

HERMLEIGH HERALD

VOLUME 1

Hermleigh, Scurry County, Texas, Thursday, July 12th, 1928.

NO. 43

CLUB BOYS HAVE BIG TIME AT LUBBOCK

Thirty one boys and three men left the County Courthouse at 6:30 A. M. on Wednesday morning for Lubbock, and the Training Course that was offered by the Texas Tech College. The party traveled mostly in a truck that was furnished free by the Yoder Anderson Motor Company of Snyder, and this means of transportation made it possible for a large number to make the trip than could have possibly gone otherwise. This donation also put the trip in the reach of most every boys pocket book.

The party made a short stop in Post and tanked up, and gave the stump City a sample of Scurry County noise. Upon arrival at Lubbock the party was registered in, and then taken to the Texas Tech College where instructions and demonstrations were given on judging and selecting the best types of Duroc and Poland China Hogs, Mutton and fine Wool sheep, Holstein and Jersey milk cows, Hereford and Southdown animals, and corn and grain sorghums during the first afternoon and the next day. The Scurry County boys gave their keen attention and participated in the practice judging that was offered. The Lubbock Chamber of Commerce was host to the party for entertainments and offered the County and the city natatoriums for swimming and this offer was heartily accepted at the appointed hours-an also at all other times the party was in at the Fair Park Grounds, in fact all during the night hours at intervals a group of splashes could be heard of some new group hitting the water. The Scout Executive and assisting parties gave the nights program, and the meals were furnished by the Lubbock C. of C. This was a remarkable feat in feeding over 400 boys and girls for three meals efficiently. A committee from the Chamber of Commerce acted as servers at each meal. The party trucked at 4 P. M. for their return journey which was featured by hotweather and an enormous consumption of soda pop.

Every Club in the county was represented by one or more boys except two: The party consisted of: Edgar McDaniel, John Trousdale, Elmo Stark, Chunk Burnep, Oliver Odum, Hugn Brown, Boies Fry, J. T. Beaver, Lacy Crabtree, Frank Huffman, Edward Stevenson, Noble McDaniel, Algee Stevenson, Richard Brown, Odell Fuller, Robert Roddy, Marcus Johnson, Elton Crowder, Morris Caséy, Roland Squyers, John Henry Trussell, Stiles Trevey, J. C. Feilds, Roy Boles, Jeff Faver, S. D. Hays Jr. Edward Brown, Elbert Williamson Jolly Iron, Gordon Clay, and Mr. Will Stevenson, Ed Jones, -C. C. Willis.

Cemete y Working

Thursday, July the 19th., is the date for work on the Hermleigh cemetery. Every body expected to be on ground and to bring dinner. Don't for get the date-Committee.

Baby Evylene Hargraves was in the herald office last Saturday as a visitor. Come again little Miss Evylene.

METHODIST REVIVAL BEGINS AT TABERNACLE

NEXT SUNDAY, 15

The Methodist meeting is to begin next Sunday at 11, a. m. Bro. Jameson is to be present and preach at the first service. We have ordered one hundred new song books for this occasion. The services are to begin at the tabernacle, Sunday School also will be held next Sunday at the tabernacle beginning promptly at 10 a. m.

We are expecting a great revival. We cordially invite every christian to come and help us in this special effort. We hope that every church in town may be greatly benefited. We crave your most earnest and constant prayers and cooperation to bring the unsaved to Him who only can save them.

Sincerely,

M. H. Hudson.

AVERAGE AMERICAN 96 CENTS POORER THAN IN LAST YEAR

Washington, July 9. Americans are 96c poorer per capita this year than they were last year, but they are \$5.60 richer than they were in 1914. Treasury records made public Monday show that the per capita wealth of the United States, based on an estimated population of 118,364,000 on July 30, the end of the 1928 fiscal year, was \$49.52, compared with \$41.48 for 1927 and \$34.92 for 1914.

All United States money in issue at the end of the fiscal year was given as \$8,117,768,786, compared with \$8,667,286,075 for 1927, and \$3,796,456,764 for 1914. Of this amount \$4,796,408,667 was in circulation at the end of the 1928 fiscal year, with the remainder held in the Treasury and by Federal Reserve Banks, compared \$4,851,325,356 in 1927, and \$3,458,059,755 in 1914.

INDIANA PAPER GOES TO FAMILY 116 YEARS

Vincennes, Ind.-Since the war of 1812 (yes, 116 years ago) the Vincennes Sun has gone continuously to the family of W. T. Kyle, trustee of Washington township.

This is believed to be a record in the Middle West for long-time subscription by one family.

According to Kyle his grandfather, James Kyle, came to Knox county in 1811 and shortly after that subscribed to the Sun, then known as the Western Sun, a weekly newspaper. Later his father, who was also named James, continued to take the paper. Later the Sun became a daily newspaper.

Kyle said that the Sun in the early days resembled a Sunday school pamphlet.

The Sun is the oldest paper west of the Allegheny mountains being established in 1804.

Can Mr. Kyle's record be beat en by any other family in the Middle West, or for that matter, in the United States?

LADY ATTORNEY, FORMER HERMLEIGH GIRL,

IS VISITING HERE

Miss Zula Stevenson with the rest of the girls and boys of the class finished the seventh grade in the Hermleigh school in 1912. From the school here she went to the North Texas Normal at Denton where she finished her school work and began teaching in Wise County in the fall of 1919. She taught for a number of years and then accepted a position as stenographer for the law firm of Houchens and Clark in Fort Worth. While working here Miss Stevenson decided to make law a study. She studied under Attorneys Houchens and Clark and was later, in 1925, admitted to the Bar and became a member of the law firm under whom she had worked a stenographer.

Miss Stevenson is among the few women in Texas who have been admitted to the Bar. The singularity of this is a thing of interest. Women have excelled in everything recongized by our society today, and the Herald speaks of Miss Stevenson with both pride and compliments.

Many of the grown up boys and girls with whom Miss Stevenson was associated here when just a girl are still here, and her visit here is filled with happy hours as she meets with oldtime friends.

Miss Stevenson is a sister to our own W. T., E. D., and G. L. Stevenson.

DOG LIVES TWO WEEKS WITHOUT FOOD

Spokane, Wash. July 9. About two weeks ago a freight car, loaded with automobiles, was sealed in Detroit. The car was opened Sunday, sitting near the front seat of one of the automobiles, lean and gaunt, apparently having lived without food or water during the entire trip, was a small dog.

The dog couldn't even manifest an appreciation of the kindness of his rescuers, for he was to weak.

A look of appeal about all that was left of him, touched the heart of the boss and the dog was taken to the showrooms of the automobile firm. Now he has a permanent home and a definite place in life as the company's mascot.

NEW TRAIN SCHEDULE

Westward - Toward Sweetwater. No. 95 Leaves Hermleigh 12:16 a. m. connects with T&P for Dallas.

No. 91. Leave Hermleigh 3:41 p. m. runs through to Galveston. Eastward - Toward Amarillo and Clovis.

No. 94. Leaves Hermleigh 5:08 a. m. through to Amarillo - connects for Kansas City and points east.

No. 92. Leaves Hermleigh 1:33 p. m. through to Clovis- connects for California points.

(No 92 connects with No 96 at Slaton for Amarillo and points east. No 94 connects with branch trains at Slaton and Lubbock.) All trains make regular stops at Hermleigh.

MAN GOES OVER NIAGARA FALLS IN RUBBER BALL

Niagara Falls, N. Y., July 4.-For the third time in history man conquered the mighty Niagara Wednesday when Jean A. Lussier of Springfield, Mass., went over the Horseshoe Fall on the canadian side in a specially constructed rubber ball while 150,000 persons lining the river banks on either side cheered and applauded him.

The start was made from Cayuga Island about three miles above the falls, at 2:30 o'clock, standard time, and Lussier was rescued from the bridge eddy below the falls at 3:20 o'clock by William (Red) Hill, daring river man, alone in a rowboat.

At first it was feared the giant ball might be carried downstream into the rapids. Lussier plunged over the brink at 3 o'clock.

Card of Thanks

In the recent loss of our household contents, the people of Hermleigh were exceeding generous to us in the way of offerings, and for which we are more grateful than words can express.

May we so live as to be a living expression of gratefulness to you.

-Mr. and Mrs. O. D. Runnels

A FALSE RUMOR

It has been rumored that the nice little residence near the Hermleigh school, across from the Early home, has a irreparable roof. This is a misrepresentation of facts. There are possible a few leaks in the roof and which will promptly be repaired when any one desired to occupy the house.-J. W. Jackson, Snyder, Route 1.

PRINT SHOP FABLES

My, see the Printer Glow! Gosh, he looks Hard! Brother, he IS hard. The Printing Bizness is So Full of This and That, a Weakling would Fall by the Wayside. Printers have to Cope with Tippy Type, Balky Presses and Strong Pipes.

SCURRY COUNTY-MAN HAS DEMONSTRATION FARM

Henry Richter of the Bison community has a ten-acre tract to experiment with grain sorghum seeds and cotton. Beginning, he will plant two rows of cotton of different varieties.

He is planting pedigreed maize, Spur kafir, hegari and Spur feterita. Mr. Richter, who is president of the Bison school, which won first place in the letter school contest, says he has always been interested in knowing better methods of farming. He expects to make this a model farm. He will have small terraces every two rows. These terraces will be about six or eight inches high and will hold the water for the crops.

In addition to cotton and grain sorghums, Mr. Richter will plant cowpeas and soy beans.

MISERY LOVES COMPANY

[from Snyder Signal]

What about your back alley? Is it clean and sanitary? Or is it an eyesore and a breeding place for millions of flies. The city pays a man to haul off your cans and old rubbish provided you place it in a box or garbage can near the alley. He is ready to serve you in any way he can, but cannot be expected to make an especial trip to your alley because you neglected to have your rubbish gathered together. The city is doing its part. Are you doing yours? Lets keep ours alleys clean!

BIRTH OF AMERICAN NATION COMMEMORATED

London, July 2 (AP).-The birth of the American Nation was commemorated here Saturday at Burnswick Docks, Blackwell, with an Angelo American gathering present. A bronze tablet was unveiled to mark the spot from which Capt. John Smith and 105 Cavaliers set sail 322 years ago, to found the first permanent English colony in America.

Miss Aletha Serpell of Norfolk, Va., vice president of the Association for the Preservation of Virginia Antiques, who originated and carried out the idea, presided.

SINGING CONVENTION TO MEET HERE 5 SUNDAY

The Fifth Sunday Singing Convention in conncetion with the County Convention is to meet at the community tabernacle here on the fifth Sunday in this month. Our singing class and Hermleigh at large will be host to this great gathering, and let us all fall in and be ready for it. We hope to see a great crowd of people here and let us do our part to see them properly entertained. The doors will be flug wide open to everybody within possible reach of us. Come right along and enjoy this occasion with us.-F. A. Werner president

CAFE CHANGES HANDS

The Louder Cafe, formerly occupied by Mr. Coker, has been bought and is being operated at the same place by the Misses Lois, and Bee Mims.

THE HERMLEIGH HERALD

R. S. NORMAN, EDITOR

Published every Thursday at Hermleigh, Scurry County, Texas.

Subscription price \$1.50.

Entered at the postoffice in Hermleigh, Texas, as second class mail matter, according to Act of Congress, March 3, 1897.

All matter for publication must reach the office by Wednesday night.

Display advertising, 25c per column inch; line ads and local readers, 7 cts per line, first insertion and 5 cts. per line each succeeding insertion.

The newspaper is the best medium of advertising known. When more people know of what you have for sale, your chances to sell are better. The Herald is a popular local weekly with a circulation of 500 with list gradually growing.

Thursday, July 12 1928

Any erroneous reflection upon the character of any person firm or corporation will be cheerfully corrected upon its being brought to the attention of the management.

Obituaries, cards of thanks and other things for which a charge is usually made, we will gladly publish free.

EVERY BODY'S DOG WHO HUNTS WITH US

It is just as our good people have chosen for it to be, but it seems to us that it will be mighty hard for us to attend a revival meeting every night for near two months. Perhaps it is the custom of the community for every church to have its own revival meeting and for those who prefer that church to attend that meeting, and etc. On this bases it is practical.

But what about it in our case? We belong to none of the churches in town and are friendly toward them all, and yet we can hardly go to church this many nights in succession.

According to arrangements we shall have a revival in succession from next Sunday clear through until September. There has never been a revival meeting in our town when we didn't go, but we are wondering what we are going to do about it this time.

A CASE OF "RIP VAN WINKLES"

We were not personally acquainted with "Rip" nor were we ever familiar with the conditions which produced such protracted drowsiness as that with which he was overcome, but we fancy we have a smattering idea of it; at the least we are near enough to understanding it that we are deeply in sympathy

with Mr. Vanwinkle.

Rip's wife, his mother-in-law, all of his wife's kinspeople and many of his neighbors thought that "Rip" was no account. He wouldn't work; he didn't like to stay at home—perhaps his wife was 'fussy'—but was slightly inclined to want to drag around with his gun on his shoulder. Poor Rip!

We fancy we know how to sympathize with the "Sleeper." We were sent from the eastern counties to the west because it was thought we had chronic malaria—no doubt in our mind this is just what Rip had. We came west. We have been here four years, and think we shall have to go to that part of the world where the nights are six months long. Oh, how drowsy we are these mornings! The night are to short, and the sleep we get doesn't stick.

Mr. and Mrs. Leroy Echols and daughter, and Mr. and Mrs. Henry Musgrove and children from Coahoma, visited Mr. and Mrs. Chas. J. Lewis Sunday afternoon. They were accompanied home by Miss Lottie Maude Lewis who has been visiting them for the last week.

"Cast your net on the other side of the boat and ye shall find."

ELIJAH PLACES MANTLE ON ELISHA

"Elijah" Hamil has turned his mantle over to his successor "Elisha" Farr. Mr. Hamil is honest and sincere in what he has tried to do, and when it failed to rain when he prophesied, he acted the part of a man—turned the job over to his successor. Mr. Farr was successful in his first attempt. He did well as an amateur, when he prophesied on Saturday that it would rain before Sunday night, Sunday morning brought rain—Farr didn't say how much it would rain.

When we uttered our prophecy last week we reserved plenty of latitude. We said it is "likely to be dry during the month of July." It is likely to be dry in West Texas any time.

There are 2,897,000 commercial vehicles in the United States.

PRINT SHOP FABLES

Oh, see the Hard Working Editor. He is Worried about his Bills. Yet he has \$12.347 in his Books. Ye Ed is Too Considerate to Send out Statements. Is he not Foolish, to be So Obliging? He is Beginning to Think So too.

The smartest man in the whole country is the man who has sense enough to know when to "DON'T".

The World's Greatest Tire--

And Why It Is!

You have to show some very good reasons for calling anything "the world's greatest."

Goodyear is "The World's Greatest Tire" because it wears smoothly—runs farther—looks better. Not generalities, but FACTS!

Millions of motorists have proved them on the road for

MORE PEOPLE RIDE ON GOODYEAR TIRES THAN ON ANY OTHER KIND

Goodyear is the World's Greatest Tire because it is the only tire providing complete traction on the center of the tread:

Because it has six outstanding advantages—Traction; Supertwist Carcass; slow, even tread wear; quiet, smooth running; Safety; Beauty. More than 100,000,000 Goodyear Tires have been sold—millions more than any other.

Believe us now? Come in and let us explain more fully. You will like our service too. Just as good as GOODYEAR.

A CITY ORDINANCE

Be it ordained by the Council of the City of Hermleigh, Texas that:

Section 1. Fire Limits:

The provisions of this ordinance shall apply to and be co-extensive with the territory and the boundaries now designated, or which may hereafter be established as the fire limits of the City of Hermleigh, except such provisions as are by special reference made applicable to all the territory within the corporate limits of said city, and the said fire limits as now established are hereby declared to be as follows:

East half of block 37; East half of block 44; all of block 45; all of block 36; all of block 35; all of block 46; West half of block 47; West half of block 34.

Section 2. New Buildings and Buildings to be Altered:

No wall structure, building, or part thereof, shall hereafter be constructed in the City of Hermleigh except in conformity with the provisions of this ordinance. No building already erected or hereafter to be built in said city shall be raised, altered, removed or built upon in any manner that would be in violation of any of the provisions of this ordinance, or the approval issued thereunder.

Section 3. Permits Required:

Before the erection, construction, or alteration of any building, structure, or wall, or of any part thereof, of any platform, staging or flooring to be used for standing or seating purpose is commenced, the owner or lessee or agent of either, or the architect or builder employed by such owner or lessee in the connection of the proposed erection or alteration, shall apply to the Building Inspector for a permit to do such work.

Structures hereafter erected without permit, or not in conformity with this ordinance, shall be removed.

No building shall be removed until a permit has been obtained from the Building Inspector and such officials shall not issue such permit if, in his judgment, the proposed new location of the building would seriously increase the fire hazard of the surrounding buildings.

Each building permit shall recite this section.

Section 4. Permissible Wooden Structures Within Fire Limits:

No wooden structures shall hereafter be built within the fire limits as given herein or as they may hereafter be established, except the following: an all roofs placed upon such buildings or structures shall have an incombustible covering.

(a) Temporary one story building for use of builders.

(b) One story sheds open on the long side, not over 15 feet high, with sides covered with incombustible material, and with an area not exceeding 500 square feet. A wooden fence shall not be used to form the back or side of such sheds.

(c) Wooden fences not over 10 feet high.

(d) Piazzas or balconies not exceeding 10 feet in width, extending more than 3 feet above the second-story floor beams. No such structure shall extend beyond the lot line, or be joined to any similar structure of another building.

(e) Small out houses not exceeding 150 square feet in area, and 8 feet in height. Wooden sheds or out houses shall not be located within 5 feet of any lot line, nor less than 30 feet from any other building over one story high.

No frame building shall be moved from without to within the fire limits.

Building with wooden frame

work clad with sheet metal, stuccoed, or veneered with brick; shall not be classed as frame buildings.

Section 5. Repairing Frame Buildings Within Fire Limits:

Any existing frame building within the fire limits, which may hereafter be damaged by fire, decay or otherwise to an amount greater than one third of its present value, exclusive of the foundation, shall not be rebuilt, but shall be removed.

Section 6. Walls:

All exterior or division walls of building hereafter erected, shall be of sufficient thickness to support the load to be carried; but in no case shall a brick, stone or unreinforced concrete or hollow block wall be less than 12 inches thick. Provided that a permit may be issued for the re-erection of buildings with 8-inch brick walls, where the area is small and the height not more than one-story, if in the judgment of the Building Inspector such thickness will provide satisfactory fire-resistiveness for the occupancy involved.

Section 7. Moving Picture Theaters:

The Building Inspector shall not grant a permit for the erection or alteration any building to be used as a moving picture theater, or in which moving pictures are to be exhibited within the corporation limit, unless the plans and specifications for the installation and operation of said moving picture theater or for the exhibition of moving pictures, shall conform to the rules and regulations promulgated by the State Fire Marshall for the safeguarding against fire and panic.

A. A copy of said rules and regulations, as approved by the State Fire Marshall, shall be kept on file by the City Secretary, and be subject to inspection as a public document of the City.

Section 8. Unsafe buildings:

Every building, structure, or part thereof, which shall appear to the Building Inspector to be dangerous, by reason of bad condition, overloaded floors, lack of stairs, against fire or other causes, shall be held to be unsafe. The Building Inspector shall immediately notify the owner or lessee to cause the same to be made safe and shall also affix a notice of the dangerous character of the structure in conspicuous place on the exterior wall of such

buildings and no person shall remove or deface such notice as affixed; the owner or party having an interest in such unsafe building, or structure, being notified thereof in writing by the Building Inspector, shall immediately cause the same to be made safe and secure; and if any such buildings shall be used for any purpose requiring a license therefor, the mayor may revoke said license on neglect of the owner to comply with the notice served as herein provided. When public safety requires immediate action, the Building Inspector may enter upon premises, with such assistance as may be necessary, and cause the said structure to be made secure or torn down and removed without delay, at the expense of such party or owner interested.

Section 9. Penalty for violation

Any and all persons who shall violate any of the provisions of the ordinance or fail to comply therewith, or who shall violate or fail to comply with any order or regulations made hereunder or who shall build in violation of any detailed statement of specifications or plans submitted and approved thereunder, or any certificate or permit issued thereunder, shall severally for each and every such violation and non-compliance, respectfully, forfeit and pay a penalty in the sum of not less than ten and not more than one hundred dollars. The imposition of one penalty for any one violation of this ordinance shall not excuse the violation, or permit it to continued; and all such persons shall be required to correct or remedy such violations of defects within a reasonable time, and when not otherwise specified each ten days that prohibited conditions are maintained shall constitute a separate offence.

The application of the above penalty shall not be held to prevent the enforced removal of prohibited conditions, as provided in section 8 of this ordinance.

Section 10. Conflicting Ordinances Repealed.

All ordinances and parts of ordinances inconsistent herewith are hereby repealed.

Section 11. Date of effect:

This ordinance shall take effect and be in force from and after its passage and legal publication.

PASSED THIS THE 10 DAY OF JANUARY 1928.

APPROVED THIS THE 10 DAY OF JANUARY 1928.

Signed: H. T. Gleastine, Mayor, pro tem, City of Hermleigh.
Attest: W. A. Louder, City Secretary, of Hermleigh, Texas.

Mr. J. T. McCarvey and son of Ralls were week-end visitors in Hermleigh, guests of J. B. Etheredge and family.
H. A. Pagan, brother to our own J. M. Pagan, is recovering from an operation which he underwent recently.

Mr. and Mrs. Drennon will leave this week for their vacation. They will make Oklahoma enroute, stopping for a week-end in Cordell. The management of the telephone Co. will be in the hands of Mrs. Henry, but Miss Alma Etheredge will be operator.

The Electric Button

STEPPING through countless generations, the mythical force which performed magical wonders for the hero of Arabian Nights is found in the wall switch of every modern American home, industrial establishment and business enterprise.

This power today moves mountains with the ease that it whips an egg. There is hardly a physical task left but what can be fulfilled adequately, expeditiously and economically by the use of electric power.

From the energy controlled by the switch on your wall you can illuminate your home, cook your meals, refrigerate your food, sweep your rugs, wash and iron your clothes, pump your water and put a permanent in your hair.

And this power, coming to you over copper wires, reflects the untiring energy that is maintained that you may have service.

Texas Electric Service Co.

To the Voters of Scurry County

On account of the duties of the office demanding the larger portion of my time, I will not be able to see each and every voter as I would be pleased to do. So I am taking this method of soliciting your vote and influence.

Most of you are familiar with me and my record but to the new comers and those who do not know me I invite your careful investigation into both my record as an official and as a private citizen.

I am indeed grateful to the people for their past support and for their cooperation so freely and graciously given and again ask that after you have investigated the record if you find that my administration of the affairs merits your support then I ask for your vote and influence promising if again honored by you by being elected to the office to give you my best efforts toward an Honest, efficient and economical administration of the affairs of our county.

Yours Respectfully
Horace Holley

BABY BEEVES BEING FED FOR FORT WORTH FAT STOCK SHOW

With the coming of rain and the assurance of a feed crop there is nothing that should be of more interest to 4 H Club Boys of the County than the feeding of a calf for the Ft Worth Stock Show. Last year seven boys tackled calves and fed them for a profit and showed them at advantage this year with the trend of beef prices still upward this should be still a more profitable project and should find some thirty boys over the county willing to match their skill in the feeding of a white faced calf. Now in the next thirty days is the time that these calves should be started to learn to eat so that with the coming of cool weather they might be pushed and finished. A calf is a animal that would require everyday attention to its every need and it would respond accordingly. This experience would be of much value to any man as well as every boy. The future of this business is not limited and should fit the needs of the future farmer in this county. Most farm boys do not have the calves and do not have this opportunity as easy at hand as other projects but this is a small difficulty and will be overcome for any boy wishing to get into this business. Any farm should be fixed to handle a calf and if it is not, now is none to soon to start a fixing.

Club boys are fixing to make A. & M.

Nine Clubs are preparing for Moving picture shows to raise money for one of their members to make the A. & M. Short course. These shows are not to be donation affairs, they are going to be worth the price of admission. The program will have a two trip. Stinson Brothers and Higginbotham Co. are each giving a trip to one holding the best pig and poultry record.

Camp Springs. Wednesday night July 11th.
Plainview- Friday July 13th
Fluvanna- Saturday July 14
Sharon- Monday July 16
Pleasant Hill- Tuesday July 17
Turner- Wednesday July 18
Ira- Thursday July 16
Bison- Friday July 20
Dunn- Saturday July 21

The Hermleigh boys are each selling a hen or two friers and donating it to their winner.

SOME NOTBLE FARM FACTS

C. P. Williams of Hermleigh has a registered cow with first calf milking 30 lbs. of milk at a test of 4.4 per cent butterfat.
Johnnie Jurdan of the Ira club

has a pig making two lbs of pork per day and it doesn't weigh 100 yet.

FAIR MEETING SATURDAY

Fair Directors and all others interested in a County Fair are requested to be in the District Court room Saturday p. m. at 4:00

CITY DOING CONSTRUCTIVE STREET WORK

Street grading comprising 8 blocks on Wheat Street, 6 blocks on German, 4 blocks on Kemp, 4 blocks on Lowe, 2 on First, the entire length of Pyron, 10 blocks on Dunn, and four blocks on Reed has been done this week. This is quite an improvement to the town. Pyron street, reaching from the Catholic Church on the south to near the highway at Mr. Appleton's, is the prettiest street in town. With the new grade it is perfectly beautiful. Had the lane been open this street would have been connected with the highway at the B. Y. Rea home, Mr. Hassel said. The resident sections east of the highway are beautiful. If properly built up and kept that would be as pretty a resident section as might be found anywhere.

SLIGHT HURT PROVING TO BE SERIOUS

G. W. Holdige who received and injured rib some time ago when the door of his storm house fell on him, has been sick of fever from pussformed from this injury. Dr. Ward and his son doctor went out this morning and performed a minor operation drawing near a pint of poisonous matter from him. The Dr. says Mr. Health is safe in this condition.

Hermleigh Girl Gets Married In Plainview

Word was received here early this morning concerning the marriage of our own Miss Thelma Fargason in Plainview last evening. This came as shocking surprise to us, but we extend the pretty bride, Mrs. Floyd Hacker, our warmest congratulations.

Card of Thanks

I wish hereby to thank my many friends for their fine spirit and help in the rebuilding of my farm home, occupied by Mr. Runnels, which was destroyed by fire recently.--B. D. Mason.

"First character, then education, and then Character." — Henry Clay.

BRIDE OF FEW MONTHS VISITS HERE

W. S. Leslie, Shelton as he is known among the boys here, with his pretty bride of a few months, is visiting with his father, the Rev. C. E. Leslie and family. Judge Leslie is a popular Attorney in his home town, Bay City, Texas.

Mr. Leslie hasn't visited home folks here for near three years, and says this visit was made especially to show his dad his pretty bride, and to renew acquaintances with all the Hermleigh youngsters of a few years back.

Judge Leslie tells us that he began his public career in a Herald office here as a "little devil." He prizes that experience very highly, he said.

HERMLEIGH GIRL TO STUDY PHARMACEUTICS

Miss Lois Jones will leave early Sunday morning for Fort Worth where she will enter a school of Pharmacy for a few months. There is opening, these days, for ladies in the medical realm and Miss Lois will be among the first in this part of the country to qualify as a Pharmacist.

Mr. Johnnie Howell and family of Phoenix Arizona are visiting the formers parents, Mr. and Mrs. J. N. Howell and his brother, Joe Howell of China Grove.

Mr. and Mrs. Jim Burleson and daughter of Portales N. M. spent Tuesday night with Mrs. Burlesons sister Mrs. I. N. Howell.

Mr. Jeff Isam and two sons, Leon and Fred, of Loraine, visited Mr. and Mrs. J. E. Fargason Sunday.

We Have Purchased the Louder Cafe And will render efficient service here. We Solicit Your PATRONAGE Lois and Bee MIMS
