JOHNNY TATUM

Johnny Tatum, Clown and Bull Fighter hails from Phoenix, Arizona. He has clowned all over the United States and an extra lot in the South and the North.

Johnny started rodeoing when a small child in Junior rodeos and then on to high school and college rodeos. He started out riding bareback horses and bulls, and then started helping a few of the boys that drew fighting bulls when there wasn't

a clown around and then took it up as a profession.

Johnny still rides a few bareback horses but he has so many contracts that he is afraid of getting hurt, so he doesn't ride except at the close of the season or when he has a long lay-over, where he will have time to heal if he should get hurt.

Johnny married a girl from New Mexico who is quite a horse woman. She shows horses, barrel races, etc. She travels with Johnny through the summer months.

John has a new act this year.

It is a comedy dog act. John has been two years trying to get this perfected and he came to the RCA convention in January and said he now had the act very much like he wanted it. He still feels he wants to add to the act and will as time goes by.

THE WARVELL'S

The Warvell's are coming out with some new acts this year that will be used in Michigan for the first time and then the Warvell's will come from Michigan to Baird where it will be used again.

The Warvell's are professional show people and have been in the business for a long time. They understand the public likes new acts so they keep hinking up new and different acts.

Jan Warvell is a Roman Rider and she can ride two, three and our roman. Jan, also, rides umpling horses and has one that I believe could jump over the moon if asked to.

Jim, the other half of the team, is an accomplished rider and makes most of his stunts into comic stunts.

The Warvell's were the originators of the Flying Katchina's. Then they came out with the Castillians and this year they are coming out with the Warvell's Arena Capers.

COUNTY RECORDS

The following new vehicles were registered at the Callahan County courthouse:

Clifton Rogge, Chevrolet R. E. Northcutt, Chevrolet pickup Billy Don Snyder, Chevrolet pickup Glynn Seale, Ford pickup Herbert A. Warren, Pontiac John F. Downs, GMC pickup.

New Manager Of Telephone Co.

Dick McNabb of Vega, Texas, has been named manager of the Home Telephone and Electric Co. of Baird and assumed his new duties April 8.

The company was purchased by Trans-Continental Telephone and Electronics, Inc., of Dallas earlier this month. The Bear-den family of Baird had owned the company for some 45 years prior to the sale.

Mr. McNabb and his wife, Ann have one son, Kent, age 4, and re expecting another baby around the 1st of May.

The family plans to move to Baird as soon as Mrs. McNabb and the new baby are able. At the present time, Mr. McNabb is staying at Pioneer Lodge.

McNabb stated he hopes to be able to give subscribers better service in the future, otherwise there are no changes planned for operations of the company.

BB Guns Cause Much Damage

Within the past three weeks, members of the City Council have been besieged with complaints about youngsters and the damage caused by BB and pellet guns.

Here are a few of the complaints received:

Two dogs shot with pellet guns, both dogs in the yards of the owners. One necessitated a trip to a Vet in Abilene

Five window lights broken in homes in which people live.

Bulbs shot out and damage at the Rodeo arena.

Forty-nine (49) lights shot out at the Little League and Teenage League baseball fields. These bulbs cost \$4.93 each, so someone will be out nearly \$250 before the youngsters can play baseball this season.

This is only a part of the damage reported to City officials caused by youngsters with their guns.

There is a City Ordinance against the use of guns in the City of Baird, and violators can be fined. There are State and Federal laws protecting doves, red birds, mocking birds, orioles, etc., nearly all song birds, so it could be a serious offense, and complaints have been received against the killing of all these birds.

We believe that the parents of most of the youngsters have not explained to the kids the dangers and damage that the modern BB or pellet gun can do. Parents are responsible for any damage and vandalism of their children, and are liable for damages. Of course, if someone loses an eye, or is severely damaged (as is entirely possible with a BB or pellet gun), monetary damages could be rather high.

The Council does not want to order the Chief of Police to arrest these youngsters, and the City Judge to assess fines against them. But we will be forced into this action unless the parents do the job they are supposed to do, and control their kids.

April 30 Last Day For Trash Pickup

City sanitation trucks have begun picking up limbs from Spring trimmings, and other refuse not normally picked up. This pickup by the City trucks is free of cost during the remainder of this month, due to April being designated as Clean-Up Month in Baird, through the cooperation of various clubs, the Chamber of Commerce and the City of Baird.

If you have any of this excess refuse to be picked up, call the City Hall or the Chamber of Commerce office. After May 1, a charge will be made for removing excess trash from the alleys, so make a special effort to move all refuse to a convenient pickup spot before that date.

Mrs. Zoe Cook Succumbs Mon.

Mrs. Zoe McKee Cook, 88, a Baird resident for 60 years, died at 6 p. m. Monday in Callahan County Hospital, after a six week's illness.

Graveside rites were held at 4:30 p. m. Tuesday in Sweetwater Cemetery, with the Rev. William F. Henning, Presbyterian pastor of Sweetwater, officiating.

Survivors include a daughter, Mrs. Frank Estes of Baird; one son, Paul of Dallas; two brothers, Bob Bardwell of Sweetwater and Brainard Bardwell of El Paso; five sisters, Mrs. R. L. Witt and Mrs. J. H. Withers, both of Sweetwater, Mrs. S. C. Glass of San Angelo, Mrs. Sam Witt of Hico and Mrs. H. E. Baird of San Antonio; two grandchildren and three great-grandchildren.

Floyd D. Collins Services Held

Floyd Dee Collins, 38, died Thursday, April 14 in Callahan County Hospital, after an illness of about a week.

Funeral services were held at 2 p. m. Saturday in Godfrey Chapel with the Rev. Richard Lewis, pastor of the First Baptist Church, officiating. Burial was in Ross Cemetery under direction of Godfrey Funeral Home.

Survivors include two sons, Floyd Dee Jr., and Tommy Allen, both of the home; two daughters, Barbie Wilhena and Renee Elaine, of the home; his parents, Mr. and Mrs. Barb Collins of Baird; two sisters, Mrs. Ola Murphey of Farmington, N. M., and Mrs. Jack Hanson of Brownfield; two brothers, Jake and Denver, both of Baird.

Pallbearers were Joe South, Darrell Harris, Marshall Newcomb, Luther Jernigan, James (Sonny) Taylor, Bryan D. Brown and Garland Rutherford.

Local Residents Mother Dies

Funeral services for Mrs. Stella Miller Lawrence, 91, were held at 10 a. m. Monday in the Walnut Hills Church of Christ at Dallas. Graveside rites were held at 3:30 p. m. in Cedar Hill Cemetery in Abilene.

Mrs. Lawrence, who died Saturday morning in a Dallas hospital, was survived by three sons, C. W. of Baird, A. R. Jr. of Lubbock and J. W. of Longview; two daughters, Mrs. Sarah Morgan of Washington, D. C., and Elizabeth Weaver of Dallas; one sister, Mrs. Mexia Shipp of Vinson, Okla.; 14 grandchildren and 23 great-grandchildren.

Baird Track Students Go To Regional Meet

Discontinuance Of Postal Savings System

Postmaster John Towler announced today that according to Public Law 89-377, the Postmaster General has been directed to close out the Postal Savings System at the close of business April 27, 1966. On and after that date no deposit will be accepted in existing accounts and no new savings accounts shall be opened.

Interest on existing accounts shall cease to accrue on the anniversary dates of the respective certificates accruing in the 12-month period ending April 26, 1967.

Since the Baird Post Office is a depository for postal savings funds, each patron is urged to close out their accounts as soon as possible.

The Postal Savings System was originally established to provide facilities for deposit of savings at interest with the security of the United States Government for repayment. Since banking facilities are available in most all communities, and since also these institutions are insured and are backed by our government, the Postal Savings System has become obsolete and unneeded. The System has given way to more modern methods of savings and to rates of interest more in keeping with the financial needs of our time.

John Towler, Postmaster.

Promoted To Master Sergeant In Air Force

NAHA, Okinawa - Horace C. McFarland has been promoted to master sergeant in the U. S. Air Force.

Sergeant McFarland is an aircraft instrument technician at Naha AB, Okinawa. He is a member of the Pacific Air Forces which provide air offensive and defensive units in Southeast Asia, the Far East and Pacific.

His wife, Maurine, is the daughter of Mrs. Jean E. Evans of Baird.

son is opposed in his bid for re-election by Roy Gilbreath, owner-operator of Baird Lumber Company, and former acting postmaster.

Gilbreath, who has operated the lumber company since 1944, was acting postmaster here some three years and was on the

school board six years, including serving as president in 1962-63.

He is a charter member and past president of the Lions Club and a Chamber of Commerce director.

Richardson, a former deputy sheriff in Callahan County, defeated two opponents in 1962 for the office of county judge. He succeeded J. L. Farmer, who did not seek re-election that year.

He served 42 months with the First Cavalry during World War II, including service in the South Pacific. He worked with various governmental agencies before becoming a Callahan deputy sheriff.

Also appearing on the ballot for the May 7 Democratic Primary will be Glen Swor, Precinct 2 County Commissioner, opposed by Howard Johnson.

There are three contested races for justice of the peace. They are incumbent Garvin Jones opposed by Ray Hass, in Precinct 1; incumbent Marion E. Jolly opposed by Vernon Walker in Precinct 5; and J. M. McMullen, Edgar Beard and W. M. Stansbury, all seeking the Precinct 6 office.

Those appearing on the ballot who are unopposed for re-election are Beatrice Deal, county-district clerk; Hazel Raynolds, treasurer; L. C. Cash, county school superintendent; and Duke Mitchell, Precinct 4 Commissioner.

County Receives Showers Sunday

Callahan County received some much needed moisture in the form of scattered showers Sunday afternoon.

Only hail reported in the county was at Union Community, which received 1.4 inches of rain with light hail.

Heaviest rainfall was at Cross Plains with 1.70 inches being reported. Other areas reporting moisture were the Atwell community, 1.50; Putnam, 1.60 and Baird received a trace.

Recreation Center Has 132 Members

With 18 names being added to the growing list of members for the Shady Oaks Recreation Center this past week, the proposed recreational facilities for the Baird-Clyde area will soon become a reality.

Total membership as reported Wednesday by James Eubanks now stands at 132. "With only a few more members, we will be able to apply for a loan to begin construction," stated Jimmy Godfrey, steering committee member of the center.

Ed Cotton, also a steering committee member, said \$10,000 could be added to the loan for every 13 members gained by the center. Also, Mr. Cotton stated that from now through April 30, the initial entry fee would stay at the original \$25. Beginning May 1, however, the fee would probably be raised to \$100. Monthly dues are \$7.50 per family.

Members added this past week are:

Lon E. Dunn, Clyde Claude Holley, Baird Jimmie Dennis, Clyde Beatrice Deal, Baird T. B. Scott, Clyde Blanton Freeland, Baird Eddie Craig, Clyde Floyd M. Spurgers, Clyde J. B. Paylor, Clyde George W. Outdoors In Texas

By VERN SANFORD

Wise weathermen read the weather report regularly.

They know that sudden weather changes have a great influence on our outdoor creatures. And they put these to their advantage.

A sudden drop in the barometer, for instance, often prods fish into hitting.

Some of my most memorable fishing has occurred just before a front hits. Usually, fishing is also good just afterwards, when conditions are settling back to normal and the barometer starts to rise again.

Getting in on the fast action often calls for timing things just right. There is a flurry of activity before the front hits. But once it hits you may as well stop fishing.

However the situation will change within a day or two after the front has passed on.

A striking example of this came during Texas eliminations for the World Series of Fishing, held on Granite Shoals Lake (now Lake LBJ) in 1963.

On Friday and Saturday the contestants had fairly good fishing, but on Saturday night a cold front moved in and fishing was all but dead on Sunday.

Many outdoorsmen realize this about fishing. What they fail to understand is that it often works equally well with wildlife.

I remember the opening of deer season a few years back. It was a warm, still day. But, despite the high temperatures, deer were up and about all day. Even toward mid-afternoon, when the temperature was pushing the high 80's, many deer were feeding out in the open.

Next day a severe norther hit.

LIBRARY WEEK IN TEXAS, April 17-23, was proclaimed by Governor John Connally at the statewide Library Conference recently, when he upheld the Conference theme, "Library Excellence: Today's Necessity," as the epitome of the goal and need for Texas libraries. He pointed to plans for 150 Post-Conference meetings to discuss local library problems as evidence of the determination of Texans to study and meet the needs of their libraries. Present for the proclamation signing were Heartsill Young, president, Texas Library Association, Austin; Dorman H. Winfrey, Director, Texas State Library, Austin; Miss Elizabeth Karle, State Library field consultant headquartered in Abilene who is executive director of Library Week; and J. Bryan Bradbury, Abilene, state chairman.

Deer kill was nowhere as good as it was opening day. But a few days later, when things started warming up again, the deer came out en masse as they had just before the front hit.

Our wild creatures, both fish and fowl, have some sort of built-in weather predicting device. They know when nasty weather is coming and they get ready for it. If it looks like a severe front that will drop the temperatures or perhaps bring heavy rains, they'll start feeding to store up for the lean days ahead.

Once on a fishing trip on the Llano River, I noticed hundreds of wasp nests scattered along a rocky overhang on a bluff. Black and red insects were swarming everywhere. Next morning, when I walked down to the river, I noticed the wasps were inactive. They were bunched on the nests. Not a single one was flying about.

At the time I wondered if maybe this meant the weather was to change.

Sure enough, late that evening a front moved in, bringing severe thundershowers. These wasps knew the change was coming. And they were ready for it.

A few years back, on a warm October morning, I went squirrel hunting. On the way out I heard on my car radio that a front was moving in. It was not a bad front, but it was enough to drop the temperature somewhat and bring light rain.

By the time I reached the woods, there was a lead-gray overcast from horizon to horizon and a light mist was falling. But instead of driving the squirrels into hiding, it has just the opposite effect. They were everywhere in the treetops. I've never had better squirrel hunting, any time, anywhere.

My deer hunting friends who make regular annual trips into Colorado tell me that one of the best times to hunt mule deer is just before a cold front moves in, triggering snowfall. Cold weather prompts the annual migration into the lower country. Hence, the deer are on the move and consequently more vulnerable to hunters.

Then there was the time on the famous YO Ranch near Kerrville when a sudden front had dropped temperatures and brought rain. It wasn't a sev-

ere storm. Just enough to plummet the temperature into the lower 40's and really start the deer moving.

As we drove through the pasture that day we counted numerous bucks. Yet on the previous day we'd driven the same route and spotted very few.

Weather change influence animals in different ways, depending mostly on whether it is a severe, moderate and mild front.

A severe front might prompt active feeding before it hits. But poor hunting results after it arrives. Then animal activity picks up again as the temperature starts to warm.

A moderate front might keep wildlife more active for a longer time in the day. Normally, deer are up early in the day, bed down during midday, then come out again in late evening. A moderate front may keep the deer moving all day, even after it has arrived.

A mild front may only serve to keep the animals up for perhaps an hour longer in the morning, then bring them out again an hour early in the afternoon.

But despite what it may do, weather can be the outdoorsman's best friend or worst enemy, depending on what he does with it. By observing weather changes and watching what changes they bring in the outdoors scheme, you can use such future changes to your advantage.

Rain is bemoaned by most fishermen. But not by those dedicated to the sport. They know that it may bring some discomfort, but often the very best fishing is to be had during a rain storm.

Skilled outdoorsmen learned long ago that they must cater to the whims of fish and wildlife... not vice-versa.

Chairmen Named For Burleson Campaign

Maurice Brooks and Morgan Jones Jr., of Abilene, have been named district campaign co-chairmen in Congressman Omar Burleson's re-election bid as Representative of the 17th Congressional District, subject to the Democratic Primary Election May 7.

Brooks is a well known Abilene attorney and is senior member of the law firm of Brooks, Jones and Gordon. He has been active in the Democratic party for a number of years.

Jones is president of the Abilene School Board and has served with distinction in several posts of civic and state responsibility.

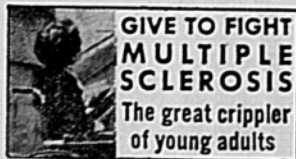

Brooks and Jones were on hand for the opening Friday of Abilene's campaign headquarters. They plan to be present in Big Spring for another headquarters opening Thursday. Anson and Brownwood offices have already been officially opened.

Finishes 7-Month Deployment

USS VALLEY FORGE — Seaman Apprentice Thomas C. Robbins, USN, son of Mr. and Mrs. Virgil L. Robbins of Baird, has returned to Long Beach, Calif., after a seven-month deployment in the Vietnam combat zone with the Seventh Fleet aboard the amphibious assault carrier USS Valley Forge.

During its deployment, Valley Forge participated in six major combat operations in Vietnam. She functioned as a hospital ship, conducted vertical envelopment operations and acted as a refueling and resupply station for helicopters of all branches of the service.

Vertical envelopment is a maneuver conducted by launching helicopters carrying combat ready Marines during amphibious warfare and dropping them behind coastal defenses.

OPLIN OBSERVATIONS

Daphene Floyd

A few weeks back I reported that Mr. and Mrs. M. C. Miller would be moving to Stamford in the near future. Oplin friends could not stand the thought of the Millers leaving Oplin without something to remember us by, so the ladies hatched up the idea of making a friendship quilt to take with them. Now this quilt turned out to be a thing of beauty for there were 48 blocks in the quilt and every block had the name of a friend embroidered on it. Last Thursday was set to meet and quilt the quilt. We had a wonderful day for there were 22 ladies at the quilting. Of course, a few were former residents of Oplin and maybe one or two counted as visitors. The table at noon, looked just like it used to look at Grandma's. Ladies who registered were Mmes. Laura Johnson of Novice, A. O. Clare, M. C. Miller, Albert Betcher Jr., Rose Kerkindoll of Lawn, Bessie O'Shields of Lawn, Jim McIntyre of Clyde, Tom Windham Jr., Lela Reed of Lawn, Mallie Johnson, Stella Yost, Amelia Poindexter of Novice, L. E. Turner of Baird, John Jordan, Ray Floyd, B. G. Poindexter, Pete Downing of Potosi, Irvin Welch of Potosi, Edith Harrison of Eula, Etta Poindexter of Lawn, Mattie Monroe of Lawn and Freida Straley.

Mrs. Marie Windham underwent open heart surgery at Denver, Colo., last Thursday. Relatives reported over the week end that she stood the operation and was doing as well as could be expected. If everything continues to go satisfactorily, she is expected to remain in Colorado some two or three weeks.

Mr. and Mrs. Ray Floyd had his brother and wife, Mr. and Mrs. Ed Lee Floyd, a sister, Mrs. Ruth Rogers, all of Abilene and a sister-in-law, Mrs. Lillie Floyd of Pecos visiting in their home a while Saturday night.

Donations to Oplin Cemetery Fence Fund: Mrs. John Jordan, \$5; Mrs. Lela Davis, \$5.

Clarice Poindexter was on the sick list over the weekend and even missed a few days from work the first of the week.

Rain is always good news, so I saved it until last. Oplin and vicinity did receive a little rain Sunday afternoon. Most everyone reported a half-inch, but the Tom Windhams received an inch and Tommie Johnson received 1.3 inches.

Monday, after a week's fishing on the Rio Grande near Eagle Pass.

Mr. and Mrs. Dwight Black are tearing down their old house and plan to build a new one.

Mr. and Mrs. Roy Nell Tatom visited in Cisco Friday.

Mr. and Mrs. Edgar Sessions and children of Baird visited Mr. and Mrs. Dayton Sessions Saturday night.

Mrs. Upton Wrinkle visited Mrs. Dale Gary in Cross Plains Friday afternoon and they attended the musical at Cottonwood Friday night.

Mrs. Oran Bains and Dana of Cross Plains visited Mr. and Mrs. Roy Tatom Sunday afternoon.

PAT MCGOUGH

Pat McGough Makes Statement

Pat McGough, 47 year old stock-farmer and US Navy veteran of Cisco, has issued the following statement in behalf of his bid for State Representative of the 63rd District, McGough was born in Palo Prito County and has lived in Shackelford County. He and his family now live on a stockfarm near Cisco. Mr. and Mrs. McGough are members of the Farm Bureau.

In making his bid for the 63rd House Seat, McGough said, "The office of State Representative is very important to the people of this district. My age, experience and knowledge of the problems of the people of this district qualify me for this important job. I know what it takes to make a home for my family and I am not afraid of hard work. We need people in Public Office who are willing to do a day's work for a day's pay."

McGough continued, "If the good people of the 63rd District vote to send me to Austin, I will return their kindness with hard work and loyal devotion to the important duties of State Representative. It has been a pleasure to campaign throughout the five counties of this district and make new friends, as well as renew friendship with old friends. I am greatly encouraged by the warm recep-

THD Adds Zip To Driver Convenience

AUSTIN — The Texas Highway Department added considerable zip today in its continuing program of driver convenience. The Department disclosed an initial plan to build rest rooms and unmanned information centers in safety rest areas throughout the State.

The initial plan involves nine rest areas which have been approved by the U. S. Bureau of Public Roads. Eight of the rest areas are in preliminary planning stages while one is to be let to contract.

When work is complete on the rest areas, they will be the first in Texas to be equipped with comfort stations and information centers.

The information centers will contain a large bulletin board to provide state-wide and local travel information and dispense maps and other materials. The centers are designed to promote travel and tourism in Texas.

All of the rest areas involved in the plan are located on Interstate Highways. Eventually, virtually all rest areas on Interstate routes will be equipped with comfort stations and information centers.

The work on the nine rest areas in the initial plan will be financed by federal funds under the Highway Beautification Act.

"The Savings Bond Program has helped millions of Americans obtain financial security,"

says this prominent banker.

"Since its introduction in 1941, the Savings Bonds Program has aided millions of Americans in obtaining financial security and has provided the Federal Government with an effective method of financing a substantial portion of the public debt."

"Savings Bonds are no longer thought of merely as a means of supporting our nation's defense efforts, as they were in 1941. Today, they are recognized as sound investments, with many desirable characteristics for the most sophisticated saver as well as for the beginner trying to cultivate the savings habit."

"The American Bankers Association is singularly proud to be a part of this worthwhile program."

STATE CAPITAL
Highlights
AND Sidelights
by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN — Texas school teachers are planning a big push for another pay raise.

This time it will be for a \$500 a year increase with a built-in adjustment to keep their salary level equal to the national average.

They will try to sell the 1967 Legislature on this plan -- on the heels of a \$100,000,000 raise voted them in 1965.

Legislative candidates already have been polled by the Texas State Teachers Association. More than half of the 415 candidates responded to the TSTA questionnaire on salary increases, retirement benefits and a statewide sick leave program. Of the 212 who responded, three fourths reported favorably the salary plan which would move the teachers to the national average next year and set up machinery "to keep them there automatically without a biennial bloodletting legislative fight." Support was said to be almost identical for retirement and sick leave propositions.

TSTA's salary proposal calls for adjusting the base pay at the beginning of each biennium to insure that it remains at the nationwide average. This likely will mean increases in teacher pay every two years since the "average" will automatically rise with each Texas hike in pay.

Minimum salary for beginning teachers today, in Texas, is \$4,104. Average is \$5,950. Texas now ranks 29th in the nation in teacher pay . . . or four states below the average.

Gov. Connally reminds that a blue ribbon study committee is set at work on a long-range survey of school needs. He also points to possible need for overhauling of school finance formulas.

Connally is a firm believer in local districts financing a greater share of the cost of education. He remains uncommitted to any specific program, and cautiously observes that he must consider overall state needs in making recommendations that would necessarily require new taxes.

A 3c per pack increase in cigarette taxes took care of last year's teacher pay raise.

THAT'S ALL FOR NOW — There will be no more free-voter registration periods for Texans this year.

A three-judge federal court in Austin refused a U. S. Justice Department request to reopen registration during April 8-19 and August 22-October 8. Decision was made final, as was the February 9 order declaring the poll tax an unconstitutional voting requirement for future elections.

Acknowledging that the March 3-17 free sign-up for 1966 elections, as provided by the new state registration law enacted last February, was "extremely short," the court nevertheless found it "afforded reasonable opportunities to register."

"The United States," proclaimed the judges, "has not demonstrated that this court should undertake to substitute its judgment for . . . legislative action."

More than 2,900,000 Texas adults now are registered to vote in the 1966 elections. This includes the 635,000 signed up during the March period. About 2,000,000 adults have not qualified as voters.

As for the registration itself, Asst. U. S. Atty. Gen. Stephen Pollak said the FBI found no evidence of racial discrimination during the 15-day period for free registration, and county tax collectors, who served as registrars, did a good job in the brief time allowed them.

Texas Attorney General Waggoner Carr, maintained that if the request for two additional registration periods had been granted, the next move would have been to require more than one day for elections.

COURTS SPEAK — On May 11 the Court of Criminal Appeals will hear the motion for a new trial for Jack Ruby, who was convicted of murdering presidential assassin Lee Harvey Oswald.

Ruby's attorneys are seeking to disqualify District Judge Joe

Brown of Dallas on grounds he **MORE** — **MORE** . . . agreed to write a book about the celebrated trial in which Ruby was given the death penalty.

State Supreme Courts says the Seventh Court of Civil Appeals must decide if \$3,250 damages against an Amarillo loan company is excessive. In the case in question the firm recovered money from a divorcee after a loan to her and her ex-husband already had been settled. High court found evidence to support the trial-jury finding of malice on the part of the company.

APPOINTMENTS — Wales Madden, Amarillo attorney, is the new member of the Governor's Committee on Public School Education. He succeeds the late Kermit Kyche of Alvin. Committee is making a three-year study of school needs.

Connally also picked Dr. Sterling H. Pruitt Sr. of Fort Worth for the State Board of Chiropractic Examiners. He reappointed Dr. Harvey H. Kennedy of Longview and Dr. Walter H. Fisher of Temple to the same board.

Governor chose William H. Gardner, Austin newsman, to serve as the citizen member on the Committee for Restoration of the Flag of Santa Anna.

Named to the Texas Surplus Property Agency were Ed Riedel, Jess M. Irwin Jr and C. O. Layne all of Austin; the Rev. Edward Maher Jr. of Dallas; Bill Bitner of Centerville; C. R. Robertson of Odessa; Carl Parker of Sherman; Garland Ferguson of Union Grove; and Grady Hester of Terrell. This agency administers the transfer of federal surplus property to state agencies. Riedel has served as chairman for several years. Layne, Bitner and Robertson also have previous service.

House Speaker Ben Barnes announced these appointments: Sen. Jack Hightower of Vernon and Rep. Delwin Jones of Lubbock as members of the Committee on Agriculture for the Southern Regional Conference of the Council of State Governments; Rep. Ralph Wayne of Plainview to the Committee on Economic Development for the Southern Regional Conference.

Lt. Gov. Preston Smith appointed Sen. Andy Rogers of Childress to the Senate's standing committee on Interstate Cooperation.

SURFACE PITS HALTED — Texas Railroad Commission has ordered the use of salt water surface pits for storage of oil field brines in Young County and part of Archer County to be stopped by September 1.

Included in its order is part of Archer County which comprises the Salt Creek Watershed.

ATTY. GEN. SPEAKS — Gov. Connally's Committee on Aging may contract with religious institutions for performance of certain services under the state law implementing the federal Older Americans Act of 1965, says Atty. Gen. Waggoner Carr. In other recent opinions, Carr concluded:

Names of Texans who registered to vote free last month can be placed in jury service this year.

New Code of Criminal Procedure would not prevent prosecution for failure to appear in a traffic violation.

Responsibility for operation costs of Harris County Convalescent Ward now rests with Harris County Hospital District.

A new owner of a barber college or school cannot be required to bring the school up to minimum standards. He needs only to notify the State of the transfer. But the license or permit of the school may be revoked or suspended if the school violates the requirements of another section of the law.

A barber school or college changing to a new location must obtain the approval of the State Board of Barber Examiners on the building and the equipment located in that building.

A defendant who enters a plea of no contest and is declared guilty and fined, but doesn't receive a jail sentence and pays

his fine and court costs, still is on probation until the probation is revoked. It is necessary for the court to revoke probation before a final judgment of guilty can be entered.

Where a search warrant is issued for a stolen object and a different stolen object not specifically named in the warrant is discovered, it may legally be seized, made the basis for a theft charge and introduced as evidence.

DRAFT STUDY EXPANDED — State Board of Education has ordered expansion of its study of why so many young Texans are rejected by the draft boards for medical reasons.

Study will be pushed by 28 workers in the nine offices over the State.

Board in recent meeting here also authorized changes in vocational rehabilitation plans, increased available school fund aid from \$80.65 per student to \$83, and approved federally-financed coordination of migrant school programs in several states.

Special training programs for migrant school teachers will be operated at Texas A&I College in Kingsville and Pan American College in Edinburg.

COLLEGE PROGRAMS DEFENDED — Texas Southern University and East Texas State University urged the Coordinating Board of the State College and University System to let them retain their law school and doctor of philosophy programs.

No other schools appeared for the hearing on the board's plan to concentrate Phd programs in six institutions.

On April 18 the Board will reach a decision on the role and scope of 22 state-supported colleges and universities.

SADLER CLEARS PARK STAND — Land Commissioner Jerry Sadler denied allegations by U. S. Secretary of Interior Stewart Udall that he opposes creation of Guadalupe Mountain National Park.

Sadler said he favors the park but insists Texas must be able to retain mineral interest owned in some 45,000 acres. Added the commissioner: "I see no reason why the Department of Interior is unable to accept the fact that we could have a park and still permit Texas to retain her mineral rights for the benefit of the people of Texas."

SCREWWORMS THREATEN AGAIN — Recent discovery of several cases of screwworms in Tamaulipas and an area 30 miles south of Eagle Pass pose a threat to the Texas border regions from El Paso to Laredo.

"There were hot spots at Carizo Springs and Uvalde last year," Dr. Ben Vale told members of the state Animal Health Commission, "and we are concerned with two more cases reported in Texas."

Dr. Vale said 23 cases were reported in January, one in February and two in March. The

last two were in the Hidalgo area.

Sterile flies are now being flown "40 to 50 miles beyond Tamaulipas," Dr. Vale said. He added that the program had difficulty recently in producing enough sterile flies to use up the single mating period of native female flies. 19 planes were used in the program.

"Until we develop a Mexican strain -- a larger fly -- we won't get the job done," he said.

Hospitals Preparing For Medicare

Throughout the country hospitals are preparing for a new era which begins on July 1 - Medicare.

These same hospitals today are gearing-up for the annual observance of National Hospital Week, May 8-14. In planning for National Hospital Week the American Hospital Association selected the theme "Alliance for Health," with emphasis on Medicare and the important role for the community hospital in the new program of health care for the aged.

Edwin L. Crosby, M. D., director of the American Hospital Association said, "The hospital's role in the implementation of this new program is a major one. The nation's hospitals face new challenges and new responsibilities. Medicare simply finances this health care for the aged -- hospitals must provide the care."

National Hospital Week is the special time in the year for a community to observe its hospital in action. "Many hands and many skills are required for quality health care," Dr. Crosby said. "We hope that each community takes full advantage of the National Hospital Week program and familiarizes itself with the many complex operations of the modern hospital."

"Senior Amigo" Son of Gold Dust Hits Trail From Putnam Community

"SENIOR AMIGO" GOES TO COLOMBIA

Rider of the latest "son of Gold Dust," named Senior Amigo is Hall Green, son of Mrs. I. G. Mobley of Putnam.

Gold Dust is a little sick horse, a creation of Roddy Reynolds and his father, R. W. Reynolds of Putnam, that gained international fame by "hitching riders" all over the world, cast in the role of a Pony Express mount out to celebrate the 100th anniversary of the famed Pony Express.

Other ponies sent out by Roddy have been successful emissaries of goodwill and have attracted attention at many places over the world.

Hall was so impressed after seeing the picture of Gold Dust III and a story about his travels on the front page of the Fairbanks Daily News-Miner when he was working for the U. S. Department of Commerce Geodetic Survey in Alaska three years ago, that he requested a "mount" to ride in his new assignment in South America.

Through the cooperation of Roddy's family and some of the neighbors (and some quick drying paint) the pony was completed and fitted for the "trail."

So Hall "rode" out of Putnam last Wednesday morning headed for Bogota, Colombia, where he will be leading a crew of natives for an oil exploration firm for the next two years. He was enthusiastic about the future of "Senior Amigo" as he rides out to make friends, equipped with a log book, a brief history of the pony's illustrious forebears and wearing this notice:

"My name is Senior Amigo, a son of Gold Dust (Read Log Book). I am dedicated to keeping alive the principles of greatness supported by great men like Simon Bolivar and Abraham Lincoln: "Freedom, Equality and Friendship." My motto is: "Todos Los Amigos." I want to visit all over the Americas making friends. Take me with you and pass on to another. Send word to my master, Roddy Reynolds, Box 1058, Putnam, Texas, U.S.A."

SCHOOL NEWS . . .

Third & Fourth Grades
Carolyn Culwell is happy that her grandmother Culwell is home from Carswell AFB Hospital, and able to walk with a crutch.

Sheri Price spent Saturday night with her grandmother in

Baird, and saw the movie "That Darn Cat."

Tana Price spent Saturday night with her uncle and aunt at Lake Brownwood.

Debora Meador went to the farm Sunday, and found a very old horseshoe.

Zole Lynn Wagley's cousin, who is in the service, visited him recently.

Evelyn Wagley's aunt and uncle, who are moving to Dallas, visited her Saturday, and took their little boy, who has been visiting Evelyn and her family.

Cindy Feely is proud of a new cat she found Sunday.

David Isenhower and Larry Chapman were members of a grass judging team which went to Stephenville to a contest Saturday. They did very well, but couldn't compete, since they were the only ones in that class.

Larry Chapman and Tim Ferguson from our class, attended the Easter Sunrise service at the Kendrick farm.

Scott, Becky and Kem Miller of Eastland spent the weekend with Tim Ferguson and family.

First & Second Grades

We are busy in Science Unit now. One group is working on seasons of the year - another group is working on a unit of simple machines.

We are having number races. Boys and girls are racing each other. This is great fun.

Trenda Culwell told our class about her grandmother Culwell. She came home during the week end. We are happy that she is getting better. We love her very much.

Donald Isenhower had Darrell Jobe as guest during the weekend. Also his cousins, the Greens of Abilene.

John Ferguson visited a class in Cisco Friday while his mother went to Small Schools meeting in Carlton.

Betty and Raymond Threet have their grandmother Larkin with them for a visit.

Brenda Chapman went with her family to Tarleton College Saturday. Her mother showed her where she attended school. They also visited Gay Isenhower.

We enjoyed seeing many pictures of Lisa and her family. They are having new experiences in Germany. She is really giving us something nice for our scrapbook.

Mr. and Mrs. Olin Rickett, Mary and Ann Sunderman of

Waco, were Sunday guests of Mr. and Mrs. E. E. Sunderman. Spending Sunday with Mr. and Mrs. R. B. "Measure-the-Candidate" Meeting For Eligible Voters Friday April 22

Hadden Payne of Cross Plains, President of the Callahan County Farm Bureau, this week reminded eligible voters that they are invited to attend a "Measure-the-Candidate" meeting on Friday, April 22, in the High School Auditorium in Baird.

The meeting, which begins at 7:30 p. m., is sponsored by the Callahan County Farm Bureau, for the purpose of giving voters an opportunity to learn more about all candidates before election time, Payne said. The farm leader emphasized that Farm Bureau does not endorse any candidate for any political office.

Candidates for State Representative of the 63rd District have been invited to state their

a closing statement. Candidates for County Judge, incumbent Byron Richardson, and Roy Gilbreath will be present. Other county candidates will be introduced to the audience.

UNION USUALS AND UNUSUALS

Veda Yarbrough

Hi neighbor! We are all smiles this beautiful Monday morning. We got one inch and four-tenths of rain Sunday afternoon. Everything looks a lot better since the rain washed the dirt off. Hope we get a lot more. We only had a little hail.

Mark and Ollie Burnam spent the weekend in Copperas Cove with Bill, Retha and Neven Brown.

Linda Hughes spent a few days last week in Baird visiting her grandmother, Mrs. John Hughes. Linda is visiting a while with grandparents, Burette and Johnny May Ramsey.

The Ramseys are supposed to start remodeling their living and dining room today.

Fay and Emmett Wood of Cisco had dinner with me Sunday. Last Sunday, when Cisco got the big hail, their home was damaged, and so was their rent house. They said there were over 1,000 homes damaged from hail in Cisco.

We are very sorry to hear that Mrs. Laura Jobe is so sick in the hospital at Baird. Hope she gets better soon.

Ruth Mobley entered Callahan County Hospital Saturday for some tests. She is doing pretty good and will be back home in a few days.

Don't know very much to write about but maybe will have more news next week, so be good.

Department of Public Safety Offering Career Employment

MIDLAND — "Career employment with the Texas Department of Public Safety is currently being offered young men between the ages of 21 and 35 years in the uniformed services of Patrolmen," announced Major Leo E. Gossett, Commander of the 49 county West Texas Region.

"More than 100 of these positions of trust and public service will soon be open to qualified men," Gossett said. "They include opportunities for advanced education, excellent physical conditioning and a permanent career of serving mankind."

Upon graduation from the 16-week training program at the modern DPS Law Enforcement Academy in Austin, the trainee will be commissioned a Patrolman in the uniform services.

At the Academy, he will receive a salary while in training. He will be taught Texas Highway and Criminal Law, accident investigation, first aid, professional driving, care and use of firearms, and many other interesting courses.

Job benefits afforded Patrolmen include: two weeks annual vacation, 12 or more holidays per year; 12 days of sick leave per year, liberal retirement benefits based on age and years of service, and travel expense.

DPS Patrolmen are furnished all uniforms and equipment necessary for performance of their duties.

Interested men are urged to get their applications in early. June 6 is the application deadline for the examination to be administered on June 11th for a Recruit School beginning August 9th.

Applications and additional information can be obtained by contacting any DPS Patrolman or office, by writing to Personnel and Training, Texas Department of Public Safety, Box 4087, NAS, Austin, Texas 78751.

Mental Health Week Dinner, May 7
