

BOND ISSUE VOTE IN 2 ON MAY 11TH

Hearing Tuesday Marked by Running Debate on Question.

Residents of Commissioners' Precinct No. 2 in Floyd County will vote May 11 on the question of whether bonds of that precinct, officially designated as "Road Precinct No. 1" shall be issued in the sum of \$25,000 for the purpose of opening up right-of-way paralleling the Denver and improving the same.

Would Be State Highway

That the bond issue proposed to be voted would make it possible to have a State Highway through Floyd County from the southwest to the northeast by way of Lockney, that would be of immense benefit to the citizenship at a relatively small cost, was the argument presented by Artie Baker, as spokesman for the proponents of the plan, based on promises of the Highway Department representatives that the state would take over and maintain the road as soon as it is opened and put into condition.

The road district was created at the March term of the Commissioners' Court. It embraces the territory of Commissioners' Precinct No. 2. Tuesday was the date set for the hearing of residents of the district and the court room was comfortably filled by those present either to urge or to oppose the matter.

Details of the routing, as laid out by engineers through the district, the expected cost per \$100 of taxable values to property owners, and the results hoped to be obtained through these efforts were given in by Mr. Baker. R. J. McLaughlin, of Providence, presented arguments against the proposal. A rising vote was taken to get an informal expression from the delegations present. Apparently, a majority of those present voted against the proposal to call the election.

New City Officers Are Sworn In Tues. Night

New and re-elected officials of the City of Floydada, sworn in Tuesday night at the regular session of the City Council were:

W. C. Hanna, mayor; Burl Bedford, secretary, assessor and collector; Bob Smith, city marshal; O. P. Rutledge, Lon M. Davis, B. K. Barker, and O. L. Stansell, aldermen. Barker and Davis were re-elected.

P. M. Felton, who last week indicated that he could not afford to accept the job as alderman to which he was elected on Tuesday of last week, did not qualify and an election to fill this place on the board of aldermen was called by the council for Tuesday, April 23. A. L. Scoggin, J. M. Willson and Frank L. Moore are the retiring members of the board of aldermen.

Brown And Wester New School Board Members

W. Edd Brown and J. C. Wester are the two new members of the school board of Floydada Independent School District, and C. R. Houston, for the past year president of the board was re-elected, in Saturday's election when 173 out of a total of approximately 1,000 went to the polls.

Votes were cast for twenty-nine different persons, five women among the number. Of the women for whom votes were cast Mrs. Lon V. Smith received sixteen votes, Mrs. J. B. Jenkins twelve, Mrs. G. A. Linder eleven, Mrs. Lon M. Davis one and Mrs. Jno. N. Farris one. Houston led the ticket with sixty-four votes, Edd Brown was second with fifty-three and J. C. Wester with fifty-two. F. C. Harmon was given forty-three votes and S. N. Tawwater twenty-five.

County Federation To Hold Meeting April 30

The County Federation of Women's Clubs will hold its spring meeting on April 30, when they will gather with the women of Sunset for an all-day session beginning at 10 o'clock.

Program for the gathering is being made up and will be announced soon. All women of the county are invited to attend the meeting. Attention has been called by officers of the county organization to the fact that the luncheon at noon will be cared for by each lady attending bringing a dish.

E. RAY SMITH AGENT FOR GREAT SOUTHERN LIFE

Announcement of the appointment of E. Ray Smith as agent for the Great Southern Life Insurance Company at Floydada, was announced this week by R. L. Gulley, agency supervisor for the company out of Amarillo.

Mr. Smith has offices in the Reathmer Building.

Stamford Is Next Meeting Place 14th District of Mothers Congress

Curtain Rung Down Yesterday on First Annual Convention.

Stamford was announced as the selection of the Executive Committee of the Fourteenth District Mothers' Congress as the place for the 1930 convention of the organization, following the close of the three-day session here, which was marked by the attendance of good delegations among them numerous distinguished speakers.

With three sessions daily, beginning on pre-convention day, Monday, interspersed throughout with luncheons, teas, and receptions delegates and visitors in Floydada the first three days of this week, had a well rounded program that kept them busy throughout the convention.

Before next year's meeting the executive committee will be faced with the necessity of selecting a successor for Mrs. J. E. Griggs, of Lubbock, whose resignation as president of the Fourteenth District was announced at the closing session.

Board Luncheon

Following the registration of the delegates and visitors Monday morning a board luncheon was given for the board of managers, honoring state and district officers at the Baptist church at 1 o'clock. A color scheme of red, white and blue was carried out. Dolls representing school girls, carrying satchels were used as plate favors and also marked covers for the guests their names being written on the satchels.

The following program was carried out: Selections, East Ward Primary Orchestra; Reading, "A Knight Above Reproach," Rho Cloud; vocal duet, "Schooldays," Mary Looper and Marjorie Kirk; Piano selections, Mary Louise Tubbs Violin solo, "Rodino" and "Asra," Mrs. A. D. Cummings, accompanied by Mrs. G. R. May; Reading, "Typical School Boy," Miss Lydia Smith; Piano solo, "To a Water Lily," Lois Sitton.

Mrs. Toomin Speaks

Mrs. Emanuel Toomin, Fort Worth, State Humane Education, addressed the convention Monday afternoon at 2:30 on the subject of "Humane Education." Mrs. Toomin said, "As I was enjoying nature in all its manifold beauties today the thought came to me of the atrocities being inflicted upon our food animals in the slaughter houses today and our fur bearing animals. Humane education as it is usually understood is animals and their protection.

"In this twentieth century with all of our modern inventions, the radio, telephone, airplanes, have they really contributed to our moral standards and to our happiness, there should be a tendency, are we really getting closer together?" It seems sometimes that we are not. In spite of all of our physical advantages what keeps us apart? It is heart religion. The aim of all deep thinkers and writers of literature is to bring man and man closer together.

"A mark of great character is to give consideration to those who are subservient to you," she said. "They may not be as fortunate as you but they have feelings. "There are five million children whose lives are being crushed under industrialism. There are many cruelties inflicted upon fur bearing animals to satisfy the vanity of woman and upon our food animals. We need a slaughter house and trap reform. And there is lots we can do about the child condition. The children that make up the world are the kind of children that we raise. The hand that rocks the cradle justly rules the world."

School of Instruction

Mrs. Noyes D. Smith, Austin, state president, conducted a school of instruction Monday afternoon following the address given by Mrs. Toomin. Three important plans for the Parent-Teacher Associations to follow as outlined by Mrs. Smith were: First, each president of the P. T. A. Association should take a correspondence course, which is free and also as many members as could should take advantage of the opportunity. Second, she urged that each association subscribe for the magazine, "Local Unit National Service" and third, plan programs in advance for a year and leave some time at each meeting for discussion of the program. She explained the summer round-up and stressed its importance.

Tea at Lockney

The lovely new home of Mrs. N. E. Greer, of Lockney, was thrown open to the visitors Monday afternoon and the hospitality of the Lockney ladies was enjoyed when they graciously presided at a tea given at Mrs. Greer's home.

Those in the receiving line were: Mesdames E. L. Greer, J. E. Arceaneux, E. L. Woodburn, Robin Baker, Arthur Barker, Laura Stapleton, W. L. Whit, T. H. Stewart, R. C. Halthcock, Carl McAdams; Miss Carma Thomas and Miss Thelma Steele.

Dainty refreshments were served

Stansell President Of P-P Dairy Association

O. L. Stansell, of Floydada, was elected president of the Texas Panhandle-Plains Dairy Association at Plainview Friday of last week at the closing session of a banquet for the association around a banquet table. Two hundred were present for the occasion. S. J. Payne, of Tulsa, was named vice-president, Maury Hopkins secretary-treasurer, and D. F. Eaton, of Lubbock, retiring president, was elected honorary vice-president.

At the closing session of the exhibitors and members of the dairy association, the work of the show just closed was recounted and plans put in motion for next year's show.

Mrs. Smith Presides

The session opened Monday night with Mrs. George Smith, Floydada, presiding. Rev. G. T. Palmer, pastor First Methodist Church, Floydada, said the invocation.

Several very enjoyable selections were given by the East Ward junior band of Floydada. Lon M. Davis, representing the city of Floydada; W. E. Patty, superintendent of Floydada Schools; Mrs. W. H. Bethel, representing the Womens Clubs; and Mrs. C. E. Houston, representing the Parent-Teacher Associations of Floydada; each gave short talks cordially welcoming the visitors to Floydada. Mrs. J. E. Griggs responded thanking the town most cordially for the hospitality shown in entertaining the convention.

Mrs. Noyes D. Smith made a very instructive talk on "Significance of the Parent-Teacher Movement."

Dr. R. P. Jarrett, of the West Texas State Teachers' College, Canyon gave a very inspirational talk on the subject, "The High School Age."

Formal opening of the First Annual Convention of the Fourteenth District Texas Congress of mothers and Parent-Teacher Associations was held Tuesday morning with Mrs. J. E. Griggs, district president, Lubbock, presiding.

Mrs. Lon V. Smith, Floydada, said the invocation.

Mrs. E. W. Thomas, Aiken, read the report of the committee on rules and regulations which was adopted.

District officers making reports which were adopted were: Mrs. Lester La Grange, Director of Home Service, Amherst; Mrs. George Smith, Director of Health, Floydada; Mrs. Leon Noel, Director of Child Welfare Days, Ralls. Mrs. Griggs gave a report for Mrs. G. T. Scales, publicity chairman, who was not expected to attend the meeting but later was able to be present. Mrs. Griggs said in part, no organization is better than it is known. Advertising pays. If it did not cost millions each year on advertising. She especially urged the ladies to get their reports to the newspapers on time and ahead of time.

Mrs. George V. Smith gave a very interesting short talk on the "Summer Roundup" and stressed the importance of correcting the minor ailments of children before they start to school. "Many times a child's illness is caused by improper diet and much good can be done toward the improvement of the general health of children by holding the summer clinic, where an examination is made of all pre-school children and a special analysis made of their particular case," Mrs. Smith said in part.

Bureau of Child Hygiene

Mrs. Louise Warnken, representative from the Bureau of Child Hygiene, Austin, addressed the convention and brought greetings from Dr. Barnett, head of the department and from Dr. J. C. Anderson, state Health officer and Mrs. Leadbetter. Mrs. Warnken said it was her special business to check up on the various charity homes keeping children. These homes she said are licensed by the state, if they are worthy, as also the people who solicit funds for these homes. She urged that people not contribute to free lance people who are going over the state soliciting funds for various homes.

Mrs. Noyes D. Smith, state president, followed Miss Warnken's address with a talk on "County Councils." "The main reason for a County Council is that you get at the cause of things. The majority of children brought into the courts comes from broken families, families that are broken by divorce or disease. The second greatest number come from homes where the parents are mentally unfit to rear children. The third number comes from homes where there is no discipline, where parents are too busy with other things to train their children. A small percent of them come from homes where there is no spiritual life.

"With a P. T. A. in every community in the county and all of these organized in a county council and proper programs followed by each association, the parents will be better trained to rear their children" were the closing remarks made by Mrs. Smith.

The remainder of the program for Tuesday morning was carried out as follows: Piano solo, Miss Jessie Merle Scoggin; Saxophone solo, N. B. Stansell; Songs, "Schools" sung to tune of "Smiles," and "America The Beautiful" were sung by the congregation, led by Mrs. E. L. Angus.

Mrs. F. T. Collins, president Seventh District Texas Federation of Women's Clubs, Amarillo, made a very beautiful talk on "Worthy Home Membership" Mrs. Collins began her talk by paying glowing tribute to Mrs. Noyes D. Smith, saying, "She is one of the broadest and finest women whom I have ever had the pleasure of knowing. I want

Buy Stage Settings And Theatre Scenery

Purchase of stage settings and scenery for the new theatre under construction on West California Street, was made the latter part of last week by the owners, it was announced Monday by Jack Deakins, of Floydada Theatres.

W. U. White, who will have a drug store in the new building, has also been buying equipment and fixtures for the new enterprise.

After nearly three weeks of work on excavations and foundations, the first brick was laid this week on the new building.

Zone Gathering of Lions In Floydada Next Tuesday

Fourteen cities over the Panhandle Plains section are expected to be represented in Floydada next Tuesday afternoon when the regular quarterly zone meeting of Lions Clubs convenes in this city. Members of the Floydada Lions Club will act as hosts to the visiting representatives when the meeting is held Tuesday. Between twenty and thirty delegates are expected to be in attendance.

John A. Erhard, of Dallas, Governor of District Two, Lions, International, has been invited to attend the Floydada meeting, but it is unknown at the present if he will be able to attend. Sam M. Braswell, Deputy District Governor of Zone 11 will probably attend the meeting Tuesday. Invitations were mailed this week to these and other Lions in this zone by E. L. Norman, secretary of the Floydada Lions Club.

Clubs Give Luncheon

A four leaf clover luncheon was served at 12:15 Tuesday by the Home Demonstration Clubs of Floyd County at the Methodist Church. Two hundred guests were served. A color scheme of green and white in the four leaf clover idea was effectively carried out in the menu, mints and programs. Mrs. D. S. Battey, very graciously presided as toastmistress. Mrs. W. H. Snell gave the invocation; Miss Blanche Ramsey sang as a vocal solo. "The Dew is on the Clover;" Mrs. J. D. Christian gave a reading; Mrs. M. D. Ramsey played a piano solo; two selections were given by the East Ward Primary Band; a triangle solo was given by Olin Watson; the concluding number was "Yankee Doodle" played by the East Ward Primary Band.

Business Session Held

A business session with reports from the Parent-Teacher Associations by Counties took up the greater part of the meeting Tuesday afternoon.

Sand Hill Boy First In Community Contest

"My Community" Speaking Contest and Oral Spelling Match Create Much Interest

Ross Hanna, 16 year old Sand Hill boy, was awarded first place in the "My Community" contest held last Thursday night at the High School auditorium, under the auspices of the Chamber of Commerce. "My Community—Sand Hill" was the subject of his talk, and was well presented. In substance, his speech told of the accomplishments and advantages of the Sand Hill community, and dwelt at length on the work of the Sand Hill school. The Floydada Chamber of Commerce presented the first place winner with a beautiful white gold watch. Dolphus Staples of McCoy, was awarded second place in the contest and was also presented with a wrist watch. The third place award, of ten dollars, was given to Miss Lucille Carmack of Aiken.

Seven communities were represented in the contest, and considerable interest was shown in the feature. Those entering were Ross Hanna, Sand Hill; Dolphus Staples McCoy; Lucille Carmack, Aiken; Gladys Cartnal, Prairie Chapel; Aaron Williams, Harmony; Altha Loyd, Lakeview and Bernice Mankins, Center.

Following the "My Community" contest, County Superintendent Price Scott conducted the L. G. Mathews Oral Spelling Contest. Thirty students, representing fifteen schools, took part in the old fashioned oral spelling contest.

L. G. Mathews, local lawyer, sponsors this annual event, and presents a twenty-five dollar library to the school sending the best speller. Ray Loyd, of Lakeview, won this award for the Lakewood school by out spelling all other contestants. He did not miss a single word, and was the last contestant standing.

Second place in the contest was won by D. D. Myrick of Cedar, and third place by Lucille Hampton, of Irick. Schools of Floyd County which entered contestants were Irick, Pleasant Valley, Fairview, Aiken, Sand Hill, Lakeview, Fairmont, Center, Cedar, McCoy, Baker, Allmon, Liberty, Prairie Chapel and Campbell.

Mrs. Jennie Bishop and her sister, Mrs. J. J. Hayes of Gatesville, left this morning for Hedley to spend the week visiting with relatives.

Vocational Teams Win In Lubbock Contests

F. H. S. Plant Producers Win for Second Consecutive Year; Other Teams Running

Members of the plant production team of the F. H. S. Vocational Agricultural Class won first place honors at the Texas Technological College for their work in this line, for the second consecutive year last Monday when they competed in a meet at Lubbock. This year is the first time that the large silver loving cup has been held for two consecutive years by one school, and this honor signifies a high standard of work in the Floydada school.

Members of the plant production team are Marvin Williamson, Hansel McAda and Raymond Palmer, with Milton Ashton, alternate. Marvin Williamson was high point man in the plant production contest.

O. E. Williams, instructor of the Vocational Agricultural classes reports that all of his teams made excellent showings at the meeting in Lubbock Monday. Results from the farm shop, concrete mixing and rebar cutting teams have not been heard, but Mr. Williams feels sure that his teams are running high in these contests. His concrete mixing team mixed and laid a slab of concrete and washed and put away their tools in exactly fourteen minutes. This time is better than the best speed made in last year's contest, he said.

Members of these four teams will go to A. & M. College on April 22 to compete in the state contests.

N. W. WILLIAMS OUT OF THE HOSPITAL ONCE MORE

Assistant Postmaster N. W. Williams is out of the hospital once more, after an operation by which his appendix was removed two weeks ago. He was down at the post office for a brief visit Monday and is expected to be back on the job now within a few days.

G. L. FAWCER NEW DIRECTOR OF CONSUMERS FUEL ASS'N

G. L. Fawcer was elected a new director of the Consumer's Fuel Association at the annual stockholders meeting Monday afternoon. L. E. Williams and J. R. Readhimer were re-elected.

A directors meeting will be held Thursday, May 9 when the manager will be selected.

Oklahoma City Trip Opportunity to Acquaint Capital With Plains Area

Three Thousand Attend Interscholastic Meet

Rivalry Strong Among County Schools At General Meet Here Friday And Saturday.

Floydada High School, Floydada Andrews Ward School, Sand Hill and Cedar Hill Schools, were winners in their respective classes last Friday and Saturday when the County meet of Interscholastic schools of Floyd County was held in this city. An estimated crowd of 3000 students and visitors attended the meet held at the high school grounds and building.

Keen competition was noted throughout the entire meet, and the winning schools emerged with only a few points lead over other schools entered in their classes. Unusual interest was shown in both literary and athletic events. Excellent training and sportsmanship was evidenced by every contestant in each event, and, according to Director General D. W. Biggers, the entire meet may be termed a success.

In the Class A Schools, the Floydada, High School won over the Lockney High School by a margin of 32-1-2 points. Lockney won the track and field meet, but the local school won both debates and one senior declamation, giving them a lead in literary points. The large silver loving cup for All-Around Class A school will be held this year by the Floydada school for the second consecutive year. Each cup must be held for three consecutive years before becoming the property of that school, according to the rules.

Floydada Andrews Ward Schools won the All-Around championship cup in the Ward School Class over the Floydada East Ward School and the Lockney Ward School. The Andrews Ward school held only a 23 point lead over the Lockney Ward School, and a lead of 100 points over the East Ward school. Most of the winning points in this class were also tallied in literary events.

Bringing a finish to the Class B meet held in this city recently, the Sand Hill school copped the championship in this class. A few events which were impossible to be held at the preliminary meet were held at the general meet, and the points won in the final meet, placed the Sand Hill School in a lead over the Aiken school, which was leading at the close of the Class B meet. Only a small margin of points were held by the winners. The Sand Hill school holds the All-Around Championship cup of Class B schools this year for the fourth consecutive year.

Complications developed in the Rural School Class, due to the Class B meet which had been held previously. At the final count of points by the directors of the County League, following the final meet Saturday, the Cedar Hill school lead this class by a wide margin. This school tallied 115 points in the entire meet.

Beginning at 9 o'clock Friday morning with the tennis games, the meet continued throughout Friday, Friday night, Saturday and Saturday night. Following the meeting late Saturday afternoon of the directors of the County league, and the final count of points, all cups were presented at the High School Auditorium. The silver loving cups presented to the schools sending the winning representative, numbering more than forty, were presented by merchants and business men of Floydada and Lockney. W. E. Patty, superintendent of the Floydada schools, and Director General W. D. Biggers, superintendent of the Lockney schools, made the presentation of the cups.

Miss Gussie Teague, and Mr. and Mrs. R. E. Garlin, of Tech College, presided as judges for the literary events and Frank Kimbrough, of Wayland college acted as athletic judge for the meet.

NEW DEMONSTRATION AGENT HAS FIRST COUNCIL MEETING

Miss Marie Strange, Floyd County's new home demonstration agent, was introduced to representatives from the demonstration clubs at a county council meeting Saturday afternoon.

Plans were made for the home improvement program which will be in progress until Saturday, May 11 when the home improvement articles will be exhibited in the district court room. Prizes will be awarded for the best articles. At that time the club women and their husbands will bring lunches and spend the day together.

Following the adjournment of the meeting Miss Blanche Bass was given a miscellaneous shower as a token of appreciation of her work with the clubs. Mrs. J. D. Christian dressed as a negro, brought in the gifts in a basket, representing a washing of clothes. As she pinned the articles on a clothesline her grumbling remarks about having to work on negro's day brought much laughter from the audience.

Clubs represented were: Providence, Sunset, Sand Hill, Blanco, Harmony, Campbell, Pleasant Hill, and Antelope.

Train of Pullmans to Carry Texans Eastward Tuesday Night.

The trip Tuesday night of next week to Oklahoma City when a special train of Pullmans will pull out of Floydada to spend Wednesday in the Oklahoma capitol, and give Texans of the South plains and panhandle the role of guests of the Oklahoma City Chamber of Commerce for the day Wednesday, is expected to be made by twenty-five or more Floydada people.

Expect Big Delegation

Officials of the Oklahoma City Chamber of Commerce in this area last week going over the plans with representatives of towns on the Quannah, Acme & Pacific, and neighboring cities, this week are anticipating reports of big delegations. Wednesday a wire to the local Chamber of Commerce requested names of those already signed up to go and urged that the delegation include as many women as possible.

That the trip affords an opportunity for Floydada and other plains and lower panhandle cities and towns to get their section of this state well to the fore in the minds of the business people of Oklahoma City is the burden of expressions heard from business men of this community who are taking an interest in the forthcoming event.

Schedule Is Convenient

The schedule for the special will make it most convenient for Floydada people on the visit to Oklahoma City. The train leaves Floydada Tuesday night at 9 o'clock, giving the business man ample time to close his day of business, take the evening meal at home and make leisurely preparations for the trip. Arriving at Oklahoma City Wednesday morning at 7:30, the train remains there with privilege of leaving baggage on the coach, until 10:30 Wednesday night, arriving in Floydada Thursday morning at 8:30 in time for a full day of business at home. The trip thus definitely takes one from his business only one day and two nights.

Preparations for the entertainment of the delegations in Oklahoma are going on on an elaborate scale. The plan calls for breakfast upon arrival of the train Wednesday morning as guests of the Oklahoma City Chamber of Commerce and a trip of sight-seeing throughout the business, residence and manufacturing districts, stopping at noon at one of the large packeries where a barbecue dinner will be served compliments of the packing company. In the afternoon the individuals of the delegations will be at liberty to spend as they see fit and until 7:30 in the evening when a banquet is planned to last until shortly before the departure of the train.

Among the expressions from local business men this week, relative to the trip are the following:

T. S. Stevenson, president of the Floyd County National Bank: "I sure expect to make the trip and believe it can be made of great value to us, in numerous ways."

J. M. Willson, of Willson & Son Lumber Co.: "Bob Garret and myself are getting ready to make the trip Count us in."

T. P. Collins: "I can't go, but I probably will."

Lon M. Davis: "Sure, I'm going." E. C. Nelson, of the First National Bank said: "I think I shall go. The men from Oklahoma City who were here last week said they didn't know we did have such a fine country out here. We'll have to go there and tell them about it."

"I want to go just to ride that train, attend those banquets, and see Oklahoma City and have a general good time," said Judge Wm. McGehee.

Concerning the trip W. G. Collins said, "The trip will be very nice. It will be good to get acquainted with those folks and let them know what we have down here."

EASY TO TALK

A certain amount of talk, with the view of getting men's minds running in the same general channel, is essential to practically all enterprises, it seems, but there is a time when talk must translate itself into action, and the talker must make his ideas felt with coin of the realm.

Talking of getting things done is well enough. Doing them must ensue, in both public and private enterprise.

In Sherman and in Marshall "way down in the sticks" talk has opened men's minds and broadened their vision. It has resulted, being followed by action, in self-sustaining communities that are not milked to death by the cities near-by.

BULLY FOR THEM

Farmers of Floyd County are finding that they are good, average business men—some of them above the average, others not so highly rated, perhaps, the same as in a city or town. Finding themselves, they are applying business sense to their enterprises and making them go over.

Who builds a town or county does not make so much difference, in fact, not one whit. If anybody gets on the job and does it, instead of complaining about what "they" ought to do, you have the complete answer.

THE NEW CITY COUNCIL

It is a happy augury that a very high percentage of the voting population of Floydada had a part in the selection of the city council chosen last week and installed this week. Without exception, they are good business men, hard workers, deeply interested in the welfare of the town. Some of them have a good grasp of the city's municipal needs and its fiscal standing from past experience as members of the board.

With such a board—representing the composite idea of the citizenship—we can well expect the city to keep its affairs on an even keel, amply progressive, amply careful of its management.

THE SCHOOL BOARD, TOO

Most of the good things we can say for the new members of the city council, can also be said of the new members of the school board of Floydada Independent School District. The personnel of this body stands high in common sense and has a good background of experience. While little interest was manifested in their selection, because there was nobody to be voted against, as often occurs, those who did take an interest, certainly voted intelligently.

WAR IN MEXICO

Mexico is having itself another revolution, the which although close enough to the people of Texas, is creating small interest, because, after all, another revolution more or less in Mexico, is just an incident in the affairs of the earth. Sisa's may be higher or lower, somebody's supply of bananas may be cut off temporarily, and some of the coffee, but that seems to be about the extent of it.

As has been true of past times, generally speaking, the United States government has had to lend its moral support to the established government, while refusing to lend aid or permit aid to go from this country to the insurgents.

Attempts to make the war one of "religious freedom" apparently have failed miserably.

**You've had him long enough
-NOW I WANT HIM!**

THE girl suddenly faced her hostess. "I can't stand it any longer," she cried—"all this sneaking and lying and deception. Dan and I love each other. He's been your husband long enough. Now I want him!"

The older woman, deathly pale, turned to her husband.

"She's right," he said. "There's no use trying to hide it any longer. You are my wife, Jean, and I love you as a companion. But I love Marise—the other way."

So this was her reward for sacrificing the best years of her life to her home and family. First her son, then her daughter—eager for new sensations—were swept headlong to disaster by the modern tide of jazz. And now her husband yields to the

LEARNING MORE OF DAIRYING

The Panhandle-Plains Dairy Show, held last week in Plainview, undoubtedly brought to the people of the plains area a greater understanding of the problems which doubtless underlie successful dairying enterprises, and especially a greater understanding of that part that good breeding has to do with production.

Greater production per unit of expense, means greater profit. A ton of feed fed to a cow that produces the same amount of milk that three other cows of poorer quality would produce from a like amount of feed, will certainly get a greater net profit from the ton of feed. A process of reasoning similar to that is going to raise, is already raising, breeding standards in this section fast.

The cow is a manufacturing plant, it may be argued; she uses the machinery of milk-production like a manufacturing plant would use a press or hammer. Plants with good machinery are being operated at a profit in the industrial world. Those that have poor machinery are losing money.

ON SUBSTANTIAL GROUND

Floyd County farmers, and Floyd County enterprises generally, are on substantial ground. They are planning on the basis of a good season for a well-balanced row crop to go along with the wheat and other small grain already in the making.

Also, and not the least part of their program at all, they are raising hogs and cattle and sheep and chickens—not to mention the cream their position, gained through much travail, is much more happy than ten years ago, when we bet it would rain right for wheat, or cotton, or maize—and having bet, won or lost on that basis alone.

Further, better transportation has brought us so much closer to world markets. And since that has been mentioned, we'll be finding out the benefits of the new transportation lines in this county three and four years from now. They are much more than just two new railroad lines.

Women—they're funny people. You can't live with 'em and you can't live without 'em. If a husband bosses his wife, he's a wife-beater, and if she bosses him, he's hen-pecked. If neither bosses the other, she usually makes up his mind for him. It's a mess all around.

Of course—the above is just taking women in general. Now, take Floydada, for instance—we have an exceptional set of women. If we did not have hard working women, who take an interest in the public affairs, this town would not be where it is today. We would have no Lions Club nor no Rotary Club (although these clubs are made up exclusively of male members). We would have no Mother's Clubs, no P. T. A. organizations, no Home Demonstration clubs, no bridge clubs—and no gossipers—much.

Just turn these women loose in Floydada, and—presto, the dreaded job is done. Look what they have done for the Floydada Cemetery, the City Park, and other public places in town, including the schools and churches. Look what they have done for the entertainment of out-of-town visitors—and the entertainment of the young, unmarried men of our own city. Boy—don't forget that.

That guy on California Street says that the best way to get along with women is not to say exactly what you mean—because when a woman says anything, she does not mean exactly what she says.

Now, if we can only get these women to help out Old Battleaxe in getting that court house painted, building a Municipal Auditorium,

sirenic lure of a girl whose kisses must prove as deadly as a viper's sting! What had she, his wife, to offer against the lure of soft, red lips, against the seductiveness and passion of youth? What should she do?

This woman's story is the most sensational real-life revelation ever published in True Story Magazine. Critics say that if her experience were published in novel form, it would be a best seller over night. Unquestionably, her amazing disclosure will create widespread discussion. Don't fail to read "Inside the Soul of One Woman" in May True Story Magazine. Get it at your newsstand—today.

and buying a street sweeper—all will be hotsy-totsy.

Dog gone it, this is getting serious. Here O. B. has been preaching a municipal auditorium for the past six months and last week some dumb Dora wanted to know if such a place was where members of the Municipal Band would change clothes.

That poor woman next door surely must have the earache. She learned to play the piano by ear.

The little flapper of the household was very quiet. "Why the heavy thought?" asked her mother. "I'm trying to make up my mind whether to be popular or to be a lady," was the reply.

This guy, J. L. Douglas, who is agent, engineer, messenger boy, or something for "Quickly, Answered and Positive" railroad, complimented Floydada on her women's work last week while visiting here. And he is a man who knows women, too, judging from the following story he presented O. B. on "A Wop's Conversation on the Telephone."

"Hallo Operations—Hallo, I wanna talk weed inflammation. Yes mam, inflammation. Mam? No mam, I don't wanna get alla swellin' op. I wanna talk weed de mortgage. Yes mam, da mortgage. No mam, I don't wanna mortgage da house and a lot. I wanna talk weed de mortgage—you know, where da keep da dead people, you know da steefs. Yes mam—Hallo, hallo, da mortgage? What I wanna know is have a you got Tony Baloney down dere? Yes mam, Tony Baloney. What he looka like? Oh, hees beeg guy, weigh about 250 pound. Yessa Mam, gotta long black sleek hair. Yessa mam, gotta gold tooth ina back, if you don't know heem, you can't miss heem. Hallo, what you no gotta Tone down dere. Well, datsa fenny ting. I pusha heem in a river two week ago. I guess hees no come op yet. Mooch-a-bilige. Gooda bye!"

County school trustees elected recently, according to a canvas made by the Commissioners' Court last Tuesday were A. J. Blackwell and D. C. Lowe. The board is now composed of the following members: J. H. Green, J. H. Tackett, J. A. Price, D. C. Lowe, and A. J. Blackwell. Judge Thompson is ex-officio member of the board.

Howard Brothers, large land owners in northeast Floyd County and adjacent portions of Briscoe, Motley and Hall Counties, have filed suit in the Federal Court at Amarillo for the adjudication of block boundaries in which their land is located. The boundaries to about 200 sections are involved in the suit.

C. Surginer & Son delivered three new Fords to purchasers this week. These were Nute Nelson, W. A. Shipley and George Fawver.

John Reznick, who lives southeast of Floydada, is a diversifying farmer who makes cotton his main crop. Out of his last year's crop, he ginned 52 bales of cotton from his 55 acre field, the bales ranging in weight from 520 to 580 pounds.

An Oklahoma Mother Says:

"BLACK-DRAUGHT is a fine medicine to give to children. I use it for mine whenever I need to give them a laxative. They don't mind taking it when I make it into a tea, and it quickly relieves constipation and the bad symptoms which come from it. I can recommend it to other mothers, for I have found it useful in my home."

"When I was a child my mother gave it to me whenever I complained of not feeling well. I have always taken it for upset stomach and constipation. It is about the only medicine I have to take. A few doses of Black-Draught, now and then, keep my system in order. My husband takes it, too. I hardly see how I could keep house without Black-Draught. It has become a standby with us, in keeping the children and ourselves well."—Mrs. Luther Brassfield, Claremore, Okla.

Tire Is Uninjured In Fall From Aeroplane

A crowd estimated at over 8,000 persons thronged the English-Bivins airport yesterday afternoon to witness the tire dropping demonstration staged in conjunction with the visit of the Goodrich Fleet to Amarillo.

It was one of the largest throngs ever to gather in the city.

A Goodrich tire, mounted on a wire wheel and inflated, was dropped by Harold English from his Travelair plane 2,000 feet to the ground. A tire truck from Cal Farley's Goodrich shop immediately retrieved the wheel and tire, and it was found that both had survived the drop without damage. A photograph was taken of the tire while the crowd thronged around.

The tire looked like a tiny auto wheel as it dropped from the plane, and so high was it that it seemed to float downward for the first few hundred feet. Then it hurtled toward the ground and fell, slanting slightly, on the field, about 300 yards from the edge of the crowd at the hangar. It kicked up a cloud of dust as it bounced. When it was retrieved by the truck, it was found that, aside from a few scratches and tufts of dried grass wedged between the tire and rim, there was no evidence on either the wheel or tire that they had dropped 2,000 feet. FINDS POULTRY PROFITABLE

Another poultry enthusiast of Floyd County is J. E. Green of the Center community. According to records, his flock of white leghorns have paid their way and then some. Since January 1 of this year or in January, February and March, the 225 hens have laid \$277.87 worth of eggs. Feed cost was \$71.25 making \$206.62 net. This does not include the liberal allowance for the family table.

Mr. Green hopes to enlarge his flock for another year. "There is money in poultry," he said, "but you needn't think there's nothing to do but gather eggs and cart the broilers off to market. In raising chickens there is hard work and plenty of it. But if you like it—"

BIG IN EVERY WAY

A freak egg, laid by a Rhode Island Red hen in the backyard of W. D. Johnson, is seven and seven-eighths inches in circumference the oblong way. The bigness of the egg does not appear so pronounced until the measurement of six and seven-eighths the other way round is given. "I guess it's not the biggest egg in the world, but it's the biggest I ever saw," Mr. Johnson said Tuesday morning.

Another freak egg, received nearly two weeks ago,—and, beg pardon, we just can't recall the donor's name, is of the usual size, but has more the appearance of a white flint stone in shape and coloration.

SAYS

HOW DO LITTLE BIRDS KNOW WHEN "IT AIN'T GONNA RAIN NO MORE?"

One day last summer I sat out on the lake front watching the play of both young and old, when a storm came up. The wind blew out and the people flew in and the rain came down in torrents. Lightning flickered wickedly over the water and the waves rolled to shore with adornment.

It was very apparent where the people went. I did not note where hid the birds, but this I say: the flies we all so detest, and other such living flying things, took refuge under the visor of my windshield. They were not blown there, for the wind was in the opposite direction—they came there.

Then the birds came out, and immediately it stopped raining. When told the birds that the rain would cease—what guided the flies to an automobile?

Call it God—nature if you like—or instinct may suit your pleasure; but call it what you may, who can sit at the water's edge in a raging storm, watching man and bird and insect and say there is no great Master Mind? Where is the man who thinks his power of such import that he can match the gift that tells a little bird that "It ain't gonna rain no more?"

Country man, go to the city; city man go to the wide open spaces, and there learn your insignificance. As big as you think you are, the greater man you'll be when you recognize your littleness by comparison.

what is more, they are selling in all grades from \$3.85 to \$18. One Texas store had the experience of trying to get rid of all their red shoes three weeks ago and now they are reordering more.

"Maybe we are to have a little competition in this sun-tan cosmetic war, for in Oklahoma and Texas rouge is red. At any rate, five-sixths of the country look to Texas points for style-guidance, where styles are fastest and girls are classiest, in Texas."

CHEVROLET PRODUCTION IN MARCH SETS RECORD

Detroit, April 6.—All monthly production records in the history of the Chevrolet Motor Company were broken in March, when the company produced 147,274 cars and trucks. A factory statement explained that this figure was considerably in excess of preliminary production schedules and was made necessary to more fully accommodate an increasing demand for the new Chevrolet six.

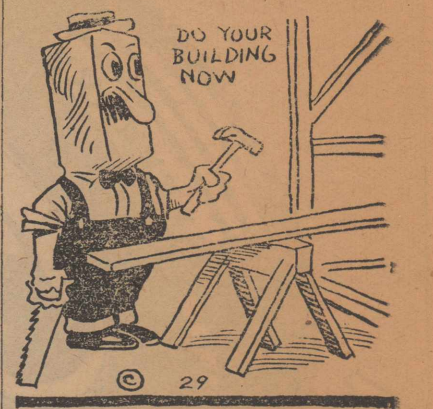

This March record compares with 133,657 units for March of last year and with 121,249 for February of this year. It exceeded by nearly 7,000 units the best previous month in the history of the company, which was May, 1928, when output totalled 140,775 units.

New Ford 'Town Car' To Be Here Saturday

Barker Brothers, local Ford dealers, have made the announcement that next Saturday, April 13, they will have displayed on their show room floor, the new Model A Town Car. This body style of the new Ford has never been shown in this section and will be shown in this city for the one day only.

The Town car is the highest priced Ford made and, when delivered in Floydada, will cost approximately \$1503. This price, of course, includes the bumpers, which are standard equipment, the sliding glass partition that separates the chauffeur from the passenger compartment, a high grade eight day clock, smoking and vanity sets, and the highest quality broadcloth trimming with colored hardware to match. The front compartment is upholstered in genuine long grain black leather. The body is custom-built by the Briggs Manufacturing Company, and is designed after the small chauffeur driven cars of France.

"THE LINIMENT OF PERFECT CURE"

This prescription for the "cure of all ills" was given the Hesperian by a friend for republication:

- One half pint of faith,
- Half pint of virtue,
- Half pint of knowledge,
- Half pint of patience,
- Half pint of temperance,
- Half pint of Godliness,
- Half pint of charity and good resolutions.

Well shaken together, three times a day with prayer will cure the devil's rheumatism, evil eye, blasphemy, grumbling, lying, stealing, backbiting, deceit; kill the nerves of prejudice and purify the heart. It will stop the moneyed preachers from preaching for the dollar and make them preach a clean life and work for the good of humanity and if we get the worst man there is to use this prescription, it will restore him back to manhood and respectability with God and man... will make him love his own wife and children better and he will want to put them under the same treatment. Now, if we can get this remedy used in the homes of this country, it will cause the ladies to wear full dresses, stop dancing and theatre-going, cleanse your heart from sin and preserve your souls blameless. It will stop men's wives from joyriding with other men. Shake well before using and rub until it affects the heart. Keep this up 365 days in the year and if it does not cure, you can bankrupt heaven.

ADS IN THE HESPERIAN GOT RESULTS FOR HIM

As a result of a few inexpensive want ads in The Hesperian, J. B. Downs, Lockney real estate dealer, recently disposed of some milch cows and a hardware stock.

"The little ads did the job up in good shape, and I'll be back for more," Mr. Downs said.

Mr. and Mrs. C. S. Bevers had a number of relatives visiting them last week. Mrs. O. P. Collins, a sister of Mrs. Bevers, and children, Odessia and Junior; Mr. and Mrs. Elmer Lloyd and little son, all of Littlefield, spent last week with them. A. S. Bevers and family, accompanied by Miss Ruby Bevers, all of Lakeview, Hall County, and Mr. and Mrs. Ira Bevers and little son, of Memphis, spent Sunday here; also Mr. and Mrs. N. E. Nase, of Lakeview, spent Sunday and Monday in the Bevers home. Mrs. Nase is a sister of Mrs. Bevers.

Mr. and Mrs. P. D. McBride and daughter left Wednesday for their new home at Bovina, recently acquired in an exchange with J. T. Hopper. Mr. Hopper and family are already here to make their home on the McBride farm east of Floydada.

The Heart Of The West

(JNO. A. FAWVER)

O, the heart of the west,
Is the land of the best,
And it sweeps to the mountain's edge;
To the North it creeps,
To the South it teaps,
And East to the Cap-Rock's ledge
And the soil of this land
Is so precious and grand.
It's bosom is flowing with Grain
O, the heart of the West
Is the Cap-Rock's crest
Way out on the Texas Plain.

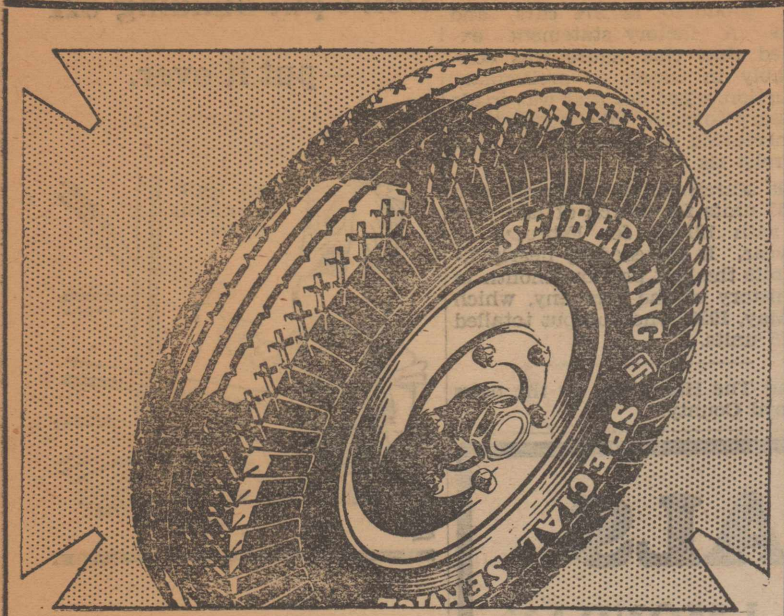

Yet a few years ago
In the evening's soft glow
The Cowboy would sing to his herd
Little dreaming of change,
To his paradise range,
The thought of it seemed so absurd;
But the man with the plows
Put an end to the cows
By turning the pasture over,
And the Rancher has learned
That the farmer he spurned
Is actually living in clover.

O, the Cotton and grain
Are aflame on the Plain
And orchards are springing in view

Soon the Apple and the Pear
Will be paying their share,
The Dairy and the Poultry too;
Big cities are coming
With industry humming;
Hark! the music of progress reigns
In the land of the best
The Heart of the West
Way out on the Texas Plains.

April Clean Up Month, Fire Marshal Declares

Many Reasons Advanced Why Clean Premises Promote Welfare of Community.

The Floydada appeal to the people of Floydada for a general clean-up during the month of April, beginning at home and spreading throughout the town, has been issued by City Fire Marshal G. R. Strickland, who declares that "a clean house seldom burns." Community upbuilding always demands a wholesome environment. All great developments depend on the general condition of surroundings and atmosphere. The Spring Clean-up Campaign has become an important medium in each year's program of civic ad-

vancement. Cities and towns have learned by valuable experience the benefit of rejuvenating surroundings every Spring, not only as a measure for improved fire protection, but for better sanitation and public health.

It is impossible to estimate the vast number of lives saved annually by a thorough clean-up of all regions where the accumulation of the winter months has developed into a menace and a producer of disease and fire danger.

From a fire standpoint it should be remembered that 66 per cent of all those burned to death were found in dwellings at least one-half of these are children under 10 years of age.

The majority of dwelling house fires have their origin in cellars, attics and closets. Experience has demonstrated the fact that periodic and systematic inspection of all

buildings for the elimination of health and fire dangers has materially improved the general outlook and safety of the community.

The time for such a Campaign in Texas is during the month of April.

Now is the time to begin and the place to center interest is at home.

Commence in the attic and remove everything that is not actually in use—waste paper, rubbish, old furniture, old clothes and refuse materials should be taken out and disposed of.

Carefully inspect each room for fire dangers that can be eliminated.

After the house and basement are in good condition, give attention to the yard or lawn. Plants and shrubs help mightily to make a home. The garage probably needs renovating.

Having completed the campaign at home, consideration should be given community as a whole.

There should be a General Clean-Up Campaign Committee. Its membership should include The Chamber of Commerce, Mayor, Fire Commissioner, Fire Chief, City Fire Marshal, The City Health Officer, The Editors and Press, Fire Insurance Agents, School Authorities and Teachers, Parent-Teacher Associations, Women's Clubs, Boy and Girl Scouts, Men's Luncheon Clubs.

Some Fire Hazards.

1. Rubbish in attic.
2. Steam pipes and radiators too near wood work.
3. Stove too close to wood work.
4. Danger signals should be on electric iron plug.
5. Unclean or defective kerosene or gas stoves can cause explosion.
6. Gas jets too near window curtains.
7. Too many outlets on one electric line.
8. Gas stoves should have metal pipe connections.
9. Matches should be kept in safe place.
10. Clothes hung too near the furnace.
11. Clothes should never be hung on electric wire.
12. Never hunt for gas leaks with open flames.
13. Electric wire to garage improperly installed.
14. No vent in garage to allow fumes to escape.

The elimination of fire hazards and maintenance of general cleanliness should be a continuous activity. Where there is trash there nearly always is disease. Disorder is accompanied by waste, danger and decay. Dirt and disorder are the greatest enemies of public health and safety.

A successful spring fire prevention clean-up campaign is a service that will benefit every locality.

A city with a low fire record is in a position to attract additional industries—a city free from fire hazards is usually a clean city, and should therefore be able to gain the favorable consideration of prospective residents, both from the standpoint of beauty and public health. The most important feature of

all is the fact that human life and property values can be conserved through the operations of well planned and diligently executed clean-up campaigns.

To housekeepers—A dwelling fire often means great danger while in progress, and the loss of priceless articles. A spring-time housecleaning will eliminate needless fire hazards.

To Merchants—Thorough inspection of all premises and the removal of packing cases, barrels, rubbish and any combustible materials that may have accumulated during the winter in store-room, basement or on the lot, would help prevent fire during the remainder of the year.

To Municipal Officials—Urge every citizen in the community to help organize and carry on an active clean-up campaign for the prevention of fire.

The Time—During the month of April—the earlier the better.

Many Advantages Cited
A spring clean-up campaign for the prevention of fire has many advantages besides the removal of fire hazards.

It increases civic pride.
It betters the general outlook.
Disease breeding conditions disappear.

The public health is improved.
Unightly vacant lots that form a home for mosquitos may be made into gardens and playgrounds which keep the children off the streets and away from danger.

We are appealing to every organization, every industrial or educational force, and every home owner to join in this, the greatest campaign that Floydada has ever known for the advancement of civic pride. If the third week in April which is suggested for the Annual Clean-up and Beautifying Campaign is not satisfactory to you, select a time as near to this as possible and report your results to our committee.

We have plenty of water and plenty of fire fighting apparatus but the fire truck might come too late to save your house. Thanking you for your co-operation.

Yours truly,
G. R. Strickland,
City Fire Marshal

WAYLAND YEAR NEARS END

Plainview, Texas, April 8.—Seven more weeks mark the close of school at Wayland College for the spring term. Dates for the graduating exercises have been set and speakers for the occasion have been secured. There will be about forty students graduated this spring. Rev. J. Pat Horton, pastor of the First Baptist Church of Plainview, has consented to preach the baccalaureate sermon on Sunday, May 19, to be held in the evening at the First Baptist Church. The senior class and student body as a whole love Rev. Horton for his loyalty and devotion for Wayland and felt this honor was justly due him.

Judge Pipkin of Amarillo has been secured to deliver the commencement address on Wednesday, May 22. He is an exceptional speaker and the class considers itself fortunate in securing the services of these two men.

ORDER FOR SCHOOL ELECTION IN COMMON SCHOOL DISTRICTS NUMBER 8 AND 24 FOR THE PURPOSE OF CONSOLIDATION.

THE STATE OF TEXAS,
County of Floyd

Whereas, on the 21st day of March, A. D. 1929, a petition was presented to me for an election to be held in Liberty Common School District No. 24 of this County, and whereas on said date a petition was presented to me for an election to be held in Sunset Consolidated Common School District No. 24 of this county, on the question of consolidating said Districts for school purposes, both of said petitions bearing the requisite number of signatures of legally qualified voters of the respective districts, and being in every respect in conformity with law; and—

It appearing that Floyd County contains a population of 9758 according to the last United States census; and—

It further appearing that Liberty Common School District No. 24 was heretofore to-wit on the 5th day of February, A. D. 1917, redefined and rebounded by the County Board of School Trustees by order which is of record in Book 1, Page 6, Minutes County Board of School Trustees, and Sunset Consolidated Common School District No. 24 was heretofore to-wit on the 4th day of May 1925, established by The County Board of School Trustees by order which is of record in Book 1, Page 58, Minutes County Board of School Trustees; and—

It further appearing that said Districts are contiguous in their territory;

Now, therefore, I, Wm. McGehee, in my official capacity as County Judge of Floyd County, Texas, do hereby order that an election be held in each of said Districts on the 20th day of April, A. D. 1929, the election in said District No. 24 to be held at Liberty School house in said District No. 24, and the election in said District No. 8, to be held at Sunset School house in said District No. 8 as said Districts were established by the respective orders here-in-above referred to, to

determine whether a majority of the legally qualified voters of each of said Districts desire that said Districts be consolidated for school purposes.

G. C. Beedy is hereby appointed presiding officer of the election to be held in Liberty Common School District No. 24, and W. F. Cook is hereby appointed presiding officer of the election to be held in Sunset Consolidated Common School District No. 8; and each of them shall select two Judges and two Clerks to assist them in holding said elections, and the said G. C. Beedy and W. F. Cook shall within five days after holding said elections, make due return thereof to the Commissioners' Court of this County as is required by law for holding a general election.

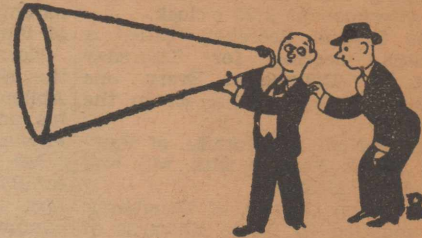

All persons who are legally qualified voters of this State and County and who are residents of the respective school districts aforesaid shall be entitled to vote at said election held in the district of which they are residents, and all voters who favor the proposed consolidation of the aforesaid districts shall have written or printed on their ballots the words:

"FOR CONSOLIDATION OF SCHOOL DISTRICT"
and those opposed to the proposed consolidation shall have written or printed on their ballots the words: "AGAINST CONSOLIDATION OF SCHOOL DISTRICT"
The Sheriff of this County shall

give notice of said elections by having this order published for four weeks prior to said elections in some newspaper of general circulation that has been continuously and regularly published for more than

one year previous to the date of this order, in Floyd County, Texas. Dated at Floydada, Texas, this 21st day of March, A. D. 1929. 54tc. Wm. McGEHEE, County Judge, Floyd County, Texas.

BLANCO CLUB

Mrs. Wright was hostess to the club Thursday afternoon, April 4. Miss Bass honored us by bringing Miss Strange to meet with our club first. We enjoyed very much having both of them. While we sincerely regret having to give Miss Bass up, we know that we're all going to love and enjoy the work with Miss Strange.

"Distinctive Dress" was the subject of our program. Several members responded to the subject for discussion and expressed some very good ideas. Miss Bass gave a demonstration on "Simple Finishes" and gave an interesting talk on dress.

Our next meeting will be with Mrs. P. E. McCarty, Thursday, May 2. "The Family and its food habits" will be the subject for this meeting. Miss Strange will be with us and give a demonstration of "How to make foods attractive."

BUSTER BROWN'S REMAINS BURIED AT LOCKNEY THURS.

The remains of Henry A. (Buster) Brown, of Cedar Hill, were laid to rest in Lockney Cemetery Thursday afternoon of last week, following his death in Wichita Falls Wednesday morning. Rev. S. G. Shields conducted the services.

The remains reached Lockney on the morning Denver train Thursday.

Deceased is survived by his wife, his mother, Mrs. D. B. Brown, and a sister, Mrs. Dozier Dillard, all living in the northeast part of the county.

He was born and reared in Floyd County, and about a week before his death was taken to Wichita Falls for treatment.

WOODMEN CIRCLES NOTES

Woodmen Circle convention is in session this week at Mineral Wells. We will learn more about the work and activities of the home for the aged members and orphan children which is under construction at Sherman from our delegate, Mrs. W. H. Hilton and sovereign W. Pennington, who are in attendance at the convention.

This grove has been active in helping furnish the home. Several quilts have been made and a generous cash donation made by sovereigns of the grove; also the trees for the avenue leading to the home. At a called meeting of the Grove on April 5, a tree was donated by Grove members in honor of their financial secretary, Mrs. J. D. Starks. This is to thank her for her many years of faithful service as secretary to this Grove, for we know that without her loyal work our Grove membership would not be as large as it is today.

Dr. W. M. Houghton also donated a tree and we wish to thank him and each Woodmen Circle member who has helped to make these donations possible.

Mrs. Jennie L. Crum, Guardian. Mrs. Lola Hilton, Reporter.

P. T. A. Pres. Speaks At Meeting Of Lions

Urges Fathers to Help Mothers in Organization to Better Schools.

Mrs. Noyes D. Smith, of Austin, president of the Parent-Teacher Organizations of Texas, was the guest of the Floydada Lions Club last Tuesday noon, and spoke to the Lions on the Parent-Teacher movement. She was accompanied by Mrs. Lon Davis.

"Eight out of every nine American men belong to some organization," Mrs. Smith told the Lions. "But few of these organizations bring the father and mother together for the welfare of their children. To bring about this co-operation on the part of the parents, is the purpose of the Parent-Teacher Association. The two thousand clubs of Texas are making an honest effort to find what is wrong, physically and morally, with our young people. A father can do no finer thing than become a member of these clubs," she said.

Following her talk, Mrs. Smith was presented with a beautiful bouquet of flowers, through the courtesy of the Hollums Floral House. Lion Boss, W. E. Patty made the presentation.

Ross Hanna, of Sand Hill, first place winner in the "My Community" contest sponsored recently by the Floydada Chamber of Commerce, was also a guest at the regular luncheon hour, and gave the speech which won for him, first place honors in the contest.

Following the entertainment program, announcements were made that the Matador Lions Club would hold their Charter Night program on Tuesday evening of next week. District Governor Sam Braswell, of Clarendon will present the Lions Charter to the newly organized club at this meeting, and members of the local club were invited to be in attendance. A large delegation of local Lions plan to attend.

PERSISTENCY PAYS, SAYS DECLAMER FOR 12 YEARS

Proof that persistency pays was demonstrated last week by Delbert Eubank, F. H. S. student who was declared the best Senior Boy Declaimer in Floyd County. Last Friday night, during the Floyd county Interscholastic meet, Eubank declaimed for his twelfth consecutive year. This year, as in several years in the past, he has been selected to represent this county in the district meet at Lubbock.

Delbert entered his first declamation contest in the year of 1917. He was six years of age at the time. This year, he is a member of the senior class of Floydada High school.

Willie B. May, student at McMurray College, Abilene, spent the week end with his parents, Mr. and Mrs. G. R. May.

BABY ALLIGATOR
Douglas Hollums recently received a small alligator from Louisiana, which now makes its home in the lily pool at the Hollums home on West Mississippi Street.

Douglas says the little alligator, less than a foot in length, is particularly fond of tad poles and earth worms.

BUYS FLOYDADA PROPERTY
J. E. Ruey this week contracted for the purchase from Mrs. N. A. Armstrong of a residence in the second block west on Mississippi Street. Mr. Ruey also bought a residence site in Block 111 this week.

E. L. Campbell also bought a building site adjoining the Riley lots and will build a home at an early date.

Two Different Reasons for using CONOCO-ETHYL BOTH OF THEM GOOD

1 To Save Wear and Tear

If you keep an accurate record of what it costs to operate your car, you'll soon realize that Conoco Ethyl Gasoline actually saves you money—despite the fact that it costs a few cents more per week than ordinary gasoline.

It saves by keeping out the knock that wears and tears the engine . . . and by producing 100% power from every drop.

There's no waste when you use Conoco Ethyl. It burns cleanly and at the right time—regardless of the compression of the motor.

Conoco Ethyl will reduce your cost per mile. Try it and convince yourself.

2 To enjoy High-Compression Performance

Lots of people don't take the trouble to figure the saving that Conoco Ethyl brings them. They use Conoco Ethyl because this super-fuel does more than merely move their cars . . . it provides a real motoring thrill by bringing out every ounce of power which the engine was designed to develop.

Instant pick-up, smooth running at all speeds, high gear performance on the steepest hills. There's a great satisfaction in driving under such conditions!

HOME BEAUTIFUL CLUB

The Home Beautiful Club met with Mrs. Bob Spence on Friday, April 5th. The meeting opened, and unfinished and new business was considered. The minutes of the preceding meeting were read. The subject of a play to be given by the members of the Club was discussed and a committee of three was appointed to select a suitable play for this purpose. The next regular meeting day, April 19th, was set aside as a special "program day." The club will meet on that day at

the home of Mrs. J. H. Lloyd. The program follows: The arrangement of a round flower bed with both large and small flowers, by Mrs. J. M. Brownlow; A discussion on Ten Perennials that thrive well in West Texas, by Miss Fay Ferguson; the names of the state flower of each State, by Miss Edna Edwards; five ways of Portraying color in the Living-room, Mrs. C. F. Lincoln; Five Practical ways of Cutting Expenses in the Grocery Bill, Mrs. J. M. Brownlow; How Often Should Cake be on the Menu? Mrs. U. E. Cook; Three

Dishes that are Meat Substitutes, Mrs. W. D. Newell; Ten authors on Whose Books Credits are Given, Mrs. E. S. Foster.

(Information on the above subjects can be found in magazines at the home of Mrs. W. D. Newell.) After the business session of the club, members made a lovely bouquet of roses which were presented to Miss Augusta Moore, who has been ill here for some time.

PLAN FUEL ASSOCIATION

The farmers of Dougherty and Dougherty territory met Thursday evening for the purpose of discussing the advisability of organizing a farmers' fuel association for Dougherty. After a discussion by all present, a committee was selected to solicit members for such an association. The committee members are: J. M. Brownlow, U. E. Cook, H. D. Bloodworth, J. C. Custer, W. B. Jones, Harry Marchel, H. L. Handley, P. J. Wilkes. This committee will make its report at the meeting to be held Friday night.

TALK ROAD SITUATION WITH COMMISSIONERS' COURT

A number of Dougherty citizens and many from the adjoining communities met Monday with the Commissioners Court to discuss the road situation in this territory. With the large wheat crop this year, it is expected that a large quantity of grain will be harvested and marketed. This fact necessitates roads to the nearest market, else there will be a loss of time and money for the farmers in hauling grain over sinuous roads. With this in mind, the Court was asked to open the new roads already granted and to grade roads that needed to be graded before the coming harvest. Those present from Dougherty and near-by communities are: W. D. Newell, W. B. Jones, F. T. Emert, J. C. Custer, L. L. Collins, Henry Edwards of Floydada, representing the Edwards Grain Elevator Co., at Dougherty, H. L. Handley, C. J. Gray and others.

BRUCE EDWARDS MARRIED

Miss Mary Francis Garner and Bruce Edwards were married in Dickens Sunday evening, much to the surprise of their friends. Both young people are residents of Dougherty and their many friends wish them much happiness.

150 REGISTERED JERSEYS

One hundred and fifty registered Jersey heifers, one and two years old were unloaded in Dougherty Monday for the Freeman Ranch. Two other cars are expected this week. Dr. W. H. Freeman is much interested in his dairy farm, one and a half miles south of Dougherty, and is sparing neither effort nor money in building up a dairy our town will be proud of.

WHEAT LOOKS GOOD

The wheat in this section of the county is looking fine. People who have lived here for years say they have never seen better prospects for a "bumper" crop. Present indications are that feed and cotton crops will also be good this year. From this standpoint Dougherty is looking forward to a year of development and growth which will far surpass its first year, which was a very poor crop year in general over the state.

Mr. and Mrs. A. L. Gresham visited relatives in Lubbock Sunday.

Mrs. R. A. Ferguson with her son, Gus made a trip to Lubbock Tuesday to visit her grandson in the sanitarium.

Mr. and Mrs. N. E. Allmand visited Mr. Allmand's mother in Oklahoma City over the week-end.

Raymond and Burl Holt, Martin Duvall, Varley Webb motored to Wichita Falls to attend the ball game between the Chicago White Sox and the Wichita Falls Spudgers.

Dougherty and Quitaque baseball teams will play in Dougherty Sunday.

Mrs. F. E. Pitt and daughter, Miss Prudence returned Tuesday from a visit with friends in Quanah.

Mr. and Mrs. Gibson of Narcisso, were guests of Mrs. Stone Monday.

ANNOUNCEMENT

The "Whirlwind Profs" and Sand Hill Champions will fight for supremacy in a volley ball game in the Andrews Ward Gymnasium Thursday night. The game will be sponsored by the Junior class to raise money for the annual class banquet. An admission of 25c will be charged.

Tahoka To Be Mecca Of South Plains April 24

People of Town Making Plans to Entertain Big Crowds at District Convention.

Tahoka, April 2.—Many letters are pouring into the office of the Tahoka Chamber of Commerce from the various Chambers of Commerce and High Schools of the South Plains stating that plans are under way for large delegations to attend the South Plains District Convention of the West Texas Chamber of Commerce here on April 24th. Lamesa has given notice that they will have their Band, Choral Club and a double quartet here. Lubbock has promised the largest delegation of any city on the South Plains and the Lubbock High School Band. Crosbyton states that they will have the high school band, the Ukelele Club and a male quartet here. Abernathy, a fast growing and thriving city has served notice that they will have a band here and will ask for the convention for 1930. Word has come unofficially that other towns are going to ask for the convention.

The people of Tahoka are making plans to entertain the largest crowd ever to attend the South Plains District Convention. Nothing will be left undone for the comfort and pleasure of the visitors on that date. A contract has been let for the decoration of every business house in Tahoka.

NEIGHBORS' ELECTIONS

Vote in the city elections at Matador was very light, with practically no interest, with three aldermen to be elected.

L. C. Harp, F. M. Eiring and H. K. Ford were elected aldermen to serve two years.

At Petersburg

E. P. Hildreth was elected mayor of Petersburg in the election last week, and Tom Davis and M. E. Shaw the commissioners to serve for the ensuing two years. They are looked upon as good business men.

The councilmen whom they succeeded were the first to serve after the incorporation of the city, and on this account there was a shortage of funds with which to work.

Childress at Lockney

In a three-cornered race at Lockney, W. R. Childress was elected mayor over T. Z. Reed, up for reelection, and Frank H. Ford. Childress received 146 votes, Reed 141, and Ford 45.

For city secretary and treasurer, Jno. C. Broyles was chosen. His vote was 166 and Snyder's 161.

H. P. Coleman, A. J. White and E. E. Dyer were elected to the council.

J. J. Frizzell was a business visitor in Floydada the latter part of last week from his home in the north part of the county.

Jas. K. Green and wife returned home from a brief vacation trip in central and southern Texas. Leaving shortly before the Easter holidays they went by way of Denton to be joined by their daughter Ethna. Thence they went to Austin for a visit with his sister and mother.

Henning Carlson who was employed at Wilson Kimble's the past year, left Saturday for Santa Ana, California, where he will have a similar position with a jewelry store there.

Does Your Cow Pay Off?

The average farm cow in this community does not produce as much milk as she should be profitable—nor does she produce as much as she could were she given proper feed and care. On many farms she is forced to shiver in the cold wind and rains through the winter and to exist on a scanty ration of grass, stalks, and weeds, with often a stagnant pool as her only source of water, and tormented with flies.

MAKE THE COW COMFORTABLE

Does not this faithful friend of mankind deserve better treatment than she gets? The first consideration should be the animal's comfort. It is not necessary to erect an expensive barn, but in winter she should have a warm box stall and in summer plenty of shade, and good, pure water. Spraying at milking time will help keep away the flies.

IT PAYS TO FEED ENOUGH

The greatest single cause of low milk yields is lack of sufficient feed and a balanced ration. It takes about one half of a cow's feed to maintain her body and if she is fed on a half ration she has nothing left to convert into milk. Many people think that the less feed they give the more profit they get, while just the opposite is true—up to the capacity of the cow.

HOW MUCH IS ENOUGH?

Under average conditions feed all the roughage the cow will eat—Cottonseed Hulls and legume hay, with or without silage. The average Jersey cow will eat from twenty to twenty five pounds of Hulls and hay, mixed, (for two roughages should be fed) per day.

Feed a grain mixture in proportion to the amount of milk produced at the rate of from two to three pounds of grain for each gallon of milk produced per day. The grain mixture should include at least two ingredients in addition to cottonseed meal, such as wheat bran and ground kaffir or maize, or barley, and should contain at least one ounce of salt per ration.

Call at this office, or phone or write us and we will be glad to furnish you with a bulletin on proper feeding of animals as well as the formulas for different rations.

For a short time only, in order to encourage the trial of products made by ourselves we are offering sacked or loose hulls and mixed hulls and meal at the following prices.

SACKED HULLS, 65c per 100 lbs.
80-20 MIXED FEED, \$1.10 per 100 Lbs.

(Ten cents per sack on all sacks returned)
LOOSE HULLS, 45c per 100 lbs.

During the months of April and May we shall maintain a feeding specialist out of our office to advise you on any feeding problem you may have.

EditorVirginia Meachum Asso. Editor.....Ruth Jenkins

RAH! RAH! FLOYDADA!

Floydada was very much elated over the result of the County meet. Again she was successful. Lockney came to Floydada with the intention of walking off with the county championship cup, but they found the ability of our contestants to be unsurpassed.

While on the verge of defeat the contestants gave more than their best until noon they were again in the lead, and Lockney did not even have a chance against Floydada's contestants. When asked why he did not run in Edmund Adams on the quarter mile run Mr. Scoggins replied: "I'm saving him to get the county cup" and with encouragement Adams helped shake Lockney's courage.

Spring is here! It is not hard to realize that spring is here, with its trees and grass, and refreshing showers. The fruit trees are in full bloom, and the shade trees are becoming green enough to make you want to lie down on the grass in their protecting shadow and sleep all day. Another thing that comes with spring is the spring-fever. The days are getting longer and warmer. This makes us sleep and we have to force ourselves to study and pay attention in class.

I am also glad that the birds are back with us to stay for the summer, and to sing for us. When I was watering my lawn the other day a big robin came to the water and drank. The first robin was followed by some other birds until

there were four of them splashing about in the water. But spring has its drawbacks also; I have to mow the lawn and cut the weeds now.

Agricultural Teams Chosen

Each year a group of teams from West Texas meets at Lubbock for a contest in Plant Production. In the preparation for this, the members of the vocational agriculture classes of Floydada High School have held a miniature contest and obtained the following winners: Raymond Palmer, Marvin Williamson, Hansel McAda. Milton Ashton was chosen as alternate. These boys will also go to A. & M. College to compete in the same contest to be held there April 22.

Another company of boys will go to Lubbock and A. & M. in the Farm Shop Contest. These boys are Martin True, Elvin Rainer, Frank Roberts, with Orvil Poore as alternate.

The High School Follies

The High School Follies, the spirit of all the classes, will be presented April 23rd. These follies consist of four one act plays given by selected members of the various classes in High School. The plays have not as yet been selected but we're sure that they will be selected soon and presented on the date mentioned.

A Picture

If you love beautiful pictures with wonderful characters portrayed against a back ground of "perpetual remembrance" I advise you to step quickly to the Wilson Studio, and hurry! You must, for the pictures are selling fast and the space around the sample picture in the window is always so crowded that you have to be on the waiting list for an hour to get even a peek at this awe inspiring troupe. The inspiration for this eulogy is the picture of the Cast of the Junior Play, "Wives to Burn."

Say fellows, can't we juniors think of some of the grandest things to do? This was the first time in the history of Floydada High that the junior class had a picture made of its annual junior class play.

Seniors Score High

The ability of the Seniors was revealed in the course of events Friday and Saturday. Just what will the high school do without high point man (senior Porterfield) next year as the contest comes on. Among the other senior contestants are: Pete Nelson and Theron Summer-ville, competent tennis players who make the senior fans rejoice in their victory in doubles. Senior orator, Delbert Eubank had victory written on his smiling countenance as he came off the stage Friday night making every Senior rave with excitement. Another of the seniors who will be missed by the future seniors is Lester Jameson, the noted senior debator. Bernice Gresham, senior essayist, brought victory and honor to the school as well as to the senior class. Winfred Newsome gave the town another idea of the ability of the seniors when he won shot and made the team with which Floydada expects to win at district. In other words, rah, rah, rah, seniors.

Distinction I'll Say

You can tell a senior by his always knowing frown,
You can tell a junior by the way he sticks around,
You can tell a freshman by his jolly ways and such,
You can tell a sophomore, but you can't tell him much.

Say Girls:

When you get a good man
You'd better get two,
'Cause you can't ever tell
What the other'n will do.

NEW TYPE MOTOR OIL ANNOUNCED BY MID-CONTINENT

In the laboratories of the Mid-Continent Petroleum Corporation refinery at Tulsa, Oklahoma, lubrication engineers and chemists have recently developed a new and improved motor oil. The change in the design of modern motors, operating as they do, at high speed with resulting higher temperatures, has made wholly inadequate, motor lubricants which a few years ago were satisfactory. To be efficient today, oils must be proof against evaporation at the high temperatures encountered in automobile motors.

To determine the suitability of lubricants for present day motors, a new test has been adopted, under which the oils are heated quickly to the extreme temperature of 760 degrees F. Upon reaching this degree of heat, calculations are made of the quantity lost by evaporation.

Repeated tests under this method have proven that this new oil is stable—that its loss is negligible and as a result it has been called DIAMOND 760 (SEVEN-SIXTY) Motor Oil. The Diamond name being applied to all Mid-Continent Petroleum Corporation products.

A. C. Jackson and wife returned Friday of last week from Byers, Texas, where they had been called by the serious illness of his father, M. V. Jackson.

SHERIFF'S SALE

THE STATE OF TEXAS
County of Floyd
NOTICE IS HEREBY GIVEN
That by virtue of a certain Order of Sale issued out of the Honorable District Court of Floyd County, on the 19th day of March 1929, by T. P. Guimarin Clerk of said Court for the sum of One Thousand Two Hundred Fifty and 71/100 Dollars and costs of suit, under a Judgment, in favor of Thurber Brick Co. in a certain cause in said Court, No. 1695 and styled Thurber Brick Co. vs. J. W. Blair et al, placed in my hands for service, I, P. G. Ste-

She Couldn't Leave House For 6 Months

"I had just about given up hope of ever being well again when I heard about Sargon. It is just wonderful what it has done for me.

MRS. J. W. MANESS

"I was in a dreadfully rundown condition as a result of stomach trouble. I became so weak I was confined to the house for six months and for four months was on a milk diet. I suffered terribly with gas and cramping pains. Awful sick headaches forced me to bed for hours at a time. I lost weight and strength and my color was unhealthful. I was so nervous that life was a misery. I simply couldn't sleep well.

"After the first few doses of Sargon my appetite returned and I eat anything I want. I don't suffer with gas or cramping pains anymore, nor do I have those dreadful headaches. My nervousness is entirely gone and I sleep just fine. Doing the housework now seems just like play compared to what it used to be. I'm rid of constipation, my color is good and I've gained six pounds.

"Sargon did more for me in a few weeks than all the other medicines and treatments put together did in years."

The above statement was made recently by Mrs. J. W. Maness, 1510 Pearson St., Houston, Texas.

Sargon may be obtained at Floydada at Floydada Drug Co., and Lockney at Stewart Drug Co.

gall as Sheriff of Floyd County,

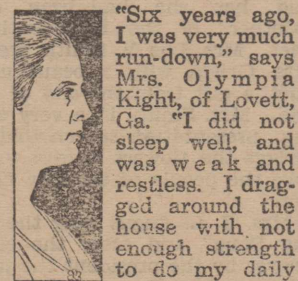

Texas, did, on the 23rd day of March 1929, levy on certain Real Estate, situated in Floyd County, Texas, described as follows, to-wit:

All of Lots Nos. 1 and 2 and 3 in Block 38, Particularly Described as Beginning at A point 240 feet North and 70 feet West of the Northwest Corner of the Ira E. Davis 80-acre Homestead Survey, Same being Northwest Corner of the R. E. Davis 80-acre Homestead survey, Same being 30 feet North and thirty feet east of the Northwest corner of Block No. 3, in the town of Lockney; Thence North 90 feet; Thence East 140 feet; Thence South 90 feet; Thence West 140 feet; and levied upon as the property of J. W. Blair, J. N. Jordan, H. B. Jordan and W. M. Hale and that on the first Tuesday in May, 1929, the same being the 7th day of said month, at the Court House door of Floyd County, in the State of Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Order of Sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said J. W. Blair, J. N. Jordan, H. B. Jordan and W. M. Hale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Floyd County Hesperian, a newspaper published in Floyd County.

Witness my hand, this 23rd day of March 1929.
P. G. STEGALL,
Sheriff Floyd County, Texas.

Badly Run-Down

"Six years ago, I was very much run-down," says Mrs. Olympia Kight, of Lovett, Ga. "I did not sleep well, and was weak and restless. I dragged around the house with not enough strength to do my daily tasks. I worried a lot, and this disturbed state of mind reacted on my health."

"I had often read of Gardui, so I thought I would try it. I soon began to improve after I had taken Gardui for a while.

"It was astonishing how much I picked up. I slept better; my appetite improved, and that awful dragging-down feeling left me. I was so much better that I continued taking Gardui until I felt perfectly well."

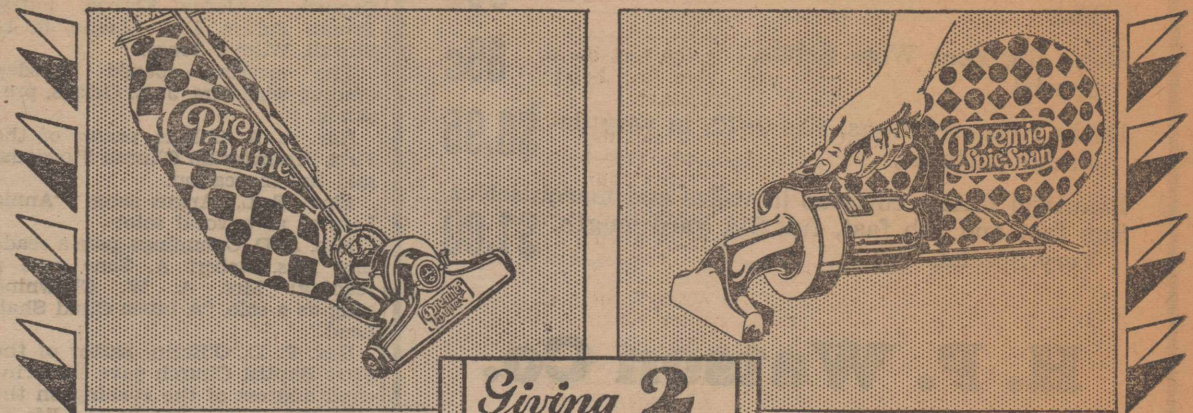

Gardui has been used by women for over 50 years. For sale by all druggists.

this Extra Electric Cleaner

Giving 2 cleaners for the price of one

HERE'S an easier, faster way to clean... without the use of a single attachment. Two electric cleaners—both for the price of one. A big Premier cleaner for the rugs and carpets—and a handy cleaner, the Spic-Span, for lighter tasks.

It cleans faster and better because it gets its nose close to the dust and dirt. You can plug it into any electric socket and clean mattresses, clothes, stairways, upholstery, automobiles, nooks and crannies everywhere.

Free Demonstration

Why use a big cleaner for little cleaning jobs? With the Premier little cleaner idea, you can cut your housecleaning hours in half. For, as soon as you're finished with the big cleaner, you drop it and pick up the Spic-Span. No lost motion—no unnecessary strain.

The Spic-Span may be purchased separately for \$14.50... or in one of the following combinations. Phone or visit us today and arrange for a private demonstration. No obligation.

The Spic-Span given in place of attachments

The Premier Spic-Span is the result of years of research. It retains all the superiorities of the big Premiers... super-suction, ball-bearings—no oiling! Weighing only four pounds, the Spic-Span can be taken from task to task without waste of time or steps.

DIAMOND 760 MOTOR OIL

MOTORS may run hot. They do. But no motor is too hot for DIAMOND "SEVEN-SIXTY" because this oil is tested at 760° F. to insure a wide margin of safety for the working parts of even the new high speed, high compression motors. Even at 760° DIAMOND "SEVEN-SIXTY" is safe. It retains its body—keeps on lubricating. Evaporation loss is negligible.

It is a 100% heat resistant oil. DIAMOND "SEVEN-SIXTY" is the first oil on the market of its kind—the first lubricant built especially to withstand high temperatures. 100% paraffin base too!

A trial will prove to you that DIAMOND "SEVEN-SIXTY" is a different... a better... lubricant. It will give you a new degree of satisfactory motor performance... of safety... of economy. Try it.

"Where Your Dollars Have More Cents"

Mother's Congress

(Continued from page one)

Rev. G. B. Schmid, Pastor First Christian Church Floydada, said the invocation.

Community singing was led by Mrs. E. L. Angus.

Miss Mae Murphy, County Superintendent of Schools Lubbock County and Mrs. J. I. Kendrick, fourth vice-president Texas Congress of Mothers and Parent-Teacher Associations, who were to have appeared on the program were unable to attend and short talks were given instead by Mrs. J. L. Griggs and Miss Jennie Osborne, Home Demonstration Agent of Spur.

1922 Study Club members were hostesses at a reception honoring officers, delegates and visitors Tuesday afternoon from 4:30 to 6 o'clock at the home of Mrs. O. P. Rutledge. Pink was the chosen color scheme and tall baskets filled with peach blossoms were used to make the beautiful Rutledge home more attractive. Corsages of pink sweet

peas were worn by the ladies in the receiving line.

Heading the receiving line was Mrs. George A. Linder, president of the club, followed by Mrs. O. P. Rutledge, Mrs. J. E. Griggs, District president, Lubbock; Mrs. M. E. Smith, third vice-president, Lubbock; Mrs. J. W. McCoach, fifth vice president, Snyder; Mrs. Lester La Grange, sixth vice-president, Amherst; Mrs. G. T. Scales, district chairman of publicity, Lubbock; Mrs. George Smith, Mrs. Wilson Kimble, Mrs. Edd Johnson, Mrs. J. C. Gilliam, Mrs. C. H. Davis, Mrs. J. B. Jenkins, Mrs. R. E. Fry, Mrs. E. L. Angus, Mrs. Lon V. Smith and Mrs. W. C. Griggsby, Floydada.

Refreshments carried out the idea of the pink rose in cream mold, mints, ribbon sandwiches, salad and punch. Intelligence tests were given as play favors.

Maxine Fry, Venita Borum, Ruth Rutledge, Virginia Grigsby, Ruth Jenkins, Gwendolyn Snodgrass, Selma Louise Linder, Jean Bain and Mary Anne Kimble served refreshments.

Marilynn Fry and Jessie Bell

Massie opened the door as the guests arrived.

The refreshment committee was composed of Mrs. W. I. Cannaday, Mrs. J. U. Borum and Mrs. L. C. McDonald. Others who assisted in entertaining were: Mrs. I. W. Hicks, Mrs. Kenneth Bain and Mrs. O. T. Williams.

Music which contributed much to the success of the occasion was furnished by A. L. Lundgren, Mrs. A. D. Cummings and Mrs. E. C. Thomas.

Upon arriving at the home guests were assisted in parking their cars and escorted to the door by a committee of boy scouts composed of Samuel Rutledge, Elwood Patty, Ernum Borum, Doc. Massie, R. L. Stovall, Wilmer Jones.

The meeting opened Tuesday evening with Mrs. J. E. Griggs presiding.

Rev. A. A. Collins, pastor of the First Presbyterian Church Floydada, said the invocation.

Mrs. E. L. Angus sang, "Annie Laurie" as a vocal solo.

Mrs. A. D. Cummings gave a reading; Mrs. Robert A. Sone gave a reading; Mrs. A. W. Chowning sang as a solo, "A Little Child Shall Lead."

Rev. P. D. O'Brien, pastor of the First Baptist Church gave the principal address of the evening on the part the church has in the life of a child. Rev. O'Brien said it was very important to have competent teachers in the Sunday Schools since they had the first training of children, even before kindergarten.

Tree Planting Wednesday

Planting of the tree at the East Ward School Wednesday morning was one of the most impressive services of the meeting when Mrs. A. N. Gamble christened it as, Griggs; honoring the first president of the fourteenth district.

Mrs. Lester La Grange, sixth vice-president presided.

"Significance of the National Emblem" was given by Mrs. J. E. Griggs.

Mrs. A. W. Chowning sang the "Tree Song."

Soil was deposited around the tree by district officers, Mrs. Leon Noel, Ralls; Mrs. Lester La Grange, Amherst; and Mrs. George Smith, Floydada; Mrs. J. E. Griggs, president and Mrs. F. C. Broyles, Sudan and Mrs. W. A. Bell, of Brownfield.

In christening the tree Mrs. Gamble said: "In the christening of this tree I come to present to you some of the fruits of the life of this wonderful woman for whom this tree is dedicated. Her life is well known, her usefulness has impressed itself upon us, who at this time have met for the purpose of honoring her name. The principles for which she stands, when studied becomes a part of each of us and enriches our own lives and personalities, and looking upon this tree our minds and hearts will be drawn to the great principles for which she stands and we will live to teach them to others.

"As we watch the growth and development of this tree, may it be a vision to us as it is an honor to her.

"Mrs. Griggs is, a mother indeed and in truth, she not only is a mother that has given to the world children that are a blessing to our own country, but far away Switzerland. She is now serving as president to our great Mother's Congress. May this our tree, which we christen, Griggs, with pure

plains water ever mother with its beautiful branches the childhood and future generations of Floydada."

Mrs. A. H. Thornton, principal of the East Ward School accepted the tree.

W. E. Patty, superintendent of the Floydada Public Schools pronounced the benediction.

Bouquet of pansies were presented to the district officers taking part in the christening of the tree and also to Mrs. C. R. Houston, president of the East Ward Parent-Teacher Association.

Lubbock Educators Talk
After the planting of the tree the assembly went to the Methodist church where the remainder of the morning session was held with Mrs. Griggs presiding.

Mrs. John L. West gave the invocation.

Vocal Solo, "I don't want a baby sister" was given by Virginia Belle Gamble.

Dr. A. W. Evans, Department of Education, Texas Technological College made a splendid address on "Pre-School and Parental Education." Dr. Evans said he thought it was the wrong idea to wait until a child had reached seven years old and had already formed a number of bad habits before beginning to teach him. He endorsed the nursery schools, kindergarten schools and the age of six years for a child to begin school proper. "Even before entering any of these schools they must have had the proper training at home. And this training cannot be given the child by ignorant parents and parents do not know by instinct how to rear children they must study the problems," Dr. Evans said.

M. H. Duncan, Superintendent of Schools, Lubbock, made a talk using for his subject "How to Attain the Seven Objectives in Education." We are one hundred percent citizens when we practice every day the things we should do. We learn in order to remove defects. When a student reads a beautiful piece of literature, receives a noble impulse and refuses to act he is worse off for having read the literature. That is the reason for so much gross immorality among artists, they receive the impulse in the right direction but refuse to act. We must be doers and not hearers. Information does not become knowledge until it is lived and students will be interested in school when they solve the problems of life and when they get that viewpoint of school and that school is not a place to cram a little more useless information. There is only one way to educate, that is by life, through life, for life." Mr. Duncan closed by saying the Bible should be every teacher's guiding light.

W. B. Carter with the United States Bureau of Census, Washington, D. C. made a short talk and asked for the co-operation of the Mothers Congress and Parent-Teacher Association in helping the sadly neglected birth registration situation in Texas saying that there are 50,000 births in Texas each year that are not recorded.

Mrs. J. L. Griggs made a report of the endowment fund saying it was begun with \$10,000 and was now \$25,000 and it was her hope that it would soon reach \$50,000. Mrs. John L. West read a report of work being done to secure help for families of prisoners.

Miss Myrtle Murray, District Home Demonstration Agent, College Station gave a very interesting talk on demonstration work and the importance of diet.

Progressive Luncheon
At 12 o'clock visitors and delegates were guests of the Floydada business men at a progressive luncheon at the homes of Mrs. Jeff Welborn, Mrs. W. A. Baker, Mrs. John Farris, Mrs. Edd Brown and Mrs. Carr Surginer.

Following the luncheon the birthday cake was cut and served to all of the visitors and delegates. The cake was decorated with thirty-nine candles, symbolic of the number of years the National Mothers' Congress has been organized. Mrs. Griggs cut the first slice of cake followed by Mrs. George Smith, Mrs. Lester La Grange and Mrs. Leon Noel. Mrs. Griggs expressed thanks to Mrs. C. R. Houston and Mrs. M. F. Husky, who made the cake.

Mrs. Lon Davis read the credentials for Mrs. W. A. Bell, Brownfield.

Mrs. Leon Noel of Ralls, upon behalf of the association presented Mrs. Griggs with a beautiful "Mother" motto and in a few fitting words told her she had been named "Mother" of the Fourteenth District. Mrs. Lon V. Smith presented Mrs. Griggs with a beautiful bouquet, a gift from the city of Floydada. Mrs. Smith, in a very charming presentation speech told Mrs. Griggs the flowers were a token of love the people of the city held for her.

Mrs. E. L. Angus sang the "Parting Song" and after the congress prayer by the president the meeting adjourned.

Resolutions are Adopted
Resolutions as read by Mrs. John R. Dean, Sudan, chairman of the committee are as follows: We your committee on resolutions submit the following for the first Annual Convention of the Fourteenth Texas Congress of Mothers and Parent-Teacher Association:

Be it resolved that this convention adopt the resolutions for the 1928 State Congress as published in the January Parent-Teacher.

Be it further resolved that this body thank the P. T. A. of Floydada and Baptist people for the use of their churches in this convention, the city and schools for their cordial welcome, the Home Demonstration Clubs for their co-operation and that special mention be made of the boy scouts assistance and the Camp Fire Girls' loyalty and help.

Be it further resolved that our good will and appreciation together with our thanks be extended to the citizens who so kindly opened to us their homes and provided transportation throughout the entire convention. That we take this opportunity for thanking the Lockney P. T. A., together with the 1922

Study Club, the Four Leaf Clover Clubs and the business men of Floydada for the lovely teas and luncheons while we were in Floydada.

Be it further resolved that our thanks be given to the local talent for the music and other entertainment furnished, especially the juniors band.

Be it further resolved that a copy of these resolutions be given to the press and that the secretary of this body be instructed to incorporate the same in the proceedings of this convention.

Poultry Thieves Busy Sheriff Stegall Warns

Asks Co-Operation of Poultry Owners and Operators of Poultry Stations.

Asking co-operation in an effort to cope with what he terms "almost an epidemic" of poultry thefts in Floyd County, Sheriff P. G. Stegall this week gave warning to poultry owners that poultry thieves are operating over a large number of counties in this vicinity and are not over-looking Floyd County farms in their dirty work.

Owners of stations where poultry is brought from the public can be of great help to his department in curbing the poultry thieves, Sheriff Stegall thinks, and he makes the further suggestion that owners of flocks of poultry should be on the alert. "It is not only in Floyd County that these thieves are operating," he said, "but in practically every county, if not all of them in this territory." Modern transportation methods make it possible for a thief to rob a Hall County farm of its chickens in the night and, for instance, have them on a Floyd County market the next morning.

A number of farmers are members of the Anti-Poultry Theft Association and have their flocks marked. This, however, is not as general over the county as it is desired.

ANTI-THEFT MEETING

Notice is hereby given of the Annual meeting of the Anti-Theft Association which will be held Tuesday afternoon, April 16 at 2:30 o'clock at the Court House in the Sheriff's office.

We urge all regular members and especially the executive council to be present. A general business session will be held.

R. E. L. Muncy, President.

SHOWERS OF RAIN

While local heavy rains were reported over west Texas at points as widely distant as Wichita Falls and San Angelo the latter part of last week, Floyd County had two light rains, one of them measuring a half inch at Floydada, but not that heavy over the county generally.

SEES BABE SMACK ONE OVER THE FENCE AT STEER PARK

Gin men of Floyd County, who attended the Ginners' Convention in Dallas last week, had the opportunity of seeing Babe Ruth in action on the baseball diamond at Steer Park.

Babe connected with one and poked it out of the park. G. T. Assiter, who was among the 15,000 crowded into the baseball diamond, said Ruth appeared to be sluggish on his feet but still had the power behind that left-handed chop at the ball when it gets in the neighborhood of the plate.

FYFFE WILL DEMONSTRATE NEW "DO-ALL" TRACTOR

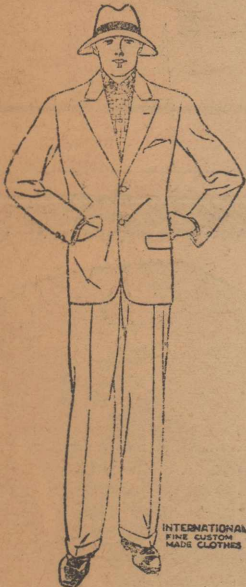

The new Rumely "Do-All" tillage tractor, and tillage tools will be demonstrated next Saturday, by D. W. Fyffe, local Rumely dealer, it was announced this week. The demonstration will be held one mile east of the town section, on the Matador Highway, it was said.

Rock Island tractors, Sanders cylinder plows and other tillage tools will also be demonstrated. The hours for the demonstration will be from 10 a. m. to 6 p. m.

AUTO, TRUCK REGISTRATION NEAR THREE THOUSAND MARK

Auto and truck registrations in Floyd County are nearing the 3,000 mark for 1929, figures for Tuesday, as given by Thurmon Hamilton, in charge of the motor vehicle registration window in Sheriff Stegall's office, being 2810 automobiles and 430 trucks.

H. P. Watson spent the first of this week in Fort Worth and Dallas on business.

Quality and Price--

Yes, but don't forget tire service

The kind of a tire you get and the price you pay for it are two very important things—but don't forget SERVICE.

Mounting and dismounting tires, changing them around. Inspecting them for cuts and other injuries. Checking wheel alignment. Removing rust from rims. Free air—these and other kinds of service we are always glad to render are of utmost importance and have a lot to do with final performance and cost of your tires.

It's mighty nice to have a dependable place to go to when anything happens to your tires.

When you buy a Goodyear All-Weather or a Goodyear Pathfinder from us you've established a tire home for life.
