Organizations, asserted in an interview:

"Our western migrations in the pioneering days of the dust bowl migration cannot touch it. Defense migration for importance in consequences to the country.

"Industrial workers have gone to new communities or old ones that have no capacity to accommodate them. Factories are expanding, needing more men than are available. So the end is not yet.

"The problem affects the whole community's life. Sewers are not sufficient. School houses are not adequate. People are living under most undesirable circumstances.

"The social and economic consequences will be a permanent change of our national scene, affecting agriculture, industry, our economies."

Cotton Fires Over Prison Terms Given Negroes

Approximately \$100,000 in damages was occasioned by cotton fires at three gins and yards of the Lubbock area Thursday, composite reports showed this morning.

Lubbock firemen answered alarms from gins at Acuff and Wolfthorpe and from the Dean plant five miles from Lubbock on Littlefield highway.

Other fires were reported in Lubbock and vicinity. High winds emphasized the spread of the blazes.

Lorenzo Cotton Burns

Cotton also burned at Lorenzo and a residence near the Co-operative gin at Acuff was destroyed. Fire Chief W. E. Twitty said 1,500 bales of cotton were destroyed on the lot at the Acuff plant. Approximately 500 bales were pulled away before the heat became unbearable.

The loss at Acuff will run between \$105,000 and \$115,000, Dewey Walker, manager of the gin, said today. The loss was covered by insurance.

Loss at the C. E. Dean & Co. owned gin on Littlefield highway was placed at approximately 200 bales by C. E. Dean, president.

Only two bales were said to have burned at Wolfthorpe.

Dean said his company's gin at Lorenzo had suffered partial loss of between 60 and 70 bales. Lorenzo volunteer fire department averted further loss.

Lubbock firemen left for Acuff shortly after 11 o'clock Thursday morning and found the flames well under way. Fire of unknown cause started "strangers" enough in the southwest corner bale. The southwest wind whipped flames quickly through the yard.

Nearly 20 tractors soon were pressed into use. Chief Twitty and two of his men left the scene in anticipation of more alarms when the residence fire was underway. Heat prevented any attempt to save it.

The chief said Thursday night's north wind placed two large homes in danger south of the cotton yard.

Dean said he had been informed a trailer caught fire at his gin northwest of Lubbock. A farmer, he said, pulled the trailer too near

Prison Terms Given Negroes

SEMINOLE, Dec. 5. (Special)—A 106th judicial district jury early today decided James Latham and John Allen, negro half-brothers, were guilty of the murder Nov. 15 of Clarence McNeill, prominent Gaines farmer, and that they should spend the remainder of their lives in the penitentiary.

The state contended that Latham, 20, stabbed the victim in the heart while the 19-year-old Allen, man, held the victim. A butcher knife was used in the slaying. It was produced in evidence by the state.

More Testimony Asked

Arguments were heard early Thursday night. The case was handed to the jury at 8:30 o'clock, but jurors filed back into the courtroom at 11 o'clock and requested additional testimony.

William A. Griffin, Jr., Gaines county attorney, opened arguments for the state and District Attorney Rollin McCord of Tulsa closed the prosecution's case.

Alton L. Thomas, assistant attorney of Gaines, represented the negroes by appointment of Judge Louis B. Reed.

The state had asked the death penalty.

Edell McNeill said one of the negroes was armed with a butcher knife and the other with a pocket knife when he went to his brother's assistance and was himself severely stabbed.

Knife Offered In Evidence

Dr. Harry Davidson of Seagraves, who attended the dying man, said the fatal wound ap-

parently had been inflicted with a large knife. A butcher knife, allegedly the death weapon, was offered in evidence.

Other state witnesses were Adolph Chubb, Alvin Matus, Annie Mae Jackson, a negro girl, and Wesley Speed, a truck driver, who said he gave the negroes a ride on his truck about 2 o'clock the morning after the slaying. The state alleges the knife was found in Speed's truck.

A. J. Hibdon, an undertaker, in rebuttal testimony for the prosecution said he was called to remove the body of Clarence McNeill, driven into McNeill's body with such force that it severed two ribs and pierced the heart.

Edell McNeill is a brother of the victim and was stabbed in attempts to aid Clarence McNeill.

War has reduced the number of British piano manufacturers from 60 to seven.

10,000 Are Expected To Watch Game, Starting At 2 O'Clock

Coyotes Hold Weight Advantage; Lubbock Slight Favorite In Bi-District Feature

(Special To The Journal)
SEYMOUR, Dec. 5.—Lubbock's Westerners moved into this town shortly before noon today and early this afternoon took over the high school football field for a final workout before Saturday's clash with Wichita Falls which headlines the Interscholastic League's bi-district program for this week.

Coaches Goobar Keyes and Dixie White will take their boys to Wichita Falls Saturday morning. At 2 o'clock, they'll send them forth for the first Lubbock-Wichita Falls gridiron contest in 11 years. Here's the way the two teams are expected to line up:

No.	LUBBOCK	Pos.	WICHITA FALLS	No.
87	Hubert Bechtel	185 LE 181 Troy Stewart	11	
31	Meier Taylor	160 LG 175 Louis De Smith	15	
27	J. D. Milner	177 LG 165 Joe Meissner	9	
20	Roland Nabors	170 C 160 Bill Bolling	12	
66	Franklin Butler	160 RG 152 Albert Bearden	4	
65	Robert McKinley	152 RT 210 Wilmon McGaughey	18	
28	J. A. Blackwell	147 RE 160 George Grininger	13	
29	Max Wallhall	155 QB 145 Gene Hill	2	
11	Milner Thorne	162 LB 147 Robbie De Smith	3	
18	Howard Kenford	155 RH 170 Stanley Williamson	5	
44	Billy Wright	165 FB 157 Charles Hair	7	

As indicated, the Wichita Falls eleven holds approximately a 10-pound weight advantage in the line due chiefly to the 210-pound left of Right Tackle Wilmon McGaughey. The backfields are almost evenly balanced on the scales, with the Coyotes seven pounds per man heavier for the full team.

Top Defensive Records

The two best defensive records in the state go on the block before an expected crowd of 10,000 people in Coyote Stadium — which seats 9,000. All reserved seats were sold out this morning, and general admission tickets at 75 cents each will be on sale at the gate Saturday afternoon.

The Wichita Falls team has allowed one touchdown in its last nine games after being scored on twice in losing its opener to Masonic Home of Fort Worth, 13 to 6. Eight times this year the Coyotes have held the opposition scoreless.

Both Records Among Best

Lubbock has given up only 30 points, holding the opposition scoreless in six of its ten games. The Coyotes have never been held scoreless in a game, averaging 23 points for their ten games. Lubbock has twice failed to score, but in the eight games which it has won has counted 224 points.

Lubbock tied Vernon, 0-0, while Wichita Falls defeated Vernon, 26-0. Lubbock won from Breckenridge, 18-7, while the Coyotes defeated Breckenridge, 26-0. Wichita Falls has won from two district championship teams this season—Breckenridge and Amon Carter Riverside of Fort Worth, which it defeated, 6-0.

Westerners Slight Favorites

Despite the figures and scores quoted above, the betting fraternity has installed the Westerners as favorites, possibly on the strength of the fact that they are from District One, which has won the state championship in five of the last seven years. Winner of this game will be a favorite to march through to the finals of the state race. Victor will face winner of Saturday's Sweetwater-Yaleta game in the quarter-final round.

A COUPLE OF COYOTES

Biggest and highest scoring players on the Wichita Falls team are pictured above. Top, Wilmon McGaughey, No. 18, 210-pound right tackle who'll be the heaviest griddle on the field Saturday. Below, Robbie De Smith, No. 5, one-half of the Wichita Falls twin combination and highest scorer on the team. Robbie De, a star pass receiver, was also District Two's leading scorer and an all-district man.

Raiders Enter Cage Tourney

(By The Associated Press)
OKLAHOMA CITY, Dec. 5.—Eighteen entries have been received for this year's Oklahoma City all-college basketball tournament to be played Dec. 26, 27, 29 and 30.

Heading the list is the fast Pittsburg (Kas.) Teachers' quintet, defending champion. New entries this year are Drake and Washington of the Missouri valley conference and Colorado State and Colorado Mines from the Rocky mountain country.

Arkansas Enters

Renewing its participation in the University of Arkansas, an old favorite.

The state of Texas again will be well represented, sending Texas Tech's Red Raiders; West Texas State Teachers' "largest basketball team on earth"; Baylor's Bears; Texas Longhorns, who were runners-up last year, and Texas Christian.

In addition to Drake and Washington, the Missouri valley conference is contributing the Oklahoma Aggies — who beat Texas Tech 53 to 49 Wednesday night — and the University of Tulsa's Golden Hurricane.

All Strong Teams

The Missouri Intercollegiate Athletic association will be represented by the Warrensburg Mules, considered among the top contenders, and the Springfield Bears.

The Oklahoma Collegiate conference has three entries—Southwestern State and East Central State, two of last year's better teams, and the host school, Oklahoma City university.

In 1550, a Portuguese navigator published a book on the subject of building a Panama Canal.

Tulsa University Named Visiting Sun Bowl Team

Schoolboy "Experts" Name "Winners" Westerners Favored To Defeat Powerful Wichita Falls Team; Sweetwater, Temple Boosted

BY TOM W. MILLER
United Press Sports Writer

Texas sports writers agreed today in a United Press poll that six schoolboy football teams would win their bi-district games handily. But they predicted that the other two games would be close.

Here are the consensus selections of the writers, who, like the westerman, should have a good idea of what is going to happen but sometimes don't.

Sweetwater over Yaleta—unanimous.
Temple over Breckenridge—unanimous.
Tyler over Nacogdoches—93 per cent.
Corpus Christi over Austin—83 per cent.
Paris over Highland Park—86 per cent.
Dallas Sunset over Fort Worth Riverside—82 per cent.
Lubbock over Wichita Falls—62 2/3 per cent.
Houston Lamar over Goose Creek—53 per cent.

All thought Sweetwater had far too much power for Yaleta to handle. They remembered that Yaleta beat Midland only 13 to 6 while Sweetwater swamped the same team 43 to 0.

Without hesitation, the writers chose unbeatens Temple over twice-defeated Breckenridge. Likewise, Corpus Christi has a far superior record to that of Austin (the Bucs beat the Maroons 13 to 7 early in the season) and Tyler rates much higher than Nacogdoches—the Lions blanked the Dragons 27 to 0 several weeks ago. But there were two selectors who looked for upsets.

Joe Pierce of the Lubbock Avalanche-Journal figured Austin to slip over a knockout punch and commented: "Yeah, I know I'm crazy."

R. M. McAlister, a radio sportscaster, also of Lubbock, liked Nacogdoches' chances. He reminded that the Dragons upset Lufkin, a team at one time rated No. 1 in the state.

Wichita Game In Spotlight

Two Dallas writers, Bill McClanahan of the News and Allen Bogan of the Journal, believed Highland Park would stop Paris unbeaten and untied rush, and two Fort Worth writers, Guy Witherspoon of The Press and Bill King of The Star-Telegram, thought Riverside would upset Sunset.

The major differences of opinion came in picking the Wichita Falls-Lubbock and Lamar-Goose Creek games.

To those who like to think that history repeats itself, the 1928 game between the two teams may be recalled. At that time Lubbock and Wichita Falls were in the same district, but in different zones. Lubbock, Plainview, and Amarillo ended up in a triple tie for the west zone crown, and Lubbock won a playoff, then lost 21-0 in the district championship game with Wichita Falls.

But the next time there was a tie in District One, in 1931, the Westerners again won a playoff, and this time prevailed over their bi-district opponent, Quamah, 26-0.

Major Leagues Wait For Next Meeting

JACKSONVILLE, Fla., Dec. 5.—The New York Giants may be rebuilt; the Cleveland Indians may be overhauled; the Cincinnati Reds may get a blood transfusion — but it won't be done in Jacksonville.

While the 40th convention of the National Association of Professional Baseball leagues ground to a close, the big-leaguers banked the fires of baseball's rumor foundry and headed for Chicago.

By train, plane and automobile they streamed north for next week's major league meeting where many of them are expected to renew dickering for trades which failed to materialize here. Minor league officials wound up their season.

Host Eleven To Be Selected Saturday

(By The Associated Press)
EL PASO, Dec. 5.—Tulsa's University's Golden Hurricane, kingpin of the Missouri valley conference, has accepted a bid to meet the Border conference representative — as yet undetermined — in the Sun bowl New Year's day.

The Oklahoma eleven, beaten only by Texas Christian university and Arkansas — and then by narrow margins, agreed last night to be the guest team after previously indicating a lack of interest.

The Sun bowl committee also had sent "feelers" to unbeatens and untied Dugucane and other eastern elevens.

Selection of the host team will be made Saturday night after Arizona university and Hardin Simmons, leaders of the circuit, conclude their seasons.

Tulsa Players Honor SWC Grid Opponents

TULSA, Okla., Dec. 5.—The University of Tulsa's huge South-west conference opponents of the west football season — Baylor, Arkansas and Texas Christian — won nine positions on the Golden Hurricane's all-opponents team.

BACK TO BASEBALL

FORT CUSTER, Mich., Dec. 5.—Sgt. Hank Greenberg rolled out of a bunk in the barracks of an anti-tank battery at Fort Custer today to resume his civilian life as the Detroit Tigers' \$35,000-a-year outfielder. Greenberg was to have been released Monday but his discharge was postponed because the finance officer wasn't ready with his final army monthly pay check—\$60.

FIRST U. S. GOLD

A 12-year-old boy, Conrad Reed, found the first gold discovered in the United States. He made his discovery in Cabarrus county, North Carolina, in 1799.

LIFE OF A DOLLAR

The life of dollar bills was cut in half by the advent of the automobile. Increased circulation and constant handling by greasy hands account for this.

SACRED BULLS

The sacred bulls of India are males of the zebu, or Indian ox, a beast of burden found since ancient times only in Africa, India and Madagascar.

Glancing Back Over Great Grid Season—Spectacular Runs, Passes And Punts Again Make Headlines Before Saturday's Millions

BY BILL BONI
Associated Press Sports Writer

NEW YORK, Dec. 5.—You may not have heard of Marion Motley. You shall right now. He is the star negro halfback of the University of Nevada's football team who, according to an annual Associated Press survey, got off perhaps the longest run of the entire 1941 campaign.

Against San Jose (Calif.) State, Motley took a kickoff five yards back in his end zone and ran for a touchdown. What's more, he later sprinted 67 yards for another score, and thus helped bring about San Jose's first defeat in 19 starts, by a score of 20-10.

The survey disclosed that also among the most glittering, spectacular feats of a thrilling season were:

Run from scrimmage—83 yards by Buck Fawcett of Stanford against Santa Clara.

Punts—Bill Busik's 77-yard quick kick for Navy to Army's one-yard line (he also had a 73-yarder against Pennsylvania).

Ed Schweda To Join '42 Lubbock Hubbers

JACKSONVILLE, Fla., Dec. 5.—Ed Schweda, star outfielder of the 1940 Lubbock Hubbers, will return to the Lubbock club for the 1942 season, it was announced here last night.

Schweda, who hit .422 for the Hubbers, was sent to Waterloo of the Three-Eye league last season and suspended for leaving the team. President Sam Rosenthal of the Lubbock team announced that Lubbock had secured Schweda's contract and obtained a removal of the suspension imposed last season.

Stars In Brilliant Feats

Some of the season's brightest stars contributed some of the most brilliant runs and kicks. There was Ed Dudley of Virginia, who ran 79 and 67 yards from scrimmage for touchdowns against North Carolina, and returned a punt 89 yards to score on Lafayette.

Bruce Smith, Minnesota's inspiring leader, punted 69 yards and then threw a pass for 43 yards to set up the touchdown that topped Michigan.

Frankie Sinkwich, Georgia's broken-jawed wonder boy, teamed with Lamar Davis on a 65-yard pass play that beat Auburn with three seconds to go.

Long Runs Spectacular

But there were just as fine performances by players who got considerably less notice.

Among the long runs from scrimmage were George Sutch's 79-yard romp for Temple against Rucknell; Dean Bagley's 85-yard scoring run that helped Texas Christian beat Texas, all the more amazing because he'd dropped back to punt and appeared trapped; Bill Daley's 72-yard dash on Minnesota's first play against Illinois; and Dippy Evans' 78-yard romp for Notre Dame against Arizona; a 78-yard gallop by Fred Allen of Utah State against Colorado State; and the 80-yard run on which Don Durston scored against Washington, now seen as the play which started Oregon State on the high road to the Rose bowl.

Alaska contains 385,000 square miles of well developed forest.

Last SWC Till Is Scheduled

Close Tussles Are On Saturday Card

Where Southwest conference teams play Saturday: Texas vs Oregon at Austin, Texas Aggies vs Washington State at Tacoma, Wash., Southern Methodist vs Rice at Dallas (conference).

BY RICHARD M. MOREHEAD
United Press Sports Writer

The Southwest conference brings down the curtain Saturday on one of its most turbulent football seasons, in which none of the seven teams came through undefeated.

The final conference engagement is between Southern Methodist and Rice at Dallas, with fourth-place spot in the final standings at the stake.

Both Face Tough Foes

Texas closes its best season in ten years with a worthy opponent—Oregon at Austin; and the champion Texas Aggies meet Washington State at Tacoma. Both Oregon and Washington State were in the middle of the east-west "Pacific coast" tie scramble, which Oregon State won last week with a 12 to 7 victory over Oregon.

Both Oregon and Washington State have heavy teams, featuring defensive power and fast backs. Texas and the Aggies, both with good-sized teams, probably will rely upon speed and passes to offset weight disadvantage.

Texas Seniors To Play

S.M.U. vs Rice is a toss-up. The Methodists probably will present the best passing attack and Rice a superior running game. The final advantage likely will go to the team whose line performs best.

Lubbock club is negotiating with Wisconsin Rapids of the Wisconsin State League for Clyde Lorenz, brother of Warren Lorenz, Hubber shortstop last season. His acquisition would give Lubbock a flashy brother combination.

Maps Say Uncle Sam's "Impossible" Position Due To Big Mistake

Press Assails British Again

(By The United Press)

TOKYO, Dec. 5.—Japan indicated through official sources today a desire to prolong peace negotiations with the United States and suggested that the "utterly impossible" position taken by Washington was due to "a big misunderstanding."

Major points of difference remain between the United States and Japan, the spokesman said, but progress has been made at Washington in clarifying other points and it is to be hoped that negotiations can continue toward seeking a "common formula" for a solution of the Pacific crisis.

Terms Branded "Impossible"

The spokesman's attitude contrasted with charges against the United States and Britain in the Tokyo press. The Domei news agency previously had said that the American terms for continuing negotiations were "utterly impossible" but left open the hope for some further negotiations.

Pomokazu Hori, the official spokesman, took a much more hopeful attitude toward continuation of the negotiations than had been suggested in the last few days.

Assuming that press reports are correct regarding Secretary of State Cordell Hull's statement denouncing Japanese rule by force, "we are amazed to find such a big misunderstanding by the United States," Hori said.

No Territorial Ambitions

The Hull statement seems to allege that we are following a policy of force and conquest and establishing a military despotism.

Japan will follow the policy laid down by former Premier Prince Fumimaro Konoye, who four weeks ago issued a declaration that Japan had no territorial ambitions in China, the spokesman continued. The Konoye declaration disclaimed any Japanese intention of demanding indemnity from China.

Hori suggested that the China situation was the real difficulty in the Washington negotiations.

Japan Army's Strength

In Shanghai, a Japanese military spokesman said today that the Japanese army "is now so strong that it is able to launch a campaign in any direction without withdrawing forces from the China front."

Hori said that Japanese troops in French Indo-China do not exceed treaty limits.

Britain Again Assailed

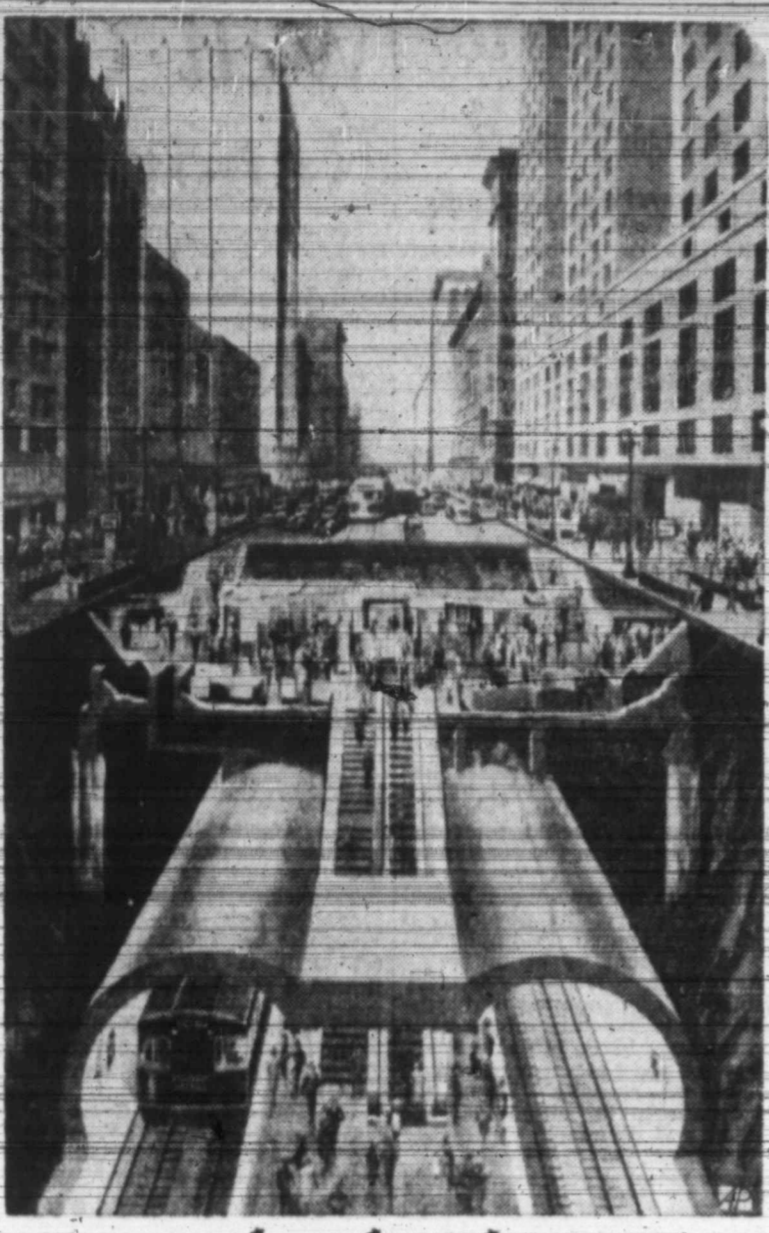

The newspaper Asahi in a dispatch from London, asserted Britain was taking advantage of the Washington negotiations to rush war preparations against Japan.

Asahi said that Britain had informed the United States that "in case of emergency" she would "take immediate action without awaiting United States action."

ROMAN SUBWAY

A program has been adopted for a subway system in Rome that will include six underground railways serving the entire city.

An old proverb says the number of snowstorms in any winter will be the same as the date upon which the first occurs. Thus if snow comes on the sixth day of the month there will be six storms during the winter.

"Dream" Subway Nears Reality For Chicago's Busy Millions

(By The Associated Press)

CHICAGO, Dec. 5.—The Windy City is breezing through the job of building a subway after dreaming about it for a couple of generations.

It's a \$57,400,000 job, and completion is set for June 30, 1942. The organization directing the construction was built out of thin air in less than two months.

That was in 1938 when the city and the federal government signed an agreement on federal aid and the department of subways and superhighways, with Philip Harrington as commissioner, started drafting men and engineers working night and day.

"Best In World"

Since then 77,228 feet of single street and Dearborn street routes, 1,500 feet under Dearborn street, constitute underground streets in the heart of the Loop.

Two Ventilation Systems

Continuous loading platforms, 3,200 feet long under State street, 2,500 feet under Dearborn street, constitute underground streets in the heart of the Loop.

SWC Teams In Action

Continued from Sport Page

on Saturday. The contest brings together the Southwest's two leading punters, Preston Johnson of S.M.U. and J. C. (Stoop) Dickson of Rice. They have averaged 42.6 and 40.4 yards respectively this season.

Some of the greatest performers in Southwest conference history will wind up regular-season play this week.

Senior players include the entire Texas starting line-up: Jack Crain and Pete Layden, the touch-down-makers; Malcolm Kutner, a great end; Guard Chal Daniel; and the others who brought Texas from the football doldrums, winning 20 and tying one of 28 games in three years. Victories include those in 1940 and 1941 over Texas Aggie teams that were undefeated and Rose-bowl-bound until Texas came along.

Then The Bowl Classics

Another of Texas' 19 last-year players—Osborn—Spencer—Sander—so-called "all-conference substitute" whose play has been outstanding since he joined the Longhorns.

FERTILIZER FISH

Almost 7000 men and 4000 boats of North Carolina are employed in the menhaden industry every year. The menhaden is a fish used principally in fertilizer.

Japan has a plan for increasing production of manganese ore which will include the development of idle mines, treatment of low grade ore, subsidies for increased production and closer cooperation between mining enterprises and consumers.

JOHNNY'S IN A JAM—Two-year-old Johnny Woods, Jr., caught his foot in an iron pipe and it took a dog, an apple and a Syracuse, N. Y., policeman to rescue him. Johnny's pet chow barked, attracting his mother's attention. Mrs. Woods brought Johnny a chair and an apple, then telephoned the police who freed Johnny after 45 minutes.

SOUTHERN EXPOSURE

You could build a house with all windows having southern exposures at the North Pole, since all directions from there are south.

War Expert Expects Call For U. S. Army

Claims We're Already In It

BY DEWITT MACKENZIE
Wide-World War Analyst

The Chicago Tribune caused much discussion with its copy-righted report that a joint army-navy board has prepared a confidential recommendation which includes provision for an American expeditionary force of 6,000,000 to fight the Axis by July 1, 1943.

That report will stir diverse emotions among the American public—but surprise shouldn't be one of them.

We're In The Conflict

Surely there can be few people who don't recognize by this time that the United States is at war with the Axis. Differences of opinion exist regarding the merits of our position as a de facto belligerent (and with that controversy this column has no part), but there can be no argument regarding our status as a participant. True, this fact we haven't taken part to any great extent on the "shooting war," but this doesn't alter the fact that we are in the conflict up to our necks.

Since this is true—the logical corollary is that the government must be prepared to implement the commitment by action.

As White House Secretary Stephen Early pointed out yesterday, it is the duty of the navy and the army, even in peace time, to study and devise plans for all possible emergencies. Even the most improbable situations are studied and planned.

Must Be Prepared

Every major power in the world has filed away in its secret archives plans calculated to meet all sorts of hypothetical positions. It would be astonishing and most disconcerting to learn, for instance, that our fighting branches didn't have detailed plans for our conduct in event of war with Japan. And the Japanese, shrewd people that they are, naturally are equally prepared.

I'll even wager, despite the traditional talk about the possibility of war between America and England, that our war and navy departments know what they would do if the impossible happened. Our cousins across the big

Well Completions Reported In Area

Six completions in the Slaughter field in Hockley and Cochran counties featured South Plains oil news Thursday.

Broderick & Calvert, Inc., Amion G. Carter and others No. 1 G. H. Hayward, the "tight" wildcat nine miles southwest of Muleshoe in Bailey, is plugging to abandon at total depth of 5,601 feet in lime. It probably had reached the Clear Fork Lower Permian in drilling to that depth, but formation samples have not yet been released.

Anderson-Prichard and American Drilling corporation No. 1 W. L. Ellwood estate, Hockley wildcat northeast of Levelland, had drilled to 5,086 feet on a 5,500 foot contract.

North of Levelland, Stanolind Oil & Gas company No. 1 Victor J. Williams is drilling below 2,935 feet in anhydrite. With elevation of 3,514 feet in topped anhydrite at 1,960 feet.

Texaco Has Three
Texaco accounted for three of the five new producers in the southwestern Hockley part of the Slaughter field. Its No. 54 Bob Slaughter became one of the largest wells in the field when it flowed a rated 2,335.80 barrels of oil per day.

Call Likely To Come
However, we aren't dealing with any such far-fetched hypothesis as that in the case at hand. We already are at war with the Axis. And as I have said in this column before, to my mind it's only a matter of time—likely a short time—before the Allies will call on us for aid in combat.

The great call for man-power will come from the Middle East and the Russian theater, as I view it. More and more it seems that this front will develop the decisive land engagements of the war. As pointed out before, ultimately the Allies will undertake an invasion of western Europe, but this can only come after the German resistance has been broken from other directions.

oil per day after acidizing with 12,500 gallons at total depth of 5,040 feet. The No. 60 Slaughter was good for 1,380 barrels daily at 5,000 feet and No. 63 Slaughter for 1,347.64 a day at 5,010 feet.

Also in Hockley, Magnolia Petroleum company No. 10-D Mallet Land and Cattle company rated 1,516.40 barrels per day at 4,990 feet. Honold Oil corporation No. 11-4-32 Mallet "A" proved good for 1,061.80 a day at 5,048 feet.

The lone Cochran Slaughter completion is Atlantic No. 31 H. T. Boyd, A 1,226.64 barrels-per-day oiler at 5,065 feet.

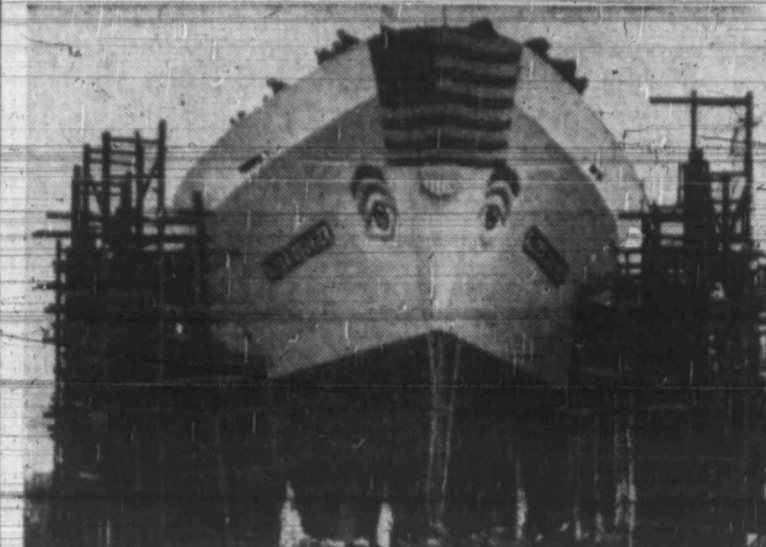

No. Oil Recovered
Placid Oil company No. 1 Higginbotham—southwestern Dawson county wildcat, is drilling below 3,548 feet in anhydrite, while Albaugh and Richmond No. 1 Handley, in the northwest part of the county, is cleaned out shot cavities to bottom at 4,980 feet and is preparing to put tubing.

Three miles east of the south end of the Wasson field in northwestern Games county, Amerada Petroleum corporation No. 1 Ruth M. Hudson cleaned out shot debris to bottom at 5,000 feet, ran two-inch tubing to 4,994 feet, and swabbed out and tested. It then swabbed four barrels of oil cut 2 per cent basic sediment and water in eight hours.

No oil was recovered the last hour but testing continued.

Free Training Given For Lakes Seamen
CLEVELAND, O., Dec. 4 (AP)—Opening of free schools for training of unlicensed Great Lakes seamen has been announced by A. T. Wood, president of the Lake Carriers' association.

Classes scheduled for this season include studies for prospective able seamen, officers and firemen at the association's offices here. Classes for officers and firemen at Marine City, Mich., and for able seamen at Port Huron, Mich., will open the same day, Wood said.

SHARP LOOKOUT—In observance of a Chinese custom, dig eyes decorated the Alcoa Courier at San Francisco launching.

"Rebels" Seek To Carve New State Out Of Oregon And California

45,000 People Backing Plan

YREKA, Calif., Dec. 5—Step up and meet "Jefferson," the proposed 49th state in the union.
Some 45,000 residents of four frontier counties in California and Oregon are clamoring for secession, charging that their own state governments have failed to develop vast resources of timber and minerals. The new state would be short on population, but long on territory. Its 12,663 square miles would exceed the combined areas of Connecticut, Rhode Island and Delaware.

Started in Oregon
The peaceful rebellion started in Curry county, Oregon, when that state failed to do anything about proven deposits of manganese and bauxite. Mayor Gilbert Gable of Port Orford, in Curry county, announced plans to quit Oregon and join California.
Immediately Siskiyou, Del Norte and Modoc counties of California warned him he would be hopping from the frying pan to the fire. They pointed to big deposits of chrome, copper and manganese which they said couldn't be developed because the sovereign state of California wouldn't build them passable roads.
There followed a "mutual neglect" meeting at Yreka in which he regarded as the provisional state capital and the dream of a 49th state was born. The Siskiyou Daily News conducted a contest to name the new state, and "Jefferson" was suggested by J. E. Munnell, Del Norte property owner.

One Is Proven
The Siskiyou board of supervisors appropriated \$100 to give the secessionists a treasury and virtually all of the supervisors of the four counties agreed to work on the project. Dr. E. F. Auble, Modoc supervisor, summed up their attitude when he commented:
"We wouldn't be worse off than we are now."
Jefferson's state seal would be a mber's pan with a double cross impuncted thereon, indicative of the double cross given the proposed state by California and Oregon—its proponents say.
Meanwhile, over a torturous 288-mile route, the trucks of Dorothy Maroney, the Siskiyou

IF YOU PRESERVE the map above, you may be acquiring a historic piece of Americana to pass on to your descendants. It's one of the first ever drawn of the new 49th "State of Jefferson" which 45,000 "secessionists" of Oregon and California hope to carve out of their respective states.

"Chrome Queen," hauled out 600 tons of chrome ore from one of her chrome claims to prove the deposits were well worth developing. One of six trucks was wrecked by a slide on the narrow, treacherous Klamath river road.
Would Be Taxless State
Every Thursday, bearded, armed, costumed sponsors of the 49th state campaign stop traffic on U. S. Highway 99 to distribute copies of their secession manifesto to passing motorists in an effort to enlist public support.
Oh, yes, the state of Jefferson has one highly unusual plank in its governmental platform:
Possession of slot machines would be classed with murder and cattle rustling. Reason: the frontier counties regard iron bandits as unfair competition to their favorite indoor pastime of stud poker.
One feature about the new state that appeals to most of its citizens is a proposal to eliminate taxes—sales tax, income tax and liquor tax. State finances would be raised instead by a small royalty assessed against timber and mineral developments.

Facing Involving Procedure
"Only" barriers faced by the secessionists are vote of the people of the respective counties, approval of the state legislatures, signatures of the governors, acceptance by the Congress of the United States and signature of the president.
Criticism hasn't stopped the secessionists from pressing their campaign. They wrote off as sour grapes the remark of Superior Judge Coleman of neighboring Jackson county, Oregon, who said:
"We must not make the mistake of laughing off this government as a silly publicity stunt. Don't forget that Adolf Hitler started in a small way, too."

Nickels For "Rainy Day" Go For Fine
EL PASO, Dec. 5 (AP)—Arturo Sanchez of El Paso started saving new nickels for a rainy day and it rained sooner than he expected. Hauled into court on a speeding charge, Sanchez was asked if he could pay a \$5 fine. He started pulling nickels and more nickels from his pocket.
"I save 'em for rainy days," he said and piled 100 bright new coins on the judge's desk.
The lizard's tail separates from his body easily and without loss of blood. Even fright is enough to cause it to detach itself.

QUEEN—Came time to pick a queen for Tulane university at New Orleans, and Louise Nelson, attractive, popular and shapely—was the logical choice. Despite all the applause, she says she doesn't go in for glamor.

Only one bridge spans the Yukon river in its entire length of 1437 miles.

Personnel Bureau Has ABC's For Job Seeker

AUSTIN, Dec. 5 (AP)—Good appearance is the most important attribute for a job-hunter, besides actual qualification for the work, University of Texas students are informed.
With the aid of personnel experts, the university employment lists the following ABC's for the job-seeker:
A—Appearance, "aside from qualifications, perhaps the most important single thing upon which an employer will judge you."
B—Behavior, "should be conspicuous by its absence."
C—Conversation, "moderation does it."

Governor To Receive Cotton Yule Gifts

DALLAS, Dec. 5 (AP)—Christmas gifts made of the state's leading farm crop, cotton, will be distributed to Gov. Coke Stevenson and heads of state departments, the cotton Christmas committee has announced.
The committee said yesterday that the fourth annual cotton Christmas tree will be placed in the hall of representatives this year, instead of in the governor's mansion to provide more space for visitors.
The tortoise-shell is the longest lived of all butterflies, living for about a year.

Wakes up Sleepy Foods

Brooks Catsup packs a stout enough punch to wake-up sleepy foods, yet it is mild enough to enhance delicate flavors.

Brooks OLD ORIGINAL CATSUP

When your menu gets monotonous serve Brooks Old Hot Spaghetti

Don't Forget MAXWELL HOUSE IS REALLY FRESH—ROASTER-FRESH

Maxwell House is sealed, roaster-fresh, in the Vita-Fresh vacuum tin. No air can get in—so no flavor can get out! And today in that famous blue Maxwell House tin you get more flavor for your money because...

- There's more flavor in the Maxwell House blend—it's far richer in highland-grown, extra-flavor coffees.
- All the flavor is brought out by the special "Radiant Roast" process.
- No waiting—Maxwell House is already precisely ground for every method—Drip, Regular, Glass-Maker.
- To save money and save shopping trips—get the thrifty 2-pound tin.

When you're all worn out with Christmas shopping—quick—a glass of Del Monte Pineapple Juice! What a comfort, that deep-ripe-tropic flavor. How cheering, its fragrance and golden color.

It's a party! Whisk open some Del Monte Pineapple Juice and that Christmas package-wrapping is fun. Festive—no trouble to serve—and the way Del Monte packs it, a drink everyone likes.

And now for that warm tropic sparkle—in all your Holiday Festivities!

Bring on a trayful of Del Monte Pineapple Juice—and it's Happy Holidays for all. Or put it in the punch bowl. There's good cheer in every golden drop.

For remember, this is Del Monte juice! The natural, unsweetened juice of fine, ripe pineapples. With all the sunny tropical flavor you've come to expect of Del Monte.

Be sure you get plenty! Enough for the Yuletide—and all those frosty, chilly days ahead!

A Sip o' Sun for Everyone

In line with the national movement to provide a more adequate American diet, remember that Del Monte Pineapple Juice is a good source of Vitamins B₁ and C; contains Vitamin A and a number of minerals. What's more, Del Monte's care in handling makes sure of maximum values to be found in any canned pineapple juice.

U.S.-Latin Moves Adding To Pattern Of Hemisphere Cooperation

Defense Plans Are Speeded

BY LAWRENCE S. HAYS
United Press Latin American Editor

The intricate pattern of inter-American solidification, based on long-range cooperation for military and economic defense, has begun to emerge clearly.

The following western hemisphere developments occurred almost simultaneously or in swift succession:

1—Mexico and the United States signed a series of economic accords, setting their most serious outstanding problems, except the oil expropriations controversy, and a formula was provided, which might lead to an oil agreement in the relatively near future.

2—Dr. Oswaldo Aranha, of Brazil, visited Santiago, signed trade pacts, then proceeded to Buenos Aires, where he successfully negotiated a commercial agreement that may lead to an Argentine-Brazilian customs union.

3—Dr. Aranha engaged in important hemisphere defense base conversations with high Argentine government officials and with the heads of the Uruguayan government in Montevideo.

4—Joint announcement was made by the United States and Brazilian governments and the Netherlands government in exile of an agreement whereby the United States and Brazil undertake military measures to protect the Surinam-Dutch Guiana bauxite mines, and United States troops arrived in the Dutch colony on the South American mainland.

5—The United States-Mexican agreements were reached after many months of laborious negotiation in Washington and Mexico, halting the pact as a diplomatic and economic victory. They provided for United States purchase of Mexican silver; United States credits for Mexican road building and for pegging the Mexican peso; and agreement by Mexico to pay \$40,000,000 in agrarian claims resulting from expropriation of lands held by United States citizens, and they established an arbitration formula for the oil settlement.

Even though many United States quarters appeared critical of the agreements, holding that the United States had conceded too much for what it had received, the prevailing Washington reaction seemed to be that the agreements would fortify Mexican economy, contribute immeasurably to United States-Mexican friendship and pave the way to definite defense accords.

The trade treaties signed by Dr. Aranha were expected further to bolster the ailing economies of the three important "ABC" countries of South America, which have suffered severely by loss of markets due to the war.

The defense talks in Buenos Aires and Montevideo, and possibly in Santiago, Chile, as well, were believed to have involved the establishment of strong points to protect the vital River Plate region, possibly leading to a reconciliation of somewhat opposing views held by Argentina and Uruguay, and perhaps resulting in an acceptable program to insure defense from aggression for the important region.

More Than Protection
The Dutch Guiana bauxite mines are of tremendous importance to the United States defense industry, which depends upon their yield for use in aluminum manufacture. The landing of United States forces in Surinam, and the strengthening of Brazilian garrisons on the southern border of the Dutch colony, may have been

A Concentration Camp: American Style

Uncle Sam To Safeguard Aliens; Centers Are Not Far Different From YMCA Camp

BY JOE MORTON
Associated Press Staff Writer

CAMP UPTON, Long Island, Dec. 5.—The concentration camps of our Uncle Sam, who wants to keep a fixed eye on certain aliens, won't be far different from the summer camps many of his sons and daughters have been going to, judging by the one here that I have just viewed personally.

There will be barbed wire and machine guns—yes, but also, clean, roomy tents with stoves, recreation halls with the facilities to use them, and mess buildings that encourage an appetite. It's a fair bet some of the occupants will be better off inside than out.

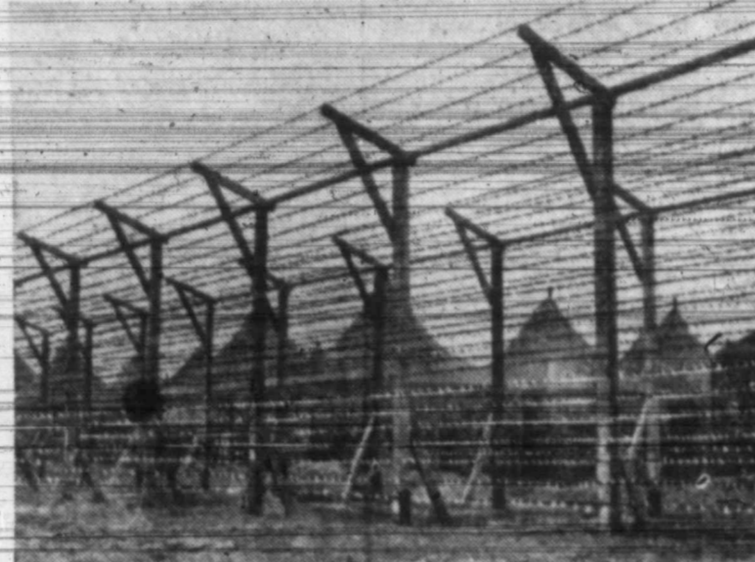

"Safeguard" For Aliens

The newest of these detention centers sprawls over 35,000 square yards of scrub pineland at Camp Upton. Beyond two formidable fences, it consists principally of several mess halls, an infirmary, and 120 "winterized" tents used last year by seafarers. Important additions have been mattresses, sheets and pillow cases. All in all, it isn't far different from the Y.M.C.A. camp at Centerville.

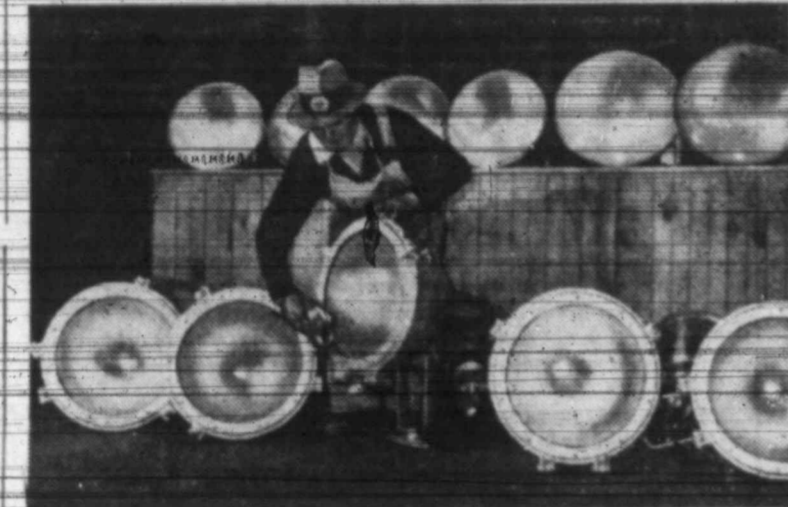

Uncle Sam is building detention centers to "safeguard such aliens as the government may deem necessary to hold." He is staffing each with specially-trained military police who may guard, in the case of Camp Upton, as many as 700 aliens.

ALIEN INMATES get the same food as the soldiers. The men pictured here were soldiers on "kitchen police" duty.

THE BARBED-WIRE at Camp Upton extends deep underground; patrols walk between the two fences. The unused tents shown here are outside but are just like those assigned to the camp's occupants.

THE 1500-WATT floodlights are being polished for installation in guard towers at corners of the camp. Each tower also holds a machine-gun, manned by a guard given special training for the task.

Boy Hero Of Dunkirk Embarrassed By Gift

HAILSHAM, Sussex, Eng., Dec. 5 (AP)—Joe Read of Camden Square, Ramsgate, never flinched during the days of the Dunkirk evacuation when he took a little pleasure boat across the Channel to Dunkirk and back again with soldiers of the evacuated British army.

Joe is only 15, works at an engineering factory and wants to join the navy.

But Joe was terrified when, after Dunkirk, he heard that school

undertaken as a measure of more importance than the mere protection of the mines.

Observers took the view that this military movement—made with the accords of the 1940 Havre conference of foreign ministers of the American republics—extend—actually might have a double-barreled purpose beyond the bauxite preservation. This might be to have forces disposed for any future action that may be contemplated—should the Axis attempt to extend its influence over Vichy by any moves in such territory as the neighboring French Guiana, and to establish further advanced bases nearer the eastern bulge of Brazil to guard against possible armed Axis action toward America from French West Africa.

The Argentine agreement on tungsten production effectively shuts off Japanese, and thus Axis, access to this source of supply of an essential defense product. This is its material significance, but it is equally important as a manifestation of Argentine willingness to cooperate for hemisphere defense in a practical sense.

BAKER-GENERAL

Baker-General once was a regular rank in the American army. The only man ever to hold the title was Christopher Ludwick, Philadelphia gingerbread baker and confectioner, who was commissioned baker-general to the Continental army.

children at Hailsham, thrilled by his courage, were saving their pennies to make him a presentation.

The day came for the gift to be handed over. The children had collected \$20. They compelled Joe to take it.

His face was white as the children gathered about him in vain. He protested that his Dunkirk deeds were nothing very much really.

Salesman's Daughter Attends 86 Schools

DETROIT, Dec. 5 (AP)—What would it be like to attend 86 schools in 48 states, Canada and Mexico? Ask Miss June Handke, 17-year-old daughter of a traveling salesman.

Miss Handke, whose travels began when her father was in the circus business, was in Detroit visiting her grandfather, C. R. Handke.

Her travels began at the age of 6 months and since she became of school age she has attended 86 schools, at least one in each of the 48 states, and has traveled more than 400,000 miles. Her longest stay in any one school was six

Pineapple, peaches, pears, grapes, cherries—each Libby's quality. Delicious!

Soldiers To Receive Pre-Yuletide Funds

CAMP BOWIE, Dec. 5 (AP)—Payday will come early as soldiers of the 36th division receive a pre-Christmas partial payment of wages on Dec. 20 and start holiday furloughs the next day.

Acting under authority of an eighth army corps order, the division finance officer prepared to make the early payment so enlisted men may have funds during the Christmas holidays.

Barry D. Greer, acting division finance officer, estimated the payment would amount to \$300,000.

Gable, Davis Tops With Women Scribes

HOLLYWOOD, Dec. 5 (AP)—Film stars Clark Gable and Bette Davis today were nominated as two of Hollywood's most cooperative actors and actresses by the local women's press club.

Others who in the estimation of the writers do more to make their daily tasks easier were Bob Hope, Robert Taylor, Ann Sheridan and Rita Hayworth.

STEMS SERVED

Strawberries were served on the stems in England until 1884. The berry was picked up by the stem and dipped into sugar before being eaten.

The Plainsman Says

That Girl on Broadway says in many cases "that tired feeling" comes from being overtaken to.

Remind us, please, three years from now to remember to ask: "Whatever became of John L. Lewis?"

MEMBE it's imagination, or something. But it seems like this is the time of year when The Plainsman always has a hanker-

ing to try to see if he could eat a quilt a day for 30 days.

Speaking of quail and hunters reminds us that we've heard numerous of the local nimrods complain over the excessive vegetation which covers much of West Texas

ALTHOUGH he is no hunter. The Plainsman was looking over some of the Motley county quail country the other day and noticed the excessive vegetation,

Now is the time to start growing your beard in preparation for those inevitable Christmas ties!

FROM the current edition of "Caps and Lower Case," a house organ of a Dallas printing concern, comes a thought-provoking item.

AROUND THE CORNER The boy at the corner parking station got fired the other day.

The job wasn't much, the boy wasn't ambitious and the proprietor wasn't unduly exacting, but a little principle is involved

Now, suppose the parking station boy had worked for a chain of parking stations.

ONE OF OUR Washington, under-cover agents reports, German Charge d'Affaires Hans Thomser recently dropped into a capital haberdashery

That Man on Avenue Q says from the angle of sportsmanship, making love to a woman in her forties is comparable to shooting quail on the ground.

Pet News: Betty Mae Salem, 3-year-old fifth-grade pupil in Suidan, says he has never, Bobby, age 12, and in the eighth grade, have a 24-year-old fox terrier named "Butch."

The human race will continue to populate the earth for at least another 500,000 years, declared a Harvard professor.

PEOPLE who criticize our young people now were being criticized, themselves, 20 or 25 years ago.

For The Love Of Pete

BY BURTON BENJAMIN

THE STORY: Football star Pete Laird breaks more than training when he went overboard for film star Stephanie Stevens after the State-California game in which he established himself as the outstanding All-American material of the season.

University town seemed unreal to Pete Laird. The wide streets lined with trees, life's leisurely pace, quaint, antique rooming houses, wooden dorms pointing out hundreds of pink-cheeked freshmen.

Pete chafed at the thought of the familiar routine—classes, practice, chalk talks, training table, the nightly sojourn at the library.

Uncomfortably he recalled that Anne was arriving the next morning. Would there be a scene? How would she react? What could he say to her?

It bothered him, as the squad romped through a light practice that afternoon. He sat bored as Pat Lester droned on and on during the movies of the California game that night.

A drizzle was falling as Anne stepped off. She wore a light gaudy raincoat, and her hair was blowing in the wind.

Send him the dope via postcard, please.

LUBBOCK'S street markers urged for so long and finally secured a few years ago, are all but "gone with the wind."

Whether anything can be done to rehabilitate them, or not, the writer is not prepared to say.

A drunken pig in Kentucky led officers to an illicit whiskey still.

ONE OF OUR Washington, under-cover agents reports, German Charge d'Affaires Hans Thomser recently dropped into a capital haberdashery

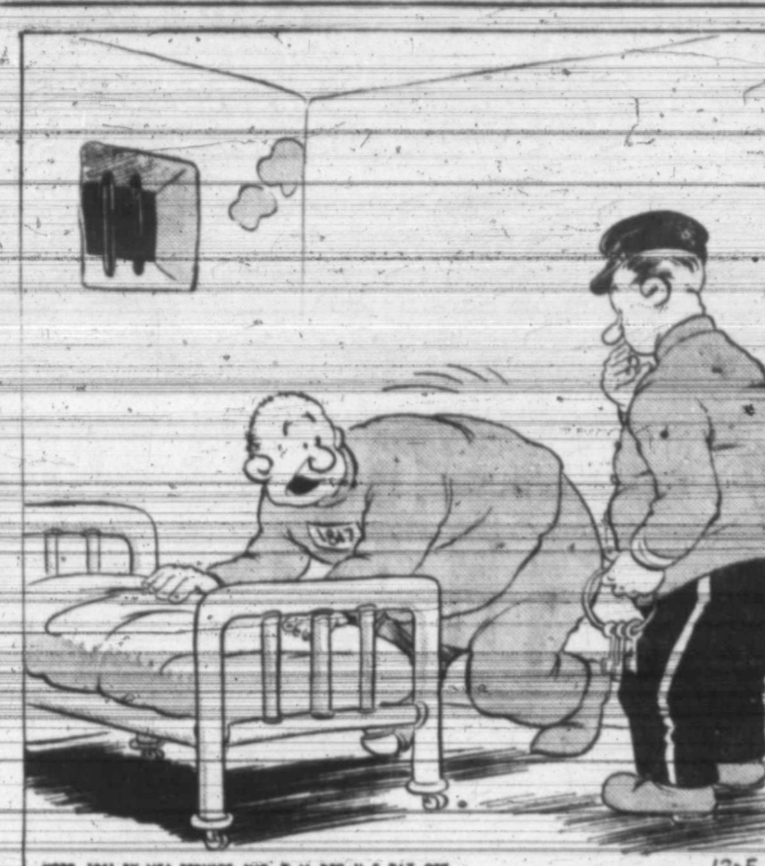

And Lord Halifax, the British ambassador, has bought a new dachshund to replace the former pet that died soon after "His Lordship" reached these shores.

Due to the fact that so many former woodsmen have gone to work in war industries on both sides of the U. S.-Canada border, there's not enough hands to take care of the business of cutting Christmas trees.

The human race will continue to populate the earth for at least another 500,000 years, declared a Harvard professor.

PEOPLE who criticize our young people now were being criticized, themselves, 20 or 25 years ago.

Hold Everything!

"I'm just movin' my bed over to the other side of the cell—I always go south for the winter!"

Today's Journal Editorial . . .

THE GOODFELLOWS RIDE AGAIN! As confidently expected, the immediate response to the announcement Thursday that Lubbock Goodfellows were beginning their seventh annual drive

These children must depend on the Goodfellows for all the Christmas happiness they are to have. No distinction is made in the distribution of gifts because of race, color or creed.

So, do your part! Do it for the happiness it will bring to you as well as the happiness it will bring to the children.

got to expect this sort of thing. He unclenched his fists and took her arm. "Thank, Anne," he said. "Seems like I can't move without one of those birds following me around."

They hopped into a cab and headed for Anne's sorority house. She sat back, looking at him in a friendly, open manner, but saying nothing.

"Chicago is calling. One minute please." Chicago? Who could be phoning from there? He racked his brain for a familiar name.

A thrill shot through him. It was Stephanie. "Stephanie!" he shouted. "What are you doing in Chicago?"

VERSATILE MR. LAIRD ALSO PLAYS FOOTBALL! Pete Laird, State's sureshot All-American halfback, is quite the fancy-dan off the football field as well as on.

Laird swore and crumpled the paper in his hand. Why wouldn't these newspaper guys lay off him? He took it out on the seconds.

Seeing then that we have such hops, we use great plainness of speech.—II Corinthians 12:12.

When we are understood, we always speak well, and then all your fine diction serves no purpose.—Moliere.

Today's Thought

Walter Winchell

ON BROADWAY (Copyright, 1941, for The Journal)

MEMOS of a Girl Friday—Dear Mr. W. La Bankhead is improving and will be all-right in a few days, according to Billy Rose's staff, but the talk among the "Clash by Night" cast is that the show should be re-named: "Clash Every Night" because they all certainly do.

Luella Casey, of "High Kickers," was sitting in the dressing room with Bonnie Edwards, who married Victor Mature.

Betty Hutton got here Friday for a rest and returned to the coast shortly after arrival for the Bob Hope program.

THE German S. S. Odenwald, which was disguised as an American ship when the Navy captured it November 5th, carried a cargo of tires, as was printed.

Victor Mature is excellent in the screen version of "La Purchase," which certainly shouldn't be news considering he was great in the stage edition.

That lovely model in the Hattie Carnegie's fur dept is Rosario de Blonck, daughter of the Cuban leader to Britain.

WARNING to your night club owner-friends: A phony posing as a brother-to-Chief-Police Inspector Louis Costuma.

NEVER SKIP HULL ONE steady state for State department reporters is the daily conference with Secretary Hull, usually held at noon.

Leonora Corbett, the lovely chit in "Biting Spirit," has been swamped with offers from Howard.

ONE of the several Prince Hohenzollerns is a model at Conover's.

letter to PM with a bundle of the colyum's phrases. He says: "So what? I'm a diplomat. I'm the oyster that surrounds the pearl."

ONE of the several Prince Hohenzollerns is a model at Conover's.

How Seldom!

AMERICAN DIPLOMACY ARE MOST STRANGE SEEMINGLY THEY MEAN EXACTLY WHAT THEY SAY!

Foreign Correspondents Rub Shoulders In Hull's Offices

WASHINGTON, Dec. 3.—American correspondents are following State department news more than ever these days.

Eight or nine reporters regularly are on hand to watch every statement or report that comes from State department sources.

At first glance it seems a sort of sleepy place, this old-fashioned ornate Department of State building, just across the street from the White House.

General practice is to poke a nose into the Division of Current Information office across the hall from the waiting room.

Unexpected things are always popping up to keep the afternoon busy. State department men must keep tabs on the various embassies and legations scattered all over northwest Washington.

Somehow it may be French Ambassador Henri-Haye, hot under the collar because American newspapers have called him a Nazi stooge.

Too often in the past two years it has been the chief representative of a Nazi-occupied state, come to inform the United States

GAME OF SHUTEYE

THERE are minor crises, too, when diplomats from hostile countries pass each other in the hall. Down-cast eyes avoid a diplomatically embarrassing situation.

Unexpected things are always popping up to keep the afternoon busy. State department men must keep tabs on the various embassies and legations scattered all over northwest Washington.

Somehow it may be French Ambassador Henri-Haye, hot under the collar because American newspapers have called him a Nazi stooge.

Too often in the past two years it has been the chief representative of a Nazi-occupied state, come to inform the United States

officially of his country's fall.

State Department

(Continued From Editorial Page)

To while away idle time between news breaks, or to lessen the suspense of those breathless hours when officials in State Department and nearby White House are watching every cable, the correspondents hold lotteries on the ponies, pools on prize fights and private bets on current events. Lately an insidious wave of dart-throwing has been running its course. But most spectacular are the jujitsu exhibitions—waged among the wastebaskets by Howard Bucknell, information official long in the Far East, and Chinese Correspondent Joe Chang.

Bulgaria is believed to have shipped 50,000 tons of strawberries to Germany this year.

GREATEST INVENTION SINCE THE INVENTION OF TYPEWRITERS

"Peaceful" Hawaii Becomes Bristling Fortress In Defense Link

Honolulu Busy As Key Base

By FRANK TREMAINE
United Press Staff Writer

HONOLULU, Dec. 3—Peaceful Hawaii—with big guns booming, defense works springing up like magic—is taking on the combined attributes of a war capital and a boom defense town, but the situation is neither as acute nor as romantically dangerous as some reports recently circulated on the mainland would indicate.

Honolulu, crossroads of the Pacific and site of the base of the United States Pacific fleet, is ideally located as a rendezvous point for trans-Pacific convoys.

The big guns of Hawaii's coast artillery and the batteries of the fleet often are heard in practice firing which rattles the windows and dishes of Honolulu homes. War planes are so common in the Hawaiian skies that only the visitor of a few days bothers to look

up as they roar past. Several nights a week searchlight beams stab the sky as anti-aircraft defenses are put through practice paces. Pearl harbor, the giant fleet base; Schofield barracks, the huge army post, and other army and navy centers often stage practice blackouts while the whole territory blacked out under simulated air raid conditions one night last summer.

Local residents are not much worried about what Japanese-Americans in the islands will do and on the basis of oft-repeated statements by high army and navy officials here, the military services are convinced of the loyalty to the United States of a majority of the

Hawaiian Japanese-Americans. Censorship of a type is a recognized fact in Hawaii. It recently was announced that steamer mail schedules no longer will be published while the navy recently requested press associations, newspapers and radio stations in the territory to refrain from making public the movements of commercial surface vessels to and from Hawaii waters, with the exception of tourist ships traveling between Hawaii and the West coast of the mainland.

Some Hawaiians have voiced displeasure at a bill recently sponsored in Congress by the War department, which would give the president power to declare martial law in Hawaii and Puerto Rico whenever a state of emergency exists or invasion threatens. These people point out that the territory recently passed an M-day bill giving the governor power to set up an organization to cope with an emergency situation and giving the governor almost dictatorial powers. They also point out that the governor, as an agent of the president, and appointed by him, already has power to declare martial law.

Others assert that it is the war department's business to know what is best for defense of the nation and these islands and say the territory should support any request along those lines made by the army and navy. A huge growth in population due to an influx of defense workers as well as families of the enlarged army and navy forces in the islands, has resulted in overcrowding of Honolulu, where considerable housing projects are being planned. The traffic problem has become so serious that a system of one-way streets in the downtown area has been introduced.

The services are attempting to meet this problem, however, with housing projects, including ones at Pearl harbor and nearby Hickam field, an army air base, which between them have the third largest concentration of population in the territory.

NAMED—Charles Fahy, 49, a native of Rome, Ga., has been nominated by F.B.I. to the post of Solicitor General, the job formerly filled by Atty. Gen. Francis Biddle.

What Readers Of The Evening Journal Say—The Plainsman Gets Some Mail

EDITOR'S NOTE: Letters from readers are welcomed at all times and on all subjects. However, no letter of more than 500 words will be considered for publication and all letters, whether or not they contain the name of the author, the Editor shall have the right to edit or to delete any portion of a letter. Letters are accepted for consideration on the understanding that the writer consents to publication of the same.

EXECUTIVE WRITES

Dear Plainsman: Your remarks in the November 27 edition of the Journal concerning our efforts to "X-terminate Xmas," I am sure, were written by one much confused.

Pull my original letter from your "file A." Read it more carefully and you will notice that it is written in English, not United Greek. English is accepted as the official tongue of the United States. A very small percentage of you more learned gentlemen know and are able to speak the Greek language. Therefore, to you the "X" in "Xmas" may stand for "Chi," the first letter of Christos. To a vast majority of Americans it still and always will remain the symbol for the unknown.

The first use of "Xmas," was introduced, began in 1755, or thereabouts. At that time it truly meant Christmas.

Today, however, in a world full of hustle and bustle, few of us take time to ferret out such facts. Therefore, Mr. Plainsman, if you desire to leave Christ out of Christmas, using in its stead "Xmas," then obtain the privilege of your own "X" party, with M. Pooley and others over the country so well informed and so well read concerning the Greek language.

A flood of approval from 46 states indicates that you are very much in the minority. You may be interested in knowing that to date we have received 40 letters from the State of Texas congratulating us and commending our efforts.

Very truly yours,
Opie L. Shelton,
Executive Secretary,
Chamber of Commerce,
Orangeburg, S. C.

(Dear Opie: Thanks a million for your letter. I am both flattered and flattered that my puny thoughts have reached clear to the sanctum sanctorum of the Executive Chamber of Commerce; and also to get a reply from such a busy man. It seems to me that the time of the Executive Secretary of the Orangeburg

(population, 10,500) Chamber of Commerce would be so used up in pushing buttons that said Executive Secretary would have little or no time for correspondence with us country bumpkins. However, be that as it may, Opie, an orchid to you and your chamber of commerce for being smart enough to single out a campaign which, at very nominal cost, will secure for Orangeburg, S. C., many, many thousands of dollars. And honestly, Opie, just between us girls, aren't you and the boys in Orangeburg a good deal more interested in the publicity angle than you are in "taking the X" out of Christmas? One part of your letter I didn't like, Opie. It isn't on a par with either the

stature of an Executive Secretary, or of a commercial organization smart enough to hit on a swell scheme to publicize its city. That is where you implied, by innuendo, that I wanted to banish Christ from Christmas. Assuming that you personally read my original remarks—and didn't turn that mental task over to one of your several dozen assistants—you know that isn't true. But even if it were, you must have a lot on the ball. So why not try to land a job in West Texas? Of course, Opie, you probably couldn't be an Executive Secretary in West Texas—Nor Vice-President and General Manager, or a Managing Director. You'd have to be content with being merely a secretary, or a man-

ODD SOCIETY
In the early 1800's, New England had an organization known as the Society for the Suppression of Eating, whose members were pledged not to eat more than twice daily, and to eat after 8 p.m., and to go without dinner once a week.

ager at the best, because our chambers of commerce don't have much to say for you'd have an up-and-coming town and territory to work in. Opie. With a future, rather than a past. That might make up for a few acres of glass-topped mahogany desk; Opie, and at least a half-dozen push buttons. Thanks again for your letter, Opie, and lots of luck! The Plainsman).

3 NATIONAL MINUTE OATS

HERE ARE 6 REASONS WHY:

- 1 Only NATIONAL 3-MINUTE OATS are Ovened 12 Hours at the Mill. Result—FINER FLAVOR!
- 2 Oat-Flour eliminated by special process (Flour makes Oats look and taste gummy and pasty). Result—FINER FLAVOR!
- 3 Sixteen Hours of scientific processing (eight hours more than ordinary Oats receive). Result—FINER FLAVOR!
- 4 Special "light-wrap" steaming process protects this precious quality. Result—FINER FLAVOR!
- 5 More whole Oat flakes per package.
- 6 Costs less per serving than 17 other leading cereals.

A NEW HIGH IN FLAVOR!

Sunshine HI HO CRACKERS

Everyone's singing the praises of this amazing new cracker... They're buttery, appetizing—with that tastes-like-more flavor that keeps you reaching for one after another. And they're extra crisp and flaky, right down to the bottom of that big red-white-and-blue package. Order Sunshine Hi Ho Crackers today!

BROWN CRACKER & CANDY CO. Distributors of Sunshine Biscuits in Texas

THE SPREAD FOR BREAD THAT CHILDREN LOVE

AND BRER RABBIT GIVES THEM EXTRA IRON NEEDED DAILY

Serve this Delicious Syrup several times daily

Children and grown-ups need an abundance of iron daily... and they love delicious Brer Rabbit Syrup. Give them plenty every day!

AS A SPREAD—For pancakes, waffles, biscuits and other hot breads. Or on plain or buttered bread for between-meal snacks.

IN MILK—For a delicious Brer Rabbit Milk Shake, mix one or more tablespoons of Brer Rabbit Syrup with a glass of milk.

ON CEREAL—In place of other sweeteners.

FOR DESSERT—As a sauce for ice cream or in luscious gingerbread or cookies. All of Brer Rabbit's iron is retained in cooking.

BRER RABBIT SYRUP

RICH in the flavor children love... and a dependable source of iron—Brer Rabbit Syrup is truly a mother's helper. It's such an appetizing and inexpensive way to add iron to the family's diet.

Not only is Brer Rabbit Syrup a good source of iron. Scientific tests prove that this iron is in a form almost completely available to help fill the body's daily need.

You can't get too much iron! So why not give Brer Rabbit Syrup a regular place in your family's diet?

Go ahead—Surprise her!
