

Awards ceremony to honor 15 at Reese

Fifteen members of the 64th Flying Training Wing (FTW) will be honored at the September Wing Awards Ceremony at 3 p.m., today in front of wing headquarters, bldg. T-1.

Named to get the Meritorious Service Medal are Lt. Col. Francis J. Sciples, assistant to the deputy commander for Logistics, and Senior Master Sergeants Erwin E. Havrda and Joe A. Thomas of 64th Air Base Group (ABGp) and 64th Organizational Maintenance Squadron (OMS) respectively.

Air Medal

Scheduled to receive the Air Medal with the First and Second Oak Leaf Clusters (OLC) is Maj. Richard S. James, 35th Flying Training Squadron (FTS). First Lieutenant Ellis T. Nottingham, 35th FTS, will receive the Basic through 15th OLC to the Air Medal. Scheduled to get the Second OLC to the Air Medal is 1st

Lt. Victor Vasquez of the 54th FTS.

Air Force Commendation Medals will be given to Maj. Robert J. Chepolis, 35th FTS, First OLC; Maj. Richard S. James and Capt. John W. Nelson of the 64th FTW, 1st Lt. Robert D. LaRobadiere of the 64th Student Squadron and 1st Lt. David Rose of the 54th FTS.

Other AFCMs

Also to be awarded their Air Force Commendation Medals and OLCs are 2nd Lt. Joe R. Harrison, 64th FTW, Second OLC, and MSgt. Roger W. Drapeau, 64th Field Maintenance Squadron (FMS), First OLC.

A1C Charles Underwood of the 64th FMS, Wing Airman of the Month for September, will be honored at the ceremony today. Capt. Kermit M. Wright, 64th Student Squadron, will receive a plaque and letter of appreciation for his assistance to the USAF Recruiting Office in Lubbock.

SUPPORTING CAMPAIGN—Showing their support for the Combined Federal Campaign on behalf of the Girl Scouts in the Lubbock area are, from left, Rene Reames, Tina Southerland (from Reese), Tympani Price and Denise Timian. See kickoff feature on pages 12 and 13.

Air Force selects Sergeant Barnes for top NCO slot

Randolph AFB, Tex. (ATCPS)—CMSgt. Thomas N. Barnes, Air Training Command's (ATC) senior airman advisor, will become Chief Master Sergeant of the Air Force on Oct. 1.

He is the fourth man in Air Force history to attain the top noncommissioned officer position, succeeding CMSgt. Richard D. Kisling, who is retiring.

After Two Years

Sergeant Barnes has served in his present capacity since October 1971, representing ATC's more than 90,000 enlisted men and women.

In his new position, he will act as advisor to the Secretary of the Air Force and U.S. Air Force chief of staff on matters concerning the welfare, effective utilization, and progress of more than one-half million Air Force enlisted members.

Sergeant Barnes was born in Chester, Pa., on Nov. 16, 1930, and attended elementary and secondary schools there. He entered the Air Force in April 1949 and received his basic training at Lackland AFB, Tex.

Frequent Moves

During the ensuing 24 years he has frequently been on the move at stateside and overseas bases. He is a man who knows about aircraft as well as understanding people. Over the years he has served as hydraulic spe-

cialist and flight engineer in Japan, a C-119 flight engineer at Westover AFB, Mass., and has ferried aircraft from various depots to active units in Hawaii, Japan and elsewhere.

Also, he has been a crew chief and flight engineer on B-25, T-11, C-45 and C-47 aircraft at Andrews AFB, Md., a B-52 crew chief, flight chief and senior controller at Loring AFB, Me., and a senior controller at Fairchild AFB, Wash.

Last Position

His last overseas assignment was in Southeast Asia from December 1966 to December 1967, where he was assigned as NCOIC, Repairable Processing Center, a senior controller and NCOIC, Maintenance Control.

From Southeast Asia he returned to Laughlin AFB, Tex., where he was first assigned as T-38 section line chief, then NCOIC of Maintenance Control and, finally, as Senior Airman Advisor to the commander. Following the Laughlin assignment, he assumed his current duties at Randolph.

Sergeant Barnes is married to a hometown girl, the former Marie D. Rogers of Chester, Pa. Their six children are Thyra 18, Theresa 17, Thomas 16, Hazel 15, Joyce 13, and Brian 10.

The ROUNDUP is an unofficial newspaper published weekly in the interest of personnel at Reese Air Force Base of Air Training Command. It is published by Barron Publications, Inc., a private concern which is no way connected with the Department of the Air Force. Opinions expressed by publishers and writers

are their own and are not to be considered an official expression by the Department of the Air Force. The appearance of advertising, including inserts, in the publication does not constitute an endorsement by the Department of the Air Force of the products or services advertised.

frame of reference

"I personally support the CFC and believe that the military and civilian members of the Air Force should also."

**By Col. Walter H. Baxter
Wing Commander**

Once a year we are asked to contribute to the Combined Federal Campaign (CFC) and that time is now here.

I don't intend to dwell upon the mechanics of the campaign or try to explain to you what the CFC and the United Fund downtown means to you and the Air Force community. You probably already know about the various service organizations the funds support, and the keymen in the units will explain the answers to your questions.

I do want you to know that I personally support the CFC and believe that the military and civilian members of the Air Force should also. I honestly believe that the people of the Air Force are responsible people and are willing to exhibit their acceptance of personal, community, civic, moral, and financial obligations.

Through the CFC and payroll deduction plan, each of us can painlessly discharge a significant obligation to unknown friends who need our help. Please join me in giving until it feels good.

Different ideology perspectives shed light

Is ideology still a factor in relations among nations? There's been much discussion lately of detente—the lessening of tension between nations—since the beginning of the Strategic Arms Limitation Talks (SALT Talks) and conclusion of the Summit Agreements between the U.S.

and the Soviet Union. You can get a different perspective on this when you read the views of some Soviet officials. Examples:

In a speech at the Bolshevik Party Anniversary Meeting in Moscow on July 13, Communist Party of the Soviet Union

Central Committee Politburo member and Central Committee Secretary Mikhail Suslov said:

"Comrades, noting the positive changes in the international situation, our party naturally does not forget that these changes have been achieved as a result of the sharp struggle with the forces of imperialism. At the present time, the resistance to the easing of international tension still has not been completely overcome. The hotbeds of tension that constitute a danger for the cause of peace still exist. And it goes without saying that the sharp class struggle in the international arena and within the capitalist countries continues. The ideological struggle, in which there is no peaceful coexistence between socialism and capitalism, and cannot be, is particularly acute."

Excerpts from "The Philosophical Inheritance of V.I. Lenin" and "Problems of Contemporary War, Moscow, 1972"—written by a group of leading Soviet military theorists, one of five books announced by "Red Star" as nominated for a prize in 1973:

"A cardinal change in the correlation between war and politics at the present time is the fact that the growth in the might of socialism and other peace-loving forces, as well as the fact that the U.S.S.R. wields a mighty 'nuclear sword,' make it possible to check the forces of aggression: world war has ceased to be an inevitability. But this does not mean that nuclear war, due to change in the effect of the above-mentioned and given patterns, has ceased to be an instrument of politics, as is claim-

ed by the overwhelming majority of representatives of pacifist, anti-war movements in the bourgeois world.

"This is a subjective judgment. It expresses merely protest against nuclear war. It objectively, however, even against the volition of its authors, understates the danger of a nuclear war and in many cases gives rise to illusions about the 'automatic destruction,' the 'self-negation' of nuclear war, and dulls the vigilance of peoples.

"The imperialists are attempting to make capital of this, utilizing a formula to the effect that nuclear war has allegedly ceased to be an instrument of politics. While supporting pacifist, anti-war movements on the part of sincere advocates of peace, Marxists should see and explain the harmfulness of their theoretical (and in many cases political as well) positions, the one-sidedness and vulnerability of their understanding of the essence of nuclear war . . .

"Soviet military doctrine proceeds from the fact that a savage struggle is being waged in the international arena between two social systems—socialism and imperialism. The internal antagonisms of imperialism engender its aggressive policies. There exist elements in imperialist countries who have not given up hopes of turning back or halting by means of armed force the process of progressive development. The Soviet Union is compelled to take this into consideration and undertake the requisite measures to respond to force with overwhelming force in case the imperialists unleash a war against the nations of the socialist commonwealth." (AFNS)

Experiment points out rank-age discrimination

Are you guilty of age or rank discrimination?

A white airman at a southwestern base told a black NCO that the NCO's rank would serve to protect him if he violated uniform regulations. The NCO's reaction was one of disbelief, but he wanted to see for himself if the airman was right.

With the approval of his commander he allowed his hair to grow past AFM 35-10 limits. He stopped shaving. He wore a crumpled fatigue uniform minus all patches and tags except his rank insignia. He carried his hat in his hand. He went out of his way to make himself highly visible.

He got away with it. No one questioned his appearance. No officer, no NCO, no airman stopped him to point out his violations.

During the same period the black NCO was conducting his experiment, a young black airman in his squadron who did have a shaving waiver was continuously questioned on his authorization to stop shaving.

The same thing happened to a young white airman who was on the borderline of violating AFM 35-10 hair length specifications.

At the end of his experiment the NCO reflected that discrimination at his base was rooted in age and rank.

As a result, the standards were not being applied equally to everyone. If you were senior you could fracture the rules. If you were junior, you couldn't.

AFM 35-10 doesn't provide different rules for different ranks. A violation is a violation, no matter what your age or grade. (AFNS)

The Roundup is an unofficial newspaper published in the interest of personnel at Reese AFB under contract with Barron Publications, Inc. Mailing address: P.O. Box 2415, Lubbock, Tex.

Publisher's Statement

"Everything advertised in this publication must be made available for purchase, use or patronage without regard to the race, creed, color, national origin or sex of the purchaser, user or

patron. A confirmed violation or rejection of this policy of equal opportunities by an advertiser will result in the refusal to print advertising from that source."

News for the Roundup should be delivered to the Information Division, bldg. T-1, no later than 11 a.m. Monday prior to the Friday publication date. Classified ads of a non-commercial nature may be placed free of charge and must also be in to the Information Division by 11 a.m. Monday. Other advertising matter is handled exclusively by the publisher.

Air Force News Summary

President Richard Nixon has announced the nomination of Maj. Gen. John W. Roberts to the Senate for promotion to lieutenant general and assignment as Air Force deputy chief of staff for Personnel, effective Oct. 1.

Air Force officers around the world will be able to telephone the Air Force Military Personnel Center at Randolph AFB, Tex., at any hour, any day, to receive career information, beginning Oct. 1.

Col. James H. Macia Jr., the last active-duty member of Doolittle's Tokyo Raiders, will retire from the Air Force Oct. 1.

Many Air Force people and dependents are not aware of how the Air Force Aid Society can help in an emergency—even though it provided almost one-and-a-half million dollars in emergency assistance last year.

Each member of the Air Force is being asked to help the Recruiting Service in meeting the all-volunteer force objectives.

President Richard Nixon has nominated Lt. Gen. Richard H. Ellis to the Senate for confirmation for promotion to the grade of general and to become Air Force vice chief of staff, effective Nov. 1.

The first of seven Boeing 747 aircraft to be used by the Strategic Air Command and the national command authorities as advanced airborne command posts has been accepted for the Air Force.

Department of Defense clarifies activity policy

To clarify the Department of Defense's policy on the use of military personnel in civilian events, a recent DOD message stated that use of military personnel as ushers, guards, park-

ing lot attendants, or messengers in support of public events conducted off military installations is not authorized.

The lending of equipment, including public address systems and communications equipment, when such equipment is available from commercial sources, is also not allowed.

The provisions of the DOD instruction apply also to sports events, including golf tournaments, in the civilian domain. The message concluded with "use of military personnel for crowd control and related purposes in connection with sports events is inappropriate and not authorized."

Squadron shows stuff in opener

By Capt. Charles Thrash
The mighty 35th has opened its football season with another convincing victory.

In the season opener, we rolled over Class 74-05 by the whopping final score of 36 to zip. According to Rick Siddal, our coach, everyone playing contributed to the winning of the

game. What we need now is a little more support.

Added Participation

The dates and times of the games are posted in the Squadron hallway. One way that has been suggested to get added participation is to make everyone receiving a 791 error attend three games. That should insure an am-

ple crowd for the rest of the season.

Now is the time for the squadron personnel to start making plans for the Squadron Party, set for Oct. 5. The party will be centered around a farewell theme. We'll have more to say about the festivities in coming articles; but if you have any questions now, check with Capt. Larry Landtroop, party supervisor, for details.

Base Championship

On a base-wide note, all you golfers start getting ready for the base championship to be held Oct. 6, 7, 13 and 14. There will be a flight for everyone, and the entry fee is only \$5. Sign up when you get the opportunity at the Pro Shop.

For all the skiers and the would-be skiers, My wife Donnita passes on one of her timely season ski-tips—Just remember that it is just as important to keep your tips up during the apres-skiing as on the slopes during the day. Also, it is just as important to keep in shape during the off-season as during the winter so you won't end up sitting out for a season.

Week's Award

The Gee-Whiz Award this week goes to Capt. Gordy Isachsen.

Seems one day last week, Gordy was proudly maneuvering his Porsche down 50th Street when suddenly strange and loud noises starting coming from nowhere. His immediate reaction was that his engine had just blown up. As he was shutting it down, all his thoughts focused on how much a new engine was going to cost. You can imagine Gordy's relief when he realized that the noise came from a local high school band that had just begun their afternoon practice.

Open house brings contest for youth

The Thunderbirds, famous aerobatic precision drill team and pride of the Air Force, will visit Reese AFB, Oct. 28.

In honor of the occasion, the Reese Office of Information is sponsoring a creative contest with the theme, "From the Wright Brothers To Space Travel." Contest participants may submit an original, personally drawn or painted picture following the above mentioned theme. Poems or stories having to do with any aspect of flight or man's age-old dream of flying may also be submitted. Poems and stories are limited to 100 words maximum.

All young people at Reese, Lubbock and the surrounding area attending grades 1-12 and between the ages of 5 and 18 are eligible to enter. Entries must reach the Information Division,

blgd. T-1 on or before Oct. 12 to be entered in the competition. Entries cannot be returned after the contest unless personally picked up no later than Nov. 1, 1973.

Attached to each entry must be the young person's full name, home address, school presently attending and grade. This will enable the judges to determine which division the entry goes into, as well as providing a means of contacting winners. All winners will be chosen by the staff of the Information Division and decisions of the judges will be final.

Prizes will be awarded for eight categories according to age grouping. Each prize includes an autographed lithograph of the Thunderbirds, personally meeting the Thunderbirds, and being named Honorary Reese VIP for the Day.

Office searches for tutor for local tour bus driver

By Lighthouse

The Information Office staff is looking for someone to tutor Sgt. "Fuzz" Foster of the Transportation Division in English. It seems that Sergeant Foster can't pronounce the word "tour". We told him that all he has to do is say the word "Coors", and just replace the C with a T. Fuzz told us that if he could pronounce "Coors", he wouldn't have to

drink Budweiser. Hang in there, Fuzz.

So far there hasn't been any reply from the chow hall on my question about the little lumps in the ice cream. If you have any ideas, call me at ext. 2169 and let me know.

Week's Review

Review: Melissa Manchester used to sing backup vocal for Bette Midler, and like a lot of today's singers, decided that she wanted to try something on her own. "Home to Myself" is her first album, and it is excellent. The Beatles were always acclaimed as trend setters in the world of music, and since they broke up, there hasn't been anyone, male or female, to take their place. Melissa Manchester may just be the pioneer into new musical territory, and get us out of this twilight zone of old rock and trumped-up jazz.

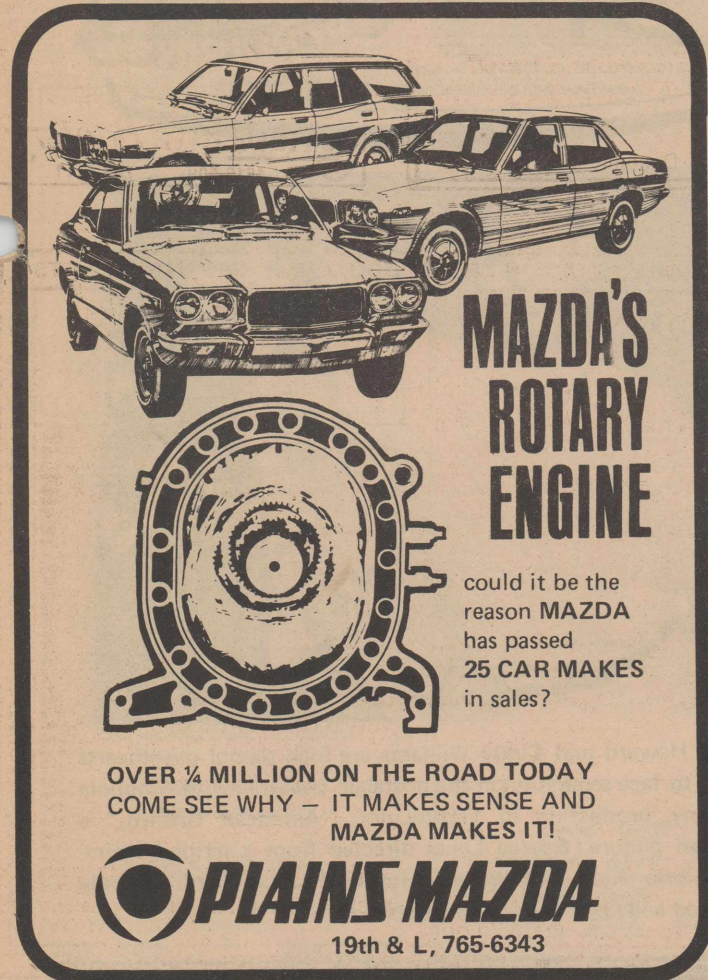

"Home to Myself" is one of those rare albums where you are able to sit down and listen to the words without decoding the hidden messages and inadequate play-on-words. When you tune into this album, just go with the flow.

Musically, the highlight of this record is "Easy." Sung with just the right amount of smooth lyrics and mixed with plain good music, this album will make you dream of good times and things that could have been. I give it a Triple-A rating.

Mind Boggler

Mind Boggler No. 3: Nobody was willing to try and solve the last mind boggler, but I really don't blame you. Not too many people know that the color of Tibetan yak's milk is pink. So this week, I've decided to go easy on you. What is the longest patented song title in the United States?

If you can answer that one, you and the giraffe of your choice will be given an all expense paid trip to drilling site no. 4 in Juneau, Alaska.

flick flack

"The Man Who Loved Cat Dancing" will kick off this week's scheduled slate of features at Simler Theater tonight.

Features at the theater begin at 8 p.m. Tuesday through Sunday unless otherwise noted. The Saturday Matinee begins weekly at 2 p.m.

Tonight

Burt Reynolds and Sarah Miles lead an impressive list of actors in "The Man Who Loved Cat Dancing," the story of an ex-Army captain turned train robber and the two women he loved. The action-filled adventure is rated PG, parental guidance suggested.

Saturday Matinee and Evening

Walt Disney's animated classic "Dumbo" and true life adventure "The Legend of Lobo" are featured for both performances as a double feature. "Dumbo" tells of a baby elephant with over-sized ears who with

the help of Timothy the mouse learns to fly and becomes the hit of the big top. "Lobo" is a wolf king that drove Southwestern ranchers to one of the greatest animal hunts of all time. Both features are rated G for general audiences.

Sunday

"Little Laura and Big John" take up where "Bonnie and Clyde" left off. The two led the infamous Ashley gang which terrorized Florida in the Twenties. Vintage 1915 getaway cars careen at close to 25 miles per hour, with a clumsy bumbling sheriff and deputies in warm pursuit. Fabian Forte and Karen Black star in the hilarious R-rated flick. Patrons under 17 require accompanying parent or adult guardian.

Tuesday

A winner of five Academy Awards, "The French Connection" stars Gene Hackman and

Roy Scheider. The story, based on the book by Robin Moore, finds two narcotics agents hot on the trail of smuggled heroin, leading to a chase calculated to keep the audience glued to their seats. The thriller is rated R.

Wednesday

Ron O'Neal and Roscoe Lee Browne star in "Super Fly T.N.T.," the story of the man who deserts the drug scene in Harlem to move to Rome with his girl. While there he is approached by a representative of small African nation of Umbia, who says his country needs guns to gain its independence, appealing to the ex-pusher's sense of brotherhood. Tension and action rise hand-in-hand as he reluctantly consents. The film is rated R.

Thursday

"Emperor of the North" is the slated feature for Thursday and Friday. The show is rated PG.

at Mathis

A dance featuring "Wildfire" will initiate this week's slate of activities at the Mathis Recreation Center tonight.

Today—The dance featuring "Wildfire" will commence at 9 p.m. and last until 1 a.m.
Tomorrow—The weekly pool

tournament will get under way at 2 p.m.

Sunday—The weekly table tennis tournament will begin at 2 p.m.

Monday — Take Off Pounds Sensibly (TOPS) will meet at 6 p.m., followed by Pizza Night, cake decorating, and the Boon-

dock Rodeo Club meeting at 7.

Tuesday—Mathis Quiz Night will get underway at 7 p.m.

Wednesday — Sports Films Night will entertain Mathis patrons at 7:30 p.m.

Thursday — The Lubbock Chess Club will hold their regular meeting at 7:30 p.m.

at NCO Open Mess

Don Roberts and "The Brande Four" will kick off this week's activities at the NCO Open Mess tonight with dance music for club patrons.

"Shadowfax" will step into the limelight tomorrow night.

Sunday and Thursday nights at the mess feature Discotheque with Nathaniel Stowe.

The dining room is open from 10:30 a.m. to 1:30 p.m. and from 5 to 9 p.m. Monday through Friday. The room is open from 9 a.m. to 9 p.m. Saturdays, and is closed Sundays.

BOSE... the next best thing to being there

With Bose Direct Reflecting[®] Speakers, you're as close as you can be to the sounds of Kennedy Center, LaScala, Woodstock or wherever your favorite artists perform—without leaving your living room.

Unlike conventional direct radiating speakers, the BOSE 901 and 501 project both direct and reflected sounds. Music surrounds the listener as it does at a live performance.

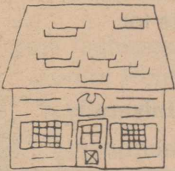

With an unprecedented series of rave reviews from major music and equipment critics, the BOSE 901, the nation's most popular loudspeaker, is the most highly reviewed speaker regardless of size or price.

Enlisted Wives Tour set to begin at chapel Oct. 5

Wives of enlisted men at Reese will be afforded the chance to see their husbands working in support of the wing mission during the Reese AFB Enlisted Wives Tour scheduled for the morning of Oct. 5.

The tour will be the second enlisted wives tour to be held at Reese. The first tour, conducted by the Top Three Action Committee May 18, was termed a great success. The event has since been set up on a quarterly basis for the enlightenment and enjoyment of Reese enlisted wives.

Included in the tour will be free coffee and doughnuts, served at the initial meeting place, the base chapel, and again later at the Family Services Center during the tour. Free on-base transportation will be provided, as well as a free nursery service at the base nursery.

Reservations for nursery care should be made as soon as possible, as they are provided on a first-come, first-served basis. Reservations may be made by calling 885-2203.

In addition, three mystery door prizes will be given away. Win-

ners must be present to receive their prize.

The tour begins at 8 a.m. Oct. 5 at the base chapel, and will end at about 12:30 p.m. at the NCO Open Mess. Dress for the event will be casual.

CMSgt. Carl H. Schneider, Personnel sergeant major, has been named project NCO for the Enlisted Wives Tour. CMSgt. Donald W. Lloyd, wing senior airman advisor is in charge of the tour itinerary.

Further information about the tour may be obtained by calling TSgt. Darrell E. La Montagne, ext. 2714 or 2672.

OWC gives bridge winners, announces luncheon meeting

Reese AFB Officers Wives Club members enjoyed OWC Bridge Day Sept. 20 at the Mathis Recreation Center.

Advanced winners in card section were Mmes. Robert Staples and Bill Evans, first place; Mmes. Arthur Moxon and David Smith, second place and Mmes. Mack Baker and Frank Monroe, third place.

Intermediate winners were Mmes. Ron Ford and James Erickson, first place; and Byron Kimball and Dale Stephens, second place. Slam winners were Mrs. Norm Baker and Mrs. George Swanson with a small slam.

Hostesses

Members of the executive board of the OWC will serve as hostesses for the club's luncheon

and business meeting at noon, Thursday in the Officers Open Mess.

The luncheon is scheduled annually for ladies of Lubbock's civic and cultural organizations. The program will include a fashion show put on by Dillard's, a Lubbock firm. Featured will be "fashions to round out the wardrobe of today's busy woman", according to an OWC spokeswoman. Models for the fashions will include Mmes. William Croom, Ruel Michael Dunn, Joe Nix, Arthur Flippin, Thomas Nowak, Mark Petersen and Alan Strzemieczny of the OWC. Mrs. Thomas Seebo will serve as commentator, assisted by Capt. Roy Westerfield on the piano.

"Bring A Guest"

The executive board invites

all members to attend and "bring a guest". Two fashion ensembles will be presented by Dillard's as special door prizes.

Adding a note to members planning to attend the event, an OWC spokeswoman stated that "gloves are in order," as there will be a receiving line. The luncheon menu includes Cornish game hens with dressing, buttered broccoli, cranberry salad, mint tarts, rolls, tea and corrie.

Members are urged to make reservations early. Members may contact Mrs. Grady Rockett for special guest invitations, and Mrs. James Nuber for RSVP reservations.

NCOWC plans meeting, program announcements

The NCO Wives Club has announced their Executive Board meeting, to be held at 7:30 p.m., Tuesday in the NCO Open Mess. Nancy Perez will serve as hostess for the occasion.

The club also announced a new program, Kiddie Games Day, to begin at 2 p.m., Oct. 7, at the

NCO Open Mess. The activities are open to all young children of military parents, and will be held the first and third Sundays of each month.

Mrs. William Vanderbrink is in charge of prizes for the event. Persons wishing more information on Kiddie Games Day may call Mrs. Vanderbrink, 885-2127 or Mrs. Fred L. Schulz, 885-2114.

British wives slate meet

The British Wives Club will hold its regular monthly meeting at 7:30 p.m. at the Family Services Center, bldg. 6100.

The evening will host a dual theme. It will be a combination white elephant sale and "bring a guest" night. Women at Reese who would like further information about the club are invited to call Mrs. Gene Asmon at 885-2226 or Mrs. Alfred Cunningham at 885-2655.

Bad weather reminds author of weekend work

By Capt. Bugs Forsythe

Can you believe it? This article is actually being printed in the newspaper without being deleted by those great advertisements. It looked like I was going to have to call the article into the Commander's CARE Line to get it into print.

The cool mornings and damp weather, low ceilings and dwindling time lines remind us that fall is once again approaching at Reese.

It's nice to sit down for weather once in a while and get your favorite tales told again, but the thought of last winter's Saturday flying looms quite gloomily in the back of our minds.

The cockpit instrumentation in our airplanes must be modified if we are to fly in all this weather. A confirmed rumor from Randolph's Auger Inn is that the Air Force is working on a very simple but highly reliable method to help our instrument flying. The CDT (cat, duck and tree) system is now in the testing phase and proving as reliable system as the AOA.

Note Attitude

When your attitude is in question (not your mental, but relative to the Earth's horizon), the feline is used. Since everyone knows that a cat always lands on its feet, you merely loft the kitty into space and watch how it lands. It's a very simple method to maintain wings level.

Since our airplanes cannot exist in thunderstorms, the duck is now put to use. Any good In-

dian knows fowls don't fly in foul weather. When in the soup and wanting the best way out, just drop Daffy out the cockpit window and follow him to blue skies and calm waters.

The tree concept is for emergency use only. The whiskey compass (called magnetic standby compass for newcomers to aviation) has proved less than reliable for weather flying. If one is really worried, the compass liquid has already been consumed and we now can use the tree. All experienced woodsmen and Fairchild graduates know that moss grows only on the right side of a tree, we take note of its growth and do a quick 360 just prior to departing the area. The CDT

system still has a few "bugs" in it but so far it has surpassed all expectations.

The football season is now well under way and everyone is rooting for his favorite team. If you get tired of getting armchair blisters watching the tube, come on out and join our intramural team. The games are usually at 6 p.m., Tuesday and Thursday evenings.

Second Lt. William "Wild Bill" John is the recipient of this week's Close-But-No-Cigar Award. As lead on a two-ship, Bill managed a great taxi to last chance. However, en route he lost his wingman and had to return via the aborted takeoff by himself. Some days are just like that!

Second place for this coveted award goes to 1st Lt. Joe Peterson of Goat Flight. Pete never excelled on the dots and dashes in aural code, so we all understand why S-A-T sounded like S-K-F on the tacan.

Section II would like to thank Suction II for their help at Holloman AFB. And to the T-38 drivers there—the "prize" has been reclaimed and is back where it belongs.

palace flicks New movie cites AF aid

This week's review of the Palace Flicks sound-on-film cassettes available in the Customer Service Center of the Consolidated Base Personnel Office is titled, "Air Force Aid."

This newest addition to the library of films details the efforts of the Air Force Aid Society (AFAS) to inform its recipients of its operation.

Reese slates Tuesday CFC kickoff date,

Combined Federal Campaign (CFC) 1974 will officially begin Tuesday at Reese and throughout the Lubbock community with 80 percent participation rate expected.

In conjunction with the beginning of the annual fund-raising drive, a kickoff luncheon was held noon, Tuesday in the NCO Open Mess for the CFC Committee members in the Lubbock community. The campaign itself is a method that includes the entire Federal service.

Involved locally will be Reese military and civilian personnel, Veterans' Administration Hospital employees, Postal Department personnel and all other Federal Agencies in Lubbock County.

Program Complement

This year for the first time, the Air Force Assistance Fund will be a special recipient in the campaign. According to Gen. George S. Brown, chief of staff, "This comprehensive approach complements the fund-raising programs of the military and civilian communities and affects a togetherness attractive to both traditional and potential contributors."

The goal for the Lubbock area this year is \$67,000. Of that total, Reese is expected to donate \$55,000. The money is divided among the United Fund, National Health Agencies and the International Service Agencies.

Last year, Reese far surpassed all other ATC bases. Capt. Frederick B. King, CFC project officer, commented, "I'm convinced that we'll do an even greater job this year."

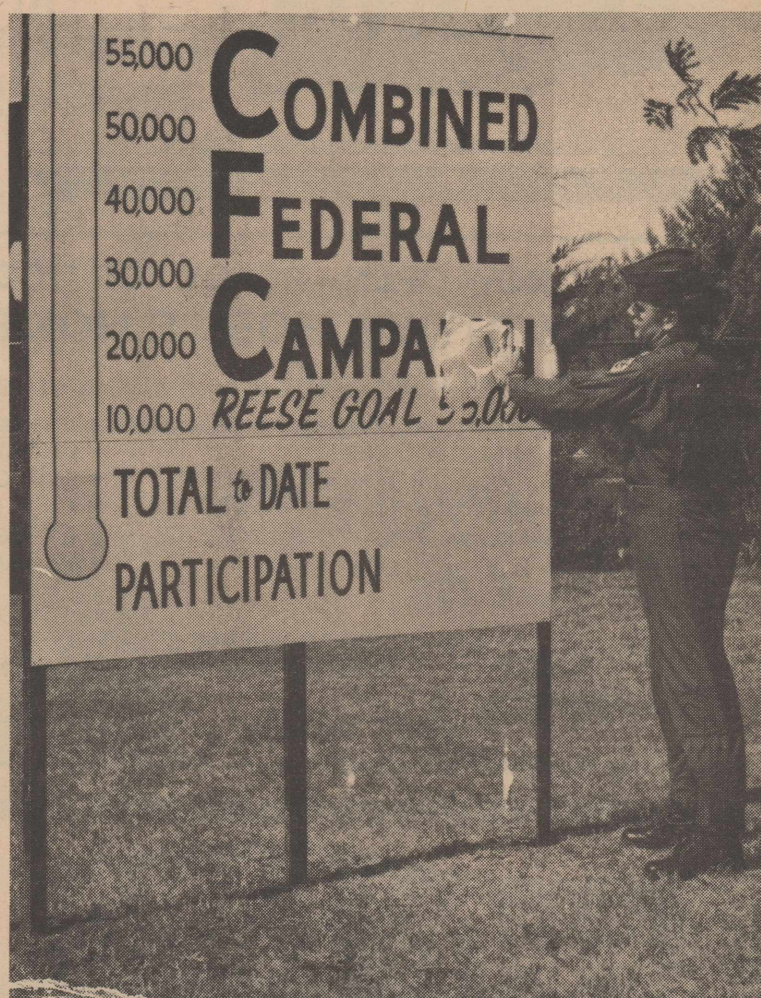

"The donations actually serve as a tax break. By supporting these agencies through voluntary donations, it keeps down federal funds for welfare assistance and therefore eliminates tax increases in that area."

Local Tours

Last week the key workers from Reese toured several organizations in the Lubbock community that benefit directly from the CFC. The Air Force this year will also have \$6,432 returned to the Lubbock area for use in Air Force-supported activities such as youth programs and other services.

One agency that will also benefit from the CFC will be the National Society for the Prevention of Blindness, Inc. This group is dedicated to the prevention of blindness through a comprehensive program of community services, public and professional education and research.

Funds from the campaign will include the United Cerebral Palsy Associations as recipients. More than 750,000 adults and children are presently suffering from the multi-crippling disease known as cerebral palsy. Their programs of education

IT'S MY BABY—Reese CFC Project Officer Capt. Frederick B. King reads the new Combined Federal Campaign sign at the front gate of Reese. The captain will nurture the program here hopefully to and over the Reese goal of \$55,000. (U.S. Air Force Photo by Sgt. Terry Crooks)

HELP HIM—This sleeping child, peaceful now, could wake up in a living nightmare because he is retarded. The Combined Federal Campaign supports agencies that help children like him live a normal life. (U.S. Air Force Photo by SSgt. Dennis Mehrenberg)

and research are only a small part of the overall goal of wiping out this plager of thousands.

The National Easter Seal Society for Crippled Children and Adults will also benefit from the campaign. This is the nation's oldest and largest voluntary health agency serving the needs of the handicapped.

Funds for the society will go towards programs, research and scholarships for doctors who have dedicated their careers to therapy, study and other rehabilitation procedures to help crippled children and adults.

Additionally, funds will be given to the National Multiple Sclerosis Society. The disease of multiple sclerosis attacks the nervous system. It is not a mental disease nor is it con-

tagious. Its effects may impair sight, speech or bodily movement.

Not only is there no cure, but scientists are still baffled as to the cause of the disease. Current research is the only answer for the future conquest of this nerve destroyer.

"More to Gain"

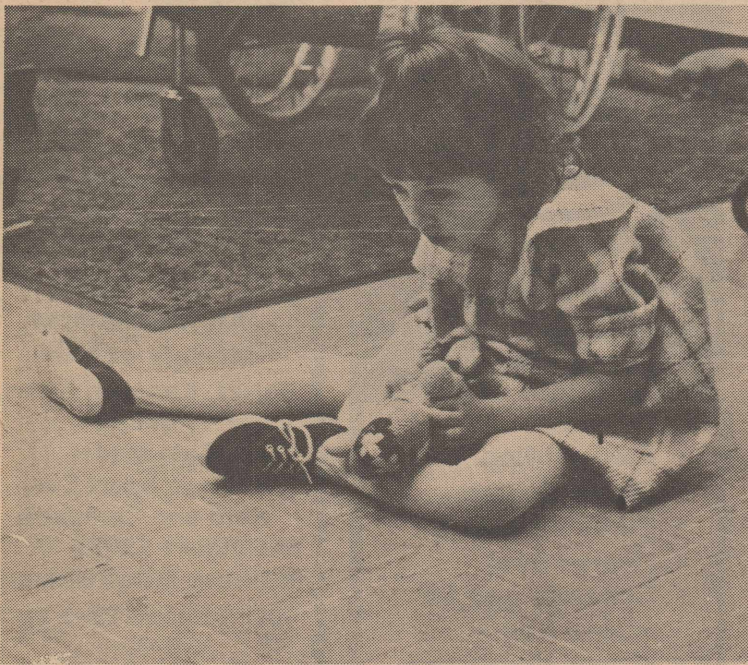

Concerning the drive, Col. Walter H. Baxter III, remarked, "We have even more to gain this year because we have more agencies which directly affect Reese and the CFC. We need to do even better than we did in last year's SUPER campaign, and we can if we can just get everyone to use the payroll deduction plan." A sample of how to pledge your share through the payroll deduction plan can be found on the next page.

DAY CARE for children whose mothers must work is provided by centers supported by the Combined Federal Campaign. Contributions to the CFC help many such agencies help people. (U.S. Air Force Photo by SSgt. Dennis Mehrenberg)

seeks to better goal of \$55,000 for year

"We have even more to gain . . . because we have more agencies which directly affect Reese . . ."

LONELINESS—A contribution to the Combined Federal Campaign could conceivably bring a smile to this young Lubbock girl's face. The CFC helps thousands of children like this return to a naturally happy state. (U.S. Air Force Photo by SSgt. Dennis Mehrenberg)

KICKOFF LUNCHEON—Col. Walter H. Baxter III, wing commander, center, is flanked by members of the Lubbock Combined Federal Campaign Committee at a kickoff luncheon held Tuesday at the NCO Open Mess. (U.S. Air Force Photo by Sgt. Terry Rivera)

Hunting-fishing day, tourney draw crowds

Sportsmen received a double boost last weekend with the celebration of National Hunting and Fishing Day Saturday and the Lubbock Bass Club's September tournament Sunday.

National Hunting and Fishing Day was sponsored by the Mathis Recreation Center to promote conservation, and according to Ken Hyde of the center the event "went as planned, as over 200 people participated in the day-long activities." Some activities were carried over to Sunday.

Cited as a big success, the fishing contest held at the swimming pool by the Officers Open Mess enticed over 50 people to try their hand at winning the trophy. The pool was stocked

with fish, including one albino catfish. Derek McRimmon caught the elusive white fish to hook the trophy for the event. Because of the interest, the fishing contest was continued Sunday.

The trapshooting competition Saturday saw John Wilde hit 50 of 50 clay pigeons to take the first place honors. K.O. Peterson came in a close second by only missing one of his 50 pigeons. Both were awarded trophies for their marksmanship.

First Place

Steven Miles, son of Lt. Col. Richard Miles, came up with first place in the casting contest, hitting four of ten target rings. Lionel Lewis hit three of the ten targets to snag second place.

According to Hyde, the guest speakers during the celebration were "very interesting and informative, but spoke to small audiences. I can honestly say if you weren't there, you really missed out. But remember next year we will have a bigger and better day of activities, so make a note to attend.

Colorado City Lake, Tex., was the scene of the Lubbock Bass Club September Tournament Sunday. The fish proved to be very tight-mouthed, as only 9 of the 26 attending members were able to weigh in fish.

Prize Catch

Fred Salmon used black worms to catch five fish during the day, garnering the total weight prize

with a 9 lb. 7 oz. total. Ed Durfee used a spinner bait to capture second place. His fish weighed in at 8 lbs. 13 oz. Don Harde-man caught a 6 lbs. 8 oz. stringer with a boxey spinner. Ken Hyde, the club's president, used a beetle spinner to lure four fish out of the water, for a 5 lbs. 12 oz. total.

O.V. Perry caught the largest

bass during the day. His whopper weighed 5 lbs. 2 oz. and was hooked on a "Big O" lure.

Membership in the club has grown to 50 members in a short time. Hyde says "this is the time to join," as the club is planning future outings. For more information about the club or its activities Hyde may be contacted at ext. 2787.

Class 74-03 takes big early lead in intramural grid action

Undergraduate Pilot Training Class 74-03 is currently proving itself as a flag football powerhouse, going undefeated since the opening of the season Sept. 11.

They are currently 4-0 in the 1973 Intramural Flag Football League standings. Winning both of their opening games, the 35th Flying Training Squadron also boasts a perfect record of 2-0. These standings were announced Sept. 20.

Third Spot

The Reese USAF Hospital is currently holding third position with their 3-1 record along with Civil Engineering Division with an equal 3-1 slate. The 54th Flying Training Squadron completes the three-way tie with an identical 3-1 record for the season thus far.

The 2053rd Communications Squadron is in sixth place with their 2-1 record and a 1-2 record is shared by the Consolidated Base Personnel Office team, 64th Supply Squadron and the 64th Field Maintenance Squadron.

The schedule of games for this week to be played on the intramural field across from the base chapel begins with the 35th FTS playing the 64th Supply Squadron at 5 p.m. The second game of the day will be between Comm Squadron and CBPO at 6 p.m.

Tuesday's action will see the CBPO team challenging the squad from Class 74-03 at 5 p.m. and the 6 p.m. game will host the

Reese USAF Hospital against the 35th FTS. Grid action for Wednesday will see Comm Squadron battling it out with the Reese USAF Hospital at 5 p.m. and the Civil Engineering team will attack Class 74-03 at 6 p.m.

The 64th Supply Squadron will play host to the Reese USAF Hospital team at 5 p.m., Thursday and the nightcap will be between the 64th FMS and the 54th FTS.

INTRAMURAL ACTION—Members of the 35th and 54th Flying Training Squadrons clash in flag football action Monday. The intramural football season is well underway, with many teams in hot confrontation for the base title. (U.S. Air Force Photo)

Base tryouts set for team

The base flag football team to represent Reese in Air Training Command competition will be forming soon, according to gym officials.

All interested personnel are encouraged to attend the tryouts to be held at the intramural field across from the base chapel at 5:15 p.m., Oct. 1, 2, 3 and 4.

Questions about the team schedule or other matters should be directed to SSgt. Raul Martinez at ext. 2207 or 2783.

AF slates sport camps

Air Force will conduct special training camps in 1974 in boxing, judo, international shooting and track and field.

Base gym officials are currently requesting that all interested Reese personnel contact them. Individuals must have a complete resume of past accomplishments. The resumes must have dates and sponsoring agencies of all fields of competition (example: All-State high-hurdler at John Doe High School in Lompoc, Calif.).

Dates and locations of the camps have not yet been announced. Interested persons should contact SSgt. Raul Martinez at the base gym, ext. 2207.

Pigskin predictions to begin next week

By A1C Jeff King

As the warm summer breezes turn to a crisp autumn scene, the footballs begin flying and suddenly, everyone is a pigskin predictor.

Reese is very fortunate to have within its boundaries five superior predictors who have consented to reveal their guesses to the readers of the Roundup. Each week, throughout the football season, the point spread will be forecast for the top professional and college games.

These valuable predictions will be made by Mad Dog, Raeboid, Gasman, Da' Bookie and Mr. Bass. Special guest predictions will also be made from time to time by a mystery celebrity.

This feature will begin next week. So, before you bet your sack lunch on George Blanda, check with this reliable source.
