The family of a 26-year-old Snyder woman who died from injuries sustained in an April 17 collision nine miles north of Snyder has filed a \$14 million lawsuit in 132nd District Court.

Plaintiffs in the suit are John Bloom, husband of Kelly Bloom, and the couple's three-year-old son, Tanner. Other plaintiffs are Mrs. Bloom's parents, Mr. and Mrs. Jessie C. Tolbert of Snyder.

Defendants are Ajax Construction Company and its sub-contractor, Anheco Construction Co., and the driver

of the gravel truck, 31-year-old Terry L. Burns.

The suit seeks \$3 million in damages for the minor child, \$2 million for the husband and \$1 million each for the surviving parents. The suit, filed by Lubbock attorney Forrest Bowers, seeks another \$7 million in exemplary and punitive damages.

The suit claims the driver was negligent in operation of the truck by speeding and by failing to observe a stop sign at the intersection of a county road and FM 1611.

The suit claims further negligence on the part of the

two trucking firms for allowing Burns to operate the gravel truck. Burns was charged with involuntary manslaughter and has been in Scurry County Jail with bond set at \$25,000. He was indicted by a county grand jury on May 7.

Mrs. Bloom was the driver of a southbound pickup on FM 1611 when it was struck broadside by the gravel truck driven by Burns. The truck was hauling gravel to the Clairemont Highway construction project.

Mrs. Bloom died the following day in St. Mary of the Plains Hospital from massive head injuries.

Pool set to open Saturday at 1 p.m.

Towle Park pool — expected to be closed this summer until a group of concerned citizens lobbied for its opening — will welcome its first swimmers this Saturday.

The pool will be open daily, including Sundays, from 1 p.m. to 6 p.m. for 11 weeks. On Saturdays, the pool will also open from 7 p.m. to 9:30 p.m. for "Family Night."

Admission fees are \$1 for children age 12 and under, \$1.50 for teenagers 13 to 17, and \$2 for those age 18 and older.

Admission to "Family Night" on Saturdays will be \$4 per family. The ticket price includes immediate family members only.

Pool manager Mike Harrison stressed that no floats will be allowed this year and that non-swimmers must be accompanied by an adult. Certified lifeguards will be on duty at all times.

He also noted that the diving boards and slides have been removed, to cut down on insurance costs.

The pool area will include a concession stand, as usual.

Harrison said that special events are being planned at the pool, and will be announced at a later date.

Last fall, county commissioners had decided not to open the pool this summer, due to budget considerations. The county estimated that the pool had operated at a \$17,000 deficit. However, after several recent meetings with an ad hoc committee, the court agreed to open the pool.

A 76-year-old Snyder man was pronounced dead shortly after 10 a.m. Friday from a self-inflicted gunshot wound to the head.

He was pronounced dead at the scene by Justice of the Peace Dan Callaway.

Decatur one-act woes similar to those facing local district

DECATUR (Special) — A drama teacher in the Decatur school system has been suspended for one year by the University Interscholastic League, and the Decatur school board is in the process of conducting termination hearings as a result of the teacher's violation of one-act play rules.

Jana Woodruff, a fifth-year teacher, used substitute students in district competition who were not on an approved substitute list. One student, her 8th grade son, and a high school student were entered under names that were on the approved list.

Students originally scheduled

to participate missed dress rehearsal, and the teacher would not allow them to participate in the district meet.

As result of the violation, the district committee ruled Decatur ineligible and sent the case to the UIL's state executive committee. The committee suspended the teacher from participation in extracurricular activities for one year and gave her an additional year of probation.

The entire school district was placed on probation for one year. The two students were placed on probation for one year and the high school student was suspended from marching with the high

school band for the first two football games of the season.

The school district, high school student and drama teacher each received a public reprimand.

Snyder High School's case before the UIL State Executive Committee is set for 10 a.m. Tuesday at Red Lion Inn on North I-35.

The Texas Education Agency ruled on May 23 that Snyder's (see PLAY, page 8)

Two schools will gain state funds

A school financing bill passed by the Texas Legislature and signed into law Thursday by Gov. Bill Clements will mean additional state money for two of Scurry County's three school districts.

Snyder ISD will receive \$293,839 in additional state assistance while Hermleigh will receive \$75,708 for 1990-91.

Ira will receive no additional money because the bill included a first-year hold-harmless clause. In later years, Ira's state aid will actually decrease.

The bill, designed to meet court-ordered equalization of financing education, will be funded by an additional quarter-cent sales tax, plus additional taxes on tobacco and mixed drinks.

First funding hurdle is cleared for collider

WASHINGTON (AP) — The superconducting super collider should have little problem getting full funding from the House appropriations committee, said the Texas congressman who steered its passage through a subcommittee.

But Rep. Jim Chapman warned Thursday that the 1991 funding process for the collider is just getting started.

"We're dealing with a tight budget," Chapman said after the energy and water development panel of the House appropriations committee unanimously approved \$318 million for the atom

smasher.

"We also realize that, beyond this markup and the passage of the appropriations bill, the budget summit may come in and change some of these numbers," said Chapman, D-Sulphur Springs.

The super collider is part of a bill appropriating \$20.9 billion for energy and water projects in 1991. It will be taken up next week by the full appropriations committee, Chapman said, and will likely reach the House floor later this month.

Longtime librarian retires at year's end

Elizabeth Wilson, who served as the librarian for both North and Northeast Elementary Schools for the past four years, retired at the end of the 1989-90 school year.

She was also the librarian at West Elementary for two years.

She served as a librarian for 22 years and as a third grade teacher for 19 years.

Wilson also taught in Colorado City, Mineral Wells, McCamey, Monahans and Big Spring before moving to Snyder in 1970.

She has a bachelor's degree from Texas Tech University in business administration, a masters in education from Hardin-Simmons University in Abilene and a masters in library science from East Texas State University.

Wilson said it took her a while "to make up her mind that she wanted to be a teacher," and after 19 years she decided to "do something different" so she became a librarian.

She said she has no specific plans now that she is retired, but she intends to "take it easy" and enjoy herself since most of her life she has either worked or gone to school.

Her husband, Truman, a Snyder native, is retired from the now-closed Southwestern Brick.

She has four step-children.

Up in the Panhandle city of Hereford, Editor Speedy Nieman says he has a coffee-drinking chum who paid \$500 to attend a business seminar on how to detect and deal with fraud.

There was just one catch. The guy he paid the money to never showed up.

Mike Nichols, writing in the Fort Worth Star-Telegram, says there are several with his name in the Cowtown telephone book although he has never met any of them.

"Through the years I have suspected that these other Mike Nichols live a fuller life than I." This

was confirmed by a recent telephone call from a friendly friend of some other Mike Nichols.

The caller said, "Hi Mikey. It's Monique. Can you guess what I'm doing right now?"

When he didn't have a clue, she told him in some detail. "My hair began to sweat," Nichols said the young lady hung up quickly after she didn't recognize his heavy breathing.

The above reminded me of an old college friend who got the advice that he would have to pay for his sins. In desperation, he got a second job.

Army mishap

FORT SILL, Okla. (AP) — Military officials say three soldiers remain in fair condition today following a training accident that killed one soldier and injured five others.

The dead soldier has been identified as Pfc. Milton L. Stewart III, 20, of Sinton, Texas.

Those hospitalized in fair condition were Spec. Dwight E. Shuck, 21, of Whittier, Calif.; Spec. Luke A. Roland, 25, of Hempstead, N.Y.; and Pfc. Stephen M. Kistler, 21, of Coppell, Texas.

Treated and released were Pvt. 1 Ritchie J. Hays, 19, of Lexington, Ky., and Pvt. 2 Wade L. Towne, 21, of Spokane, Wash.

Investigators are still trying to determine how the 5-ton Army truck overturned during the routine training exercise on Wednesday. The accident happened about 3 p.m. on the post's west range.

Bush & Kohl

DES MOINES, Iowa (AP) — President Bush, shifting from two days of politicking back to international diplomacy, is consulting with West German Chancellor Helmut Kohl on U.S.-Soviet differences over a reunited Germany.

Bush returns from a Midwestern trip to host Kohl tonight for dinner at the White House.

He planned to brief Kohl on last week's superpower summit, during which Bush and Soviet President Mikhail S. Gorbachev disagreed on which alliance a reunified Germany will join.

Bush had consulted closely with Kohl by telephone before and during the summit talks, which ended without agreement on whether Germany will belong to the North Atlantic Treaty Organization or the Soviet-allied Warsaw Pact.

Dry conditions, population surge create water shortage

PRESIDIO, Texas (AP) — Residents in this sweltering border city are almost ready to perform rain dances to help keep the water tables from drying up after a fourth consecutive year of drought-like conditions.

"We haven't had good rain in two, three years and the water table is very low," Rosendo Hernandez, water and sewer superintendent in Presidio, said Thursday. "We should average between 6 to 8 inches each year, but for the last two years we maybe got 4 inches."

"Some of the creeks that normally flow down here and recharge our water table haven't flowed in two, three years, either."

The extremely dry conditions coupled with an increasing population have residents fearing a water shortage before the end of the summer.

"Unless we get some good rains before now and August, we will be in a real bind," Hernandez said. "We don't usually get rain this time of year so I don't anticipate things getting any better."

"It hasn't dropped below 100 degrees here for the past two weeks."

Bob Anderson, Presidio's mayor, said the city's population has grown from 2,110 in 1980 to about 4,000 today. And he predicted that total could reach 10,000 by the year 2000.

"Most of that increase, we believe, is due to the amnesty

Lawmakers will not get expenses increase

AUSTIN (AP) — House Speaker Gib Lewis blamed the media for blowing out of proportion stories about lobbyists spending on lawmakers after a proposal to raise legislators' expenses failed.

The Legislature adjourned its record sixth special legislative session Thursday after having passed a \$528 million education bill and \$100 million bailout of social services, in addition to a number of other measures.

Lewis, D-Fort Worth, said he was disappointed the Senate refused to consider a proposed constitutional amendment to increase legislators' daily expenses from \$30 to \$70 while the Legislature is in session.

But he said he wasn't surprised "after some of the stories written by you all in the morning paper."

The House passed the constitutional amendment Wednesday at the same time legislative leaders said efforts to change

allowed under the Immigration and Reform Control Act of 1986 for those who could prove that they had worked in the United States since 1982," he said.

The town's well produces about 700,000 gallons per day, he said.

"But we had about 100 new customers added since last summer and, as of May 30, the town is using 667,000 gallons a day. We are at our limit," he said.

campaign finance and lobbyist spending laws had failed.

"When you guys take off after something what you've done is probably put the brakes on some of these things. No one likes to feel that you've been pushed in a corner," Lewis told reporters.

Thyroid cancer has good prognosis

By Peter H. Gott, M.D.

DEAR DR. GOTT: My 30-year-old husband has recently been diagnosed with papillary thyroid cancer. Can you provide facts on cause, procedures and prognosis?

DEAR READER: Papillary carcinoma is the most common thyroid malignancy, constituting about 65 percent of all thyroid cancers. The cause is unknown, but it is frequently associated with a history of radiation exposure (such as X-ray treatments that were popular years ago for acne therapy). The tumor often affects young people (under 40 years) and is more common in women. The cancer appears to be less malignant in younger patients than in the elderly.

Treatment consists of surgical removal of the malignancy, followed by thyroid suppression, meaning synthetic thyroid hormone is used to deactivate the thyroid gland, thereby suppressing any natural production of

thyroid hormone. This combined therapy is almost always effective. With modern treatment, your husband has a favorable prognosis.

DEAR DR. GOTT: Can you tell me what apnea is, and what causes it? My 57-year-old son has been diagnosed with it. Is this inherited?

DEAR READER: Apnea, the absence of breathing, is a symptom, not a disease. In adults, apnea is usually associated with death or near-death, such as drowning, choking on a foreign object or massive injury. If patients with apnea are to survive, they must be given assisted ventilation — either with mouth-to-mouth resuscitation or with a breathing device. Apnea lasting more than three minutes causes permanent and severe brain damage because brain cells are deprived of oxygen.

The single exception to the above comments is obstructive sleep apnea, a reversible condition that affects some children and adults. Infants with underdeveloped nervous systems sometimes stop breathing in their sleep because the normal respiratory stimulus, excess amounts of carbon dioxide in the blood, fails to trigger the breathing reflex. This abnormality is believed to be a common cause of the tragedy called "crib death."

Sleep apnea in adults occurs most frequently in the presence of obesity. Overweight patients occasionally stop breathing for several seconds or longer, then choke or awaken startled and gasping.

The condition can sometimes lead to heart irregularities but, by and large, it does not present a serious threat. On occasion, patients with sleep apnea appear to suffer from congenital narrowing of their upper airways. Therefore, these patients should have examinations by ear-nose-and-throat specialists.

The condition is not inherited. In the event your son has a weight problem that contributes to his sleep apnea, I am sending you a free copy of my Health Report "Winning The Battle Of The Bulge." Other readers who would like a copy should send \$1.25 with their name and address to P.O. Box 91369, Cleveland, OH 44101-3369. Be sure to mention the title.

Dukakis meets with Mitsotakis

BOSTON (AP) — Gov. Michael S. Dukakis relished his heritage but took a few lessons on the fortunes of politics when he met with Greek Premier Constantine Mitsotakis.

"This is a visit we will treasure," Dukakis, a Greek-American, said Thursday.

Mitsotakis, who called the governor a "personal friend," tried to offer Dukakis some solace regarding his failed bid for the presidency.

"Yes, it is true politics have ups and downs," Mitsotakis said through an interpreter. "The circle goes up and down and changes winds."

Dukakis met privately with the Greek premier, who had met with President Bush at the White House earlier in the week, and then was host of a Statehouse reception for him.

YOU DON'T HAVE TO CHOOSE BETWEEN QUALITY & AFFORDABILITY. YOU CAN HAVE BOTH

FACT

We are the only roofing company in West Texas that buys their asphalt in 6,000 gallon semi tankers.

We buy our asphalt directly from the asphalt plant, not from a distributor or middle man.

We use special polyester felt that is many times stronger than conventional paper or fiberglass felt.

We have been installing these type of high performance roofing systems longer than anybody in Texas.

BENEFIT

Every other roofer in this area buys their asphalt in small kegs. Kegs are harder to use, and much costlier.

You get a much higher grade of asphalt on your roof at a very good price.

Our roofs will last longer, and stand up to hail better than conventional hot roofs.

You get the benefit of very experienced crews; no experimenting on your roof.

IS NEW SHIELD REALLY THAT MUCH BETTER?

CAPRICORN (Dec. 22-Jan. 19) Your motivation will be the major factor in determining your success or failure today. If you attempt to do something out of spite, it could have dire results.

AQUARIUS (Jan. 20-Feb. 18) Problems with which you may have to contend today are likely to be of your own making. Try not to make life tougher on yourself than it actually is.

PISCES (Feb. 20-March 20) Be very careful today that you do not make pledges or commitments which could severely tax your resources when you attempt to honor them. Be realistic regarding your financial position.

ARIES (March 21-April 19) In pursuing your ambitious objectives today you must be extremely careful not to offend associates in the process. If you handle things improperly, you could make a permanent enemy.

TAURUS (April 20-May 20) Self-esteem is essential today, so have respect for your own positive attributes. If you have a low estimation of yourself, you might behave in ways to be proven right.

Penny meters paying off big for city

JASPER, Texas (AP) — If a group of Jasper architects get their way, restoration of the courthouse square won't have to cost this Southeast Texas city a pretty penny.

The Texas Historical Commission architects want to use the old 1-cent parking meters on the city's courthouse square to collect donations that would be used to revamp the older section of town near the courthouse.

The city would no longer enforce the meters with the threat of tickets, but would label them with signs asking drivers to slip in some coins as a donation. And some say the small change could pay off big for the city.

But the plan still must be approved by City Council.

High cover charge

By James Jacoby

Yesterday we saw an unusual play by the second hand. Today we see an unusual play by third hand. The basic rule is for third hand to play the highest card that may win the trick, but there are exceptions. Against one no-trump West led a low club. Declarer put up the jack from dummy. See what happens if East puts on the queen. South will take the king and then play A-K and a diamond. Whatever happens from that point, declarer cannot be prevented from taking seven tricks. Yes, the defenders can take four spade tricks and the ace of clubs, but then they must either lead hearts for declarer or give up a trick to the club-spot in dummy.

But East was both a good psychologist and a good defender. He knew that South would not be so blithely playing that club jack from dummy unless he wanted the queen to cover. So East played low, at the same time signaling encouragement with the club six. Declarer played out the A-K of diamonds and a diamond to West's queen, East discarding the two of hearts on the third diamond. West played ace of clubs, dropping declarer's king, and the defenders then ran two more club tricks. Realizing that East's discard of the two of hearts implied interest in spades, West played the spade ace and another. So the defenders took four more tricks in spades to set the contract two tricks.

Trail Blazers nudge Pistons

Portland hangs on for 106-105 OT victory in NBA Finals

AUBURN HILLS, Mich. (AP) — Imagine how the pressure-proof Portland Trail Blazers will do when they get to THEIR home.

Neither a hooting, hostile crowd, nor Bill Laimbeer's 3-point binge could shake them Thursday night. They tied the NBA Finals 1-1 with a 106-105 comeback win in overtime on Detroit's court.

Andrews falls...

State baseball games decided

AUSTIN (AP) — While the pitching duel between two of the nation's top schoolboy pitchers was getting most of the attention a pitcher from Freer in the South Texas brush country was getting the strikeouts on his way to the first no-hitter Class 3A state tournament history.

Freer's Juan Espinoza pitched the Buckaroos to a 2-0 victory over Abilene Wylie Thursday night while Duncanville's Todd Ritchie and Arlington Martin's Todd Von Poppel were dueling in a game won by Duncanville, 1-0, at the 42nd University Interscholastic League State Baseball Tournament.

Espinoza struck out 16 batters to tie a record set by Arthur Rhodes of Waco LaVega in 1988.

Freer, 27-3, will face Southlake Carroll, 21-6, in the 3A final. Carroll edged Orangefield 4-3 in the other semifinal.

Ritchie, 15-1, won the battle of the Todds as Duncanville scored the only run of the game on a seventh inning error to knock off Van Poppel and Arlington Martin 1-0. Both Ritchie and Van Poppel were masterful in their performances as both went the distance.

Robstown edged A&M Consolidated 7-6, and Carthage defeated Andrews 7-1 in the 4A semifinals.

Robstown lost a five-run lead then rallied on a two-out, two-run single by Domingo Garza in the

bottom of the last inning for its victory. Trailing 5-0 after three innings, A&M Consolidated scored three runs in the fourth on a two-run triple by Andy Deuel, who scored on a groundout.

The winning pitcher was J.J. Velasquez, 13-3, who pitched two outs. The loser was Ray Kavanaugh, 4-2, who had shut out Robstown for four innings before Garza's winning hit.

Carthage won on a three-hit pitching effort by Robin Trimble, who also drove in two runs on a groundout and single.

Trimble pushed his season record to 16-0, striking out seven and walking seven.

Brent Leffingwell, 15-4, was the

Now they head back to Portland, where the Pistons have lost 20 consecutive games. The next three games are there, starting Sunday, and the Blazers, 9-0 at home in the playoffs, can dethrone Detroit as champions without leaving again.

"It's the ultimate challenge to go in a place where we haven't won and try to win a basketball game," Detroit's Isiah Thomas said.

"All I know," Portland coach Rick Adelman said, "is that we'll have Portland fans screaming for us."

That will be a change.

As Buck Williams went to the foul line with the score 102-102 with 9.6 seconds left shortly after midnight today, shrieking, sign-waving fans tried to distract him. Calmly, he sank both shots.

Clyde Drexler got the same greeting after being fouled by Dennis Rodman with 2.1 seconds remaining and Portland trailing 105-104. The result also was the same.

His shots produced the third and final lead change in the final 9.6 seconds and ended Detroit's home playoff winning streak at 14 games, including 10 this year.

"They held their poise," Laimbeer said.

The Blazers lost it in a 105-99 opening loss when they squandered a 10-point lead in the last seven minutes Tuesday night.

"We learned a lot from the first game," Adelman said. "We were more aggressive in taking (the ball) to the basket."

It was away from the basket — Detroit's basket — where they had trouble. Laimbeer kept firing and hitting critical 3-pointers. He made six of nine. Five either tied the game or gave Detroit the lead, and five came in the last 8:38.

Laimbeer and James Edwards had 26 points each and Thomas 23. Portland was led by Drexler with 33 and Terry Porter with 21, including 15-of-15 free throws.

Graf, Seles to meet in finals

PARIS (AP) — In tennis, there are tournament finals and there are Grand Slam finals.

Steffi Graf knows the difference. Monica Seles is about to find out.

Snyder teams in cage event

SEMINOLE — Snyder's girls Major Division all-stars playing in the Little Dribblers national basketball tournament here were still alive in the double-elimination tournament as of Thursday night after winning two and losing one in the early rounds.

The Junior Division girls were taken out of contention Thursday after dropping a 39-36 squeaker to Mid-Cities Bell.

The Juniors started the tourney with a 38-30 win over Levelland before losing to Southwest Amarillo, 43-35, and then Mid-Cities Bell.

The Major squad was beaten 38-18 by Mid-Cities Trinity in their opener Wednesday before rebounding with back-to-back wins over Levelland and Big Spring.

Snyder took a 22-17 win over the Levelland team and trounced Big Spring, 27-12, to move on in the tourney.

for the last 2½ years, and Seles, her latest teen-age challenger, set up a French Open championship meeting Thursday with remarkably similar victories.

Only a minute separated the elapsed times of the two semifinals. Both won in straight sets, with Graf dropping one less game. Both winners started like flash-fires and had to hold off late-match charges to wrap up the victories.

Graf beat 11th-seeded Jana Novotna of Czechoslovakia 6-1, 6-2, while Seles, a 16-year-old from Yugoslavia, ended 14-year-old Jennifer Capriati's amazing Grand Slam debut 6-2, 6-2.

The men's finalists were being determined today, with fourth-seeded Andres Gomez vs. seventh-seeded Thomas Muster and third-seeded Andre Agassi

vs. unseeded Jonas Svensson. Saturday's women's title match will be the 13th Grand Slam final for Graf, the first for Seles.

It will be the fifth time Graf and Seles have met. For Results Use Snyder Daily News Classified Ads Call 573-5486

De Klerk's move criticized

JOHANNESBURG, South Africa (AP)—President F.W. de Klerk's lifting of the 4-year-old state of emergency met with some criticism on both sides here, with blacks calling it a "half measure" and right-wing whites warning the president he had gone too far.

De Klerk's action Thursday, an effort to pave the way for black-white negotiations on dismantling apartheid, ended some of the harshest political restrictions ever imposed by the country's white rulers.

"The net result of the lifting of the state of emergency is that one of the main stumbling blocks (to constitutional negotiations) has been removed," de Klerk told Parliament in Cape Town.

In Paris, African National Congress leader Nelson Mandela called the development "a victory for the people," but he said he would continue to urge Western governments to maintain economic sanctions against Pretoria.

He also criticized the retention of the state of emergency in Natal Province. De Klerk said that province will remain under emergency rule because violence there "cannot be countered with the ordinary laws of the land."

ANC leader Walter Sisulu said the state of emergency had done nothing to stop the fighting in Natal, where about 4,000 blacks have died in the past four years. The main combatants are supporters of the ANC and members of Inkatha, a relatively conservative Zulu organization.

Windows damaged by BB guns

Three incidents of windows being shot with BB guns were reported to Snyder police Thursday.

At 8:30 a.m., Robert Durst reported that a window in his vehicle was damaged while it was parked behind the Lincoln school.

At 9:20 a.m. at 2306 41st, Jean Bilbrey reported that a window in her vehicle had been shot and broken.

At 1:49 p.m., an employee of the College Ave. Dairy Queen reported that a window at the business had also been broken by a BB gun.

At 10:32 a.m., an employee of Skinney's on the East Highway reported that a subject had left without paying for \$5 in gasoline. The department made contact with the subject who returned to pay for the purchase.

At 1:05 p.m., city officers were called to 1910 Coleman where three neighbors were feuding. Officers made contact with all three women and reported that all was in order.

At 2:57 p.m., Pam Shankels of 511 Q, reported that someone had entered her house between the hours of 8 a.m. and 2 p.m. Officers also received a complaint of a harrasing telephone call at 5:34 p.m. and at 10:37 p.m., a woman reported she had been assaulted by her husband, but did not want to file charges.

The only arrest of the 24-hour period came at 12:17 a.m. Friday at 28th and Ave. D when a 48-year-old male was arrested for public intoxication. At 9:24 a.m., Thursday, a set of keys that had been found at the Kiddie Park were turned in to the police department.

measures," Sisulu told a news conference. "What we have asked for is to clear the atmosphere to negotiations. That was not done."

The ANC has said the lifting of the emergency, the release of political prisoners and the return of exiles are the main obstacles to full negotiations.

The pro-apartheid Conservative Party, meanwhile, said the end of the state of emergency would lead to chaos and further alienate right-wing whites disgruntled with de Klerk's reforms.

"He no longer speaks for the (white) people he claims to represent," said Clive Derby-Lewis, a Conservative spokesman.

But business groups and world leaders heaped praise on de Klerk.

The White House called the lifting of the emergency a sign of "the remarkable progress" in recent months in South Africa, and U.N. Secretary-General Javier Perez de Cuellar said it was a "positive development."

During the state of emergency,

Four guilty pleas entered

Four persons entered guilty pleas in 132nd District Court Thursday.

Two of three Big Spring men charged in the theft of a boat motor at Lake J.B. Thomas entered guilty pleas before District Judge Gene Dulaney.

Joseph Edward Young, 31, was given eight years probation and ordered to pay a \$500 fine. Jerry Field Baldock, 19, was given a five-year probated sentence and fined \$500. The pair was indicted June 4 for the May 27 theft of the motor from Martin Edwards of Lamesa.

Craig Merritt, an inmate in the Texas Department of Criminal Justice, was handed down a 25-year sentence for burglary of a habitation owned by W. J. Fuller. The burglary occurred on Dec. 25, 1989, and Merritt was indicted June 4. He was also ordered to pay \$575 in restitution.

Gregario Guerra, 20, pleaded guilty to felony DWI and was given a two-year probated sentence and fined \$750. The DWI offense occurred May 26.

more than 30,000 activists, most of them black, were detained without charge for varying lengths of time. Thousands more went into hiding after former President P.W. Botha imposed the restrictions on June 12, 1986.

About 300 activists were being held under the emergency regulations as of Thursday, most of them in Natal.

In announcing the end of the state of emergency, de Klerk also held out the prospect for other reforms.

He said the government was considering changes to security laws that "could possibly inhibit the free conduct of peaceful politics" and said he was taking unspecified actions that would allow thousands of exiles to return home.

The ANC says it has more than 15,000 exiled members.

De Klerk also said that as a "good will gesture" he would release 48 prisoners convicted of politically motivated crimes. The ANC has said there are some 3,500 inmates it considers political prisoners.

In a two-page letter to math teacher Jamie Hall, SHS drama director Jerry Worsham asked that a cast member be allowed to take makeup work after the fifth six-weeks grading period. The makeup work resulted in the student's grade being changed from 69 to 70.

A central issue in the hearing Tuesday is the two-page letter written by Worsham and whether the long-time SHS drama teacher's letter is viewed as pressure on the classroom teacher to allow the makeup work, thereby causing the grade to be changed.

Valedictorian dies after graduation

PROSPER, Texas (AP) — Less than two weeks after Mimi Bayne gave the valedictory speech at Prosper High School, she was dead after suffering cardiac arrest, leaving relatives, classmates and friends devastated.

Ms. Bayne, 18, died Thursday at Presbyterian Hospital in Dallas where she had been treated since she suffered cardiac arrest June 1, a week after her graduation. She had been in a coma since she was stricken and

ODESSA — Dr. Harold Ivan Smith will be the featured speaker at West Texas Singles Explosion Conference June 22-24.

The event is touted as the largest event ever planned for single Christian adults in West Texas and is hosted by Temple Singles of Temple Baptist Church.

The conference will begin at 6:15 p.m. June 22. There will be a 5K fun run and walk on the morning of June 23.

was declared brain dead Thursday.

"It's just devastating," said Joyce Hall, Mimi's high school counselor. "She had a bright, bright future ahead. Not just because she was young, but because she had laid the groundwork for her future and was willing to put in the energy to make it come true."

Word of her death spread rapidly across the North Texas town of 1,000 about 40 miles north of Dallas.

Postmaster Jim Spradley recalled her valedictory speech and how it moved her classmates.

"She talked about the relationship between parents and kids," Spradley said, starting out the front window of the post office. "Her chin started quivering and she stopped to compose herself."

VBS scheduled

First Christian Church will host a Vacation Bible School June 11-15 each day from 9-11:30 a.m.

This year's theme will be "Jesus Teaches Us To Be Peace Makers." All children age four through fourth grade are welcome.

It seemed like 10 minutes."

"Then she went on and gave a beautiful speech. She touched a lot of hearts," he said.

William Rushing, superintendent of the Prosper Independent School District, said that the young girl had complained of being tired after returning home from her job at a pizza restaurant in nearby Frisco.

The girl's mother found her lying unconscious on the bathroom floor.

Doctors said Mimi's heart muscles were enlarged and damaged, possibly from an

earlier viral infection, which caused the heart finally to stop. Blood flow to the brain ceased for about 25 minutes, doctors said, contributing to her death.

Spradley said dozens of people had dropped by the post office each day to inquire about Ms. Bayne's condition.

"This is a shock to the entire community to have someone who's a leader in the school and a leader with the kids suffer a tragedy like this," Spradley, who is also president of the school board, said.

INJUN TURTLES — The children's church at Church of the Living God recently received a visit from the Injun Turtles, close relatives of the Ninja Turtles. Dear Abby
By Abigail Van Buren
© 1990 Universal Press Syndicate

DEAR ABBY: I just moved to Palm Springs. My son called to say that he and his wife and daughter were coming to visit me for Mother's Day. I was thrilled. Later, I realized that no dogs were allowed. (I live in a country club, and my front door is adjacent to the 16th green.) I called him back immediately and told him he wouldn't be able to bring his dog, a huge pit bull.

He said, "Well, Mom, I don't go anywhere without my dog, so I'll see you when you get a house."

I was so unnerved, I couldn't think of anything to say, so I hung up! I feel bad about hanging up on him, but enlightened to know where my son's priorities are — and I'm behind his dog. I'm truly crushed, for I had anticipated seeing him and his family. Abby, what are your thoughts about this?

HEARTSICK IN CALIFORNIA

DEAR HEARTSICK: Don't feel guilty. Your son showed an appalling lack of sensitivity. He belongs precisely where he put himself — in the doghouse!

DEAR ABBY: I am one of three sisters who are all over 40 now. Our mother, nearing 80, had a big box filled with family pictures that all of us girls enjoyed looking at. She said that one day she would divide them so we would each have some. Many were priceless pictures of older family members — great-great grandparents, aunts, uncles and cousins, taken in the old country.

When I visited my oldest sister recently, I discovered that she had many of our mother's pictures! The

next time I saw our mother, I asked her if she had given any of her family pictures away. She said she had not, so I think it's fairly obvious that my sister stole them.

My mother doesn't want to accuse her, nor do I, but how else can we get them back? All of us sisters want those priceless pictures. Can you suggest a way of solving this dilemma?

MISSING PICTURES

DEAR MISSING: Pictures can be duplicated. Without making any accusations, ask your oldest sister if you may "borrow" the priceless pictures. Then take them to a photographer who will make as many duplicates as you wish from the original.

P.S. Don't rule out the possibility that your mother may have given those pictures to her eldest daughter but did not want to admit it.

DEAR ABBY: Who said, "Life is tough. Three out of three people die, so shut up and deal"? It sounds like Damon Runyon.

BUBBA IN BIRMINGHAM

DEAR BUBBA: It may sound like Damon Runyon, but credit Ring Lardner.

Sterling wins in her division

SAN ANTONIO — Whitney Sterling of San Antonio won her division last month at the Cedarwood Horse Trials.

She is the daughter of Lynn Sterling and the late Robert Sterling, and the granddaughter of Mr. and Mrs. Gus Sterling of Ira.

Whitney has ridden since she was 5½ years old. This is her first year to compete in Combined Training and she is one of the youngest competitors.

Combined Training is an Olympic discipline involving three different phases. Dressage is ridden on the flat and is a prescribed test for horse and rider. The lowest score usually wins.

The second discipline is stadium jumping which involves jumping a course of fences in a certain amount of time with no faults or refusals.

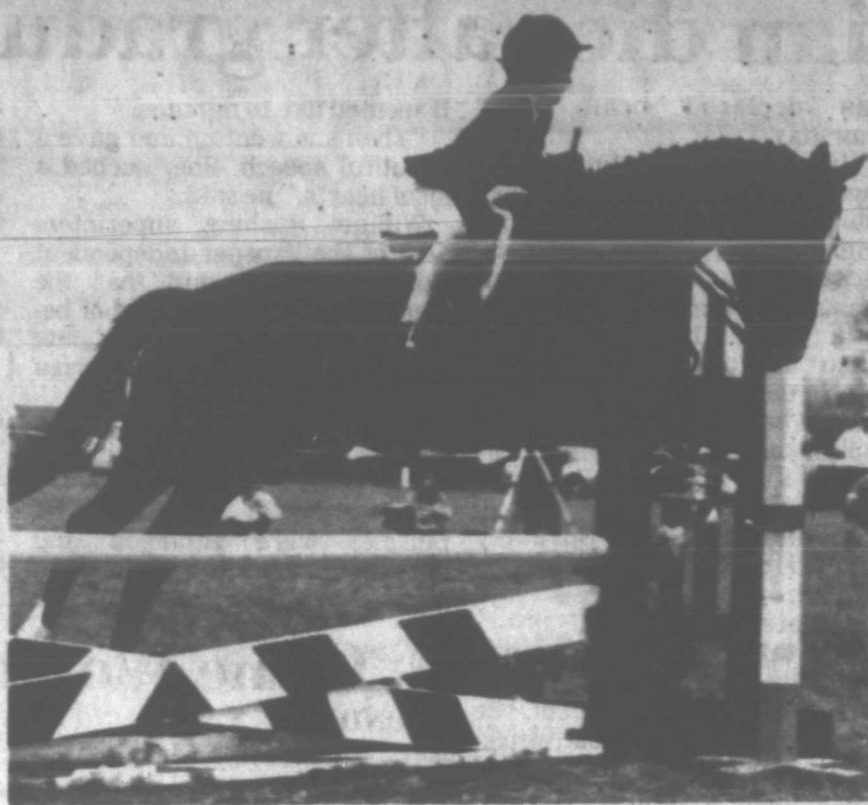

The last phase is usually the hardest and it involves galloping cross-country for approximately a mile or two with 12-18 jumps of varying shapes and sizes.

In this phase, only the rider may see the course and the jumps before their actual start time. The event is timed. The rider tries to get around this course with the fastest time and the least amount of faults.

Whitney rides a 15/3 hand thoroughbred named Mr. Maximizer, better known as Max, who belongs to her instructor, Mrs. Barbara Black.

Whitney's ambition is to ride in the Olympics in either Combined Training or Slow Training.

Composer George Frederic Handel died in 1759.

Kennedy, Cuomo wedding slated

ALBANY, N.Y. (AP) — In a union dubbed "Cuomolot," two rising stars from prominent political families will wed this weekend.

Kerry Kennedy, a daughter of the late Sen. Robert F. Kennedy, and Andrew Cuomo, oldest son of New York Gov. Mario Cuomo, will be the bride and groom Saturday in a major social event for the political world.

"Everybody in the world knows the Kennedy family," said William Cunningham, a veteran Cuomo political adviser. "And the Cuomos — in New York state, in the political world — are at the top of the heap."

But Cunningham cautioned against blowing the wedding's importance out of proportion.

"This isn't the Middle Ages where the Duke of Normandy and the Duke of Avignon get together and decide on a marriage," he

said. "This is not a dynastic accomplishment, this is two people who decided to get married."

More than 250 guests have been invited to witness the ceremony Saturday afternoon in the Cathedral of St. Matthew in Washington, D.C.

Rory Kennedy, Kerry's youngest sister, will be maid of honor. Christopher Cuomo, Andrew's 19-year-old brother, will be best man. John F. Kennedy Jr., Kerry's cousin and son of the late president, will be an usher.

A reception will follow at Hickory Hill, the Kennedy family estate in suburban McLean, Va.

The bride, a 30-year-old graduate of Boston College law school, is the founder and executive director of the Robert F. Kennedy Memorial Center for Human Rights.

The groom, a 32-year-old lawyer and his father's chief

political adviser, runs HELP, a non-profit corporation he founded to build temporary housing for the homeless.

The couple have been dating for more than a year and became engaged on Valentine's Day this year.
