FIFTY-SECOND YEAR

BAIRD, CALLAHAN COUNTY, TEXAS, FRIDAY, JUNE 16, 1939

NUMBER TWENTY-SEVEN

Work Progressing Steadily On Hospital Building

Work is progressing steadily on the Callahan County \$55,000 hospital now under construction.

The walls, cement floor is complete and the roof is being put in under the direction of Olin Jones this week. It is expected that the new institution will be ready for occupancy by the early part of September.

COMMISSIONERS' COURT APPOINTS BOARD OF DIRECTORS

At a meeting of the County Commissioners Court held Wednesday, a board of six directors were selected. Three members of the board to serve one year and three to serve two years. This was determined by drawing the names of the directors named. The personell of the Board and number of years service is as follows:

Roy Kindrick, Denton, 1 year.
O. D. Strahan, Cottonwood, 1 year.

I. G. Mobley, Putnam, 1 year.

Earl Hays, Clyde, 2 years.

L. L. Blackburn, Baird, 2 years.

Ace Hickman, Baird, 2 years.

Judge L. B. Lewis, County

Judge of Callahan County, will serve as chairman of the board of directors.

Albany Presents 2nd Annual Ft. Griffin Fandangle Tonight

Albany Chamber of Commerce will present the second Annual Fort Griffin Fandangle and Cavalcade of West Texas at the Albany High School Stadium tonight.

The show which is one of the most colorful, was written and directed by Robert Nail eminent playwright, a native of Shackelford County and depicts in song and story and dance this rise of West Texas from the wild and woolly days of the famous old fort to the modern industrial empire that is now West Texas.

The Star is indebted to Miss Ollie Clark manager of Albany Chamber of Commerce for complimentary tickets to the show.

Methodist Church

HAMILTON WRIGHT, Pastor

The pulpit Sunday morning will be supplied by a visiting minister. The pastor will be away on a few days' vacation, Sunday School at 10 a. m. Leagues at 7: 15 p. m.

Hearing On Sewer Suit Due Monday

A suit for \$44,000 asked by the city of Baird against the Baird Sewer company, for alleged failure to file an annual report showing investments, improvements and other information as required by statute will come up for hearing before Judge Milburn Long in 42nd district court Monday morning.

A companion case against the West Texas Utilities company for a similar amount may be continued until next term of court.

58 Register For Old Age Assistance

Miss Gertrude Doughty, Old Age Assistance Administrator, informs us that up to noon Wednesday, 58 persons had registered as applicants for old age assistance under the new bill liberalizing the old age assistance went in to effect.

Three Hundred and Thirty residents of Callahan County drew old age assistance for May, Miss Doughty said.

Miss Doughty will be absent from her office for two weeks June 19 to July 3. All interested are registered to keep this in mind.

Joe Estes Died In New Mexico

Joe Estes, youngest son of the late Mr. and Mrs. C. Estes, pioneer residents of Callahan Co. died at his home in Tucumcari, New Mexico, Monday morning following an illness of several days with heart ailment.

Joe Estes was born and reared in Callahan county moving to Tucumcari twenty-three years ago. He was a World War Veteran and saw active service in France.

He was a prominent member of the Lee Rhoads Post American Legion of Tucumcari.

Mr. Estes is survived by his wife, Goldie Frances Estes one son J. R. Estes and one daughter Geraldine, also three sisters, Mrs. P. C. Caylor, Mrs. Lura Caylor of Fort Worth and Mrs. J. G. Bowman of Oklahoma City.

Funeral services were held Tuesday afternoon at 3 o'clock at Dunn's Funeral Chapel in Tucumcari with Rev. O. L. Dennis conducting the services. Interment was made in Sunnyside cemetery with the American Legion Post in charge of the graveside services.

Mrs. Lee Estes in company with Mrs. Will Estes and sons, Robert and J. C. Estes of Tyler attended the funeral.

NO PREACHING AT MIDWAY SUNDAY

Due to absence from Baird Rev. Hamilton Wright will not preach at 3 o'clock Sunday afternoon at Midway. Attendants in that community will be governed accordingly.

James C. Asbury and Percy D. King are attending the State Firemen and State Fire Marshalls Association Convention in Harlingen this week as delegates from the Baird Volunteer Fire Department.

Editors Elect and Look Ahead to Texas of Tomorrow

GET YOUR COLD MILK at the Price Ice Company.

Marriage Announced

Mr. and Mrs. Homer Simons of Abilene, announce the marriage of their daughter, Ruth Ann to Mr. John Wesley Bowls on Saturday evening, November the twenty-first, nineteen hundred and thirty-six at eight o'clock at Clyde, Texas, at the home of Dr. and Mrs. T. J. Griswold with Dr. Griswold performing the ceremony.

Mr. and Mrs. Bowls are among Baird's most popular young people. Both are graduates of Baird High School. Mr. Bowls is the youngest son of Mr. and Mrs. W. G. Bowls, pioneer residents of Baird where he associated with his father in the lumber business.

FUTURE HOME MAKERS VISIT ABILENE

The Baird Future Home Makers Chapter spent Wednesday in a Field Trip to Abilene where they made tours of the Banner Ice Cream Plant, Coca Cola Bottling Works, Mead's Bakery and the Abatoir. The girls, chaperoned by Miss Helen Willard, and Mrs. Perry Hughes, left early Wednesday morning and returned that afternoon. Thirty-eight students made the trip.

The candlewick bed spread which the chapter made as a group project will be sold. Money made from the sale of this spread will go into a fund to purchase furniture covers for the laboratory.

Bill West, prominent oil man of Putnam was in Baird Wednesday Mr. West reports the oil activities in that section to be increasing and he is optimistic as to more extensive development in that area in the near future.

Eberts Boarding House-Now Modern Apartments

The H. N. Ebert Boarding House considered one of the towns best best rooming houses in Baird for the past twenty years, has been remodeled into eight light-house-keeping apartments.

The apartments are divided into two-room, three-room, and four-room suites, each apartment complete with kitchen, living-room, bed-room, and private bath. In the two-room suites, the bed-room and living-room is combined.

The Eberts have spared no expenses in equipping the rooms modernly as well as conveniently. Seven small electroluxes, and one large one, one frigidare, new table top ranges, and studio couches have been purchased, as well as many other pieces of furniture.

Among those to rent the new apartments are: Mr. and Mrs. J. D. Stroud, Mr. and Mrs. W. B. Atchison, Mr. and Mrs. Bill Banks, Mr. and Mrs. Charlie West, Miss Clara Brown, Mr. and Mrs. Temple Brashear, and Mr. and Mrs. Donald Melton.

Pete Neubauer who has been visiting relatives and old friends here for several weeks left a few days ago for his home in Freeport, Illinois. Pete who has had a fancy for good horses since his boyhood days in Baird purchased two good saddle horses while here and took them in a trailer with him to his Illinois home. The trailer which he had made here carried many brands of Callahan County Ranchmen, the brands being burned on the trailer.

Miss Josephine Hamlett is visiting friends in Dangerfield.

Alex Frambo Case Transferred To Taylor County

The case of Alex Frambo, 53, under indictment on a charge of murdering Dave Wagley, ranchman of Stephens county last November 16, was called Monday morning in the 42nd district court and the entire day was taken up on the selection of a jury, about 80 of the special venire of 120 men being quizzed before the jury panel was completed. The taking of testimony of witnesses was to begin Tuesday morning when ninety witnesses were summoned to appear, but the serious illness of J. W. Cooper said to be the only eye witness of the shooting delayed the case. Court recessed until Tuesday afternoon, when Judge Long called in the jury and stated inability to go ahead with the trial because of the illness of Mr. Cooper, who suffered an attack of appendicitis after returning home from Baird Monday where he had attended the trial and been sworn as a witness.

Witnesses were informed of the continuance and transfer to Taylor county. The case will be heard at the next term of 42nd district court in Abilene, the date set being September 18.

Frambo was tried at Breckenridge last November, the jury disagreed and the case transferred here.

A large crowd was present Monday and would have been through out the trial had it been continued.

Boatwright's Return To Home In Rio Grande Valley

Mr. and Mrs. W. K. Boatwright who have been visiting their son Homer Boatwright and family for the past month, left Friday for their home at Mission. They were accompanied home by their granddaughter Miss Viola Boatwright, who will spend several weeks with them, also Miss Bernice McCombs of Mission who accompanied Mr. and Mrs. Boatwright here and went on to Oklahoma to visit relatives.

On Thursday night before leaving for home Mr. and Mrs. Boatwright were guests of Dr. and Mrs. V. E. Hill where a number of old friends gathered to visit with them and to hear Mr. Boatwright play old time tunes on his treasured fiddle, which he has played for many years.

Baptist Meeting Now In Progress

The meeting at the Baptist Church continues and crowds and interest have been encouraging.

The singing under direction of Rev. Woodie W. Smith of Fort Worth is bringing many favorable comments from the people in attendance.

Some sermons of the weeks-past were: "The Seal on the Soul"; "Behold-I Make All Things New Rev. 21:5"; "God's Ultimatum To The Sinner"; "Hell And An Easy Way To Go There"; Friday night (to-night) the sermon will be "Flowers From Satans Flower Garden—Or A Sigh-Eeing Trip Thru Hell"; Saturday night: "Seven Bible Reasons Why Jesus Had To Die"; Sunday morning: "Heaven And A Sure Way To Go There"; Sunday night: "The Salvation Of The Human Soul."

The meeting continues all next week—Preaching by the Pastor, A. A. Davis. Everyone invited to all the services.

Episcopal Services

Rev. Willis P. Gerhart of Abilene will hold evening prayer service and preach at the Episcopal Chapel of the Lords Prayer Sunday afternoon at 3:30 o'clock. All cordially invited to attend.

James Newton Jackson of New York is visiting home folks for a few days.

Cottonwood Youth Picked In Student Who's Who In U. S.

Announcement has been received from the publication "Who's Who in American Colleges and Universities" that Durward B. Varner, son of Mr. and Mrs. H. S. Varner, of Cottonwood, and graduate of Cross Plains High School has been acclaimed one of the most outstanding college students in the United States.

Young Varner has completed his third year at Texas A & M College. The 1939 edition of the "Students Who's Who" will say the following of the Cottonwood youth.

"Varner, Durard Belmont, born January first, 1917, Cottonwood, distinguished student, received Danforth scholarship and most out-standing freshman award, president of sophomore and junior classes, secretary-treasurer of marketing and finance club and pres club, member of basketball team and student athlete council, reporter for Abilene A & M club. Majored in agricultural economics. Will receive B.A. degree and plans a business career. Hobby: athletics. Home Cottonwood."

Durwood Varner is a brother of Mrs. Joe Arvin of Baird.

With Otto B. Grate

What is so rare as a day in June? Then if ever, comes perfect days, and over it gently, her soft ears lays: aw, cut it out, Otto, stop stealing some poor bard's thunder an' lets, get to dirt dishing.

Here's a good one from Tina Mae Black seems like they had a Mae Black seems like they had a mother cat that adopted a baby fox and raised it with her kittens That story takes the cake for this week.

Mrs. Earl Johnson, ye fancier of cats dogs, birds and what have you, has added a squirrel by the name of "Friskey" to her menagerie. Anyoneknow where agriffare can be purchased?

Lullabys, etc. go to Mr. and Mrs. Leslie Bryant who have a beautiful girl born June the 12th.

She's his Annie and he's her Joe. Must be the June spirit, but did you notice Mr. and Mrs. J. T. Lawrence, swinging down the main street the other day, hand in hand; and for all the world like two school kids. Yeah, we like them that way, too.

Speaking on this, that'n the other, the Jack Flores family has a cute youngster, Jack the third.

Someones smile worth remembering' Ramone Wright, youngest daughter of Rev. and Mrs. Hamilton Wright.

About this time of the year Baird's flock of collegiates come trooping home for the summer vacation. "Hi-ya, gang" to the bunch.

Fresh off the press! Roberta Warren Maye's first book, "Wings of Thought" is now on the market. The first edition arrived June 13th. Just received a personally autographed one from the hands of the talented young author and it takes a place of honors on the bookshelf.

The spotlight section goes to Mr. Otis Bowyer. Honored by friends and acquaintances, Judge Bowyer will always be a tribute to clean thinking and right living a wonderful mind and a wonderful man.

POSTED: All lands owned or controlled by me is posted. No hunting or fishing allowed. Tom Windham, Oplin, Texas.

SHORT COURSE PLANS

A preview of the program for the annual Texas A. and M. College Farmers' Short Course plus the interest expressed by farm and ranch families has led H. H. Williams, director of the Texas Extension Services, to predict that the 1939 session will be one of the most successful in recent years.

As in 1938, the current meeting will be divided into two sections: one on July 5, 6 and 7 for 4-H Club Boys and Girls, and a second one on July 12, 13 and 14 for adults. Division of the Short Course allows the instructions to provide sufficient accommodations for the crowds.

The 4-H club program will consist of selection of outstanding club members, talks by representatives to the recent National 4-H Club Encampment at Washington D. C. social activities, and will be climaxed by the colorful ceremony of the gold star awards to the 100 boys and 100 girls selected for this honor.

The theme of the adult program be, land use planning with farm people taking the major part. Guest speakers will be headlined by A. F. Lever of South Carolina former congressman who was joint author of the Smith-Lever bill on which extension work is based. Walter Jenkins of Houston will again lead the group singing.

The Cost of attending the Short Course this year will be about \$7.50. Anyone interested in attending is urged to see or write Ross Brison, County Agent.

LESS OFTEN, BUT HEAVIER

Watering flowers a little every night may be fun, says J. F. Roseborough, horticulturist of the Texas A and M College Extension Service, but the flowers will do uhhffara .fbbb shrdlu mm mm better if they are watered thoroughly once a week and allowed to dry out somewhat in between times.

A summer mulch of peat moss or a similar mulch will prove more than worthwhile in holding back weeds, keeping the soil cooler, and reducing surface evaporation. A more robust plant and larger, brighter flowers will result.

Some plants will do better if

THE WISE WILL PREPARE

He who is wise will always prepare
For rough, stormy weather, when weather is fair.
The man who puts off till' some other day,
What he should do now, will find it won't pay.
Now is the time for you to engage
In saving for sickness, bad luck and old age.
Don't get the impression you'll always do well,
For the future nobody is able to tell.
The First National Bank has found the best way
Is: When the sun shines, keep making hay.

they are pinched back when they are six to eight inches high. Such plants as the zinnia will develop into a much bushier plant if this is used.

Another pointer listed by Roseborough is the removing of blooms. As blooms reach their prime they should be removed before they have a chance to go to seed. This will not only result in more blooms, but a longer blooming period.

Mrs. Biggerstaff On Wild Life Board

Mrs. George E. Biggerstaff of Putnam has been appointed as a member of the Wild Life Planning Board.

Mrs. Biggerstaff, a lover of nature and songbirds, has written an article of value on "Preservation of our Wild Birds".

Statistics of the United States Department of Agriculture show that nearly one hundred million dollar damage to the southern Cotton industry is caused by the insects annually; and through the nation the damage to all kinds of crops by insects amount to close to a billion dollars. All this, too, while birds are waging an incessant war on insects, pests, with artificial agencies resorted to for further agricultural protection.

If by some magic cause all our wild birds were wiped from the face of the earth, how long do you think it would take the unchecked insects to destroy every vestige of vegetation. yes, even animal life throughout tenation? In consideration of thier value, protect them. They are our friends now and will be our friends to the future generation.

Children should be taught to protect them not destroy them. Vacation time is here, also nesting time with our birds. Negro-

shooters and other shooting devices are likeable sports to the average boy, but destructive to our native birds beautiful in color and in song. To kill the older birds is -perhaps to cause a nest full of their young to starve, or by shooting into the nest, leave them wounded to die. With proper care and encouragement to these boys, a proper concern, by erecting ornamental birdhouses on our premises. In every sphere the indians were instigators of crude birdhouses. They raised gourds, made an entrance and hung them around for wild birds to nest in. They doing this with their barbarous nature, certainly we should be more considerate.

Birds are an asset, they are as great an asset as the flowers and trees. Erect them houses and see how they appreciate them. It is true one time while a martin house was being built and hoisted into position, the martins came and lighted on the house and immediately started to build a nest in it.

Did you know the Wood-pecker pecks from under the bark, parasites that destroy your trees? Did you know Blue-birds are the greatest destroyers of the cut-worm? Did you know the little Wren destroys misquetoos? The with it's beautiful bright orange brown hue are not only ornamental in color but in artistically in buiding their nest in your own tree. Too they whip the one most despised by us-- the sparrow, that Christ said "Not one of those in building their nest in your lawn should fall to the ground unheeded"

The Wren and Blue-bird demand a one room house. They will not colonize while other birds colonize. Pigeons are leaders in this class and under sanitary conditions will not breed mites. A beautiful variety of colors to have around.

Erect a bird bath on your lawn and you will enjoy seeing the

many different birds come for a daily bath.

I shall be glad to furnish instructions for different types of bird houses and how to arrange bird baths. Also, give address where ready cut bird houses can be secured.

"Thank you, Reddy, for keeping the temperature down in my refrigerator."

Reasons Why
Electric
Refrigeration
Is BEST IN
West Texas

I. Dry, Hot Climate requires exceptionally low temperature in your refrigerator to properly preserve food. Only Electric Refrigeration can give equally low temperatures (around 40 degrees) in July and August the same as in January.

II. Low Electric Rates are in effect for refrigerator users. Economy of operation, plus the simplest refrigerating mechanism ever built, plus safety from toxic fumes, safety from combustible explosives, plus multiple-cold food protection—all these combine to make electric refrigeration best suited for use in West Texas where summer months undeniably are hot and dry.

For Real Twine Satisfaction, Buy from the McCORMICK-DEERING Dealer

INTERNATIONAL HARVESTER has been closely linked with harvesting methods and equipment ever since that historic day in 1831 when Cyrus Hall McCormick invented the reaper. It was logical that this organization should pioneer in the development of binder twine and be known to this day as the leading twine manufacturer in America. No loopholes have been overlooked in this progress in the production of both binders and twine of outstanding quality and value.

Come to our store for your twine and learn why farmers all over the country praise and recommend McCormick-Deering Twine. Every ball is guaranteed for length, strength, and weight—positive assurance that you get full value for your money.

Not a Department Store — but it's **EQUIPPED, STOCKED and MANNED**

to keep your car running right and looking good

Did you ever stop to think how many different kinds of merchandise are required to keep that modern miracle, an automobile, running right and looking good? Gasoline and motor oil, of course — they're essentials; but how many more! . . . You get a spot on the upholstery which must be removed; you need a cleaner — and a polish — for the paint; tires, tubes and such accessories as fan-belts, windshield wiper blades, dustcaps and the like; batteries, battery cables, spark plugs; repair and testing equipment; a long list of special lubricants . . . And you yourself: on a trip you want an insect-repellent and a sunburn lotion; there's a hurry call from home to fetch a bottle of furniture polish, a can of household oil . . . We've provided them all for you at your Humble Service Station . . . Next time you see the Humble sign, get out and ask the salesman to show you around; see for yourself how well equipped with facilities and products the station is . . . Then you'll understand that our invitation to stop for service where you see the Humble sign is truly a phrase with meaning!

Co. H. D. C. News
Clara Brown, H. D. Agent

Canning is here. Sometimes it is wise to check up on your canning ability for the best of us get careless at times. The first question we should settle are we canning for quantity alone or are we trying to get quality in each container. Quality does not mean a fancy pack but it does mean that each container is good in texture, flavor and high in food value.

To attain the highest quality the following canning rules should be checked:

1. One hour from garden to container.
2. Gather young vegetables to can, a better flavor, more food value will be the result.
3. Correct canning methods, water bath for acid foods; pressure canner for non-acid food.
4. Gages on pressure should be checked so you will not over or under cook.
5. Following directions specifically, one should not try to remember time schedules form year to year.
6. Cool as quickly as possible.
7. Store in a cool, dry place, preferable a ventilated pantry or cellar.
8. A general rule, cleanliness in every step.

If a home canner can say that she does all the above points, she can be proud of her ability and her can foods will be eaten and not be left standing on the pantry shelf.

Mrs. D. L. Tallant of Clyde H. H. home dem. club says that she figured it was useless for her to try to can foods for winter use as her family failed to eat the canned food but she says after checking the canning rules and seeing some foods that were ranked quality. I believe I had been canning for quantity". She is checking for quality this time and believes that her home canned foods will be consumed.

Mrs. R. N. James of Clyde H. H. Canned a gathering of English peas, 19 quarts spoiled. Mrs. James had her gage on the pressure canner checked and found that it was 17 degrees off. So she thinks

that gages should be checked before one starts canning.

24 pressure canners have been checked the last few days 80 per cent of these canners needed gauges. The canners had been in use from 5 to 10 years. Checking a canner gauge is a simple process, all most like taking a persons temperature. A special thermometer has been made for this purpose. If gauges are off it is dangerous to use them, if they under, danger in spoiling, botulism spores cannot be destroyed under 10 lbs. pressure and sometimes one cannot look at a jar or can of canned food and tell if it is spoiled or not, a tiny piece of can with that has botulism poisoning on it proves fatal to the individual. If gauge is off by being over, there is danger of over cooking destroying some of the protective food nutrients and if the safety value is not perfect a temperature of not safe is reached.

Gauges must not be cracked, peeled or have rust on them but even a gauge that is new looking may be off.

The home demonstration clubs have pressure canner thermometers these with directions may be secured by non-club members. If you are interested inquire. The Dem. Agent has one at her office.

Home demonstration club members, under the sponsorship of the Council, with a special committee, Mrs. R. G. Looney, E. N. Hull, Jim Barker, ordered co-operatively 150 dozen pineapple for club members. These arrived June 3 and every dozen was called for. These pineapple came direct from Old Mexico, they were fresh, tender, and no bruises on them and of good size. The 150 dozen will put up 6000 pints, costing between 4.5 cents per pint. Mrs. Troy Allen expressed the general feeling when she remarked, "I am glad we ordered these cooperatively, otherwise I would never have planked down and bought a dozen pineapple to can; and I am proud of the canned pineapple I have. Written directions were given with each dozen order. The committee wishes to ex-

press their appreciation for the splendid cooperation received from everyone who helped in any way.
