# City Council to hear final reading of zoning ordinance amendments

# Second Amendment Stronghold designation on agenda meeting who wish to address the Coun-

By AMANDA DUFORAT

Managing Editor

The Big Spring City Council will convene Tuesday at 5:30 p.m. in the City Council Chambers, 307 E. Fourth St. Community members are encouraged to attend in person, or via telecommunication on Channel 17 through Suddenlink, or on the website at http://mybigspring.com/224/Channel-17-Live. During the public comment section,

those in attendance may address the Council with five minutes allotted for each person. Those unable to attend the cil may do so by calling 432-264-2411. At the beginning of the meeting, a pub-

lic hearing will be held regarding consideration of zone change from Light Industrial District to Planned Development District for Temporary Workforce Housing on a tract of 18.141 acres located in section 25, T&P RR Co. Survey, Abstract 314, Howard County, Texas. Z-21-01.

As part of his City Manager's Report, Todd Darden will discuss plans for the upcoming rollout of new logos on City vehicles. Darden will provide a staffing update regarding the positions of finance director, streets superintendent, and streets supervisor, as well as the code compliance department being full staffed. An overview of the new 2021 building codes and 2020 electrical code will be presented to the council, before discussion takes place on early voting dates. Early voting is set for April 19 through April 27 at the Howard County Courthouse. Large Item Pick Up is set for April 21. A reminder will also be given regarding the temporary waiver

# Forsan ISD to meet Monday evening for routine agenda

By AMANDA DUFORAT

Managing Editor

The Forsan ISD Board of Trustees will meet this evening at 6 o'clock in the Junior High/High School Campus Library, located at 411 W. 6th Street in Forsan.

The meeting will begin with the invocation and pledge followed by a call to order and establishment of a quorum. There will be a moment for public comment before recognitions of visitors, including the One Act Play cast and mem-

bers of the Powerlifting team. As part of the Administrator's Report, the Board will hear from the JH/HS Principal and Elementary Principal before hearing the technology report. Superintendent Randy Johnson will deliver the enrollment report along with the facilities report before providing information on board training and the annual report of board member continuing education credits. An update will also be provided regarding the School Health Advisory Council Report and a preview of future agenda items. Board members will hear a staffing report before moving onto information pertaining to graduation. The board will discuss the Teacher Incentive Allotment and hear an update on the Howard County Appraisal District.

See FISD, Page 3

# Local Work Group meeting hosted by Natural Resource Conservation Services and HSWCD

By JUDY TERELETSKY

Howard SWCD District Clerk

Each year, the Natural Resource Conservation Services (NRCS) and Howard Soil and Water Conservation District (HSWCD) hold a Local Work Group meeting to receive public comment and to identify and prioritize conservation concerns facing the farmers and ranchers of Howard County. This year's meeting will be held April 19 at 3 p.m. at the G.C. Broughton Agriculture Complex on the Howard College campus. Natural resources of air, water, plants, animals and soil are impacted by climate and people. What the agriculture community does to conserve these vital resources is an ongoing project. Every time Howard County is visited by blowing dust, the

need to prevent soil erosion and protect our air quality comes to mind. Windbreak trees help to control wind erosion. Air quality is greatly affected by local residents' care of the soil. Soil quality is vital for plant growth, which provides food and cover for wildlife, filters water, and, of course, grows the crops that we rely on to survive. There are a great many conservation practices used to protect natural resources. Modern farmers and ranchers plant cover crops, practice contour

farming and control brush, to name a few. The Local Work Group is an important means to gather information on conservation issues of our local landowners. By responding to the following three questions, you can help

need to be addressed. The Group needs to know: 1) Have you identified any conservation issues on your land? 2) Have you seen any conservation issues around Howard

HSWCD and NRCS understand conservation issues that may

3) Can you identify any area or land in the county that you feel would benefit most from assistance? You can provide your responses by mail (HSWCD, 302 W.

Hwy I-20, Suite 101, Big Spring, Tx 79720) or by phone (432-267-1871 Ext. 3), email (howard@swcd.texas.gov), or attend the meeting in person. Once again, the meeting is scheduled at 3 p.m. on April 19

at the G. C. Broughton Ag Complex. located at Kentucky Way and Grafa St. on the Howard College campus. For more information, please feel free to contact HSWCD at 432-267-1871 extension 3.

by the governor of vehicle title and registration requirements that is ending on April 14. The Council will also hear agendas for the Charter Review Special Committee Meetings.

As part of the Consent Agenda, approval of the City Council meeting minutes from March 23 and March 25, 2021, will be up for approval, as well as the final reading of a resolution designating authorized signatories for contractual documents and documents for requesting Texas Community Development Block Grant Program funds. The Council will hear the final reading of a resolution adopting plans, policies and procedures supporting the civil rights of all persons affected by the CDBG Projects; final reading of an ordinance amending the Big Spring Zoning Ordinance Article 2 "Definitions" Section 2-1 "Definition of Words and Terms" by adding a new definition "Short-Term Rental" and amending Article 7 "Special Applications" Section 7-2 "Specific Use Permits" Subsection (b) 8 to add short-term rentals to those uses requiring a specific use permit, along with the final reading amending Article 4 "Development Standards" and amending Article 6 "District Regulations" Section 6-6 "Districts and Permitted Uses" to clarify the application of setbacks in all zoning districts. The final reading of an ordinance "Building and Building Regulations" by amending Article V entitled "Manufactured Housing and Mobile Homes" section 12-154 and 12155 to clarify replacement manufactured home must be HUD-Code certified. A final reading of an ordinance pertaining to the annual budget will also be up for approval.

As part of other business, the Council will hear the final reading of the ordinance "Development Standards" Section 4-6 "Special Carport Excep-

tion" subsection (e) to remove certain restrictions on front yard carports; amending article 8 entitled "Supplemental Use Standards" Section 8-1 "Accessory Uses" subsection (d) to regulate carports in the side and rear yards. The final reading of the ordinance amending zoning regarding "Travel Trailer or Recreational Vehicle" to prohibit travel trailers and recreational vehicles as living quarters except with a specific use permit will also be discussed and possibly approved.

The Council will hear the first reading of an ordinance amending ordinance No. 048-2020 adopted the reasonable accommodations policy of the City of Big Spring in order to add authority to the City Manager to waive a legal duty imposed on a citizen by an ordinance if doing so would result in a reasonable accommodation.

A first reading of an ordinance authorizing Z-21-01 amending the Big Spring Zoning Ordinance by rezoning approximately 18.141 acres of an approximate 50 acre tract out of Sect 25 T&P RR Co. Survey Abstract No. 314 in Big Spring, Howard County located on the west side of the North Highway 87 from Light Industrial to Planned Development temporary workforce housing.

A resolution approving a trespass enforcement authorization program; authorizing Chief of Police to enter into trespass enforcement agreements with private property owners making other findings and provisions related to the subject.

Council will hear the first reading of a resolution expressing support of the Second Amendment of the United States Constitution, its refusal to accept, fund, or participate in unconstitutional restrictions on legal gun ownership, and declaring the City of Big Spring, Texas, to be a "Second Amendment Stronhold".

Other items on the agenda include:

• Vouchers for 03/25/2021; 04/01/2021; 04/08/2021

· Tabled discussion of the first reading of a resolution regarding amendments to the Big Spring Economic Development Corporation concerning directors, officers and employees.

· Convention and Visitors Board meeting minutes from March 2, 2021

• City Attorney's written report on litigation and

claims against city (privileged) Possible authorization for Nati Saldivar and Al-

bert Cavasos to seek grants for Fire Station 4 and bring back to the Council for approval

· Possible agreement with the YMCA for lifeguards at the Russ McEwen Aquatic Center

 Possible action to authorize city staff to pursue cost-sharing airport improvement projects through TxDOT Aviation and to engage a consulting firm to assist in preparing a letter of interest to TxDOT. Emergency readings of resolutions regarding

the submission of a Texas Community Development Block Grant Program application; a resolution declaring that an area of the City contains conditions which are detrimental to the public's health safety and to the welfare of the community and constitutes a slum/blighted area; and a resolution authorizing submission of Texas Community Development Block Grant program application to the Texas Department of Agriculture for the Downtown Revitalization Program Fund. In a planned executive session, the Council will

discuss disciplinary rules of professional conduct to discuss economic development negotiations. The Council will reconvene in open session to take any action deemed necessary from the Executive Session before the meeting adjourns for the eve-

on top of a hill "Out Yonder" away from Big Spring's townsite on Garden City Road. The street was soon named Jack and then Lancaster.

Brennand was a cattle rancher but decided to operate a mercantile during a time when Joseph and William Fisher decided to lease their mercantile and return to their home in Terre Haute Ind.

However, Brennand found out he was a rancher at heart, and when the Fishers returned after a short absence, he was more than happy to turn the store back over to them. In 1909, Mr. Brennand disposed of his business interests in Big Spring and moved his family north. He sold the stately home to A.E. Pool, President of the First National Bank. Mr. Pool sold the property to C.W. Saunders in 1925. Saunders was the owner of the Wyoming Hotel located at 100 Scurry Street. After three short years, Saunders' home was sold to the Forsan Townsite Company, of which Clayton Stewart was the leading figure.

Over the years the home was rented out to several different tenants. Mrs. Alfred Moody, who lived in the house for a short time with her husband, said, "It was a lovely old home. Everyone who had spent time there, recalled their love for it. It had double sliding (pocket) doors, huge rooms, and three fireplaces. In the back of the home were wonderful willows and cottonwoods." Mrs. Moody added, "The materials in the house were exceptional. The porch had number-one-grade tongue-and-groove pine in dimensions no longer made."

The house sat on foundations high enough to permit a man to walk underneath. The moldings and

woodwork inside were unique, as well as the circular windows with mosaic of prism glass. In the downstairs area there was a large L-shaped hall which began with the main entrance on the east, and elbowed to a second entrance on the south. To the north of the hall was a big parlor with a fireplace; to the south were two large rooms, one with another fireplace. On the west side of the hallway was the dining room, with a large fireplace and a bay window. Adjoining were the kitchen and auxiliary rooms, and on the northwest were bedrooms. Double sliding pocket doors were so arranged that much of the home could be opened into what resembled one vast room for social gatherings. There were eight large rooms on the bottom floor with an attic that was never completed. The ceilings were 10 to 12 feet high. Windows, all with brick arches and sandstone sills, were six to eight feet tall. Sturdy gutters (with downspouts once leading to the cistern) rimmed the eaves of the steep roof, rising to a picturesque cupola. Lightning rods adorned the peaks. A porch wrapped from the bay window on the southwest corner to the northeast corner. This was supported by 15 stately columns. Entrance steps were of Pecos sandstone. Behind the home (west) was a small playhouse for little Annie Lou Brennand. To the south stood a stately red barn. Early mechanical inventions were incorporated. By pressing buggy wheels, the entrance gates would automatically open. West of the home was a canyon where Mr. Brennand built a dam to provide water for his livestock. There he planted willows and cottonwoods inside the rim.

The Pool family moved, and the Saunders found the home too large, as they did not have children. It was chopped up into apartments during the 1930s, and it continued to have a revolving door of rent-

ers. Cars were parking next to the doors for easy access and there was no resemblance of a yard. Abandoned appliances, trash and vehicles started becoming the landscape at 1300 Lancaster. The house started to become the target for vandal-

ism even while renters were inside. Planks of wood were plied loose, bricks gouged out from the walls, and windows broken. The owner, Clayton

Stewart, made the decision to have the home torn down as it had become a liability and danger.

The house was torn down in February of 1962.

Pickle wisely commented "Perhaps it is fitting that this once proud place has been spared the indignity of destruction at the hands of vandals, who did what time couldn't

# Big Spring Steers fall to 2-7 in District play with recent loss to San Angelo Lake View

HERALD photos/Dustin Pope

The Big Spring Steers Baseball team headed out to San Angelo to face off against Lake View in a District game. After battling it out on the field, the Steers fell short and lost to San Angelo Lake View falling to a season record of 11-13-1 and 2-7 in District.

## By DUSTIN POPE

Herald Sports Writer

This past Friday night, the Steers Baseball team took on the San Angelo Lake View Chiefs in a District game. Big Spring was looking to even up the week series as they lost earlier in the week to the same Lake view team in San Angelo by a final score of 6 to 9. Unfortunately, it wasn't meant to be as the Chiefs played well and defeated the young Steer team 11 to 6. The Loss will make the season record fall to 11-13-1 and 2-7 in District.

It was a typical West Texas windy Friday night at the Steers ballpark as the steers took the field under the Friday night lights. Sophomore pitcher Ricky Escovedo took the bump for the Steers. The game's first came when Escovedo made the first batter ground the ball right back to him for the easy put out at the first base. As the second batter for the chiefs came to the box, he hit a hard ground ball to third base, where the Steers third baseman struggled to make the play, allowing the runner to reach first safely. The running game on the basepaths was vital for the chiefs in this game, as they ran early and often. The chiefs player that was on first was able to go first to third on a passed ball. This put a runner on third with only one out. The third batter on the inning for San Angelo was hit by a pitch allowing him to advance. He would then steal second base, giving the chiefs runners on second and third still with only one out. As the inning continued, the Chiefs scored the first two runs of the game when they had a player smash a single to left field, scoring both runners.

The chiefs did an excellent job making Escovedo work in the first inning as they kept the pitcher busy. The Chiefs scored one more run to take an early 3 to 0 lead The top of the first ended when Escovedo was able to pick off the runner on first base. The Steers did a great job limiting the Chiefs to just three runs in the inning. The Steers tried to answer back in the bottom of the first when Josh Miramontes cracked a hard-hit double. He was followed by Escovedo, who worked a walk when the chief pitcher had a wild pitch. The wild pitch allowed Miramontes to move up to third, giving the Steers runners on first and third with two outs. Despite having a runner in scoring position Big Spring failed to drive home the run. The score was Lake View 3 Steers 0 after one inning.

Escovedo settled down in his second inning of work. The Chiefs did get some runners on base and continued to steal bases when they had chances. Still, the Steers overcame a defensive error on the inning, not allowing any runners to cross the plate. The bottom of the second began with a Quick strike out for the Steers. That was followed by Eli Cobos having a great at-bat and earning a walk to get to first base. That brought up the speedy Center Fielder Pablito Dehoyos to the plate. The speedster nailed a hard-hit single to advance Cobos to Second base. Senior Kyler Seymore was next in line and had a single hit deep enough to score Eli Cobos, giving the Steers their first run of the game. On the same play, Dehoyos was tagged out at third when he overran the bag leaving him in no man's land, making it an easy second out for the Chiefs. Leadoff man and the hardest worker on the team, Maverick Yanez, stepped into the box and took a walk on a great at-bat. That brought up Josh Miramontes; he had a battling at-bat. During his at-bat, the Chiefs pitcher threw a wild pitch that allowed Seymore and Yanez to advance. A few pitches later, Miramontes also took a well-deserved walk to load the bases. Unfortunately, the Steers couldn't take advantage of the opportunity and grounded out to first end the threat.

As the top of the third kicked off, the Chefs still enjoyed a two-run lead with a score of 3 to 1. San Angelo kept up the excellent play in the inning, making the young Steer pitcher work every at-bat. The Chief's leadoff man reached base on a single. He was able to advance to third when the Steers had an error. After Escovedo struck out a Chief batter first the first out of the inning. The Chiefs were able to push across the runner at third to take a 4 to 1 lead. The Steers pretty much shut down the Chiefs in the inning after the scoring run. The bottom of the third brought no luck for the Steers as they did manage to load the bases once more with only one out. But the Chiefs pitcher went on to strike out the

next two Steer batters to once again end the threat. San Angelo has a lead of 4 to 1 as the top of the fourth began. This was Escovedo's best inning as he had a quick inning, not allowing any runs to cross the plate. Trailing by three runs, the Steers knew they needed to make a move this inning; they had to chip away at the lead to have a shot at this game. After a quick out, Miramontes took a walk on five pitches. Isaiah Diaz then came up to the plate and delivered a hard-hit line drive for a single that moved Miramontes to second base. Pitcher Rickey Escovedo then had a perfect sacrifice fly to left field that advanced Miramontes to third. With two out and runners at the corners, the Steers once again had a chance to score some runs. As Catcher Marcus Paredez came to the plate, the freshman had an impressive plate appearance battling every pitch. The Chiefs pitcher eventually threw a wild pitch that allowed Miramontes to score, tightening the lead to 4 to 2. Paredez finally won out the at-bat and earned a walk. Senior Isaiah Solis took a walk to load the bases once again for the Steers making this the third inning in a row for the Steers to load the bases. Eli Cobos was next to the plate; he could score a run and reach base when the Chiefs shortstop bobbled a ground ball allowing everyone to reach safely; that made the lead 3 to 4. The Steers were in striking distance once again to tie the game or maybe even take the lead, but the Chiefs pitcher was up to the task as he struck out a Steer to end the inning. The Steers left the bases loaded for the third time in a row, squandering yet another op-

The Steers had cut the lead to one as the fifth inning began. The San Angelo Chiefs bats came alive once again in the top of the fifth when they could score four runs in the inning. San Angelo took advantage of some errors from the Steers defense added with aggressive base running. The Steers struggled in the inning, and the Chiefs capitalized.

With a four-run inning, the Chiefs pushed the lead to 8 to 3. The Steer knew they had to answer back after the big inning from San Angelo, and that's just what they did. This Steers team showed its fight when they went on to score three runs of their own. The inning started with Seymore getting a single to reach base. Yanez then followed with a single of his own. With runners on first and second, the Steers had something cooking after a quick First, Baseman Isaiah Diaz delivered a hard-hit double that drove home both Seymore and a hustling Yanez, who beat a throw to the plate that cut the lead to 5 to 8. Diaz would do some great base running when he could advance to third on a passed ball. Just a pitch later, the young Diaz made another great decision on the basepaths when he was able to score from third on a wild

pitch cutting the lead even more now it was 6 to 8. In the sixth inning, The Steers had a very quick inning, not allowing the Chiefs to get anything going. Only trailing by two runs heading into the bottom of the sixth proved to be a pivotal inning for the steers. Eli Cobos Started things off with a single. Dehoyos was next to the plate, and after another great bat from the Steers, he also worked a walk. After a ground out that advanced the runners, the Steers found themselves with runners on second and third with only one out. That brought up Yanez once again in a pivotal spot. After battling his way to a full count, a pitch that should have sent Yanez to first as ball four was somehow called a strike by the umpire behind the plate. Everyone in the stands let the umpire know how they felt about the call, and Steers head coach Daniel Carrillo had a "friendly" discussion with him. It was called a strike that made the Steers have two outs on the inning instead of bases loaded with only one out. The Chief pitcher went on to strike out the Steers' next batter leaving the score at 6 to 8 for the Lake

View Chiefs. The seventh inning is where the Chiefs put the

nail in the coffin. They were able to score three more runs in the inning to increase the lead to 11 to 6. The lead was just too much for the Steers to overcome as they dropped another district game and the second of the week to the Lake

View Chiefs. Big Spring showed fight in this game and the game earlier in the week. The young Steers still have six games left in this season, which is enough time to turn this around and get into the playoffs. The next game will be in Levelland this Tuesday night, and lets hope the boys can get a win under their belt

Big Spring Herald 710 Scurry St. No phone calls please.

**Texas Commission on Environmental Quality** 

NOTICE OF RECEIPT OF APPLICATION AND **INTENT TO OBTAIN** WATER QUALITY PERMIT RENEWAL

# PERMIT NO. WQ0015069001

APPLICATION. Quail Run Services, LLC, 952 Echo Lane, Suite 460, Houston, Texas 77024. has applied to the Texas Commission on Environmental Quality (TCEQ) to renew Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0015069001 (EPA I.D. No. TX0133957) to authorize the discharge of treated wastewater at a volume not to exceed a daily average flow of 300,000 gallons per day. The domestic wastewater treatment facility is located 3,300 feet west-southwest of the intersection of Interstate Highway 20 and South Farm-to-Market Road 818, in Howard County, Texas 79720. The discharge route is from the plant site to an unnamed tributary of Boggy Lake; thence to Boggy Lake (a closed drainage basin). TCEQ received this application on November 29, 2020. The permit application is available for viewing and copying at Howard County Library, 500 South Main Street, Big Spring, Texas. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For the exact location, refer to the application. https://tceq.maps.arcgis.com/apps/webappviewer/index.html?id=db5bac44afbc468bbddd360

8168250f&marker=-101.66831%2C32.171645&level=12

ADDITIONAL NOTICE. TCEQ's Executive Director has determined the application is administratively complete and will conduct a technical review of the application. After technical review of the application is complete, the Executive Director may prepare a draft permit and will issue a preliminary decision on the application. Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list and to those who are on the mailing list for this application. That notice will contain the deadline for submitting public comments.

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting on this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ will hold a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider all timely comments and prepare a response to all relevant and material, or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments, and the Executive Director's decision on the application, will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the Executive Director's decision and for requesting a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name, address, phone number; applicant's name and proposed permit number; the location and distance of your property/activities relative to the proposed facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; a list of all disputed issues of fact that you submit during the comment period and, the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify by name and physical address an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's loc ation and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are relevant to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material water quality concerns submitted during the comment period. TCEQ may act on an application to renew a permit for discharge of wastewater without providing an opportunity for a contested case hearing if certain criteria are met.

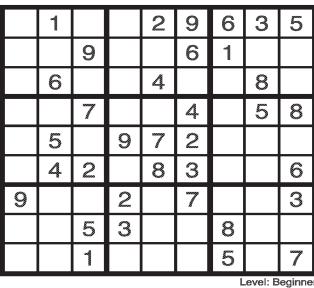

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and/or (2) the mailing list for a specific county. If you wish to be placed on the permanent and/or the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

INFORMATION AVAILABLE ONLINE. For details about the status of the application, visit the Commissioners' Integrated Database at www.tceq.texas.gov/goto/cid. Search the database using the permit number for this application, which is provided at the top of this notice.

AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at <a href="https://www14.tceq.texas.gov/epic/eComment/">https://www14.tceq.texas.gov/epic/eComment/</a>, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Please be aware that any contact information you provide, including your name, phone number, email address, and physical address will become part of the agency's public record. For more information about this permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040 or visit their website at www.tceq.texas.gov/goto/pep. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Quail Run Services, LLC at the address stated above or by calling Mr. Albert Bermudez, Environmental Program Manager, US Ecology LLC, 281-757-3342.

Issuance Date: April 2, 2021

# Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

# Tomorrow's Horoscope

**Gung-Ho Moon** 

**ARIES (March** 21-April 19). You have a strong sense for other people's feelings, and it's taxing for you to inhabit highly emotional environments. Even so, the rollercoaster beats being bored every time!

**TAURUS (April** 20-May 20). You'll need to pick up a skill to resolve today's problem. You learn fast, perhaps because the emotional stakes are high. These new abilities contribute to your awesomeness.

GEMINI (May 21-June 21). It's as though there's a plot inside the plot. You not only understand the action; you understand what's going on under the action, and that's the level to engage with.

**CANCER (June 22-July** 22). The only opponent you have today is inside you -- a persistent and unhelpful voice. Acknowledge it and set it free like you would an unqualified job applicant. "Thank you for applying. We're going a different direc-

LEO (July 23-Aug. 22). You're in an imaginative mood, and you will apply great creativity to your love life. The one who is really in tune with you is practically a mind reader, and it's nice that you don't have to overstate things to communicate clearly.

VIRGO (Aug. 23-Sept. 22). The right amount of space -- that's the magic ingredient that makes the dance of relationships work. Negotiating that space is best done through movement and tuning in to subtle cues (not words).

LIBRA (Sept. 23-Oct. 23). The attributes you want to infuse your life with exist in the people you adore, admire and study. You have the same qualities, though some have been muted. You'll unmute and amplify them today.

# BY HOLIDAY MATHIS (April 12). Now more than

SCORPIO (Oct. 24-Nov. 21). Limiting beliefs are like tinted glasses that color your whole view. Looking for the culprits "out there" won't work. The light will pour in once you reach up and pull the problem from your own

SAGITTARIUS (Nov. 22-Dec. 21). The muscle of willpower is like other muscles. It needs a warmup, and there's a period of peak performance before it gets fatigued and burns out. It would be silly to blame yourself for not having more of a finite quantity.

CAPRICORN (Dec. 22-Jan. 19). You'll make mischief, though not out of a desire for rebellion; rather, you'd like to lighten the mood with the sort of playfulness that is the very effervescence of life.

AQUARIUS (Jan. 20-Feb. 18). Those who are not self-aware are also not going to be aware of you, and you are wise to set your expectations accordingly. At the art of calibrating your expectations, you are becoming an aficionado.

PISCES (Feb. 19-March 20). An acute and nostalgic pang will accompany your thoughts about the gathering aspects of life, and you'll spend time making grand plans for better eras.

# **TODAY'S BIRTHDAY**

ever, you are the captain of your own ship, with an entire crew working to make things go smoothly. As involved as they may be with their own journeys, when you need support, it's all hands on deck. Don't be afraid to delegate, seek mentorship and absorb the kind of care that will be heaped on you. Taurus and Scorpio adore you. Your lucky numbers are: 3, 22, 38, 17 and 6.

COSMIC QUES-

TION: "I want to go to the movies with him and only him. He's the only one I want to hang out with. We are soul mates I don't think there's anyone else in the world for me. I need him. Why doesn't he know this? We are both Scorpios."

It sounds like you are confusing your needs with your wants. Here's how you can tell the difference: A need is common to all in a species. Plants need water. Some species need daily water; some need only a few drops Getting the right amount is a life-and-death situation for the plant. Whether the plant is watered from a sprinkler or an underground well or ar eye dropper doesn't matter. The need is water.

People need companionship, and they need connection. You may prefer the company of one person to another, because the connection works for you, but that does not mean that person is the only one who will fill the need for companionship and connection. Branch out. The fixed nature of your sign can make you rigidly insistent that your needs are met in only the way you've set your mind to. But there are other factors involved. Loosen your grip on the controls of reality. Open up

toward the K-J.

later by carrying on to slam after

Martel's leap to five diamonds.

Indeed, Stansby's five-spade cuebid was an attempt to reach a grand slam

if his partner had the right hand. But

Martel understandably decided that

he had already done his all, so he

tried dummy's queen. Stansby ruffed

East's king, cashed the ace of spades

and ruffed a spade. He then led a trump to the king, ruffed another

spade, ruffed a heart and ruffed his

last spade. A club was discarded on the ace of hearts, and a club was led

The bidding: East South West North Pass Pass 1 **Y** 1 • 1 🏚 2 ♦ 3 🏚 5 ♦ 5 🏚 6 ♦ Pass Pass

Opening lead — five of hearts.

On this deal from the 1989 world team championship final, the United States picked up a substantial swing when Chip Martel and Lew Stansby bid a slam that was missed by their Brazilian counterparts at the other table.

Martel was North and Stansby South in the auction shown. Stans-

by's two diamond rebid was a bit

conservative, but he made up for it

Declarer might seem to have a pure guess as to whether to play the king or jack of clubs after East follows low. In actuality, though, Stansby had much more to go on. The play to this point had revealed that East started with five spades to the K-J and the K-J-10 of hearts. If he also held the ace of clubs, he would surely have opened the bidding rather

than pass initially. So Stansby played the jack of clubs, and the slam was At the other table, the Brazilian North-South pair rested quietly in five diamonds, giving the Americans a 500-point (11-IMP) gain on the

S. Truman.

On this date:

In 2009, American cargo ship captain Richard Phillips was rescued from Somali pirates by U.S. Navy snipers who shot and killed three of the hostage-takers. Angel Cabrera became the first Argentine

to win the Masters.

In 2015, Hillary Rodham Clinton jumped back into presidential politics, announcing in a video her much-awaited second campaign for the White House. Jordan Spieth (speeth) romped to his first major championship with a record-tying performance at the Masters, shooting an 18-under 270 to become the first wire-to-wire winner of the green jacket since 1976.

Ten years ago: Japan ranked its nuclear crisis at the highest possible severity on an international scale — the same level as the 1986 Chernobyl disaster — even as it insisted radiation leaks were declining at its tsunami-crippled nuclear plant. The state of Ohio executed two-time murderer Clarence Carter for beating and stomping to death a fellow jail inmate. Booming cannons, plaintive period music and hushed crowds ushered in the 150th anniversary of the start of the Civil War during morning ceremonies in Charleston, South Carolina.

Five years ago: Navy Secretary Ray Mabus (MAY'-buhs) told 1,500 Marines and sailors at Camp Pendleton, California, that the Pentagon's decision to let women compete for all military combat positions was as irreversible as earlier edicts to integrate Blacks and allow gays and lesbians to openly serve. Actor Anne Jackson, who often appeared onstage with her husband, Eli Wallach, in comedies and classics, died in New York at age 90. David Gest, a music producer and Liza Minnelli's former husband, died in London at

One year ago: Christians around the world celebrated Easter Sunday isolated in their homes by the coronavirus. St. Peter's Square was barricaded to keep out crowds. Pope Francis celebrated Easter Mass inside the largely vacant basilica, calling for global solidarity in the face of the pandemic and urging political leaders to give hope and opportunity to people who had lost jobs. British Prime Minister Boris Johnson was discharged from a London hospital after treatment
