VALLEY FORGE PLANS TWO MEMORIALS TO HONOR HEROIC SOLDIERS OF 1778

Protestant and Non-Denominational Church Will Rise on Broad Acres Near Philadelphia—Celebration Arranged for June to Mark 150th Year.

Washington's Headquarters and Memorial Arch at Valley Forge. The Walk Approaching the Arch Has Been Chemically Treated.

for which will be laid June 19, 1928, as the closing feature of the Sesqui-Centennial observance.

History only will have a place on the library shelves. Each state will be represented by works dealing with the history of that state and the library will have, therefore, 48 volumes.

Valley Forge continues to be the center of interest of thousands and thousands of visitors from every section of the country, as well as from abroad.

Railroads and automobile bus companies regularly run excursions to the famous old shrine of patriotism and on Sundays and holidays even the broad acres of Valley Forge are taxed for space by the huge throngs. In addition many visitors travel by private motor cars over the excellent roads, kept in splendid condition by the Commonwealth of Pennsylvania.

All roads to Valley Forge run through a landscape of remarkable beauty, artists agree, and these roads are treated, as necessity arises, with chemicals, especially calcium chloride to lay the dust.

Only 22 miles from Philadelphia, the shrine has long been one of the favorite objectives for daily excursions for Philadelphians, as well as for visitors to that city who have combined the Valley Forge trip with a tour of other places of historic interest, such as Independence Hall, the Betsy Ross House and other relics of the Revolution.

That interest is expected to be stimulated by the forthcoming celebration

COTTON PLANTING NEARLY OVER HERE

Cotton planting is the order of the day now. There were fewer people in town Saturday of any Saturday since we have been here to notice it. Getting the cotton seeds in the ground is the thing of greatest importance at this time. We can shop later.

There was possibly more cotton planted the last ten days that ever before in this length of time. Every mule and planter had a man right in after them.

We have heard no complaint about its being late to plant cotton, and are impressed that this is a very fine time of the season to plant. The latter part of May is not late, and especially so if the season has been delayed as ours has this spring. We are expecting a great year this year.

China Grove Notes

The farmers here are very busy planting their crops. They are anxious for a few more pretty days so as to get through.

Vernon Lott and Viola Wood visited Venice Hariston Sunday afternoon.

Leona Burns spent Sunday afternoon with her cousins Misses Edna and Opal Wilson.

Mr. Malcom James and Lulamae Seale called at the Wilson home Sunday.

Tom Runnels and Iola James visited Mrs. Crystil near Colorado Sunday.

Mrs. Laywood Allen was called to Horraine Sunday to her daughter who was sick.

Grandmother Seale was sick Monday. Dr. Ward of Hermleigh was called.

J. M. Allen and family visited Mrs. Etta Wilson Sunday afternoon.

Mr. Vernon Laffon and Miss Viola Wood visited Miss Uernice Hariston Sunday afternoon.

Mrs. May Hariston and Eula Lee Wilson were in this community last week on business.

Miss Leona Burns spent Sunday afternoon with her cousins, Misses Edna and Opal Wilson.

Clifford and Fannie Ferguson Albert and Bethel Corley all spent Sunday visiting friends and relatives at Ennis Creek.

Miss Thelma Ferguson is expected home for her vacation about the 2nd. Miss Thelma is doing excellent work in her training at the Plainview Sanitarium.

Mr. and Mrs. Lonie Robertson, the latter's father and mother, and Mr. and Mrs. McElroy, all of Post, spent Sunday in the H. E. Robinson home here. Mr. Robinson is Lonnie's father.

Hermleigh vs Snyder

The Hermleigh baseball team motored over to Snyder Sunday afternoon and defeated them 6 to 1 in a game played there Sunday afternoon. The Hermleigh boys are hard to beat in a game of baseball when they are in the right frame of mind for the job.

Coffey Whitson and Buckner of Inadale played with our boys in this game. These fellows play a good game. Look-out Snyder.

MISS SQUYRES ANNOUNCES FOR COUNTY SUPT.

After the solicitation of a number of my friends, I take this method of announcing my candidacy for the office of County School Superintendent. I have had four years' experience in this work serving Scurry County as Superintendent from Dec. 1, 1920 to January 1, 1925.

I am standing on my office record. I have no official act to hide or shield from the public. I would not have you believe that I pleased everybody during the time I served as County Superintendent, neither would I have you believe that I tried to please everybody, but I did try to give every body the very best service, and to serve the school to the very best of my ability, did it honestly, fairly and to every one alike.

I have had several years of very successful teaching experience in the school of this and adjoining counties, and I feel that I understand the needs of the rural school of the County.

I feel that I am thoroughly familiar with the duties of the office and school work, and my past experience will enable me to serve you better in the future than was possible in the past.

I expect to see the people before the July Primary, but should I fail to see you I will appreciate your vote and influence, and if elected to the office to which I am seeking I shall do my best to serve the people and schools of Scurry County to the very best of my ability.

Yours for better schools,
(MISS) NEALY SQUYRES.

Spirit of 'Clean-up,' Slowly Working Its Way

The spirit of "clean up" is gradually taking hold of folks as it makes its way down the street. B. M. Louder, of the Louder Cafe, caught it Saturday morning and raked and burned all trash in front of his business. W. A. Louder, of the Louder Realty Co., caught the "wagon of progress" as it passed along, raking and burning in his front.

The business men have the habit of sweeping everything from their business houses out into the streets. Say, Mr. man, didn't you know that you could put this trash into a waste basket and burn it? This would mean much to those who have to look at this "stuff" all over the streets. What about getting out of this?

City Cafe Still Doing Improvement Work

The new City Cafe is impressing those who love progress with the development they are making in connection of suited interior changes in their business. It has the appearance of a real 'down town' Cafe. People who eat there say that the same care is taken in the preparation of each single plate served as is taken in the keeping of the lunch room and service counter. We raise our hats to every evidence of progress.

THERE ARE MANY OTHER GOOD JOES

In our last week's issue we had a short article under the head of "Seven hustling, bustling Joes." It was suggested to us within twenty minutes after the papers went into the mail (they always get the Herald to see what it has to say) that we had over looked Joe Lee. We didn't know that there was, or ever had been a Joe Lee. His initials, J. J. suggested to us that his name was "Jumping Jack." (Mr. Lee you will please indulge us in this). If we had known that his name was Joe we would not have had space to have mentioned him and of done the subject justice. If we should attempt to speak of him it would require a half column of space.

We never heard of a Joe Lee before. We have heard of 'Bud' Lees and 'Bob' Lees, but we have never heard of a Joe Lee before. We do not know that he is a 'Joe'. Our only authority for it is Joe Neal. We are afraid to depend on Neal's word too much for we have bought all the cigars we can pay for.

If Lee's name is actually Joe we will give him a write up in a subsequent issue of the paper. In as much as the name 'Joe' is not common in the Lee families like Jack Robinsin and John Johnson, we will have to have better authority than Neal before we accept it. Who will vouch for the questionable 'Joe'?

Gramling Goes to Robert Lee

In the going of Supt. Gramling, Hermleigh is losing one of her very best citizens. Mr. Gramling has been here only three years but his honesty, integrity, moral influence and forward looking intensity have tied him to the citizenship of the community in a great way. When Gramling speaks his word can be depended upon. When he buys a piece of merchandise the dealer knows he is getting his money. Where Gramling is found the ground is clean, and the moral atmosphere is pure any body can well afford to be in his presence.

In his going the school is losing a fine school man—a man who will be hard to replace. It is losing a man whose moral and commercial influence over the lives of the young people will be greatly missed. The present status of our school speaks in the loudest tones for his work.

The church, in his going, is losing a great friend and supporter. The Central Baptist Church will miss him much—more than they think, perhaps.

The Herald extends to him and family their highest regards.

Judge A. S. Mauzey Announces For District Judge

Judge A. S. Mauzey, well known and popular attorney and Judge of Sweetwater, through the Herald this as candidate for the office of District Judge. Judge Mauzey is a man who is well liked by every body. He is enthusiastic in all the activities of church, social, and business life.

THAT WHICH WAS, WHICH WAS NOT, AND WHICH SHALL BE

This short Biblical editorial is being written especially for the benefit of our good friend T. W. Atchley, who rirn'h know his Sunday School lesson—Sunday.

Many have wondered concerning this verse in Revelations 17:8. "The Beast which thou sawest was, and is not; and shall come up out of the abyss and go into perdition." The Beast was not, because the government of the Papal Era from about 500 to 1500 A. D. was not yet established. It was, because each form of the Roman government from first to last, could be said to have existed from the founding of Rome in 750 B. C. It was to come, because that form of the great government of Rome had not at the time the Revelator wrote become distinctive from the other seven forms of the great government. This is as plain as can be, and yet there are not as many as one man in ten thousand who understands it. The Papal government grew up out of the efforts of Jusinian the Great to restore the Imperial government which fell in 470 A. D. some time between 527 and 560 this, the eighth form of the Roman government was set up. According to Bible figures it was in 549. It was an eighth and was of the seventh, i. e., the Exarchal form of the government, which lasted for a short while only, ended in the development of the great Papal form of government and which lived through the longest period time in all history—1000 years. According to Bible figures it was 1260 years. The Bible counts the overlapping between the two periods, the Papal Era and the Protestant Era.

No theologian or historian is capable of handling his subject well who does not understand that The Beast of Revelations in our Bible refers to the Papal form of the government of Rome and not to the Roman Catholic church, as most Protestants seem to believe.

J. A. Merritt Announces For County Judge

Mr. J. A. Merritt authorizes us to announce him to our readers as a candidate for County Judge of Scurry County. He needs no introductory to most of our readers for he is well known to most every body in the county. He has been before the public for the last ten years or more, we understand, and appears in Hermleigh with no strangeness to any one.

Mr. Merritt has held various offices in this county, having represented our people in the Legislature two or more years. He offers himself to the people for the office, should they see fit to elect him in the July Primary.

J. J. (Johnie Jumpup, as we supposed) Henry is among the Joes who got by us last week. Mr. Appleton is also a Joe, We have learned. Now these Joes had better look out.

TERRELL BOWLIN WAS HOST AT SCHOOL PARTY SATURDAY NITE

Terrel Bowlin entertained a number of his friends Saturday night, in honor of Gertrude Caswell.

The house was beautifully decorated in the Senior Class Colors, red and white.

Streamers of these colors reached from ceiling to the dining table and marked the place where each couple were to stand for refreshments. Ice Cream and cake were served to the following. Misses Gertrude Caswell, Alma Brabley, Ruby Kimzey, Hallie Rea, Chlodelle McMillan, Ina Mae Caswell, Sadie Marlen, and Opal Gleastine. Mesdames W. P. Bowlin and L. R. Adams. Messrs Darwin Hill, Elmer Louder, Mark Vaughn, Thurman Leech, Milford Davis, Arlie Mc Millan Terrell Bowlin, Bill Davis, L. R. Adams and W. P. Bowlin.

Mrs. W. H. Ward returned from Paris Wednesday.

M. E. CHURCH TO BE DEDICATED JUNE 23

Our church will be dedicated June 24, at 11 a. m. Our presiding Elder, Rev. L. N. Lipscomb will preach the sermon. Every body is cordially invited to be with us upon this occasion.

The third Quarterly conference for this charge will convene here June 23. Preaching at 11 a. m., dinner on the ground business session at 2 p. m.

Our revival is fixed to begin the third Sunday in July with Rev. A. D. Jameson to do the preaching. We extend our most brotherly invitation for the co-operation of every Christian of the community. Come and feel at home and labor with us for a great revival.

M. H. Hudson.

Miss Ileta Henry spent the week-end with home folks here last week.

Mr. Henry Ellerd of Snyder visited in the M. U. Vernon home here Sunday M. U. and he drove out to the new pump station and inspected it, pronouncing it good.

CANDIDATES AND WATER GRASS

It is election year and we shall all get to go to the polls and vote. We shall know a few of the men and be acquainted with a few of the officials but as a whole we know but little about it. We have been told that we had rights, and if we do we surely want to exercise them. We say we are democrats, we wouldn't know a democrat from some other kind of a 'crat' if we were to meet one in the road and yet we vote the ticket. We should be surprisid greatly if we should come to know just how little we know about the political affairs of the country.

The candidates announce for office on the ground that some one is going to get a good job out of it and that that some one might as well be himself. Running for office is a paying thing to those who win. Who shall we vote for? It is largely a matter of personal choice—they are all good men and worthy men. The fellow who gets to us first and asks us for our vote is the fellow who impresses himself upon us. We go to the polls and vote, but what for.

IS THERE A MODERN POTTER'S FIELD?

We do not believe a man whose purpose is to make what money he can without exerting himself and to keep all he gets except what he spends with the catalogue can be of much value to his community. When Mary of old sought to anoint the feet of our Lord, Judas the petty miser, objected to the waste of money. But Judas ended just as all of this type finally ends—he bursted asunder and all his bowels gashed out. It is well for men to be conservative, but it is foolish for them to starve society to death.

Mrs. E. C. Patterson and her mother, Mrs. Ely, were in Snyder Monday.

SHOOT LUKE OR LOSE YOUR GUN

It is likely to be a slow process, but Hermleigh will outlive all her handicaps one by one until she at last has grown to be a town of 1,500 or 2,000 people. A few "fires and funerals", as it has always been said of small towns, and we shall start up.

When a boy begins to wash his ears and to try to twist his mouth around into a clean place we all know what up, but until he begins he is still 'roosting in the coope'. When a town begins to enforce incorporate laws concerning municipal refinement, it may be known that she is going to begin to grow. This is the same on the part of a town as the boys washing behind his ears is on the part of the boy.

If it were left to the masses of people there never would be a great deal of progress. And yet after a few have gone a head and put things on their feet, the masses are always glad to have it. This is natural. Our men are all good men, but not all of us are possessed with municipal pride. Men let's make a town out of Hermleigh just for the thrill of the thing, what do you say?

Nearly every man in town is interested in entertainment, are interested in sport, why make it a thing of interest and sport to make Hermleigh go? What would be greater sport than to see your town and my town take on new life? To show itself out a clean, forward looking urban center?

Our lack more than anything else is public interest, public pride. There is a great difference between private interest and pride, and public interest and pride. Unless there is developed a public interest in Hermleigh, it will remain a little dirty berg. There is no use in this. The ground on which the town sets is adopted to the growing of cotton too well to be occupied by a "get-no-where-town." This is good sense.

It is said that the Devil was a liar from the beginning. It is said that Judas Iscariot was a devil from the beginning. We believe, basing our belief upon testimony of holy writ, that these things are true; and we know there is no place for doubt here—that the Hermleigh picnic was a failure from the beginning.

Plenty of Applesauce

Want to have a lot o' fun? Just start out in to buy a tire. The dealers supply the entertainment. Their stuff is great.

Cut prices—bargains—"deals"—rebates, introductions—"at cost"—lots of other applesauce. But, seriously, one simple fact is the most outstanding to day in the tire business:

MORE PEOPLE RIDE ON GOODYEAR TIRES THAN ON ANY OTHER KIND

Buying tires is unlike buying food, clothing, shelter. Tires all look alike. They are built to do one thing.

But, keep that simple statement about Goodyear Tires always in mind. More people, year after year, buy Goodyears. That's because year in and year out they've proved best.

Our fine courteous service plus Goodyear Tires is the sure-fire answer to all your tire problems.

Spring Time is Rain Time

CRASH! A mighty flash of lightning. The lights flicker.

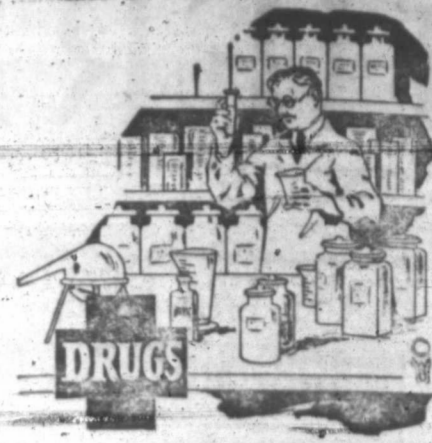

What wouldn't flicker under such conditions? Lightning often strikes the electric light wires, but automatic lightning arrestors and switches take care of the sudden surge on the lines and you barely notice the flicker.

But sometimes this crash of lightning strikes a pole and makes splinters of it, or splits it down the middle. Sometimes it hits a cross arm and damages it.

In such latter events your electric service is interrupted until workmen wade through the rain and storm and make repairs.

If springtime and rain time cause slight interruptions to service please know that somewhere there is a crew working at great odds to restore the flow of electrical energy to your home, office, store or shop.

DOMESTIC AGRICULTURE
GOING GOOD HERE

If the domestic agricultural activities as are seen around the home of W. T. Stevenson is the work of the 4-H girls club, the work being done by that department of county or state, is to be highly commended. It is of great interest to see the work which is going on there in the way of domestic agricultural. This may be a new term, but it is a good one. Mr. Stevenson gives his 4-H club daughter, Miss Farris, credit for it. Gardens, chickens yards, cow and hogs lots are arranged in such a way as to make them gay. Their tomatoes, which they have a good lot, are now blooming nicely. Everything which grows in a garden they have already grown up and ready to eat. What Miss Farris is doing in this respect every girl in the country may be doing; but we happened to have seen her gardens and yards.

SCHOOL HERE CLOSED
WITH NICE SERIES
OF ENTERTAINMENTS

The school closed with a series of exercises at the auditorium last week. The programs were all well attended and nicely rendered. Gertrude Caswell graduated with the highest honors, and Milford Davis second. Judge Fritz R. Smith presented the diplomas. His presentation address speech was a good sermon. It was homologically arranged and divided as follows: past, present, and future. The past is just what others have made it. The present is what your dads are making it. The future will be just what you make it. He referred to the Dead Sea and the lake of Galilee. The dead sea is dead because it is continuously receiving but never giving anything back to the river beds around it. The Sea of Galilee is the clearest and cleanest of all waters because, as it receives from the river about it it gives back to others. The historic Jordan runs through the symbolic lake. The Rev. C. E. Leslie represented the church in this closing exercise, giving the invocation prayer and the benediction.

COMMUNITY NOTES
FROM INADALE

Little Darwin Cleckler is doing nicely after a 2 weeks illness. Miss Bessie Longley has returned to Houston after a visit with parents here. Locals

Miss Ruby Forrester was mar-
ried Sunday to Mr. Fort Kelly of
Snyder. All Hermleigh joins
in congratulations. Miss For-
rester is one of our finest young
ladies, and a teacher in the school
here. Mr. Kelly is a fine young
man of Snyder. Both persons
are well known here.

Katie Marie and Billie Joe
Louder of Snyder are visiting

week.

F. T. Rector of McCaully and
E. R. Rector of Royston visited
their brother K. B. Rector here
last week end.

Mrs. Effie Lefner of Los An-
geles California is visiting Mrs.
K. B. Rector this week. Mr.
Rector and Mrs. Lefner are
cousins.

Mrs. E. Cleve Patterson and
Miss Ollie Coston entertained in
a joint recital at the school au-
ditorium Monday night. A splen-
did crowd graced the occasion.

Rev. and Mrs. C. A. Jones
and little Billie Joe of Post are
visiting their daughter and sis-
ter, Mrs. Warren Chorn this
week.

Supt. Kerr was in town Tues-
day looking after interests of
the school.

mer, but she has decided to rest.

When it was reported here last

were smelling, we were curious
to know how it was known that it
was a hog pin. The back allies
were all odorous. If a contagion
were to break out here half our
people would die before it could
be stopped. We must have some
kind of sanitary regulations.
