

SNOOTER NOSE

LITTLE ABOUT EVERYTHING AND NOT MUCH ABOUT ANYTHING

"I TOLD YOU SO"

NOW that the election is over a lot of people who would like to be regarded as prophets are going around saying, "I told you so." There is some thing in human nature which makes a lot of us want to be regarded as smarter than our neighbors. And there is no cheaper or easier way to gratify that sort of personal vanity than, after an event has occurred, to lay claim to having predicted it. Nobody is going to bother much to remember whether the self-appointed prophet really did make the right prediction or not, but if he struts enough and boasts enough he can make simple-minded folk think that he really is quite a smart fellow.

Of course, a good many people did actually predict the result of the election. It was a good deal easier than picking the winner in a horse race, because there were only two possible chances, and no prophet could be more than 50 per cent wrong, whereas in a horse race there are usually anywhere from half a dozen to a dozen possible winners.

Anyway, election is over and the country can settle down to business again. If half of the campaign promises are kept, which is a higher percentage than are usually kept, we can look forward to lower taxes, reduced costs of government and better times generally. We don't believe as a matter of fact, that the election result is going to make much difference in any of those things. There were plenty of signs before election that things were beginning to get better, and we think they will probably keep on getting better.

THERE must be a certain day each week for the manufacture of this column, if it is to appear, and that day is Monday. Any other day this scribe wouldn't have brains enough, (thing of that, BRAINS), to do the work, as from after Monday the brains of this column is scattered all over this office until the paper is off the press Thursday afternoon. That statement would signify to the uninformed that this is a one-horse shop, but it's not so—it is a darn good man's and a fine lady's shop.

This scribbler has something else to do besides sitting on a pneumatic cushion and scribbling down nonsense just in order to fill up the paper. So there will be neither time nor room to devote to the election results that happened Tuesday. But the reader can paste it in his hat that this scribe still holds to the position that Governor Roosevelt and Congressman John N. Garner, Democrats, will be elected president and vice-president. Everything points in that direction today—its calm and most beautiful—just like the conservativeness of the Democratic Party. It's the calm before the storm that will hit the Republican pachyderm.

STANTON merchants report their business Saturday as the best they have enjoyed since a year ago at this time. The grocery stores seemed to have had the edge of the buying power of any other business. The local bank reports a fine business, force having to work way into the night to keep up with the paying off of notes and attending to such other business as comes to the attention of a bank at this time of the year. Saturday, two weeks ago, business opened up briskly with the bank, an official of the institution, stating more business was transacted by the bank than at any time since he had been connected with it.

Cotton has been coming to the Stanton gins at a lively pace the past two weeks, and despite the low price offered, the growers have been realizing enough money to pay off many of their obligations at the bank, and also, settle some back accounts held by the merchants.

Last Saturday the writer saw more nickles, dimes, quarters, and dollars displayed in the hands of cotton pickers and others, and heard more silver jingling in the pockets than he has seen or heard in a year.

If the pretty weather continues as it has set out to do this Monday morning, this week end will find more purchases made from Stanton merchants and more back accounts paid up, than has been noted in a year.

VOLUME TWENTY-SEVEN

STANTON, MARTIN COUNTY,

FRIDAY, NOVEMBER 11, 1932

NUMBER SEVEN

MARTIN SCHOOLS TO RECEIVE ABOUT 1700 NOV. 10TH.

ONE DOLLAR PER CAPITA WILL REACH DEPOSITORIES ABOUT THAT DATE—\$1.50 MORE TO BE PAID ABOUT JANUARY 1.

From a letter recently received by County Judge J. S. Lamar from L. W. Rogers, state superintendent, Martin county schools will receive \$1.00 per capita about November 10. Another \$1.50 on the school apportionment is expected to be issued the schools on or about January 1. The \$1.00 apportionment to be received November 10th, will bring to the schools of this county approximately \$1700.

The letter from the State Superintendent follows:

Certificates of the per capita apportionment for 1932-33 are being mailed with this letter to the city and county depositories. You will note that the apportionment has been officially fixed at sixteen dollars (\$16.00) per capita.

On November 1 an additional payment of one dollar (\$1.00) per capita will be made toward the liquidation of the balance (\$2.50) of the 1931-32 apportionment. This payment should reach all depositories by November 10th. Definite information can not be given now as to dates and amounts of additional remittances of the per capita funds. However, it is my opinion, based on the Comptroller estimates, that the balance of the 1931-32 apportionment and one dollar (possibly one and one-half dollars) of the 1932-33 apportionment will be paid on or before January 1.

In this connection it should be noted again that the financial statement for the year ending August 31, 1932, should be submitted so as to show the financial status of the schools on that date, exclusive of the unpaid balance September 1 of the 1931-32 apportionment (\$3.50). Remittances of the 1931-32 balance are for the liquidation of outstanding contracts and vouchers of that year, and the use of the funds otherwise, to the impairment of such contracts and vouchers, would be not only illegal but, as the courts have held, would make local officials, including the depositories, personally responsible to the holders of the contracts and vouchers for the funds thus illegally diverted.

EVERYBODY THAT CAN GONE TODAY EITHER TO EL PASO OR FORT WORTH

We had to check around on the street today to see who was left in town, so many having taken advantage of the cheap rates on the Texas and Pacific railway and have gone either to El Paso or Fort Worth.

Just flip a coin, it is the same price any way you want to go. We could take up less space by printing the names of those that stayed at home than the long list of them that went away.

TO VISIT LUBBOCK ARMISTICE HOLIDAY

Misses Nila Jones, Annie Matt Jones, and Lila Faye Everette, will visit Friday in Lubbock with Miss Tate's parents, Mr. and Mrs. G. W. Tate and Miss Jones' sister, Miss Evelyn Tate, who teaches in the K. Carter school.

They will attend the Tech-Baylor football game and the Texas Tech homecoming.

ATTENDING T. C. U STATE GAME AT FORT WORTH TODAY

Misses Lorraine Lamar and Maxine Bell are in Fort Worth today attending the T. C. U and Texas State University football game and enjoying the festivities of the Armistice holiday.

Mrs. John Richards of Lubbock, is a guest in the home of Mr. and Mrs. E. P. Woodard.

FERGUSON CARRIES STANTON BOXES

Roosevelt and Garner Carries By A Large Margin

According to returns received this Thursday morning Roosevelt for President has 472 Electoral votes, only 266 were necessary.

Ferguson, for governor was leading in the state by approximately 100,000 votes over Bullington, republican.

All amendments in the state have carried.

The Reporter has been unable to obtain any report of the vote in the rural sections of Martin.

Following is the unofficial results of the two boxes in Stanton.

At the City Hall 200 votes were cast, and out of that number 173 were tallied for Roosevelt and Garner, 12 for Hoover and Curtis; Ferguson 92, Bullington 75.

The Constitutional Amend-ments, except the one relating to the Centennial, carried. One ballot cast voted for Ferguson and Witt, scratching everything else on the ticket.

The vote in Precinct No. 2, was 177 for Roosevelt, 11 for Hoover; 120 for Ferguson, 59 for Bullington; total votes 210 as against 246 polled at the secondary.

5503 BALES GINNED TO THURSDAY

Another week of pretty weather has sent the ginning records of the county up from 3095 bales this time last week to 5503 to Thursday morning of this week.

Last Saturday was the biggest trading day in Stanton in over a year, according to statements from the local merchants.

Following number of bales have been ginned in Martin county to date:

Co-Op, Gin	1498
Farmers Gin	1345
Lenora Gin	1200
Guitar Gin	860
Hamilton Gin	600
Total	5593

Mayor's Proclamation

Every thoughtful citizen knows the inestimable value of the services of the American Red Cross. It is the only agency so organized to effectively relieve distress resulting from floods, tornadoes, and other national calamities which cannot be anticipated nor averted.

It is the agency that has made possible the distribution of flour and clothing from government wheat and cotton for the needy of Martin county.

All realize at this time especially, that the Red Cross must be

liberally supported in order that it may be prepared to carry on its splendid work.

Membership in the Red Cross should not be regarded as a charitable gift. It is the discharge of a patriotic duty.

I, therefore, as Mayor of the City of Stanton, do hereby set aside November 11 to 19, as Red Cross Roll Call Week and urge all our appreciative citizens to answer "HERE" with their membership in this Roll Call.

S. C. HOUSTON,
Mayor of Stanton

On November 11th the people of the whole world will celebrate the fourteenth anniversary of the end of the greatest catastrophe in the history of the world. When the order to cease firing was given at 11 o'clock in the morning on the eleventh day of November, 1918, there was hardly a human being on the face of the earth who did not join in the universal rejoicing. For there was no single human being in the world at that time and none who has been since, whose life and whose future was not affected by the war.

We have called it the greatest catastrophe in the history of the world, and that is not an exaggeration. Who could have believed that the firing of a single shot in an obscure Serbian village eighteen years ago last August could have precipitated a tragedy that would involve the entire human race, and from the effects of which we have not yet recovered? For there is no possible question that the world-wide economic depression, the internal and international readjustments and financial difficulties from which every nation in the world is suffering today, are all directly traceable to the Great War.

More than 85,000,000 young men, the best of their respective nations, were taken from their homes and occupations and sent into the battlefields to kill each other. More than eight and one-half million of them were killed or died of wounds; another twenty-one million were wounded or incapacitated. At the end of the war the survivors returned, most of them, to almost hopelessly impoverished homelands, burdened with impossible debts and crushed by unbearable taxes.

We cannot destroy millions of lives, billions upon billions of accumulated wealth, without paying for it. That we have made as much progress as has been made toward economic recovery in fourteen years is little less than miraculous. But let us not delude ourselves. We, the people of the United States, although our economic losses in the war, both in men and in money must continue for another generation and even longer to pay for the war with our labor and our gold.

It seems to us that those are the things to remember on Armistice Day. It seems to us that the eleventh of November should be the occasion for a solemn resolve on the part of every American that we and our nation shall use our commanding position and influence in the world to help the peoples and governments of the whole world to find means for lasting peace and security.

Chas. McEwin has opened a grocery store in one of the Guitar buildings on East Highway.

MILTON MOFFET FASTEST MAIL TOTER ON MATADOR TEAM

GOOD BALL CARRIER, GOOD PASSER, HIS ONLY HANDICAP IS PUNTING. WILL BE SEEN IN GAME ARMISTICE DAY.

Courtesy COLLIER PARRIS Sports Writer Lubbock Avastar

'SPEEDY' MOFFETT - HALFBACK

One of the most outstanding players on the Texas Tech football team which has been going like wildfire this season is Milton Moffet, above, from Stanton, Texas. They call him "Speedy" at Tech, and the moniker is richly deserved. One of the fastest men on the team when it comes to carrying the mail, Moffett is also one of the best blockers. For size (he weighs in at around 153) Moffett is an outstanding performer.

Playing his last season with the Matadors, Speedy is coming from behind an early season handicap to show the staff necessary to play on Coach Pete Cawthon's regular team. A good ball carrier and a good passer, Moffett's only handicap is punting. For that reason he had difficulty in holding his place as regular quarterback. His passing arm, the passing combination of Moffett to Crites, is one of the chief backfield threats on the Tech team.

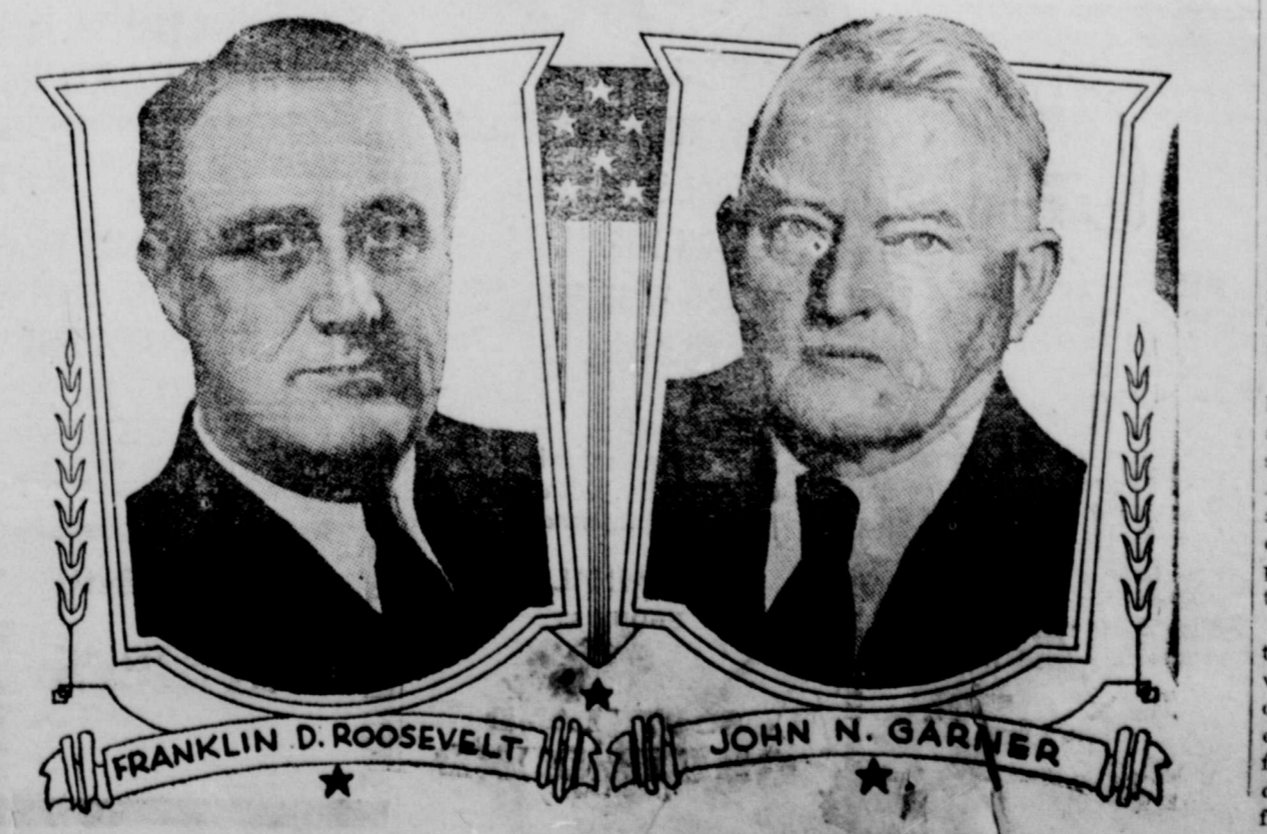

Lubbock, Nov. 10.—(Special).—The Golden Bears of Baylor University provide Texas Tech's football opposition this week in one of the gala attractions of the season on the South Plains. The game, scheduled to start at 2:30 o'clock Friday afternoon, will feature the Armistice Day program and Texas Tech's annual Homecoming Day.

Tickets for the game are selling fast, and fans are urged to place orders for reservations, early. Reserved seats in the grandstand are priced at \$1.65, and bleacher seats, also sold in advance at \$1.10, including government tax. Mail orders should be placed with the Tech athletic department. The largest crowd of the season is in prospect.

Baylor is the third team of the Southwest Conference to play Tech this season. The Matadors were defeated by a single touchdown in an early season upset at Amarillo by the Texas Aggies, and a week later defeated the Southern Methodist University Mustangs. The loss to A. & M., is the only one suffered by Tech thus far, and the Matadors have won eight football games, rolling up 317 points to 14 for nine opponents.

The Baylor team features a strong line, through which no team has been able to gain on ground plays this season. Although defeated by Texas and Arkansas, the Bears have been scored against on overhead plays and long end runs but not around the end protected by Frank James, considered the best wingman in the conference. James holds the reputation of being the outstanding punter in the Southwest loop, and this department is one of Baylor's long suits. The big Bruin end is a football team himself, and fans who see the game here this Friday, will see punting as done by a finished product.

As I see it

By TOUCHDOWN

There is one charge that can be held, or rather, is held, against the Dogs-Midland Bulldogs, a Class A team, and that is they have been scored on by a Class B team. The Pecos Eagles made six off the Dogs in their game last Friday. While they were chalking up that number, the Bulldogs made 36. The score 36-6.

The week previous the Stanton Buffaloes played the Eagles a 0-0 tie. The Wink Wildcats defeated the Odessa Broncs at Odessa last Saturday, 14-0. The Buffaloes played the Wildcats and lost to that squad by a score of 39-0. The Buffs have yet to play Odessa. That event comes on November 19. The score in the Wink-Odessa game proved the Pecos Eagles were only a two touchdown better team, while their game with Stanton showed the Wildcats were better than a six touchdown better squad than the Buffaloes.

The figures on paper are too much of a problem for this scribe to find an answer that the Buffaloes will defeat Odessa. But little dependence can be placed on figures that allude to a football game. This department will be satisfied with a 14-0 victory over the Odessa Broncs.

The outlook, as it presents itself at this writing, is favorable to the Wink Wildcats chasing off with the district championship for the 1932 season. However, the Cats have a hard game coming up they must annex to their trophy belt, before they can claim a more or less safety position in that direction, and that melee is to be staged with the Pecos Eagles. The Eagles will play the Broncs at Odessa this afternoon, and we look for the birds to emerge from that game with a lead as great as that which Wink chalked up against the Broncs. We believe the Eagles and the Wildcats two evenly matched teams. Something could happen, whereby the Broncs would nose out the Eagles.

Those of the local fans who have seen both the Wink Wildcats and Pecos Eagles play, are inclined to the belief that the Cats will win when those two teams clash, in which event, it's conceded the game with Marfa for championship of the southern half of this district, as far as Wink getting off with the big end of the score, it will be just another football game as Marfa is not considered strong. But we don't know so much about that. If we are to rely on the score card figures as proof-positive evidence to support the contention, the Wildcats are destined to emerge from the district championship center as the title holders.

For Baby's Stomach Disorder
BABY ELIXIR
Soothing while Teething
L. HALL, Druggist

The Buffaloes were defeated by Wink 39 to 0, and the local Bisons held Pecos to a 0-0 tie. But in that game it was said of the Buffaloes they showed up a 75 per cent better team than they did at Wink.

We can figure out no way for Stanton to be a contender in the championship go from here on out. If we are not right, we want some one who knows to straighten us out.

The Pecos Enterprise's sports scribe handed out some boquets to the Stanton Buffaloes, following the recent Buffs-Eagle clash:

"Stanton brought a fine, heavy team to Pecos—a team that didn't know it was licked and which played superb defensive ball.

"Stanton showed us the best pair of defensive ends we have seen this year. Captain Hawkins and one end was a terror on the defensive. Neither Stanton end was boxed up, taken out or circled during the game. They spilled the Pecos interference before it was formed and often went charging to drag down a Pecos back before he got well started.

"From a spectator's standpoint it was by far the best game of the season."

In his personal column, the sports scribe of the Enterprise, said:

"Our dope bucket did well last week. We guessed five games and lost one guess, the one we made on Pecos.

"We guessed Pecos to down Stanton by three touchdowns and as everybody knows Pecos was content with a tie. Pecos threatened to score three times and lacked the punch to put it across. We had figured that Stanton would play as she did against Wink in which case the 20-0 predict would have been conservative. The Stanton boys said that they had lead in their pants at Wink. They got hot enough to melt it down over here and played over the heads, in so doing played the devil with Pecos' chances of victory."

STANTON AND MERKEL SQUADS TO CLASH

After two weeks of rest, the Stanton Buffaloes will go into action this Friday afternoon against the Merkel squad. It is said the two teams are pretty evenly matched and the game should create considerable interest for the stay-at-home fans.

On the end of next week the Buffaloes and the Odessa Broncs will cavort around on the Mustangs' field for conference honors.

In the Matter Of: John Albert Clements and Virgil Elvis Clements, individually, and as copartners of the firm name of J. A. Clements & Company, bankrupts.

In Bankruptcy No. 116 To the creditors of John Albert Clements and Virgil Elvis Clements, individually, and as copartners under the firm name of J. A. Clements & Company, of Stanton, Martin County, Texas:

Notice is hereby given that, on the 5th day of November, A. D., 1932, the said John Albert Clements and Virgil Elvis Clements, individually, as copartners under the firm name of J. A. Clements & Co., were adjudicated bankrupts; that the first meeting of their creditor s will be held in the District Court Room of Martin County, Texas, at Ten (10) o'clock in the forenoon of November 25th, 1932, at which time their creditors may appear, prove their claims, appoint a Trustee, examine the bankrupts and transact such other business as may come before said meeting.

Notice is further given that, at said time and place, any property owned by said bankrupts, not exempt by law, will be sold to the highest bidder for cash, subject to the approval of the Referee.

Dated this 5th day of November, A. D., 1932.

THIS IS A CORRECTED NOTICE
BEN RANDALLS,
Referee in Bankruptcy

Harry Tom King and Mr. Over-shiner, both of the law firm of Over-shiner, Kirby & King, of Abilene, were in district court Wednesday and Thursday.

Clyde Thomas and M. McDonald, attorneys of Big Spring, were representing clients in district court, Monday.

Leonard Hill, coach of the McCam-ey school and Richard Walker, band director and instructor in music, were here last Friday evening to visit friends.

Mr. and Mrs. Weaver of Lawton, Okla., are here and in Big Spring on account of the illness of her brother, John R. Joyner.

Mr. and Mrs. Wayne Cook and children of Pictown, N. M., spent Monday and Tuesday in Stanton. They were living on government land in New Mexico at the same place Scott Robertson and family are located.

Mr. and Mrs. Scott Robertson and children, arrived in Stanton Tuesday from Pictown, N. M., where they have been living on a claim the past several months. They left Wednesday for Colorado, where Mr. Robertson has a position in a garage. Scott says he

likes that part of New Mexico and has a fine section of land.

John R. Joyner, who has been in the Big Spring hospital, suffering with peritonitis, following an operation for appendicitis, is still in a dangerous condition.

Mrs. Hoot Tom, who has been ill in the hospital at Big Spring for several months, was moved to her home on the ranch south of Stanton, last Saturday. She is still confined to her bed.

The little daughter of Mr. and Mrs. Morris Zimmerman had a tonsilectomy last Saturday at the Big Spring hospital and is improving nicely.

SAFETY FIRST

THE PUBLIC should be prudent in seeking relief from pain. Take nothing which does not have the approval of the medical profession.

BAYER ASPIRIN will never do you any harm, and almost always brings the desired relief. But remember that the high medical endorsement given Bayer Aspirin does not apply to all tablets for relief of pain.

THE DOCTOR is careful to specify Bayer Aspirin for these important reasons: It has no injurious ingredients. No coarse particles to irritate throat or stomach. Nothing to upset the system. Not even any disagreeable taste. The Bayer process insures a pure, uniform product.

INSIST on the tablet you know to be safe. And the one that has speed. Bayer tablets dissolve so quickly, you get immediate relief from your headache, neuralgia, or other pain.

By Patricia Dow

There is something awfully swaggy and mighty comfortable that makes for the popularity of the knit-

ted sweater suit and three-piece ensemble. . . . While the crew neck sweater is favored by many, the surplice type, as shown above, continues to be one of the leaders. Note the knitted blouse and belted sweater with broad shoulder and sleeves comfortably full.

Tweed effects in knitted suits are very much in demand, with interest centered on the jacket type as shown above. The mixture tweed knit with ribbed waistline is among the leaders. The model above is the zephyr knit. Old gold and orange as basic color with almost any harmonizing yet contrasting trim is being worn. Monotones, beige, white and browns are also popular.

STANTON STUDY CLUB ENTERTAINS AT HOME OF MRS. RAY SIMPSON

Monday evening the Stanton Study Club gave a bridge and "42" tournament at the home of Mr. and Mrs. Ray Simpson. Six tables were arranged for bridge and three for "42".

At the close of some very exciting games Forrest King was found to hold high score for the bridge players and Mr. Reed of Courtney, for the "42." Mr. King was presented an apple pie and Mr. Reed a set of dominoes.

The evening entertainment was one of pleasure as well as profit and it is planned by the club to make this a monthly affair if a suitable place can be procured in which to hold them. The wish of the club in this matter is to secure a club room where they can have the library and have current reading matter for anyone wishing to drop in.

Refreshments of apple pie with whipped cream and coffee was served to those playing and several extra club members.

STANTON STUDY CLUB ENJOYING GOOD YEAR'S WORK

The Stanton Study Club is studying "France from Sea to Sea" this year and having the text book on the subject the programs have been unusually good. November the third, the club will meet with Miss Maxine Hall at which time the lesson will be about Alsace-Lorraine, one of the most interesting parts of all France. Mrs. Ode Hazelwood will be leader and Mrs. J. S. Lamar, will conduct one of the numbers.

Roll Call at each meeting is answered by topics of the day and proves very interesting.

OUTING OF SOPHOMORES AND FRESHMAN CLASSES

Monday evening the Sophomore and Freshman classes of the Stanton high school combined forces and chaperoned by their sponsors, Miss Nila Jones and Mrs. Rufus Hyde, went to the city park in Big Spring. A large fire was builded in the fireplace in the Boy Scout hut and the fifty boys and girls gathered around and told stories and enjoyed the cats which they had brought.

SEVERE CUT ABOVE THE EYE

J. A. Wilson is going about with a bandage over the right eye. Stepping out the back door of his home one morning last week he fell over a child's wagon and the tongue struck him over the eye inflicting a bad wound.

Miss Maimie McDermon, local manager of the Southwestern Bell Telephone Co., is taking advantage of the low rate on the T&P and spending the week end in El Paso, planning to attend the bull fight at Juarez, Sunday.

Dogie Stone witnessed the T. C. U. and Simmons football squads clash at Abilene last Friday afternoon.

RETURN FROM HONEYMOON TRIP

Mr. and Mrs. Coy B. Cook, (formerly Maxine Doney of Big Spring), have returned from their honeymoon trip of several weeks in Southern California. The couple spent many delightful and adventurous hours in Elsinore, Long Beach, Newport Beach, Riverside, Anaheim, Hollywood, and Los Angeles. The return trip brought them through the Old Apache Trail, which is known throughout the United States from a historical standpoint, as well as its beautiful mountainous scenery. Here they viewed the Indian Reservation, Trading Post, Cliff Dwellings, Signal Peak, the Longest Giant Cactus, and many other places that recall to our memory the days when the red man roamed that part of the country, living, warring, and dying, and leaving to us the many stories which make our early history.

Mr. and Mrs. Cook are now visiting his parents, near Stanton. Within a few weeks Mr. Cook will take up a profession in the field of photography, which will carry him through all points in Texas.

COULD THINGS BE WORSE?

Could things be worse? Listen to an Associated Press dispatch from Perth, Australia. It tells how the sheep raisers of Northwest Western Australia are destroying their sheep after shearing because they cannot get even as much as 12 cents apiece for them on the market. They take the wool and then destroy the sheep to get rid of the expense of keeping the animals. Things are far worse in Australia—and in many other countries—than they are in the United States.

Back Kirksey was operated on at the hospital in Big Spring last Friday for appendicitis and is improving rapidly. He has had a big crowd of visitors among them members of the Buffalo squad for whom he has acted as first aid man this year.

John Hicks, insurance man of Midland, was in Stanton, Tuesday afternoon.

Son Powell attended the Live-At-Home Fair at Colorado last Friday. He was escort to the Queen of the Fair.

Stronger Than He Was at Twenty

FIFTY-FIVE years old, and still going strong!

Do you want the secret of such vitality? It isn't what you eat, or any tonic you take. It's something anyone can do—something you can start today and see results in a week! All you do is give your vital organs the right stimulant.

A famous doctor discovered the way to stimulate a sluggish system to new energy. It brings fresh vigor to every organ. Being a physician's prescription, it's quite harmless. Tell your druggist you want a bottle of Dr. Caldwell's syrup pepsin. Get the benefit of its fresh laxative herbs, active senna, and that pure pepsin. Get that lazy liver to work, those stagnant bowels into action. Get rid of waste matter that is slow

poison so long as it is permitted to remain in the system.

The new energy men and women feel before one bottle of Dr. Caldwell's syrup pepsin has been used up is proof of how much the system needs this help.

Get a bottle of this delicious syrup and let it end that constant worry about the condition of the bowels. Spare the children those bilious days that make them miserable. Save your household from the use of cathartics which lead to chronic constipation. And guard against auto-intoxication as you grow older.

Dr. Caldwell's syrup pepsin is such a well known preparation you can get it wherever drugs are sold and it isn't expensive.

MAKE CANNING SIMPLER

When mid-summer and the bounteous supply from orchards and fields are cheapest, canning is in order. The task can be made simpler with proper equipment. Let us tell you about it.

COURTNEY

A few more pupils have enrolled during this second week of school and if fair weather continues for a short time cotton will all be gathered and school will get started right.

Mr. and Mrs. John King of Bala, visited here parents, Mr. and Mrs. Robertson last week.

Misses Myrtle and Bess Myrick, Mrs. S. P. Myrick and Mrs. M. C. Williams attended the Worker's Conference in Stanton, Tuesday.

Our Sunday school and B. T. S. are running steady. The senior B. T. S. is planning a Pageant for Thanksgiving entitled, "America's Call to Service." This will be presented Sunday evening, November 20 at 7:30. Tickets limited to one this. An offering will be taken at this time for Buckner's Orphanage. Every one is requested to bring a penny for each year of his age and thus help out a great cause.

The moving picture of 4-H Club winners on the tour of shrines of American history is now ready for distribution to county agents for showing to 4-H club audiences. A preview of the film showed it to have been well staged and executed. The work was done by Roger W. Penimore.

This is the tour which was offered as a prize at the last National 4-H Club Congress to the four first prize winners in the state dress revue. It covered three weeks and over 3,500 miles. All agreed it was a glorious experience. The principal scenes are homes of America's early statesmen and authors, battlefields in the Indian, Colonial, Revolutionary and Civil wars, historic monuments and buildings, Plymouth Rock, and so on.

One of the most interesting places visited was the home of Thomas Jefferson. It contains many of the unique features for which this early American leader was famous. One is a device on the ceiling of the great veranda which is connected with the weather vane and shows at a glance the direction of the wind.

Speaking of the film Mr. Noble said: "Even after I had visited all the scenes in the film I found it highly fascinating to live them over again. They make every interesting and educational picture." The film is sponsored by a Chicago company, which also sponsors the dress revue. It will be distributed by the National Committee of Boys and Girls Clubs work.

HOME EC. CLUB HAVE HIKE

The Home Economic Club enjoyed a hike last Thursday evening, walking as far as the second filling station on the Lamessa road where they rested and ate a picnic supper.

Peace, Peace, Peace!

By Albert T. Reid

"WAS YOU THERE--?"

AN unusually informal study of that world famous traveler, hunter, lecturer and side-splitting gagster, Baron Munchausen, who has a weakness for combining several of his traveling costumes, man-aging by that strange genius which has made him the talk of forest and plain, to retain the worst features of each.

place among the ace comedians of the air waves. Baron Munchausen (known to thousands of theater-goers as Jack Pearl) is heard each Thursday, beginning at 10 o'clock Eastern Standard Time, from station WEAF, over a nation-wide NBC network, as one of the features of the thrice-weekly magic carpet programs, which also bring listeners the world's finest dance music; the voices of Evelyn Herbert and Robert Halliday; the thrilling and authentic Crime Case Dramatizations, and the breezy chatter of Walter O'Keefe, pilot of the famous carpet.

ANNUAL ROLL

CALL RED CROSS

STARTS TODAY

CAMPAIGN WILL CONTINUE FROM NOVEMBER 11 to NOVEMBER 24. MORE THAN 2,000 CHAPTERS SEEK MEMBERS.

The annual Roll Call of the American Red Cross, announced for Nov. 11 to 24, will find more than 3,000 chapters seeking memberships for support of regular and emergency activities through 1933.

The following has been summed up

J. L. HALL, Druggist

United States and 28 struck insular possessions during the last fiscal year.

Altogether, the agency extended assistance to 486,000 victims of disaster during the 12-month period. That figure does not include the millions reduced to despondency as a result of economic conditions.

Since 1881, the date of its founding disaster relief has been outstanding among the Red Cross activities and a continuous state of preparedness has been maintained. Although it is sometimes necessary to issue a national call for disaster relief funds, the great bulk of relief work is supported—as the regular Red Cross ac-

tivities—wholly by membership dues forthcoming during the membership campaign.

ATTEND MEETING OF I. O. O. F. AT BIG SPRING

J. H. Burnam, Clayton Burnam, Lad Law and Dick Lauderdale, attended a meeting of the I. O. O. F. lodge in Big Spring, Monday night. The degree team from Sweetwater lodge put on the ceremony at which six candidates were initiated.

Refreshments were served and a large crowd was present to enjoy them

Mrs. Fred Fisher of Big Spring, visited Rev. and Mrs. J. W. Garnett, Tuesday.

"Worth While"

It is easy enough to be pleasant When life flows along like a song, BUT THE MAN WORTH WHILE IS THE MAN WHO WILL SMILE WHEN EVERYTHING GOES DEAD WRONG;

For the best of the heart is trouble, And it always comes with the years, And the smile that is worth the praise of earth, Is the smile that shines through tears.

It is easy enough to be prudent, When nothing tempts you to stray; When without or within no voice of sin Is luring your soul away.

But it is only a negative virtue Until it is tried by fire, And the life that is worth the honor of earth Is the one that resists desire.

By the civic, the sad, the fallen, Who had no strength for the strife, The world's highway is cumbered today; They make up the item of life.

But the virtue that conquers passion, And the sorrow that hides in a smile It is these that are worth the homage of earth.

For we find them but ONCE IN A WHILE.
